

TOKIO MOB, DEEPLY INCENSED STORMS GOVERNMENT OFFICES DEMANDING WAR WITH CHINA

Murder of High Official at Foreign Office Stirs Masses to High Pitch of Excitement—Punishment of Chinese or Resignation of Foreign Minister is Clamorously Urged.

TOKIO, Sept. 7.—(Can. Press).—The assassination of Morihiro Abe, director of the political bureau of the Japanese foreign office, has inflamed the masses and today a dramatic chapter in the history of the new Japan was written.

Fifteen thousand persons gathered in mass meeting in Hibiyu Park, calling for military action against China. A majority of these marched to the foreign office and clamored for admission. They demanded the despatch of troops to China to take such measures as were necessary to obtain satisfaction for the killing of Japanese at Nanking, or, failing this, the resignation of the minister of foreign affairs, Baron Nobuaki Makino.

The speakers denounced the emphasis of Japanese diplomacy in connection with California and China, and insisted that the insult to the Japanese flag at Nanking should be wiped out. The manifestation was clearly an explosion of popular resentment against the ministry in its treatment of the California and Chinese questions.

Profiting by the lesson of the riots which followed the conclusion of peace between Russia and Japan, the government reduced the risk of violence today by refusing to allow a single soldier or policeman at the scene. The manifestants, many of whom were students, were orderly during the early part of the proceedings. A score of agitators, including a girl, declared Japanese diplomacy and declared that it had never contributed to the upbuilding of the empire and had ended in failure. The incidents in China were unbearable.

A Wild Stampede.

Suddenly the cry to march on the foreign office was raised, and there was a general stampede, many persons barely escaping being crushed. The crowds surged thru the streets headed by the gesticulating leaders and reached the foreign office to find that the high iron gates were locked. Scores of the demonstrators pounded on the gates and called for them to be opened, but in vain. The order officials refused. A delegation was appointed, the members of which climbed the gates, and then sued a long parley.

Meanwhile the crowd was cheering but determined. It showered

Serious Unrest in Portugal

MADRID, Sept. 6.—The Correspondencia de Espana prints a report that grave events are happening in Portugal, but gives no details in this connection.

A despatch from Tuy, which lies opposite the Portuguese town of Valencia do Minho, says that the garrison at that place has been strongly reinforced by cavalry and artillery. The gates of the city, are closed at sunset and the streets are regularly patrolled.

THIEVES RAID JEWELRY STORE

Entered Back Door During Absence of Clerk and Secured Rich Haul of High-Grade Jewelry.

The jewelry store of Stein and Nissenbaum, better known as "The Two Little Jewellers," at 980 Queen street west, was entered by thieves between 11.30 and 12.00 o'clock Saturday night, and over \$2000 worth of high-grade jewelry stolen.

The police as yet have not located the robbers, who were familiar with the locality and had been watching their opportunity. According to the man in charge of the store at the time, he had stepped into the barber shop next door to get a shave, and forgotten to lock the back door, and it was thru the back door entry was made. Altho it is not as yet definitely known just how many articles are missing, a number of watches, brooches, bracelets and jewelry were taken, amounting to well on to \$2000.

A clue picked up by the police which led to the discovery of the vandals, is the finding of an old black felt hat lying near the back door. The hat may be a blind, but the police theory and that of the jewellers, is that the thieves were interrupted in the midst of their work, and that one of them lost his hat in the dark, in his haste to get away. Appearance inside the store would uphold this theory; about half the cases had been ransacked of the most valuable articles, and the rest untouched, indicating that the thieves were unable to complete the job.

One electric light was burning in the store all the time, and it is wondered how the robbers could work without being seen by passersby on Queen street.

PARLIAMENT TO INTERVENE IN THAW CASE?

As Legal Fight Hinges on Constitutional Aspect of Immigration Act, It is Not Unlikely That Dominion House Will Have to Back Up Measure.

MONTREAL, Sept. 7.—(Can. Press).—No move in the matter of seeking the liberation of Harry Kendall Thaw on bail will be made before the local courts, according to well informed sources here tonight. The friends of the slayer of Stanford White, now that they have brought the whole question to the attention of the court of the King's bench, will content themselves with awaiting developments in the ordinary course of justice.

Thaw may be brought here early this week or he may be detained at Costook until the 15th. This is a matter entirely in the hands of the Dominion authorities. Once landed in the city, he will be kept in the detention house of the immigration department, not in the city jail.

While awaiting a decision in his case, he will be provided with comfortable quarters, will be able to receive friends and will be allowed any luxuries he may care to pay for.

A Nominal Prisoner.

He will be in no wise a prisoner except that he will be detained as any ordinary immigrant concerning the admissibility of whose entry into the country the immigration authorities entertain any doubt.

The whole litigation will resolve itself into a discussion of the question of whether the Canadian immigration act is or is not constitutional. The Thaw attorneys will contend that the act in its present form contains an infringement of the right of the individual to free locomotion. They will also represent the enactment as embodying an infringement of the habeas corpus act as well as the Magna Charta. Thus it is seen that the scope of the case is widened to such an extent that the Dominion Parliament, the constitutionality of whose enactment is placed in jeopardy, will be directly interested.

May Back Up Act.

Thus far it is only the immigration department which has been embroiled in the litigation, but it is not unlikely that parliament will have to intervene directly to back up the constitutionality of the act which it passed.

When the matter comes before the court of King's bench it will be heard by the full bench, which consists of Chief Justice Archambault, Justices Tremblay, Cross, Lavergne, Carroll and Gervais.

Of these, five constitute a full bench for an actual sitting.

The attack on the constitutionality of the immigration act, it will be recalled, is no new proceeding, for when the act was before the house of commons a leading member of the Liberal party who now occupies a position on the bench, took a prominent part in denouncing the provisions of the measure, such denunciation being based on arguments which are advanced on the Thaw side of the fight in the present case.

BRANTFORD BANK ALSO DEFRAUDED

Ray Secured Twenty-Three Hundred Dollars From Imperial Bank, It is Now Divulged.

BRANTFORD, Sept. 7.—(Special).—Another victim has been added to the trail of one James Ray, much wanted in western Ontario, by several police and bank managers. Ray, it now appears, visited Brantford, and was equally successful here as he is in Guelph, Lindsay, Galt, Berlin and Hamilton. He arrived here on Wednesday last, and with his usual adroitness, approached the manager of the Imperial Bank branch, with his letter of introduction from Saskatoon and departed with \$2300 cash. Unlike the procedure adopted in other places, Ray did not leave any deposit out of the cheque he drew. He left with the entire roll.

The matter was not reported to the police until a couple of days ago, and only on the understanding that the swindle was to be kept a close secret. The success of Ray in Brantford, it is believed, makes his total clean up in western Ontario last week, somewhere around \$15,000. The manager of the Union Bank telephoned the local branch of the Imperial Bank, and on the description received, it was ascertained without doubt that the same man visited Brantford as the other places, and worked the same trick exactly.

BOY WAS KILLED WHILE AT PLAY

Reginald Pecker, Four Years Old, Crushed to Death Under Pile of Heavy Lumber.

While his father, Inspector Alfred Pecker of the Toronto-Street Railway Co., guarded the lives of thousands at the corner of Dufferin and King streets Saturday afternoon at the passing of the million mark, his little son, Richmond, died in his wife's arms, crushed and bruised by heavy scantlings.

Richmond Grover Pecker, 4 years and 7 months old, did not go to the Exhibition, but it was Children's Day, and played hide-and-go-seek all afternoon with several other children near his home at 161 Perth avenue. About 5.30 a round of the game was almost concluded. Everybody was caught but young Pecker, who had hidden somewhere in Gleeholts' lumber yard just opposite his own home. His hiding-place had been well chosen, for after ten minutes of vain search the boy who happened to be "it" gave up and grounded the cry which every boy knows the meaning of, "Niggers free!"

CANADA'S TEAM FINISHED LAST

Swiss Marksmen Carried Off International Trophy With France Second—Canadians Lacked Practice.

CAMP PERRY, O., Sept. 6.—(Can. Press).—The international team match shooting trophy remains in Switzerland. The Swiss team, which has won the trophy for many years, was again victorious today, defeating its nearest competitor, France, by 182 points.

The shooting was with free rifles on the 300 metre range, 120 shots, forty standing, forty kneeling and forty prone.

The Swiss team piled up a score of 4,957 points. France was second with 4771, United States third with 4677, Sweden fourth, 4571, Argentine fifth, 4080, Peru sixth, 3883 and Canada seventh, 3745.

The scores of the Canadian team were: Lieut. A. M. Blackburn 799, Sergt. Major W. L. Dymond 735, Sergt. Alex. Martin 798, Lieut. Geo. Mortimer 730, Col. J. Duff Stuart 683.

The Canadian team entered the race with no intention of winning, as they had no practice at the 300 metre range.

By winning first place today, Switzerland gets the \$1000 cash prize. Each member of the team receives a gold plaque. The team getting second place receives \$900, third \$800, fourth \$700, fifth \$600, sixth \$500, seventh \$300.

TIMBER MILL IS DESTROYED BY FIRE

Three Hundred Employees of J. R. Booth Out of Work.

OTTAWA, Sept. 7.—(Can. Press).—Three hundred men are thrown out of work as the result of a fire in the timber mill of the J. R. Booth industries here today. Damage to the extent of \$100,000 was caused by the blaze, the origin of which is a mystery. The mill destroyed was only rebuilt three years ago, new machinery being installed at the time.

Splendid work by the firemen prevented the flames spreading to the other buildings owned by the same firm.

VIOLENT SPEECHES AT JOHANNESBURG

JOHANNESBURG, Sept. 6.—(Can. Press).—At a labor meeting here tonight, at which several thousand workmen were present, the speakers vehemently denounced the government, which they described as a "wack" agency.

JEROME READY TO CONFRONT ACCUSERS

Will Be Tried on Charge of Gambling Today, Case Having Been Expedited by Mutual Consent—No Intimation from Ottawa as to Thaw's Removal.

COSTA COOK, Que., Sept. 7.—(Can. Press).—Unless a hitch occurs, Wm. Travers Jerome, especially retained by New York State to secure the return of Harry K. Thaw to Matteawan, will appear before District Magistrate Mulvena here, tomorrow afternoon, to answer to a charge of gambling. His case has been set for hearing on Thursday, Sept. 11, but both sides agreed tonight to advancing it, and Jerome announced over long distance telephone from Montreal, that he would be here without fail. He was on the point of leaving for New York under the impression that the case could not be called tomorrow.

Magistrate Mulvena of Sherbrooke, agreed to hear the case, discharging Justice of the Peace James McKee, who signed the warrant for Jerome's arrest and subsequently denounced him in court, when Jerome left town after being admitted to \$500 bail.

Jerome was arrested last Thursday after playing poker with New York newspapermen and was released under \$500 bail. He went to Montreal to prepare for the court battle when Thaw is arraigned on a writ of habeas corpus on Sept. 15.

No Word From Ottawa.

No word had come here tonight from the department of the interior at Ottawa as to when Harry K. Thaw would be taken to Montreal preparatory to his hearing there on Sept. 15 before the King's bench on the writ of habeas corpus obtained by his counsel. The quarters here are comfortable and not cramped, and the immigration agents left in charge said again today that Thaw might be held until the last moment.

"The department does not desire to stir up any more excitement about the Thaw case that is absolutely necessary," said T. B. Williams, one of the immigration officers. "There has been enough already and when Thaw is removed it will be as quietly as possible."

ARREST "DISGRACEFUL AFFAIR"

MONTREAL, Sept. 7.—(Special).—Wm. Travers Jerome had little to say tonight when the matter of his arrest at Costa Cook was broached.

Of the Thaw case he said it was only a question of time when Thaw would be once more safely confined in Matteawan.

Franklin Kennedy of the New York State attorney-general's office, who was with Mr. Jerome, admitted that he was becoming tired of the case, "Tired of it," snorted Mr. Jerome.

MRS. T. F. CAREY GETS A DIVORCE

Wife of Hamilton Man Given Absolute Divorce Decree and Custody of Her Child.

(Special to The Toronto World).—A husband who as a violinist and leader of an orchestra connected with theatrical business troupes, is traveling almost continually, and who declared in unmistakable language to her that he had decided not to provide for her any longer, and she could look out for herself hereafter, then left her, never since returning to her, Mrs. Emily S. Carey of Hamilton, Ont., realized her only alternative to be the divorce court.

She married Thomas F. Carey in New York City, Aug. 24, 1891, then moved to Hamilton, where she all went well in their marital relations; but gradually they drifted apart in their affections, the husband becoming indifferent and neglectful of his wife until conditions finally became such that during a period of three years, he only gave her \$5, and then only in response to a letter from her, asking for money for a pair of shoes.

Separation occurred in 1909. She came to Reno last winter, accompanied by her young son, and in due time filed divorce complaint, alleging failure to provide. Yesterday she testified to the above facts, declaring she gave defendant no cause for his willful neglect, having been a dutiful wife. Personal services were secured upon him, and he filed formal appearance thru a local attorney, in response, but offered no opposition to the suit. The plaintiff was granted a decree of absolute divorce and custody of the child. No alimony was asked. She will leave next week for Alberta, where she owns some farm lands.

ALD. GEO. M'MURRICH DEAD AFTER LONG CIVIC SERVICE

"One of the Most Conscientious Men Who Ever Sat in City Council," Passed Away After Long Illness.

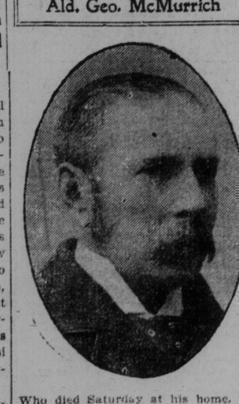

Alderman George McMurrich died yesterday at his home, 105 Madison avenue, after having been brought to Ontario on Saturday from his summer home at Detraint Point, in the General Hospital ambulance. His health had been poor last year and he went south for the winter. He returned much improved, but his health again failed after a few months at home. He then went to his summer home on Lake Simcoe, but Saturday, when it was seen that he had little, if any chance of surviving, the Shields Ambulance was summoned and went to De Grass Point in order to bring Mr. McMurrich home, where he died yesterday.

"He was one of the most conscientious men I ever sat with in the city council," Ald. Dunn said last night. Ald. Dunn and Ald. McMurrich were fellow councilors for 15 years.

Ald. McMurrich was one of Toronto's well known business men, and had many friends who regarded him as one of the most public spirited of citizens.

He is survived by a widow, 3 sons and 5 daughters. The sons are Dr. Bruce McMurrich, Temple McMurrich and Arthur McMurrich; the daughters are Mrs. Henry Roberts of Spadina road, Mrs. Philip Corder of St.

AID IS ASKED FOR HOMELESS

Six Millions is Revised Estimate of Fire Loss at Hot Springs.

HOT SPRING, Ark., Sept. 7.—(Can. Press).—Hot Springs, fire-swept, six million dollars of its property destroyed and 2500 of its people homeless, yesterday issued an appeal for outside aid.

The appeal was authorized by a committee composed of city officials and citizens. M. A. Elise was chosen secretary.

The city, exhausted in fighting the conflagration which originated Friday afternoon in a negro cabin and hurried over an area of 200 acres, nevertheless devoted the day to relief measures for the homeless. Three thousand dollars, subscribed at a mass meeting yesterday, was devoted to their pressing needs. In the afternoon citizens and the council canvassed the situation and decided to issue an appeal for aid.

While two companies of militia police the burned district, the citizens' committee devoted itself today to systematizing relief measures and planning for the rehabilitation of the fire-swept eastern section of the city. Tonight's checking up shows that all of those made homeless by the fire have been housed temporarily, and their immediate needs provided for. Against the monetary loss, estimated at \$6,000,000, it is authoritatively stated that approximately \$2,000,000 in insurance was carried.

CHARLIE PHAIR DIED ON SUNDAY

Well Known Horseman Succumbed After Operation for Appendicitis—Rode Queen's Plate Winner.

Charlie Phair, the well-known horse trainer, died yesterday in St. Michael's Hospital, on the 49th anniversary of his birth. He was operated on Saturday for appendicitis, too late, however.

The late Mr. Phair never fully recovered from the loss of his son, Charlie, Jr., who was killed two years ago, while riding in a race in Trinidad. He was a first-class jockey early in his career, riding a Queen's Plate winner in '77, Amelia, owned by John White, at Prescot. He was among horses all his life, for many years successfully training his own stable. Of late years he was one of Mr. Orpen's trusted men, acting as starter and paddock judge at Dufferin Park and Hillcrest. He rode his last race about 12 years ago.

The late Mr. Phair leaves a widow and two daughters. He will be buried from his late home, 1211 Queen street east. The funeral arrangements will be made today.

THE RECORD WAS ACHIEVED NOW STARTS THE PREPARATION FOR MAKING ANOTHER RECORD

A Review of Some of the Outstanding Features That Made This Year's Fair the Greatest in the History of the Canadian National Exhibition.

Set a standard and then aim for it. This is what the management of the Exhibition did in the matter of attendance, and they more than came up to the height of their ambition.

Beautiful Austrian Things. Among the things that came in for a last look on Saturday were the many attractive things in the Austrian department.

A fine collection of boots and shoes elicited a good deal of examination. The workmanship of the best, and the Austrian seamstress seems to have discovered the secret of making a square-toed boot artistic.

Hand embroidered underwear attracted the women in crowds. A noticeable feature was the substantial character of the garment. Very little of the fine Valenciennes used so much here was seen in the Austrian cases.

Something new in the way of incandescent lights in the Austrian display was nearly being forgotten. These were vivid and most gorgeous flowers made of silk, the stalks standing in cut glass vases and lighted by means of small electric bulbs placed inside the different blooms.

A meal to the children of the neighborhood is necessary to attract them to the exhibition. It is coming off, for they have a vivid recollection of the festivities of last year and like the boy scouts "are prepared."

These were among the expressions of delight at the lunch provided for the children in the neighborhood of the Canadian Casket Company's factory on Niagara street, which was given on Saturday by the Casket Company.

the old china dogs, shepherds and shepherdesses we used to see on the mantels of our grandmothers, were another interesting feature from the land of Francis Joseph.

Numberless housewives were interested in the demonstrations in self-raising flour. No trouble nowadays in setting either the bread or the yeast to raise. Nothing to do but mix with water and bake. Truly things are becoming every day more easy for the one who presides in the kitchen.

Magnificently Lighted Grounds. Has there been much said about the magnificent electric lighting of the buildings and grounds? If not, they certainly deserve special mention. Our lot has surely fallen within favored places when we live in an age when such a display is possible.

Domes, facades, arches, all outlined by bulbs looking like yellow pearls. String after string they threw themselves about the buildings, making surroundings as bright as day.

How many saw the new attachment to be placed on your machine, to do all the family darning? It can be used with any lockstitch machine and works away into the toe or fills up the big-great vacuum in a heel, and all this with a stitch that looks better than hand-work.

THE BABY SHOW

Sorry I missed the baby show this year. There is something decidedly interesting to everybody in an exhibition of beautiful babies.

However, I did see the dog show, and I saw women at that show who had just considered it a baby show. Else why did one woman in a fox-splendid "Does he want a drink? Well, mother will get him one; dead she will."

I was glad her baby was a spaniel, because from the look of her gown she was a dog lover. Why, where's your baby? she asked. "At home," I felt like adding, where young children should be. "So is my baby," she gasped.

I knew perfectly well that she had no children, and she answered my look with a smile that was both kind and things as most people, but I prefer to lavish my maternal instincts on the real thing.

PRINCESS COOKS FISH FOR THE KING

Royal Fishing Party Enjoy Grilled Trout Cooked by Princess Mary.

LONDON, Sept. 6.—Princess Mary and two of her five brothers, Prince Albert and Prince George, have been enjoying excellent trout fishing recently in Scotland.

While in Halifax he went to a tea in name one afternoon instead of going to a reception the governor prepared for him, and got a sharp scolding by letter from the king before it was found out that the prince's absence was due to a blunder of the colonial executive.

GOOPS

Don't Be A Goop!

THE GARDEN CONDUCTED BY RACHEL R. TODD M.D.

Plan Now For a Few Christmas Flowers.

Everyone may have a few fresh blooming plants for the Christmas season, and nothing is more acceptable as a Christmas gift than a pot of some brilliant bloom, tended and watched over by your own hands.

There are plenty of easily grown bulbs, that can be made to flower just in time for Christmas decorations.

But these bulbs should be planted now—now, and not later. In these days of steam heat and electricity, home splits find that they are able to grow house plants much more successfully than in the days of gas lighting and hot air heating.

People could not be made to remember that the house air was too dry, and in ten cases out of ten, also too hot, for the production of any kind of bulb.

One of the first things necessary for the successful cultivation of bulbs, indoors, is a cool, dark spot, that may be used for storing the bulbs while they are busy making root growth.

Do not forget, that success or failure depends more on the state of perfection reached by the roots, than on anything else.

The second necessity, is the proper preparation of suitable soil for the bulbs. Nothing is better than earth from a nearby woods, especially if a certain amount of rotted wood fibre can be obtained.

These two important points above mentioned, are by far the most important in considering bulb culture.

KAISER'S DAUGHTER DECEIVED WAITER

He Thought She Was an American Tripper, But Prince Revealed Identity.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. BERLIN, Sept. 7.—Emperor Wilhelm's daughter and her husband, Prince Ernest Augustus of Cumberland, son of the Duke of Cumberland, came to town from Rathenow to spend the day.

About 4 o'clock in the afternoon they dropped into the Hotel Adlon for refreshment and took a small table which happened to be in the midst of tables occupied by Americans. Presuming that they, too, might be Americans, a waiter politely asked them if they would have tea.

Princess Victoria Louise was in the hotel party to the lobby. She wore a neat tailor-made gown of gray and he had a natty sack suit. Together they strolled along Unter den Linden like ordinary tourists.

Started, the waiter looked sharply at them for a moment then rushing off and electrified the hotel by announcing that Prince Ernest and Princess Victoria Louise were in the hotel party to the lobby.

Princess Ernest and his bride will go to London to attend the wedding of Prince Arthur of Connaught and the Duchess of Fife, Emperor Wilhelm will be represented by his brother, Prince Henry of Prussia.

THIS TOWN HAS PRODUCED A GALAXY OF BURLESQUE STARS

Three of the Four Headliners in This Week and Last Are Torontonians—One of Them First Played Down in Old Monroe Park—Another Worked on a Newspaper.

Yes, they all come from Toronto. Who? The burlesque stars.

From the number of burlesque headliners that have visited their home town this week and last it would almost seem that the majority of those on the road claimed Toronto for their birthplace.

It is always one of the delights of the season to Miss Howard to return to Toronto, she says.

Since Miss Howard left Toronto the world has treated her well. Besides being the owner of her company she recently purchased the May Howard Haymarket theatre in Chicago.

MONDAY MORNING, SEPT. 8.

BRITISH AND U. S. RAILROADS.

Within a few days of each other two serious railroad accidents have occurred under practically identical circumstances and each involving serious loss of life and injury to passengers. In both cases express trains that had been brought to a standstill were crashed into by express trains running almost block and block.

grave charges are made regarding operating conditions and the employment of engineers for periods so excessive that they were not able to give proper attention to their onerous duties and responsibilities. Enquiries are now in progress in England by the board of trade and in Connecticut by the interstate railway commission.

Their results will in all probability lead to the adoption of more stringent measures of government control. The New Haven railroad has had an unenviable record in the matter of accidents. Its equipment is antiquated largely because money that should have gone into betterment has been diverted to other purposes extraneous to the road itself.

CANADIAN MUSICAL COMPOSERS.

Dr. J. D. Logan has given his readers a series of articles this year on topics illustrating Canadian character and culture which would do credit to the critical literature of any part of the empire. The latest of these in the current Canadian Magazine is on "Canadian Creative Composers."

Dr. Logan tells the story of the life and art of Calixa Lavallee with comprehensive brevity and sympathetic insight. He pictures him "flourishing brilliantly in the company of that brilliant coterie of French-Canadian poets and musicians who were born in the late 20's and early 40's of the last century—Fréchet, Legendre, Lemay, Gagnon, Routhier and Lavigne."

Dr. Logan's contrast of "Alexander Muir's infectious song," which "appeals, not to the aesthetic sensibilities or to the imagination, but to the motor system and the feet," with the "Chant National," which he ranks beside the Russian "National Hymn" and "Die Wacht am Rhein" is enlightening.

The Man Who Made the Million

J. K. Munro, Press Agent of the Biggest Annual Fair in the World.

When institutions climb to splendid success there sometimes prevails a tendency to forget the instrumentality which made it possible. This could not be the case in connection with the Exhibition which on Saturday made for itself a new name and a new fame. In no sense did it spring from the ground as careless ones might perhaps believe.

Among all those names which might merit honorable mention there is none more worthy of public recognition than that of Mr. John K. Munro, familiarly known as the "Press Agent."

Out of the huge vortex of humanity which have revolved daily about the exhibits for the past fortnight there was no personality more interesting than that of the press agent. One could see at a glance that he was in his element. When the mob surged strongest he enjoyed it most.

Our immigration act is peculiar in so far as it denies the writ to a man ordered to be deported by the government even though as a matter of fact he may be a British subject or even a Canadian citizen entitled to remain in the country.

There is a great deal more in a name than Shakespeare's love-sick epigrammatist would allow, and we believe the social service committee may smell a great deal sweeter than it did under its former cognomen. It is a difficult thing to live down a bad reputation, but it has been done, and the earnest and benevolent gentlemen on the committee have a magnificent opportunity and an almost unlimited field.

We would like to see the social service committee doing the kind of work which they are capable and which is needed in the city, but they should not make the mistake of thinking that they are wiser than their neighbors, or that all the good influences of the world flow in one channel of activity.

The Man Who Made the Million

J. K. Munro, Press Agent of the Biggest Annual Fair in the World.

to welcome the multitudes of children which flood the premises periodically. His heart is large enough to retain the personalities, ignore the weaknesses and solve the troubles of the thousand and one others who greet him annually. And with all his business he bears a smile. Few have ever seen him angry; thousands have found him cheerful. He treasures a little pen-sketch from an admirer which shows him standing in characteristic attitude, watching the visitors thronging in the grounds. The glint of optimism in his eye is changing into that of confidence, and this feature the artist had caught.

But apart from the directors conferring on the policy of certain ventures, and the tired woman with a baby seeking rest, Mr. Munro has a staunch army of admirers in the press. He is their special benefactor, the real medium, as one happily put it, through which the doing of the great fair reaches the public. His association with the writing staff of a daily a few years ago has warmed his heart to that profession.

Mr. Munro can read some Latin and enjoy it, but he does not appreciate the standpoint of the ancient poet who sang, "Odi profanum vulgus et arceo." (I hate the vulgar crowd and hold aloof.) Not a bit of it. The trouble was that Horace had never grasped the meaning or possibility of an exhibition of proportions.

My spirit horses for ice cream cones when I am hot and sticky, when the sun on my torrid days fall fiercely on my dicky and melt the starch in his proud arch, and wilt my six-ply collar, so that he truly does melt worth five mills on the dollar. Then thru the heat with dreary feet my melting form urge me to some breeze place where, full of grace, the ice cream cones burgeon: I shout for four, or maybe more—say five or six.

YORK COUNTY AND SUBURBS

FINAL MEETING OF HENRY'S CAMPAIGN

Conservative Candidate Gets Rousing Reception From Electors of North Toronto. CONFIDENT OF SUCCESS

Mr. Henry Appeals for a Large Vote and an Increase in East York's Majority. Harmony was the keynote of the Conservative meeting in North Toronto on Saturday, when Geo. S. Henry made his final appeal for support in the coming election.

Mr. Henry expressed the pleasure of the first time after the election, when he had done his best to give his support to the Conservative party. He hoped they would make this impossible by polling their votes against, was a reduction on the last majority. He hoped they would make this impossible by polling their votes against, was a reduction on the last majority.

He hoped that when Mr. Henry went to the legislature he would try to have the hours of voting extended in cities and large towns, so that workmen might be able to go to the polls without working hours, instead of being obliged to their employer for an opportunity to vote.

Mr. Chamberlain had charged that no progress was being made in New Ontario, but he was wrong. He was also claiming that rates should be reduced on the T. and N. O. railway, but at the present time this was costing the government a large sum of money annually to keep it going.

At the request of the chairman, Mr. Howe, Mr. Lucas referred briefly to the Provincial Campaign. It is the duty of the citizen in this task to be examined.

MICHIE'S Cigar Department. MacMurphy, Miss Marjorie MacMurphy, A. M. Long, E. J. Hathaway and Mrs. Hathaway, George Sweeney and other members of the company. Mr. Maclean being a resident in the district, was able to point out several spots and landmarks in the neighborhood. The company disassembled in the beautiful Don River park which will form the park land of the garden suburb, and by easy woodsy pathways, reached the top of the 10 foot cliff. To the higher level, walking east by a grassy lane to Scarborough Town line. Upon the return, refreshments were served, and a few minutes later the visitors at their starting place, the Don Station, Queen street. The train service was provided by the Canadian Northern Railway, as a contribution to the organized movement for improved housing. Quite a number of the excursionists purchased lots on that portion of the property the company is offering at very low prices. There will be another excursion on Saturday afternoon.

ENLARGING POINT EDWARD DOCKS. SARNIA, Sept. 6.—(Special)—Extensive repairs are being made to the Northern Navigation freight sheds at Point Edward. Doors are being enlarged and other changes made to accommodate the rush of freight during the fall months. Shipment are getting heavier every day, and no doubt this will be a record-breaking year for this company. The steamer Stone took on a load of lumber to-day at Laidlaw's for Sombra. PROVINCIAL DETECTIVE MISQUOTED. SARNIA, Sept. 7.—(Special)—Provincial Detective Acton emphatically denies statements credited to him in several Detroit papers relative to the death of James Gamble. The metropolitan papers alleged that Acton was inclined to suspect murder in the case. The detective denies that he discussed the case at all. SARNIA ON ALERT FOR SWINDLER. SARNIA, Sept. 6.—(Special)—Local police have been on the lookout for James Ray, the man who has cleaned up \$12,000 through Ontario in the past few days. It is thought that he will try to make a get-away to Chicago, and a good watch is being kept to prevent this move. GARNIA NO PLACE FOR MASHERS. SARNIA, Sept. 6.—(Special)—A would-be masher was arrested by the police last night while annoying a couple of young ladies on the streets. He pleaded not guilty, but the evidence of the ladies, Margaret McLeod and Miss Biron, given was so convincing that he was given a fine of \$10 and costs. The police have started a campaign to stop the mashing nuisance.

THE WEATHER
 CONDUCTED BY MRS EDMUND PHILLIPS

His honor the lieutenant-governor and Lady Gibson will probably be in town this week from their country house at Burlington Beach.

The birthday of Mrs. McNaught was celebrated on Saturday afternoon in the committee room of the women's building at the Exhibition when it was not possible to realize that the candles on the cake, which graced the centre table, told the truth about the years of that particular smart-looking man whose health was supposed by Mr. Noel Marshall, Mr. McNaught responded and the president, Mr. Kent, also spoke. Dr. Orr was a very welcome guest, it being his first visit this year to the committee tea. The room was lovely with quantities of crimson gladioli, honor feathers, poppies, phillias. A few of those present were: Mrs. McNaught and Mrs. Tudhope, who were the hosts; Mr. Noel Marshall, Mrs. Rennie, Mrs. Stephens, Dr. Graham, Mr. Firstbrook, Mrs. J. D. Allen, Mrs. Elliott, Mrs. Geary, Mr. Reginald Geary, the Misses Goodman, Mrs. McLaughlin and the Misses Oliver, who were the assistants, the hon. the speaker and Mrs. Hoyle.

SENeca CAPTURED PRINCE OF WALES

R.C.Y.C. Have Busy Day—Hargraft First in Open Dinghy Races.

R.C.Y.C. sailors had a busy day on Saturday with the Prince of Wales Cup race, two 14-foot dinghy races and a 16-foot skiff race on the card. The Prince of Wales Cup, a twelve-mile race, was captured by Skipper Bill Jarvis with Seneca, a 14-foot dinghy, which was sailed in conjunction with the open event. Both the dinghy races had been postponed from Aug. 26. Following are the results:
Prince of Wales Cup race—Seneca, M. J. Gordon, Norman Gooderham, G. D. P. Jarvis, 2, 1st. Norman H. Gooderham, 3, 2nd. M. L. Jordan, 4th. Gadenia finished first but Seneca won on time allowance.
Open 14-foot dinghy race—W. M. Hargraft, 1, 2nd. G. D. Agnew, 3, G. K. Douglas, 4th. P. H. Lushman, 5th. R. E. Tyler, 6th.
SKATING RINK FOR BROCKVILLE.
BROCKVILLE, Sept. 7.—(Special).—Brockville is to have a new skating rink to replace the Corbett rink burned some time ago. Sufficient capital has been subscribed by local enthusiasts to warrant the organization of a company. It is expected that the contract will be awarded in a few days and that the next ten days.
 This will allow sufficient time for the completion of the structure before the snow flies.

There is a Reason for the Rapid Increase in the Consumption of Beer in Canada

Statistics for 1912 show that 7,005 gallons of beer per capita were consumed in Canada last year as against 5.98 for 1911.

This enormous increase is conclusive proof that beer is holding its own as a popular beverage of the World's civilized nations.

The reason for this is that people everywhere recognize beer the purest, most nourishing and most refreshing of all known drinks.

THE COSGRAVE BREWS:

(Chill Proof) Pale Ale
 Half-and-Half
 XXX Porter
 Golden Gate Beer

are the best beers for you to drink. You like the flavors when you drink them, and you like the beneficial effects afterwards.

You needn't fear biliousness from drinking any of the Cosgrave brands.

OTTAWA, Sept. 6.—The report that the Big Four would make an effort to again place a senior lacrosse team in Ottawa is not taken seriously here. Pro lacrosse in Ottawa is dead, never to return. It is extremely doubtful if the best lacrosse in the D.L.A. could put up with drawing out in front of the Ottawa team, and there is no one in sight who would think of undertaking the financing of a Big Four team. The introduction of baseball appears to have settled the fate of the national game, and the present migrates who control lacrosse in Canada are regarded with suspicion in this city. However, it is extremely probable that the Ottawa, an amateur team, who played in the O. L. A. last year, will make application to the N. L. U. for admittance next season. The Ottawa were very much displeased at decisions given against them by Secretary Doyle of the O.L.A., who referred the final game in the O.L.A. eastern section here between Almonte and Ottawa. The Ottawa are attracted to the old guard of lacrosse fans who are able to turn out good crowds to see the M.A.A.A., Shamrocks and Cornwall play here.

WALL STREET BANKERS' GREED IS CREATING PUBLIC ARM

Revelations in regard to secret contracts between railroads and their banking sponsors have awakened suspicions in investors that improvident agreements may be numerous.

Specialized by S. S. Fontaine for the New York World and Toronto World. NEW YORK, Sept. 7.—The disaster on the New York, New Haven and Hartford Railroad, following a long succession of similar horrors, has had the effect of focusing public attention in an unpleasant way upon the grasping methods of certain Wall street financial interests, and their indifference to the moral responsibility that their stewardship of the country's great investment properties should properly entail.

This adding faith of New England in its favorite investment medium has been augmented with great vigour by the evidence substantiating them furnished by the annual reports and the steadily declining earnings. They accepted the assurance of the management that the loyalty and integrity of the property was merely temporary—that the property was in a transition stage while the fruit of the policies of extensions, improvements, and investments in steamship and electric properties were coming to maturity.

The disclosure made at the New Haven meeting on Aug. 22 gave the final blow to New England's confidence in the management of the property and the loyalty and integrity of its banking sponsors. Then came the first knowledge that the stockholders appear to have received of the contract between J. P. Morgan and Co. and the executive committee of the property, which J. P. Morgan is a member of.

At the time the convertible issue was proposed conditions of the railway market were very bad. It was suggested to J. P. Morgan and Co. that they should underwrite the issue. The result was that the convertible issue was sold at a price which was 10 per cent above the price at which it was originally issued.

Now it has turned out that Mr. Morgan's deep appreciation of the ability of the liberal rate of interest fixed was wholly groundless. The bonds are selling in the open market at 108, or 8 per cent above the price at which they were originally issued.

It is high time for the stockholders of this railroad to interest themselves in its affairs. I know what the scheme of the directors is. It is to keep control of the railroad where it has been, and to sell against this issue of stock, believing that it will yield a million and a half of the stockholders' money.

Since the meeting of the New England investment holdings of New York, New Haven and Hartford, the market has been in an accelerated pace. Most of the certificates that appear in the daily deliveries are yellow with age, showing that they have been repurchased for many years in the strong hands of old families, who are parting with them as easily as they would from an old friend who had been tried and found wanting.

These are the things that are causing the withdrawal of Morgan interests as fiscal agents had adverse effect.

NEW HAVEN HAD ANOTHER DECLINE Withdrawal of Morgan Interests as Fiscal Agents Had Adverse Effect.

Trading was light General Tone, However, Fairly Strong—Bank Statement Pleasant Surprise.

NEW YORK, Sept. 6.—Speculative conditions did not favor active movements of stocks, and the market was a dull affair. The holiday on the London exchange deprived this market of stimulus from that source.

Bank of England discount rate, 4 per cent. Open market discount rate in London for foreign bills, 3 1/2 per cent. New York call loans, open 2 1/2 per cent, high 3 per cent, low 2 per cent, close 2 1/2 per cent.

Bon Ton Corsets

A good Corset is not a luxury; it is a necessity in every sense of the word; and more so this season than for some time. Wherever fashionable women congregate, there also will be found Bon Ton Corsets. Miss Hendrick, one of New York's foremost corsetiers, will be in our Corset Section all this week in your interest, demonstrating the qualities which have placed these corsets second to none the whole world over; comfortable support; graceful carriage; ease and elegance of style, and exceptional value, are the most notable features of these garments. Our stock is now at its best, and contains models for every figure. Prices from \$12.00 to \$4.00. Make an appointment to-day. The models at \$4.00 show the very low bust, with the straight skirt, the medium bust with the straight skirt, and new models for slender, medium and stout figures. Ask to see the model that is built for you.
