"Button, Button, Who Makes the Button?"

Ordinarily, a button is looked upon as an article of minor importance. But sometimes a great deal depends upon just one button. Its importance is not fully realized until it has been lost.

Canada spends about a million and a quarter dollars every year for buttons—yes, just buttons.

And—more than two-thirds of these buttons are imported, more than \$800,000 is sent to foreign countries which could just as well be kept here.

If these buttons were produced in Canada, fourteen factories, employing over nine hundred Canadians, would be kept busy to turn them out.

There is no reason why these buttons can't be "Made in Canada" just as well as anywhere else; in fact, some \$400,000 worth are every year—the other \$800,000 worth will be, if you will only "play the game" and—

Say "Made in Canada."

THIN, BUT HONEST HORSE FIGURED IN COURT CASE

Party to Horse Deal Found Guilty of Misrepresentation. He was a thin but an honest old fellow," said W. B. Scott in the general sessions court yesterday when describing the qualities of a horse he had sold to William Price and Ernest Spycamore for \$48. He was charged with obtaining the money by false pretences. It was stated that Scott purchased the animal for \$18 and sold it two days later along with a wagon and harness for the amount stated. When Price and Spycamore some...

ENGINEERS REVIEWED BY GENERAL HUGHES

By Staff Reporter. OTTAWA, Dec. 7.—General Sam Hughes reviewed the 600 engineers mobilized at Lansdowne Park this afternoon, and also addressed the Canadian Cavalry Association, which is meeting here. Referring to the officers who are going to the front, he said that when officers below them who remained in Canada were temporarily promoted, those who have gone to the front will be promoted as well, so that they will not lose their relative standing.

WILL TRY TO CUT DOWN ALDERMANIC DISCUSSION

Civic Manual Will Be Revised With That Object in View. The special committee appointed to prepare a manual for the revision of the council manual, after a short discussion, decided to supply each member of the council with a manual, and ask for suggestions. Ald. Spence, chairman of the committee, suggested that the standing committee be reduced to three, with only one alderman from each ward on each committee. The members agreed that some method should be sought for reducing the discussion on unimportant matters.

WILL HAVE SHAM FIGHT.

To make up for the inactivity in tactics exercises during the last two weeks it has been decided by the military authorities at Varsity to hold a big sham fight this Saturday, in which men of all faculties will compete. As it is likely that this will be the last Saturday expedition before winter sets in it is proposed to carry out this week's sham fight on as large a scale as possible. Fully 1500 men will take part in the movement, representing arts, med., science, Victoria and all the other faculties. The scene will be north of the Cedarvale district.

The Reason For The Closing Of The Semi-ready Store In Toronto

Twenty years ago we started a small organization in Canada to tailor clothes to the trying-on stage, ready to be fitted and finished in a few hours. We called our line "Semi-ready Tailoring," and we copyrighted the name in the countries where they wear trousers and coats. Our first difficulty was that the Merchants said there was no demand for high-class and consequently higher-priced clothes. We met that difficulty by a campaign of publicity, and by the opening of a chain of stores, and we quickly proved that there was a demand, and that the merchants had not sensed that demand, nor would they wish to with all going well. You know the most conservative and placid individual is he who can say that "all's well with me." Rather than accept passively the verdict of the merchant, we adopted active or militant methods, and for years fought stoutly for recognition—and gained it. Today the best Merchants want Semi-ready Tailoring to sell. There is no need for demonstration stores to prove up. A manufacturer has no right to be in the retail trade. We retire gracefully—victorious—but nevertheless evacuate completely.

- 50 New Overcoats. A shipment of new winter overcoats—the latest models—that were ordered before this sale started, received Saturday. They will be on sale today at greatly reduced prices. Here are some rare saving chances: \$15 Suits and Overcoats, \$10.75. \$18 Suits and Overcoats, \$12.50. \$20 Suits and Overcoats, \$14.25. \$22.50 Suits and Overcoats, \$16.00. \$25 Suits and Overcoats, \$17.75. \$28 Suits and Overcoats, \$19.50. \$30 Suits and Overcoats, \$21.25. \$32 Suits and Overcoats, \$23.00. \$35 Suits and Overcoats, \$24.75. \$40 Suits and Overcoats, \$27.50.

- LEASE FOR SALE. A long term lease of store and building offered cheaply. Apply to Mr. W. G. Hay.
- TOOK DOORS TO SETTLE DEBT; JUDGE LENIENT. In the general sessions yesterday, Charles Denton, a debtor, after Wellington Bully were charged with breaking and entering the house of W. G. Harris, 170 Grenadier road, on Oct. 20, and stealing 21 doors, three drawers and a number of other articles. The prisoners admitted taking the doors, but it was claimed by Grimwood, who had built the house for Harris, that as a sum of \$500 was owed him, he had a right to take the doors as part payment of the debt. Judge Coatsworth found the men guilty. He let Denton and Bully off on suspended sentence, and remanded Grimwood for a week for sentence.
- FAVOR CLUSTER LIGHTS FOR WEST RICHMOND ST. "Ward three pays nearly 40 per cent. of the taxes of the City of Toronto," declared Ald. Sam McBride when the request of the property owners of West Richmond street, between Yonge and Bay, for cluster lights in that section came before the property committee yesterday afternoon. The committee unanimously voted to grant the request.
- CHARGED WITH ASSAULT. James Frantica, a dredger working at the foot of George street, was arrested yesterday by Detective Cronin on a charge of committing an aggravated assault on a man named Thomas H. Sullivan.
- CAR BARRIS TO BE BUILT. In spite of the fact that 600 petitioners petitioned against the site, the committee gave Commissioner Harris permission to construct car barris for the Elgin street line on Bloor street near Dorval road.
- HAND MANAGED BY SAW. Charles Hardy, 387 Wellesley street, employed by the Beck Manufacturing Co., Parliament street, had one of his hands badly cut yesterday, when it was caught in a planing saw in the works. He was taken to St. Michael's Hospital in the police ambulance.

THE REAL TEST

There is no surer test of the real success of the management of a Life Company than the feeling of its clients, the policyholders, towards it.

How the Canada Life Stands the Test

The Company is constantly receiving letters expressing gratification for increasing policy dividends, appreciation of generous treatment by the management, or grateful thanks for prompt payment of claims.

In Illustration

A CHICAGO BANK PRESIDENT lately wrote: "This dividend is particularly gratifying . . . and reflects great credit on the management of your good Company."

SIR WILLIAM WHYTE'S EXECUTOR wrote: "I have to thank you very cordially for the promptitude with which you settled our claim."

A PHILADELPHIA POLICYHOLDER says: "Your methods seem to make a friend of a policyholder, and I assure you that after dealing with your company fifteen years or more, I feel enthusiastic of your worth and kind treatment."

These letters are not exceptional; they are typical of those being received nearly every day.

Herbert C. Cox
President & General Manager

FAVOR CLUSTER LIGHTS FOR WEST RICHMOND ST.

"Ward three pays nearly 40 per cent. of the taxes of the City of Toronto," declared Ald. Sam McBride when the request of the property owners of West Richmond street, between Yonge and Bay, for cluster lights in that section came before the property committee yesterday afternoon. The committee unanimously voted to grant the request.

CHARGED WITH ASSAULT.

James Frantica, a dredger working at the foot of George street, was arrested yesterday by Detective Cronin on a charge of committing an aggravated assault on a man named Thomas H. Sullivan.

SAW GAME FROM FENCE BUT HAD TEETH BROKEN

Now John Dennis is Suing Frank Carrol, the Lacrosse Trainer. Before Judge Denton and a jury John Dennis, a mechanic, is suing Frank Carrol, trainer of the Toronto lacrosse club and caretaker of Scarborough Beach Park, for \$500 damages for alleged assault. Dennis stated that he was on the fence of his own yard, which overlooks the grounds, and was watching a game when Carrol came and ordered him off, at the same time smashing him on the jaw with his fist, breaking his teeth. Defendant admitted ejecting Dennis, who he claimed was standing on the bleachers and refused to leave when requested. A number of witnesses for the defence stated that Carrol used no more force than was necessary to eject Dennis. When counsel had addressed the jury Judge Denton asked for a sealed verdict to be presented today.

DRIVER GETS DAMAGES FROM TORONTO STREET RAILWAY.

In No. 3 Division Court yesterday a jury under Judge Denton awarded Charles Parish \$225 damages against the Toronto Street Railway Company for injuries sustained in a collision between the plaintiff's trolley and a street car at Church and Colborne streets. The jury was of opinion that the motorman of the car could have avoided the accident had he applied the brakes sooner than he did.

PROF. MAJOR ON THE WAR.

At the meeting of the Women's Historical Society on Thursday afternoon the president's inaugural address will be delivered and Prof. Major will give an address on the war.

MUST CONTINUE TO HELP BELGIANS, SAYS HEARST

America is Only Place Where Help Can Be Had for Refugees. The opportunity for Ontario citizens to send relief to the suffering Belgians still stands open. Hope of assistance for these people is gradually being narrowed to persons living on the American continent, and the necessity of drawing heavily on their generosity is imminent. This was the substance of a letter received yesterday by Premier Hearst from the prime minister of Nova Scotia. The premier endorsed the spirit of the letter. It is stated in the letter that to supply the actual necessities of the seven million residents in Belgium \$9,000 tons of foodstuffs monthly will be required through the winter. Thus far Canada has sent about 6000 tons in two ships. The movement will be extended to all parts of Canada, and those in charge have little fear of the outcome. It is pointed out that there is no question of the actual need of the Belgians. They are homeless and starving. The admiralty steamer Trepasios will be available in Halifax on December 29 to transport supplies to Belgium, and an endeavor will be made to have the hatches filled with provisions by that date.

DEPUTATIONS VISIT TOWNSHIP COUNCIL

Asked for Assurance That Assessment Would Not Be Increased.

NEED FOR RELIEF WORK

N.E. Danforth Residents to Organize Kitchen for Free Meals.

A large deputation from Todmorden and the Plains district was present at yesterday's meeting of the York Township Council to protest against their assessments. R. Hazelton, who headed the deputation, contended that property in their section was assessed higher than any other district of the township. He also complained that they had not received their assessment slips.

"Can you give us any assurance that the assessment will not be increased?" asked Mr. Hazelton.

"That's up to the assessment commissioner," commented Reeve Syme. Mr. Clark said that he did not think there would be any increase in the assessment. "Of course," he said, "it is governed by the property values."

Reeve Syme assured the deputation that the matter would be investigated, and if their assessment was not correct it would be rectified.

Relief Deputation. A deputation from the N.E. Danforth district was present, headed by Albert Jennings, who stated that the residents were getting up a relief committee for the district.

"There are many cases in the district, deserving ones," he said, "who are too proud to ask for relief, and these are the ones we are getting after. We are going to start a soup kitchen, but shall need some money to buy flour and things of that kind, and that is what we have come here for," concluded Mr. Jennings.

"Are things so bad in the locality?" enquired Reeve Syme. "Do you think the council could handle it?"

"No; we know the needs of the people, and feel that we can handle it better than the council," said Mr. Jennings. It was finally decided that the relief committee, Messrs. Jennings and Barker, should meet the relief committee to decide what steps should be taken.

Miss L. Kane was granted permission to erect poles on the north side of Poplar lane, near Newborough, to convey electricity to his residence, subject to the pleasure of the council.

Poles in the Way. A communication was received from the Forest Hill Electric Railway, stating that some poles belonging to the Toronto Electric Light Company encroached on their right-of-way between Bathurst and Dufferin streets, and they requested the council's assistance in having them removed. The matter will be over for consideration, and will be dealt with at the next meeting of the council.

A letter was received from the Rev. C. J. Dobson of Wilmersmere Avenue Methodist Church, requesting the council to commence some public employment in the district, and so provide employment for the unemployed.

Dangerous Crossing. The railway crossing at Mount Dennis, where the building of the Canadian Kodak Company is being erected, was the cause of a communication coming from that company, requesting the council to cause the height of the embankment to be raised, and the crossing to be made it very dangerous, and requested that gates or a barrier be installed. The matter was laid over till Friday.

THORNHILL MAY INSTAL ELECTRIC LIGHT PLANT

Citizens Will Meet on Thursday to Consider Proposal—Bazaar and Concert.

The members of Trinity Church, Thornhill, are going to hold a bazaar, tea and concert in Victoria Hall on Wednesday afternoon and evening next. One-half of the proceeds is to be set aside for local and other relief work, and one-half for the improvement fund of the church. The bazaar opens at 3:30, and from 7 to 7:30 concert begins at 8 o'clock.

A very much needed improvement in the citizens of this village. Several of the ratepayers are called together on Thursday afternoon next to consider the question of the installation and maintenance of a system of electric lighting for the whole village.

INQUEST UNNECESSARY

No Evidence of Foul Play Found by the Coroner.

Coroner Dr. M. M. Crawford decided yesterday that an inquest into the death of the unknown man found dead in a railway ditch near Leaside would not be necessary, and the body will be removed from the York Burial Company's vault to the morgue to await identification. The body was found by the coroner's jury on Friday.

An autopsy was performed by Dr. M. M. Crawford, who found evidence that the trouble and was no doubt very ill. Traces of prussic acid were disclosed.

MIMICO Mrs. L. A. Hamilton will address the women South Etobicoke on Tuesday, Dec. 8, at 3 p.m. in Harrison's Hall. Mimico, under the auspices of Union Jack Chapter, I.O.G.E.

LOOKS FOR SHORT WAR

John Salmon, late of the 15th York shire Regiment in the Yorks, one of the most prominent tradesmen in the Earlscourt district, is of the opinion that the war will not be of long duration, and is optimistic of the future.

SCARBORO COUNCIL HAD BUSY SESSION

Street Entrance in Scarboro Junction Sold—Owner(?) Fences It in

GRANTS FOR ROADWORK Will Get Estimate From Hydro as Cost of Street Lighting.

Much business was despatched at yesterday's meeting of the Scarborough Council and it was late in the evening when Reeve J. G. Cornell and his colleagues left for home.

Residents of Birchcliffe made application for the formation of a new street. The deputation, which included Messrs. Leith, Kenny, Mitchell, Allen, Liddle and others, stated that there were 135 children of school age in the neighborhood that could not start their education, as at the schools within reach were crowded.

The council decided to notify the sections concerned and dispose of the matter at a special meeting.

Street Sold. A petition was received from residents of Scarborough Junction asking that the council take action to open up Laurel avenue from Danforth road to concession C. In discussion it transpired that the entrance to the road fronting on Danforth road had recently been sold and the new owner built a fence across it. A legal inquiry will be held into the legality of the sale, the council being uncertain as to the ownership of the street.

Grants for road improvement were passed as follows: Markham road, \$400; York Town Line, \$200; 4th concession, \$200; 2nd concession, \$200; 3rd concession, \$200; 4th concession, \$200; 1st concession (east end), \$200; West Hill, \$100; concession D, \$100; concession C, \$100. An unstarred grant for Line was also passed.

B. F. Law and W. Hughes, contractors for grading and sidewalks on Victoria avenue, reported that the work was completed this week. The total cost of these improvements was \$1,000.

Get Hydro Estimate. With regard to the request for Birchcliffe and Kalmia streets for street lighting, it was decided to apply to the Hydro-Electric Commission for the necessary plant and power required.

The Home Guard, suggesting that the council make a grant towards regimental expenses. The council was asked as to the amount that should be given, and the council decided to lay the matter over for investigation.

WOMAN SWALLOWED BICHLORIDE TABLETS

Now in Western Hospital—Prompt First Aid Saved Her Life—Ward Seven News.

As the result of swallowing some bichloride tablets, Mrs. Nora Triggs, aged 25, of 319 Ronge avenue, now lies in a serious condition at the Western Hospital.

Late yesterday afternoon her mother, Mrs. W. Triggs, with whom she was staying, was alarmed by her daughter's sudden illness and called Dr. Norman of St. John's road. In the meanwhile she discovered a bottle of the tablets, and it is believed that she had swallowed two of them.

The arrival of the doctor and immediate first aid rendered will likely be the means of saving her life. She was rushed to the hospital and admitted to ward seven.

No reason could be assigned for the act and since her arrival at the hospital she has vomited once. Her husband is living, but his whereabouts is unknown.

Shortly after 4 o'clock yesterday afternoon a team of horses attached to a light wagon were left standing by their driver, Louis Stoneberg, of 175 Maria street, near the Grand Trunk siding at Davenport station. A passing train frightened the animals and they dashed across the street and collided with a horse and cart owned by Wm. Watt of 134 Davenport road. The latter horse was knocked down and so severely trampled that it was later found necessary to shoot it.

The driver was uninjured.

A poor workman relic of a horse was discovered yesterday afternoon by P. C. Hazelton (313) on West Toronto street in a condition so weak that it could not rise from the road and draw the cart to which Edwin Anderson of 122 Hope street had hitched it. The officer mercifully despatched it with his revolver. "Andrews claimed to have bought the animal a few hours previously for \$1 from Frank Woods of 14 Eglinton avenue with the understanding that it was in good condition."

The Case for Great Britain will be the subject of a lecture by R. Hodder-Williams, B.A. (Oxon) in the Humber-side collegiate auditorium on Thursday evening. The lecture will be given under the auspices of the Runnymede Training Club and the proceeds from voluntary contributions will be devoted to the purchase of material for patriotic and relief sewing.

WEXFORD

An enjoyable evening was spent at the home of Mr. T. B. Armstrong, Wexford, Ont., on Wednesday evening, Dec. 2, when Mrs. G. Blackburn and Miss Beattie Armstrong and Mac Martin held a house party. The Red Cross fund, the house was appropriately decorated with flags and red, white and blue bunting. After spending the early part of the evening in playing games, a part of the decorated boxes were sold, realizing the sum of \$50, there being 50 persons present.

Arch. Pilkey made a capable auctioneer.

HOW TO HELP THE SUBURBAN UNEMPLOYED.

Editor World: Why does not the Township of York carry on permanent unemployment in this winter and help the unemployed in the suburbs?

SCARBORO COUNCIL HAD BUSY SESSION

Street Entrance in Scarboro Junction Sold—Owner(?) Fences It in

GRANTS FOR ROADWORK Will Get Estimate From Hydro as Cost of Street Lighting.

Much business was despatched at yesterday's meeting of the Scarborough Council and it was late in the evening when Reeve J. G. Cornell and his colleagues left for home.

Residents of Birchcliffe made application for the formation of a new street. The deputation, which included Messrs. Leith, Kenny, Mitchell, Allen, Liddle and others, stated that there were 135 children of school age in the neighborhood that could not start their education, as at the schools within reach were crowded.

The council decided to notify the sections concerned and dispose of the matter at a special meeting.

Street Sold. A petition was received from residents of Scarborough Junction asking that the council take action to open up Laurel avenue from Danforth road to concession C. In discussion it transpired that the entrance to the road fronting on Danforth road had recently been sold and the new owner built a fence across it. A legal inquiry will be held into the legality of the sale, the council being uncertain as to the ownership of the street.

Grants for road improvement were passed as follows: Markham road, \$400; York Town Line, \$200; 4th concession, \$200; 2nd concession, \$200; 3rd concession, \$200; 4th concession, \$200; 1st concession (east end), \$200; West Hill, \$100; concession D, \$100; concession C, \$100. An unstarred grant for Line was also passed.

B. F. Law and W. Hughes, contractors for grading and sidewalks on Victoria avenue, reported that the work was completed this week. The total cost of these improvements was \$1,000.

Get Hydro Estimate. With regard to the request for Birchcliffe and Kalmia streets for street lighting, it was decided to apply to the Hydro-Electric Commission for the necessary plant and power required.

The Home Guard, suggesting that the council make a grant towards regimental expenses. The council was asked as to the amount that should be given, and the council decided to lay the matter over for investigation.

CRIED WORK! WORK! BUT NONE EXISTED

Many Were Disappointed by Some Busybody's Officious Call.

SAY CONTRACTS SUBLET

West Fairbank Residents Discuss the Township Council.

At a meeting of the West Fairbank Ratepayers' Association last night a resolution was adopted protesting against the action of some busybodies in notifying the various churches in the district that sewer work at Kew and West Fairbank was to be started on Monday in search of work.

A few of the men applied. The names of those who were taking part in the work were given, but no one was to be seen when called, but no one was given any work.

The council was instructed to write the York Township Council in the matter and to state that a large number of men and women of the West Fairbank section would like to demand an extension of the work.

The Eberes Sunday school of West Fairbank, which is now a branch of the Central Methodist Church, Ascot avenue, has over 120 children on the register and is growing rapidly.

Services are held on Sundays in the new Ratepayers' Hall, Caledonia avenue. The secretary is A. L. Foster, 265 Caledonia avenue.

The third lecture, under the auspices of the Prospect Park Cadet Ambulance Corps, will be given this evening in the Methodist Church, Robertson street, by the instructor, Mr. Easton and S. Wall. The corps is a first aid organization and is the first of its kind to be formed in Caledonia. On Wednesday evening the Junior League will hold a meeting in the church, when N. Laird will deliver an address.

BRITISH PROFESSORS OR CLOSE UNIVERSITY

Member for South Toronto Would Not Mince Matters—North Toronto News.

"If we can't have British professors in our universities teaching our boys, then, for God's sake, shut up the universities!" So said Thomas Hook, M.L.A. for South Toronto, in a spirited address at a large meeting of the North Toronto Conservative Association, which was held in York Masonic Hall last night.

He said that it was adding insult to injury to grant the German professors at the university who months' absence and pay their salaries for that period.

Discussing the war, Mr. Hook said that had England not gone to war the blush of shame would be on every true Briton's face, and the allies were warring with a nation of cultured scoundrels.

\$10,000 Prize Books "HEART THROBS"

Now being Presented to its Readers by the TORONTO WORLD

900 Pages Size 5 1/2 x 8 in. 726 Selections

CONTAIN nearly one thousand gems of humor, pathos and wisdom, contributed by 50,000 lovers of the matchless lore of English Song and Story, and enriched by numerous sparkling jewels of the World's Best Literature. There are 726 imperishable bits of literature in these two volumes. They came from old scrap-books, old pocket-books, old writing desks—and were oftentimes written by some obscure newspaper genius in a moment of rare inspiration; meters that flashed swiftly across the sky—and vanished! But they were not lost—for some human heart, somewhere, had caught the gleam, followed it, and treasured it through the years!

Nothing like "Heart Throbs" has ever appeared before in any language. It was a genuine inspiration that seized Joe Mitchell Chapple and led him to think of getting the real heart favorites in literature of 50,000 People

and then putting those that had the majority vote into book form. Others have selected those things that appealed to their own individual taste and published in a volume. But their personal idiosyncrasies might or might not interest another living soul. "Heart Throbs," however, is a collection made by thousands upon thousands of people, each sending in some favorite bit of verse or prose, and when more than 50,000 had been received, selecting those that proved the most popular; in other words that had appealed to the greatest number of people of our common country. This measured popular taste by an infallible method. The result speaks for itself. These two handsome volumes will go down in history as, next to the Bible, the greatest books ever published. They furnish more pleasure, more instruction, more mirth and laughter, more genuine heart interest than can be found elsewhere in the wide world today.

Prizes awarded by Admiral George Dewey and Senator W. B. Allison \$3.00 FOR A CHRISTMAS GIFT

Take "Heart Throbs" Home and Make the Whole Family Happy

LOOK FOR THE TRIPLE COUPON IN THE DAILY WORLD

was the publishers' price. 300,000 sets were sold when a syndicate of newspapers bought the copyright, and a nation-wide campaign, for which this paper has been appointed to represent this city, makes it possible to offer them to our readers for the bare cost of distribution. 98c

Controlled Church stated that the land and defence questions were too much mixed up in party politics, and urged Canadians to follow New Zealand's example. The efforts of all political organizations should be used in an endeavor to crush German militarism and militarism.

During the intervals a fine program of music was contributed to by Messrs. A. W. McMullen, W. Wacey, Oliver Evans and R. Farridge. An excellent boxing bout of six rounds, four under Canadian and two under American rules, was provided by Messrs. Wacey and Hunt.

The patriotic concert which the association has decided to hold will be postponed until after the New Year on account of the numerous entertainments which are being held at the present time. Social Club of North Toronto held last night. It was decided to hold their next assembly on Wednesday evening in the Masonic Hall. A private car will leave at 12:30 a.m. for the city. The assembly will be informal.

Special to The Toronto World. GUELPH, Dec. 7.—R. F. Dale of Harrington, warden of the County of Wellington, in his address to the county council today, recommended that the county raise and equip half a regiment of soldiers. He computed the cost to be \$90 per man, making the total expenditure \$45,000. The proposition is meeting with general approval. Should the recommendation be adopted by the county council, it is anticipated that recruiting will be started at once and the men will be mobilized at Guelph.

NEWS OF SPECIAL INTEREST TO WOMEN

FORTUNE BEGGING FOR PROPER HEIR

Relatives of Agnes L. Purcell Are being sought by Lawyers.

FORMER TORONTO GIRL

Left Home Mysteriously and Died Recently in Charleston, S.C.

An estate valued in round figures at \$1000 awaits a Toronto claimant in Charleston, S.C., according to Thomas McMillan, a young lawyer of that city who is here to locate the relatives of the late Agnes L. Purcell, who died on November 28th.

According to the information in Mr. McMillan's possession Agnes L. Purcell left her home in Toronto some time during the year 1902 and went to Chicago. She went from there to Atlanta, Georgia, and finally located in Charleston, where she engaged in business, amassing the estate for which she is now being sought.

Her departure from Toronto is said to have been somewhat mysterious, as she was not known by the name Purcell after leaving this city. At that time she is said to have left behind her father, mother, brother and sister without telling them anything as to her whereabouts or what she was doing.

Property May Go to State. Her death was due to a fall downstairs, which caused injuries to her head. She was 41 years old and had retired some time previously, her business being carried on by a third party to whom she had entrusted the entire care of the property.

A search of the city directory failed to reveal anyone by the name of Purcell who claimed relationship with the dead woman. Mr. McMillan is at the King Edward Hotel, he is advertising in The World in an effort to locate the heirs.

Others have not lost—for language. It is to think of

Others have not published interest another thousands upon base, and when popular; in our common result speaks next to the re, more in can be found

GOODFELLOWS WILL HELP SANTA CLAUS

Will Enjoy Giving to the Poor More Than to Immediate Friends.

ACTUAL NEEDS FILLED

Well Filled Baskets of Good Things Will Be Given to Needy Families.

All thru the city the spirit of the Christmas season is in evidence. People are purchasing presents on every hand, and the stocks of the city's stores are being rapidly depleted to fill the pack on the back of Santa Claus.

The actual needs of the city's poor are being rapidly depleted to fill the pack on the back of Santa Claus. The people that are making these purchases are the ones that are daily joining the Good Fellows, and their is no doubt that they will enjoy a visit to Kingston in a few days to inspect the men of the 21st Battalion for overseas service.

Life's Years of Sorrow Make the Others Sweeter

By WINIFRED BLACK

Winged Back

There's a birthday in the house to-day. I'd forgotten all about it, but this morning I knew it as soon as I opened my eyes, for there at the foot of the bed stood the Little Boy in his bathrobe, with his hair all tousled and his face rosy with sleep, and the Little Girl sitting beside him, her eyes fixed on me as if she were waiting for me to say something.

THE GUNAIKES CLUB. The Gunaiques Club meets at 2.30 this afternoon at the residence of Mrs. Robert Eaton, 159 Farquhar avenue.

MONEY FOR THE SAILORS. Women through the Dominion are asked to send money contributions for the Canadian National Ladies' Guild Fund for Sailors to Lady Willson, Elmley place, Toronto, at the earliest date possible. The fund is to assist with Queen Mary's Needle Work Guild in providing requirements for the sailors, as approved by the admiralty.

A DRUMMOND AFTERNOON. The Janet Carnochan Chapter, I.O.D.E. will be treated to a Drummond afternoon at their meeting to-day, by Mrs. James George. The meeting will be held at 4.30 p.m. in Sherbourne Street Methodist Church.

THE WORLD ACTS AS CHRISTMAS GOODFELLOWS' AGENT

The World is again undertaking this year the work of putting the Good Fellows of Toronto in touch with the children who must look to them or have no Merry Christmas. Arrangements for securing names and addresses from the civic social workers are complete. If you cannot play Santa Claus, The World will do it for you. But you will miss the spirit of the thing if you don't do it yourself. Do your Santa Claus early. To join the Good Fellows write a letter to The World, something like this: I live at street. I will be Santa Claus to children (any number you wish). Signed This letter, when it reaches the Good Fellow Department, will be endorsed with names and addresses and sent on to you. There will be no publicity. Then you get busy. That's all.

PUTTING WESLEY TO BED

other departments filled without having recourse to alien enemies. So can the great universities of Great Britain. There is nothing of the Roman father about our university authorities...

GRANDMA GLOBE: Gang awa till bed, laddie, they've het it a'up for ye.

Allen Enemies at the University

Muddling thru is supposed to be the British way of doing things. and the University of Toronto has given a fine example of muddling in its dealing with the case of the German professors.

We are rather surprised at the course taken by President Falconer. For a gentleman who seems so anxious to do what is right it is a pity that he exercised his power to support his own predilection in the face of overwhelming opposition.

The fact is that the whole affair has been decided on personal feeling rather than on principle. Suggestions have even been made that the professors in question should not have had their contracts carried out. There has been no desire to be unjust or unfair, but there has been a strong wish to be as fair and just to Canada as to the German professors.

More than one man in that country of late years has applied to be the general manager of the United States' First, Mark Hanna, and then Senator Aldrich, plained this distinction: perhaps more reservedly, the late J. Pierpont Morgan. All of them, for the time, seemed to be working wonders: great fortunes were made in a night, the mills ran overtime, exports expanded. Generally speaking, times were fairly good in the United States from 1897 to 1912.

We now know that this structure of apparent expansion and prosperity was not built upon foundations of industry and thrift, but rather upon fictitious profits, wasteful borrowings, and Wall street window dressing. The marvellous wealth of the great Mississippi Valley was largely diverted from productive enterprise to wild speculation.

The debt of the nation was ever increasing, but the money was raised not to develop the country, but to enrich a small group of men, many of whom wasted their millions in the purchase of European castles and coponets, in high living and reckless prodigality. Railway and other great corporations were looted from the inside by buccannery of the J. Pierpont Morgan type, and nearly every road was weighed down with watered stock and bond issues.

But the financial debacle which has characterized the frenzied financiers of the United States could not have continued, as it has almost indefinitely, except for certain national characteristics. The Americans are extravagant, eager for money rather than wealth, with a certain admiration for the man who can make a fortune overnight, no matter how lawless his methods, or how injurious to themselves the consequences may be.

Upon the question of armaments and recruiting we will not doubt find sharp differences of opinion. Many people in the United States believe a war with Japan is inevitable, and they fear that she is counting upon European allies. Indeed, in the present international mixup, a nation going to war with Japan might find herself automatically at war with nearly all the great nations of Europe.

On the other hand, there is room for the contention that militarism will largely disappear with the conclusion of the present conflict, and that the United States can safely pursue her traditional policy of waiting until war has been declared before beginning to prepare for war.

SOVEREIGNTY OF AIR IS NOT RECOGNIZED. Britain Emphasizes Point in Reply to Switzerland's Protest.

BERNE, Dec. 7, via London.—In connection with the alleged violation of the neutrality of the air over Switzerland it became known here today that when Great Britain expressed to the Swiss federal council regret that her aviation had inadvertently failed to observe their instructions and avoid Swiss territory when flying to Friedrichshafen in Germany, the British authorities explicitly declared that this must not be interpreted as a recognition on the part of the British Government of the existence of a sovereignty of the air.

For Christmas Billings. In connection with the Christmas billings of Canadian Pacific steamship Mississauga and Allan Line steamship Scotia from Westport, B.C., on December 15, the Canadian Pacific Railway will operate a solid through special train composed of first and second-class equipment and lunch-counter car, leaving Toronto 8:40 a.m., Monday, December 14, running direct to steamship side. Par-ticulate from any C.P.R. Ticket Agent, or write M. G. Murphy, District Passenger Agent, Toronto.

A Time for Repentance

Every now and then we hear of a corporation in difficulties being rescued by some able man of affairs and put on the road to permanent prosperity. As a rule it will be found that little or no money was needed in the business, intrinsically sound, was suffering from extravagance, mismanagement and perhaps dishonesty. It was able to go ahead without difficulty when honest administration gave it a chance to live.

Some such reorganization is needed for big business in the United States. More than one man in that country of late years has applied to be the general manager of the United States' First, Mark Hanna, and then Senator Aldrich, plained this distinction: perhaps more reservedly, the late J. Pierpont Morgan. All of them, for the time, seemed to be working wonders: great fortunes were made in a night, the mills ran overtime, exports expanded. Generally speaking, times were fairly good in the United States from 1897 to 1912.

We now know that this structure of apparent expansion and prosperity was not built upon foundations of industry and thrift, but rather upon fictitious profits, wasteful borrowings, and Wall street window dressing. The marvellous wealth of the great Mississippi Valley was largely diverted from productive enterprise to wild speculation.

The debt of the nation was ever increasing, but the money was raised not to develop the country, but to enrich a small group of men, many of whom wasted their millions in the purchase of European castles and coponets, in high living and reckless prodigality. Railway and other great corporations were looted from the inside by buccannery of the J. Pierpont Morgan type, and nearly every road was weighed down with watered stock and bond issues.

But the financial debacle which has characterized the frenzied financiers of the United States could not have continued, as it has almost indefinitely, except for certain national characteristics. The Americans are extravagant, eager for money rather than wealth, with a certain admiration for the man who can make a fortune overnight, no matter how lawless his methods, or how injurious to themselves the consequences may be.

Upon the question of armaments and recruiting we will not doubt find sharp differences of opinion. Many people in the United States believe a war with Japan is inevitable, and they fear that she is counting upon European allies. Indeed, in the present international mixup, a nation going to war with Japan might find herself automatically at war with nearly all the great nations of Europe.

On the other hand, there is room for the contention that militarism will largely disappear with the conclusion of the present conflict, and that the United States can safely pursue her traditional policy of waiting until war has been declared before beginning to prepare for war.

Work at Washington

The session of congress, which opens today at Washington, will mainly attract attention by the manner in which it deals with the ship purchase bill and the problems of national defence. Many other matters are before congress, including a number of bills which at the last session passed the house of representatives, but it is easy for a small minority in the senate to quietly smother any legislation to which no great public interest attaches. Many attempts, for example, will be made to amend the Federal Reserve Act, so as to extend the credit of the government more freely to the cotton planters, and perhaps to other classes in the community. It is safe to say that the law as it stands will be given a fair trial before it is amended, except upon the recommendation of the federal reserve board.

Altho the British and France have protested against the purchase of the German merchant vessels, it is known that American ports it is known that President Wilson still favors the bill, and a satisfactory understanding, has probably been reached. It will scarcely be denied that direct government ownership and operation is needed in order to again place the American flag on the high seas. Such public ownership and operation will be useful hereafter as a regulator of rates when private capital sees fit to invest in American shipping. While the primary object of the ship purchase bill is to stimulate pan-American trading, the power of the government will ultimately be exerted towards breaking up the North Atlantic combine which has plundered the United States in much the same way as it has plundered Canada.

Upon the question of armaments and recruiting we will not doubt find sharp differences of opinion. Many people in the United States believe a war with Japan is inevitable, and they fear that she is counting upon European allies. Indeed, in the present international mixup, a nation going to war with Japan might find herself automatically at war with nearly all the great nations of Europe.

On the other hand, there is room for the contention that militarism will largely disappear with the conclusion of the present conflict, and that the United States can safely pursue her traditional policy of waiting until war has been declared before beginning to prepare for war.

FOUR MEN VOTE TO DISCHARGE PROFS.

There Was a Big Debate Among Governors of the University. SITUATION UNCHANGED. Mass Meeting is Still Being Discussed—President Falconer Silent.

With the resignation of Sir Edmund Osler from the Board of governors of the university, with President Falconer and four members of the university faculty threatening to resign from their positions if the three German professors are not given the proposed "leave of absence" and with the new "leave of absence" position, a considerable indignation manifested in certain quarters. The possibility has been raised of a meeting being called in Massey Hall, to protest against the decision of the governors. Dr. Falconer stands behind the order in council which provides that German professors are not to be given a fair play and would not see the German members of the university summarily dismissed.

MAKE DR. STRUTHERS COMPENSATION OFFICER

Appointment of Chief Medical Inspector in Administration of New Act.

The workmen's compensation commission announced last evening that Dr. W. E. Struthers of Toronto had been appointed chief medical officer for the commission. His duties will begin next week, and he will at once make arrangements for a proper medical staff to co-operate with the commission in administering the act.

It is as yet unsettled whether the system will be central, comprising systems of doctors in different provincial centres at various points. In the latter case a local doctor would attend an injured person and submit a report to be examined at the head office in this city.

Dr. Struthers is well known in Toronto, having served since 1911, as chief medical inspector for the board of education. He was born in Kincardine and was educated at Toronto University.

SCOTTISH FISHERMEN FEARING STARVATION. Closing of Firth of Forth is Causing Great Consternation.

Canadian Press Despatch. ROTTERDAM, via London, Dec. 7.—At a meeting held here today of the Netherlands Cabinet, attended by Charge d'Affaires Langhorne and Capt. T. F. Lucey of the Belgian relief commission, the government consented to loan and deliver 16,000 tons of wheat, valued at \$1,000,000, to be used at once in Belgium, at such points where the danger of starvation is most acute.

STRANDED WARSHIP HAS BEEN RELEASED. Canadian Press Despatch. PHILADELPHIA, Dec. 7.—A despatch to the Maritime Exchange from its station at Lewes, Del., say that a telephone message at 11:53 p.m., from Ocean City, Md., reported that the warship which had been grounded off that place had proceeded seaward.

POSSE NOT BLAMED FOR KILLING INDIAN. CANADIAN PRESS DESPATCH. FENBROKE, Ont., Dec. 7.—Coroner Joseph and a jury held an inquest today at Golden Lake into the death of Anthony Jocko, the fugitive Indian murderer, who was mortally wounded by a rifle bullet fired at him by one of four men who were hunting him near Round Lake on Saturday.

PRIEST AND MONKS SLAIN IN MONASTERY. CANADIAN PRESS DESPATCH. PARIS, Dec. 7.—A despatch to the Havas Agency from Petrograd, says: "The Germans have destroyed the monastery of Lenozoya, about 15 miles northwest of Loda, which has been in existence for 1000 years on the pretext that the ringing of the Angelus was a signal to the Russians. In the attack a priest and two monks were killed."

SWEDISH STEAMERS ARE REPORTED SUNK. CANADIAN PRESS DESPATCH. LONDON, Dec. 7.—A despatch from Stockholm to Reuters' Telegram Co. states that the Swedish steamers Lema and Everilda struck mine off the Finnish coast, and that both steamers sank. The crew of the Lema was saved, but all seamen aboard the Everilda except one man, were lost.

BRITISH REPULSED IS TURKS' CLAIM. Landing Force Said to Have Sustained Heavy Loss. CONSTANTINOPLE, via Berlin and London, Dec. 7.—Defeat of a British landing force and an advance to within 20 miles of Batum is claimed in an official statement issued today.

GERMAN SUBMARINE WAS BADLY DAMAGED. COPENHAGEN, Dec. 7.—The German submarine U16 has arrived at Esbjerg, in Denmark, on the North Sea badly damaged. The cause of the vessel's injury is not known.

The Right Way to Strike a Match. Once in a while we have complaints about our matches breaking in two. This is no fault of the match, as Eddy's Matches are made from specially selected straight grained wood only...

HOLLAND WILL LOAN WHEAT TO BELGIANS. Canadian Press Despatch. ROTTERDAM, via London, Dec. 7.—At a meeting held here today of the Netherlands Cabinet, attended by Charge d'Affaires Langhorne and Capt. T. F. Lucey of the Belgian relief commission, the government consented to loan and deliver 16,000 tons of wheat, valued at \$1,000,000, to be used at once in Belgium, at such points where the danger of starvation is most acute.

O'Keefe's PILSENER LAGER. "JOHN BULL" RETURNS TO BEER. "What is the cause of the revival in popularity of Beer and Ale as table beverages?" asks the London "Pall Mall Gazette." That there is a return of their ancient vogue in the restaurants of London is noted by Charles Fong, restaurateur-owner. "Beer has been coming into fashion again for some time," he says, and the tendency is becoming more marked. I was dining in a West End restaurant last night and was surprised to notice how many men were drinking beer. People have found out, I suppose, that beer is one of the best and purest of foods, and realize its value as they have not before.

RANKS OF UNIONS DECIMATED BY WAR

James M. Lynch, Commissioner of Labor in New York, Speaks.

AT CANADIAN CLUB Outlines Ideals of Trade Unionism - Three Features Discussed.

James M. Lynch, commissioner of labor of the State of New York was the speaker at the Canadian Club luncheon held at the club today.

Mr. Lynch opened his address by stating that the trade union movement is the freest form, the one place where unorganized workers can express their views.

Three features of the policy of the North American Trades Union movement are, especially, emphasized. They are the freedom of the boycott and the limitation of expenditures.

Some of the benefits of the trade union movement are the increase of wages, shorter hours and improved conditions.

The attitude of the trade unionist towards war was touched upon. Resolutions have been passed protesting against war.

Mr. Lynch said that the trade unionist is a patriot and that he is proud of his country.

BUYERS CLEARED THE STOCK YARDS

Practically Everything Had Been Sold by Close of Yesterday.

SHIPMENTS WERE HEAVY Prices Were Generally Strong Hogs and Lambs Fell Away Slightly.

Receipts of live stock at the Union Stock Yards were 157 carloads, comprising 227 cattle, 84 hogs, 1921 sheep and lambs, and 164 calves.

The market was unchanged. Lambs as a rule were slow sale and about 50 per cent lower, excepting a few early season lambs.

Prices were unchanged. Choice calves \$9 to \$10; good \$8 to \$9; medium \$7 to \$8; common and inferior, \$6 to \$7.

Some of the benefits of the trade union movement are the increase of wages, shorter hours and improved conditions.

The attitude of the trade unionist towards war was touched upon. Resolutions have been passed protesting against war.

Mr. Lynch said that the trade unionist is a patriot and that he is proud of his country.

New York Exchange Will Resume Stock Trading Saturday

BONDS AND STOCKS DISTINCTLY FIRM

Largest Dealings in Latter Since End of July.

PRICES MAKE ADVANCE

Business in Stocks to Commence Saturday With Less Restrictions.

Canadian Press Despatch. New York, Dec. 7.—Announcement of the New York Stock Exchange will resume trading in stocks next Saturday on a basis of restrictions that will apply to bonds, was the feature of interest in financial circles today.

A list of stocks to be thus admitted comprises almost 200 issues out of a total of 300 listed on the exchange. It includes all the leading industrial stocks with the exception of U. S. Steel, most of the stocks in the international class, and a great variety of cheaper shares, most selling under \$1 being free from all restriction.

Firmness continues. Bonds and stocks were distinctly firm, the aggregate dealings in the latter on the exchange being the largest since the report, since July 30. Some stocks recently quoted were traded in today, and in some cases were shown last week's high level. In the bond division the chief feature was the stock of U. S. Steel, which was actively active at further advances.

The dollar, refunding and defensive issues, which were active at a marked advance over the mid-year, southern Pacific convertibles also contributed largely to the day's total, which was the largest since the resumption of trading. Other active issues included limited liability to limited issues, including international Paper Co. Declines, as were pronounced, ranging from 3 to 5 points, the latter representing the stock in Great Britain.

Stocks With Gains. Among the principal stock gains were U. S. Steel, which rose 1/2 point, and American Bond Sugar. In the latter stocks manifested a reactionary movement. Time money continued to work easier, with call money touching the new low of three per cent. Market again furnished the only feature of the foreign exchange market, which was strengthening the belief that Germany will continue to sell off her securities in this market.

Art. FORSTER, Portrait Painter, 24 West King street, Toronto.

House Moving. MOVING and Raising, 10 King Street East, Toronto.

STRONG IN MINING STOCKS YESTERDAY

Jupiter Feature of Activity—Sells Lower—Then Rallies.

MCINTYRE IN DEMAND

Chambers-Ferland a Little Stronger—McKinley Offered Down.

Yesterday's mining market was strong with activity in Jupiter. This activity was the most pronounced feature of the exchange. Big Dome and McIntyre were higher.

Dome Extension was steady, at 3 1/2 to 4. Dome Lake held firm, at 3 1/2. Big Dome was higher and sold up 25 points, to 7.50. There were quite a number of buying orders for this stock, and it looks at the present time as though the price would go higher before they are all filled.

Jupiter was the big feature, 24,000 shares sold. It opened at 10 and sold down to eight, in the afternoon it opened at 9 and sold up on a sharp rally to 11 1/2. It was almost the entire topic of conversation on the board, some claim that the McKinley people have decided to give up the option, while others are equally convinced that the deal will go ahead. In any case, with this uncertainty there is bound to be an active and uncertain market, with the price almost as good as another as to what will really happen.

McIntyre was in demand. It opened at 22 and sold up to 24 1/2. On the mine showing the stock should do better. Porcupine Vipond was steady at 24 to 24 1/2. Teck-Hughes opened at 10 and sold back to 7. Traders expect activity in this stock.

The Cobalt section, Chambers-Ferland was slightly stronger, selling up to 14. La Rose sold back on small lots to 12. McKinley was offered at lower prices, Nipissing was steady at 6 1/2. Peterson Lake was fairly active and decidedly strong. This stock is in good demand, and as if there was a considerable short interest to be covered. Silver Leaf sold at 3 and 3 1/2.
