

Of Interest to Women

Suffragists.

LONDON, May 21.—A number of militant women suffragists, dissatisfied with the reply of Prime Minister Asquith to an important delegation of Radical members of the house of commons, yesterday, on the question of women's rights for enfranchisement, made a demonstration in front of the premier's residence in Downing-street this morning, and the police reserves had to be called out in order to clear the thoroughfare.

Mrs. Mary Coxwell.

In the death of Mrs. Mary Coxwell, widow of the late W. H. Coxwell, of Osogode Hall, Ontario, loses one of its oldest residents. Mrs. Coxwell, whose maiden name was Mary Sophia, was the only daughter of Capt. John Powell, a naval officer who settled at Niagara, and became sheriff of Upper Canada in the assembly of Wellington in 1834. Mrs. Coxwell was born at Niagara nearly 40 years ago. Her father was married Aug. 8, 1808, to Isabella, eldest daughter of Major-General Aenes Shaw, of the Shaws of Strathnairn, Scotland, who resided at Oak Hill, south of Gore Vale, of later years known as the Blackford estate, near where Trinity College now stands. A sister of Mrs. Coxwell's mother, Sophia Shaw, another daughter of the general, and after whom Mrs. Coxwell was named, was engaged to Gen. Isaac Brock, whose career was cut short at the battle of Queenston Heights. The deceased, who was related to many of the older families of Ontario, is survived by all her five children, two sons, Edward Powell and Charles Eytton, and three daughters, Kate (Mrs. Walter Nurse), Nettie (Mrs. E. Palmer Clark), all of Toronto, and Louise (Mrs. Valancy Fuller), of New York. One other grandchild of Chief Justice Powell, by a younger son, also survives in the person of Mrs. John Ridout, of Rusholme-road, Toronto.

ART EXHIBITION AT THE KING EDWARD

Work of English Artist on View. Lovers of true art will find an hour of rare enjoyment in visiting this exhibition of water colors. The subjects are confined largely to the rugged but beautiful Cornish coast and those who gain a livelihood from its shores. As a Cornishman J. C. Uren has turned naturally to the sea for his inspiration and a large number of his pictures testify to the time he has spent in studying its various moods. The glistering expanse of wet sand, the quiet sparkling deep with ships lazily indistinct on the horizon has been reproduced, but in its stormy moods this painter has been able to win better effect, the spirit of the waves.

F. M. Evans is also a Cornishman, but turns not entirely from the sea, but to a study of those who gain a hardy livelihood by its shores. In his "Only Luxury," "Farming and The Artist" and "The Fisherman" the same weather-beaten faces appear, while in "Private and Confidential" he catches the fisher lassies in their leisure moments. A kindly homely air seems to pervade all his studies, most of interiors, and the occupants of humble homes. Saturday is the last day for the exhibit, which has been here a week. These pictures are on view at Room 848, King Edward Hotel, from 9 a.m. to 7 p.m.

Personal.

The Veterans' Association have invited the Daughters of the Empire to be present at the decoration of the monument in the Queen's Park on Saturday afternoon, May 23, at half-past two o'clock. Any chapters desiring to send contributions of flowers will kindly send them to the armories, care of Sergeant-Major Harding, on Saturday morning.

Mrs. Robert J. Allan has returned from California and is now spending some weeks in New York and at Atlantic City.

Mrs. Lothar Reinhardt and Miss Reinhardt of 48 Jarvis-street are visiting friends in Chicago, Milwaukee and other points.

A letter was read from Mrs. M. M. Pike, the actress, at the regular meeting of the Toronto Humane Society yesterday afternoon, enclosing \$1 for a membership fee and some leaflets describing the sufferings of cattle on the ranges in the winter time. She says that these leaflets have done a good work in the States and she thinks they would do equally well here. A substantial sum was raised by the sale of flowers and the proceeds of the tea-room during the horse show.

The engagement is announced of Miss Annie Bowman, daughter of the late Mrs. Christian Bowman, Preston, Ont., to Mr. Samuel P. Shantz, accountant The Toronto Daily Star. The wedding will take place quietly in June.

The marriage of Mr. Norman Norris Spears and Miss Alice Palfreze will be celebrated in St. Clement's Church, Brooklyn-avenue, on June 3. After

A Charming Dress for a Little Girl No. 5884

The easy, graceful lines of this frock render it particularly attractive. The blouse is in the popular jumper style, with wide kimono sleeve. The mode is unusually becoming to the childish figure and is equally suitable for the wash fabrics and light weight woolens. The full skirt is attached to a body lining that closes in the back. The sleeves may be full length or terminate at the elbow. Figured cream-colored challis was used for the development, but other materials are adaptable, such as albatross, cashmere, China silk, linen and chambray. For a girl of eight years 3 5/8 yards of 38-inch material will be required. Girls' Jumper Suit, No. 5884—Sizes for 8, 10 and 12 years.

A pattern of this illustration will be mailed to any address on receipt of 10 cents in silver.

The ceremony a reception will be given by Mrs. Falfreze at her home in East Gerrard-street.

Rev. Hamilton Dicker and Miss Christine Dicker are sailing on June 3 for England.

Miss McCowan of Ottawa is expected in town and will be the guest of Mrs. Ross Shaw at the Alexandras.

Mr. and Mrs. John Phillips, 125 Victoria-avenue, will celebrate the fiftieth anniversary of their wedding on Wednesday, May 27. They, with their daughters, will receive on the afternoon and evening of that day from 6 to 8 and from 8 to 10 o'clock.

An enjoyable luncheon was held yesterday afternoon by the Toronto Chapter of the Trafalgar Daughters of the Ontario Ladies' College, Whitby. There was a large attendance, and a feature of the gathering was a hearty invitation extended to the "Old Girls" of the college to attend the annual June reunion at Whitby. The election of officers resulted in the re-election of Mrs. D. C. Hosack as president. Addresses were delivered by Mrs. Burkholder, Mrs. O'Donovan, Miss Addison, Miss Withrow and Miss Coleman.

THE PIANO DE PACHMANN USED.

An Opportunity to Own It. With the concert season over the old firm of Heintzman & Co., Limited, find in their warehouses several of their own make grand pianos, special instruments used by De Pachmann, Sembrich and Calve in their recitals of this year in Toronto and other parts of Canada. That they were good enough for these famous artists in their public recitals warrants the statements that the individual who possesses himself of one of these instruments secures an exceptional piano. While played upon by De Pachmann and others, each instrument is practically as good as new. The regular price is from \$850 to \$900. Heintzman & Co., Limited, whose warehouses are at 115-117 West King-street, offer one of these special pianos for \$700. 51

Miss Hastings' Recital.

It is certainly a pleasure for any patriotic citizen of the Dominion to note how Canadians are rapidly scaling the ladder of eminence in musical accomplishment. Miss Hastings' recital last night in Conservatory Hall afforded proof that Canada was coming into her own in the department of solo violin virtuosity.

Miss Hastings is a native of Bradford and her first pupil was a noted teacher of the violin, the late Joseph Baumann of Hamilton. She has the distinction—and it really is a distinction—of having been the soloist at concerts of the celebrated Boston Symphony Orchestra. This in itself precludes her from being considered anything else than a finished artist.

And her playing last night justified her inclusion in the company of virtuosi. She opened her program with the best composition on it, Vieuxtemps' "Ballade and Polonaise" (op. 38) for violin and piano. The ballade is a slow movement, with consistently scope for emotional expression. And Miss Hastings, by sweet, solid, pure tones, wrought out a beautiful piece of art. Miss Hastings has technique, and if she had not, she would have spoiled the polonaise by mere display of technique. Instead, she made the polonaise bright, colorful and emotionally happy. She was fortunate in having at the piano Mr. A. F. Reilly, who made his instrument follow the moods of the violinists. He had excellent technique, especially in phrasing, and I have not heard anyone at the piano in this city who better understands the art of accompanying.

I regret that Miss Hastings chose for her second number Wieniawski's "Legende," a characteristic composition in the minor key. It is a piece of very poor writing for the violin; it does not demand technique and it gives small scope for singing tones. The unfortunate passage was futile and the pizzicatos inane. However, Miss Hastings made the best of a poor composition and came to her own. The remaining numbers of her program, "Les Adieux" by Sarasate and the "Humoresque" by Dvorak.

Miss Hastings was also assisted by Mr. Robert Stuart Pigott, baritone, in two sets of songs. The first set included Thomas' "The Viking's Daughter" and Atkinson's "Robin Hood's Farewell" and Nevill's "Autumn Sadness." Mr. Pigott is a master in the art of tone production and phrasing. But I hasten to add that he surpasses himself in emotional expression. And this set, which was in spirit mournful, required above all sensitiveness to the spiritual meaning of the composer. In the second set, which was Celtic in substance and spirit, Mr. Pigott was exceedingly happy and effective. Of the three songs, his own composition, "Nora," gave him the right to be recognized as one of Canada's composers who know how to secure what Henry T. Finck calls "emotional realism." That is, the music exactly represented the idea of the words in the poem. He sang it delightfully for all, and particularly touched those in the audience who have the Celtic gift of imagination. Miss Hastings, Mr. Pigott and Mr. Reilly are to be congratulated on having thoroughly delighted last night a select and appreciative audience. J. D. Logan.

STRICKEN WITH HYDROPHOBIA

Expert Conducting Post Mortem Over Brooklyn Victim is Himself Affected

NEW YORK, May 21.—Dr. Ira Van Giesen, expert on hydrophobia for the New York Board of Health, was inoculated with hydrophobia to-day while making an autopsy on the body of William H. Marsh, the Brooklyn manufacturer who died of that disease yesterday. Dr. Van Giesen scratched his arm with one of the bones from Mr. Marsh's body.

Dr. Van Giesen said he had been inoculated before and expressed only annoyance at the accident. He will go to the Pasteur Institute.

Sonnets of a Sorehead.

The Hunter-Rose Co. announce for publication in June a little book of slang verse by James P. Haverson of The World Staff. The title of the volume is "Sour Sonnets of a Sorehead and Other Songs of the Street." It is printed in two colors with appropriate page decoration and is profusely illustrated by Forgasz Eyle, a Toronto newspaper artist. The book is an amplification of a series of sonnets which ran in The Toronto Saturday Night Express. To this series, which has been extended, are added many other verses dealing with the everyday life of the streets. Simultaneously with the Canadian edition an edition will be published in the United States by the H. M. Caldwell Company, any of Boston.

Verdict for Plaintiff.

Justice Anglin, in the case brought by Robert Berkinshaw against G. E. Henderson, M. Parkinson and Elizabeth, gave judgment allowing an injunction restraining defendants from continuing the management of the Educational Publishing Co. without his consent. His lordship held that all the partners had equal rights in that respect, but could not allow damages for the plaintiff.

No Hard Times Here.

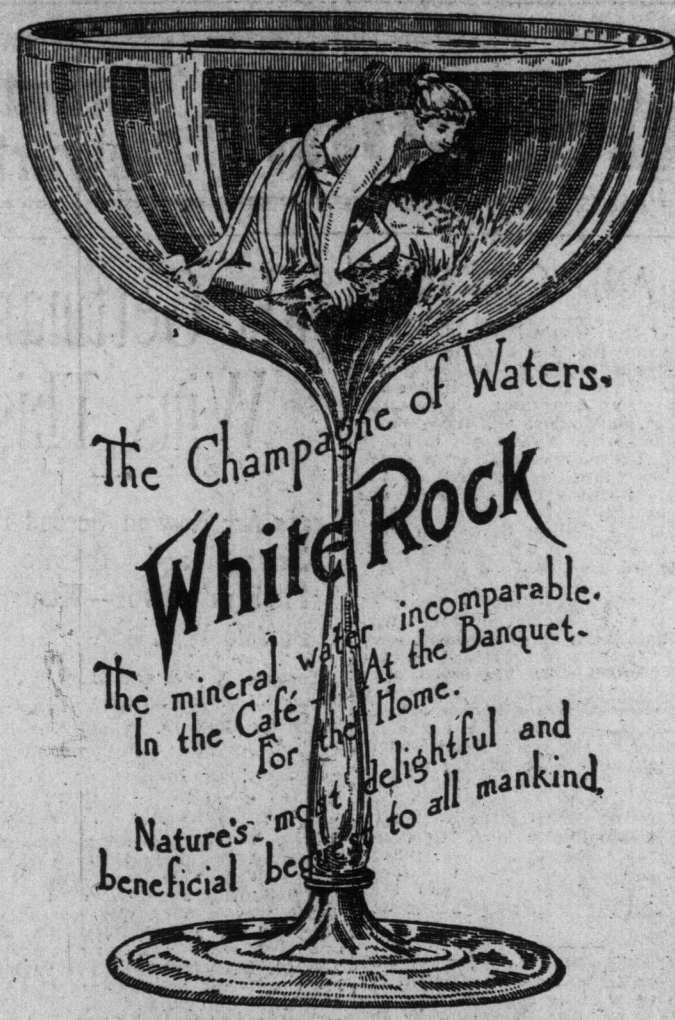

If one meets the long-faced individual who catches you by the buttonhole and says with sad voice that "times are bad," better take him up to the place where thousands of Toronto women daily meet to buy their millinery, shoes and wearing apparel. If a peep into the crowded store at McKendry's does not chirp him up, he is beyond redemption.

"Hiawatha."

The Daily and Sunday World is now being delivered at this popular summer resort. By telephoning your order to Main 252 or leaving same at 33 Yonge-street you will receive The World before breakfast.

Policeman Discharged.

ST. CATHARINES, May 21.—(Special.)—The police commissioners to-day discharged Thomas Burke, found drunk on duty early Sunday morning last, and appointed Thomas Boyle to fill the vacancy. Sgt. William McCarthy was appointed truant officer. The board practically decided in the future no stranger will be given a position on the force.

AT THE THEATRES

Lillian Russell will come to the Princess Theatre in "Wildfire" for race week and her reappearance will be welcome news to every devotee of the Woodbine. Thousands of visitors will appreciate the opportunity of witnessing such a lifelike representation of life at a race track and the characters are so cleverly drawn that they appeal to even those who usually inattentive in horse racing. Miss Russell made a strong hit on her previous brief engagement here and it will doubtless be repeated in a more pronounced way next week.

An engagement of more than ordinary interest to theatre-goers will be that of Etienne Girardot. He will be seen at the Grand next week in Brandon Thomas' clever comedy, "Charley's Aunt." Mr. Girardot has been styled "the true exponent of the laughter-producing act." The engagement will open with a special holiday matinee Monday (Victoria Day).

A melodrama like "Human Hearts" holds its original charm. It has been seen through the country for the past ten years, yet there is no decrease in public interest in this delightful play. "Human Hearts" will be the offering at the Majestic next week.

At Shea's Theatre next week the big bill will include Fred Niblo, Mr. and Mrs. Mark Murphy, Fanny Rice, Sam Williams, Clement de Lion, Claude and Fanny Usher and the kinetograph.

Weber and Rush will bring their famous "Parisian Widows" Company to the Gaiety Theatre next week. A snappy two-act musical comedy entitled "Stolen Sweets" is said to be melodious and funny. A feature is a series of "Living Art Studies."

The coming of Ben Greet and his splendid company of players in Shakespeare's Woodland comedies will be the principal event of commencement week at Toronto University from Wednesday to Saturday, June 10 to 13.

Scarboro Beach will be in operation on Saturday and with the coming summer the people will have an opportunity of getting out into the open and enjoying the fresh breezes from the lake. It has taken the most strenuous efforts to have the new features of the park, such as the "Tickler" and the Temple of Music, ready for the opening this year, but the seemingly impossible has been accomplished and the great structures will be in readiness for their patrons.

The Judging of Bread

More than one way of judging bread, but every way there is gives my bread the blue ribbon. If you judge by quantity sold, then the increase of 26,000 loaves a week in a year is evidence enough of that kind. If you judge by texture, you will find my bread is firm, glutinous and tender. Its flavor is sweet and nutty, and the crust is never hard or tough. If you want the best bread judged from every point, get

ADDED STARTER WINS FEATURE AT BELMONT Golden Pearl Beats Robert Cooper in Drive for Pocantico Stakes.

NEW YORK, May 21.—Golden Pearl, an added starter and quoted at 6-5, second choice, won the Pocantico Stakes, a 1 1/2 mile race at Belmont Park today, defeating the favorite, Robert Cooper. The race was remarkably close, the distance was run in 1:53 3/4. Golden Pearl went to the front and opened up a gap of three lengths, but in the stretch Robert Cooper closed strong and was catching the leader all through the stretch. Golden Pearl, however, held on long enough to win under a drive by three-quarters of a length.

"LIBERALS" AND THE POWER ISSUE.

Mr. A. G. MacKay continues to make his mental processes known to the electors of Ontario thru the medium of his party organ. Evidently from the tenor of his letters, so far as these have been yet delivered, his critical faculties are more highly developed than his constructive, unless, indeed, these latter are by diplomatic reasons concealed from public view. Mr. MacKay has been enraged since the campaign opened in discussing Premier Whitney's alleged lapses from political virtue and from legislative and administrative efficiency, but the opposition leader has carefully refrained from indicating what his own policy is or will be on the pressing provincial questions of the day.

And very particularly he has refrained from stating his position on the supreme issue before the electors—cheap electric power. The Whitney-Beech power policy relates meantime to the supply of Niagara white coal, as yet in its rudimentary stage. What this means in future years it would be difficult to exaggerate. That its area is not limited to the districts covered by the present scheme is certain. Water-generated electricity is carried in South Africa for many hundreds of miles, and the volume of electrical research which now prevails means rapid progress in every branch necessary for the application of the science to the needs of mankind. Premier Whitney's power policy is but a beginning towards the conservation of all the water energy of the province for the benefit of the people. Its triumph involves recognition of the great principle of public ownership and operation of all provincial resources, services and utilities for the common good.

As the campaign advances the aims and objects of the so-called Liberal party of the province are becoming every day, more clearly manifest. If this party were really the reform party of the province there would be no doubt or concealment regarding its attitude towards public rights. Public ownership and operation of all monopolies is a cardinal principle of the Liberal party of Great Britain, with which it pleases its Ontario hangers-on to be associated. Yes, the "Liberal" party of Ontario has never in act or deed favored it or done anything to further its materialization. It was ex-Premier Ross and his government that handed out the Niagara franchises to private companies, and that, too, without the provision of any effectual protection for the public interest. And it is not too much to say at this stage of the electoral campaign that Mr. A. G. MacKay will follow closely in the footsteps of his late chief with whom he was so intimately connected.

The province is entitled to know Mr. MacKay's position touching Niagara power and all other resources and utilities whether provincial or municipal, and to know his policy, if he has any. In the meantime it can only be judged from his own failure to disclose it and from the manner in which the power issue and the public ownership principle is treated by those who are fighting under his leadership. Take for example the case of Mr. D. C. Hossack, candidate for North Toronto, who poses as an independent Liberal. He is surrounded on the platform by the avowed enemies of Premier Whitney's power policy. At his meeting on Wednesday one of his prominent supporters described it as "nothing but filth, froth, foam and fireworks." Mr. Hossack himself avowed that in his opinion there was no difference between public ownership and public control, and this in face of the utter break down of public control in his own city. And he emitted a declaration against the confiscation of property, an entirely unnecessary addendum, since it has never been proposed, but sufficient to disclose his animus on the power question.

The Liberal party on this issue is willing to wound the premier's policy, but it is afraid to strike until, by any chance, it is given the seat of power. Let the electors remember this, that a renewal of their confidence in Premier Whitney assures the victory of cheap power and of public ownership and operation of our invaluable franchises. His suppression by Mr. A. G. MacKay means that the franchises of the province and the people of that province will pass under the yoke of the corporations and high financiers who see in the defeat of the government the ultimate and certain triumph of their machinations.

WHY THE SENATOR QUITS. The long-delayed retirement of Senator Jaffray from the chairmanship of the Niagara Falls Parks Commission will be applauded by all right-minded citizens. Too long has he occupied an anomalous position and too long has Mr. Whitney coquetted with him and all his works. If at first glance Mr. Jaffray as a ready-writer seems to have got the

drop on Mr. Whitney it is because Mr. Whitney did not let him go when Premier Ross moved out, taking everything liftable with him. Had Mr. Whitney been advised by wise counsel he would have parted with Mr. Jaffray years ago, he would have marked The Globe as a perfidious flatterer and he would not have given Mr. Jaffray the chance to turn a rhetoric phrase into a virtue of resignation.

Of course it was not Mr. Whitney's joke nor Mr. Jaffray's failure to see it that has caused this happy retirement. Mr. Jaffray has made a virtue out of the joke because he finds that all his suggestions, made personally and thru his personal organ The Globe, in the direction of lining up the Electrical Development Company and the Toronto Electrical Light Co. to thwart Mr. Whitney's public power policy, have failed. Mr. Whitney has so far developed his public power policy that contracts have been made and tenders asked for a government transmission line in opposition to Mr. Jaffray's companies. Mr. Jaffray can do nothing more for the electrical ring as chairman of the Niagara Falls Parks commission. He finds his occupation gone. He resigns, cleverly if you will, but he resigns, and that at least, and at last, is preserving the deceits.

And as to jokes, Mr. Jaffray, since Mr. Whitney came to office, has been nothing but a joke as chairman of the Niagara Falls Parks Commission. He posed as a public servant, but he was really a monopolistic minion. The unskillfulness of Mr. Jaffray's joke was that he kept it up four years too long.

MORE SLOW GAS METERS.

Even Ald. Graham Has Been Getting More Than He is Charged For. The continuation of the gas meter tests by the government inspectors yesterday brought results calculated to further add to the complacency of officials of the Consumers' Gas Co.

There were seven tests and in only one instance was a meter discovered to err on the side of registering more gas than was actually used. The meter was installed in the home of A. B. Barry, city hall engineer, who lives at 702 Spadina-avenue. It registered 1.02 per cent. fast, but as the government regulations allow three per cent., it was well within the limit.

The meter used by Mr. Querris, 86 Elm-street, had one clearly marked fob. It didn't register at all, the given opportunity to do so under inch and half-inch pressure. Probably the fob in his chagrin, the meter installed in the home of Ald. J. J. Graham, instigator of the enquiry, 308 Dovercourt-road, was found to register 1.23 per cent. slow. The other tests yielded these results: E. D. Armour, 103 Avenue-road, 4.06 per cent. slow; C. Cowan-avenue, 3.81 per cent. slow; 3.38 per cent. slow; Ossington-avenue fire station, 1.23 per cent. slow.

The government regulations allow four per cent. slowness. Convenient for Race Goers. To avoid the crush at the gates get grand stand tickets before going to the races. The O.J.C. have made special arrangements with G. V. Muller to supply tickets uptown in Muller's Cigar Store in the Traders Bank Building. No extra charge. 561

MEDALS AND MONEY.

Niagara Falls. Men Win Carnegie Awards.

PITTSBURG, Pa., May 21.—The Carnegie hero fund commission today granted a medal or medal and cash in thirty instances. The awards included: Thomas Conroy, a city fireman of Niagara Falls, N.Y., awarded a silver medal and \$1000 to pay a mortgage on his home. J. H. Batts, a police sergeant of Niagara Falls, N.Y., awarded a silver medal and \$1000 to meet a payment on his home. The two men in June, 1906, rescued Amos Schwitzer, a merchant of Sutton, Ont., who, while demented, waded into the swift current of Niagara and was about to be swept away. The rescuers, at the end of a frail ladder hanging over a current flowing 14 feet a second and but 15 feet from the brink of the falls, struggled with the insane man for nearly an hour and finally brought him ashore unhurt.

A Danger Removed.

Some of the big buildings of the city have been endangered by great wooden tanks on the roofs. According to Mr. Lauris Grubb, construction manager of the Robert Simpson Co., Limited, these tanks are not only ugly but also dangerous. They hold 200,000 gallons of water, they are liable to fall apart, flood the roof, and crush it in. The danger is greater than most people would believe on first thought, because the tanks are supported on steel frames which are likely to rust and become weakened.

A careful management would keep the frames well painted and thus prevent rusting, but buildings are often changing hands, and regular painting would be overlooked. The Robert Simpson Co., Limited, will do away with these roof tanks for fire protection on their new building. Instead, they will construct in the sub-cellar an enormous tank, which will hold 200,000 gallons of water. They are going to the great expense, also, of constantly keeping steam up, in order that in case of fire the pumps can be started instantly and the necessary water supplied all over their new building for extinguishing fire. It is evident that with all the improved safety devices which are being put on the new store of the Robert Simpson Co., Limited, this building will be without a rival in the Dominion in this respect.

POLICE CHIEF RESIGNS.

Because of Attacks on His Personal Integrity.

STRATHCONA, Alta., May 21.—(Special.)—Chief of Police Patterson has resigned his position in view of attacks made on his personal integrity, and it has been accepted to take effect on conclusion of the present investigation into his conduct.

Ex-Mayor Mills, who resigned recently because his attitude to the chief of police was not supported by council, and who announced himself a candidate for re-election on the purity of police ticket, now says he will not run, having learned that the chief of police by Patterson's resignation, J. J. Duggan will probably be elected mayor by acclamation to-morrow.

Army and Navy Veterans Parade. His Majesty's Army and Navy Veterans will parade at their hall, Queen and Bathurst-streets, to-morrow at 2.30, and march to Queen Victoria Memorial Park to decorate these monuments, and from there to Queen's Park to do the same to Queen's and Simcoe monuments, and Sunday evening they will parade at Queen-street entrance of Queen's Park at 6 o'clock and march to St. James' Cathedral for church services. His Excellency the Governor-General will be present at the church parade and inspect the veterans after services. The comrades are requested to wear medals and decorations. The Naval Brigade, Sons of England and Sons of the Empire, under Bugle Major Swift, will play the veterans to church. British veterans newly arrived are invited to attend.

Foul Murder at Chicago. CHICAGO, May 21.—Robert C. P. Holmes, purchasing agent for the Commonwealth Edison Electric Co., in an alley in the downtown district, early today was found dead with the marks of garroting on his neck, and his face black from strangulation. There was also a gaping wound in the skull.

Three Burglars Sentenced. BELLEVILLE, May 21.—Frank Walker, Albert Prince and John H. Kelly, the three young American burglars who were caught in the act of burglarizing Robinson & Thompson's tailor shop in this city about two weeks ago, and pleaded guilty, were this morning sentenced by Magistrate Mason to three years and six months each in Kingston Penitentiary.

FILTRATION PLANS. A Report is Presented to the Board of Control. A special meeting of the city council will be held on Tuesday next to consider the board of control's recommendation that separate bylaws to provide \$2,400,000 for a trunk sewer and \$760,000 for a filtration plant be submitted on June 27. At yesterday's meeting of the board a voluminous report on filtration was presented by Controller Harrison, Dr. Sheard and Assistant City Engineer Fellows. It stated that such a plant would be installed for \$760,000, and would remove about 98 per cent. of the bacteria, Allan Hazen of New York being an authority. The medium used is sand and meshed gravel, the filters themselves being of masonry and brick. The sand must be clean and not too fine and entirely free from clay. The board of control yesterday referred back for more information the property committee's recommendation that a police patrol for life saving purposes be established on Toronto and Hunter Bays, the mayor remarking that the item should have been included in the estimates.

Peremptory list for Tuesday, May 23, at 11 a.m.: 1. Cornwall v. Cornwall. Court of Appeal. The court of appeal has concluded its present sittings and will not sit again until Tuesday, Sept. 15. Priscilla Ratcliffe of Wychwood is asking the court to have Joseph Ratcliffe declared a trustee for her of certain lands on the north side of Aline-avenue. David Ferguson had a son killed on the C.P.R. at Tweed in November last. The action brought against the company to recover damages has now been settled. To recover \$429.34, the alleged balance due on certain goods sold and delivered by Clout Bros. of Toronto to Thomas A. Norris and Thomas D. Lockhart of Galt, a writ of summons has been issued. Holdings in August last shipped two horses from Galt to Toronto. The animals were injured on the way and Pepper sued the company for damages. The suit has now been settled and the action dismissed without costs. Proceedings have been begun by Timothy H. Crowley of Peterboro, against Ralph C. Braund of the same place, to compel specific performance of an alleged agreement whereby Crowley agreed to acquire certain mining claims in Coleman Township and pay the costs of development and expenses in connection therewith. HALL IS OVERCROWDED TO LISTEN TO HOSSACK

Candidate Says He is Willing to Stake His Election on Power Policy Attitude.

The Hossack campaign, if it is productive of nothing else, is serving to bring out in full relief the lack of public halls of adequate dimensions throughout the city.

Simpson's Hall, Yonge-street, was unable to contain the several hundred electors who wished to hear Mr. Hossack last night. Many of them stood throughout two hours of the meeting; others, after a glance within, passed out into the night.

Chairman J. M. Clark, K.C., called upon Ald. Hales as the first speaker. After the alderman had spoken of the need of strong independent men in the legislature, Hugh Blain scored the Whitney government, which, he said, had destroyed the credit of the province to a greater extent than it had ever been previously injured.

J. MacLaurin, a young McMaster graduate, spoke for the people's body. He said that he had been elected to the municipal council and that he was willing to stake his election on power policy attitude.

Mr. Hossack was received with a flood of enthusiasm.

"They tell me that I am attempting the impossible but, perhaps, I'll succeed after all," he ventured, amid applause and cheers.

The speaker's criticism of the government's policy concerning Niagara power was that it wasn't as wholehearted in its support of Hon. Mr. Beck as it should be.

PUBLIC OWNERSHIP THROUGH BUSINESS MEN

Joseph Russell Has Successful Meeting in the East—Against "Bossism."

Joseph Russell's meeting in Dominion Hall, Queen and Sumach-streets, last night was fairly well attended and proved to be entirely in accord with the independent Conservative candidate. H. F. Borwick was chairman.

T. C. Scott said that he had joined the Conservative party in Sir John A. Macdonald's days when "Canada for Canadians" was its policy. Of late years he had found the policy of the ward associations to be "Canada for the party."

Joseph Russell declared that he supported a conservative business model to see them to-day, and get yours.

R. J. Briggs urged that it was essential for the country's welfare that public utilities should be owned by the people. To get this their candidate must be one, not chosen by some gang, but by the people.

Joseph Russell said that his association had been called a party-breaker. They would show that they were party-makers in their own right.

The speaker's criticism of the Conservative ward associations received a shaking up. They had made their policy to keep the young men out of the action of it and had had it.

He was a strong supporter of the Beck power policy. He had perfect confidence in Mr. Beck and in the happy coalition that William Mackenzie occupies. The speaker held in allusion to the editorial of Thursday, charging him with obscuring the power issue, Mr. Hossack said the temperance question was up before that of power, but that he was willing to stake his election solely upon his attitude on power.

The candidate thought his remarks at Wednesday night's meeting concerning compensation for liquor licenses cut off had caused some misapprehension. What he had said and intended to say was that a measure be enacted the question of compensation would arise, but he was not committed one way or another.

Get Race Tickets Down Town. Right at the transfer point of the Yonge and King-streets the O.J.C. have placed entrance tickets for sale in G. W. Muller's cigar store in the name and his agents. Few public men possess greater enthusiasm than Mr. Evans, and in his particular field of attraction to tourists, no man in Canada can out-eloquence him.

Some day, somehow, we predict, the people will demand that the progressive intelligence and sturdy independence of Mr. Evans be given wide scope, when he will be asked to contest the notable riding which he represents in the house of commons.

Premier Whitney has assured Mr. Evans that the whole question of the depletion of the fisheries of the Great Lakes and measures to rectify the same will receive his earnest and immediate attention, and that a practical recognition will be given the asset to the province of fish and game as an attraction to tourists.

Mr. Evans has the earnest consideration of the department and the government.

James Brandon, returning officer for Toronto, has the honor of preparing, and will post to-day, the first proclamation ever issued in Toronto at the instigation of a Conservative government, the Sandfield Macdonald gov-

ernment having been a coalition affair. The proclamation is a large sheet and required an immense amount of work to compile. There are in all 115 polling places, named and consolidated into 95 polling places.

Gamey regards Manitoulin with serenity, and believes that his majority there will be the largest on record. He will spend part of next week in his own riding.

The Socialists at Port Arthur have nominated Leo T. English.

Wm. Anderson, ex-M.L.A. for East Peterboro (Liberal), died yesterday morning at 7 o'clock. He was born in 1837, at Ontario, and as councillor, deputy reeve, reeve and warden he was in all twenty-five years continuous municipal positions. He was returned to the legislature at the general election of 1902, and was re-elected in 1905.

The pretty Town of Mattawa accorded a magnificent welcome to Hon. Frank Cochrane, minister of lands and mines, Wednesday night at an enthusiastic meeting in the interest of Harry Morel, Conservative candidate. Candidate Morel recalled the fact that the late government sold a piece of ground belonging to the town to the C.P.R.

BOARD OF EDUCATION. Question of a Technical School Site Referred Back for Study.

The board of education last night expressed itself in favor of the teachers in the collegiate institutes and technical school presenting a report to the finance committee before its first meeting re the limits in a salary scale that might be considered as establishing a standard during a period of five years, beginning on Jan. 1, 1909, the rate of increase each year from the minimum to maximum salary, and as to how much was allowed for experience acquired elsewhere.

Dr. Hunter made a notice of motion that all tuition and text books in high schools and technical schools be free. The question of a site for the new technical school was referred back to a later date, and a discussion, and Trustees Brown, Martin and Levee were added to the committee to look after it.

Most of the members were in favor of a school as far away as possible from street cars, but Trustee Brown opined that during his trips abroad he had gone rather fully into this phase of the question and did not find it at all adverse to good study. He said that in London and New York heavy trains and drays were passing all the time, and the students didn't seem to mind it in the least.

Dr. Bryan's motion that F. G. Smith of Rose-avenue school be appointed the representative of the board of education on the entrance board of examiners for 1908, in place of W. Bryce, was carried.

RIGHT OF COMMISSION TO ORDER A VIADUCT

Chairman Mabee Asks for Authorities From City—Further Evidence is Taken.

The regular course of evidence on the viaduct enquiry before the railway commission yesterday was interrupted by a brief discussion of the authority of the board to order so extensive work as the viaduct. Justice Mabee asked Corporation Counsel Pullerton upon what sections of the act the city's application was based. Mr. Pullerton quoted sections 27 and 28, as well as certain statements of the late chairman of the commission. Mr. Shepley objected that section 27 related only to railways under construction, and section 28 related only to individual crossings. To this Mr. Pullerton replied that if the board had power to order separation of grades at an individual crossing, it surely had power to fix the grade at a number of crossings when these crossings were in close proximity.

H. L. Drayton, K.C., pointed out that the railways in asking the commission to approve the plans for the new station were asking the board to order the raising of the Union Station tracks six feet. At the same time, he argued, had power to raise the level of the tracks six feet for the convenience of the railways, it must have power to order them to be raised 15 feet for the convenience of the public.

H. H. Dewar, K.C., for the Property Owners' Association, asked that the railways produce their alternative scheme of bridges.

Viaduct vs. Bridges.
W. F. Tye, expert witness, produced evidence in regard to the city's plan. The railways estimate for the bridges, he pointed out, allowed for a clearance of only 18 feet, while the law required 22-1/2 feet, which would increase the cost to \$1,246,000, while bridges at all the streets left open by the viaduct would cost \$2,370,446, or within \$200,000 of the cost of the viaduct, exclusive of land damages.

To secure a proper grade in the York-street subway, front-street would have to be lowered two feet at that point and graded in that way. Mr. Shepley asked if he did not think that those along the waterfront should concede something to the railways, to which Mr. Tye replied that he considered it a question of using the less expensive plan of settling the whole question. Mr. Tye agreed that the railways had vested interests along the waterfront, but suggested that the city was in a similar position. The bridge scheme, he also admitted, would allow of each crossing being dealt with separately, while the viaduct would necessitate the whole work being done at once. Mr. Blackstock raised the difficulty of getting sleighs thru the subways in winter time, a difficulty that Mr. Tye could not surmount off-hand.

Upon Mr. Drayton's request, Mr. MacMurphy, for the C. P. R., undertook to furnish particulars of the freight traffic along the R. yards.

A Viaduct Builder.
T. H. Cartledge of Chicago, who has charge of the bridge work and track elevation on the Chicago, Burlington and Quincy Ry., told of the track elevation now being done by his railway in Chicago. About five miles of track had been elevated. Piling had been used in most cases as the foundation had proved unsatisfactory. The average depth of the piles was 30 feet and the longest 46 feet. He knew of piling which had been down for 15 years without any sign of decay. The sand used in filling had been 45 feet deep and put under the track at a cost of 37 cents a cubic yard, of which 14 cents was for haulage.

Where the tracks were elevated the industrial spurs, were carried on the high level and run down to the ground level where actually necessary. A roadway was provided beside the unloading tracks, the approaches to which were on a four per cent. grade. The work had been done by abandoning two tracks at a time and had slightly inconvenienced the passenger traffic. They had started out to use steel and had found concrete to be cheaper.

SENATOR JAFFRAY QUILTS RESENTS TERM 'HIRELING'

He and Premier Whitney Enter into a Lively Personal Correspondence Concerning Conduct.

Senator Robert Jaffray objects to be called a "hireling," even in joke by a premier, and has resented the affront by refusing to play any more in the Queen Victoria Park.

Premier Whitney received Senator Jaffray's resignation, written on the 14th inst., and replied to on the 18th, stating that the government had no complaint to make of any of the actions of the park board in the last three years. He accepts the resignation and continues:

"As to your complaint of the word 'hireling,' it is almost too much to believe that a man full of years and experience like yourself should take umbrage at an expression which everybody who heard it understood to be a joke, and treated as such. Here I withdraw it.

"Perhaps I may be permitted to say in addition that when one considers that the newspaper of which you are the business head has been engaged for the last month, to go back no further, in vilifying and traducing, as far as careful attention to the laws of libel will apparently allow you, to go, men who are at least your peers, and who are also at least as good as your equals in every quality which goes to make up good citizens and good men, one cannot but feel surprised to find you the wearer of so mean a skin as a 'hireling'.

"The government appreciates your services on the park board, but at the same time we hope and believe, the work of the board will still go on."

Senator Jaffray replied on the 20th to this in a wounded spirit:

"To your excuse for the use of the term 'hireling' I reply that it was a sorry joke, and, let me say, quite unworthy of one occupying your position. You say it was regarded as a joke by your Hamilton audience. This was not so, nor was it so considered even by some of your own colleagues. Further, it was regarded as an evidence of that temper and want of courtesy which you too often exhibit in parliament and out of it."

J. A. Macdonald of The Globe, who is on the university board with several other Liberals, and Chairman Langmuir of the park committee, have not resigned, and are unlikely, it is said, to follow Senator Jaffray's example.

9 YEARS BAD LEG HEALED BY ZAM-BUK

Mr. C. Johnson of Poplar Hill Creek, Athabasca Landing, Alta., says: "About nine years ago a running sore commenced on my right leg caused by a ruptured blood vessel. As time went on it got worse and my sufferings were intense. I had a very sore leg indeed. When I was almost in despair I heard of Zam-Buk and commenced using it. Other sores I had used caused me much suffering, but Zam-Buk soothed the pain, and altho I appeared for some time to be doing no good yet I persevered and as soon as the wound became clean, it was only a matter of three or four days before it was healed."

Zam-Buk cures cuts, burns, pimples, ulcers, ringworm, itch, piles, running sores, blood poison, and all skin diseases. All stores and druggists, 50c box, or from Zam-Buk Co., Toronto.

GOVERNMENT WILL ACT RE TILLSONBURG FIRE

Investigation to Be Held—License Inspectors Have Strict Orders as to Safeguards.

An investigation of the Tillsonburg hotel catastrophe will be held by the government. The chief license inspector, Eudo Saunders, may act as commissioner in the case. In the absence of Hon. W. J. Hanna, to whose department the matter belongs, nothing more definite could be elicited yesterday.

On Feb. 25 last a special circular pointing out the law was sent out to all provincial license inspectors, and William M. Bell, Springfield, inspector in the district of South Oxford, in which Tillsonburg is situated, must have been aware of his responsibility in the matter, as it devolved upon him to see the law observed. This will appear upon enquiry. The act provides: "That every owner, lessee, or proprietor of an hotel exceeding two storeys in height, shall erect or cause to be erected, at least one permanent outside stairway or ladder, from the landings or floors, landing or floor above the first storey of such hotel, and extending to at least said first storey. The keeper of every hotel shall, where the same is more than two storeys in height, provide and keep in each of the sleeping apartments or bedrooms which are situated above the ground floor, a fire escape for the use of guests occupying the same. Such fire escapes shall be sufficient within the meaning of this act if it consists of a rope not less than three-quarters of an inch in thickness, and of sufficient length to reach from the room or apartment in which it is kept to the ground below. The keeper of every hotel shall, in addition to the notices which he is now required by law to keep posted up in each of his sleeping apartments or bedrooms, also keep posted up therein a notice calling attention to the said fire escapes, and containing full directions for the use of the same, as well as a description of the outside stairway and the situation and means of egress to the same. It shall be the duty of the inspector for the license district in which the hotel is situated to take all necessary proceedings to compel the enforcement of this act."

A fine of \$20 to \$500 is imposed with alternatives of three months' imprisonment for neglect.

The general question of the advisability of permitting large numbers of hotel guests to sleep in the tinder boxes of many frame-built inns consists will probably be raised, besides the necessity of a night watchman.

According to James Sargent, secretary of the Commercial Travellers' Association, there are a good many hotels in Ontario not adequately equipped for fires.

"A few years ago," said E. Fielding, treasurer of the association, "when you went into your room in a provincial hotel, the first thing you saw was a coil of rope right under the window. But you can find these safety ropes in very few hotels in Ontario nowadays."

In 30 years Mr. Bernard was the only member of the Commercial Travellers' Association to meet death at a fire. Two have been killed in railway accidents, and two in a steamship disaster on Georgian Bay, 22 years ago.

INJURED IMPROVING.

Miss Mero's Condition, However, is Still Serious—Need for Enquiry.

TILLSONBURG, May 21.—(Special.)—Mrs. John Mero, injured in the fire at the Queen's Hotel yesterday, is improving rapidly, and her ultimate recovery is now a certainty. Miss Mero is not doing so well, symptoms of a serious injury of the spine having developed and paralysis is feared. Miss Lucie Dunbar's condition is still very critical, but the physicians have detected favorable symptoms and think she will pull through.

While there has been considerable discussion on the street relative to the desirability of having an enquiry into the cause of the fire, no enquiry prepared to take the responsibility of taking the necessary steps, and as the coroner does not care to take the initiative in the matter probably no enquiry will be held unless the government acts.

The proprietor of the hotel thinks that the fire started in the cellar or the first flat, while the woman who was first awakened by the smoke and raised the alarm thinking it started in the bedroom occupied by Wheatley, the unfortunate man who was burned in his bed.

The public is also commenting upon the inadequacy of the means of escape from the building in case of fire. There was but one iron fire escape on the building, situated on the south side and which could be reached from only three or four of the rooms, and more rooms in the house. It proved of no value to the many guests whose lives were endangered by the fire yesterday morning.

There is a difference of opinion as to whether there were ropes in the bedrooms or not. Some of the commercial men say emphatically that there were no ropes in their rooms, but a license commissioner said that the ropes were there when the house was inspected. There would not have been any lives lost probably nor anyone seriously injured if there had been iron ladders on the balconies so that those who sought to escape by that way could have reached the ground without jumping.

The fact that there were so few fire escapes on the building calls for an investigation by the license department, which should do all in its power to protect the lives of the people who must perform stop in hotels.

A Woman's Grief.
NEW YORK, May 21.—Because her husband, whom she married nearly 20 years ago, had accused her of unfaithfulness, Mrs. Mary Weltman killed herself to-day, after writing a letter to her children, in which she said that the accusation against her was baseless.

There are three children in the Weltman family, the eldest a boy of 19 years, and the youngest a girl of 10. When the little girl came home from school to-day she found her mother dead, sitting in the kitchen, which was filled with gas. The dead woman held a crucifix and prayer book in her stiffened hand. On a table by her side was the letter, addressed: "My Dear Children."

The larger, deeper note in sartorial art is given in Semi-ready Clothes. We take fine fabrics, selected in British Mills, imported in exclusive patterns, and impart to each garment that simplicity and sincerity which meets good taste. Our garments appeal to gentlemen.

Semi-ready Frock and Morning Coats are special examples of high-class Tailoring.

This season we show a charming two-button Sack, with rolling collar, which is smart and distinctive, and still not "swagger" nor of "ready-made" commonness. In \$18 and \$20 values.

ELIZABETH'S BEAR GARDEN.

Fresh From the Mercer She Shook Excitement in the Ward.

Elizabeth Bourdeaux, who was released at 9 o'clock yesterday morning from the Mercer Reformatory after a six months' term, spent the day loafing up on gin.

At 3.30 she entered the store of David Caplin, Jewish butcher, Agnes-street, and began a vigorous diatribe. One of the female members of the Caplin family strove to throw cold water upon her from a jug, whereupon she attacked David. His collar was torn from his moorings, and his valuable gold watch wrecked upon the floor.

A courier was despatched to the Agnes-street police station, and Constables Townsend (116) and Brown

A Laxative that is as Harmless as Food

If you eat plenty of fruit, coarse food and green vegetables, the bowels would never need help.

But when you eat fine food, and rich food, you must supply the laxative in some other way.

Do it in Nature's way.

Don't employ salts or pill cathartics, for they irritate and injure the stomach and bowels. Nearly all dyspepsia—all constipation is caused by the use of harsh physic.

Cascarets—a vegetable laxative—have precisely the same effect as a laxative food.

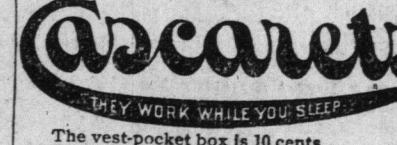

You know they don't harm you because they don't gripe.

They do for the bowels just what right living would do. And they do it as gently and naturally.

You can take them any hour of the day. And that is the proper method. Carry them with you. Take one just as soon as you need it.

That is the way to keep well at all times, without the ill effects of a physic.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C. on every tablet. The box is marked like this:

CATHOLICISM IN AMERICA.

Cardinal Logue Surprised at Strength of the Church Here.

NEW YORK, May 21.—Cardinal Logue, the primate of Ireland, who came to America to take part in the Catholic centenary in this city, granted an interview to-day, in which he said: "The wonderful strength and power of the Catholic Church in this country was a most agreeable and pleasant surprise to me. Its progress here has been remarkable and it is destined in the future to be a storehouse for the Catholicism of all the world and a preventive against the attacks of those who have no faith or who are in danger of being led astray by the so-called modernism and materialism. Religion, I believe, is fostered under a Republican form of government as under any other."

WRIGHT TO McPHERSON REVIVES GAMEY CASE

Challenge to Joint Appearance on Public Platform to Thresh the Matter Out

A. W. Wright had quite a lively, and even sensational, meeting at Northcote Hall last night. Some four score were present. G. Duthie presided, and W. F. Maclean talked of Senator Jeffrey's resignation, but the feature of the evening was Mr. Wright's imperative challenge to W. D. McPherson, K.C., his rival Conservative candidate in riding.

When he got Mr. McPherson on the platform he intended to make a statement which would make it the duty of every Conservative in the riding to vote against him, declared Mr. Wright. He would ask him some questions about the Gamey case for instance, (applause). He did not wish to speak behind Mr. McPherson's back, and he wished to meet him on the platform. He desired Mr. McPherson's friends to acquaint him with this intention, for if he could not meet him on the platform he would make these charges anyway. He had that day received authority from Mr. Gamey to act in this matter and he intended to do so.

He wished to have it plainly understood that he would ask certain questions and insist upon answers to them relating to the Gamey case and certain other matters. He was not going to mince matters. He would not allow Mr. McPherson to go around in West Toronto and claim that he was a Conservative par excellence and that Mr. Wright was something else. Mr. McPherson would be shown as clean a record as Mr. Wright, and the man did not live who could say that Mr. Wright every day did a dishonest act. He added that he would fortify his statements regarding Mr. McPherson by statements from Mr. Gamey, which would be made public.

One of the Old Guard.

Mr. Wright then proceeded with his speech on the views with which he has been identified.

Public ownership was the principal plank in his platform. He had a right to bring that question into the Conservative party, just as in 1875 he and five others brought up the national policy. James Goldie was the first national policy candidate in Canada and Mr. Wright was the first public ownership candidate. He had spoken his times on the national policy, and Sir John A. Macdonald told him in the presence of Sir Leonard Tilley that Mr. Wright had done more than any other man to help him carry the policy. That was one reason why he had a right to introduce a new policy to the party.

W. F. Maclean, M.P., found great pleasure in saying a word in favor of Mr. Wright, an old friend of 30 years standing. One of the men he had met in all that time he would rather support. Alex. Wright had always been on the right side of public questions, and the friend of the working man. He had the best record of any man he knew on the national policy, for which he worked indefatigably when the cause was not a popular one. He was instrumental in the origination of the electric power policy and he drafted the original resolution submitted to the legislature by Mr. Maclean.

The Senator's Resignation.

Mr. Maclean declared that Senator Jeffrey had resigned from the Queen Victoria Park Commission, not because he was affronted by the Conservative, but because he knew he could no longer do anything to stop the Niagara power policy. He knew the power contract was larger and the tenders were called for to build the transmission line, and this was the real cause of his resignation. Mr. Maclean enlarged on the advantages of cheap power in Ontario, which it had been the object of the Liberal party to hand over to the Conservatives. He appealed for votes for Mr. Wright on account of his attitude to the power policy. Mr. Whitney would be benefited by the resignation of Mr. Wright, as he would not be by the election of Mr. McPherson, who had been an ally of the Conservatives.

Harvey Hall, the labor delegate, also spoke. He had proclaimed himself through West Toronto, West of the city, as a Conservative, as a supporter of Mr. Wright. Mr. Wright had always taken the part of the underdog, or the wronged man. The legislation the speaker had obtained at Ottawa was due to his having been independent of party. He would publicly thank Mr. Wright for the interest he had taken in the Esplanade railway bridge question on behalf of the railway men.

Mr. Wright will hold a meeting to-night in Brockton Hall, and to-morrow evening in the Orange Hall, Euclid-avenue.

H. C. Tomlin has withdrawn from his independent Conservative candidature in West Toronto in a letter received by the West Toronto Conservative Association executive. Mr. Tomlin recognizes the inadvisability of having three Conservative candidates in the field, and has withdrawn in the best interests of the party.

The West Toronto Association will hold an open meeting at once, and endorse one or other of the candidates. It is fully anticipated that A. W. Wright will be the one.

Pretended They Were Burglars.

Laura Wheble, a domestic, in court yesterday, pleaded guilty to theft from her employer, at 181 Cottingham-street, and was sent to jail for 49 days. She had mugged up her room and tried to blame the theft on burglars. Norman Fraser, a young man, she accused of inciting her. He denied it and was remanded a week.

At St. Luke's.

The Rev. A. L. Reed from the Barbadoes, West Toronto, will preach at St. Luke's Church, Sunday morning.
