LYNCH NEGRO WHO KILLED TWO MEN AT POLL

Perry, Refused Vote as Tax Not Paid, Opened Fire on White Men.

Orlando, Fla., Nov. 3.—A negro named Perry who shot and killed two men at Ocoee after he had been refused a vote, was lynched early today outside the corporate limits of Ocoee. He was hanged to a tree and his body riddled with bullets.

BUILT FAKE PARIS TO SAVE REAL ONE

Sensational Disclosure of Plans to Prevent German Air Raids by Night.

Paris, Nov. 3.—A sensation has been caused by the revelation of the secret plans of a "fake Paris" built about fifteen miles outside the city limits to attract German Gothas during their night raids, thus preserving the real Paris from their bombs.

By means of thousands of wooden huts, miles of canvas and a series of remarkable light effects, fictitious railroad stations, trains and factory sites were created which imitated to perfection the real ones.

The Eastern Railroad Station, for instance, was constructed at about ten miles north of the city, with its buildings, moving train signals, and a factory near by apparently going at full blast.

To stimulate a station, wooden frameworks covered by transparent canvas. Lit from below the effect was that of hazy vaulted domes like the real railroad stations. When the Gothas were signalled the lights were lowered sufficiently to make it seem that an attempt was made to hide the station in darkness.

For more than two miles beyond the fictitious station were fictitious trains composed of a series of wooden panels, the size of the usual railroad cars, placed flatly on the ground. To both sides of the panels ran a border of light which from above, seemed like the reflection from lighted windows. A special electrical arrangement made it appear, at times as if the trains were moving.

Minute plans had been made to transport a false "heart of Paris" the Saint Germain forest, some fifteen miles away, while about twelve miles to the west a high factory town was to have been simulated. The armistice, however, prevented the carrying out of these plans, and Mr. Jacquelin, the inventor of the ingenious "town camouflaging system" is now looking for another way with other air raids to be able to perfect his ideas.

HERE IT IS AGAIN

Renewed Report of Unlikely Visit of Lloyd George to Canada.

London, Nov. 3.—(Canadian Associated Press)—There has been no confirmation of a report that Premier Lloyd George would visit Canada soon. The Canadian Associated Press is informed that, while the premier would certainly appreciate an opportunity of making the visit, it is obviously impossible in the present state of affairs to make a definite arrangement or promise for the future.

SUGAR CUT BY DOMINION CO. CENT A POUND

Toronto, Nov. 3.—The price of sugar has been cut another cent in this city as a result of the Dominion Sugar Company's announcement that its price has been reduced from \$18.50 a hundred pounds to \$17.50. The new price in Toronto will be \$17.1 a hundred pounds, 21 cents being added to the \$14.50 for freight from Montreal.

TORONTO EGGS 78 CENTS TO \$1.25

Toronto, Nov. 3.—Eggs labelled "strictly fresh" ranged in price in Toronto yesterday from seventy-eight cents a dozen to \$1.25. In the majority of cases between eighty cents and \$1.00 a dozen was asked.

BULL FROGS DECLARE WINTER WILL BE MILD

New York, Nov. 3.—It's going to be a mild winter. The bull frogs say so, according to Peter Zellus, of Staten Island.

At Least 329 Votes in Electoral College For Senator Harding

He Needed Only 266—Cox Given 127—Democrats Defeated Also in Race for House and Senate and for Governorships—President's Chair is Birthday Gift for Harding.

New York, Nov. 3.—One of the most sweeping Republican victories in party history today stood recorded for Senator Warren G. Harding for president and for a Republican congress. Tremendous and unparalleled Republican pluralities, beginning with the first count of ballots in yesterday's election, continued mounting today.

Defeat in their fight both for the presidency and congress was conceded early by Democratic national leaders on the basis of the crushing Republican vote, despite the absence, even early today, of final official figures. With the presidency and congress went Democratic losses Democrats of governors, state legislatures and other state and local candidates. The break even threatened to extend into the border states hitherto "solid south," with Republican gains in some southern states larger than any since the civil war.

329 Votes in. Senator Harding's victory, in what Governor Cox for Ohio, his Democratic opponent, and other Democratic leaders and many prominent Republicans held as the "solemn referendum" upon the League of Nations, was impressive. In the absence of final figures the swelling tide of huge pluralities early today gave him assurance of 329 votes in the electoral college as against 127 for Governor Cox, with seventy-five doubtful inclusive of states where the Republican tide was running strong. The unofficial suits presaged a larger majority in the electoral college for the senator and his running mate, Governor Coolidge, of Massachusetts than any since President Wilson in 1912, during the Republican "split."

The Republican congressional showing was strong, increased majorities in both senate and house being marked up early today victory for virtually all fifteen Republican senators up for re-election. About half dozen of the nineteen Democratic candidates were battling against Republican leads.

The first trial of woman suffrage continues largely to the republican majorities, and also was a factor in delaying the count in many states. The millions of women's ballots also swelled the popular vote beyond all records. Senator Harding accepted his victory without exultation, saying that he was more given to prayer to God to make the people capable of playing his part. Governor Coolidge, the next vice-presidential pick, sent a message, stating: "We've got a real job and we'll tackle it together."

Senator Harding also received his defeat without untoward showing. He left his office at Dayton until almost after midnight and seeing his newspaper issue an early edition recording his defeat.

The Other Parties. None of the minor parties, the Socialist, Farmer-Labor nor prohibition league in the presidential result. Socialist headquarters at Chicago claimed an increased vote and the party re-elected three New York Socialist assemblymen who had been expelled. The first woman Socialist ever elected to the New York assembly in Marion Laing. Eugene Debs, Socialist presidential candidate, received the returns in Atlanta penitentiary.

The Farmer-Labor candidate, Parley P. Christensen, of Salt Lake City, had not been located at an early hour today. Senator Harding received receipt of the balloting on his 33rd birthday.

Boston, Nov. 3.—Governor Coolidge received returns from the election last night with friends at the Hotel Touraine. Early in the evening he issued a statement thanking the voters for their support.

Winnipeg, Nov. 3.—Asked by the Canadian Press for an opinion on the election in the United States presidential campaign, Hon. W. L. Mackenzie King said: "I am of the opinion that the decision rendered by the voters of the United States is a matter of purely domestic policy. I do not feel justified in giving any expression on the results of the election."

A resume of the returns so far showed the following situation in the electoral college: Riding 329 Cox 127 Doubtful 76 Total 531

Sisters Voted. Caldwell, N. J., Nov. 3.—Thirty-five sisters of Mount St. Dominick voted in a body in the first precinct of Caldwell. The sisters voted under their given names before joining the order.

Milwaukee, Wis., Nov. 3.—Victor L. Berger, unseated Socialist congressman from the fifth district of Wisconsin, had a lead of 213 votes over William L. Stafford, Republican, with less than half the districts heard from at four o'clock today. The official count may be necessary to decide the result. The vote was: Berger 21,325, Stafford 21,112. Did Not Keep Wilson Awake.

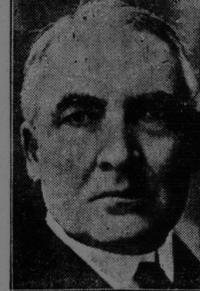

Washington, D. C., Nov. 3.—After receiving the early election returns in his study, President Wilson retired to his bedroom at nine o'clock last night and was asleep half an hour afterwards.

Rear Admiral Grayson, the president's personal physician, spent nearly half an hour with Mr. Wilson after the latter retired, discussing the results of the election. Dr. Grayson said the president showed no indication of nervous strain and that he seemed cheerful. He added that the president had no comment to make on the result of the contest.

Washington, Nov. 3.—Senator Borah of Idaho, one of the irreconcilable opponents of the league of nations covenant, issued a statement last night saying: "I regard the election as a triumph for nationalism and the death of the league of nations."

The Senate. Washington, Nov. 3.—A net Republican gain of "eight and possibly ten,"

THE NEW PRESIDENT.

Senator Harding, Republican, elected President of United States.

Governor Coolidge, Republican, chosen Vice-President of the United States.

Comment on Election.

Halifax Chronicle.—We do not believe that the American people are opposed to the league of nations or the great moral purpose behind it. It was the personal issue of Mr. Wilson, we rather believe, which influenced the vote. The tragedy of it all is that Mr. Wilson spent himself for a great ideal. His health is shattered; he is a broken man. He has been defeated in his effort to secure his countrymen's approval of the policy for which he strove so hard and sacrificed so much. But time will bring him vindication and when the clouds of personal enmity and bitterness are blown away the American people will readily acknowledge his greatness and accord to him the meed of honor and respect he deserves.

Halifax Herald.—In the interests of equity between the English speaking peoples, the Herald is glad that the end of the campaign has been reached. American politics is a tough game, and American politicians fight hard and with any weapon that comes handy. There is no doubt whatever that much of the flab that has been spouted during the last two years about Article X, about British greed and American saintliness and about international matters in general has been spouted with tongue and cheek and an off-eye on the political situation. Now the issue is decided, we look to see the American people regain their perspective promptly, for they are a resilient race.

BUSINESS NOTES OF THE PROVINCE (Special to Times.)

Fredericton, N. B., Nov. 3.—The Capital Garage here has been formally organized under a partnership formed by William E. Vaughan, who has been connected with it since the establishment of the business, and his brother, John Vaughan, who has been connected with the business for upwards of a year. A. B. Kitchen, formerly a partner in the business, sold out his interest some time ago.

The Northern Light, Ltd., with head office in Bathurst, and capital stock of \$24,000, has been incorporated to conduct a printing and publishing business. Those incorporated are Ethel Bert McLean, Claude M. Meserere and Clovis T. Richard, all of Bathurst.

St. Thomas Tait of the Minto Coal Company, who arrived here on Tuesday afternoon, went to Minto by motor yesterday afternoon on business connected with the mines.

FOR REGISTRATION. The examinations for the registration of nurses in the province are being held today and will be continued tomorrow in the Physicians' Club, 4 Wellington row. Twenty-one candidates are writing the papers. The candidates are from all parts of the province with the majority from St. John. Miss Retallick, secretary of the board of examiners, is conducting the examinations and members of the board are: Dr. E. W. W. White, president; Dr. D. C. Vanwart of Fredericton, Miss Branscombe of St. Stephen, and Miss Sanson of Fredericton.

AT THE GIRLS' GUILD. The social activities for the winter at the Catholic Girls' Guild, Gough street were opened last evening, when between thirty and forty of the working girls were entertained. Mrs. David Corkery was convener of the committee, and Miss Frances Reed, secretary. Games were enjoyed, for which prizes were awarded. A successful season at the guild is anticipated.

EFFECT ON THE MARKET WAS DISCOUNTED

The Presidential Election and Money Men and Speculators in Wall Street.

New York, Nov. 3.—(10.30)—Stocks were firm and trading was broad at the opening of today's session but the general tone of the market indicated that financial and speculative interests have discounted the results of the presidential election. The only striking feature was heavy trading in South Pacific. That stock opened with a sale of 25,000 shares at 110 1/2, down by 100 1/2 a maximum gain of 7 1/2 points. This was due to an announcement, made on last Monday, of the company's intention to separate its oil properties from the railroad system with substantial benefits to shareholders. Other leading stocks were higher by fractions to a point and some of the specialties gained 1 to 8 points.

Noon Report. New York, Nov. 3.—Southern Pacific maintained its leadership throughout the morning, holding the greater part of its gain despite heavy selling for profits. Associated Oil, its subsidiary, gained four points and Royal Dutch also was strong, but other oils reacted with shippings, steels, equipments and numerous stocks to six points. Investment rails were steady but the cheaper issues, particularly Southern Railway, Rock Island and Great Southern, were up 1 to 1 1/2 points. Call money opened at 9 per cent, and exchange rates on London and Paris were lower.

VOLUNTEERS IN POLAND TAKE CITY OF MINSK

Threaten Advance on Smolensk, Where Anti-Red Revolt is Reported.

Copenhagen, Nov. 3.—Polish volunteer forces, commanded by General Balakitch, have occupied the City of Minsk, which was reported on October 18, to have been taken over by the Bolsheviks from the Poles, according to newspaper despatches. It is said these troops, which have been reported operating in the rear of the Bolshevik lines for the last two weeks, are seriously threatening Minsk, a city on the Dnieper river, about 200 miles northwest of Moscow, and it is asserted they plan an advance against the soviet capital here, and Ret. Pather Despatches received here declare an anti-Bolshevik revolt has broken out at Minsk.

HELP THE FISHERMEN OF MARGAREE, NOVA SCOTIA. Ottawa, Nov. 3. (Canadian Press)—Recent works undertaken by the Department of Public Works with a view to assisting the Nova Scotia fishing industry have included the removing of a sand bar at the mouth of the harbor of Margaree which made it difficult for fishermen to handle their boats.

MASS IN MONCTON FOR LATE MAYOR OF CORK. Moncton, N. B., Nov. 3.—A requiem mass was celebrated in St. Bernard's church this morning for the repose of the soul of Terrence MacSwiney, lord mayor of Cork, and others. The mass was celebrated by Rev. Edward Savage, assisted by Rev. H. Belliveau of L'Assomption Church here, and Rev. Pather Mallett, curate of St. Bernard's. There was a large attendance.

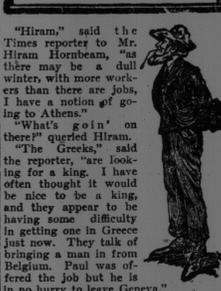

MONTREAL STOCK EXCHANGE. Montreal, Nov. 3.—With the exception of a quarter drop in Braillan, bringing that issue down to 33, absolutely nothing transpired on the local stock exchange during the early trading this morning. Indeed, the only other important issue to appear at all was Laurier's close of 100.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbeam, "as there may be a dull winter, with more workers than there are jobs, I have a notion of going to Athens."

"What's goin' on there?" queried Hiram. "The Greeks," said the reporter, "are looking for a king. I have often thought it would be nice to be a king, and they appear to be having some difficulty in getting one in Greece just now. They talk of bringing a man in from Belgium. Paul was offered the job but he is in a hurry to leave Geneva."

"If them there folks in Athens," said Hiram, "had paid a little more attention to what a man named Paul told 'em night or two thousand year ago they'd be better off today. So would all of us—fer that matter. An' this new Paul aint anxious—hey? Well—he's got good sense. Kings aint got no snap like they used to be. I wouldn't swap with the best of 'em."

"Don't you think," said the reporter, "a crown would become me?" "I can't say it would," said Hiram. "Of course that wouldn't make no difference. Kings aint picked fer their looks. But I wouldn't go to Athens—if I was you. I'd stay right here an' start a shoe-shine shop. It's safer—an' it pays better—yes, sir."

SENT FOUR BULLETS INTO WIFE'S BODY Windsor Core-Maker Then Ended His Own Life With Fifth Shot—Woman May Live.

Windsor, Ont., Nov. 3.—After a day spent in quarreling with his wife, Wilfred E. Fredericks, a core-maker living at 542 Douglas Avenue, killed himself after trying four times unsuccessfully to murder her by shooting Mrs. Fredericks was struck by four bullets from Fredericks 32-calibre revolver, but none reached a vital part, and at Hotel Dieu it is believed she will recover if no complications set in. The shot which ended the husband's life was fired through his mouth, the bullet emerging at the back of his head. The couple's younger children, Roy, 10, and Delmar, 12, were in the house in another room. They heard the shots fired, and when Mrs. Fredericks staggered to the stairway and then dropped unconscious they fled to the street and gave the alarm which brought the police within a few minutes. Mrs. Fredericks was taken to the hospital and then dropped unconscious. They fled to the street and gave the alarm which brought the police within a few minutes. SEA OF MUD FOR ACADIA AND N. B. CONTEST

Fredericton, N. B., Nov. 3.—With Professor Bigelow of Mount Allison University faculty as the referee, the U. N. B. and Acadia football teams will play their rugby game in a sea of mud at College Field this afternoon. An all night rain was followed by a terrific downpour this forenoon.

"We haven't had any rain at Wolfville for forty days," said one of Acadia's board strategists, "and our players have not handled a wet ball this season, so we don't know how they'll make out."

There has been little or no betting on the game. Official announcements were that Saunders would not line up against Acadia, but since then it has been reported he might try it.

SCOTCH IN SAFE Burly Policeman Sat on it in Montreal Cafe Until it Was Opened.

Montreal, Nov. 3.—A spectacle of a 280 pound policeman seated on the safe of one of Montreal's most popular downtown cafes excited considerable comment among the brokers and lawyers who frequent the Hoffman Cafe, in Notre Dame street west, yesterday afternoon, when the place was raided in a search for liquor. None was found. The proprietor refused to open a small safe. The police left one of their number in charge of it while they went in search of instruments to break it open. The constable sat on it to make it doubly sure.

"DOCTORS, BE MORE CHUMMY WITH YOUR PATIENTS"

Not Unethical to Discuss Profession With Laymen, Advice of Dr. Christian.

Chicago, Nov. 3.—Physicians should be more chummy with their patients and not so aloof, Dr. Henry A. Christian, of Cambridge, Mass., told members of the Mississippi Valley Medical Association at its annual meeting in the Hotel Congress.

"The medical man of today thinks it is unethical for him to discuss 'shop' with the layman," said Dr. Christian, "but this is a mistake. The fact that everyone has at some time been ill makes him take an interest in the profession."

"We must revise our ideas in regard to tuberculosis, for it is one of the most curable diseases with which we have to contend," declared Dr. Francis M. Pottinger of Monrovia, Cal.

"Tuberculosis always has struggled against hopelessness," he continued, "owing to a widespread belief that the person attacked by the disease is doomed. We have minimized the curability of the disease on the theory that a certain percentage of patients must die despite any treatment, which others will get well."

"Statistics on this subject are unfair, being largely based on sanatorium records and including many patients who did not remain long enough for a cure. Many stay less than six months, whereas two or three years or longer are often necessary to produce good results."

"The greatest factor in co-operation between doctor and patient and the willingness of the latter to get well, thus bringing about the right psychological conditions."

AIM TO RAISE HALF MILLION IN CANADA

Dominion's Share of \$100,000, 000 Red Cross Fund for Sufferers in Europe.

Montreal, Nov. 3.—In connection with an appeal for \$100,000,000 to be launched throughout the British Empire on Armistice Day through the organization of the Red Cross Society of every unit in the empire, for funds to alleviate the disease and distress of the inhabitants of Europe who are suffering as a result of the war, it was announced yesterday at the Montreal headquarters of the provincial Red Cross Society that the objective for all Canada is \$500,000.

ALL PROVINCES ARE REPRESENTED

General Methodist Board of Evangelism and Social Service. Toronto, Nov. 3.—Every province in the dominion is represented at the annual meeting of the general board of evangelism and social service of the Methodist Church in Canada, which opened here yesterday, with thirty-five delegates in attendance. Rev. Dr. T. Albert Moore, general secretary, in his annual report said that the public was showing increased interest in evangelistic enterprise, and he characterized the evangelistic policy of the Methodist churches "as sane and steady." Reports of field secretaries will be considered in detail today.

SAYS COFFEE AND TEA CHEAPER BEFORE LONG

Toronto, Nov. 3.—A decrease of five cents a pound in the price of coffee before the end of this month and another five cent decrease in the early part of next year were predicted yesterday by R. B. Mayo, wholesale tea and coffee merchant of this city. Mr. Mayo intimated that there would be a decline in the price of tea also in the near future.

SOME FIGURES IN CUBAN ELECTION

Havana, Nov. 3.—Alfredo Zayas, coalition candidate for president, has carried five of the six provinces over José M. Gomez, Liberal, according to the government department of communications. Zayas' lead, based on returns from about a third of the precincts is estimated at 4,000.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, NOVEMBER 3, 1920

STRONGLY URGES BODY TRAINING

General Macdonnell Speaks at Y. M. C. I.

Stands for Compulsory Physical Training in Schools—Dinner of Business Men and Seniors Fine Function.

The opening of the season's activities by the business men's and senior classes of the Y. M. C. I. was marked by a very successful and enthusiastic gathering of the members in the institute last evening.

The assembly hall of the institute was attractively decorated. The ceiling and walls were tastefully draped with bunting and flags and Chinese lanterns were used with pleasing effect.

After a toast to the king had been responded to with musical honors, Mr. Nagle spoke on the object of the meeting, impressing the necessity of the senior men of the institute assuming a share in the responsibilities in the work.

He referred to the assistance given the Y. M. C. I. by the Catholic Girls' Guild saying that the guild had come to be looked upon as the ladies' auxiliary to the institute. He then introduced Brigadier General Macdonnell.

General Macdonnell referred to the value of physical training to the soldiers in France and said that the sooner the boys and girls of the country were given a similar training the better it would be for the country. He said an excellent way to get this training was through institutions such as the Y. M. C. I. He said that the physical and moral influences which attended physical training carried out in the proper way were a great factor in the development of character, endurance, determination, self control, alertness, decision and concentration.

Favor Compulsory Training.

There was no room in the world for weaklings, the general said. It was an uphill fight and it was by physical fitness that "we can jump into the game and enjoy it." There was a proposal that all Canadian lads between the ages of 15 and 25 should get a month's training every year for seven years in camps, institutions or schools but this means taking away the youth from the factories of the country for four weeks every year. This was impossible. His idea was that the time to develop the individual was during the school period. Make it part of the curriculum; make it compulsory and thereby correct physical disabilities and build up the boy or girl. That is the idea of the cadet corps in our schools.

The speaker showed the value of physical training to the soldiers both in the South Africa and the recent war. During the Somme and Passchendaele engagements it would have been impossible for the men to have stood up under the strain of short rations and sleepless nights without their training towards physical fitness. He closed by advising all the boys and young men to take advantage of every opportunity of developing their bodies physically and to induce their friends to do likewise.

Rev. W. M. Duke gave a brief address pointing out the benefit that accrued to boys and young men from membership in the Y. M. C. I. He emphasized the need of leadership as one of the essentials which the institute most requires at present and urged that this be forthcoming. Father Duke's address was an excellent presentation of the claims of the institute upon the support of all, that it might carry on its work in the highest degree of success and make the present year an outstanding one.

Hon. R. J. Ritchie and Ernest Stirling also spoke, after which meetings of the business men and seniors were held and organization for the year commenced. It was the unanimous opinion of those present that this year was likely to be a record one.

GROCERY REPORTS FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:—The feature of the grocery markets is the substantial reductions in sugar and all refineries. The general trade of the markets continues easy with slight reductions manifest on some lines. Dried fruits continue at high figures but re-

tailers are showing little buying interest. Montreal—Reductions in the cost of provisions and groceries feature the market this week. Pork will be reduced in price as a result of the lower cost of hogs. The supply of hogs offered on the market is much improved.

Butter is lower in price but eggs are holding firm at the high prices. The same can be said of lard and shortening which is very firm at the present time. Sugar is reduced in price this week. Corn syrup and corn starches as well as laundry cartridges are all reduced in price as a result of the lower cost of corn. Some of the medium grade teas are lower in price but the better grades are holding firm in price. Rolled oats, oatmeal and rice are reduced in price. The oat market is very weak and quotations vary considerably. Canned tomatoes are reduced seven and one half cents per case. The new nut crop now on the market is quoted a little higher but there are supplies of nuts on the market which are further reduced in price. Cotton twine is twelve cents a pound cheaper on account of the lower cotton market. California oranges are dearer this week.

Toronto—Sugar quotations show substantial reductions. There are still second-hand sugars available at lower prices than retailers' new quotations. Following the bumper corn crops and lower prices on same, corn syrups have been reduced. Starches, both laundry and culinary, are also reduced. Rolled oats

are holding steady although a slight shading in prices is noted in some quarters. A shipment of new layer Snyrna eggs is due to arrive on this market at the end of the week. New seedless raisins are being offered at lower prices to clear up stocks pending the arrival of new crop supplies. Teas and coffees are ruling quiet and unchanged. Shelled almonds and peanuts continue weak and quotations on spot stocks are further reduced. Canned goods are moving slowly, some jobbers continue to offer new pack corn and tomatoes at prices below canners' opening quotations. New pack jams are holding steady under a very limited enquiry. Shipments of potatoes are arriving freely but dealers report a great deal of rot from some districts; it is the general opinion the prices have reached the lowest level. Fancy Ontario apples packed in new barrels are being offered at high figures, the fact that barrels, labor and freight are much higher this year is the reason for the high prices to the trade. Valencia oranges are nearing the end of the season and quotations are higher. Flour and millfeeds are unchanged. One brand of maple syrup is reduced. One brand of yeast, lye and baking powder are quoted higher.

The run of cattle at the Union Stock yards was heavy during the week with trading rather slow. Choice cattle are holding at firm figures but the poorer grades are inclined to be easier. Live hogs are in an easy market, with quotations reduced. Receipts of fresh eggs continue to decline, and indications point to higher prices for the best grades and a firm market for the other grades. Buttermilk continues weak with quotations again reduced. The cheese market is quiet with quotations a shade lower.

Winnipeg—There have been practically very few changes in the grocery markets this week. Both wholesalers and retailers are booking orders to fill their immediate requirements. The Dominion Sugar refinery have lowered their price on granulated sugar. Corn syrup and starch are expected to be lower, due to the immense corn crop in the United States. The tea and coffee market remains unchanged while spices remain steady. New canned goods are arriving and advices from Canadian packers state that they have packed only sufficient goods to take care of orders on hand. The dried fruit market remains unchanged and new California

seedless raisins are now in the market. The peanut market is reported declining. Flour advanced thirty cents per barrel during the week. Fruit and vegetables remain in good demand and prices remain steady.

AT QUEEN SQUARE The Mac Edwards Players' performance last night of "Just Micky" was enjoyed by another large audience. They will show it again this afternoon and evening together with vaudeville and their Jazz Orchestra. Seats now on sale at Box Office.

At a meeting of the Natural History Society last night the newly elected president, R. B. Emerson, presided, and the recent donations to the society were described by Dr. George Matthews, A. Gordon Leavitt and William McIntosh. Mrs. E. R. Rankin, Miss Adelaide T. Fitch and Miss Christine Mathew, were elected new members.

"In the Midst of Life" Not long since a prominent young business man was granted \$5,000 insurance in The Imperial Life. He passed the rigid medical examination required, and so expected to enjoy many years of good health. A few days later he was drowned, and in less than a month from the day his insurance was issued his father had been paid the proceeds. Perhaps you expect to live for many years—and you may. But suppose you die next week. Will your widow then have to face a life of drudgery? Or, will you, while you still have the opportunity, provide for her an income as long as she lives? Write today for free information as to how this can be done. THE IMPERIAL LIFE Assurance Company of Canada HEAD OFFICE - TORONTO

Better Homes Furnished Mean greater happiness. Beautiful furniture brings an atmosphere of cheerfulness and brightness into every room. If your home is poorly furnished you may not notice it, but other people—neighbors and callers—have noticed the old shabby furnishings, and have perhaps drawn wrong conclusions. They have thought the owners couldn't afford anything better. No one wants such wrong impressions carried away from his or her home. Let us show you our large stock of fashionable furniture in the latest styles. AMLAND BROS., LTD. 19 Waterloo Street

Sale of English Wool Travelling Rugs at M. R. A., Ltd., on Thursday.

Motorists will find this sale of special interest. Just at this time of year, with weather growing gradually colder, every car should be well equipped with such rugs as these. They are made of heavy, good looking reversible plaids, full sized and will give much comfort. For carriages, travelling, or many uses around the home such rugs as these are always useful and necessary. Two big sale prices for Thursday, \$6.99 and \$12.99. Do not miss this chance of a good bargain in a good rug. Sale will be in men's furnishings section, ground floor.

DAUGHTERS OF ISRAEL.
 The dance held recently by the Daughters of Israel was reported to have been a splendid success. The conveners presented their accounts of the dance at the regular meeting held last night in the St. M. H. A. hall with Mrs. Joseph Goldman, the president, in the chair. The usual routine business was dealt with and the society's philanthropic work noted. Plans were made for holding a rummage sale so soon as arrangements for securing a hall could be completed. Mrs. L. Isaacs was appointed convenor of the sale. Three delegates were chosen to represent the society on the St. John branch of the Canadian council for immigration of women for household service. They were Mrs. A. Poyas, Mrs. B. L. Amdur and Miss Annie Boyaner.

WANTS CENSORSHIP OF MOVIES INVESTIGATED.
 Toronto, Nov. 3.—An investigation of the censorship of moving pictures was urged by a member of the Toronto presidency at a meeting yesterday, and the question was referred to the committee of social service, who will confer with the general board of the Presbyterian church thereon. It was contended that motion pictures had a dangerous influence upon children.

A REPUBLICAN VICTORY.

The Republican party is once more in control of federal affairs in the United States. The victory is complete. President-elect Harding will have a sympathetic congress at his back, and Republican policies will be carried out for the next four years.

What will be the attitude of the new administration toward the League of Nations? Senator Borah asserted last night that the Republican victory meant "the death of the League of Nations."

The proposal of the Democratic candidate to meddle with the affairs of the British Empire by taking the Irish question before the League of Nations is evidently did not strengthen his cause.

THE RETIRING PRESIDENT. There is a deal of human interest in some pictures of President Wilson, drawn by Mrs. Joseph P. Tumulty, who has been for ten years his private secretary.

When word came, back in 1913, that a German vessel, laden with munitions, was on its way to Mexico, President Wilson was in telephone communication with Secretaries Bryan and Daniels.

tragedy of it all. His voice responded, no longer clear but muffled, as when one chokes back a sob.

"I cannot get it off my heart. It had to be done. It was right. Nothing else was possible, but I cannot forget that it was I who had to order those young men to their deaths."

"His answer was a curt refusal to comply with the suggestion. One undertook to argue with him, saying, 'You will show all proper respect by appearing in the reviewing stand.'

"Two pictures are in my mind. First, the House of Representatives crowded from floor to gallery with expectant faces. Presently it is announced that the president of the United States will address Congress.

"The other picture is only three and a half years later. There is a parade of veterans of the great war. They are to be reviewed by the president on the east terrace of the White House.

Of the timber steals in Ontario for years past the Toronto Globe says—"While there has been a great destruction of forest wealth through fires and lumbering operations, timber values have increased enormously in late years.

That mother's allowance pay from the purely economic standpoint is shown by the following despatch from Chicago—"Judge Victor P. Arnold, of the Juvenile court, in a report on the preparation of the mothers' pension, stated that 1,067 families with a total of 3,396 children cost Cook county \$435,000 a year.

The thief who perjured the preacher's fur coat during a religious meeting in London, Ont., evidently desired to be warned here, as well as hereafter.

LACK OF WORRY

There's nothing I can worry over in all my daily round, and so my heart is sad and sore, and briny tears abound. The larder's stocked with luscious pies, the cellar's full of spuds, and every morning, when I rise, I have a change of duds.

Dominoe Happenings of Other Days

THE LION CITY.

Rising at the side of the city of Vancouver are two mountain peaks; the residents call them "The Lions" and as a result the city has come to be known as the "Lion guarded."

"When the festivities were at their height he approached the maidens and proposed a plan by which it would be accomplished. They agreed to his proposal and lo—they changed into two mountain peaks, with the pledge that these people over which they shall look shall forever be protected.

AT HUSKING TIME.

At husking time the tassel fades To brown above the yellow blades, Whose rustling sheath enswathes the corn.

Among the merry lads and maids The creaking ox-cart slowly wades 'Til 'twixt stalks and stubble, sacked and torn.

The prying bill crow persuades The flock to leave their thieving raids; The sly raccoon with craft inborn His portion steals; from plenty's horns His pouch the saucy chipmunk lades.

IN LIGHTER VEIN.

In One Case. Miss Powderly—Women are more forgiving than men. Mr. Smart—I'll admit that they make up often.—Boston Transcript.

At Last. "I am sorry to tell you," said the doctor, looking down at the man in bed, "that there is no doubt you are suffering from smallpox."

The patient turned on his pillow and looked up at his wife. "I don't know," he said in a faint voice, "if any of my creditors call, tell them that at last I am in a position to give them something."—Drug Trade Weekly.

The Reason. Jack's Mamma: "There were three slices of cake in the cupboard, Jack, and now there are only two. How does that happen?" Jack: "It was so dark in there, mamma, that I didn't see the others."

A Staunch Friend. Old Gent (proposing health of happy pair at the wedding breakfast): "And as for the bridegroom, I can speak with still more confidence of him, for I was present at his christening. I was present at the banquet given in honor of his coming of age, I am present here today, and I trust I may be spared to be present at his funeral."

Did He See the Point? A fop, whose conversation was devoted entirely to himself and his clothes, had been boring people with his talk for a long time, and at last he remarked that he always slept in his gloves, as that kept his hands soft.

How Smith Was Beaten. Jones: "I can make you say 'black'." Smith: "I wager you half a crown you cannot!" "Done!" (Raising his eyes.) "What's the color of the sky?" "Blue."

"What's the color of that golfer's coat?" "Red." "What's the color of that lump of coal?" "I don't know."

"Well, then, what's the color of the Union Jack?" "Red—white—and—blue." "There! I said I'd make you say 'blue'!" "No, no, Jones, you said 'black'!" "Half-a-crown, please!"

In These Days. Mrs. Goodbody—I am soliciting for the poor. What do you do with your cast-off clothing? Mr. Longuffer—I hang them up carefully and put on my pajamas. Then I resume them in the morning.—Detroit News.

NEW PROGRAMME HIT AT OPERA HOUSE

Participants Enthusiastically Received—Has a Good Line of Comedy, Sensational Cycling Offering, and Tuneful Musical Renditions.

If hearty laughter and prolonged applause are indications of appreciation, the new programme in the Opera House is making a big hit with patrons. At all three performances yesterday the seating capacity of the house was taxed and the participants of the various vaudeville offerings were enthusiastically received.

Following the picture, Billy Aloha and Gilda entertained the audience with Hawaiian selections. Their renditions were tuneful and they were accorded well merited applause. Their native dance at the close of their offering was quite unusual and seemed to strike the fancy of the audience.

Marie Sparrow followed and from the time she appeared on the stage she kept the audience convulsed with laughter. She is an exceptionally clever entertainer and has a decided hit.

Fennell and Tyson won appreciative applause in "Odd Bits of Originalities." They have an act entirely different from the usual run and it was well received. Furman and Nash were favorites with music lovers. Their singing was a real treat and they were forced to respond to repeated encores. Each possesses a good singing voice and their numbers were well chosen.

McLain and Clegg brought this popular bill to a close with some of the best cycling feats ever performed on a local stage. The lady, by her clever exhibition, held the attention of all while her partner provided fun and also gave a thrilling demonstration of trick riding. The programme made a big hit and attracted capacity houses again to-night and on Thursday.

AND HE PAID IT, TOO, ON THE NAIL

Gift of 20,000 Pounds for Restoring French Natural History Museum. Paris, Nov. 3.—(By Canadian Press)—Sir Basil Zaharoff, bankers, has presented the French Natural History Museum 20,000 pounds for the much-needed restoration of the building.

A Greek by birth and a Frenchman by naturalization, who received a British passport for war services, was straggling through the museum recently, when he said to an attendant, "The place wants repairing. 'Til give you 20,000 pounds for these rooms to be rebuilt."

The attendant thought he had a madman to deal with, and sent for Professor Manning, the curator. Sir Basil pulled out his check book and leaning on a show case wrote a check for 20,000 francs. He then hurried away, leaving the attendant with the slip of paper in his hand.

News Notes About Prominent Baptists

(Maritime Baptist.) Last week was rally week in the Nic-taux church. Pastor Swetland had the help of neighboring pastors and others. On Sunday Dr. Simson Spidle was on the programme.

On October 16, Dr. John Clifford, the grand old man of British Baptists, celebrated his eighty-fourth birthday. He is now feeling physically fit and is willing to take up pastoral work again. His last pastorate was at Cambridge, N. B.

A letter from Mrs. Clay brings the intelligence that Rev. F. M. Clay was successfully operated on at the Hillcrest Hospital, Pittsburg, Mass., on October 27. He is being cared for by his daughter, who is a graduate nurse. Mrs. Clay is also with him.

A Real Authority. Little Nelly told little Anita what she terms "only a little fib." Anita—A fib is the same as a story, and a story is the same as a lie. Nelly—No, it's not. Anita—Yes, it is, because my father said so, and my father is a professor at the university. Nelly—I don't care if he is. My father is an editor and he knows more about lying than your father—Blighty!

HALLOWEEN SUPPER.

The Young Ladies Club of the First Presbyterian church, West St. John, held a very successful Halloween supper in the schoolroom of the church last evening and raised a substantial sum of money for the club funds which are devoted to church work. Miss Ida Belyea, the president of the club, and all the members were active in making the supper a very pleasant social event as well as a financial success. The room was gayly decorated in Halloween colors and several contingents of patrons were served at the tables.

RECENT DEATHS

The death of Janet Watts, wife of S. R. Maxwell, occurred at her home, 26 Cedar street, on November 2. Mrs. Maxwell, who was of Loyalist descent, was the daughter of Allan Ramsay Watts and his wife, Margaret A. Jordan. She lived all her life in St. John and the vicinity and was most highly regarded by a wide circle of friends. She was one of those most active in the first organization of the Young Women's Christian Association in St. John and held the office of treasurer in that society. She was a member of Centenary church. Besides her husband, she leaves six daughters, Mrs. M. D. Austin, of this city; Miss Annie A., of Whittby (Ont.); Miss Edith, of North Adams (Mass.); Mrs. J. W. Peck and Miss Jean, of Hensall (Ont.); Miss Margaret of London (Ont.) The funeral will be held on Thursday and will be private.

At the home of his parents, Good Corner, Carleton Place, N. B., on Friday, October 29, Wilnot Leigh passed away, aged twenty-eight years. He was the eldest son of Mr. and Mrs. Eli Walters. Though he had been ill for some time his death was unexpected and came as a shock to his friends. He leaves, besides his wife and infant son, his father, mother, four brothers and one sister. The funeral was held on Sunday, October 31, from Williamstown Methodist church, with interment in that cemetery. Mr. and Mrs. Walters resided for some time in Fredericton, where they made many friends who will regret to learn of his death.

The death of Captain O. L. Dakin, harbor master, took place recently at his home in Digby, at the age of seventy-four. He was one of Nova Scotia's successful master mariners and leaves his wife, one son, one daughter, one brother and two sisters.

Mrs. Hannah E. McCurdy died at her home at Cumberland Bay, N. B., on October 22, at the age of seventy-one.

D. W. Dunbar died at his home in Briggs Corner on Monday, after a brief illness of pneumonia.

APPEAL DISMISSED.

Ottawa, Nov. 2—In the supreme court today judgment was given in the Maritime Provinces case of the Sisters of Charity vs. the King. The appeal was dismissed but the judgment was increased by the sum of \$203, an admitted mistake having been made in the amount of judgment allowed by the lower court. Under the peculiar circumstances of the case, the court did not grant any costs of the appeal.

PRESENTATION.

During the Missionary Institute recently held in St. Luke's church by Rev. W. B. Williston, missionary to West China, a beautifully bound book entitled "Life and Labor of Holman Bennett" was presented to Robert Turner, son of Mr. and Mrs. R. M. Turner of Millidgeville avenue. Robert is one of the patrol leaders of St. Luke's Boy Scouts troop and is very proud of having such an honor bestowed upon him by such a man as Rev. Mr. Williston.

LONDON HOUSE HEAD OF KING ST

DISBURBED BY
RELIGION

Omoto - Kyo, Founded by Peasant Woman in Japan, Worries Military.

Tokio, Oct. 4.—(Associated Press Correspondence)—Japan's new religion, Omoto-kyo, which was founded by a peasant woman, and which is popularly supposed to be spreading socialistic and even bolshevik ideas among the new finding adherents in the army, according to vernacular newspapers.

In an interview with the Yomiuri Shimbun, Major-General Terauchi, who expressed regret at the signs of unrest among the troops, but said that the number of men who exhibit such signs were few. He added, however, it appears true that the number is growing among both the men and officers, mostly those upon the reserve list, who are becoming tainted with the hideous doctrine of the Omoto-kyo. The war office is apparently conducting an investigation into this and possibly some official instructions will be issued in the near future.

To Be Troubled With
Constipation
THE CAUSE OF MANY ILLS

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have ailments, such as sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick. In Milburn's Laxa-Liver Pills you will find just the remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 934, Halifax, N.S., writes: "For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c. vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CIVIL ADMINISTRATION FOR
ISLES UNDER PROTECTION OF
JAPANESE GOVERNMENT

Tokio, Oct. 4.—The 70 islands of varying size in the South Sea group for which Japan obtained mandatory rights at the peace conference will have a Japanese governor and a thorough system of administration.

The governor at present will remain under the direction of the navy, which has been in control of the islands since their acquisition five years ago. It is possible that later all connections between the navy and the islands will be severed.

The League of Nations Council in November is expected to work out a detailed scheme for the administration of the principle of the trusteeship by which Japan retains her controls.

The idea involved in enlarging the scope of civil administration is to establish three distinct administrative sections of domestic affairs, colonial and police affairs.

Had An Annoying
Hacking Cough
GOT NO REST AT NIGHT

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the long healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark, price 35c. and 60c. a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont.

FATAL ACCIDENT
AT LUNDY'S LANE

Niagara Falls, Ont., Nov. 2.—One woman was killed and seven other persons were injured at 4:15 o'clock this morning when a motor truck in which they were riding was struck by a construction train when the hydro construction tracks cross the Lundy's Lane detour south of this city. The dead woman is Mrs. Annie L. Lambert, fifty-seven years of age, of Huron street in this city.

NEW DOCKS FOR
MELBOURNE PLANNED

Melbourne, Australia, Nov. 3.—(By Canadian Press)—The Melbourne Harbour Trust Commissioners have decided to proceed with a programme of comprehensive pier developments which was adopted in 1915, but which was interrupted by war conditions.

The Harbor Trust's plan will provide for the expansion of Melbourne's commerce for the next fifty years, but the work contemplated at present will be confined to four new docks adjoining the existing Victoria Dock. These are expected to take care of the port traffic for the next ten years to come. They will cost 6,000,000 pounds sterling.

The new docks will have a water depth of 32 feet. The Victoria dock will also be extended.

Subsequently, as circumstances require, six docks will be constructed at Port Melbourne with depths of water to 37 feet. They will have a common entrance involving the creation of a new large basin for the six. With completion of the scheme, Melbourne will have one of the best harbors in the world.

A Stubborn Cough
Loosens Right Up

This home-made remedy is a wonder for quick results. Really and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up a stubborn cough. It is cheap and simple, but very powerful in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter cough.

To make this splendid cough syrup, pour two ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly all its children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give prompt satisfaction, or money promptly refunded. The Pinex Co., Toronto, Ont.

NEW RULES FOR
REGARDING THE
LUXURY TAXES

Applications For Remission of Fines Must be Made to the Minister of Inland Revenue.

Ottawa, Nov. 2.—(Applications) for remission of fines imposed for infractions of the luxury and sales tax legislation are heretofore to be considered by the minister of inland revenue and the cabinet council instead of being treated as petitions for the exercise of the prerogative of mercy by the governor-general as representative of the crown. A magistrate, if an infraction of the legislation is proved must impose a fine regardless of any extenuating circumstances which may be shown on the prisoner's behalf. There have, consequently, been a considerable number of applications for remission of fines, many of them on behalf of foreigners who violated the law because of ignorance of its provisions. Those applications have been made to the Minister of Justice upon whose report the Governor-General acts in granting or refusing clemency.

It has now been decided by the law officers that in such applications is involved a question concerning the collection of revenues. Hence, it has been decided that such requests for remission of fines should be made to the Minister of Inland Revenue, who is responsible for the collection of the luxury and sales taxes, and upon his report should be dealt with by the cabinet.

Ten new members joined the Carpenters' and Joiners' Local, No. 1544 at their regular meeting last evening in the Oddfellows Hall, Union street. Routine business was transacted during the evening.

The way to ward off old age is not to fear it, not to allow one's self to be oppressed by the dread of advancing years. The only legitimate preventative against trying experiments with preparations that have not stood the test of time. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply ordinary mercurized wash at bedtime, using it like cold cream, gradually about the withered, faded outline, which is replaced by the more youthful, pink-tinted under skin. UNITED STATES
OF RUSSIA IS
NOW LOOKED FOR

New Organization May Embrace Kingdoms, According to Officials at Washington.

Washington, Nov. 3.—A United States of Russia is now looked for by officials here as the most likely possibility among forms of government to follow dissolution of the Soviet regime.

Official advisers say the Bolshevik breakdown is rapidly continuing in Russia. The movement of decentralization, which began in the breaking away of the Baltic, Caucasian and Siberian states from the mother empire, as a result of disturbed internal conditions, has begun afresh within the territory ruled by the Soviets, it is stated.

In Russian Turkistan, provinces only loosely knit together in the past, are constituting more or less independent governments, reports say, the latest to declare their independence being Khiva and Bokhara.

A new central government, it is believed here, might include even kingdoms such as have been recently established in Turkistan together with the socialistic republics represented by the republics carved out of Siberia and forming now the Far East Republic. In such case, it is expected the central government might take on the form of the British Empire with certain self-governing dominions. Not only would such a plan not violate the principle of self-determination, it is said, but it would allow for the inclusion in Russia of the Baltic and Caucasian states of Lithuania, Latvia, Estonia, Azerbaijan and Georgia as self-governing states.

Among the states which a united states of Russia would be expected to include, officials enumerated: Lithuania, Estonia, Latvia, Georgia, Azerbaijan, Ukraine, Republic of Vladivostok, Social Republic of Verkh-Ujinsk, the Soviet Republic of Omsk, and the kingdoms carved out of the division of the provinces of Turkistan and Russia proper.

AT OLD LADIES' HOME

The Doorkeepers' Circle of The King's Daughters performed a greatly appreciated entertainment for the residents in the Old Ladies' Home last night. Entertainments at the home are not very frequent and the pleasure they give is doubly great. The kind thought as well as the entertainment is appreciated. The programme met with the entire approval of the audience. Included in such applauded numbers were a song and a piano solo by Miss Gladys Dyckman, readings and recitations by Miss Elizabeth Good and solos by Mrs. A. Crockett, Mrs. E. A. Logie, president of the circle, and Mrs. George Moore.

After the programme, refreshments were served by the members of the circle. The convayers for the entertainment were: For the programme, Mrs. Logie, Mrs. Crockett and Mrs. Moore; for the refreshments, Mrs. E. B. Nixon and Mrs. Frank Lister. All the members of the circle assisted.

and ward off "Flu."

JUST a word of caution—don't be little the evil effects of a cold. Realize its seriousness. Once a cold fastens its clutches on you, it seems as if you can't shake it off. Many very serious illnesses often could be avoided by beginning in a cold which could be gotten rid of promptly if the proper remedy be taken in time. Colds come rapidly and develop rapidly. FORMER ARMY NURSE
HAS FULLY RECOVERED

"I Can Never Express My Gratitude for What Tanlac Did for My Wife," Says Husband—Never Felt Better in Life.

Bud Morris, 277 University St. Montreal, P. Q., sergeant in the Canadian army during the late World War, and whose wife accompanied him overseas as a trained nurse, comes forward with an interesting statement regarding the merits of Tanlac. Mr. Morris is at present traveling in the interest of the Great War Veterans Association.

"I must say," said Mr. Morris, "I can never fully express my gratitude to Tanlac for what it has done for my wife. For two years she suffered with indigestion, lost her appetite entirely, and distressed her terribly. At times she suffered with severe headaches, and her nerves were in such a bad condition that even the ringing of the telephone would upset her completely, and it was impossible for her to get a good night's sleep."

I. O. D. E. MEETINGS

Some of the I. O. D. E. chapters held their monthly meetings last night and took up the work of their order.

The Royal Standard Chapter met at the residence of Mrs. W. B. Tennant in Orange street in the afternoon. Mrs. J. Pope Barnes, the regent, was in the chair and there was a large attendance of members. It was decided that donations should be given to the Navy League and to the Y. W. C. A. and a contribution made towards the furnishing of the nurses' home of the General Public Hospital. The Red Cross Society appeal for the aid of the children of Europe was received and met with a sympathetic hearing but action in the matter was delayed. Further details in connection with the annual sale which the chapter will hold in the last week of November were discussed at the meeting.

The Windsor Chapter met at the residence of Mrs. Frank Scott in Dufferin Row, West St. John, with the regent, Miss Gertrude Lawson presiding. An appeal for the Y. W. C. A. was presented at the meeting and was discussed, but it was decided to lay the matter on one side until the next meeting. Plans were made for holding a tea and sale towards the end of the month. Miss Helen Driman was elected as a new member.

W. G. Harding Is New President

Incomplete Returns Give Him Overwhelming
Majority Over Cox

Republicans Say That It Was Landslide For
Them — Both House and Senate Likely
Republican

New York, Nov. 2—Warren G. Harding, Republican, was elected President of the United States today by a tremendous plurality. His vote over Governor Cox of Ohio, the Democratic candidate, was very large. This seems certain, although the returns at midnight were incomplete. There is every indication, also, that the next Congress, both the Senate and the House of Representatives, will be Republican. This was conceded by the chairman of the Democratic National Committee at 11 o'clock tonight. Governor Cox admitted through his newspapers that it was a landslide for the Republicans.

(Canadian Press Despatch.)

New York, Nov. 2—At 12:30 o'clock this morning with actual returns far from complete, Harding was certain of 275 votes in the electoral college from the following states:

Connecticut, Delaware, Idaho, Illinois, Iowa, Kansas, Maine, Massachusetts, Michigan, Nebraska, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Washington, Wisconsin and Wyoming.

The states from which returns were too meagre to justify actually placing them in either the Harding or Cox column were: Arizona, 3; California, 13; Colorado, 6; Indiana, 15; Kentucky, 13; Maryland, 8; Minnesota, 12; Missouri, 1; Montana, 4; Nevada, 3; New Mexico, 3; North Dakota, 5; South Dakota, 3; Utah, 4 and West Virginia, 5, a total of 120.

The states which were certain for Cox at that hour were: Alabama, Arkansas, Florida, Georgia, Louisiana; Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia, a total of 136 votes in the electoral college.

On the face of returns showing the growing landslide for Harding, Governor Cox's own newspaper, the Dayton News and Chairman White, of the Democratic National Committee, soon after 11 o'clock tonight conceded the election of Senator Harding. Without waiting for returns from the West, which four years ago elected Wilson in the face of pluralities for Hughes throughout the east, the Democratic candidate and his chief manager conceded that in the "solemn referendum" which President Wilson declared would decide the League of Nations question, United States voters had preferred Harding, who favored "staying out," to Cox, who favored "going in."

DARING THUGS ROB MESSENGER AFTER BATTLE

Hold Up Motor Car and
Escape With \$55,000—Nail
File Saves Guard.

Chicago, Nov. 2—Following a spectacular street battle on Friday afternoon between young bandits, a bank messenger and a policeman, the thieves escaped with \$55,000 in currency, after fatally wounding the bank employee and slightly injuring the policeman. While the police at once threw a drag net around the district in which the hold up was staged no trace of the robbers had been found at a late hour tonight.

The robbery occurred under the Ashland avenue viaduct of the Chicago, Burlington and Quincy Railroad tracks, between Fifteenth and Sixteenth streets shortly after 8 o'clock and takes rank as one of the most daring and successful daylight hold-ups ever staged in Chicago.

Jacob Yanovitz, the bank messenger, was wounded in the chest and right arm. He is 35 years old, and has been in the employ of the Southwest Trust & Savings Bank, 3300 Archer avenue, for several years. After the robbery he was taken to the University Hospital where it was said he would probably die.

Patrolman John Leonard, who was accompanying Yanovitz as a guard, escaped serious injury when a bullet struck a nail file in his pocket and was deflected.

The bandits are described as young, well dressed and about 30 years old. The money in denominations of \$5, \$10 and \$20, was being transported from the Continental & Commercial National Bank to the Southwest Bank. It was in a small black trunk. Yanovitz, according to Andrew Wolak, cashier of the Southwest Bank, is sent twice a week to the Continental & Commercial Bank for funds. Today he obtained approximately \$55,000. As usual he was accompanied by Patrolman Leonard.

The messenger and policeman were riding south in Ashland avenue in a Buick car belonging to the bank. Yanovitz at the wheel and Leonard in the tonneau guarding the money when the robbery took place. The bandits approached from the opposite direction in a touring car. When twenty feet from the bank machine the bandit car suddenly swerved across the street and blocked the passage of Yanovitz's automobile.

One of the men pointed a pistol at Yanovitz and ordered him to throw up his hands. A pistol also appeared in the hand of one of the other bandits. Patrolman Leonard attempted to draw his revolver, and the bandits opened fire. Yanovitz slumped down in his seat. Another bullet went through the policeman's coat, but his life was probably saved by a nail file which was in his coat pocket over his heart, which deflected the cartridge. The file, it was subsequently found, had been bent into a semi-circular shape by the bullet.

Two of the bandits leaped into the bank car, seized the trunk of currency, handed it into their own car, took Leonard's and the messenger's pistols and jumped to their machine as it got under way.

A few minutes after the robbery squads of police from Brighton Park station and the rifle squad from the detective bureau were combing the district for a trace of the bandits, but without success.

Another Royal Suggestion COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies
1/2 cup shortening
1/2 cup sugar
1/2 cup milk
2 eggs
1/2 teaspoon grated nutmeg
1 teaspoon vanilla extract or
grated rind of 1 lemon
4 cups flour
1 1/2 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes
4 tablespoons shortening
1 cup sugar
1 egg
1/2 cup milk
1/2 cups flour
1 1/2 teaspoons Royal Baking Powder
1/2 cup cocoa
1/2 teaspoon salt
1 teaspoon vanilla extract

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour; baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

Orange Cakes
4 tablespoons shortening
1 cup sugar
1/2 cup milk
1 egg
3 cups flour
1 1/2 teaspoons Royal Baking Powder
1/2 teaspoon orange extract
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.

LIQUOR VENDORS MAY CARRY ON

Rev. W. D. Wilson, chief inspector under the provincial prohibition act, arrived in the city last evening from Sydney and left shortly afterwards for Fredericton. While in St. John he had a conference with the local liquor inspectors and the vendors of this city who will be notified by the inspectors today that they will be permitted to carry on the sale of liquor under a working agreement until such time as the new licenses are issued. Mr. Wilson said the licenses would not be issued until after the provincial government had held a meeting. Mr. Wilson will return to the city from Fredericton on Thursday.

LIBERAL CANDIDATES

(Canadian Press Despatch.)
Vancouver, Nov. 2—Vancouver Liberals last night nominated Mrs. Ralph Smith, Attorney-General I. W. D. Farrie, M. A. MacDonald, K. C., Captain Ian Mackenzie, Alderman James Ramsay and J. P. Dougherty to contest the six city seats in the provincial elections, Dec. 1.

Conservatives will name their candidates tonight.

Three candidates were nominated by the Federated Labor party to contest the legislative elections for Vancouver city. They are Thomas Richardson, J. W. Woodsworth and W. R. Trotter.

A CORRECTION.

Ottawa, Nov. 2—Much newspaper discussion in the question of a reported decision by Great Britain to hand back German property to the Germans and a resultant protest from France, is exploded by a cable received by Thomas Mulvey, under secretary of state from the imperial authorities. The comment on Britain's supposed decision first appeared, it is stated, in the New York Post, and it was then reported that France was making strong protests and taking

the ground that so much French property had been wantonly destroyed by the Germans that this return of property should not be made. The cablegram states that the press announcement refers only to enemy property brought into the United Kingdom after January 10, 1920. It has been decided by the Board of Trade that this property would

not be liquidated. The cable further states that copies of the original press announcement which brought about the misunderstanding, are being forwarded to the secretary of state.

LOCAL NEWS

C. P. R. VISITOR.
 J. H. Boyle, divisional superintendent at Brownville Junction, arrived in the city on the Montreal train at noon today.

NO ARRESTS.
 No arrests were made by the police during the night, and the police court sheet this morning was marked "all."

A LATE VIOLET.
 Following reports recently published about raspberries, strawberries and other unseasonable fruits being picked during October and November comes another. This morning a Times reporter was shown a perfect white violet in full bloom, picked near Lepreau on Monday.

REPAIRS TO BARK.
 Contracts for repairs to the bark Callier which has been at Gregory's blocks for the last two weeks have been awarded to Fred S. Heans for repairs to the hull and to the Union Foundry and Machine Co. for repairs to the machinery, engines and boilers. J. T. Knight & Co. are the local agents.

TAX APPEAL.
 The St. John Real Estate Co., through their solicitor, L. P. D. Tilley, applied to the city commissioners this morning for a further reduction in their taxes. After hearing argument and a statement from E. Murray Olive, chairman of the board of assessors, the council decided to take the matter into consideration.

BARNHILL-CRIPPS.
 This morning at half past six o'clock, in the Fairville parsonage, Rev. A. S. Bishop united in marriage Miss Hazel, youngest daughter of Mrs. Agnes Cripps and the late James H. Cripps of Randolph, and W. Perley Barnhill, youngest son of Mrs. Bertha M. Barnhill and the late W. F. Barnhill of Fairville. They were unattended. Mr. and Mrs. Barnhill left for a short trip through the province.

A QUESTION OF LAW.
 The attention of Magistrate Ritchie was taken up today with a by-law case. O'Neill Bros. and G. F. Cunningham, both of the city market, were reported by Game Warden Smith for having for sale migratory birds, ducks and blue winged teal. They admitted this, but the question was raised as to whether under the British North America Act a dominion statute of this nature is in force in the province. In view of this point being brought up the magistrate postponed the case for two weeks.

QUITE A BLOW.
 During a storm which passed over here last night and this morning nearly half an inch of rain fell. A moderate gale blew from the southeast, south and southwest, ranging in velocity from thirty to thirty-four miles an hour. The high wind played havoc with some bill boards. One was blown over in Britain street, another in Main street and small ones in other sections. A sign was blown down in Union street and one in Main street and fences in back streets went over. The wind died away before noon and the sun came out, making a marked contrast.

DOYLE-SHIELDS.
 A very pretty wedding took place in the Cathedral at six o'clock this morning when Rev. William Duke, who was celebrant at nuptial mass, officiated in the presence of Miss Mary Gertrude Shields of Fredericton and Harold Doyle of this city. The bride, who was unattended, wore a very becoming gown of tulle and tulle, with seal scarf and hat to match and carried a white prayer book. Mr. and Mrs. Doyle will leave in a few days on a honeymoon trip to Boston and New York. They were the recipients of a large number of beautiful presents in furniture, cut glass and silver.

FREIGHT HANDLERS' PAY.
 The C. P. R. Freight Handlers' Union have held two meetings recently and discussed plans for the coming winter season. It is rumored that they are going to ask nineteen cents an hour increase in wages. At present they are receiving fifty-six cents and the increase asked for would mean seventy-five cents an hour.

J. M. Woodman, general superintendent of the C. P. R., New Brunswick district, said this morning that he had not as yet been approached by the local union. He said that if it were true that the men were going to ask for nineteen cents they would be wanting eighteen cents an hour more than was paid at any port along the Atlantic. He said he was not in a position to say anything regarding the matter until some proposition had been presented to him.

CASES TODAY IN THE COUNTY COURT

Evidence in Charge of Stealing Sugar—Denial by McCormick—True Bill in King Street Case.

In the county court this morning Judge Armstrong presiding, evidence was taken in the case of John McCormick, charged with breaking and entering a sealed car in the C. N. R. yards and stealing sugar valued at about \$60, James Ryan, C. N. R. policeman, M. Coughlan, C. N. R. employee, D. Trenholm and the defendant testified. W. M. Ryan appeared for the crown and E. S. Ritchie for the defence.

The evidence given was the same as given in the police court. The defendant admitted having been in the car but said he had gone in just to have a game of cards. Adjournment was made until this afternoon at 8 o'clock.

A true bill was found against Steve Proopuck on three counts, breaking and entering the store of A. Gilmour, King street, and stealing cloth therefrom. This case will be heard later.

The civil docket follows:

Non-Jury.
 Logan vs. Drekehan, Francis Kerr, Ross vs. Miller, Francis Kerr, Smith Brokerage Co. vs. Goodman, J. C. Belyea.

CONSERVATION OF MONCTON GAS TO BE CONTINUED

Order Issued by Public Utilities Commission

Pressure at Wells Said to be Same as Last Year—Mayor Issues Warning to Prospective Builders—Operations in the Gas Field.

On application of Austin A. Allan, city solicitor for Moncton, the New Brunswick Public Utilities Commission this morning decided to continue the order restricting the consumption of gas in the city of Moncton. The order was passed on Nov. 27, 1919, and provided for a reduction amounting to 25 to 50 per cent. in the consumption of gas in dwellings and some business places and prohibited its use for the heating of some public buildings and for other industries.

Mr. Allan said that all parties interested were agreed to a continuation of the order. Amongst those present who signified this agreement were Mayor Cavour Chipman, W. H. King, superintendent of the New Brunswick Oil Fields Company, the developing company; E. A. Cumming, assistant treasurer of the Moncton Tramways Ltd., the distributing company; Joseph A. Marvin, a manufacturer, and R. W. Simpson, of the C. N. R.

Some Statements.
 Supporting the application, Mr. Allan said that the gas pressure at the wells was about the same as last year, and Mr. Cumming said that there should be conservation or the gas was liable to fall.

Mr. King said that the company had to date sunk fifty-five wells, twenty-three of which were productive, some of them only to a small extent. The deepest was about 3150 feet. Fourteen wells are now producing with three more in reserve. Six wells have run out in 1920, but one new well has been obtained by deepening one of the run out ones. The supply he said today is about the same as it was this time last year and he would advocate a decrease in the consumption or at least a continuation of last year's order.

Mr. King said that the pressure at the field sometimes went as high as 100 pounds when gas was not being consumed to a great extent, but was usually at 45 pounds, which is the lowest pressure at which the city could be served satisfactorily.

He said that two new wells had been dug this year; one had turned out to be an oil well and the other was abandoned for the reason being some tools had been lost in the hole and would have to be recovered before operations could go forward. He thought that the order was satisfactory for the winter at least. He said it was planned next year to exploit outside the present field. In view of the conditions concerning the deepening of run out wells he increased the supply.

Mayor Chipman said that the impression was prevalent in Moncton that conservation was not necessary, but he wanted to impress on the people to take care in building houses in Moncton and provide for heating and cooking by other means than by gas. He said there were some houses being constructed without chimneys. In his opinion the gas should be taken away from furnaces even in the private dwellings and used for cooking and lighting only. He thought that the order was not stringent enough.

After hearing the evidence, the commission decided to continue the order in force until countermanded by the board.

John Fielding of the firm of John Fielding & Son, Sunny Brae, who was last year obliged to discontinue the use of gas for heating his hot houses, asked the commission for permission to have the right returned. He said that it was impossible for him to use coal. He said that he used about 60,000 feet a month, which was the limit placed on residences.

The commission promised to take the matter into consideration.

Board of Health Case.

The St. John Board of Health, represented by the chairman, John Kelly; the secretary, T. M. Burns, and their counsel, Dr. J. Roy Campbell, K.C., appeared before the commission this morning regarding their contract with the N. B. Telephone Company, with respect to a telephone installed at the Isolation Hospital. There was no hearing this morning in this matter and it was postponed until November 24.

TABLET HERE IN MEMORY OF PRINCE OF WALES' VISIT

This and Other Matters Taken Up This Morning by De Monts Chapter.

A meeting of the De Monts Chapter, L. O. D. E., was held this morning in the board of trade rooms with Mrs. Walter E. Foster in the chair. It was decided to pay in all money necessary to clear the war memorial assessment. Two new members were received, Mrs. J. M. Robinson, Sr., and Mrs. J. H. Stephenson. There was a lengthy discussion of the plans for holding the annual ball of the chapter in December. It is hoped to hold this in the new Knights of Pythias hall. The sum of \$80 was voted to the Victorian Order of Nurses. It was moved that the chapter recommend the municipal chapter that a tablet be erected to commemorate the visit of the Prince of Wales to St. John, especially in view of the fact that this city was honored by being the first Canadian soil on which his royal highness set foot.

These Cool Evenings Suggest the Full Enjoyment of "Home"

The cool invigorating evenings again remind us of the fact that home after all is the most enjoyable spot on earth. We seek its shelter and its comforts, and in the glow of the blazing hearth we dispel the seriousness of life in an interesting book or perhaps in the entertainment of our chosen friends.

What a pleasure, a pride there is in having a beautiful home. For the physical comfort it provides—yes—and also for the mental comfort it gives us. To live in attractive environment encourages contentment and actuates the higher love of home.

There are many things in this storehouse of things for the home that will appeal to those desirous of attaining the complete enjoyment of home.

SLUMP IN SHIPBUILDING

New York, Nov. 3.—(By Canadian Press)—Ship steel shipments from New York to England have almost ceased. Reports of shipyards returning from Glasgow report that they have no longer any work on hand. It is said that a ship has been launched. This is due to labor conditions and difficulty in getting materials, and because of the great number of cancellations of orders that British shipyards have received during recent weeks.

Women at Work

During the war millions of women have been at work in vocations into which they have never before been called—in Munition Factories, Chemical Works, Metal Works, Street Railways, and Ambulance Drivers, Barbers and Elevator Girls.

Undoubtedly thousands of others have longed to serve in this kind of work, but because of female ailments which had fastened upon them, were not able to do so.

Women in this condition should give Lydia E. Pinkham's Vegetable Compound a trial and find health and strength, as thousands of others have so done.

PROHIBITION MATTERS IN THE PROVINCE

The Moncton Situation—Return of Rev. W. D. Wilson—More Apply for Vendorships.

(Special to Times.) Fredericton, N. B., Nov. 3.—Rev. W. D. Wilson chief inspector for New Brunswick has resumed his duties at his office here after an absence of some days which he spent in Cape Breton speaking on campaign against importation.

He has received returns from police Magistrate John B. Michaud of Edmundston in twenty three convictions of violation of the prohibition act in Madawaska County. These cases were the result of the operations of special operatives or detectives sent into that section by the chief inspector's department. Fines varying from 50 to 200 dollars were imposed.

While in Moncton yesterday the chief inspector conferred with Chief of Police Hutchinson and Sub-Inspector Bellevue and until a further arrangement is made that subinspector will be on duty there. Early next week Mr. Wilson will go to Moncton and expects to clarify the situation there. Ex Chief Ridout has not resigned as subinspector.

With regard to the case against the Enterprise Bottling Company in this city in which a seizure of eighty-one cases of beer was made, the beer later being returned to the owner on a writ of replevin, the chief inspector said that it was the intention of his department to fight the case.

Mr. Wilson said also that he had received no complaints from vendors with regard to the prohibition act in license existing, the same arrangement under which they carried on in previous years pending the resuscitation of holding liquor.

For Licenses. Applications for retail licenses under the Intoxicating Liquor Act 1916, have been made by Hubert Arsenau, Tracadie, Gloucester county; Bernard Doucet, Richibucto; William A. Flowers, Shediac; George A. Cameron, St. John; William C. Wilson, West St. John; Beverly J. Sharp, Sussex.

Another large shipment of seized liquors is about to be made from the provincial depository in this city. It contains between one hundred and one hundred and fifty cases.

YOKOHAMA WAREHOUSES ARE BADLY CONGESTED

Yokohama, Sept. 17. (A. P. Correspondence)—Congestion of goods at the warehouses has increased so much that it has become a serious problem.

The goods imported and bonded in the Yokohama customs aggregate something like 800,000 tons," said President Nishiyama of the Yokohama customs house, "and this means an increase of some 100,000,000 yen in value compared with the figures recorded for the corresponding period of the preceding year. (The nominal value of the yen is 50 cents.)

Owing to the unfavorable condition in economic circles, there is no knowing when these goods will be taken out of the warehouses. To make the situation still worse about 50,000 tons of goods from abroad are now daily unloaded."

Mr. Nishiyama added that there is every sign of withdrawal of goods by American consignees. This he attributed chiefly to the nervously cautious attitude by American shippers in view of the reported panic in the Japanese market.

"HANK" CALLAHAN WEDS.

Fredericton, Nov. 3.—J. J. ATHLETIC FIELD WANTED

Amherst News: A public meeting of the citizens is to be held in the Parish Hall on November 5, to be presided over by His Worship the mayor. The object of this meeting is to give the ratepayers an opportunity to express an opinion and discuss the project of an athletic field for Amherst, and, to suggest ways and means of securing same, and, if deemed advisable to recommend that the town council call for a legal vote to secure legislation to borrow on the credit of the town a sum of money to be used to purchase lands and equip the same to be used as an athletic field.

**COAL INDUSTRY
OF N. S. MAY BE
GREATLY MENACED**

(Staff Correspondence Morning Chronicle.)

Sydney, October 27.—If the unrest which has manifested itself for some time in the coal fields of Nova Scotia, centered at Cape Breton, continues, if the miners insist upon their demands for increased wages without increasing production, and if the cost of production continues to increase in the next twelve months at the same rate as it has increased in the past three years, the entire coal industry of this country will be seriously menaced. There is not a very wide margin today between the cost of production here and the price at which the American operator will be able to sell his coal in our local market, despite the tariff. These are the conclusions I am compelled to reach from the observations I have made, much of which I have presented in previous articles.

The greatest amount of unrest is centered around Glace Bay and New Waterford, where living conditions are the worst and where the leadership of the men is less moderate and most spectacular. At Sydney Mines a far more stable condition exists. Although the men there are members of the U. M. W. for the strike, it has the appearance of a sympathetic vote rather than any strong desire for an upheaval.

Inversus Conditions Good.
Inversus the best conditions prevail that I have found anywhere. There the men did not take even the vote for or against a strike. I think living conditions are considerably better, and there is certainly a very fine co-operation between citizens and all factors which go toward making the town. The attitude of the men was fairer and more generous than I found elsewhere, for they said, "We are willing to give the new management a chance to make good," an attitude which I cannot help but submit for emulation by their brother workers in the other Nova Scotia fields.
The Royal Commission in their recent

report said "that the output per man per day in the United States is greatly in excess of that produced in Nova Scotia coal fields, and the cost of production per ton is much less in the United States than in Nova Scotia. Under these circumstances the American coal operators have the advantage over Nova Scotia in a competitive market." The Royal Commission further suggested that the miners of Nova Scotia make every effort to remedy these conditions as a matter of self-preservation, and to assure to the industry a permanency which is so essential to the industrial welfare of the country and uninterrupted work for the miners.

Lack of Interest.
I regret to say that I have found a very serious lack of interest on the part of the miners of this country in the question of production. I do not blame this so much upon the individual miner as I do upon the leaders. There is far too much emphasis given by them to the question of increased wage rather than to the improvement of those conditions which will assist in production, and thereby increase the earning power of the men on the basis of production.

Some indication of the already pending loss of our Canadian markets may be gathered from the following figures: Only 17,000 tons of coal have been sent to the St. Lawrence markets (Quebec and Montreal) since the first of January this year to September 30th by the Dominion Coal Company. In 1919 the sale to that market was 2,314,000, or a loss of sales this year over two mil-

lion and a quarter tons. The total production of the Dominion Coal Company since the first of the year has been only equal to what their former sales were to the St. Lawrence river markets. The cost of production in Nova Scotia mines now so much exceeds that of the American, that, not including the present demand of the miners, the recapture of the St. Lawrence market is going to be a very critical difficulty.

Where The Coal Goes.
The distribution of the production of coal from the mines of the Dominion Coal Company since January 1st to September 30th, is as follows:
The Dominion Iron and Steel Co. 685,000 tons.
Halifax and St. John, N. B. 415,000 tons.
Montreal and Quebec, 17,000 tons.
Export to Europe and the United States, 891,000 tons.

Newfoundland and other domestic markets, 788,000 tons.
Grand total of 2,290,000 tons.
These figures do not include 200,000 tons consumed by the Coal Company in its own industry. Compared with 1919 production it will be easily seen that the conditions are radically wrong. In that year the output of the coal mines of Nova Scotia was 7,300,000 tons.

How Conditions Differ.
It only requires a brief comparison with the conditions existing in the American coal fields to show where the Nova Scotia miner will eventually find himself. The average output of contract miners of the Dominion Coal Company every six days of the week, at an average of \$6.50 a \$2.034. The average in the American fields in 1919 was \$1.719, or a difference of \$315.00 in favor of the Nova Scotia miner. The major features of the American mines are in their favor where it comes to production. They do not go under the sea as is the case with the Nova Scotian mines and, therefore, do not have to contend with the difficulties which that feature introduces into the local fields. They are able to load with much greater facility, and instead of hauling, are able to transport the coal to the surface by means of light railways, with practically only one change to the railway cars which distribute the coal to any part of the continent.

In view of the whole situation as I see it in Cape Breton, I cannot emphasize too strongly the need at this time of wise, moderate, fair and far-sighted leadership among the men. That they lack that leadership at this time is manifest on almost every occasion that

some of the leaders speak in public. In the last four years in Cape Breton it has been a continual demand for more money, more money, but no suggestion of co-operation to obtain better living conditions, or increased earning capacity by greater production. I have yet to hear of a leader of the United Mine Workers in this County talking his men into his confidence, calmly and firmly directing them to consider the whole problem from a broad national viewpoint. I have yet to hear of one who has explained to the men that this constant demand for increase of pay without proportional increase in production will have to stop or there will be no market for the coal, then even the local market in Nova Scotia may be invaded by the American product. After exhausting every source from which to obtain the most favorable impression I cannot help being convinced that a very grave responsibility rests upon the miners and their leaders for the present unfavorable living conditions in the coal fields of this Province.

**COMPLIMENTS
FOR CANADA**

(Associated Press Despatch)
London, Nov. 3.—Much that was complimentary of Canada's hospitality was said at the luncheon today by the Empire Press Union to Lord Burnham, president of the Imperial Press Conference, which toured Canada recently.
Lord Burnham also said that Canada wanted British news in Canadian papers from many entertaining games and doing justice to the refreshments provided by an efficient committee. The social was presided over by T. T. Allen, who is the president of the association, and who gave the opening address of welcome and outlined the very interesting programme of the meetings for the season. The programme for the evening was arranged by Miss Nellie McIntyre. The numbers given included a piano duet by Mrs. J. M. Barres and Miss Phyllis McGowan, and vocal solos by Miss Erminie Clino and Clarence Girvan. Each was warmly applauded.

**OPENING SOCIAL OF
ST. DAVID'S Y. P. A.**

The Young People's Association of St. David's church had a most auspicious opening for its season of fortnightly meetings when it held a congregational social last night in the brightly decorated school room. Some 800 and more young people gathered for the occasion and spent a very happy time enjoying an excellent musical programme, playing many entertaining games and doing justice to the refreshments provided by an efficient committee. The social was presided over by T. T. Allen, who is the president of the association, and who gave the opening address of welcome and outlined the very interesting programme of the meetings for the season. The programme for the evening was arranged by Miss Nellie McIntyre. The numbers given included a piano duet by Mrs. J. M. Barres and Miss Phyllis McGowan, and vocal solos by Miss Erminie Clino and Clarence Girvan. Each was warmly applauded.

**BREAK UP SECRET
KOREAN ORGANIZATION**

Seoul, Korea, Sept. 27. (A. P. Correspondence)—A secret fraternity composed exclusively of Korean Christians has been disbanded and the majority of its members have been arrested, according to an official police statement.
Bearing the name "The Great Korea National Association," the organization is described as having been formed to aid the Korean provisional government at Shanghai. The police charge that taking advantage of a general Presbyterian conference at a mission school, officers were elected and that some 800 copies of a manifesto were printed on a mimeograph belonging to the Pyongyang higher common school of another American church and were mailed to leading churches in South Pyongan province through which they were disseminated among the people. It was arranged, the police allege, to hold a demonstration "to give solace to agitators in custody and to incite the people."
One of the ninety or more officers and members of the society arrested was Pak Seungmyong, to whom the police say, the society owed its origin.

**A THOUSAND PEOPLE
WITNESSED BAPTISM**

(Frederick Gleason.)
More than 1,000 people witnessed with interest the baptismal ceremony at Keswick Sunday afternoon at 4 o'clock when five women and one man were baptized by Rev. William Williams of the Keswick circuit, assisted by Rev. Mr. Jones of Macquarie. The immersion took place following a service on the beach at Rockland Sliding and people gathered from far and near to witness it.
At Douglas last night the right hand of fellowship was given to nine candidates, who were baptized in the St. John river on Sunday last. The church was packed to overflowing.

As a result of the great work which the Kenyon evangelistic party have accomplished during their three weeks' stay in Marysville, twenty-five candidates were baptized in the river, near the highway bridge, Saturday afternoon, by Rev. J. B. Duggitt, assisted by Rev. H. H. Ferguson of Devon. Thirteen candidates also were baptized at the conclusion of the morning service in the Main street Baptist church by the pastor. At the evening service of the Olivette Baptist church, Rev. E. J. Barass baptized twelve candidates.

THE MARTELLO FAIR.
Good music by the Martello Band and a good crowd in evidence marked the "Prentice Boys' fair" last evening in Carleton Place. The various prizes for the games were won as follows: Bagatelle, pipe rack, Mrs. S. McAllister; air gun, ornamental lamp, W. Gray; flood gates, serving tray, S. McAfee; devil among the tailors, set of silver spoons, T. McAuley; ten pins, smokers' outfit, T. McAfee; bean bags, cruet stand, Fred Wilson; excelsior, first fancy candy dish, H. Pitt; second smokers' tray, R. Sealey; ring toss, silver butter dish and knife, J. Maxwell; door prize, solid leather bag, E. R. Ingalls.

Mrs. LeBaron Bull of Fredericton has announced the engagement of her younger sister, Miss Eleanor Rainsford, daughter of the late H. B. Rainsford, to Alfred Wight, of West Minor, Me. The marriage is to take place about Christmas time.

Dominion Raynsters
All-Purpose Weather Coats for Men, Women, Boys and Girls

Completely Satisfactory

"DOMINION RAYNSTERS" are eminently satisfactory for fall wear because they suit every change in weather, from bright sunshine to an all-day downpour of rain.

They are absolutely waterproof even to the seams. The inner lining of light, flexible rubber is pressed right into the texture of the cloth.

"DOMINION RAYNSTERS" are Dominion Rubber System Products. Every detail of their making, from creating the styles to inspecting the completed garments, is watched over by experts.

Coats that bear the **DOMINION RAYNSTER LABEL** prove completely satisfactory because of the infinite care exercised in selecting materials and in making them.

There are "DOMINION RAYNSTERS" for men, women, boys and girls, in styles and patterns to please every taste, and at popular prices.

Ask your dealer to show you the new styles and the **DOMINION RAYNSTER LABEL** in each garment.

"DOMINION RAYNSTERS" are sold by the best stores carrying wearing apparel.

THE TWO VIEWS.

(New York Evening Post)

"The man who deliberately cuts prices below the actual cost of the goods, in a business way, is a criminal and a menace to society," exclaims an excited financial writer. But wait a minute, brother, let us reason together. Do you mean by "actual cost" the original cost of the goods or the cost of replacement? There is a world of difference. If a dealer holds his goods for their original cost while his competitors are replacing their stocks from a lower market, he is surely committing suicide in a business way. No one but a maniac will sell his goods for less than their cost if he can help himself. Normally, the making of profits does not rest wholly with the dealer; it takes two to make a bargain. A few months ago, when there was a seller's market, and the buyers were compelled to pay the seller's price or go without, such a statement as that just quoted might have passed for wisdom. But we are now in a buyer's market, and it is the sellers who must take the line. Many of them will have to cut prices—deliberately cut them—below the actual cost of the goods, and they will be the neither criminals nor a menace to society.

"It is becoming more expensive every day to run an automobile." "Yes," replied Mr. Chuggins. "Some of us motorists won't be able to keep going unless the government comes to the rescue the same as they did for the railroads."—Washington Star.

MODERN IDEAS FOR SUNDAY SCHOOLS

A splendid programme was given at the opening session of the Inter-Church Teacher Training School held last night in the Church of England Institute, when sixty-five enrolled to attend the course which includes sessions on each of the five Tuesdays in November. The registration was divided as follows: Anglicans, eighteen; Baptists, thirty-one; Presbyterians, four; Methodists, twelve. The programme for the series of sessions has been well planned and among the speakers are to be Rev. Canon R. A. Armstrong, Hon. Dr. W. F. Roberts, Rev. Frank Milligan and Rev. Waldo C. Machum. Last night the address of the evening was given by F. L. Kipp.

REPORTS ON THE PURITY OF THE CITY'S WATER

At a meeting of the Board of Health yesterday afternoon Dr. H. L. Abramson submitted his report of the city's water supply and in four examinations during the month of October the water was found to be good. Miss Murdie, superintendent of the Victorian Order of Nurses, gave her report which showed that fifty children were born during the month and 221 child welfare visits made. Records show sixty-seven deaths in the city during October. Miss Brophy gave the report of the anti-tuberculosis society. Dr. T. Fred Johnston, dairy inspector, submitted his report. Dr. Mabel Hamington, medical inspector of schools, was granted leave of absence. Mrs. Edmund Flewelling's food inspector, submitted her report. Mrs. Hooper gave an account of the meeting of the Canadian Council of Child Welfare at Ottawa. On account of the unsuitableness of the building permission was not granted the N. B. Cold Storage Company to kill fowls on its premises for shipment to steamers. The city council will be asked to extend the sewer in Ritchie street to receive the drainage of four houses in White street. A committee was appointed to submit plans to the council regarding the space required by the board of health in the new municipal building. The chairman, John Kelly, presided, and other members present were: Mrs. R. J. Hooper, Dr. William Warwick, district medical health officer, and T. M. Burns, secretary.

NEW BATHING HOUSE FOR INDIANTOWN

The erection of another bathing house at Kennedy street at an estimated cost of \$400 to \$500 was decided upon at yesterday's meeting of the common council. The new building is to be paid for out of the \$515.40 unexpended balance from last year's appropriation for swimming scows. Commissioner Bullock said that the new accommodation could be ready for next season. Commissioner Jones was the only member of the council dissenting.

The recommendations of the committee of the whole were adopted. Mayor Schofield and the comptroller were appointed to represent the city at the hearing before the public utilities commission of an application from the New Brunswick Telephone Company for permission to increase its capital stock.

SERIOUS PROBLEM WHICH IS FACED IN PALESTINE

London, Nov. 2.—The scarcity of livestock, cereals and vegetables in Palestine is resolving itself into a serious problem, says a Jaffa dispatch. To meet the situation an agreement was arrived at with the Egyptian and Sudan governments for a monthly importation of 500 head of cattle, but by the time this was ready for consumption, the price was found prohibitive. Efforts are now being made to purchase livestock from the natives in the Eastern Jordan, and the importation of Australian frozen meat is resorted to. The embargo placed by the high commissioner on the export of wheat and barley helps the situation considerably, but resentment at the restraint is being voiced by the grain growers, who are in a position to realize better prices outside of the country.

RENFORTH CASE WAS OPENED YESTERDAY

Yesterday afternoon at Hampton, before Chief Justice H. A. McKeown and in the presence of a large number of spectators, Harold Beverly, Allan Currie, Charles Ross, Jack Wilkinson, John Dean and John Kennedy appeared to be tried on the charge of manslaughter and with wanton and furious driving of a motor vehicle or other misconduct causing bodily harm to Virginia Garrett. An unusually large panel of jurors was summoned and the following were selected: I. Bliss Marr, W. H. Holman, Charles H. Bennett, W. H. Grayson, Hainsforth Keith, Abner Cripps, Addington Cosman, Wilfred S. Thorne, R. Z. Fleming, Albert R. Smith, R. J. Huggins, Simeon Crawford. Dr. W. B. Wallace, K. C., appeared for the crown. Dr. J. B. M. Baxter, K. C., is representing Currie, Wilkinson, Ross and Dean. Dr. Wallace opening the case for the crown, outlined to the jury the salient features of the case and what the crown expected to prove. The first witness for the prosecution was Dr. J. R. Nugent who testified to the ill health of Frederick Trifts, one of the principal witnesses for the crown. Mr. Trifts is at present confined to the St. John Infirmary and will be unable to testify at this session of the court. It is expected that the crown will seek to have the evidence which he gave at the preliminary hearing read before this court to the jury.

Benjamin Dennison gave evidence substantially the same as he gave at the preliminary inquiry. With reference to Colby's store at Renforth encroaching on the limits of the roadway he said that he had built the store and had placed it

Yes you can have such a phonograph

LET us show you the Certificate of Authenticity which Miss Betsy Lane Shepherd has signed. This is the outstanding fact which comes to you out of the memorable tone-test recital given last Tuesday in Imperial Theatre. A new era in music is here. Mr. Edison has lifted the phonograph to the dignity of a new art.

You can no longer be satisfied with a phonograph that imitates. Now, you want a phonograph that equals the human voice.

The NEW EDISON

"The Phonograph with a Soul."

You know there is such a phonograph. Mr. Edison made an astounding test with the Official Laboratory Model of the New Edison to prove it. St. John heard the New Edison Re-Created Miss Shepherd's voice in direct comparison with her living voice. So realistic was the New Edison's performance that no one in the entire audience could distinguish it from Miss Shepherd's living voice.

You yourself can have such a phonograph. Let us show you exact duplicates of the Official Laboratory Model, which triumphed in the tone-test. Let us show you the Certificate of Authenticity, which Miss Shepherd signed, after inspecting these instruments, and in which the great prima donna declares that these instruments are the equals in every respect of the instrument used in the tone-test.

You can buy your New Edison on a Budget Plan which so distributes the payments that you'll hardly feel them.

within the limits of the roadway with the permission of Councillor Harry Gilbert of Rothesay.

P. W. F. Brewster, the magistrate before whom the preliminary inquiry was conducted, testified to taking the evidence of Frederick Trifts and the prisoners.

Dr. Baxter moved that the jury be given an opportunity to view the scene of the accident to become familiar with the locality. This was agreed to by Dr. Wallace and the sheriff then procured automobiles which conveyed the jury to Renforth. The court stood adjourned this morning at ten o'clock.

TAX AUTOS BY WEIGHT.

Toronto Globe: The total revenue to the province from auto license fees up to October 1 was \$1,946,000. A change in the system of licensing automobiles is being planned by Hon. F. C. Biggs, minister of public works and highways. It is quite likely that the weight of the car will be a consideration. The new arrangement will affect the middle-priced cars more than any others.

W. C. T. U. SALE. An apron and candy sale and afternoon tea held yesterday afternoon and evening in the Orange Hall, Germain street, under the auspices of the W. C. T. U., proved a success. The proceeds will be devoted to the Protestant Orphanage in West St. John. The room was tastefully decorated. The event was under the direction of the president, Mrs. David Hipwell, who, with Mrs. James I. Davis was in charge of the tea table. Mrs. Seymour was in charge of the apron table, while Mrs. Robert Humphrey, assisted by the Misses Steeves, was in charge of the candy table. Mrs. Hunspecker attended the door. The following were waitresses: Miss Mary Hipwell, Miss Wilda Davis, Miss Bessie Humphrey, Miss Frances Steeves, Miss Stella Earle and Miss Myrtle Fox.

The Philanthropic Young Ladies' Association entertained the Young Men's Association at a Halloween party last evening in the German street Baptist church. Ghosts and witches were everywhere in evidence. At the conclusion of the party refreshments were served.

Turkish Nationalists Reported Beaten on the Quchak-Ghaki Front. Athens, Nov. 2.—A Greek counter-attack has routed the forces of Mustafa Kemal Pasha, Nationalist leader, on the Quchak-Khaki front, according to an official communication issued yesterday. "The enemy, who suffered very heavy losses in men and material," adds the statement, "is retreating in disorder."

MORNING NEWS OVER THE WIRES

Egnat Okorik, a Russian of the Kam-sack district near Yorkton, Sask., was yesterday found guilty of murder and sentenced to hang on January 26, by the court of Kings Bench. He murdered his wife in August. The body of Dr. J. A. Johnson, a dentist, who has been missing since Friday from his home in Lunenburg, was found yesterday in a pasture some distance from the town. He formerly resided in Parrsboro and Halifax. He was forty-five years of age and is survived by his wife and two children. Sir George E. Foster, minister of trade and commerce; Hon. C. J. Doherty, minister of justice, and Mrs. Doherty left today for England on the steamer Empress of France which sailed from Quebec.

IS GOOD "AD" FOR CANADA

Bankers' Trust Co. Book on Canada's Position—High in Potential Water Power—Achievements During War—Increase in American Investments.

New York, Nov. 3.—(By Canadian Press)—"The best advertising that Canada has had in years," was the way in which a Canadian business man now resident here summarized a book on the Dominion which has just been published by the Bankers' Trust Company.

The book, which is intended for circulation among the principal business and financial men of the United States, contains information regarding Canada which is of particular interest to United States investors and presents in a clear and convincing way Canada's possibilities as a field for investment. It is a volume of 174 pages, bound in cloth and is attractively printed. The object of the book is set forth in the opening chapter, which states that it was prepared with the purpose of giving American business men a more intimate knowledge of our northern neighbor and thus strengthening the bonds between and increasing the interchange of business to the mutual advancement of the two countries.

Canada's position in the world of commerce is briefly sketched in this introductory chapter as follows:

"As an evidence of Canada's phenomenal development the latest available figures indicate that the Dominion in relation to nine other industrial countries now stands first in area, second in potential water power, third in total railway mileage, fifth in total exports, sixth in pig-iron production and foreign trade, and eighth in population.

"The friends in between the Canadian people and ourselves is traditional," continues the writer, Harvey E. Pisk. "Canada interchanges more business with the United Kingdom than any other nation, not excepting the United Kingdom. We have only one greater customer, and that is the United Kingdom. Our friends in our intellectual and business interests and economic needs and needs. Her friendship and her business will be increasingly worth while. We have nothing to fear from her efforts to develop her resources and to create a better life for her people. Such development will only increase her need for the goods and services we can supply. As our market grows more convenient we will have only ourselves to blame if we do not find our present trade merely, but also add immeasurably thereto."

A chapter is devoted to Canada's achievements during the war, the government's war financing, war industries in the Dominion, and Canada's trade under war conditions.

"Everything points to a healthy and growing trade situation on a much higher level than that of the pre-war period," the writer declares, "and with a readjustment in the relative importance of the various products where, while the actual volume of agricultural and animal products will increase rather than diminish, their proportionate value will increase because of the growing importance of the products of the mine, the forest, and of manufactures."

Regarding U. S. investments in Canada, the book says:

"Not only has manufacturing in Canada been greatly stimulated by the war conditions, but these same conditions have attracted to Canada large amounts of American capital to be similarly employed."

It is estimated that the people today have invested in Canada upwards of \$1,200 million as against about one-fifth of this amount in 1914. Complete information regarding the finances of the Dominion is given in a series of chapters under the headings: "Canada's Credit Structure," "The Dominion Finances," "The Currency," and "The Banks and Banking System." Other features covered by the book include the industries, the tariff, the foreign trade, the railways, shipbuilding, shipbuilding and maritime activities, exchange, the government of Canada, the natural resources of the Dominion. There is also a chapter devoted to the British Empire and the relationship between its various units. Acknowledgement of assistance in compiling the book is made by the writer to a number of Canadians, including John Mackay of Toronto, C. L. Foster, agent in New York of the Canadian Bank of Commerce, and the Canadian Bureau of Information here.

DOMINION TIRES

Dominion-wide in the Wonderful Service They Perform

DOMINION TIRES are big things for motorists. Big, in the sense of satisfaction and mileage. Bigger, in the completeness of their service as interpreted by the Dominion Rubber System.

The Dominion Rubber System—the largest organization of its kind in Canada—not only makes good tires, it also sees that DOMINION TIRES give you the mileage and easy riding that you have a right to expect.

This means that every DOMINION TIRE—whether a "Royal Cord" for an \$18,000 Rolls-Royce or a "Plain Tread" for the front wheel of a Ford—is absolutely the best tire that can be had for the purpose.

More than this, you can get DOMINION TIRES wherever you are in Canada. From coast to coast, in every city, town and village, the best dealer or the leading garage is proud to supply you with any of the six different DOMINION TIRES for every car and every purpose.

This completeness of service and the satisfaction with quality have made these Dominion Rubber System Products nation-wide in popularity.

CANADA'S TRADE WITH BAHAMAS

Nassau, Bahamas Islands, Nov. 3.—(By Canadian Press)—A report just issued on the trade of the Bahamas Islands, credits Canada with 4 per cent of the total import trade of the islands. This is declared to be underestimated, however, for a part of the Canadian goods sent to this market was shipped through the United States and in the government figures was credited to the latter country. Comparison with reports for previous years show that Canada's trade with the Bahamas has been growing steadily.
