COMMON COUNCIL AGAIN DISCUSSES STREET PAVING Mr. Fisher Challenges Resolution of Board of Trade

NO ACTION TAKEN

Hint of New Industry for the City—Mr. Thornton Talks of Campaign Against Smoke—Citizens Want Check on Coal Weights

A rather informal discussion of street paving problems occupied the time of the city commissioners at a committee meeting of the common council this morning.

Mr. Fisher reported that the lowest tender for grooved granite blocks for use in paving in Union street was that of the Granite Street Paving and Construction Company.

Mr. Fisher said that the cost of pipes was so high that he would not like to go ahead with the expenditure this year unless assured that the paving was to be done next year.

The mayor suggested this was a matter which might be left to the decision of the council.

Mr. Thornton, when asked about progress regarding the smoke nuisance, said that the Royal Hotel was adding a section to its chimney stack.

Mr. Fisher said that he had received complaints from citizens who believed they were not getting full weight in coal.

The common clerk presented a letter from Kenneth A. Wilson, claiming damages for Viola Davis for injuries received when his client fell on some ice in Main street.

A resolution of the Board of Trade regarding street conditions, upholding the local improvements act, and urging more paving, as already published, was read.

Mr. Fisher said he had prepared a resolution on the subject as follows: That the receipt of the letter from the Board of Trade upholding local taxes for street paving be acknowledged and that an opinion be expressed that the attitude of the Board of Trade on this question does not reflect public opinion in this city.

If the action of the board was having any effect whatever, he said, it was to cause delay. Regarding another letter, suggesting a change in the act to make contributions by property owners compulsory, he said that he was sure they could not secure legislation of that kind.

Mr. Fisher said he could not support the proposal to revise the local improvements act.

The mayor said that it would take more than \$100,000 to put Douglas avenue in good condition. The interest on that amount spent annually would make a pretty good base.

Mr. Fisher said that to keep a good surface a cement foundation was necessary. He considered that the city would be justified in issuing bonds for paving of the type laid in Rotherly avenue by the provincial government.

Mr. Bullock asked why the same type of work could not be used in Douglas avenue.

Mr. Fisher said he believed asphalt from their own plant would be more satisfactory. Such would cost about \$80,000, with no concrete base.

No Peace Reply Till Late Saturday Night

Plebiscite in Upper Silesia Under Certain Conditions—Turkish Delegation Reaches Paris

Paris, June 12—There was increasing belief in peace circles today that the reply to the German counter-proposals would not be ready for delivery before late on Saturday night.

Five days has been definitely fixed as the limit within which the Germans must decide upon their course.

The reply to the counter-proposals, according to French conference sources, agrees to a plebiscite in upper Silesia subject to certain clearly defined conditions.

The Turkish peace delegation arrived this morning, accompanied by a French naval lieutenant and a captain from the staff of General Franchet Despéry.

There was no official reception. The party remains in its car, which was sent to Vincennes, in the suburbs.

An official statement issued by Admiral Kolschak, head of the all-Russian government of Omsk, regarding his negotiations with the peace conference, was received here yesterday. It states that he has appointed a commission to make a study of constitutional questions, preparatory to the framing of a constitution which will be submitted to the proposed constituent assembly.

Brussels, June 12—The peace conference will invite Belgium and Holland to submit their differences as to waterways to a commission composed of representatives of France, the Netherlands, Italy and Japan, but no suggestion for a transfer of territorial sovereignty nor the creation of new international obligations will be considered.

Paris, June 11—The Council of Four has decided that the boundaries between Hungary and Roumania and between Hungary and Czechoslovakia must be positively determined in order that Bela Kun may be told specifically to what points his troops must be withdrawn, if he desires to avoid a clash with the five great powers and win a hearing from the peace conference.

High street to the end of the street overlooking the old mill pond and, taking a winding, steeply ascending path, was precipitated down the steep incline to the bottom of the hill, a distance of fifty feet.

The fall was too great for the animal and it fell, breaking its neck. A throng of people gathered along Hillyard street the animal became frightened and bolted into an auto truck owned by Mr. Goff.

Mr. Goff, who was driving the truck, was not injured. The animal was killed.

There were 125 in the Fifty to Hundred Thousand Class—Total Up To April 30, \$6,445,349

Ottawa, June 12—In all 81,810 individuals, as distinguished from corporations, had up to April 30, 1919, paid taxes on their incomes for 1917 under the provisions of the federal income tax act passed in that year.

Twenty-four persons paid taxes aggregating \$96,522 on income exceeding \$100,000 for the year. A total of 129 paid on incomes ranging from \$50,000 to \$100,000. Their taxes totalled \$821,150.

On incomes of between \$20,000 and \$50,000, 241 persons paid in all \$821,650. On incomes of between \$10,000 and \$20,000, 2,655 paid \$1,108,107. Persons who earned from \$5,000 to \$10,000, a total of 4,497, paid \$869,912, and 28,907 taxpayers whose incomes were less than \$5,000 contributed \$1,028,747.

Situation Looked on as Serious; Communist Government for Austria

London, June 12—A communist government will be proclaimed in Austria on Sunday with promise of immediate access, according to information in government circles here.

The best information indicates that about forty per cent of the Austrian army is Bolshevik. The communists at the Hungarian front, whose military successes are considered to have strengthened them.

The Austro-Hungarian situation as a whole is viewed here as decidedly serious.

As Hiram Sees It

"Did you walk in from the settlement this morning?" the Times reporter asked Mr. Hiram Hornbuckle.

"No, sir, I was in town all night. Your boots," said the reporter, "are muddy."

"Oh," said Hiram, "yes—that's right. I must get a shine. I was down last night to that south end playground where the boys fix up the baseball diamond. We done a lot of work. Mister? They want me to be umpire or mascot or something 'round here."

Railway Board Makes Offer

Communication to Shopmen Met by Counter Proposal; Difference in Statements as to Telegraphers; Western Strike Situation

Montreal, June 12—The Canadian Railway Board this morning sent a communication to the officials of the union of No. 1 division Canadian Railway Shopmen offering to re-open negotiations. The officials were in session several hours discussing the offer, but it is understood that they have countered the proposition by offering to negotiate if it is clearly understood that when negotiations are re-opened the question of wages will be discussed.

If they are simply going to discuss shop conditions, then we are wasting our time in re-opening negotiations," said one of the union officials. If the board's this afternoon decides to agree to discuss wages and wage schedules in any new negotiations then in all probability the immediate danger of a strike will be removed and the two factions will "carry on" in their consideration of the question. If not the officials of the union state that the decision to go out on strike next Wednesday morning all over Canada will stand as ordered.

General Secretary Nell, of the war board, will return to the city this afternoon and will take a hand in the matter.

For Strikers. Victoria, B. C., June 12—Resolutions favoring a general strike here in sympathy with Winnipeg and in support of the right of collective bargaining and condemning the dominion government for provoking widespread industrial war in Canada, were passed by a standing vote last night at an open air meeting held in the Royal Athletic Park.

Approximately 2,000 persons were in attendance, the majority union workers.

For Industrial Council. Montreal, June 12—A despatch to the Gazette from Ottawa says that the government has been considering agitation for an industrial council, thoroughly representative of capital and labor, to meet immediately and have a frank discussion on the situation. It is understood that one of the recommendations of the general industrial commission will be along this line.

Truce in Detroit. Detroit, June 12—A temporary settlement of the street car strike was effected late last night when the city council and officials of the Detroit United Railways reached an agreement under which operations are to be resumed immediately, leaving a final settlement of the war controversy to arbitration.

Prisoner's Statement in Montreal is That He Was Innocently Made Member of Gang

Montreal, June 12—After pleading not guilty to the charge of murder of Aristotle Payette, a farmer of St. Sulpice, Jean Baptiste Lemay, alias Patrick DeLoe, made a sworn statement before Judge Cusson. He declared he had been a victim of an unfortunate circumstance. His story was that on the night of Aug. 14, 1917, he was visiting Mrs. Janette, who had a new automobile and wanted him to drive it for her. They started for Three Rivers on the suggestion of one of the party. On the Three Rivers road revolvers were distributed to everyone but him. The party went to a house and broke open the door. A man appeared in his night apparel. The automobile party demanded his money and he gave it. On hearing the shots the prisoner said he started to move away, when one named Lacoste said that if he did not get into the machine and drive it he would be killed. They did, one man falling dead. They then got into the machine and drove to Three Rivers and en route cut the telegraph wires. The party went to a house and broke open the door. A man appeared in his night apparel. SAYS 'PHONE ONE CAUSE OF HIGH LIVING COST

Butcher Tells Commons Committee What "Cash and Carry" Meant in His Business

Ottawa, June 12—J. A. Leduc, M. P. for Westmount-St. Henry, told the cost of living committee of the commons this morning that by conducting a "cash and carry" business and owning a own slaughter, he was able to sell beef at a reduction from thirty to thirty-five per cent.

On other provisions, by the "cash and carry" system, he was able to sell at from twenty per cent to twenty-five per cent cheaper.

For the best roasts of beef in small cuts, he said, he had not yet charged more than thirty cents a pound. He had only done so this year.

Asked who his customers were, he said there were all classes. They had the laboring class and the "millionaires" who are still willing to save money.

One of the greatest causes of the high cost of living, he said, was the telephone. Most people seemed to think that the highest price meat was the best and thus ordered over the telephone for the highest price. They did not know that as good a roast could be got for eighteen cents as for thirty cents. Then there was the expense of delivering following the telephone order. He had only to keep three rigs instead of from twenty to twenty-two if he did a delivery business.

RACE RIOTS IN ENGLAND

Negroes From South Africa in Conflict With Whites—Police Fired On

London, June 12—(By the Associated Press)—Serious race riots, occasioned by the presence of negroes brought from Africa and other parts of the world during the war as labor battalions, have occurred at several ports in England and Wales recently. They culminated in a night-long fight last night between negroes and white men at Cardiff and Barry-dock, nearby. One white man was killed and numerous whites were wounded. Boarding houses in the negro quarter were stormed, one of them set on fire and others looted.

This morning negroes armed with revolvers fired on the police in Liverpool, where similar scenes occurred. The local authorities have asked for government aid.

Mr. Fisher said that to keep a good surface a cement foundation was necessary. He considered that the city would be justified in issuing bonds for paving of the type laid in Rotherly avenue by the provincial government.

Mr. Bullock asked why the same type of work could not be used in Douglas avenue.

CANADA'S FINANCES.

Sir Thomas White, in the budget speech, made an impressive statement regarding the debt of Canada and the cost of the war. The cost of the war year by year was:

Table with 2 columns: Year, Amount. Rows: 1914-15 (\$60,704,750), 1915-16 (\$166,117,750), 1916-17 (\$306,456,814), 1917-18 (\$438,836,801), 1918-19 (\$650,000,000).

But the present year, so far as expenditure is concerned, with demobilization in progress, is also a war year, and Sir Thomas estimates the special war expenditure this year at \$800,000,000, bringing the total up to \$1,277,276,946.

Dealing with the national debt, Sir Thomas pointed out that it had grown from \$335,996,850 in 1914 to \$1,284,000,000 on March 31, 1919. Add to that \$800,000,000 for this year's war expenditure and the total will stand at almost \$2,084,000,000, an average of more than \$220 per head of the population.

Mr. Sinclair and Hon. Mr. Fielding argued strongly in favor of recognizing municipal expenditure, and urged the minister to consider it in framing the bill. Mr. Calder replied that he had no doubt there would be no difficulty in coming to a working agreement with each of the provinces.

Mr. McKensie suggested as a remedy that each province be given at least a small lump sum, as is provided in the good roads grants, and that would ensure that no province would be left out. He feared that otherwise the wealthy provinces of Ontario and Quebec would get the bulk of the money.

Mr. Calder agreed to leave this principle for further discussion, with the idea that a minimum would be fixed. He also agreed that in a case where a city or municipality desired to erect a technical school, without any provincial aid, as is the case in Peterborough and Renfrew, it was worth while to consider whether or not the federal grant should not be made available to assist. Other speakers emphasized the point that the money must not be concentrated in the large cities, but that technical training should be spread as widely as possible.

The bill was read a first time, but it was made clear that before it is finally adopted the interests of the smaller provinces and communities must be safeguarded. It has already been announced that the governments of the three maritime provinces will make a strong appeal for a stated grant to each province, the balance to be distributed according to population and in accordance with the other provisions of the bill now before the house at Ottawa.

Toronto Star: "One of the reasons urged against the reduction of the customs tariff in Canada is the need for very large revenues to pay pensions and interest on the war debt, as well as to provide for ordinary expenses. The same argument holds good for the retention and increase of the excess profits tax. Canada can no longer depend upon customs duties to meet its expenditures. These must be supplemented by other taxes, and no kind of taxation is fairer than that levied on excess profits and large incomes."

The preliminary report of the royal commission on industrial relations is expected to be before the government the first of next week. Action by the government on that report should not be long delayed, and should have a marked effect upon the industrial unrest throughout the country.

RECENT WEDDINGS

Dougherty-Hazen. The wedding of Miss Ethel Hazen to William Albert Dougherty, son of Hugh Dougherty, of this city, took place this evening at Christ Church Cathedral, Rev. Dean Steales officiating.

Turnbull-Ingersoll. The wedding of Miss Leticia Ingersoll to Harry Turnbull was solemnized Tuesday evening at the home of her parents, 1 St. James street. The bride's sister, Miss Lomie Ingersoll was bridesmaid. Mr. and Mrs. Turnbull will reside in Queen street.

At the home of Mr. and Mrs. Wm. Akerley, 116 Victoria street, last evening, their daughter, Miss Greta M. Hazen, united in marriage to Basil Bedford of Lancaster, by Rev. Dr. Hutchinson. They were unattended. Miss Dorothy Christie played the wedding march. Many valuable gifts were received. Mr. and Mrs. Bedford left today on an automobile trip along the St. John river.

The wedding of Miss Edna Maud Dixon and William Thomas Boyne was solemnized last evening at the bride's home, Glen Falls, by Rev. D. J. MacPherson. A wedding supper was served after the ceremony. Mr. and Mrs. Boyne will reside in St. John.

At St. Anthony, Kent, N. B., on May 27, the wedding of Miss Loretta Langis and Louis Boiteau was solemnized by Rev. Phillip Hebert. On their return from a honeymoon trip to the states they will make their home in Blouinville, where the groom is practicing law.

Charles Raymond Hind and Miss Anna Loties Sinclair of Newcastle, N. B., were married at Calgary, Alta., on June 10 by Rev. A. W. R. Whitteman, St. Paul's Presbyterian church. They will make their home in Calgary, after a trip through the Rocky Mountains.

In St. Stephen, N. B., yesterday, Miss Gladys Henstock, 15, became the bride of Dr. Alexander D. Dyas, who, since his return from overseas, has been practicing medicine in St. John, where he is a member of the St. John's Medical Society. After the ceremony the bride and groom left on a motor trip through Maine.

The death of William Foster occurred at his residence in New York on June 8, after a lengthy illness. Mr. Foster was the son of the late George and Mrs. Esther Foster, 40 Stanley street, St. John, and was at one time employed with the old Sun Printing Company of this city. He is survived by his wife, formerly Miss Ella Johnson of Adelaide street, St. John, his mother, two sons, three daughters, three brothers and four sisters. Burial took place in New York on June 10.

Many friends will regret to hear of the sudden death of Mrs. James Lealey who passed away yesterday. Mrs. Lealey seemed in the morning to be in her usual health but death came very suddenly. She is survived by her husband, one brother, Patrick J. Bradley, of Woodstock, and one sister, Mrs. W. F. Fitzgerald, West St. John. The funeral will be held on Saturday from her late residence.

The death of William Crowe occurred in Norton, June 8. He was born in St. John in 1838. He is survived by two sons, one daughter and seven grandchildren.

Harry Burnham died at his home in Annapolis, N. S., at the age of fifty-three years. He leaves his wife, one daughter and one sister.

O-Cedar Polish Keeps new furniture looking "new" THAT first finish which so delights you when a fine new piece of furniture is installed in your home—would you retain it? You can—easily—by the simple O-Cedar treatment. A few drops of O-Cedar Polish on a cloth dampened with water, forms a soft soapy lather which cleans, polishes and beautifies—bringing out the blended beauty of the grain. After polishing with a dry cloth, rub your dry hand across the wood, and note how dry the surface is. That is the O-Cedar result—a hard lustre that will neither become gummy or sticky, nor collect the dust. What O-Cedar Polish does for furniture, O-Cedar Polish-Mop accomplishes on floors. The Polish, 20c. to \$3.00 sizes. The Mop, round or triangle, \$1.20. Both at any Grocery or Hardware Shop. CHANNELL CHEMICAL COMPANY Limited TORONTO

NEW BRITISH CONSUL

GENERAL REACHES BOSTON

Boston, June 12.—Henry G. Armstrong, newly appointed British consul general at Boston, has arrived to assume the duties of his new office, in which he succeeds A. J. Oglethorpe, who has been acting consul general here since the retirement of Geoffrey Lealey.

Mr. Armstrong is no stranger in Boston, having often been in this city in the past when traveling in the United States. He has a high regard for Boston and is pleased with the opportunity of taking up his residence here.

Mr. Armstrong is a native of County Louth, Ireland, where he was born in 1861. He served for several years in the British army, and has spent the greater part of his life in commercial pursuits, having

been identified for a long time with the Manchester, Eng., Ship Canal Company.

The new consul general is at the Hotel Bellevue. He expects to be joined by his family within a few days, and will probably take a cottage at some seashore resort near Boston for the summer.

His official headquarters are at 150 State street.

CHECKERS IN MONTREAL

GET 10 CENTS INCREASE

Montreal, June 12.—Shipping owners and companies of Montreal have once more successfully negotiated with a section of harbor employees in regard to wages and working hours for the present season. Under a new agreement the checkers are to be paid fifty cents an hour for day work, and fifty-five for night. It is to be a ten hour day. The new rate represents an advance of ten cents an hour on last year's wages.

ST. JOHN SOLDIER SEVERELY INJURED

Pte. Grant Northrup in Siberian Expeditionary Force—News Comes From Him

That he had been quite severely injured. Apply Mrs. W. H. Dumes, 438 Main street, for particulars.

The letter came addressed to his sister-in-law, Mrs. Gerald L. Northrup of Newman street, as the writer did not know that his brother, who is her husband, had returned from overseas. No particulars were given as to how the injuries were received, but it is thought that it was from shrapnel. Private Northrup said he had left Vladivostok in a hospital steamer and was being carefully treated.

This is the third of the sons of Mrs. Emmaline Northrup, formerly of this city, but of late residing in Vancouver, to be in active service. He was formerly in the employ of Vanward Bros., Charlotte street. The other two brothers served in France. Gerald, who was with the original second divisional train and who returned home a short while ago, and Bruce, who was killed while serving with the 29th Battalion from the west in 1916.

SICK HEADACHE and CONSTIPATION

CURED BY MILBURN'S LAXA-LIVER PILLS

When your liver becomes sluggish and inactive, the bowels become constipated, the tongue becomes coated, the breath bad, and the stomach all out of order. Then comes those terrible sick headaches. They take out every bit of life and ambition, bring on depression, and often end in complete mental and physical prostration.

To keep the liver active, and your bowels moving regularly is the only way to get rid of the constipation and the distressing sick headaches. Milburn's Laxa-Liver Pills will do this for you by stimulating the sluggish liver into manufacturing sufficient bile to act properly on the bowels, thus making them active and regular.

Mrs. Winifred McKay, Jordan Branch, N. B., writes: "I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctors' medicines, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured. I would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are small and easy to take; and do not grip, weaken or sicken as so many pills do. Price six cents a vial at all dealers, or direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Lloyd Harris Astonishes Manufacturers Association—Some Tariff Matters

WHAT SIR SAM'S PRIVATE CAR COST

Bought For \$9,752 and Repairs at Cost of \$27,819 Made After Five Years

Toronto, June 12.—Lloyd Harris, Canadian trade commissioner, astonished the members of the Canadian Manufacturers' Association yesterday afternoon when he said that on account of the stringent financial conditions in Europe, the solution of the problem was to go back to the old Indian system of trade and barter. He instanced an offer from the Russian provisional government in southeastern Europe to exchange materials for Canadian goods, instead of paying money.

Ottawa, June 11.—Expenditures by the government on private cars with particular reference to the cost of Sir Sam Hughes' car, bought in 1912 when he was minister of militia, were probed yesterday in the common public accounts committee. S. W. Jacobs was the chief inquirer and Col. Charles Winter, assistant adjutant-general and formerly military secretary of General Hughes, the witness. In reply to a question Colonel Winter said that the car was purchased for \$9,752 by D. D. Haines of the Canadian Northern Railway in July 1912, in Chicago, for \$9,752. At the time repairs were made costing \$1,500. After using the car for five years the car was repaired in a cost of \$27,819.

The committee on tariff reductions favorably upon the principle of preferential tariffs within the empire. The committee said that if the demand of the grain growers were met widespread depression would result, and that the committee was convinced that the movement to secure these tariff reductions had in view, step by step, ultimate free trade with the United States.

On the subject of preferential tariffs within the empire the committee reported that it believed that the adoption of substantial tariff preferences among the British countries corresponding to the preferences provided in the tariff of Canada would effectively strengthen and consolidate the empire as a whole, but each constituent part.

Denial by Minister. Toronto, June 12.—Replying to a letter of inquiry from the Canadian Manufacturers' Association, Rev. Ernest Thomas, field secretary of the army and navy department of the Methodist church, declared that a report that he had stated before the industrial commission in Montreal that in going up to Canada he had frequently heard members of the Canadian Manufacturers' Association threaten to provoke strikes, is unfounded and was made by a reckless reporter.

THE ARMEN AT NEWFOUNDLAND

St. John's, Nfld., June 12.—Vice-Admiral Mark Kerr, pilot of the Handley Page entry in the trans-Atlantic contest for the London Daily Mail's \$30,000 prize, announced last night that he would take the big bomber up today for a five-hour trial.

Weather reports last night indicated an attempt at the crossing could not be made for several days.

MUTT AND JEFF—JEFF DISCOVERS THE MEANEST ONE

By "BUD" FISHER

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JUNE 12, 1919

ST. JOHN MAN GLAD
NOW HE TOOK THE
ADVICE OF FRIENDS

After Being Urged to Take
Tanlac He Does so and
Troubles of Three Years
Standing Have Been Over-
come.

Hundreds of St. John people, both men and women, are now taking Tanlac with the most surprising and gratifying results and numbers have called at the Drug Store in the past few days purchase the medicine and to tell of the benefits they have derived from its use. Among the number who called is Henry McGee, of 15 St. Patrick street. Mr. McGee seemed profoundly grateful for his wonderful improvement and in relating his experience, said:

"I have not finished my first bottle of Tanlac before I began to straighten up. Honestly I believe it's the best medicine in the world and while I have just finished my second bottle I have improved so much that I am ready right now to tell everybody about it.

During the past three years, that is until I got Tanlac, I have suffered almost continually from indigestion. My food just seemed to lay in my stomach like lead and I couldn't eat anything without feeling miserable for hours afterwards. Then came the 'flu epidemic and I was taken down with this trouble, which left me in a much worse run-down condition than ever. There was an awful pain in my side, so bad at times that I could hardly get my breath, and had that tired, no account feeling all the time. I could neither eat nor sleep to do any good and got so weak and played-out that I couldn't work and was forced to quit my job.

"I had read numbers of statements in the papers from people who claimed Tanlac had relieved them of such troubles, but I never thought much about being good for me until some of my friends urged me to try it. Now I can cheerfully say that I am mighty glad I took their advice, for I commenced to feel a big change in my condition with my first bottle. My appetite is so big now that I can hardly eat enough to satisfy me and my food seems to agree with me perfectly. The pains have disappeared from my side, my tired, worn-out feelings are gone and I am now in shape to go back to work. In fact, Tanlac has put me on my feet and I don't hesitate to recommend it as the best medicine I have ever run across. I would spend my last dollar for it rather than be without it."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system. Next, it enables the stomach to stomach to thoroughly digest its food permitting the nourishing elements to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease weakness, it cures the mind clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, quickens the system and is an unfailing source of comfort to all suffering from such troubles.

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.—(Adv.)

Eyes Sore?

If your eyes or lids are sore; if they itch, burn or feel dry; if your vision is blurred, your eyesight dim, if you are obliged to wear glasses, go to your druggist and get a bottle of Bon-Opto tablets. Dissolve one in a fourth of a glass of water and bathe the eyes from two to four times a day. Sound, comfortable eyes and improved eyesight will make the world look brighter.

Note: Doctors say Bon-Opto strengthens eyesight and in a week's time in many instances Watson's Drug Store and other druggists.

The Intelligent Way
To End Corns

Not by paring. That's a risky makeshift, and results are brief. Not by harsh, haphazard methods made by non-scientific men. Not by padding. Pads are unsightly, and they simply coddle corns.

Expert Methods

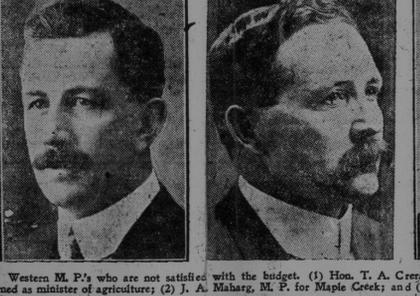

Blue-jay was invented by a scientific expert. It is made by a house famed for its surgical dressings. It embodies the up-to-date method, the right method of corn treatment.

Apply it and the pain stops instantly. Forget it for two days. Remove it, and the corn is gone for good. One corn in ten may need a second application, but that's all.

Millions of corns have been ended in this way. Aching corns are unknown to its users. These are facts known to your own friends and neighbors. It is time that you knew them. Try Blue-jay tonight.

THE TARIFF ISSUE

Western M. P.'s who are not satisfied with the budget. (1) Hon. T. A. Crezar, M. P. for Marquette, who has resigned as minister of agriculture; (2) J. A. Maharg, M. P. for Maple Creek; and (3) John F. Reid, M. P. for Mackenzie.

Crezar and Calder on The Tariff

Ottawa, June 11—Members of the commons who anticipated a lively up of the budget debate because Hon. T. A. Crezar and Hon. J. A. Calder were billed to speak were not disappointed today.

Mr. Crezar told the house why he felt impelled to leave the government, while the minister of immigration and colonization explained why he supported the budget proposals of the finance minister.

Mr. Crezar explained that he had dropped out of the government because he found himself in sharp opposition to his colleagues on the fiscal policy and the only honorable course to pursue was to tender his resignation.

Mr. Calder, on the other hand, maintained that until demobilization is complete the tariff is not an issue.

FAMOUS STAR AT THE IMPERIAL

Alia Nazimova in Big French Production "An Eye For An Eye"

"Eye for Eye" which was shown at the Imperial Theatre, yesterday, and in which Nazimova was seen in the leading role of Hassouna, has created new and greater heights in the annals of the silent drama. The production and acting were both of superlative quality and the audience was on the qui vive of excitement and enthusiasm during the entire period of the performance.

Hassouna, a young and very beautiful Arabian girl, lives in the tented city of her tribe in the desert. Here comes Captain Cadere, an officer of the French navy in pursuit of his duty. In a religious frenzy the tribe capture and make him prisoner, intending to kill him dead. By strategy she affects his release and escape and then confesses her deed to her father. The tribe is enraged at her act and condemn her to death choosing to abandon her in the desert where she will perish from thirst. She is rescued by another tribe who take her to the city of Tangiers and sell her as a dancing girl to a travelling circus.

After many hardships and much ill-usage at the hands of the brutal manager of the circus she is rescued and taken to the home of the man she aided in the desert. In scenes which occur during this period of the thrilling drama Nazimova is superb in the utter abandon of her art—she becomes the passionate, young child of the desert who does not know the meaning of the word restraint.

In the scenes in which she does the dance of the Veils she holds the audience in the palm of her hand—not a sound to break the rapt attention with which her work is received. It is a picture which arrests the attention and expands the imagination—transporting the beholder to the heart of things Oriental and mysterious and telling a story of intrigue and passion, which is not to be surpassed.

The play was taken from "L'Occident," a successful drama, by Henri Kistemann, the Belgian dramatist, and adapted for the screen by June Mathis and Albert Capellani. The direction

A WORKING GIRL'S LIFE

Day in and day out, month after month, often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.

WANT NO INTERFERENCE FROM INTERNATIONALS

Quebec, June 11—How the various local organizations comprising the National Catholic Union have avoided strikes by conciliatory methods was described to the industrial relations commission at its meeting in the city hall this afternoon by the members of a delegation from this organization. They particularly opposed the interference of outsiders, such as the officers of international unions, in their affairs, which they contended they were quite well able to look after themselves.

DR. STEWART OF HALIFAX CHOSEN BY THE ASSEMBLY

Dr. Stewart of Halifax chosen by the assembly to succeed late Dr. Somerville as Presbyterian Parliament Express Sympathy With Cause of Organized Labor.

Hamilton, June 11—In view of the action of the general assembly, which he believed to be injurious to the fund of which he is convener, J. K. McDonald, of Toronto, this morning tendered his resignation as convener of the finance board. The matter was referred to the committee for striking standing committees.

James Rogers, of Montreal, brought in the report concerning the appointment of a convener of statistics and joint clerk of the assembly, left vacant by the death of Dr. Somerville, Toronto.

Thomas Stewart of Halifax, will receive the appointment and G. Tower Ferguson, of Toronto, will be appointed treasurer for one year. The standing will be fixed later.

The assembly endorsed overture received from the synod of Hamilton and London recommending that the government be asked to make the date of Thanksgiving Day the same as in the United States.

The overture asking the government to appoint in future days other than Sundays as days of national prayer was also endorsed.

The resolution of the assembly on the subject was presented by Rev. W. E. Ross, of Halifax.

The resolution stated that the assembly recognized the present social unrest as a sign of the vital effort of the nation to adjust itself to new and changing conditions. They also recognized that this unrest is a belated protest against injustices that have been tolerated in the social system—the alienation of our natural resources—the tying up of land for the unearned increment in value, profiting speculatively during the war, the public indifference towards the conditions in which many people live and the call for extensive reform by parliamentary legislation of the abuses complained of.

Industry, the resolution pointed out, exists primarily to serve. In order to serve it is necessary to secure and the public indifference towards the conditions in which many people live and the call for extensive reform by parliamentary legislation of the abuses complained of.

The resolution pointed out that the rights to secure and the emphasis of the hour should be on the service rather than its reward.

The assembly warmly recommends movements now afoot in many districts towards the following ends:

1. To secure a voice in determining the conditions under which they shall work.

2. To have in the wealth, jointly cooperating with the state in providing insurance against unemployment, accident, illness and insurance for old age.

3. To secure for workers such hours of labor as afford time for self-improvement, for service to their families and community.

All parties are urged to be conciliatory in spirit in adjusting their disputes, in view of the situation at the present time.

Profound sympathy is expressed with the aims and objects of organized labor on the whole, but organized labor is also reminded that it is now and must continue to be only a small part of the world's workers and that the success of their cause depends upon winning public confidence. Organized labor should stand for each man rendering the fullest service. The involuntarily of agreements must be insisted upon.

The assembly affirms its conviction of the rights of workers to organize, and of the rights of the members of each craft to elect their own representatives with the management of the industries in which they are working. This should be recognized at once by the employers and the state.

Don't Hawk, Blow, Sneeze, or Cough Use "Catarrhzone"

When germs attack the lining of the nose, make you sneeze and gag—when later on they infect the bronchial tubes—how can you follow them with a cough syrup?

You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhzone goes everywhere—gets right after the germs—kills them—beats the soreness—cures the inflammation—makes Catarrh disappear. Not difficult for Catarrhzone to cure, because it contains the essence of pine balsam and other antiseptics that simply mean death to catarrh. Large size costs \$1 and contains two months' treatment; smaller sizes 50c. and 50c. all druggists and stockholders.

Federation Wants Beer

Atlantic City, June 11—Organized labor today went on record against war-time prohibition and in favor of the exemption of 2-3-4 per cent. beer from both the war-time prohibition act and the federal prohibition amendment in a resolution adopted by the American Federation of Labor.

The stock includes various grades of strap, harness, sole and bag leather and rawhide calfskins.

Methodist Changes

The first draft of the report of the stationing committee of the N. B. and P. E. I. conference, in session at Seaside, with five vacancies unfilled, was announced last evening.

Changes were approved the following as pastors: Carleton, Rev. Jacob Henney; Zion, Rev. Richard Ople; Maryville, Rev. J. J. Pinkerton; Nash-wick, Rev. E. A. Westerland; recommendation to Conference that Rev. Mr. Hensel return to Seaside; Rickmond, Kent Co., Rev. W. B. Leard; Chatham, Rev. H. F. B. Strothard; Albert, Rev. R. M. Hensel; Marquette, Rev. J. W. Holmes; Milltown, Rev. M. E. Connor; Charlottetown, Rev. G. W. F. Glendon; Cornwall, Rev. (Capt.) Christopher Graham; Montague, Rev. George A. Pellier; Mount Stewart, Rev. John Wigham; Marquise, Rev. (Capt.) W. S. Godfrey. The committee recommended to the session that Rev. F. E. Boothroyd, of Zion church, be granted a year's leave of absence to take up temperance work.

Find Mrs. Mann Ended Life While Suffering From Mental Aberration

Moncton, N. B., June 12—A coroner's jury in an enquiry held into the tragic death of Mrs. S. J. Mann, yesterday returned a verdict that she died from chloroform and suffocation by her own hand, while suffering from mental aberration. It came out that she had made an attempt upon her life by slashing her wrist only a few days prior to her death.

Mrs. John Sangster, who had known Mrs. Mann from childhood, testified to meeting her frequently at the home of her mother, with whom she had been staying for some weeks. She said Mrs. Mann seemed to be much depressed at times.

Mrs. David Pineo said Mrs. Mann had seemed much agitated, fearing something had happened her mother.

Dr. L. N. Bourque testified that he was called to attend her about two weeks ago and found her suffering mentally and very much depressed in spirit; also she had hallucinations. It was his intention to have her taken to a sanatorium so soon as permission was obtained from her husband, who was not at home.

G. O. Spencer, druggist, said Mrs. Mann was a customer of his store. He told of an order over the telephone to one of the clerks. It included a prescription for borax acid for an eye wash. Along with this she wanted a small amount of chloroform to put her furs away in the fur chest. The witness did not know Mrs. Mann, and after sending the order Mrs. Mann, her mother, called and paid for the purchase. In his store they were always very careful to whom they sold chloroform. The bottles contained only two drams each and would not be sufficient to cause death without the use of the gas mask.

Surplus War Leather Is Sold at Auction

Philadelphia, Pa., June 9—More than \$200,000 worth of surplus leather purchased for war purposes was sold by the government at public auction. The sale will continue until the entire stock, valued at approximately \$400,000, is disposed of. Representatives of leather firms from many sections are attending the sale.

"Oh, I Cannot Stay Alone"

"But, my dear, you know I must go to work."

"What ever shall I do?"

"But I thought you liked to be alone."

"I did used to, but I cannot bear to be alone any more. I am afraid something terrible will happen to me."

"Did you sleep well?"

"No, indeed I did not. I am afraid to sleep for I had such terrible dreams."

"You never used to be like that."

"Until I had that operation I was all right. But since then I have always been so nervous and irritable, and never seem to feel like I did before."

"I guess the shock was too much for the nervous system."

"I suppose it was, for my nerves have all gone to pieces. I get so discouraged and downhearted sometimes that I cannot help but cry. Oh, if I could only get something to make me well."

"Some of the boys at the shop have been talking about Dr. Chase's Nerve Food. Why not try it?"

"Oh, I will try anything if I can only get rid of this terrible nervous condition. Do you know, at times I am afraid I shall lose my mind."

"But you must cheer up."

"How I wish I could, but I cannot control my feelings. It seems that I am all the time in dread of something."

"Well, I am going to get you some of Dr. Chase's Nerve Food and we shall see what that will do for you."

"You get the Nerve Food on your way home at noon and I must try to control my nerves in the meantime."

"I will bring the Nerve Food all right and it will be a great blessing to us if it only makes you well."

"I do believe it will. Why should it not help me when it is curing so many people?"

PTE. WALSH ACQUITTED OF RHYLL RIOT CHARGE

Hon. W. E. Foster, premier of New Brunswick, a few days ago received a telegram from the New Brunswick government office in London to the effect that Private W. P. Walsh, of St. John, who had been under arrest in connection with the riots at Kinnel Camp, had been acquitted by the court-martial which tried his case.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or any-thing else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain purified coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can possibly in-jure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, sand and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifold coconut oil at any pharmacy; it's very cheap, and a few ounces will supply every member of the family for months.

Article Well Worth Your While to Read

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, calm and sleeps well. Unstrung nerves mean weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferrazone for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferrazone quickly brightens up the mind. It creates an appetite and improves digestion. Ferrazone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferrazone is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferrazone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferrazone. Because nourishing and perfectly harmless, all can use it, even children. Get Ferrazone today, 50c. per box, at all dealers or by mail from The Catarthzone Co., Kingston, Ont.

New, Positive Treatment to Remove Hair or Fuzz

(Beauty Notes.)

Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.

LEAGUE SAFER WITH GERMANY IN THAN OUT

Would Forestall Formation Of Anti-Entente Group

CONDITIONS BEING SET

British, French, Americans and Italians Reach Unanimous Decision Regarding Entry of Germany

Paris, June 10.—The movement to admit Germany to the League of Nations is due mainly to the desire to avoid the possibility of the formation of another group composed of rival powers, which would embrace Germany, Russia and the old "Entente" group.

Evidence has reached the conference leaders of late that influences are at work in Germany and Russia to establish relations as a basis for a combination of powers not in the league. While not regarded as imminent, it was felt that the danger of such combination would be always present while Germany was outside the league, and the admission of Germany, therefore, was recommended as a means of subjecting her to the same obligations as the Allies under the League of Nations.

This sentiment was chiefly instrumental in the unanimous decision of the British, French, American and Italian members of the league committee concerning the conditions on which Germany may be admitted. One of the chief authorities said today: "We can deal with Germany better when inside than outside the league."

Outside she would be able to go her own way. Inside she must conform to the same obligations as the Allies."

The covenant originally foresaw Germany's admission on giving "effective guarantees of her sincere intention to observe international obligations." The recommendations now submitted to the Council of Four define these effective guarantees, namely, the establishment of a stable government, the signing of the peace treaty, and loyally executing the terms of the peace treaty.

The league covenant also made it conditional of Germany's entrance that she accept the league restrictions of military and naval armaments. It was proposed to define this by specific abolition of compulsory military service.

M. Clemenceau objected, however, on the ground that such specification might bring up the whole question of compulsory service. It was omitted from the recommendations presented to the Council of Four.

Both these sterling remedies are sold by dealers at 50c a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

'Fruit-a-tives' is also put up in a trial size which sells for 50c.

The peace conference has decided to name a commission of seven members to continue the discussion of the revision of the treaty of 1919, having to do with the status of Belgium. There will

be one member for each of the five great powers, and one each for Belgium and Holland.

The final draft of the political clauses of the Austrian treaty, it is understood, is being delayed by discussion of the demand of the Italians for a provision authorizing the deportation of "undesirables" in the part of Austrian Tyrol to be annexed to Italy. This demand is meeting with considerable opposition.

The organization committee of the League of Nations commission, composed of Lord Robert Cecil, Great Britain; Stephen Pichon, France; Colonel Edward M. House, United States; the Marquis Imperiali, Italy; Viscount Chinda, Japan; M. Jacquemyns, Belgium; M. Magalhães, Brazil; M. Corneilles, Greece; and Senor Quiñones De Leon, Spain, held its second meeting under the chairmanship of M. Pichon.

The secretary-general, Sir Eric Drummond, presented a memorandum regarding organization of the league after which there was a general discussion, as a result of which the following resolution was adopted:

"It will be essential to the league to be fully informed at the earliest moment of all the political, economical, financial, social and other relative considerations in all parts of the world. Every state which is a member of the league should therefore undertake to supply the international secretariat with all appropriate information."

The League of Nations committee has agreed to recommend that governments of states which are members of the

league should count as meritorious the services of their national officials on the international secretariat.

It is also desirable to invite a number of eminent international jurists to advise on the constitution of the permanent court of international justice which is to be set up under article 14 of the covenant of the league. This question will be taken up in more detailed form at a later day.

Maritime Races
(Moncton Transcript)
In a write-up of the harness racing interests in the various centres of the maritime provinces, which he recently visited, Al H. Standish, of the American Horse Breeder staff, gives the following on the stables at Moncton:—
"Mr. Belliveau is the owner of Budlight, 2:04½, one Thomas W. Murphy's first string pacer last season, and purchased during the winter by the Moncton sportsman. The King Reo pacer is now in the stable of William Ingram, who also has in his charge the former Indiana-owned pacer Dan C. 2:04½, by Newton Boy, 2:10½ (sic of Possibility, 2:02½, and Davus, 2:21½), and the Peter the Great mare, Alice the Great, 2:24½, also a yearling colt, an exceptionally promising youngster, out of Alice the Great and by the Bingen Stallion, La Copia, 2:09½.
Another interesting stable at the Moncton track is that of Frank Boutillier, the Halifax, N. S., trainer, who is working the trotters, Brage, 2:16½, by Baring, 2:12½, and Davus, 2:21½, by Baring. The pacer of the stable is the dependable Belmont Miller, 2:16½, by Acquire (son of Arlin), 2:19, raced so successfully last season by Boutillier. Three green prospects of good pedigree complete the Boutillier roll call.
Trainer Peter Carroll also of Halifax is at Moncton, with the trotter Marshal M., Jr., 2:22½, by Marshal M., (son of Bingen, 2:09½), the Kuvens trotter Napoleon C., 2:19½ (a winner last year at

SOME INFORMATION ABOUT

BADGES FOR THE SOLDIERS

There has been considerable misunderstanding among soldiers and the public about the war service badge, as to what class of badge should be worn and what soldiers are entitled to wear them. The following explanation has been secured by The Times.

The class A war service badge is issued to soldiers who have seen service in France, if the soldier is actually on the strength of a unit and has seen service in France.

The class B war service badge is issued to soldiers who have at least seen service in England and who are struck off the strength of the Canadian expeditionary force as permanently unfit for further military service. In order that this badge may be issued the soldier must be in medical category E, which is the lowest medical category. For a soldier to be placed in this category his physical condition must have been such on account of wounds or other injuries received while in the service.

The class C badge is issued to soldiers who have seen service in England and have been struck off the strength of the Canadian expeditionary force in Canada on demobilization, having no permanent disability.

If, however, a soldier has seen service in England and is struck off the strength on demobilization, medically unfit for general service, he is not entitled to a class B badge, as the disability which he has derived from service is not a permanent one and does not place him in medical category E. In this case the class C badge is issued. Class C badge is also issued to all soldiers who have seen more than three months' service in Canada.

Applications for the badges must be made to the district record officer in the district where the discharge has been carried out. Parchment discharge certificates should in every case be sent to the district record officer under registered cover. This certificate must accompany application, so that a notation of the badge issued may be made on the certificate, this being the authority that the wearer is entitled to it. In all cases care will be taken of the discharge certificates while they are in the district headquarters and the badges with the certificates will be returned under registered cover with as little delay as possible.

The wearer must also take great care of the badges as under no condition can they be replaced. Those not entitled to wear the badges are warned that a heavy penalty is provided for misuse. As all badges are numbered and registered at military headquarters, Ottawa, the matter can be easily traced.

The wearing of a Canadian Patriotic Fund badge is not authorized and under no circumstances should be worn. These should be turned in to the district record officer for the district concerned, and he will issue a class A war service badge in place of them if the holder is entitled to a further award.

GLORIOUS RECORD OF BROOKVILLE AND TORRYBURN

Honor Roll of Soldiers Unveiled Last Evening

Every Man Eligible Responded to Call to Arms and Not a Single Claim for Exemption Under M. S. A. Was Made

In Brookville hall last evening there was an interesting and pleasant gathering to witness the unveiling of the honor roll of men who volunteered for service of their king and country from the Brookville and Torryburn districts.

The hall had been prettily decorated by the ladies of the community and was filled to capacity. The speaker for the evening was Chaplain E. B. Hooper, and the chair was taken by George N. Breen, who in his remarks referred to the fact that this community had furnished 100 per cent of its young men who were physically fit, including some who, though under military age, fitted themselves out with long pants and other men's apparel to enable them to get into line with the rest of the boys' (Applause). He referred to Chaplain Hooper's long service at the front, and the name he had made for himself among all classes and grades.

Chaplain Hooper was greeted with applause on rising to speak, and for half an hour or more delighted the people with relation to his experiences at the front and also in connection with his work in the military hospitals at various places. He spoke of the only thought which dominated the men with whom he had come in contact and said he regarded it as the highest privilege to have been associated and working amongst men who dropped all their differences, personal, social and religious, and in a spirit of self-sacrifice went forward to give their all if necessary for their country.

His remarks were well received, and at the conclusion he called upon Miss Gallagher of Torryburn, whose two brothers had given their lives, to unveil the honor roll, which she did amidst loud applause.

Magistrate Adams accepted the honor roll on behalf of the community, and said that he had been agreed to place this permanently in the local church for safe-keeping and for future reference. He also said that when on being appointed to the exemption tribunal, under the military service act in 1917, he found that there was not one claim for exemption in this district to come before the tribunal, as every eligible young man had volunteered and been accepted.

During the programme the Brookville choir sang several selections, and after the usual vote of thanks, the national anthem brought the gathering to a close.

The following are names of those who enlisted from the district. Those marked with an asterisk gave up their lives for the cause of right against might:

MAJOR INCHES AND MAJOR RYDER BOTH ARE AWARDED D. S. O.

In the birthday honor list recently published two St. John officers are honored by being made members of the Distinguished Service Order. Major Cyrus Inches, M. C., and Major T. E. Ryder, M. C. Both are former members of the 8th Garrison Regiment Artillery, which played so conspicuous a part in the success of the Canadian corps in France. Major Ryder is now in Montreal, while Major Inches is living here and practicing law.

Both left St. John with the first division nearly five years ago as lieutenants, Major Inches with the First Divisional Ammunition Column, Major Ryder with the First Heavies. The former transferred to the First Heavies at Salisbury Plains as a subaltern and has the unique record of remaining with the same unit for the whole period of the war, getting first his captaincy and then his majority with command of the battery. In addition to the D. S. O. which he has now received he has won the Military Cross.

Major Ryder transferred to the 2nd Brigade, C. G. A., and with his captaincy went to the 6th Siege as officer commanding. Later he received his majority and became commanding officer of the 7th Siege. He also was awarded the Military Cross. Major Ryder was formerly local manager with the Canadian Fairbanks Morse Company. Both he and Major Inches will be the recipients of hearty congratulations upon their further honors.
