Is Hindenburg's Boast  
Reply to Statement That There  
Will Be No Food Left In  
Germany by May

German Newspapers Feature Predictions  
of Defeat of Allies on Western Front  
in Spring Offensive; Fighting to Sur-  
pass Fiercest Struggles of War

The Hague, Jan. 19.—(Correspondence of the Associated Press)—Travelers from Germany bring a record of a recent conference at Berlin at which Field Marshal Von Hindenburg received the editors of thirty German newspapers and discussed the food situation with them. The editors told Von Hindenburg that by next May there would be no food in Germany.

Amsterdam, Jan. 19.—(Correspondence of the Associated Press)—Advertisement of what Germany is planning to do on the western front before American military power can be put into the conflict continues to be a conspicuous feature of the German newspapers.

"The next six months will be the deciding period," says the Frankfurter Zeitung. "During that eminently important period the Central Powers will with absolute certainty have the strategic superiority, for the hopes of the Entente for American help cannot possibly be fulfilled within that time. The Central Powers will concentrate their whole strength on the west front for a decisive blow. French soil, those fertile, flourishing fields which have already suffered seriously and have drunk such rivers of blood, will be the scene of a final struggle which will far surpass the fiercest struggles of the past year."

"If we do not share the light-heartedness with which the problem of American help is often set aside, we also consider it certain that the United States cannot in the next few months increase to the very great moral and economical support which they have given the Allies."

The Deutscher Tageszeitung, in an article declaring that all eyes are now focused on the west, declares that the greatest battle of the war is now about to begin there. "We must not allow the belief to arise, however," it says, "that the increase of our strength in the west will force the French to lay down their arms or the English to sue for peace. It may come to this, of course, and Hindenburg said a year ago, 'we are already doing it, my children. Our emperor, the supreme war lord, has said that the decision is now to be sought. Will to victory and readiness for peace are combined in his work. All the enemy does not wish peace we must bring peace to the world by breaking in the gates of those who do not want peace, with mailed fist and flaming sword.'"

STEAMERS REALLY  
GERMAN OWNED

Prize Court Condemns Three Ves-  
sels Captured While Flying  
the American Flag—One Was  
Taken to Halifax

London, Feb. 4.—The prize court has condemned the steamers Kankakee, Hocking and Genesee, owned by the American Trans-Atlantic Company, which were seized in 1914 while flying the American flag.

The president of the court condemned the vessels on the ground, though nominally American owned they were really German owned and that the claimant company was only a covering name for Hugo Stinnes, director of the German German Shipping Company.

The steamship Hocking was seized by a British warship in October, 1914, and was taken to Halifax. She had previously been the Danish steamer Gronland and was recently changed to American registry.

The Genesee was changed from Danish to American registry in August, 1914, and was seized in November and taken into St. Louis.

The Kankakee, another of the American ships suspected by the British of being controlled by German capital, was seized by a British cruiser off the South American coast in November, 1914. The American Trans-Atlantic Company protested to the Washington government and the latter, on carrying the matter to the British government, were informed that the vessels would be held pending the prize court decision. In May, 1917, an eleventh hour settlement out of court of these cases was expected, but the British government about the same time decided to bring the issue to trial, the government contending that the vessels were owned by the German Hugo Stinnes, and that it was in possession of strong evidence against the three ships.

FISHERIES COMMISSION  
NOT GOING TO HALIFAX

Halifax, Feb. 5.—The Halifax board of trade sought to have the fisheries commission now in St. John come to Halifax, but has been advised by Hon. Mr. Hazen that this is not feasible.

NO GAS IN SHERBROOKE

Sherbrooke, Que., Feb. 5.—The householders who use gas for cooking, and a great majority of them do, had to partake of a cold breakfast this morning owing to a breakdown at the gas plant last night. The two newspaper offices are held up as there is no gas for the machines, and issues today were greatly reduced. Hotels and restaurants are also badly hit.

TRIAL OF GERMAN  
NAVAL OFFICERS

Attorneys for Defence in Case of  
Conspiracy to Destroy Steamers  
Present Ingenious Pleas

New York, Feb. 5.—The trial of Captain Franz von Holtz, German naval officer, and twelve other Germans accused of conspiring to destroy a British steamer with fire bombs, before the United States entered the war, is now in its close today in the federal court here with summing up by government counsel and the court's charge to the jury.

Attorneys for the defence concluded their arguments last night, before the trial, and are now presenting ingenious pleas, maintaining that their clients were legitimate agents engaged when they manufactured explosives on board a former German liner then docked at Hoboken, N. J., and others that the bombs were made innocently without the defendants knowing to what use they were to be put. The trial began on Jan. 22.

The government charged specifically that the defendants plotted to secrete bombs in bags of sugar which were included in the cargo of the ship Kirov, which was caught during a voyage from the United States to France in May, 1914. The alleged conspiracy involved also the shipment of bombs to the Pacific coast to be placed on vessels sailing for the Orient. In all thirty-three ships valued at more than \$4,000,000 were said to have been damaged or destroyed by fire bombs declared by the government to have been made by the defendants.

The location of the sector was kept secret until it became certain that the enemy had discovered it.

There has been a general increase in the artillery activity for the last day or so all along the American front. The Germans are still unable to occupy the first line trenches which were captured by artillery fire. They have now constructed another line of trenches at that point.

The sector occupied by the American troops is northwest of Toul. It is inadvisable to mention the number of men in line, the length of the sector and other details.

The location of the sector was kept secret until it became certain that the enemy had discovered it.

WAR IS COSTING U. S.  
\$24,000,000 PER DAY

Washington, Feb. 5.—Ten months of the war have cost the United States about \$7,100,000,000—at the rate of \$710,000,000 a month—nearly \$24,000,000 a day.

More than half of this huge sum, or \$3,121,000,000, has been paid as loans to the Allies, and the balance, about \$4,000,000,000, represents America's outlay for its own war purposes, exclusive of more than \$600,000,000 for ordinary governmental expenses.

The war's toll in money is increasing at the rate of more than \$100,000,000 a month, and indications are now that the two remaining months of the nation's first year as a belligerent will run its war bill to nearly \$10,000,000,000, of which \$3,000,000,000 will be for allied loans and about the same amount for the army, navy, shipping board, and other war agencies.

RUMANIANS ARE  
IN CONFLICT WITH  
FORMER ALLIES

Have Disarmed An Entire  
Russian Division

GREEK MUTINY ENDED

British Promise Reprisals Unless  
Germans Release Air Pilots—  
Denial of Story That British  
Warships Were Sunk

London, Feb. 4.—Official telegrams despatched from Jassy Saturday say that the greater part of the Rumanian army is now engaged in fighting the Russian troops, who are overrunning Moldavia and Bessarabia, while Bolshevik troops are concentrating in Bukovina.

After twenty-four hours fighting the Rumanians disarmed the ninth Russian division, which attacked Galatz, taking over fifty guns, and surrounded and disarmed the eighth Russian division, which attacked the center of the Moldavian front. This division was sent under convoy to Russia.

In response to an appeal from the Bessarabian republic, it is officially declared, Rumanian sent troops there to prevent the devastation of the country by bands of Russians and also occupied Kishinev, the Ungheeni-Jassy railway and legals from which Rumanian troops draws supplies.

Fighting is in progress between the Rumanians and the Bolsheviks all over Bessarabia as far as the Danister. Order Restored.

London, Feb. 5.—Complete order has been restored at Lania, northwest of Athens, where soldiers of Greek infantry regiments mutinied, according to Athens despatch to The Times. One hundred and fifty arrests were made in connection with the mutiny. Former Premier Skoufopoulos and Lembros and other former cabinet members under indictment have been ordered to consider themselves under arrest in their own homes where they are guarded by police.

All political prisoners of military are undergoing sentences in Athens these days. The mutiny in Athens is the latest in a series of mutinies, according to the Telegraph.

The German fleet, relieved of anxiety and pressure in its rear," says the newspaper, "can now turn to the west with its full strength. The task of the British fleet, even if it is supported by its Allies, will be difficult. We have great faith in the German navy, which has so often exhibited will to victory and its capacity to fulfill its duty."

Threaten Reprisals.

London, Feb. 5.—The Daily Mail announces that the government will not only punish the intention to make reprisals unless Germany releases from prison immediately two British air pilots who recently were sent to a German court-martial to ten years' imprisonment for dropping propaganda pamphlets inside the German lines.

A communication forwarded to Germany through the Dutch government, according to the Daily Mail says an examination of international law has failed to reveal that the dropping of the pamphlets was a violation of law and adds that the Germans themselves adopted this practice extensively early in the war.

No Truth in It.

London, Feb. 5.—Alluding to a German wireless statement quoting the Frankfurter Zeitung as reporting that on December 26 a large British warship accompanied by torpedo boat chasers was sunk in the Irish of North, the British admiral says: "There is no truth in this statement, nor has there occurred any incident of the kind."

On American Front.

With the American Army in France, progress, Feb. 4.—(By the Associated Press)—German plans to raid the American trenches were frustrated early this morning. The American artillery after several days of shelling, and on the German lines, which are believed to have been filled with men and officers awaiting the signal to attack.

There has been a general increase in the artillery activity for the last day or so all along the American front. The Germans are still unable to occupy the first line trenches which were captured by artillery fire. They have now constructed another line of trenches at that point.

MAY REDUCE IMPORTS  
TO PROVIDE VESSELS  
FOR THE U. S. TROOPS

Washington, Feb. 4.—A fifty per cent reduction in the volume of imports is one of the measures under consideration by the administration to make available ships for transporting troops to France. Overseas transportation is recognized as the real problem facing the government in its efforts to put on the firing line a big fighting force and keep it in supplies.

320,000 FIRE.

Renfrew, Ont., Feb. 5.—Fire last night did damage estimated at \$200,000 to the block belonging to W. T. Guest.

NEW YORK SUFFERS  
IN ZERO WEATHER

Extreme Cold Offers Efforts to  
Conserve Fuel—Freight Conges-  
tion Holds up Coal Supplies

New York, Feb. 5.—Zero weather, which added to the discomfort of the third of the heaviest January in New York, continued today and accentuated the seriousness of the coal shortage.

Despite the saving of fuel resulting from the dropping of the temperature, the supply of coal ahead. By a singular coincidence, several of the heaviest Mondays in this city were marked by unusually severe weather, which virtually nullified the effects of coal conservation.

The cold wave, which the weather bureau says will continue, not only has caused increased suffering among the poor, but has aggravated the ice blockade in the harbor, hindering the progress of coal barges from tidewater. Mercury at seven a. m. today registered seven degrees below zero.

The freight congestion continues a source of anxiety to transportation officials, who fear the situation will become even worse, unless there is a sudden change in the weather.

May Not Suspend Order.

Washington, Feb. 5.—The advisability of suspending the Monday closing order engaged the attention of Fuel Administrator Garfield and Director General McAdoo. Although final decision of the conference could not be foretold, officials were less optimistic today regarding the proposal to suspend the order.

Industry Paralyzed.

Pittsburg, Pa., Feb. 5.—With the Pittsburg industrial district in the midst of another period of intense cold the steel industry here is faced almost completely paralyzed. Inability to obtain coal supplies during the moderate weather of the last few days has closed down the greater part of the mills and furnaces unless relief can be obtained within two days. The Monongahela river was again frozen and the movement of coal barges today was impossible.

In Boston.

Boston, Mass., Feb. 5.—A cold wave that sent temperatures away below zero swept over New England last night and held on today with little prospect of an early break. From a reading of zero at midnight the mercury in Boston dropped to ten below at 7 o'clock this morning, and reports from many points indicated that intense suffering had been caused largely by lack of fuel. A sharp northwest wind that reached a maximum velocity of twenty miles an hour added to the discomfort. Weather bureau officials said the cold would continue through tonight.

Production Retarded.

Philadelphia, Feb. 5.—An unexpected drop in temperature to the lowest of the winter in some sections has again retarded the production and movement of coal in the anthracite field.

Report Forty Below.

Detroit, Mich., Feb. 4.—Temperatures ranging from sixteen below zero in Detroit to forty below in villages along the west shore were recorded in Michigan last night. The coal situation is the worst it has been this winter. In Detroit thousands of families were without fuel of any kind and the police department with more than 5,000 unfilled orders for emergency fuel on its books, announced that the situation was "hopeless."

Probably 35,000 persons were thrown out of work in Detroit by factories closing down during the past forty-eight hours. Dozens of big factories are using their emergency coal supplies.

of Brest-Litovsk Proceedings—  
Conference in Berlin

London, Feb. 4.—The Amsterdam correspondent of the Exchange Telegraph Company says the return of Dr. Von Kuhlmann and Count Czernin to Berlin is considered in Berlin political circles as the forerunner of the rupture of the negotiations at Brest-Litovsk.

The special conference to be held in Berlin according to the correspondent, is for the purpose of considering the general peace situation.

Mounted gendarmes patrolled the streets throughout the day and those of the workers who struck were prevented from forming in crowds.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"THE HUNGRY HEART" AT THE IMPERIAL

Pauline Frederick in David Graham Phillips Great Novel

Pauline Frederick was again seen to wonderful advantage at the Imperial yesterday in David Graham Phillips' society story, "The Hungry Heart."

The remainder of the Imperial's programme is filled with the choicest picture features, such as a lovely scenic trip along the shores of the Tarn in France, a Coaching Tour in Picturesque

Kevin, and the Pathe British Games and a simple convincing Drew comedy entitled "Safety First."

Annie Laurie Leonard is a newcomer in the singing department, and a contrast of most pleasing quality, an artist who knows full well how to exact the very best from her vocal powers, and one who does not strain for effect

Tomorrow the Imperial presents the noted star, William S. Hart, the good bad man of the movies, in his renowned western story, "The Cold Deck."

"DAMAGED GOODS" WILL BE SHOWN THURSDAY

Testimonial From Well Known People Who Have Seen "Damaged Goods"

The following letter is eloquent testimony to the merits of "Damaged Goods" which will be seen Thursday for the first time, continuing for men only, until Saturday, and the following Monday, Tuesday and Wednesday for women only.

We, the undersigned, greatly appreciate the privilege of seeing the picture called "Damaged Goods" last Saturday, and use very freely and gladly do we permit the use of our names and addresses in connection with it to be a subject that every man and woman of a thinking age in the city should see.

With the idea of segregated audiences is probably wise, at the same time, there is not the slightest reason why the most faithful of either sex should refrain from seeing the picture, and so very many reasons why your enterprise in giving to St. John the much needed opportunity of seeing "Damaged Goods" and we hope that very many will avail themselves of it.

Yours very truly,  
Mrs. E. A. Smith, Mrs. J. V. Anglin, Mrs. H. A. Powell, Mrs. N. C. Scott, Mrs. H. H. McKewen, Mrs. E. R. Raymond, Mrs. G. J. Coster, Mrs. R. J. Hooper, Rev. W. R. Robinson, Mrs. H. P. Frink, Mrs. A. C. Wilson, Mrs. M. A. O. Skinner, Horace A. Porter, Judge Ritchie.

THE GOOD "BAD MAN" OF THE MOVIES TOMORROW  
Never has big Bill Hart, the true representative of America's courageous picture performers, performed more hazardous stunts than in his latest screen production, "The Cold Deck," which will be shown at the Imperial Theatre tomorrow and Thursday.

The grim man of the desert is absolutely without fear, and yet, curiously enough, is one of the most sensitive of little girls up to the mountains where she may regain her health. Through treachery, he is made to appear guilty of the murder of a stage coach driver. He is placed in jail, and the Vigilante police are preparing to bend the bars of his jail window, leaping twenty feet to the ground below and escaping on his trail and his capture seems certain, but his daring is greater than theirs, for he deliberately turns his horse toward the edge of a precipice and rides down a break-neck incline.

MARY MILLS MINTER SCORES HIT AT UNIQUE  
"The Mate of the Sally Ann" now showing at the Unique affords Mary Mills Minter wonderful opportunities to display her talents in the most dainty manner possible. A most delightful picture with a more delightful star. Pathe news also.

THE SUBMARINE EYE; BIG NOVELTY AT LYRIC  
"Wonderful" was the adjective the majority of Lyric patrons used yesterday when their opinion of the Submarine Eye was solicited. It is wonderful. Under the sea is the stage for most of the action. You want to see it today and tomorrow only.

THE GEM TONIGHT  
The Gem cozy and warm, invites you tonight out of the cold with a four-act programme, dramatic, comedy, and two excellent vaudeville acts.

Soldier Farmers to Learn Book-Keeping

Vocational Training Officers Plan to Produce Farmers Who Are Good Business Men

No institutions in the world have a greater collection of interesting characters than the Canadian military convalescent hospitals which have sprung up in every district to care for the wounded further service.

Canada before the war appealed to the man with an imagination and the force of character put it into action. The west and the northwest were peopled by the adventurous spirits of the old country, and living in big spaces personally unhampered. These men were among the first to join the C. E. F. when war broke.

Veteran With Six Names  
"Buffalo Bull," "Mustang Jack," "Dr. Powell," "Three Finger Jack," "John Briggs," who just now is receiving his mail under all these titles at the Spadina Military Convalescent Hospital in Toronto, was one of these.

There he was serving with the "Buffalo Bill," which name attaches to him by reason of his service with Col. Bill Cody's Wild West show for six years.

"I was the first man to turn a double somersault in this country, and without boasting I could do it now," declared the old veteran who will be seventy in May.

He stands straight to a good height and is distinguished by a head of silvery white hair and a beard. His home, he says, is where night overtakes him, and as for nationality he divides the honors between England, Scotland and Ireland.

With the United States army scouts "Buffalo Bill" got a close up on the tactics of Indian warfare. He also fought in the Fenian Raid. Finally he settled in the west where he now owns a ranch of 2,500 Mustangs.

He is serving the king in the army service corps because he wants to do his bit and all the money he earns in doing it he gives away.

No Refreshments Served.  
At a reception in Quebec on January 9th, under the auspices of the Society for the Relief of the Deaf, Mr. Benoit, president of the society, set a good example in food conservation by insisting that no refreshments be served.

THE CRY FOR SHIPS.

The American government finds serious difficulty in getting enough ships to transport troops and supplies to Europe. The question of ships and yet more ships is ever present, and indicates the gravity of the situation.

ARE YOU SAVING FOOD?

The government of the United States is giving right of way to trains rushing food to the seaboard to be shipped as fast as possible to Europe.

FEELING THE PINCH.

The order which compels manufacturers in Quebec and Ontario to close their plants for three days, beginning next Saturday, in order to save fuel, is a reminder of the coal shortage which ought to depress everybody to a keener sense of the growing pressure of hardship.

It had been said only a day or two since that Canada would probably not have to follow the example of the United States in proclaiming heatless days, but the necessity has arisen and the government has met the situation by issuing the order already noted.

GOVERNMENT STANDS FIRM.

Efforts to induce the Dominion government to modify its prohibition policy have proved futile. Hon. Mr. Rowell says the government sees no reason to alter the policy announced on Dec. 22.

The war made prohibition necessary and the good result has been such as to make it certain that the country will never go back to the old conditions.

Even Pittsburgh, in Pennsylvania, the coal state, has a fuel shortage which may close down the steel mills.

The annual sleigh drive of the Y. M. C. A. of the German street Baptist church was held last night in Torriburn.

When the Kidneys Fail

Poisons Remain in the Blood. Which Cause Pains and Aches—head ache of the Surest Way of Setting the Kidneys Right.

Brookville, Ont., Jan. 31.—If you have headaches, backaches and rheumatic pains you have reason to suspect the kidneys. Pain is caused by poisons in the blood, and poisons only remain in the blood when the kidneys are defective and fail to do their work.

Men are coming in too slowly under the present exemption regulations in Canada, and the government will speed up the work of dealing with the very large number of appeals.

**AS JUTLAND BULLETIN SHOULD HAVE READ**

(Montreal Herald.)

Bennet Coppelstone, writing in the Cornhill Magazine, gives a new version of the writing of the historic despatch relating to the Jutland Battle which gave the impression that the British fleet had suffered defeat. The story runs, he says, that the first bulletin was made up by clerks from scraps of messages which came over the wires from the Grand Fleet, but in which the most important sentence of all was omitted. "The Germans are claiming a victory," wailed the Admiralty clerks through the aerials at Whitehall. "What shall we say?" "Say," snapped the Grand Fleet, "say that we gave them hell!" If the Admiralty had given the story in the curt, emphatic naval fashion, what a roar of cheering would have echoed around the world. The story is that case would have read much as follows:

"We have met and fought the German fleet, and given it hell. Beatty lost the Queen Mary and Indefatigable in the first part of the battle when the odds were heavily against us, but Jellicoe coming up enveloped the enemy, and we only prevented by mist and low visibility from destroying his utterly. The Germans have lost as many ships as we have, and are shattered beyond repair."

In the light of after events we are now able to appraise the Jutland fight at its true worth. If the battle was an indecisive one in a technical sense, it was decisive in its effects. The German High Seas Fleet has never since ventured to engage the British. Truly may it be claimed, as Mr. Coppelstone says, that Jutland drove sea warfare, for the Germans, beneath the surface, and converted it into a petty warfare upon merchant vessels, a warfare of piracy and murders.

One half cup flour.  
One egg.  
Four teaspoons baking powder.  
One teaspoon salt.  
Two tablespoons brown sugar.

Jellied Vegetable Salad—  
Put cold cooked vegetables, cut in small pieces, into small wet moulds or cups. Dissolve one and one-half tablespoons of gelatine in one and one-half cupsful of water, bring to a boil, add one tablespoon of sugar; fill the mould and chill. Turn out and serve on crisp lettuce leaves with French or mayonnaise dressing.

One-third teaspoon soda.  
Sift flour, barley meal, salt, baking powder and soda together and work in fat with tips of fingers or two knives. Combine flour mixture and sour milk to form a soft dough. **THE PAPER COMBINE**

(Quebec Telegraph.)

Investigation by the Washington government has brought to light the fact that a gigantic combine has the Canadian newspaper production in its grasp. At the same time, the parallel investigation being conducted by the Ottawa government has resulted in a recommendation that newspaper prices be increased thirty-five cents per hundred pounds. That is the difference.

Commissioner Pringle was appointed by the Borden government to ascertain the cost of production in order that the government might determine whether the proposed increase in the price of newspaper was warranted, as the mill-owners said it was, by the increased cost of producing paper.

But now, Commissioner Pringle admits that he has not discovered what element the cost of production plays in the price of the newspaper, but he makes an interim report advocating a boost of thirty-five cents in the price, on the advice of the mill owners.

It is a farce.

Why has Commissioner Pringle not yet learned the cost of production? Why can he not obtain reliable figures? Why can the combine make at the whole investigation? Why is it not forced to supply authentic figures?

It was because none of these things were done, because no reliable figures were forthcoming, that the counsel for the press resigned from his office in this investigation.

But Commissioner Pringle has surely gone far enough to realize that the newspaper trade is in the grip of a combine. In any case, he must know it, because the Washington government has investigated and exposed it. The combine has covered operations criminal under the

**IN HIS 100TH YEAR**

William Best, of River Glade, passed into his 100th year, on January 24th, 1918.

He was a son of Richard Best, a native of Cornwall, N. S., and was born at Millstream, Kings Co., N. B., on January, 1818. Mr. Best married Miss Charlotte Deny, of River Glade, N. B., in 1846, she being born in the year 1825, and will be ninety-three in February.

Mr. Best has lived in all parts of this province, during which time he has seen many changes, having lived under six sovereigns. His memory is still good. In his younger days he was a contractor, and took part in the construction of the I. C. R. He has also built many churches and houses. In later years he took the occupation of a farmer, and is now living with his daughter and son-in-law, Mr. and Mrs. John Addie, of River Glade. His 100th birthday being on January 24th, a number of friends gathered at the home of Mr. and Mrs. J. Addie, to congratulate Mr. Best. A pleasant evening was spent, a dainty lunch being served by the hostess.

George Stovall announced when he left the Vernon club last season that he was through with baseball for all time, but he has changed his mind and would like to manage the Indianapolis club.

## TO "VICTORY BOND" OWNERS

THE recent issue of Canada's Victory Loan is one of the first bond issues to enjoy widespread public subscription.

The issue is an excellent example of a class of investment securities that offer people in every walk of life a safe and profitable investment of savings or capital.

It provides absolute security of principal and a safe and sure income. It is a class of security that finds a ready market—that can be converted into cash on short notice. To-day Victory Bonds are being bought and sold by the members of the Montreal Stock Exchange. The value of Victory Bonds as an investment appeals strongly to many people. They are desirous of buying more.

If you were not in a position to buy when the subscription lists were open, or should you desire to add to your present holdings, the opportunity is still open.

In a security issue of this size there are always some people who, through force of circumstances or for other reasons, desire to sell.

Should you desire to purchase or dispose of Victory Bonds the Montreal Stock Exchange offers you a permanent and easily available market. It offers you the largest market in Canada, because Montreal is the financial centre of this country.

Any Member of the Montreal Stock Exchange will conduct transactions for you in Victory Bonds, and you are assured of securing or receiving the true market value.

Write to-day to the Secretary of the Montreal Stock Exchange for complete information. Use the form below provided for the purpose.

To the Secretary of the Montreal Stock Exchange,
