Storms Sweeping Northwestern U. S. Take Fourteen Lives

SEVERAL STATES FEEL EFFECTS OF FURIOUS GALES

In One Place Eight People are Dead; Two are Swept Into a River.

CALGARY IS HIT

Severe Storm Sweeps That District; One Man Struck by Lightning.

St. Paul, Minn., June 15.—At least fourteen persons are reported dead and more than a score injured, as the result of tornadoes, wind storms and heavy hail and rain in the north-west section of the United States Saturday night.

Eight persons were reported dead at Bijou Hills, Brule county, two at White Lake, Aurora county, one at Pierre, and one at Blunt, in South Dakota, while two men were reported swept into the Mississippi river at St. Paul.

Glad Valley, in Seibach county, South Dakota, was reported virtually wiped out when a tornado struck over a territory of 50 miles square and caused probably a score of injuries and property damage which may run over \$100,000.

Calgary Suffers.

At Mitchell four persons were injured, one perhaps fatally, when damage was estimated at several hundred thousand dollars.

Calgary, June 16.—One of the worst rain, thunder and electric storms of the last few years struck Calgary and district in the early hours of Sunday morning, causing damage to property, injuring residents, endangering life, uprooting telephone poles and falling trees, temporarily extinguishing lighting power in the city and interfering with telegraphic and telephonic communication.

H. Hannah, a farmer, living 18 miles southeast of Calgary, was struck by lightning and probably fatally burned while standing in the doorway of a barn. His clothing was stripped from his body and he was knocked unconscious. The barn caught fire and was destroyed.

The storm was general all over the Calgary district and cut a path southeast of Gleichen. It was a freakish and peculiar nature, striking one spot with swift intensity and missing nearby localities. The total precipitation over the week-end amounted to more than an inch.

HERRIOT HAS AN EYE ON GERMANY

Gen. Nollet Made Minister of War—Plain Speech by Premier.

Paris, June 16.—Premier Herriot, replying to a Matin reporter today, relative to the selection of his cabinet, lay stress on the choice of Minister of War.

"The competency of General Nollet is unquestionable," he said. "He knows better than anyone the present military condition of Germany. I desire that the fullest significance be given to the appointment of General Nollet. Germany is engaged in carrying out tactics similar to those after the peace of 1918 in 1907, raising a large army equipped by gymnastic associations.

"Our Cabinet is animated by a kindly spirit toward Germany, and we are ready to assist to the best of our ability the young German democracy, but we will display merciless severity to the German Nationalists. We have to uphold France's rights as well as those of the democracy of the world."

Bridge Contracts Are Awarded

Fredericton, June 16.—Contract for the construction of the Chapman concrete arch culvert and roadway embankment, parish of Dorchester, Westmorland county, has been awarded to the College Bridge Construction Company, of College Bridge, Westmorland county. The contract price is in the vicinity of \$5,000. A contract for the Estey concrete arch embankment, parish of Douglas, York county, has been awarded to George R. Moore of Woodstock, at a price in the vicinity of \$200.

Is Assassinated, As His Father Was

(United Press.) London, June 16.—Shot to death in the streets of Sofia, as his father was 17 years before, M. Petkov, prominent member of the Agrarian Party, died on Sunday, a victim of political assassination which, it is feared, may portend an outbreak of these crimes.

M. Petkov was accused of being in a more or less active revolt against the present government. In March, 1907, his father, then Premier and Legislature, was killed in the streets of the Bulgarian capital.

HON. A. HARRISON HAS PASSED AWAY

Member of Prominent Sunbury County Family—Was Ninety Years Old.

(Special to Times-Star.) Fredericton, N. B., June 16.—A link with the political past of New Brunswick was severed this morning when Hon. Archibald Harrison died at his home in Maugerville, aged 90 years. His birthday was May 20th. He was a native of Farnham, but for the greater part of his life had been a resident of Maugerville. He was of Loyalist ancestry, and is the last member of his family. The late James and Jeremiah Harrison of St. John, in business in that city some years ago, were brothers.

Mr. Harrison was a member of a family prominent in the political affairs of Sunbury county for more than one generation. His father, the late Charles Harrison, represented the county in the legislature prior to Confederation; and his brother, the late Charles B. Harrison, also represented it.

Hon. Archibald Harrison represented the county in the Legislative Assembly and also was a member of the Executive Council, then the Upper House of New Brunswick. That House voted itself out of existence in 1891, and Mr. Harrison was the last living member. He was president of the Upper House and Government leader in it, being a member of the first Blair administration in 1888, without portfolio. Other offices which he held included membership in the Board of Education and the Senate of N. B. Two daughters survive, Miss Elizabeth Harrison, of Maugerville, and Mrs. W. M. Thurrott, of Fredericton. His wife died seven years ago to a day. There are 17 grandchildren and four great-grandchildren. H. E. Harrison of Fredericton is a nephew.

SAY GOOD BYE TO WEST PROMISES

Newspaper Men Return After Tour—Need of Immigration.

Toronto, June 16.—Western Canada is all right and is off to a fine start for another splendid crop of prosperity-making kind, is the consensus of opinion of the Canadian newspaper publishers and editors who arrived here today after a tour of the west. They said that, given favorable weather from now on, the west is assured of a wheat crop that may be equal to that of last year. They say also that they observed a feeling of confidence in the future. All along the line they were making the tour a success in making the tour a complete success were passed to Arthur Partridge and D. B. Taylor, manager and assistant manager of the newspaper association, to J. W. B. Livesay, general manager of the Canadian Press Limited and to the C. P. R.

New York, N. Y., June 16.—Sterling exchange firm, Denman rates in cents: Great Britain 43 3/4; France 55 1/4; Italy 43 3/4; Germany (per trillion) 23 1/2; Canadian dollar 1 1/2 per cent. discount.

London, June 16.—Parliament reassembled today after the Whitsun holiday, with the prospect of long and arduous sessions and small probability that the Government will be able to carry out several legislative measures to which it is committed.

Hong Kong, June 16.—The spare airplane rushed from Hakodate, Japan, to Akyab, Burma, India, to enable A. Stuart McLaren, British around-the-world flyer, to resume his flight was landed at Akyab on June 15, according to radio advices received here from the United States destroyer Preston.

MACDONALD AND M. HERRIOT MEET AT END OF WEEK

Latter Will Spend Three Days in Conference at Chequers.

HOPE FOR PEACE

Greater Optimism Than Has Prevailed in England for Many Months.

London, June 16.—(British United Press)—Premier Ramsay MacDonald's statement, "I hope before long that peace will be established," corroborates the belief expressed by the leaders of all political parties during the past few weeks. A greater optimism prevails than has existed for many months, owing in no small measure to the assumption of power by M. Herriot and his known views.

The conversations which will take place during the stay of M. Herriot at Chequers, at the end of the present week, will be much wider in scope than would have been the case had M. Poincare survived the elections and been France's representative at the visit.

U. M. W. District Loses Autonomy

Indianapolis, June 16.—The autonomy of District No. 17 of the United Mine Workers of America, which includes practically all of West Virginia, was suspended by the international executive board of the union here on Saturday, and Percy Tolson of Ohio, was named as president of the district by John L. Lewis, international general.

The order is effective June 16. That the policies of the international union have not been applied and enforced with sufficient vigor in District No. 17 since 1918, as the reason for the suspension.

SIR C. TOWNSEND DEAD IN WOLFVILLE

Was Former Chief Justice of Nova Scotia and an Outstanding Man in Province.

Wolfville, N. S., June 16.—Sir Charles Townsend, former Chief Justice of Nova Scotia, died at his home here this morning.

He was born at Amherst on March 22, 1844, son of Rev. Canon I. and Elizabeth (Stewart) Townsend. He was educated at King's Collegiate School and King's College, Windsor, from the latter institution receiving the degrees of Bachelor of Arts, Bachelor of Civil Law and the honorary degree of Doctor of Civil Law. He received his early law training in the office of Hon. Senator Dickie of Amherst, and in 1871 was made King's Counsel, and in 1877 was appointed Puisne Judge of the Supreme Court of Nova Scotia. On November 2, 1887, Judge Townsend was created Chief Justice of Nova Scotia, which office he held until his retirement in 1902. In 1911 he received the rank of Knight of St. John.

He was a Conservative in politics and represented Cumberland county in the Nova Scotia House of Assembly from 1874 to 1887. He was a member of the Provincial Government from 1878 to 1882. In 1911 he received his knighthood. He held numerous important offices in various organizations—was a member of the law faculty of King's College for some time and was chancellor of his alma mater for many years. Judge Townsend was a prominent and active member of the Church of England.

His historical and legal writings are widely known and he had a high reputation as an authority on these matters, especially in eastern Canada. Dr. David Allison in his history of Nova Scotia, says that he was "universally regarded as one of the most representative citizens of the province and one of its greatest public benefactors of the same."

The late ex-Chief Justice was twice married: in 1867 to Laura Kinnear, daughter of J. Kinnear, whose death occurred in 1884, and afterward to Margaret MacFarlane, daughter of John MacFarlane. He spent most of his declining years at "Rayn Lawn," his Wolfville residence.

LOWELL SMITH IS AGAIN ON THE WING

U. S. World Flight Commander Gets New Motor and Speeds Away.

(By RAY G. MARSHALL.) (United Press Staff Correspondent.) Peking, June 16.—Lieutenant Lowell Smith, commander of the U. S. round the world flight, arrived at Tientsin yesterday, rejoining his companions, and the three flyers intended to depart together for Saigon today.

The flight commander had been forced down at a little town on the coast of French Indo China by engine trouble and the motor of his plane was wrecked. A destroyer took him a new motor, while the other pilots, Lieutenants Eric Nelson and Leigh Wade, proceeded to Tientsin.

Reports that Smith had caught up with the others were received here by the official government wires.

ROTARIANS TODAY BESIEGE TORONTO

Ten Thousand Expected by Tomorrow—Empire Dinner Wednesday is Feature.

Toronto, June 16.—Rotary has besieged Toronto. There are estimated to be approximately 3,000 delegates and their wives within the city. Today some 6,000 additional registrations are expected and by Tuesday the full probable quota of 10,000 will be reached.

One of the interesting features of the week's programme is the empire dinner, scheduled for Wednesday night. It will be presided over by the president of the empire, with the exception of India, will sit at one board, accompanied by their wives.

Besides the accredited delegates from the various countries, British subjects living in other parts of the world will be welcomed at the convention.

ST. JOHN MEN ARE ALL KEYED UP NOW FOR OLYMPIC TEST

"Billy" Maynes in Fast Company in His Heat Tomorrow.

THE OTHER EVENTS

Zan Miller in High Jump Tomorrow; Malcolm in Shotput Next Day.

(From a Member of The Times-Star Staff.) Montreal, Que., June 16.—"Billy" Maynes, St. John's crack quarter miler, arrived here on Sunday morning and had a light workout on the track at McGill Stadium this morning under the experienced eye of Captain J. R. Cornelius, head Olympic coach for Canada.

He said the coach he was in tip top condition for his races tomorrow in the 400 metre event at the M. A. A. grounds in Capetown, Tuesday.

The programme Tuesday opens at 5:30 o'clock, daylight time, at St. John's, with the high hurdles, followed by the 100 yard dash.

In the draw, Maynes will face Hay of British Columbia, R. Shea, Ontario and P. McDonald, Ontario. There are four heats for this event, and the first in each heat and second in the fastest heat will compete in the finals.

The St. John boy will have plenty of competition but is looked on to do very well. This distance in yards is 487.50, a short trip to England, where he has been rewarded by a promise that enough capital would be available to develop the mining regions of Northern Quebec and Ontario.

The Minister of Mines of the latter province, Hon. Charles McRae, who was on an official mission for his Government, reported that his mission had also been very successful, and would have an important influence in mining activities in this country in the near future.

NO FREE TRADERS SAYS G. W. KYTE, M.P.

Chief Liberal Whip Defines The Attitude of The Liberal Party.

London, Ont., June 16.—Reviewing the Robb budget changes at a meeting of London Liberals, at Hyman Hall on Saturday evening, George W. Kyte, chief Liberal whip at Ottawa, declared: "There is not a Liberal in Canada, who has influence in the Government, who believes in free trade—the whipping off of all duties."

That would be an ideal situation," he said, "the products of one country flowing freely to another; but, while the United States, Germany and France and all other countries with which we trade maintain a protective tariff we also must have a tariff. But we say that the tariff that is in the best interests of this country and the best interests of the consumers and working men is a tariff which will raise sufficient revenue to meet the needs of the country, but will not give such added protection to any manufacturer as will enable him to exploit the people and add more to prices than he has a right to do."

Alleges Shortage in School Accounts

Sydney, N. S., June 16.—Shortage in public school accounts amounting to thousands of dollars was announced in the Sydney Post today in a statement made by Mayor James McConnell. No record can be found, according to the Mayor's statement, of fees paid by non-resident pupils attending the city schools, nor can any basis be found for certain "pay roll" charges against the public schools.

"Fighting Cop" For Olympic Trials

Sydney, N. S., June 16.—Police Officer James Cruikshank, Sydney's "fighting cop," accompanied by Officer Vincent Campbell of the Sydney Police Athletic Club, left for Toronto last night where he will take part in the Olympic boxing trials.

"Not Guilty," They Pleaded

Nathan F. Leopold, Jr. (left), and Richard Loeb (right), despite the accusations they made to State's Attorney Robert E. Crowe, pleaded "not guilty" to the kidnapping and murder of Robert Franks, 14-year-old Chicago school boy, when arraigned before Chief Justice R. Caverly in Cook County Criminal Court. Here they are at the bar with their chief counsel, Clarence Darrow. August 4 was set as the date for their trial to begin.

U. S. Shipping Board, Now in Funds, Revives Life of Vessels Idle in Harbors

Washington, June 16.—One more effort to save the 375 idle Shipping Board vessels from rust and decay in the harbors and roadsteads, where they lie, is to be made by the Shipping Board, it was announced today.

With funds made available by Congress, installation of Diesel type internal combustion engines is to be made in 50 of them, while private enterprises will be encouraged by the Shipping Board to take over and similarly equip the remainder on a 50-50 basis.

Twelve selected ships will be drydocked in the near future and their rusting engines replaced with the up-to-date Diesel engines, which operate like automobile engines, generating electricity which in turn drives the propeller shafts. Ultimately 60 in all will be so outfitted.

The money for these improvements is to come from the \$47,000,000 "construction loan fund" of the board, originally planned for use in aiding private capital to build ships. Congress, however, recently provided that the money also could be loaned for repairs and improvements on vessels already built. It also authorized the board to use \$25,000,000 for modernizing its own ships.

The board believes that the motorship, being more economical in operation, will be better able to meet foreign competition than steam propelled vessels.

CAPITAL COMING Fain St. Lawrence River Project

Toronto, June 16.—That narrow self-interests and provincialism must not be permitted to interfere with the St. Lawrence river project providing for the creation of a gateway linking up the Great Lakes with the Atlantic seaboard was a warning sounded at a dinner given in honor of Herbert Hoover, Secretary of Commerce in the U. S., and his colleagues of the U. S. section of the St. Lawrence Waterways Commission at the Royal Canadian Yacht Club, on Saturday evening.

Earlier the U. S. commissioners inspected the new Welland Canal and the Toronto harbor works.

HAS SPEEDY RUN

Empress of France May This Year Make Record For St. Lawrence Over New York

Quebec, June 16.—The Canadian Pacific steamship Empress of France, has just completed her first voyage to the St. Lawrence as an oil burner. She averaged nearly 20 knots an hour. Her highest days' run was 505 miles, beating her own record made in April, 1921, by 31 miles. Her exact time from Quebec to Cape Race was five days, 20 hours and 19 minutes. The St. Lawrence route may this season take the record from the New York route for the speedy transportation of overseas passengers to Toronto.

Weather Report

Toronto, June 16.—Pressure is now highest over the Great Lakes, and comparatively low over the western provinces and near the Atlantic coast. The weather is fine and warm in Ontario and British Columbia. Elsewhere it is showery.

MEXICANS HAVE CUMMINS PENNED IN OFFICIAL HOME

Water Supply and Telephone Cut Off by Order of Oregon Govt.

IS BESIEGED

British Government Backs Its Official and Trouble May Erupt.

(United Press.) Mexico City, June 16.—Locked in the British legation, with the water supply and telephone cut off, H. A. Cummins, representative of the British Government here, is resisting the efforts of the Mexican Government to expel him from the country.

Eighteen men from the Police Department, the Foreign Office, the War Office, and the Department of the Interior surround the building for a block. It is expected the police will break into the legation and arrest and deport Cummins, but invasion of the legation would mean violation of extra territorial rights, and might be followed by grave consequences.

Ordered Out by Oregon

The order to expel Cummins was given by President Oregon after repeated efforts had been made by Mexico to persuade Britain to withdraw him as "persona non grata."

Since June 16 Cummins has been locked in the legation, but it was not until Saturday that the secret police began their preparations to arrest him, as the expulsion order only then took effect.

There is plenty of food in the legation, and the official is prepared to withstand the siege now effective. It is understood that his Government has ordered him to remain in the legation.

The Chilean Minister visited the British legation yesterday and made an unsuccessful attempt to persuade Cummins to leave quietly.

If force is used in expelling him, Mexico will violate the extra territorial rights of the British legation, but it is understood that the Oregon Government intends to take the step if Cummins does not leave.

The Chilean Minister in his holding conference with other members of the diplomatic corps here, in an effort to find a way out of the situation.

Foreign Office Statement

The Foreign Office, in a statement issued to the press, says that Cummins, who was in charge of the archives at the legation, had no diplomatic position but was responsible for Britain's failure to recognize Mexico, due to the fact that he made false statements regarding conditions here. He also sent notes to the Mexican Government, the statement says, which were invariably discourteous and couched in violent terms. Two years ago, in view of these facts, Mexico advised Britain that he was "persona non grata," and suggested that he be withdrawn. No action was taken on the request, however, and on January 15 Mexico advised the British Consul that the Government would suspend all correspondence with Cummins. At the same time it was suggested that the Consul transmit to London two discourteous notes which the Government had received from the official.

The foreign office statement says that both these notes showed disrespect for the Mexican government.

MacDonald Speaks

London, June 16.—(Canadian Press.)—Prime Minister MacDonald stated in the House of Commons today that the British Government regarded the action of the Mexican Government against Herbert C. Cummins, the British Agent in Mexico, as a grave breach of international courtesy.

Bellefleur, Ont., June 16.—Kin's weather, the three streets—try of military units and martial music, with thousands lining the streets in cars or on foot, made a memorable Sunday afternoon preceding the formal opening of an United Empire Loyalist celebration here, commemorating the 140th anniversary of the settlement of Upper Canada. The celebration was continued today.

WM. CREIGHTONS STRICKEN AT WORK

Died on the Valley Railway Near Glenfold This Morning.

(Special to The Times-Star.) Glenfold, N. B., June 16.—William Creighton, an employe of a construction gang on the Valley Railway under J. B. McPartland, was stricken while at work this morning and passed away a few minutes later.

Little is known about the unfortunate man here. His fellow workmen say he signed on for work in Fredericton but they are of the belief that he is a native of Chatham and unmarried.

THEFT OF CARS IS THE CHARGE MADE. One was Sold to Minister in Springfield—More in Montreal.

Amherst, N. S., June 16.—Frederick McNair of Syracuse, N. Y., is expected to arrive here at noon today to identify an expensive motor car of American make, the car being one of nineteen cars alleged to be stolen that Dinnauld Falcon and W. W. Reid, president and sales manager respectively of a motor sales company in Montreal, and Omar Barre, garageman of Verdun, Quebec, are charged before Magistrate Lambert by Rev. A. McIninch, a Baptist minister, on April 19.

Mayor Potts said this morning that he had written to G. E. Chester Gandy in connection with the paving of Chesley street under the Local Improvement Plan and assured him that the city had no intention of increasing the values on any street which was paved under this plan as they wished to encourage this way of having the streets paved.

He said he quite realized that the paving of any street increased the value of the property by at least 10 per cent, but it was not the intention to penalize citizens who were public spirited enough to pay the cost of paving by boosting their valuation to that extent.

His Worship expressed the hope that many of the streets would be paved under the Local Improvement Act and said he would do all he could to forward any movement of this kind.

ELECTED DIRECTOR OF 2 ASSOCIATIONS

M. A. Pooler Returns After Meeting of Electrical Associations in Ottawa.

M. A. Pooler, general manager of the New Brunswick Power Co., and Hassen McLean, superintendent, arrived home yesterday from Ottawa, where they attended the annual meetings of the Canadian Electrical Association and the Canadian Electrical Railway Association, which were held jointly in the Auditorium.

About 600 delegates were present, and amongst the speakers were representatives of the American Electric Railway Association and the National Electric Light Association, corresponding bodies in the United States to the two Canadian Associations.

M. A. Pooler was elected a director of both organizations.

Advise Youth Not To Study Medicine. Lelpic, June 16.—"Don't study medicine" is the advice given to prospective students by the German Physicians' association, pointing out that for years to come the medical profession will be overcrowded.

One reason assigned is the fact that old doctors find themselves unable to retire from active practice, since their savings were wiped out by the depreciation of the mark.

Other reasons assigned are the loss of colonies, the disarmament of Germany, and the poverty of the masses, who will not call a doctor except in the most necessary cases.

FAIR VALE WINS TWO. The Fair Vale Intermediate team got away to a good start on Saturday by playing a double-header with the Red Wings from North End, winning both games.

In the afternoon game the Red Wings were unable to hit Sterling, who twirled for the Fair Vale team, and the score ended 7-2 in favor of Fair Vale.

They also won the evening game by the score 5-3. Features of the game were the pitching of Sterling and Casey for Fair Vale and the catching of Bettie for the same team.

EXTRAVAGANCE IS SCORED BY MEETING

Methodist Conference Urges Thrift and Commercial Integrity.

Sackville, June 15.—That lavish spending and luxurious self-indulgence were sins against God and man; that thrift and commercial integrity in the individual were the only basis for an honest life, public or private, prohibition could be advanced only by the election of legislators who would enforce the law, were among the sentiments endorsed by the N. B. and P. E. I. Methodist conference in considering the report of its special committee. Reporting a gross increase of 1,000 members with a net increase of 881, the conference committee on the state the work recommend plans for increased success. Increased budget for ministerial education was accepted by Conference in order to realize new standard for ministers.

Church Union was brought to the fore Saturday by the general superintendent, Rev. D. D. Chown, who addressed the conference and put it in possession of the latest information concerning the present outlook for the union bill at Ottawa. At the conclusion of his address Dr. Chown requested the conference to appoint a special committee with whom he might consult concerning representations which should immediately be made to Ottawa with a view of supporting the endeavor which were being made by unionists in all the churches to persuade Parliament to exercise its prerogative and pass the union bill without amendment, thus forestalling litigation in which, he said, law possibilities of wreck to the union movement on pure technicalities.

Social Service.

Recommendations in the report of the committee on social service which had been passed before conference adjourned charged much of the present industrial and commercial depression which had not yet passed to the unethical inflation of values and gambling in land, oil and minerals which disgraced the period immediately preceding the war, and to the titanic wastefulness of the war period. The church the report said, must do all in its influence against the return of such conditions.

It must insist in the presence of so much unemployment in our land, and in view of conditions of famine and death in many lands lavish spending on self and indulgence in luxury so insistently pressed upon us by scientific advertising is a sin against God and man.

For An Honest Life.

Thrift and commercial integrity in the individual are the only basis for an honest life, public or private. The national debt and the unstable conditions of many industries requires an emphasis by the conference upon such prohibitions in the church discipline, as those against borrowing without the probability of paying or taking up goods without a probability of paying for them. The church should so definitely direct its influence against this modern dishonest self-indulgence as will assist the return of those living conditions where confidence and good will shall strengthen the bond of unity between the various classes of society.

Prohibition.

In its findings as to prohibition the committee asked the conference to second the profound sense of dissatisfaction with the present administration of the law and laxity of most of the officials throughout the province who were entrusted with the law's enforcement. Conference approved and is making provision for seeking the cooperation of the Methodist people in electing to Parliament such men as will enforce the law.

Sunday Sermons.

Notwithstanding the unfavorable weather the auditorium of the church was well filled at 11 o'clock. Rev. Dr. Chown preached a surprising sermon which thrilled the hearts of the congregation.

Ordination.

Mason Sheffield Linton was presented to the General Superintendent by Secretary Holmes for ordination as a minister. Following the charge Mr. Linton addressed the congregation, relating his Christian experience and his

reasons for seeking ordination to the ministry.

Dr. Chown and the officers of the conference participated in the laying on of hands. Morton L. Harrison, of Centenary church, St. John, with which church Mr. Linton had been associated for many years in lay work, was called forward, and with a few fitting remarks conveyed to the newly ordained minister the congratulations of Centenary church, and their high hopes for his future usefulness. Mr. Harrison presented the young minister a purse of St. money as a tangible symbol of the sentiments which the congregation had sent him to express. At the Sunday school celebration, in the afternoon, addresses were given by Rev. E. Val Dillon, of Moncton, and Rev. A. W. Brown, of Newcastle.

Conference got through with a considerable number of further reports. The station sheet complete in detail was read to the conference by Rev. D. R. Chown, secretary of the committee, its adoption by conference was official confirmation of the stations.

Presiding officers of the eight conference districts for the current year where then elected by the ballot. The appointments are as follows: St. John district, Rev. H. G. Fulton; Fredericton district, Rev. F. A. Wightman; Sackville district, Rev. Prof. W. G. Watson; Chatham district, Rev. H. C. Rice; St. Stephen district, Rev. George M. Young; Woodstock district, Rev. D. H. Chown; Charlottetown district, Rev. Henry Pierce; Summerside district, Rev. George Ayers.

Rev. A. D. McLeod's report for committee on finance and Christian stewardship reminded the conference that \$188,000 worth of church property had been destroyed by fire last year. Stress was laid by conference in adopting committee's report upon the importance of adequate insurance and watchfulness against fire.

CHANGES IN LADIES' READY-TO-WEAR STORE.

While many merchants are complaining of poor business, one organization in St. John is optimistic. C. W. Parkes, the representative of the D'Albaird Manufacturing Company, is visiting this city, and in an interview with our representative, tells of abnormal progress throughout their entire chain of stores (29 in all). This progress is due, he says, to interpreting aright the demands of the buying public and supplying the demand at a minimum cost. This is made possible by this well-known firm being manufacturers and selling exclusively through their own shops. The progress in St. John has been marked by the addition of Mr. Arthur J. Hodges as manager, also Miss Ella Dupuis as saleslady. These two are well known in St. John business circles, having for years been connected by the late firm of Macaulay Bros. & Co. Ltd.

FISHERMEN WIN SARDINE FIGHT

Eastport, Me., June 15.—The Canadian fishermen have won their fight for \$10 as the minimum price per hoghead for herring sold to the Maine sardine factories, the factories agreeing to that price on Friday following the action of the Canadian Department of Marine and Fisheries in inserting a clause in the fishermen's licenses making \$10 a hoghead the minimum price for sardine herring sold for export.

In April the fishermen were getting \$12 a hoghead, but in May the factories dropped the price to \$6.

ST. JOHN, N. B., JUNE 16, 1924

THE HOME BANK.

The interim report of Mr. Justice McKeown on the Home Bank has been the subject of widespread editorial comment in Canada. In Toronto, the Star is disposed to regard Judge McKeown's preliminary findings as important in relation to Home Bank depositors rather than as to the responsibility of former Finance Ministers.

"This, and not Sir Thomas White's personal responsibility, is the vital issue. Incidentally it is gratifying to know that the report clears Mr. Fielding of all connection with the bank's downfall. The file of papers relating to the bank was not passed on to him when he took office. No complaint of its operations was made to him."

The responsibility of any Minister of Finance was the responsibility of the Government of his day. Mr. Justice McKeown reported upon the questions referred to him for answer.

There is no hint at yet as to whether the Government has any idea of making good losses to the depositors. This question has many angles, and will be the subject of spirited debate in Parliament.

The existence of much unemployment in the New England States, particularly in the textile and shoe industries, is emphasized in the monthly report made by the Federal Industry Survey.

In New Hampshire the slackening in operations continues, many factories and mills being closed entirely, while others are on part time. There is a surplus of workers, who are finding it hard to obtain employment in other lines, though some are being absorbed in outdoor work.

This account of New England industrial conditions carries the stamp of federal authority. If any further warning were needed for Canadians who think of seeking employment across the line it is thus afforded on the best of American authority.

There are more than 3,000 visiting Rotarians already in Toronto, and nearly 7,000 more are expected for the great international conference.

INSPECTION OF BANKS.

(Hamilton Herald.)

It is true that Government inspection would make the public more responsible to the public in a measure for the proper management of the chartered banks.

A MEAN VIEW OF IT.

(Kingston Standard.)

If you want to know how many relations, friends and acquaintances you have taken a nice, quiet summer cottage; you will find out. They will drive out to see how you are getting on, and arrive in showers.

HATS IN ELEVATORS.

(Richmond Times-Dispatch.)

When a man takes off his hat in a crowded elevator he runs the risk of breaking, denting or smashing it. Let that go; let him ruin his hat, if he wants to. But he subjects everybody else in the elevator to discomfort.

A PLATFORM OF THE DEAD.

(New York Times.)

The Living Age reproduces a cartoon from a German paper showing a black street which is so prevalent at present in Europe and Asia from the North Sea almost to the Sea of Japan.

ADVICE FROM THE COAST.

The Conservatives during the session at Ottawa have made it clear that they would like to have a general election but neither the Liberals nor the Progressives appear to want one, and it was a common opinion after the passage of the budget that there would be no general election for a year or two.

ENGLAND'S TAX POLICY.

A rather curious contrast is presented in the matter of tax legislation in England and America. England has a Labor government, and its fundamental precepts are distinctly socialistic, and yet its tax policy has been such as to win the enthusiastic approval of its Conservative opponents.

TWO RIBS BROKEN.

L. D. Millidge, Cranston avenue, is now at the home of his son-in-law, Dr. T. D. Dunlop, 188 Germain street, suffering from two broken ribs received when he accidentally fell off the veranda of his summer home on Long Island, Kennebecasis River, last Friday afternoon.

Mary Ann De Vay, 3 1/2, of Minneapolis, is the youngest dramatic reader in the United States. For more than six months her readings have been a feature of the WLAG radio programmes. Little Miss Mary is an accomplished dancer also, and the movies are calling to her. Her parents, however, say she will not turn professional until she is at least four.

FRENCH STEAMER HELD AT CHATHAM

Chatham, June 15—A French steamer is being held by the customs officials here because of infringement of customs laws. A large quantity of liquor sold to various parties in town and when this became known to Excise Officer G. P. Stewart, an investigation was made. The captain was brought before Collector of Customs George Watt, and upon the production of evidence he was ordered to pay a fine of \$400. Until this fine is paid the vessel cannot leave port. She has now completed loading her cargo of deals at the Showhall mill, but must remain tied up until the imposed penalty is satisfied.

WELCOME RAINFALL

Nearly an inch of rain fell on Saturday night and Sunday and the rainfall was gladly welcomed. It had been greatly needed in the areas threatened with forest fires as well as for farms and gardens. The benefit of the rain was plainly seen in the city squares. Weather statistics given by D. L. Hutchinson, of the Meteorological Bureau, showed that the rainfall amounted to .96 of an inch and temperatures were 66 degrees to 86 degrees Saturday and 62 degrees to 84 degrees Sunday.

Y. M. C. A. BOYS ON PICNIC

H. K. Mukherji, of Calcutta, India, was a member of the party of about 80 of the older boys of the Y. M. C. A. that enjoyed a picnic outing at Duck's Cove on Saturday afternoon. He gave the boys an address. He will be the honor guest at a luncheon at the Y. M. C. A. today. In connection with the "foreign work stimulus at this time" there are three exhibits being displayed at the association building depicting work of the Y. M. C. A. in South America, China and India.

TRAIN TRAVEL LIGHTER

Due to the inclemency of the weather, the Sunday train to Fredericton making all suburban stops on the C. P. R. yesterday was not so well patronized as on previous Sundays. Quite a few adventurous ones braved the elements, however, and made the trip. Despite the fact that extra cars were placed on the Saturday suburban, the trains were not large enough to accommodate the weekend rush of suburbanites and many had to stand.

DEATHS

George B. Lockhart.

George B. Lockhart, a former resident of this city, died recently at his home in Great Falls, Montana. He left this city some 38 years ago and has resided in Montana, where he has held many responsible positions, including deputy clerk of the District Court for Cascade county, and deputy state treasurer.

Born in this city in 1886, he was a son of the late Alexander and Mary Vaughan Lockhart. His father was for some time acting magistrate here. In his younger days the late Mr. Lockhart was an active member of Centenary Methodist church.

He leaves to mourn, besides his wife, who was formerly Miss Lillian Sullivan, daughter of the late Mr. and Mrs. James Sullivan, of this city, two sons, Harold, deputy county surveyor, Montana, and Percy, electrical marine engineer in the United States service; one sister, Mrs. G. R. Prichard, of this city, and five nephews, George L. Warwick, Harry O. Warwick, Dr. William Warwick, of this city, and Charles Warwick, of Lawrencetown, and Joseph H. Prichard, also of this city, and one niece, Miss Ida M. Warwick.

Alexander Petch.

Many friends here will learn with regret of the death of Alexander Petch, in Lynn, Mass., on Saturday. Mr. Petch had been a resident of St. John, but during the last 40 years had resided in Lynn, where he was employed with the General Electric Company. He is

Donald had celebrated the fiftieth anniversary of their wedding last October.

Besides her husband, she is survived by four sons, Joseph, of Baltimore; Daniel, of Los Angeles, and John and Archie, of St. John; and one daughter, Mrs. James E. McMurray, of Lancaster Heights, West St. John. Mr. McDonald was formerly in the employ of the C. N. R. but retired years ago. The funeral will take place on Wednesday morning at 8.45 o'clock from her late residence to St. Peter's church.

Mrs. James McCullough.

The death occurred at her residence, 27 Richmond street, yesterday of Florence, wife of James McCullough, all of this city. She is survived by her husband, her mother, Mrs. Elizabeth Bardsley; three brothers, John, Alfred and Walter Bardsley, all of St. John; and three sisters, Mrs. E. J. Wall, Mrs. Joseph Harrington and Miss Agnes Bardsley, all of this city. The funeral will be held from her late residence on Tuesday morning

To Fair-Minded Men

—to those who give a hearing to men who try to please them

By V. K. CASSADY, Chief Chemist

I am asking here for a simple test of a unique shaving cream. I spent a lifetime to qualify to make it. I consulted 1,000 men to learn just what they wanted. I made up and discarded 130 formulas before I attained this perfection.

Now I ask you to try it—free. And if you have something you are equally proud of, I'll do the same for you.

No Ordinary Soap
We are makers of Palmolive Soap. It is based on palm and olive oils—the premier cosmetics since the days of Cleopatra. To millions of women, it has brought new beauty—skin like velvet, soft, clear, clean.

The makers desired to combine that blend in a shaving cream for men. But they insisted that we first create the best shaving soap in existence.

What Men Wanted
We first learned what men wanted, by 1,000 interviews. Then, step by step, we met those wants in scientific ways. In 12 months we made and tested 130 formulas.

They wanted abundant lather. We made a soap which multiplies itself in lather 250 times.

They wanted enduring lather. We made a lather which maintains its creamy fullness for ten minutes on the face.

They wanted quick results. Within one minute, with our soap, the beard absorbs 15% of water. And that's enough to make a tough beard cut like wax.

They wanted the skin left soft and velvety, free from irritation. The palm and olive oil content brings fine after-effects.

We've Won the Men
This shaving cream has won. Its sudden success has seemed like a fable. And every user has been won from some other favorite.

Now we ask your verdict. We have done this to please men like you. In mutual fairness try it and tell us what you think.

To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look.

There are new delights here for every man who shaves. Please let us prove them to you. Stop now and cut the coupon.

Mr. and Mrs. John Burchild of Portland, Me., with their son, who had been visiting Mr. and Mrs. George Totten, 50 Newman street, left by motor for their home on Saturday, accompanied by their host and hostess and little Miss Totten. They will spend some time in the United States, Mr. Totten going on to Boston to visit his sister, Mrs. John McLean.

Mrs. Harris Armstrong was hostess on Saturday afternoon for about 30 members of the Hiram's Mission Circle of Centenary church, when they went out under the chaperonage of Mrs. Robert G. Fulton to Mrs. Armstrong's country home at Ketepec. Mrs. James Childs was a special guest. A delightful picnic tea was enjoyed.

Miss A. M. Harvey of Fredericton, who has been in Kingston, Ont., all winter, is in the city and will spend the summer here. Miss Harvey is at 160 Charlotte street.

Mrs. W. J. Clawson, of Collegeville, Penn., and her three children, arrived on Friday and will spend the summer at the home of her sister, Miss Grace Robertson, 182 King street East. Mrs. Clawson has not visited St. John for five years.

Miss Margaret Hayes, R. N., daughter of Mr. and Mrs. William Hayes, of Ready street, Fairville, who has been following her profession in Boston for the last ten months, has returned home. She was accompanied by her aunt, Miss Margaret McKinnon, of the staff of the Quincey, Mass., hospital, who will spend a few weeks vacation at the home of her sister, Mrs. Hayes.

Miss Ada Denton, who will be numbered among the June brides, was the guest of honor at a linen shower at the home of Mr. and Mrs. Ira D. Farris, 207 Duke street, last week. The evening was enjoyably spent. Many beautiful gifts of linen were received. Delightful refreshments were served.

Mrs. James O'Brien and daughter, Miss Nina, of the Manawagonish Road, left on Saturday evening for Boston. They will be away for five weeks and will be the guests of Mrs. O'Brien's son, Rev. Alfred L. O'Brien, and Mrs. O'Brien, of Garnetville, Mass.

Dr. Thomas will spend considerable time at Sackville, supervising the work of the Wesleyan, of which he is editor. In the autumn he and his family will take a furnished house at Sackville. Dr. Thomas will take a holiday of two weeks at Brown's Flats during the summer.

WEDDINGS

Lanyon-Crockett.

Exmouth street Methodist church was the scene of a pretty wedding Saturday evening at 7 o'clock, when Miss Lillie E. Crockett, daughter of Mrs. L. J. Crockett and the late Robert Crockett, of 41 Exmouth street, was married to George Lanyon, son of Mr. and Mrs. William T. Lanyon, of West St. John, Rev. Dr. Herbert E. Thomas, pastor of the church, officiating. The bride, who was given in marriage by her cousin, J. Herbert Crockett, was unattended and wore a navy blue suit, grey hat and gloves and a scarf of grey squirrel, the gift of the groom. She carried a bouquet of Ophelia roses. The combined choir of Exmouth street and Carleton Methodist churches sang the wedding hymns "The Voice that Breathed o'er Eden" and "O perfect Love." Everett Rose and Christie Belyea acted as ushers.

The church was prettily decorated with apple blossoms and ferns, the work of the many friends of the bride, who was a popular member of the choir. They presented her a coffee

SCIENCE SEEKS KEY TO CIVILIZATION IN MAYA RUINS OF YUCATAN

By ALMA REED

Nea Service Staff Correspondent.

Chichen-Itza, Yucatan—The walls of history loiter as American archaeology digs in the Maya ruins of Yucatan. Experts of the Carnegie Institution are concentrating for the first large-scale excavations in the entire Maya region. At its height, the capital of the "holy and learned Itzaes" occupied an area of 10 square miles. The builders of its massive temples and palaces followed an art second only to that of Greece. The jungle was beaten back from the ancient city in the days of the Spanish Conquest. Dominated by a majestic pyramid, there emerged the most notable group of ruins in the two Americas.

Among these ruins science will search for the Maya Rosetta stone—a treasure more precious than all the golden loot of Tut-Ankh-Amen's tomb. Only such a key will decipher accurately the hieroglyphic writings on the countless sculptured walls and columns of Chichen-Itza and the older Maya cities.

Today, absolutely nothing is known of the beginnings of the remarkable mother race of the American continent. But the theories are varied and startling. According to some archaeologists, the origin of the Maya is one with the origin of mankind.

Yucatan—the Garden of Eden.

The disciples of Dr. Auguste Le Plongeon held the Yucatan peninsula as the very cradle of human civilization. They locate the site of the Garden of Eden near Chichen-Itza, and name Abel, the victim of the world's first murder, as the city's founder.

The eccentric French savant, who labored among the ruins for the greater part of his life, held that the Egyptians received the rudiments of their culture from the Maya about 160 centuries ago. In support of his theory, he points to the striking similarity of custom, art and belief among these ancient peoples. He claims that the white-robed priests of Uxmal brought into Egypt their elaborate religious ritual and the doctrine of re-incarnation in the days before a vast mainland had collapsed to form the floor of the troubled Atlantic.

Some months ago, I asked Dr. William Gates, the highest authority on Maya hieroglyphics, what he expected as a result of the proposed excavations in Yucatan. This was his answer:

"History will be re-written. I am already convinced from my own studies of the inscriptions, and from other evidences that the earliest Maya knew of the culture of Egypt and Asia, and that 10,000 or 15,000 years ago, there existed international world communication."

"Egypt woke us up to a world back of Greece and Rome. In the Maya ruins we can faintly glimpse a world beyond Egypt, or at least, one contemporaneous with its oldest civilization. "The vast stretch of country from the Honduras borders of Guatemala northward through the Yucatan penin-

sula is covered with the remains of what must have been a continuous population in ancient times. It furnishes one of the three really fertile fields in the whole world for the study of the dawn of civilization."

What Was Maya Origin.

One day in February, 1923, during the first expedition of American archaeologists to Yucatan, the foremost scientific men of the United States assembled at Chichen-Itza in the shadow of the famous temple-crowned pyramid and there theorized on this baffling fragment of the human family whose marvelous culture flourished and vanished without leaving so much as an

voiced the most generally accepted opinion that the Maya emigrated from Northeastern Asia during the neolithic period, possibly 100,000 years ago.

Prof. Marshall H. Saville of the Museum of the American Indian, Heye Foundation, inclined towards the belief that the Maya civilization was not inherited. He classed it as an independent development of the features of North African and Asiatic civilization from a state of neolithic culture.

Sylvanus Griswold Morley, field expert of the Carnegie Institution, who is directing the present explorations in Yucatan, said that the earliest date affixed by archaeology to any Maya monument, gives no clue as to the age of the civilization. "The inscriptions," he explained, "burst upon us fully formed. They are but the flower of long-continued astronomical observations expressed in a graphic system of exceeding intricacy."

Science has run the whole gamut of conjecture.

Which of the many strange theories will the present excavations establish as fact?

Is there but a single key to the riddle of the Maya and to the riddle of human history? And will it be uncovered in the ruins of Chichen-Itza? Seldom have larger potentialities hung on the turn of a spade.

SUGGESTIONS FOR THE HOUSEHOLD

Washing Chiffon.

Wash chiffon in warm soapy water and rinse in warm water in which a lump of sugar has been dissolved.

Avoid Heavy Borders.

A heavy border always makes a ceiling look lower, so avoid it in rooms with low ceilings.

Tarnish on Brass.

Tarnish on brass is a proof that the outside lacquer has been destroyed and that it should be re-lacquered.

Get Extra Length.

When buying a carpet for the stairs get an extra step length more than

you need and turn it under at the top or bottom, changing occasionally so that the wear will be distributed more evenly.

Cleaning Lace.

Lace neckwear that is only slightly soiled may be cleaned by burying it for a week in cornstarch mixed with calcined magnesia.

Keeps Utensils Handy.

Always be sure to have your cook-screw and can opener where you can lay your hands upon them on a moment's notice and do not attempt to use a good knife to open bottles or cans.

Add Carboric Acid.

Whitewash with a little carboric acid added to it makes a most sanitary finish for a cellar wall.

Perry officiated at the marriage on Wednesday, June 11, in St. Matthias' church, Halifax, of Elizabeth A. Pitman, formerly of the Standard Business College, St. John. The bride wore a suit of navy blue with fawn hat, and carried a bouquet of roses and sweet peas. The pair were unattended. They will spend two weeks in the Annapolis Valley, after which they will proceed to St. John, where they will reside. The bride was a member of the staff of the Commercial Department of the Maritime Telegraph and Telephone Company, receiving from them a cabinet of silver.

PAYS FOR COLLISION DAMAGE. At 1:05 o'clock yesterday morning there was an automobile mixup in Charlotte street when car No. 16,062, driven by Samuel E. Kominesky, was in collision with automobile No. 17,457, operated by H. W. McCann, of Moncton. The rear mud guard of the Moncton car was badly damaged. The police were on hand quickly after the accident. Mr. Kominesky paid an estimated amount to cover the damage. This was quite satisfactory to the Moncton man, who, after receiving the cash, drove on his way to the railway town.

ACTING COURT SERGEANT. Police Constable Edwin Thomas, night deskman at police headquarters, is for the next fortnight acting as court sergeant in the absence of Sergeant Dykeman who started on his holidays yesterday. Canadian Commons To Consider Central Banking Control

M. P.'S AT OTTAWA THIS WEEK FACE BIG QUESTIONS

Church Union Issue Likely to be Joined on Tuesday Evening.

MURDOCK CHARGES Conservatives to Move That Accusations are Proven—Banking Matters.

Ottawa, June 16.—This week promises to provide plenty in the way of parliamentary incidents...

The report of the privileges and elections committee on the Murdock charges is now expected to be taken up in the Commons on Wednesday.

Proposed Central Bank. Banking questions are scheduled for debate on Tuesday, when a proposal is to be made to instruct the banking and commerce to take up a proposal to establish a central bank.

The plan is understood to be not exactly in the nature of the Federal Reserve system of the United States, but rather a method of providing for control of the discount facilities under the Finance Act and coupling with that a system of bank inspection.

The redistribution committee is still continuing its efforts to arrive at a solution of the many vexed questions involved in the decennial rearrangement of the parliamentary constituencies.

There was no insurance on the shed of Mr. Greer. The total loss is estimated at about \$2,000.

Yesterday morning about 11 o'clock an alarm from Box 24 called the west side firemen out for a blaze in the two-story building at the corner of Germain and Watson streets, owned by Robert McIntosh and occupied by himself and William Connor.

The fire, the origin of which is unknown, started in the attic and before it had been extinguished considerable damage had been done.

ROUMANIAN BUYERS ASK ALLIES FOR AID AGAINST THE RUSSIANS

Rival Claims for Bessarabia a Menace to the Peace of Europe.

Geneva, June 16.—(United Press)—In the recent visit of King Ferdinand and Queen Marie to the League of Nations and the principal powers of Europe, the Rumanian political experts profess to see Rumania's preparation for a showdown with Russia on the question of Bessarabia.

And in the event of such a war, Rumania would be obliged to count upon one of two things, either the full support of the League of Nations or the principal European nations of the Big Entente.

That Rumania would prefer the full support of the League of Nations is said to be indicated not only by the prestige of his visit to Geneva and the unmistakable declarations which were made there relative to Rumania's position in the league, but also similar declarations of league support expressed by the Rumanian ambassador in their formal public greetings.

King Ferdinand declared while in Geneva: "Bessarabia was assigned to Rumania, after a full expression of the popular will in that effect, by the treaty signed at Paris, October 28, 1920, between England, France, Italy, Japan and Rumania."

That the immediate outlook for business in Canada was reasonably good was the general feeling at the annual meeting of the Canadian Credit Men's Association, Ltd., held in Montreal on Friday.

Mr. Whelpley said last night that while the meeting had not looked for a rapid return to good business, he believed that individuals, municipalities and governments must practice strict economy for some time, he believed that the country was recovering from the period of depression.

Mr. Whelpley and Mr. Jamieson attended the joint meeting of the Canadian Credit Men's Association and the National Credit Men's Association of the United States which convened in Buffalo before the Montreal meeting and was attended by 2,000 delegates.

The annual meeting elected F. E. Simonton, of Calgary, president, re-elected Henry Detchen general manager, and named S. F. Jamieson and F. W. Roach, of St. John, as directors.

Glencoe, Scotland, June 15.—George Duncan, veteran British golf professional, Saturday defeated Abe Mitchell, another noted golfing champion, by 8 up and 7 to play in the deciding 36-hole match of the 1,000 guinea tournament.

This is the first time in his professional career that Mitchell has lost a 36-hole match. Duncan was invincible, reeling off frequent birdies and exhibiting a putting touch that was almost magic.

Miss Saida Cough, organist of St. Columba Presbyterian church, sang the solo "Supplication" at the morning service in the Queen square Methodist church yesterday and her pleasing rendering was greatly appreciated.

MURDOCK CHARGES Conservatives to Move That Accusations are Proven—Banking Matters.

Ottawa, June 16.—This week promises to provide plenty in the way of parliamentary incidents...

The report of the privileges and elections committee on the Murdock charges is now expected to be taken up in the Commons on Wednesday.

Proposed Central Bank. Banking questions are scheduled for debate on Tuesday, when a proposal is to be made to instruct the banking and commerce to take up a proposal to establish a central bank.

The plan is understood to be not exactly in the nature of the Federal Reserve system of the United States, but rather a method of providing for control of the discount facilities under the Finance Act and coupling with that a system of bank inspection.

The redistribution committee is still continuing its efforts to arrive at a solution of the many vexed questions involved in the decennial rearrangement of the parliamentary constituencies.

There was no insurance on the shed of Mr. Greer. The total loss is estimated at about \$2,000.

Yesterday morning about 11 o'clock an alarm from Box 24 called the west side firemen out for a blaze in the two-story building at the corner of Germain and Watson streets, owned by Robert McIntosh and occupied by himself and William Connor.

The fire, the origin of which is unknown, started in the attic and before it had been extinguished considerable damage had been done.

ROUMANIAN BUYERS ASK ALLIES FOR AID AGAINST THE RUSSIANS

Rival Claims for Bessarabia a Menace to the Peace of Europe.

Geneva, June 16.—(United Press)—In the recent visit of King Ferdinand and Queen Marie to the League of Nations and the principal powers of Europe, the Rumanian political experts profess to see Rumania's preparation for a showdown with Russia on the question of Bessarabia.

And in the event of such a war, Rumania would be obliged to count upon one of two things, either the full support of the League of Nations or the principal European nations of the Big Entente.

That Rumania would prefer the full support of the League of Nations is said to be indicated not only by the prestige of his visit to Geneva and the unmistakable declarations which were made there relative to Rumania's position in the league, but also similar declarations of league support expressed by the Rumanian ambassador in their formal public greetings.

King Ferdinand declared while in Geneva: "Bessarabia was assigned to Rumania, after a full expression of the popular will in that effect, by the treaty signed at Paris, October 28, 1920, between England, France, Italy, Japan and Rumania."

That the immediate outlook for business in Canada was reasonably good was the general feeling at the annual meeting of the Canadian Credit Men's Association, Ltd., held in Montreal on Friday.

Mr. Whelpley said last night that while the meeting had not looked for a rapid return to good business, he believed that individuals, municipalities and governments must practice strict economy for some time, he believed that the country was recovering from the period of depression.

Mr. Whelpley and Mr. Jamieson attended the joint meeting of the Canadian Credit Men's Association and the National Credit Men's Association of the United States which convened in Buffalo before the Montreal meeting and was attended by 2,000 delegates.

The annual meeting elected F. E. Simonton, of Calgary, president, re-elected Henry Detchen general manager, and named S. F. Jamieson and F. W. Roach, of St. John, as directors.

Glencoe, Scotland, June 15.—George Duncan, veteran British golf professional, Saturday defeated Abe Mitchell, another noted golfing champion, by 8 up and 7 to play in the deciding 36-hole match of the 1,000 guinea tournament.

This is the first time in his professional career that Mitchell has lost a 36-hole match. Duncan was invincible, reeling off frequent birdies and exhibiting a putting touch that was almost magic.

MORE CONFERENCES AT ST. ANDREWS ROAD CONVENTION

Provincial and University Bodies Will Meet to Discuss Problems.

The arrangements for the 11th annual convention of the Canadian Good Roads Association at the Algonquin Hotel, St. Andrews-by-the-Sea were completed last week when members of the executive visited the convention town and conferred with those responsible for the entertainment of the delegates and their wives who will assemble the week after next from all parts of the Dominion. One or two changes have been made in the programme and some distinguished speakers, well versed in highway matters are assured for the four-day convention, which opens on June 24.

A special conference of university representatives which is being held under the auspices of the association to discuss the establishments of a uniform course of technical training for highway engineers will be held on Thursday morning, June 26, at 10 o'clock. Professor R. de L. French, of McGill University, and Professor A. T. Daling, of Toronto University, will be joint chairmen for this conference to which highway officials have also been invited.

An inter-provincial conference of

IS A G. O. P. LEADER

Mrs. Alvin T. Hart of Louisville, Ky., has succeeded Mrs. Harriet Taylor Upton of Ohio as vice chairman of the Republican National Convention and leader of women's activities in the party. Mrs. Upton has resigned so she may be able to devote all her time to her candidacy for Congress.

Government representatives and officials will open on the evening of Wednesday, June 25, and will continue at such other times during the convention as is necessary in order to complete the very important programme which has been drawn up following the Winnipeg conference. These include such matters as uniformity in the preparation of tenders, the working out of cost data, systems of construction, purchasing of materials and other matters with which highway departments have to deal.

The automobile associations of New Brunswick, Nova Scotia, and Prince Ed-

ward Island are calling a special meeting of their members at St. Andrews at the same time as the road convention is being held for the discussion of matters which affect their organizations. Naturally they are keen supporters of the movement for improved highways and will participate in the discussions that will follow the presentation of the various papers. The Mayor of St. Stephens, Mr. W. G. D. Wolfe and Mayor Everett, of St. Andrews, are co-operating with their respective councils in insuring that the delegates will thoroughly enjoy their brief stay in the famous summer resort.

The annual general meeting of the Canadian Good Roads Association will be held on the afternoon of Thursday, June 26, for the reception of annual reports and financial statements, the election of the directors and officers for the ensuing year and the receipt of invitations for the 1925 convention for which there is likely to be keen competition. The Ontario Government is sending down many new films showing road construction work in its different phases and R. H. Parsons, city engineer of Peterborough, Ont., will give an address on the latest practice in the construction of asphaltic concrete pavements. There will be a delegation of at least 50 from Ontario according to notifications already received by George McNamee at the headquarters of the association in New Birks Building, Montreal, while an exceptionally large number of the Mayors in Quebec Province have signified their intention of being present.

ROUND WORLD IN 19 DAYS IS VISION

British Airmen's Hopes—British Channel Tunnel Talk Renewed.

London, June 15.—(United Press).—"Around the world in seventeen days" is the aerial ideal that dopsters here predict will be possible when present plans for Europe-to-Asia air services are realized. Meanwhile, land engineers are figuring up a through-railroad train from London to Peking. Only one thing is necessary to make it possible and that is to dig a tunnel twenty-two miles long under the English channel.

The tunnel would cost about \$130,000,000, it is estimated, and perhaps ten years would be required for its completion. Both in England and France there is serious talk these days of actually putting the thing through.

Engineers say it would be a fairly simple job now, offering no more technical difficulties than a number of engineering feats that have been done in recent years. The Ontario Railway Company here has sufficient faith in realization of the project to have bought vast sites near Waterloo Station, London, where to construct a great "world terminal" to operate with the channel tunnel. A traveler could get in a sleeping coach here and get off in Peking or Constantinople or Calcutta, or almost any great city of Europe.

RECORD HAILSTONES.

Enormous Ones Authentically Reported, Says Weather Bureau.

The weather bureau of the United States Department of Agriculture is frequently asked what is the maximum known or possible size of hailstones. According to its records and documents in the weather bureau library, the maximum possible size of a single hailstone cannot be positively stated, but stones larger than a man's fist and weighing over a pound have several times been reported in Natal, on April 17, 1874, and in the same place, on June 15, 1829, houses were crushed under tons of ice, some of which are said to have weighed four and a half pounds. In October, 1844, a hailstorm at Cotte, France, wrecked houses and sank vessels.

Authentic reports of the finding of hailstones much larger than those here mentioned, undoubtedly refer in all cases to masses of ice resulting from the coalescence, after falling, of a number of smaller hailstones lying closely packed together on the ground.

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulled coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use. Two or three teaspoonfuls of Mulled is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, wavy, and easy to manage.

POSED AS SON OF THE KING OF SIAM

Career of Dapper Little Londoner Temporarily Checked by Police.

London, June 15.—A dapper little man of color, who resorted to masquerading, sometimes as the illegitimate son of the King of Siam, sometimes as "Prince" Assandong, and sometimes as "Prince" L'Argana Singh, according to his fancy of the moment, will spend the next three months of his life in a prison cell. John Eddie, the young man in question, was sentenced to that term of imprisonment at the Guildhall, London, as a suspected person. Consequently whenever Eddie is observed hanging around blocks of offices in the heart of the city, he is suspected of being there for no honest purpose. In this particular case he was found in possession of stolen property.

GIRL GUIDES TO CAMP TEN DAYS

About One Hundred are to Have Outing at Oak Point.

A camp for Girl Guides is to be held at Oak Point this summer, commencing on June 28 and lasting for ten days, and there will be about 100 Guides attending, making this the largest camp that has yet been held in New Brunswick.

Miss Dorothy Purdy, district commissioner, and Miss Catherine McAlvay will go up river to inspect the grounds today. The companies which will be represented at camp will be the three from Robb's, four from St. John, Trinity, St. James, St. Paul's and St. John's Church and a company from Fredericton. Miss Gwen Richards, Y. W. C. A. physical instructor, will be the physical instructor for the camp and there will be a nurse also. The Guides are eagerly looking forward to ten days' good time.

REUNION AT BELLISLE.

Brundage Kierstead of Montana, accompanied by Prof. Sprague and three sons, from East Lansing, Michigan, arrived in Fredericton Friday by automobile and are guests of Mr. Kierstead's brothers, Nehemiah and Harding Kierstead, accompanied by Mr. and Mrs. Nehemiah Kierstead and Mr. and Mrs. Harding Kierstead, who are motorists to Bellisle, where a family reunion of the Kiersteads has been held. It is 35 years since Mr. Kierstead left New Brunswick.

BUYING ORDERS SEND STOCKS UP

Wall Street Gains, However, Were Mostly in Fractions.

New York, June 16.—Accumulation of week-end buying orders turned stock prices upward at the opening of today's market, but gains generally were limited to moderate fractions. American Car and Foundry, however, advanced a point. Several new 1924 high records were established, including Chicago and Northwestern and Public Service of New Jersey.

Montreal Market.

Montreal, June 16.—Trading was dull and prices easier at the opening of the Montreal Stock Exchange this morning. Canadian Industrial Alcohol was the most active issue and came out with a week-end loss of 1/4 to 3/4. A fair demand was made for Montreal Power, that suffering a loss of 1/4 to 1/2. Toronto & Railways registered an advance of 1/4 to 3/4.

WELL KNOWN BOXER
SHOT AND KILLED

Bill Brennan, Prominent Heavyweight, Murdered in Cabaret Fight.

New York, June 15.—William (Bill) Brennan, prominent heavyweight boxer, was shot and killed today in the Tia Juana cabaret, of which he was the proprietor.

James Hughes and Frank Rossi, believed to be two of a band of five who committed the killing, are under arrest.

Brennan was chatting with friends when Hughes, who is described as an unkempt individual with a prison record, asked the pugilist to step outside for a moment.

Brennan's sister, known on the stage as Shirley Sherman, told the police she ran outside and saw five men, all of whom ran away when she appeared.

She seized Hughes by the arm as she screamed for help. Hughes however, threw her to the floor. A bullet halted Cullen who was close behind the girl.

Hughes and Rossi became separated from their companions, and turned up a corridor, the door of which was closed.

Breaking the glass of the door with the butts of their pistols they walked into the arms of police lieutenant John Hagarty.

They beat Hagarty into unconsciousness, commanded a taxi-cab and fled. Two policemen, attracted by the firing took up the chase in another taxi and captured the pair after a breakneck drive.

Both have served terms in prison, the police said. The band, according to the police, are members of a "hell's kitchen" gang who have apparently borne a grudge starting his professional career in 1914.

Brennan engaged in 191 ring battles, score books revealed. He gained the sobriquet of "knockout Bill" by flattening his opponents in 45 of these contests.

The only men who knocked him out were Dempsey, Firpo and McKinnon, but he lost decisions to Johnson, Harry

Texas High School Boy Is One-Man Track Team

Wichita Falls, Tex., June 16.—Leo Baldwin, 18-year-old student of Wichita Falls High School, created one of the most unusual records in the history of athletics at the recent Texas State Interscholastic League track and field championship.

Baldwin won for his school the state track and field championship, scoring 23 points—more than any other team entered in the Texas meet.

The big blond-haired, raw-boned Wichita Falls star was the only athlete representing his school to place in a single event, yet he piled up enough points to bring the title to this city.

Veteran officials at such events declare that his record is one of the greatest even made by a scholastic or collegiate athlete.

In winning the championship, Baldwin captured four first places. In the high jump he went out of the scholastic class and broke the Southwestern Collegiate Conference record with a mark of 6 feet 1 inch.

Here are the events Baldwin won: 120-yard high hurdles; time 15 seconds; breaking previous Texas high school record of 18 seconds.

220-yard low hurdles; time 28.3-5 inches; breaking previous Texas high school record of 45 feet 11 inches.

Shot-put; distance 47 feet 9-1/2 inches.

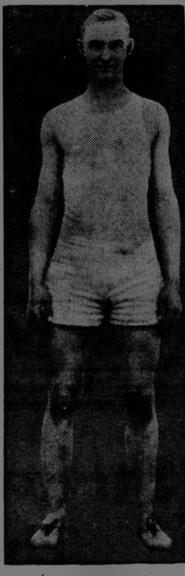

High jump; height 6 feet 1 inch; breaking Southwestern college record of 6 feet and Texas high school mark of 5 feet 10-7/8 inches.

Baldwin also won second place in the discus throw, his mark being 126-1-2 feet.

The sensational Texas is unusually husky to be so feet of foot. He is 5 feet 11-1/2 inches in height and weighs 178 pounds.

He has two more years in Wichita Falls High, after which he plans to attend Texas A. & M. College.

COOMBS HURT; OUT OF GAME FOR WEEKS

Yankees Suffer Heavy Loss With Sensational Re-entrant Injured.

New York, June 16.—The first test yesterday of strength between the Yankees and the rising Indians resulted in an easy victory for Speaker's team, which drove Shawkey from the box and won 10 to 3.

The Yankees suffered heavily in the loss of Earl Coombs, sensational Louisville recruit, who was carried from the field with a dislocated ankle, which will keep him out of the games for weeks.

Detroit made a savage attack on three Red Sox pitchers for 21 hits and a 10 to 4 victory.

Chicago's advance carried the team into the first division and forced Washington to fifth place, as the White Sox beat the Senators 6 to 4.

The Browns and Athletics slugged at each other for ten innings before St. Louis won a 9-8 decision.

The Giants broke again and took first place in the National by beating Cincinnati 4 to 1, driving Carl Mays from the box.

Brooklyn defeated St. Louis 4 to 3.

Chicago, Pittsburgh, Boston and Philadelphia were not scheduled.

merchants, was totally destroyed, while the Fuller Brush building was badly gutted. The T. & A. Leger's hardware stock, valued at between \$15,000 and \$20,000 is a total loss with only \$5,000 insurance, while the same may be said of the Fuller Brush Company stock, valued at \$10,000. J. H. Marks' loss on buildings is placed at \$10,000. The losses in all cases are partly covered by insurance. The full fire fighting force of the city was engaged four hours before the flames were subdued.

ESCAPES FROM AMHERST JAIL

Amherst, N. S., June 15.—Grabbing the jailer's mother as she brought him a supply of hot water, which he had asked for, Robert Randolph Hill, a deserter from the Royal Canadian Regiment, at Halifax,

swung her into his cell, stepped through the doorway, snapped the lock and walked out of jail. The breakaway took place Friday but Hill's stolen liberty was brief for he was arrested at Truro that night by Canadian National Policeman Tatric.

This was Hill's second break from the Amherst jail, having escaped last March when he took one of the jailer's revolvers with him.

DEMAND FIRST BEFORE SERVICE STATION SANCTIONS

Com. Harding's Ruling Protested by Applicant—Garage Question Arises.

A statement was made by Commissioner Harding at a City Hall meeting today that he would not recommend any more permits for service stations unless the applicant could bring evidence strong enough to convince the council that there was a demand by the public for one in the section proposed.

A strong protest against the attitude of Commissioner Harding on the service station matter was voiced by W. E. A. Lawton.

The award of the appraisers on the Simmons Ltd., building was read, but no action was taken.

On motion of Commissioner Bullock, it was decided to sell No. 21, Mill street, Fairville, to Mrs. George O'Brien for \$800, as the present lessee was willing to surrender his lease.

The commissioner remarked that he would like to sell all the lands owned by the city in Lancaster, as the rentals did not net enough to pay the taxes.

Commissioner Frink interjected, "Why not make a plain statement, then, that you want to sell because you are being taxed out of business?"

Commissioner Bullock said he would not like to say that, although the taxes were going up all the time.

On motion of Commissioner Harding, an agreement with the C. N. R. giving the city the right to carry a fire alarm wire across the bridge at the foot of Dorchester street was ordered executed, provided the city solicitor approved.

Commissioner Harding said that a recent fire in City road had brought out the fact that a building erected under a permit to build a carriage house, obtained by Mrs. Donovan, had been used for a garage.

The chief of the fire department had reported to him that many buildings of this kind were being used as garages and adding greatly to the fire hazard.

The commissioner said he had given instructions to investigate this matter and report all cases to him.

Mayor Potts congratulated the Commissioner of Safety on the safety zone which he had marked out, and suggested that another be added on Market Square for the benefit of citizens waiting for street cars.

An application by C. B. Allan for permission to erect an electric sign over the entrance to the Tourist Association office was referred to the Commissioner of Public Works, with power to act.

Service Station

Mayor Potts asked if the Commissioner of Safety had any report on the application for a service station in Douglas avenue and the commissioner replied that he would report at the meeting tomorrow, but for the benefit of Mr. Lawton, who was present, he would say that he would not recommend the granting of any further permits for tanks and pumps until he was satisfied there was a demand from the public for more service stations.

The council had laid down a definite policy in the matter of service stations and their location.

Mr. Lawton said he could not understand this attitude. This was a legitimate business, he said, and it was not the province of the city council to say how many should go into the business. He would like to have an answer soon to his application and not be kept waiting for three weeks as in the case of the application made for the German street site. He felt the situation chosen this time was a good one and one which would reduce the hazards of driving in Douglas avenue as the cars going west could use one station and those going east the other.

Mayor Potts said the council would deal with the application tomorrow and Mr. Lawton would get a quick answer if he waited one day.

The award of the appraisers on the value of the buildings on the lots leased by the Simmons Ltd. setting the value at \$719 was read. This was signed by Edward Bates and D. L. McRoberts. The third valuator, F. W. Ward, who represented the company, did not sign the award.

Commissioner Bullock said the property was assessed at \$7,000 this year and he did not think the property was worth this much.

Commissioner Wigmore said these lots were leased at low rate because the firms were to manufacture goods here and, he said, they had violated the contract. It looked like good business to him to have a lease of this kind drawn up so that if manufacturing ceased they lost the lease.

Mayor Potts suggested that the lease be renewed and an effort be made to have the covenants of the lease carried out. No action was taken.

FATHER'S DAY IDEA TAKES HERE

Merchants Report a Ready Response in Honor of Head of Family.

Sunday, June 15, was set aside as Father's Day and although not entirely new in its origin it was somewhat new to the citizens of St. John. From all reports of the local retail clothing stores which participated in a selling campaign preceding this day it gained enough prominence to become a yearly feature in this city.

The retail merchants held a meeting and decided to inaugurate upon the public the theme of Father's Day and co-operatively secured a full page advertisement in the Evening Times on Thursday of last week.

On Saturday all those interviewed reported having had a very successful day and there was enthusiasm over such a day next year.

LAWYER SUES IN FOLLOW UP OF LIQUOR CASES

G. H. V. Belyea Gets Judgment Against Carleton and Lampert.

Two suits were brought by G. H. V. Belyea, K. C., in the County Court this morning for the collection of his fees in the matter of habeas corpus proceedings.

The first case was against David Carleton, in which Mr. Belyea claimed \$85 as his costs in habeas corpus proceedings brought to free the latter from jail at the time he was charged in the police court with unlawfully having liquor on his premises. The plaintiff agreed to rebate part of this claim which brought the amount below \$80 and M. B. Innes, appearing for the defendant, moved for a non-suit on the ground that the case was therefore within the jurisdiction of the City Court, being below \$80. Judge Barry did not allow this, however, and gave judgment for the plaintiff.

The second case was against Max Lampert. The circumstances are similar to those of the first case but the amount claimed was \$100. Mr. Belyea testified that this was the sum agreed upon between the defendant and himself for his legal work in connection with the proceedings.

The defendant testified that he understood this amount was to cover the costs for both Mr. Carleton and himself, each to pay \$50. A. B. Gilbert, appearing for the plaintiff, submitted in evidence the order of Mr. Justice Chandler, which showed that proceedings in the Carleton case had been taken some time before those in the Lampert case and he argued that this was conclusive that no agreement was made by the plaintiff respecting his fees to cover both cases.

Judge Barry gave judgment for the plaintiff for the full amount. David Carleton did not appear in person but Max Lampert testified in both cases and Mr. Belyea was the only witness for the plaintiff.

As Hiram Sees It

"I was reading," said Mr. Hiram Hornbeam to The Times reporter, "where a fellow turned down a job because the pay wasn't big enough—an' let his wife keep him an' the kids on what she could earn—an' that was a lot less than he could've got if he'd gone to work."

"There are such persons," said the reporter, "and the reporter."

"Well, sir," said Hiram, "if I done that, the fust bite I tried to eat that my wife earn' 'ud choke me. Aint they no way critters like that kin be made to go to work?"

"An' industrial farm for the province has been suggested," said the reporter.

"Well, sir," said Hiram, "to my way of thinkin' we can't get it too soon. We hev a critter or two out of the Settlement that orto hev a job in front of 'em an' a cat-o-nine tails behind 'em—so's they couldn't help seein' the job. The feller that wont do what he kin git to do till he kin git somethin' better—ah—he hev a wife 'n' kids—orto hev the screws put onto him good an' hard. He's no good—no, sir."
