## RUSSIANS AND TEUTONS AT GRIPS IN FIERCE FIGHTING IN VOLHYNIA

### Enemy's Trenches Stormed After Terrible Battle—Germans Counter Attack With Bayonet, but Driven Off—British and French Gain Ground on the Somme.

## ALLIES IN NEW THRUSTS TAKE FIRMER HOLD ALONG SOMME

### British Capture Two Lines of German Communications While French South of the Somme Strengthen their Footing on Enemy's Territory and Capture Over 1,100 Prisoners.

Berlin admits that the British north of Thiepval gained a firm hold on the German trenches, and that the French south of the Somme have won a footing in the sugar refinery at Genesmont. The French, in Saturday's fighting in the Ablaincourt-Belloy sector, made 1,100 German prisoners.

Paris, Oct. 14.—The French official communication issued tonight follows: "South of the Somme we made two attacks which succeeded brilliantly, one to the Santerre which put us in possession of the German first line on a front of more than two kilometres. The other placed us in possession of the hamlet of Genesmont and the

## Violent Fighting Resumed Between Russians and Enemy on Eastern Front

Petrograd, Oct. 15, via London, 2:15 p. m.—Russian troops, after a stubborn fight with German forces north of Korytniza, in Volhynia, have stormed the Teuton trenches there, says the Russian official statement issued today. Two machine guns were captured and a number of prisoners taken. The Germans counter-attacked fiercely with the bayonet several times, the statement adds, but they were repulsed with heavy losses. The text says:

"In the evening of October 13, after a bombardment of our positions in the region of Skorobov, the enemy launched an attack on our first line trenches, but was repulsed with great losses, the result of our counter-attack."

"In the region north of Korytniza our gallant detachments, as the result of a stubborn battle, scoured the enemy trenches and captured two machine guns and a number of prisoners. Several fierce consecutive counter-attacks were made with the bayonet, but these all were repulsed with heavy losses to the enemy."

"In the region of Michelschuv an enemy attempt to advance was paralyzed by our fire."

"Enemy detachments which repeatedly attacked our positions in the neighborhood of Dorana Watra, and also in Dobruka were repulsed."

"Caucasian front: No events of importance occurred."

## Roumanian King to Take the Field At Head of Own and Russian Troops

Bucharest, Oct. 14, by wireless to London.—King Ferdinand of Roumania, it was announced today, will personally take command of the Russian and Roumanian armies. Considerable Russian reinforcements are expected to arrive in Roumania.

Although the Roumanians in Northern Transylvania continue to fall back before the Austro-Germans, from this region all along the battle line to the vicinity of Orsova, on the Danube, they not alone are giving battle to their adversaries, but at several points, by violent counter-attacks, have gained an advantage over them.

## Two Lines of Communication Trenches And Over 300 Prisoners Taken by British

London, Oct. 15 (2:36 p. m.)—Enterprises undertaken yesterday by British troops in the neighborhood of the Stiff and Schwaben redoubts, in the river Somme region, were highly successful, says the official statement issued today by the British war office. More than 300 Germans were taken prisoner. The text says:

"Further reports show that the enterprises undertaken yesterday in the neighborhood of Stiff redoubt, were highly successful. North of Stiff redoubt two lines of enemy communication trenches were cleared for a distance of nearly two hundred yards. Nearly 300 men were taken prisoners in the course of these operations, which were carried out by a single company."

"At the Schwaben redoubt our gain was greater, and our line was advanced well to the north and west of the redoubt. Heavy losses were inflicted on the enemy."

London, Oct. 14 (11:43 p. m.)—The official report from British headquarters in France tonight says:

"In local attacks today south of the Ancre we improved appreciably our position in the neighborhood of the Schwaben redoubt (Thiepval region) and have taken about 200 prisoners. Elsewhere there is nothing to report."

## German Guards on Belgian Frontier Going To Roumania.

London, Oct. 14.—Reuter's Amsterdam correspondent reports that the

## MORE CANADIAN TROOPS ARRIVE IN ENGLAND

Ottawa, Ont., Oct. 15.—It is officially announced, through the chief press censor's office, that the following troops have arrived safely in England: 151st and 175th Alberta Battalions; 152nd Saskatchewan Battalion; 179th Highlanders, Winnipeg; 183rd Winnipeg Battalion; drafts for field and heavy artillery, cavalry, infantry (Royal Canadian Regiment), Army Service Corps and C. A. D. C.

## ALLIED NOTE NOT WHAT U.S. LOOKED FOR

Washington Officials, However, Realize Entente Governments Intend to Stand Pat on Mail Censorship.

Washington, Oct. 15.—Examination of the Allies' note on the censorship of mails, summarized by the Canadian Press last Thursday and officially made public this morning, has brought a feeling among officials that it does not satisfactorily meet the protests set forth in the American note of May 24, which said that "only a radical change, restoring to the United States its full rights as a neutral power, will satisfy this government."

The state department has watched with interest, however, the informal arrangements made by British authorities, through their trade department and through such conferences as that of Sir Richard Crawford in New York recently, and is understood to feel that resentment among American citizens over the Allied censorship has been greatly lessened. It is thought unlikely that any reply will be made in the three weeks before election. In this connection diplomatic circles attach much significance to President Wilson's declaration at Long Branch yesterday that "it is almost impossible to do anything positive" in the fields of foreign affairs during the campaign.

## Allies Stand Pat.

All the information reaching the department is understood to indicate that the Allies have determined to maintain the firmest attitude on the subject, feeling that absolutely vital interests are involved. Officials are said to feel, therefore, that any further positive step by the United States might bring the controversy to a much more critical stage.

Secretary Lansing declined tonight to discuss the mail seizures negotiations, or to interpret President Wilson's statement regarding the administration's position in dealing with foreign affairs. The president's declaration, he said, spoke for itself, and needed no amplification.

A summary of the Anglo-French note, published last Friday, said that the Allied governments reiterated their right to intercept and search all genuine mail found on neutral vessels on the high seas or in Allied ports, and they promised to remedy "any faults, abuses or serious mistakes" in censorship that might be brought to their attention.

predded, Sir Wilfrid Laurier referred to the bi-lingual school affairs in Ontario sympathetically. The Liberal chief expressed the belief that bi-lingual schools, where the coming generations could be versed in both the English and French languages, were of vital interest to the people of the country. He said that while French-Canadians were willing and glad to speak the English language, they demanded the right granted them by the constitution to have their children educated in the maternal tongue.

## FRENCH TAKE CONTROL OF PIRAEUS, SEAPORT OF ATHENS

### Serbian Troops Advance Along Left Bank of Cerna River in Macedonia—French Troops Cut Enemy's Railway Line South of Serres—British and Bulgars Clash in Balkan Theatre.

In Macedonia the Serbian troops have made a further advance along the left bank of the Cerna river, while the French have cut the railway line south of Serres. The fighting throughout the region consists mainly of artillery duels, only isolated infantry attacks having been reported.

French Control Piraeus.

Athens, Oct. 15, via London, Oct. 14.—Control of the port of Piraeus, the seaport of Athens, has been taken over by the French.

No manifests from this port will hereafter be valid without visa by the Allies.

Serbians Push Forward.

London, Oct. 15.—Serious fighting occurred Saturday along the entire Serbian front, according to a Reuter despatch from Saloniki. The Bulgarians were expelled from some of their trenches on the left bank of the Cerna, and Bulgarian counter-attacks were repulsed.

British and Bulgars Clash.

Saloniki, Oct. 15, via London.—British patrols yesterday came in contact with the Bulgarian forces on the railway south of Serres, in Greek Macedonia, says an official statement issued at the headquarters of the Entente Allies today.

Italians Pushing Forward.

Rome, Oct. 15, via London.—Italian troops in the Trentino yesterday made further progress in their advance toward Monte Roteo, according to the Italian official statement issued today. In the region of Cosmagnon an entire Austro-Hungarian battery, composed of four guns, and a large amount of ammunition, were captured by the Italians. The text of the statement reads:

"On the slopes of Monte Passubio further enemy attacks were driven off by our troops."

## ELECTRIC CURRENT PASSES THRO' GUN KILLING N. S. MAN

### Charles Smith Victim of Peculiar Accident—Gun he was Carrying Came in Contact with Live Wire.

Special to The Standard.

Yarmouth, N. S., Oct. 15.—Charles Smith, a former resident of Upper Port LaTour, met with a tragic death yesterday near his home in Cape Forchu here. He had been gunning around the bar and breakwater, and shortly before four o'clock left to cross the breakwater on his way home. He was carrying his gun across his arm, and as he stepped off the breakwater, it came in contact with a live electric wire hanging close to the ground. He was killed instantly, the current being intensified by his wet clothing and boots. The wire which supplies the cottages at Markland is not insulated, and the day before it had grounded on the pole and burned off allowing it to drop to within three feet of the ground. The high wind and storm of Saturday kept it swaying and no doubt that was the reason it struck the gun.

An inquest was held this afternoon and a verdict of killed by an electric current owing to the carelessness of the Yarmouth Light and Power Company, or some of its employees, was found. He leaves a widow, two children, two brothers and three sisters, and was about 35 years old. One of the sisters is Mrs. William Logan, of Halifax.

## G.P.R. LINERS, PRETORIAN AND GRAMPAN REACH QUEBEC DAY OVERDUE

Quebec, Oct. 15.—After being delayed for a day by very unfavorable weather the Canadian Pacific ocean service steamers R. M. S. Grampian, from Liverpool, October 6, and the steamer Pretorian, from Glasgow, Oct. 4, arrived in port between 5:30 p. m. and 6 p. m. today. Among the passengers on the Grampian was Colonel Adams, of Montreal, who is back on short leave. He is medical recorder and Canadian A. D. M. S. at headquarters in London. He said that there was general satisfaction with the tactics the Allies are employing in wearing down the enemy, which he thinks will take a year or two before the Germans cry quits.

The Grampian carried 524 passengers and the Pretorian 224.

## "Now Have Germans By Ears", Joffre's Chief of Staff Says

### Encouraged by Heroic Efforts of British, French Will Fight to Final Victory Which is Certain, Gen. Castelneau Says—Pays Tribute To British Troops.

Chantilly, France, (From a staff correspondent of the Associated Press), Saturday, Oct. 14.—"We now have the Germans by the ears, and will continue to shake their heads until their brains are addled and they will be compelled to give in."

These words were spoken today by General Edouard Castelneau, chief of staff of all the French armies in the field, to the American and British war correspondents. The great question at issue, continued Gen. Castelneau, "was whether we should be the slaves of the Germans. We shall not be; we will die on the battlefield, but we never shall be their slaves."

Gen. Castelneau had just witnessed a review of the first infantry regiment which, despite over two years of constant campaign, during which it had distinguished itself on many battlefields, and today had had its regimental flag decorated by General Joffre, appeared on parade as though fresh from the barracks room. Many of the officers and men were personally decorated by the generalissimo, General Joffre, who embraced them.

Final Victory Certain.

General Castelneau, who has a more intimate knowledge of General Joffre's plans than anyone else, and, roughly, spoke with great feeling of the fraternity between the officers and men. He pointed with pride to the veteran soldiers who had just passed

away. "It is to men like these that we owe thanks for causing the disastrous failure of the great effort of the Germans at Verdun. Encouraged by the immense efforts made by our British comrades, we shall go on to the end, and to the final victory, which is certain."

Admirally General Castelneau referred to the new British armies, saying: "They are formed of splendid material and entered the fight with a keenness which surprised the Germans, and have become a feature of overwhelming importance in the war. The main pre-occupation of the Germans at present is the British army. They already know the French army. They had hoped to exhaust its strength but they have learned otherwise. Now they find themselves faced by strong, well trained British armies, which they find too much for them."

Three Sons Killed.

"The effect on them of the new situation can be seen best from the speech of Herr Scheidemann, one of the German Socialist leaders, in the Reichstag, who has greatly changed his opinion since the beginning of the war."

General Castelneau, like General Joffre, is not a talker, but a man of deeds. He is much loved by his soldiers, despite his stern discipline. Since the beginning of the war three of his sons have been killed, while a fourth is seriously wounded and a prisoner.

## ARRIVES IN BOSTON WITH GUN MOUNTED LEVLAND LINER CAMBRIA IN PORT WITH 4 INCH GUN MOUNTED ON AFTER DECK.

Boston, Oct. 15.—The second armed merchantman to enter this port this year arrived early today, when the Leyland liner Cambria, with a four-inch gun mounted on her after-deck, came in from London. The gun, which was installed as a protection against submarines, was manned by two members of the ship's crew, and on the way across barrels were thrown overboard and used as targets to give the men practice. Members of the crew said that two weeks ago they saw a Zeppelin brought down in flames over London.

## GREEK CABINET RENEWS OFFER TO JOIN ALLIES

Athens, Saturday, Oct. 15, via London, Oct. 16.—The cabinet of Spyridon Lambros has officially renewed to the Entente Powers the proposals for Greece's entry into the war, on the side of the Allies, which were made by the cabinet of M. Kalogeropoulos September 18.

Quebec, Oct. 15.—P. Verhaegen, the son of a deputy of Ghent, has been condemned to twelve years' confinement in a fortress, says a report published by the Belgian Dagblad, of The

## TRAIN CRASHES INTO CABOOSE, KILLS 10 MEN

### Eleven Others Seriously Hurt When Train Runs Into Cab in which they Were Riding.

Elwood, Neb., Oct. 15.—Ten men were killed and 11 others seriously injured when a train on the Burlington Railway crashed into the freight caboose in which they were riding, 12 miles east of here today. Five other men, standing on the rear platform of the caboose saw the approaching train soon before to jump to safety. The trains in collision were sections of a regular stock train.

## RABBIT INOCULATED WITH PARALYSIS GERM CONTRACTS THE DISEASE

Baltimore, Oct. 15.—A rabbit used in the pathological department of Johns Hopkins Hospital to determine the method of transmission of the infantile paralysis germ, has developed the disease, it was announced tonight. Dr. Monroe T. Burrows, of the hospital, who discovered that the germ is taken into the system by the mouth, said that the experiment with the rabbit means another important advance toward solving the whole problem of poliomyelitis. One of the legs of the rabbit has become paralyzed. Transmission will be next attempted through two monkeys.

Hague, and forwarded by Reuter's Amsterdam correspondent. Verhaegen had opposed the conversion of Ghent University into a Flemish university during the German occupation, the report adds, and published a pamphlet calling attention to the danger of German measures.

## SON OF DEPUTY OF GHENT SENTENCED TO TWELVE YEARS IN FORTRESS

# THE STEPHANO WAS GIVEN NO WARNING

## Captain of British Steamer Torpedoed off New England Says U-53 Fired Without Warning.

Washington, Oct. 15.—The British steamer Stephano, sunk by the German submarine U-53, off the New England coast last Sunday, was fired on without warning, her commander, Captain Clifford Smith, reported in an affidavit received today by the state department. Captain Smith declared three shots were fired, the first of which hit the ship's bow. No evidence corroborating his statement has been received by the department, and action probably will not be taken until the U-53 has had time to reach home.

# French Troopship Sunk On Way to Saloniki and Thousand Lives Lost?

## Berlin Reports the Torpedoing of Auxiliary Cruiser Gallia and Small Cruiser Rigel.

Berlin, Oct. 14, via London.—The small French cruiser Rigel, built as a submarine destroyer, was sunk in the Mediterranean on October 2 by two torpedoes fired by a German submarine, it was officially announced here today.

German submarines, on October 4, the admiralty statement adds, sank the French auxiliary cruiser Gallia with Serbian and French troops on board bound for Saloniki; about 1,000 were drowned.

# GREEK CHAMBER NOT TO MEET FOR A MONTH

Athens, Saturday, Oct. 14, via London, Oct. 15.—King Constantine today signed a decree postponing, for one month, the meeting of the Greek chamber of deputies, which, according to the constitution, was due to convene today.

### ABANDONED SCHOONER PASSED.

Str El Rio, New York for Galveston, reports by radio that on Oct 9, lat 32. N, lon 76 13 W, passed close to the waterlogged and abandoned schooner T W Dunn, New Orleans for Barcelona, with all rigging standing and deckload intact. At noon same day picked up the crew.

### CHOOONER WATERLOGGED.

A Milford Haven, Wales, despatch says: Sch Samuel S Thorp, from Halifax Aug 31 for Liverpool, has put in there in a waterlogged condition. During the voyage she experienced severe weather and was obliged to jettison her deck cargo.

### P. E. I. SOLDIER'S DEATH WAS ACCIDENTAL.

London, Oct. 15.—A verdict of accidental death was returned in the inquest on Private John Joseph Aylward of Charlottetown, P. E. I., run over on the railway at Shorncliffe station.

# THE U-53 BROKE MONROE DOCTRINE

## European Anxious to See if Washington Will Sustain Celebrated American Tradition.

Paris, Oct. 15, via London.—The German submarine U-53 made a breach in the Monroe Doctrine by sinking vessels of the New England coast last Sunday, it is believed whether the United States will "sustain the celebrated American tradition, or let it be cast aside," according to Jean Herbet, military strategist and writer on international affairs.

"France is only a disinterested spectator in the debate," said M. Herbet, "because it makes little difference to her whether the Germans operate on one side of the Atlantic or the other, but it will produce a great change in the political equilibrium of the world if the doctrine shall be abandoned by President Wilson. The Jeffersonian maxim against European interference on the other side of the Atlantic applies, in fact, to American waters as well as to the continent itself, and when President Monroe was formulating his doctrine to prohibit European powers from controlling the destiny of the American people, he opposed naval as well as military control. One cannot be tolerated without opening the door to the other."

### MENACE TO NAVIGATION.

Boston, Mass.—The following has been received from the U S Naval Communication Station at Newport: Str Bloomersdyk (Dutch) menace to navigation, 3 to 5 miles east of Nantuxet; when first torpedoed her bow was about 20 feet out of water, and has now settled just above surface of water.

# ST. STEPHEN PASTOR BIDS FLOCK FAREWELL

## Rev. E. B. Wylie, for Past Five Years Pastor of Presbyterian Church, Leaving for Chatham.

Special to The Standard. St. Stephen, N. B., Oct. 15.—Rev. E. B. Wylie, who has been pastor of the Presbyterian church in town during the past five years, preached his farewell sermon before a large congregation this evening, and is to leave Tuesday morning for his new charge at Chatham. He is a young man of marked ability, strong personality and of sincere devotion to his life's calling, and his departure from St. Stephen is sincerely regretted. On a recent evening he was the guest of honor at a gathering of the St. Andrew's Society, of which he has been the chaplain, and was presented with a valuable travelling bag.

The choir of the church, of which Mrs. Wylie has been a valued member, were entertained at the residence of James Murray, when occasion was taken to present Mrs. Wylie with some pieces of cut glass.

Rev. James Strothard, pastor of the Pleasant street Methodist church in Truro, who is visiting his son at the Methodist parsonage in town, occupied the pulpit of the Methodist church this evening.

Mr. and Mrs. Harry McAvity and Miss Nona are visiting Mr. Thomas McAvity, King street east.

# RUSSIAN U BOAT CAPTURES A WAR PRIZE

## Turkish Armed Transport of 6,000 Tons and Officered by Germans Captured Near the Bosphorus.

Petrograd, Oct. 15, via London.—The Russian submarine Tulev, on October 12, after an engagement near the Bosphorus, captured the Turkish six thousand ton armed war transport Rodisto, says today's Russian official statement. The transport, which was commanded by German officers, was taken to Sebastopol. The statement reads: "Black Sea: On Oct. 12 our submarine Tulev, under command of Lieut. Commander Kityzin, captured near the Bosphorus, after an hour's unequal artillery engagement, the Turkish armed war transport of 6,000 tons displacement. The transport was under command of German officers, and despite the damage which it sustained during the engagement was safely escorted to Sebastopol. The transport captured was named the Rodisto."

### GENIAL PURSER RESIGNS.

H. Bevan Thomas, the genial purser of the Royal Mail Steam Packet Chignecto, who has been a welcome visitor in St. John very often during the past two years, has resigned his position and is going to his home in Pembroke, England, on a vacation. R. O. Netherville, of Australia, late of the Royal Mail steamer Arcadian, will take his position on the Chignecto.

# Kellogg's TOASTED CORN FLAKES

TRUST the children to know what is good to eat. Kellogg's is a warm favorite with them because they like the delicious crispness of the delicately toasted flakes. Mother knows that Kellogg's Toasted Corn Flakes are good by the way the youngsters thrive on them. They contain much of the nourishment that little bodies need, and their extreme digestibility makes them kind to little "tummies."

The only product made in Canada by The Battle Creek Toasted Corn Flake Co., Limited London, Ont.

ST. JOHN, N. B., MONDAY, OCTOBER 16, 1916.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M.T. The King.  
 TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

## MOBILIZE FOR PEACE.

It is estimated that in three years time, after the conclusion of peace, the population of Canada will be between 12,000,000 and 15,000,000. The last census gave the Dominion a total population of something less than 8,000,000 so that the increase expected to come within the next three years figures out at approximately fifty per cent. What is Canada doing to prepare for that great influx of new citizens who will throng to this country eager and willing to do their part in the work of development?

The city of St. John is generally credited with a population of 50,000. If this city receives its proportionate share of the expected increase we will have between 70,000 and 75,000 three years after the war. The geographical situation of this city and the prestige it has already gained as the Canadian winter port will do much in the future to make it one of the great cities of Canada. What is St. John doing to prepare for that step in advance?

When the call to war came Canadians everywhere rallied to meet the demands. The result is that 370,000 of the finest fighting men of the world has ever known were gathered, trained and equipped in two years. Canada made this fine record because her people turned themselves to the task of mobilizing for war. Now, while the end of the struggle is not yet in sight it is evident that it is just around the corner and it is time to commence to mobilize our forces of commerce and industry for the expansion that will come with peace. The next five years are likely to be the most prosperous this country has ever known. All records for development and growth are likely to be eclipsed by the achievements of the future. The Government of New Brunswick is already preparing to accommodate settlers who will come looking for fertile acres and that enterprise is certain to be crowned with success. But it is not too soon for every province in Canada to start to map out an aggressive immigration policy, or for every municipality in Canada to prepare to place its advantages and its business opportunities before the thousands of war weary men who will be seeking new homes where they can make a new start after the cataclysmic events of the past two years.

Canada stands to gain more from this class of settlers than any other portion of the British Empire. The valor of Canadian troops and the friendships the Canadian soldiers have made overseas should prove the greatest advertisement this country could wish for. It is time to prepare to reap the benefit of that advertising. Thoughtful, patriotic Canadians who wish to see this country grow and prosper can well turn their attention to the great work of mobilizing for peace. After the war Canada will face great opportunities and great problems. To properly grasp the one and solve the other will require earnest effort and much preparation. That preparation cannot be undertaken too soon. Trade commissions and similar bodies have made a study of methods of developing the trade of this country in channels formerly closed to us. They have acquired valuable information and, when the time comes, will be ready to work intelligently. The signing of peace will release hundreds of thousands of men in the Allied countries who will cast longing eyes overseas to this land of peace and plenty. Canada should busy herself in preparation for them. It is time to mobilize for peace and the opportunities of the future.

## KITCHENER, BEER.

Kitchener, of lamented memory, must have been a student of war conditions far in advance of his English contemporaries. With prophetic vision he looked into the future and called up forces to meet the trials that he foresaw. He began methodically to rally his men. He did not call for five million soldiers at the start. To have done so might have staggered the British people. He asked for a hundred thousand, then three hundred thousand. It seems incredible that within 18 months Kitchener was sending out a call to his fellow-countrymen to

rally only three hundred thousand additional men to the standards. Today the whole Empire is in arms; Canada also has raised more than 370,000 armed men.

The great leader knew that British soldiers could hold their own and better against the Germans when the day of testing came. And so he caused them to be trained as methodically as he called them up from counting house and factory and farm. There was no haste shown. There were those in England who would have rushed the raw British troops to the front without delay. Indeed, Kitchener had not a few critics who asked pertinently what were the British armies doing. The German cartoonists made sport of the new forces and twitted France with the assertion that England was leaving the fighting to the French. Kitchener knew his work better than his critics. He knew that when these "ice cold haberdashers of the Thames" were fit they would stand against the armies of any nation.

How well Kitchener understood is fully shown today. Kitchener's army is the miracle of the war. Under Gen. Haig the British forces are carrying into effect all that Kitchener expected of them. They are taking the war to Germany with a vengeance. Their recent victories are likened to the victory of the Marne. They have progressed to a point that gives them possession of the high lands and domination of the valleys ahead. Villages are falling into their hands and coveted towns and railway centres are just ahead. The German commanders rush battalion after battalion into the gaps to hold the British troops and experience one failure after another. These British citizens who were trained with the care that Kitchener devoted to them were never lacking in courage; but neither are they now wanting in skill.

Germany's most bitter experiences are these defeats at the hands of the nation whose army her military leaders regarded as insignificant. Whatever of satisfaction the German people may have gained from the one-sided reports of battles with the British fleet; however much they may have felt that they had progressed against British prestige as a naval power, all this is set aside when they find their armies, in whom they had supreme confidence, swept aside day after day by British troops. Germany now realizes that in making war she called into existence an Empire in arms. With this Empire vast in white people almost as in her own, and incomparably stronger when the blacks are numbered, Germany must reckon now and in the future. Never again will German military power be able to rattle its sword in the scabbard and cause the nations to listen attentively. For her military power, however much it may escape destruction in the present war, will be ever face to face with a new military power at least as potent, having at its back an isolated position and a naval strength far in the ascendancy.

## PAPER SHORTAGE.

The paper situation is causing grave concern to the newspaper publishers of Canada, and following a meeting of members of the Canadian Press Association in Toronto, a delegation waited upon the Government at Ottawa to discuss the matter. The paper production in Canada is about eighteen hundred tons per day, while only three hundred and fifty tons are used by Canadian publishers. The shortage of paper in the United States, however, has resulted in a large and increasing demand for Canadian paper and the price has been steadily advancing. Few if any Canadian publishers have been able to contract for a supply of paper beyond December 31, 1916, where previously they were urged to make contracts for three and five years, and the publishers are becoming alarmed. One publisher reported that he had been unable to get even a quotation for a supply of paper from any Canadian mill. Prices of newsprint today range from forty to sixty per cent. higher than a year or two ago and the situation of the paper market at present is one which not only concerns the publishers but newspaper readers as well. Canada can supply all the paper needed for local pur-

poses and still have a large surplus for export and the local market should be supplied at reasonable prices before the needs of the United States are cared for. Newspaper readers are concerned because a continuance of the present situation will mean higher subscription prices and smaller papers. The entire question has been placed before the public and will be thoroughly investigated.

## MEMORIAL SERVICE IN ST. MARY'S

Tributes to Three Fallen Heroes of Church—A Unique Record—The Honor Roll.

St. Mary's church was crowded last evening when a memorial service was conducted by Rev. R. Taylor McKim for the late Lieutenant Frederick D. Foley, Sergeant Thomas Love and Private Manford McNutt, all of whom have been killed in action. This makes a total of twelve men of the church who have laid down their lives for others. Four other men are at present in military hospitals. The honor roll of the church contains the names of no less than 102 men.

Rev. Mr. McKim took the words in the burial service "in the midst of life we are in death," as the subject of an earnest and inspiring sermon. He spoke feelingly of the sacrifices made by the men who had unselfishly fallen on the field of battle, pointing out the beauty of the noble example that these men had provided. In referring briefly to the careers of the three men named he said that each one had taken great interest in church work. Lieut. Foley, he pointed out, was a graduate of the U. N. B. and had a bright prospect before him, which he forfeited in the interest of freedom and right. Young McNutt, he said, had endeared himself to fellow members in the church, and although he had for some years been without help of parents, they having passed away, he had always kept in the right path. The speaker in alluding to Sergeant Love said he thought he could not do better than read a letter to his wife dated as recently as September 2, which showed the character of the man. This letter, he remarked, was in his opinion typical of the disposition of the Canadian soldier generally, showing, as it does, that throughout all the stress of war his trust was in God. The letter in part is as follows:

"I am well at time of writing with the exception of rheumatism which is troubling me some on account of so much wet weather. I did not go into the trenches this time; was taken out again on traffic control and feel very well. I am not afraid and believe I had some in I might not be writing this letter to you, because so far as I can hear the section I had was completely wiped out. This section was composed chiefly of the original 26th. Would have liked to have been there, but fate thought otherwise and I am still living. I still put my trust in God who is still guiding and guarding. You will probably see by the papers that the Canadians were in action again and covered themselves with glory. Our commander-in-chief said the division did the best of any division as yet on that front, but believe me they always do it whenever given a chance. You will probably know a good many of the boys who are not here now. I cannot tell you their names, you will know before you get this—all good fellows. If at any time it is long between letters do not worry; if it comes my way to cash in, well, I am not afraid and believe I had some in I might not be writing this letter to you and family. So cheer up and do your best at home and it may not be long, although there is still some hard fighting to be done before this is all over. Saw Harry Little yesterday in a village I was also saw Frank Tennet. Tell Willie to tell his father that he looks well after his hard experience. May God bless and guard you all. So good bye for now.  
 From your loving husband  
 Thomas Love.  
 Rev. Mr. McKim also pointed out

## Little Benny's Note Book

**THE HIPPOPOTAMIST.**  
 The hippopotamist is the ugliest animal Ever seen on land or sea. He is the opposite of an angel in disposition. And in size has the opposite of a flea.  
 I saw one in a serk's wunt. Looking out at me throo a cage, And if he looked like that feeling natural, Id hate to see one in a rage.  
 The size of his mouth was awfull. And he jest stood there and grunted. And if Id offered him a lump of sugar He woodent of knew wat I wunted.  
 If you happen to be strolling in a jungle And axidentally meet one of them Its safer to dash up a coconut tree Than stand there and start to make fun of them.  
 Nobody loves a hippopotamist. And nobody wunts one around. Because even if you liked the looks of one, You wood soon get tired of the sound.  
 The hoppelotamist is no use to anybody. Weather hes raw or fried or berled, Proving that it serenty takes all sorts Of people to make a werld.

that with the death of Lieut. Foley no less than three officers connected with the church had fallen, the other two being the late Captain Frank Fairweather and Lieut. J. B. Hipwell. During the services the Dead March in Saul was played and the Last Post sounded. Throughout the evening the proceedings were most impressive and many in the congregation were visibly affected.

The names of those on the honor roll of the church are as follows: Richard I. Carless, \*Frank R. Fairweather, Edwin M. Willis, Wm. H. Grant, \*Jack B. Hipwell, Richard Hayes, \*Wm. Hunter, Chas. P. Ingraham, Gordon E. Pinney, wounded; \*Frank C. Pinney, \*J. Thos. Love, Wm. R. Latimer, \*W. Sanford McNutt, Leonard Crozier, Alfred P. Simonsen, Geo. W. Boone, G. Percy Dykeman, Fred J.  \*Killed, 12.  
 Prisoners and missing, 4.  
 Wounded, 4.  
**PORTLAND SHIPPING.**  
 Portland, Me., Argus: Many rumors are current as to how the transatlantic steamer business at this port the coming winter will be affected by the general demoralization now existing. Although none of the regular lines have as yet issued their schedule of sailings, it is considered certain that the White Star-Dominion Line will maintain a regular service as usual to Liverpool and Bristol, while the Cunard and Donaldson lines will send out steamers to London and other English ports. There will be little doing in the passenger business the first part of the season, which is not expected to open before the first of December, although one or more of the Big White Star-Dominion Line passenger boats are likely to come here in time for the Christmas sailings. The Cunard Line passenger steamers Ascania, Andania and Alania, which formerly were running here winters, are scheduled for the New York-London service this season, and will call at Halifax both ways for passengers.

**OBITUARY.**

**Mrs. Maria Kearns.**  
On Saturday morning Mrs. Maria Kearns passed away at her late home, 72 1/2 Waterloo street, aged 75 years. Mrs. Kearns was the widow of Anthony Kearns, formerly in business in Dock street. The deceased is survived by her sister, Mrs. John O'Gorman, with whom she resided. The funeral will take place this morning to the Cathedral for requiem mass.

**Mrs. A. B. Neill.**  
Special to The Standard.  
Fredericton, Oct. 15.—Mrs. A. B. Neill, wife of Coun. Neill of Gibson, and one of the best known women in this section of York county, died at her home this afternoon after a lengthy illness.

The late Mrs. Neill had been ill for the past year or more and her death was not unexpected. Besides her husband, four sons, Douglas, Allan, Donald and Wallace, and three daughters, Mrs. Roy Flowers, Misses Helen and

**Doris, all of Gibson, survive. The funeral will take place on Tuesday afternoon.**

**E. B. Gibbons.**  
After suffering since a week ago Tuesday with injuries sustained when he was hurt in a dumpcart accident, Ernest B. Gibbons of 218 Pine street, Bangor, passed away at an early hour Thursday morning. His back had been broken in two places. The accident, as stated in the Commercial, occurred when a loaded cart of which he was the teamster, tipped up. He made an effort to pull it back and at the same time the horses started ahead and the load was thrown onto his body.

Mr. Gibbons was a man of excellent character, a good citizen, kind father and husband. He was born in Fredericton, N. B., 69 years ago and had been a resident of Bangor for over 25 years. He was a faithful attendant of St. John's Catholic church, and had a great many friends who will extend sympathy to his children and wife.

Bangor Commercial, Sept. 13.

Business Sessions Held on Saturday While Rev. A. S. Lewis of Windsor, N. S., Preached Annual Convention Sermon Yesterday—Dr. Austin DeBlois of Boston Declares That Christian People the World Over Should Unite in Prayer for the Speedy Success of the Allied Armies—A German Victory Would Mean the Death Blow to Christianity.

The 71st annual convention of the United Baptists of the Maritime Provinces was opened Saturday at 9.30 a.m., in the German St. Baptist church. When the president, Dr. H. T. DeWolfe, called the convention to order, there were about 200 delegates present, representing churches from all parts of the three provinces.

Invitations to take a seat in the convention were extended to Mayor R. T. Hayes, Revs. H. P. Whidden, D.D.; A. K. DeBlois, J. W. Williamson and W. A. Kenzie.

The president then appointed a nominating committee, which then adjourned to hold a special meeting. Those appointed were Rev. F. C. Hartley, convener; Rev. J. E. Wilson, Rev. M. L. Gregg, Rev. E. H. Cochrane, Rev. W. B. Bezanon, Rev. L. E. Ackland, Mr. John Gordon, Mr. R. L. Phillips, Rev. F. H. Wentworth, Mr. J. A. Christie, Mr. Amos Wilson, Rev. F. H. Beals, Mr. F. L. Atherton, Mr. D. Clark, Mr. Obed Boucher, Mr. P. B. Fusher.

All communications except that regarding representation on the Foreign Mission Board were referred to the committee on correspondence.

Mayor Hayes was then called on and extended a welcome and the freedom of the city to the visiting Baptists.

Rev. S. S. Poole, pastor of the German street church, welcomed the delegates on behalf of the Baptist churches of the city and voiced the hope that they would feel at home during their stay here.

The report of the nominating committee was then submitted as follows: Assistant Secretaries—Rev. H. Y. Payzant and Rev. E. A. McKinley. Committee of Arrangements—Rev. S. S. Poole, Rev. D. Hutchinson, Rev. J. H. Jenner.

Correspondence—Dr. J. W. Manning, Rev. F. L. Trask, Rev. L. H. Grandall, Rev. M. L. Orchard, Rev. C. R. Freeman, W. G. Clark.

Editor of Year Book—Rev. R. J. Colpitts.

Treasurer of Convention—W. C. Cross.

At this stage in the proceedings a cable was read from the chaplains at the convention, Revs. Parker, McDonald, Porter and Spidle, conveying their greetings.

**Acadia institutions.**  
Rev. F. H. Beals read the report of the secretary of the Board of Governors of Acadia and the treasurer, Rev. Dr. Cohoon, submitted his report.

Both reports showed that notwithstanding the war the institution had had a fairly successful year and that the prospects for this year were good. All departments except one had paid their way and a little better.

The governors report referred to the number of men who had enlisted which amounted to 300 when the report was drawn up and of this number at least seven had given their lives in defence of the Empire and many had been wounded.

Those who had given their lives in the great war were: Major Stanley Jones, '97; Capt. Henry Hoyt Pine, '12; Lieut. Vere Kardale Mason, '14; (Rhodes Scholar); Capt. Leon Hall Curry, '05; Ptes. Vernon C. Elderkin and Charles W. Fitch and Sapper Preston Halsey.

Their report also contained a sympathetic reference to the death of Miss E. Christine Esterbrooks, a member of the senior class at the Seminary. The departments of geology and chemistry had been united for this year under Prof. Haycock and Nelson C. Hannay had been reappointed to the chair of English. It was expected that the Acadia team would soon be in a position to yield a net profit of \$1,000 per year.

**Afternoon Session.**  
After the devotional exercises, conducted by Dr. DeBlois, the report was read by Rev. W. Camp. It was moved by Rev. H. W. Cann and seconded by Rev. F. L. Orchard that the report be adopted.

The report contained a touching reference to those who had laid down their lives in France and Belgium while fighting for the Empire.

The names of the ministers who had passed away during the year were: L.A. Cosman, H. B. Smith, H. G. Colpitts, E. M. Saunders, A. E. Saunders, E. L. Gates, J. E. Davis, the martyr missionary, H. W. McCutcheon, J. B. Woodland, T. M. Munro, H. H. Saunders, C. B. Lewis and Major E. J. Brooks killed in action. It also con-

tained the names of twenty-five deacons who had passed into the beyond during the year, as well as a number of outstanding figures in the denomination and among the latter was Sir Charles Tupper, Hon. W. B. Dickson, Mrs. Elizabeth Kelly, mother of Rev. Dr. E. W. Kelly, Burmah, and sister of Rev. Dr. E. M. Kierstead of McMaster; Mrs. Jane Vincent, mother of three Baptist ministers, A. B. W. C. and A. J. Vincent; C. H. Harrington of Sydney and Mrs. Jane Armstrong, mother of Rev. F. Armstrong, missionary to Burmah, and of the late Hon. J. W. Armstrong of North Sydney.

A. A. Wilson, K.C., was elected as the president of the convention for the coming year on the fourth ballot. While the ballots were being counted the report of the nominating committee and the Young Peoples and Sunday School boards were submitted.

**Nominations.**  
The nominating committee reported as follows: Vice-presidents, Revs. C. W. Rose and L. E. Ackland; treasurer denominational funds, J. Wesley Dimlock; to preach convention sermon, Rev. J. H. Jenner, substitute, Rev. G. C. Warren; finance committee retiring in 1919, A. A. Wilson, S. H. White, A. W. Sterns, W. P. King, and W. Grant; temperance and moral reform committee, Revs. W. D. Wilson, T. D. Bell, W. R. Robinson, H. R. Boyer, G. W. Schurman and G. Bolster; foreign mission board retiring in 1919, D. C. Clark, J. O. B. Olive and A. W. Sterns; moral and social reform committee for Nova Scotia, Dr. E. D. King, Revs. Merritt L. Gregg and E. E. Daley; committee on obituaries, Revs. J. H. Jenner, A. F. Brown, H. Barber and W. E. Carpenter; pastoral supply and registration, Revs. J. E. Wilson, J. G. A. Belyea, H. P. Wentworth, E. E. Daley, Dr. A. C. Chute, secretary of the convention and the editor of the year book; committee on state of the denomination, Revs. R. Osmond Moore, R. J. Colpitts, J. W. Brown, E. S. Mason, J. B. Ganong and Mr. Wilfred Boutiller.

**Young Peoples Board.**  
The report of the Young Peoples Board was read by Rev. F. L. Orchard and was adopted with the exception of one clause which suggested the amalgamating of the Young Peoples and the Sunday School boards, which was referred to a joint meeting of the two boards.

The report of the Sunday School Board was read by Rev. Dr. DeWolfe and was adopted.

The report of the committee on educational standards for education was laid on the table to be discussed later.

The following were appointed members of the home mission boards of Nova Scotia and P. E. Island: Revs. W. B. Bezanon, F. Clark Hartley, A. J. Archibald, E. E. Daley and Mr. R. H. McNeill.

The new president was escorted to the platform and installed in his office after which the retiring president delivered his address on "A Rational Denominational Programme," in which he outlined some of the things which he considered as having a place in such a programme.

This was referred to a committee to be appointed by the president.

The afternoon session closed with prayer by Rev. C. R. Freeman.

**Evening Session.**  
After the devotional exercises the president appointed the following as a committee to be retiring president's address: Revs. F. H. Wentworth, F. C. Hartley, M. L. Gregg, J. E. Wilson, Simon Spidle and Messrs. D. C. Clark, John Gordon and E. D. King.

This session was devoted to the educationalists and the speakers were Dr. W. L. Archibald, Dr. DeWolfe and Dr. Cullen of Wolfville and Dr. DeBlois of Boston.

The first speaker was Dr. Archibald, president of the Academy, who spoke on prosperity. He said that some people regarded a country as prosperous which afforded comfort and opportunity to its inhabitants to make money, but he claimed that the nations which produced men and women of the highest ideals and character as prosperous in the truest and best sense. None of the ancient peoples were remembered for their wealth but for the men they had produced, and educational institutions which trained men to be true to the best in them contributed most to the true prosperity.

religion as they had not while at ease at home, and if the church was ready when the boys came home it would reap a splendid harvest.

The Convention Sermon.  
The convention sermon was preached yesterday morning at eleven o'clock by Rev. A. S. Lewis, of Windsor, N. S. In the afternoon at 2.30 Rev. I. W. Williamson spoke for a short time to the Sunday school children, and Rev. Dr. Whidden delivered an address on Western Education, in the evening at 8.30. Rev. I. W. Williamson told of the need for Sunday school workers. Special music was provided by the choir for all these services, which was thoroughly enjoyed by the large audiences present.

Mr. Lewis took as his subject, "What is the Church's Task, and What Her Equipment for Performing that Task." He based his remarks on Mark 14: 17, "And when it was evening He consulted with the twelve."

This gathering of Jesus and the twelve took place on Thursday evening of the passion week, and while there was no blare of trumpets attending their coming together there had never before, or since, any meeting or convention which equalled that one for it was there that Jesus had mobilized His church for the age long fight against the powers of evil. The army which had been mobilized at that time had never been demobilized and had gone on from victory to victory. Governments and Empires had fallen.

(Continued on page 7)

Dr. H. T. DeWolfe, president of the Seminary, spoke very briefly on the subject of Freedom. He said it was the duty of the school to inculcate freedom into the hearts and lives of the students and he defined freedom as the right of every man to himself and the business of the school was to teach the students to adjust themselves rightly to those conditions. Liberty was not license and the pupils should be taught both by word and act by the teacher what true liberty was.

Dr. Cullen.  
Dr. Cullen, who is in thaid, was greeted with cheers when he rose to speak. He said coming to the convention each year to tell about Acadia reminded him of a story which the late Booker Washington used to tell of a certain minister who could not collect his salary and Mr. Washington was asked to go and try to settle the difficulty. When he arrived there and had a talk with the people they all seemed willing to pay up but one man, and Mr. Washington asked this man why he was not willing to pay the preacher, and the answer he received was that they had paid him once for those sermons and he did not propose to pay for them a second time. So with him he thought that he had told it all more than once before.

The story of Acadia, it seemed to him, was like the story of the Gospel, so plain that everybody should see it, but still he was meeting people who did not understand the aims and scope of the institutions at Wolfville. He thought that it would be a good idea to change the time of holding the convention for one year and hold it during the summer at Acadia, so that a larger number of the Baptists of the maritime provinces might see just what a magnificent plant they possessed there.

A remarkable chance had come in the policy of most of the large institutions of learning, and most of them were waking up to the fact that no education was complete unless religion was made an integral part of it. He referred to the mission which had been established in China by Yale, and the work which it was doing there, very largely among the cultured classes. The last two years had shown that education without religion was a source of danger to any country, and instanced Germany as an example. The aim at Acadia was to make religion an integral part of the education which was supplied there.

Dr. DeBlois.  
The last speaker of the evening was Dr. DeBlois, who spoke on "The War Torment as a Learners in the School of Christ."

Before beginning his address Dr. DeBlois paid a tribute to Acadia. He loved her and was glad and proud of the fact that he had graduated from there. He loved the institution and its glorious history.

These were strange days in which we were living; the world was torn by confusion and anarchy. It was an era of destruction. Belgium, Poland, Serbia and Montenegro had been ravished and possibly Roumania would be—the spirit of chaos ruled and loss was everywhere. The loss was fundamental, a moral one.

The financial loss was beyond conception, and up to the end of September had reached a total of about \$200,000,000,000 direct and indirect, and this was very largely an absolute loss—it had been burned up and thrown away. The loss of human life had been appalling and a very conservative estimate had placed the killed and totally incapacitated at 4,000,000, and these were the men of youth, power and purpose. Then the racial deterioration was a terrible loss, and it was estimated that it would take 150 years for the nations to recover from it.

**Christians and The War.**  
A great many people in this country did not yet realize the awfulness of this war, and the Christian people should not only pray for the end of the war, but for success for the Allies, for had Germany won this war Christianity would have been in danger of being wiped out. Germany had forgotten God, and all their energies and teaching had been bent toward the instilling into the minds of the people of that country the idea that Germany must be the supreme power in the world. They had built up a wonderful war machine and it was generally recognized today that the murder of the Archduke was not the cause of the war, but the occasion. The fundamental failure of Germany was moral and spiritual.

The lack in England was that the people had devoted themselves to pleasure seeking rather than to the serious pursuits of life. There was no sentiment in this war, but the men who were fighting were the biggest heroes the world had ever seen. It took grit to face the dangers of modern warfare, and to go as the men of Canada had been going for the last two years. This war had drawn the Empire together never to be parted again.

The men at the front were finding

Sunlight Soap has a high standard of purity which is backed by a \$5,000 guarantee. If a soap has no standard there is no reason why it should always be of uniform quality, always contain the best materials or be anything like as good as the soap with a standard.

**Are Your Glasses Right?**

We like to fit people whose present glasses are not right. We have relieved many nervous troubles by giving the right glasses.

We are well equipped to thoroughly examine your eyes and advise glasses only when absolutely necessary.

Our Toric lenses eliminate many of the little things about glasses that annoy nervous people.

**The Optical Shop**  
137 Charlotte St.

**An Extra Pair of Trousers**

St. John men seem to wear out a lot of trousers. Whether the streets, the weather, or one's occupation is responsible, or very likely all three combined, two or three pairs will get shabby before the coat.

We prepared to help men out of this difficulty many months ago when we ordered our present stock of ready-to-wear trousers. Materials were then cheaper than at present, so that our \$3.50 to \$5 lines are all the better values.

Men who don't wish to buy an expensive custom made pair will find these neat, workworn and substantial tweeds help fill the bill.

Finished to measure in an hour. Come in and look them over.

# NEWS AND COMMENT FROM THE FINANCIAL WORLD

## M'KAY CO. LAND LINES SHOW SLIGHT PROFIT

Only 1-10 of 1 per cent. on Preferred, but for Same Period Last Year there was Deficit.

Special to The Standard. Boston, Oct. 14.—During the first six months of 1916 the land lines of the Mackay Company's Consolidation operated at a profit against a considerable deficit in the same period of 1915. Net earnings, after all operating expenses during this period, were \$53,282, against an operating loss in 1915 of \$96,140. This was a comparative improvement of \$149,422. It is so slight as to be almost pathetic. It amounts to about one-tenth of one per cent. on the \$50,000,000 preferred stock of the present organization. Mackay Company requires \$4,083,020 to pay its deferred and common dividends. On this basis it is clear that practically all but about \$100,000 of the amount must be derived from cable net and from income on securities owned. The principal source of income from securities is the \$12,000,000 received from sale of American Telephone stock some years ago. This money has probably bringing in \$500,000 a year. At the prices paid for the securities purchased with the telephone money the Mackay people undoubtedly have a handsome paper profit. This fund has been kept intact for reasons of strategy. As things have worked out the money has not been needed in the business and in time may be used to cut down the present heavy capitalization.

## TRADERS CAUTIOUS STOCKS IRREGULAR

Bethlehem Yielded Eight Points—Shipping Stocks Strong—An Easier Trend in Bonds.

New York, Oct. 14.—An undercurrent of caution pervaded today's stock market operations, the two-hour session being attended by considerable irregularity. This was particularly true of the leaders, United States Steel showing decided restraint with allied industrials. Bethlehem Steel yielded eight points, with one to three for Alcohol, New York Air Brake and some of the leading motors. This was partly counterbalanced by the strength of shipping stocks, especially Atlantic Gulf and West Indies, which made an extreme addition of almost three points to yesterday's more substantial advance. Gas shares were again active and higher, though losing much of their advantage in the later dealings. Rails were strong at the outset, but sagged in the greater activity of the last hour, when profit-taking proved more or less effective. Total sales amounted to 455,000 shares. The usual weekly budget of weekly news included the reviews of the mercantile agencies, which reported a continuation of extraordinary activity and a broadening of demand for the coming year. Further advices from steel centres indicated more price advances before the end of the month. Copiers failed to respond to reports of additional foreign orders for delivery early in 1917 at not less than 28 cents a pound. Representatives of the big producing companies could not confirm these reports. An actual cash loss of about \$20,000,000 was the most noteworthy feature of the weekly bank statement, loans, however, contracting by \$17,000,000, and reserves by \$13,640,000, reducing the excess reserve to about \$69,000,000, the smallest total since the mid-year. Bonds also developed an easier trend on light demand. Total sales, par value aggregated \$2,260,000. United States and Panama bonds advanced ½ to ¾ of 1 per cent. on call during the week.

## THE OGLIVIE FLOUR MILLS COMPANY, LIMITED

REPORTS AND BALANCE SHEET. For Year Ended August 31st, 1916. Presented to the Shareholders at Fifteenth Annual Meeting, Held at Montreal, Que., October 12th, 1916.

DIRECTORS' REPORT. A Balance Sheet showing the Assets and Liabilities of the Company, also Profits for the year, is submitted. The Company's accounts have been audited by Messrs. Creak, Cushing and Hodgson, Chartered Accountants, whose report is presented herewith. The sum of \$5,500 was added during the year to the Company's Pension Fund, which now amounts to \$115,000. The Company's system of country elevators in the Northwest has been increased during the year by 21 buildings, making a total of 168 elevators, with a storage capacity of 5,385,000 bushels, and covering a very wide area of territory. With terminal and country elevators combined the Company's total wheat storage capacity now amounts to 10,835,000 bushels. The Company's flour mills, elevators and other properties are in first class condition. All charges for repairs and renewals have been written off and the plants maintained at the highest standard of efficiency. The usual dividends were paid during the year on the Preferred and Common Stocks, and a bonus of four per cent. on the Common Stock was provided out of the year's profits, and paid on October 2nd, 1916, making a total distribution of two per cent. on this issue. All of which is respectfully submitted. (Signed) C. R. HOSMER, President.

## VICE-PRESIDENT AND MANAGING DIRECTOR'S ADDRESS.

Addressing the Shareholders present, Mr. W. A. Black, Vice-President and Managing Director, said: It is with pleasure we are again able to present you with a very satisfactory statement. Notwithstanding the fact that since our last meeting the Government war tax was imposed and was retroactive for a year (which will necessitate our paying a very large sum), we have been able to provide for these taxes out of the year's earnings, pay our holders of Common Stock an increased dividend, and carry forward \$384,270.12 to the credit of Profit and Loss Account, which now stands at \$846,330.62. While the earnings shown are about 25 per cent. on the Common Stock, it must be remembered that our reserves represented by Contingent Account \$1,250,000, and Profit and Loss balance as on August 31st, 1915, \$512,060.50, are also Capital, and that taking this into consideration it makes the return about 18 per cent. While we were not as fortunate in having a large amount of wheat to sell at such enhanced prices, as in previous years, we were more fortunate than in average years in our purchases. We also profited largely in the increase in returns which we received from our investments in business other than flour milling. Our interest charges, for borrowed money have been much less owing, of course, to the large Capital now invested in our business which has been accumulating for some years past out of surplus earnings. Our mills are now fully employed, and have orders ahead to keep them running for some time. The wheat crop in the Northwest is less than last year's, the yield as an average is little short of what it usually is, and the prices are very much higher. At this date last year October wheat was 98½ cents per bushel; today it is 164 cents. The high prices were in effect before the farmers had actually marketed the new crop, so that they will reap the full benefit, and the return to them as a whole will be little, if any, less than the previous year, and with the very high prices prevailing for all farm products, the country should be established on a most substantial basis. Like many other manufacturers, we have been handicapped by the absence of a large number of our employees who are doing their duty at the front; but are confidently looking forward to the successful conclusion of the war at no distant date.

## DIRECTORS AND OFFICERS.

The following gentlemen were elected Directors of the Company for the ensuing year:— Mr. Santiago Allan, C.V.O., Mr. W. A. Black, Mr. Charles Chaput, Mr. George E. Drummond, Mr. C. B. Gordon, Sir Herbert Holt, K.B., Mr. C. R. Hosmer, Mr. A. M. Nanton, Mr. Shirley Ogilvie.

And Messrs. Creak, Cushing and Hodgson were appointed Auditors.

At a special meeting of the Directors the following officers were appointed:— Mr. C. R. Hosmer, President; Mr. W. A. Black, Vice-President and Managing Director; Mr. S. A. McMurry, Treasurer; Mr. G. A. Morris, Secretary; Mr. W. R. Dean, Assistant-Secretary.

## BALANCE STATEMENT, AUGUST 31st, 1916.

Table with columns: ASSETS, Cash on hand and at Bank, Bills Receivable, Accounts Receivable after making Provision for all Contingencies, Stocks on hand of Wheat, Flour, Oatmeal, Coarse Grains, Bags and Barrels, Stables Plant and Office Equipment, Investments, Active Assets, Investments for Pension Fund, Real Estate, Water Power and Mill Plant in Montreal, Winnipeg, Fort William and Medicine Hat; Elevators in Manitoba, Alberta and Saskatchewan; Property in St. John, N. B., and Ottawa as at 31st August, 1915, Additions during the year, Goodwill, Trade Marks, Patent Rights etc.

## LIABILITIES.

Table with columns: Accounts Payable, including Provision for War Tax for two years to date, Provision for Bond Interest and Dividends to date, Current Liabilities, Officers' Pension Fund, First Mortgage Bonds, Capital Account—Preferred, Common, Contingent Account, Profit and Loss Account, Amount at Credit 31st August, 1915, Profits for year after payment of Bond interest and after making provision for the War Tax for two years to 31st August, 1916, Less Dividends on Preferred and Common Stock.

Indirect Liabilities: None.

We have audited the Books of the Company for the year ended 31st August, 1916, and certify the above to be a correct statement of the affairs of the Company at that date as shown by the Books.

CREAK, CUSHING & HODGSON, C. A., Auditors.

MONTREAL, October 2nd, 1916.

To the Shareholders of The Ogilvie Flour Mills Company, Limited, Montreal.

Gentlemen:—We beg to report that we have audited the Books of the Company in Montreal, Winnipeg, Fort William and Medicine Hat, for the year ended 31st August, 1916, certifying the Cash and Bills Receivable on hand, the Bank Accounts, the Investments, the Contingent Account, and the Accounts Receivable, in respect of which ample provision has been made for all Contingencies.

## RECOMMEND OPENING BRITISH TRADE BANK

Report of Government Committee Advocates Such Bank to Encourage Overseas Trade After the War. The Stocks on hand of Wheat, Flour and Supplies are certified as to quantities by the Superintendents of the various Mills, combined by the Mill Reports, and are valued on a safe and conservative basis, taking into consideration the unusually high price of wheat and the consequences of the markets. No provision is made for general depreciation, but the cost for repairs and maintenance of the various plants has been included in the Working Expenses of the year. CREAK, CUSHING & HODGSON, C. A., Auditors.

## Do Your Savings Yield Good Profits?

Because living expenses are higher, your money should bring more returns. With its buying power shorn, its earning power should be increased. Among the most attractive investments are Public Utilities, such as we offer in DOMINION POWER & TRANSMISSION CO., 4% Common Shares, at \$65.00 a Share, Yielding 6.15%.

A MEMORIAL WINDOW IN WEST SIDE CHURCH

Beautiful Window in Memory of William Ruddock Unveiled at Yesterday Morning's Service.

At the morning service in the First Presbyterian church, West St. John, yesterday a beautiful and costly memorial window by Murray and Gregory was unveiled and dedicated to the memory of Elder William Ruddock.

The minister, Rev. John Archibald Morrison, D. D., Ph. D., consecrated the window with the following prayer, while the entire congregation reverently stood:

"Almighty God, who hast called us out of darkness into Thy marvellous light, mercifully accept our service and graciously receive as a work of art and memory this window and dedicate to beautify the place of Thy sanctuary in memory of Thy servant, William Ruddock, and in honor of Him, the brightness of Thy glory, whom Thou hast given to be a light to lighten the Gentiles, even Jesus Christ, our Lord. Amen."

At the close of the prayer of dedication, Mr. Percy Cruickshank rendered with fine effect the solo "Only Remembered By What I Have Done."

The window bore the inscription "In loving memory of William Ruddock, elder of this church and a native of AYR, Ayrshire, Scotland. Died March 9th, 1916."

EARNED ABOUT 25 P. C. ON THE COMMON STOCK

Ogilvie Flour Mills Co., Limited, Have Another Profitable Year.

The fifteenth annual statement of the Ogilvie Flour Mills Company, Limited, for the fiscal year ended August 31st, 1916, presented at the annual meeting held in Montreal, Thursday, Oct. 12, 1916, shows that this company has had another very successful year, which has placed it in an exceptionally strong position.

After providing for two years' war tax and paying its bond interest, the net profit as shown as \$774,270.12, representing about 25 per cent. on the common stock.

The Ogilvie Company own and operate a system of country elevators throughout the Northwest, with 103 houses, with a storage capacity of 5,385,000 bushels, which, together with its terminal elevators, give a total wheat storage capacity of 10,385,000 bushels, and it is quite evident that these country elevators in conjunction with the big modern terminal elevator at Port William have proved valuable adjuncts to the company's business and have added considerably to its earnings, as also has been the case with its cereal mills at Winnipeg and Montreal.

It is interesting to note the further growth in the company's financial position as indicated by the fact that investments have been increased this year to \$693,904 as compared with \$224,025 a year ago, and that the surplus of active assets over current liabilities, (which include the provision for two years' war tax), now stands at \$2,440,016 as compared with \$2,309,071 a year ago.

The continued growth and prosperity of the Ogilvie Company, which is the oldest and largest of all the milling companies in Canada, is a very welcome evidence of the growth and expansion, not only of the milling industry itself, which is so vital to the development of the country, but also of the soundness and stability of the country's financial and commercial interests generally at the present time.

Every effort should be made to further the expansion of the milling industry in order that the country may reap the benefit of the manufacture of its raw material and further increase its foreign trade balances by the exportation of a finished article which is naturally of greater value than the raw material.

Financed for Assault. A fine of \$20 and costs was imposed by Magistrate Allingham of Fairville, on Saturday, on David Bailey for assaulting Frank Denroy, a C. P. R. special constable. The fine was the result of Bailey's defiance of the company's warning not to walk the tracks and of the constable's opposition.

CANADIANS FOR IMPERIAL NAVY

Campaign Now Under Way to Secure 5,000 Men for Empire's Navy.

Britain wants five thousand Canadians to serve in the Imperial navy. For the purpose of securing these men recruiting offices are being opened in a number of Canadian centres, among which St. John is included. The work here will be in charge of Lieut. H. H. del. Wood, who is well known in St. John, and who will be located at No. 85 Prince Wm. street. The work throughout Canada will be in charge of Commander Chas. White, chief naval recruiting officer for the Royal Naval Canadian Volunteer Reserve, Overseas Division, at Ottawa, and it is up to New Brunswick to furnish her full share of the thousands required.

Men will be enrolled for service in the R. N. C. V. R. as ordinary seamen and will receive the Canadian scale of pay amounting to \$1.10 per day together with the usual separation allowance of \$20 per month. They are to proceed overseas as required for service with the Imperial navy. When employed by the Imperial navy on ships or in depots, the men will be paid at the Imperial scale equal to thirty cents per day, and the balance of the money, or eighty cents per day, will be placed to their credit in Ottawa to be drawn out by them on their return, monthly or otherwise as they wish. If they desire it may be assigned to their wives or families, or deposited in a savings bank to their credit so that interest may accumulate. The Imperial pay, that is thirty cents per day, which the men will receive while actually in the service of the Imperial navy may also be assigned to their families if they so desire.

The qualifications of recruits from the physical standpoint, call for a height of not less than five feet three inches and a chest measurement of thirty-three inches. No one under eighteen years will be taken, nor upwards of thirty years unless volunteered for work as stokers when the age limit is extended to thirty-eight years. For positions as stokers an additional ten cents per day is paid. All recruits from this district will be sent to Halifax, and from there will be forwarded for service when required. Period of service is for the duration of hostilities, and the same arrangements have been made in regard to pensions for wounds as were authorized by order-in-council for the Canadian Expeditionary Force. Lieut. Wood is now established in his office, and is prepared to receive applications just as rapidly as they may come along.

FUNERALS

The funeral of Mrs. Annie M. Statton took place on Saturday morning, from the residence of her daughter, Mrs. William G. Conway, 56 Adelaide street, St. Peter's church, where Requiem High Mass was celebrated by Rev. Peter O'Hare, C. S. S. R. Relatives acted as pall-bearers, and interment was made in the old Catholic cemetery.

The funeral of John Masee, Chesley street, took place on Saturday afternoon to the Church of England burial ground. Rev. P. McKim officiated.

DON'T GO INTO CONSUMPTION, CURE YOUR CATARRH NOW.

When your throat rattles, your lungs and chest are sore, your throat is stuffed with cold—don't fear consumption—use Catarrhzone and get well. It clears the throat—cures hacking, relieves tight chest and soreness in the bronchial tubes. To cure away Catarrh of the nose nothing could be better. Catarrhzone is nature's own remedy—it heals and soothes—cures every form of throat, lungs or bronchial trouble. Prescribed by many specialists and used by thousands every day. Get the dollar outfit, it lasts two months, and is guaranteed. Small size, 50c.; trial size, 25c.; sold everywhere.

SALESMAN—The advertiser desires to engage an energetic man to sell office appliances and supplies in Halifax and St. John. Write fully stating experience and references to P. O. Box 885, Halifax, N. S.

Although the weather was by no means an assisting factor, the afternoon tea held under the auspices of the Allies' Aid Society in the new Temple Club room of the Masonic Institute, city, lately loaned for the occasion, on Saturday, was a decided success, some twenty-five dollars, less expenses, being raised, which will be devoted to sending parcels of good things to Canada's fighting men.

The society is composed of young girls who are anxious to do their bit, and as they fitted about, daintily attired, attending promptly to numerous customers, they were the subjects of much praise.

The tables, artistically laid out, were looked after by Misses Clara Robinson, Marion Aird, Florence Trentowsky, Eileen Davis, Dorothy McCavour and Ernestine Priars, assisted by Miss Estella Fox, while Miss Jean Calkin was at the cash desk.

The kitchen was most ably staffed by Misses Jean Aird, Jean Cross, Robina Worth and Miss Elsie McMullin.

Mrs. P. Gibson acted as chaperon to the girls and looked after the making of the tea.

A feature of the afternoon was the drawing for an original water-color painting, kindly donated to the society by a local artist, performed by Mr. Robinson. The winning ticket, No. 191, was held by Sergeant Wm. B. Stearns, 3rd C. G. A.

Boy Scouts Paul McRoberts and Reg. Stuart, members of the St. James' troop, were of great assistance, and the society also wish to thank the following who contributed cups, cakes, candy, tea, etc.: Sharp's restaurant, Mill street, High School Alumnae, Ross drug store, Pedersen, Mrs. Harrison, Mrs. Cross, Mrs. Aird, Miss A. L. Fairweather, sharp's confectionery store, Miss Martin, Mrs. Davies, Rev. W. R. Robinson, Miss McMullin, Mrs. C. Robinson, Mrs. Trentowsky, Mrs. Calkin, Mrs. MacInnion, Cameron's drug store, Don's confectionery store, Mrs. Fred Thelmer, Mrs. John Fox, Mrs. Lawrence, Mrs. McKenna and others.

Recent Parochial Appointments. His Lordship Bishop LeBlanc has appointed Rev. D. P. Lezer of St. Paul's to be parish priest at Coogee, Kent county. Rev. C. A. Hudson of St. Joseph's succeeds Father Lezer at St. Paul's, and Rev. J. A. L'Archeveque is transferred from Coogee to Scoudouc, to be parish priest there.

ALLIES' AID HELD AFTERNOON TEA

Successful Function in Masonic Institute on Saturday Afternoon — Proceeds to Soldiers.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers — Meat forms uric acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain a part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

F. G. GUTELIUS, General Manager, Canadian Government Railways, Montreal, N. B., Oct. 12th, 1916.

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas. — "After my little girl was born two years ago I began suffering with female trouble and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not do my work. I would have a chill every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's neighbor told me that if he did not do something for me I would not last long and told him to get me Lydia E. Pinkham's Vegetable Compound. So he got me Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go." — Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

**Around the City**

**Arrested for Not Paying.**  
Paul Silk was given in charge of the police on Saturday by Louis Fader, who charges the prisoner with refusing to pay for meals he had received at Fader's restaurant, 14 Pond street.

**Taken Suddenly Ill.**  
Considerable excitement was caused on Main street on Saturday night, the occasion for which was John Douglas in a fit. He was removed to his home on the Spar Cove Road by Sergeant Sullivan and Policeman John Merrick.

**Resigns as Recruiting Officer.**  
While at Ottawa Major Tilley resigned office as recruiting officer for New Brunswick. His successor has not yet been named, but it is probable that a returned soldier will be appointed to the position.

**Large Apple Shipment.**  
A shipment of annual interest arrived in the city yesterday. On Saturday the steamer Express made a special trip to Digby and returned yesterday with between two and three thousand barrels of apples. These were discharged at No. 7 berth on the West Side and will be sent forward to Montreal today and will in all probability be sent across the water in the near future. It took practically all day to unload this shipment which it is expected will not be the last of its kind.

**Hampton Man Killed.**  
Mrs. Edward McCarron of Hampton received a telegram from Ottawa yesterday conveying to her the sad news that her son Private Edward J. McCarron had been killed in action on September 15th while fighting for his country in France. Private McCarron enlisted for overseas duty with a regiment in Winnipeg, and it was only a few months ago that he was reported as having been wounded. Recovering from his wounds he returned to the front only to be killed. M. M. McCarron, Government Railway dispatcher at Newcastle, is a brother of the deceased.

**West St. John Fires.**  
The West End fire department were called out at 3.50 o'clock Saturday morning by an alarm from box 116, for a slight fire in the residence of W. E. Emerson, 20 Guilford street. The damage done was slight. Yesterday afternoon a slight fire was covered under the chimney base in the residence owned by Thomas Hefferman on Protection street. After some strenuous work by John Andrews, the district chief of the fire department, and Police Sergeant Frederick O'Neill of the western division, the fire was extinguished without the necessity of calling out the fire department.

**Successful Meetings.**  
That the Sunday night meetings held for the soldiers by St. David's Presbyterian church will be a complete success seems to be assured. Last night the vestry of the church was crowded with people, mostly soldiers, who enjoyed to the utmost the fine programme offered. Besides general singing two songs were offered, one by Miss Climo and a duet by Miss Climo and Miss O'Neil, which were much appreciated. Several soldiers from the Parks Convalescent Home were present during the evening. One of the soldiers was a member of the gallant 29th Battalion and had been entertained by the church two years ago. Refreshments were served during the latter part of the evening.

**Advance in Prices.**  
The Biscuit Manufacturers have again advanced the price of biscuits half cent per lb. on all kinds. Advance goes into effect today.

**Gundry's have refilled their lines of** Bracelet Watches. Good watches in great cases from \$6.50. Illuminated dials from \$8.50. As in all other lines Gundry's do not knowingly sell an inferior article. Gundry's method of getting is to buy the right goods and mark them at the right prices.

**MAJOR TILLEY TELLS AIMS OF NATIONAL SERVICE BOARD**

**The Most Recent Plan Adopted to Fill Canada's Armies is Explained by New Brunswick's Representative on the Dominion-Wide Commission.**

Major L. P. D. Tilley, Director of National Service for Military District No. 8, arrived home from Ottawa on Saturday, where he was in attendance at the meeting of all the directors of national service in the Dominion. During the conference, which lasted for three days, Sir Thos. Tait, Director-General of National Service, occupied the chair. At the conference plans for the proposed scheme of labor mobilization and the need of recruiting were thoroughly discussed. The general principles of the campaign were laid before the members for their consideration.

Under the presidency of Sir Thomas Tait, civilian representative from every military division in the country have exchanged ideas as to the base and details of an effective scheme. According to Major Tilley a definite scheme has been arrived at, the first for the present the directorate is not prepared to announce it.

About 130,000 more men are needed to fill the promised 500,000 men. At the same time it is not desired, in the process of enlistment, to handicap or injuriously affect vital industries of the country by recruiting extensively from their ranks.

The scheme which the government has decided upon is to take the census of the man power of Canada. Besides the man power census the subject of better utilization of woman labor will form a prominent part of the work.

Owing to the fact that recruiting has dropped nearly 500 per cent within the last seven months, the government has found it necessary to tabulate a record of men who can be spared from the work they are now engaged in, and in case of emergency these records will be able to show just how many men can be spared from Canada to help the Mother country in the gigantic conflict now raging over Europe.

The scheme now proposed is, therefore, designed to take stock of the country's labor resources, to find out what the men of military age are doing, to ascertain to what extent they may be replaced by women, and to designate by badges those whose services are regarded as of greater value to the State than if they were enlisted.

Men without this decoration are, inferentially at least, eligible for service. While the national service directorate will co-operate to the fullest degree with the recruiting agencies, it is emphasized that the latter are not replaced.

As heretofore, the actual enlistment for overseas will be attended to by the regular military organizations of the different divisions. Much reliance is placed upon the utilization of women's work and a series of women's national service boards are to be established to further the employment of female labor where practicable, then making a corresponding number of men available for the military service.

**Text of the Statement.**  
The purposes in view are fully outlined in the following official statement: "The regulation of respecting 'National Service' require the directors to take such measures as may be expedient as to have all available labor in the Dominion utilized to the greatest advantage for the purpose of maintaining the carrying out of all important industries and of affording to the greatest possible number of men the opportunity of military service, and with the view to make an estimate of such available labor."

There is no data available in the Dominion today on which either the required estimate of such labor can be based or which would serve as a foundation for an intelligent and satisfactory endeavor to have all available labor utilized to the greatest advantage.

The directorate of National Service has had under careful consideration a scheme which has been formulated for taking an inventory of the man power of Canada at as early a date as possible.

In this connection it may be mentioned that the usual methods for taking the census would require too long a time and involve too large an expenditure, and that some new method must be adopted to obtain the necessary information.

It is believed that an effective scheme for the purpose is feasible, and that it can be given effect to within a reasonable time, and at a reasonable expense. The directors are not, however, in a position as yet to make a public announcement as to the details of this scheme which are now being worked out.

**Plans for Exemption.**  
In reference to the exemption of men of military age, from enlistment, because their services in the employment in which they are then engaged are of more value to the State than if they were enlisted, the directors of national service make the following announcement: "Any man of military age who will offer in writing to enlist, and whom the director of 'National Service' for the district determines is of more value to the State in the employment in which he is then engaged, than if he were enlisted, will be exempted from enlistment, subject to appeal to the Director-General. Every such man will be given a badge and certificate and the wearing

**FIFTEEN ON HONOR ROLL SATURDAY**

**Best Week-end in a Long Time for Recruiting—More than Half of Number Signed on for No. 2 Construction Battalion.**

- HONOR ROLL.**
- Albert Carry, St. John, N. B.
  - W. George Stewart, St. John, N. B.
  - F. W. Richards, St. John, N. B.
  - James A. Sadler, St. John, N. B.
  - Phillip Bushan, St. John, N. B.
  - Fred D. Dixon, St. John, N. B.
  - G. M. Gibbon, St. John, N. B.
  - Charles Simpson, St. John, N. B.
  - No. 2 Construction Battalion.
  - George Nelson Bulmer, Moncton, N. B.
  - Charles R. Alexandra, Moncton, N. B.
  - Willard M. G. Robb, St. John, N. B.
  - Field Ambulance Training Depot.
  - George Chestnut, Salmon River, N. S.
  - Charles Hall, Murphyville, Ill.
  - Michael Walsh, West St. John, N. B.
  - 236th Kiltie Battalion.
  - Benjamin Van Blarcom, Harboroughville, N. S.
  - 239th Railway Construction Corps.

Since nine o'clock on Friday night fifteen men have volunteered for active service overseas at the recruiting office on Prince William street. This is the best week-end return for many months. The colored battalion received over half of the number. These men left Saturday for Pictou, where they will remain with the rest of the battalion. The brass band paraded the men to the depot playing several patriotic selections.

Pte. Walsh, well known as a speed skater, is a veteran of the South African war. He has also seen service in the present war in the First Railway Construction Corps, fighting at Loos.

Private John Connell and J. L. Snodgrass, as well as Private Clayton Porter of the 29th Railway Construction Corps will leave today for Windsor to join their unit. The recruiting for this unit will be continued in the city by Sergeants Miller and Betts and Pte. Ambro.

Lieut. Easton of the 239th Construction Corps will be leaving today for Windsor, N. S.

No. 9 Siege Battery did not attend divine service at Stone church yesterday as was intended on account of military duties on the island.

**Donation To Kilties.**  
Hon. J. Douglas Hazen, Minister of Marine and Fisheries, has donated \$250 to fund to supply 236th Overseas Battalion (New Brunswick Kilties, Sir Sam's Own) with their kilts. This donation from New Brunswick's representative in Dominion cabinet is amount required to equip one of platoons of this province's first Highland regiment with their kilts.

**8th Field Ambulance.**  
The 8th Field Ambulance Depot, in command of Major G. G. Corbet, and headed by the Temple band, paraded to the Coburg street Christian church yesterday morning. The unit, which is practically up to strength, presented a splendid appearance as they marched through the streets on their way to the church.

Acting Sergeant-Major Miller was in charge of the parade. Three recruits enlisted in the field ambulance on Saturday. They were W. Robb, G. Nelson and Roy Alexandra.

**European War Veterans' Association.**  
Meeting tonight at eight o'clock sharp, 38 Charlotte street, for all men who have seen service in France. Business of importance will be transacted.

**Silk Waists.**  
In these days of high prices for everything it is unusual to find pretty silk waists being sold at as low a price as \$1.19. Such can be had at F. A. Dykeman & Co.'s. They are real good waists too, a very pretty style with a wide deep collar and frilled front, with lace edging around frill and collar. They are made from a Japanese silk in white and sky. All sizes can be had in these silk waists which is a great bargain. They will be sent by mail to out-of-town customers at the same price.

**THE HONNOLD FUND.**  
The London, Eng., Times, Aug. 23, in the column giving news of the British Court, prints the following item: "The hon. treasurer of Queen Mary's Convalescent Auxiliary Hospital, Southampton, gratefully acknowledges the sum of £276 11s. 6d., received from Mrs. W. L. Honnold of the Hyde Park Hotel, London, and New York, collected by her from friends in America in support of the funds of these hospitals."

It was the fund raised by Mrs. Honnold for which Miss Fenety of St. John asked assistance early in the summer.
