

CULTURAL PROMISED

To be at Woodstock and Sussex Premier Fleming Made the Announcement Friday

Asks Executors of Fisher Estate to Erect the Building in Carleton Shiretown -- To Sue the C. P. R. for Tragic Death of Man Put Off a Train.

Woodstock, N. B., Nov. 7.—Premier Fleming, the board of school trustees and the executors of the Fisher estate were in conference today discussing the plans of an agricultural college, a school of domestic science and manual training. Mr. Fleming said it was the intention of the government to establish two agricultural colleges in this province, one at Sussex and one here, providing the executors of the Fisher estate would be willing to erect such a building, containing all the domestic science and manual training branches of the public school. The government would bear the whole expense of the maintenance of the institution, the school trustees to have charge of the departments connected with the school. The executors and trustees were favorably disposed toward the scheme. Another meeting is to be held when architects and representative of the Ontario College, with provincial representatives, will be present and endeavor to get facts and data necessary to determine the probable cost of the work.

Likely to Cost \$75,000.

From present indications the building will be on Chapel street, near Hedley Moore's residence, and will probably cost in the vicinity of \$75,000. Mr. Connell, one of the executors, said when the details were worked out they would begin the erection of the building as soon as the rest was out of the ground. He also stated that the erection of the Fisher Memorial Library would commence in the spring. Mr. Fleming said he was impressed with the feeling manifested and the government would promptly deal with the matter, so that any delay would occur in carrying out the project.

Wilson Hasn't a Majority of Votes

On the strength of incomplete returns as to the popular vote for Wilson, Roosevelt and Taft the estimate was made tonight that Governor Wilson would not have a majority of all votes cast. In many states the popular vote has been only roughly estimated thus far, but the reports indicate that the combined vote of Roosevelt and Taft will be approximately 1,000,000 more than the vote for Governor Wilson. The figures will be materially changed by the final count, but it is expected that the proportion for each candidate will not vary greatly.

Poor Carnegies! Swears Off Taxes in New York City

Steel King, Assessed on \$10,000,000, Declares He is \$5,000,000 to the Bad Instead.

New York, Nov. 7.—Andrew Carnegie will pay no personal property tax to the city of New York this year. The ironmaster's personal property was assessed at \$10,000,000, but he appeared today before the president of the tax department and made affidavit that this was erroneous. Mr. Carnegie swore that the value of his effects in the city did not exceed \$5,000,000 while his debts aggregated \$8,000,000. Accordingly the assessment against him will be cancelled.

Seventeen Russian Jackies Condemned to Die for Mutiny

Sabatopol, Russia, Nov. 7.—The naval court has sentenced seventeen sailors to death and 106 to imprisonment for from four to eight years at hard labor for instigating mutiny in the Russian fleet.

Baptist Church in Bulgaria Seeks Canadian Alliance

Toronto, Nov. 7.—The Canadian Baptist Foreign Mission Board at the closing session of its annual meeting today considered an appeal from the members of the Baptist church in Bulgaria that they be brought under the control of the Canadian board. A committee was appointed to make inquiry and it is not improbable that the request will be granted.

THE BRITISH LIBRARY

WILSON PRESIDENT BY AN ENORMOUS MAJORITY

Carried New York, New Jersey, Massachusetts, Maine, Connecticut, the Solid South and Likely Many Other States—Roosevelt Away Ahead of Taft Who May Not Carry More Than One or Two States—Next Senate is Probably Democratic.

Roosevelt would have an estimated majority of 410 over Wilson.

Commonwealth of Massachusetts.

Danville, Mass., Nov. 5.—The returns indicate the defeat of former speaker Cannon by Frank T. O'Hara, of Paris, by 1,000 plurality in the Eighteenth District.

Governor Wilson's Message.

Princeton, N. J., Nov. 5.—Responding to a telegram from the Democratic national convention, Governor Wilson today said: "I deeply appreciate your telegram and wish to extend to you and the members of the campaign committee my warm congratulations on the success of your cause in the organization and conduct of a campaign fought out upon essential issues.

"A great cause has triumphed. Every Democrat, every Progressive of whatever alliance, must now lend his full force and enthusiasm to the fulfillment of the people's hope, the establishment of the people's rights, and the advancement of progress so hand in hand.

This was Governor Wilson's first utterance of a public character following his election as president of the United States. The celebration of his victory by Princeton students began at 11 o'clock tonight when the hall in Nassau Hall where the continental congress met began to toll as a signal of Wilson's victory. The tolling of the bell in an established Princeton custom which is observed in connection with any contest. Students began to gather with hand instruments, pennants and torches and formed a parade that passed down through Bayard Lane past the Governor Cleveland home to Governor Wilson's residence.

GOV. WOODROW WILSON, PRESIDENT-ELECT OF THE UNITED STATES.

Boston, Mass., Nov. 5.—Woodrow Wilson, governor of New Jersey, and formerly president of Princeton University, was elected president of the United States today by an overwhelming vote.

The Democratic leader swept New York State, New Jersey, Massachusetts, Maryland, Kentucky and the solid south. He also carried Indiana, Maine, Connecticut and other eastern states as well as a number in the west.

The Democrats will again control the lower houses of congress and probably capture the United States senate.

Friends who were with the governor while the ball in Nassau Hall was being rung during the evening found difficulty in getting Governor Wilson to concede that he had won the election. Dudley S. Malone, son-in-law of Senator O'Shea, of New York, came out of the room where the returns were being read and said laughingly: "The governor refuses to be elected."

Wilson Hears of Victory at Dinner.

Princeton, N. J., Nov. 5.—Governor Wilson sat tonight with a party of friends around a brilliantly illuminated dinner table as the election returns began to come in, earlier than was anticipated. The first results the governor got were favorable, and his comment was "That's encouraging." The returns that continued to come in from Massachusetts, Connecticut and New York all favored Governor Wilson and the party about the dinner table showed his pleasure.

Captain Bill McDonald, the Texas ranger, who is the governor's bodyguard, read a stack of returns and from all but 600 of the 3,083 districts of New York city.

Wilson Carries Maryland.

Baltimore, Md., Nov. 5.—Woodrow Wilson carried Maryland by 20,000 to 35,000 plurality estimated from figures received tonight. Roosevelt ran second and Taft third. In Southern Maryland and on the eastern shore Taft led Roosevelt but the Progressive candidate won in Baltimore city and Western Maryland exceeded that of the president on the rest of the state.

For this reason every member of the board of trade—every member of the community of St. John, should be interested in the subject of good roads. It is not a question that alone concerns the automobile driver or the pleasure-driver of any vehicle. It is a question of commerce, the cost of transportation, and incidentally the cost of living, as well as the pleasure of life.

Experience proves that nothing tends so rapidly to enhance the value and attractiveness of farm lands as good roads. Without good roads all other schemes for provincial development—publicity, immigration, agricultural colleges, demonstration farms, and what not, will fall short of their legitimate effect.

The following letter is being sent out by W. F. Burditt:

St. John, N. B., Nov. 5.

Dear Sir—A healthy sign of the times is the interest now taken in provincial development. When the country thrives, the city grows. The rapid growth of western cities is mainly due to the filling up of the country with wealth-producing hills of the soil. When this province grows, this city will grow.

Democratic Leaders Elated.

New York, Nov. 5.—Early returns from New York and the solid south today caused a cause of much exultation at the Democratic National headquarters. Chairman McCoombe early after a clock sent word to Governor Wilson that his election was indicated by an overwhelming vote. Later in the evening he made the following statement: "Victory is now complete. The returns are now coming in so fast that I cannot keep up with them. Governor Wilson has carried Massachusetts, Maine, Connecticut, New York, Maryland, New Jersey and all of the South. Committee man W. R. King writes that Wilson will get 10,000 plurality in Oregon. I believe we will carry Pennsylvania for Wilson."

Wilson Sweeps Arkansas.

Little Rock, Ark., Nov. 5.—Wilson carried Arkansas by about 60,000 majority. Returns now indicate Roosevelt will run second. All Democratic congressional nominees were elected by the usual majorities.

Roosevelt Leading in Michigan.

Detroit, Mich., Nov. 5.—Scattering and incomplete returns from throughout the state indicate that Roosevelt is leading by a good plurality. Musselman, Republican, and Ferris, Democratic, candidates for governor are running very close. The complete returns will be late on account of the complicated ballot.

BULGARIANS ROUT THE TURKS AGAIN

Are Pursuing the Defeated Army With Relentless Energy

Final Assault on Fortifications Constantinople Expected Today or Friday—Monastir, Another Stronghold, Said to Have Fallen—Sultan Ready to Flee to Asia—Great British Fleet Now in Turkish Waters.

Sofia, Nov. 6.—The Turkish army, commanded by Nizam Pasha, was completely routed in the great battle of the last two days on the Semliki river. According to the semi-officials the Turks lost in killed and injured, more than double the number of the Bulgarians. The Bulgarians are pursuing the defeated army. The sanguinary character of the recent engagement, which it is reported has involved losses to the Turks of 40,000 men, has been due to the extraordinary energy of the Bulgarian attack.

Turks Fleeing to Last Ditch.

London, Nov. 6.—Bulgaria is giving the routed Turkish army no time to recuperate. In accordance with the tactics adopted throughout the war the Bulgarians are attacking up the Macedonian river and forcing the Turkish army to retreat towards the last ditch. The Bulgarians are pushing along the coast towards the Thracian lines and it is believed that the last attack will be delivered tomorrow or Friday.

Constantinople Appears to Have Lost Hope of Stopping the Victorious Advance.

Constantinople, Nov. 6.—The public is astonished and dumfounded at the reported Turkish reverses. It is now recognized on all sides that the end has come. The Macedonian population, the towns along the Dardanelles, although depressed by the persistent rumour of a current that the Turkish commander, Nizam Pasha, is missing, and it is feared that he has been killed or made prisoner. The pockets of the Bulgarian coast will be abandoned. The ships are needed for the defence of Constantinople.

Strong British Fleet in Turkish Waters.

London, Nov. 6.—The Turkish ambassador to Great Britain had a conference with Sir Edward Grey today, and a more optimistic feeling appears to prevail in diplomatic circles. It is believed the negotiations proceeding between the two powers will result in a common basis being reached for mediation.

Has Saloniki Fallen?

Athens, Nov. 6.—Crown Prince Constantine has wired from Saloniki asking that the Bulgarians be sent immediately to Saloniki to assist in the occupation of the city. It is feared from this that the occupation of Saloniki has occurred or is imminent.

Taft has fallen, and with him have fallen the standard elements all over the country. The time has past when a public man can hope to command success in the United States by telling the people that they must not get downward...

That bad cooking comes times drives men to drink is a somewhat familiar and dubious theory revived in a sermon delivered last Sunday by Rev. Donald Guthrie in Montreal. "Poor cooking," he said, "drives many a man to the tap room, and I do not wonder that girls are driven to seek their company in the streets instead of in the home."

Such an extract, taken by itself, doubtless does injustice to the tenor and strength of the reverend gentleman's discourse. He said that the church which does not embark on social service in these days, is a lost church, which is more to the point.

There is now a report from Ottawa and Montreal that the Liberals are not likely to oppose Mr. Coderre in Hochelaga, but that the Nationalists may do so. It seems that some Liberal leaders are not disposed to put up a candidate, because, as they say, they do not yet know what Mr. Borden's naval policy is to be...

Mr. Heurtley stated that it was his principal intention, during his visit to the Dominion at this time, to look into the matter of establishing a similar farm to Canada as to a kind of "continuation farm" that at Working Park. There are men who get longer training under actual conditions.

It is now reported from Pictou, Nova Scotia, that Mr. Guinness has purchased a large tract of land, including a number of farms, through the Nova Scotia department of industries and immigration. A number of young English farmers will be placed on the property, and will eventually be enabled to acquire ownership.

In commenting on the visit of Mr. D. Lorne McGibbon to St. John in connection with the projected sugar refinery, the Montreal Witness says: "For some time past Mr. McGibbon and those associated with him in this undertaking have carefully studied the situation, and all financial arrangements have now been completed for carrying out this ambitious undertaking in St. John."

The site for the new refinery is close to St. John city, and the statement is made that already the assets of the company, in real estate and equipment, is at least \$1,000,000.

The Australian team played cricket in Winnipeg in October, a month after the close of the season in England. The West could scarcely find upon a better advertisement of its climate, particularly for Old Country investors.

The Boston Transcript, in a final appeal to electors to support Mr. Taft, says that the great financial panic, particularly the reduction, if not the abolition, of the

preference extended to British goods. A beginning is likely to be made by scaling down a few of the advantages now given the British manufacturer. Liberals, whose party introduced the preference, will be ready to fight any proposal to weaken it.

HYSTERIA Canadian newspapers continue to receive a stream of communications from "The Imperial Maritime League," London, of which Messrs. Harold F. Wyatt and L. Graham H. Horton-Smith are joint founders...

"The hopeful thing just now is that in the house of its rivals arrogant Privilege has been smitten in the face. For half a century it threw around us a veil of patriotism, but the mask is now torn off...

These we have, well expressed, the significance not only of the Democratic victory, but of the forces behind the Progressive party. If the reactionary forces in the Democratic party should succeed in preventing the new president from carrying out his platform pledges...

Taft has fallen, and with him have fallen the standard elements all over the country. The time has past when a public man can hope to command success in the United States by telling the people that they must not get downward...

That bad cooking comes times drives men to drink is a somewhat familiar and dubious theory revived in a sermon delivered last Sunday by Rev. Donald Guthrie in Montreal. "Poor cooking," he said, "drives many a man to the tap room, and I do not wonder that girls are driven to seek their company in the streets instead of in the home."

Such an extract, taken by itself, doubtless does injustice to the tenor and strength of the reverend gentleman's discourse. He said that the church which does not embark on social service in these days, is a lost church, which is more to the point.

There is now a report from Ottawa and Montreal that the Liberals are not likely to oppose Mr. Coderre in Hochelaga, but that the Nationalists may do so. It seems that some Liberal leaders are not disposed to put up a candidate, because, as they say, they do not yet know what Mr. Borden's naval policy is to be...

Mr. Heurtley stated that it was his principal intention, during his visit to the Dominion at this time, to look into the matter of establishing a similar farm to Canada as to a kind of "continuation farm" that at Working Park. There are men who get longer training under actual conditions.

It is now reported from Pictou, Nova Scotia, that Mr. Guinness has purchased a large tract of land, including a number of farms, through the Nova Scotia department of industries and immigration. A number of young English farmers will be placed on the property, and will eventually be enabled to acquire ownership.

In commenting on the visit of Mr. D. Lorne McGibbon to St. John in connection with the projected sugar refinery, the Montreal Witness says: "For some time past Mr. McGibbon and those associated with him in this undertaking have carefully studied the situation, and all financial arrangements have now been completed for carrying out this ambitious undertaking in St. John."

The site for the new refinery is close to St. John city, and the statement is made that already the assets of the company, in real estate and equipment, is at least \$1,000,000.

The Australian team played cricket in Winnipeg in October, a month after the close of the season in England. The West could scarcely find upon a better advertisement of its climate, particularly for Old Country investors.

The Boston Transcript, in a final appeal to electors to support Mr. Taft, says that the great financial panic, particularly the reduction, if not the abolition, of the

preference extended to British goods. A beginning is likely to be made by scaling down a few of the advantages now given the British manufacturer. Liberals, whose party introduced the preference, will be ready to fight any proposal to weaken it.

HYSTERIA Canadian newspapers continue to receive a stream of communications from "The Imperial Maritime League," London, of which Messrs. Harold F. Wyatt and L. Graham H. Horton-Smith are joint founders...

WILL GIVE \$500 TO SICK READERS OF SEMI-WEEKLY TELEGRAPH Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers \$1.00 Package Free to Sick and Ailing

In order that every reader of The Semi-Weekly Telegraph who may not have heard of this wonderful "Home Treatment" may have an opportunity to test it, the famous scientist, Dr. James K. Kidd, offers to give to five hundred readers of this paper, a full \$1.00 package of the "Home Treatment" free of charge.

Any reader of the Semi-Weekly Telegraph who will try this extraordinary medicine that has created so much excitement by its cures can obtain absolutely free a full \$1.00 package of the "Home Treatment" free of charge.

People who suffer from Rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weakness of any kind, the weak, worn, broken-down and dependent will be delighted at the effect of a few doses.

ried members. The report was referred to a representative council of the synod. The report on the upkeep of the Cathedral called forth a defender on the expenditure and arrangements there from Dean Schofield and Canon Smithers. In an effort to correct several impressions that appeared to be erroneous, Dean Schofield called for more co-operation on the part of the clergy of the diocese to make the Cathedral a more intimate part of the life of the diocese. It was moved that the report of the committee on a superannuation fund for the clergy be taken up section by section. An amendment was moved to this, and adopted, viz: That the report of the committee on superannuation be referred to a representative council of the synod to consider, and report upon to the executive committee, and that the executive committee take such action as will place the question before the Rural Deaneries of the diocese and submit the reports to the members at the annual meeting.

W. M. Jarvis said they must watch the funds. In reference to the proposal that the fund be taken over by a life insurance company, he said that the charges would be far heavier than had hitherto been. One of the advantages of the present arrangement is that the charges were light. Bishop Richardson said that the present state of the fund might be shown when it was considered that by some increase in the number of married members who belonged to the fund they might find it necessary to decrease the amount of annuity from \$500 per annum, and that being so, the fund would be more or less insolvent. Rev. E. Hallstone said that he did not approve of life insurance, and that he bore unfeelingly the burden of the man on \$1,000 stipend paid 5 p.c. and the man on the \$500 stipend paid the same rate, but the return was the same in both cases, and he said, did not seem to bear evenly on the contributors. The report of the committee on the superannuation fund would be taken up section by section, and that was a matter that should receive the serious consideration of the synod before any definite action was taken with regard to the fund. It was also a matter for consideration, he said, whether the synod had power to amend such regulations as that which dealt with the contributions of clergymen to the fund.

Replies to Critics. The motion regarding the upkeep of the Cathedral was adopted, after a considerable amount of discussion. The feeling regarding the state of the Cathedral both regarding the business conditions and the feeling of the clergymen in different parts of the diocese raised some discussion by different members of the synod. In connection with the motion, Canon Smithers replied to some criticism that had been directed at the Cathedral and chapter, and pointed out that the chapter was not a wealthy one, and that the financial arrangements were entirely inadequate for the needs of the Cathedral. "Let there be an end of this criticism," the canon said, in effect. "The larger part of the criticism is directed at the Cathedral because of the lack of knowledge of the Cathedral affairs that is shown by the critics."

With regard to the deficit in the funds of the Cathedral, the lord bishop said that he did not intend to ask outside the diocese to get money for the Cathedral. He had had an invitation from the Bishop of London to visit England in connection with the raising of funds, but he felt, as a matter of personal feeling, that the diocese should raise the money within its own resources. "We have found it necessary to go to the old country for money and meet and we thank God for them, but if we can get the money here, we feel that we should do so. If we cannot arrange the finances of the Cathedral in our own diocese, we have put our hands in our pockets and go elsewhere for money."

Dean Schofield, of the Cathedral, also made some reply to the criticisms on the arrangements at the Cathedral, and quoted some of the figures to show that the arrangements there were economical and reasonable. He found fault with the stand taken by the critics on the subject, and declared that if a proper consideration were given to all the difficulties under which the Cathedral and chapter labored, the criticism would be treated in a much more sympathetic manner. The standing committee on the lord bishop's charge recommended that the members be again urged to impress upon the laity the necessity of securing candidates for Holy Orders. It was moved and adopted that the question of prizes be referred to the committee on the report of the trustees, and W. H. Heaton, be referred to the executive board of missions.

Men Who Went West Were Greatly Disappointed. C. N. R. Liner, Bound to Montreal, Believed to Be Seriously Damaged. Quebec, Nov. 6.—The Canadian Northern royal mail steamer Royal George grounded this evening during a fog on the river, one mile east of Point St. Laurent, in the Gulf of St. Lawrence. The amount of damage done to the vessel is not yet known, though it is thought to be serious. Besides a general cargo for Quebec and Montreal, the Royal George carried 200 passengers. The wrecking steamer Lord Strathcona and two tug boats left this evening to assist the disabled steamer. The Royal George sailed from Bristol (Eng.) on Wednesday, October 30, to make her last trip in the St. Lawrence trade this season. She reached the Grosse Ile anchorage at Point St. Laurent at 4:10 o'clock this afternoon and was bound for Montreal, a distance of twenty-seven miles to cover before she could reach her moorings at the Louise docks, and in order to reach port in time for the work of the morning, the passengers in compliance with the immigration regulations came up the river at full speed. The Royal George was feeling its way through the fog with a rudder, and the passengers in anticipation of soon reaching the end of their voyage were busy packing their belongings, when suddenly the big hull was heard to crash bottom on the rocks, and suddenly came to a stop on the north side of the south channel. The old steamer South of Quebec and Lewis Ferry Company was chartered to go down the river and take off the passengers from the Royal George and bring them to Quebec, and she sailed at 8:10 o'clock, and the Canadian Pacific tug Cruiser followed at 10 o'clock.

Those Who Got Work in the Harvest Fields Toiled from Early Morning Until Late at Night With No Extra Pay—Many Returning Home. The trains from the west arriving in the city these days are bringing back many marjoring provinces boys who journeyed across the continent to work in the wheat fields during harvest time and who are now coming home pleased at having seen the country west of the Great Lakes of which they had heard so much, but disappointed because of the poor prospects for work immediately offering. As soon as they landed in the vicinity of the wheat fields, they were hired to work for farmers at fairly good wages for that class of labor and they stayed at this work until there was no further need of their services. In many sections of the west there was a demand for even more farm help than offered and later prices prevailed; but the harvesters from here had to work hard for what they did receive. It was strenuous toil from early dawn till dark with no extra for overtime and what was earned from the farmer was not much. Most of the men expressed themselves as being glad to get back to their homes in the provinces, but they said that some of those who had gone intending to stay in one of the western townships for a time at least, chiefly men who had traded.

High Prices Received for Cows and Horses. Sale at Davidson Farm Attracted Considerable Attention from Investors—Farm Implements Sold. The auction of the stock and farm implements at Davidson's farm, located at Little River, which took place yesterday afternoon, attracted a large number of purchasers and was one of the most successful sales which has been held in the county in many years. A large number of purchasers attended, many of them coming from considerable distances on the I. C. R. to secure a portion of the stock for which their farms had been bought. The sale was held from 10 o'clock in the morning and continued until dark. At noon a substantial dinner was provided by Mr. Davidson for all who were present. The sale was conducted by County Auctioneer, J. W. Green, and excellent prices were secured for everything sold. The auction included the horses, cows, poultry, farm tools, and other implements, carriages and wagons, and part of the household effects. The live stock included forty-five cows which were sold at prices ranging from \$15 to \$50 and eight horses which brought from \$175 to \$275 each. The carriages brought from \$35 to \$50 and the farm implements were sold at corresponding prices. Mr. Davidson sold his farm some time ago and will remove to the city. He occupies the residence in Seely street which he purchased from E. W. Green.

THE TURF. Bathurst Races. Bathurst, Nov. 6.—The horse races here yesterday afternoon were of a particularly interesting nature. Two horses, the free-for-all and the three minute class, were on the card and the last was a horse race all the way. The free-for-all went to Rosa W., and the three minute to Betty B. In the third heat of the three minute event Betty B. fell in her hobble, owing to the breaking of a boot strap. Her horse was badly broken and Storm King, who was trailing, narrowly escaped going down. Asad Lad was started and the judges gave D. Stuart, James Rodgers and Henry Corbett. The summary: Free-For-All—Purse \$75. Rosa W. G. P. Fenwick 1 1 1. Abbot W. R. Shirley 2 2 2. Werry Willie, Joe Dineen 4 3 3. Cate, D. Williamson 3 4 4. Time—2:34; 2:31; 2:31. Three Minute Class—Purse \$50. Betty B. 1 2 3 3 1. Lily White 2 1 1 2 3 2. Storm King 3 3 2 1 3 2. Time—1:16; 1:15; 1:11; 1:18; 1:18. THE ONLY WAY. His wife had been spending a week or two at the seaside with her own people, and Jonnith had been "ringing the lone and simple life." But there was a curious look of calm desperation in his eyes when he was home back. And presently the wife began to make discoveries. "Where is—?" she began. "Goodness! What have you done with my dresses?" And what had happened to the lawn? "What that black patch in the centre?" "Why—?" "Jonnith took a deep breath, then spoke bravely and manfully. "I don't know, I started for two days, and then you write to say that the key of the pantry was in the pocket of your second-best tailor-made walking skirt—'Jonnith' said he—'I don't know a tailor-made from a morning skirt, not a halberd from a fitch. So I just took the whole lot out on the lawn and burnt them. Then I found the key while rating among the ashes!"

WEDNESDAY. ST. ROYAL GEORGE. IN EAST AGAIN. ASHORE NEAR PT. ST. LAURENT. Men Who Went West Were Greatly Disappointed. C. N. R. Liner, Bound to Montreal, Believed to Be Seriously Damaged. Quebec, Nov. 6.—The Canadian Northern royal mail steamer Royal George grounded this evening during a fog on the river, one mile east of Point St. Laurent, in the Gulf of St. Lawrence. The amount of damage done to the vessel is not yet known, though it is thought to be serious. Besides a general cargo for Quebec and Montreal, the Royal George carried 200 passengers. Transcontinental Railway Commission to Operate Tri-Weekly Freight and Passenger Service from Moncton to Edmundston—Leaving Railway Town Mondays, Wednesdays and Fridays, Returning Alternate Days. Ottawa, Nov. 6.—The Transcontinental Railway Commission has decided in public interests to operate the complete line of the National Transcontinental Railway in New Brunswick, temporarily, 1 s. u. in such time as the Grand Trunk Pacific Railway Company has applied for and been granted a lease of this section of the line under the terms of the National Transcontinental Railway Act. Accordingly, commencing Wednesday, Nov. 20, a tri-weekly service will be inaugurated for both freight and passenger service between Moncton and Edmundston, a distance of 220 miles, leaving Moncton for Edmundston on Mondays, Wednesdays and Fridays, returning Tuesdays, Thursdays and Saturdays. The Commission has appointed superintendant in charge of operation, under the instructions and operations of D. MacPheon, assistant to the chairman. It is believed that the action of the commission will be greatly welcomed in the maritime provinces, as already a considerable business along the line in New Brunswick is demanding the service.

NEW "MANIFEST DESTINY" FOR CANADA DISCOVERED. M. Bertillard Forecasts a French Republic in East, Middle West Absorbed by U. S., and Asiatic Colony or Independent Kingdom in British Columbia. Montreal, Nov. 4.—Henry Bourassa and Armand Lavigne and other Nationalists who dreamed of and advocated a French republic on the banks of the St. Lawrence, have found a new ally in Henri Bertillard, the great French controversialist. For the past month this resident of Old France has been studying conditions in Quebec and the assimilation of the French in Canada by the United States. M. Bertillard believes that French Canada is to become ultimately an independent French republic. "The statesman who wrought the fabric of your dominion," said the "Sisley Brookes of France," "are worthy of high praise for their constructive policy, but their handiwork was foredoomed to destruction by swarming forces far more potent than could be endured by the artificial bulwarks of government. I have gone into this matter thoroughly. I have conversed with representatives of every class in your conglomerate population. After all this, the only opinion I can offer candidly is that your dreams of a united dominion, let alone a united empire, are merely follies of an imprudent imagination. The St. Lawrence valley in common with the fisheries of the Fraser? Nothing. In fact it would be difficult to imagine two types more completely different in creed, race and point of view. "Furthermore, there can be no reconciling the conflicting interests of this great country. Your western farmers clamor for reciprocal trade with the United States, and he will not sacrifice permanently his material prosperity on account of a policy of selfish protection favored by a few imprudent politicians. British Columbia's imperialism is the bugbear of Nationalistic Quebec. What in the one case means self-preservation, in the other signifies taxation without representation. "What has the habitant of the St. Lawrence valley in common with the fisherman of the Fraser? Nothing. In fact it would be difficult to imagine two types more completely different in creed, race and point of view. "Furthermore, there can be no reconciling the conflicting interests of this great country. PROPOSE TO BUILD IRON AND STEEL WORKS IN ST. JOHN

Dry Dock Likely to Be the Largest in the World--Shipbuilding Plant to Be Developed

Official Announcement That Norton Griffiths & Co. Have Arranged to Acquire Charter of Imperial Dry Dock Co.--Mr. Stewart Explains That Many Industries Should Follow--To Ask Government and Civic Commissioners to Assist Financially.

Wednesday, Nov. 7. It was officially announced tonight that Norton Griffiths & Co. have made arrangements to acquire the charter of the Imperial Dry Dock Company.

A meeting of the company was held at St. John yesterday at which the following officers were elected: W. H. Thorne, president; Thomas McAvity, vice-president; P. R. Warren, managing director.

The proposed plant would occupy about 100 acres at first and the site and waste would be used for filling in other portions of the shallow land near the works and the size of the plot of land would be gradually increased, making room for expansion of the plant or new factories.

Mr. Stewart said that both the provincial and federal governments would be asked to assist in the establishment of the steel industry.

Mr. Stewart said that the Imperial Dry Dock Company has under consideration large extensions of its original programme which consisted only of the construction of a dry dock.

The establishment of iron and steel works and the development of the shipbuilding industry will mean the employment of a very large number of men, and would bring a good many industries to the city.

At present, however, there are no sites available with rail and water communication, and it will be necessary for the purpose above mentioned to reclaim a large area of the foreshore.

Other cities in Canada are doing their best to attract manufacturers by offers of free sites, exemption from taxation, and large bonuses, many firms in Great Britain, the United States and Canada are ready to take advantage of such offers.

St. John is singularly deficient in suitable sites for factories, and it seems to be of the utmost importance at the present time that the Imperial Dry Dock Company should be able to do so.

When asked about the proposition after the meeting yesterday, Mayor Frink said that the scheme seemed quite feasible, and that the people back of it seemed to consider steel works here as a paying proposition.

CONDENSED NEWS; LOCAL AND GENERAL

Sarsfield J. Logue, of Burton, Subary county, and Miss Martha Logue are visiting relatives in North End.

A crew of men from St. John arrived at Hopedale Hill on Saturday to put a light in the new tower at Grindstone Island light station.
