New Recruiting Regulations Tend to Bring Greater Response and Fill Places of Units Leaving

Machine Gun Work at Valcartier Camp Especially Commended-140th Section Takes Place of Honer-Only Men Unfit for C.E.F. Units May Be Taken Into Special Service Companies-Military Happenings in New Brunswick.

Whether or not the new military registration of all men between the ages of 18 and 45 in this country, will bring forth a greater response to the call, remains to be seen. A gentleman who is prominent in recruiting circles in this city remarked a day or so ago, when discussion had switched to the enforcement of registration in a certain country in the province: "I hear several of the young men have already purchased tickets for the United States." He said no more and his observation met with a deep and significant silence.

The machine gun work of the various sections of C.T.F. battalions now at Valcartier work has been highly commended by the officers who have made recent inspections, and reports from the big camp are to the effect that never before in the history of Valcartier has the machine gun sections reached such a splendid state of efficiency.

It is reported that the machine gun section of the 140th Battalion under Lieut.—Colonel Beer, has made an excellent showing and is one of the best organizations of its kind in camp. Similar reports regarding the efficiency of the 182nd section and other New Brunswick units at Valcartier have also been received.

Owing to the fact that the machine gun has played such an important role in the present war this harden of the section of the past without the dominion was authorized to raise a special service company.

Veteran Joins Kilties.

After serving thirteen months in France with the 1st Field Ambulance Corporal Robert Hagans has arrived in Fredericton and will join the 236th kilties as hospital sergeant.

Corporal Hagans is a son of the late Sergt. Williams Hagans, of the Royal Canadian Regiment, who was well known in Fredericton, having been stationed here for some years.

Hospital Sergt. Hagans was wounded in France last spring and was in England from April up to the time he sailed for Canada. He is now recovered and in good health.

His brother, Joseph Hagans, who was wounded recently, has received very severe injuries. The sight of one eye has been destroyed and he was otherwise injured. He is still under treatment in England. He left Canada with the 87th Battalion, Canadian Grenadier Guards, but was drafted to the 1st Battalion, with which unt he was when wounded.

Officials Say Pay Claims Went Through in Regular Way for July Salaries That Are Not Yet Received-Rapid Promotion for Private in No. 8 Ambulance Train-Points Decided Upon for Beacon Fire.

It is understood that the idea of placing returned invalided soldiers in these positions was a scheme put forward by Lieut. Colonel P. A. Guthrie and that it was concurred in by Ottawa and the appointments followed.

Why these men are not being paid, or have not yet been paid, is not yet definitely known. Complaints are coming in from all parts of the province where they are stationed. One of these men, officiating as a deputy recruiting officer, said yesterday that he had not received a single cent of remuneration for the month of July, although the greater part of August is now past.

Major L. P. D. Tilley, chief recruiting officer for the province, said that he had ent through the pay sheet claims to the headquarters office of the New Bruns-

With No. 9 Battery.

The members of No. 9 O. S. Siege Battery, C.E.F., are nearing the end of their course of instruction at Halifax, and are expected to fire with the big howitzers any day now. Excellent results are expected as they have been working with the Royal Canadian Garrison Artillery siege battery and the McGill siege battery.

Siege batteries are more urgently needed now than ever, and it is reported that as soon as No. 9 is recruited to strength it will sail. There are still several vacancies left in the battery and men joining now will have a splendid chance to become N.C.O's as all the non-commissioned officers have not yet been largely responsible for the general advance which has taken place this summer and all the more units of artillery there are battering the German positions all the easier will be the task of the infantry to clear the Germans from their trenches.

The \$2,000,000 bond issue will be exhausted next year, and a new tax of one mill on the lotal state valuation is being discussed. The money so raised, if the plan carries, would be used to push new road construction at the rate of \$500,000 a year.

But note this: "The state bond issue" says the chief engineer of the Highway Commission, "is financed entirely by the automobile license-fees. These fees are used: First, to pay interest on bonds outstanding; second, to retire bonds; and, third, to provide for the maintenance of state and state-aided highways already completed. When the full amount of the bonds are issued the interest and retirement requirements will probably not exceed \$125,000 per year. The automobile fees for 1915 were approximately \$268,000, and it is believed that the fees for 1916 will be substantially \$550,000."

As a matter of fact, the government party has had a very great difficulty in finding a candidate who is willing to share the fortunes of Mr. Smith in this contest. Some attempts have been made to divert the attention of the electors by statements that Mr. Simms, formerly a candidate for the opposition, would be selected at this time. That is most untrue. Mr. Simms has even asked for the privilege of nominating the opposition man.

It is too early in the campaign to obtain any evidence as to the probable result, but the opposition forces feel so encouraged that their workers are gaining confidence by it. Besides that, they feel that reform is in the air that greet.

Money was none too pletniful in the Stiggins household, therefore Jimmy, the son and heir, was forced to wear colthes that at one time had been worn by his gracious parent. This arrangement did not exactly appeal to Jimmy, for whereas he was about four-feet-six in height, his father was well over six feet.

Mrs. Stiggins, however, had made earnest endeavors to cut the clothes down to a perfect fit for little Jimmy; but Mrs. Stiggins had not been cut out for a tailoress, and the results of her efforts were ludicrous in the extreme.

One day Jimmy was found by his parent fumbling and grumbling about a waistcoat he had just taken over from his mother.

## OPPOSITION CHOOSES TWO STRONG CANDIDATES IN CARLETON COUNT

Andrew D. McCain and George W. Upham Nominated at Hartland

Rousing Convention Largely Attended and Greatest Enthusiasm Prevails—Candidates and Other Speakers Checred Many Times-Mr. Carvell Replies to Unfair Attacks-Vigorous Appeal for Better Government and B. F. Smith and His Colleague Challenged to Run Pure Election.

Hartland, Carleton county, N. B., Aug. 30—The nomination of two of the most popular business men in Carleton county this afternoon by the opposition places that party in a most favorable position in the present by-election campaign. Andrew D. McCain and George W. Upham, the choice of the opposition, are not only popular men but they are strong in a business sense, with the highest reputations from every viewpoint.

Upham showed his strength in the by-election in 1908, a few months after Hazen went into power, when he converted a majority of more than 600 for the government into a handsome majority for himself. In the whirlwind of 1912 he went down to defeat with his ticket which was opposed by the then Premier Flemming and his colleagues, with their immense campaign fund.

Andrew D. McCain is one of the brightest young business men in New Brunswick. He is the active head of the McCain Company, one of the largest firms dealing in general produce in the province. His father, H. H. McCain, sat in the legislature some years ago, and the cheers that greeted him today as he took the platform show that he has a warm spot in the heart of Carleton county electors. county electors.

It is admitted here this afternoon that the selection of McCain and Upham means a different phase to the campaign, a non-partizan phase which is hailed with eagerness by those who want to vote for honest government and against the present discredited administration.

Aberdeen—Guy Weish.

Kent-Johnville—W. J. Gallagher.

While the nominating committe was out Organizer E. S. Carter was called on by the audience and made a brief address, which was warmly applauded.

John Y. Flemming, the chairman of the committee, and S. S. Miller, secretary, reported that Robert L. Simms thad declined the nomination for business reasons, and that the committee recommended the nomination of Andrew to D. McCain and George W. Upham. This was the signal for an outburst of cheering which was renewed again and again and kept up while McCain and Upham made brief speeches of acceptance.

F. B. Carvell, M. P., moved the adoption of the report, and in doing so spoke of the splendid effort and loyal service grendered by H. H. McCain in enabling the committee to select such a ticket.

## MILK DEALERS SAY THEY'LL NOT PAY IT

Thursday, Aug. 81.
At a largely attended meeting held last evening the St. John milk dealers voted to boycott the Kings County Milk Producers' Union, which is now supplying them with milk, rather than pay the increase asked by the producers. This may mean a big shortage in the city for a short time, but the dealers say they are confident that the farmers will not hold out longer than a few days. The producers in turn are to hold a meeting tonight at Sussex. Unless they rescind their former vote, beginning tomorrow the city's milk supply will be greatly reduced.

North Shore Must Give 132nd One Hundred Men at Once to Save Unit-145th and 165th Far Below Mark-Major McWilliam To be Second in Command of Fourth Pioneers

Lieut-Colonel George Mersereau, O. C. of the 132nd North Shore Battalion, needs 100 men to come within the 1,000 mark, so that his unit may not be broken up. The north shore will be called upon to supply this number of recruits at once and today an intensive secreting campaign will be started in Gioucester, Northumberland and Kent counties with that end in view.

Happily the 140th Battalion, commanded by Lieut. Colonel L. H. Beer, is now up to full strength but fears are expressed for the continued identity of the 165th French-Acadian battalion under Lieut. Colonel D'Algle, and the 145th Westmorland and Kent battalion under Lieut. Colonel Forbes. These battalions have not more than 700 men each and in that case at least 600 recruits must be raised at once in this province in order to save them from being broken up.

The time has come when New Brunswick must exert herself in order to save the identity of units upon which she has already expended so much energy.
