## IF YOU PATRONIZE The Everyday Bargain Store YOU LEARN TO SAVE MONEY.

### Value for Both Sides of YOUR DOLLAR!

The art of spending money is greater than the art of making it. Yet far more has been taught, written and lectured on the subject of the making of money than about the spending of it. This doubtless inspired the old adage that "a foot and his money are soon parted." Today the world is too busy to stop and study the best ways of spending it. Price is not the same as value; for price is what you pay for an article, while value is what you receive in merchandise—plus service.

Years ago I began studying to make both sides of my customers' dollars represent value to them when spent with me, and today it is recognized that our merchandising represents value.

Daily all my efforts are toward making a bigger and better organization to back up the policy, and while today I am giving the best I know how, tomorrow I hope to make it better. Try the Everyday Bargain Store.

### WILL IT REACH GRAND FALLS?

While no official announcement has been made in regard to the Valley Railway, it seems to be the general impression that A. R. Gould will be given a chance to finish his work. Mr. Gould was in St. John on Saturday and returned to the city by auto in the evening. He seemed to be more cheerful than usual, but apart from admitting that the outlook had brightened, declined to make any statement for publication. From other sources it was learned that the government had practically decided to accede to Mr. Gould's proposal. It is understood that Kennedy & McDonald have consented to build the upper section of the road and have signified their readiness to begin work at once. J. H. Corbett & Sons, Inc., who built the Fredericton-Gagetown section, are prepared, so it is said, to enter into the contract to extend the road to St. John. It is reported that the sub-contractors are willing to accept provincial bonds in part payment of their work. All that remains now is for the government to say the word and the work will go on. A meeting of the government will be held at St. John on Friday of this week when it is likely that the question will be settled.—Mail.

#### Death of Harvey Goodwin

On Sunday the death occurred of Harvey Goodwin, after more than a year's illness, and six weeks confinement to bed. He was 59 years of age and a native of Westmoreland county. For about 25 years he has resided in Hartland, and married a Miss Glass of Windsor. Besides the widow there are left six children: Robert, married and living in Millinocket, Frank, with the 64th Battalion at Amherst, who expects very soon to leave for the front under Col. Guy McLaughlan of Woodstock. Frank came home to attend the funeral and will stay about two weeks. Other children are Jennie, the wife of Henry Sharp, Alfred, Harold and Bessie, the last four residing in Hartland.

The funeral services were held at the Baptist church on Tuesday afternoon and were largely attended. Rev. Geo. Kincaid, his pastor being the officiating clergyman.

Mr. Goodwin was honest, upright, and well respected. He was a member of the United Baptist church and in politics he was a Conservative.

#### Beaufort Picnic

The congregation of the Church of England at Beaufort are to hold their annual picnic this year on the 21st inst, in the grove usually occupied for that purpose. These annual affairs are not money making schemes, but a general getting together of the people for a day of sport and sociability and they are looked forward to with much interest by the people for miles around. The ladies of Beaufort have a reputation as entertainers that will be lived up to on this occasion.

#### A Correction

An item appearing in the last issue of The Carleton Observer in effect that Emery Corey of Peel maltreated a horse on the village streets on Saturday evening July 3, is entirely erroneous so far as Mr. Corey is concerned. He was not in the village on the evening in question. This can be proven.

### MORGAN-VALLILLEE

The marriage took place last evening at six o'clock in St. Matthew's Anglican church, of Miss Bella Mae Vallillee, only daughter of George W. Vallillee, Esq., to Rev. W. Burton Morgan, B. A., B. D., second son of Mr. and Mrs. D. E. Morgan, Hartland, N. B. The ceremony was performed by Rev. G. S. Anderson, pastor of St. Matthew's, assisted by Rev. Archdeacon Mackay, rector of All Saints. The church was very effectively decorated with a profusion of daisies and palms, this work having been done by the members of the Girl's Auxiliary of the church.

The bride, who was accompanied to the chancel by her father, wore a gown of white charmeuse satin trimmed with Chantilly lace and seed pearls, and the court train was lined with pale pink chiffon. Her veil was of tulle arranged in mob cap effect, with a wreath of orange blossoms, and she carried a shower bouquet of Killarney roses and lilies of the valley. She was attended by her cousin, Miss Ethel Skene, Ottawa, as bridesmaid, wearing a gown of white voile with shadow lace and pink girdle, and a dainty hat of white tulle. She carried pink roses. Mr. Reginald B. Weagant was best man. The wedding marches were played by Mr. Wallace Payne and the choir sang "The Voice That Breathed O'er Eden."

The ushers were Mr. Walter LeSueur and Mr. Sydney Dawson. After the ceremony a reception was held at 300 Priel street. Many costly presents were received including a silver service from St. Matthew's congregation.

Rev. and Mrs. Morgan left later for Montreal, Quebec, the Saguenay river and Lower St. Lawrence, and intend to spend two weeks with the groom's parents at Hartland, N. B. On returning to Ottawa, August 1st, they will reside at the Alexandra.—Ottawa Journal.

Mr. and Mrs. Morgan arrived here Saturday and will remain the guests of Mr. Morgan's parents for about three weeks, after which they will return to their future home by another route than that travelled in coming to Hartland.

Monday evening there was an informal reception at the home of the groom's parents, during which the band serenaded the young couple and a pleasant evening was spent with refreshments, music and general social intercourse. The "second story" of the handsome bride's cake was broken by the bride and all present were made participants of the favor, after which the leader of the band proposed a dry toast to the bride, which was received with a standing acknowledgment, accompanied by a vocal medley. The groom in a pleasant speech, acknowledged the compliment and tendered the thanks of the bride for the honor done her.

Miss Dora Robinson who for more than two years has been the popular bookkeeper of the Fort Fairfield Light & Power Company, was visited by Rev. Mr. Archer, Mrs. Archer, and a number of her Sunday-school class of the Reformed Baptist church on Friday night, who presented to her a fine silk umbrella in token of their appreciation of her work as vice president of the class during some months past. Miss Robinson went to her home in Lower Brighton, Tuesday, leaving behind her in Fort Fairfield an enviable reputation as an agreeable, obliging and sensible young woman.—Fort Fairfield Review.

### SUCCESSFUL PICNIC AT BATH

Perhaps not in the history of the people of Bath has there been a better or more well conducted picnic than was held there Tuesday by the congregation of the Roman Catholic church of Johnville and Bath. Any objectionable features which have marked events of this kind were entirely absent on this occasion and those who were privileged to be present spent a day of unalloyed pleasure. There was a large crowd, the people coming from miles around, there were amusements of all sorts, and food!—say it causes the ordinary mind to wonder where it all came from and how the ladies could devote so much time to the preparation. The merry-go-round, as usual, did a land office business in boom times. Father Coughan was here, there and everywhere looking after the comfort and welfare of the guests of the congregation. The Hartland band was present and rendered a generous program of music which added to the delight of the occasion.

Besides the merry-go-round the dance pavilion was a great centre of attraction and the light fantastic was tripped to the music of violin and organ from early in the afternoon till late at night.

During the day many visited the handsome new church just nearing completion and expressed both surprise and pleasure at the beauty of its interior and the convenience for worship. Last Sunday an altar was improvised and service was held in the new edifice.

The net financial result of the picnic will be in the vicinity of \$800, which is considerably more than last year, and is very satisfactory to the congregation.

### FLORENCEVILLE

Hazel McCain, who has been teaching at Tracy Mills is spending her vacation at home.

Miss Lillian Shaw of Wicklow was in the village on Thursday.

Fifty or more wrote the Normal Entrance examination which was held in the Consolidated School building, Tuesday, Wednesday and Thursday of last week.

Miss Sarah Stephenson of Moncton, Maine, spent last week and part of this with relatives at Connell and Florenceville.

On Wednesday p.m. quite a severe hail storm struck the village, that with the heavy rain and wind storm of Friday did considerable damage to the gardens.

#### Knights Install Officers

On Tuesday evening, Brighton Lodge, Knights of Pythias, was honored with a visit from Col. Potter, Grand Chancellor for the domain of the maritime provinces. There was a large delegation from Moncton Lodge at Woodstock and a most enjoyable social evening was the result. Col. Potter was in his usual happy mood and gave the Brighton brothers some good advice and encouragement. As a result of his visit it is possible that a branch of Pythian Society will be formed in the village. stock deleg autos in the

## ANDOVER NEWS

J. E. Stewart was here from Plaster Rock for a day or two this week on a visit to his family. Mr. Stewart is engaged in the manufacture of land plaster on a large scale and is one of the really progressive men of the Tobique district.

Our popular grocer, W. A. Gillett, has removed his stock to more commodious premises about 150 yards up the street.

Andover lost two of its most estimable citizens in Mr. and Mrs. Reeves, who, after five years residence in this province, left with their little daughter for the country en route for South Africa, where Mr. Reeves formerly held a responsible position. While deeply regretting their departure we hope that they will find in that remote portion of the empire a measure of prosperity commensurate with their merit. May success be always theirs.

B. Beveridge was away for several days last week on a well earned holiday, on a visit to his brother, Robert K. Beveridge, of St. Elmo, and also to call upon a friend at Bluehill with whom he numbered 38 years ago. This gentleman is 72 years of age and keeps bachelor's quarters, but it is needless to say Mr. Beveridge fully enjoyed the visit, and the fund of reminiscences called forth by the reunion. Mr. Beveridge also took in a baseball match between the ladies of Plaster Rock and Wapske, who looked "real cute" in bloomers and ran the bases like veterans. Plaster Rock won by a narrow margin.

The Observer automobile passed through on Monday on a whirlwind advertising campaign, en route to Port Fairfield, and the spectacle of bewitching girls distributing sample copies of the papers, to houses along the way set many of our susceptible bachelors all apace, and many a manly heart went pit-a-pat. If a photo of the fair campaigners were given as a premium The Observer would get a tremendous boost in this neighborhood.

Jack Kelly left on Wednesday for Wapske after visiting here for some days.

Ira H. McNair arrived home from Boston on Saturday, after a three week's visit in the New England States, and left on Wednesday for Wapske.

The new barber shop recently opened next to H. W. Stevenson's by our townsman, Bert White, looks like a source of recreation to many of our citizens these wet days.

The fatal accident on Friday evening came near having a repetition the next evening, when a heavily loaded automobile, driven by a young girl, turned off the bridge. The girl lost control and the car swept at full speed within a foot of the bank, and a man in the seat beside the wheel in time to the car rolling off the escaping collision with a pole. All the party were scared and shaken, and hoped that it may be those so foolhardy inexperienced young a motor car in so lity.

## AROOSTOOK

Aroostook is one of two towns in the St. John valley that are showing remarkable building activity this summer—and the other is Hartland. A real estate boom is on, and the village is a veritable hive of industry. One thing that impressed The Observer man while here this week was the spirit of optimism that seemed to prevail everywhere, and the evident pride the citizens take in the growth of the place. He counted within the distance of a city block no less than eight new houses in course of erection, as well as the school building now approaching completion.

To begin with: Colin Drake is putting up a frame dwelling on the west side of the street, and, nearly opposite, our enterprising merchant and contractor, Edward Waugh, is erecting a commodious residence for Mrs. Thomas Craig of Perth.

W. P. Hopkins is preparing to build what will probably be one of the finest homes in Aroostook in the form of a bungalow 32x50. Mr. Hopkins is a recent arrival here, having come from Peel.

Thomas Ebbett is making good headway on his new house and expects to have it ready for occupancy at an early date.

The new public school, as designed, will be an ornament to the village. It will be a two-storey structure. The ground floor will contain two class rooms; the upper storey will be left in one long room, and serve as a public hall for concerts, meetings, etc. It has a commanding location on the hill, and will fill a long-felt want.

Mrs. Herbert True is visiting in Woodstock.

The stork called at the home of Mr. and Mrs. Charles Ralston on Sunday morning and presented them with a young son.

Miss Myrtle Grant returned home on Friday from St. John, where she has been visiting for the past month.

Miss Olive Dunn of Fort Fairfield returned home on Tuesday after a visit to Mrs. Chas. Gaines.

Miss Cassie Craig of Perth was here on Monday, the guest of Miss Dorothy Langley.

Mrs. Mathieson of the Scotch colony was the guest of Mrs. Thomas Hoyt this week.

Mr. and Mrs. George Fleming of Woodstock are here visiting Mrs. Jack Fleming.

The family of Mr. Guthrie, C. P. R. trackmaster, arrived here on Monday from Sault Ste. Marie for the summer.

A goodly number from here attended the picnic supper at Aroostook Falls on Tuesday night.

Victoria county's new paper, The Observer, has been well received here. After this week Aroostook will be ably represented in its columns by an interesting budget of live local news.

## GRAND FALLS NEWS

On Monday, June 28, Bishop Richardson confirmed six at St. John Baptist church, Edmundston, and on Sunday morning he confirmed six more at All Saints church, Grand Falls. In the afternoon the Bishop visited the mission of Clifford Vale and took service, and again in the evening at Grand Falls. After the Sunday evening service the Bishop met several of the church people and spent a pleasant hour at the Rectory, where he stayed as a guest of the rector, Rev. F. Brasell. His visit gives us fair promise of the start of the new church which is needed sadly. The present church will be moved alongside the new edifice to serve as a Parish hall.

Norman Giberson attended the ball game at Van Buren on Saturday.

Miss Mabel and Gladys White were in Limestone Monday.

James Day drove to Limestone Monday.

Joe McCormick and family of

Limestone were in town by team Tuesday.

Mrs. Carruthers is having her house papered and painted.

John Hudson Jr. and William Greenier who inlisted returned Wednesday as they did not come up to the standard required. John is only 15 years old so he will probably grow up to the measurements in another year if he should be needed then.

Mrs. Muriel Leslie is ill with heart trouble.

Dr. Puddington returned from Montreal Tuesday.

Mr. R. Wheeler of St. Stephen is in town.

Tom Corey of Caribou is moving into the A. J. Martin house. Arthur White was in Limestone Monday and Tuesday.

Mrs. H. W. Olmstead and family are spending a week with Mrs. Olmstead's mother, Mrs. Langen in South Tilley.

Geo. Leslie and Mrs. Leslie of Presque Isle are guests of Mrs. J. J. Evans.

Mrs. McDougall and little son of Waterville are visiting Miss Miss Rena Evans.

A splendid picnic was given on the town flat by the Boy Scouts Association. Exceptionally good work was done by the boys under the guidance of Scoutmaster W. R. Wright. They erected a bridge with a span of over 40 ft. in 27 minutes. About 14 of the boys had their photograph taken standing on the bridge. Then followed an exhibition of ambulance work under the direction of assistant Scoutmaster J. P. Crabtree and the use of the stretcher demonstrated when the squad received the call to an accident.

The patient was treated for a broken leg which was put in splints by the boys. The use of the triangular bandage was also shown. There was also a ball game between the Rexall team and Limestone, the latter losing by a score of 9 to 0. Other sports were also enjoyed. The total receipts amounted to \$105. Altogether it proved to be one of the best picnics held in town. Following are the sports participated in:

440 yard run—Mr. Johnson, 100 yard run—Mr. Johnson.

Shoe Race—Chas. West, 3 legged race—Rad Estey and Wilmot Murphy.

Wheelbarrow race—Charles West and Mr. Johnson.

Shot put—Fred Pirie, Pillay fight—Lawrence Watson.

Throwing hammer—Fred Pirie, 64 ft. 8 in.

Running broad jump—Johnson, 17 ft. 8 in.

High jump—Chas. West, 4 ft. 7 in.

Tug of War—W. R. Wright's team.

Obstacle race—1st, Clayton Britton, 2nd, Wilmot Murphy.

The annual school meeting was held on Monday forenoon in the school building. An unusually large number of the ratepayers attended. D. J. Collins was elected trustee in place of Jesse Estabrooks whose term of office had expired. The sum of \$6000 was assessed for school purposes during the coming school year; and it was decided, on account of the overcrowded condition of the different rooms

at present to open a new department next year in a rented building. A committee was appointed to report at the next annual school meeting as to the advisability, plans and probable cost of building. We have now seven teachers, and if the increased attendance in the schools during the past few years can be taken as an indication of the growth of the town, then our town is certainly growing.

The many friends of Senator Costigan, the veteran politician of Victoria were glad to see him in town the latter part of last week. Despite his exceedingly long and honorable political life, dating back to pre-confederation days, he is apparently yet well able to look after his important duties in the Senate for many years to come. Few men in public life in the Dominion can point to such a long and unbroken political career.

A delegation consisting of F. W. Hechler, Matthew Burgess, William Pirie and M. J. Powers, with other delegates from other parts of the county were in Fredericton last week attending the cabinet session of the provincial government. Their mission was to obtain a provincial guarantee of bonds to the extent of \$15,000 per mile for the extension of the Tobique Valley Railway from Plaster Rock to Riley Brook, a distance of 25 miles. It is said they were promised due consideration of their request.

The citizens of Grand Falls and vicinity await with impatience the completion of the St. John Valley Railway line to this town. If our two county members in the local Legislature had kept their pre-election pledge of resigning as a protest when their government did not proceed with the road as promised, the road would have long ago been completed. But alas! promises are so easily made and so soon forgotten by some. Will the line yet be built? Echo answers—when? Certainly not until a change of government.

The regular quarter-annual meeting of the town council was held in the council chamber at town building on Tuesday evening. His Worship the Mayor and the full Council were in attendance. A considerable amount of important business was dealt with.

Our town can boast of having one of the best and most up-to-date hotels in the province. The traveling public claim that the "Curless Hotel" under its present management, has no superior north of St. John.

The annual church picnic of the Catholic congregation will be held about the middle of August. Already preparations are well under way and the usual good time is assured.

Albyn Kelly, D. Paradis and E. West, three of our local young men, left for Sussex last week to join the 55th Battalion for overseas service. Others will follow soon.

Sheriff Tibbitts was here during the week in connection with the sale of a part of the Curless farm property in Enneshone.

During the present season an unusually large number of auto-tourists from Maine and elsewhere are including "the Falls" on their trip. Few other towns have such beautiful natural scenery as the Falls and vicinity to offer to tourists. We welcome all such visitors to our town.

Richard Wheeler, who has been spending some time on a visit with friends and relatives here, returned to his home in St. Stephen during the week. Upwards of twenty-five years ago Mr. Wheeler was principal of the schools here, and his many friends, among whom is a large number of former pupils, were glad to see him.

Report says one of our leading young merchants contemplates entering upon wedded bliss in the near future.

The heavy rains of last week raised the water in streams and the river was swollen to spring height. The local mills were compelled to close down for a brief period but that was practically the whole damage in this county. On the Nashwaak and Miramichi much greater damage was done.

Farmers desirous of improving their herd at a nominal cost, would do well to procure a high grade Holstein bull calf from F. W. Nixon, Lower Brighton, who has three on hand from splendid dams and sired by his pure-bred bull, C. Harry Ormsby Francy, No. 17207. They are all beauties and priced right for quick sales. Write or better come and see them.

The Red Cross of Carleton county held a sock day on Tuesday. The Hartland Society sent 40 pairs to Woodstock where the collection was made. The local society also acknowledged 2 pairs each from Mrs. A. W. Clark and Mrs. Oscar Thistle. One pair each from Mesdames Owen Clark, J. S. Faulkner, Allen Ward, Randolph Day, also from Mrs. Nora Shaw, East Brighton and Mrs. Jarvis Haywood, Ashland. The Red Cross boxes in the stores netted \$3.10 and P. Graham donated a check for \$10. In the last issue of The Observer the proceeds of tag day were wrongly stated, the correct figures being \$67.45.

## KIDNEY DISEASE WAS KILLING HIM

Until He Used "Fruit-a-tives" The Great Kidney Remedy

HAGERSVILLE, ONT., Aug. 26th, 1915.

"About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. Having seen 'Fruit-a-tives' advertised, I decided to try them. Their action was mild, and the result all that could be expected.

My Kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever."

Mr. and Mrs. E. M. Sipprell of St. John are visiting their brothers, W. H. and A. M. Sipprell, of the west side.

Maj. J. M. Slater, R. C. A. and Lt. G. Spalding of Halifax were here last week for the purpose of inspecting the armory.

Haying will be pretty general by the first of next week, although many have taken advantage of the fine weather of this week.

C. J. Coughlin and daughter Grace visited his old home at St. Stephen last week. They spent July 4 with friends at the Ledges.

A letter from Lt. B. N. Shaw, fighting for his country in France, came in last night, too late for this morning's issue. It will appear next week.

These dainty, filmy dresses of snow white are cool and cute looking in the day time, but in the shades of late evening are shockingly conspicuous.

Announcement is made of the engagement of Elva L. Steeves of Pettediac to Emerson C. Rice, B. A. of Wickham. Mr. Rice was for a time principal of Hartland school.

The plans and specifications for the new Church of England have been completed and contractors interested can see them at the rooms of the rector, Rev. N. Franchette.

The weather being favorable Friday night the band will play on their grounds on Bath's flat at 8 o'clock. No admission will be charged, but the games will be in operation for those who are interested.

FOR SALE: One Columbia Jewel Grafonola (\$45), one Eclipse Grafonola (\$32.50), one marvel graphophone (\$8.50), all new, also a lot of records. For terms apply to J. H. Barnett, of Hartland, N. B.

Rev. T. J. Wilkinson has resigned the pastorate of the Methodist church and on Tuesday departed for Halifax where he will remain indefinitely. He came here from Montreal last winter to take temporary charge of the circuit and when conference met in June he was returned here for the year. Mr. Wilkinson states as his reason for leaving that he was refused admission as a minister of the N. B. conference. He claims his credentials are good and he is going to Nova Scotia to take up work in a field where he has formerly preached. He showed the Observer a letter from Rev. R. Opie, president of the conference, who strongly urged him to remain on the circuit.

**Successful Rye-Raising**  
Rye has made a rapid growth this season. Two specimens of winter rye have been brought to the Observer, the longest, 6 feet 4 inches, being sent in by Randolph Rideout of Mt. Pleasant. This was planted last September and grew to 4 or 5 inches last fall. The roots stood the winter well and the green blades shot forth almost as soon as the snow was off. The seeds were sent out from the Department of Agriculture for experiment work and the grain will be cut while green and used for fodder.

Oubur Tracey also raised rye exceeding six feet.

**Extensive Canoe Trip**

Allison Taylor, Robert Randolph, Cecil Fitzgerald, of this

city and Lawrence Scovil, of St. John are to spend the next two weeks on an extensive canoeing trip on the St. John River. They will leave on Monday for Edmundston via the Gibson Branch, C.P.R., and are to have canoes shipped there. They will start from Edmundston and will make some side trips while en route to this city. They expect to cover about 250 or 300 miles during the trip. —Gleaner.

**Both Sons on Active Service**

Mr. and Mrs. H. S. Colwell, of Plaster Rock, have their only two sons on active service, one being at the front in Flanders and the other with the 28 Battery Field Artillery at Valcartier preparing to go to the firing line. The older son is Gunner Chas. H. Colwell, a graduate of the University of New Brunswick, who left here with 23rd and is now in France with an artillery unit. The younger son is Gunner Gerald Colwell, new at Valcartier with the 28th Battery. The father of the two boys is a well-known C. P. R. conductor.

**David Hipwell's Appeal**

Fredericton, N. B., July 12—"In New Brunswick fewer than four per cent of the 6,000 Orangemen have enlisted for service in this present war. It is a shame, a shame, my brethren," said Past Grand Master David Hipwell this afternoon to the gathering at the provincial Orange celebration of the 225th anniversary of the battle of the Boyne.

"I want to tell you," he continued, "that with our boasted freedom we lack something. In Germany and Austria every man serves his country on the battlefield."

"You may say that he has to, but he does. We say there is too much militarism, but there may be too much freedom. Militarism may down freedom if we are not careful."

"I have a boy behind the trenches in France. He is call-

## Laid at Rest

### Miss Johnson's Funeral the Largest Ever Held at Andover.

The funeral of Miss Geneva Johnson, the unfortunate victim of the automobile accident on Friday evening of last week, took place from the house of her father, Mr. Wm. Johnson, on Sunday afternoon, and the multitude of mourning friends who came from different points throughout the county was ample evidence of the deep affection and esteem in which the young lady was held by all with whom she came in contact in her all too brief career. It was without doubt the largest funeral ever held in this section, and it was remarkable how the news of the calamity spread in so short a time. Vast throngs visited the house of mourning throughout the morning and up to the time of the funeral obsequies, and the coffin was almost concealed from view in a mass of beautiful floral tributes, some of which came from a considerable distance. A solemn hush seemed to pervade the large throngs that gathered, and onlookers in discussing the cutting off of this beautiful young life spoke almost in a whisper and tears were observed in the eyes of many long unaccustomed to any display of emotion.

The obsequies were conducted by Rev. J. R. Hopkins, rector of Trinity Church, Andover, of which deceased was a constant attendant, and where only a few short months before, she, in company with her father, had received the apostolic rite of confirmation at the hands of the bishop of the diocese. Long before the funeral cortege reached the church, the sacred edifice was crowded to the doors. It is estimated that over four hundred people were in the church, while twice that number congregated in the churchyard within sound of the solemn litany of the Church of England, so soothing to the hearts of those who mourn. While the grief of the father, doubly bereft of wife and daughter within a few short months, and that of the other relatives, was most intense, this funeral lacked much of the gloom often associated with the visit of the death angel.

It seemed rather the triumphant entry of a bright young soul into a higher, nobler sphere, where the reward of a blameless life awaited her.

The casket was borne by her business associates in the Wade Drug Co., Dr. Lorenson Chapman, Harry and Arthur Wade, Gordon Merrell, W. E. Coombes, and Harry Malloy. At the church the rector delivered a most sympathetic address, in which he reviewed the sad circumstances of the taking off of one of the most promising young women in the congregation, and held forth to the mourners the divine consolation of a glorious resurrection in the Paradise of God, and the hope of an ultimate reunion when the scenes of earth have passed away. The entire congregation, at the conclusion of the service,

followed the remains to the cemetery, and stood with heads bowed to the hot sun, as the committal to the grave was made. Then with saddened hearts the large assemblage of mourning friends returned homewards, leaving on the newly made grave a bank of beautiful flowers.

The grief-stricken father, Wm. Johnson, has the heartfelt sympathy of the entire community, who will in a measure share his sorrow in the loss of one who had enjoyed the love and esteem of all with whom she had come in contact in a social or business way during her life amongst us. The continual prayer of all: "Peace to her ashes, and a long rest to her soul."

## PERTH

Mrs. G. B. Graham left on Tuesday for a month's visit to relatives in Fredericton.

Mrs. Margaret Graves of Groveton, N. H., who is visiting in this vicinity, spent last week with friends at Plaster Rock and Wapke, and this week with her nephew, Mr. Kelley of Aroostook Junction.

The condition of Patrick Hefernan, who was in the fatal automobile accident on Friday evening, is much improved. Although much shaken up, and suffering from shock, Mr. Hefernan is slowly recovering, and his friends hope to see him around in a few days.

The rains have put the roads in bad condition, particularly where loose earth has been thrown upon the roadbed by those performing statute labor. The road between Andover and Four Falls furnishes an example of the effect of this method of tinkering with the roads.

Reports are coming in of the damage done by lightning during the electrical storm on Wednesday evening. An electric bolt did considerable damage to the steeple of the Roman Catholic church at Plaster Rock, and also entirely consumed two barns belonging to Sylvanus Knowlton at Dow Flat on the Tobique River.

A matrimonial event in which many in this section will be interested took place at Upper Knoxford on Tuesday afternoon at the home of Mr. and Mrs. G. R. Bishop, when their daughter Florence became the bride of Freeman Longstaff, son of Mr. and Mrs. Frederick Longstaff of the same place. The ceremony was performed by Rev. J. R. Hopkins, rector of Trinity church, Andover, the young couple being unattended. Among the guests

from this vicinity were Mr. and Mrs. George Bishop, Mrs. A. E. Hitchcock, and the Misses Fannie and Edna Larlee.

Some excitement was caused last Friday, when inspector R. H. Stewart and Constable E. W. Sisson visited Wade's drug store and seized several barrels of liquid, which they claimed was liquor. Twelve barrels in all were removed, and several trips were made in removing the stuff, but it somewhat puzzled the sleuths to observe that Mr. Wade seemed to be enjoying some big-sized joke. The reason was not long forthcoming, when two embassadors of the law carted back the barrels, which were found to contain nothing more than what is known as citrus lemonade and pop. The inspector and his assistant have apologized and asked to be released from liability for damages, but it is understood Mr. Wade intends to begin proceedings against them.

## An Unwilling Guest

Perth had a somewhat unwilling guest on Thursday and part of Friday in the person of Rev. J. M. P. Scott, pastor of the St. John's Presbyterian church, Toronto. Mr. Scott and his family came about a week ago to spend their summer vacation with Mr. Fraser of Plaster Rock, and were at the latter's summer lodge at Nietan when a telegram was received by Mr. Fraser conveying the intelligence that on Wednesday a trolley car carrying a large number of Mr. Scott's congregation, who were enjoying a Sunday School picnic at Niagara Falls had fallen over an embankment at Queenstown, killing fifteen outright and injuring sixty. Mr. Fraser immediately started out in his automobile to convey the sad news to Mr. Scott, and endeavor to reach Perth in time for the latter to catch the C.P.R. 3:30 train. Although the roads were in deplorable condition, all went well until Arthurette was reached, when the automobile broke down, and by the time the party reached Perth the train had departed and Mr. Scott was reluctantly compelled to remain over until Friday afternoon, a guest at Dionne's hotel. Among those killed are Mrs. Scott's maid, and several leading members of his congregation. It will be remembered that Mr. Scott was some month's ago the victim of a would-be assassin, who shot him with a revolver on the street, and although two bullets entered his body he eventually recovered. Mrs. Scott and family will remain for another week.

## Fort Fairfield Notes

The Observer is indebted to the Fort Fairfield Review for these interesting items:

Mrs. D. H. Boyd has been visiting in Hartland.

Misses Bessie Cheney and Susie Hunt arrived home Monday from a week in Hartland.

Mrs. O. R. Merritt and children returned home early this week from their visit in Bath and vicinity.

Mr. and Mrs. William Amies returned home last week from a visit of a week or so with friends and relatives in New Brunswick, including their daughter Mrs. Myrtle Anderson Dickinson of Hartland.

Miss Gertrude E. Baker, daughter of Rev. S. A. Baker of Fredericton, editor of The King's Highway and formerly Reformed Baptist pastor in Fort Fairfield, was one of 75 nurses who sailed from New York June 22 as a unit sent out by Harvard University to form a staff in a base hospital for the British. Miss Baker was born in Caribou.

The Oliver Kiding Cultivator stands in a class by itself, by reason of the fact that it is built right, with larger range of adjustments so it can be adapted to do good work under all conditions in the potato field. Oliver quality has a name the world over.

In Aroostook County alone sixty-five per cent. of the Potato Cultivators used are Oliver's. The feature of the Oliver Cultivator that appeals to all farmers who have used it or have seen it at work is the excellent work that this implement does. By an ingenious arrangement the gangs are held parallel, and therefore always cut a uniform distance apart, no matter how far they may be shifted to the right or to the left. On the Oliver Cultivator neither of the gangs leaves an uncultivated strip between the shovels, nor does one gang cut a narrower width than the other when the cultivator is shifted to the side.
