GERMANS FALL BACK ON WEST FRONT

NO STALEMATE ON WEST FRONT, GERMAN LINE WILL BE BROKEN PERSHING INFORMS AMERICANS

Declares Germany Is Permanently on the Defensive—Scores Pacifist Propaganda in the States.

American Training Camp in France, Oct. 6—(By Associated Press, Delayed).—The cause of the Entente Allies will be carried to a successful issue over Germany, Gen. Pershing, commander-in-chief of the United States forces in France, declared today. His statement was in answer to reports that war in the western front will result in a stalemate.

Newspapers recently arrived in France telling of efforts in certain quarters to spread the idea that the western front can never be broken or the Germans driven out of France has aroused not only Gen. Pershing, but the entire American army. Further resentment has been caused by the information that these reports have been taken up by German newspapers in an attempt to belittle the United States' effort in the war.

Scores Pacifists.

"German propaganda working in America through the agency of our pacifists would spread the idea among our people in order to weaken our initiative," said Gen. Pershing. "Having lost its tactical advantage in the Ypres salient, which it enjoyed for more than two years, the German army continues to yield ground before the hammering British assaults. Everywhere on the western front, despite the large number of German troops, which the Russian situation has released, Germany is on the defensive and the Allies are on the offensive.

"America has the resources in men and material, once they are prepared, to add the weight which must force a military decision against Germany. Our troops are imbued with a spirit of aggressiveness, a spirit that means we are going to win this war and that we have no idea of allowing ourselves to be influenced by pacifists or enemy propaganda. Neither have we any false notions that victory is going to be an easy matter. But that only makes our determination stronger.

"Every man, from top to bottom has entered this war imbued with the fighting spirit, which means that the cause of the Allies will be carried to a successful issue."

12 BOARDS NOW AUTHORIZED FOR DISTRICT NO. 1

Three Additional Named Today for Examination Under New Service Act.

WINDSOR WILL HAVE TWO

Galt and Kitchener To Have One To Serve Both Cities Under Arrangement.

Medical boards which are to examine drafted men in this district are named in camp orders today. All previous arrangements are cancelled.

There will be twelve boards in the district to handle the 1,500 men who will be called up in the first draft under the military service act. Formerly there were only nine boards. Under the first arrangement there was only one board at Windsor, but the appointment of another there is authorized. Boards named today for Galt, Kitchener and Woodstock bring the total to twelve.

In London Capt. J. R. Le Touzell will retain his position as president of No. 1 board, and Capt. J. A. McEwen will remain here. A new member will be Capt. J. D. McDonald. Capt. N. J. Amyot will be president of the No. 2 board, succeeding Capt. F. H. Sutherland, who becomes a member of the board at Stratford. Lieut. G. F. Sykes will remain a member of the board here. Lieut. F. W. Hall will be the second member, succeeding Dr. J. Ferguson.

Two Windsor Boards.

At Windsor, Capt. W. F. Gallow will be president of the board, and Capt. W. V. Kent and Lieut. G. M. Flock members. No. 2 board in that city will have Capt. F. Walsh as president, Dr. Ross and Dr. S. Bisson as members. Stratford will have but one board with Capt. T. J. McNally as president. Capt. F. H. Sutherland and Dr. D. C. McFarlane will be the members.

Capt. A. E. Whitmore will be president of the board at Guelph, with Capt. J. R. Forster and Lieut. E. C. Barnes as members. Major G. R. Cruikshank will preside over the board at Sarnia. The members will be Capt. G. N. Urie and Dr. J. Cassidy.

Major H. A. Kingsmill, who was medical officer here for two years, will remain as president of the board at Harriston. Capt. J. B. Jupp and Dr. G. M. Brodie will be the other members of the board there. At Chatham, Major W. A. Burgess will be president, and Lieut. D. C. Wilson and Lieut. W. Gemmil members.

Board for Two Cities.

One board will examine drafted men from Galt and Kitchener. Capt. S. M. McLay will be president, with Lieut. D. J. Sinclair and Dr. Arkell as members. Capt. C. E. McMehan will be president of a board at Woodstock. Capt. W. J. Beasley and Lieut. W. S. Downham members.

BOILERMAKERS STRIKE.

Vancouver, B. C., Oct. 6.—All the boilermakers in Vancouver went on strike yesterday. At strike headquarters it is stated that at least 1,000 men have laid down their tools within the last few days. Both sides to the wage controversy are marking time.

NO DRILLING

Ottawa, Oct. 6.—A proclamation will be published today prohibiting "assemblies without lawful authority of persons for the purpose of training or drilling themselves or of being trained or drilled to the use of arms or for the purpose of military exercises, movements or evolutions."

EIGHT RAIDS ARE MADE ON PRO-GERMAN GANG AT CINCINNATI, OHIO; DOCUMENTS SEIZED

Meeting of People's Councils Invaded by U. S. Secret Service and Papers Taken.

Cincinnati, Oct. 6.—Eight places in Cincinnati were raided by U. S. Secret Service last night, and a large amount of documents and papers alleged to be pro-German propaganda was seized for inspection by the authorities. Only one arrest was made, that of a young man named Jos. Parmorlen, said to be an agent for several seditious papers which have been barred from the United States mails. Parmorlen told the officers he was a Rumanian, and that he lived in New York City.

The most sensational raid was on a meeting of the People's Council in Oddfellows' Temple, which was attended by 55 persons, including Col. Schott, an attorney. The names and addresses of those present were taken before they were allowed to leave the room. After they had departed papers said to belong to Rev. Herbert Bigelow, a member of the People's Council, and other documents were taken and carried to the U. S. district attorney's office.

Private residences of German sympathizers also were raided and papers seized by the officers.

DAILY DESERTIONS FROM BULGAR ARMY

2,400 of Ferdinand's Men Per Month Throwing Down Their Arms.

Washington, Oct. 6.—Dr. Voivslav Myovanovitch, a Serbian man of letters, who has come to Washington to serve as a representative of the official Serbian press bureau, in an interview here today, asserted that from 60 to 80 Bulgarian deserters are surrendering every day to the Entente Allied army on the Salonika front.

"This means," he said, "that between 1,800 and 2,400 Bulgarian soldiers a month are throwing down their guns. The Bulgarian peasant soldiers are beginning at last to realize for whom they have been made to fight."

BOLO PASHA PROBE WILL BE CONDUCTED SECRETLY

Paris, Oct. 6.—An order has been issued that the legal investigation into the Bolo Pasha case must be conducted with the utmost secrecy, and that nothing shall be published about the inquiry except the official communications which will be transmitted to the newspapers. The communication says:

"Capt. Bouchardon of the Paris military court this morning interrogated Mme. Lafarge, who was mentioned in a Berne, Switzerland, report and who put Bolo Pasha in touch with the exhedive of Egypt or his entourage."

Mme. Lafarge is a former singer, who introduced Bolo Pasha to Youssof Sadik Pasha.

THE WEATHER

LOCAL TEMPERATURES.

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 59; lowest, 39.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 40; lowest, 33.

TOMORROW—SHOWERS.

Toronto, Oct. 6—8 a.m.

Forecasts.

Today—Fair and cool; local frosts tonight.

Sunday—Increasing southerly winds; unsettled, with some showers.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	60	44	Cloudy
Calgary	70	34	Cloudy
Winnipeg	42	42	Cloudy
Port Arthur	44	30	Cloudy
Parry Sound	44	30	Clear
Port Stanley	58	32	Cloudy
Buffalo	56	40	Cloudy
Toronto	59	38	Cloudy
Kingston	54	38	Cloudy
Ottawa	44	36	Rain
Montreal	42	38	Cloudy
Quebec	44	38	Rain
Father Point	44	36	Rain

Weather Notes.

The depression which covered the Lower Lakes yesterday morning is now over the Bay of Fundy, and another one which has traveled with great rapidity is situated in Manitoba.

Rain has been general from Ontario to the Maritime Provinces, and a few light scattered showers are reported from the West.

ENEMY PULLS BACK LINES IN FLANDERS

Defences Exposed by British Drive.

British Front in France and Belgium, Oct. 6.—At some places in the new line established by the British attack in Flanders, the Germans were reported today to be in such exposed positions that they had pulled back their defences a short distance. British patrols found the forward shell-hole defences in one section abandoned.

FELLOW DOCTORS MOURN DEATH OF DR. F. P. DRAKE

Voice Unstinted Praise of Surgeon Whose Sudden Passing Causes Shock.

DISLIKED ALL PUBLICITY

This Was Reason He Turned Down Conservative Nominations Again and Again.

Several local physicians, associated in practice for years with the late Dr. F. P. Drake, whose sudden death occurred today, paid warm tribute to him.

Dr. W. J. Stevenson, probably his most intimate friend, who was with him last evening at 11 o'clock, was dazed by the suddenness of the blow.

"I haven't realized it," he said, "though I heard the news at daylight. We have been friends for 20 years, and in the last five or six years this bond has been continually growing stronger. We loved one another as brothers, and were constantly together. For years we have made trips together, one year to California and the Panama Exposition; another year in Central America. Last winter we spent on the Gulf of Mexico. Last evening we were planning about our trip for the coming winter, and in the meantime had arranged to motor up to Petrolea on Sunday to see Mrs. Drake and the baby. The last thing he said to me was to be sure and be on hand for Sunday, and I replied that I would cancel everything else, but would not see him again until time to start. He seemed in excellent health.

"I knew that his attack of pneumonia last winter had affected his heart at the time, and that he suffered with his heart somewhat when we were up at the Grand Canyon in Colorado some years ago. After that, he slowed up in order to save himself from overexertion and dropped night practice almost entirely.

Benevolent to Unusual Degree.

"But this summer, he was so much better. He started playing golf early in the morning out at the Hunt Club, and improved wonderfully with the exercise. He was thoroughly enjoying life. He loved the outdoors, and it was a joy to him to be outside as much as possible. He loved his friends and he loved animals. He was a man who, from his diffidence, was misunderstood by many people. He was affectionate, sympathetic and benevolent to an unusual degree, and for this reason, inspired the confidence and won the friendship of his patients.

"I never knew a man who was always thinking of others and what he could do for them as he did. Notwithstanding his diffidence, he was very popular among those who knew him. He disliked publicity in any shape or form, and this was largely the reason he turned down the Conservative nomination again and again. He was a wonderfully good physician, and keen on diagnosis. He was the most broad-minded of men."

Strong Personality.

"I was amazed when I heard of the death of Dr. Drake this morning," said Dr. H. A. McCallum. "We started practising in London about the same time, and I have known him well. He was a man who had a great number of friends, possessed of a strong personality, he was a first-class general practitioner, and was endowed with huge commonsense. I had a consultation with him only the day before yesterday, and he appeared to be in the best of health and spirits."

"The death of Dr. Drake has been a great shock to me," said Dr. E. E. Meek, who commented: "He was a most skilful physician, and will be much missed by his fellow-physicians. His geniality made him most popular with all who knew him, and he had many warm friends."

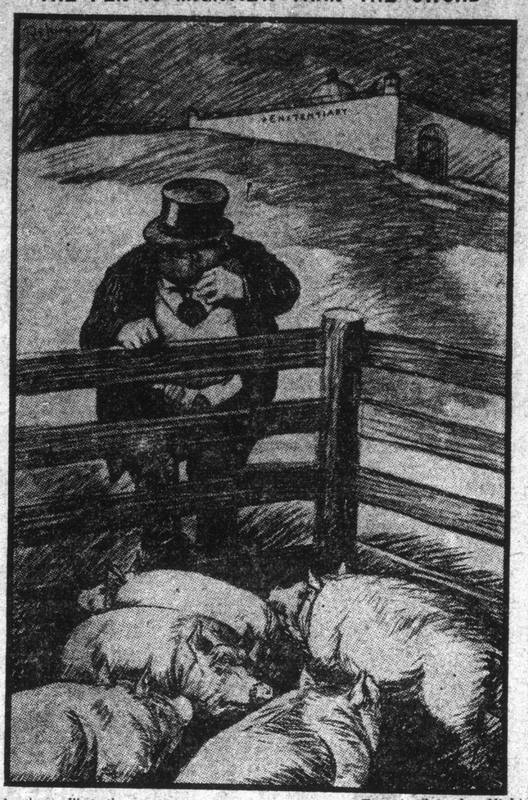

Patients Personal Friends.

Dr. C. S. Moore, former partner of Dr. Drake, who was called to attend him when he was stricken through the night, had this to say: "His patients were his personal friends, and that is about the best thing anyone can say of a doctor. He was a very prominent man and yet he hated publicity. His tendency was to keep himself in the background. He was a very skillful physician. Apparently he was enjoying good health and had made no complaint."

FRENCH DRIVE HUNS FROM SLIGHT GAIN

Paris, Oct. 6.—The Germans made an attack last night on the Verdun front, near Hill 344. They gained a footing in the trench positions at some points, the war office reports, but later were driven back.

THE PEN IS MIGHTIER THAN THE SWORD

Advertiser Illustrations — Toronto Saturday Night.

CRATERS FILLED WITH FOE DEAD; THOUSAND DEAD BOCHES ALONG FRONT WHERE ANZACS ATTACKED

British Front in France and Belgium, Oct. 6.—By the Associated Press.—The Germans suffered severely in the British attack Thursday, and a trip along the battlefront east and northeast of Ypres showed hundreds of bodies of German soldiers among the debris. At many places shell craters were filled with dead. Here and there were wounded, sometimes under a pile of corpses, which the British stretcher-bearers had not been able to reach.

A Thousand Bodies.

Along one section of the Australian front a thousand bodies were counted. A little further south there was another lot of 700. Some of these had been prisoners who were making their way back within the British lines when they were caught in their own barrage and killed. One officer of the Prussian Guards, who was captured near Polygon Wood, said that British shell-fire did terrible havoc among his men.

A Lucky Airman.

A British airplane with an Australian as its pilot had a remarkable experience yesterday. The pilot and observer kept at work despite the clouds and the rain. The Germans fired many shells at the plane, but it continued in action. When the pilot was finally forced to volplane down behind his own lines, it was found that his machine had been struck so often that it was of no further use. Neither the pilot nor the observer was injured. Today the pilot asked that he be allowed to go up again. His superior officer, however, thought that he had had enough excitement for the timebeing and refused permission.

LAFOLLETTE DEFENDING HIMSELF BEFORE SENATE OVER PRO-HUN CHARGES

Washington, Oct. 6.—Chief interest in the closing hours of Congress wor session centred today in Senate discussion of disloyalty charges against Senator Robert M. LaFollette. The Wisconsin senator had prepared a lengthy speech in defence of his public utterances and in reply to criticisms.

In his speech LaFollette asserted that the "war party," besides carrying on a campaign of "libellous character" against members of Congress who voted against the war, was attempting to suppress discussion of war issues and intimidate the people themselves by invading their homes and unlawfully throwing them into jail. He quoted at length from Mexican war speeches of Lincoln, Clay, Webster and Summer in support of his defence of the right of a member of Congress to assail the policy of the Government, and dwelt at length upon the constitutional duty of Congress, rather than the president, to proclaim the nation's purposes in taking up arms.

FOSTER BLAMES QUEBEC FOR TALK OF DISUNION

Montreal, Oct. 6.—Sir George Foster, who last night addressed the Provincial Association of Teachers in the high school here on "Preparation for Citizenship," stated that Canada is now united as never before, by reason of the fact that soldiers from every part of the Dominion have enlisted and are training and fighting together.

"If only this old Province of Quebec," said Sir George, "had sent out 100,000 French-speaking men to train and march and fight and die with the rest of these Canadian People—if they only had, there would have been no necessity of talking about possible disunion by races and creeds in this country."

OFFICER MAY BE BLIND.

Regina, Oct. 6.—Word from the front is to the effect that Lieut.-Col. Perrett may be afflicted with total blindness as the result of shell wounds recently received. He went overseas in command of the 68th Battalion, and at the time of enlistment was principal of the Normal School.

B. C. MINE AFIRE.

Nanaimo, B. C., Oct. 6.—A serious fire broke out yesterday in the Jingle Pot mine, of the British Columbia Coal Mining Company, located two miles from this city, which has necessitated the mine being sealed in an attempt to extinguish the flames by suffocation. This means that the property will be closed for at least two months, throwing 300 men out of employment.

WESTERN GRAIN TRADE WANTS ASSURANCE THAT PRICES SET WILL STICK

Winnipeg, Man., Oct. 6.—After a number of sessions of the grain trade, the following telegram was dispatched yesterday to Sir George Foster, minister of trade and commerce:

"At a meeting of grain dealers of Western Canada, held yesterday it was resolved that unless some definite assurance can be given that the wheat they have purchased, and will purchase, in the country, can be disposed of at the prices fixed by the board of grain supervisors, they will be obliged to discontinue the buying of wheat not later than Saturday, October 6. Some dealers have already stopped buying."

COMMISSIONER OF COSTS SAYS STEPS ARE TAKEN TO INDICT DAVIES MAN

Ottawa, Oct. 6.—W. F. O'Connor, Dominion cost of living commissioner, this morning repeated his statement that steps are being taken to indict C. Fox, manager of the William Davies Company, Toronto, for failure to furnish information required by the Government. When Mr. O'Connor's attention was called to the denial by Premier Hearst of Ontario, that permission to indict Mr. Fox had been granted, he explained that he had applied for permission to indict Mr. Fox and that he had been given to understand that the request would be granted as soon as he had sent certain documents to Toronto. The documents asked for by the Ontario Government were being furnished, he added.

COUNTESS ROSSLYN DEAD

New York, Oct. 6.—A. N. Robinson, formerly Countess of Rosslyn, died yesterday in the Manhattan State Hospital on Ward's Island. She came to this country from England two years ago, after she had lost the remains of her once large fortune as the result of the war and lived here in comparative poverty until she was taken to the psychopathic ward of Bellevue Hospital and from there to the institution on Ward's Island.

Born in Minneapolis in 1871, she went on the stage in an ingenue part in "Shenandoah," and soon became famed for her beauty. She appeared later in other popular productions.

Miss Robinson was married to the Earl of Rosslyn in 1895 and divorced him about two years later. In 1900 she was reported engaged to the Duke of Manchester, and two years later there were rumors that she was to wed a South African millionaire. When she lived in Paris she was noted for her wonderful gowns and jewels. A collar of pearls which she then owned was said to be worth $200,000.

PERU LIKELY TO CUT RELATIONS WITH THE HUNS OVER SUB'S ACT

Germany Has Not Given Satisfaction For Sinking of Ship.

Lima, Peru, Oct. 6.—It was affirmed today that Dr. Perl, the German minister to Peru, would be handed his passports. It was stated that after turning the German legation over to the Spanish minister Dr. Perl would proceed to Chile.

The decision reached last night by the Peruvian Congress to sever diplomatic relations between Peru and Germany came after a sensational debate. Members of the diplomatic corps and their families and a large crowd were present when the vote, which stood 105 to 6, was taken.

Lima, Peru, Oct. 5 (delayed).—The Peruvian Government probably will soon break off diplomatic relations with Germany. The first step was taken today, when the Congress decided in favor of such a course.

The Peruvian Government on September 26 instructed its minister at Berlin to present to the German Government a demand that satisfaction be given within eight days for the sinking of the Peruvian bark Lorton. It was added that if the demand was not met diplomatic relations would be broken.

The Lorton was sunk inside Spanish territorial waters last February by a German submarine. Declaring that the sinking of the vessel was unjustifiable, Peru insisted that Germany should pay an indemnity. The German Government offered to submit the case to a prize court.

A dispatch from Lima on October 4 said the Peruvian Government had discovered that Von Der Heyde, the minister to Germany, had not delivered to the German foreign office the ultimatum demanding satisfaction within eight days for the sinking of the Lorton. The minister was reprimanded by his Government, and was ordered to make the presentation immediately.

THE WAR SITUATION

Continuing effects are observable of the hard blow struck by the British at the Germans' lines in Flanders on Thursday. At some points the Germans have been compelled to retire still further than they were carried by the drive of the British. The positions they occupied were found too greatly exposed to the rain of fire which the British artillery has been pouring upon them.

Craters Abandoned.

British patrols discovered this condition of things when they were sent forward to reconnoitre. All along one sector the forward shell-hole defences were found to be abandoned. The British are firmly holding their new line. By last night they were dug in all along the vanced front and ready for any further counter-attacks the Germans might launch.

Another Bump for Prince.

On the French front north of Verdun the crown prince is continuing his persistent effort to win back lost territory from Gen. Petain's troops. An attack north of Hill 344 last night resulted in the Germans gaining a footing in the advanced French line, from which they were shortly afterwards driven and the line completely re-established.

You Will Like Luke

Did you ever hear of Luke McLuke?

He is a funny man.

He is known as the "Shakespeare of Humor."

His "Bits of Byplay" is known everywhere as the drollest and freshest column of humor written in America.

His contributions are written for the Cincinnati Enquirer, but it will be found that he sees life for Ohio folk as it is also in Ontario.

He isn't fond of shams and hypocrites, and he believes in wholesome things. His quips are keen and his poems are quoted everywhere. Thousands of readers look for his column daily in the leading papers of the United States.

The Advertiser is going to run Luke McLuke, starting on Monday. It will be found on the editorial page each day. The Advertiser feels that all its readers will like Luke.

SIX BATTALIONS KILLED OR TAKEN IN HAIG'S DRIVE; 2 BLOWN TO BITS

German Losses By Capture of Poelcapelle Particularly Heavy—Large Force Destroyed By British Guns Before Could Get Into Action—Berlin Press Muzzled As To Battle Result.

London, Oct. 6.—By Reuter's Quebec Agency.—Reports from British headquarters in France show that in the British attack on Poelcapelle the Germans sustained particularly heavy losses. Six battalions on the front line were either all killed or taken prisoner. Two battalions, seen coming down the road presumably as reinforcements, were blown to pieces by the British artillery before they could get into action.

From one blockhouse an Australian officer single-handed brought forth thirty-one prisoners. The New Zealanders fought magnificently, and moved their guns around with all the ease of a military tournament

During the day German airmen flew down over the British infantry, and at least one was brought down.

A young Newfoundland officer had an extraordinary escape from death. A shell burst almost at his feet and killed two orderlies beside him. When he recovered consciousness, he found that the puttees had been stripped clean off, but that he was uninjured.

Some Australians yesterday evening counted a thousand German corpses on a front of a little more than a thousand yards.

The Anzacs claim the new advance established a record as far as ease in taking prisoners is concerned. In one shell hole seven Teuton officers were found hiding, and they surrendered without a murmur. They included a battalion commander.

BOMB AND RAM OF DESTROYERS FINISHING SUBS

British and United States Craft Hot After the Pirates.

London, Oct. 6.—The admiralty records just published, show that recently honors do not rest only with fliers of the navy. They relate how a division of destroyers, patrolling in the North Sea, sighted a submarine, and dashed forward at full speed. The war vessels crossed over the submarine just as it dived, and dropped explosives on the spot. A large, dark object came to the surface, and then promptly sank, and wreckage and oil at once appeared.

In another incident, several destroyers while accompanying light cruisers, sighted a small sail on the horizon which turned out to be a submarine. One destroyer altered its course toward the submersible, which dived but soon raised its periscope and then again dived within ten seconds. The destroyer went at full speed for the spot. The submarine's bows suddenly broke the surface a half mile away, showing the conning tower and a large vertical rudder. The war vessels then rammed the underseas boat while going at a speed of trhity knots. The enemy craft sank vertically, bubbling like a gigantic empty bottle, in more than a hundred fathoms of water.

AMERICAN DESTROYER SINKS A GERMAN SUB.

Washington, Oct. 6.—Destruction of an enemy submarine by an American torpedoboat destroyer in European waters has been reported to the navy department, which will announce the details later today.

The following account of the engagement was prepared from the complete report received by the navy department:

"The American destroyer first sighted the submarine in the early morning of a clear day. The sea was entirely calm, with hardly a ripple of foam. The submarine was running submerged, with only her periscope showing. A large number of merchant ships were in sight. The U-boat was less than a mile off the port beam of the destroyer and following a parallel course in opposite direction when the periscope was discovered. It was throwing up a column of water several feet in height, so like a nearly-spent torpedo, that the officer on the deck thought for a moment that this was what it was.

Heads for Pirate.

"The next instant the destroyer changed course sharply to the left and headed for the U-boat at full speed. At the same time the forward guns opened fire on the periscope. The commanding officer ordered a course steered that would bring the destroyer across the wake of the U-boat a little to the rear of the periscope.

"As the destroyer dashed across the line of the bubbles a depth charge was dropped and a column of clear water shot 30 feet into the air. The destroyer turned to the right, swiftly circling and her starboard guns opened on the periscope as he came around to cross the U-boat's wake again. Again a column of clear water showed that the depth charge had not reached its mark.

All Guns Used.

"Another quick turn to the right brought the starboard guns to bear, but this time the destroyer turned so sharply that she was able to come down for the third attack in the wake of the U-boat. The third torpedo charge brought up a column of clear water as the destroyer wheeled once more, this time to the left and all the port guns opened up, but without visible result.

"The last time the destroyer came down to the attack exactly in the wake of the U-boat and ceased firing. As she neared the end of the line of bubbles the fourth depth charge was let go and there followed a widespread boiling of the surface of the sea, large bubbles, and at last a heavy film of oil.

"The destroyer spent some time looking for further traces of the U-boat, but none was found. She then proceeded on her course. The engagement lasted twenty-two minutes."

GERMANS CALL BRITISH FIRE "HURRICANE FIRE."

Copenhagen, Oct. 6.—The German general staff has been forced to invent a new term—"hurricane fire"—for the terrific and continuous bombardment with which the latest battle in Flanders was inaugurated. The day when the term "drumfire" represented the culmination of activity by the artillery has long passed. The army authorities, in the face of their own assurances that the submarine campaign was interfering with the British supplies of munitions, introduced the term "whirlwind fire" to describe a greater degree of intensity, and now have gone to the West Indian tempest for a simile in describing the awful might of Wednesday's and Thursday's tempest of fire.

Berlin Papers Muzzled.

The Berlin papers have not printed the official British reports of the battle, undoubtedly having responded to the same pressure which kept the news of the Turkish disaster at Ramadie out of the German papers for three days. The official report of the British commander in Mesopotamia, General Maude, was not printed in the German papers until today and was accompanied by a semi-official statement citing the Turks as authority for the assertion that the British report was greatly exaggerated.

Can't Hit Back.

The reason why the Germans are slow in launching the counter-attacks called for by Field Marshal von Hindenburg's methods in effort to regain the heights lost in the Ypres sector on Thursday may be found in a description by Lieutenant-General von Ardenne, military expert of the Tageblatt of Berlin, of the curtain of fire through which the German storming troops had to pass in the battle of September 26. This, a participant compared to a waterfall. It could be penetrated only by watching falling shells and springing forward in short dashes, each man for himself, shortly after a shell burst, chancing the liability that another would drop in the same place. All who fell had to be left lying on the ground.

NEW OTTAWA GUESSES OVER UNION CABINET

Pitblado and Magill Now Mentioned as Likely To Enter.

Ottawa, Oct. 6.—Hon. J. A. Calder has gone to Montreal, but is expected to be back in time to meet the other western premiers and Cabinet ministers when they arrive in the capital. In Government circles this morning there seemed to be an inclination to doubt the entry into the Cabinet of Mr. Sifton or Mr. Calder. Premier Brewster of British Columbia, Isaac Pitblado of Winnipeg and Dr. Magill, head of the board of supervisors, are being mentioned as possible new ministers. Dr. Clark of Red Deer seems likely to be offered Cabinet rank without portfolio.

B.Y.P.U. MEMBERS TO GO VIA MOTORS TO FOREST CONVENTION

Twenty Cars Will Convey London Delegation Monday.

Ten or twelve automobiles have been promised and and twenty will be required to convey the representatives of the Baptist Young People's Unions of the city to the annual convention of Lambton and Middlesex Union to be held on Thanksgiving Day in Forest. The first session opens at 2:45 o'clock and a start will be made from Talbot street church at 12 o'clock, and the trip made by way of Poplar Hill and Arkona. Preparations are being made on an extensive scale by the Baptist Community of Forest for the entertainment of the delegates who will include a large number from all parts of the two counties outside this city. Supper will be served at the church between the two sessions.

The names of two newspaper men appear on the program: John Kedwell, editor of the Alisa Craig paper, and and William Dowling, editor of the Petrolea Topic. The chief speakers in the evening will Rev. L. Brown of Brantford whose subject is "Making the Miracle Possible Today," and Thomas Wearing of Woodstock, who will speak on "Drifting and Driving." Rev. Joseph Yule of Petrolea and Rev. A. J. Loveday of Inwood are also taking part.

A debate between representatives of the Wortley Road Baptist B.Y.P.U., this city, and Ailsa Craig young people, is to be an afternoon feature. Rev. H. H. Bingham of Talbot Street Church is giving the opening address and Miss Georgina Newbury of the London Conservatory of Music, a reading. Rev. A. C. Bingham of Egerton Street Baptist Church is president of the Lanmbton and Middlesex Union.

SOCIETY ACKNOWLEDGES GENEROUS DONATIONS TO CHILDREN'S AID SHELTER

Friends Have Helped in Many Ways to Assist This Work.

The Children's Aid Society acknowledges many seasonable gifts received during the month of September. A share in the first fruits from many gardens has been brought by donors, who wished to be nameless. Main & Collyer have regularly contributed quantities of cabbage, cucumbers, onions, celery, etc.; donations of choice vegetables of almost every kind, from potatoes to peppers, were given by the McClary Welfare Association; St. James Anglican Church and the Woman's Gardening Association; bread, butter, meat, sandwiches and cake by many picnic parties and societies, among these St. Paul's S. S., Askin Street and Centennial Methodist churches and the Teachers' Guild. Mrs. A. McGarvey, always a generous benefactress, gave peaches and sugar. Numerous parcels of good clothing have been received and others await collection. W. J. Dalgleish has many times sent ripe fruit, bananas and tomatoes. Two large boat swings ready to be hung up are the gift of Mr. Fenwick, and a quantity of good toys were given by Dean Davis.

Pleasure and entertainment were afforded the older children and staff by the Western Fair Board and the Great War Veterans' Association. The latter admitted 20 to enjoy a violin recital by Isolde Menges.

The society is also the recipient of an elaborate swing called the "Giant Stride," from Mr. J. A. Hunt.

To all those who so generously subscribed to the 365 Club last year (one day's maintenance) for the upkeep of the Shelter, the board of management expresses the hope that they will again send in their donation to Secretary Joseph Sanders, city hall

FIRM SENDS CHECK TO FIREMEN'S BENEFIT FUND

Greene-Swift Company Expresses Gratitude for Efficient Services.

Work of the fire department has again brought financial recognition to the firemen's benefit fund. Fire Chief John Aitken has received the following letter from Green-Swift & Co., which is self explanatory:

J. Aitken, Fire Chief, City.

Dear, Sir.—We herewith inclose our check for $25 for the "Firemen's Benefit Fund," as a slight recognition of the very prompt and efficient service rendered by your men on Tuesday night last. Good work, considering the intensity of the fire, practically confining it to the shipping room. A lot of damage might have been done by water, but your men were wise and careful.

We think that the citizens have reason to be proud of their chief and staff. We wish you equal success in the future. Yours very truly,

ROBT. GREENE.

Greene-Swift.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure rich blood, perfects the digestion, and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on having Hood's, for nothing else acts like it. There is no real substitute. Get it today. Sold by all druggists.

MAJOR T. ELLIOTT OF PARKHILL IS KILLED IN ACTION

Went Overseas as Senior Major of 135th Battalion.

Major T. N. Elliott of Parkhill, who went overseas as second in command of the 135th Middlesex Battalion, has been killed in action. Official word came to relatives Friday afternoon. He was one of the best-known and most popular officers in this district, and before the war started was adjutant of the 26th Middlesex Light Infantry. He was one of the most highly esteemed farmers around Parkhill, and had built himself a fine house in Parkhill, and moved there only a short time before the call came. He joined the 70th Battalion here as a captain, and on its organization was transferred to the 135th as senior major. He was regarded as one of the most capable and efficient officers in the whole district, and held a high place in the esteem of his men. After going overseas he went to France as major of A Company in the 2nd Railway Construction Battalion.

Major Elliott.

His wife and four children are residing in Parkhill. George Elliott, M.P., for North Middlesex, is a brother, and also William Elliott, who lives near Saskatoon. C. L. Poore of Sarnia is a brother-in-law.

The news of the death of Major Elliott was keenly felt by his friends here.

"He was one of the finest types of manhood," said Capt. Angus Graham, who was chaplain of the 135th, "and there was no more capable officer in the district."

OLD-TIME TURKEY DINNER MISSING HERE ON MONDAY

Unprecedented Shortage of This Fowl Brings Disappointments.

SUPPLY SOLD OUT EARLY

Before 9 a.m. Today the Last Turk Has Disappeared From Local Market Square.

Although Thanksgiving Day looms up to all citizens with its usual brightness, despite the war, and is accompanied by the expectation of the inevitable turkey dinner, disappointment is being manifested that the turkey, so fondly associated with Thanksgiving, in many instances will be replaced by other kinds of poultry.

Early this morning a whole army of energetic housewives massed at the market square and collectively accosted a poultry purveyor that they might each purchase a turkey. The vendor, who had less than a dozen turkeys available, was soon cleaned out of the birds, selling them at 34 to 35 cents per pound.

Before 9 o'clock every dealer on the square was cleaned out of turkeys, and a large group of expectant women were forced to purchase chickens as substitutes for their Thanksgiving dinner.

An unprecedented scarcity of turkeys makes it impossible for a large proportion of citizens to have the bird adorning his dinner table Monday in celebration of Thanksgiving. An explanation for the scarcity is difficult to obtain. Many farmers state that the birds are becoming increasingly hard to rear, and a steady decrease has resulted.

It will go hard for the man who for decades has been accustomed to his turkey in celebration of Thanksgiving. However, the majority of citizens have foreseen the famine and are already supplied with their Thanksgiving meats.

BELL SUPERINTENDENT LEAVES TO REGRET OF DISTRICT STAFF HERE

Robert Hamilton Returns to Hamilton When Capt. Richmond Resumes Charge.

Robert Hamilton, district superintendent of the Bell Telephone Company at Hamilton, who has been acting in the same capacity at London during the absence overseas of Capt. J. L. Richmond, is returning to Hamilton. Capt. Richmond has resumed his duties as district superintendent here.

Mr. Hamilton has made many friends in the city during his sojourn of more than a year, and while the staff has been eager to welcome Mr. Richmond back it has at the same time regretted that both were not to be officials in the London division. Mr. Hamilton will return to his former post at once.

ROADS' DESIGNATION MOST IMPORTANT OF COUNCIL MATTERS

Recommendations to Minister Will Be Made at December Session.

The most important question to come up for consideration by the members of the county council at the December sessions will be the recommendations to the Ontario Minister of Public Works as to the Middlesex roads that should be designated by the minister as county provincial roads.

By a recent act of the Legislature the minister of public works was empowered to designate certain county roads in all counties, adopting the good roads scheme, as county provincial roads.

For the construction of these roads 60 per cent of the cost will be granted by the Government, and for the maintenance of the same 60 per cent. This is considerably in excess of the present Government grant for roads where 40 per cent of the construction and 20 cent of the maintenance cost is covered by the Ontario Government.

The roads that will be recommended to the minister, it is expected, will be the Proof Line, Longwood's, Talbot, Sarnia Gravel and Goderich roads.

THREE APPLICATIONS FOR NATURALIZATION RIGHTS

London Residents Would Become British Subjects by Legal Process.

Three persons, all residents of the city, have made application for naturalization before Chief Justice William R. Meredith, who will preside at the jury sittings of the supreme court, to open at the courthouse on November 5. Those making application are Hans Olding Foucar, physician; Frederick William Kaiser, cooper, and Erastus Barnard Hessel, die setter.

At the fall assizes last year naturalization was refused in the case of Otto Louis Romer, a hotelman, because he failed to furnish sufficient proof of his place of birth.

DR. F. P. DRAKE, LEADING SURGEON, DIES SUDDENLY OF HEART DISEASE AT HIS HOME IN WELLINGTON ST.

Physician Prominent in Medical, Fraternal and Political Life of London Passes Away at 4 o'Clock This Morning, Before Doctors Summoned by the Alarmed Household Arrive.

Dr. Frederick P. Drake, one of London's most prominent citizens and a doctor who enjoyed possibly the largest practice in the city, died suddenly at 4 o'clock this morning from heart disease, to which he had been subject for the past four or five years. The suddenness of the doctor's passing—he was apparently in his usual health last night—coupled with the fact that Mrs. Drake is in Petrolea, where her son was born only two weeks ago, came as an unusual shock to friends in London, who can well be numbered among the thousands.

Dr. Drake retired as usual last night. Shortly before 4 o'clock this morning he called to his niece, Miss Fleming of Windsor, who, with her sister, was staying at the Drake home, 371 Wellington street, to get him a glass of water. Miss Fleming, alarmed at her uncle's condition, immediately summoned Dr. C. S. Moore, who lives just across the road. As Dr. Moore entered the room of his old-time partner and life-long friend, death occurred. The late Dr. Drake had been subject to heart trouble for the past four or five years. Pneumonia last winter aggravated his condition, but during the past three months and more he had been apparently better than for many years.

One of First Hospital Staff.

A son of a doctor, the late Dr. William Henry Drake of Kingsville, who was one of the pioneer doctors of Essex County, Dr. Drake had practised in London exclusively. He was a graduate of Toronto University, and one of the first house surgeons of Victoria Hospital in this city.

Leaving the hospital service, he entered private practice with Dr. C. S. Moore, and the firm of Moore & Drake was in existence for years until Dr. Drake commenced practice for himself at 371 Wellington street. The foundation of the practice built in partnership with Dr. Moore, was extended and enlarged until Dr. F. P. Drake became one of the leading physicians and surgeons of the city with a practice said by fellow-practitioners to be the largest in London.

Traveled Extensively in Europe.

As chief London surgeon of the Grand Trunk for the past fifteen years and more, Dr. Drake had a reputation as one of the best known railway doctors in the country. He had traveled extensively, taking post graduate work in Europe and in the best American hospitals and colleges. He was one of the most progressive of London doctors and the latest developments of the medical science always attracted his keenest interest, his constant studies and adaptations of these developments being most marked in the medical profession of London.

Prominent in Political Life.

Aside from his professional life, the late Dr. Drake took a prominent part in fraternal and political circles. He was a strong Conservative, and for years was a member of the London license commission. A prominent Mason, he was also interested greatly in the leading city clubs, being a member of the London Club, Hunt Club and Golf Club. He was 58 years of age, having celebrated his birthday a week ago last Tuesday.

Besides his widow and young son, Dr. Drake is survived by four brothers and one sister. They are: Arthur Drake of Fleming & Drake, barristers, Windsor; Harry Drake, of Windsor; William Drake, Vancouver; Frank Drake, barrister, Toronto, and Mrs. O. E. Fleming of Windsor.

The funeral arrangements have not yet been completed.

LONDON GUN CLUB PROVIDED FIRST BUSINESS OPENING FOR PACKER BUSINESS COVERS THESE STATES

Thomas E. Wilson, Head of Wilson & Co., Writes Interestingly of Days in This City When He Provided Live Pigeons for the Trap-Shooters.

Associated Advertising Magazine for the month of October was delivered to the members of the London Advertising Club this morning. The magazine is a handsomely illustrated one, and contributions come from well-known writers in United States and Canada. Sir Thos. G. Shaughnessy contributes an article on "Only a Formal Boundary Line."

Another article on "My First Business Venture" was contributed by Mr. Thos. E. Wilson, president of the Wilson & Co., meat packers of Chicago. Mr. Wilson is a son of the late Moses Wilson of this city, and bought out Schultzer Meat Packing Company of Chicago. Since Mr. Wilson assumed the control of this concern it has been liberally advertised and has brought the firm's name into prominence all over the continent. Some time ago a member of The Advertiser staff visited Chicago and called to see Mr. Wilson, who was an old-time friend, and was heartily received at his private office. The article contributed by Mr. Wilson concerns London and is herewith produced:

"I have always been keenly interested in trading. My first trading experience, therefore, may be of interest.

"When I was a boy I lived in London, Canada. The first money I ever earned was on a contract which I took to supply the local shooting club with live pigeons, which they used in trap shooting. I was about ten years old at this time. I went to the pigeon raisers in the vicinity and arranged for a supply of live pigeons to deliver to the shooting club. I made my first delivery and then, as I was curious to see how they were to be used, I stayed to watch the shooting. While some of those taking part in the shoot were experts, a number of them were not, so that there was a considerable percentage of misses. A good many of the birds got away and, of course, flew back home. I saw in the lack of skill of the shooters and the characteristic action of the pigeons an opportunity to make extra money; so in the future I bought all my birds on the basis that if any of them flew home they remained my property and were to be redelivered to me.

"Of course, I resold the birds that got away back to the club at my regular contract price and the deal proved very profitable for five or six months.

"Unfortunately, the club, through some means or other, gained information as to my methods and my little plan was spoiled through the fact that they stationed extra shooters at the end of the shooting field to capture the birds that got away from the shooters behind the trap. I no longer had the opportunity of selling the same birds to the club over again and so lost the most lucrative part of my little business."

EFFICIENT TEACHERS FOR SUNDAY SCHOOLS ORGANIZATION'S AIM

Three Institutes for Proper Training To Be Establisned.

PROPER TRAINING NEEDED

Former Courses Inadequate, Declaes Speaker at Cronyn Hall Meeting.

At the first interdenominational meeting of Sunday school workers of London, held Friday evening in Cronyn Hall six recommendations were put before the meeting. It was recommended that three institutions be located, one in East London, one in South London, and one in the centre of the city. Other recommendations are: That "The Life of Christ" be taken up by teachers for study in the fall and the "Teacher and Pupil" in the spring of the year; that examinations be held at the close of each term; that public school teachers be granted a full diploma if passing the examination on the books mentioned; that a fee of 25 cents be charged those wishing to take this course in Sunday school teaching; that each division appoint a committee to arrange details for this three-year course for those wishing to become efficient Sunday school workers.

H. W. Brown addressed the meeting on the urgent need of competent Sunday school teachers. That the teacher needed a thorough knowledge of the Bible and to understand something of the character of the pupil were two of the most important reasons why teachers should take this course. Courses have been written for teachers for the last 50 years, but they have either proved too difficult or too elementary. After three years, some of the best Canadian and American writers have prepared these four books which contain ten lessons in each book, and from these a teacher can get a thorough training.

Arrangements are being made to get local men to take up the study of these books at the different institutions. When the study of these books is completed and examination passed, teachers from these classes will be the most efficient obtainable, with a thorough knowledge of the Old and New Testament.

VISIT OLD FRIENDS HERE

Former Advertiser Man, Now Magazine and Ad Writer, in London Again.

Mr. and Mrs. Hubert McBean Johnston of Chicago, were in the city yesterday, and paid a visit to old friends in The Advertiser. Mr. Johnston was formerly on the editorial staff of The Advertiser, and his wife was Miss Lottie Allen of this city. Mr. Johnston is now chief of the copy department in one of the largest of the Chicago advertising agencies. He is well known writer of short stories, his latest production appearing in the American Magazine.

FREIGHT CARS MUST BE MADE TO DO MORE, SAYS OFFICIAL PLEA

M. C. R. Calls On Shippers To Co-operate in Stopping Congestion.

Michigan Central shippers and receivers of freight have received an official appeal, over the signature of General Superintendent Henry Shearer, similar to the requests made some time ago through the local board of trade. The appeal calls for heavier loading of cars to facilitate freight movements and guard against any further congestions of freight such as last winter when business in many centres was practically paralyzed by the lack of cars.

The bulletin of the M. C. R. says:

To Shippers and Receivers of Freight:

Your attention is again called to the matter of heavier loading of equipment, and more prompt loading and unloading of cars.

There is already a general shortage of equipment of all kinds. With the prospective traffic in sight for movement during the coming fall and winter, and the large amount of Government freight which the railroads will be called upon to handle, they are confronted with a difficult problem in furnishing equipment for movement of traffic in this territory.

While the campaign for increased loading has been going on for some time, and a commendable showing made, there is room for still further improvement.

Freight cars must be made to do more work. A freight car saved is a freight car gained for extra service. Prompt and heavy loading of cars gives more service per car. So also does prompt release of cars.

Consignors and consignees are interested in getting cars. Their co-operation in efficient car handling will help not only others, but themselves as well.

Your continued co-operation is earnestly solicited.

NURSING SISTER TO SPEAK HERE SUNDAY HAD LONG SERVICE

Was One of the First Nurses Chosen by Lady Hamilton.

Nursing Sister Mary Adams, who delivers an address at the Sunday evening concert to be held in the Majestic Theatre, was one of six nurses chosen by Lady Hamilton at the beginning of the war for overseas service. After a long period of duty in the Dardanelles, she was transferred to France and only returned from there on September 15. She has been recommended by the Speakers' Patriotic League as an unusually brilliant speaker.

The musical program will include selections by the Tony Cortese orchestra, solos by Miss Myrtle Hicks, cornet numbers by Master Charles McCarthy.

The entertainment has been arranged by the Overseas Chapter, I. O. D. E., and a patriotic offering is to be taken.

ATTACKS MADE ON ASSOCIATED KIN ASSURE SUCCESS

Vice-President of Dominion Governors Welcomes Them.

ANSWERS TORONTO CRITIC

Shows Similar Position of the Opposing Body as "Superfluous Organization."

Referring to the attacks made on the Associated Kin of Expeditionary Forces in Toronto, J. M. McEvoy of this city, vice-president of the Dominion governors of the Associated Kin, said today: "When I read that dispatch I felt really assured for the first time that the Associated Kin would finally succeed. What I feel afraid of more than anything else was that it might die from being let alone. This attack on the part of Mr. Skelton will be most useful to us in bringing the objects of the Kin and what we aim to accomplish and are accomplishing before the public. I am entirely satisfied that once the objects and aims of the Kin are known and understood, there is no one to whom they will not appeal. On this account I feel we owe Mr. Skelton and the central council of Ratepayers' Association a debt of gratitude. I hope the attorney-general takes up their suggestion and investigates us. Nothing could possibly do us more good. So far as our interference with a function of the state is concerned, and the consequent superfluousness of such an organization as ours, my answer is a counter question: Why does the Ratepayers' Association exist when there is the state and municipal government to attend to the business it is assuming?

Opposes Arrangement.

"With regard to Mr. Skelton's statement that 'every letter which the Associated Kin sends out to relatives of soldiers . . . is not only injurious to true Canadian sentiment, but an offence to Canadian law and justice,' I am quite ready to stand behind any letters we have sent out here, and to oppose this arraignment. Our purpose is not to interefe with the state, but to uphold it in doing its duty. When the state does the right thing we commend it. When it overlooks something it should do we bring the matter to its attention. Our purpose is to uphold the young men who have given themselves so heroically for us, and to see that the relatives get their due. Frequently people suffer through no fault of the Government owing to long delay in getting their claims settled. They don't know how to go about the business themselves and their friends can't advise them. They can't afford to retain professional services. This is the place where the Associated Kin does its part in bringing the cases to the attention of the Government. In doing so we consider we are not only assisting the individuals, but the state as well. In this connection I want to say that the Government and military authorities have done their part without delay, once cases are brought to their attention. I have always felt convinced whether I have agreed with the decisions or not, that the authorities have been fully assured they were doing the proper thing. Mr. Skelton is evidently a Great War Veterans' man. There should be room for both organizations. I don't find we are conflicting with them and we wish them well, notwithstanding they have been opposing us.

Were First in Field.

"Anyway I believe we were first in the field. I feel convinced we have a future of usefulness in keeping track of the whereabouts of people and doing our part in assisting the state in the adjustment of pensions claims, both in aiding the state in seeing that deserving people get justice and also in exposing fraud. There were a great many people who obtained fraudulent pensions in the United States after the Civil War, and it is probable that the same thing will be attempted after this war."

COLLEGIATE BOYS CELEBRATE ANNUAL FIELD DAY SPORTS

Parade Streets With Usual Accompaniments of Noise and Fun.

Boy students of the collegiate institute celebrated the evening of their annual field day sports yesterday in their usual style. For hours the boys paraded the downtown streets in lockstep, open, mass and general skirmishing order formations.

Shortly after 10 o'clock several hundred boys appropriated one of the baggage trucks from the Grand Trunk station and used it effectively in their parades of the downtown streets.

Despite the noise and the "rushes," the demonstration was an orderly one. Mayor H. A. Stevenson was one of the "victims" and was chaired by the boys around the streets. The coalyard demonstration parade afforded another opportunity for a little fun.

The usual high school yells and calls were heard throughout the evening in the different downtown theatres.

Your Film Is In Good Hands Here

Developed by the tank system recommended by the Kodak Company. prints made by experts who know how from years of experience. The result is RESULTS.

STORE OPEN EACH EVENING.

J. H. BACK & CO., 210 Dundas Street.

UNDER NEW MANAGEMENT.

Canada Auto Devices Company Now In Charge of J. A. McLaren.

The management of the Canada Auto Devices Company, which has previously been handled by Mr. J. L. Ginge, has been taken over by Mr. J. A. McLaren, a well-known commercial man. Previous to coming to London Mr. McLaren was manager of the Galt Brass Company. He brings to his new post a thorough knowledge of practical business principles, and has already inaugurated many changes in the policy of the company.

The Canada Auto Devices Company has been in business in London for many years, and has been quite successful under the management of Mr. Ginge, who is taking an extensive trip in search of better health. Mr. Ginge will have an interest in the company.

Mr. McLaren is now busily engaged in equipping the local store at 330 Dundas street with a complete stock of automobile accessories, which will be sold to garages, dealers and owners. He has also arranged to handle the entire distribution of Partridge tires and tubes in this district.

"London certainly appeals to me as one of the finest territories in Canada," said Mr. McLaren, "and our policy of 'quality and service' is going to build this business in leaps and bounds after we get going properly." Mr. Ginge leaves for the West on Sunday.

GOVT. IS RUSTLING FOR ELECTION, SAYS GUTHRIE

TORONTO, Oct. 5.—Hon. Hugh Guthrie, Canada's new solicitor-general, was in Toronto today, and left at noon for Guelph. He explained that he was not a cabinet minister, but a member of the Government. Mr. Guthrie stated that every effort was being made to prepare for the elections, and he thought the newspaper indication of January as the time might be near the mark.

MAN MEETS DEATH IN BURNING SILO NEAR SPRINGFIELD

James Hagell Loses Life in a Fire Which Destroys Barns.

TILLSONBURG, Oct. 5. — James Hagell, aged 40, was trapped in a silo and burned to death tonight in a fire which completely destroyed the fine barn and all the season's crops of Charles Holman, one mile east of Springfield. Mr. Holman's 18-year-old son, who was also working in the silo, was terribly burned, and barely escaped with his life.

Threshing and silo-filling were in progress, when a spark from the thresher set fire to some straw. Fanned by a strong west wind, the flames spread rapidly, and were soon all through the structure and licking around the frame silo where young Holman and Hagell were at work. Holman saved himself by climbing to the top and sliding down the feed pipe through the flames. He was terribly burned, especially, about the head and face, but will recover. All efforts to save Hagell, who was imprisoned in the silo, were unavailing, and his body is somewhere in the ruins tonight. They are still too hot to search, but will be gone over thoroughly on Saturday.

Hagell is survived by his wife and three small children.

All the cattle were gotten out of the burning stable safely. There is some insurance, but Mr. Holman's loss will be heavy, as his season's crops had been good, and all were burned.

Food Souring Causes Indigestion, Gases, Heartburn—Pape's Diapepsin

Instant Relief! Neutralizes Acid in Stomach; Stopping Dyspepsia, Pain, Belching—It's Fine!

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

SARNIA C. I. TEAM AGAINST "OLD BOYS"

SARNIA, Oct. 5.—If favorable weather conditions prevail, the rugby squad of the Sarnia Collegiate Institute will meet a team composed of former students of the school, and known as the "old boys," on Saturday, as a practice game preparatory to their contest with the Windsor C. I. on Monday, October 8 (Thanksgiving Day). Manager Paterson, with the assistance of Capt. Smith, has put the local squad through a series of strenuous workouts during the past week, and despite the rain which fell on Thursday afternoon, the squad was out for a workout.

The game with the Windsor C. I. will be played on the fifty-fifty principle, American rules to govern the first half and Canadian rules the final period. The bearers of the blue and white are in excellent condition and feel confident of a victory in their initial fray. The following line-up was given out by Manager Paterson this morning as the most probable form in which his gridders will take the field, for the first half. In the second period, played under Canadian rules, several changes may be made. Line-up: Centre, Ferguson; guards, F. Slater, Barrie; tackles, Copeland, W. Paterson; ends, Smith, Sproule; quarter, Cowan; halves, Henderson, J. Paterson; full back, E. Cook. An effort is being made to secure "Bill" McCart, a member of the intermediate O. R. F. U. team in this city for a number of years, as referee.

SMALLMAN'S WEATHER

THE WEATHER FAIR AND COOL.

Let Us Give Thanks!

Today we should be the most thankful nation upon earth. Every man, woman and child should fold their hands in devout expression of the blessings we have received—the blessing of a peaceful home, a prosperous country, and a bounteous harvest. Upon this Thanksgiving Day of all others (Monday), let us be grateful for our blessings, for they are many indeed, if we will but count them over one by one. Let it not pass without expressing our sincere and grateful thanks that we are in the position to be able to contribute to the needs of those less fortunate.

Thanksgiving

The First Thanksgiving Feast Was One of Sincere Gratefulness

When the first Pilgrim father returned from the forest with his Thanksgiving dinner, the rejoicing was saddened by the grave experiences of these early settlers (just as ours are saddened today by the grim experiences of war), theirs was a true thankfulness for a bountiful harvest; and deliverance from the evils that beset them at all times. As we citizens of this Dominion make ready to celebrate the annual event, we have, more than ever, reasons for paying tribute to these determined, sturdy ancestors, and the Thanksgiving feast should be the occasion for unusual rejoicing and gratefulness, even in this time of great anxiety and stress. At this time let us express our sincere appreciation of your confidence and patronage. It will always be our endeavor to merit your patronage through sincere appreciation.

Monday—Thanksgiving Day—Store Will Be Closed

SMALLMAN'S WEATHER

SMALL VOTE OUT THIS MORNING ON BYLAW ELECTION

19 Highest Total in Any Subdivision Until Noon Reports City Clerk.

HEAVIER VOTE EXPECTED

Closing of Plants in Afternoon Expected To Swell the Number of Voters.

Unless there is a large vote this afternoon, the coal bylaw will not draw many citizens from their firesides today.

This morning City Clerk Baker kept tab on the voting, and he was surprised at the small number of citizens who apparently were interested in the enterprise. The highest vote in any subdivision cast at noon today was 19, the average running about twelve votes. The labor men have a large number of automobiles out, and are getting their voters to the polls.

City Clerk Baker expects that there will be a large vote this afternoon, conditions at 2 o'clock showing that.

"The workingmen did not turn out this morning," said Mr. Baker. "The majority of them were working, and have the afternoon off. They will come out this afternoon, at least reports from some of the subdivisions show that."

Some amusing stories are told. A certain well-known man, who went out to vote against the bylaw, thought he would try and get some coal. He was refused it, and then went and marked his ballot for a civic coal yard.

Mayor Stevenson stated today that threats were made by the coal men to protest the bylaw if it carried, on the score that the automobiles of the utilities commission were being used to get out the votes for the bylaw. Mayor Stevenson denied that this was the case.

Joseph Dean, Ernest Ingles and others of the labor council are confident that the bylaw will carry.

LONDON WAR PRISONER DIES IN GERMAN CAMP

Friends and Relatives of Lawrence Long, However, Unknown in City.

President B. G. H. Wright of the Associated Kin has been notified by a prisoner of war in Germany of the death in the prison camp of a man named Lawrence Long, formerly of London, Ontario. Inquiries have failed to reveal the whereabouts of the friends or relatives of the dead man, and no military records have been found in regard to him.

Mr. Wright will be glad to hear from the friends of Lawrence Long, as he has information to give them concerning him.

INDUCTION TUESDAY

New Pastor of Cowal Charge Will Be Installed in Office Then.

Rev. G. Munro of St. David's in the Presbytery of Hamilton will be installed as pastor of Chalmers Church, Dunwich, at Corval, and McBride Church on Tuesday next. The services will be held in McBride Church.

$5,690 DROP RECORDED IN REVENUE RETURNS

September Showing of Local Collections Not So Good as Last Year.

London inland revenue returns for the month of September, show a decrease of $5,690.80 from the returns for the same month last year. Then they totalled $30,065.72 as against this $24,374.92 record of the month just passed.

This year's revenue was derived as follows:

Spirits, $1,610.85; malt, $2,001.72; raw leaf tobacco, unstemmed, $9,225.56; raw leaf tobacco, stemmed, $1,050.42; cigars, ex-factory, $5,907.03; cigars, ex-warehouse, $1,943.95; war tax stamps, $2,368.07; methylated spirits, $181.18; other receipts, $80.84. Total $24,374.92.

U. S. PATROL VESSEL FOUNDERS; ALL SAVED

Washington, D.C., Oct. 5.—An American patrol ship foundered in European waters on the morning of October 4, while on duty.

The navy department has no information of the cause of the loss of the ship and has ordered an investigation. There was no loss of life.

CARD OF THANKS.

Mrs. John Delaney and family wish to thank their many friends for their kindness shown them in their sad bereavement.

96 EXAMINED; 47 FOUND FIT FOR OVERSEAS

Friday's Draft Examination Requests Keeping Up Usual Pace.

Ninety-six men were examined by the two medical boards at the armories on Friday. Six were recruits: C. T. Campbell and W. Doyle, Canadians, who went to the Army Service Corps; A. Kearn, an Englishman, also a C. A. S. C. recruit; W. C. Gunn, a Canadian, who joined the Engineers; C. W. Tunks, a Canadian, who joined the 7th Details, and C. Burgess, an Englishman, who joined the 7th Overseas Company.

Forty-seven of the ninety men examined under the military service act proved fit for service in the front line trenches. Five were fit for service with non-combatant units, five were fit for home service, 26 were rejected and the standing of six was doubtful.

INJUNCTION STOPS INTERFERENCE WITH HEATING SERVICES

Fruit Dealers Had Previously Turned Off Steam Pipes.

An injunction to restrain Burkett Bros., fruit dealers, 398 Richmond street, from interfering with the heating system of the Helena Costume Company was granted by Mr. Justice Latchford at the weekly sitting of the high court.

George S. Gibbons, representing the Helena Costume Company, stated that one of the main pipes passed through a portion of the building occupied by Burkett Bros. One of the firm had turned the valve in the pipe, and the consequence was that all the other tenants in that block, served by this particular pipe, were deprived of heat. Burkett Bros.' contention was that the heat was injurious to their fruit, ripening it so rapidly that it quickly spoiled. The injunction will be effective until such time as legal action decides what will be done in the matter.

Complaint was registered with the Helena Company because tenants objected to being deprived of the heat during the cool spell.

UNION SERVICES IN CHURCHES ARRANGED FOR THANKSGIVING

Presbyterians Meet at St. Andrew's Church on Monday.

A union Thanksgiving service of the Presbyterian churches of the city is being held in St. Andrew's Church on Monday from 11 to 12 o'clock. Rev. Thomas H. Mitchell, formerly of new St. James' Presbyterian Church, and now of Old St. Andrew's, Toronto, is to preach. Mr. Mitchell is coming up to conduct the 85th anniversary services of the First Presbyterian Church tomorrow, and, immediately on hearing this, the Presbyterian Ministerial Association made efforts to secure him also for the Thanksgiving service.

Methodists at First Church.

A union Thanksgiving service, under the auspices of the Methodist Ministerial association of the city is taking place Monday at 11 o'clock in the First Methodist Church, to be conducted by the pastor, Rev. R. G. Peever. Rev. H. T. Ferguson of the Centennial Methodist Church will preach, and Rev. J. E. Holmes, chairman of the district, and Rev. Dr. F. L. Barber, president of the Methodist Ministerial Association, assist in the service.

Music will be led by a massed choir, under the direction of A. D. Jordan, Rev. H. D. Moyer of Hyatt Avenue Church having charge of the arrangement of this part of the service.

PERSONAL MENTION

The Comrades' Club met at the Y. W. C. A. for the election of officers and plan the winter evening program. The following were elected officers for the year: Honorary president, Mrs. W. Tanner; president, Miss M. Lawrence; first vice-president, Miss A. Tuney; second vice-president, Miss E. Robichaun; treasurer, Miss E. Simpson; assistant treasurer, Miss M. Falker; secretary, Miss J. Robins; lookout committee, Miss E. Baines, Miss Young and Miss Williamson. During the past winter seven hundred articles were sent to the Red Cross by this club.

A PROMINENT LONDON DOCTOR WHO DIED THIS MORNING

DR. F. P. DRAKE.

BYRON SANATORIUM WATER TURNED INTO CITY MAINS

Big Part of 200,000-Gallon Supply for Consumptive Hospital Used for General City Service On the M. O. H.'s Sanction.

Springs discovered on the Alexandra Sanatorium grounds at Byron are at the present time yielding 200,000 gallons of spring water and in large amounts of the flow is being turned into the city mains, as a result of arrangements made by Sir Adam Beck.

The water was piped for sanatorium purposes to a well and a pump secured. The water came in such quantity that it was tested for purity. Some contamination was found, but when the water was piped back and the pipes sealed, Dr. H. W. Hill, medical officer of health, pronounced the water pure and it has been coming to the city for some time.

The possibilities of these springs are unknown, but it is said that a much larger amount of water can be secured.

It is significant that when the proposal was made to place the new soldiers' hospital at London View, where the Foster wells are located, the objection was registered that a hospital site was no fit place for a city water supply. However, the M. O. H. has permitted city water developed for the sanatorium to be turned into the city mains.

BROTHER'S SUCCESSFUL VENTURE INTO MATRIMONIAL LIFE THROUGH WANT AD ROUTE INSPIRES HIM

Young Farmer Says Advertiser Brought Brother a "Peach of a Wife" and He Tries the Same Medium To Secure One.

"Say, my brother got a fine girl as a wife by an ad. he inserted in your paper and I want to get one right away, too," was the astonishing announcement of a young farmer, owner of a good 100-acre place, who came into The Advertiser this week.

He explained that his brother had corresponded with, met and married the "results" of his advertising in two days after the ad. appeared.

The second applicant stated that his brother and wife could not be happier. "He got a peach," remarked the one who has tried his luck, too. And several answers to his appeal have already reached the office.

DUNBAR WRIGHT DEAD.

New York, Oct. 6.—John Dunbar Wright, a wealthy philanthropist, was killed instantly yesterday near Otisville, when the automobile he was driving skidded into a telephone pole and overturned. He was crushed under the machine. Mr. Wright had been connected with the Standard Oil Company for twenty years until his retirement in 1898. Much of his time in recent years was spent in philanthropic work. He was 55 years old.

LARGEST SALES OF PEACHES IN CITY MADE THIS WEEK

Unusually Heavy Shipments Have Been Eagerly Purchased.

With the close of today's market a week featured by the largest shipments of peaches ever seen on the local market will be concluded.

Responding to the advice of local fruit men that this week would be the best period of the season in which to purchase peaches London housewives have crowded the market every alternate day and the largest sale of peaches ever registered in the annals of the square has been recorded.

Large shipments from the Niagara and Grimsby fruit districts have been arriving here following the efforts of fruit men to secure enough fruit.

Local dealers state that practically every customer has stored the usual annual supply of peaches, and a slow market for the fruit is anticipated next week in consequence.

ARRANGEMENTS MADE FOR PENSIONERS TO PRESENT ALL CLAIMS

Traveling Representative of Pensions Board To Visit London.

Major E. L. Buchanan has been appointed traveling representative for the board of pensions commissioners and will be in this district soon.

Soldiers here who are dissatisfied with their present pensions, or wish to have other details in connection with their cases cleared up, should lay the facts before Lieut.-Col. W. J. Brown, A.A.G. of this district, and he will bring it to Major Buchanan's attention when he arrives in London.

WALES' GRAND MASTER.

London, Oct. 6.—Via Reuter's Ottawa Agency.—The appointment of the Prince of Wales as grand master of the Order of St. Michael and St. George is hailed with satisfaction in quarters in London connected with the dominions oversea. The possessions view the special association of the order with Great Britain, and it is felt that the appointment of the Prince of Wales who follows in the footsteps of his father, who was himself grand master when Prince of Wales, serves to enhance the dignity of the order at a time when it has already gained increasing importance by being conferred on the highest British and Allied commanders, who have distinguished themselves during the war. The appointment of the Marquis of Lansdowne as chancellor of the order is especially welcomed in view of his connection with Canada.

CAMP BORDEN NOTES.

Camp Borden, Ont., Oct. 6.—Capt. Norman Patrick Kelley, late O. C. of the Bombing School, has been given the acting rank of major while in command of a company of the 1st Depot Battalion, 1st Central Ontario Regiment.

Today was a whole holiday from drill in camp, and the number of the preliminary heats for the big field day and gymnastics this afternoon were run off in the morning.

Prisoners undergoing detention at main detention barracks will be taken over by their units before leaving camp and guarded by them.

Trooper G. A. Hayes, 70th Battery, has been awarded first class, and Troopers T. Brown, 71st Battery, and G. Stuart, No. 2 Army Service Corps Training Depot, second-class trumpeters' certificates.

DYING SOLDIER SENT LAST MESSAGE BACK TO HIS FIANCEE HERE

Former Member of 33rd Asked Its Delivery to Sweetheart.

GIRL'S RARE COURAGE

Endeavors To Bear Up After Notification by Associated Kin Officials.

The London branch of the Associated Kin had the sad duty to perform today of breaking to a London girl the news that her sweetheart, George Martin, a young Englishman, who had lived here for some time, and enlisted with the 33rd Battalion, had died as a result of wounds. The young woman, with soldier-like courage, is trying to keep up and continue her duties until the end of the day, notwithstanding her sorrow.

The news of the death of this soldier did not come through the usual channels, owing to the fact that George Martin's relatives lived in England, and the message would be sent to his mother there.

When he was mortally wounded, Sergt.-Major Fidler, also of this city, carried him back and took his last messages, one of which he begged should be delivered to his sweetheart.

When all was over the sergeant-major saw to the burial.

After going overseas with the 33rd both Martin and Fidler were transferred to the Canadian Scottish, and were together in France.

George Martin was a member of the choir of St. George's Church, West London, an active worker in the Young People's Society, and a great favorite with the church people over there, when he received an appointment as stationary engineer on the staff of the Hospital for the Insane shortly before his enlistment, he continued his association with St. George's Church, owing to the fact he felt so much at home there.

Rev. Dr. Sage said of him today: "He was a splendid fellow, and very keen regret will be felt over his death by our church people."

Sergt.-Major Fidler sent the news of Martin's death and message to his wife, asking her to convey it to the sweetheart. She passed the letter along to the Associated Kin to locate the girl.

ELEVATOR STRIKERS READY TO ARBITRATE IF EMPLOYERS WILL RECOGNIZE UNIONS

Mass Meeting Decides Against Returning To Work—Situation Serious.

Fort William, Oct. 6.—The committee of the striking elevator workers have given out a long statement presenting the point of view of the strikers. It sets forth that the strike was occasioned by the superintendent's action in ignoring the communications of the union; that the union had not discriminated against returned soldiers, as has been falsely asserted, but, on the contrary, was prepared to protect the rights of such men and do them proper honor; that the union has not discriminated against any employee; that the percentage of alien enemies employed in all the elevators has been grossly exaggerated, the total number being only 22 per cent of the number of union members, and that not all these aliens are union men.

What Demand Wants.

In the statement is incorporated the text of an appeal addressed to the strikers on Thursday by the executive of the elevator managers, asking them to return to work and do all in their power to facilitate the movement of grain, pending settlement by a board of conciliation, and the reply of the union executive that the men would return to work on condition that their local be recognized, that strikers be reinstated without discrimination, and that all other matters be left to a board of arbitration to be appointed without delay.

The above statement was read to a meeting of strikers yesterday six times, in as many different languages, and a resolution passed by, it is declared, a unanimous vote, stating that on no other terms would the men return to work, and that no further concessions would be made by the union.

FLYING CORPS WILL CAMPAIGN IN CITY FOR MORE RECRUITS

Officer Coming Here To Assist in Enlisting Men.

Mayor Stevenson has received a communication from Capt. Beattie, Toronto, in charge of the recruiting for the Flying Corps, stating that an officer of the Royal Flying Corps would be in the city in a short time to assist in recruiting.

Capt. Beattie himself will be here this coming week, and will take the question up with the mayor.

The recruiting committee will consist of Mayor Stevenson, Lieut.-Col. H. R. Abbott and the flying officer.

"We want to get more recruits," said Mayor Stevenson.

$400 SECURED AT NOON BY CANVASS OF I. O. D. E. TAGGERS

Success of Soldiers' Comfort Fund Already Assured.

Good results had already been attained at noon today by the Sir George Ross Chapter in its tag day canvass for the soldiers' comfort fund, over $400 being turned over to the regent, Miss Ola White.

This is a chapter of young girls, and many of them were on the streets before 7 o'clock to waylay the early birds. Ptes. Roland, Vivian, White, returned soldiers, are among the active workers.

Hope is expressed that the fund will be doubled by this evening. The entire proceeds are to be devoted to the soldiers' comfort fund.

Mesdames Greenway, Wylie, Cl. T. Campbell are in charge at headquarters to assist the members.

TWIN CITY STRIKE.

Minneapolis, Oct. 6.—A street car strike has been ordered this morning on the Twin City Minneapolis and St. Paul. The company recently granted a wage increase and other demands, but the new union seeks reinstatement of sixty men, and virtual recognition of the union.

MAKE IT YOUR BUSINESS TO VOTE AGAINST SOFT COAL YARD BYLAW AND KEEP TAXES DOWN

Important Issue Is To Be Decided at the Polls Today by the People, Who Will Have to Pay the Shot—Greater London Association Appeals to Voters to Turn Out in Force Against Scheme.

Vote early and in every ward in which you are entitled to cast your ballot, is the word of advice given today by the Greater London Association and other taxpayers who see in the city soft coal yard bylaw a menace to those who own realty.

The whole issue of the coal yard scheme has been fought out publicly during the past couple of weeks and the educational matter has been followed with the keenest interest. The result is that the vast majority of Londoners, while recognizing the need for relieving the householder in his fuel problems, are determined that this newest scheme of those who have prospered in spending the people's money shall not succeed.

Faced by the rapidly rising tax rate and by the fact that the people of London are now burdened by $2,000,000 worth of unsold city of London debentures, property owners must rise in their own defence and vote down the scheme.

The plan has nothing to commend it. Hard coal is not available for municipal yards anywhere. The Dominion fuel controller advised Stratford against a municipal yard and he has made it his business to tell the people of London that he is now arranging to fix maximum profits and to safeguard consumers from private profiteers.

In the light of these circumstances it is the duty of every ratepayer in London to make it his business to vote against the bylaw.—Advertisement.

LOCAL NEWS

Because Monday is a holiday—Thanksgiving Day—there will be but one edition of The Advertiser. The Morning Advertiser will be furnished to all evening and 2 p.m. edition subscribers.

GOES TO GUELPH. — Pte. Wilfrid Rupay, 7th Regiment Guard Details, has been detailed for guard duty with the Guelph Mobilization.

MEDICAL BOARD CLERK.—Gunner Leo Tiernan, 63rd Battery, has been transferred to Stratford, where he will be a clerk for the medical board.

NEW FIELD SECRETARY. — John Dawson has been appointed field secretary of the Military Y. M. C. A. for London camp in place of John B. Nield.

ATTACHED FOR TREATMENT. — Lieut. Harry Chapman, 1st Brigade, Canadian Field Artillery, has been attached to "F" unit, Military Hospitals Commission Command for treatment.

"PERSONAL PRESENCE OF CHRIST."—"The Personal Presence of Christ" will be Evangelist Belcher's subject Sunday night at the York Street Mission Hall. A special invitation has been extended to Bible students.

OPENS NEW PASTORATE.—Rev. J. D. Norton, formerly of Hagersville, is taking charge of his new pastorate, Maitland Street Baptist Church, on Sunday. A harvest home supper is being held on Monday evening, when a good program will be given.

JUSTICE CLUTE HERE SATURDAY.—Mr. Justice Clute will preside at the weekly sitting of the high court at at the high court at the court house on Saturday. Mr. Justice Clute's last appearance here was the day he committed Miss Margaret Thompson to jail for contempt of court.

RECRUITING EXPENSES CUT.—The attention of all C. E. F. units has been directed to the fact that it is no longer necessary to incur any expenses in connection with recruiting. All outstanding accounts and traveling claims are to be forwarded immediately to district headquarters.

"Y" WORKER TO SPEAK.—Rev. John Dawson, M.A., in charge of the Y. M. C. A. work at the camp, will preach at the Hamilton Road Presbyterian Church Sunday evening. Mr. Dawson was formerly pastor of the Portsmouth Presbyterian Church, Kingston.

REV. T. H. MITCHELL PREACHING.—Rev. Thomas H. Mitchell, B.D., now of Old St. Andrew's Church, Toronto, previously of New St. James's Presbyterian Church, this city, will conduct anniversary services in the First Presbyterian Church on Sunday, October 7.

REPORTS IMPROVEMENTS.—Decided improvement is reported by Dr. W. J. Stevenson in the case of Humane Inspector George Burgess, who has been ill with pneumonia for some weeks, and William Rush, James Walsh and R. Hatfield, victims of recent accidents. All are expected to be around in a few weeks.

WILL SPEAK OF CAMP WORK.—W. Douglass, who for some time has been doing religious work at Camp Borden, will speak of his experiences to the Brotherhood of Askin Street Methodist Church on Sunday morning. In the same church on Sunday evening, he will give an address.

HARVEST THANKSGIVING. — St. Mark's Church will hold harvestee Thanksgiving services tomorrow. The speakers will be Very Rev. Dean Davis, R. Latimer and Sergt. E. A. Garrett. The choir will be assisted in the evening by Miss McFarlane, soloist, and by a trio of Misses Allan, Liddicoatt and Mrs. Cook.

PREACHES PREPARATORY SERVICE.—Rev. Mr. Christie of Chalmers Church, Woodstock, preached at the preparatory service in St. Andrew's Presbyterian Church on Friday evening, when a large number of new members were received into the church. The sacrament of the Lord's supper will be observed at the morning service on Sunday.

DATE NOT YET FIXED.—Lieut.-Col. E. S. Wigle has not yet resumed his duties as commander of the 1st Depot Battalion, Western Ontario Regiment, and camp orders today state that a date will be set later.

FIRST DIVISION COURT.—Judge Judd presided at the weekly sitting of the First Division Court at the court house Friday. Several cases of claims for debts were disposed of and judgment reserved in others.

WAR TIME THANKSGIVING.—Notwithstanding war, the services in Talbot Street Baptist Church on Sunday will be thanksgiving in nature. Special music will be rendered. Rev. H. H. Bingham will preach in the morning on "A War-Time Thanksgiving," and in the evening, "Is This the Hour of Peace—Prussian or Papal?" Communion service will take place at the close of the morning worship, and a baptism in the evening.

FAREWELL SERVICE.—The evening service at the First Congregational Church tomorrow evening will be of unusual interest. Farewell will be extended to Miss Winnifred Steven, who is shortly leaving for work with the China Inland Mission, in which her parents have been workers for many years past. Miss Steven will speak at the service, and the quarterly communion will be observed during evening worship.

TWO DRUNK TOO MUCH. — Two persons pleaded guilty in police court today to intoxication, and each paid a fine of $10 and costs. The first had endeavored to break up the Collegiate games yesterday, but he said he was sorry for his actions. He paid the fine. The other said he had just arrived in the city early in the evening from Vancouver, and had only wandered around a few minutes when a stranger offered to sell him a bottle of booze. He purchased it, and in one hour was found on a lawn helplessly drunk.

ST. JOHN'S CHOIR ORGANIZES.—The choir of the Church of St. John the Evangelist held its annual meeting at the close of the regular rehearsal last evening, when the following officers were elected: Honorary presidents, Rev. Canon Craig, Col. Fisher, Ross C. Clark; president, A. E. Ferte; vice-president, Wm. E. Young; secretary, Miss Florence Thorne; treasurer, Miss Celia Francis; vestment committee, Miss Dodo Simcox, Miss G. Gower, and Miss Marguerite Gilmour; librarians, Messrs. Montague and Davidson.

SEVERAL NEW VOICES will be heard in the choir of Adelaide Street Baptist Church tomorrow. In the evening the service will be largely choral. During the service there will be baptism, to be followed later by the monthly communion service and reception of new members. The pastor, Rev. James A. Boyd, will conduct both services.

MUST SEND TO ENGLAND.—Camp orders publish for the information and guidance of all concerned the proper method of securing historical records of military units. Requests for the information should not be forwarded to any individual unit, but should be sent to the Canadian War Records Office, 14 Clifford street, London W., England, as that office has collected, and is collecting, any information which may be required from the different individual units.

B. Y. P. U. SOCIAL.—An enjoyable social evening was spent in Maitland Street Baptist Church on Thursday. The members of the Junior B. Y. P. U. gave an excellent program. Solos were given by Misses Pearl Coleman, Beatrice Williamson and Lillian Lee, also a duet by Miss Muriel and Master Gordon Coughetry. Recitations were given by Misses Margaret Roe, Jean Coleman and Master Fred Hindson, piano selections by Misses Doris Burton and Margaret Roe. The chair was taken by Master Embrey Coughtery. Refreshments were served.

CRUSADE MEETING.—The Mission Band of Colborne Street Methodist Church held its annual crusade meeting in the Sunday school room on Friday. There was a large attendance and twenty new names were placed on the roll. The program included a solo by Gordon Williamson, recitation by Stanley Turner, piano solo by Doris Shaw, a recitation by Lois Gidley, a recitation by Roy Allen, Bible riddle by Catherine Campbell, military march by Doris Thomas and Gladys Grierson, and a piano solo by Doris Thomas. Rev. Louis Barber gave a short address.

SUCCESSFUL OPENING WEEK.—The opening week of the dancing season by Messrs. Dayton & McCormick at their Palace Academy proved the most successful in the history of the institution. Large crowds attended every night and all were delighted with the improvements inaugurated during the summer holidays. The entire academy has been redecorated, and gorgeous electrical effects installed which makes it the brightest and most beautiful dancing auditorium in Canada today. The big orchestra, which is being made a feature this season, scored a great hit with the patrons. The management looks forward to a very successful season.

DEATHS AND FUNERALS

DIED IN PORTLAND.

Word was received today of the sudden death in Portland, Oregon, of John Carey Smith on September 26. Mr. Smith at one time lived in Hyde Park, and left London fifteen years ago. He is survived by his widow, who was a Miss Rogers of Seaforth, niece of Miss Rogers, Central avenue. Two daughters and two sons, the younger son being in France, also survive.

GEORGE JONES BURIED.

The funeral of George Jones, whose death occurred some days ago in Victoria Hospital, was held at 2 o'clock Friday afternoon from the undertaking rooms of John Ferguson's Sons to Woodland Cemetery. His wife arranged for the funeral upon being notified by a friend that the body of her husband was at the undertaking rooms unclaimed.

BURIED ON FRIDAY.

The funeral of Edna Theresa Lyons, whose death occurred on Wednesday, was held from the family residence on Friday to St. Mary's Church, where requiem high mass was sung by Rev. Father Richardson. The services at the grave in St. Peter's Cemetery, were conducted by Rev. Father Cochrane.

The pallbearers were Roy Lyons, Percy Evans, William Miles, J. Biggs, C. Johnson and W. Walsh.

WEDDING BELLS

HOSIE—McCLUNG.

The marriage was quietly solemnized at the Talbot Street Baptist parsonage this week of Mrs. Laura B. McClung, daughter of Mr. and Mrs. Byron McKay of this city, and John C. Hosie, son of Rev. John C. Hosie of London Junction. The young couple was attended by Mr. and Mrs. Norman Glen of English street, the latter a sister of the bride.

Mr. and Mrs. Hosie are taking up their residence in London Junction.

CRESSMAN—PINCH.

A quiet wedding was solemnized at Talbot Street Baptist Church on Friday, when Ethel May, daughter of Mr. and Mrs. Thomas Pinch, Wellington street, was united in marriage to W. Stanley Cressman, second son of Rev. and Mrs. S. Cressman of Kitchener. The ceremony was performed in the presence of intimate friends only, by Rev. H. H. Bingham. The young couple left via C.P.R. on a short wedding trip. On their return they will reside at 179 Emery street, this city.

A draft of 22 men from the Engineers' Depot left the city from the G. T. R. station last night for further training at the depot in St. Johns, P. Q. The Pipe Band of No. 1. A. M. C. Training Depot, led the march to the station, and other members of the corps here acted as an escort. Although the draft was a small one, many gathered at the station to see the boys away.

GOVERNMENT FISH WILL COME TWICE EACH WEEK HERE

City Will Handle It and Not Dealers, Says Mayor.

Mayor Stevenson was informed today that another consignment of fish from Lake Nepigon will arrive in London on Thursday next.

After this, the Government will ship fish twice a week to London. The amount coming here is not known, but it will probably be a ton at least. His Worship stated today that the fish would be distributed by the city and not through the dealers.

MORE NON-COMS FOR W. O. R. AUTHORIZED

Further additions to the provisional non-coms. roll of the 1st Battalion of the Western Ontario Regiment, which Lieut.-Col. E. S. Wigle is to command, are announced in today's orders: Sergt. George Forbes, Sergt. Henry Lee Maurice, Acting Sergts. Charles Henry Ricketts, Joseph Bazeley, Arthur Gordon Alder, Norman Peter Guertin, Harry McKinstry, Lawrence Henry Angell and Ross Waters, have been struck off the strength of the district training school and transferred from No. 1 Special Service Company.

Sergt. Frederick James Appleby and Herbert Durston Boyce have been struck off the strength of the training school also, but have not been transferred. Pte. Dewey Boyle of the A. M. C. Training Depot, has been transferred to the 1st Depot Battalion of the the W. O. R.

"A" CLASS MEN ONLY TO BE TAKEN IN U. S.

No further category B or C men are to be accepted for service in the A. M. C. by the British and Canadian recruiting mission, working in the U. S., orders today announce. Accordingly recruiting officers in the United States for the Canadian army will sign up only men who are fit for service in the front line trenches, with the one exception of category B men, who have special qualifications for forestry work.

BIG REALTY DEALS

P. Walsh, real estate broker, acting for the Bank of British North America and the Huron & Erie Mortgage Corporation has concluded a $60,000 real estate transaction by which valuable properties on the market and on Dundas and Talbot streets have been secured. The two financial institutions will erect modern office buildings on the land so purchased.

Mr. Walsh has also purchased a block of land at the northeast corner of Waterloo street and Ottaway avenue as a site for the medical college department of the Western University. The present buildings will be razed. Erection of the new medical department is expected to be started next year.

MEN IN KHAKI AWAY

Fate was with the soldiers in training here for once at least, when it arranged that Thanksgiving Day should occur at the time when the regular three days' leave, which is due every six weeks, was the order of the day. Only the sentries and other duty men will be in London Sunday and Monday. All outgoing trains today carried a quota of men in khaki making for their home towns. Orders issued today permitted men to take their winter equipment with them, so no discomfort will be entailed should Thanksgiving Day prove cold and stormy.

RETAINS LIBRARY

William E. Greene, 546 Queen's avenue, has retained the rare library of William Allen Young. Some time ago Mr. Greene bought Mr. Young's home, furnished. He sold the house, and recently disposed of the furniture by auction. He decided not to dispose of the library after looking it over, as it contained a large number of rare volumes, a library that took many years of careful selection to get together. It is one of the best in Canada.

Lexington, Ky., Oct. 6.—The $6,000 Breeders' Stake, which in value ranks second only to the $14,000 Futurity, was the feature race on the card of the Grand Circuit meeting here today. Only six horses are eligible to start in the stake, which is for 2-year-old trotters. Nella Dillon, winner of the 2-year-old futurity on Monday, was expected to be an overwhelming favorite for the race. In the Futurity Nella Dillon made the season's record for 2-year-old trotters and broke the world's record for the same age by negotiating a mile in 2:06¼.

The Kentucky, a $2,000 event for 3-year-old trotters, Futurity winners barred, was also on the program for decision. Bertha McGuire was expected to be favorite in this race, with Emma Magowan second choice.

The Blue Grass Stake for 2:09 pacers, the 2:12 pace, and 2:21 trot, unfinished from yesterday, and the 2:17 trot were other races on the program.

Baltimore, Md., Oct. 6.—The horsemen at Laurel today decided on a daily Liberty loan purse to be inaugurated Monday. The purse, which will average $500, will be offered in the form of Liberty bonds instead of cash.

GERMANY'S FEELERS ON BELGIUM WILL NOT REGAIN HER COLONIES; BRITAIN CANNOT RESTORE THEM

Japan, Australia, New Zealand, Union of South Africa, France, Belgium and Portugal Are the Independent Possessors—Kaiser's Hope of Mittelafrika Blasted—British Colonies Fooled Prussia.

By Frank H. Simonds

Author of "The Great War," "They Shall Not Pass."

(Written for The London Advertiser and the New York Tribune—Copyright 1917—The Tribune Association.)

In the last few weeks there has appeared in many quarters, mainly under German inspiration, the assertion that Germany was prepared to evacuate Belgium provided her colonies were restored to her. This proposal, which is a mere "feeler" and does not come from German official sources, has provided German sympathizers and the German-American press of the United States with the opportunity to assert that the real obstacle to peace now is British determination to hold German colonies. This discussion has had precisely the effect the Germans have hoped, because the situation as to the German colonies is very little understood in America and there is a very wide belief that the colonies are held by Great Britain and that Great Britain purposes to annex them.

Now, the fact is quite different. Germany's possessions in the Pacific, aside from Kiau-Chau, which was taken by Japan and remains in Japan's control, were occupied by Australia and New Zealand, and Great Britain possesses no authority to compel Australia or New Zealand to restore these colonies to Germany. The other day, when Sir William Holman, prime minister of New South Wales, was in New York, I asked him to make for me a statement of the view of Australia with reference to German colonies in the Pacific. This statement follows. It is the opinion of an Australian prime minister, who, in the public life of Australia, has an influence only second to that of the prime minister of all Australia, the Right Hon. William M. Hughes, and, like Hughes, Sir William Holman is a member of the Labor party and expresses the view of the mass and not of the class of Australia.

Mean To Hold It.

"Nothing authoritative can be said about Australia's determinations with regard to New Guinea except by the Australian Federal Government. It is their right, and theirs alone. But, speaking as a citizen of the Australian Commonwealth, with some knowledge of Australian feeling and desires, I would say—

"(1) German New Guinea—now in Australian hands—borders for many hundred miles that other portion of the island which has always been Australian. (2). New Guinea would furnish a base—naval and aerial—for future hostile enterprises against Australia. (3) German New Guinea is within four days' steam of Australia's northern (Queensland) ports — within another three days of New South Wales ports.

"When hostilities began, Australia was asked to capture New Guinea. This was in order that she should destroy a wireless installation there. It was done, almost bloodlessly, but thoroughly, under the leadership of General Holmes, one of the most stalwart soldiers, since killed in Flanders.

"These are the facts: The retention of New Guinea by Germany after a war from which Germany had emerged uncrushed would mean to Australia:

"(1) The fortifying and guarding of the New Guinea frontier. (2) The fortification of all east coast ports. (3) The immobilization of a large destroyer fleet for defence only on the east coast station. (4) The imperiling of the trade route by the north coast of Australia in war time. (5) Continuous menace to Sydney — Australia's largest town and chief port.

"This would invoive a heavy, an almost impossible, burden for a community of five million people, already weighted with large responsibilities for defence. For these reasons Australia proposes to keep New Guinea out of German hands. There is no visible reason against its remaining in her own hands. Beati possidentes. She has it. She means to hold it."

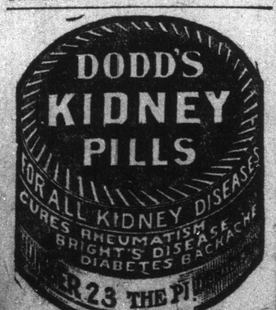

South Africa For Keeps.

Turning now to Africa, the situation is this: German Southwest Africa was conquered by troops belonging to the Union of South Africa and led by the prime minister of South Africa in person, General Louis Botha. Prior to the invasion of German Southwest Africa it had served as the basis of an invasion of the Union of South Africa and from it had been fomented the De Wet rebellion, which was a German effort to arouse the Boers against the British and thus take South Africa out of the British Empire as a prelude to its entrance into a German South Africa, contemplated as far back as the days when the emperor sent his historic dispatch to Kruger. That South Africa would consent to the retrocession of German Southwest Africa and the return of German influence to the South African frontier, the return of German soldiers to the border of the colony, is even more unthinkable than the Australian case, because, after all, the Germans held no territory on the mainland of Australia, and were separated by a considerable breadth of water from the Australian coast. On the other hand, the frontiers of the Union of South Africa and of German Southwest Africa march for many hundreds of miles. General Smuts in London — next to Botha the most conspicuous of South Africans, and like Botha a Boer—has very emphatically asserted that under no circumstances would the South Africans consent to the restoration of German power in South Africa, using language quite as forcible in describing reasons quite as cogent as those of Sir William Holman quoted above.

Now, there is not the smallest possibility, of course, that Great Britain would use her fleets or her armies to coerce Australia or to coerce South Africa to restore this territory. To suppose that the British would fight the Australians and the South Africans, who have contributed very much to the British cause in the present war, to re-establish Germany in her Pacific and South African colonies is just as absurd as to suppose that Great Britain would go to war with Japan to compel the restoration to Germany of Kiau-Chau. Australia, New Zealand and South Africa are self-governing commonwealths. Their decision in the matter of these German colonies is final, and it has been made.

Three Other Colonies.

There remains now the question of three other German colonies—Togo, which is insignificant in size and value, the Kamerun and German East Africa. Now, so far as the Kamerun is concerned the situation is this: It was completely conquered in the first year of the war, but its conquest was not the work of the English soldiers alone. On the contrary, the greater part of the work was done by French colonials of the adjoining French colony of Equatorial Africa, and by Belgians from the Belgian Congo. At the present time the British occupy only a very small area of the Kamerun, adjoining the eastern frontier of British Nigeria. All the rest is in French hands. Consequently it lies outside the power of the British to restore the Kamerun. Moreover, almost half of the Kamerun belonged to France up to 1911, when it was taken from France under the threat of war during the Agadir crisis. The German claim to this territory rests on

west coast, the coaling station for the South American trade, was French, while at Casabianca a new harbor and a new French base were rising. At the other end of Africa another million of whites, British subjects, were opening a new empire, which was moving northward toward the Congo valley with swift leaps along railroads which were already approaching the shore of Tanganyika.

Nor had German colonial rule, despite the construction of some railroads and a few model towns, been the success that the German had expected. The inability of the German to deal with a subject race had produced one of the bloodiest of all wars between the white and the black in Africa. In German Southwest the struggle with the Herrero had ended only with the practical extermination of the native, and the colony had been left without labor when the terrible contest was over.

Yet it is just to say that before the outbreak of the war there had been a growing appreciation in Germany that the African adventure had been badly conducted, and that unless new methods were employed there could be no German success comparable with that of France with its millions of blacks in West Africa, or with that of Britain all over the world. Tales of atrocities in their colonies had stirred the sluggish German pulse, and men of the commercial, rather than the military class, were beginning to appear in colonial offices.

Belgium and Portugal Roused.

In the making of the colonial empire in Africa, Germany had already roused the fear of the Belgians, who saw their territory between the Atlantic and Lake Tanganyika the object of German design. Was it not Bernhardi who had suggested, long before the war, that merely by taking the Congo Free State Belgium had forfeited her right to have her territory in Europe respected? Portugal had taken alarm when the Germans had prevailed upon the British to agree to a partition of Portuguese colonies when Portugal consented to sell them. Yet, as the Germans later charged, Portuguese anxieties were stilled by a renewal of British promise to defend these colonies until Portugal wished to part with them.

France, after the Agadir affair, had seen her Congo territory mutilated. Across that stretch of French territory which had hitherto extended without interruption from Algiers to the mouth of the Congo, the Germans had thrust two colls, and French Congo seemed on the map, and to the French mind already enveloped in the folds of the German boa constrictor and doomed to ultimate disappearance. Already the Congo was for the French a second Quebec.

As for Britain, until the outbreak of the war she regarded the German efforts in Africa with something between disdain and benevolence. Even a German colony extending from the Atlantic to the Pacific and including the Belgian and French Congos did not stir the Briton's pulse, nor did the covert German menace to South Africa, for a single moment revealed to the whole world when the kaiser sent his historic message to President Kruger, disturb the equanimity of a Liberal ministry, little concerned with imperial ambitions and convinced that Britain had already reached the point of saturation so far as overseas annexations were concerned. In Central Africa, as in Asia Minor, the British Government and public of 1914 were reconciled to German development, provided it did not threaten the safety of France or precipitate any European conflict.

And it was this German dream of African empire, of a German Congo, become almost as real as the German Rhine, of a German Tanganyika, of a Trans-African empire, which was extinguished for the period of the war in the first months of the conflict and at the very hour when German victories in Europe filled the bulletins of the world. Thus the HohenzoIlerns in their turn fared as had the House of Bourbon when at last sea power was aroused.

Germany Miscalculated.

The conquest of German Africa is solely interesting, in the larger view, because of the South African episode. Hardly a decade had passed since British armies had at last extinguished Boer resistance in the two Afrikander republics. Only eight years had elapsed since home rule had been granted to the conquered Boers and the union of South Africa had become a fact. In all German calculations there had been the expectation that to a German appeal South Africa—Boer South Africa—would rise again, and the outbreak of the European war would be the signal for the end of British rule south of the equator.

That this did not happen was due to the genius of the British race in dealing with its colonies. South Africa had been swiftly reconciled after having been ravaged by a long, bitter war. Forty-four years after French defeat, 43 years after the treaty of Frankfort, the mass of the people of Alsace continued to resent German rule and remained loyel to France. But in less than a fifth of this time the conquered Boers had been reconciled to the new condition.

When the war came it had its echoes in South Africa. De Wet, one of the most famous of the Boer leaders, promptly raised the standard of revolt, and to this some thousands of the old Boers flocked. But the real power in South Africa was Louis Botha, the greatest of Boer generals in the previous war, and now the first prime minister in the new colony. In the great crists he never hesitated, and his influence was decisive. The last days of October saw the outbreak of the rebellion; by December 1 the whole thing had been stamped out, De Wet was a prisoner, all the raiding bands, which never attained the importance of armies, had been dispersed or captured. South Africa had demonstrated its determination to remain under British rule.

The next step was inevitable. British South Africa had been invaded from German Southwest; the adjoining German colony had been the base for conspiracy, and the starting point of invasion. Now, just as the American colonists in the seventeenth century had shared with the British the task of expelling the French from Canada, the Boers followed Botha in the invasion of German Southwest and the end was not long in coming. July, 1915, saw the surrender of the last German commander, and German Southwest passed to the control of the Union of South Africa. And just as the American colonists disclosed a determination that Quebec should not be returned to the French, the South Africans early proclaimed their annexation of German Southwest as definitive.

British Colonies Stick.

Germany had reckoned on the disaffection of British colonies the world over. She had believed the war would see the loosening of the bonds that held together the British Empire. The response of Canada has been heard in the second battle of Ypres, when the Canadians had saved the day in the great gas attack. Australia and New Zealand answered to the roll-call on Gallipoli Peninsula and the story of the Anzacs had become a part of imperial history when the South Africans completed their task of extinguishing German rule in South Africa and accepted as the next duty the invasion of German East Africa. No disappointment of all that Germany suffered was more real or more serious than that caused by the course of the British colonies. She had hoped to disrupt the British Empire, but before the first anniversary of the war was over it was plain that the war had cemented it.

As for the other colonial incidents, they call for but passing mention. German Togoland was conquered by Anglo-French forces after a campaign which lasted but three weeks and was ended in August, 1914. On February 18 of the following year the Kamerun was also in British and French hands. Only German East Africa remained, and this was able, because of its size and the problems of transport, to resist with ever-diminishing force until the fourth year of the struggle. But the resistance was always hopeless, and, long before this time, restricted to inland districts removed from that great railroad which had been the life-line of German plans in Central Africa.

And in this collapse of Germany's overseas empire may be found one more incentive to German activity in Central Europe, in the Balkans and in Asiatic Turkey. Since sea power had demonstrated the helplessness of Germany beyond the mainland, since her colonial establishments had disappeared, it was patent that if Germany were to have her place upon the map, a place commensurate with her real greatness, it must be sought where her armies could march and where British sea power could not reach. And this led inevitably to the great pan-German dream, to Mitteleuropa, with its Asiatic extensions, and now when Mitteleuropa is endangered Germany is turning again to Mittelafrika.

I have tried to indicate why any German proposal to evacuate Belgium in return for a restoration of her colonies will be rejected by the Allies. Americans will find their best parallel for this situation in their own history. For a long series of wars, during which time New England and Northern New York were ravaged by Indian bands led by French officers, Quebec was finally conquered by the British with the aid of large colonial contingents. Had the British proposed to return Quebec to France the revolution would have come earlier than it did. The American colonies were resolved to make an end of border warfare and to abolish an enemy frontier. The people of South Africa and of Australia are now of exactly the same mind as American colonists in the middle of the eighteenth century. Their purpose is bound to prevail, and aside from possible Central African arrangements, which are unlikely in the extreme, there is no chance of a restoration of German colonies, not because of British, but colonial sentiment.

SEVEN YEARS' TORTURE

Nothing Helped Him Until He Took "Fruit-a-tives"

ALBERT VARNER.

Buckingham Que., May 3, 1915.

"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston, but without benefit. I tried many remedies, but nothing did me good. Finally, a friend advised 'Fruit-a-tives.' I took this grand fruit medicine and it made me well. I am grateful to 'Fruit-a-tives,' and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take 'Fruit-a-tives,' and you will get well.

"ALBERT VARNER."

Fifty cents a box, 6 for $2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

LICENSE INSPECTOR OF EAST LAMBTON STRICKEN SUDDENLY

Peter McCallum of Forest Dies Unexpectedly at Mount Clemens.

FOREST, Oct. 5.—Peter McCallum, aged 64, license inspector of East Lambton, died very suddenly at Mount Clemens today as he was about to leave for his home here. He went to the health resort about a week ago for the benefit, having been in failing health for some time. Just as he was about to leave for home today he suddenly collapsed, and died a few minutes later.

Mr. McCallum was born in Wellington County, but came to Bosanquet when a boy, and had resided here ever since. He was one of the best-known men in the whole district, and always took a keen interest in public matters. He was a member of the county council for many years, reeve of the township and later warden of the county in 1893. From 1893 until 1898 he represented East Lambton in the Ontario Legislature. In 1906 he was appointed license commissioner of East Lambton, and has fulfilled the duties most ably. Mr. McCallum was prominent in Masonic circles, being a past master of Forest lodge. Besides his wife he leaves one son, William H., of Forest. The remains are being brought home Saturday.

MINERS' AGREEMENT PREVENTS A STRIKE WHILE WAR GOES ON

That Is Providing War Does Not Continue More Than Two Years.

WASHINGTON, Oct. 5.—Bituminous coal miners of the central competitive field won their fight for a general wage increase tonight, when operators and miners' representatives in conference here reached a compromise agreement on the terms of a new contract. The agreement presages a wage rise throughout the industry, since the central field scale serves as a basis for all other districts and a corresponding advance in the Government's fixed price for coal.

The new contract will contain provisions to prevent strikes and lock-outs, and will be so drawn as to make it impossible for either operators or miners to break it on the grounds of changed conditions. It will run for the duration of the war, provided the war does not continue more than two years.

TO LIFT COAL EMBARGO WHEN WEST IS SATISFIED

WASHINGTON, Oct. 5.—To make effective the fuel administration's declaration of an embargo on coal exports to Canada, the exports administrative board tonight issued an order putting take shipments to the Dominion under license restrictions. For the present no licenses will be granted, but when the Northwestern States have been supplied with winter stores shipments will be resumed under the new licensing arrangements.

PRESENTED WITH $25.

DORCHESTER, Oct. 5.—Pte. Charles Wilson, who enlisted here with the 135th Battalion, is home from France. While in the hospital suffering from gas poisoning he also underwent an operation for appendicitis.

At the close of Wednesday night's concert in the town hall, the chairman, Frank Boyes, made a short extemporaneous address, and presented the young soldier with $25. Pte. Wilson is the second Dorchester boy to be invalided home within the last few weeks.

The sale of tags at Donnybrook fair, in aid of the local Red Cross organization, amounted to $88.07.

PRO-CONSCRIPTION LIBERALS ARRANGE FOR A CONVENTION

Set Date for Meeting at Hamilton to Frame Policy.

DISTRICT MEN PRESENT

Major Hume Cronyn Says Ottawa Developments May Cancel Meeting.

TORONTO, Oct. 5.—It became known today that a meeting of conscriptionist Liberals was held here on the evening of September 24, to consider the political situation, and decide on a course of action for those Liberals who do not indorse the stand taken by the present leader of the party on conscription.

Delegates were present from practically all the more important centres in Ontario west of Toronto, and a few of the towns immediately east were represented. The delegates decided that it was advisable and necessary to call a convention of Liberals who approve of the military service act, and its immediate enforcement, and in addition, the conscription of the wealth, material and productive resources of Canada for the carrying on of the war.

The object of this convention will be to adopt a platform, provide an organization for the support of candidates pledged thereto and select a leader for this group of the Liberal party.

A committee was appointed to make arrangements for the convention, which, it has been decided, will be held at the Connaught Hotel, Hamilton, starting at 10 o'clock on the forenoon of October 25.

Western Ontarians Present.

Those in attendance included: Dr. Brown, Camlachie; John Bain, Ottawa; Hugh Bertram, Vinemount; T. B. Caldwell, Lanark; J. A. Campbell, Ormond; Wm. Calder, Durham; Major Hume Cronyn, Lieut.-Col. William Gartshore, London; J. L. Counsell, Philip Davis, of Forest; Rev. Hilroy, A. V. H. B. Greening, Rev. Hilroy, A. V. Young, Hamilton; T. B. Dundas, Wallaceburg; Elmer Davis, A. W. Richardson, Kingston; Hal Donly, Simcoe; J. G. Kerr and Wm. Anderson, Chatham; Dr. Angus McKinnon and Alex Stewart, Guelph; Robert Towers, Sarnia; Lloyd Harris, W. B. Preston, Jos. Ruddy, Logan; M. Waterous, Brantford; H. J. Pettyplece, Forest; T. B. Dundas, Wallaceburg; John T. James, Bridgeburg; R. J. McLaughlin, K.C., Thomas Stewart, Lindsay; George McLagan, Stratford; W. W. McBain, W. T. Tudhope, Orillia; G. F. McKim, Smiths Falls; Thos. L. Russell, St. Marys; David Williams, Collingwood; Alex R. Goldie, Galt; C. C. Ingram Wilson, Ingersoll; and in addition, A. E. Ames, G. G. S. Lindsay, K.C., H. M. Mowat, K.C., and Thomas J. Findley, Z. H. Gundy and other Toronto Liberals.

MAY BE NO FURTHER MEETING.

When asked by The Advertiser as to the meeting referred to above Major Hume Cronyn said that the matter depended largely upon the results at Ottawa. It was possible that no further meeting would be held, and Major Cronyn had no word up to the present time as to when another meeting would be held.

Major Cronyn said that it could not be stated that anything had been definitely decided at the meeting in September, and that word was now being awaited as to further developments.

Lieut.-Col. Gartshore, also mentioned in the above dispatch as having attended the meeting, is out of the city.

NOTHING WOULD PLEASE TORY JINGOS BETTER THAN LAURIER OUT

MONTREAL, Oct. 5.—"Nothing would bring greater rejoicing to the Tory jingos than the announcement of the great leader's retirement," says Le Canada, the Liberal French morning newspaper of this city, in an article on Sir Wilfrid Laurier.

"His name at the head of the national Liberal party is a battle flag beneath which lies the road to honor and along which he will lead the party victory. It goes without saying that the Province of Quebec is heart and hand with him and cannot conceive any conditions under which she could possibly follow another leader.

"There are even in the Conservative party many men of same reasoning and right comprehension, who see in Sir Wilfrid alone the safety of the Dominion."

SEA RAIDER MAY HAVE LANDED STR. WAIRUNA

VICTORIA, Oct. 5.—Speculation has been revived in shipping circles regarding the fate of the British steamer Wairuna and her crew, following the announcement from Washington reporting a German raider in the South Pacific.

The Wairuna is now 100 days overdue on a voyage from Auncland to San Francisco, California, and hope for the safety of the freighter was long ago abandoned.

MASONS VISIT INGERSOLL.

INGERSOLL, Oct. 5.—Between 75 and 100 St. Thomas Masons tonight paid a fraternal visit to King Hiram Lodge, A., F. and A. M. Degrees were conferred by the visiting brethren, after which an enjoyable social period was spent.

BATHE INTERNALLY AND KEEP WELL!

Nature has mightily equipped us all, old and young, to resist disease—but she requires that we give her a chance.

We give her no chance if we permit the Lower Intestine to be more or less clogged with accumulated waste. Yet that is a universal condition today, as is proven by the number of laxative drugs that are consumed.

You can help Nature in Nature's most effectual way by Internal Bathing, and in an easy, non-habit-forming way keep the Intestine as sweet and clean as Nature demands it to be for perfect health and surer defence against contagion. Over half a million keen, bright, healthy people testify to its result.

Mrs. C. G. M. (name on request) of Strathroy, Ont., writes:

I am pleased to have this opportunity of testifying to the merits of the J. B. L. Cascade. I have been using it now for a year with satisfactory results. I am an old woman, but my health is so improved that I have a renewed lease of life. You are at liberty to give my address to anyone privately who may desire to write to me regarding the Cascade.

Just call at the Standard Drug Company, Limited, London, and request free booklet, "Why Man of Today is Only 50 Per Cent Efficient." The most efficient device for Internal Bathing. The "J. B. L. Cascade" will also be shown and explained to you if you so desire. If you prefer, write for Booklet to Dr. Chas. A. Tyrrell, 163 College street, Toronto.

Bad Complexions Peeled Off at Home

The girl with the poor complexion complains, "I have to touch up my cheeks. I am sallow and a sight, and only my makeup saves me."

Now, as a matter of fact, more women spoil their good looks than improve them with cosmetics. The practice certainly is unnecessary, now that the virtues of ordinary mercolized wax as a beautifier have become known. It has been found that the wax has wonderful absorbent powers. It causes the faded or discolored scarf skin to flake off in minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all. In this way the old complexion is actually removed—likewise all fine lines, freckles, pimples, blotches, moth patches and other surface defects. A new complexion appears—a clear, smooth, youthful, healthy-hued skin such as no paint, powder or cream can produce. Mercolized wax, to be had at any drug store in convenient size package, is applied like cold cream and allowed to remain on over night.—Advt.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or grey. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, grey, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all grey hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Well-dressed, but not over-dressed. The quiet, refined and restrained style of

MUSIC IN THE HOME

Conducted by A. Minor.

FORMER LONDON MUSICIAN DOING WAR SERVICE ACROSS BORDER AS U. S. A. ARMY SINGING INSTRUCTOR

Arthur Lawrason Considers Community Work Under System Which Provides Organized Music for Sammies—Makes Tuberculosis Soldiers at Byron Happy With Talking Machine and Records.

The American Government has grasped the fact that music has an inspirational and beneficial effect on soldiers, both in training and on service. In this, as in other things, the great American republic has doubtless learned much from observation of the other countries which have been in the war for three years, and has profited by their mistakes. In any case, the Government has taken up the work of organizing music for the army, just as it has taken up rationing, equipping and medical service. The musical end comes under the head of "community work," and instructors are being appointed to teach community, or choral singing in the various camps.

London has an association with this from the fact that a former Londoner, Arthur Lawrason, who has achieved much fame in the musical world since going to New York a number of years ago, has been approached in regard to taking up this community work for the army. Paying a recent visit to his old home in this city, Mr. Lawrason referred to this opportunity for rendering war-time service in the way for which he is so well adapted.

"Is anything of the kind being done in Canada?" he wanted to know, continuing: "Glad as I will be to render service on the other side, I would like to take up something like this for the soldiers over here. After all, Canada is my own country, though I have lived a good many years in the United States."

By the way, Mr. Lawrason is rendering a bit of war-time service in his native city, London, which is going to be much appreciated. As might be expected, it is along the line of music. He has recently donated one of the latest and most up-to-date ideas in music boxes to the Byron Sanatorium for tuberculous soldiers. The beginning of this week it was in the customs house waiting to be released.

Following his decision to donate the "talking machine," he put a little advertisement in a well-known American musical journal, asking musicians who had records with which they were willing to part, in order to make happier tuberculous soldiers, to forward them to him. He had a regular flood of supplies from all parts of the United States, east and west, north and south, New York State, the New England states, Kentucky, Texas, Florida, Illinois, even all the way from California. As a result, he has about two hundred records which have thus been donated by American musicians for the patients in the Byron Sanatorium for tuberculous soldiers.

LONDON'S FIRST JUVENILE PIPER

MASTER CHARLES WESLEY McCARTHY.

LONDON GIRL'S VOICE WAS COMPLETELY CHANGED IN EUROPE

Contralto Here, Miss Cullis Become Soprano in Germany.

Miss Frances Cullis, who has recently accepted the position of contralto soloist of the Askin Street Methodist Church, had an unusual experience when she went abroad to study some years ago. She had always been regarded as a contralto here, but when she began studying under Francis Bohr in London, England, she was told by him that her voice wasn't contralto quality at all, but mezzo soprano. To her surprise, she found that she could sing higher with ease than ever before, and could take A without effort. Then she went to Germany to continue her voice development work and receive coaching under Dr. Thomas Sandgall in Freiburg.

"Contralto? Nonsense," said Sandgall. "It is absurd to train you for that. Why you are a pure soprano." And Miss Cullis found herself warbling high C with no strain at all. She was almost convinced that Canadian teachers had been mistaken before, and it must have been imagination that she couldn't sing above G back at home. Then she returned to Canada and she wondered if she had been dreaming about her studies abroad, and the effect of the climate over in England and Germany on her voice. If her experience was a real one, in some magic manner her voice had lowered again. And that was exactly what had happened. She felt sure that even the celebrated woman teacher of singing with the man's name, Dr. Thomas Sandgall, would be convinced the voice was contralto and not high soprano if she could hear it in Canada.

With the exception of eight or nine months when she took a solo position in the Wellington Street Methodist Church, Miss Cullis has been contralto soloist for the past eight years in the First Presbyterian Church. During that time she has studied with A. M. Straub in Detroit, and has been advised by him to take up operatic work or concert work more extensively. She has kept to church work, largely, however, taking concert engagements when they have not interfered with this. She has appeared in concert in Chicago and the Canadian West.

Leaving the First Presbyterian Church for her has been a good deal like leaving home, though she is looking forward to enjoying work in the Askin Street Methodist choir under the directorship of E. W. G. Quantz.

COMPLETE MASTERY OF PROGRAM BUILDING ART

Miss Merlyn Pococke Has More Than Good Voice to Win Place in Musical World.

Miss Merlyn Pococke, who both surprised and delighted her audience at the recital given by her on Thursday evening in Wesley Hall, is to be congratulated among many other things, upon her mastery of the art of program building. In the first place, she had chosen beautiful numbers. Following the plan of many famous artists, she placed her big arias first. In the numbers following, just the right contrast was achieved by their placing to keep the interest of the listeners keyed up all the time.

"In Italy," by Jeanne M. Boyd, which was the final offering, was the kind of a song to send everybody home happy, an ecstatic burst of joyous, sparkling melody, like brilliants spilled from a basket.

While Miss Pococke had ample opportunity to reveal her unusual dramatic power, no number could have been better chosen to demonstrate the fine control of tone she has achieved, and her nice artistic appreciation, than "Soft-Footed Snow" (Sigurd Lie), managed with a sustained evenness of tone and a gentleness that was like a muted violin, like the noiseless sound of snowflakes falling. A number that will live in the memory of those who heard it was Bliss Carmen's poem of pathos, "A Sea Drift," wedded to music by Brander.

And, of course, everyone who heard her is talking about her brilliant achievement in the interpretation of the aria, "Che Faro" (Orpheus), by Gluck.

Miss Pococke has much more than a good voice with which to bid for a place in the musical world. She has intelligence, perseverance, a sense of humor, artistic feeling and real dramatic power.

Opening Recital.

The Woman's Music Club is extending an invitation to all musical people of the city who are interested, men as well as women, to attend the opening recital of the season on Wednesday, October 17, and at 4 o'clock in the Normal School.

Among those taking part will be Miss Anna Cochrill, soprano; Miss Dorinda Abbott, contralto; Mrs. Charles Ivey, violinist, and Miss Eula B. Kennedy, pianist.

Trio Rehearsals

A member of the reorganized London Instrumental Trio, states that rehearsals have begun this week with much enthusiasm on works of Beethoven, Reisiger, Mendelssohn, Widor and other composers. A few evenings ago, it is stated, the trio lost track of time and kept on deeply interested until midnight.

While the name, "London Instrumental Trio" has been retained, only one member of the organization which did such artistic work the past two years, is identified with the new one. Gladstone Paul is again taking the 'cello part, with Grant Milligan, violinist, and Clarence Gilmour, pianist.

JEWELS, PRIZED AS GRATEFUL PUPIL'S GIFT, RECOVERED

Stolen Trinkets Returned by Law's Long Arm.

MARKED UNUSUAL EVENT

Were Present From American Prima Donna, Whose Career Was Unusual One.

Arthur Lawrason had hoped to enjoy a whole month of rest and holiday in London this fall, but after only a few days here, he was called back to New York on business on October 1.

Following the telegram which made imperative his immediate departure for New York, another arrived announcing that jewelry which had been stolen from him during the spring had been recovered through a burglar insurance company, and would be restored to him when he claimed it. After his first feeling of delight, he was struck by a coincidence in regard to dates in connection with one piece of the stolen property. The story is as follows:

In 1916, on October 1, Arthur Lawrason arrived in London, England on a rather unusual mission, to coach one of his finest pupils for making her debut in the Regent Theatre.

Some years ago, when the dancing craze was at its height in New York, quite superseding music and other arts for entertainment, small fortunes were made by clever dancers who pleased the public fancy. Among these was a beautiful young girl named Ida Adams, who out of her successful engagements had laid by as much as $100,000. With others, she was intelligent enough to recognize the fact that the dancing mania would wane, and was one of the early stars to take note of the first signs of changing taste. She knew she had a very good voice, and like many others, set zealously to work to improve it, in order to be prepared against the day of emergency when graceful dancing alone would not earn a livelihood.

She was accepted as a pupil by Arthur Lawrason, widely known because of the many pupils who had developed into operatic success under his training.

Ida Adams was young, beautiful and had a large competency which she had earned herself. It wasn't long till the discovery was made that she had a dramatic soprano voice of unusual beauty and capability of development, in addition to the artistic appreciation which would insure her success in another field besides dancing. Just when the outlook appeared very bright, the future was marred by dark clouds. A very real tragedy threatened, that of blindness. Her eyes had been troubling for some time. The doctors diagnosed the case as tuberculosis of the eyes. It was only a question of time, in their opinion, until the light would go out permanently. It was a brave struggle the girl put up with despair, backed by good friends. Her singing kept her from giving up entirely. Then came the first ray of hope. Her eyes were improving. Still more skilful specialists pronounced the trouble as merely a nervous breakdown. From that time her recovery was steady and rapid, and all the time her voice was becoming truer, more rounded and beautiful. At last came her big opportunity. The conductor of the Regent Theatre, London, heard her and was so well pleased he decided to spring a surprise by bringing out a beautiful young American prima donna at the opening in October.

Wanted Teacher's Aid.

Then Ida Adams's courage failed her. "I cannot do it," she told her teacher, "unless you will come over to London for some weeks before and coach me."

Arthur Lawrason was about to move his studio. He had a long list of pupils, "I can't get away," was his reply.

"If it is a matter of money" (and he admitted it was, in part), said the girl, "make out how much it would cost you to leave your pupils for six weeks, how much it will cost you to have your apartments moved in your absence, and how much your charges are. Give me the statement. I think I can afford to pay you, but I can't afford to miss this opportunity."

Mr. Lawrason had his business manager prepare the statement, and presented it to his ambitious pupil. She proved herself as good a business woman as an artist. She came back the next day and laid the money on his table, with the announcement that now that part was settled, she wanted him to arrange to start for England as quickly as possible. That was September 23. October 1, he arrived in London, and that night there was a big air raid. Hearing cheers in the street, he ran out from his hotel to ask what it was about. He was told a huge German zeppelin had been brought down some miles away.

October 2, 1916, as Arthur Lawrason walked down Bond street, London, an open jewel case in a window attracted his attention, containing as it did an evening set of cufflinks, studs and vest buttons of unusual beauty. They were of pearl, rimmed with platinum and tiny diamond chips.

Gift of Grateful Pupil.

During the week which followed, his mind was largely occupied with getting his talented pupil ready for her debut. The trial night came and proved a tremendous success. Miss Adams was overjoyed, and gave a large share of the credit to the coaching received from Mr. Lawrason. In order to show her appreciation, she gave a luncheon in his honor. At the close, she asked the butler to bring a parcel from a certain place where she had left it. When it came, a grey suede box, she presented it to her teacher. To his amazement and delight, it contained the handsome evening set in pearl, platinum and diamond he had admired in the window of the Bond street shop the second day he was in London.

He wore the full set in London the first night he played accompaniments for another of his famous pupils, Madame Regina Vicarino, when she appeared at one of the concerts of the Musical Art Society in the spring.

Shortly after that, a pupil brought to his studio in the Nevada apartments a friend, a Porto Rican. The guest repaid the hospitality extended to him by helping himself to what he wanted from Mr. Lawrason's jewel box filled with gifts from friends and pupils. Among these "trinkets" was something Mr. Lawrason especially valued, the cufflinks of his pearl and platinum evening set. Apart from their intrinsic worth and the fact that they were a gift, he didn't enjoy the idea of having his set broken.

But he persistently refused to prosecute the Porto Rican. However, the "long arm of the law" finally got the offender through the burglar insurance company. Mr. Lawrason would arrive back in New York on Tuesday, October 2, and get again into his possession the cufflinks he had seen and admired for the first time exactly a year before.

MISS FRANCES CULLIS ACCEPTS NEW POSITION AS CONTRALTO SOLOIST

BOY CORNETIST IS FIRST JUVENILE IN CITY TO BE PIPER

Comes of Unusually Talented Musical Family.

Master Charles Wesley McCarthy, son of Mr. and Mrs. J. W. McCarthy, who has the distinction of being the first juvenile in London to learn the bagpipes, is also a cornetist of marked ability. Tomorrow night, in fact, he is playing a solo at the sacred concert in the Majestic Theatre, and his cornet work was a feature which aroused much enthusiasm at the festival of music and dancing arranged by Mrs. Alice Henderson last spring. Charlie, moveover, played on this occasion with the Juvenile Pipe Band, of which he is a leading member.

Charlie probably is distinguished as being London's original juvenile piper owing to a combination of circumstances. In the first place he belongs to a musical family, for some generations back. He has marked musical talent himself, and was a skillful performer on the cornet when one day Mrs. Alice Henderson, who is a friend of his mother, mentioned that she was thinking of organizing a Juvenile Pipe Band to furnish the music for the Scotch dancing of her pupils (famous dancing, at that). Now, it so happened that once upon a time a Scotch gentleman had presented a "chanter" to the McCarthy family. Learning to play on any instrument, as everybody knows, isn't particularly enjoyable for the listeners. Has it entered into the head of the average individual to conceive what it must be to listen to the operation of learning to play tunes on an instrument of the lung power and other well-known qualities of the bagpipes?

In any case, a merciful dispensation has ordained that learning tunes on the bagpipes shall be in the nature of absent treatment, with the chanter as a substitute. When the chanter has been mastered the aspirant for pibroch honors learns to blow up a tune, and otherwise manipulate the awesome pipes, then proceeds to play, without further ado, the tunes that just need to be transferred from the chanter.

"I believe I will make use of that chanter of ours," said Mrs. McCarthy, when she heard about the juvenile pipe band. Charlie was just as interested as his mother, and forthwith set out to learn the chanter and the pipes under Pipe Major MacDonald. This was a year ago last July. In the meantime several other London juniors have taken up the pipes, and these, with the drummers, form the juvenile pipe band which provided music at the Western Fair, and is already becoming quite famous.

Charlie was only seven years old when his parents attended a concert one evening, and were very much pleased with a cornet solo. They made up their minds they would like to have a cornet and probably have one of the children learn it. Charlie took to it at once, and was fortunate in having an older sister, Lillian, learning the piano, who could play his accompaniments.

Five younger children than Charlie in the McCarthy family also show marked musical talent. There is a wee tot of a girl, just five years old, who is perfect in rhythm. As the big brother plays she seizes the drum sticks and beats on anything which is convenient in absolute time. Then there are two little boys between her and Charlie who are also making good progress with the piano. The drummer girl has wanted a violin ever since she was three, and hearing that Isolde Menges, the famous English violinist, who was here last week, had started the violin when she was just three, the McCarthy parents are considering the advisability of letting their little daughter make a beginning in her musical career as early as possible.

A picture of Master Charles Wesley McCarthy, London's original juvenile piper, appears on this page today.

ORGANISTS' CLUB DISCUSSES BYLAWS FOR CONSTITUTION

Members Have Delayed Making Legislation Until Present.

The London Organists' Club held the first meeting of its second season this week at the home of Mr. and Mrs. J. Parnell Morris, when E. W. G. Quantz, the new president, was in the chair, and Miss Annie Arnold, secretary, took her duties for the first time.

A large share of the time allotted to business was devoted to discussion of the constitution which is to be drafted, the idea being at the time of organization, a year ago, that it would be well to wait to discover the points to be covered before making legislation.

The social hour was most enjoyable, Mrs. Morris serving tempting refreshments. The club is looking forward to a fine season.

Grace Notes

Madame Regina Vicarino was so delighted with her reception in London on the occasion of her appearance here at a Musical Art Society concert last spring that she is hoping a return visit will be possible with the Creatore Opera Company this season. She is going to do her best to induce the famous Creatore, who has organized the company, to include London in the tour outside of New York, and present "Rigoletto." Madame Vicarino has the leading coloratura soprano role in this as in other operas being presented.

What Doctors Use For Eczema

A soothing combination of Oil of Wintergreen, Thymol and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing skin diseases. W. T. Strong, druggist; Taylor Drug Company, Six Stores, London.

D.D.D.
The Liquid Wash

Catarrhal Deafness May Be Overcome

A Simple, Safe and Reliable Way That Calls for No Ugly Trumpets, Phones or Other Instruments.

To be deaf is very annoying and embarrassing. People who are deaf are generally mighty sensitive on this subject. And yet many deaf folks carry around instruments that call attention to their infirmity. Therefore, people who are hard of hearing, who suffer from head noises, or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents' cost that is really quite efficient in relieving the disagreeable deafness and head noises caused by catarrh.

From any drug store get one ounce of Parmint (double strength) about 90c worth. Take this home and put it into a simple syrup made of ½ pint of hot water and four ounces of ordinary granulated sugar. Take a teaspoonful four times a day.

This treatment should by tonic action reduce the inflammation in the middle ear that a catarrhal condition would be likely to cause and with the inflammation gone, the distressing head noises, headaches, cloudy thinking and that dull feeling in the ears should gradually disappear. Anyone who suffers from catarrh, catarrhal deafness or head noises should give Parmint a trial. It is pleasant to take and is quite inexpensive.—Advt.

Overworked Women

There is a never ceasing treadmill of work in the modern woman's home; ambition to keep the house neat and attractive, the children well dressed and the family well fed and the constant struggle with cooking, washing, ironing, dusting, mending and sewing, to say nothing of social duties, often bring on some feminine disorder; physical weakness develops and every day becomes a period of misery.

To thousands of such women

Lydia E. Pinkham's Vegetable Compound

has brought health and strength and happiness. To prove this

Read what these women say.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down pains and backache, and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I worked in a factory all day long besides doing my housework, so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. Abel Lawson, 126 Lippitt St., Providence, R. I.

This is an unsolicited testimonial, published by Mrs. Lawson's permission in the hope that it may help other women.

Prescott, Ark.—"When I began taking your Compound I was in a serious condition caused by overtaxing my strength. For years I carried heavy buckets of water to the horses and cows. I would help set, replant, hoe and cut tobacco, and help to hang it in the shed by handing it up to the one above me. All this I have done besides my housework for a family of five, baking, washing and ironing, and tended my garden and raised chickens. I became irregular and extremely nervous. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me and it has restored me to health. I have become regular and am cured of that cold feeling, and my nerves are stronger. I cannot praise the Compound too highly and hope some suffering woman will read my letter and take heart and give it a trial."—Mrs R. Kinnison, R. R. No. 1, Prescott, Ark.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. Robert Stopiel, Moore Avenue, Washington Park, Illinois.

If you have such illness as Mrs. Stopiel had, can you afford not to use what cured her?

For forty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for woman's ills and is more popular today than ever. Lydia E. Pinkham Med. Co., Lynn, Mass.

THEY ALL WANT PEACE.

AUSTRIA-HUNGARY is sick of militarism and war and longs only for the day when peace shall reign and boundaries be secured without the maintenance of an armed force to guard them. The war against militarism is won so far as the dual monarchy is concerned.

Realization that the condition she now desires is the object of the Allies has not yet come; it may come before peace is declared or it may not, but it will come eventually.

Count Czernin has reached the conclusion that complete disarmament is the only salvation of the world. If he is honest and will look back over the last decade or more he cannot fail to see that the great hindrance to the reaching of such an ideal has been Germany with her militaristic creed of "might is right." From that to the desirability of eliminating this obstacle is just a step, and this elimination is the avowed and actual aim of the nations against whom his fellow-countrymen are fighting so desperately.

Peace is the desire of the German people, too, but so far they seem unable to recognize any way of obtaining it save one—victory in battle. They cannot yet see that this victory by Germany would make impossible a lasting peace, and would lead to years of increasing armament, continued until another great war had to be fought.

It is an encouraging sign, however, that peace is the real hope of the enemies; that war is becoming hideous in their eyes and that they are turning from it as a solution to problems. Reprisals by British airmen may intensify this feeling by bringing the awful effects of bombs and shells nearer home, and if they do they will achieve a great purpose. If the Teutonic nations bend their energies towards peace, seeking only the quickest and surest path, the end of the struggle may be nearer than now appears.

THE REAL MR. BALLANTYNE.

HON C. C. BALLANTYNE, the new minister of public works, did not desert the Liberal party for the first time when he entered the Borden cabinet a few days ago. Although he is hailed with delighted press notices as one who comes from the fount of all knowledge, to wit, true Liberalism, it is just as well for the public to know that in 1911 Mr. Ballantyne was also amongst those missing from the Reform ranks.

He, like the "noble eighteen" of C. N. R. and other affiliations, found that he was not a Liberal so far as reciprocity and the other issues of 1911 were concerned and declared against the Liberals. So that in the last election and the coming election Mr. Ballantyne has been a Conservative, a matter of six years at least.

He is a director of the Canada Cement Company, and like other wealthy men, has investments in a variety of concerns, many of which converted their machinery into munition making, according to information from Montreal. The Canada Cement Company succeeded in obtaining munition contracts which have been several times repeated, and out of which the company has made considerable profits.

Mr. Ballantyne describes himself as a "win-the-war" Liberal, and in this he differs from no other Liberal. But he is also an "anti-reciprocity" Liberal, who went over to the Conservatives when there were no wars to win, except the war of the gigantic interests that have so much to say about such things as the C. N. R. deal.

Mr. Ballantyne has also been identified with military affairs, having organized and taken to England a Montreal battalion. He took the battalion to England in April and returned to Canada in July.

THE $60,000,000 MYSTERY.

IF AUTHORIZED by the Parliament of Canada the Governor-in-Council may, on such terms and conditions (if any) as Parliament may prescribe, at any time while any event of default may exist, and be continuing, by order declare **THE EQUITY OF REDEMPTION OF THE CANADIAN NORTHERN AND OF ALL OTHER PERSONS WHOMSOEVER IN THE MORTGAGED PREMISES TO BE FORECLOSED,** and thereupon the equity of redemption of the Canadian Northern (and of such other persons) in the mortgaged premises, and every part thereof, **SHALL BE AND BECOME ABSOLUTELY BARRED AND FORECLOSED,** and the same shall thereupon be vested in His Majesty, in right of the Dominion of Canada, any statutory enactment or any rule of law or equity to the contrary notwithstanding.—Section 24 of the contract entered into in 1914 between the Borden Government and the C. N. R. providing for the operation of foreclosure for the benefit of the people, who had just loaned $45,000,000 to the road. Default has occurred twice since this contract was signed.

GERMANY IN BELGIUM.

IN THE GERMAN proposals regarding Belgium it is notable that they insist on the division their administration has made between the Flemish and Walloon sections being maintained. The Flemish Belgians speak practically Dutch, a low-German language, while the Walloons are French. Germany's aim has been, not only since but before 1914, to divide Belgium against itself, hoping to curry favor with the Flemings, the more numerous part of the Belgian population, and to plant in them the racial, pan-Germanic idea.

What the Germans have been doing openly and administratively since the invasion, their agents had been preparing, mole-fashion, for years before. They were sneaking and cheating their way into control of Belgian industry. Professor Nyrap, a Dane, writes in his book, "Is War Civilization?" of the fraudulence and arroganee with which German business advances in the weaker countries. Trade-pushing in Antwerp and political spying went together. The coup of 1914 was long more or less consciously expected, and all was made ready, from soft-soaping the Flemings to the accumulation of information for Berlin. The German Government now insists on two fruits of long labor, the political division of Belgium and Hun control over business, especially in the Flemish capital, Antwerp, the bridgehead against England.

INDIA'S MAN POWER.

THE statement by S. Subramaniem, honorary president of the India Home Rule League, that, if given autonomy, India would provide 10,000,000 men for service against the enemy, is interesting, not because of its political aspect but because it serves to draw attention to the tremendous man power of the British Empire still untouched by the war. India has done well in sending men and money to Europe, but her resources in the former are still practically untouched.

The total population of British India is something over 300,000,000, including about 50,000,000 men. There have been sent overseas in the war perhaps 100,000, a negligible proportion of the available material. It is not lack of autonomy or lack of willingness that has prevented or does prevent hundreds of thousands of Indians taking up arms against the Turks, the German or the Austrian, but chiefly shortage of transportation facilities. It is a long trip from India to Europe and transports are few. To take any considerable body of troops through the submarine-infested waters would require more ships and more time than the Allies can spare for the purpose.

There are arguments in favor of autonomy for India, but the one used by Mr. Subramaniem carries no weight whatever. India is not waiting for this species of freedom before doing her duty to the Empire. If she were, she would be unworthy of autonomy. The Indians are eager to face the foe, but find it difficult to reach the lands where he is entrenched, and this condition cannot be overcome by home rule.

15,000 TO "STACK THE CARDS."

FIFTEEN thousand enumerators for the preparation of the voters' list in the coming Dominion elections are to be appointed by the Borden administration. Those outside the Conservative party will do well to realize the power placed in the hands of the Government by this means. Judging by the record of the Government, it is altogether probable that the appointment of enumerators will be made according to their willingness to serve the party and not the voters.

The loaded election act is thus strengthened. Was ever a Government so terribly troubled before, that it must needs resort to every method of trickery in an effort to grasp power?

BRITAIN DECIDES ON REPRISALS.

"LET THE punishmnt fit the crime." Great Britain came reluctantly to adopt reprisals against the German baby-killers and hospital-destroyers. Lloyd George, a humanitarian to the soles of his feet, saw the sickening sights that followed the German slaying tours, and promised that the cities of Germany should be repaid with "compound interest." The philosophy of his decision is that a man cannot reason with an alligator or a rattlesnake. But the grim humor of the matter is to come later. Watch for the wails that will go up from Germany when the first of her cities has been smashed to pieces by the intrepid aviators of Britain, burning with the desire righteously to avenge the blackest crimes of the Potsdam butcher.

EDITORIAL NOTES.

Germans complain of French reprisals as barbarities. The murderer never approves of the capital punishment.

The best peace policy Russia could contrive would be organization of national effort towards defeating Germany.

Two German raiders at large in the South Pacific. There's a chance for the United States navy to distinguish itself.

There have been few public holidays in Germany recently to mark victories. The Russian front is the only hope of the school children.

In the east the Germans call to the Russians: "Come out of the trenches." In the west the British call to the Germans: "Come out of the trenches." Yet the invitations have vastly different meanings.

The rush at Ottawa to fill all vacant Government positions with Conservatives, and the efforts to make these jobs secure, does not denote confidence on the part of the Government in its return to power.

If all the Liberal candidates who have unpleasant truths to tell about the Government are to be offered acclamations to keep quiet, and if they accept them, there will be no Conservatives in the next Parliament.

Those American officers who, says a dispatch, are convinced that the Teutons are covering a great withdrawal of their line in the west, are to be congratulated on their discernment. Some Canadian, British, French and Belgian officers studying the situation at closer range also believe they see signs of a withdrawal.

THE AIRPLANE AND THE OLD MAN.

[Toronto Telegram.]

A 92-year-old resident of Beaverton saw an airplane for the first time last week, when an aviator from Camp Borden alighted in the capital of Thorah Township.

The man who saw an airplane for the first time in September, 1917, was born ten years after George Stephenson constructed the first locomotive in 1814, and was five years old when the first railway, the Liverpool and Manchester, was opened in 1830. A lifetime that begins in 1825 and extends to 1917 covers more triumphs in inventive genius than all the other spans of life in human history.

THE PIG IN THE POKE.

[Brantford Expositor.]

Premier Borden met with poor success in his efforts to induce representative Western Liberals to enter a union government. Would he have been listened to for a moment had he disclosed to these men the nature of the franchise bill which his Government was about to introduce? And would it have been introduced at all had they accepted his invitation?

ROMANCING RONALD.
By Archey Cameron New.

"This stock company is crampin' my style," complained Charlie Zepp, the prolific press agent of the Olympia, to Hazel Dwyer, the "heavy" woman of the company, as, seated in a box, they watched the morning rehearsal. "Same old stuff—day in and day out. Give me vaudeville any day. Why, there ain't been a new stunt pulled off here for a month!"

"Sure there is," answered Miss Dwyer, sweetly, "but it takes brains to find it." And unmindful of the spluttering protest that rose to his lips, she added, scornfully, "Who's standing the gaff, anyway? You've got it soft, Charlie. Here we are, studying one piece, rehearsing another, and playing a third." She gave him a sly look out of the corner of her eyes, and went on, "Ronald Cannoles hardly gets any time to carry on his lecture work."

Zepp bounded out of his chair and faced her excitedly.

"What's is," he demanded, all alert. "Lecture work? Where? When? What d'ye know?"

Miss Dwyer regarded him calmly, with a twinkle of amusement in her eyes. "How'd you enjoy your vacation, Charlie?" she asked, laughing in his face.

"Ah, cut it out," he snarled, impatiently. "I've been on the job. But how long has this been goin' on?"

"You're right nice when you're sober," she told him, and inwardly rejoiced at his scowl, "so I'll tip you off. Old man Forrest introduced him to a good-looking girl who's teaching at a girl's school. Then Forrest, with an eye on the box-office, tips her off that Cannoles only plays juvenile for the love of it—that he's a regular bug on Shakespeare—"

"Help!" Interrupted Zepp. "Shakespeare? Shades of Budweiser!"

"So the girl coaxed him out to the seminary," continued Miss Dwyer, disregarding the interruption. "Ronnie wasn't very keen for it, but she turned on all the horsepower in those beautiful brown lamps o' hers, and Ronnie weakens. He went out to the school and gave 'em an earful about Romeo and Juliet and Macbeth, on two succeeding Fridays, and Saturday matinees looked like a selective draft of 16-year-old sundae sippers had been conducted. And the nice little highbrow teacher isn't above taking a box with her family, just to get a close-up of him; then they strolled him back to family dinner. He's due for Hamlet next Friday afternoon."

"Oh, boy!" gurgled Zepp ecstatically "Local interest—intellectual treat—heart stuff—all that! Gosh, what a spread—half a column or more." He shut his eyes in dreamy perspective for an instant, then grabbed his hat. "Jes' watch me. I'm going to romance Ronald up to his ears."

As he started out of the box on the run she called him back. "See here, don't say I told you."

"No need," he replied soothingly. "Little Bright Eyes, which is me, sees everything. Yea 'bo," and he was gone.

* * *

Forrest was leaving his office the following Saturday afternoon, when an irate figure, brandishing a newspaper, loomed up in the doorway.

"Who wrote this?" demanded Ronald Cannoles, heatedly, for it was he.

"What?" queried Forrest, innocently; and laying aside his hat, he reached for the paper and his specs.

"That!" And Cannoles pointed. "The dirty bums. They've ruined me. I—"

"Here, wait a minute till I read it," admonished Forrest, and he scanned the offensive article, his delight increasing with every line, and he turned the paper back to Ronald with a smile from ear to ear. "Some little write-up, Ronald. Charlie Zepp's a bear."

"Some little nothing!" shot back Ronald. "It's—common. It's got me in a devil of a hole. I'm ruined—hear me—ruined." And he groaned dismally.

"What's the kick?" asked Forrest calmly.

"The whole thing's a kick," snapped Ronald, hotly. "Right where I live. See here, it says, 'Following his most interesting lecture, Mr. Cannoles dined at the home of one of the fair members of the faculty. It is rumored that another alliance has been forged by Cupid between stage and college.' Cupid, bah! I'm going to beat Charlie Zepp to a jelly."

"What—for giving you the best boost in years?"

"He's killed me dead," answered Ronald, and he groaned again. "Look. This stuff might go all right with the rabble, but Miss Walters' set is different. She's a lady, and this is an insult to her. I hurried out of my make-up and joined her in the box right after the matinee and she game me the coldest stare I've ever got. I tried to explain that I knew nothing about it, but it was no go. It hurts—I tell you."

"Why?" queried Forrest innocently. "You've got the notoriety now. What do you care?"

"That's just it," cut in Ronald. "I don't care. Confound it, man—I—like Miss Walters."

"Oh!" whistled Forrest, in amazement. "So that's the lay? Well, what's the harm, then?"

"Just this," explained Ronald, impatiently. "Nothing's settled—yet. You can't rush a matter like that. In the first place I've got to overcome her antipathy to stage folk. She's a bug about family—so's her folks. And now this comes along and breaks me right up."

"Don't say that," protested the manager, and he laid a kindly hand on the young man's shoulders. "I know the folks. Just leave it to me. I'll fix it up."

After a few minutes Ronald left the office and Forrest got busy. He phoned a nearby restaurant, and three minutes later he had laid the case before Charlie Zepp.

"But I was doin' my best," whined Charlie. "How'd I know he had a mash on her? What am I to do?"

"Just this," and Forrest bent forward and put his hand on the other's knee. "Get busy and write your hand off. Put in about Cannoles being descended from English nobility—you might slip a lord in the family somewhere—only do it up brown. Tell all about his wonderful college career. How he made the first team in football and leading his class in literature and science at the same time. Put a sneaker in about his chances to go in the diplomatic service, which he passed up so that he might take up the stage and uplift it. Smear it on thick."

Zepp looked at the other, open-mouthed and incredulous, then exploded. "But, hang it all, chief," he demurred, "that's all bunk. It'll cost you advertising rates. That's expensive."

"Hang the expense!" snapped Forrest, impatiently. "I've made a clean-up on him, and he's a fine young man. Go get busy and charge it to me."

Zepp looked at him again, shook his head in a daze and backed out of the office in a daze. In the lobby he ran into Miss Dwyer.

"The heat's got him," he told her, tapping his forehead significantly and pointing to Forrest's office. "This press agent business is a fire-trap; y' never know when you're gonna get burnt."

* * *

"Who's that dame across the way?" demanded Charlie of Hazel two weeks later as they again sat in a box at rehearsal. Charlie was pointing to the opposite box, wherein there sat a beautiful young girl whose shining eyes and smiling, dimpled cheeks followed every movement made by Ronald Cannoles on the stage.

Hazel followed his gaze, then pinched him and whispered, eagerly: "That's her."

"Her who?" echoed Charlie, blankly.

"The teacher," she whispered. "Cannoles' girl. They've made up. Forrest brought 'em together. She's crazy about him. There's your chance, you boob. Romance—gobs of it. Young, pretty teacher attends stock company rehearsals regularly. Object matrimony. Where's your originality?"

"Buried," answered Charlie, grimly. "Never again for this romancing Ronald. Nearly got stung last time. Now I'll wait till it's sure."

"Well, what more proof do you want than that?" demanded Miss Dwyer, in a whisper, and Charlie looked.

Into the opposite box Cannoles had crept quietly, and around Jeannette Walter's neck stole his two arms. Oblivious to their audience opposite, she looked up into his face happily and kissed him.

"I'm weakenin'," confided Charlie to Miss Dwyer, in a hoarse whisper, then he reached for his hat. "Guess I'll play safe and wait for the invitation, though. But it makes me awful thirsty." And he slipped out of the box hurriedly.

Wait a Minute!

Don't Avoid Corns
But Don't Keep Them

With dainty footwear, corns can hardly be avoided. But they matter little when you know the way to end them.

As soon as a corn starts, attach a Blue-jay and forget it. The corn will never pain. In two days, if it is a new corn, it will disappear. Sometimes old corns need a second application.

It is almost as simple as removing a dirt spot. Blue-jay is applied in a jiffy. It fits the toe like a glove. When you remove it—in 48 hours—the whole corn is done for. Blue-jay is a scientific method. A noted chemist invented it, and a famous laboratory prepares it.

It is not mussy, it is not harsh. It centers action on the corn alone, so it doesn't lead to soreness. And it is sure. No corn can resist it. Its millions of users have no dread of corns.

For your own sake, prove it on one corn. See how easily these kill-joys can be ended.

B&B Blue-jay Corn Plasters
Stop Pain Instantly
End Corns Completely
25c Packages at Druggists

BAUER & BLACK, Limited, *Makers of Surgical Dressings, Etc.* Toronto, Canada

How Blue-jay Acts

A is a thin, soft pad which stops the pain by relieving the pressure.

B is the B&B wax, which gently undermines the corn. Usually it takes only 48 hours to end the corn completely.

C is rubber adhesive which sticks without wetting. It wraps around the toe and makes the plaster snug and comfortable.

Blue-jay is applied in a jiffy. After that, one doesn't feel the corn. The action is gentle, and applied to the corn alone. So the corn disappears without soreness.

COALMEN FIND ANOTHER WAY TO INCREASE COST

ST. THOMAS, Oct. 5. — The coal dealers of this city have sent out notices that hereafter wnen coal is delivered in bags 50 cents per ton will be charged to patrons for delivering the coal. As nearly all deliveries of coal are now made in this manner it will cost most people 50 cents per ton more for their coal supply this winter.

CANADIAN'S BIG APPOINTMENT.

MONTREAL, Oct. 5.—Sergt. Wm. Armstrong, athletic instructor of the Montreal Amateur Athletic Association, has been appointed boxing inspector of the United States army. Sergt. Armstrong occupied a similar position with the Canadian army at Valcartier Camp.

PROMINENT AMERICANS WILL HELP ORGANIZE CANADA'S WAR LOAN

NEW YORK, Oct. 5.—In response to urgent appeals from Government and banking officials of Canada, Gilbert B. Bogart and John J. Schumann, assistants to the executive secretary of the distribution committee of the liberty loan committee, will leave tonight for Montreal to confer with authorities of the Dominion, and help to organize a popular patriotic loan across the border. The Canadian Government is planning a popular loan, based in part on the liberty loan plans.

Medical Boards are Ready !

Medical Boards are now ready to examine all men who apply as to their physical fitness for military service. These boards are established throughout this district.

Upon examination, the medical board will classify each applicant according to his fitness; into Category A if he is fit for service in overseas fighting units; Category B if fit for service overseas in Army Medical Corps, Forestry Battalions, etc; Category C if fit for service in Canada only, etc.

Only men whose medical examination places them in Category A will be included amongst those required to join the colours in the first instance; the man placed in any other category will remain at home until men in the category to which he has been assigned are called to the colours. The men placed in Category A may still apply for exemption on any ground.

Men between the ages of 20 to 34 inclusive, who were unmarried or widowers without children on July 6th, 1917, are strongly advised to report before a Medical Board at once. This is the quickest and surest way for them to find out their status under the Act.

Parents and employers are also urged to have those in whose cases they are specially interested visit a Medical Board and undergo examination. The methods of examination are simple and will result in no discomfort or inconvenience.

Now is the time for employers to obtain facts of the greatest value to them in making their calculations. The Medical Boards will determine how many of their employees will be left at home for physical reasons and how many will be selected for service unless an application for exemption be made with success.

Issued by The Military Service Council.

Don't Stop To Count Them

There are 250 cups of strong, rich tea—all from a pound package of Red Rose.

That seems a very large number, but then you must remember that Red Rose Tea is composed chiefly of the strong, rich Assam teas from Northern India, which yield an astonishing amount of tea essence.

Why! You can brew five generous cups from about one cent's worth of Red Rose.

Doesn't it seem a real war-time economy to use Red Rose Tea, which tastes better and goes further?

Miss Alma Smith, nurse-in-training at Victoria Hospital, is holidaying in Ridgetown with relatives.

ONE MEATLESS DAY A WEEK

Cornmeal and Rice Fritters.

1 cupful cold soft-boiled rice, 1 cupful of cornmeal, 1 cupful of milk, ½ cupful of flour, 1 egg, 4 teaspoonfuls of baking powder, 1 teaspoonful of salt, 2 tablespoonfuls of brown sugar.

Put the rice and milk into a bowl and mix well; add the rest of ingredients and the well-beaten egg. If you find it too thick, add a little more milk; it all depends on how dry the rice has been cooked. The baking powder should be added last and mixed well. These cakes must be thin and baked very brown on a hot griddle.

Peanut Butter Loaf.

1 cupful of peanut butter, 1 cupful of mashed potatoes, 1 egg, 2 tablespoonfuls finely chopped parsley, 2 teaspoonfuls of salt, 2 teaspoonfuls of grated onion, ½ teaspoonful of grated nutmeg, ⅛ teaspoonful of paprika.

To the hot mashed potatoes add the peanut butter, one well-beaten egg, parsley, onion, nutmeg, salt and paprika; mix well. Put into a Turk's head or a baking pan, which has been brushed with butter, and bake in hot oven for from 35 to 40 minutes.

Cornmeal Dumplings.

2 cupfuls of cornmeal, ¼ cupful of butter, 1 teaspoonful of salt, 2 eggs.

Put the cornmeal into a bowl and add sufficient boiling water to moisten the meal. Add the butter and salt; cover, and let stand until cold. Add the eggs well beaten. Take spoonfuls of the mixture and put each on a small square of cheesecloth; tie, leaving plenty of room to expand. Put the dumplings into boiling water and boil slowly for one hour. Remove from the cloths and pile on a shallow dish. Serve while they are hot, with milk and sugar, maple sugar, fruit sauce or syrup.

Spanish Beans.

2 cupfuls of kidney beans, 2 cupfuls of canned or fresh tomatoes, 1 cupful of finely cut onions, ½ cupful of pimento, 6 tablespoonfuls of butter (oleomargarine or oil), 2 tablespoonfuls of flour, 1 tablespoonful of salt.

Soak the beans over night; drain, cover with boiling water; boil slowly for an hour and a half, or until tender (some beans take longer than others); drain, and add the sauce, which is made as follows:

Put butter or oil into a frying pan; add the onion and pimento and fry until tender, but not brown; then add the tomato, salt, and the flour, which has been mixed with a little cold water; boil for five minutes. After pouring the sauce over the drained beans simmer for ten minutes and serve at once.

Creamed-Egg Pie.

4 hard boiled eggs, 1 cupful of seasoned cream sauce, 1 quart of mashed potatoes, ½ cupful of buttered crumbs, 1 tablespoonful of chives or scallion tops.

The potatoes are mashed, seasoned and flavored to taste; half are put into a buttered cake dish or a casserole as for a crust for a meat or an oyster pie. The hard-boiled eggs are cut into thin slices the long way and laid over the potatoes, the cut scallion added and the cream sauce is poured over the egg. The remainder of potato is pressed through a ricer or fruit press over the top of the egg and sauce. Sprinkle with buttered crumbs. Put into a hot oven and brown slightly. Dust with paprika and sprinkle with parsley.

Black Walnut Croquettes.

2 cupfuls of hot mashed potatoes, 1 cupful of black walnut meat, 2 eggs, 2 teaspoonfuls of salt, ⅛ teaspoonful of pepper, ¼ teaspoonful of grated nutmeg, 2 tablespoonfuls of milk, bread crumbs.

Put the walnut meat through a food chopper and add it to the potato; beat one egg with one tablespoonful of milk until well mixed; add to the potatoes; add the seasoning, and mix all well together. In floured hands shape into eight cones or oblongs; dip into egg, which has been mixed with one tablespoonful of milk, then into bread crumbs; fry in deep hot oil or fat.

Baked Green Peppers With Nut Filling.

8 even size peppers, 3 cupfuls of boiled rice, 1 cupful of peanut butter, 5 tablespoonfuls of finely chopped green peppers, 1 tablespoonful of chopped celery top, 2 tablespoonfuls of catchup or table sauce, 1 egg.

Wash and cut the tops from the peppers; remove the seeds; rinse and dry; then fill with mixture made as follows:

Mix the rice, peanut butter, and the pieces of pepper, which have been cut from the top and chopped fine, and the seasoning; fill into the peppers, rounding the tops. Set in a baking dish; brush the top with beaten egg, put in a hot oven and bake for from 25 to 30 minutes.

Halibut Steak With Baked Tomatoes.

2 pounds of halibut steak, 4 large firm tomatoes, 2 tablespoonfuls of grated onion, 2 tablespoonfuls of melted butter or oil, 4 tablespoonfuls of flour, 1 tablespoonful of salt, pepper to taste, 3 tablespoonfuls of chopped green pepper or parsley.

First wipe the fish with wet cheesecloth and put it on a glass pie plate or a shallow pan brushed with butter; spread a little butter or oil on the fish, sprinkle with salt, a little pepper and flour. Peel the tomatoes, cut into halves and lay on top of the fish. Sprinkle with salt, pepper and flour. Put the rest of butter on the tomatoes, place in a hot oven; baste with one cupful of hot water, to which the onion has been added. Bake for 30 minutes. Serve in the dish in which it is baked. Sprinkle with green pepper or parsley; garnish with lemon.

Cheese Loaf With Italian Tomato Sauce

2 cupfuls of bread crumbs, 1 cupful of cold milk, 1 cupful of grated sharp American cheese, 3 eggs, 1 teaspoonful of salt, ⅛ teaspoonful of pepper, 1 teaspoonful of table sauce, 1 tablespoonful of chopped pimento or green pepper, 2 teaspoonfuls of butter.

Cover the bread crumbs with milk for 20 minutes; add the cheese, seasoning and flavoring. Separate the eggs; add the yolks and beat for five minutes or until smooth and thick. Beat the whites of the eggs until dry and fold into the mixture (do not beat after the whites have been added). Brush a casserole or baking dish with butter, put in the mixture and put it in a moderate oven; bake for from 35 to 40 minutes, or until firm. Try it by putting a silver knife in centre; if it comes out dry the loaf is done. Serve at once in the dish in which it is baked.

The sauce, made as follows, is passed with the loaf:

2 cupfuls of tomatoes, ½ cup finely cut onion, ½ cupful of grated or cut carrot, ½ cupful cut turnip, ½ cupful of cut green peppers, 4 tablespoonfuls of butter, 2 tablespoonfuls of flour, 2 tablespoonfuls of salt.

Put the onion, carrot, turnip, peppers and butter into a frying pan and fry until tender. Add the tomato and salt; cook for five minutes; mash through a strainer; return to the fire; add the flour, which has been mixed with cold water. Boil for five minutes.

Cocoanut Loaf.

1 cupful of rice, 1 cupful of strained tomatoes or tomato soup, 1 cupful of fresh or canned fresh grated cocoanut, 2 tablespoonfuls of scraped union, 2 teaspoonfuls of salt, 1 egg, 1 tablespoonful of cut parsley, celery top or dried celery, 1 teaspoonful of dry mustard or curry powder, 1 tablespoonful of drippings.

Wash the rice through several waters; boil with one cupful of boiling water in the top of a double boiler for half an hour. Add the tomatoes, cocoanut milk, egg and seasoning; add drippings and mix well. Put into a mold or bowl and steam for one hour. Turn out on a deep platter. Serve with cream sauce.

"One Whole Wheat Meal a Day"—that's the slogan for those who want to conserve food and also conserve strength and health. But be sure it is the whole wheat prepared in a digestible form. **Shredded Wheat Biscuit** is 100 per cent. whole wheat—nothing wasted, nothing thrown away. Fifteen years ago Shredded Wheat was eaten only as a breakfast cereal; now it is eaten for any meal as a substitute for meat, eggs, or potatoes. Two or three biscuits with milk or cream and some fresh fruits make a nourishing, satisfying meal at a cost of only a few cents.

Made in Canada.

DAILY BIBLE QUESTION CLUB

SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON.
By Rev. T. S. Linscott, D.D.
(All Rights Reserved.)
August 19, 1917.

"Psalms of Deliverance." Psalms, lxxxv, and cxxvi.

Golden Text—"They that sow in tears, shall reap in joy. Ps., cxxvi., 5.

1. Ps. lxxxv. Verse 1—What special things has God done for this "land," for which we ought always to praise him?

2. From what bondage has God freed us, and in what ways are we yet enslaved?

3. Verses 2-3—Would you say, or not, and why, that a nation contract sin, as if it were an individual?

4. How does God punish national sins, and how may we know when they are forgiven?

5. Verse 4—As a people from what and to what, do we need to be "turned"?

6. Verse 5—What reason is there to believe or not, that the expression of God's anger against a nation generally lasts longer than the continuance of the sin? (This is one of the questions which may be answered in writing by members of the club).

7. Verses 6-7—What are your reasons to show that this country needs a great, and permanent revival of religion, more than all other things combined?

8. Verse 8—How does God speak to us as individuals, and as a nation?

9. Verse 9—What effect does individual righteousness have upon the "glory," or success of the nation?

10. What is the actual daily experience of a man who enjoys "salvation"?

11. Verses 10-11—What are "mercy," "truth," "peace," and "righteousness," as here meant?

12. If all the Christian graces have not "kissed each other," in the life of a man, why would you say, or not, that he has no saving grace?

13. Verses 12-13—How much do the crops of our country depend upon the "righteousness" of our people? Why?

14. Ps., cxxvi. Verses 1-3—What was the real heart experience of the Israelites while they were in Babylon? (See Ps., cxxxvii. 1-6).

15. What is the experience of impenitent sinners, when sick, in trouble, or facing death?

16. When sinners, by God's help, break away from the captivity of sin, and accept Divine pardoning love, what then is their experience?

17. Verse 4—When a man is dissatisfied with a life of separtion from God, and prays to be freed from the bondage of sin, how long is it before his prayer is answered? Give your reasons.

18. Verse 5—Why has God so arranged that most of our blessings are preceded with sorrow? (See Rom., v., 3-5; Heb., xii., 11; Rev., vii., 14-17).

19. What is the final reward of those, who faithfully work for the good of others, getting "now more kicks than coppers" for their wages?

20. Verse 6—What will be the final harvest of all the gospel seed sown by the self-denying labor of God's children?

Lesson for Sunday, October 14, 1917—"Returning from Captivity." Ezra, i., 1-11.

Advertiser Patterns

1461—Men's Overalls.

A practical model for overalls that is quite simple in construction, is shown in this illustration. They will be found just the thing for farmers, painters, amateur gardeners, or any occupation that requires protection for the clothing. Jean or denim is the material most in use for garments of this kind, but duck, holland and drilling can also be used. The pattern is cut in four sizes, 32, 36, 40 and 44 inches waist measure. The medium size requires 3½ yards of 36-inch material.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps.

ADVERTISER PATTERN DEPT.

Please send above-mentioned pattern, as per directions given below:

Name .....

Town .....

Province .....

Age (if child's or misses' pattern)

Measurement: Bust..... Waist.....

Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is bust measure you need only mark 33, 34 or whatever it may be. When in waist measure, 22, 24, 25, or whatever it may be. If a skirt, give waist and length measure. When misses' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than one week from date of application.

Cynthia Grey's Mail-Box

Ask Headquarters.

Dear Miss Grey,—Could you please tell me to whom I might write to find out if a certain friend of mine enlisted, as I would like to know very much?

Do you remember me writing before, but not the same pen-name I am using this time?

Good-bye just now, SOUR GRAPES.

Ans.—The only possible way, I understand, is to inquire at the office of military headquarters in the district where the young man is most likely to have "signed up."

Writing seems familiar, but I cannot call to mind your former pen-name.

Brothers in the Navy.

Dear Miss Grey,—I would like you to tell me what to put into a sailor's box. I have a brother in the navy and would like to send him a box for Christmas. I have another brother in the army, but I know what to send him. I remain, as before,

TRUE BRITON.

Ans.—You could send the lad a fruit cake, socks, muffler, "smokes" (if he uses tobacco), gum, candy (especially milk chocolate), writing paper, ointment, buttons, needles and thread, and oxo cubes. Am sure such an assortment would be gladly received by any "Jack Tar."

A Successful Summer.

Dear Miss Grey,—It is quite a while since I last wrote, but I must tell you a few things now the rush is over. I told you in my last letter about taking a drive out over the farm and how good the crops looked, and now we have threshed I will give you the results of a hard summer's work: 562 bushels of wheat, 832 bushels of oats and 30 tons of hay. Corn is not harvested yet. I was just looking out over the lake and thinking it would soon be ice instead of the beautiful water. A month ago a car stopped in front of our house on the beach and a lady came and asked if she and her husband and two children might stay on the beach all night. We went down and called on them in the evening. They had a fire and cooked their supper and had their bed made in the sand. The little girl was in bed just covered with a rubber sheet. We spent a half hour with them and came back. It seemed a hard bed to me, but they were out for the gentleman's health. Please print recipe for grape jell and oblige.

A FARMER'S WIFE.

Ans.—You surely have been favored with a bountiful harvest, and it must be a satisfaction to reflect on the summer's achievement. Rather envy you your home so near the lake; am sure you have learned to love the water in all its moods. Is it Erie or Huron you are located by?

1. Have the grapes as freshly picked as possible, boil in water, nearly covering them, when soft rub through a sieve or colander, then let juice drip through a jelly bag. Allow a pound of sugar to a point of the juice and proceed as with any jell.

You might like a combination of elderberries and grapes: Use a little more elderberries than grapes, boil each separately in enough water to nearly cover them, rub through a sieve and drip in separate jelly bags, then mix the juices and return to the fire. Boil fifteen minutes and add an equal quantity of heated sugar; boil until it jells.

L. C. I. PUTS IT OVER SAINTS ON FIELD DAY

Collegiate's Annual Sports Run Off in Fine Style — Gillies Wins Championship—London Wins Both Rugby and Basketball Games.

The annual field day of the London Collegiate Institute was held on Friday afternoon in Tecumseh Park. Despite the inclement weather it was a great day for the L. C. I. boys, the program was run off in fine style, and to cap all, the locals won both the basketball and the rugby games from the St. Thomas teams, which came up for the day. The students met at the collegiate institute at 1 o'clock and marched to the park, headed by the band of the 7th Fusiliers, where the long program of 38 events was started at 2 o'clock.

The senior championship was won by Art Gillies, who is one of the best all-round of the younger athletes in London, and he didn't have any trouble winning most of his events yesterday. As well as starring in the track and field events, he played a fine game of rugby later in the day. Gillies scored 29 points for the senior championship shield. Burton Beamer captured the junior championship with 31 points. Beamer is worth watching as one of the coming runners and jumpers of the city.

Good Basketball Game.

The basketball game between the locals and the St. Thomas C. I. was easy work for the London girls, who scored nine points against the visitors' four. This was one of the finest exhibitions of basketball ever played by girls' teams in the city. Both teams are fast and play good combination, but the L. C. I. are better at shooting, and seemed to possess a trifle more "pep" than their opponents. The players were badly handicapped by the uneven ground, but managed to play as fine a game as has been seen here for a long time. Miss Lottie Garrett was the bright and shining light of the L. C. I. crew. She did excellent work all the time. Art Smith succeeded in satisfying the ladies as referee.

L. C. I. Fast Team.

The meeting with the St. Thomas pigskin chasers was the first that Coach Housers' squad have had this season, and naturally there was some nervousness at first as to how they would show up, several of them being comparatively inexperienced players. But the L. C. I. crew had it like a cloak on the Saints and when the dust, or rather the mud, had settled, the score was 12 to 1 for London. From first to last the winners played a fast game. In Gillies, McLean, Dennis, Dunlop, Bryant and Dochstader they have some real players. It is safe to say that it is many a year since the collegiate has put out a team as strong as this year's. Coach Houser and his assistant, Capt. Syme, have drilled their men until they work like machines. Gillies, McLean and Dunlop each made several sensational rushes and kept the ball at the Saints' end most of the game.

The St. Thomas team played a good game, but didn't show anyway like the "pep" and fire that the locals had. Ellwood and Ayearst were stars among the visitors. Jewett, who is on the staff of the St. Thomas C. I., was one of the men London was most afraid of. He is certainly a good runner, but is weak when it comes to carrying the ball. Several times he kicked the ball well into the home team's district, but the visitors were unable to follow it quickly enough.

The line-up of the teams:

St. Thomas C. I.		London C. I.
Cooper	flying wing	Gillies
Ayearst	left half back	Dunlop
Jewett	centre half back	Dennis
Ellwood	right half back	McLean
Baldwin	quar. back	Dochstader
Carr	left scrim	McCormick
Avery	centre scrim	Taylor
Campbell	right scrim	McMillan
Ferguson	left inside	Windsor
Lane	right inside	Macpherson
Dyer	left middle	Cowley
Worden	right middle	McWilliam
Lumley	left outside	Campbell
Slawson	right outside	Bryant

St. Thomas reserves—Lewis, Smith, Whitmore, Lockwood, Wright, Norsworthy.

London reserves—Keenleyside, Weld, McDonald, Hicks, Bankes, Lindsay, Logan, Gunther, Henderson and Thomson.

Umpire—Joe Chapman.

Referee—Roy Kingswood.

Last night the L. C. I. boys held a jubilation. After attending the performance at a local theatre, they snake-marched up and down Dundas street. Many rooters came up from St. Thomas. Over 150 tickets were sold down there, but rain prevented many from coming to London. Next Friday is the St. Thomas C. I. field day, and the London team will play a return game down there.

The results of the various event follow:

Senior Events.

Hop, step and jump—1 A. Gillies, 35 feet 9¾ inches; 2 D. McLean, 3 W. Alford.

Running broad jump—1 G. Gibson, 17 feet 5 inches; 2 A. Gillies, 3 A. Hoffman.

Running high jump—1 A. Graham, 4 feet 9 inches; 2 A. Gillies, 3 C. Deeley.

100 yards' dash—1 A. Gillies, 12 seconds; 2 G. Gibson, 3 H. Hicks.

Standing broad jump—1 A. Gillies, 8 feet 7¼ inches; 2 G. Gibson, 3 A. Hoffman.

Pole vault—1 W. Alford, 7 feet 6 inches; 2 A. Gillies, 3 G. Gibson.

220 yards' dash—1 H. Hicks, 2 F. Hornstein, 3 G. Gibson.

Putting shot—1 A. Gillies, 34 feet 7 inches; 2 F. Hornstein, 3 G. Gibson.

Half-mile run—1 H. Hicks, 2 minutes 8 seconds; 2 F. Hornstein, 3 A. Hoffman.

Junior Events.

Running high jump—1 R. Baker, 4 feet 5 inches; 2 C. Barrow, 3 G. Willox.

Hop, step and jump—1 B. Beamer, 32 feet 1 inch; 2 C. Barrow, 3 R. Baker.

Standing broad jump—1 B. Beamer, 8 feet 2 inches; 2 R. Baker, 3 —. Holland.

100 yards dash—1 B. Beamer, 2 P. Gorman, 3 G. Willox.

220 yards' dash—1 B. Beamer, 2 J. Slater, 3 C. Gould.

Running broad jump—1 B. Beamer, 15 feet 3 inches; 2 J. Slater, 3 Plastow.

440 yards' dash—1 B. Beamer, 2 J. Slater, 3 G. Willox.

Pole vault—1 Powell, 2 Baker, 3 Beamer.

Relay race—1 Baker, Bruner, Slater, Beamer; 2 Durnford, Hunt, Gould and Harken; 3 Plastow, Harper, Wilson and Wray.

Girls' Events.

Throwing basketball—1 M. Richardson, 51 feet 4 inches; 2 L. Harris, 3 E. Fysh.

Thread-needle race—1 R. Albertson, 2 M. Richardson, 3 P. Poad.

Throwing and catching baseball—1 P. Boyd and A. Bryant, 2 Smith and Johnston, 3 Vantassel and Richardson.

Potato race—1 M. Smith, 2 P. Poad, 3 D. Boyce.

Sack race—1 M. Smith, 2 A. Bryant, 3 P. Poad.

Relay race—1 Misses Boyd, Bryant, Albertson and Dickie; 2 Misses Talbot, Wilmot, Richardson and Robson; 3 Misses Fysh, Dear, Stone and Q. Harris.

Hop, step and jump—1 R. Wilmot.

Running high jump—1 H. Johnston, 2 M. Smith, 3 A. Bryant.

100 yards' dash—1 Q. Harris, 2 P. Boyd, 3 A. Hodgins.

Standing broad jump—1 P. Boyd, 2 M. Smith, 3 M. Talbot.

Running broad jump—1 P. Boyd, 2 H. Johnston, 3 M. Talbot.

MANAGERS PREDICT HARD FIGHT IN THIS YEAR'S BIG SERIES

New York, Oct. 6.—World's series expressions by National and American League managers are interesting, because of the fact that, almost without exception, they predict a hard, close-fought series. It is a sentiment expressed all over the country by fans, managers and magnates. All appear to be of the opinion that it will be the closest series in years, and one which will go the full seven games.

A Hard Contest.

Wilbert Robinson, manager of the Brooklyn National League champions of 1916, says:

"It looks to me like the hardest contest series since the Giants and Red Sox fought for the world's series in 1912, and required eight games to decide the winner. If the Giants are at their best, a battle royal may be expected, and neither club will be sure of victory until the last man is out."

Jack Barry's View.

Jack Barry, manager of the Boston Red Sox:

"The Giants should give the White Sox a great fight. Still, when the series is over, I expect to see the American League still in front."

Hugh Jennings of Detroit says:

"The Giants and White Sox are so evenly matched that I will not attempt to pick a winner. Both teams have hit hard all year, with the New York pitchers just began hitting their real form late in the season. However, they will have a task to stop such sluggers as Jackson, Collins, Felsch, Weaver and Gandil."

Giants, Says Pat.

Pat Moran of Philadelphia Nationals:

"It is my opinion that the Giants will win if Herzog is in the game at second base. I believe they need this hustling player to complete the wonderful infield. We figured the Giants' weakness would be pitching, but they showed us the best pitching we have encountered all year."

Connie Mack says:

"I think the coming series will be one of best ever played, and Chicago must play harder than ever before if the Sox hope to whip the Giants. Cicotte, Russell, Faber and Williams must be at their best to stop the wicked Giant attack."

TIRELESS FANS WAIT ALL NIGHT LONG FOR CHOICE SEATS IN PARK

Thousands of Men and Some Women Stand Through Rain and Cold.

GOOD WEATHER TODAY

Line-Ups Show Herzog Playing—Batteries, Schupp and McCarty, Schalk and Cicotte.

Chicago, Oct. 6.—After a night of cold and rain, the skies cleared this morning and the prospect for the first game of the world series games by the Chicago American and the New York Nationals was for fair weather, and a temperature of 55 degrees.

Chicago, Oct. 6.—Today is the great day of the baseball world. This afternoon at 2 o'clock the New York Giants, champions of the National League, and the Chicago White Sox, champions of the American League, are to meet for the world's championship. All night long a line of two or three hundred persons including a few women, stood in line waiting for the ticket office to open at 10 o'clock this morning, when the 15,000 remaining pavilion and bleacher seats were to be put on sale. It was cold and most of the night there was a drizzle of rain, punctuated from time to time with a pelting gust that penetrated to the marrow. Some quit, only to reappear before dawn. Through the long hours a ghostly line stretched its length along the fence of Comiskey Park. Electric lights showed dimly through rain-washed globes, banners hung limp, from neighboring billboards. The only cheerful thing in sight was the flicker of the gas flame under coffee boilers in a makeshift canvas shelter across the street, the owners of which did a thriving business through the night.

The reluctant grey of the morning had not appeared when newsboys came shouting on the scene, with "All about the world's series," and were relieved of their supply in short order. A nearby lumber yard served to supply fuel for innumerable small fires over which the fanatics of the game huddled and studied out the stories, taking care, however, not to leave their places in line, amused policemen, who found the occasion much more to their taste than tramping lonely beats, kept order, and settled more than one dispute as to positions.

The papers, it appeared, were reasonably certain that Cicotte would pitch for Chicago and Schupp for New York. second choice was Faber for the locals and Perritt for the invaders.

The papers helped wonderfully to while away the hours until actual daylight, which was full of promise, as the rain seemed to have ceased definitely and spirits rose. New arrivals came now in groups and the lines grew rapidly until they wound out of sight of the ticket windows around corners into side streets.

Vendors with pennants, horns and other noise-making devices began to appear.

By 7 o'clock fifteen hundred persons were in the lines. There were probably thirty women among them. They were for the most part well dressed and prosperous appearing. Some of them explained that their money had been sent back to them after the reserved seats had been allotted and that they "just had to see the games," and had sacrificed some hours of sleep to do so. At 7:30 tarpaulins were removed from the base lines and the grounds were pronounced reasonably fit for the game. At this hour, also, the score card salesmen brought new brightness into the lives of these in line with their croies of "You can't tell the players without a score card!" Most of the dyed-in-the-wool fans could have told the players in the dark, but they bought the cards anyway. It appeared there from the lineup for the game would be as follows:

New York Nationals—Burns, l.f.; Herzog, 2b; Kauff, c.f.; Zimmerman, 3b; Fletcher, s.s.; Robertson, r.f.; Holke 1b.; McCarty, c.; Schupp, p.

Chicago Americans — J. Collins, r. f.; McMullen, 3b; E. Collins, 2b; Jackson, l.f.; Felsch, c.f.; Gandil, 1b; Weaver, s.s.; Schalk, c.; Cicotte, p.

Umpires—Evans and O'Loughlin of the American League, Klem and Rigler of the National League.

Although confidence was rampant among the camp followers of the two teams, there was little evidence of heavy wagering. Most of the betting was confined to sums ranging from $5 to $25, and these amounts were placed at even money, or close to even money. It is possible that the aggregate total reached in thousands of dollars, but there were no records of either large individual or pool wagers.

Manager Clarence Rowland, speaking for the Chicago club and players, said:

"This series means a great deal to Chicago and we have left no wheel unturned to bring the world's championship to Comiskey. We realize that the Giants are a great team, but the White Sox have had to battle all season in our own league with three or four clubs that were as hard or harder to beat. My men are fit and eager to meet the Giants. I have had three ambitions, and two of them have been realized—winning of the American League pennant, the privilege of meeting Manager McGraw for the greatest honors of the game, and giving Comiskey another world's championship flag."

While Manager McGraw of the New York club adhered to his rule of no predictions regarding victory, he was willing to discuss the series in a general way. He said:

"The White Sox are going to be a hard team to beat, and while I naturally expect the hardest kind of a fight, I am confident that the Giants will prove much more formidable than many expect. Every one of the Giant pitchers who is likely to work in the series is in shape, and I feel sure will be able to hold his own against the Chicago batters. I have a splendid infield and outfield combination, and we will have no excuse to offer if we lose, but I have fixed my mind on a different ending to the series, and all the players feel the same way about the outcome."

World's Series Data

SCHEDULE.

Saturday, October 6, at Chicago.
Sunday, October 7, at Chicago.
Tuesday, October 9, at New York.
Wednesday, October 10, at New York.
Friday, October 12, at Chicago.
Monday, October 15, at New York.

PRICES.

In Chicago—Box seats $5. Reserved grandstand $1.50. Pavilion $1. Bleachers 50 cents.

New York—Boxes (four seats) $25. Reserved upper grandstand $3. Unreserved lower grandstand $2. Pavilion $1.

OFFICIALS.

Umpires—O'Loughlin and Evans for the American League, and Klem and Rigler for the National.

Scorers—J. G. Taylor Spink of the Sporting News for the National Commission, to be assisted by a scorer selected by the baseball writers of each city for the press of that city.

Business Managers — William Harridge for the American League, and D. Leroy Reeves for the National League.

Both President Johnson of the American League and Owner Comiskey of the Chicago club spoke confidently of the chances of the White Sox, but none of those connected with the two teams cared to go on record as to the number of games likely to be needed to decide the series.

Chief speculation and uncertainty seem to be centered upon the selection of the pitchers for the opening contest. While neither Manager Rowland of the White Sox, nor Manager McGraw of the Giants, would state his probable choice, the concensus of opinion among the fans was that Eddie Cicotte would lead the White Sox, while the Giants would place their hurling reliance in Grenadier Schupp.

TY COBB AND ROUSH BATTING CHAMPIONS IN MAJOR LEAGUES

Georgia Peach Finished With .380—Speaker in Second Place.

FINAL AVERAGES ARE OUT

Hornsby Second in National League—Chapman Takes Base-Stealing Honors.

Chicago, Ill., Oct. 6.—Ty Cobb, the Detroit star, and Eddie Roush, the hard-hitting outfielder with Cincinnati, are the 1917 batting champions of the major league.

Cobb, with an average of .380 finished with a lead of 22 points over Tris Speaker, of Cleveland, who led the American League in 1916, according to unofficial averages released today. Roush showed the way to the National League batters with 343, 21 points ahead of R. Hornsby of St. Louise, his nearest rival. These averages include the final games of the season for the western teams.

Base Stealing Honors.

In the American League the fight for base stealing honors resulted in a surprising shake-up. Chapman of Cleveland going into lead with 54. Bobbie Roth, Chapman's teammate, who held the lead a week ago, stole 51, and Cobb 49. Chapman also topped the sacrifice hitters with 69. Pipp of New York leads in home runs, having made nine up to yesterday. Bush of Detroit is in possession of scoring honors, having counted 112 times, with Cobb six runs behind him. Detroit clung to team batting honors, with 259, with the championship Chicago outfit five points behind.

Leading Batters.

Leading batters who played in half or more of their club's games: Cobb, Detroit, .380; Speaker, Cleveland, .358; Sisler of St. Louis, .347; Veach, Detroit, .315; Felsch, Chicago, .308; McInnis, Philadelphia, .305; Lewis, Boston, .305; Harris, Cleveland, .305; Jackson, Chicago, .303; Chapman, Cleveland, .299.

Leading pitchers participating in 25 or more games, rated according to earned runs per game: Cicotte, Chicago, 49 games, 28 won, 18 lost, 1.54 earned runs; Coveleskie, Cleveland, 44 games, 19 won, 14 lost, 1.78 earned runs; Mays, Boston, 35 games, 22 won, 9 lost, 1.83 earned runs; Faber, Chicago, 40 games, 16 won, 13 lost, 1.85 earned runs.

National Leaders.

In the National League, Cary of Pittsburg, finished far in front for base-stealing honors, with 50 to his credit. Including Wednesday's games, Cravath of Philadelphia and Robertson of New York were tied in home runs, each having twelve. Burns of New York brought his record of runs scored up to 103. Deal of Chicago topped the sacrifice hitters with 29. In team batting Cincinnati had .264 and New York .260.

Leading batters who played in half their club's games: Roush, Cincinnati, .343; Hornsby, St. Louis, .322; Kauff, New York, .307; Wheat, Brooklyn, .305; Groh, Cincinnati, .305; Burns, New York, .302; Zimmerman, New York, .300; Smith, Boston, .297; Jack Smith, St. Louis, .297; Cruise, St. Louis, .296; Carey, Pittsburg, .296.

Leading pitchers participating in 35 or more games, rated according to earned runs per game: Anderson, New York, 39 games, 10 won, 8 lost; 1.55 earned runs. Perritt, New York, 35 games, 17 won, 7 lost; 1.87 earned runs. Alexander, Philadelphia, 45 games, 30 won, 13 lost; 1.88 earned runs. Schupp, New York, 35 games, 21 won, 7 lost; 1.89 earned runs.

15,000 FANS FILE IN TO COMISKEY PARK

Chicago, Oct. 6.—The gate to the bleachers was opened at 10 a.m. and the crowd surged through. Policemen maintained a semblance of order. It was estimated 15,000 persons were in line.

IMA JAY CAPTURES TRANSYLVANIA STAKE

LEXINGTON, Ky., Oct. 5.—Ima Jay, owned and driven by Harvey D. Earnest of Kamms, Ohio, won the twenty-eighth renewal of the Transylvania at the grand circuit meeting here today, after seven hard heats which lowered the world's record for a seven-heat race. Four heats were trotted Thursday. Ima Jay came back today, winning the first and seventh heats and the race. Royal Mac won the sixth heat. Though having to be content with third money, Early Dreams trotted a high-class race, but was ruled out at the close of the sixth heat. He had won one of the heats and finished second in four others. A break a short distance from the wire placed him in tenth position in the opening round.

The racing today was the best of the meeting, each race providing a stiff battle, with the exception of the Lexington stake, which was a gift to Peter June, driven by "Pop" Geers. This was his first win of the meeting. The Blue Grass stake for 2:09 pacers, the 2:12 pace and the 2:21 trot were unfinished at sundown and will have to be finished tomorrow.

During the morning the half-mile track champion, Harry J. S., was given a time record of 2:05½.

ROWING CLUB HOLDS ROBINSON TROPHY

The Rowing Club defeated the Harrietsville bowlers on Friday afternoon in play for the Robinson trophy by a score of 18 to 12. The game was a good one, and the challengers, under Skip C. E. Facey, did some nice work, but the London quartet led in scoring and chalked up something for themselves almost every end.

The Rowing Club rink was made up of J. Farrow, Wm. Turnbull, George Nightingale and J. C. McDonald, skip.

The score by ends:

Harrietsville	000 030 020 101 100 130—12
Rowing Club	121 303 101 010 011 003—18

ST. THOMAS WINS

The London bowlers were defeated by St. Thomas last night in a friendly game played in the National alley. The visitors had a small margin on the home team when it was over.

The scores:

London—				
Gallagher	145	160	170	475
Rockwood	146	132	132	410

MAXWELL

Most Miles per Gallon — Most Miles on Tires

$1355

F. O. B. FACTORY

A motor truck must submit, and PASS, the acid test of COST.

That is the test we want you to apply to the one-ton Maxwell truck—its first cost—and its operating cost.

A Maxwell truck—which is a REAL truck, worm-driven—sells at a price that can not be met in any other motor vehicle of like efficiency, durability and economy.

A Maxwell truck will cover 100 miles in a work day—twice the distance covered by two teams and two drivers.

It will do this at an operating cost of less than that of one team of horses.

Moreover, it is of a size and capacity adapted to the needs of almost every form and phase of commerce, industry or farming.

The question is not, "Can I afford to have a Maxwell truck?"

The FACT is, Mr. Business Man, you can not afford to be without one.

One-ton Truck Chassis $1,235; Chassis with cab and windshield $1,285; Chassis with cab, windshield and Stake Gate Body $1,355.

FOXY BERNSTORFF PLACED $1,700,000 TO DISRUPT FRANCE

Loan to "Leading Political Personality."

WASHINGTON, Oct. 5.—More of Count von Bernstorff's confidential cable exchanges with the Berlin foreign office were made public by the state department tonight, furnishing documentary proof of the extraordinary activities of Boio Pasha, now a prisoner in France, and throwing further light upon the machinations of the German diplomatic service.

The messages signed by von Bernstorff and by von Jagow, then foreign minister, show that $1,700,000, which the ambassador obtained authority to place to the credit of Hugo Schmidt, then a representative of the Deutsche-bank at New York, was sought as a loan to a "leading political personality," in France, and was counted upon to bring peace. They were exchanged in February, 1916, when the French Socialists were threatening to overthrow the Government, and there was talk of France being tired of war and dissatisfied with the part played by her allies.

The wily von Bernstorff cautioned against expressions in the German press concerning internal French troubles, suggesting that the German approval might upset all his plans. He also was careful not to put down the name of the "political personality," saying a verbal report would be made as soon as a trustworthy messenger could be found.

GETS $1,500 FOR HIS ALSIKE SEED

FLORENCE, Oct. 5.—Russell Coutts, of lot 19, concession 13, township of Dawn, recently threshed 136 bushels of alsike clover seed, which was grown on 26 acres of land. He disposed of the seed to Dan McNeil, agent for Vance Bros., Tilsonburg, Ont., for $1,500.

MORE GOOD THAN EVERYTHING ELSE, SAYS TORONTO MAN

Newington Hadn't Enjoyed Good Health in Ten Years, He Says.

TANLAC RESTORES HIM

"It Certainly Has Made a Wonderful Difference in Me," He Says.

The merits of a medicine spread by testimony and this explains the phenomenal demand and widespread popularity of Tanlac. William Newington, who has been a citizen of Toronto for many years, and resides at 48 Reid street, in relating his experience with the medicine, says:

"I have just started on my third bottle of Tanlac, and it certainly has made a wonderful difference in my feelings. I have suffered with catarrh of the head and throat and a general rundown condition for ten years and, while it seems to me I tried everything, my condition kept getting more serious until I began using Tanlac. Sometimes the mucus would become so thick in my throat I could hardly breathe, and it just seemed like I would choke. I caught cold easily, my head ached and always felt stopped up, and there was a buzzing noise all the time in my ears. My throat was raw and sore, and I was continually gagging and coughing up phlegm. My general health was, of course, affected, too. I was away off in strength and never felt like doing anything.

"My wife kept insisting until I finally got a bottle of Tanlac, and before I finished taking it I was feeling worlds better. I then lost no time in getting another, and when I got through with the second bottle the soreness had almost left my throat and the mucus just seemed to disappear. I am now on my third bottle, and I really feel better than I have in years. My headaches are gone, I breathe easy and rest well at night. My strength has increased remarkably, and I get up in the mornings feeling fine and go about my work in good spirits. I have already picked up four pounds in weight, and my wife and I are both happy over my improvement. I actually believe Tanlac is the best medicine in the world, at least, it has done me more good than everything else, and it's a pleasure to indorse such a worthy medicine."

Tanlac is sold in London by Standard Drug, Limited, under the direction of a special representative, and by an established agency in every town.—Advt.

GIRLS! WOMEN! TAKE CASCARETS IF CONSTIPATED

They liven your liver and bowels and clear your complexion.

Don't stay headachy, bilious, with breath bad and stomach sour.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets will liven your liver and clean your thirty feet of bowels without griping. You will wake up feeling grand. Your head will be clear, breath right, tongue clean, stomach sweet, eyes bright, step elastic and complexion rosy—they're wonderful. Get a 10-cent box now at any drug store. Mothers can safely give a whole Cascaret to children any time when cross, feverish, bilious, tongue coated or constipated—they are harmless.

ENGLISH VOTE IN SASK. STRONG IN MARTIN'S FAVOR

Editor Kerr of Regina Analyses Result of Recent Western Election.

GREAT LIBERAL SWEEP

Reformers Polled More Votes in 1917 Than Both Parties Did in 1912.

[Special to The Advertiser by W. F. Kerr, Editor of the Regina Leader.]

REGINA, Sask., Oct. 5.—Official returns of the voting in the Saskatchewan provincial general elections, held on June 26 last, and in which the Martin Government received such an overwhelming indorsation by the people—50 Liberals being elected to 7 Conservatives—have been compiled by the clerk of the executive council, and handed to the press. The figures themselves are interesting, but when compared with those of preceding elections they are doubly so, not only as indicating the rapid increase in population, but as revealing the amazing growth of Liberal sentiment and the popularity of the Scott and Martin administrations.

The total vote polled on June 26 last was 187,963, as compared with 87,583 votes cast in the general election of five years ago, 58,700 in 1908, and 34,059 in 1905. The increase of 100,000 in 1917 over 1912 is partly to be accounted for by the enfranchisement of women.

Remarkable as the increase in the total vote polled has been, the increase in the Liberal vote has been even more remarkable, as the following table will show:

	Liberal.	Conservative.	Independent.
1917	105,571	69,720	12,671
1912	49,841	36,424	1,318
1908	29,817	28,496	387
1905	17,785	16,274	....

An Amazing Gain.

These figures show that whereas the Liberals had a popular majority over the Conservatives in 1905 of only 1,511 votes, and of only 1,321 votes in 1908, their gain in public favor with the working out of their policies has been amazingly rapid, the popular Liberal majority over the Conservatives in 1912 being 13,477, which increased to 35,851 in 1917, or to a figure almost equal to the total Conservative vote of five years ago, and more than half the Conservative vote polled this year.

Viewed from another standpoint it will be seen that the Liberal vote of 1917 is greater than the aggregate vote of the whole province in 1912 by 17,988.

The positively overwhelming character of the Liberal victory of 1917 is demonstrated by an analysis of the voting in the 57 constituencies in which voting took place on June 26 last. Of the 26 Liberal members of the last Assembly to seek re-election 24 were returned and 2 defeated; of the 7 Conservative members to seek re-election, only 2 were elected and 1 of these was not opposed by the Liberals, and 5 defeated.

Results of the Poll.

The following table shows the results by constituencies:

* Labor. † Non-Partisan League.

Seventeen in Excess of 1,000.

The above table reveals the fact that in 17 constituencies the Liberal majorities were in excess of 1,000, while in 13 other constituencies the Liberal majorities ranged between 500 and 1,000. In only one constituency, Saskatoon City, where the presence of a Labor candidate in the field cut into the Liberal vote, did the Conservative majority exceed 500.

There were 25 deposits lost in the election, 16 by Conservatives, 1 by Labor, 2 by non-partisans, 6 by Independents.

The total vote polled by the Liberals was 105,571, by Conservatives 69,720, by Laborites 1,474, by Non-Partisan League candidates 7,277, and by Independents 3,920.

In seeking to explain away their crushing defeat, and with a view particularly to impressing public opinion outside of Saskatchewan, where the true facts are not known, especially in Eastern Canada, the Conservatives have diligently circulated the statement that they were defeated by the so-called "foreign," non-English-speaking vote. The official returns of the voting now made public completely refute this assertion.

Take the constituency of Moose Jaw County, one of the largest in the province, where Hon. C. A. Dunning, provincial treasurer, was the Liberal candidate, and J. E. Chisholm of Moose Jaw, the Conservative candidate. This constituency is overwhelmingly English-speaking, but there are settlements of Germans, Austrians, Rumanians and French-Canadians. Mr. Dunning was elected by a majority of 1,501. It has been said that he was elected by the non-English-speaking vote. Let us see.

Wins on English Vote.

In the non-English speaking polls, Mr. Dunning received a total of 801 votes. His entire vote in these polls could, therefore, be cancelled and he still would have a comfortable majority of 700. But in some of these polls it was Mr. Chisholm, the Conservative candidate, and not Mr. Dunning, who received the majority vote. For example, Rouen is 90 per cent French-Canadian, and the vote was Chisholm 40, Dunning 30. Courval is likewise French-Canadian, and the vote was almost equally divided, Chisholm receiving 46 votes and Dunning 50 votes. Mayberry is 70 per cent French-Canadian, the vote being Chisholm 15, Dunning 21.

Not only could Mr. Dunning relinquish the majorities obtained by him in these non-English speaking polls, but he could even transfer them to Mr. Chisholm to be added to his vote and still be elected by over 400 majority.

In the constituency of Estevan, where Hon. Geo. A. Bell was elected by 640 majority, there are seven polls in which there is a considerable German or Ruthenian vote. Hagan is German; Tenhold, Cote, Landau, Steelman, one-half German; Taylorton one-quarter Ruthenian; Lampman one-quarter German. In these seven polls Mr. Bell received a total of 383 votes, and a majority of 211, or less than one-third of his total majority. As a matter of fact, in one of these seven polls the Conservative candidate had a majority.

The Case in Kindersley.

The constituency of Kindersley furnishes another example. In this riding there are settlements of Norwegians, Icelanders, Jews and Germans. Kensing a poll, which is partly Norwegian, gave a Conservative majority of four; Merid, partly Icelandic, broke even, 47 to 47; Scandinava, a Norwegian poll, gave a Conservative majority of 11; Elrye, largely a Jewish poll, voted Liberal by 57 to 38; Krafton poll, in which there are 12 German votes, voted Liberal, 32 to 19. The entire non-English speaking vote in these polls, even including those in which the Conservatives had a majority, could be deducted from Hon. Mr. Motherwell's majority and still leave him in the lead.

Finlanders constitute the strongest non-English speaking element in Elrose constituency, where Hon. A. P. McNab was the Liberal candidate in a three-cornered contest. These Finns are located for the most part in three polls, in two of which Mr. McNab had majorities, while the Independent candidate received a practically solid vote in the third. But the entire vote in these polls, cast for all three candidates, could be deducted from Mr. McNab's total majority and still leave him elected by a safe margin.

Swept Regina City.

The statement has been heralded far and wide that Premier Martin was elected over the gallant soldier, Brig.-Gen. Embury in Regina City by the vote of "Germantown," as the non-English speaking east end section of the city is locally styled. Aside from the fact that inclused in this section are very few native-born Germans, and quite a large number of English-speaking pople, the bulk of the so-called "foreign" population hail from Galicia, Bukowina, Rumania and Russia, most of whom are anything but friendly to the militaristic dynasties of the central powers. These people are practically confined to some eight polls out of the 51 into which the city is divided. In these eight "foreign" polls the vote cast was 707, out of a total vote in Regina City of 5,584. Of these 707 votes, Premier Martin polled 529 and Brig-Gen. Embury 178, a majority for the premier of 351. Inasmuch as the premier's total majority was 856, it will be seen that he could forego this 351 majority and still have 500 to spare rolled up in the purely English-speaking polls, or the entire 529 votes cast for him in the eight "foreign" polls could be cancelled, while at the same time leaving Brig.-Gen. Embury his 178 votes in these "foreign" polls intact, and the premier would still be elected by over 300 majority.

In certain constituencies it is true the Liberal candidates were elected by the so-called "foreign" vote because there is hardly any other class of voters in these ridings, and no matter who was elected it would be by a non-English speaking vote. But in the mixed constituencies Liberals were returned by substantial majorities of the English-speaking vote over and above the vote received by them from non-English speaking electors. As already pointed out, Liberal candidates were returned in 17 constituencies by over 1,000 majority. With one or two exceptions the foreign vote could be equally divided between the Liberal and Conservative candidates, and still leave the Liberal candidate in possession of a large majority. The same statement holds good in connection with the great majority of the other Liberal candidates who were returned. And it is to be noted from the official returns that in numerous instances the Conservatives and not the Liberals received the majority vote in these "foreign" polls.

One has to look in directions other than the "foreign" vote to find the causes for the disastrous defeat of the Conservative party in Saskatchewan on June 26 last. The outstanding causes may be summed up:

1. The "destructive" tactics adopted by the Opposition.

2. The Opposition presented few real "constructive" policies to the people. Even those adopted were promulgated, not in open convention, but by a secret party caucus after the Liberals had announced their platform as adopted in a large and representative convention at Moose Jaw. In many cases the Conservatives merely adopted and adapted these Liberal policies.

3. The Opposition's shifting record on the temperance question, a fact which had a pronounced influence with the women in their first exercise of the franchise in a provincial general election.

4. The Conservative and Independent press of the province all deserted the Conservative cause, with the exception of the Moose Jaw News, leaving it the only daily paper supporting the Opposition.

Borden Hurt the Cause.

5. The Opposition, following the lead of the Moose Jaw News, raised the slogan, "A vote for Willoughby and Conservative candidates is a vote to help Borden." This did the Conservative party real harm, as the great mass of the people of Saskatchewan have little desire to help Borden, being bitterly opposed to his policies of high protection, restricted markets, etc.

6. The Opposition attempt to foster racial and religious strife by appeals to pasion and prejudice in connection with educational and patriotic matters. This class of campaign was resented by an overwhelming number of the people.

7. The complete collapse of the Bradshaw charges as involving the Government or any member of it in dishonorable conduct or wrong-doing. The Conservatives had made so much of these charges in advance that when the Government was so completely exonerated, the pendulum of public opinion swung the other way.

8. The splendid legislative and administrative record of the Government, coupled with their aims and program for the future. The Opposition did not seriously challenge the Government's record; in fact, in most important respects they commended it. The people appreciated the fact that the Government had shown itself to be strong and courageous, both in banishing the bars and in dealing with dishonest and corrupt supporters in the Legislature and the public service. The feeling was general that it could be trusted. Proof of this is found in the fact that every cabinet minister was returned with exceedingly large majorities, the eight ministers polling aggregate majorities of 7,560, or an average majority of 945, as compared with the Opposition's leader's 293 in a three-cornered contest, in which the Labor candidate cut heavily into the Liberal vote.

Lost in Six Ridings.

Martin Government candidates were only defeated in six out of the 57 constituencies in which elections took place on June 26.

Souris, on the Manitoba-United States boundary, always a strong Conservative riding, elected a Liberal in 1912 because of his personal popularity, and as a rebuke to the Haultain party for its right-about-face on reciprocity. With an exceedingly strong Conservative this year it returned to its old love.

With the death of the former Liberal member in Moosomin, an exceptionally able and popular man, a state of local disorganization in the Liberal ranks was created. First one candidate and then another was placed in the field, with the result that a lack of cohesion and organization prevailed. The return of the Conservative candidate here is in the nature of an accident.

In Rosetown the Conservatives had an unusually strong candidate in a three-cornered fight, and he won out by 71 majority over the Liberal nominee. The independent candidate polled over 500 votes, which in a straight party contest would have gone largely to the Liberals.

Thunder Creek was also a three-cornered fight, Mrs. Haight entering the contest at the last moment as a non-partisan league candidate, and being the only woman candidate in the field in the province she naturally polled quite a number of Liberal women votes, as well as farmer votes. Receiving 611 votes in all, she lost her deposit, but brought about the defeat of the Liberal candidate by 206 votes.

Conservatives Win Two Cities.

In Moose Jaw City and Saskatoon City, where labor candidates were in the field, the Conservatives were elected. In Saskatoon City, however, the Conservatives had a clear majority over both Liberal and labor candidates, and this is the only riding in the province where the Conservatives showed real strength. In Regina and Prince Albert, on the other hand, the labor vote went strongly for the Government, which had enacted a very comprehensive program of labor legislation.

Lieut.-Col. Glenn, on active service overseas, was not opposed by the Liberals in South Qu'Appelle, as a result of an agreement between the parties to allow sitting members overseas who were seeking re-election to be returned by acclamation. As a result of this agreement the Liberal candidate retired, although his election was conceded by the Conservatives. Glenn was opposed, though, by an independent candidate, but he won out by 344 majority, the independent candidate having little or no organization, and many Liberals abstaining from voting in compliance with the spirit of the agreement entered into with the Conservatives not to oppose Glenn.

Pour a little

H.P. sauce

on your plate

H.P. is thick, fruity, and delicious — can be taken with the meat just like mustard.

ITALIAN AVIATORS BOMB SUBMARINES AND TORPEDOBOATS

ROME, Oct. 5.—(British Admiralty, Per Wireless Press).—Repeated attacks by the Austrians on Monte San Gabriele have been repulsed by the Italians, according to the official communication issued tonight. The Austrian naval base at Cattaro has been bombed by an Italian aerial squadron. Hits were observed on torpedoboats and submarines.

Wednesday night an Italian bombarding squadron composed of large numbers of machines, flew over the Austrian naval base of Cattara (southern Dalmatia). The surprised enemy replied by a violent fire, which was badly regulated.

Italian aviators on several occasions and with visibly efficacious results hit torpedoboats and submarines lying in the bay.

EDUCATIONAL CAMPAIGN LAUNCHED TO PROMOTE CONSUMPTION OF FISH

Start in Quebec and Extend to Other Provinces.

TORONTO, Oct. 5.—After conferences with representatives of the Canadian Press Association, Inc., the Union of Canadian Municipalities and the Canadian Fisheries Association, the fish committee of the food controller's office announced tonight that with the assistance of three organizations mentioned the fish committee will conduct an extensive educational campaign through the press and with the retail fish trade, as a means of securing a still larger domestic consumption of fish. The primary purpose of the campaign will be to release additional supplies of beef and bacon for export overseas.

As Quebec at present has better facilities for the quick distribution of fish than many of the other provinces, the fish committee has decided to commence the educational campaign in that province. If the campaign there achieves anything like the results that are expected, it will be extended to the other provinces.

REPORT DOUBTS THAT GREAT MANY SOLDIERS WANT TO GO TO LAND

Commission of Conservation Does Not Coincide With Plans.

OTTAWA, Oct. 5.—The great injury which land development in Canada suffers, from speculation, neglect of public health, want of expert business of administration of land settlement is dealt with in a report on rural planning and development just issued by the commission of conservation.

In dealing with the problem of returned soldiers, the report says it is hard to understand why the plans suggested for dealing with the problem of returned soldiers are mostly of the nature of land colonization schemes and generally throws doubt on the assumption that larger proportions of soldiers will go back to the land than have come from the land.

CANADIAN ARMY DENTISTS CURE "TRENCH MOUTH"

Official Denial That the Corps Is Inadequate.

OTTAWA, Oct. 5.—The militia department has issued a positive denial to the statement, which appeared in the press some days ago, that the Canadian forces in France are inadequately supplied with dentists, and that much suffering has been caused to the men because of this. On the contrary, it is stated at the department, that the Canadian Army Dental Corps overseas, which now consists of 250 officers and 549 warrant officers, N. C. O.'s and men, is a most efficient organization, and has done work of the greatest value, especially in combating the diseases known as "trench mouth." The research of the Canadian dentists in connection with evolving a cure for this disease, has, it is stated, proven most important, not only to the Dominion forces, but to the whole British army.

RUSSIAN DEMOCRATS CONSTRUCT PARLIAMENT

To Consider Foreign Policy—Consultative, Not Legislative.

PETROGRAD, Oct. 5.—The evening newspapers say that the preliminary parliament which the Democratic convention has decided to set up will be a provisional body of a consultative, not legislative, character. It will consist of 231 members, of which 110 will represent the Zemstvos and towns.

DEMAND ARMED PROTECTION FOR THE ELEVATORS

Government Urged to Take Drastic Action to End Strike.

WINNIPEG, Oct. 5.—Board of trade members and prominent citizens met today at noon in the board room of the Grain Exchange and appointed a committee to represent to the Government the necessity of drastic action to end the strike at Fort William and to prevent any further labor trouble at that or other elevator points.

A wire was sent to Ottawa urging immediate necessity of armed protection for elevators, and other messages will be formulated and sent.

DEMAND DIGHT TO ORAGANIZE.

FORT WILLIAM, Ont., Oct. 5.—The Longshoremen's Union today received a telegram from the prime minister similar to that received by the board of grain commissioners. To this they replied this afternoon as follows:

"We are honored to receive your telegram of 4th instant and fully reciprocate your feelings in the present grave and critical period of our country's history. To this end we have consented to effect settlement of the present dispute on the only reasonable and honorable lines, namely the recognition of our rights as British subjects to organize to protect the interests of ourselves, our families and our comrades at the front, fighting the battle of freedom there for us, which we are fighting here for them; all other questions to the dispute to be settled by arbitration while we are doing our work loyally at the elevators at this point. I have been instructed to send the above.

"(Signed) DAVID HUNTER,
"Secretary."

DEBT OF DOMINION NOW STANDS AT $901,009,501

OTTAWA, Oct. 5.—The revenue of the Dominion for the first six months of the fiscal year ending September 30, as shown in the September financial statement issued by the department of finance, was $127,477,904 as compared with $103,589,680 during the same period last year, an increase of nearly $24,000,000. Ordinary expenditure was slightly in excess of $50,000,000, a decrease of almost $500,000 as compared with last year. Capital expenditure, including war account, totalled $95,144,093, as compared with $116,057,905 for the six months' period in 1916. The decrease is due to the fact that war expenditures in Canada from April to September last year amounted to $104,538,895, while this year's expenditure in Canada was $87,772,857. The decrease is due to the heavy movements of troops overseas. The debt of the Dominion now stands at $901,009,501, an increase of $36,866,910.

U.S. Turns Out Special War Locomotives and Cars Within 20 Days

WASHINGTON, Oct. 5.—American manufacturing enterprises again have demonstrated their ability to meet the extraordinary demands of the war. It was disclosed today that within twenty days after the war department delivered designs for special locomotives and cars for the troops in France the first of 680 engines and the first of 6,0000 cars were ready for shipment.

CANADIAN MILLERS' PROFITS LIMITED TO 25 CENTS PER BBL.

Mills of Capacity Over 100 Barrels Per Day Must Be Licensed.

OTTAWA, Oct. 5.—After November 1, the net profits of Canadian millers will be limited to a maximum average of 25 cents on the milling of sufficient wheat to make a barrel of flour of 196 pounds and the offals produced in connection with such milling.

Hon. W. J. Hanna, food controller, made this announcement tonight, as the outcome of several conferences with representatives of all branches of the milling trade. Each mill with a capacity of 100 barrels of flour or more per day must take out a license from the food controller. The licensing will be optional with mills with a capacity between 50 and 100 barrels per day. Every licensed establishment must submit each month a detailed sworn statement of costs of manufacture and profits on sales. Failure to comply with any of the regulations may result in suspension or cancellation of license.

ANTI-PROHIBITIONISTS OF QUEBEC WILL APPEAL

In Any Case, City Will Keep Licenses Till May.

QUEBEC, Oct. 5.—One of the leading anti-prohibitionist organizers in Quebec City stated today that the result of the referendum held in Quebec City yesterday will be contested before the courts, presumably on the grounds of undue influence exercised in favor of prohibition. One fact seems certain, whatever steps are taken to annul the proceedings, Quebec will keep its licenses assuredly until May next.

The exact majority of the prohibition victory is placed today at 3,251, less six polls from a Limoilou ward yet to be heard from.

SEVERAL KILLED IN ARGENTINIAN STRIKE BATTLE

Government Forbids Demonstration for Neutrality, Fearing Clash.

LUXBURG OFF FOR SPAIN?

Has Safe Conduct for Person, But Papers Liable to Capture.

BUENOS AIRES, Oct. 5.—Several persons were killed or wounded today in a battle between troops and railway strikers at Tafi Viejo.

A demonstration in favor of neutrality, which had been arranged for tomorrow has been forbidden by the government because there are insufficient forces to maintain order. Agitators in favor of severing relations with Germany had threatened to stop the demonstration.

Luxburg On His Way.

It was reported in diplomatic circles that Count Karl von Luxburg, former German minister to Argentina, who recently was given his passports, sailed today for Spain on the Spanish steamship Reina Victoria Eugenia. He is said to have a Spanish safe conduct, which diplomats say, is sufficient to protect his person, but not his papers, from capture.

BREACH IS HEALED BETWEEN KERENSKY AND THE DEMOCRATS

PETROGRAD, Oct. 4.—(Delayed.)—Prospects of healing the breach which appeared imminent between the Government and the democratic congress brightened during the day.

The members of the main committee visited Premier Kerensky this afternoon and explained last night's action of the congress and assured him that they were in favor of the Government naming a cabinet which, in their opinion, should be a coalition body. The resolution adopted, providing for a preliminary parliament, seemingly met the approval of the premier, who insisted only that it should include all elements of the population.

After conferring with the committee, M. Kerensky expressed the hope that within a few days he would be able to announce the formation of a cabinet that would be satisfactory to the country.

GERMANS IN AFRICA ARE HOTLY PURSUED

LONDON, Oct. 5.—The following communication concerning the operations in Africa was issued tonight.

"In the Bmkura Valley (East Africa), the enemy is retreating toward Nangano, 35 miles southwest of Liwale. We are following him up.

"In the western area our columns moving eastward from the Ruhudje River have reached a point within thirteen miles of the road leading south from Mahenge towards Opondas."

Only Coal Enough in Port Huron To Last Thirty Days

SARNIA, Oct. 5.—A meeting of the coal dealers, the city commission and the Chamber of Commerce of the city of Port Huron has been called to discuss the coal situation, and to devise plans to avert a famine. Among the suggestions which may be placed before the joint meeting is the operation of a municipal coal yard and the dispatching of a special commission to Washington. It has been estimated that there is hardly enough coal in the border city to last 30 days, and there is a shortage of both hard and soft coal.

U. S. MAY TAKE CONTROL OF OIL AND GASOLINE

WASHINGTON, Oct. 5.—Government supervision of oil and gasoline prices appeared as an early possibility tonight after the federal trade commission had received cost of production figures from the large producing and distributing concerns. The trade commission already has made a preliminary estimate of costs, but desired to give the oilmen an opportunity to present their own statistics.

DIOCESE OF HURON.

Temporary vacancies will be filled as follows: Sunday: St. James, London, the Rev. Principal Waller, D. D.; New St. Paul's, Woodstock, Rev. Prof. Wright, M. A.; Ayr, Rev. W. J. Doherty, M. A.; Tyrconnell, Rev. J. N. H. Mills, B. A.; Atwood, H. G. Crosby; Florence, G. Vrooman; Thedford, J. Chapman; Thorndale, A. Shaw; Huntingford, W. Westall; St. Luke's, Brantford, A. S. Mitchell; St. Luke's, London, W. D. Davies; St. John the Evangelist, F. G. Hardy; Epiphany, L. P. Hagger.

At the Patricia Theatre Thursday, Friday and Saturday next.

picturization of Robert Hichens' famous story. At the time these scenes were being filmed thousands of motion picture "fans" from New York and New Jersey gathered on the roofs of houses and streets around the studio grounds to view the usual proceedings. The photoplay appears at the Patricia Theatre next Thursday, Friday and Saturday, October 11, 12 and 13.

Mary Pickford in "Rebecca of Sunnybrook Farm," at the Patricia Entire Week of October 15.

The presentation of "Rebecca of Sunnybrook Farm," in which Mary Pickford will be starred, is an announcement that will no doubt please Patricia patrons. The following is a review by Mae Tinel of the Chicago Record Herald:

There may be a divergence of opinion as to whether or not this is Mary Pickford's best picture. All will agree, though, I'm sure, that it's her funniest. There is a golden harvest of laughter that will delight fans, old and young.

Our Mary, as Rebecca, the little member of a large family, who is adopted by two chill maiden aunts in order to make things easier for the widowed mother who is trying to raise the mortgage from the farm, is absurdly, unbelievably young in her short little gingham gowns. One can quite fancy Owen Moore clapping a hand to his brow and muttering:

"My goodness, does that belong to me? It's such a very little girl—!"

The picture, like the book, is a chronicle of Rebecca's doings in the house of the aunts—and she does much. It abounds in humor, has an effective shading of pathos, and Rebecca's "Mr. Aladdin," played with quiet understanding by Eugene O'Brien, furnishes the needed love interest—for we must at least scent romance in a Pickford picture if that picture is to be complete.

Valeska Suratt, "The Empress of Fashion," Wears Gowns of Surpassing Beauty.

"The Slave," starring Valeska Suratt, is the feature matinee attraction at the Patricia Theatre next Thursday, Friday and Saturday, matinee only.

Valeska Suratt surpasses her well-known reputation for wearing startling and rare creations in her photoplays in her latest William Fox production, "The Slave."

The first eye-opener "The Empress of Fashion" appeared in at the studio was a beautiful black silk creation. The most remarkable feature of the robe was the hat, which was trimmed with large "live" lilies. As Miss Suratt was unable to complete all the scenes in which this hat was used in one day, it was necessary for her to visit the florist several times for fresh trimmings.

Talk About Effects!

Following the "lily" gown came a creation which almost hypnotized all beholders. It was a white dress covered with bright blue polka dots. The walls of the room in which Miss Suratt appears in this gowkn were papered in white and blue polka dots. The effect on the eye is impossible to describe, except as hit off by one of the studio employees, who said, "It knocked your eye out."

By far the most beautiful of Miss Suratt's gowns in "The Slave" is the lace trousseau worn in the wedding scene. While admitting that merely the lace used in the garment cost her more than a thousand dollars, Miss Suratt refused to tell the cost of the creation.

All of these gowns were designed by Miss Suratt and made under her supervision.

Another costume which Miss Suratt wore during the making of "The Slave," but not in the films, was a military suit. This also she designed herself, and was worn during the drills of the Fox Volunteer Corps. It consisted of a regulation officer's cap, a natty military coat and a khaki walking skirt.

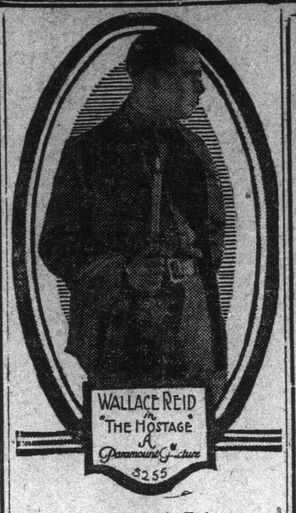

"Birth," the Greatest Educational Film Ever Screened, To Be Shown to Women Only at the Patricia Theatre, Matinees Only, the Entire Week of October 22.

During the week of October 22, "Birth," the greatest and most meritorious film ever presented, will be shown at the Patricia Theatre matinees to women only. A special complimentary screening for doctors, nurses and members of the board of health is being arranged by Manager Stewart, and an invitation will be sent to them on Tuesday morning at 10 o'clock, October 23. The picture has been seen this week at Massey Hall by thousands of Toronto women. The Mail and Empire speaking of the picture in part, says:

"Birth" deals with the care and management of the infant, with what should be done and what should not be done, both before and after its arrival in this world, to protect it from innumerable perils that menace its existence. It is an unusually timely film, coming as it does in a day when the great problem of infantile mortality is engaging such wide attention, and when social and medical forces are united in a desperate effort to save the baby. "Birth" demonstrates conclusively that one of the greatest enemies of the new-born is ignorance on the part of its mother of the care which it must have if its chances of survival are to be made the most of. The picture has been produced so as to make what might seem to the average woman to be a dull lesson an interesting study. It covers the ground thoroughly and it covers it clearly and

At the Patricia Theatre Monday, Tuesday and Wednesday next.

At the Majestic Today.

explicitly. Washing, dressing and feeding of infants are given the treatment that their importance demands, and are dealt with in such a way that the message of the film cannot be misunderstood. If the picture lays particular emphasis on any of the requirements of the infant, it is upon cleanliness. Cleanliness it shows to be indispensable to the child's physical welfare, and the sterilization of milk, cleansing of bottles, etc., is carefully demonstrated.

PRINCESS

Melodrama and Beauty Chorus at the Princess.

Melodrama will be seen at the Princess Theatre the first half of next week, commencing Monday, October 8. A special Thanksgiving matinee will be given by the Princess players and a chorus of five pretty girls. "Kidnapped For Revenge" is a melodrama with music and of the later day type and dispensing with killing three or four people in each act, in fact not a shot is fired or a person killed. The play is laid in New York City and is in two scenes and a novelty telephone number will be introduced by the chorus. It pictures the life of a New York girl and the pitfalls that are open for her to fall into and the many temptations that befall a girl in a big city. Nan Dailey, a girl of the east side, is of the slangy type, but with all she has a big heart and a little too wise to fall for the soft talk of Dalton Marshall, who has her kidnapped and brought to his apartments and lavishes pretty gowns and presents upon her in order to get her to tell him the whereabouts of Bob Shannon, a friend of hers, who is former-ly boarded at her house, who claims stole some bonds from him, but is innocent of the act, as Marshall himself hid them away and wanted it to appear as though Shannon had taken them, thus putting him in a bad light with the girl, who is in love with him, and who Marshall wants to win for his wife. It is a pretty story throughout the entire play, and plenty of comedy for those who come to be amused.

Photoplays To Be Seen In Western Ontario Theatres

London commercial travelers will find the Western Ontario photoplay directory appearing on this page a convenient method of ascertaining the attractions in towns and cities in which they may be during the week.

As this will be a feature of the regular Saturday "movie" section, travelers are requested to clip this directory for future reference.

The weekly programs of other Western Ontario theatres will be added in the near future.

MAJESTIC

Wallace Reid in "The Hostage" Today.

Wallace Reid, the ever-popular Paramount star, who will be seen at the Majestic Theatre today in "The Hostage," has accomplished nearly everything possible in the line of "stunts," fights, etc., except being tortured by fire, and this is what is done to him in "The Hostage."

Fannie Ward in "On the Level," at the Majestic Monday and Tuesday Next.

Fannie Ward's remarkable handling of the somewhat difficult role of "Merlin," later known as "Mexicali Mae" in her latest Paramount photoplay, "On the Level" has attracted considerable favorable attention. The gradual transition due to the association with Joe Blanchard, her western lover, and her change to a woman of culture and refinement, was a consummate bit of technique and has done much to make the production one of the season's best. "On the Level" is to be shown on Monday and Tuesday at the Majestic Theatre.

Robert Warwick at Majestic Wednesday and Thursday.

As brilliant acting and as entertaining a story as have ever been seen in the movies are combined for the pleasure of the public in "The False Friend," the newest World-Picture, Brady-Made, which on Wednesday and Thursday will be shown at the Majestic Theatre. Robert Warwick and Gail Kane are the stars in this offering. Mr. Warwick appears first as a successful young half-back in a college football team, and later as a rising attorney. Miss Kane appears as the daughter of a judge who becomes very much impressed with the attorney's ability, and takes him into partnership. The attorney and the judge's daughter fall in love with each other, but there is an another man who is seeking to win the girl, and he resorts to a diabolical scheme to put the attorney out of the running. This plan is successful, but a startling climax ensues which brings happiness to both the man and the young woman. You will enjoy this splendid production.

"Wooden Shoes," at the Majestic Wednesday and Thursday, Matinee Only.

Bessie Barriscale stars in the Triangle play, "Wooden Shoes," a quaint story of Holland life, which will be presented at the Majestic Theatre Wednesday and Thursday.

A $35,000 Dutch village, with canals winding among the windmills and tiled-roof houses, was erected for the production, which was directed by Raymond B. West. A company of several hundred people, including the popular Triangle kiddies, appear in the street scenes, while Bessie clatters about in wooden shoes selling flowers to the tourists. Later the action shifts to America, where Bessie meets an artist for whom she posed back in the Netherlands.

Pauline Frederick in "Double Crossed," at the Majestic Friday and Saturday, October 12 and 13.

A play rapid in action and crammed with tense emotional scenes is "Double Crossed," which will bring Miss Pauline Frederick to the Majestic Theatre Friday and Saturday, October 12 and 13. Hector Turnbull, whose name is synonymous with a good lively scenario, is the author of the story and has constructed a tale that gives Miss Frederick opportunity to dress and act lavishly. Her role is that of the young wife of a broker. She idolizes her husband and believes him the soul of honor, so when she overhears him admit to a detective that in his youth he had committed a certain theft, she is greatly shocked. But the husband, rather than let his wife learn of the early weakness, promises the detective to commit another theft, which will work the political ruin of a friend. The wife does some quick thinking, steals the desired document herself and goes to the detective's rooms. He tricks her into giving up the paper before she gets back her husband's signed confession of the earlier theft. This necessitates another visit to the detective's place and here the excitement runs high, but in the end the unscrupulous blackmailer is forced to notify his chief that he has lost, has been double-crossed by a woman. Riley Hatch, who has several similar impersonations to his credit, plays the part of the detective; Crauford Kent is the husband.

Pauline Starke in "Rummy" at the Majestic Friday and Saturday Next.

Pauline Starke, the leading woman who plays opposite Wilfred Lucas in the Triangle-Fine Arts production, "Rummy," does some realistic fainting in several scenes of the production at the Majestic Friday and Saturday.

In the first scene, in which she is supposed to faint, Director Paul Powell told her to fall, and she keeled over like a log. Powell and the other members of the company rushed to where she was lying, expecting to find her injured, but she rose to her feet smiling. After she had gone through three fainting scenes, making no effort to break her fall with her hands, Powell asked her wonderingly how she was able to fall so realistically without gathering bruises. The secret was then discovered. Miss Starke confessed that she had been playing basketball for several years, and that after being banged around on a gymnasium floor, simply falling was very tame.

"Retreat of the Germans at Arras," a Wonderful War Picture To Be Shown at the Majestic October 29-30.

The British Government war pictures, which are to be shown at the Majestic October 29 and 30, are the most important releases of the kind yet. In the first place, it was not the intention of the British Government to show these pictures over here at all. They were taken as a war office record to be preserved until a later day. Certainly they show the real thing—all of the steps right up to actual contact with the German troops. The photography in these pictures is excellent. The pictures are well put together, and do not get in the least monotonous. In a word, they are a truly authentic record of the most gigantic effort the world has ever seen. The purpose of the British Government in releasing these pictures at this time was evidently two-fold: first, to impress upon civilians the necessity of Red Cross and other work; secondly, the thorough co-operation of all the forces of the Empire. There are frequent glimpses of Canadian troops, lots of famous British regiments, and good pictures of divisions from West and South Africa, Australia, New Zealand and Tasmania. Considerable danger attended the taking of these pictures, and it is that cameramen have been injured and even killed in work at the front.

Stanley Meredith and Company to Present "Keep it Dark," a Musical Comedy, at the Majestic Week of October 15.

Stanley Meredith and Company will present a musical comedy in one act, "Keep it Dark," at the Majestic Theatre during the week of October 15.

The entire proceeds are to be given to the Red Cross to assist in the furnishing of the new Byron Sanatorium for returned consumptive soldiers, the leading part being played by Stanley Meredith, with Miss Anita Black as leading lady. The cast also contains Mr. Roy Griffin, Mrs. French (late of Belvidere), and a chorus of about ten girls and four or five returned soldiers. The scene is laid at Brighton, England, on a summer afternoon, any time before the war.

UNIQUE

"Sporting Blood," at the Unique Monday and Tuesday Next.

All the excitement of the race track runs through William Fox's new photoplay of the turf, "Sporting Blood." The story deals with the plot of two persons, a man and a woman, against the gambler who has tried to ruin their lives. In the end they are successful, but not until they have gone through many adventures to gain their purpose.

Dorothy Bernard and Glen White are the stars of this new picture. Miss Bernard plays the part of Mary Ballard, whose brother has been ruined through the manipulations of Dave Garrison (De Witt C. Jennings), notorious figure on the turf and in gambling houses. Mr. White plays Jim Riddle, who has his sister's score to settle with Garrison.

Riddle and Mary combine to revenge themselves on the racing king. Garrison becomes infatuated with Mary, and she, realizing his intentions, says: "If I'm worth winning, play the game." Then she bets herself against $10,000 that Shooting Star, Garrison's horse, will not win. She has her own horse at home, Bay Belle, which resembles Shooting Star closely. By clever manipulation she manages to change the two horses, runs Bay Belle as Garrison's horse and Shooting Star as her own.

The result is that the horse running for the girl wins, Garrison is ruined and forced to leave the turf forever. Mary and Jim Riddle are successful.

This picture will be shown at the Unique Monday and Tuesday next.

At the Unique Theatre on Wednesday and Thursday next in the tenth chapter of "The Secret Kingdom."

STAR

Pearl White in "The Fatal Ring."

The mystery of a Violet Diamond is thrillingly portrayed in the first episode of Pathe's new serial, "The Fatal Ring," in which Pearl White is to be seen at the Star Theatre Wednesday and Thursday next. The story of this episode is briefly as follows:

Pearl Standish, the richest girl in America, has little interest in the things money can buy. Bored with the diversion of society, she longs for excitement. Leaving her home to attend a ball, she is held up by a masked man. Instead of becoming alarmed, she appears to be overjoyed. "I want the Violet Diamond of Darron—quick," the man tells her.

Pearl had never heard of the diamond, but it sounds interesting, so she determines to learn all she can about it.

Fourteenth Chapter of "Neglected Wife" Today.

Wilmot Long, called "Snort" for short, assisted William Bertram in producing "The Neglected Wife," the big Pathe serial, the fourteenth episode of which will be shown at the Star Theatre today. Besides being the "script carrier"—the studio appellation for an assistant director, Long is the lad who is frequently called on to do hazardous stunts.

Having spent a number of years in the navy, there is nothing too "skeery" for him to attempt. At one point in "The Neglected Wife," it was necessary for one of the young women to cross an alley on an "I" beam, ten stories above the ground. The girl playing the part was willing to do it, but her superiors would not consent.

Mollie King in "Blind Man's Luck."

The feature at the Star Theatre on Monday and Tuesday will be Mollie King in "Blind Man's Luck," a thrilling Pathe Gold Rooster play, comparable in every way to "Kick In" and "The Hunting of the Hawk," two of the most successful features ever shown in London.

"Blind Man's Luck" is constructed on the plan typical of other Pathe features produced by the Astra company. It launches straight into the plot and immediately begins to weave an atmosphere of mystery about one of the leading characters—in this case the heroine.

PATRICIA

Gus Bartram, Lyric Tenor, Direct From New York, to Open Engagement at Patricia.

Gus Bartram, a lyric tenor who has been fulfilling engagements for several months past at New York theatres, will be the vaudeville attraction for the next few weeks at the Patricia Theatre, commencing on Monday next. He comes highly recommended.

"Baby Mine," Goldwyn Production, at the Patricia Monday, Tuesday and Wednesday Next.

The artistically finished production of Margaret Mayo's farce, "Baby Mine," in which Madge Kennedy, the great little comedienne, makes her first appearance as a screen star at the Patricia Theatre on Monday, Tuesday and Wednesday, is the net result of four months of prodigious effort. Thus are motion pictures made to conform to the Goldwyn standard.

"Baby Mine," which was such a big success on the stage, had to undergo many changes and be greatly elaborated for motion picture production. The picture unfolds many scenes that were merely hinted at and left to the imagination in the play. All the action that was supposed to take place outside the apartment in the play is, of course, actually shown in the picture. In addition some new scenes were added.

The task of preparing "Baby Mine" for pictures fell to Margaret Mayo, who elaborated the story, filled in the necessary scenes and developed the action. This was the work of several weeks. When it was finally done the artists took their turn.

The production of "Baby Mine" showed that the camera plays but a part in the filming of a play. It was many weeks after preparations had been begun on the comedy that the camera came into use. Then came the long rehearsals and finally the filming of the action.

Beautiful Elsie Ferguson in "Barbary Sheep."

The reproduction of an Algerian village recently built in Fort Lee, under the direction of Maurice Tourneur for Elsie Ferguson's initial Artcraft picture, "Barbary Sheep," attracted great attention in the New Jersey "picture" colony. It is the most remarkable duplication of architecture and "local color" ever staged for a motion picture. There is even a dilapidated horse car of the very kind to be found in Algeria, where rapid transit is still in its primitive stages, which plays its part in the

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth) into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have 16 ounces—a family supply—of a much better cough syrup than you could buy ready-made for $2.50. Keeps perfectly and children love its pleasant taste.

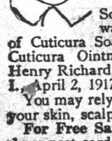

Pinex is a special and highly concentrated compound of genuine Norway pine extract and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

CUTICURA HEALS ECZEMA ON BABY

Spread Covering Body. Awful Disfigurement. Itched and Burned. Had to Scratch.

"My baby was troubled with eczema which began on her face and spread all over her body. It was in a rash and was very sore and inflamed, causing awful disfigurement. The rash itched and burned making her scratch terribly and she was cross.

"Then I used Cuticura Soap and Ointment. Baby was healed with six cakes of Cuticura Soap and three boxes of Cuticura Ointment." (Signed) Mrs. Henry Richard, Murray Harbor, P. E. I., April 2, 1917.

You may rely on Cuticura to care for your skin, scalp, hair and hands.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

RELIEF AT LAST

I want to help you if you are suffering from bleeding, itching, blind or protruding Piles. I can tell you how, in your own home and without anyone's assistance, you can apply the best of all treatments.

PILES TREATED AT HOME

I promise to send you a FREE trial of the new absorption treatment, and references from your own locality if you will but write and ask. I assure you of immediate relief. Send no money, but tell others of this offer.

LAURIER IS URGED TO REMAIN LEADER, DESPITE HIS YEARS

May Be Persuaded to Brave the Rigors of Winter Campaign.

RENOVATION OF CABINET

Major-Gen. Mewburn, Liberal, Slated for Ministry of Militia.

[Special to The Advertiser.]

OTTAWA, Oct. 5.—Sir Wilfrid Laurier did not carry out his plan of meeting Toronto Liberals today. Instead he remained at home and received by mail and wire messages urging him to continue as leader of the Liberal party. He has not cancelled, but merely postponed, his Toronto trip, and probably will leave Sunday night for that city.

There is no doubt that Sir Wilfrid had discussed resignation with some of his lieutenants. It is also true that he has not formally tendered the resignation, and is not likely to do so if he can be convinced that it is best for his party and the country that he should remain at the head of his party in spite of his 77 years and rather delicate health.

Events Soon to Shape Course.

The Toronto meeting on Monday, when Sir Wilfrid will consult with Ontario Liberals, and the assembly of western Liberals, who are to gather in Ottawa, will result in Sir Wilfrid deciding whether he will consult his desire and retire from the turmoil and strain of public life, or will sacrifice his ease and continue in the fight which has engaged his entire life.

The most interesting intimation from well-informed quarters is that Major-Gen. S. C. Mewburn, late head of the home defence force, and assistant adjutant-general for the Toronto military division, and for the past three months adjutant-general, is to be taken into the cabinet as minister of militia.

Predilections Are Liberal.

Gen. Mewburn's predilections are Liberal. Though he has never been an active party man, it is understood that he is to succeed Sir Edward Kemp, who succeeded to the portfolio after Sir Sam Hughes left, and who has had a quiet period of administration.

Sir Edward, it is said, is to be slated for the position of minister of customs, succeeding Hon. Dr. Reid, who is to move up to the railway department.

H. Frank Cochrane, according to advices in Government circles, has finally consented to retire from the Government and become chairman of the board of directors of the Canadian Northern Railway Company. Under the act passed last session, giving the Government complete ownership of the capital stock, the Government has logically to appoint the head of the administration of that system.

Mackenzie on the Board.

It is understood that Sir William Mackenzie is to be replaced by Mr. Cochrane, although Sir William will still retain a position on the board of directors, and will for a time continue to look after the financial end.

At the rate cabinet posts are going there will be poor picking for the western Liberals, who are supposed to be hurrying east at the call of Sir Robert Borden to take portfolios.

The discussion over the proposed retirement of Sir Wilfrid Laurier has straightened out some of his troubles in Quebec among party extremists, who have been opposed to compulsory military service.

BREWSTER IS NOT EAGER.

VANCOUVER, Oct. 5. — Premier Brewster of British Columbia left this morning for the east on provincial business, which will necessitate his absence from the province for two or three weeks.

"I am not very anxious to vacate my seat in Victoria," said the premier, following the statements that he had been in communication with Sir Robert Borden with regard to taking a place in a union government. He added that statements that he had had conferences with N. W. Rowell, A. L. Sifton and others were incorrect, and declared that there had not been, as far as he knew, any consultation between western premiers with a view to agreeing on a policy that would support the present Government at Ottawa.

"But would you, under certain conditions, join a coalition cabinet?" he was asked.

"Conditions would have to be such that I could see my way to joining the Federal Government, but those conditions are not in sight now," replied Mr. Brewtser. "I have not had a single conference with Sir Robert Borden."

DORCHESTER CATTLE SHIPPED TO BUFFALO

DORCHESTER, Oct. 5.—Daniel McIntyre has shipped two carloads of cattle to Buffalo in the last few days.

Preparatory services in connection with the Presbyterian Church were conducted today by Rev. Mr. McKay of London, and sacrament will be administered on Sunday.

A fowl supper and concert in aid of the Nilestown Methodist Church will be held on Tuesday evening next. Tables will be laid in the banquet room of the Masonic Lodge, and the program will be given in the church.

RUSSIAN CONGRESS VOTES TO HOLD ELECTIONS FOR PRELIMINARY PARLIAMENT

Petrograd, Oct. 3 (delayed).—The Democratic Congress has decided by a vote of 531 to 241 to hold today elections for the preliminary parliament. The congress will elect 305 members of the parliament.

WEAK BOYS AND GIRLS

It is a mistake to think that anaemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. Delayed development, pale faces, headaches, palpitation, and a feeling of listlessness, call attention to weak blood in the case of girls. But many boys in their teens grow thin and "weedy" and have pimples on the face, showing that they have not enough blood. The anaemic boy is just as likely to become a victim of consumption as the pale, breathless girl with her headaches and wornout look. Let the boy in this condition catch cold and he will lose his strength and his health becomes precarious.

To prevent serious disaster to those of the rising generation, let both boys and girls be given the new rich blood which Dr. Williams' Pink Pills are famous the world over for making. When giving these pills watch how soon the appetite returns and how the languid girl or the weak boy becomes full of activity and high spirits. Remember that the boy has to develop, too, if he is to make a strong, hearty man. Give both the boys and girls a fair chance to develop strongly through the new, rich blood Dr. Williams' Pink Pills actually make. You will then see active boys and girls, instead of weakly children around you.

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Company, Brockville, Ont.

FOE IS SO BADLY THRASHED BY THE LATEST BRITISH DRIVE CAN STRIKE BACK BUT FEEBLY; HAIG'S BAG OVER 4 THOUSAND

London, Oct. 5.—The British official communication issued tonight announces that comparative quiet prevailed on Friday on the Ypres sector. Prisoners to the number of 4,446, among them 114 officers, have been taken by the British.

The communication of this evening reads:

"No important infantry fighting occurred on the battle front today. Our troops have consolidated their positions. There is nothing to report from the remainder of the front.

"The number of prisoners taken since yesterday morning amounts to 4,446, including 114 officers."

The following official statement was given out today:

"Our new positions east of Ypres were heavily shelled by the enemy during the night, but no further counter-attacks were made. A hostile raiding party endeavored to enter our trenches last night north of Gouzeaucourt, but was driven off with loss."

King Congratulates Haig.

The King has telegraphed congratulations to Field Marshal Sir Douglas Haig, commander-in-chief of the British forces in France and Belgium, for his leadership and the efficiency and courage of his troops.

The villages of Reutel, Noordenhoek, Polderhoek, Malensaroelshoek, Broodseinde and Gravenstafel were captured in their entirety, and the greater part of Poelcapelle was taken.

By the capture of Broodseinde the British established themselves well over the crest of the ridge five miles east of Ypres. From here they can bombard the Roulers-Menin railroad, the principal German line of communication in the Ypres sector.

That the German losses were severe is shown by the fact that more than half the prisoners taken were wounded.

Work of Fighting Fliers.

The communication issued this evening concerning the operations of the aviators on the battlefront follows:

"On Thursday the weather made it almost impossible for flying, but in spite of the rain and low clouds and an exceptionally strong wind, our artillery machines watched over our advancing troops and reported to them the positions and movements of the enemy. Some of our fighting scouts flew over and attacked troops transports and enemy guns from the air. One of our machines is missing."

ENEMY'S LOSSES 40,000 IN TWO WEEKS AND 9,000 PRISONERS TAKEN.

LONDON, Oct. 5.—(Via Reuter's Ottawa Agency.)—Telegraphing today from British headquarters in France, Reuter's correspondent says:

"The fruits of yesterday's victory have been held. No infantry counter-attack occurred during the night, demonstrating the German exhaustion, due to the manner in which their big offense was devastated yesterday morning and our reception of the enemy's eight counter-attacks yesterday. Five of these counter-attacks were made against a short front to the north of the Ypres-Menin road and were broken up by artillery. Three were delivered against our new positions near Reutel. Two of these were beaten back, but the third advanced in great strength late in the afternoon, bending back our line slightly, necessitating, however, only a trifling modification of the front which has absolutely no bearing on the general tactical results achieved.

Three Staggering Blows.

"Within a fortnight we have struck the enemy in Flanders three staggering blows in a very vital spot, and sent him back reeling about three miles, mostly uphill.

"We have taken about 9,000 prisoners and inflicted casualties conservatively calculated at 40,000.

"A better appreciation of these victories is possible if we can imagine what we should be thinking and saying if the situation were reversed and the enemy had succeeded in doing to us what we have done to him.

Wounded Quickly Cleared.

"A notable feature of the fighting was the wonderful completeness of the arrangements for rapidly clearing the wounded. Despite the inclement weather, stretcher-bearing was practically finished early in the afternoon, so far as the open field was concerned.

"Among the haul of prisoners is a larger proportion of mere boys than in any previous battle.

"One German regiment brought from the Russian front caused a panic by shouting the English were on them and bolting."

GERMANS RAN AWAY IN MANY INSTANCES.

British Front in France, and Belgium, Oct. 5.—By the Associated Press.—The southern extremity of the new battlefront—the section extending from the Ypres-Menin highway northward by Polderhoek, Cameron Covert, and Reutel—today continued as the position to which the Germans were devoting most attention. This sector has been under an extremely heavy enemy artillery fire since the British push started yesterday, and it seemed certain that the Germans would not let the last word rest with the series of counter-attacks they delivered or attempted to deliver again this front yesterday afternoon and evening.

Today the British were holding strongly to all the positions secured yesterday, with the exception of a few advanced posts in a very small area of the Reutel region, where they drew back slightly after a third German counter thrust. The Germans massed for several other attacks, but all these were nipped in the bud by artillery and machine gun fire.

British Well Dug In.

The entire British line was remarkably well dug in by morning despite the difficulties raised by the flurries of rain yesterday. The latest reports indicate that they have been little troubled by the enemy infantry, although heavy bombardment is being kept up by the German guns.

Late details confirm earlier reports that the Germans did not fight well in most sections. In many places they ran. The total prisoners who surrendered is great. On one sector of the Anzac front alone they amounted to more than two thousand. The Australians captured seven officers, including a battalion commander, in one shell hole, and the Anzacs also took two other battalion leaders. At a point not far from the Ypres-Roulers Railroad an Australian officer single-handed, took thirty-one Germans from a blockhouse. In a sector considerably to the north of Reutel, the Australians and other British troops who had fought together before Monday, gave an account of the attack.

Requested to Fight Together.

By special request these veterans were allowed to go side by side and after a remarkably successful rush forward to their objectives they were exchanging souvenirs. One body of the men went through the German barrage but luckily suffered few casualties.

The "tanks" again did well during the fight at various points. One of these monsters was the first arrival in the village of Reutel. When it was followed in by some infantry it trundled back to other work. The British later withdrew their posts from the ruined hamlet to more favorable ground just behind. On the extreme left of the British attack "tanks" assisted in taking several redoubts which had been giving trouble with their machine guns.

The scarcity of towns in the zone of yesterday's offensive robbed the fighting of those spectacular features attendant upon the hand-to-hand work among shattered buildings. Poelcapelle was the largest place tackled, and it is very small. The British artillery had bombed it to pieces before the infantry arrived, and there was close fighting.

ELEVATORS STRIKE STOPS WHEAT FROM REACHING ALLIES

Twenty Thousand Cars Blocked at Fort William and Port Arthur.

Winnipeg, Oct. 6.—At a mass meeting of strikers at the Canadian lake terminals tonight it was unanimously decided not to return to work tomorrow, but to await the arrival of Vice-President Jones of the International Longshoremen's Union, who is on his way to Fort William to handle negotiations for the strikers.

Embargoes on all railways on grain shipments, and congestion in yards and sidings at Port Arthur and Fort William working back throughout the west, is the condition tonight brought about by the strike of grain handlers at lakehead ports. The movement of wheat towards ports of Britain and her allies has come to a standstill at a time when every day between now and the close of navigation is of greatest value. Twenty thousand loaded cars are blocked in Fort William and Port Arthur yards.

Every day this strike lasts it delays the forward movement of at least 1,600,000 bushels of wheat to the Allies, to say nothing of loss, delay and expense to the people of Western Canada.

KAISER'S MINISTER TO ARGENTINA WAS SPIRITED TO SAFETY

Von Luxburg Forced To Flee Aboard Spanish Vessel.

Buenos Ayres, Oct. 6.—Confirmation has been received that Count Karl von Luxburg, former German minister to Argentina, who recently was given his passports for his connection with dispatches sent through the Swedish legation to Germany, was spirited out of Argentina yesterday morning in a police automobile in charge of a police captain and rushed to Tigre, a suburb, where the former minister took a tug to Colonia, Uruguay. From there he proceeded by train to Montevideo, where he boarded a Spanish steamer. He is said to have a Spanish safe-conduct which, according to diplomats, is sufficient to protect his person, but not his papers, from capture. The steamer sailed later for Spain.

Flight was the only alternative for von Luxburg, as Argentina had demanded Thursday that he depart from the republic immediately. Uruguay, Chile and Paraguay had informed the Argentine Government that the count was persona non grata to these countries.

The method of the departure of von Luxburg recalls his arrival here as a stoker on a merchant vessel after his appointment as consul to Buenos Ayres in the early days of the war.

UPROAR IN REICHSRAT OVER MURDER BY LIEUT. OF AUSTRIAN PRIVATE

Zurich, Switzerland, Oct. 5.—The session of the Austrian Reichsrat on Wednesday was broken up by the introduction of an interpellation concerning the murder of a dragoon by a lieutenant in the eastern railroad station in Vienna recently. The lieutenant boxed the ears of the dragoon, who attempted to ward off the blow. The lieutenant then attacked the dragoon with his sword and killed him.

Many deputies were dissatisfied with the Ministerial promise of an investigation, and an uproar ensued. Adjournment was taken until the Government gives a more detailed explanation.

HISTORICAL BOARD.

Ottawa, Oct. 6.—The complete personnel of the historical documents publications board will be gazetted today as follows:

Adam Shortt, C.M.G. (chairman); Arthur G. Doughty, C.M.G., Ottawa; Professor Charles W. Colby, Montreal; Thomas Chapais, Quebec, and Professor George M. Wrong, Toronto.

NEW ROUTE TO WESTERN CANADA PROVING POPULAR

Runs Through Famous Clay-Belt of New Ontario and the Cobalt Mining District.

On your next trip to Western Canada why not travel over a new route, see the wonderful land opened up in Northern Ontario by the Transcontinental Railway and gain a glimpse of Temagami, and the Cobalt silver mining region?

You may use two famous trains on your journey without any added expense for railway fare as compared with any other route. The International Limited will carry you to Toronto, where "The National" starts on its westbound flight. "The National" uses the rails of the Grand Trunk to North Bay, the Temiskaming and Northern Ontario (Provincial Government line), to Cochrane, and the Canadian Government Railways to Winnipeg, where it links up with the Grand Trunk Pacific for all important points in Western Canada.

A pleasant daylight run to Toronto, an evening in the Queen City, and "The National" is ready to carry you westward. The departure of "The National" from Toronto is at 10:45 p.m. on Tuesdays, Thursdays and Saturdays. North Bay is reached early next morning, and there opens up for your admiration all the lakeland beauties of the territory served by the T. and N. O. line. Those are followed by a wonderfully interesting trip through the sparsely populated territory of New Ontario, giving the traveler an opportunity of inspecting this fertile region, including the famed clay belt where tens of thousands of settlers will make their homes in the future. The area of New Ontario is 330,000 square miles, fully four times the siez of Old Ontario, and in addition to great expanses of good farming land, it has wonderful resources in timber, minerals, waterpower, fish and game.

The three railways have combined to make the passenger service over this new road the equal of that offered anywhere on the continent. The smooth, straight and level roadbed embodies all that has been learned in three quarters of a century of railroad building. The greatest travel comfort is assured. Full particulars from any Grand Trunk Ticket Agent, or C. E. Horning, District Passenger Agent, Toronto.

LIBERAL CONVENTION AT SARNIA POSTPONED UNTIL OCTOBER 24TH

F. F. Pardee Is in Ottawa, and Rally Is Delayed.

FINE HIGHWAY PLANNED

Sketches Sent to Lieutenant-Governor for His Approval.

SARNIA, Oct. 5.—The Liberal convention scheduled for this city on October 17 has been postponed until Wednesday, October 24, according to an announcement made by N. S. Gurd of the firm of Pardee, Burnham & Gurd, in the absence of Mr. Pardee, who is in Ottawa. Stories that the convention had been cancelled are denied, and the rally has merely been postponed. The meeting will be open to all Liberals in the riding, and F. F. Pardee will be the principal speaker.

PLAN FINE HIGHWAY.

SARNIA, Oct. 5.—Plans for the proposed lakeshore road, which were prepared by City Engineer John A. Baird, have been forwarded to the lieutenant-governor by the township solicitors for approval. Township Reeve Peter Gardiner and Commissioner Johnston have been authorized by the township council to dispose of the timber on the road allowance, and to take initial steps to prepare the road for gravelling. Engineers McLean and Francis conducted a survey of this proposed road some time ago, and their plans received the approval of the lieutenant-governor, but he advised that the plans be made by one engineer, and City Engineer Baird was commissioned for the job. If the plans are approved, work will be started at an early date, and it is the announced intention of the township officials to build an excellent highway, which will be several miles in extent.

APPLY FOR CHARTER.

SARNIA, Oct. 5.—The formation of a real estate exchange in association with the board of trade is now a certainty, and at a well-attended meeting of the principal dealers held recently, committees were appointed to draft the bylaws and constitution, and it was decided to apply for a charter. The election of officers and organization will take place upon the receipt of the charter and the completion of the other necessary details. It is the intention of the dealers to list all properties at a central exchange, and thus co-operate in selling same, also assisting prospective purchasers in their search for dwellings. Dealers interested in the formation of the exchange are enthusiastic over the results up to the present time, and anticipate even greater success when the organization is completed.

BURIED AT LAKEVIEW.

SARNIA, Oct. 5.—The funeral of Mrs. Eliza Hardy, relict of George Hardy, who was fatally burned when her clothes caught fire while preparing a meal at her home on Wednesday, was held from the family residence, lot 12, concession 4, Sarnia Township, this afternoon, interment taking place at Lakeview Cemetery.

GALE ON THE LAKES.

SARNIA, Oct. 5.—News of a terrific gale on the upper lakes was brought to this port today by the arrival of the steamer Hironic. A 50-mile-an-hour gale, with its resulting heavy seas, was reported, but no accounts of any damage have been received.

WANTED TO SLEEP.

SARNIA, Oct. 5.—J. B. Jones, colored, and Edward Taylor were arraigned in the police court today on charges of intoxication, and both were assessed the customary $10 and costs. The former was arrested while endeavoring to disrobe in the city ticket office, apparently preparing to spend the night there.

REMODELLING STABLES.

SARNIA, Oct. 5.—Employees of Guttridge & Grace, successful tenderers for the contract of remodelling the Peterson stables as an additional market building for the city, are at work, and the old and unnecessary fixtures are being torn out. Owing to some alterations in the original plans, the contractors expect to complete the work in six weeks.

SISTER DIES DAY AFTER BROTHER

STRATHROY, Oct. 5.—Mrs. H. Sickles died at her home on Metcalfe street this afternoon. She was a sister of George MacBeth, who died suddenly on Thursday. William of London is a son, and Annie at home and Mrs. Richardson of Toronto, daughters. The funeral will be held on Sunday afternoon.

WELCOMED AT BOTHWELL.

BOTHWELL OCT. 5.—Corp. Gordon Miller, who was wounded on July 14 at Ypres, is home, and was warmly welcomed on his arrival. A brother, Earl, is still at the front, and another brother, Clifford, has been missing for a year.

HAD NO RESTFUL SLEEP; TIRED IN THE MORNINGS

Suffered Greatly From Backache and Could Get No Relief Now Has a Different Story to Tell.

London, Ont., Oct. 6.—What a pleasure it becomes to tell others of a treatment which has positively proven of lasting benefit. This explains why so many people are talking about Dr. Chase's Nerve Food and of how it has worked in their particular cases.

This letter describes the feelings of many thousands of women whose health has become rundown. They are nervous and excitable, cannot rest properly at nights and get up tired in the mornings, not feeling in any condition to begin the daily tasks.

But Dr. Chase's Nerve Food has brought back strength, courage and happiness to so many tired, nervous women that it is well worth giving a trial. Since it is a blood-forming treatment, it must be of some benefit. This letter proves it:

Mrs. J. F. Erskine, 1154 Bridges street, London, Ont., writes:

"My system became rundown, and I was very nervous. My nerves got so bad that I could not sleep at night, and sometimes when I did drop off to sleep, I would have frightful dreams. The mornings following I would feel tired and unrefreshed. I also suffered greatly with my back, and although I had doctored for some time, I could get no satisfaction in results. One day I read in the newspapers of a case very much similar to mine, which had been cured by Dr. Chase's Nerve Food, so I thought I would give it a trial. Before I had taken very many I could see they were helping me, so I continued taking them for some time. They certainly are a wonderful medicine, as I feel like a different woman. I sleep well at night, and have gained relief from the pain in my back. They have done me so much good that I want to recommend them to others, so am writing to tell you the good results I secured from them."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for $2.75, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

AMERICAN TROOPS IN SPECIAL TRAINS HURRY EASTWARD

Eighty-Four Coaches Went Through St. Thomas Last Night.

ST. THOMAS, Oct. 5.—Three special trains composing eighty-four coaches, carrying American soldiers, passed through here on the Michigan Central Railway tonight. The troops were en route from the Western States to eastern training quarters.

Thomas J. Cassidy, trainmaster of the Wabash-Grand Trunk Railway, is in St. Louis attending a meeting of Wabash Railway officials.

LIEUT. McLACHLIN HOME.

ST. THOMAS, Oct. 5.—Lieut. Martinett McLachlin, son of Robert McLachlin, has returned to his home in this city. Lieut. McLachlin went overseas from St. Thomas with the 21st Battalion, and was wounded at Fresnoy on May 3, and while in hospital pneumonia set in. The gallant young officer was invalided home, but expects to rejoin his regiment when entirely recovered from the effects of his wounds.

BLENHEIM RACE TO BE RUN AGAIN OWING TO DISPUTE

BLENHEIM, Oct. 5.—The trials of speed at the fair proved quite a great drawing card this afternoon, but there was considerable disappointment when a misunderstanding between Starter Biggar and the drivers in the 2:50 pace or trot race resulted in the race not being finished. It was claimed that the order "go" was given and afterwards the bell rung. Two finished the heat and the other two came back. Those who finished claimed the heat. This the judges disallowed. The balance of the time was spent in a jangle and the race was called to finish Saturday. The farmers' green race, purse $50 divided, half-mile heats, three in five, owners and heats as follows:

Art Palmer	1	1	1
Thomas Davis	2	2	2
James Young	3	3	3
James Wellwood	4	4	4

Time—1:12, 1:13, 1:13.

2:50 Race, Purse $125 (only one heat).

Jack Fraser	1
Jack Forbes	2
Alro Jennor	3
Ernie Moore	4

PLEADS GUILTY TO STEALING WHISKEY

GALT, Oct. 5.—When brought before Magistrate J. R. Blake, Frank Dryden, car checker, who had already pleaded guilty to stealing three cases of whiskey from the C.P.R., pleaded guilty to three other thefts, also of liquor, and with Louis McLaughlin, yard foreman, who also pleaded guilty earlier in the week, was remanded until next Wednesday for sentence.

Basil Hawkins of Brantford, defended by A. B. McBride of Waterloo, charged with receiving five cases of the stolen whiskey, was given a preliminary hearing and will stand trial at the fall assizes at Kitchener on October 29. Bail of $4,000 was allowed in this case.

M. A. Secord appearing for C. Wallace, also charged with stealing, did not plead or elect, and obtained a remand until Wednesday next, Wallace getting his freedom on $500 cash bail.

Crown-Attorney Bowlby prosecuted, assisted by E. W. Clement of Kitchener, representing the C.P.R.

HELD FOR ASSAULT.

INGERSOLL, Oct. 5. — A further adjournment for eight days was today made in the case in which two local youths, Gordon Petrie and Robert McCullough, are charged with common assault and indecent assault, respectively. Bail of $4,000 each case remains as formerly. The cases will be adjourned from time to time until the complainant is able to appear.

25 POUNDS MONTHLY LIMIT OF MONEY TO BE SENT PRISONERS

If Sent to Canadians, Government Authority Needed.

COOKS DO TRANSMITTING

All Remittances Must Be Made Through United Kingdom.

LONDON, Oct. 5.—The lords commissioners of his majesty's treasury have granted to Messrs. Thomas Cook & Sons, Ludgate Circus, London, E. C., a license to send through an agent in a neutral country to British or Allied subjects in enemy occupied territory, for their maintenance, any sums not exceeding twenty-five pounds sterling per month in the case of any one individual. The transmission of such remittances to Canadian soldiers must be authorized by the Governmen: of Canada and Cook's Canadian branches are authorized to act as the channel of remittances to Cook's, London.

Authority to remit through an agent in a neutral country to Canadian prisoners of war in Germany sums not exceeding in the case of any individual prisoner, the sum of twenty-five pounds sterling per month has been granted the European agent of the Dominion Express Company.

Remittances to British prisoners of war in enemy countries may be made by persons in the United Kingdom by money orders issued free of commission, in accordance with a notice issued by the British postoffice authorities in 1915, without any authority. Permission for such remittances is only sought in order to avoid delay at the office of the postal censor in cases in which it is desired to remit money by check.

No general authority to make remittances to enemy-occupied territory has been given to any person or firm outside the United Kingdom other than general licenses for remittances from America through the United Kingdom.

All remittances from Canada to enemy-occupied territory must be made through the United Kingdom in order to secure the assurance that the same individual does not receive more than twenty-five pounds per month from all sources and that all remittances are made through agencies under supervision of his majesty's Government.

FIELD SPORTS WERE HELD AT STRATHROY

STRATHROY, Oct. 5.—Unfavorable weather conditions failed in any way to lessen the enthusiasm at the annual field day of the students of Strathroy collegiate institute at Alexandra Park this afternoon. A big crowd was out and kept things lively every minute. A big delegation came down from Watford and the athletes from Watford collegiate who took part did well. Owing to the weather conditions the football match that was scheduled had to be cancelled. The senior championship was won by G. Bycraft with fifteen points, and the junior championship by R. Nicholson, who scored 26 points. The girls' championship was won by Charlotte Buttery.

In the boys' relay race Strathroy won, and in the relay race for girls Strathroy was distanced by Watford.

This afternoon the students from Watford were guests of the students of the fourth form at a banquet, and all had a most enjoyable time.

Says Government Must Standardize Life's Necessities

Only Way to Prevent High Cost of Living Soaring Still Higher.

WINNIPEG, Oct. 5.—That the Government would have to take a strong hand in the standardizing of necessities of life in order to prevent the high cost of living soaring still higher, is the opinion of M. B. Colsworth, F.G.S., of New Westminster, B.C., who is in the city today studying conditions regarding the cost of living.

Figures Mr. Colsworth has compiled show that the cost of living in Winnipeg in 1916 was 2 per cent higher than the previous year. In Victoria and Edmonton it remained stationary, while it had increased in other cities as follows:

"Regina, 2 per cent; Toronto, 17 per cent; Montreal, 9 per cent; Halifax, 9 per cent, and in only one large Canadian city, New Westminster, was the cost of living lower in 1916 than in 1915.

YOUNG MEN HELD FOR STEALING GRAIN

WATFORD, Oct. 5. — Last night Gordon Jamieson, aged 23, and his brother Norman, aged 19, were tried for stealing grain from John Jackson. County Crown Attorney Wilson from Sarnia came up on the case. After somewhat lengthy evidence the young men were committed to Sarnia jail to await further trial, and Constable Elliot took them to Wyoming in a car, where they boarded the night train west.

PEOPLE OF RUSSIA BETRAYED TO HUNS BY AGENTS IN U. S.

Herman Bernstein Hears From "Sherlock Holmes of Russia" How Czar's Purchasing Commissioners Were Bought Up.

NOTORIOUS MADAMESCHWIMMER AIDED BERNSTORFF IN NEW YORK PLOTS

Muscovy Now Overrun With Spies, Who Entered Land as Returned Exiles After the Revolution—Thousands of Lives Lost Through Devilish Intrigues That Brought About Emperor's Overthrow.

By Herman Bernstein, Special Investigator in Russia for the New York Herald.
(Copyright, 1917, by the New York Herald Company—All Rights Reserved.)
(Copyright Canada by New York Herald Company.)
(First Installment.)

Russia was betrayed in this war by the Tsaritsa Alexandra, now exiled with the Tsar in Siberia.

Russia was betrayed by Premier Stuermer, who died a prisoner on the eve of his trial for high treason.

Russia was betrayed by Minister of the Interior Protopopoff, a creature of Rasputin, and he is now awaiting his fate in the fortress of Peter and Paul.

Russia was betrayed by War Minister Soukhomlinoff, now condemned to imprisonment for life at hard labor.

Russia was betrayed by War Minister Soukhomlinoff, now condemned to regime in great haste for fear lest he might name his fellow conspirators and traitors in the highest places.

German spies and agent provocateurs have worked in Russia uninterruptedly and brazenly throughout the war. They were active in the palaces of the Tsar, in the cabinet, in the police department and at headquarters of the general staff.

Betrayed People and Allies.

Russian generals, sympathising with Germany for many reasons and knowing the spirit and will of their masters, betrayed Russia to Germany. The old regime betrayed the people of Russia and thus also betrayed Russia's allies.

Hundreds of thousands of lives, the flower of Russia, were sacrificed on the battlefields, victims of this conspiracy.

The revolution came in a large measure as a protest against this stupendous betrayal.

Germany's system of espionage in Russia was built long before the outbreak of the war. During the war the German Government worked unhindered within the Russian Empire and not a single Russian military secret remained a secret to the German military staff.

Mr. Spann, brother of a member of the kaiser's cabinet, was director of the Putiloff works, the largest munitions factory in Russia. There were mysterious explosions in the Putiloff works in the course of the war, there were repeated labor disorders among the tens of thousands of laborers in the Putiloff works, and large supplies of munitions were stored at the weakest points at the front, which fell into the hands of the Germans.

Mild Sentence for Traitor.

During the old regime Spann was charged with treason. As he was director of the Putiloff works and a brother of a German cabinet member, he had powerful friends in Russia. So his punishment was mild. He was exiled to Siberia for about a year. Public opinion was amazed and aroused, but in those days it could be amazed and aroused in silence. It was dangerous to tell the truth.

In Siberia the famous historian of the Russian revolution, Vladimir Bourtseff, met him. He, too, was an exile then. His crime was that he loved Russia. He was banished to Siberia soon after he came to Russia to help during the war, believing that all Russians, even those who had always fought Russian autocracy mercilessly, must come to the aid of the Russian people against the arrogance and violence of the military autocracy of Germany, which is striving to enslave the world.

Spann Now a Free Man.

Vladimir Bourtseff met the brother of the German cabinet minister in Siberia and acquainted himself with his views and activities. According to Bourtseff, who has unmasked many agents provocateurs, this same Spann, brother of a member of the German cabinet, is now back in Petrograd, free, directing German espionage in Russia.

At the famous Moscow conference Premier Kerensky, General Korniloff, General Alexieff and members of the Russian cabinet reviewed the condition of Russia with extraordinary frankness. They discussed the status of the army and military operations without restraint. The reason why they were not afraid to divulge these secrets of the conference was that they were aware that Germany knew all this better than Russia knew, and they wanted Russia to know.

The German Government, through its agents, took immediate advantage of the absolute freedom of the press and freedom of speech that came with the revolution, and employed for their own purposes the consequences of the blunders made by the people, who mistook license for liberty.

Agents for a Separate Peace.

Among the immigrants and Russian exiles who rushed to new Russia from different countries, from Switzerland, England, France, the United States, Italy and the Scandinavian countries, there came a new mass of German agitators and agents provocateurs, under the guise of revolutionists, internationalists and so-called pacifists, who wanted to induce the free Russian people to do for Germany what the old regime was on the eve of doing—they wanted Russia to make a separate peace with Germany. They demoralized the Russian army and injected poison into the organism of Russia, from which she is recovering with difficulty.

Russia is bleeding in the grip of German espionage and pro-German agitators, who advocate peace with Germany at any price, knowing that the price is Russia's new liberty.

The provisional government of the Russian republic, headed by Kerensky, is making heroic efforts to liquidate the sins of the old regime and to liberate Russia now from the grip of kaiserism in different disguises.

Russia was betrayed during the war by the old regime. The new regime is fighting the effects of German espionage, which has fortified itself and spread its activities everywhere. The betrayal of Russia took place not only in Russia, but also on American soil. The Russian Government is now investigating the activities of a number of Russian officials who were in America during the war for the old Russian Government and who are charged not only with colossal graft and corruption, but with the betrayal of Russia to German agents in this country.

Fears of Russia's Betrayal.

Before I left for Petrograd in May I had occasion to acquaint myself with a series of charges made against certain members of the Russian officials that revealed astounding facts and accounted for many of Russia's reverses.

Upon my arrival in Russia I discussed this subject with Vladimir Bourtseff, who has been styled the Sherlock Holmes of the Russian revolution. He familiarized me with additional facts, which he subsequently presented to Boris Savinkoff, head of the war department, and to the department of justice. The government immediately started an investigation and witnesses were examined by a special commission appointed for that purpose.

From the documents in Bourtseff's possession it appears that German and Austrian espionage had built itself a nest among some of the members of the Russian commission in America which was supervising the purchase of war materials for the Russian Government.

Several members of the Russian commission, sent by the old government, are charged with graft and treason, with the betrayal of Russia upon an unprecedented scale.

Secrets Sold to Germans.

According to the witnesses, German and Austrian agents worked as secretaries of certain members of the commission, and Russian military secrets were betrayed, information concerning munition orders was sold, the dates of shipment were divulged and wireless notification was given concerning the start of steamships carrying war materials for Russia. The testimony presented by Vladimir Bourtseff to the government showed that German agents organized explosions in munition factories here, that with the aid of persons connected with the Russian commission Russian war materials were spoiled, that unfit and worthless supplies were shipped and that some of the members of the Russian commission worked together with German representatives in this country for a separate peace between Germany and Russia.

The revelations contained in the materials submitted by Bourtseff to the Russian Government expose the machinations of the former Tsar's servants, who worked hand in hand with German agents for Russia's destruction, and which probably cost Russia countless thousands of lives.

One Apartment in Woman's Name.

One of the chief offenders, according to the charges made by witnesses now in Russia, was Colonel Vladimir Nekrasoff, a member of the Russian commission, who returned to Russia some time ago. Nekrasoff lived at the Belleclaire Hotel here and occupied two other apartments in New York. One of the witnesses testified that one of his apartments was kept in the name of Rosika Schwimmer, where Colonel Nekrasoff and Count von Bernstorff, then German ambassador to the United States, met several times.

It will be remembered that Rosika Schwimmer, an Austrian pacifist advocate, was the originator of the Ford peace expedition. It was Mme. Schwimmer who induced Henry Ford, the idealist with millions of dollars, to finance the expedition. She misled and deceived him by assuring him that she had documents from the neutral governments to the effect that they were eager for the calling of a conference and that they would participate in such a conference.

I was with the Ford expedition, as a guest of Mr. Ford, and within the first few days I realized that Henry Ford was the victim of a bold adventure, that Mme. Schwimmer had no such documents as she described to Mr. Ford, and that she was working for German and Austrian interests rather than in the interest of durable peace.

Woman Used Ford As Mask.

It was pathetic to see Mr. Ford, whom I regard as one of the noblest idealists of our age, when it dawned upon him that something was wrong with the expedition. I was the first to declare to Mr. Ford that I would leave the expedition upon reaching Stockholm. I felt that I could not be identified with an expedition whose moving spirit, Rosika Schwimmer, was disguising behind the noble ideals of Mr. Ford and his purest motives a scheme which was intended to serve not only her own selfish interests, but perhaps also one of the groups of belligerents against another. Henry Ford was the first man to leave the expedition in Christiania. I was his first guest to leave it.

The admission of Nekrasoff to the effect that von Bernstorff, then German ambassador to the United States, and Colonel Nekrasoff, a member of the Russian commission in America, met several times with Mme. Schwimmer in 1915, casts a very strong suspicion on Mme. Schwimmer's activities in this country and her peace propaganda. The bringing together of representatives of enemy governments is more than strange, but, in the light of the disclosures brought out in the charges against Colonel Nekrasoff, that he had betrayed Russian military secrets to the German and Austrian authorities, the incident assumes serious proportions.

A shadow is thus cast on the Ford peace expedition, which was engineered by Rosika Schwimmer, perhaps to serve both German and Russo-German interests.

George Lurick, an Esthonian, who lived in New York and is at present in Petrograd, is one of the numerous witnesses against several members of the Russian commission.

Told to Reject Order.

Mr. Lurick declared that Colonel Nekrasoff one day sent his assistant, an honest, decent and reliable man, to one of the munitions factories in Baltimore working for Russia. He gave to him the following instructions:

"I know that you are a Russian patriot, but you must reject the entire order, even if it meets with every requirement in accordance with specifications."

When his assistant endeavored to raise objections, Colonel Nekrasoff interrupted him.

"What is the use of arguing, my friend? Reject the entire order and that will settle the matter. It makes no difference anyway—these munitions will never reach the Russian front. The war is unpopular in Russian Governmental spheres. We must lose it. Our Empress Alexandra Feodorovna wants us to lose it. Rasputin is also in favor of Russia's defeat. He is also for the Germans."

Bourtseff has information that Colonel Nekrasoff received large sums of money for depriving the Russian army of war supplies at a time when it was retreating from Galicia because of lack of munitions. It is understood that many explosions in munitions factories took place as a result of arrangements between members of the Russian commission and agents of the German Government in this country, and that ships carrying ammunition for Russia were thus blown up, that orders for munitions were given to factories directed by Austrians, Germans and Hungarians. The result of such arrangements is easily surmised.

How Nekrasoff and others worked hand in hand with agents of the German and Austrian governments, how a young woman named Alexandra Mirolubskaya, now in Petrograd, came to this country at the request of Nekrasoff, posed as his sister and then acted as intermediary between Nekrasoff and the German agents who bought Russian military secrets and organized plots against Russia, will be told in the next installment.

(End of First Installment.

(The second installment of Berstein's revelations will appear on Monday.)

"I ACCEPT"

Advertiser Illustrations —New York Evening Telegram.

TEDDY DEMANDS COMPLETE WRECK OF POWERS NOW RUN BY PRUSSIA

Overthrow of Germany and Dissolution of Austria and Turkey Necessary.

REFORMS EUROPE'S MAP

Free Arabia, Armenia, Poland and Lithuania and a Jugo-Slav State.

KEEP GERMAN COLONIES

Obligatory Military Training of Americans to Prevent Recurrence of War.

NEW YORK, Oct. 5. — Theodore Roosevelt, speaking here tonight at a "national service" mass meeting under the auspices of the mayor's committee on national defence, declared that the only peace which will make the world safe for democracy must be based upon the complete overthrow of Germany and the dissolution of Austria and Turkey. Included in the program he outlined were a free Arabia and Armenia, Poland and Lithuania with an independent commonwealth and a jugo-slav state.

"Continually we hear rumors of peace," he said. "I think the circulation of such rumors is injurious to America and to the cause of decency and democracy. We should make it clearly understood that the conduct of Germany has been such that we regard as enemies of mankind all persons who would strive to bring about a peace based upon treating Germany, Austria and Turkey on the one hand, and the Allies on the other, as standing on a footing of equality. The only peace that will make the world safe for democracy is a peace based on the complete overthrow of Germany and the dissolution of Austria and Turkey.

Only Hope for Democracy.

"Unless we have used the phrase in a hypocritical and insincere manner, this is the way to make the world safe for democracy, and the only way; and this means that the only peace we can accept is the peace of overwhelming victory. Turkey's conduct toward the Armenian and Syrian Christians has been such as to make it evident that the Turk must not only be driven out of Europe, but his empire destroyed. Give Arabia freedom; give Armenia freedom. Establish a free city at Constantinople and keep the straits absolutely open for the Russians and everyone else.

"Make a greater Poland, and probably a great independent Finland, too. Give the Lithuanians at least autonomy; make an independent jugo-slav commonwealth to include on a footing of an entire equality Croats, Serbians and Slovaks, whether orthodox, Catholic or Mohammedans. Restore Italian-Austria to Italy, and Rumanian-Hungary to Rumania.

Give Belgium Full Due.

"As for Belgium, she is not only entitled to restoration but to the heaviest kind of indemnity. Let France have Alsace-Lorraine; let Poland include the whole Baltic coast, to which she is entitled. Let the British and the Japanese keep the colonies they have won.

"As for the United States, we wish nothing except to have it clearly understood that the Monroe doctrine is to be upheld in the future as in the past. South of the equator this doctrine can be left to Brazil, Argentina and Chile, who are strong enough to maintain it, and whom we will aid in maintaining it only when they so desire.

"But around the Caribbean and at the points bearing upon the approach to the canal, we must ourselves maintain it.

"We do not desire to see Germans or Magyars oppressed by anybody; but we do not intend that hereafter they shall oppress others. Peace should be along the line thus roughly indicated. Then do whatever the agreements can do to make peace permanent and minimize the chances of war in the future.

Avoid Folly and Hypocrisy.

"But avoid folly and hypocrisy and do not make believe that any paper's scheme will bring the millenium or abolish all chances of future war. After we have done all we can do by Hague conferences and arbitration agreements and treaties let us profit by the lessons of the last three and a quarter years, and remember that all these things taken together will be an utterly insufficient safeguard for peace against alien aggression. There is but one permanent method of securing safety for this nation, and that is by training our strength in time of peace, by preparedness; and the only effective preparedness must rest on a system of universal obligatory military training for all our young men; a training which is against war, for it will render it most unlikely that there ever will be war; a training which will also immeasurably increase the self-respect and patriotism, and the moral and physical fitness of young men for the tasks of peace."

URGES WORKINGMEN TO SINK DIFFERENCES IN DEMOCRACY FIGHT

KITCHENER, Oct. 5.—The Merchants Bank Hall was crowded tonight, mostly by workers who listened attentively to Miss Laura Hughes of Toronto, who spoke in the interests of Dr. Hett, candidate of the Independent Labor party. Miss Hughes declared the workers' one salvation is to get members into the House at Ottawa, so that legislation may be passed which will benefit the workingman. She pleaded with all those who had that outlook to sink petty differences and join hands and hearts and help the Independent Labor party in this movement for democracy. She spoke at some length of the shortcomings of the Borden Government, and referred to the Bruce report which the Government suppressed so the people would not know of the conditions, and how the wounded Canadian soldiers were being treated.

At the close of the address there was considerable heckling on the part of Socialists present, but Miss Hughes proved too much for them, and the audience scored the interrupters. When the question was asked Dr. Hett, the candidate, whether he was a labor or win-the-war candidate, he said that anyone who knew his attitude towards conscription would know he was not a "win-the-war" candidate.

MANAGER OF WM. DAVIES MAY FACE INDICTMENT

TORONTO, Oct. 5.—The Star today carries an Ottawa dispatch quoting W. F. O'Connor, cost of living commissioner of the labor department, as stating this morning that he has secured permission from the attorney-general of Ontario to indict Mr. Fox of the Wm. Davies Company of Toronto, for failure to supply certain information requested by the department.

DANCE AT STRATHROY.

STRATHROY, Oct. 5.—The local members of the 63rd Battery were guests tonight at a dance given in the Armories by Misses Ross, Calvert and De Cow. About forty couples were in attendance and a most enjoyable evening was spent.

Your Grocer will say "SALADA" TEA

pleases his most discriminating customers.

Sold only in metal packets. Never in Bulk. B.299

ST. THOMAS, Oct. 5.—Mrs. A. McCallum, 16 Celestine street, has been advised that Sapper J. R. Moodie had been wounded by gas shells on September 25. Sapper Moodie enlisted with the Canadian Engineers at London in February, 1916.

ST. THOMAS, Oct. 5.—C. McMurtry and P. C. Southern today were notified by the naval department, Ottawa, that they were successful in their wireless telegraph examinations taken at Port Burwell wireless station recently, and to hold themselves ready for orders.

The Newest Idea In Hosiery

We paid a big sum to obtain new and improved machines to knit seamless, full-fashioned hosiery—the most up-to-date in the world. We control these machines—no others can use them.

Mercury Hosiery

knitted on these new machines has the narrow ankle that fits without a wrinkle—something that women have long wanted in Canadian-made hosiery. We get this by fashioning the hose at the sides (see 2 in the picture).

The toe also is perfectly turned and fits without a wrinkle (see 3).

The dotted lines at toe and ankle show how much wider ordinary hosiery is.

No. 1 at the top shows the fashioning here which makes the hosiery more elastic and comfortable at this point.

Made in Black Cashmere, Black Lisle, White Lisle, of the finest finish and quality.

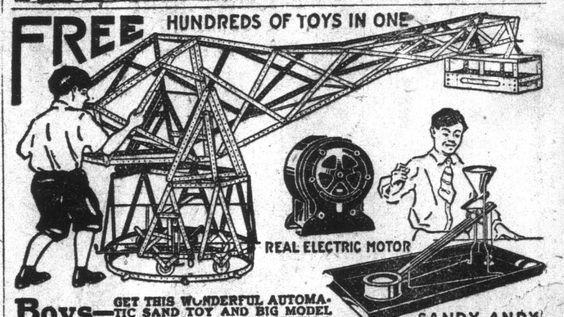

Ask your dealer to show you this new "Mercury" hosiery.

Mercury Mills, Limited, Hamilton, Canada

Also makers of high grade hosiery for men and underwear for men, women and children 51

FREE HUNDREDS OF TOYS IN ONE

Boys—GET THIS WONDERFUL AUTOMATIC SAND TOY AND BIG MODEL BUILDER WITH ELECTRIC MOTOR

SANDY ANDY

You can run both these toys whether you have electricity in the house or not. This is truly the biggest and best offer ever made to boys and every real live boy in Canada should take advantage of it.

"Sandy Andy" is more than a mere toy. It is a construction toy which works automatically. Pour sand in the hopper and Sandy Andy begins to work. The sand runs from the hopper to the car, which when nearly full runs down the track, automatically dumps at the bottom and then goes up for another load. This operation continues indefinitely as long as there's any sand in the hopper. You'll never tire of "Sandy Andy."

There's "pep" and zing in the way it works—just like real big machinery and inclines railroads.

All boys know the American Model Builder. It is real. By hundreds of boys in one. With it you can make actual working models of trucks, derricks, travelling cranes, aerial swings, fire ladders, bridges, etc. The outfit is complete and contains pulleys, gears, pinions, axles, beams, machine screws, etc., and best of all, a powerful electric motor capable of lifting 10 pounds, goes with each builder, so that you can actually run all the models you build.

This wonderful offer is made to boys because we want to get hundreds of hustlers at once to help us advertise and introduce "Daintees," our delicious Whipped-Cream Candy-Coated Breath perfume. Write to-day for a big Free sample package to try and just 20 large handsome packages to introduce among your friends at only 10c each. You'll sell them instantly by opening your sample package of "Daintees" and asking all your friends to try them. Everyone will buy a package or two because they cannot resist the delicious flavor. Two or three little "Daintees" will perfume the breath, cleanse the mouth and leave a lasting fragrance.

Return our $2.00 when the "Daintees" are sold and we'll promptly send you the Automatic Sandy Andy with a supply of clean white sand, and the complete big Model Builder and Electric Motor, as also described without selling any more goods by simply showing your grand prize among your friends and getting only five of them to sell our goods and earn our fine premiums as you did.

Write now boys and in a few days you'll be the proud owner of the finest toys in town. Remember we stand payment of all delivery charges under our reimbursement plan—it doesn't cost you a cent.

Address: 78

Regal Manufacturing Co. Dept. S 12 Toronto, Ont.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

GIRLS! LOTS OF BEAUTIFUL HAIR

25-Cent Bottle of 'Danderine' Makes Hair Thick, Glossy and Wavy.

Removes All Dandruff, Stops Itching Scalp and Falling Hair.

What Thin Folks Should Do To Gain Weight.

Good Advice for Thin Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered, regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Saltogyn. The best strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is indorsed by eminent physicians and used by prominent people everywhere.

A month's systematic use of Saltogyn should produce flesh to the extent of at least 10 pounds by correcting faults of digestion and by supplying highly-concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. It can be obtained from the Standard Drug Company and other leading druggists everywhere.

NOTE.—While Saltogyn has given excellent results in the treatment of nervous indigestion, it should not be taken longer than five days at a time by those who are not willing to gain at least ten pounds in weight.—Advt.

BIGGEST CROWDS IN TEN YEARS AT GALT FALL FAIR

GALT, Oct. 5.—Despite the fact that it rained all night and then turned bitterly cold, the best crowd in ten years attended the fair at Dickson Park this afternoon. The program was the best ever presented here, and the exhibits were splendid. All events were well filled. Special attractions were a baby show, Gladys Comber's child dancers, and pipers, and the speeding events.

The Kiltie Band was in attendance. Over three thousand people were on the grounds. The winners of speeding events were: Farmers' road horse—Bernstihl, Bridgeport; S. Pickard, Galt; R. Harman, Hespeler.

Pacers—H. Litt, Guelph; M. Kreh, New Hamburg; J. Davey, Kitchener.

Gentlemen's road race—A. Y. Fringle, Hamilton; W. F. Fisher, Waterloo; E. Fried, Roseville.

Free-for-all—H. Litt, Guelph; J. W. Davey, Kitchener; M. Kreh, New Hamburg.

RAIN FAILED TO SPOIL BIG FAIR

BRUSSELS, Oct. 5.—Brussels fair today was a wonderful success in spite of the bad weather, the gate receipts being over $400. The races and other sports had to be cancelled owing to the wet half-mile track. Two fine drills were put on by Brussels pupils of the continuation and public school. Kincardine pipe band gave a good program, and the Barclay children of London pleased the crowd with their Highland dances.

In the evening a big concert was held in the skating rink. Galt Maple Leaf male quartet and the Barclay dancers gave an excellent program.

FINGAL MILL BURNED.

ST. THOMAS, Oct. 5.—The saw and gristing mill belonging to Isaac Gilbert at Fingal was totally destroyed early today, together with several farmers' grist. There was no insurance. The loss will be between $1,200 and $1,500. It is believed the fire originated from the fire-box.

Abbey's Effer-vescent Salt STANDS BETWEEN

YOU *and* ILLNESS

WHEN you're not yourself and feeling out of sorts, slightly feverish, sallow complexion, nervous headache or depressed—take a spoonful of ABBEY'S SALT in a glass of tepid water, morning and night.

¶ The regular use of ABBEY'S SALT will keep the intestines clear, sweeten the stomach and promote a vigorous, healthy digestive system.

¶ Your Doctor will proudly prescribe ABBEY'S—We Guarantee It.

Miss Suratt, known as the "Empress of Fashion," will be seen in "The Slave," at the Patricia Theatre Thursday, Friday and Saturday next. Matinees only.

At the Majestic on Monday and Tuesday.

FINANCIAL, MARKET AND COMMERCIAL SECTION

ALL PRODUCE WAS WELL REPRESENTED ON LOCAL MARKET

Largest Peach Offering of the Season—Good Offering of Plums.

Every variety of produce was well represented on the market today, fruit and vegetables being particularly plentiful. Peaches were greatly in demand, and the offering the largest of the season. The price of peaches declined because of the large quantities offered, and the majority of baskets sold at 75c to 90c each. Despite the unprecedented offering of peaches virtually every purveyor managed to dispose of his baskets before the conclusion of the morning.

Good Offering of Plums.

There was a good late offering of plums and the demand for this fruit was unexpectedly good. It was not expected that a large quantity of plums would be seen on the market for the remainder of the season and today's comparative large supply came as a surprise to local housewives.

Pears and apples were popular throughout the morning. Contrary to all predictions apples sold at a much decreased price when all baskets brought from 75c to $1. This range of values is an all-round drop of 50 cents under the prices quoted Friday. Pears sold at 90c to $1, which is also a slight decline from former offerings.

Vegetables Plentiful.

Vegetables were plentiful and in fair demand. Fluctuations in the price of potatoes have occurred daily of late, and it is particularly hard to forecast a permanent range of values for the season. Spuds declined substantially this morning, the prevailing prices being between $1 and $1.25 per bushel. The consensus of opinion among farmers of the district in regard to the future value of the potato is that a continuation of the slight decline in prices will be recorded before long until the 80c mark is reached.

Tomatoes are selling at 40c to 45c a basket. This is another decline in the price of one of the most popular vegetables and much welcomed by inveterate marketers.

Turkeys are not so plentiful as that which generally characterized the market about this period of former years. The price of a pound of turkey is the highest on record, it being from 31c to 34c.

Eggs advanced, when all single dozens sold at 44c in case and basket lots, and at 47c retail. Further advances in the price of the hen product will no doubt be recorded before winter. However, marketers are optimistic that the price of eggs will not attain the height of last year.

GRAIN.

Chicago, Oct. 6.—Reports of killing frosts in the main corn belt failed today to lift corn prices. The majority of traders appeared to have a settled belief that the bulk of the crop was matured and beyond damage. Instead of the frosts acting as a stimulus to buying, the noticeably increased realizing sales.

Opening quotations, which ranged from ¼c to ⅜c off to ⅜c up, were followed by a moderate general setback and then a slight rally.

Chicago, Oct. 6.—Opening: Corn—December, $1 19⅛@1 19⅜; May, $1 16⅛@1 16⅜.

Oats—December, 59⅛@59⅜c; May, 61¼@61c.

CHEESE.

Liverpool, Oct. 6.—Cheese—Canadian and American nominal.

WALL STREET.

New York, Oct. 6—Wall Street, 10:10 a.m.—A firm undertone attended today's early dealing in stocks, popular issues advancing from fractions to almost 2 points. Equipments, metals and allied specialties were most in favor, rails showing some irregularity.

10:30 a.m.—Higher levels prevailed at the opening of today's stock market, equipments and related war shares gaining large fractions to almost 2 points. Oils, shippings, coppers and several of the speculative specialties registered equal advances, but rails were hesitant, slight gains in New Haven, coalers and minor western issues being offset by declines in Delaware and Hudson and Southern Pacific.

Close.—From a firm opening, today's short session of the stock market gradually developed a lower trend. War shares and rails featured the early demand, but fell away when selling of steels and special industrials was resumed. United States Steel and Bethlehem Steel lost a point each, Midvale Steel 2½, and equipments, oils and utilities surrendered initial gains of 1 to almost 2 points. Dealings were wholly professional. The closing was heavy. Sales approximated 250,000 shares.

LAKE OF THE WOODS MILLING COMPANY PROGRESSES

At the annual meeting of shareholders of the company on Wednesday, October 3, the annual report showed that the Medicine Hat plant, destroyed by fire in 1916, had been reconstructed by January 2, 1917, and that the capacity of the Keewatin mill had been increased by about 1,000 barrels per day. In the continued absence on active service of the president, Brig.-Gen. F. S. Meighen, the vice-president, Mr. W. W. Hutchison, presided. The statements presented regarding the past year's business and prospects for the future were most satisfactory. The annual report contained an optimistic message regarding the quality and quantity of the western crops, and looked forward with confidence to a steady run of all mills this year.

C.N.R. CROP MOVEMENTS TOTAL 100,000,000 BUS.

Grain Handled in Year Ending August 31 Double Entire Western Crop of 1898.

One hundred million bushels of grain were loaded and handled over the lines of the Canadian Northern Railway System in Western Canada during the crop year ended August 31.

In all 83,953 cars were handled over its lines in Manitoba, Saskatchewan and Alberta, 60,551 cars being moved through to Port Arthur and points east of that Lake Superior port. Wheat constituted the major portion of the total handlings.

In 1898, when the influence of the Canadian Northern Railway construction was beginning to be reflected in larger production on the western plains, the entire crop attained to less than 57,000,000 bushels, according to figures of the department of the interior. Accordingly the grain loaded and handled over the lines of the Canadian Northern —and a great deal of it produced from territory opened up for settlement since 1898—is almost double the Western Canada production of nineteen years ago. The difference is almost incalculable between the cash returns from the two crops to the farmer and to the manufacturers who provide the goods western Canadians need.

There are no satistics available of the capacity of the grain elevators in Canada in 1898, but official figures of the department of the interior show that in 1900, there were in Canada 426 elevators and 97 warehouses of a total capacity of 18,329,352 bushels. In 1916 and 1917 there were 9,360 elevators of a total capacity of 193,844,000 bushels.

Of these Manitoba has a capacity of 22,775,000; Saskatchewan, 65,625,000; Alberta, 25,886,000, and British Columbia, 1,793,000. The capacity of the terminal elevators in Ontario is given at 41,750,000 bushels. These are located chiefly at Port Arthur and Fort William, at the head of Canadian Great Lakes navigation. The C.N.R. elevator at Port Arthur, capacity 9,500,000 bushels, being the largest consolidated elevator plant in the world.

FIRST OF SERIES

I. O. O. F. Lodge Has Attendance of 200 at Initial Euchre Party.

Canton London, No. 1, I. O. O. F. held the first of its winter series of euchre parties in the lodge rooms, Alma Block, on Friday evening. There was an attendance of 200, and 25 tables were filled by the players.

Following cards light refreshments were served and the evening wound up with a dance. The next of the series will be held the first Friday evening in November.

The prize-winners Friday night were Mrs. G. Ford for the women, and Roy McIntosh for the men.

A Sure Cure for Rheumatism.

Who is it knocks and does not boost it?

Sure, it is the man who has not used it, for William Lovelock, the well-known painter in St. Thomas, 14 Station street, for over twelve years, says: "I was all in with inflammatory rheumatism. I went to bed in September, 1911, and the first work I was able to do was on the 17th of March, 1913.

"I was swollen from head to foot; in fact, my limbs were twice the ordinary size, and I was in intense pain for three weeks. I was unable to feed myself, and was suffering more each day. My physicians told me plainly to prepare for the worst, as about ten days was my limit. A friend of mine, who was trying to cheer me up a bit, after the physician had left, remarked: 'Why not try Parker's Oil?' I sent to Small's drug store and purchased a bottle, and, after the first application, received relief, and in three days the pain was gone and swelling reduced greatly. I used seven bottles, and here I am today, willing to testify and give praise to Parker's Black Oil, the sure cure for rheumatism, as I found it.

WILLIAM LOVELOCK.

July 27, 1917.

If your dealer does not keep Parker's Oil, send us his name, together with 25c, 50c or $1 for a bottle, according to the size you want, and we'll ship it to you. Wm. Parker & Sons, 10 Mandamin street, St. Thomas. 71-tf

CASH TRADING IS ALMOST STOPPED

Strike Caused Standstill in Winnipeg Grain Market

Winnipeg, Oct. 5.—The effect of the strike and the possibility of buying in the country ceasing until the strike at the head of the lakes is settled, occupied the attention of members to the exclusion of almost everything else today. The committee appointed to deal officially with this matter met this afternoon. Cash trade on the Winnipeg exchange is almost at a complete standstill. There was a small demand for straight grade oats, but a better inquiry for tough. Barley dropped 1c, and had few buyers. Flax was unchanged as to spreads, and trade was very light.

Oats closed ⅜c to 1c lower, barley 2c lower, and flax 1c higher to ½c lower than the previous close.

Oats—October, 68⅛@68c to 67¼c; November, 66⅜c to 66¼c; December, 64⅛c to 64⅜c; May, 67c to 67⅛c.

Barley—October, $1.23 to $1.21.

Flax—October, $3.05 to $3.07; November, $2.96⅛ to $2.97½; December, $2.94 to $2.93½.

Cash grain: Wheat—No. 1 northern, $3.31; No. 2 northern, $3.18; No. 3 northern, $2.15; No. 4, $2.07; No. 5, $1.55; No. 6, $1.85; feed, $1.75.

Oats—No. 2 Canadian western, 67¾c; No. 3 Canadian western, 64¼c; extra No. 1 feed, 64½c; No. 1 feed, 63½c; No. 2 feed, 63¼c.

Barley—No. 3, $1.22; No. 4, $1.18; rejected, $1.11; feed, $1.11.

Flax—No. 1 N. W. C., $3.10; No. 2 C. W., $3.04; No. 3 C. W., $2.93.

TORONTO.

Toronto, Oct. 5.—Grain quotations are as follows:

Wheat—Ontario, No. 2 winter, $2.32, outside, according to location; Manitoba, No. 1 northern, $2.20½; No. 2 northern, $2.27½, Goderich; No. 3 northern, $2.44½.

Oats—Canada western, No. 2, 67⅛c, in store, Fort William; No. 3 Canada western, 64⅛c, at lake ports for immediate shipment; Ontario, No. 2 white, 62@63c, outside; No. 3 white, 61@62c, nominal, outside.

Rye—No. 2, $1.75.

Barley—$1.18@1.20, outside for malting, according to freight.

MONTREAL.

Montreal, Oct. 5.—There was a fair demand for oats today, and at the decline in the Winnipeg market sales of several round lots of extra No. 1 feed and No. 2 feed were made for shipment from Port William, but there was no change in prices on spot, and trade remains steady.

Corn—American, No. 2 yellow, $2.15@2.20.

Oats—Canadian western, No. 2, 77½c; Canadian western, No. 3, 76c; extra No. 1 feed, 72c; No. 2 local white, 71c.

Barley—Manitoba feed, $1.29; malting, $1.31@1.32.

FIXED PROFIT ON FLOUR PLEASING TO CITY MILLERS

Means End To Extravagant Grades' Use, Declare London Producers.

NO REDUCTION IN BREAD

Difference To Bakers But an Eighth of Cent Per Loaf, Says Manufacturer.

The announcement promulgated today by the food controller to the effect that the profits of Canadian millers would be limited to 25 cents' profit on each barrel of flour was received by local flour manufacturers with satisfaction.

Charles Hunt of the City Mills stated that the action of the controller was the result of the efforts of a deputation of millers which approached the Government, asking that the profits of millers be limited to insure that the best grade of flour, upon which there is a large profit, may not be manufactured. This is a patriotic move on the part of the millers, Mr. Hunt said, as it tends to eliminate the manufacture of the highest grade of flour, which is not necessary in war time.

Representatives of the Dexter Mills did not think that local millers would suffer any loss because of the new limit of profits.

"I do not anticipate any reduction in the price of bread," said Mr. Hunt. "The baker will gain about one-eighth of a cent on a loaf of bread owing to the move of the food controller, but this small extra profit will not mean that the price of bread will decline. The people will not be able to secure the highest quality of flour now. However, a class of flour will be manufactured that is good enough for anybody. Although at times we have made as much as 30 cents on a barrel of flour, we will not lose on the whole as a result of the Government's move."

H. H. Wallace of Dexter's Mills said that the profits of the millers during the last year had been tremendous because of the requirements of Great Britain. However, he did not think that the profits would be lessened to any great extent because of the new regulations. Full particulars in regard to the move of the Government are expected to be sent to local millers by next Tuesday.

Paving The Way

Systematic saving—if only a few dollars each week — paves the way to independence, and gives one a feeling of confidence and self-assurance.

May we assist you in achieving success? Start at once by opening a savings account with the Ontario Loan & Debenture Co. You will be given a pass-book and each deposit will be credited to you. Be systematic in making your deposits—say weekly—and you will be surprised how quickly your account grows.

We add 3½% compound interest to your savings. Make a start when you get your next pay-envelope.

Annual Report Shows Strong Position of Lake of the Woods Milling Co.

Encouraging Profit on Year's Business, and Substantial Surplus

In the absence on active service of the president, Brig.-Gen. Frank Meighen, the report of the Lake of the Woods Milling Co., for the year ending August 31, 1917, was presented to the shareholders on Wednesday last by the vice-president, Mr. W. W. Hutchison. That the year's business has been satisfactory is shown by the net profits of $568,747.75, more than that of last year. Profits were disposed of as follows:

Payment of interest for the year on bonds of the Lake of the Woods Milling Company, Limited	$ 54,000
Payment of a dividend of 7 per cent per annum on $1,500,000 preferred stock of the company for the year	105,000
Payment of a dividend of 8 per cent per annum on $2,100,000 common stock of the company for the year	168,000
Written off property account	50,000
Written off good-will and trade marks account	50,000
	$427,000

This leaves a balance of $142,747.75, which is carried to surplus account. In view of the fact that the bonds of the company mature in 1923, the directors thought it advisable to set up a redemption account and, with this end in view, have transferred from surplus account the sum of $200,000.00. After providing for this amount and adding the surplus carried forward this year, surplus account now stands at $831,883.52.

The company's Medicine Hat plant, which was destroyed by fire on April 29, 1916, was reconstructed and put into operation on January 2, 1917, from which time it has been running continuously.

Mr. W. A. Matheson was elected to the board of directors to fill the vacancy caused by the death of Senator McKay.

EXECUTORS' SALE OF REAL ESTATE

on SATURDAY, OCTOBER 13, at the hour of THREE O'CLOCK, P.M., there will be offered for sale, at Public Auction, on the premises, the following freehold property, namely:

The West Half of Lot Number Thirteen and the East Half of Lot Number Fourteen, on the North Side of York Street, in the City of London.

These properties, together, have a frontage upon North Side of York Street of 110 feet more or less by a depth of 198 feet more or less.

Upon the West Half of Lot Number Thirteen is located a Factory, now occupied by C. H. Tune, Limited, for the manufacture of Soda Water, and known by Street Number as No. 132 York Street.

Upon the East Half of Lot Number Fourteen are located two semi-detached houses, known as Nos. 126 and 128 York Street, and they are, at present, occupied by monthly tenants.

The sale is subject to reserve bid.

The property will be first offered en bloc; if not sold, then the parcels will be offered separately.

Terms—Ten per cent of the purchase money to be paid down on day of sale and the balance to be paid in cash within one month thereafter.

Further particulars and conditions of sale will be made known upon application to

JARVIS & VINING,
101 Dundas Street, London, Vendors' Solicitors, or to
JOSEPH BROWN, ESQ., Auctioneer, 3 Horn Street.

NOTICE TO CREDITORS

IN THE MATTER OF THE DYMOND-COLONIAL COMPANIES, LIMITED, of the Town of Strathroy, in the County of Middlesex, Insolvents.

NOTICE IS HEREBY GIVEN that the above-named, The Dymond-Colonial Companies, Limited, have made an assignment to me for the benefit of creditors, pursuant to R. S. O., 1914, Chapter 134.

A meeting of creditors will be held in my solicitors' office, London, on Thursday, the 11th day of October, 1917, at the hour of 2:30 p.m., for the purpose of receiving a statement of the insolvents' affairs, for the appointment of inspectors and the giving of directions in reference to the disposal of the estate.

All persons claiming to be entitled to rank on the estate must file their claims with my solicitors on or before the 1st day of December, 1917, after which date I will proceed to distribute the assets thereof, having regard to those claims only of which I shall then have received notice, and I will not be liable for the assets or any part thereof to any person of whose claim I shall not then have received notice.

McKILLOP, MURPHY & GUNN,
Solicitors for Assignee, London, Ontario.
HERBERT E. MIHELL,
Assignee, Strathroy, Ontario.
Dated at London, this 29th day of September, 1917. Oct.1,6

Notice to Creditors

IN THE MATTER OF THE ESTATE OF NANCY SMALLY, late of the City of London, widow, deceased, and IN THE MATTER OF THE ESTATE OF RICHARD ERNEST SMALLY, late of Dawson City, in the Yukon Territory, miner, deceased.

Notice is hereby given pursuant to R. S. O., 1914, Chap. 121, Section 56, that all persons having any claims or demands against the late Nancy Smally, who died on the 22nd day of October, A.D. 1907, at the said City of London, or against the late Richard Ernest Smally, her only child and heir-at-law, who died on the 25th day of October, A.D. 1908, in the Yukon Territory, or either of them, are required to send by post prepaid or to deliver to the undersigned solicitors herein for The London and Western Trusts Company, Limited, administrators of the estates of the said Nancy Smally and Richard Ernest Smally, their names and addresses and full particulars, in writing, of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the 20th day of October, A.D. 1917, the said administrators will proceed to distribute the assets of the said Nancy Smally, deceased, and Richard Ernest Smally, deceased, among the persons entitled thereto, having regard only to the claims of which they shall have had notice, and that the said administrators will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have received notice.

Dated at London, Ontario, this twenty-sixth day of September, A.D. 1917.

McKILLOP, MURPHY & GUNN,
Solicitors Herein for the London and Western Trusts Company, Administrators.

DEMAND A PROBE.

ST. THOMAS, Oct. 5.—At a meeting of the police commissioners yesterday the following resolution was passed: Whereas, it was reported on Thursday, September 27, that at a meeting of No. 4 committee of the city council, held on the previous evening, Alderman George Sloggett, charged that Greeks in the city grease the police, and they could do as they please in the conduct of their business,

That Alderman Sloggett be notified to make to the police commission his charges in detail, which he has, that the police force or any of them has or have been bribed or otherwise improperly influenced in the discharge of their duties, with a view to a full investigation by the police commission.

The resolution is the result of statements made at a meeting of the committee during a discussion in connection with city bylaws not being enforced by the police.

It was intimated that some of the patrolmen were given presents of fruit and other articles by the Greeks, and that they were allowed to encroach upon the city bylaws.

FORMER LONDONER MAY BE CANDIDATE FOR NORTH ESSEX

WINDSOR, Oct. 5.—North Essex Conservatives have trotted out a dark horse, in the person of ex-Mayor A. W. Jackson, and if plans do not go awry, his name will be presented to the nominating convention which meets in this city next Saturday afternoon to select an opponent to William C. Kennedy, the Liberal standard-bearer.

Jackson, who served as the city's chief executive during 1915-16, will be a "win-the-war" candidate. He favors conscription, and these two planks will be the mainstays of his political platform. He is an old London boy. Other names mentioned tonight are Major G. H. Wilkinson and W. W. Woollatt of Walkerville.

ST. ANDREW'S SOCIETY PLANS CELEBRATION

Last night's meeting of St. Andrew's Society was one of the best-attended in some time, and a fine program was thoroughly enjoyed. Malcolm McCormick was elected bard of the society, and arrangements were made for celebrating St. Andrew's Day. The next meeting is to be held on the first Thursday in November, and will be a "ladies' night." Those taking part in the program last night were Pipe-Major McDonald and W. Tullett, who gave pipe selections and Highland dancing, and A. G. McCullough, who rendered piano selections most acceptably.

GARRISON POLICE

21 Men Selected From Details and Special Company for Squad.

Twenty-one men from No. 1 Special Service Company and the 7th Regiment Fusiliers Details have been appointed to the garrison military police and will wear G. M. P. armlets when on duty. The men appointed are:

No. 1 Special Service Company—C. S. M. G. Dudley, Corp. A. S. Dickenson, Corp. J. Swaites, Ptes. J. Hancock, J. Robinson, J. Campbell, J. Johnson, W. Charles, H. Frocure, W. Mycock, E. Vince, R. Bittam, D. McSherry, J. Sandham.

7th Regiment Fusiliers Details—Sergt. R. Hanson, Sergt. C. L. Whittock, Corp. G. E. Hayes, Pte. W. G. Blake, Pte. R. McLaughlin, Pte. S. Chilbou, Pte. J. Brazell.

MEN'S CLUB ORGANIZES FOR ENSUING YEAR

Memorial Church Organization Perfected at Meeting This Week.

The annual meeting of the Cronyn Memorial Men's Club was held in the rectory. The following are the officers for the year:

Honorary presidents, His Lordship the Bishop of Huron.

Elected officers: President, Alex. Hall; vice-president, Fred Lapthorn; secretary-treasurer, H. E. Simpson; assistant secretary-treasurer, Fred Haslett; executive committee, Messrs. Collinson, Grice, Wistow, Burch, Eggett, Clift, Guest, Doherty, Pring, Towers, Osborne, Elgie.

Rev. E. Hawkens addressed the members on the importance of keeping up all organizations. The changing of rectors is always a trying time for any church. Personal or collective indifference is not loyalty to the church, to the retiring rector or to the incoming rector, he said, and Mr. Hawkens asked the hearty support of the club in all parochial and war-time movements.

Mr. Hawkens is popular with the Men's Club and it was very much impressed with his address. The members are determined to make this a record year and are going to make an aggressive canvass of the entire parish for new members. They will meet every Thursday evening and pleasant and instructive programs will be carried out.

WOMEN DENY THEMSELVES

In war-time many girls and women decide to work—some for patriotism, others because of necessity.

No finer occupation can be found than nursing. Either attending those at home or those on the battlefield, you earn a heartfelt thanks from suffering humanity. Is there anything more satisfying?

You can learn at home in spare time and qualify, as thousands of others who are winning honor and rich remuneration.

Send for full particulars.

OVER 1,000 WERE IN PROCESSION FOR CIVIC COALYARD

Mayor Says Fuel Can Be Obtained if Council Has Power.

Voting today will prove whether or not a monster demonstration held on the market square under the auspices of the trades and labor council last night had the desired effect in influencing the vote of the people and offsetting the advertising of the coal men.

More than a thousand trades unionists and citizens lined up on the market square at 8 o'clock and, headed by a band, under the leadership of Professor Venuta, marched through the central portion of the city carrying banners: "We want municipal coal yards." "We can grow potatoes, but we can't grow coal." The fire chief's auto, in which were Mayor H. A. Stevenson, President Joe Dean of the trades and labor council, Ernest Ingles, Ed O'Dell of Hamilton and others was in the parade.

The procession returned to the market, where speeches were made by those backing the proposition urging the voters to turn out to the polls today. "We want a coal yard and we're going to get it," said Mr. Dean.

Have Lots of Coal.

"They say there's no coal, and yet there's lots of coal in the coal yards," said Ernest Ingles, "and it was bought last April. Tomorrow is the day to get out and let the people know we mean business. The Government appointed a fuel controller, and he admitted that we were getting soaked here, and said he would send an auditor.

"Tomorrow is the day of emancipation as far as the high cost of living is concerned. Every eye is upon London. You can do for the workingmen what Lincoln did for the slaves."

Want the Power.

Mayor Stevenson assured the people that it would be possible to get coal if they gave the city officials the power to enter the market. "If you stay away from the polls tomorrow you will be to blame for conditions this winter," he told them. There were no technicalities by which the operation of the bylaw could be prevented he assured them.

Controller Shaw said that the movement had been started at a bad time, but that it was the right thing. "If we don't buy the coal we won't spend the money," he said. "We won't put coal men out of business. They will be allowed to compete with us just as the London Electric is doing with the hydro.

Outsider's View.

Ed O'Dell of Hamilton told the people that he was not closely in touch with the question here, but he would like to know why the coal men were running such advertisements if they did not think the scheme was going to materially alter the situation here. He characterized the coal dealers' advertisements as an insult to their intelligence.

R. H. Hessel addressing the crowd explained to them that the trades and labor council was backing the scheme, not only for themselves, but for everybody. They were fighting, he said, not only the coal dealers of the city but of all Ontario. It was up to the people, he said, to call the bluff of the coal dealers by voting today.

Ald. Ashplant urged those present to see that every voter went to the polls. The coal men, he said, had deliberately lied to the people through their advertisements.

Ald. Wilson also addressed the crowd, saying he would support the bylaw.

SHAMROCKS GROW ON THE SIDEWALK.

An Irishman's dream of shamrocks growing on the sidewalk is pleasant, indeed, but still only a dream. Here on this on Victor Record 18198. On the other side the American Quartet sings brief snatches from some of the old Irish favorites. Hear this record in the Victrola Parlors of Ye Olde Firme of Heintzman & Co., Limited, 242 Dundas street. b

ONE-DAY CANVASS TO RAISE $50,000 FOR RED CROSS

Arrangements Made for Big Campaign on Oct. 18.

Sir George C. Gibbons was chosen chairman of the committee having in charge the campaign to raise $50,000 for the British Red Cross on October 18, at a meeting of the representatives of the various organizations in the city at the Tecumseh House yesterday afternoon.

A. E. Silverwood was named chairman of the canvass committee, with George T. Brown his lieutenant. Both have had these positions in other campaigns, and are thoroughly acquainted with the method of operation. It was decided to enlist the sympathy and support of the ladies, and committees will be named among them to canvass women givers. It was also decided not to make a canvass of the men and women employed in factories. The consensus of opinion was that the money could be raised among those who were better off.

Doing Wonderful Work.

"The workingman has been doing and is doing wonderful work," said Sir George Gibbons. "I know that they would give gladly, but we do not care to impose on them. This money can be raised among the larger givers. I am confident of that. We will accept the gifts, but we do not want to force them in any way to give."

Some committees were named. Gordon Philip was chosen as secretary, and A. D. McLean of the Bank of Commerce was selected as treasurer. McConnell & Fergusson will look after the newspaper advertising, and H. T. Yull will look after the outside advertising.

The committee in charge of newspaper work will be composed of W. J. Laut, A. E. Miller, Ed J. Carty, J. H. Fowler, Chas. Sanagan and A. Talbot.

The automobile committee is composed of J. C. Beemer, John Greer, W. H. Smith, A. H. Keene, Walter S. Gunn, A. J. Hayes and Harry Hayman.

One-Day Canvass.

There will be but one day's canvass. The committee felt that the work could be accomplished in one day. However, if later it develops that one day is not enough, another will be taken.

A number of persons present who captained teams in other canvasses volunteered to do the work again. The others will be appointed in a few days.

Rev. Dr. Waller, W. R. Yendall, Philip Pocock and Ensign Martin were named a committee to interview the clergy and enlist their support.

A meeting will be held on Friday afternoon next to complete the details.

Central Committee.

The central committee will be composed of the following:

Mayor Stevenson, Major Hume Cronyn, M. M. Ferguson, J. C. Beemer, Cronyn, M. M. Fergusson, J. S. Moore, J. K. McDermid, Bruce Wanless, J. H. Fowler, G. C. Gunn, T. W. McFarland, E. C. Mitchell, A. W. White, A. B. Greer, J. P. Moore, K.C., Rev. Lawson, A. T. Little, E. S. Little, John Bridge, F. G. Mitchell, W. R. Yendall, E. G. Yeates, Dr. Waller, T. P. Elliott, T. H. Yull, Ensign Martin, Geo. T. Brown.

FISH MEN RESENT MAYOR'S DECISION ON MUNICIPAL STALL

Declare Proper Investigation Was Never Conducted.

SAME PRICE IMPOSSIBLE

Some Expected Choice Cuts To Retail at Cost of Poorer Parts, They Say.

Because Mayor Stevenson announced at the coalyard demonstration last night that he would no longer give local fish merchants the privilege of distributing fish shipped by the Government to the people of London the fishmen concerned are extremely "hot" today.

According to fish dealers, the mayor's action is the result of complaints made to him by customers, who asserted that the fishmen were abusing the privilege of selling Government fish to the city.

"We sold the city fish successfully last week," said John Anderson of the Anderson Meat Market, "and yet the mayor is going to make us discontinue it. Many customers complained because we charged higher prices for the centre of fish than for the head and tail. They expected to get the choicest part for the same price as the poorer portion. When they could not buy the choice portion of fish as cheaply as the head and tail they went to the mayor with their complaints, with the result that his worship imagines the fishmen are 'skinning' the public. Of course, Mayor Stevenson did not inquire into the real condition of affairs, but only heard the customers' side of the story."

According to the mayor, the city dealers had not been distributing fish satisfactorily, and for this reason a municipal fish stall will be opened in the market house basement next Tuesday, he stated.

ANDREW ROBSON IS NEW PRESIDENT OF THE LIBERAL CLUB

New Electoral Law Denounced as Most Iniquitous Ever Passed.

Andrew Robson was unanimously elected president of the Liberal Club last evening at a largely-attended meeting. The members were most enthusiastic, and will work earnestly during the next two weeks in the election of other officers. The balloting will take place on Friday and Saturday evenings, November 2 and 3.

The nominations were as follows:

Honorary president, George S. Gibbons; president, Andrew Robson (acclamation); first vice-president, George Perry, G. H. Tennant, Colin Duffield, second vice-president, F. Cameron, W. Ball; secretary, Frank McLaughlin; treasurer, W. J. M. Boyd.

Executive Committee (three from each ward to be elected) — J. K. McDermid, Charles Carter, E. E. Charlton, D. J. Graham, John Eggett, Raymond Evans, W. Anderson, C. Needham, Ald. M. Donahue, H. McAlpine, Ald. Thomas Copp, H. Aitken, E. Flannery, H. Aked, D. H. Ranahan, Robt. Pearce, H. Fowler, Harry Jenkins, J. McLeod, Scott Murray, W. V. Charlton, J. Russell, Charles Crowdy, Donald McNaughton, Arch Ashford, W. Gray, Alex. Tytler, Fred Pace, Thomas Ball, Harold Garner, James McCartney, C. E. Keene, George Cartier, John G. Brown, Allen McConnell.

President Retires.

Controller E. S. Little, who has been president for the past two years, was renominated for the presidency, but declined, owing to pressure of business. His connection with the club has been most pleasant, and he regretted having to retire. Kent Campbell was also nominated, but could not be a candidate.

A short address was delivered by George S. Gibbons, who explained the new electoral law at some length. The voters' lists were done away with absolutely. There was no registration. The Government would appoint enumerators, partisans who would take a list of all votes in each subdivision. These lists would be posted in the post-office fifteen days before the election. Every man or woman entitled to vote must see that their names are on the list, the only way to do so being to examine the lists in the postoffice. They had four days in which to appeal.

Will Be Closed.

If the court did not complete the examination of the lists within the time specified, the voters' lists were closed, and the man was without a vote if he failed to get to court in person, although he owned half of the city. All appeals must be made in writing and presented in person.

"It is the most iniquitous law that ever existed," said Mr. Gibbons. "It shows what we are up against. We are fighting for democracy, not to hand Canada over to the tender mercies of McKenzie & Mann."

J. H. Fowler and Andrew Robson spoke briefly. They declared that the coming elections would be the most hard fought in recent years. All that money could do would be done to defeat the Liberals.

MAJOR GORDON TO GIVE AN ADDRESS TO LONDON WOMEN

Speaks to Canadian Club in Normal School Wednesday.

Major Charles W. Gordon, otherwise "Ralph Connor," the well-known Canadian writer, is to be the speaker at the opening meeting of the season of the Women's Canadian Club in the normal school at 4 o'clock on Wednesday afternoon next, October 10. Famous as Major (Rev.) Charles W. Gordon has been for a number of years as a Canadian writer, his messages from the front, delivered both on this furlough and a previous one, according to reports received, have thrilled and inspired great audiences in New York and in large Canadian cities. He recently addressed the Women's Canadian Club of Toronto.

Major Gordon offered his services early in the war and is one of four brothers called "The Four Fighting Gordons," who are thus serving their country.

A PERFECT MEDICINE FOR LITTLE ONES

Baby's Own Tablets are a perfect medicine for little ones. They regulate the bowels; sweeten the stomach, thus drive out constipation, indigestion, break up colds and simple fevers and make teething easy. Concerning them Mrs. John Babineau, Brest, N. B., writes: "I have used Baby's Own Tablets and have found them a perfect medicine for little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Company, Brockville, Ont.

COLLEGE TO HONOR DR. ROSS' MEMORY BY OIL PORTRAIT

Presbyterians Plan a Lasting Memorial to Dead Professors.

The approaching jubilee of the Presbyterian College, Montreal, brings with it the purpose to present and unveil portraits of the deceased professors of that college, among which will be that of the late Dr. Ross of this city. These portraits will be four in number and the cost will be in the region of $1,600.

The graduates of the college have been appealed to and the response, as already indicated, will be generous. It has also been suggested that possibly the congregations with which the different professors were associated might like to assist in this matter, and Rev. D. C. MacGregor of St. Andrew's Church, this city, has received a communication to this effect from Rev. Robert Johnston, Montreal, who writes on behalf of the committee in charge.

"Dr. Ross was so highly beloved during his ministry in St. Andrew's that I feel sure the congregation will appreciate the opportunity of thus testifying to the abiding affection in which he is held," says Dr. Johnson.

On Wednesday next the question will be referred to a joint meeting of the elders and managers of St. Andrew's Church.

KEEN INTEREST IN HIGHWAY PROJECT

GUELPH, Oct. 5.—That the convention to be held here on October 15 in reference to the Hamilton to Owen Sound highway is creating great interest along the entire line is shown by the requests that have come to the local board of trade for representation at the meeting. The special committee arranging for the convention reported that invitations had been sent out to 26 municipalities and that 50 want to be represented. The Hamilton Board of Trade has written that it is heartily in favor of the highway and has appointed delegates to be here, and it is likely that Mayor Booker and the board of control will also be present. The meeting will also be attended by W. A. McLean, deputy minister of highways, who will be one of the speakers. He has written the local board congratulating it on bringing the matter to a head. It was decided yesterday to leave the matter of inviting additional delegates in the hands of the committee.

EPWORTH LEAGUERS ELECTED OFFICERS

STRATFORD, Oct. 5.—Officers of the London Conference Epworth League have been elected as follows:

President, E. B. Hale, Stratford; vice-president, Rev. W. E. Donnelly, Alvinston; second vice, R. I. Watson, London; third vice, Miss Alma May, Exeter; fourth vice, Rev. G. W. Rivers, Dorchester; fifth vice, Mrs. E. R. Noxall, Chatham; secretary, Rev. A. E. Moorehouse, Forest; treasurer, Ida McGee, Windsor.

The conference closed this evening.

LICENSE LAW MAY STOP CELEBRATION

WINDSOR, Oct. 5.—A deputation of representative Jewish citizens waited upon Police Magistrate Leggatt today to ascertain whether they might legally make use of wine at special religious services to be held here next week. They were informed that the act as it stands prohibits the use of liquor anywhere other than in private dwellings, and were advised to put the matter up to the provincial license commission.

MEMORIAL SERVICE.

INGERSOLL, Oct. 5.—A memorial service will be conducted in St. James' Church on Sunday evening for Ptes. H. Hardwick and G. Cooper, Ingersoll soldiers, who were recently killed in France. The services will be conducted by the rector, Rev. R. J. M. Perkins.

Miss Bertha McIntosh, formerly of Victoria Hospital, London, a nursing sister, returned from the front, addressed the Ingersoll Red Cross Society this afternoon. Miss McIntosh spent nearly a year in a hospital on the Island of Malta, and had many interesting experiences to relate.

On Monday next citizens are asked to leave contributions with the society for Christmas cheer for the Ingersoll soldiers overseas.

LOVE SONGS.

It is hard to beat Charles Harrison's singing of love songs. On Victor Record 18201 he sings "Any Place is Heaven If You Are Near Me," and "When I Found the Way to Your Heart." Either or both of these songs can be heard at the Victrola Parlors of Ye Olde Firme of Heintzman & Co., Limited, 242 Dundas street. b
