Johnston, Miss	Wicks'eed, Miss
Link, Mrs. N.	Woodburn, Mrs. A. S.
	Young, Mrs. W.

ANNUAL REPORT.

The Board of Directors of the County of Carleton General Protestant Hospital, herewith submit for the information of the Subscribers to the Hospital and public generally, the Twenty-sixth Annual Report of their proceedings, with financial and other statements.

The income of the year ending January 31st, 1877, was \$8509.28; the several items and from whence derived will be found in the Treasurer's Statement appended to this Report. There has been an increase in the following items: Annual subscriptions, city churches and in Legislative grant; and a decrease in donations and paying patients.

The disbursements for the year have been as follows: Under the head of ordinary expenditure, was \$6698.70, and that for the year 1875, \$7277.47, showing a decrease of \$578.77; and that of extraordinary, on account of balance due on building contracts and repairs, \$2286.28.

The Board have to express their regret that a sum of about \$5,000 remains due as a floating debt, which must be paid by loan, as the depression in the general business of the country forbids the hope of obtaining large help from the generous friends who have hitherto aided the Board in their efforts to build and establish the new Hospital.

The list of Annual Subscriptions for the past year amounts to \$1319.55, and is the largest sum ever yet collected for the Hospital in any year under this head, and this is owing to the carrying out in part of the system laid down in last Annual Report, viz: a collection from door to door, calling on the Protestant community, young and old, to give to this very deserving object. It is to be regretted that only one or two of the several Committees selected attended to the duties appointed them. However there is much encouragement for the Board in what has been done, as from the amount collected and the kind manner in which the collectors were received by those called on, there need be no fears that the institution will be sustained if this work of collection were thoroughly carried out.

The collections from city churches amount to \$582.28; those for the year 1875 were \$321.34; increase, \$260.94. From churches

in the surrounding country was received \$88.67, and for the year 1875, \$167.16; decrease, \$78.49.

The Board regrets that Hospital Sunday Collections have not been as generally adopted as they think they might have been, in view that the benefits arising from having so excellent an institution, is enjoyed (as any reader may see at a glance in the list of places from whence patients have been sent) by nearly all the communities in the surrounding country, and also in consideration that the doors of the Hospital are open to all indigent sick patients, be they strangers or citizens. The donations amount to \$909.24. The amount received for paying patients amounts to \$352.50. The annual grant from the City Council was \$800.

The Council of the County of Carleton has again granted us a sum of \$1000, for which the Board feel grateful, and would desire that other municipalities in counties in the Ottawa Valley would do likewise, seeing that the indigent sick of their several localities are here cared for. The annual grant from the Ontario Legislature amounted to \$2858.30. The total income as per Treasurer's Statement is \$8510.28. It does not amount to so large a sum as that of last year, as part of the receipts of that year were not ordinary income, but received in aid of the new building.

The items of expenditure for the year may be seen under the several headings attached to this Report, and the Board beg to assure the supporters of this institution that they exercise due economy in the disbursement of the funds so generously granted to this charity.

The Board think it opportune here to suggest that a Committee of charitable persons, in each of the towns and villages, might be formed to make, as is now done in this city, an annual collection from door to door in aid of our funds, and if any so desire to do, we would respectfully ask of them to communicate with the Secretary.

It is our painful duty to record the death of two Life Directors of this Hospital, the late Hon. Malcolm Cameron and the late James D. Slater, Esq.; also, one of the elected Directors W. A. McKinnon, Esq., all of whom in their lifetime were hearty supporters of this institution.

We have also to record the death of the late House Steward, Mr. George Sadler, who, for a number of years, faithfully discharged the onerous duties devolving on him—he survived his resignation and removal, to his native land, but a few months.

The Board have much pleasure in acknowledging the faithful manner in which the attending physicians have discharged their duties, and from the success of their operations in some very critical

cases, leave no doubt that this Hospital has as efficient a medical staff as may be found in the Dominion. The House Surgeon, Matron and Nurses have been attentive to their duties, and have given much satisfaction to the Board during the year. The several ministers have been constant in their visits to the Hospital, and faithful in the discharge of their sacred duties to the sick and the dying. The lady visitors have been constant in their attendance, and in their enquiries after the wants of the sick, and have on several occasions rendered their visits profitable to the Hospital, by sending donations of clothing and supplies.

The number of Patients received into the Hospital during the past year amounts to 214, being the exact number admitted during the previous year.

The Directors have, with the supporters of this institution, and the citizen generally, reason to be thankful for the immunity they have enjoyed during the year from infectious diseases, there having been but one case of small pox admitted since their last Annual Report.

A generous and large hearted anonymous friend of the institution, has during the year, through the Rev. D. M. Gordon made an offer of \$1,000 a year to continue for three years for the purpose of establishing a nurse training-school. The subject has occupied the very serious attention of the Directors and the medical staff, and after several consultations it was concluded by the Board, that under existing circumstances, they could not prudently avail themselves of the noble offer of Mr. Gordon's friend, but would utilize their present position as far as possible for the purpose of forming the nucleus of a training school for nurses in the institution, not losing hope that on some future occasion they may derive substantial benefit from the unknown and generous friend of the Hospital, giving effect to a larger scheme.

The Board desire to place on record their thanks to the city press for the kind and generous manner in which they have at all times given their powerful aid to make known the wants of the Hospital, and also to the several institutions and individuals who have given aid to the institution; and, finally, that while the Board have experienced much anxiety during the past year in administering the financial affairs of the Hospital, owing to the many demands for money for the payment of supplies, providing for, and the debt remaining due on building account, yet they desire to express their gratitude to the kind and charitable public for their support in the performance of duties that have been entrusted to them as managers of this institution.

"Blessed is the man that considereth the poor, the Lord will deliver him in the time of trouble."
