

at you all do in that? I'm going to on you, dat I is."

before the negro could make good threat "Connecticut Shorty," who had done look out, ran up, seized and pointed a pistol at his head while there stood and gazed him. The sound of the struggle had attracted the attention of early dwellers, and before the negro could re-enter the bank and obtain a note that lay invitingly within reach, alarm had been given and the chase on. The negro had a good start and dodged in outstripping their pursuers getting safely away.

invitation from "Portland Ned" to him at his Alexandria, Va. home was illing to be overlooked, so the band and "Ned" and McCarthy made for the little city on the banks of Potomac. McCarthy soon found himself in need of funds, as the tenderloin of Arlington soon exhausted his visible pile of cash. While a guest of "Ned" hunted through the town one night after tapping the fills of several houses he held up a school single handed, when he crept into "Ned's" house the next morning he was the richer \$500. That was the end of all the money McCarthy had secured, and he determined to make a little journey to the neighborhood of Richmond, Va., where a safe had been hidden up in the trunk of a trunk and his host by one or two hundred dollars each.

new partnership was formed after the per-kinship job and McCarthy and sh Jimmy" fell in with Charles Cross McCarthy's old friend, "Connecticut Shorty." A stop at Laurel, Md. was made while the party was en route to New York. The safe in the Baltimore and Railroad station there was dynamited, a small amount of cash obtained. The in a four mill in the same town was on that night, after which the party joined the New York trip temporarily made their way to Elliott City, Md., at fifteen miles west of Baltimore. A safe on the office was entered there, and safe netted its visitors about \$200. After leaving from Elliott City McCarthy met "Philadelphia Mac" (McMinn) and "Portland Ned." The three moved to Braddock, Del., where the safe had just moved into new quarters. The safe was old, the new result not having been completed. A good strong shot "Soup" shattered the safe doors, and out \$200 in silver coin lay revealed.

"Portland Ned" had "located" several jobs in Virginia which he wanted McCarthy to aid him in, the two returned the Old Dominion and several little stories noted there a few hundred each among them were several in Suffolk, Va. McCarthy again had a dispute over the division of the spoils and again separated in anger. McCarthy made New York, and after spending a few weeks there he joined "Hallefontaine" and "Walter," and a safe of the big "ice" concern at Quilley, Va., was blown. Several hundred dollars was obtained and McCarthy, "Silva" and "Walter" moved on to Middleboro, Mass., where several likely jobs awaited them. While in Middleboro a flour mill and a bank were robbed, and when the burglars decamped they had bulging pockets, for the pickings had been unusually good. But just as the yeomen emerged from the laundry, the last place they visited, they were held up by the night watchman, who began to shoot before he asked any questions.

The "yeas" shot too, and the watchman dropped with a bullet through his legs. But the alarm was spread and a running fight was kept up for several miles. In this encounter McCarthy had the narrow escape of his life, for while running across the street after encountering the night watchman he dropped the little bottle containing the nitro-glycerine, and as he did so he was momentarily expected to be blown to eternity.

All three escaped to the freight yards, where they secreted themselves until the next day, when they were able to board freight trains and get away. McCarthy operated through Massachusetts with varying success, sometimes making a "killing" and sometimes meeting with dire failure. After one of his successful raids he would hurry back to New York, for the lure of the big town was all-compelling.

After one of the trips to New York in which he had disappointed even more violently than on previous stays in the big city, he decided to take the field alone. He operated with marked success and made a number of rich hauls before attempting to tackle any real big job. Then it was that he received a letter from "Walter" calling him to New England again, and as he stepped off a train at a little railway station near Brattleboro a town constable, wearing a badge as big as a pie plate, approached and peered long and earnestly at McCarthy's face.

KING SELLING HIS JEWELS

Exile From Portugal is Having Merry Old Time in England.

GETS \$50,000 YEARLY

This Money is Given Him by King George—Will Marry Soon.

(Canadian Press Despatch) LONDON, Aug. 8.—Pawnbrokers in the neighborhood of Richmond, the historic little town on the Thames, where Manuel, former King of Portugal is now making his home with his mother Queen Amelie, have been in temporary possession for the last few months of many very beautiful pieces of jewelry and some very valuable unset gems. One diamond cross with a huge sapphire in the centre, which now lies in the safe of a certain pawnbroker in Richmond is said to be one of the most valuable and gorgeous decorations worn by Manuel's father.

Considerable wonder is expressed that the young man who once occupied the Portuguese throne should be in such hard straits, for King George allows him \$50,000 a year. He is very extravagant, however, and his mother is understood not to be very practical. When Manuel marries in a few weeks, his fortunes will be recouped, as his future bride is quite wealthy. King Alfonso during his recent visit to London had a heart-to-heart talk with Manuel. He told the young man that if the royalist revolution party ever succeeded in putting him back into power in Portugal it would be his duty to play the man and not the coward, to quit going about with a body guard and in fact regain the confidence of his people by demonstrating that he was all a king and no longer a boy, swayed by whims of theatrical stars such as Gaby Deslys, and consistently in terror of his life. Alfonso added with characteristic fatalism and intrepidity: "A king must not only rule his people, but must make them feel he is willing to lead them and share their troubles and their dangers. We kings are instruments in the hands of fate and must serve our destiny in the best and most manly fashion we can, no matter what fate is in store for us."

Continental monarchs do not approve of the public introduction in England of the former Portuguese royal family as "King Manuel and Queen Amelie." The German emperor in particular, has been very much puzzled lately as how to act in the approaching marriage of the royal exile with the German princess. He does not want to antagonize the present Portuguese Government, and at the same time there is no reason why he should not maintain friendly relations with Manuel, who is related to more than one of the royal families of Europe, and whose chance of one day reascending the Portuguese throne is by no means poor.

The Kaiser has solved the difficulty by saying that Prince Eitel Friedrich should attend the wedding as a special invited guest, but not as an official representative of the reigning Hohenzollern family, thus straddling the fence in the most approved diplomatic fashion, for the presence of the German prince will give the necessary recognition after all.

They're Back

Canadian Bowlers Arrive in Montreal This Morning.

(Canadian Press Despatch) MONTREAL, Aug. 8.—The team of Canadian bowlers, who visited the British Isles, returned home on the Virginia, which docked here this morning.

Speaking of the tour, C. O. Knowles of Toronto, said it had been very successful from all points of view. He pointed out that fifty-six percent of the games had been won, a better record than had been achieved by the previous Canadian teams to visit England and a better record than that made by the Australian team.

Mr. Knowles thought that some of the early games lost could have been won if the team had had a week's practice before beginning its schedule.

Quebec Immigration QUEBEC, Aug. 8.—Immigration to the Province of Quebec for the year ending June 30, shows an increase of 12,000 over last year, the total figures being 31,000. Of this number there were 650 English farm laborers and domestics who were sent to the Eastern townships. The largest proportion of the balance settled in the Lake St. John district, and along the National Transcontinental Railway.

JOHN LIND, SPECIAL ENVOY TO MEXICO

John Lind, once Governor of Minnesota and a Representative in Congress, and later Senator from that State, has been sent to Mexico as a personal representative of President Wilson. He is officially described as "adviser to the embassy in the present situation." In fact, he is a mediator in embryo. At last, the admiral "on hopes that he will be able to so impress the warring Mexican factions with the necessity of peace that he will settle their differences.

SIR JOHN SCOTT'S WILL PROBATED

The Executors Put Value of Estate at Over Three Millions.

(Canadian Press Despatch) LONDON, Aug. 8.—The will of Sir John Scott, over which a fight occurred recently in the courts in an attempt to nullify a bequest of \$750,000 and a valuable art collection to Lady Sackville, was admitted to probate yesterday.

It was stated in court that the testator had left property valued at \$5,000,000, but that the executors put its value at \$3,622,000. The difference is believed to be due to the exclusion of many works on which "death duties" have not been paid.

Two Weeks

Young Elopers at Cobourg Received Sentence This Morning.

(Canadian Press Despatch) COBOURG, Ont., Aug. 8.—Robert Aull, jr., of St. Louis, was sentenced this morning by Judge Benson to two weeks in jail after his conviction on Tuesday on a charge of obtaining money under false pretences. At the expiration of this term the authorities of Lexington, Ky., want the young man on a similar charge. Aull is the youth whose elopement with Miss Doris Reid, daughter of George P. Reid, was the sensation of the Cobourg season. The young bride's suit for annulment of the marriage is now before the courts, and will, young Aull says, be resisted by him.

This morning's sentence came as something of a surprise, as suspended sentence had been hoped for by Aull and his father.

SAYS MEAT TASTES BETTER IN LONDON

American Traveler Thinks Inferiority in New York is Due to Cold Storage

LONDON, Aug. 8.—Are English methods of cooking better than the American, or is the superior flavor which many transatlantic visitors profess to discover in the viands they eat on this side due to other causes? This is a question which has been under discussion.

One well known American, who crosses the ocean several times a year, says: "Beef tastes like beef in London, veal like veal. In New York hotels, also in the clubs, I must say, I am sometimes unable to tell the difference. I believe the reason to the American methods of cold storage by which meats and vegetables are kept a year or two before serving, just in order to have every variety of food at all times of the year. I think this is the case with most New York hostesses. Their food has the cold storage taste."

HYDRO STATION CONTRACT IS GIVEN

Cost of New Structure Will be \$5,400,000, Lowest Tender.

GIVEN OUT YESTERDAY Messrs Bennett and Bowden Will Build—Discription of Building

At a meeting of the Fire and Light committee of the City Council, held at the Hydro-Electric office yesterday, the tenders for the construction of the City's Hydro-electric sub-station were opened and the contract awarded to Messrs. Bennett and Bowden of Brantford. The contract price is \$5,426,000, this being the lowest tender received. The work will be commenced immediately and the contract calls for completion in two and a half months. The building will have a concrete foundation and pressed brick superstructure and the roof and floors will be of reinforced concrete. All the windows will be of steel, and as there will be no woodwork except the doors, the building will be absolutely fireproof. Ventilators made by the Brantford Oven and Rack Co. will be installed and Brantford roofing will be used. The outside dimensions of the building are 28 x 30 x 35 feet high and it will be of two storey construction. On the upper floor will be installed all the 26,400 volt apparatus and the lower floor will contain the transformers, switchboard and control apparatus.

The building will be erected on the property purchased by the city on Greenwich street and the east of the property and building is considerably lower than the estimate. Tenders are coming in for the transformers and other sub-station equipment and it is expected that contracts will be let next week.

ONTARIO COURT DECISION UPHELD

Privy Council Arrives at an Important Judgment Re Old Sovereign Bank

TORONTO, Aug. 8.—Word has been received in Toronto by Bicknell, Bain and Company, solicitors for W. E. Stavert, curator of the Sovereign Bank that the Privy Council has sustained the Ontario Court of appeal in the actions against the directors of the bank and others on five promissory notes totalling \$119,196. The defendants were Donald McMillan, James McPhee, Donald D. MacMillan and D. A. Campbell.

The defendants alleged that the bank could not recover on the notes because there had not been an agreement with the bank that the makers should not be liable, and because the making of the notes was illegal and void as having been a mere device for concealing and covering up the fact that the said Sovereign Bank had purchased its own stock and had enabled the bank to continue the ownership of the stock.

Substantially all the material facts were found in favor of the bank, but the trial judge came to the conclusion that as a matter of law the contract was void, and he dismissed the action upon that ground. That judgment was unanimously reversed by the Court of Appeals.

WIFE AIDS HUSBAND WHO IS CANDIDATE FOR MAYOR

Mrs. John Purroy Mitchell, wife of the choice of the fusion committee for Mayor of New York city, is deeply interested in her husband's work. She delayed her honeymoon two years to permit him to go on with the investigation of Borough President Haffen in 1909.

THIS WOMAN USES STRANGE METHOD TO ESCAPE FROM HIM

She Faked Up a Telegram Stating That She Was Killed in Order to Avoid a New Husband—She Already Had One and Went Back to Him.

(Canadian Press Despatch) WINNIPEG, Aug. 8.—Living apart for three years from her husband, who, she said, had been unkind to her, becoming engaged to another man, preparing for her wedding and then meeting her husband while making a pre-nuptial visit to her home town Miss Mary Meade of Winnipeg, stirred up a marital tangle from which she only escaped by figuratively killing herself and her brother by faked telegrams. The husband in the case is a man named Chicery, who lived at Luxembourg, Sask. Her father, at the time of the girl's story, constrained her to marry Chicery, but the marriage proved only a little better than the whole premeditated scheme was revealed. Miss Meade or Mrs. Chicery meeting her husband at the station and she carried out and then unexpectedly after a long absence forgot her real or fancied wrongs and the pair became reconciled. The only law in their new scheme of happiness was the Winnipeg wedding and the waiting fiance and in her dilemma Mrs. Chicery thought of what she had told Mrs. Salisbury as to her premonitions of a violent death. The scheme was a success. Miss Meade was despatched, telling of her supposed death. Her approaching wedding made the item one of news interest and it was widely published.

The story then began to filter back into Luxembourg, and creeping into the minds of the wondering neighbors finally resulted in the slow revealing of the woman's way to regain her old husband and dodge the prospective one.

Victory Of Pte. Hawkins Was No Fluke at Bisleigh Canadians Did Well.

(Canadian Press Despatch) MONTREAL, Aug. 8.—The Canadian Bisleigh team arrived here this morning on the Virginia. Major Birdwhistle, Ottawa, manager of the team, said that for a weak aggregation, and one which had no practice before starting at Bisleigh, the team did remarkably well, all of them winning money. He said the capture of the King's Prize by Private Hawkins, for the Queens Own of Toronto, was unexpected as he was shooting at Bisleigh for the first time. There was nothing of the fluke about the victory, however, as Hawkins shot steadily all through the competition leading up to the final tussle, and showed the iron nerve he possessed when he made the bull's eye that he required to win.

Temperance Is Growing In Britain

(Canadian Press Despatch) LONDON, Aug. 8.—The very remarkable spread of temperance in the British Isles in every rank of society was recorded by Sir Thomas Barlow, president of the International Medical Congress in a speech delivered to several hundred doctors of various nationalities, at a breakfast given in their honor by the National Temperance League in the Grosvenor Galleries.

Sir Thomas said that a great improvement in this respect had taken place in the army and navy where young officers were seeing a good example to their men. There had also been an enormous change among the commercial classes while the use of alcohol in hospitals and by medical men generally, had greatly decreased.

The president made an appeal to the doctors present to endeavor to check the consumption of medicated wines, all of which, he said, were mischievous.

CLEVER HORSE THIEF IS ROUNDED UP AT PARIS

Chief Felker Pulled Off a Smooth Piece of Work and Arrests Much Wanted Young Man in the Person of McDowell—His Operations Were of an Extensive Nature.

(Special to the Courier) PARIS, Aug. 8.—McDowell, the much-wanted horse thief, has been caught as a result of clever work by Chief Felker of this town. The young man's operations have recently extended far and wide, and have resulted most prosperously. His methods were unique. Starting out a few weeks ago at Cayuga, he landed a horse and rig from Mr. Rouse of Cayuga. He journeyed to Paris and then north a mile or so, stopping at Mr. Maus'. He secured employment, sold the outfit to Mr. Maus, and within a week jumped out, taking along a horse belonging to the latter gentleman. Then he went to Woodstock and put another one over. From Woodstock he went to Norwich and was about to close another deal. Chief Felker left Paris last Monday in search of his man. The Chief slept in a vacant house at Norwich two nights in order not to reveal his presence. Finally he got wind of where McDowell was and made sure of his man. He brought him into Paris last night. The entire farming community was stirred up over the young fellow's operations.

NEW PROPRIETOR ASSUMES CONTROL

Formal transfer of the license of the Clarendon Hotel, Dalhousie street, from Edward Donald to J. J. Fitzpatrick was authorized by the license commissioners at a meeting last night. Mr. Fitzpatrick took possession of the hotel to-day. He comes from Sudbury, and his recommendations were of the best, although he has not been previously engaged in the hotel business.

FARMER PROVED MAN OF PLUCK

And He Made George Draper Throw up Both His Hands.

(Canadian Press Despatch) HAMMILTON, Ont., Aug. 8.—George Draper, twenty years of age, who says he resides on Rebecca St. Hamilton, is under arrest at Dundas, charged with attempting to extort money. Draper went to Robert Bennett, a wealthy farmer, yesterday and handed him a letter which said that if he did not give a bearer \$5,000 his barn would be blown up with dynamite. Draper said he had been sent there by another man, Bennett, when he got over his scare, made an excuse to go and get the money. Instead he loaded a rifle and told Draper to throw up his hands. Then he called a county constable and took the man to Dundas. Draper, when searched, had in his possession another letter in different handwriting which gave the police a clue to the other man. The prisoner, according to Bennett, said that a lot of other wealthy farmers would have to pay over large sums or their barns would be dynamited.

Government Will Certainly Not Introduce a Measure for Women's Suffrage

LONDON, Aug. 8.—Premier Asquith gave cold comfort to-day to Mrs. Millicent Fawcett, the president of the National Council of Women Suffrage Societies and her non-militant colleagues when they interviewed him in his official residence in Downing street, and urged him to bring in a government measure bestowing the franchise on women.

The premier complimented his visitors on their constitutional methods, which he said were "such a welcome contrast to the criminal proceedings of the militant suffragettes." He however, frankly declared that he had undergone no change of heart in the matter, and that there could be no question of the government undertaking the desired measure during this parliament.

Mr. Asquith pointed out that the final word on woman suffrage rested with the people of the United Kingdom, and that if the women were able to convince the people that such a change was desirable and beneficial no combination in the world could prevent the attainment of their object.

Fine Point

Can a Woman Steal Money From Her Husband?

MONTREAL, Aug. 8.—Whether or not it is possible, legally speaking, for a wife to steal from her husband is the point raised before Judge Leet, in the case of Mrs. Wm. Rabinovitch, wife of a farmer of St. Constant, who had her arrested, but relented somewhat and furnished bail after she had spent a night in the cells with her daughter. While to secure his wife her liberty pending the outcome of the case the plaintiff's eagerness to secure \$675 which is alleged she stole from a trunk has not abated and he will carry the matter through to a finish.

On behalf of Mrs. Rabinovitch it is argued that the question should be dealt with by the civil courts. It was quite impossible to accuse the woman of theft as all the goods in the possession of the couple are held by them jointly.

As Rabinovitch is to take action before the civil courts to recover the money, Judge Leet adjourned the case.

A General Strike. BARCELONA, Spain, Aug. 8.—The Confederation of Labor declared a general strike and the government in response proclaimed martial law in the city and took extensive military precautions. Many of the labor leaders were arrested in the course of the night.

POOR OLD GUELPH; LIKEWISE BRANTFORD

Troubles With Westrumite Pavement Prove Most Acute.

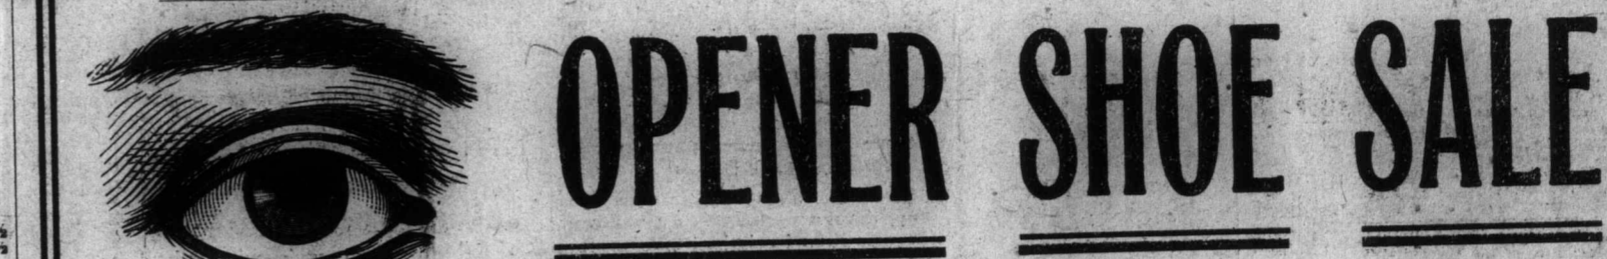

Guelph evidently is having troubles of its own in regard to the Westrumite pavement—troubles which appear on the surface (pavement surface) very similar to those being experienced in Brantford by any one brave enough

to ride up Brant Avenue. A note in the Guelph Herald says: "The question of the Woolwich street pavement received the attention of the board. It was reported that when the first agreement with the Westrumite Company was drawn as a bond guaranteeing the road, but this was later changed to \$4500, which sum is now available should the city see fit to use it. Engineer Holland reported that it would cost the city \$14,500 to put that pavement down right, or at the rate of \$1.25 per square yard. Word was received from the Westrumite Company to the effect that they have no Westrumite on hand for repairs just now, and asking that

the city wait until Aug. 20, when one of the officials of the company is expected back from abroad. "Should the city decide to go ahead with the repairs to this street with the case of the city, should court proceedings follow, might be jeopardized. The matter was left in abeyance for the present."

Charge Was Dismissed. MONTREAL, Aug. 8.—The charge against Armand Marchal, the man whom the detectives arrested on a warrant harging him with assaulting eight-year-old Florencia Denis at Notre Dame de Grace on July 20, was dismissed by Judge Leet when the

COUNTRESS OF DERBY SOME ENTERTAINER

LONDON, Aug. 8.—The Countess of Derby, who entertained King George V. and Queen Mary in Knowsley during their tour in the manufacturing district of Lancashire, is one of the most famous of English society. It is she who entertains the Queen in Stratford House, the Queen's house in London on the night of the Derby, a big ball is afterwards given in which the King brings the guests that "dines" at the Jockey club on the night. The countess was one of the three daughters of the late Duke of Devonshire, by her first husband, the late Duke of Manchester. Baroness Beaumont is one of the most famous of English society. A LESSON FOR BRANTFORD.

Berlin owns its street railway and at a recent meeting of the commission in charge of the enterprise it was shown that receipts for July amounted to \$4,010.63 and that the number of passengers carried was 86,330.

This is one more illustration of the desirability of Brantford taking over its system.

Without any doubt it could be made to pay, (is doing that now on a sound basis) and much needed extensions could be inaugurated to the general advantage of the public.

Civic ownership of that utility is the proper move; got to have—going to get it.

WORSE THAN EDITORS

An editor is supposed to be the most criticised man on earth, but a parson has just been putting in a word for clergymen, claiming that they are the most miserable of all the sons of men. He says:

"The preacher has a hard time. If his hair is gray, he is old. If he is a young man, he hasn't had experience. If he has ten children, he has too many. If he has none, he should have, and isn't setting a good example. If his wife sings in the choir, she is presuming. If she doesn't she isn't interested in her husband's work. If a preacher reads from notes, he is a bore. If he speaks extemporaneously, he isn't deep enough. If he stays at home in his study, he does not mix enough with the people. If he is seen around on the streets, he ought to be at home getting up a good sermon. If he calls on some very poor family, he is playing to the gallery. If he calls at the home of the rich, he is an aristocrat. Whatever he does, some one could have told him how to do better. He has a fine time bringing off donations which never come in, and promises that never mature. Next to being an editor, it is the most awful life."

GALT AND THE GRAND RIVER

It is reported from Galt that the most largely signed petition which ever came before the Town Council was presented, praying that the council instruct the board of works to lower the river bed by taking out the accumulated stone which could be used for roadmaking. The document was several years long and contained over a thousand signatures.

Former Mayor Hugh Cant, who stands sponsor for the petition, was accorded permission to address the Council. He said that in the river bed there were thousands of loads of loose stone which could be used on the streets of the town. He referred to the proposition of President Todd, of the G. P. & H. Railway, and also to the suggestion that the crusher be placed on the river bank.

"The council has never appropriated a dollar for the improvement of the Grand River," continued Mr. Cant. "There is no such other unsightly and unsanitary place in town and it should be a beauty spot, the same as the parks on which thousands of dollars are spent annually. If the councillors would see it for themselves they would realize the necessity of doing something, and that immediately. The opportunity is now while the water is low and I hope the matter will be taken up without delay."

Dr. Vardon, M.H.O. also spoke in favor of the cleaning out of the river and emphasized that it would do away with the incalculable damage done by flood.

Other suggestions of the M.H.O. included: "The town could spend good money to define the metes and bounds of the river, for the channel is being encroached upon by private individuals and corporations. All future bridges should be arched, with no piers. The islands should be removed, for they are not only an eyesore but a menace to health. I think that every effort should be made to have the stones removed for it would be a paying proposition."

Brantford might also well afford to look into the matter of removing river bed material, at this point, for road purposes. Water, as a matter of course always follows the line of least resistance, and with a deepened channel the danger of floods would be that much reduced.

My son, an inheritance may be gotten hastily, if thou wilt but search carefully the Want Ads.

NOTES AND COMMENTS

Col. Cody, pioneer aviator, has been killed at last. The conquest of the air hasn't materialized as yet—not by a very large margin.

Hamilton is suffering from a plague of mosquitoes. It certainly did need something to bring some of the citizens there up to the scratch.

If the geologists of the world now meeting in Toronto, want to see a genuine fossil of about umpty umph B. C., they had better come to Brantford and take a squint at our city hall.

The Balkan war is once more announced to have come to an end. Perhaps so, but then again those scrappers may just be taking a breathing spell in order to go at each others throats once more.

Ontario apples have captured the blue ribbon at the exhibition of International Appleshippers Association in Cleveland, Ohio. As an all round leader, this good Province is a corkerooso.

An agitation has been started in the States to have a "Dads Day," and right here comes the sorrowful thought that the blushing members of that brigade have been neglected for so long a period that they wouldn't know how to behave in public.

Toronto Star (Liberal): Hon. Frank Cochrane, as Minister of Railways, is backing up his railway expert in making the I.C.R. management practical, and we hope he will remain firm and see the job through. If he succeeds where his numerous predecessors, of both parties, have more or less failed, he will confirm the belief of his friends that he is one of the big men of his day.

This good city continues in the front rank as a manufacturing centre. The report of the last census re-

garding this branch of the work shows the following increases per cent in twenty years.

| Place | Increase |
|-----------|----------|
| Montreal | 146.81 |
| Toronto | 243.18 |
| Winnipeg | 482.65 |
| Vancouver | 695.16 |
| Hamilton | 292.51 |
| Ottawa | 137.18 |
| Quebec | 158.71 |
| London | 97.84 |
| Brantford | 270.62 |
| Calgary | 2,893.90 |

For total volume of output, Brantford ranks tenth in the entire Dominion.

What the Other Fellow Thinks.

The Daily Auto Accident

Montreal Telegraph: Hardly a day goes by without its motor accident. Almost every morning or evening as we pick up the day's record of the world's doings and misdoings we find it studded with tales of lives crushed out and terrible injuries inflicted, whether by pedestrians being run down or by a smash-up of big cars. It would, of course, be quite unjust to attribute all of these occurrences to wild driving or other carelessness. Accidents will often happen to the most cautious and careful. But it cannot be gainsaid that a very large proportion of these "accidents" would never happen without carelessness, and criminal carelessness at that.

Be a Boy

Guelph Herald: Asked how he felt, John D. Rockefeller, an active business man at the age of 74, declared, "I feel like a boy." That fact probably accounts for the comparatively good health enjoyed by the financier. It has well been said that a man is as young as he feels, and therefore it follows that so long as a man feels within the elixir of youth he will never grow old. Of course there must come a time when the ravages of old age will inevitably make the most optimistic feel old, but it seems to be true, as in Rockefeller's case, that if the busiest of men can manage to imagine a perennial youth, then the day of feeling old is put off for years.

The fact is further attested by the men who have no time to grow old, they are perpetually busy, and it seems as if they remain boys, until the sands of life run out altogether. They are "boys" to the end. And the "boy" who retains his youth is the one who enjoys life as it is meant to be, and who adds enjoyment to the world.

Waste Land

Stratford Beacon: It is reported that the Government of Ontario is having Prof. Zavitz, the forester of the Ontario Agricultural College, make investigation into the possibilities of waste land in Simcoe, some of which is now used as nurseries for forest trees, with a view to entering upon a regular system of forestry. It is to be hoped this is true. There is considerable land in that county which is unfit for anything else. There are other counties also with such land. The experience of Germany shows that the tree crop may be profitable, large quantities of timber cut ever year and yet by conservation and reforestry the forest preserved. So far the Government of Ontario has only been playing with the question. Good work has been done by the Dominion Government, but that too needs extension.

The Day of Electrification

Galt Reporter: The electrification of steam roads is growing in popularity each year and over 1,600 miles of steam railways in United States have been electrified and are now in use as such, while plans have been announced for the electrification of over 1,000 miles more. The Baltimore and Ohio was the pioneer user of heavy electric locomotives, but its mileage is yet small, being less than 10 miles, while the New York, New Haven and Hartford has 504 miles under electrification and has planned for 210 miles more. The New York Central has 375 miles of electrified lines, including 204 miles out of New York City, while the Pennsylvania has 435 miles. Now there is talk of electrifying the road between Pittsburg and New York, a distance of over 400 miles. Two or three years ago, says a railway journal, such a scheme would have been called altogether too vast a piece of work for an engineering standpoint.

THE TEMPLE SHOE STORE

J. S. WEIR, Mgr. Temple Building Dalhousie Street

With the City Police

The court-room was crowded with foreigners this morning, who were appearing against their employers, contractors on the L. E. & N. R., for not paying their wages. These men are working under sub-contractors, and a little misunderstanding arose about payment. The affair is being arranged privately.

Selma Philips had Lottie Clouse before the magistrate for assault. It appears that neither the one nor the other is able to keep her children in her own backyard. One of the women in the case was flaunting a beautiful ebony eye, but the magistrate thought each one equally to blame, and dismissed the case with a little advice.

F. Wisnowski, who had some trouble in Dick Marr's cafe, charged three Chinamen, L. Key, W. Slung and L. Sing, with wounding him. Wisnowski went into the cafe for lunch on Monday last, and on being ordered to pay before he finished his meal he got up to go out, whereupon a little row ensued. Wisnowski got a blow on the head from a steel. No doubt if Marr, the owner of the cafe, had been on hand the fracas would not have taken place, but owing to the waiter not understanding English and being eager to collect the price of the meal, a general fight took place. The Chinamen were fined \$10 each or 30 days. A charge of disorderly conduct against both Wisnowski and the Chinamen was withdrawn.

Sydenham Street Lost. Last night three rinks from the Sydenham Street Club bowled at the Dufferin green and were defeated by quite a few shots.

Building Permit. Herbert Field was granted a building permit at the city engineer's office this morning for the erection of a brick 1 1/2 story dwelling on Brock street to cost \$1500.

Examined the Dog. Dr. Cutcliffe was called to Eoch Place yesterday to examine a dog which the owner thought was suffering from rabies but on examination it was found that the animal was in perfect health.

Draw To-night. The draw of the Brant County Lawn Bowling tournament will take place at the Heather Club at 8 o'clock to-night. Over thirty rinks will take part. Twenty prizes will be given besides the consolation prize given by the president, L. Wood and Harris trophy and the Telephone City trophy. The prizes and trophies will be on exhibition in the window of Mr. Andrew McFarland, Colborne street to-morrow.

Good Gracious. LONDON, Aug. 8.—The current issue of London Punch contains a cartoon showing Uncle Sam carrying off the international cricket cup too.

Cooked on the Vine. WASHINGTON, Aug. 8.—Mr and Mrs. William Williams are eating lima beans cooked on the vine from their truck farm at Lanhahn, Maryland. Lightning recently struck the vines and broiled the beans.

Bees Resent Intruders. MONTCLAIR, N.J.—One million bees resented intrusion of two surveyors on the estate of Mrs. William B. Leeds and drove them off. One surveyor believes he was stung several thousand times.

She Was Acquitted. AGIN, France, Aug. 8.—Madame Alice Crespi, a minor poetess whose trial for the murder of Abbe Chassaigne, a priest, on January 19 last has been going on here for several days was to-day acquitted by the jury of the assize court.

Out of His Class. PARIS—Caught riding in a first-class subway car on a second class ticket, a passenger blew out his brains because he did not have two cents, the difference in fare.

Local News

THE PROBS

TORONTO, Aug. 8.—A depression centered in Northern Manitoba is causing numerous showers and thunderstorms from Alberta to the Upper Lake region. Elsewhere fine weather prevails.

FORECASTS. To-day and on Saturday moderate to fresh southeasterly to southwesterly winds, showers or thunderstorms in many localities, but partly fair and warm.

Temperature. Temperature for the last 24 hours. Highest 85, lowest 56. For the same date last year, highest 77, lowest 61.

West Brant Notes. Work on the sewer which is to be put down on Oak St. was commenced this morning.

Hydro-Electric Expenses. The expenses in connection with the local Hydro-Electric Commission for the month of July amounted to \$4,241.70, making a total up to date of \$84,465.31.

Bowling Notes. Four rinks of Woodstock bowlers are expected here for a game on the Brantford Club green. Six rinks from the Dufferin club will bowl on the new Heather green this evening.

Taking Down Houses. The houses on West Mill street and also on the right of way of the Lake Erie & Northern Railway are being removed. The double brick house is being taken down and the frame house removed.

Must Remove Old Timbers. Sanitary Inspector Glover has his eagle eye on the old decayed timber and rubbish on the Crandon property on Colborne street, and will advise the syndicate who purchased the property to have the same removed at once.

F Company Shoot. The monthly shoot of F company, 38th D.R.C. will be held at the Mohawk Ranges to-morrow afternoon. Two valuable prizes will be contested for by Class A and Class B marksmen. The prizes and trophies will be selected after the match is over.

Leafs Won 12-10. Last night at Tutela Park the Maple Leafs defeated the Stars 12-10. The Leafs have won six games and lost seven thus far this season. To-morrow afternoon they will play a West Brantford team, and are making arrangements to go to Galt Civic Holiday.

Sidewalk Completed. The cement sidewalk which was being built on the west side of the Cocksbutt Road, from the city limits to opposite the property of Mr. John Campbell, has been completed and will be ready for use to-day.

Will Parade To-night. The Dufferin Rifles will parade to-night for the purpose of setting into shape for a long left march. The band will be in the east side in a disgraceful and dangerous condition.

Chimney Built on Tree. A rather odd sight was shown a Courier reporter this morning, while passing the house on the Crandon property on Colborne St. which was vacated yesterday. At the rear of the house, adjoining the summer kitchen, stands a stump of an old tree, about 15 feet high and on the top of that a chimney was built which by the looks of it has been there for years.

Just Like St. Thomas. Officers of the Brantford Club were not a little bit peeved this morning at the action of the St. Thomas club in making Brantford play two games yesterday. The Red Sox were on the train all night and the best part of the day in order to reach St. Thomas and the strain would have been severe on the best team in the business let alone tail-enders.

Rats Living High. Lieut. Col. M. F. Muir stated this morning that his Gaywood premises are infested with river rats which are destroying his fowl. The rats seem to have a great liking for ducks and chickens and the Colonel has suffered the loss of 28 fowl. He is of the opinion that the rats invaded his place from farms in the near vicinity. The Colonel is very anxious to secure a number of swan and if he can procure them, he will have an artificial lake made at the rear of his property. He is also anxious to procure a couple of Angora goats.

New Country Club. A new country club, to be known as the Lakeborne Country club, limited, was granted letters patent recently. The men behind the club are: Adde E. McKinstry, Chicago; A. M. Boyington, Wilmette, Ill.; Reginald Scarie, Brantford; Harry H. Hannon and H. H. Biggart, of Hamilton. The club grounds will be in the township of Cramahoe, in the county of Northumberland, and it is planned to have golf grounds and every facility for sport. The capital of the company is \$75,000 and a handsome clubhouse will shortly be erected. —Hamilton Herald.

Under the Weather. Ald. S. Suddaby, chairman of the board of works, is under the weather to-day and confined to his bed.

On Exhibition. The trophies and prizes for the Brant County Bowling Tournament, which commences on Monday next, are on exhibition in the window of Alderman McFarland's store.

Poultry Pens. Ald. J. Marshall was over at the corporation yard this morning looking for a place to put the chicken pens that are at present at Agricultural Park and were given to the Brantford Poultry Association. The pens may be placed in one corner of the yard.

Should Fix Bridge. Some of the planks on Lorne bridge are in a very bad condition, and there are holes all along the flooring of the bridge. In many places planks project above others. It is pretty rough riding on the bridge, and the same should be attended to at once.

Football Note. The Holmedale Tigers and the S. O. E. play on the grounds of the Ontario School for the Blind. Kick off at 6 p.m. Tigers will line up: Swalen, Martin, Hoyle, Williamson, Owen, Mason, Archer, Hart, Coburn, Bellshaw, Moorcroft; reserves—Rose and Wilson.

Band Concert. The regimental band of the 25th Brant Dragons, under the command of Lieut. J. H. Pearce, Mus. Doc., will render the following programme in Victoria Park, this evening at eight o'clock, weather permitting. March, "The Enterpriser" (Bigwood); overture, "Mariana" (Wallace); selection "Simple Aven" (Thome); waltz "Caisne Tanze" (Birt); selection "Al-fresco Revels" (Langley); descriptive fantasia, "On the Tiles" (Atterson); overture, "La Vie Parisienne" (Kreutzer); danse fantastic "A Southern

Wedding" (Jobel); ragtime melody, "Swanee Rose" (Lacke); selection, "Reminiscences of Grand Opera" (Rossini); ragtime melody, "My Sweetheart Lou" (Lacke); march, selected; God Save the King.

MEN SIMPLY OBEYED ORDERS. Chief Slemm is on the track of those who exceed the speed limit, whether by drivers of automobiles, motorcycles, carriages or street cars. This morning Harry Clemenham and Norman McKenle, motor-man and conductor, employed by the Grand Valley Company, were charged at the police court with allowing a G. V. R. car to run down Brant avenue faster than the law allows. The men claimed that they were given instructions to make time, and were only obeying orders. The case was adjourned for one week, and in the meantime information will be sworn out against the company.

Tearing Building Down. Considerable progress is being made in taking down the building formerly occupied by the Bank of Montreal. The east wing is almost down, and the roof of the main building is being taken off. From the progress being made at the present time it looks as if the old building which has stood on the corner of Market and Darling streets so long, will soon be only a memory.

THE MIDSUMMER HORSEBACK MAID

Riding is particularly popular with the younger set of fashiondom this summer, and almost invariably cross-saddle habits are worn outside the environs of town. This correct riding habit is of striped gray and white worsted, the white felt riding hat being echoed by the snowy stock and white washable dogskin gloves. Under the well-cut coat are riding breeches which fit under the tops of tall riding boots.

Obituary

The Late William Goodwin.
The death occurred this morning of William Goodwin, youngest son of Mr. William Goodwin, 24 Walnut St. The deceased was thirty years of age and had been sick for the past five years. He leaves to mourn his loss besides a father, four brothers and one sister, Miss Emma, of Western Canada. The brothers are Isiah of Australia, Amos of Erie, Pa., and Abraham and Jesse of this city. The funeral takes place to-morrow afternoon to Greenwood cemetery.

Edward T. Charles.

The death occurred in Glen Morris his morning of a highly respected resident in the person of Edwin Thomas Charles. The deceased was in his 57th year and was a member of Salisbury Lodge, S. O. E. and Camp 12 W. O. W. He was a sorrowing widow four sons and two daughters are left to mourn the loss and many friends who will condole with the family in their sad loss. The sons are: Rowland of Toronto, Rev. Leslie and Reginald of Wallaceburg and Fred at home. The daughters are Mrs. S. R. Eacrett, 128 Northumberland St. and Mrs. C. Murray, of Glen Morris.

The funeral will take place Sunday afternoon from the residence of his son-in-law, Mr. S. R. Eacrett, 128 Northumberland St., to Mt. Hope cemetery.

Mourn the Loss

Mr. and Mrs. Arthur G. Chapman, 17 Walter St., mourn the loss of their infant daughter Hilda May, aged one year and three months, whose death occurred yesterday. The funeral takes place to-morrow afternoon to Mt. Hope cemetery.

Nuptial Notes

ALLAN-WAUGH.

On Wednesday afternoon, Aug. 6, a very quiet and pretty wedding was solemnized at the home of the bride's mother, Mrs. Frank Waugh, 132 Emerald Street South, when her daughter Pearl Louise, was married to Mr. Alac James Allan of Winnipeg. The ceremony was performed by the Rev. J. J. Ross of the James Street Baptist church, and the wedding march was played by Miss Lorraine Hutchinson of Brantford. During the signing of the register, Miss Carrie Corbett also of Brantford sang "Because," very effectively. After a luncheon the happy couple left on the 5.48 train to take up their residence in Winnipeg. Among the invited guests were the Misses Moffat of Cleveland, Ohio, and Dr. and Mrs. Patterson of Winnipeg.

Got Four Years.
WINNIPEG, Aug. 8.—For holding up and robbing a steamship cook, Stanley Smith from whom they took two dollars on a back street in Fort William last Wednesday, Geo. Baker and Mr. Pearson were sentenced to serve four years in Stony Mountain penitentiary this morning.

My son, the user of a Want Ad, shall be called prudent, for it shall be made manifest that whatsoever he seeketh, even that thing, he always obtaineth.

British Golfers En Route.
LONDON, Aug. 8.—Harry Vardon and Edward Ray, the British golf champions, sailed on the Celtic yesterday to play in the American championships. Vardon before leaving said: "I have played Americans before and I don't think them very strong. After the blot on the escutcheon of British sport by the loss of the Davis cup we are going to bring home the American title and show that golf, at least, is really the Englishman's game."

"Company" Coming?

Clermont good game but allowed hits in the sixth after which gave the locals a 5-2 win. In the second game, Clermont was taken off who replaced him was Howick pitched for the and had little trouble in. Hughes, a pitcher for Kalamazoo club, has replaced Thomas and will pitch in the second game. Clermont manager Ory, to-day's felder Myers, formerly of don club and Pitcher R. Red Rowe, recently of Ottawa Club has signed for and worked behind the games yesterday. So

Red Sox Dropped a Pair to St. Thomas

Clermont Weakened in Six Inning of First Game and Lost 5-2—Ineffective Pitching by Lill and Coose Combined With Errors Responsible for the 9-2 Defeat in Second Fray—Tenth Straight Defeat.

ST. THOMAS, Aug. 8.—St. Thomas won both games of a double bill from Brantford. The visitors played well in the initial contest, but were unable to do much with pitcher Wilkinson with men on the bases. Clermont twirled a good game but allowed a couple of hits in the sixth after issuing a walk which gave the locals three run lead. In the second game Lill was ineffective and was taken out, but Coose, who replaced him was not much better. Their support, however was poor. Howick pitched for the home team and had little trouble in winning. Hughey, a pitcher formerly with the Kalamazoo club, has reported to St. Thomas and will pitch to-day's game. Manager Ort to-day released infielder Myers, formerly with the London club and Pitcher Reiley. Red Rowe, recently released by the Ottawa Club has signed with Brantford and worked behind the bat in the games yesterday. Scores:

Football

Great interest is being taken in the football games which are to be played to-morrow afternoon. The season is now well under way, each team is very anxious to win every game. The teams are all pretty evenly matched, and it is hard to pick out just which one is the best team. Another game for the John Hill Charity Cup will be played to-morrow afternoon between the Y.M.C.A. and St. Andrews teams.

Cockshutt's United

The Cockshutt United team will meet the Dragons in a league match Saturday, Aug. 9th, at Recreation Park, (off Brook St.) kick off 6 p.m. Players are requested to be on the field at 5.45 p.m. The Cockshutt team will line up in the following order: Goal, H. Carey; backs, W. Gray, C. Stubbs; half backs, W. Maycock, A. Maich, or P. Leaning; full backs, forwards, R. Plant, A. Paul, T. How; R. Richardson, D. Richardson, Reserves, T. Broad, A. Hepper, H. Morgan, J. Small.

Tutela Team

The players chosen to represent the Tutela team in their game against the All Scots, will be as follows: Goal, S. Tigwell, T. Mason, B. Borden; half, S. Wright, Vining, P. McLeod; forwards, Usher, Kingley, Gore, Bailey, Clark, Reserves, Baker and Sevier.

Y. M. C. A. Notes

The line-up for Saturday in the cup tie game with St. Andrews will be as follows: S. Tigwell, T. Mason, B. Borden, B. Palmer, E. Roberts, R. Goodfried, Helsey, T. Hamilton, J. Holland, C. Poynter, T. Fisher, Reserves, Vinod, McKinnon. All players are requested to be at Agricultural Park 5.45 sharp.

The Cavalry

The Dragons vs. Cockshutt's—This match takes place at Recreation Park on Saturday next, when the 25th will be represented as follows: Whelan, Matta Lahgue, McDonald, Gaddow, Miller, Bonner and Chambers. Reserves, Woodcock, Gaddow, Meads and Weir. Kick off 6 p.m. This same team will also play Tutela on Monday morning at 10 a.m. at Tutela Park.

All Scots Team

The All Scots and Tutela will meet in a league encounter at Tutela park, to 7.5c. This should be the tit bit of to-morrow's games. The teams will be evenly matched and a fast game is assured. The Scots eleven will be: McGill, Morrow, McGrattan (Cap), Ormiston, Forgue, Taylor, Stech, Conochan, Stewart, Martin, Ramsay. Reserves—Malloy, Hurst. The referring of the game will be in the hands of President Speechly. Kick-off, 6 o'clock.

SINGLE FARE TO HAMILTON ACCOUNT "OLD HOME WEEK."

In connection with the Hamilton Centennial Industrial Exhibition and Old Home Week, the Grand Trunk Railway System will sell round-trip tickets at single fare, plus 25c, to Hamilton, good going Saturday, Aug. 9th; to Tuesday, Aug. 12th, and at single fare from stations in Canada where the lowest one-way first-class fare to Hamilton does not exceed \$2.50 (minimum charge 25c), good going Monday, 11th, to Saturday, 16th. All tickets will be valid for return until Wednesday, 20th.

HAMILTON BEAT PETERBORO

HAMILTON, Aug. 8.—A batting rally started by the Petes in the last half of the ninth was nipped in the bud when Needham worked the moss covered play that is as old as the game itself—the hidden ball trick. When the Petes came to bat in the ninth the score was 4 to 2 in favor of the Kolts. Two singles in a row and a sacrifice fly shoved across one run and Trout was on third. When Trout slid into the bag and was safe

Needham did not throw the ball back to the pitcher, but hid it under his glove. Rowan put himself in as pinch hitter and signalled to Trout for the hit and run. Trout started away from the bag and Needham tagged him easily. It was a fitting climax to a great game of ball. Do-Jan, Hamilton's new pitcher, was master all the way, while the local's toughed Belting hard at times. Score: Peterboro.....00000000—0 Hamilton.....100012008—4

LONDON BLANKS BERLIN

LONDON, Aug. 8.—Bobby Heck of London, won his seventeenth game for the Tecumseh yesterday when he defeated Bramble of Berlin in a keen pitchers' duel. Bramble put up a strenuous session on behalf of the Dutchmen, but Heck was one too many for him; His support was very good and assisted him in making it a shut-out. Ottawa has won ten straight games and Ed. Renier has won 17 straight games.

Pitcher Bell Bradshaw has been suspended by the Berlin President for refusing to take his job seriously.

Catcher Trout who is owned by Toronto had the hidden ball trick worked on him yesterday by George Needham at Hamilton. It was sure a case of catching Trout.

There are many fans who will be glad to see Buster Burrill back with Brantford, particularly if he is able to show his old form. What Buster wants is more of a fighting spirit.

The official debut of Clarence Wagner as Manager of the Brantford team was not such as to call forth any cheering. Still, what are two games just now to Brantford.

There will be a band and two big ball games here Monday with London. The morning game will start at 10.15 and the afternoon affair at 3.30, the usual hour. All interest in the club has by no means been lost and many fans will turn out to witness the work of the new pitchers, Smith and Davis.

Fans who have been loud in their opinion that a shift in management would immediately produce a wonderful string of victories, have been wrong decidedly. It is our contention that the club has never been good enough, no matter by whom managed. There have been two or three cogs loose all summer, and the club has never looked like a machine.

PHILADELPHIA WON FROM CLEVELAND

Athletics Took the Last Game of the Series From the Naps 7-3.

PHILADELPHIA, Aug. 8.—The Athletics won the last game of the series with Cleveland yesterday by 7 to 3. Frank Baker scored three of the seven runs, and batted in three others. The Athletics' hits were timely rather than frequent. Mitchell was taken out of the game to make room for Lelivelt, a pinch hitter, who struck out in the seventh. Score by innings:—Cleveland 200000010—3 Philadelphia 01200103x—7

CHICAGO TRIMMED WASHINGTON

Griffith's Men Fielded Poorly, Making Seven Errors.

WASHINGTON, Aug. 8.—By winning yesterday's game 11 to 4, the Chicago White Sox captured the series against Washington, losing but one contest of the four played. The Nationals played ragged ball in the field, contributing seven errors and these, with timely hits made the going easy for the visitors as Cicotte pitched six innings and did not allow a run. Benz was batted hard in the eighth and Washington averted a shut-out. Score by innings:—Chicago 015020210—11 Washington 000000040—4

NEW YORK DEFEATED DETROIT.

Schulz Outpitched Lake—Allowing the Tigers Four Hits.

NEW YORK, Aug. 8.—"The best looking team Chance has put on the field this season." This was the popular verdict after New York team outplayed the Detroit 5 to 1, at the Polo Grounds yesterday. Of course, one game doesn't make a star ball player, but if Williams and Cook the new men from the Texas league can repeat yesterday's achievements from time to time, there isn't a shadow of a doubt that they will do. Cook faced Joe Lake four times, driving out three sharp, clean hits, one of which was a two-bagger to left. He had only one fielding chance, an easy fly, which he gracefully accepted. Williams covered first base like a veteran. He was loudly cheered when he reached up and caught two rather wild throws with his left hand. But his greatest feat was a tremendous home run wallop far into the left field bleachers in the seventh inning. Score by innings:—New York 100000000—5 Detroit 00200012x—5

Soft Ball

The second series schedule of the Brantford softball league has been drawn up. All games to be played at Recreation Park, in the East ward.

Aug. 8—G. S. & M. at Beavers. Aug. 12—Duffs at G. S. & M. Aug. 13—H. & N. at Beavers. Aug. 14—Beavers at Duffs. Aug. 15—G. S. & M. at H. & N. Aug. 18—Duffs at H. & N. Aug. 19—Beavers at G. S. & M. Aug. 21—G. S. & M. at Duffs. Aug. 22—Beavers at H. & N. Aug. 25—Duffs at Beavers. Aug. 26—H. & N. at G. S. & M.

Beavers and Ham and Notts have arranged to play the tie off in the first series next Wednesday, Aug. 13th. The losing team will have a good excuse—unlucky 13. The civil service softballers are going to make an early start next year and enter a team in the city league, and if hot stove league talk goes, the cup can be presented to them when the new post office is opened up. The Duffs are after the second series and their line up on paper looks good, but time will tell. A man who won't buy the same brand of gold bricks twice will often get married three or four times.

MADE FOUR RUNS IN NINTH INNING

New York Defeated Cincinnati in a Pitchers' Battle by 5-2.

CINCINNATI, Aug. 8.—Johnston, the Indian pitcher, made all sorts of trouble for the Giants for seven innings yesterday, and in the last two innings they made all sorts of trouble for him. The Indian weakened and the giants won in the eighth and ninth. The score was 5 to 2, and for seven innings of mild and placid batting by Giants, it looked as if they would be shut out. As they plucked six of their eight hits in the last two rounds, they not only yodged a whitewash, but carried a forlorn hope to victory. Score:—New York 000000014—5 Cincinnati 100000100—2

ST. LOUIS TRIMS BROOKLYN

ST. LOUIS, Aug. 8.—A wild rave by Allen in the first inning of yesterday's game was mainly responsible for the defeat of Brooklyn by the Cardinals by the score of 3 to 2. On this play two of the St. Louisians crossed the plate. On the other hand after the first inning Allen outpitched Griner. Score:—St. Louis 30000000x—3 Brooklyn 011000000—2

WON IN THE TENTH INNING

PITTSBURG, Aug. 8.—In a tenning game yesterday Pittsburgh defeated Boston 4 to 3. The Pirates took the lead in the first inning, but in the third the Braves went ahead. In the fourth the Pirates tied the score and it remained so until the tenth inning. Carey in Pittsburgh's half of the tenth got to first on a single, which Hess brought down but could not field. A sacrifice by Viox put Carey on second. The latter went out on Wagner's grounder to Maranville. On Miller's single to centre Wagner ran to third and then home when Clymer's throw to Devlin went wild. Score:—Boston 012000000—3 Pittsburgh 2001000001—4

CHICAGO BEAT PHILLIES

CHICAGO, Aug. 7.—Eddie Stack, a Philadelphia discard, held his former team mates to four scattered hits yesterday, and the Cubs won from the Phillies in the fight for second place by a score of 5 to 2. Otto Knabe was the man behind two of the wallops accredited to the Phillies and one of his hits was a double that counted for a score in the fourth inning. Score:—Philadelphia 0001000001—2 Chicago 02000210x—5

There is no other medicine as good and the mother has the guarantee of a government analyst that they are absolutely safe. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PLEA FOR SILENT LONDON

LONDON, Aug. 8.—The plea for a silent London is growing. Berlin is understood to be the most silent of the world, just as Chicago is seriously considering its reputation as the noisiest, in view of the increase of lunacy and nervous disorders among its inhabitants. But Mr. McKenna, the home secretary, has refused to accede to the petition of the City of Westminster for further powers to deal with the noise nuisance. At present the noises principally complained of are auto-buses, traction engines, barred organs, shouting news-vendors, shouting coal hawkers, shouting milk vendors, motor hooting, cab whistling, street singing and prayer meetings and preachings in the squares and at street corners.

G. T. R. HOLIDAY RATES.

On account of Brantford Civic Holiday, August 11th, the Grand Trunk Railway system have arranged special rates of single fare for round trip going August 9th, 10th and 11th, returning up to August 12th, between stations in Canada, also to Port Huron and Detroit, Mich., via Suspension Bridge and Buffalo, N. Y.

LEAFS SPLIT EVEN WITH BALTIMORE

Leafs Took the Opener by 3-0; Lost the Second Game by 2-1.

BALTIMORE, Md., Aug. 8.—The afternoon's double-header between the Leaf and the Orioles yesterday furnished two games the likes of which have not been seen here this year, and when hostilities had been concluded and the squads had split even there was no kick from one of the 5,000 spectators who witnessed the games.

In the opening clash the Leaf were at the short end of the proceedings, 3 to 0, while in the closing seance the Kelleyites had the advantage of a 2 to 1 score. Tip-top pitching, with sensational fielding on the side, featured both games. Score by innings: Baltimore 0010200x—3 Toronto 000000000—0

NEWARK DEFEATED BUFFALO

NEWARK, Aug. 9.—Beebe's wildness in the first inning was responsible in a measure for the Bison's defeat here yesterday, as Collins and W. Zimmerman, both of whom he passed, subsequently scored. W. Zimmerman's triple and Swacina's sacrifice fly gave the winning run in the third inning. Barger would have had a shut-out but for Getz's errors, Gus having an off day. Score by innings:—Newark 20100000x—3 Buffalo 000101000—2

MONTREAL BLANKED JERSEY CITY.

Breen's Error in the Tenth Gave the Royals Their Run. JERSEY CITY, Aug. 8.—Montreal celebrated the farewell visit to Jersey City with a victory over the Skeeters at West Side Park yesterday in a ten-inning battle by a score of 2-0. Dick Breen's error with two out in the extra period contributed the tallies on the Royals' slate. Tony Cario, recalled by Montreal from

HUSTLERS BEAT GRAYS

PROVIDENCE, Aug. 8.—Wilhelm kept the hits scattered yesterday, and although he was hit fully as hard as the local pitchers, the Grays could make but four runs. Rochester batted Reising out of the box in the fourth and hit Mitchell hard during the rest of the game, winning 9 to 4. The visitors played a sensational game in the field, and saved half a dozen runs by fast work. Score:—Rochester 30130001—9 Providence 20010000—4

IS BACK AT WORK IN THE WOODS

John McElroy's Heart Disease Cured by Dodd's Kidney Pills. He Was Ill For a Year and Off Work ALL Summer But Found a Quick and Complete Cure.

Mr. John McElroy, a well-known young man of this place is a well man again. Dodd's Kidney Pills cured him. "I went to a doctor, who said I had palpitation," said Mr. McElroy to a reporter. "But his medicine did not seem to reach the spot. I suffered for over a year and all last summer I was not able to do a day's work. My sleep was broken and unrefreshing. I felt heavy and sleepy after meals, and I was always tired and nervous. I perspired freely with the least exertion. Reading what Dodd's Kidney Pills had done for others, I made up my mind to try them. Before I had finished the first box I felt different, and by the time the second was half gone I was working in the woods and doing good work. Clogged kidneys mean clogged circulation. Clogged circulation means means heart trouble. Dodd's Kidney Pills make good circulation and cure heart trouble.

One in Seven Called by Consumption

A dreadful plague indeed when you consider that in incipient stages it can be cured. Take care of the little cold before it becomes a big one. When the throat is sore and it hurts to expand your chest, rub in Nerviline and immediately apply one of Polson's Nerviline Porous Plasters. Pain and tightness are at once relieved. Inflammation and soreness gradually disappear, and fatal illness is thus avoided. Nerviline Plasters act as a counter-irritant over the seat of pain, and as an exterior application in curing colds in the muscles, in pleurisy and headaches. They have no equal. Keep these remedies in your home.

My son, be not wise in thine own conceit. Envy not the man who prospers but study well his way and thou shalt find that he was helped by the Want Ads. Go thou and do likewise.

Revenge or Gratitude

A Story of the French Revolution

By F. A. MITCHEL

The tyranny of the kings of France, supported as they were by the nobles, culminated during the reign of Louis XV. Under his and previous reigns the people endured oppression. Under his successor they turned like hunted animals and swept away both the monarchy and the nobility. In the early part of the reign of Louis XVI, the latter were still disposed to treat the people as beasts created to administer to the comfort and the pleasure of the aristocratic class. In the latter part of the same reign centuries of misery were expiated.

While the storm was gathering and the nobles, accustomed as they had long been to the obedience of the common people, could not think of them as a class of men who would be led forth from a chateau by a party of Chantallaine and proceeded to shoot birds, not in the margins' preserves, but in the surrounding country. It was the season for game, which was in plenty. One of the hunters, meeting a boy some sixteen or seventeen years old, accosted him, "What art thou, boy! Carry this gun and bag for me."

"And why should I do that?" asked the boy. "Why should you do that? Well, upon my word! What do you mean by asking such a question? I mean that I see no more reason why I should carry your load than that you should carry mine."

The man held a whip in his hand to be used on the dogs and, regarding the youngster as no better than a dog, undertook to enforce obedience, cutting durt over the face with the lash. But the spirit of rebellion against such tyranny had found a lodgment in the latter's breast, and with his fist he sent his would be master sprawling on the ground. The huntsman, rising, dealt gratefully took aim at the boy and shot him.

Only one other of the hunting party remained behind. Seeing the boy fall, he went to him and, stanching his wound, reproached the other. "Why did you do that, Beaufort?" he said. "Because the young dog was first impudent to me and then struck me. Come let us go on and join the party."

But the other did not go on. He remained with the boy, who was badly wounded, and when he was satisfied that it was the father's cottage, he carried him to his father's cottage, and sent for a doctor. The latter, after examining the wound, said the boy would probably die, but this he could not tell.

"Here is money for your services," said the rescuer. "At that time he was in a wretched condition and reported to me, Count Marivard, at the Hotel de Ville, in Paris. When this is exhausted I will send you more."

The count left, followed by the blessings of the boys' parents, while the boy himself looked after him as he passed out with an expression of gratitude to which words could have added nothing. He lingered between life and death for awhile, then began to mend slowly. Again and again his doctor reported his condition to Count Marivard in the city, and every time the messenger returned with a gift of money. At last the boy recovered and went to Paris to thank his benefactor. He found him an officer under the government and an influential man.

Ten years more passed before the great shock came which was destined to rid France of her oppressors. When the storm broke it swept over the innocent and the guilty. Even women and children were not exempt. The queen as well as the king were forced to mount the guillotine, while the daughter was secretly disposed of in prison. Not only noblemen, but their wives and their grown children, went down before the tempest of wrath excited in a people by years of extortion and oppression.

Among the younger leaders of the revolution, now grown to manhood, was Victor Guerdard, the victim of the Marquis of Beaufort's tyranny. He entered upon the work of regenerating France with the memory of his treatment burning within him. Each year since he had been shot had added to the wound in his mind, though that in his body had long ago healed. And when the people of his neighborhood congregated in groups to talk over the movement that was going on in the capital he was among them, showing them the scar left by the bullet of the aristocrat and inciting them to join in throwing off the yoke of the hated aristocrats.

When at last the first gust of the storm of revolution appeared in the courtyard of the palace of Versailles, young Guerdard was there with a scythe in his hands, a fire in his eye, and a determination that he was ready to cut down together the weeds, the grass and the dowers. When the mob broke into the room of Queen Marie Antoinette he was there. When the king was taken by the mob to Paris, Guerdard walked with others by his carriage, still carrying his scythe. When the king showed himself on the balcony of the palace of the Tuilleries, decked with the cockade of the revolution, the man who had received the cut of a noble's whip across his cheek and had received his bullet in his body was one of the yelling crowd that derisively greeted the sovereign. Then came what has passed into history as the reign of terror. Those of the so-called middle-class—the bourgeoisie, who had guided the revolution

THE DEVIL BURNS TENT But He Stayed on Fire on Colborne Street

Last evening about 9:30 the small sleeping tent next to the big Gospel tent on Colborne St. near Alfred St. was completely burned, as were nearly all the contents. The central and East end departments were called and extinguished what remained of the fire when they arrived, with a few pails of water.

While all was excitement the conductor of the meeting kept on talking in order to hold the crowd and he was successful in his efforts. During his remarks the speaker was heard to say "I'm of Irish parents and I am going to stay right in Brantford and preach the gospel of Jesus Christ, even though they do set every tent on fire. The Devil burned the tent, up but the Lord will provide another."

There was a suspicion that the fire was of incendiary origin.

Fine Trip

Lieut. Col. Howard Invited to Britain by Minister of Militia.

Hon. Colonel Hughes, Minister of Militia, has by common consent brought that department up to a state of efficiency never before paralleled in Canada.

One of his plans is to take a number of commanding officers to the Old Country this year to witness the autumn manoeuvres. In this connection Lieut. Col. Howard is in receipt of the following telegram:

Ottawa, August 8.

"Wish you to come with me to attend British manoeuvres to sail from Montreal 23rd instant. Letter following."

S. HUGHES.

The compliment is not only one richly deserved by Col. Howard, but it is also a tribute to the Dufferin Rifles who at Niagara this year numerically and in other ways took the lead of the entire camp.

Making Money—Can't Pay

A Galt despatch says: Chief Justice Meredith to-day granted the City of Brantford an order of restraint or seizure of the Grand Valley Railway for non-payment of taxes. The order takes effect on September 17 if the taxes are not paid before. The amount of arrears is approximately \$20,000. It is said that since passing to a receiver two years ago the road receipts average \$1000 a month to the good.

No Liquor There

Mrs. Marshall of Giltson street called at the Courier Office this morning to state emphatically that the Mr. Davis who was rescued from the Grand River, Tuesday night secured no liquor at her home. In fact Mrs. Marshall stated such a commodity is never there. Davis who was at the house about 11:30 did not appear to have been drinking.

SOME GLORIOUS OLD WEEK THERE

Hamilton Will Celebrate as the Natives Never Did Before.

The band of the Dufferin Rifles has been engaged to play in Hamilton on Wednesday of next week, which will be Exposition day of the big Centennial celebration to be held in the Ambitious City during the entire week. The committee in charge of the affair has arranged a elaborate program, and it looks as though all roads will be leading to Hamilton next week. Hamilton old boys from all parts of the continent will be back for the occasion and great preparations are being made to give them a royal welcome. There will be some big sporting attraction each day, but judging by the program there will be something doing every minute for the fun is scheduled to start at nine o'clock in the morning, and as the council has passed a resolution declaring the city "wide open," it is a good bet that the doings will last into the early hours of morning again. Bands from all parts of Western Ontario have been engaged, the streets will be given over to folk shows and vendors of holiday wares who are necessary to make an affair of such a nature a success. Single rates have been secured on all roads and many people from here will journey to Hamilton to help the sister city celebrate the 100th anniversary of its foundation.

CATARH CURED OR MONEY BACK

The cause of Catarrh is a germ. It multiplies in the lining of the nose and throat spreads to the bronchial tubes and fitly reaches the lungs. Cough syrup can follow it to the lungs—it goes to the stomach—and fails to cure. Catarrh-ozone is inhaled. It goes everywhere—gets right after the germs—kills them—heals the soreness—stops discharge and hacking—cures every trace of Catarrh. You're absolutely certain of cure for Catarrh, throat irritation, colds or bronchitis, if you use Catarrh-ozone. 25c. and \$1.00 sizes sold everywhere.

National Vacuum Sweeper

"IT MAKES CHILD'S PLAY OF HOUSEWORK"

The Housekeeper's Aide-de-Camp

In the line of Vacuum Process Sweepers for carpets and rugs, it has remained for the Daily Courier to introduce a machine that, for ease of operation, efficiency, durability, and low price asked, surpasses any other device of the kind that is on the market.

This practical and always ready for service little machine runs exactly the same as does a carpet sweeper, but it cleans by air, and according to the correct principle of the vacuum process. It is sold direct to consumers at the cost of production in connection with a twelve months' subscription to the Brantford Daily Courier, and is guaranteed to do all that is claimed for it by the manufacturer.

The Trade Reports are always pleased to publish honorable mentions of truly worthy inventions, devices or products of any kind, and this without solicitation from the manufacturers, as by following such a policy we have made the Courier a valuable medium of reliable information to its readers. Buyers and consumers in all lines find our reports a material aid to them when they are in the market for this or that article or product, and we have taken a pardonable pride in saying in this connection that we have yet to hear of any person or persons who have been deceived or misled by any endorsement or recommendation published in these columns. In the present instance the National Vacuum Co. can assure anyone that wishes to get a machine as above referred to, and one that can be depended upon absolutely—a perfect aide-de-camp to the housekeeper.

The Triplets That Do the Work

The construction of this machine is the very best that skilled hands and perfect machinery can produce. It has three bellows, that form a continuous suction as the wheels roll over the carpet. The bellows are made of three-ply German linen, with heavy rubber insert, which makes it absolutely air-tight and almost indestructible. It is the same material that is used in the very best organs, and will last in ordinary use for twenty years. The valves are protected by solid leather discs that rest smoothly and flatly on the openings, and will not curve or turn up at the edges. The single spring that holds them in position is responsible for this. Each machine is thoroughly inspected before it leaves the factory, and should at any time you find one imperfect in construction you are at liberty to exchange it for one that is perfect. We, the manufacturers, can state for this cleaner that it is the very best that money and skill can produce, and will do the work of those high-priced electric machines. The bellows have an air displacement of 69 cubic inches with each revolution, 24,800 cubic inches per minute, giving a strong, continuous torque like a six-cylinder automobile. It is just as easily operated as the ordinary carpet sweeper, and in many cases will do the work of both the carpet sweeper and the vacuum cleaner. This machine has a retail value of \$13.50, and you can consider yourself fortunate to get it on the terms we are offering. This machine is the acknowledged monarch of all hand-power machines.

No vacuum sweeper made to-day has a greater reputation for superiority and durability than The National. Its wonderful distribution is not surpassed by any other vacuum sweeper. It is well and favorably known from ocean to ocean, and from the great lakes to the far recesses of the north, and in this immense field you find thousands and thousands to-day in use by the best families, giving complete satisfaction and affording splendid service.

The construction of the National Vacuum Sweeper is without a fault. It is built on the correct principle—built for hard service—built to clean carpets and rugs better than any other that is meant to clean.

Several Millionaires In The Borden Cabinet

Few Like Mr. Bryan Have to Work Overtime or Starve—Nearly All of Them Are Well-to-Do.

William Jennings Bryan, President Wilson's Secretary of State, says a writer in the Toronto Star, finds that he cannot live on his official salary of twelve thousand a year, so he ekes out his income by work as a paid lecturer. Are the official salaries of Cabinet Ministers of the Dominion Government—fifteen thousand dollars a year for the Premier, and ten thousand dollars a year for each of the others—sufficient to enable them to live as Cabinet Ministers should live? The answer to that, of course, depends largely on the idea each Cabinet Minister has (as more often happens), his

wife, for the "ladies of the Cabinet," as they style themselves, loom large, in these days in the direction of social entertainments—has of the sort of state in which a Cabinet Minister should live. Some have been known to live at a cost far below their official income. For instance, the Hon. George F. Graham, boarded in modest style at the Windsor, at Ottawa, and could not have spent anything like the salary paid him by a grateful country. But, as a fact, the majority of the members of the Borden Cabinet, are distinctly well off—some of them indeed, very wealthy—and live in style which could not be compared

were they dependent on their official salaries alone.

Millionaires and Nearly.
The Hon. "Bob" Rogers is a man of many parts. And his money is not the least part. Moreover, he is a free "partier," as even his enemies admit—some of them say too free—and as he can certainly afford to be. For "Bob" is a millionaire. Native astuteness in combination with fortunate speculations in Manitoba lands and Winnipeg real estate, have made "Bob" the millionaire—and other things that he is to-day.

Torontonians are also aware that their city has contributed to the Cabinet a millionaire. The Hon. A. E. Kemp is a Minister "without portfolio," but he has a "wad" big enough—thanks to his successful ware factory—to enable him to dispense without inconvenience.

Hon. Mr. Perley is also in the millionaire class. His fortune was made in lumber. The "boss" of all, the Right Hon. R. L. B. himself, is far better endowed with this world's goods than many people imagine—in fact, there are those who assert that he does not fall far short of millionairedom. In his legal practice he commanded big fees. And he has been very fortunate in real estate investments. Moreover he is probably the biggest single holder of bank stock of the Bank of Nova Scotia. Altogether, he is fully entitled to have large ideas—to "think imperially," as it were.

"Tom White" says one who knows the Minister of Finance well, "is probably worth something around a quarter of a million. He has invested profitably and prudently—not like his brother Chancellor of the Exchequer in Great Britain in "Marconis"—but in some of the most judicious investments which Toronto has to offer.

Col. Hughes and Others.
Colonel Sam Hughes has had time to do many other things in addition to the baiting of militia officers in which his soul delights. And one of them has been the investing in lands in the Northwest. "Sam" remarks one of his friends, "is very prosperous. Outside his salary altogether he has a gentleman's income." What a "gentleman's income" precisely amounts to in dollars and cents is a moot question. But, anyhow, it is something which, no doubt, very comforting to possess.

The Hon. Frank Cochrane, Minister of Railways and Canals, at one time kept a general store in Sudbury. He developed into a very shrewd investor, and is largely and lucratively interested in mining properties and timber lands. His colleague Hon. Martin Burrell, Minister of Agriculture, is also very well-to-do; his fruit ranch in British Columbia being a great money-getter.

The Hon. L. P. Pelletier is a lawyer and very comfortably off. And

his compatriot, the Hon. W. B. Nantel, is another typically prosperous French-Canadian with a good head for the details of private finance.

The Less Well Off.
Among the less rich members of the Cabinet may be numbered the great Hon. George E. Foster. The Hon. T. W. Crothers, too, is not a wealthy man. No doubt that fact enables him to enter more fully into the problems of the toilers with which the Department of Labor is so largely concerned.

The Hon. J. D. Reid, familiarly known as "Doc" Reid, is also a comparatively poor man. He is a country "doctor" by profession—a calling which does not usually offer many opportunities of amassing a large fortune. At one time Sir Wilfrid Laurier was very far indeed from being anythink like well off his many years of arduous public service having operated largely to the detriment of the advancement of his private and professional interests. But some years ago, his friends and admirers came forward with a gift of a hundred thousand dollars. And, as he has made fall far short of millionairedom. In his legal practice he commanded big fees. And he has been very fortunate in real estate investments. Moreover he is probably the biggest single holder of bank stock of the Bank of Nova Scotia. Altogether, he is fully entitled to have large ideas—to "think imperially," as it were.

The Whitney Cabinet.
The Whitney Cabinet is not one of the wealthy men: Sir James practised for years as a barrister at Morrisburgh, but—unlike his brother, who is a millionaire lumberman—he is never understood to have amassed much money. His colleague, the Hon. W. J. Hannan is by profession—like Mr. Proudfoot—a lawyer, and a very prosperous one at that. His post of Attorney in Canada for the Standard Oil must have been worth a lot to him.

Dr. R. A. Pyne, Minister of Education, draws a comfortable income from real estate—largely apartment houses—in Toronto. Dr. Reame is like "Doc" Reid, a country doctor, and (also like him), not a rich man. Nor is Mr. Lucas, a country lawyer. The Hon. James Duff, too, is not rich. He is a farmer, and farmers seldom are—and when they are they won't admit it.

For Adam Beck, the "Minister of Power," as he is often called, is the wealthiest member of the Ontario Cabinet, of which he is a member without portfolio. His wealth is rumored to be near the million mark. Colonel J. S. Hendrie, too, is another Minister with wealth. He is (among other desirable things), a director of the Bank of Hamilton, of the North-

ern Navigation Company, and of Hendrie and Co.

Salaries of British Ministers.
In Great Britain most of the Cabinet Ministers get twenty-five thousand dollars a year each. The Lord Chancellor gets fifty thousand. And the Lord Chancellor with his salary and the fees incident to his office, gets nearer a hundred thousand than the last named figure. Most of them have good—and some of them very large—means. Lord Haldane is very rich, as are Lords Crewe and Beauchamp, and Mr. Harcourt, who, in addition, married an immensely rich wife as did Mr. Asquith. Sir Edward Grey, Mr. Runciman, Mr. Hobbhouse, and Mr. Peace are all rich men. Mr. Burns draws a salary of twenty-five thousand dollars a year and is popularly supposed to live on one-tenth of it. Recent investigations showed that Mr. Lloyd George's private income from his savings, was only four thousand dollars a year. Mr. Churchill's private means are small. He has made a lot of money in his writing—his "Life" of his father brought him in fifty thousand dollars—but he is a free spender.

Thousands of Men Required in Western Canada.—This Year's Harvest Promises to be the Largest in the History of Canada.

According to present indications the wheat crop of 1913 will be the greatest ever harvested in Manitoba, Saskatchewan or Alberta, thus requiring the farm laborers of the East to assist in harvesting the world's greatest bread basket. The Governments of the respective Provinces state that many thousand men will be required for this year's harvest. These will have to be principally recruited from Ontario, and the prosperity of Canada depends upon securing labor promptly. The Canadian Pacific, on which company will fall practically the entire task of transporting the men to the West, is already making special arrangements for this year. Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours and avoiding any change of cars or transfers. This will be a day shorter under any other route. Dates, rates and conditions will be announced in a few days.

RE-ARRANGING BOUNDARIES FOR ALL THE CITY SCHOOLS

Trustees Forced to Take Action on Account of the Congested State of Affairs Which Exist at Present—Two New Teachers Were Appointed at Meeting Last Night.

That the trouble which existed at King Edward school, has not died out as yet, was evidenced at last night's meeting of the School board, when two teachers Misses Annis and Pellin, who had been transferred to Alexandra and Ryerson schools, respectively, wrote asking that they be reinstated in their old school. Friends also wrote, and pressure is being brought to bear on most of the trustees by certain friends and a certain section of the residents of Eagle Place in regard to the situation. The matter was finally referred to the School Management committee to deal with.

School Boundaries.
The matter of school boundaries, necessitated by the opening of the new Dufferin school and the sending of a number of pupils to Grandview school, came up for consideration. It was finally agreed that if after canvassing the situation, and there is time left before school opens, a map be published; both papers showing the boundaries for each school, so that parents and pupils can tell exactly where they are to go.

New Dufferin School.
The new Dufferin school will be ready for occupation on Sept. 1. The desks and blinds are here and will be installed at once. The janitor has been appointed and is on the job clearing up around the grounds. A car of fine stone has been ordered and the grounds will be put in first-class shape. The school is one of the finest in Ontario, and Principal Rowe, and his assistants, Mrs. Garnet C. White and staff, will certainly have every convenience and facility for doing good work.

Alexandra School Safe.
There has been some talk among some of the citizens that Alexandra school was not safe. To make assurance doubly sure the Buildings and Grounds committee had an architect go over the building. He reported that the school is perfectly safe. A steel beam runs through the school building, and any signs of cracking were caused by the usual natural shrinkage.

New walks have been put down at King Edward and Alexandra schools and considerable kalsomining, painting and cleaning up is being done in all the schools.

Promotion Results.
Dr. Ballachey brought up the question of the system of promotions in the schools. He said that the system at best was slow and every facility and consideration should be given a pupil who might happen to fail on the final examinations by a few marks in one subject to be promoted. He did not know whether it was a part of the system to give the work during the term consideration, but it should be so.

Unique W Johnson Relat

A copy of the unique will left late Pauline Johnson has just arrived in the city. It will be of interest by many Brantfordites. This is the last will and testament of the late Mrs. Pauline Johnson, wife of the late Hon. J. H. Johnson, M.P. for the City of Vancouver in the province of British Columbia.

I hereby revoke all former testamentary dispositions made by me and declare by my last will and testament I appoint Isabella Eccles, wife of Peter McKay of Vancouver, former and W. Makovicki, hereinafter trustees, to be the trustees of this my will.

Disposal of Remains.
I hereby direct my trustees to bury me in the City of Vancouver, in the City of Seattle or in the City of Portland, as may be most convenient to the trustees, and if possible, when dead I am to be dressed in my grey clothed cloak with my small gold shield locket, (containing the photo of a young boy), fastened to my breast by a small gold chain; I desire to wear my gold ring of sign of two serpents, and to have a silver an ebony crucifix placed in my hands.

Gifts to Vancouver.
I bequeath to the museum of the City of Vancouver and in that the same may remain in the City of Vancouver, my Indian costume.

BRITISH ARMY NEED OF RECR

Work to Get Enlistment Becoming Harder Each Day.

(Canadian Press Reuter)
LONDON, Aug. 9.—The obtaining recruits for the British Army is becoming harder every day, military correspondent of the press says:

"Recruiting for all categories of our armed forces at home present bad, and demands immediate attention of the government. All parts of the army are in a state of shortage, and the shortage is being felt in the year. The number of recruits has been made good, but has increased. The regulars at more than 8,000 under strength more than 6,000 worse off were a year ago, while the total in numbers without a regular establishment, and the shortage is being felt in the year. The apathy of the authorities in presence of the state of the territorial past praying for except by the territorial reserve must be recruited by voluntary means, and if the regulars do not find more recruits we are compelled to resort to thereby prejudicing our military operations."

FARMER JUDGE PROVES SUCCESS

When the history of Brantford is written to cover the year several pages of it will be adorned with the story of Hon. Judge Hardy. The distinguished atmosphere of the court room to his himself field of sun-kissed oats, and laborious effort, with pit team and wagon, proceed said oats in the uppermost of his barn. His Honor Judge Hardy may rightly be considered a successful farmer class in Brantford. A couple of city residents around this week past the Judge were somewhat disconcerted to witness full nonchalance with which fork in hand, pitched two shocks of oats fifteen feet to the top of the wagon, and the operation several times. In baseball parlance, the Judge is considered to have secured a batting average. Farmers of the county will be litigants in court are quite appreciative of the Judge Hardy's development of interest in matters agricultural mutual bond of sympathy, up between judge and farmer points in agriculture subject of discussion frequent the hearing of a case, surprised many in the Judge's Honor has conferred as well as the laborious in farm work.
