Oh, it is but a sorry creed
To look for nothing but deceivin
To meet a kindness in your need
With a smile of misbelieving! The tide of ill is not so strong; Man loves not always wrath and wrong. It cannot be that every heart

BY ANNA MARIA SARGEANT.

\*Where's Fred this evening?' inquired Francis Bolton, putting his head in at the half-topen door of the little parlour behind a grocer's shop in one of the leading theroughfares of London. The query was addressed to a young but pale and careworn-looking matron, who was bending over an infant, hushing it to rest, whilst four older children, of various ages, were gambolling at her feet.

'He's just gone out with Mr. Hawkins,' was the reply, and a suppressed sigh accompanied the words.

'What' left his business on a Shutfday night?' interrogated the visitor, who was the brother of the shopkeeper. 'It is surely some matter of importance that has taken him out then?' These observations were intended to call forth an answer; but the wife only looked up, and shook her head momenfully.

He affectionately patted the head of a rosy boy of seven; playfully discomposed the flaxen ringlets of a smiling girl of five; took a younger one in his lap; and bade the other play at ball or hide-and-seek for his smusement. What should I see there but an advertisement for one Alfred Bolton, the nephew of the late Captain Thomas Bolton, of the Royal Marines, with the information that a large sum of money, willed to him by the said captain, lay in the hands of the executors of the deceased!'
