WHAT WOULD YOU DO?

*Standing Over His
Friend's Body, the
Ranger Vows to
Avenge His
Death!*

Then follow months of pursuit, of tireless waiting and watching, of scheming and fighting, ending in tracing the leader of a terrorizing gang of cattle thieves into the home of the girl the Ranger has grown to admire and love! Shall he be true to his oath? Or shall he conceal the infamy of the father of his sweetheart?

Accepted Call To Black River

The "Black River" congregation extended a unanimous call to Capt. Rev. Thomas Harrison, through the Miramichi Presbytery, which held its meeting at Newcastle on the 9th inst. Capt. Harrison intends to accept the call, which was sustained by the Presbytery.

Black River is one of the most important charges in the lower provinces. The Capt. is well known in St. John, and is certainly one of the finest pulpits and platform orators, which he used to the best possible advantage in the earlier stages of the late war. He is a graduate of Dublin and Oxford Universities. A splendid historian, of which subject he has a wide range both in ancient and modern history. He has also been a close student in the science of geology. The Capt. was one of the most popular Padres at the front, and has a fond and peculiar affection for the soldier. Essentially a man, he is never happier than when in the company of a number of men, dealing with the problems which are our everyday life. With all the fervor and fire of the "Celt" linked to a generous nature the Black River congregation has done well to extend to him such a whole-hearted call. Undoubtedly the Captain will do well, and the friends of this eloquent and popular Padre will wish him every success. The induction will take place the 17th of this month.

Former M.P. for Kent Has Passed Away

Moncton, Dec. 15.—The Hon. O. LeBlanc, ex-M.P., and a well known French-Canadian died from pneumonia at his residence at St. Mary's, Kent county, on Sunday morning. He was a man of most remarkable physical strength for his age. He was born Nov. 27th, 1830, at Memramcook in Westmorland county, was twice married and is survived by three daughters, Mrs. R. S. Leger of Moncton; Mrs. Martin Nowlan, of St. Mary's; and Sister Marie of the Sisters of Charity at Memramcook. He was a Member of the N. B. House of Assembly for ten years, of the Provincial Government for two years without portfolio, and also a member for two years of the now abolished Legislative Council. He represented Kent County in the House of Commons from 1900 and was a member about seventeen years, retiring at the last general election.

CHARGES AGAINST LIQUOR INSPECTORS TO BE INVESTIGATED

Fredericton Gleaner: The investigation into the charges of brutality against three inspectors under the Prohibition Act will probably be held at Chatham on Thursday, December 18th, according to an announcement made by Rev. W. D. Wilson, chief inspector under the Prohibition Act, this morning.

He said arrangements were being made to have the hearing on that date the proceedings of which will be open to the public. The incident occurred some time ago and excited a great amount of criticism of the methods adopted by inspectors to enforce the law, and no doubt the hearing will be attended by a large number of spectators.

JELICOE PASSED THROUGH NEWCASTLE SUNDAY AFTERNOON

Viscount Jellicoe, of Scapa Flow, Admiral of the fleet, passed through Newcastle Sunday afternoon in the private car Nipissing attached to the Ocean Limited from Halifax. The celebrated sea lord was enroute to Quebec and Montreal after having visited St. John and Halifax.

BORDEN TO RESIGN

Sir Robert Borden has decided that his impaired health necessitates retirement from political life. His resignation from the Premiership will be announced immediately after the New Year. The retiring Premier has been in the house for 24 years. Hon. Arthur Meighen, is spoken of as a probable successor. Other names mentioned are Hon. J. A. Calder and Sir Theo. White.

Captain Adams Was Taken By Surprise

Improved So Remarkable After Taking Tanlac He Hardly Knows Himself.

"For one whole year before I took Tanlac there was hardly a day that I didn't have a severe headache and hardly a night that I got over an hour or two of sleep," said S. S. Adams, when he called at the Owl Drug Store in Vancouver, B. C. Mr. Adams served as Captain in the English Army, and at the time he made this statement he was registered at the St. Francis Hotel, 600 Cordova St., West Vancouver. Mr. Adams further stated that he would leave for the Orient in a few days to accept a managing position with an English firm in Japan. "For the past year," continued Mr. Adams, "I had gastritis in its very worst form, and would get dizzy and some times while I was eating I would get up and leave the table without finishing. My appetite was almost completely gone and even the smell of food would sometimes turn my stomach, and I had to be extremely careful about what I ate so as not to suffer from gas. My nerves were shattered and the least little noise out of the ordinary would upset me completely."

"I tried medicine after medicine but nothing would do me any good, and I was about to give up trying to find anything else when my attention was called to a testimonial in the paper about Tanlac. I decided to try it, and I want to say right here that it took me by surprise and that it is simply remarkable how I have been restored to health. I have a splendid appetite and no matter what or how much I eat I never suffer from stomach trouble in any form. My nerves are quiet and steady, and I can sleep all night long. I am not troubled with headaches or dizzy spells any longer, and I feel so different in every way that I hardly know myself. I am leaving for the Orient in a few days and before I go I feel that it is my duty to make this statement and let the people know that Tanlac is a great thing and that

Investigation To Be Reported Officially

Rev. W. D. Wilson Chief Inspector under the Intoxicating Liquor Act 1916 stated this morning that P. J. Hughes of this city would go to Chatham to act in a legal capacity for his department in the investigation of the incident at Chatham some weeks ago, in which Sub-Inspectors James Dickson and Merrifield in making two arrests, met with resistance and used force. The investigation will begin on the 18th Thursday next. An official report of the proceedings to be taken, J. P. McPeake, Supreme Court stenographer, acting.

Many Witnesses Summoned.

A large number of witnesses have been summoned to attend the investigation. Subpoenas were issued some time ago. Among those summoned are Rev. Mr. Bate of Newcastle, also Rev. Mr. Cooper of Bathurst who were present while the fight was in progress.

RINK OPENED

Seek Experiences of Settlers in Canada

In order that the department of immigration and colonization may have at its command authentic accounts of the experiences of successful settlers in various parts of Canada it has decided to offer cash prizes for letters or articles not exceeding two thousand words written by settlers in each of the nine Canadian provinces. The articles will be judged by a committee to be appointed by Hon. J. A. Calder, minister of immigration and colonization, and should be mailed not later than February 14th, 1920, to the director of publicity for the department. Three cash prizes will be given, one of seventy-five dollars, one of fifty dollars and one of twenty-five dollars, in each of the nine provinces.

It is explained that the competition is not a literary contest, the official announcement stating that:—"Literary style, correct spelling, etc., will not be considered essential. Tell your story in your own words." It is believed that the procuring of a number of graphic and truthful stories of how success has been won from the soil in all parts of the Dominion will do much to contribute to a future movement to Canada of the right class of settlers.

Full details of the competition are given on a poster hanging up in every post office throughout Canada.

KEEP PULLETS HEALTHY

The pullets must be protected from colds. They are seldom afflicted if they receive good feed and do not crowd at night. Teach them to roost at an early age and furnish plenty of roosts in both colony houses and laying houses. Then the birds will not come out on the cold ground in an over-heated condition, and will be free from watery eyes, which is the first sign of a cold.

If some birds do have watery eyes from standing in the cold wind or huddling outside in a fall rain, they should be isolated from the other members of the flock, as the condition is contagious. Rubbing the head with camphorated vaseline is beneficial. Do not allow it to get in the eyes. Place the birds in a clean colony house with plenty of straw litter. Give them clean water with potassium permanganate. This is also good to use in the water in the laying house when some of the birds have been exposed to colds.

We do not believe in using the potassium permanganate if there is no danger from colds, as the birds do not seem to like the water as well, and not drink as much of it. As eggs contain a large percentage of water, and the birds need it in their ration, it is best to give them plenty of fresh clear water with a good flavor, so that they will drink frequently. —R. G. Kirby, Michigan.

Dept. of Labour Report

Report for week ending November 22nd, 1919.

The Employment Service of the Department of Labour reports that returns from the Dominion and Provincial offices of the Employment Service of Canada for the week ending November 22nd, show a decrease in placements as compared with the returns of the preceding week. During the week the 92 offices reported that they had referred 7,952 persons to regular positions, and that 5,914 of these had received employment. This represents a decrease of 993 as compared with the previous week when 6,907 persons were placed. This decrease was due to a decline in placements in the lumbering industry in Manitoba. In addition 1,450 casual jobs were supplied as compared with 1,247 of the week ended November 15th.

During the week 9,329 applicants were registered, of whom 756 were women and 8,573 were men. This represents a decrease in registration of 738, when compared with the 10,067 applicants of the previous week. The number of vacancies notified by employers during the week totalled 8,402 of which 1,134 were for women and 7,268 were for men. When compared with 8,735 vacancies reported during the preceding week, this shows a decrease of 333 vacancies. Of the placements in regular employment 441 were women, and 5,473 were men. The number of soldiers reported as placed was 2,555.

Of the placements in regular employment 12 were reported by Prince Edward Island, an increase of 3; 106 by Nova Scotia, a decrease of 23; 356 by New Brunswick, a decrease of 9; 588 by Quebec, a decrease of 75; 1933 by Ontario, a decrease of 51; 755 by Manitoba, a decrease of 868; 508 by Saskatchewan, an increase of 54; 519 by Alberta an increase of 134 and 837 by British Columbia, a decrease of 158.

Balfour Regrets America's Failure

London, Dec. 11—Arthur J. Balfour, Lord President of the Council, in a speech today in London on world reconstruction, said: "One of the greatest of our allies feel that they cannot go through with us to the end in this process of reconstruction. I am not going to criticize, because I think it out of place for any foreigner to criticize any foreign power. But it would be a very poor compliment to any American friends to say that we regard with indifference the fact that they have not seen their way clear to carry their own co-operation with us in this work of industrial reconstruction to the end."

Mr. Balfour described the part America played in the war as noble and disinterested, with no thought of national ambition. "We are grateful," he continued, "but I confess I had dreamed that a work so nobly begun would be effectively carried through." Mr. Balfour expressed the opinion that the future of the world would be assisted incalculably if the great English-speaking nations worked together in the cause of liberty and peace.

Aid Will Come.

"I know well in the cause of liberty and peace American co-operation will still be forthcoming," he said. "I know they are not going to abandon as a nation, and that no party in America is going to abandon those great ideals."

The speaker said he was bound to admit, however, that it seems more than likely that "we cannot count to the full on direct action, which would make the assistance of the great American democracy of ten fold value should it be forthcoming."

"Therefore," Mr. Balfour went on, "it is—and I know what I say will not be misunderstood by American friends, even by those convinced that the true interests of their country lies in an opposite direction—to me a feeling of deepest regret that so much of the common work of the two countries should come to an end before its full fruition could be enjoyed by the world at large."

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots finally become weak; then the hair falls out fast. Surely get a small bottle of Danderine and see how your hair grows again and how it stays.

Extraordinary December Sale of Womens Serge Dresses

At \$26.00 and \$33.50

Values \$35.00 and \$42.00 Respectively

Colors:---Navy Blue and Black, Sizes 14 to 40

Group One

At \$26.00

This occasion is one of the most important in the history of this store. Many of the dresses in this and the second group are well known to our customers and so we do not need to emphasize the superiority of the qualities. They include Russian blouse effects, (the very last word in gown styles) and suit effects. Many of the Dresses are trimmed with fine Silk Braid and others are Silk or Wool Embroidered on Skirt and Waist. Two colors: navy blue and black. A special purchase in the East together with dresses in stock have made it possible for us to offer these two groups at prices which are practically cost—and in some cases below cost. It is a real chance—Grasp It!

Values \$35.00

Group Two

At \$33.50

The values in this group are of course higher than those at \$26.00. The Dresses are of the same smart styles but of better quality serge or more lavishly trimmed with Braiding and Embroidery. We know the Montreal markets and can assure our customers that it would be difficult to match these values and impossible to better them there. All the accepted styles of the season are included, those in the Russian Blouse style being especially youthful and most becoming to slender women. The Suit Styles have the added advantage of being smart for winter wear beneath the coat and for warmer, Spring days with a fur neck wrap. All sizes, 14 to 40 in navy and black.

Values \$42.00

A Charming Display of Christmas Blouses

In Fine Cotton Voile, Jap Silk and Crepe de Chene

Priced \$1.50 to \$4.50

Such dainty and attractive little Blouses of extra fine quality cotton Voile, Jap Silk, (which by the way is extremely difficult to buy at present) and Crepe de Chene in white, flesh pink, old rose, maize, black, etc. All sizes, 14 to 40.

One of these becoming little Blouses would make the nicest sort of a Christmas present and it need cost no more than \$4.50 and most likely less. Suppose you look them over and see if we have just what you want? It is no trouble at all to show our merchandise.

An Important Sale of Women's Coats

In Tweed, Plush and Velour, with many Fur Trimmed Models Included

Formerly \$25.00, Now **\$18.50**

Formerly \$40.00, Now **\$32.50**

Only a woman knows how desirable it is to have one's Winter Coat good looking as well as comfortably warm and made of a sturdy, long-wearing material.

These Coats we offer possess all these advantages. The materials, Tweed, Plush, Velour and Silvertones are the smartest of the season and in great demand in the fashion centres, they are winter weights and particularly durable. Some of the Coats are belted, collars are deep, convertible style and some are smartly fur-trimmed.

It is not for us to urge you, but if you are in need of a Winter Coat now, or expect to be shortly, do not miss seeing these. We say this in your interests, for we do not expect that such values will fall to our lot again and certainly prices will be higher next season—Buy now!

Announcing New Arrivals

Wool and Wool Jersey Sweaters

\$3.50 to \$15.00

In Sand, Purple, Gold, White, Grey, American Beauty, and other Smart Shades

First of all, let us say that we are simply JUBILANT over this Sweater purchase! They are the nicest we have seen for many a day and the values are away beyond anything we have been able to offer in the past. New York and Montreal are forecasting a Spring of COLOR—the brighter the colors and the more of them the smarter one will be. And these Sweaters are colorful, bright as a sunbeam, becoming and USEFUL. In Pull-Over and Coat styles, every strand pure wool; some of the Pull-Overs are sleeveless and while many of the Sweaters are one color there are some attractive combinations. The Jersey Wool Sweaters are wonderful; they have the vestee effects, silk embroidered, or silk vestee with pearl buttons on each side.—Do See Them.

Women's Wool Jersey, Wool Serge and Silk Poplin Skirts

Navy Blue, Brown, Black and Grey

All sizes.

\$2.50 to \$6.50

Do you know what to give your Mother at Christmas? One of these Skirts would be just the thing, you know. Nothing could be smarter, they wear wonderfully well, are warm, ALWAYS look well, don't wrinkle, and are not the sagging kind. Suppose you look at them before the range of color and sizes are broken?

Men's Ulsters and Ulsterettes

In Oxford Grey and Heather Mixtures

\$22.00 and \$40.00

Heather Mixtures and Grey TWRED, we mean that magnificent material that wears, and wears, and WEARS without end. Lots of Style to them, but oh, they're warm deep pockets, slash or set-in as you prefer and big storm collars or the smaller ones. Built to withstand the raging of winter winds when one is driving out in the open country quite as much as walking in town. The values are beyond anything to be seen on St. James or St. Catherine Street in Montreal—Away Better.

How About the Children?

While you are in the store buying for your own needs, why not look at Coats or Dresses for the little one? It is an opportunity.

WEDDINGS

HOPGOOD-ATKINSON
(Moncton Transcript.)

A wedding of much local interest took place Tuesday evening at 6 o'clock in Central Methodist church, when Hazel Etta Atkinson, daughter of Mr. and Mrs. C. P. Atkinson, 63 Highfield street, became the bride of Mr. Reginald St. Clair Hopgood, who for some years has been a member of the staff of the Moncton branch, Royal Bank of Canada, recently transferred to Halifax. The ceremony was performed by Rev. Hammond Johnson, pastor of Wesley Memorial Methodist Church, in the absence of Rev. W. H. Barraclough.

The church was prettily decorated by a number of girl friends of the bride, and a large number of friends of both contracting parties were present when the ceremony was performed. The bride had as bridesmaid Miss Gertrude McLellan, and the groom was supported by Mr. Crocket, of the Royal Bank staff, Halifax.

The ushers were Charles Dodge of Moncton, and Russell Cahill, Sackville.

After the ceremony a reception was held at the home of the bride. The large array of beautiful and costly gifts testified to the popularity of both bride and groom. After the reception the happy couple left on the Maritime express on a short wedding trip to Upper Canadian cities. Mr. and Mrs. Hopgood will reside in Halifax.

Among the out-of-town guests were Miss Margaret M. Atkinson, of New York, sister of the bride; Mr. and Mrs. Hopgood, parents of the groom, Halifax; Mrs. Love and Mrs. Wetmore, St. John; Miss Mary Lawlor, Newcastle; Miss Sybil McAnn, Sussex, and J. Mortimer Robertson, St. John.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requiring constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. COMPULSORY SERVICE FOR CANADA

Montreal, Dec. 15.—An intimation of some form of permanent compulsory service for Canada, both in the permanent force and the Canadian active militia, was given Saturday evening, at the banquet tendered Major General E. W. Wilson, C. M. G., on the occasion of his retiring from the post of general officer commanding military district number four, which he held during the whole war period until demobilization, with great success. This announcement was made by Major General Mewburn, minister of militia. It was immediately followed by a definite statement from Hon. C. C. Ballantyne, minister of marine and naval defence, that he was considering a definite scheme of naval defence for Canada, along the lines of the advice given by Admiral Viscount Jellicoe during his recent visit to Canada, when the famous admiral had many conferences with Hon. Mr. Ballantyne. The latter stated that the plans had not advanced far enough for a detailed announcement, but he promised that some concrete plan would be submitted to the government and that, whether it is great or small in extent, the scheme to be submitted would follow the advice of Lord Jellicoe, that whatever ships should be built would be the last word in efficiency. It was also announced by General Mewburn that an order had been passed permanently appointing Brigadier General C. J. Armstrong as general officer commanding number four military district, in succession to General Wilson.

PERSONALS.

Miss Mary Lawlor attended the Hopgood-Atkinson wedding in Moncton last week.
Mrs. Dr. J. E. Park, who was visiting in New Glasgow N. S. last week has returned home.
Mrs. Ernest Ross, who was visiting friends in town, has returned to her home in Loggieville.

Mr. and Mrs. W. J. Appleby of South Nelson are receiving congratulations on the arrival of a baby girl at their home, on Sunday Dec. 14th 1919.
Lieut. Norman ("Bud") MacKenzie, R. E. arrived home from overseas Thursday afternoon. Lieut. MacKenzie is the eldest son of Colonel J. D. B. F. MacKenzie, Chatham, (N. B.) He is a graduate of the University of New Brunswick, and enlisted as a gunner in the 28th Canadian Artillery, going overseas with that unit in May 1915. He received a commission with the Royal Engineers, Imperial Forces, and has seen continuous service with this branch of His Majesty's Army, on almost every front. He was awarded the Military Cross for distinguished service on the western front in 1917. "Bud's" many friends, not only in his home town, but throughout the whole province, are more than glad to welcome him home.

OBITUARY

MRS. ALEX. MCFARLANE
The sad and sudden death of Mrs. Alex. McFarlane of Chatham Head occurred at her home last Friday morning. Deceased was a well-known and respected lady and her sudden death cast a gloom over the community. Her husband predeceased her about two months ago. Two daughters and one son survive. The funeral was held last Sunday afternoon.
The Rev. L. H. MacLean of St. James Presbyterian Church officiated at the home and grave. Interment in the Miramichi cemetery.

JOHN DOYLE.

John Doyle, of Bartibogue, one of the oldest and most highly respected residents of the parish, passed away at the Hotel Dieu, Chatham, Monday evening, Dec. 8th after an illness of five weeks of pleurisy. Deceased who had been a life-long resident of Bartibogue was in his 85th year and is survived by three sons, Mayor D. P. Doyle, Newcastle, William at home, and Michael of Boston, and three daughters, Mrs. William Murphy, Redbank; Mrs. Martin Fox, Bartibogue; and Miss Mary Doyle, R. N. who was with her father during his illness.

The funeral was held Wednesday morning to the Catholic church at Bartibogue where Requiem Mass was celebrated by Rev. Fr. Hawkes.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "tired" headache, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or occasionally constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling just fine.

United States Coal Strike Ended

Indianapolis, Dec. 10—With but one dissenting vote the general committee of the Mine Workers' of America in session this afternoon voted to accept President Wilson's proposal for immediate return to work pending final settlement of their wage controversy with operators by a commission to be appointed by him.

Telegrams were sent out tonight to the four thousand locals of the union by international officials of the mine workers, immediately. Full instructions with regard to the agreement will be sent out tomorrow morning.

Operators tonight predicted full resumption of operations Friday and shipments of coal from the mines beginning Monday morning.

Mine operators and government officials, alike, were highly gratified over the settlement tonight and all sides appeared confident of a final satisfactory settlement of the fight by the commission.

The action today ends a tie-up of the local industry of more than five weeks duration and one which was more far-reaching in its effects than any other in the history of the country. As a result of the strike the country was fast approaching a complete shut down of industry and widespread suffering among its 100,000,000 inhabitants.

The decision of the miners, came after many hours of debate in which the radical element in the general committee made incendiary speeches against operators and others interested in settlement of the strike and for a third time threatened to defeat efforts to settle the strike at this time. The conservative element led by acting President John Lewis and Secretary-Treasurer William Green, gained control of the situation this morning and succeeded in putting down practically all opposition by the time the question came to a vote.

One concession was made to the radical. The convention agreed to the calling of a general convention of the miners at a future date, at which time the action of, and reason for, the general committee will be fully explained. The opponents of acceptance of the president's plan made their fight principally on the theory that only a general convention of the miners had power to call off the strike.

Members of the general committee to night steadfastly refused to make public the name of the delegate who cast the one dissenting vote.

Two statements were given out following adjournment of the conference by Attorney-General A. Mitchell Palmer, who first submitted the president's proposal to acting President Lewis and Secretary-Treasurer Green at a conference in Washington last Saturday, and came to Indianapolis Monday to await the outcome of consideration of the plan by the miners general committee. Mr. Palmer's first statement expressed his gratification at the decision of the United Mine Workers and commended Mr. Lewis and Mr. Green for "their wise and patriotic action."

A supplementary statement issued this evening follows:

"The miners at their meeting this afternoon accepted the president's proposal exactly as written, and I understand the operators committee have announced their acceptance of it. It provides for the immediate general resumption of operations in all districts upon the basis which obtained on October 31, 1918, except as to wages, which are to be fourteen per cent higher than at that date. This means that the men shall be taken back to work in all mines in the positions and upon the terms of their contracts of employment then existing and it is confidently expected that the mine owners will accede to the government's earnest request that the status quo of October 31, be promptly reestablished in order that peaceful relations between employer and worker in all parts of the mining fields may be immediately resumed. I am asking the governors of all coal mining states to cooperate in the effort to bring this about."

A WARNING TO WEARERS OF THICK MUSTACHES

London, Dec. 10—Wearers of thick mustaches should take warning for the dangers of appendicitis lurk in every hair. When the appendix of a patient operated on in a London hospital was opened 25 hairs corresponding with those of a man's mustache were found in a clump forming a small brush.

The man wore a mustache of the "soup straining" species but now described as "Old Bill's." He said his doctor says that mustache hairs adhered to his food and had found their way to his appendix.

"My dear sir," said the salesman, courtesy, as he handed the customer his package and no change, "you will find that your suit will wear like iron." And sure enough, it did. The man hadn't worn it two months when it began to look rusty.

Greed Is Cause Of H.C.L.

Winnipeg, Dec. 11—"Greed is the cause of the high cost of living and your company takes advantage of the law of supply and demand, you may as well admit it," said Commissioner W. F. O'Connor, K. C. of the Board of Commerce, to James Carruthers, general manager of the Crescent Creamery Company, at today's session of the Board, following a remark by Mr. Carruthers that as long as his firm was in business it would take advantage of foreign demand because "business is business."

The witness had been asked to say whether in his opinion cost of producing butter should be the ruling factor in regulation of selling prices to the Canadian consumer, or if it should be governed by the fact that some starving people in Czechoslovakia were forced to pay high prices because of heavy transportation charges and other costs.

Under cross-examination Mr. Carruthers refused to admit his company was instrumental in boosting the price of butter, declaring that competition was responsible.

PRESENTATION TO NEWCASTLE BOY

A special meeting of the Moose Jaw Typographical Union, No. 627, was held Saturday evening "after the jig" to consider the resignation of President H. W. Falconer, who, owing to ill health and acting under doctor's orders has decided to spend the winter months in a warmer climate.

Much sorrow and regret was expressed by the members of 627 at the departure of "Harry" and as a mark of appreciation of his services and untiring energy displayed in all union matters he was presented with a leather club bag and a travelling toilet set. The retiring president replied in a suitable manner and said that while he was departing against his own will he hoped to be sufficiently recovered to be back in Moose Jaw before long.

Mr. Falconer has been president of Moose Jaw Typographical Union for four terms and is also president of the Western Canada Conference of Typographical Unions.

The many friends of Harry, in town, sincerely hope for him a speedy recovery. For a number of years he was a member of the Union Advocate staff.

On the Amiable Vanity of Chocolates

A GREAT deal has been written on the food value of Chocolates, or candies (as some people call them). Well, as an emergency ration, a box of Neilson's or any other good Chocolates has a sound food value.

But it is our belief that people buy Neilson's Chocolates because they are luscious to the taste and delightfully satisfy one's craving for something sweet.

Every maiden should know that when her "man" or her "boy friend" (as she may call him) comes bearing a gift of Neilson's he is bringing to her the most delicious Chocolates that money can buy.

Rev. L. J. King was appointed moderator for the next six months. W. McN. Matthews and Alex. Pirih were re-elected Secretary and Treasurer respectively.

Rev. F. W. Thompson presented the call from Black River in favor of Rev. Thomas Harrison. This call was signed by 292 communicants and 181 adherents. The call was accompanied with a guarantee of \$1,500 stipend with use of Manse and Globe. The call was supported by Messrs. Donald and Duncan McNaughton. The call was sustained and ordered sent to Mr. Harrison. Since this meeting it has been learned that Mr. Harrison has accepted the call and his induction will take place at Black River on Wednesday, Dec. 17th, when Rev. Mr. Thompson will preside and induct. Rev. Mr. Girdwood will preach, Rev. Mr. Anderson will address the ministers and Dr. Wiley the people.

Rev. Mr. Harrison served as chaplain during the war and has the rank of captain.

Rev. Mr. King presented a call from New Richmond Que., in favor of Rev. Alex. Mackay, of Souris, P. E. I. The call offered \$1,500 yearly salary with manse and Globe and four weeks vacation. The call was sustained and ordered sent to the clerk of P. E. I. Presbytery. It is worthy of note that the congregation of New Richmond have been without a minister for a month.

The Forward Movement Allocation and Budget Allocation were dealt with. This Presbytery is to raise \$35,000 as a peace offering.

Rev. L. J. Morrison appeared before the Presbytery representing the Pine Hill students in a scheme to raise memorial bursaries in memory of the ministry, who had fallen during the war. It is proposed to raise one in this Presbytery in memory of Mr. Steven Dick of Black River, Pres. of the Presbytery. The proposal was heartily commended and will take effect next June.

Rev. J. H. A. Anderson of Chatham was appointed convener of the Sunday School Committee, in place of Rev. E. J. Rattie, lately removed from this Presbytery.

After the transaction of a few other minor matters, Presbytery adjourned to meet in quarterly session on the second Tuesday of March in St. Andrew's Hall, Chatham.

Notice To Advertiser

The co-operation of advertising patrons is requested in the direction of getting "copy" into the office on or before 5.30 p. m. on Monday. Very often the receipt of a large advertisement or even regular changes after that hour serves to dislocate the regular work of getting the paper made up in time to catch the mails—and not infrequently such ads. are at the last moment left out.

This situation is not of service to either the advertiser or our readers and we, therefore, request that copy be received in the office before 5.30 p. m. on Mondays.

Boy Scout Message From Gov. Gen.

Truro, N. S., December 10—The following is the special message from His Excellency the Duke of Devonshire, Chief Scout for Canada, to the boy scouts of the Dominion, which has been especially written for and will appear in CANADIAN BOY for December, the official organ of the Boy Scouts Association of Canada. The Duke of Devonshire's Christmas Message to the Boy Scouts of Canada.

The question is often asked what will be the future of Canada, and the immediate reply is to point out the wonderful national assets of the country, and the endless opportunities which it provides, but by far the greatest of all assets is the character of her citizens.

The history of Canada in peace and war is a record of continuous success, and it is for us in our generation to see that record is worthily maintained.

One of our surest hopes lies in the Canadian boy of today.

He inherits a great tradition, he has the instincts and qualities which have made British and Canadian citizenship what it is, and as a Boy Scout he has the opportunity of training himself to make the best use of them.

The year now drawing to a close has been eventful but we can look forward with ever increasing confidence and as Chief Scout I am glad to have the privilege of wishing every Scout a Happy Christmas and a Prosperous New Year.

News Value Plus.
Some advertisers seem to need something in the nature of a world-wide cataclysm to see the opportunity to inject news value into their announcements.

Not so with Allentown's (Pa.) most prominent barber.

Recently one of his windows was broken. Next morning he had tacked a sign on the boards which covered the fracture:
"Broken in the Rush to Get a First-Class Shave."

Father—You young rascal what are you doing up in my apple tree?
Boy—Please, sir I'm frightening away the birds; they're such awful thieves.

COPENHAGEN CHEWING TOBACCO

Copenhagen is used differently from ordinary chewing tobacco. Take a small pinch, for a start, and put it between the lower lip and gum, in the centre. Afterwards you can increase the size of the pinch to suit the strength of the chewer's desire. Copenhagen is strong, because the tobacco of which it is made is cut into fine grains, which makes it impart the strength thoroughly and quickly. Hence, a little "pinch" goes a long way, showing that Copenhagen is not only an unusually economical chew, but also one of the finest quality, being made of the best, old, rich, high-flavored tobacco.

"CASCARETS" WORK WHILE YOU SLEEP
For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Gallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a small barrel. That's the first step to general misery—indigestion, loss of sleep, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your congested bowels a thorough cleansing and straighten you out tomorrow. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

A HOME CONVERSATION.

The following conversation was recently heard concerning one of our reputable grocers.

The son William about to leave home for the woods, gave his mother \$40.00 with the following instructions as quoted by the woman of the house.

Now John, here is \$40.00 which will left with me to give you, and he said you were to go to Tom Russell's, who is the cheapest man in town and buy for ourselves an aluminum teakettle and 2 granite iron pots, 2 saucepans, with covers, as my back is broken lifting off those heavy iron pots. Also get me a doz cups and saucers with plates to match, one glass set in Ruby and Gold one water set in Ruby and Gold, one doz. tumblers, a doz. knives and forks, and a doz spoons. Bring a Slop Pail and don't forget 4 lbs those small raisins, 2 lbs of his 55 cent tea, a bag of sugar, some toy tooks and dolls, and with the balance get some flour and cornmeal. Be sure to go to Tom Russell's as he is selling cheaper than the rest.

ROD AND GUN

Away down on the storm swept coast of Nova Scotia, lives Bonnycastle Dale the well-known naturalist who contributes interesting articles to ROD AND GUN IN CANADA. A few years ago he lived on the coast of the Pacific Ocean gathering specimens and photos of Canadian Wild Life. December issue of ROD AND GUN IN CANADA tells the interesting story of how he spent one Christmas Day amongst the harbor seals, sea urchins and varied water life of the Gulf of Georgia. Other interesting stories and articles included in this issue are: "The Keyhole Bull," by the skilled writer of Nature stories—George Gilbert; "In the Basin," by H. C. Haddon; "Silver Tip—A Tale of The Far North," by Robert E. Hewes; "The Propagation of Brook Trout," by John W. Titcomb. In addition to these splendid features ROD AND GUN IN CANADA for December contains the usual high class Fishing, Guns and Trap Line Department. W. J. Taylor, Limited, Woodstock, Publisher.

ERNEST DOIRON APPOINTED REPORTER SUPREME COURT OF N. B.

Fredericton, N. B., Dec. 10—The resignation of Lieutenant Colonel W. H. Harrison, as reporter of the Supreme Court of New Brunswick, was accepted by the Government at this session and Ernest Dolron, barrister-at-law of Chatham, was appointed to succeed him.

The new appointee, Mr. Dolron, is a Bachelor of Arts, of St. Joseph College, L. L. B. of Dalhousie and a Rhodes Scholarship winner, although he was unable to avail himself of the opportunity to pursue his education at Oxford as he enlisted in 1916 and served as a gunner in France in the 24th, Battery, C. F. A., from March 1917, until February 1919.

"What's the matter, old man?" asked Brown, as he met a friend. "Are you feeling sick?"
"No, not exactly that," replied the friend, "but I'll admit I've been worried of late. You remember I employed a man to trace my pedigree?"
"Yes," replied Brown. "What's the trouble? Hasn't he been successful?"
"Successful? I should say he had!" said the friend. "I'm having to pay him hush money."

He Chased Thieves For 1,000 Miles

In an old newspaper bearing date of 1884 appears an account of a man who chased a band of horse thieves 1,000 miles, "got them" and drove the horse home again.

That man was John R. Hughes of Texas. He and his neighbors had been robbed by the outlaws of the border. With grim determination Hughes followed the thieves—without money, with little food and rest—all through the Southwest. He was absent from home just a year. In recognition of his spirit and persistence, he was made a captain of the "Texas Rangers," because just such "stuff" was wanted in those days to clear the border of horse and cattle thieves and other desperadoes, white and Mexican.

A wonderful picturization of the Rangers of those days—a picture true to spirit and character—is shown in the William Fox production based on Zane Grey's novel, "The Lone Star Ranger," featuring William Farnum.

In his presentation of the heroic Ranger, strong, magnetic, unafraid, steel true, Mr. Farnum is said to outdo even his previous splendid work in Zane Grey's "Riders of the Purple Sage" and "The Rainbow Trail."

This thrilling photoplay will come to the Happy Hour Theatre Thursday.

MAY SUCCEED LATE MR. SUMNER

Col. S. B. Anderson, of Moncton, was before the government. His business, it is understood, is in connection with a re-organization of the office of New Brunswick agent general in London. Possibly his appointment to the office made vacant by the death of F. W. Sumner will be made Col. Anderson commanded the original 8th Field battery, C. E. F., and later an artillery brigade in France.

BEAVER FLOUR

MILLED OF BLENDED WHEAT

"Beaver" Flour is just as good for Pastry as for Bread. It is the product of Ontario winter wheat, blended with western spring wheat to increase the strength. "Beaver" Flour has the best qualities of both kinds of wheat—the whiteness, lightness, delicate flavour and perfect Pastry making qualities of Ontario winter wheat—coupled with the extra strength of western spring wheat. Being scientifically blended in exact proportions, the blended wheats are always the same in strength and quality—and so is the flour.

If you have never tried a blended flour, you cannot imagine what a difference there is between "Beaver" Flour and the usual western spring wheat flours. Get a sack of "Beaver" Flour at your dealer's, and try it for yourself.

Amount of Profit In A Day's Wage

How much profit does a workman reap from his day's labor? How much ought he to reap? Does a "good living" under the head of profit, or is it properly a part of the cost of producing a day's labor? How far can human energies be measured and human values standardized in order that the cost of a day's labor may be standardized?

Questions like these occur in one period or another of every man's thought about a system of economics which shall be more solidly based than any which serve us now. But a more than academic interest attaches to these questions, for they are the real, even if unspoken, basis for much of the irritation and confusion which exists in the industrial world today.

The working man is beginning to understand that he is in business. His raw material is human energy. His product is a day's work. All other business men seek a profit above cost of production, why should not he?

The difficulty thus far has been in making out the cost sheet. How much does it cost to produce a day's work—that is the question for which there seems to be no satisfactory basic answer.

It is perhaps possible accurately to determine—albeit with considerable interference with the day's work itself—how much energy the day's work takes out of a man. But it is not at all possible to accurately determine how much it will require to put back that energy into him against the next day's demands. Nor is it possible to determine how much of that expended energy you will never be able to put back at all—because a "stinking fund" for the replacement of the body and vital strength of a worker has never been invented.

It is possible, however, to consider these latter problems in a lump and provide for them under a form of old-age pensions; but even so, we have not thus attended to the question of profit which each day's labor ought to yield in order to take care of all of life's overhead, all physical losses, and the inevitable deterioration which falls upon all earthly things.

Moreover, there are questions having to do with the pre-productive period, which would have to be solved. Here is the man, let us say, ready to begin his service to society by turning out day's work throughout his life. How much did it cost to rear and educate him to his present age and usefulness? And how can that be figured as part of the cost of the energy he puts forth as the work today? Now, if it were the case of a machine, you would know what to charge. The machine cost a certain sum; it wears out at a given rate; it would cost such-and-such an amount to replace. It is a simple matter to figure the actual cost of the machine and its productive work, and add the profit.

Can we do that with men? Rather, can men do that for themselves, so that selling a day's work they will have as intelligent an idea of the cost of that day's work and the profit it ought to bring, as any manufacturer ought to have of his product?

The problem becomes more complicated when you consider the man in all his aspects. For he is more than a workman who spends a certain number of hours at his work in the shop every day.

If he were only himself, the cost of his maintenance and the profit he ought to have would be a simple matter. But he is more than himself. He is a citizen, contributing by his cultivation and interest to the welfare of the city. He is probably a householder, living under conditions which represent more than mere maintenance, in that they represent the graces of social life. More than that, he is probably a father with more or less numerous progeny, all of whom must subsist and be reared to usefulness on what he is able to earn.

Now, it is obvious that to regard the man alone, refusing to reckon with the home and the family in the background, is to arrive at a series of facts which are misleading and which alone can never suffice even for a temporary solution of the questions that concern us.

How are you going to figure the contribution of the home to the day's work of the man? You are paying the man for his work, but how much does that work owe to his home? How much is his position as a citizen? How much is his position as the provider of a family? The man does the work in the shop, but his wife does the work of the home, and the shop must pay them both: on what system of figuring is the home going to find its place on the cost sheets of the day's work? It finds its place there already in a sort of haphazard way. If a man cannot support himself, his wife, his children his habitations, his position his position in society—why, he doesn't stay at the job, that's all. It isn't a matter of cost and profit to him; it is the matter of a "living."

Is a man's own livelihood the "cost"? And is his ability to have a home and a family the "profit"? Is the profit on a day's work to be computed on a cash basis only, measured

DAME PETER LAMARRE

Pointe St. Pierre, P. Q.
"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good."

Then, I used one box of "Sootha-Salva" and two boxes of "Fruit-a-tives" and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used "Sootha-Salva" and "Fruit-a-tives."

"Fruit-a-tives" cooled the blood and removed the cause of the disease, and "Sootha-Salva" completed the cure."

It finds its place there already in a sort of haphazard way. If a man cannot support himself, his wife, his children his habitations, his position his position in society—why, he doesn't stay at the job, that's all. It isn't a matter of cost and profit to him; it is the matter of a "living."

Is a man's own livelihood the "cost"? And is his ability to have a home and a family the "profit"? Is the profit on a day's work to be computed on a cash basis only, measured

sured by the amount a man has left over after his own and family's wants are all supplied?

Is the livelihood of five or six persons beside those of the actual worker to be charged up to "profit"?

Or, are all these relationships to be considered strictly under head of "cost," and the profit to be computed entirely outside of them? That is, after having supported himself and family, clothed them, housed them, educated them, given them the privileges incident to their standard of living, ought there to be provision made for still something more in the way of savings profit, and all properly chargeable to the day's work? These are questions which call for accurate observation and computation.

Perhaps there is no one item connected with our economic life that would surprise us more than a knowledge of just what excess burdens the day's work actually carries.

It CARRIES all the workers' obligations outside the shop; it carries all that is necessary in the way of service and management inside the shop. The day's productive work is the most valuable mine of wealth that has ever been opened.

Certainly it cannot be made carry less than all the worker's outside obligations. And certainly it ought to be made to take care of the worker's sunset days when labor is no longer possible to him, and should be no longer necessary. And if it is made to do even these, industry will have to be adjusted to a schedule of production, distribution and reward which will stop the leaks toward the pockets of men who do not assist production in any way, and turn all streams for the benefit of those who do. In order to create a system which shall be as independent of the good-will of benevolent employers as of the ill-will of selfish ones, we shall have to find a basis in the actual facts of life itself.

It costs just as much physical strength to turn out a day's work when wheat is \$1 a bushel, as when wheat is \$2.50 a bushel. Eggs may be 12 cents a dozen, or 90 cents a dozen—it makes no difference in the units of energy a man uses in a productive day's work.

One would think that the real basis of value would be the cost of transmitting human energy into articles of trade and commerce. But no; that most honest of all human activities is charge. It wears out at a given rate; it would cost such-and-such an amount to replace. It is a simple matter to figure the actual cost of the machine and its productive work, and add the profit.

Can we do that with men? Rather, can men do that for themselves, so that selling a day's work they will have as intelligent an idea of the cost of that day's work and the profit it ought to bring, as any manufacturer ought to have of his product?

SHOCKING LITERATURE

"That young man stayed very late last night, Edith."

"Yes, father, I was showing him my picture postcards."

"Well, next time he wants to stay late show him some of my electric light bills."

They were crossing to France and the ship pitched and tossed about in an unusually bad storm. Most of the passengers had sought refuge below, but little Miss Sturges, an elderly spinster was braving the terrors on deck. As the gale increased in fury, a chivalrous physician from the lady's home town came on deck to her.

"Pardon me, Miss Sturges, but it seemed to me you might be in some trouble? Can I help you? Have you chosen your life preserver?"

"Oh, doctor," cried the maiden lady, with a gurgle of joy, as she tumbled into his arms, "how sweetly and romantically you have expressed it!"

When Theodore Roosevelt was police commissioner of New York he asked an applicant for a position on the force:

"If you were ordered to disperse a crowd, what would you do?"

"Pass around the hat, sir," was the reply.

THERE IS ONLY ONE GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

If you don't see the "Bayer Cross" on the tablets, refuse them—they are not Aspirin at all.

Insist on genuine "Bayer Tablets of Aspirin" plainly stamped with the safety "Bayer Cross"—Aspirin prescribed by physicians for nineteen years and proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Neuritis, and Pain generally. Handy tin boxes of 12 tablets—also larger "Bayer" packages. Made in Canada.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic Acid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

MINARD'S "KING OF PAIN" LINIMENT

Extract from a letter of a Canadian soldier in France.

To Mrs. R. D. BAMBRICK:

The Rectory, Yarmouth, N.S.

Dear Mother:—

I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—OLD MINARD'S Liniment.

Your affectionate son,
Rob.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that sore stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

SUPREME COURT SENTENCE

His Honor, Judge Crockett, sentenced Richard Dunn to two years imprisonment in the penitentiary, at the adjourned session of the Supreme Court, held here last Wednesday. This is a most lenient sentence for the crime which the accused was found guilty of, but owing to the nature of the evidence, a more severe penalty could not be given. This is an example where law is not justice.

CHANGE OF WEATHER

The mild weather which prevailed the first of last week, took a sudden change on Wednesday afternoon. A strong, cold north-west wind sprung up about 4.30 p. m. and the wind blew between 40 and 50 miles an hour. In a few hours the thermometer dropped from 40 to 14 degrees, and the rain and sleet which had fallen previously was rapidly converted into ice, making the roads and sidewalks very treacherous.

BIG PRICES FOR FURS.

The price of Fox and Mink Pelts seem to have advanced to a large figure, according to reports concerning purchases made in Red Bank last week by LeRoy White.

CHRISTMAS MAIL BOAT

The announcement has been made by the Postal Authorities, that the S. S. Corsican, which sails from St. John, N. B. will be the last boat, on which letters, parcels and newspapers can be sent from any part of the Dominion, in time to be delivered in the United Kingdom.

INJURED IN WOODS

Mr. Robert Fogon, who was engaged in the woods on the Little South West Miramichi by Mr. Wallace Johnston, had the misfortune last week of having one of his eyes badly injured and was brought home on Saturday. Mr. Fogon was taken to the Miramichi Hospital for treatment and it is feared that he will lose his eye.

21 MEN PLACED

Twenty-one men, seven of whom were returned soldiers, were placed in employment through the local employment bureau by Capt. Barry last week. Sixteen of these went to the lumber woods. This office has been doing excellent work in finding employment for men out of work and the charge is nothing to either employer or employee. Besides this, sixty-seven inquiries about courses, pay, gratuities, medical and dental treatment, etc of returned soldiers were satisfactorily answered.

NEW TOURING CAR.

Messrs Lawlor & Barry who are representatives for this district in Dodge Bros. motor cars have recently received a shipment of 3, 5 passenger touring cars and one Roadster, which are on exhibition in their show room, Pleasant St.

This is the first appearance of the "Dodge" car in this district and as it has a reputation established throughout Canada and U. S. Messrs Lawlor & Barry are to be congratulated upon securing so splendid an agency. They will also handle the 5 and 7 passenger Oldsmobile.
