## SQUIBOGRAPHS.

This shuffling around of asylum superintendents looks like a piece of crazy work.

The block system is all right on the railways, but the Christmas turkey regards it with suspicion.

Another indication of a hard winter is the fact that the fur on the Teddy bears is much thicker than usual.

Thousands of actors are out of employment in New York and Weston the walk is likely to have many followers before the winter is over.

Australia is exporting large quantities of butter. The kangaroo brand is a great favorite with old kickers.

The attention of Grand Master Sproule is called to the fact that Irish butter is being imported into Toronto.

When the Ontario Government's power plant is in operation there will be a Beckon light on every hill.

Having bought out two of the leading circuses in America Ringling Bros. will present more rings than a pawn shop next season.

A Winnipeg man was fined ten dollars for making a face at the opposition lawyer. If he displayed as much cheek as some of the legal lights he got off easy.

Some of the clever politicians at Ottawa claim that Premier Laurier will soon go the country. He has recently purchased an automobile.

Although a Wall street broker I hope I am no croaker Things are seldom what they seem

You take skimmed milk, give me the cream.

Farmers are a little diffident about feeding their cows frozen wheat. It causes them to yield ice cream instead of milk, an article not in demand during the winter season.

According to the astronomers Old Sol has been shooting out flames by the thousands of miles, but the celestial fire works have not yet affected the price of coal.

The tightness of the money market gives Christian Scientists a great opportunity. All you have to do is think you are rich and get your creditors to think the same.

Politicians do not show their hand as a rule, but a Toronto palmitist persuaded Mayor Coatsworth to have his hand and he was informed that his life line indicated an abrupt termination of his municipal career.

Banks may come and go but all juveniles have an abiding faith that Santa Claus, paying teller in the Bank, St. Nicholas, will honor all their demands without a clearing house certificate.

In London there was a man named Pritchett

Every time he got a ballot he would switch it.

He got so handy He thought he was a dandy If there was money in sight He would filch it.

The U. S. Government has issued millions of Panama canal bonds to relieve the stringency in the money market hoping that one big ditch will save many from being financially ditched.

A Detroit man advocates the purchase from Canada of a strip of the Pacific coast extending from Seattle to Alaska. Canada has no territory for sale, but would consider an exchange of the Atlantic coast from Portland to Key West

## THE FRANCIS FIRTH OPERETTA CO.

It is seldom that the people of a small town have an opportunity of hearing such a high class entertainment as the Francis Firth Operetta Co. which is billed for the Music Hall for the evenings of Thursday and Friday, Nov. 28 and 29th, under the auspices of the Fire Brigade. The Co. is a standard attraction, appearing in all the leading cities, presenting "Dolya The Beggar Student," that has been featured by some of the best opera companies in America. You will miss the best of the season if you fail to hear this talented company. Popular prices of admission 25 and 25c. Plan of hall at drug stores. Don't miss it.

## LOCAL HAPPENINGS.

MR. EDGAR KERTON, lately of Watford, has moved to this town. He was a member of the Watford Silver Cornet band, and consequently he will be quite an acquisition to the local organization.—Strathroy Age.

ASK to see the Goderich Hosiery for school wear for boys, 20 to 38 cents.—SWIFT BROS.

EVERYBODY is going to the Francis Firth Operetta Co. entertainment, Music Hall, Nov. 28-29, auspices of Fire Brigade. This will be the entertainment of the season. Popular prices, plan of hall at drug stores.

FULLER & COOK shipped 99 head of cattle to Glasgow on the Laconia Monday. J. H. Shaw and J. Bruce will go across with the stock. J. McManus shipped a load to London Wednesday, with Chas. G. Hall in charge.

A PETITION is in circulation to have the Buffalo Express, due here at 10.22 a.m., timed to stop on Sundays. This would be a great convenience, as it would enable passengers from here to spend the day in London or other eastern points, and return the same night. We hope the railway officials will be able to grant this small concession in their own interests.

## DRESS GOODS, remnants, Swift's.

WHILE working an axe handle machine at the Cameron, Dunn factory, Strathroy, Thomas Kelly had the misfortune to have his left hand caught in some way badly mangled two fingers. It is feared amputation may be necessary.

ROY J. FULLER has accepted a position in the staff of the Markham High School. Mr. Fuller was principal of the Paisley public school, and the press of that town speak highly of his ability as a teacher and regret his departure.

A SPECIAL meeting of the town council was held on Monday evening to consider a proposition made by local parties re taking over the wire works. The negotiations are still under way and no action will be taken until the details are satisfactorily arranged.

AFTER the abnormally high prices of the past few months a reactionary period has set in, and there has been a big slump in the prices of grain, provisions, etc. Flour is a drug on the market, the western trade is at a standstill and there will be cheap turkeys for Christmas.

NEW dinner sets at Howden's. Ninety eight pieces genuine China in Haviland decorations \$15.00. The best value in Canada. See our assortment of fancy china.

AMATEUR astronomers were interested on Thursday morning in observing with opera and field glasses the transit of the planet Mercury across the sun, a phenomenon which will not occur again for sixty years. The weather was clear and the transit was plainly observable.

ANNIVERSARY SERVICES were held in the Watford Methodist Church on Sunday last. The Rev. W. J. Ford, L. L. B., President of the London Conference, gave two able and impressive discourses to large congregations. A substantial contribution to the Trustee Fund was given.

AN announcement of the marriage of two former residents of Watford, one now living in Ft. Huron and the other in Sarnia, appeared in the Ft. Huron papers last week, the event was said to have taken place at Petrolia on Nov. 13th, but has since been contradicted.

THE Rev. E. D. McLaren, D. D., General Superintendent of Canadian missions, delivered an interesting address on mission work in the west in the Presbyterian Church on Sunday evening last. Dr. McLaren, who is a brother of W. P. McLaren, is one of the most prominent divines in the Presbyterian denomination.

A SPECIAL in men's heavy tweed vests, size 35 to 42, one dollar each.—SWIFT'S.

At a special meeting of the High School Board, held on Friday evening, Mr. J. D. Williamson, at present principal of the Forest public school, was engaged to succeed Miss Molland, who is leaving at the end of the term. The salary is \$500. Mr. Williamson is an old Watford boy who is rapidly coming to the front in his profession.

THIS sun of ours has a troubled interior at present, if the astronomers are not at fault. They tell us that not only is his surface more than usually marred by spots, but that great masses of flame shoot up at a speed of ten thousand miles a minute until they reach a height of over three hundred thousand miles. To the ordinary mortal down on this earth, however, great luminous looks just about the same as ever.

EVERYBODY likes pictures and no home should be without its picture paper. The cheapest and best is the "Canadian Pictorial." It is to Canada what the "London Illustrated News" and "Graphic" are to Britain. The "Canadian Pictorial" contains about a thousand inches of pictures and costs about a thousand dollars each issue. Only ten cents a copy. One of the publishers, THE PICTORIAL PUBLISHING CO., 142 St. Peter St., Montreal.

REV. D. McCALLUM, a retired Congregational clergyman of Kingston, was presented with \$1,000 as a gift on his golden wedding day, from friends and Canadian Congregational churches. Both Mr. and Mrs. McCallum are in fair health. Mr. McCallum was one of the pioneer preachers of Warwick and many old friends here join in congratulations on attaining the fiftieth anniversary of his marriage.

WE heard the other day of a man and his wife from Detroit who wished to come over to Canada on a little visit. Although the man had considerable cash to his credit in one of the Detroit banks, and his wife had a deposit of several thousand dollars, he could not get enough for his trip, \$50 out of the bank, which demanded 90 days notice before he could draw a dollar. As a consequence he had to give his check to a friend in the street in order to get the cash.

A SMALL BOY from Kingston was recently visiting in the States, where the Teddy Bears are such a craze. One evening the young people of the house were getting up a fancy dress entertainment, and it was suggested that Jackie would take the character of a Teddy Bear. "You don't mind, do you, dear?" was asked. "No," replied Jackie, but in a thoughtful tone added, "that is if I don't have to leave."

MEN'S heavy tweed vests a dollar each.—SWIFT'S.

JOHN FARRELL, of Forest, gave an entertaining address on Tuesday evening, 12th inst., in Peterson's Hall, to about two hundred of the members and friends of the Sarnia Catholic Social Union. Mr. Farrell's address dealt with the incidents and experiences of his trip of last season to Europe in the interests of the Ontario Immigration Department, and gave much

## interesting information as to the various countries which Mr. Farrell had visited during his tour.

THE body of Hugh Barr, aged 55, who lived on the townline between Williams and Lobo, was found Saturday in a creek on the Nairn gravel road after being missing since a week ago Wednesday. On that day he went to Ailsa Craig, and did not return, and no trace was found of him until some children, going to school, found his cap floating in the creek. It is supposed that in crossing the bridge at night he either went too far to one side in the darkness or else slipped in and was drowned.

MR. J. E. ARMSTRONG, the energetic representative of East Lambton, who has very recently returned from a trip to Philadelphia, Washington and Jamestown, says that as an educative display the Jamestown exposition is wonderful and excels the Buffalo exposition of a few years ago and deserves to have been a success rather than a financial failure it has turned out to be. He had occasion to seek information in some of the government departments at Washington, and states that it is truly remarkable how obliging the officials were in their efforts to supply him with every detail of information along the lines of his enquiry.—Petrolia Advertiser.

TWO more of the Canadian chartered banks have issued statements showing continued increases in deposits and cash reserves during the year ended Oct. 31. At such a time as the present there is considerable cause for satisfaction in such exhibits as these. It is evident that our banks enjoy the confidence of the public to a greater extent than do the financial institutions in the United States. It may be here repeated that Americans along the border are coming across the line and depositing their money in our banks. Moreover, Canadian bank notes are being used in paving railway and factory employes in the northern tier of States.

TAKEN on an average the month of October this year was colder by far than that of a year ago. October this year was also a drier one than that of 1906, the difference in precipitation being over three inches. The highest temperature for October this year was 74 degrees, the lowest 20.5 degrees. Last year the highest registration was the same, and; the lowest 26. This October there were 15 days when the temperature dropped below 35 deg., as against a 11 a year ago. There were nine days this October when the temperature was at or below freezing point. During 16 days of October last year the thermometer showed a temperature of over 60 degrees, while October this year there were but 8 such days.

MR. D. R. DIBB, the veteran auctioneer, conducted an extra good sale for Mr. John Byrne, lot 2, con. 3, Westminster, on Wednesday, the 6th inst., which exceeded the expectations of the proprietor. The large herd of cows averaged \$28.70; horses brought \$142 and \$181 each; pigs, 2 weeks old averaged \$2 each; corn sold readily at 50c. per shock; oats found ready buyers at 57c. per bushel and hay brought \$16.50 per ton in the barn. The swamp lot, containing 10 acres was sold to Mr. Dan Currie for \$200. Implements brought good prices, but the furniture, although as good as new, were cheap. The total proceeds of the sale were \$2,805—much better than Mr. Byrne anticipated.—Belmont Times.

FROM above comes a blaze of November sunlight more brilliant than that of June. Under foot, the city park and country lane, the firm, dry roadway, littered with crisp autumn leaves, is an invitation to the open. All about is an air, neither warm nor cold, that gives new life to the blood and added color to the cheek. The dull brown of the pastures and meadows is relieved by the rich dark color of the furrowed fields with its promise of another springtime and a following harvest. The somber shades of the orchard afford a pleasing contrast to the living green of the spruce, while the deep blue of the lake and the heavy grey of the lowering clouds on the horizon, melt into one harmonious belt of color. No November the month of dullness and gloom? It is really one of the most delightful seasons of the whole year.—Star.

## ST. ANDREW'S SUPPER.

The annual St. Andrew's supper under the auspices of the ladies of the Watford Presbyterian Church, was held on Wednesday evening. A hot supper was served in the Oddfellows' Hall, followed by a program in the Music Hall. The bill of fare included everything from haggis to tart and was a satisfactory and substantial evidence of the culinary abilities of the ladies who contributed to the commissary. The program alone was worth the price of admission. The Rev. Mr. Horne presided. Rev. Mr. Currie, of Forest, gave the address of the evening and kept the audience in good humor by his witty sallies. Vocal solos were given by Mrs. (Dr.) Kelly, Mrs. Millar, and Miss Effie Johnston, Neil and Florence O'Neil were at their best and Mrs. O'Neil's selections on the violin and musical bottles were much appreciated. Miss Flossie Thomas gave a well rendered instrumental, the double quartette sang, and Miss McGregor, of Wardsville, made a most efficient accompanist. The proceeds amounted to \$65 and the receipts would have been larger if the weather had been more favorable.

P. H. Turnbull, of the Metropolitan Bank staff, Petrolia, has been transferred to Dutton.

## PERSONAL.

Mr. and Mrs. J. Wichman, Forest, spent Sunday with Mrs. Auld.

O. E. Elliot, London, was the week end guest of James Beattie.

James Pearce returned last week of two months trip to the West last week.

John W. Doar and Gordon A. Oakes returned from the West Sunday.

C. F. Abbott has returned after spending a week or two visiting his sons, Drs. C. J. and H. V. Abbott, Michigan.

## WARWICK.

James Craig, 4th line, is in Michigan this week on a business trip.

Mrs. Cornell, Wisconsin, is visiting her mother, Mrs. W. D. Logan, 4th line.

Mr. John Thomas, Inwood, spent Sunday with friends in this neighborhood.

Miss Lou Richardson left last week for Plattsburg where she intends spending the winter.

Mr. William Gardner, formerly of this neighborhood, is attending Brandon College, Brandon, Man.

Glen Graham who had his leg amputated in Victoria Hospital some time ago is at his home here and is gaining rapidly.

Miss Meryl J. Luckham, Birnam, assisted at a recital given by Prof. Buckley's pupils in Sarnia on Thursday evening of last week.

O. F. Birchard returned from the West on Sunday. Mr. Birchard was favorably impressed with the country and purposes returning in the spring.

Mrs. Geo. Smith, 12nd line, who has spent the past three months visiting her son, Dr. Geo. Smith, of Hammond, Ind., and her brother, Mr. E. P. Thomas, Ft. Wayne, Ind., returned home last Saturday.

Mr. George McCormick, Carman, Man., was summoned to his old home here on account of the illness of his youngest brother, James. Mr. McCormick arrived here on Friday and his brother's death took place the following Sunday.

The Rev. C. C. Waller, M. A., Principal of Huron College, London, will (D. V.) preach in St. Mary's Church, Warwick, morning and evening and in St. Paul's Church, Wisbeach, in the afternoon on Sunday next Nov. 24th.

Dr. Eccles, London, met in consultation with Dr. McCordic, Forest, last Thursday at the home of Mr. James McCormick, who has been ill for some time. They considered Mr. McCormick's condition very serious and gave no hope for his recovery.

Mrs. B. Batchelor, London, and daughter, Gertrude, have returned home from Calgary where she has spent the summer with her son Mason and daughter Mae. We are pleased to learn that Mrs. Batchelor is much improved in health.

The home of Mr. and Mrs. Fred Smith was the scene of a quiet wedding on Tuesday afternoon, when their eldest daughter, Miss Etta, was united in marriage to Mr. Allen Phillips, U. S. customs collector of Port Huron. The ceremony was performed by the Rev. W. M. Shore, Rector of Warwick, only the immediate members of the family being present. Mr. and Mrs. Phillips left the same evening for their home in Port Huron. The bride is one of Warwick's best known and most popular young ladies, and will be greatly missed in the community. A host of friends join in best wishes.

The death took place on Sunday last of Mr. James McCormick, a life-long and highly respected resident of Warwick. Deceased had not been in good health for some time, but the end came unexpectedly. He was unmarried and about 45 years of age. He made his home on the McCormick homestead, where he was born and resided with his sister. He is survived by five brothers, R. J. Richard, Joseph and John, of Warwick, and George, of Carman, Man.; Mrs. Thos. O'Neil and Miss Mary, at home, are sisters. The funeral took place on Tuesday afternoon and was very largely attended. The service was conducted by the Rev. M. Kelly and Rev. D. S. Hamilton, of London. Five brothers and a nephew acted as pall bearers.

## BROOKE.

The Right Rev. David Williams, D.D., Bishop of Huron, will hold a confirmation service in St. James church on Friday, Nov. 22nd at 2 p.m. All are invited to attend the service.

Frank H. Trowbridge, formerly of Sutorville, is just recovering from an attack of typhoid fever at the Winnipeg hospital. Mr. Trowbridge has been in poor health since last winter.

Mr. William Anderson, lot 2, con. 2, Westminster, has his new barn almost completed, and there are few, if any, better or more convenient barns in the township. The structure is 90x44 feet, with 15 ft. posts, and stands on a 9 ft. wall, consisting of large bricks on a foundation of concrete. The roof is covered with corrugated iron, and there are three large ventilators. Nothing but new material was used, and the work in every department is of the best and will stand minute inspection. The brick work was done by Mr. Ira Peer, and Mr. Robert Hair, of Derwent, was the contractor for the carpenter work, but Mr. Anderson and a few neighbors built the concrete wall and put in the stable floors.

**Whooping Cough, Croup, Bronchitis, Cough, Grip, Asthma, Diphtheria**  
Cresolene is a boon to Asthmatics

Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?

It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.

Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.

**Helpers of the Farm.**

From all appearance, there is going to be a large number of unemployed in our cities this winter. This is only a natural outcome of the policy that has been pursued by the emigrants this year. They have studiously avoided country life. The farm was too poor a place for them, with too little amusement and too much work.

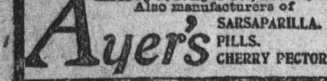

It seemed much pleasanter for them to accept a wage from some city employer who has now no further use for their services. Had they gone to the country in the summer they would have had fair wages all the time, and best of all, they would have had a chance to get into a good house and lot for the winter at a little cost, and eventually to have acquired the means to own a home for themselves. Workers in this country have been scarce. Wages this fall went up as high as \$1.25 for boys to pick apples, and still the shortage was great. Many a youth could find employment on the farm even yet. There are plenty of farms where these men who want work could secure a winter's service sufficiently remunerative to keep them from want. Even if the young man would go out and work for his board, it would be infinitely better than lounging in a great city. To the unmarried man who is floating on the uncertain driftwood of employment, the advice to go out of the city, to the smaller places and hunt for honest work, is certainly not to be despised.—World.

**My Hair is Extra Long**

Feed your hair; nourish it; give it something to live on. Then it will stop falling, and will grow long and heavy. Ayer's Hair Vigor is the only genuine hair-food you can buy. It gives new life to the hair-bulbs. You save what hair you have, and get more, too. And it keeps the scalp clean and healthy.

**Country Life.**

**Cannington Gleaner:** Country life has its drawbacks, but it has its great advantages, which overcome them. True, those who live in the country are "rubes" and "farmers" and "hay-seeds" to the cigarette smoker in town, but the boast of the business men in the world to-day is that they were born on a farm. Take away the surrounding evils that beset the young men or women on the threshold of life's journey in the city, and substitute the helpful influence of nature, and you fortify for the sterner walks in life. The few things which they do not know about table etiquette and when it is proper to leave two visiting cards and when but one, they will catch on to much quicker than city boys or girls will learn to properly stoke the furnace or make good bread. No boy or girl need be ashamed of living on the farm, for if they have taken advantage of what it has offered they are well fortified for after life.

**Some Good Suggestions to Ponder Over.**

The man who makes the best use of his time generally has a good time. The greatest truths are the simplest and so are the greatest men. Young men think old men fools, and old men know young men to be so.

There is always room for a man of force, and he makes room for many. A pawn shop where we could hock our troubles would fill a long-felt want.

There are men who prefer their own blunders to other people's good advice.

Trust not to appearances; the drum which makes the most noise is filled with wind.

The best swimmers are often drowned, and the best riders have the hardest falls.

Don't forget that other people feel about as little interest in your troubles as you do in theirs.

It is the hardest thing in the world to convince the hungry man that the rich have trouble.

A course of sin cannot last; it comes to an end some time, and a man reaps what he has sown.

**Thorns in the Flesh.**

Even worse is the agony of corns. Why suffer—cure is waiting in every drug store in the form of Putnam's Corn Extractor which relieves at once, cures thoroughly and without pain. For good results use "Putnam's."

**Edward, the Peacemaker.**

(A. Maurice Law, in the Forum)

A man of extraordinary ability is the present King of England a man whose great capacity was not sustained until long after an age when the world has usually formed and closed its judgment of men. Had the King died when he was stricken down with appendicitis on the eve of his coronation he would have occupied a much smaller place in history than he does now. Up to that time, as the world was able to know him, he was a man who loved life and got out of life all there was in it. He had always been noted for his tact. A marked trait was his desire to make everyone around him happy and to play the peacemaker whenever it was possible, but no opportunity had been given him to give proof of statesmanship of the first order.

In a few short years he has shown himself to be the first statesman of Europe.

Summed up, the result of King Edward's diplomacy of the last few years is seen to be as follows; England and France have settled all the questions that formerly kept them apart, and are now working in perfect concord to keep the peace of Europe; England and Russia have reached a working arrangement, and a clash between the two powers either in the far or near east is no longer feared; between England and Italy and England and Austria there is complete sympathy; an English princess

sits on the throne of Spain, which is of importance politically because of the interest England has in the Mediterranean; an English princess sits on the throne of Norway, which is of lesser importance, but not without its political value. England, therefore, can command the support of every European power with the sole exception of Germany, whose emperor rages with impotent fury as he watches the success of his uncle's diplomacy.

There is a movement being advocated in parts of the Canadian West for the organization of an association having for its object the actual farming of lands within ten miles from a railroad and forcing speculators either to dispose of their land to actual farmers or to till the lands themselves. The association will encourage the export of grain and cattle, but would discourage the importing of the luxuries of life. They ask that the duty on farming machinery and steam ploughs be reduced, and that range horses from the United States be allowed to come into the country free of duty, but under close veterinary inspection.

**Shake Hands With Asthma.**

Awfully distressing is asthma. But worse if possible when combined with bronchitis. Relieved quicker by Catarrhozone than anything else—cured so thoroughly by "Catarrhozone" that it doesn't return. Catarrhozone's healing vapor is breathed right into the lungs, destroying the cause of Asthma and succeeds in the most chronic cases. Try it. Two sizes, 25c and \$1.00 at all dealers.

**Rules for Christmas Shopping.**

A woman in New York has sent out some rules about Christmas shopping, which are worth reading. Here are her suggestions:

First—Do as much as possible of your shopping before Dec. 1.

Second—Have it all done one week before Christmas.

Third—Shop early in the day.

Fourth—Carry home as many parcels as possible.

Fifth—Do not shop during luncheon hours, thus shortening the hour for the clerks.

**ITS POWER GROWS WITH AGE.**—How many medicines loudly blazoned as panaceas for all human ills has come and gone since Dr. Thomas' Electric Oil was first put upon the market? Yet it remains, doing more good to humanity than many a preparation more highly vaunted and extending its virtues wider and wider and in a larger circle every year. It is the medicine of the masses.

**Learn Dress-Making By Mail**  
in your spare time at home, or TAKE A PERSONAL COURSE AT SCHOOL

To enable all to learn we teach on cash or instalment plan. We also teach a personal class at school once a month. Class commencing last Tuesday of each month. These lessons teach how to cut, fit and put together any garment from the plainest shirt waist suit, to the most elaborate dress. The whole family can learn from one course. We have taught over seven thousand dress-making, and guarantee to give one hundred dollars to any one that cannot learn between the age of 14 and 40. You cannot learn dress-making as thorough as this course teaches it you work in shops for years. Beware of imitations as we employ no one outside the school. This is the only experienced Dress-Cutting School in Canada and excelled by none in any other country. Write at once for particulars, as we have out our rate one third, for a short time.

Address:—  
**SANDERS' DRESS-CUTTING SCHOOL,**  
31 Erie St., Stratford, Ont., Canada.

**WANTED AT ONCE.**—We have decided to instruct and employ a number of smart young ladies to teach our course in dress-making, having one teacher for the six nearest towns where they live—age 20 to 35. Those who have worked at dress-making preferred. Please do not apply unless you can devote your whole time. Address:—

**BOVRIL creates appetite**

BOVRIL added to any dish gives it the delightful odor of roasting beef.

Makes your mouth water—puts your appetite on edge.

Its rich, beefy flavor, starts the gastric juices flowing, helping the digestive organs extract more nutrition from the food you eat.

BOVRIL is not a mere extract. It contains in concentrated form all the essence, substance and flavor of prime beef.

When tired out, try a little BOVRIL in a cup of boiling water, with a soda biscuit. 'Twill refresh and strengthen you.

All good cooks keep BOVRIL always on hand. There's not a day passes that it cannot help make some dish more palatable—more nourishing.

All good grocers sell BOVRIL.

**BEER\* IS GOOD FOR MOST FOLKS**  
(HARDLY ANOTHER BEVERAGE FEEDS SO WELL)

**B** EER really excels milk as a food-drink for most grown people. And many, many people cannot digest milk easily, because it is so lacking in solid food-contents. Moreover, milk is so liable to contagion that it is seldom pure when we get it in the cities. But Ontario-brewed beer is really pure,—brewed in cleanliness, of sound materials, in a sanitary way, and brought to the user in the same fit-to-drink state.

**Beer Is No Stimulant**

Drink beer with meals and at bedtime, as an item of diet that will help the stomach do its work better, and will feed the body besides. Don't choose beer as a stimulant, though,—it does not contain enough alcohol for that. Use it as a food-drink that induces lazy stomachs to do their work well, and so helps them get more good out of all food.

**Beer Makes Better Nerves**

Ontario beer is not only deliciously appetizing and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

\* BEER is a term which covers lager, ales, porter and stout; and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions from Ontario barley (the best in the world) malt, hops and pure water.

THE FARMER IN THE CITY. Why He Creates a False Impression Concerning Himself.

G. C. Creelman, of the Ontario Agricultural College addressed the Canadian Club yesterday on the characteristics of the farmer. "The Canadian farmer," he said, "is one of the most pennurious men in the world, without any intention to be mean. He opposes progress in the towns, and is looked upon by the more up-to-date town and city elements as a most undesirable section of the community. This is because the farmer has a false conception of city life, and the average citizen an equally false conception of farm life."

Visitors from the old country to the farm, its methods and the stock, on account of the pedigree. Canadians who visited the college were interested only in the animals when they were abnormally large and interested only in the garden for its nice ripe fruit and the contrast it had to the country round about. Farmers made a mistake in crowding into the city or town, on an income in many instances of not more than \$300 or \$400," said the speaker. "This is the reason for their objection to municipal improvements if they could be accomplished with donations of food-stuffs, the average farmer would be found willing to give much more than his citizen brother."

The Ontario Government had three men on the road this year, he said, and would have five next year for the purpose of making plans for farmers for the improvements of the farms in the way of drainage and the increase of the crops.

Gained Both In Strength and Weight. Another Case That Proves The Merit of FERROZONE

"I was in poor health nearly all last winter," writes Mrs. Cross, of Wakefield, Ont. "My appetite was variable, I was weak and unfit for work. I suffered a good deal from nervous prostration and palpitation of the heart. My digestion was generally out of order. By springtime I had lost flesh, color, and had a bad cough. The doctor didn't help me very much, so I decided to try Ferrozone. It did me ever so much good in one week. I gained strength, looked and felt a lot better. When I had used six boxes of Ferrozone I weighed myself and found a gain of fifteen pounds. Ferrozone rebuilt my constitution and made me a new woman. I consider Ferrozone worth its weight in gold to every weak woman. It cures quickly and saves big doctors' bills. (MRS. R. CROSS.) No tonic so certain, so helpful, so safe; try Ferrozone, yourself, 50c per box at all dealers.

Another Awful Panic. From the Montreal Star.

The kind of panic Montreal wants to see is one described as follows: "There was a terrific panic in the Cost of Living today, and prices slumped in all directions. Bakers threw bread on the market in large lots, and the quotation dropped from 10 to 7 cents a loaf. Banks were calling loans on the butchers, and veal cutlets went all to pieces. Beef also jumped and there was a fall of 4 cents in lamb chops. Real estate dealers were in a panic, and clipped 20 per cent. from house rents while coal men groaned fearfully as they slashed the price of coal from \$7.25 to \$7.24 1/2. Stoves were heavy and butter inclined to be weak. Opening, highest, lowest, and closing prices: Open High Low Close Eggs ..... \$0 \$0.21 \$1 House rents ..... 24 25 13 14 Veal cutlets ..... 16 18 10 10 Ham ..... 7 25 7 26 7 24 7 24 Milk ..... 10 10 9 10 xMilk dealers refused to get into the panic. They were too busy pumping water into milk. 2.15 p.m.—The Bank of Canada has just prevented a veal cutlet merchant from suspending.

New Text Books For High Schools.

An extensive plan for the entire reconstruction of the High School textbook system is being inaugurated by the Education Department. The plan, as The News understands it, contemplates a material reduction in the number of books required, the improvement in quality and material in their manufacture, and a decided reduction in their price.

It is proposed, by a careful system of editing, to confine the teaching of each High School subject to one text book. At present there is a multiplicity of authorized books. In English there are six, in history and geography seven, in mathematics seven, in classics five, in moderns two, in science three, and in bookkeeping and drawing seven—in all thirty-seven text-books for these seven subjects.

The new system contemplates but seven Under existing conditions a purchase by the parent of the whole thirty-seven books in the various courses necessitates an expenditure of \$24.85; the aim is to reduce this amount, under the one book per subject system, by over 70 per cent. without sacrificing anything in efficiency of training.

The steps by which the proposed reduction is to be brought about have yet, it is understood, to be laid before the Cabinet for approval; but it is likely the course to be followed will be somewhat similar to that adopted in relation to the Public School Readers, in which Dr. D. C. Goggin, with a staff of experienced practical associates, has charge of the work of collecting and editing the subject matter.

When You Eat Too Fast.

you have indigestion, perhaps cramps, or in any case is overloaded with matter that should be eliminated. Breath gets bad, eyes look dull, headaches are frequent. Why not cleanse and purify the whole system, why not strengthen the stomach, enrich the blood and assist your overtaxed digestive organs? Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear color, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c per box at all dealers.

A Very Lean Year for the Beekeepers.

Several losses in the spring depleting many valuable apiaries, were reported to the annual meeting of the Beekeepers' Association of Ontario by Mr. M. B. Holmes, of Athens, Provincial Inspector. The inspector, however, was optimistic. He had seen reasons to believe the industry would "recover and right itself from the shock and shrinkage of 1907 and develop flourishing to an extent beyond even our wildest estimate." Miss M. Trevor, of Meadowdale, discussed the question of "Foul Brood," which has threatened many apiaries, while Messrs. J. L. Byer, of Markham; H. S. Sibbald, Toronto; Jacob Alpaugh, Cheapside, and Wm. McEvoy, Woodburn, all gave reports of an encouraging character as to the recovery of the industry in Ontario.

Rosy Cheeks for Pale Girls.

Don't be debarred from strength and spirit, don't give into illness and despair. Ferrozone supplies tone and vigor through which all functions of womanly life are maintained and fortified. From New Richmond Que., comes the following statement from Mrs. Isidore Bissonneault: "I take deep pleasure in testifying to the powerful influence of Ferrozone. For years my white and her cheeks so devoid of color I feared consumption. I can certify Ferrozone made an excellent cure, and today my daughter's health is the best." 50c per box at all dealers.

Matter of Proof.

A Scotchman went to London for a holiday. Walking along one of the streets he noticed a bald-headed chemist at his door, and enquired if he had any hair restorer. "Yes, sir," said the chemist. "Step inside, please. There's an article I can highly recommend. Testimonials from great men who have used it. It makes the hair grow in 24 hours." "Aweel," said the Scot, "ye can gie the top o' your heid a bit rub wi' it, and I'll look back the morn and see if ye're tellin' the truth."

Mothers Here it is

A friend and comforter, an unceasing aid in every house for the one hundred and one ailments that do turn up. Nerviline is too valuable to be without. Could Not Wait.

"I'll sell you ten thousand dollars' worth of this mining stock for fifty cents," urges the promoter. It's the chance of a lifetime. Within a month it will be selling at a dollar a share. "Then why don't you hold on to it?" asked the canny man. "I would, but I need a hair cut and a shave. How will I look if I wait a month?" The never failing medicine, Holloway's Corn Cure, removes all kinds of corns, warts, etc.; even the most difficult to remove cannot withstand this wonderful remedy.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate nurse from the Blockley Training School at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education and what she has to say may be absolutely relied upon. Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Martha Pohlman

Mrs. Pohlman writes: "I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use. Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would blot after eating and frequently become nauseated. I had pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

None other female medicine in the world has received such widespread and unqualified endorsement. The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound.

It is well for women who are ill to write Mrs. Pinkham, Lynn, Mass., The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds where Others Fail.

PANDORA RANGE HOLDS FIRE ALL NIGHT

The good housewife always feels like bestowing upon the Pandora a cheerful "good morning."

Why? Because the Pandora always has a nice bed of hot coals as a reward for checking off the dampers closely before retiring to rest.

In five minutes after turning on the drafts she will have a good, strong fire.

Should she sleep two or three hours longer than usual there will still be a fire ready for her.

The fire-box, flues and dampers are so scientifically arranged that the Pandora can be regulated to hold a fire from 24 to 36 hours.

Pandora owners never have their sleep disturbed with dreams of making a new fire in the morning.

If your local dealer does not handle this most perfect of all ranges, write direct to us for Free Booklet.

**BIBLE SOCIETY MEETING.**

The annual meeting of the British and Foreign Bible Society was held in the Watford Baptist Church, the Rev. S. P. Irwin, B. A., President, presiding.

The officers elect are:—President, Rev. M. Kelly; Secretary, Dr. Hicks; Depository and Treasurer, W. P. McLaren; Committee, Revs. Irwin, Coupland, Home, Parsons, and Hay, and Messrs. T. Woods, W. Marwick, S. W. Louks and S. E. Thompson; Collectors, Watford East, Misses B. Mitchell and M. Harrower; Watford West, Misses E. Adams and K. Louks; 4th line East, Warwick, Misses Morgan and Eastabrooke; 4th Line West, Warwick, Miss McCormick; 2nd Line East, Warwick, Misses E. Moffatt and L. Sullivan; 12th Line East, Brooke, Misses M. King and L. Holbrook; 12th Line West, Brooke, Miss B. Holbrook; 6th Line East, Warwick, Miss M. Hume; 6th Line West, Miss L. Leach.

The main feature of the evening service was the address by Rev. R. J. Bowen, the general secretary of Western Ontario and Vancouver for the Canadian Bible Society. In a masterly way the speaker marshalled his facts to prove that the Society was realizing its ideals, namely, to reduce every language however barbarous to writing, and all such language, however difficult, to print, then to give to every man in the world a Bible in his own language, commencing as far south as man is found. Mr. Bowen gave a graphic account of the struggles and triumphs of the Society in the Southern Seas in New Zealand, Australia, Africa, South America, and the Orient. A remarkable instance was cited of a race that had three words in its vocabulary, the words to eat, to sleep to kill. This race had been taught the English language and was evangelized by the word of God. But while the needs of many of these barbarous countries for the Bible were great in the speaker's estimation they were no greater than the present needs of Canada to which country this Society devotes its whole strength. The immense throng of foreigners pouring into Western Canada at the rate of nearly 1000 souls per day, most of whom have never read the Bible and all of whom enjoy the rights of citizenship demand tremendous evangelizing efforts if our moral and social standards are to be preserved, and if British law and Canadian institutions are to be respected. The Indian problem was also dealt with effectively. On the whole the address was most inspiring and instructive and those who heard it must, if they are true patriots, feel that a great responsibility rests on us in sending not only the Bible but the missionary to the stranger that is within our gates.

Seven carloads of export cattle were shipped from Forest last week.

**HOCKEY.**

The annual meeting of the Watford Hockey Club was held on Friday evening when the following officers were elected:— President, J. W. McLaren, Manager, Alex. Elliot. Sec'y Treas., D. W. Ferguson. Managing Com., J. S. Davidson, A. R. Brown, H. P. Lawrence.

The membership fee was placed at fifty cents. There is a movement under way to divide this section of the western peninsula into two compact groups for hockey purposes.

Group No. 1 to consist of Sarnia, Forest, Parkhill and Ailsa Craig.

Group No. 2, Petrolia, Alvinston, Watford and Strathroy. The places named are convenient, and matches could be played at small expense. It is the intention to call a meeting shortly and arrange a schedule of games, the group winners to play off for the championship. Possibly a trophy may be put up for competition. This looks like the best proposition yet presented in local hockey circles, and would be fully as interesting and much less expensive than an O. H. A. group. We hope to see it carried out, and feel assured Watford would be able to give a good account of itself in the series. Forest is quite enthusiastic and having a new rink will be a factor in the race. The clubs are evenly matched and an interesting contest would naturally follow.

**MAKE NEW BLOOD.**

That is What Dr. Williams' Pink Pills Do—That is why They Cure So Many Diseases.

When persons have not enough blood, or when their blood is weak and watery the doctors name the trouble anaemia. Bloodlessness is the direct cause of many common diseases, such as indigestion, palpitation of the heart, debility, decline, neuralgia, nervousness, rheumatism and consumption. The surest signs of poor blood are paleness, bluish lips, cold hands and feet, general weakness, low spirits and headaches and backaches. If anaemia is not checked in time it will probably develop into consumption. There is one certain cure for anaemia—Dr. Williams' Pink Pills. These pills actually make new, rich, red blood, which fills the veins and brings new life, new energy and good health to bloodless people. In proof of this Miss Mabel Clendenning, Niagara Falls, Ont., says: "For two years I suffered from anaemia. I was weak, thin, had no appetite. I sometimes had distressing headaches and felt low spirited. My heart would palpitate violently; I could do no work around the house; I became very pale and my nerves got unstrung. The efforts of two good doctors failed to help me. I was in such a pitiful state. One day a friend urged me to try Dr. Williams' Pink Pills and I did so. Soon I saw the pills were helping me and by the time I had taken nine boxes I was completely cured. I had a good appetite; gained in weight, I hadn't an ache or pain, could sleep well and I am in far better health now than I ever was. I cannot speak too highly of what Dr. Williams' Pink Pills have done for me."

What Dr. Williams' Pink Pills have done for thousands—they will do for you. But you must get the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. If your dealer has not got the genuine pills you can get them at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**THE LATE WILLIAM WOODS, OF BROOKE.**

There passed away a pioneer of Brooke Township, in the person of Mr. William Woods, on Sunday, Nov. 17th, after a lingering illness extending over about six years. The funeral was held from his late residence on Tuesday, Nov. 19th, to St. James' Church, Brooke, where services were conducted by Rev. S. P. Irwin, assisted by Rev. T. B. Coupland. Mr. Irwin took as his text, Cor. chap. 15, v. 21, "For since by man came death, by man came also the resurrection of the dead," from which he preached an able and instructive sermon. The pallbearers were his son-in-law Jas. Moffat, and his five sons. The funeral cortege was composed of over 100 rigs. Deceased was born in Roscrea, Kings county, Ireland, Dec. 1837. The family emigrated to America in 1850 and settled in Toronto, where he worked for a time as a wick setter in a candle factory. He was one of the first firemen on the G. T. R. between Toronto and Belleville, holding the position while the road was being constructed. He purchased his late residence from Hon. G. W. Allen and settled on it in 1858. He underwent all the hardships of a pioneer and assisted in clearing the road to his farm. On Jan. 2nd, 1852, he married Miss Jane Cartier, of Toronto. The first born was a girl, Mrs. James Moffat, of Brooke Township, then followed by Gilbert, on the homestead, John, of Chelsea, Mich., Harry, Mt. Brydges, Arthur, of Kerwood, and Thos. A., of Warwick. The youngest son Hiram, was killed in a runaway accident in 1893. Mrs. Woods predeceased him on Feb. 17th, 1905. He was prominent in any matter which tended to improve the condition of the community. He assisted in organizing the first cheese company in the township. In politics he was a staunch Conservative, and was a consistent member of the Church of England.

**Taken Home For Burial.**

Cobalt, Nov. 17.—Mr. and Mrs. J. H. McIntosh, of Strathroy, father and mother of Wm. McIntosh, who died on Friday of pneumonia as a result of inhaling the fumes of nitric acid, arrived in Cobalt on Saturday morning, and left in the afternoon with the remains of their son. Interment will be made at Strathroy, where Mr. McIntosh was born.

**FISHER—MACLAHLAN.**

On Thursday afternoon, Nov. 14th, the marriage of Miss Mary Jane MacLachlan, youngest daughter of Mr. and Mrs. Hugh MacLachlan, Brooke, to Mr. Donald L. Fisher, Brooke, was quietly solemnized at the home of the bride's parents, the Rev. T. A. Bell, B. A., officiating. The bride was given away by her father. Her cousin, Miss M. McIntyre, was bridesmaid, and Mr. D. A. Fisher, cousin of the groom, was best man. Mr. and Mrs. Fisher left on a short trip to London, Detroit and other points. The newly married couple have the best wishes of a large circle of friends.

**FARMERS, DON'T MISS IT!**

Few farm houses in Canada will be found without the Family Herald and Weekly Star, of Montreal. Those homes that do not receive it are missing a great treat. The Family Herald and Weekly Star is to-day easily worth ten times the subscription price to any farmer. Its value in fact cannot be over-estimated. It is a wonderful combination of a weekly newspaper, family magazine and an agricultural journal without an equal. Farmers, if you do not read the Family Herald and Weekly Star, of Montreal, you should give it a trial during 1907. Do not wait until January but remit one dollar now and you will never regret it.

**London Boy's Success.**

Taking the palm from such writers as F. Hopkinson, Smith and Ruryard Kipling, Harvey J. O'Higgins, a former London boy, has achieved a literary victory which has called forth widespread comment.

He has been awarded the first prize in the \$1,000 short story competition offered by "Canadiana's" in addition to this he secures \$500, the regular price paid for a meritorious story by this magazine.

The story is of six thousand words in length, and \$1,500 sounds like pretty good remuneration, but when it is considered that this came only after years of effort and plucky struggle in a great city, every word of it is not too well paid.

Mr. O'Higgins left London after graduating from the Collegiate Institute, and entered Toronto University. Later he held a position as reporter on The Toronto Star, after which he embarked on a literary career in New York.

Mr. O'Higgins is famous as a writer of short stories of firemen, and his "Smoke Eaters" has become historic as the firemen's book. His latest publication in novel form was "Don-a-Dreams," his own boy life story.

Mr. O'Higgins is a son-in-law of Mr. John S. Williams, of Toronto, and a nephew of our own "Old Pioneer."

*Business Paper*

A knowledge of Business Paper is of inestimable value to every young man. An accountant must be familiar with the uses of notes, drafts and checks to hold a responsible position. The young man in business for himself should possess the knowledge necessary to draw up correctly all manner of business forms, such as notes, drafts, vouchers, leases, partnership agreements, etc. He, who intends to remain upon the farm, must know the meaning of "negotiability," "indorsing," "discounting," "protesting," etc., or he will find himself "out of pocket" now and again. We thoroughly teach all these and many more valuable things in connection with "Bills of Exchange." Write for our large, illustrated, free catalogue. It explains our Business and Shorthand Courses in detail, and shows the value of the Business Educators' Association Diploma to our graduates. Our graduates are in constant demand.

Brebner, Sarnia, Secretary; Miss Geddes Strathroy, treasurer; Mrs. Alexander, of Watford, supply secretary; Mrs. Ironsides, Theford, Mission Band secretary; Miss Brodie, of Forest, Literary secretary. One new auxiliary had been added during the year and a gratifying increase in contribution was reported. Total amount of contributions for the year, \$180.00. Miss Fletcher read an excellent paper on Women's Foreign Missionary work as an inspiration to the women of the church. A resolution was passed to the effect that the Mission Band having the best average attendance, will be presented with a Banner by the Presbytery.

## 20 YEARS CURED BY ZAM-BUK

Mr. W. H. Leason, of Wychwood, Ont., says: "For 20 years I suffered from Eczema. My body and legs were covered with spots which itched and irritated terribly. My legs down to the knee were like one mass of sores. These discharged and were very unpleasant apart from the pain. I had tried all kinds of remedies (salves, ointments and embrocations) and came to the conclusion that nothing would cure me. A sample of ZAM-BUK was given to me one day, and I applied it to a small patch of the eczema. This did me some good and I obtained a full supply of the balm. The first box was a revelation to me as to ZAM-BUK'S power. It took away the smarting and reduced the irritation and itching. It took several boxes of ZAM-BUK to work a cure, and I am glad to say that in a few weeks it cured me completely. In my opinion, ZAM-BUK IS WORTH ITS WEIGHT IN GOLD."

All Skin Diseases yield to Zam-Buk Heals Cuts, Burns and Bruises rapidly and is "Nature's First Aid." Also cures Piles, Rheumatism and Sciatica. Spirals, etc. disappear at ZAM-BUK'S touch if it is "well rubbed in." 50c a box at all druggists and stores.

### ENTITLED TO PARTICULARS

One ounce Fluid Extract Dandelion;  
 One ounce Compound Salatone;  
 Four ounces Compound Syrup Sarsaparilla;  
 Mix, and take a teaspoonful after meals, and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition.

He further states that anyone suffering from afflictions of this nature will find it to be very beneficial, and suggests that it be given a trial.

### Learned A Lesson.

Stratford Herald: A young man residing in Stratford knows more about customs regulations now than he did a few days ago. He was in Detroit recently and took a suit to a friend of his in the cleaning and repairing business to have it attended to. When he was ready to leave the suit was not done, and he directed it to be sent to him by express. When the clothes came he did not have to pay duty on them, because they had been worn, but he had to pay 35 per cent on \$3, the bill for repairs. There may be others who have not heretofore known that repairs to a Canadian article done in a foreign country are liable to duty when the article is brought back to Canada. Of course, if the young man had worn the suit back, and put the one he was wearing in his valise or trunk, the customs officers would not have charged him any duty at the border.

THE DEMON, DYSPESPIA.—In olden times it was a popular belief that demons moved invisibly through the ambient air, seeking to enter into them and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living irritate him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parlee's Vegetable Pills, which are ever ready for the trial.

### Passing of William H. Pool.

Sarnia, Nov. 14.—Wm. H. Pool, accountant of the Traders' Band, and one of the most highly respected young men in this town, died at the Sarnia General Hospital Wednesday afternoon, from appendicitis. Mr. Pool was a native of Glencoe, and was aged 42 years. He was the son of Mr. Irving Pool, of Strathroy, and the body was taken to that town for burial. Rev. J. J. Paterson, of St. Andrew's Presbyterian Church, conducted the services, and the pallbearers were: Andrew Johnston, Wm. H. Buckley, Chas. E. Stoddy, Stanley Williams, Wm. J. Constable and A. K. Wanless. Besides his father, two brothers are left to mourn Mr. Pool's untimely death, viz., John Pool, manager of the Traders' Bank, St. Marys, and Thomas K. Pool, lumber merchant, of Glencoe.

The Publishers of Webster's International Dictionary allege that it is in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation.

We are of the opinion that this allegation most clearly and accurately describes the work that has been re-edited. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition, and that in the future as in the past it will be the source of constant reference.

The Tragedy in the Life of a Russian Military Officer.

Lieutenant von Lemsberg of the Russian guards endured thirty-one years of penal exile and penal service in Siberia. He was in his day a fine looking and highly accomplished officer. Like many of his fellows, he borrowed money from City Councillor Wlassow, an old, good natured bachelor. Young von Lemsberg's notes continued to grow, and the old money lender threatened to sue unless some of them were redeemed. Then the young lieutenant became engaged to the daughter of Count Tolstoben and called on Wlassow to tell him the news and to ask for time. "You wait," said he, in a sneering way. "I'll give you a wedding present to be remembered." Believing this to have been a threat, the lieutenant called at the house the next day and deliberately cut his throat. He opened the old man's desk to find his promissory notes and discovered them neatly tied up, marked "Paid" and a document by which he would have become the heir of the man he had murdered. Overcome by remorse he surrendered to the authorities and was sentenced to life servitude in Siberia. Because of good conduct his terms were taken off after seven years, he married a woman who went into voluntary exile to be near a relative, started a vegetable shop in the penal settlement which grew until it became a great mercantile establishment, and when the war with Japan broke out he volunteered, became an officer, was decorated for bravery and received a full pardon.

**The Old Stagecoach.**

Those who are accustomed to look back with longing eyes to the "good old days" will find it interesting to learn that in the middle of the eighteenth century the common carrier between Selkirk and Edinburgh, a distance of thirty-eight miles, required two weeks to make the journey. In 1778 it took a day and a half for a stagecoach to go from Edinburgh to Glasgow, only forty-four miles away. About the same time the swiftest stages seldom covered the road between Edinburgh and London, 310 miles, in less than two weeks, an average speed of about twenty-two miles a day.

**The Tomb of Walter Scott.**

In Dryburgh abbey, standing among the ruins of the ancient choir, with the afternoon sun shining upon it, we saw the tomb of Walter Scott in St. Mary's aisle. A noble block of Aberdeen granite marks the last resting place of Sir Walter and Lady Scott. The simple inscription records the dates of birth and death of the husband and wife. Here also are the mortal remains of the novelist's children and of his son-in-law and biographer, John Gibson Lockhart, of whom Scott wrote affectionately, "Lockhart is Lockhart, to whom I can most willingly confide the happiness of the daughter who chose him and whom he has chosen."

As we turned from the grave of Walter Scott and wandered across the now roofless and grass grown refectory we recalled his last connected words to Lockhart: "My dear, be a good man—be virtuous—be religious—be a good man; nothing else will give you any comfort when you come to lie here."—Book News.

**The Change in Surgeons.**

"The surgeon of the past was a huge, coarse, red faced brute, a very terror," said a surgeon of the present. "And no wonder. What type of man but the brute type could cut off legs or saw through the skull while the patient, perfectly conscious, howled and wept? In the past surgery was barred to gentle and refined men. Whatever their interest in anatomy, in medicine, they shunned surgery. They could not endure to operate upon a conscious subject. The advent of anaesthetics caused the advent of new men into surgery. Men of delicacy, of sympathy, of imagination—a higher type—took the profession up. That is why surgery is continually advancing now, whereas in the past it stood dead still."—Cincinnati Enquirer.

**BY-LAW NO. 13, 1907, OF TOWNSHIP OF WARWICK.**

A By-law to provide for drainage work in the Township of Warwick, in the County of Lambton, and for borrowing on the credit of the municipality the sum of \$252.30 for completing the same. Provisionally adopted the 11th day of Nov. 1907.

Whereas Thomas Brush, a party to be benefited by the drainage work has petitioned the Council of the said Township of Warwick, to have the Six Side Road Drain extended to a proper outlet.

And whereas thereupon the said Council has procured an examination (under Section 76 of the Municipal Drainage Act,) to be made by C. A. Jones, being a person competent for such purpose, of the said area proposed to be drained and the means suggested for the drainage thereof and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also procured plans, specifications and estimates of the drainage work to be made by the said C. A. Jones, and an assessment to be made by him of the lands and roads to be benefited by such drainage work, and of lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability, and injurious liability which in his opinion will be derived or incurred in consequence of such drainage work by every road and lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the roads and lots or parts of lots hereinafter in that behalf especially set forth and described, and the report of the said C. A. Jones in respect thereof and of the said drainage work being as follows:

TORONTO.  
Toronto, Nov. 19.—The run at the Western cattle market today consisted of 100 cars, containing 1,750 cattle, 2,382 sheep and lambs, 600 hogs and 106 calves.

Good butcher cattle were very scarce, and owing to the demand being very strong business was possibly a little brisker in this class than on last Thursday, but the poor, rough stuff was as much in evidence as ever and this helped to deaden the market considerably. This stuff all sold, it always does, but whether the farmer made any money on the deal is rather a difficult question to answer. Some of them declare they would sell their cattle now at any old price rather than carry them over the winter, while others, possibly the more fortunate ones, with plenty of feed, are buying up stockers in considerable quantity for that very purpose.

Milk cows are in steady demand and are selling for good prices. Sheep and lambs are unchanged and in demand and calves also are wanted, but only good ones.

Hogs are unchanged at last Thursday's quotations; selects, \$5.75, and rough stuff about a dollar less.

Quotations to day were:—

### BABY SMILES.

One mother happily expressed her opinion of Baby's Own Tablets when she said "there's a smile in every dose." In homes where the Tablets are used there are no cross, fretful, sickly children. The Tablets make children well and keep them well. They cure indigestion, colic, constipation, diarrhoea, teething troubles and all the other minor ailments of childhood. The Tablets can be given with absolute safety to the new born child, for the mother has the guarantee of a government analyst that the Tablets do not contain one particle of opiate or poisonous soothing stuff. Isn't such a guarantee worth something to you, mother? The Tablets are sold by all medicine dealers or may be had from The Dr. Williams' Medicine Co., Brockville, Ont., at 25 cents a box.

### SAD DEATH OF A FORMER RESIDENT OF WATFORD.

Friday's London Free Press had the following:—  
Three weeks after the tragic death of her husband, as a result of a boiler explosion on the Grand Trunk at Newbury, Mrs. Adie Robertson, of 424 Ontario street, London, widow of the late Fireman John Robertson, died in violent convulsions at 7 o'clock last evening from the supposed effects of ptomaine poisoning in a potted chicken, of which she had partaken at the evening meal. Coroner MacLaren may hold an inquest.

Mrs. Robertson had been living with her mother at the home which her husband had provided and shared with her up to the time of her untimely death and although she was prostrated with grief at the time of the accident, she has since been in a normal state of health, although in a highly nervous condition.

At the time of her bereavement her mother, Mrs. Williamson, of Watford, came to live with her and last evening she secured a can of chicken, knowing

that it was one of the delicacies which her daughter particularly enjoyed. It was for the same reason that the mother ate sparingly of the potted fowl, hoping to tempt an appetite that had been delinquent since the sad event of a few weeks ago.

The late Mrs. Robertson was about 26 years of age and had a large circle of friends. Besides her parents she is survived by one sister Mrs. Wilcox, of South London and three brothers, Glen, Benson and Norman Williamson, of Watford.

After a searching investigation, Coroner (Dr.) MacLaren decided that an inquest was unnecessary in the case of Mrs. Adie Robertson, the young widow of Fireman Robertson, who died suddenly on Thursday evening as the result, the coroner believes, of extreme grief. The theory of death from ptomaine poisoning from eating potted chicken was discarded after Dr. Seaborn and the coroner had thoroughly probed the matter.

Mrs. Robertson had been in a highly nervous state since the tragic death of her husband, which resulted as a result of injuries received in the explosion of a locomotive boiler at Newbury. She brooded constantly and the coroner believes that such a condition might have brought about the convulsions which caused death.

It is not believed that death could have been caused so quickly by ptomaine poisoning. As no interest could have been served a post-mortem examination was not conducted.

The remains of the late Mrs. Adeline Robertson, widow of Fireman Robertson, were laid at rest Saturday beside those of her husband and baby in the family plot in Mount Pleasant Cemetery.

The services were conducted by the Rev. James Rollins, of the King Street Presbyterian Church. At half-past three the procession left the house at 424 Ontario street. A large number of mourning friends followed the hearse to the cemetery, where the casket was lowered beside the yet fresh mound of her husband and older one of their deceased child. The services at the house were impressive and sympathetic.

Beautiful floral tributes had been sent from friends, both in and out of the city, the designs being particularly appropriate.

The pall-bearers were Messrs. Rennie, Richards, Cummings, Routledge, Hueston and Brown.

### Cheap feed For Stock.

The following letter is from a grain dealer in Sedley, Sask., and is referred to the local dealers in grain and feed in the hope of benefitting farmers who find themselves confronted with a great scarcity of feed for their stock. The letter explains itself:—

Sedley, Sask., Nov. 3, '07.  
Secretary Board of Trade, Sarnia, Ont.  
Dear Sir.—You will greatly oblige by handing this letter to a responsible party who may be interested in your town. I understand your part of the country is short of feed for stock. We have lots of it here, low grade oats, wheat and a little barley, which can be got reasonable. Feed wheat runs now on track about 45c. oats about the same.

If you are interested and can handle quantities I shall be glad to communicate.

Yours truly,  
JOHN AUCHMUTY.
