The Natural Cure For Rheumatism

"Fruit-a-lives" remove from the blood the poison which causes Rheumatism.

Rheumatism means poisoned blood. The kidneys, bowels and skin should rid the system of waste matter. If either of these vital organs become weakened or diseased, the body cannot throw off this waste fast enough. One of these body poisons is UREA, which is eliminated both by the kidneys and skin. If the skin action is poor—if the kidneys are inflamed—urea stays in the system—carried by the blood to the nerves and joints—and causes Rheumatism. "Fruit-a-lives" cure Rheumatism because they eliminate urea, by increasing the action of bowels, kidneys and skin. This is the only possible way in which Rheumatism can be cured to stay cured. And "Fruit-a-lives" is the only remedy in the world that completely eradicates the disease from the system. "Fruit-a-lives" are fruit juices in which the natural medicinal action of fruit is many times increased by the process of combining them. Then tonics and antiseptics are added and the whole made into tablets, so a box—4 for 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

"Fruit-a-lives" will cure almost any case of Rheumatism, Sciatica, Neuralgia.

J. H. Hicks & Sons' Business Block Burned.

\$10,000 Worth of Property Destroyed By Fire Second Serious Loss By This Firm Within Two Years.

Bridgetown experienced another disastrous fire on Thursday night 25th, when the handsome furniture establishment of J. H. Hicks & Sons was burnt to the ground, with nearly all its contents. Unfortunately the sufferers from this catastrophe were also the losers in the last serious fire which visited Bridgetown, when, a little more than one year ago, the woodworking factory and contents owned by the same firm were consumed. Their loss in this instance (partly covered by insurance) is estimated at \$10,000, which makes a total loss of \$17,000 worth of business property for this firm in less than two years.

The fire was first discovered by the nearest neighbour, Henry Goldsmith who was awakened shortly after 12 o'clock by the sound of breaking glass and looking from his window discovered the blaze escaping from the north-west, upper corner of the building. Mr. Goldsmith immediately ran to the fire alarm box at head of Queen street, calling "Fire" as he ran, and after ringing the alarm returned to his house and donned his outer garments. By the time he reached the burning building, Dr. Armstrong and Mr. and Mrs. Elias Durling and Principal Bustin, answering Mr. Goldsmith's summons appeared on the scene. Considerable time elapsed before the fire

wardens and apparatus arrived and in the meantime Dr. Armstrong and Durling had broken open the front door, and with the assistance of the others named had carried out the larger part of the furniture on the ground floor of the building, the fire then being confined to the rear and upper stories of the building. Four streams of water were turned on to the burning building, but the flames fought their passage unchecked until the whole structure was a mass of ruins the fire not being extinguished until morning.

It was a narrow escape for the whole town, as only the fact that it was a very still night, and that the flames were carried to the westward over a vacant lot, saved the west side of Queen street and perhaps the whole town from destruction. The silent alarm system aroused only the fire department and a very few of the near residents—a mere handful of people knew anything of it until the next morning. The fire had been discovered an hour or so before the owners of the property were notified, while Mr. Fulmer, manager of the upholstery department, and undertaker, was not aroused until morning. His loss was about \$300, including his entire embalming outfit, and a full set of upholstery tools. The origin of the fire is a mys-

tery. H. B. Hicks a junior partner, and A. Kinney were in the office until ten o'clock, and the small fire they had burning through the day was out before they left. The electric lights were left turned on. It is thought possible the fire may have been of incendiary origin, but no motive can be imagined. Much sympathy is expressed for the Messrs Hicks as they were just beginning the busy season with a heavy stock of goods, and prospects of a fair trade. Regret also is expressed in the loss of an establishment in which the town as well as its owners took considerable pride.

The building was one of the finest business blocks in Bridgetown or in the county, and was erected about 3 years ago opposite the Presbyterian church. The building was of three stories, each storey covering 2400 square feet of floor space, with handsome plate glass front, extending to the top. The first and second stories contained the show rooms, the third storey was occupied by the finishing, storing and undertaking rooms.

The ground floor and the second storey were beautifully finished in hard wood, with metal ceilings and large windows, and were probably the handsomest show rooms outside of Halifax in the Province. (Continued on page 4.)

Visit of Bishop Worrell.

The Bishop of the Diocese paid his second visit to the parish of St. James, Bridgetown, Saturday to Monday last. On Saturday morning he administered the Apostolic Rite of Confirmation to ten candidates in the parish church and in spite of the heavy rain a large congregation assembled. On Sunday morning he preached at the ordinary service in St. Mary's, Belleisle, basing his sermon on I Cor. XV, verse 1: "If Christ be not raised, your faith is vain, ye are yet in your sins." In the afternoon he administered the Rite of Confirmation in St. Peter-by-the-sea, Young's Cove. The church was filled for what must have been to most present an unique service, this being the first Confirmation held there in the history of the district. Returning to Bridgetown his Lordship was the preacher at the usual evening service. He took for his text: "Every good gift, and every perfect gift is from above, and cometh down from the Father of lights, with Whom is no variableness, neither shadow of turning." In the course of his sermon the Bishop traced the development of worship from primitive times as the acknowledgement of God's presence and blessing. The progress of this development is seen by contrasting the movable altar of the nomadic Patriarcha with the stately temple built by Solomon. And in a progress is discernable in all the ages of the Church's history. The sermon was, in reality, inspired by the position in which the Church of England in the diocese of Nova Scotia finds herself. It will be remembered that St. Luke's Church, Halifax, which was the pro-Cathedral of the Diocese, was destroyed by fire on Dec. 11, 1905. This has forced upon the Church the question of erecting a proper Cathedral church, one that shall be symbolic of the Church's growth and spiritual strength, a material acknowledgment of its power and progress. To this end a splendid site has been secured, a part of the old exhibition grounds on Tower Road, Halifax, and plans are now being perfected for the building, which will probably be commenced about mid-summer. The work to be undertaken immediately will cost about \$100,000.00 for which a general appeal is to be made throughout the diocese. When this is overtaken the completion of the Cathedral will be proceeded with as funds become available. The Bishop left on Monday to hold Confirmations at Lawrencetown and Middleton.

Botha and Laurier.

Will the Canadian Premier Accept the Invitation to Transvaal? General Botha, Premier of the Transvaal, has invited Sir Wilfred Laurier to visit South Africa. Of course, it is questionable as yet whether or not he will be able to accept the invitation, but it is certain if he goes that he will receive from all sections of the population a cordial and unaffected welcome. It is very interesting to note how the name of this country abroad has grown in the past few years. The general trade has been greatly improved through this increase of knowledge, particularly in sister colonies like South Africa. For example, some months ago the people of Barkly East desired to do honor to R. C. Lloyd, who had occupied with distinguished success the position of Civil Commissioner and Resident Magistrate for three years. Accordingly they presented him with a congratulatory address, and an eighty-guinea piano, which they ordered from Canada. The instrument was a Gourelly made by Messrs. Gourelly, Winter & Leeming, of Toronto. The following presentation plate was engraved and attached to the instrument: "Presented to R. C. Lloyd, Esq., Civil Commissioner and Resident Magistrate, by the citizens of Barkly East town and district, on his promotion to Barkly West. Barkly West is about fourteen miles from Kimberley, and the piano was three months on the journey. Here is what the recipient says about the instrument: "Some four months have elapsed since we received the Gourelly piano which was shipped to us last July. After three months' travelling and some very rough handling in this country, the piano was found to be in perfect order. The instrument has now stood the test of a very hot summer, which has had no effect upon it in any way whatsoever. In appearance and finish, in tone and mechanism, your piano leaves nothing to be desired, and I can safely say that I do not know of any other make of piano (and I have seen some very good ones) to equal the one that you have sent to me. All friends and others who have seen it pronounce it to be in every respect better than anything they have previously seen." Evidently Sir Wilfred Laurier could not be received better than the Gourelly piano is.

Council Meeting.

A meeting of the town council of the town of Bridgetown was held May 6th, 1907, with the Mayor in the chair and councillors present as follows: Messrs. Calder, Chase, deWitt and Freeman. John Ervin was present and applied to the council for a rebate of dog tax of four dollars in 1905 and a like sum in 1906 on the ground that the dog belongs to his daughter and his daughter resides in St. John. R. Allen Crowe was present and stated that the public wanted a public fire alarm and that he and Mr. Craig had been appointed to present the request to the town council. He also requested that some provision should be made for carrying the small hose in case of a fire. W. A. Craig also spoke along the same line. It was resolved that a fire bell be procured and that councillor deWitt be a committee to act with the fire wardens in selecting a bell. Ordered that the following bills be paid, viz., W. I. Troop, for supplies to Charles Carey, \$13.87; J. E. Lloyd, for supplies to S. Jefferson, \$15.98; Percy Burns, repairs, etc. to stove pipe and hand cuffs, \$1.50; Charles Berry, \$1.75; Alden G. Walker, for 44 tons of gravel @ 40c., \$17.60; County of Annapolis, \$183.40; C. L. Piggott, supplies to poor, \$71.33; W. P. Coode, for lunches to firemen Hicks' fire, \$3.00; Alberta Messenger, distributing bills to taxpayers, \$5.00; E. A. Craig, commission on collections, \$19.74. Councillor Calder moved that the town procure a road machine. Minutes read and approved. Council adjourned. (Sgd.) F. L. MILNER, Town Clerk. (Sgd.) W. D. LOCKETT, Mayor.

Temperance Lecture

A lecture on John B. Gough, the distinguished temperance orator, was given by Rev. W. H. Warren at an open session of Olive Branch Division on Monday evening last. The thrilling story of the causes of Gough's downfall and ruin was told in clear and touching language; and the steps by which he was rescued and raised to purity and sobriety were pointed out with precision. The lecture presented clearly the deceptive allurements and the fearful consequences of intemperance, and showed the great value of home influence and of temperance societies in reclaiming the fallen.

SUCCESSFUL ADVERTISERS.

With this issue of the Monitor the McClary Manufacturing Co., of London, Ont., commence their advertising for this year using a series of attractively illustrated advertisements. One of the series deals with the ash pan feature of the furnace, and from its perusal the advantages of an ash pan in a furnace, and this one in particular, can readily be understood. Another ad. describes the large double feed-doors, explaining the ease with which the "Sunshine" furnace can be fed. A third explains the strength and security of the fire pot, while the fourth covers the very important fact that the "Sunshine" burns any kind of fuel successfully. The McClary Co. claims to be the largest manufacturers under the British flag, and to a very great extent this immense growth is due to the persistent and creditably prepared advertising campaigns. While the McClary people are large users of daily newspaper space they do not think that an advertising campaign could be made successful in Canada without using the high class weekly publications of which they have over two hundred on their list.

Danger in Celluloid Combs

The two-year-old son of Rev. H. D. Marr of St. John, was badly burned yesterday, says the St. John Sun.

The little tot was playing with a celluloid comb and was handed a lighted match by his brother, who is just a year older. The comb being highly combustible at once burst into flames, and his night dress caught. Before the father and mother could get to his side the little chap had been burned down the left side from his arm to his foot.

Mr. Marr tore the blazing garment off and extinguished the flames with his hands. Dr. D. Y. was summoned and relieved the suffering of the babe as much as he could, and he thinks he will recover. Mr. Marr had his hands quite badly burned in putting out the fire, and was unable to preach at either service yesterday. Rev. Mr. Hamilton preached in the morning, and Rev. Charles Comben in the evening.

SOBE NIPPLES. Any mother who has had experience with this distressing ailment will be pleased to know that a sure cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. A. Warren, Pharm. B.

It has been frequently suggested, and the suggestion is a good one, for every farmer to place his name and the name of his farm on his road gate. Not only would persons driving to a place more easily find it, but it would add more pleasure and interest to people driving from place to place. This last result would have special effect with regard to well-kept and pretty houses. An interesting person will seldom pass a beautiful farm without desiring to know who is its enterprising owner.

THE Leading Nurseries. Since writing our March "ad" we have decided to offer another block of 5000 Apples as we need the ground for other use. They are Stark, Gano, Wellington, Coxes & Orange, Ellipton, Blenheim, 3 to 4 feet, and no smaller will be packed, absolutely clean thirty trees offered at \$5 by the 100. These values not likely to recur again. Trees will be April dug and heeled in ready to ship. Do not delay looking order as they will be filled in rotation of receipt. Of 200 Seedlings only 200 left at \$5.00 per 100. The Earncliffe Orchard and Nurseries

Halifax, April 22.—The provincial estimates were brought down in the Legislature today. They provide for receipts of \$1,453,888, which is \$108,671 more than last year. Of the difference \$65,000 is expected in nine royalties.

Notice was given by Premier Murray of a proposed increase in the sessional indemnity of \$100, making the total amount \$600. The Opposition, which objected to the recent advance in salaries of members of the government, also opposed this sessional increase. It is reported that members of the Legislature supporting the government have been actively canvassing for an increase of \$300, and had the Opposition agreed to accept it the indemnity would have been \$800.

NEW BAY STEAMER. (St. John Times.) Another new steamer the Ruby L. in command of Captain Murray Lewis, arrived in port to-day from Margaretsville. The Ruby L. was recently launched at Margaretsville, and was taken to Yarmouth to receive her engine and boilers. She made her trial trip off Yarmouth last Friday and proved herself a speedy craft. The new steamer is fitted out with all the latest improvements, with good accommodation for passengers. She is about ninety tons register, and will trade between this port and Margaretsville, Canning and other Nova Scotia ports. The Ruby L. will probably make two trips a week, and will be a great convenience to the city merchants in shipping their goods over the bay.

X-RAY EXPERT DIES OF CANCER. Chicago, April 24.—Wolfram C. Fuchs an expert in the use of the X-Ray, died here to-day of cancer, which he contracted three years ago through coming in contact with the X-Ray apparatus. Since Dr. Fuchs became afflicted with cancer he has submitted to numerous operations, several of his fingers having been amputated. These operations were unsuccessful and the disease steadily spread to different parts of his body.

ATTEMPT TO WRECK D. A. R. FREIGHT TRAIN. Halifax, April 26.—An attempt was made this evening to wreck the D. A. R. accommodation from Annapolis for Halifax, near Mt. Uniacke, by placing spikes on the rails. Promptness in the train crew making the discovery and the slackening speed averted a disaster. The I. C. R. officers have arrested John Pitts for placing an obstruction on the rails at Linwood, 17 miles from this city. Several days ago he was taken to Antigonish and confessed that he wedged a King pin in a frog just for fun. He was committed for trial at the next sitting of the supreme court.

Postal Department's Big Blunder.

(Moncton Transcript.)

Ottawa, April 24.—(Special.)—Senator Ellis brought up in the Senate to-day the increased postage on newspapers to the United States. The minimum rate on Canadian newspapers to the United States would be one cent per package. The good which the circulation of Canadian newspapers did in the United States was to be seen each year by the large number of Canadians from the United States who took part in the home evenings held in the towns and cities throughout the Dominion each year. Under the new postal rates, the country weekly which cost \$1 would have to pay 52 cents a year postage and the semi-weekly \$1.01. The result would be a falling off in the newspapers going to the United States. He questioned the increase being in the best interests of the country.

Notes—Senator Ellis under-states rather than over-states the situation. The truth is that when the new postal rate on newspapers from Canada to the United States goes into effect on May 8, the post office department will by a mere stroke of the pen wipe out almost every advantage in the United States obtained for a Canadian newspaper. It is the most stupendous blow ever struck in its history against the Canadian newspaper publishing industry. So far as American circulation of Canadian newspapers is concerned, the one cent minimum on individual packages, or single newspapers, is preposterous, and crushes out in hundreds of cases, the American circulation of Canadian newspapers, built up after years of toil. The action of the post office department, in making this history, is incomprehensible as well as indefensible.—Editor Transcript.

Several months ago Mrs. William H. Kilmcke of 71 Sussex Avenue, East Orange, wrote to the City Council calling attention to the fact that samples of patent medicines were distributed about the streets and were likely to fall into the hands of children who might eat or drink them, and thereby become ill. She said one child nearly died as a result of eating some patent medicine. The Council passed the ordinance, and Mrs. Kilmcke produced a copy of it when the first offender she spotted was arraigned before Recorder Fort. He fined the man \$2.

The man gave his name as Harry J. Hummel, of Newark.

It is quite true FERROL is an emulsion of Cod Liver Oil and a particularly good one at that. But it combines Iron and Phosphorus with the Oil, and these are just what are needed to make the emulsion perfect and they are just what all other emulsions lack.

FERROL

is unique because It combines Iron and Phosphorus with Cod Liver Oil. It is pleasant to take and easy to digest. It holds the record for increasing the weight (95 lbs from the use of 25 bottles). The formula is freely exposed and its bona-fides are vouched for by eminent analysts in Canada, the United States and Great Britain. It is endorsed by prominent physicians of all schools. It is used in all the leading Hospitals, Sanitariums and other Public Institutions. The London (Eng.) Lancet, after careful analysis in its own laboratory, fully endorses it. We are prepared to substantiate all the above statements. FERROL is the embodiment of health, strength and vitality, and "You know what you take"

CAUGHT IN A FOLDING BED. Hamilton, Ont., April 24.—While two patrolmen were passing the residence of Charles Hunter this morning they heard faintly, sounds of distress inside the house. An investigation revealed Mr. and Mrs. Hunter almost strangled and crushed and incarcerated within a collapsed folding bed.

The bed had closed like a pair of shears, doubling up the occupants, half suffocating them and stifling their cries. They were in great agony and were with difficulty extricated from the clutches of the bed, where they had been held almost all night.

A pair of five inch surgeon's scissors was taken from the thigh of Mrs. W. R. White, of Braman, Okla., at the Wichita Hospital recently. She was operated on for a tumor four years ago and the scissors were left in the abdominal cavity. The scissors worked through her body to the thigh, causing excruciating pain. They were discovered with the aid of the X ray.

**U. S. A. Subscribers
 Please Notice**

Postal regulations by which each paper mailed to subscribers in the United States will require one cent postage necessarily causes a change of subscription rates. This change of postal rate goes into effect immediately, but in order to allow our subscribers fair warning we shall make NO CHANGE IN OUR ADVANCE RATES UNTIL JUNE 1ST.

After that date our advance rate on subscriptions to the United States will be increased from \$1.00 to \$1.50; on subscriptions not paid in advance from \$1.50 to \$2.00.

If you have not paid your subscription for 1907 YOU MAY SECURE IT AT THE \$1.00 RATE by remitting before June 1st, paying at the same time for subscriptions now previous to this year at rate of \$1.50.

Orchardists have a new foe to contend with this spring, the Tussock Moth, or the Brown-tail Moth as it is called in the States, where last season it did an enormous amount of damage, not only to fruit trees, but also to the shade trees, especially the elm and the maple. The caterpillar webs have already been discovered in this County and in Kings. The webs are suspended from the branches, and the caterpillars are brown and about half an inch long. They have made their appearance in the vicinity of Bridgetown upon the farm of A. Owen Price. Mr. Price is keeping up a vigilant watch for the pest and it behooves all our fruit growers to do likewise. These caterpillars are especially obnoxious from the fact that during their molting season they shed hairy spores which float upon the air, and falling upon human flesh cause a rash which is known as the "brown-tail moth itch," and which is very painful and disagreeable. In Montreal a regular force has been detailed to fight the pest and protect the ornamental trees of the streets and parks. In another issue of the Monitor we shall give a more detailed description of the insect.

Business Block Burnt.

(Continued from page 4.)
 It is stated by those who formed the impromptu salvage corps at the fire that if twenty workers with ladders had been present the entire stock on the two show room floors could have been saved. It was at least half an hour after the alarm was given before ladders were brought, and it was then too late to enter the building. Dr. Armstrong states there was no smoke in the main part of the building for some time after the doors were forced open.

The stock saved from the fire is worth in the neighborhood of \$1,000 dollars. Messrs. Hicks have secured a store in the Murdoch block, (now owned by J. E. Lloyd) and have already sent in orders to their dealers for additional goods for the spring trade.

Perhaps the most unfortunate feature in connection with the fire was the irreparable loss sustained by Mr. and Mrs. Henry Hicks, who had recently sold their house, with the intention of re-building, and had stored their choice pieces of furniture and household goods in the store only the day before the fire. These included a very valuable collection of wedding gifts, which were totally destroyed, with the exception of a few small pieces which somehow escaped the flames, and were returned to Mrs. Hicks in a more or less damaged condition, but which were gratefully received. These goods could have been saved intact had the members of the firm or the employees been present, as they had been placed in barrels and cases just inside the side door on the ground floor. Only an hour before the fire was discovered the senior partner left the Y. M. C. A. rooms where he had been attending the director's meeting, for his father's home, about a quarter of a mile from town. Rev. A. J. MacDonald and Mr. H. H. Johnston, leaving the meeting at the same time stopped at the Main gate, directly opposite the Hicks building, and stood for some minutes discussing the meeting. A little later a number of young people passed on their way home from an evening party.

One of the young men states that he saw some one in the building through one of the upper south side windows. So convinced was he in this impression that he accosted Mr. Fulmer next morning, asking "who was working so late last night?" Although this might easily have been an illusion, it might on the other hand be a clue worth investigating. If we have any fire-bugs around we want to know it.

\$7,000 represented the entire insurance of which \$1,000 was on the stock, \$3,000 on the building, part with the Sun Life and part with the Western Assurance Company. The building is estimated to have been worth \$5,000, while the contents were worth at least an equal amount. A large new spring stock had just been received, and orders booked by the firm for immediate delivery amounted to \$100, on part of which cash payment had already been made. Over a thousand dollars worth of brackets, in which the firm did a large business, had been finished and boxed up the day before, ready for delivery.

Another regrettable incident of the fire is that Mrs. Frank Flett lost a quantity of nice furniture and household articles stored in the H's building, on which there was no insurance.

Y. M. C. A. Directors Meeting

The many times adjourned meeting of the directors of the Bridgetown Y. M. C. A. was held last evening in their rooms.

Only a few of the directors were present although this was the sixth meeting called within a week to discuss the present financial condition of the association.

President George H. Dixon took the chair and explained the object of the meeting.

At a previous meeting the auditors submitted their financial statement, showing a deficit of about \$200, the greater part of which was due the secretary, Mr. MacDonald, for salary, and whose term expired in March last.

The matter of the present financial condition of the association was fully discussed by those present. At a previous meeting a Committee was appointed to canvass the town and to solicit subscriptions towards making up this deficit, which was then over \$300. This Committee were only successful in collecting about \$75, with some promises.

After full discussion it was moved, seconded and passed that, owing to the large deficit, in the opinion of the directors it would not be feasible to engage Mr. MacDonald as instructor and secretary for a further term at present, and that the rooms should be closed for the summer or until such a time as the citizens will make a united effort to subscribe sufficient money to pay the running expenses of the association, as the directors do not consider it fair that they should personally be called upon to make up the deficit, where the institution, is for the benefit of the citizens generally.

It was further resolved that another appeal be made to the citizens asking them to assist to pay the present deficit so that when the rooms are again opened the directors will be able to start with a clear sheet.

Any citizen who would like to help along this good cause by giving some thing towards its support can do so by handing their subscriptions at once to the treasurer, H. Ruggles, Esq., by whom they will be duly acknowledged.

Small favors gratefully received. The directors all agree and are of one mind as to the benefits that this association has been to the town under the good and efficient management of Mr. MacDonald, and all regret that they are for persons given unable to engage his services at the present time but they do not feel like personally incurring further responsibility and expense, unless supported by the citizens generally.

At the Experimental Farm, Napuan, N. S., in W. S. Blair's (Horticulturalist) report for 1905, we notice that of the different varieties of strawberries under test that Senator Dunlap leads the list, yielding at the rate of 1637 quarts per acre (over 300 bushels).

Plants are doing finely.
 FRED R. FAY, Bridgetown.

Plants arrived in good condition, and are doing well.
 ARTHUR WISWALL, So. Farmington.

Please find enclosed cheque for \$2.50 to cover amount of bill for strawberries. I think every one will live.
 L. D. SHAFNER, Bridgetown.

Plants arrived, and are like the others, most satisfactory. Accept my thanks for your generous counting. Had I known of you before ordering from Vanderburg, Ont., I would have saved my money as well as a lot of useless work. I shall take great pleasure in speaking to my friends of your plants when I find any of them needing them.

LOCAL AND SPECIAL

Johnson Bruce, of Upper Granville, sold a pair of oxen to Holmes Parker, Berwick, for \$200.

The monthly meeting of the School board will be held on the 14th, when matters of importance will come before the meeting.

The marriage of Miss Lucy B. Young to William E. Bent, of Granville, is announced to take place on Wednesday May, 15th, at the home of her aunt, Mrs. John Longmire.

The decision of the town council to procure a fire alarm bell will meet general approval. It has been felt for some time that the silent alarm system does not meet the requirements of the situation.

The fine corner lot of Abram Young, Granville St., has been selected as the site of the new Baptist parsonage, and preparations for building have already begun.

A paper read by T. E. Smith, of Clarence, before the N. S. Fruit Growers Association has been published by the Rural New Yorker. We are requested to reprint the article in the Monitor but are obliged to reserve it for a future issue.

In addition to the notes mentioned in our last issue, Thomas Marshall has moved into E. Fisher's tenement over his new store. Henry Nicholls has moved to Arch Hicks' house, and Rice has changed his residence from Centreville to Carleton's Corner.

The death occurred at the County Home last week of Margaret Brown, a well known colored woman, a familiar figure in Bridgetown, where she has lived upwards of a century. She did not know her own age exactly, but many of the older residents claim that she was not far from the centenary mark.

At the evening service at the Bridgetown Baptist Church, on Sunday last, five persons were baptized by Pastor W. H. Warren. A large congregation was present. On Sunday morning next the hand of fellowship will be given to the new members.

The members of I. O. F. Crescent Lodge held their anniversary service in the Methodist Church last Sunday afternoon, marching in a body from their Hall to the church, where an impressive sermon was delivered by Rev. A. J. Macdonald. Appropriate music was rendered by the choir.

C. W. Spence, general manager of the eastern lines of the McKenzie and Mann system, is in Nova Scotia on a tour of inspection. When questioned in regard to a steamer being placed on the route between St. John and Victoria Beach, he is reported as saying that he had no information to give.

B. M. Williams, the well-known provision dealer, has taken into business partnership with him, G. B. Tibert, formerly an employee in his business, but of late years holding a position with a lumber firm in Newfoundland. A large circle of friends welcome the return of Mr. Tibert, with his wife, to Nova Scotia, and we trust the new business venture will meet with the success it deserves.

We owe an explanation to our Granville subscribers for the delay of last week's issue of the Monitor in reaching them. Through insufficient care in wrapping the bundle, or carelessness in handling, the label was torn from the bundle, so that on reaching the Annapolis post-office the postmaster there was unable to forward without communicating with us, thus causing a couple of days' delay.

Percy Saunders, photographer, with headquarters at Middleton and branch studios at Kingston and Digby, will open a studio at Bridgetown in the rooms in the Rice building, formerly occupied by N. M. Smith, photographer. Mr. Saunders studied with De Young and Edebmeyer, of New York city, and numbers several prominent people among his patrons. We trust he will meet with success in Bridgetown.

Clarence Young's house was broken into last winter and a quantity of silverware, table linen, etc., taken from the house. Suspicion falling upon a young man named Walter Fowler, he was apprehended and brought for trial before Stipendiary Cox last week. The goods were found upon his premises and the case was held over for trial in Supreme Court. One of his friends agreeing to go bail \$100 for him he was released from jail, and the consequence is that he has taken leave of this part of the country.

PERSONALS

George G. Eaton leaves today for Maine.

Miss Janie Piggott, of Granville Ferry, is visiting her aunt, Mrs. Lansdale Piggott.

F. L. Jennings, the popular Post Card man, traveller for the McCoy Printing Co., was in town yesterday.

Miss Winnie Dun'rack, of St. John, and Miss Bertha Allen, of Middleton, spent Sunday with Miss Gladys Reed.

Miss Healy is back at her post in Telegraph office, having returned last week, Miss Morse accompanying her.

William Chipman was in town last week, looking well after his year abroad, which he and Mrs. Chipman both enjoyed fully.

Vroom Hoyt, who has held a position in the head office of the Union Bank of Halifax for several years, was transferred last week to New Glasgow.

Mrs. L. D. Shaffer went to Boston Saturday to see her little daughter, Helen, who is, we are pleased to state, making satisfactory progress toward recovery.

Rev. E. E. Daley and wife, of Truro, started on April 30th for Oakland, Cal., in response to a telegram informing them of serious illness in the family of F. B. Cook, brother-in-law of Mr. Daley.

Mrs. Hastings Freeman, after spending several weeks with her father, Dr. deBlois, was sufficiently recovered to leave yesterday for her home in Shelburne. Mrs. Freeman was accompanied by her daughter, Miss Blois, and Miss Hattie Walsh, who has been attending her during her illness.

Miss Bessie Parker, graduate of Hotel Dieu, training school for nurses, El Paso, Texas, class '02, and post graduate of General Memorial Hospital, New York City, class '06, has recently been appointed superintendent of the Amherst General Hospital, Amherst, N. S. Miss Parker has filled the position of head nurse at the above institution for the past year.

NOTICE

George O. Chese, barrister, of Annapolis Royal, will be in Granville Ferry on Monday and Friday mornings in each week and at other times by appointment. Office that recently occupied by the Union Bank of Halifax.

Don't forget the lecture in the Temperance Hall Friday evening, the 10th, under the auspices of the S. A. to be addressed by Adjutant Smith. Subject: Life in London. Admission 10 cents.

A good number of entries, mostly from the eastern part of the county have already been received for the Split-Log Drag competition. Other communities should be represented. Send entries not later than May 15th to The Outlook, Middleton, N. S.

J. H. Hicks & Sons have opened a store next to Codrill's book store and will carry on their business in all lines as before. Goods which were in transit at the time of their fire and rush orders placed the day following will shortly arrive. All goods saved from the lower floor are now on sale.

CARD OF THANKS

We wish to express our sincere thanks to the firm and all those who, with willing hands, so ably assisted in saving goods at the fire, and to Rev. and Mrs. Macdonald who placed the church and manse property at our disposal. We also appreciate the many expressions of sympathy which have been tendered to us and assure you that your assistance, kindness and sympathy greatly lessen our feeling of loss.

Among Our Neighbors

CLEMENTSPORT

The Sunday School Convention of
this district was held in the Methodist
Church here on the afternoon and eve-
ning of Monday, April 29th. A very
interesting program was gone through
with, the result of which will no doubt
be the means of aiding and bettering
the various schools of the district in
their work. Several very able and in-
teresting papers were read and ad-
dresses given by those present as well
as some very profitable hints on Sun-
day School work by means of the
"Round Table" conducted by Mrs.
Whitman, of Granville Ferry. Indeed
all seemed to be of the opinion that
it was the best Convention held in
this district for some time. W. C.
Jones, president, occupied the chair,
and Mrs. Fred Jones, District Secre-
tary, performed the duty of secretary.
Miss Annie Young, County Secretary,
from Paradise, was present and read a
very profitable paper. The Revs. Mr.
Marcell, Mr. Carter and Mr. Hommeson
were present and did much to make
the meeting a success. Among the
ladies who read papers, besides Miss
Young already mentioned, were Mrs.
Marcell and Miss McClelland. The offi-
cers elected for the coming year are L.
Sprengle, President; Mrs. F. Jones,
Secretary; W. C. Jones, Educational
Department; Mrs. W. C. Jones, Tem-
perance Department; with Mrs. G.
Jones and Mrs. P. Chute, assistants.
Mrs. A. D. Hoop, Credit Roll. There is
also the Home Department to be man-
aged by some of the above named
persons. The reports of Superinten-
dents were very cheerful and progress
seems to have been made during year
just closed in most all the schools in
the district. May the good work go
on.

The Rite of Confirmation took place
in the Episcopal church here on Tues-
day evening, April 30th, when some
five persons received this rite at the
hands of the Lord Bishop of Nova
Scotia.

Mrs. Moody with her daughter,
Ethel, received the sad news that her
son, who lives in Montreal, was ill
with appendicitis and had to undergo
an operation. They left on Tuesday,
April 30th, for this city to see and
help care for the son and brother.

Sch. Mercedes, Capt. Henshaw,
which left this port for Boston on the
29th, met with quite a mishap, break-
ing part of her bowsprit and doing
other damage, which made it necessary
for her to return for repairs.

Wiley Burns, son of Capt. Amos
Burns, will occupy the William Ritchie
house this summer, formerly occupied
by Mr. Hatfield.

Dame Rumor says there are several
persons suffering from la grippe at
present here.

The three masted schooner, Captain
Pettifox, from Annapolis Royal, is
now loading piling at this port for
Boston. H. Hicks is loading her.

We regret to learn of the quite sud-
den death of Charles Shaw, of Malden,
Mass. Mr. Shaw was a native of
Clementsport but has lived in the
United States for several years past.

We regret also to learn that Captain
Alonso Merritt, who was poisoned a
few weeks ago by eating canned sal-
mon, is growing weaker and little hopes
are entertained of his recovery. This
is indeed a very sad case.

DALHOUSIE WEST

Death has visited our vicinity again
and claimed as its victim the young-
est son of Mr. and Mrs. John Hannam
aged one year and four months.

We understand that John Anderson
has purchased a saw mill, which will

William Sullivan, of Bridgetown,
spent a few days of last week cutting
stone in this place for W. J. Hoyt.

Elozer Gillis sold his oxen and pur-
chased a heavier pair.

Mr. and Mrs. Thomas Todd welcom-
ed a little daughter to their home on
April 30th.

TUPPERVILLE

Rev. Dr. Jost preached here last
Sunday morning.

Alfred Inglis, senior, is having his

teacher and pupils of the school Fri-
day, May 3rd.

RELIEF FROM RHEUMATIC PAINS.

"I suffered with rheumatism for over
two years," said Mr. Rolland Curry, a
patrolman, of Key West, Fla. "Some-
times it settled in my knees and lamed
me so I could hardly walk, at other
times it would be in my hands and
feet so I was incapacitated for duty.
One night when I was in severe pain
and lame from it my wife went to the
drug store here and came back with a
bottle of Chamberlain's Pain Balm. I
was rubbed with it and found the pain
had nearly gone during the night. I
kept on using it for a little more than
two weeks and found that it drove
the rheumatism away. I have not had
any trouble from that disease for over
three months." For sale by W. A.
Warren, Phm. B.

hopeful.

COUGH REMEDY.

People everywhere take pleasure in
testifying to the good qualities of
Chamberlain's Cough Remedy. Mrs.
Edward Phillips of Barclay, Md.,
writes: "I wish to tell you that I can
recommend Chamberlain's Cough
Remedy. My little girl, Catherine,
who is two years old, has been taking
this remedy whenever she has had a
cold since she was two months old.
About a month ago I contracted a
dreadful cold myself, but I took
Chamberlain's Cough Remedy and was
soon as well as ever." This remedy is
for sale by W. A. Warren, Phm. B.

Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. Bile is then absorbed into the blood, and makes it impure. Keep the bowels open with Ayer's Pills, liver pills. All vegetable.

Made by J. C. Ayer & Co., Lowell, Mass. Also manufacturers of PAIN EXPELLER, HAIR VIGOR, AYER'S CURE, GREENY PECTORAL.

BELLEISLE

OBITUARY

CHARLES E. SPURR.

Charles E. Spurr, of Round Hill, died Friday morning after a few days' illness of pneumonia. Mr. Spurr was one of the oldest residents of that village and one of the very successful farmers of this county, having gathered together considerable property. The deceased was 78 years old, a member of the Church of England and a liberal in politics. He leaves two sons, Augustus and Fred, the former of whom resides at Round Hill and the latter in the United States in the employ of a railway company, and two daughters, Mrs. Pines, of Cornwallis, and Miss Clara, who lives at home. The deceased kept the post office for many years and was the D. A. R. station agent from the time the road opened until the day of his death. He was one of the honorable and upright men of the age.

HENRY MERRY.

At Albany, Annapolis Co., on Sunday, April 28th, Henry Merry passed to his rest and reward at the age of 79 years.

The deceased was the last of the family of the late John Merry, one of the pioneer settlers of Albany. A robust constitution, industrious and energetic habits enabled him to carve from the virgin soil a comfortable home for a large family. He held exalted moral ideals, feared God and walked in the paths of righteousness. No man ever questioned his integrity, while he was held in high regard by all who had the pleasure of his acquaintance.

The entire family of nine children live to mourn the loss and revere the memory of a kind and generous father. All but one son, Thomas, live in the United States. Five of the absent ones reached the old home on Saturday and were warmly welcomed by the dying father. The end came on the Sabbath evening. Just as the sun sank grandly to his seeming rest, the light of life went out and Henry Merry passed triumphantly to the city whose builder is God.

A large number of relatives and friends followed the remains to the quiet spot on the hillside near his late residence, and hopefully look him down to await the resurrection morn. The services at the home and grave were conducted by Rev. W. Brown, Methodist minister, Lawrenceston.

SMITH'S COVE

Rev. R. D. Porter, whose wife died recently, auctioned off his household effects, and will make his future home with his daughter, Mrs. W. B. Freeman, Halifax. Rev. Mr. Porter is a retired Baptist minister, and has been living here about three years. He came from Middleton to this place, settling on the Porter farm, which he bought and which he sold again recently to Charles F. Chase, a New Yorker, who is interested in land here because of the good prospects for tourist business. He paid Mr. Porter in the vicinity of three thousand dollars for the farm, and it is said that his ultimate intention is to build a large summer hotel. At present he is engaged in the erection of log cabins on quite a large scale, and he rents them at a very profitable figure to those who prefer that sort of life to living at a hotel. He is advertising extensively for the coming season, and expects many people, and incidentally looks forward to cleaning up a nice little nest egg for himself.

Miss Maud Porter has gone to take charge of her school.

Mrs. George L. Dickson has returned to her home in Stellarton.

Mrs. George Austin has returned from Boston, where she spent three months.

Captain and Mrs. Austin have gone to Little River to begin the season's operations in their canning factory there.

Mr. and Mrs. D. W. Puddington have taken up their residence here for the summer, having leased the Bryant house for six months.

Mr. and Mrs. Byron Lingley, St. John, will arrive June 4th for the summer. They have rented part of Imperial Hall from Captain Bent.

BLOOMINGTON

Mrs. John Hudgins, of Margaretsville, is spending a short time with her daughter, Mrs. Milford Vidito.

Rev. C. H. Haverstock preached in the school house Wednesday evening.

Mrs. Edwin Thompson, who has been at Middleton for a few weeks, returned home Thursday.

Fisher Vidito and his son, Emery, have taken the contract for sawing and hauling sixteen thousand of laths to Nictaux Falls.

Daniel Hudgson left for Keetville Saturday.
