H. G. LAMOTHE, Clerk of the Crown in Chancery for Canada. He also delivered a special Return of Thomas Bingham, of the town of Bowmanville, in the County of Durham, the Returning Officer for the West Riding of the County of Durham, which is as follows :—

SPECIAL RETURN OF THOMAS BINGHAM, ESQUIRE, OF THE TOWN OF BOWMANVILLE, IN THE COUNTY OF DURHAM, THE RETURNING OFFICER FOR THE WEST RIDING OF THE COUNTY OF DURHAM.

BOWMANVILLE, ONTARIO, November 14th, 1900.

To the Clerk of the Crown in Chancery, at Ottawa.

As I was commanded by the Writ duly issued to me by Royal authority and dated the ninth day of October, 1900, and received by me on the twelfth day of October, 1900, I issued the usual proclamation giving notice of the time and place of an election according to law of a Member to serve in the House of Commons of Canada for the Electoral District of Durham West, in the Province of Ontario, causing the nomination of candidates at such election to be held on the thirty-first day of October, 1900, and the voting, in case of more than one candidate being nominated, on the seventh day of November, 1900. The Writ and a copy of the proclamation referred to accompanies this report.

On Monday the twenty-ninth day of October, 1900, a nomination paper was handed to me at my office in Bowmanville apparently properly signed by thirty-seven electors of West Riding of the County of Durham, in the presence of a witness, nominating Mr. Robert Beith, of the aforesaid town of Bowmanville, farmer, for the position of Member for the said Electoral District. The said nomination paper had affixed to it the consent of the said Robert Beith duly signed by him in the presence of the same witness who signed his name to signify that he had seen the said electors and Mr. Robert Beith sign the said nomination paper and consent respectively. The said witness made oath before me that he had seen the said electors and Mr. Robert Beith sign said nomination paper and consent respectively. The said nomination paper and consent were handed to me by Mr William F. Allen, of Bowmanville, the financial agent of Mr. Robert Beith, duly appointed by him in writing, and at the same time the said Mr. Allen gave me two hundred dollars in bills of the Standard Bank of Canada. I gave to him a receipt for the nomination paper, the two hundred dollars, the appointment of the financial agent, and stated in same that the witness who had seen the electors sign the nomination paper and Mr. Robert Beith sign the consent had taken before me his oath to that effect. I deemed this nomination paper had been deposited with me in every respect regularly and as required by law. The said nomination paper, consent, and affidavit of the witness accompanies this report.

On Monday the twenty-ninth day of October, 1900, Mr. E. H. McLean, of the village of Newcastle, in the Electoral District of West Durham, a practicing Barrister and Solicitor, called on me at my office in Bowmanville and left with me a paper purporting to be signed by Mr. C. Jonas Thornton, of the Township of Clarke, in said Electoral District, appointing Mr. Robert Russell Loscombe, of Bowmanville aforesaid, a practicing Barrister and Solicitor of long standing in said town, as his financial agent during said election.

On Tuesday the thirtieth day of October, 1900, the Mr. Loscombe referred to called on me at my office in Bowmanville and asked me if Mr. McLean had left with me a nomination paper for Mr. Thornton. I told him that he had not, and that I had no nomination paper for him. He told me that he expected that Mr. McLean had left it with me the day before. He then said "I will pay you the deposit required now and Mr. McLean can bring it in again." He then offered me a cheque drawn on the Agency of The Standard Bank of Canada at Bowmanville signed by Mr. C. J. Thornton, payable to the said Mr. Loscombe or order, endorsed by the said Mr. Loscombe, and "marked good" by the said Agency of said Bank. I took up the cheque and looking at it said to Mr. Loscombe, "This is not in accordance with the requirements of the Act which says that the deposit has to be in legal tender or bank bills." Mr. Loscombe replied, "This is all right, it does not make any difference." Knowing that Mr. Loscombe was an old practicing lawyer, Mayor of the town and a prominent man, and feeling that I was not competent to argue the question with him, and that I had done all my duty in warning him I said no more. I thereupon made out and handed to him a receipt for the cheque showing by the receipt that I had received from him two hundred dollars, which he took and went away. I have stated all the conversation which took place between Mr. Loscombe and myself at the time in any way referring to or bearing upon the nomination paper, cheque, payment of the money, or the money itself. I, immediately after Mr. Loscombe went away, went from my office as stated, took the cheque to the Agency of the Ontario Bank and deposited same to my credit, in an account of mine in the said Bank.

On Wednesday the thirty-first day of October, 1900, Messrs. Loscombe and McLean came to me, when I was sitting with my election clerk, at the time and place appointed by the proclamation for receiving nominations, and between twelve o'clock noon and two o'clock in the afternoon, and handed to me a nomination paper, apparently properly signed by thirty-one electors in the presence of a witness, nominating Mr. Charles Jonas Thornton, of the aforesaid Township of Clarke, farmer, for the position of Member for the said Electoral District. The said nomination paper had affixed to it the consent of the said Charles Jonas Thornton, duly signed by him in the presence of the same witness who signed his name to signify that he had seen the said electors and Mr. Charles Jonas Thornton sign the said nomination paper and consent respectively. The said witness made oath before me that he had seen the said electors and Mr. Charles Jonas Thornton sign said nomination paper and consent respectively. The said momination paper was handed to me by said Mr. McLean in the presence of the said Mr. Loscombe and my election clerk. I gave him a receipt for the said nomination paper.

I acted on these two nomination papers and proceeded with the election, appointed deputy returning officers in the regular way, issued ballot papers, ballot boxes, and instructions to the deputies, and voting took place in the said Electoral District of West Durham on the seventh day of November, 1900, and the ballot boxes were subsequently collected in by me.

On Saturday the tenth day of November, 1900, the day fixed by me in the proclamation to sum up the votes for the candidates, with the consent of the agents of Mr. Beith and Mr. Thornton, I adjourned the time for summing up to Wednesday the fourteenth day of November, 1900, at two o'clock. The reason for the adjournment was that two of the ballot boxes had not been returned.

On Monday the twelfth day of November, 1900, I learned that the question of the validity of the nomination papers of Mr. Charles Jonas Thornton was to be raised before me on the adjourned appointment for summing up the votes, and I at once decided that I should have the opinion of disinterested counsel to guide me as to what I should do. I sent to Mr. A. B. Aylesworth, Q.C., of Toronto, and Mr. W. R. Riddell, Q.C., of the same place, a statement of all the circumstances, and asked their opinion and advice as to my duty. Annexed to this report is a true copy of the letters I sent to the counsel. The letters were sent separately, and I have no knowledge that they conferred together on the questions.

On the morning of Wednesday the fourteeth day of November, 1900, I received from Mr. A. B. Aylesworth an opinion, a true copy of which is hereunto annexed; and on the same morning I also received from Mr. W. R. Riddell an opinion, a true copy of which is hereunto annexed.

On Wednesday the fourteenth instant, at the hour mentioned, I was attended by Mr. Charles Jonas Thornton in person and Mr. Loscombe for him, and by Mr. D. B. Simpson, Q.C., and Mr. H. F. Hunter for Mr. Robert Beith, and in presence of these parties, and my election clerk, I opened all the ballot boxes, with a view to summing up the votes. I found the envelope which is supposed to contain the certificate of the deputy returning officer, with which alone I have to do in summing up the votes, in all the boxes with the exception of two. As to one of these the parties agreed that I should enter the figures as I have received them, in another form, from the deputy returning officer concerned, and I entered all the figures for all the polling divisions but one. At this point Mr. Simpson stated that he had an argument to address to me which he would like settled before anything further was done. He then made a statement of the facts connected with the deposit of the nomination paper with me and the payment of the \$200, similar to, if not exactly the same, as stated above, and, after argument, submitted that the nomination paper of Mr. Charles Jonas Thornton under the Statute was not valid and should not have been acted upon by me. He stated that Mr. Robert Beith was legally the Member for West Durham, but asked that I do not return either candidate as elected, but make a special return of all the circumstances to you. Mr. Loscombe replied to the argument, contending among other things that I could exercise no other function than sum up the ballots and report the candidate who had the highest number of votes as the member elect. Mr. Simpson replied to his argument.

After explaining my position and what influenced me to write to Messrs. Aylesworth and Riddell for their opinions, I read to the parties a copy of the letters I had sent to these counsel and their replies above referred to, and announced my intention to be guided by their advice.

I further say that I have not yet received the missing return from the ballot box spoken of, but Mr. Thornton and his agent Mr. Loscombe admitted the correctness of the figures I had, and Mr. Simpson and Mr. Hunter, subject to the objection as to the validity of Mr. Thornton's nomination paper, admitted also the correctness of the figures, and, with these figures introduced, Mr. Charles Jonas Thornton received 1637 of the votes cast at said election and Mr. Robert Beith 1597 votes, leaving Mr. Charles Jonas Thornton a majority of 40.

I make this return to the writ to me directed in accordance with the opinions and advice of the counsel I consulted, Messrs. Aylesworth and Riddell. They both are apparently clearly of opinion that the nomination paper of Mr. Charles Jonas Thornton was invalid and should not have been acted upon by me, and that my duty is to make a special return to you of all the circumstances, not attempting to decide the question raised, but leave that to the proper tribunals of the country, and not return any candidate as elected.

All of which I humbly certify.

I am, Sir,

Yours obediently,

THOS. BINGHAM, Returning Officer.

COPY of letter referred to in my special Report issued to the Clerk of the Crown in Chancery and bearing date the 14th day of November, 1900, which was sent to Messrs. A. B. Aylesworth, Q.C., and W. R. Riddell, Q.C.

THOS. BINGHAM,

Returning Officer, West Durham.

BOWMANVILLE, November 12th, 1900.

DEAR SIR,—I desire your opinion on the following case and your answers to the concluding questions.

I was appointed and am now the Returning Officer for the West Riding of Durham, in the pending election of a Member for the House of Commons. I issued the usual proclamation, appointing Wednesday the 31st ultimo for the nomination of candidates, Wednesday the 7th instant for the summing up by me of the votes. Owing to the ballot boxes not being in I postponed the summing up to Wednesday the 14th inst.

I received some days previous to nomination day (the 29th ultimo) the nomination paper of Mr. Robert Beith, with every detail in perfect order.

On Monday the 29th ultimo, a Mr. E. H. McLean, a solicitor and supporter of Mr. C. J. Thornton, called on me at my office and left with me a paper signed by Mr. Thornton, appointing Mr. R. R. Loscombe, of Bowmanville, as his financial agent. On Tuesday the 30th ultimo, Mr. Loscombe called on me and asked me if Mr. McLean had left with me the nomination paper of Mr. Thornton. I told him in reply that he had. not and that I had not any nomination paper for Mr. Thornton. He then produced a cheque of Mr. C. J. Thornton, drawn on the Agency of The Standard Bank in Bowmanville, payable to the order of Mr. Loscombe, marked good, and endorsed by himself, which he proffered in payment of the deposit required by the Dominion Elections Act, saying he would make the deposit and Mr. McLean could hand in the nomination paper later. I looked at the cheque and told Mr. Loscombe that this was not in accordance with the requirements of the Act, which said that the deposit had to be in legal tender or bank bills. He then said to me "This is all right, it does not make any difference." I took the cheque, gave him a receipt, showing that he had paid me \$200. I then took the cheque and deposited it to my account in the Ontario Bank. On Wednesday the 31st ultimo, Messrs. Loscombe and McLean came together and handed to me the nomination papers. It is a matter of common report that Mr. Thornton received a majority of the votes cast, about 40 I believe. I have to make my announcement on Wednesday next as to which candidate is returned as the Member for the Riding.

1. Did the circumstances connected with the deposit of a nomination paper of Mr. Thornton, the paying of the deposit, &c., as above set out, render it a valid nomination paper which I should have acted upon ?

2. Did my acts as stated above cure any irregularity which existed in connection with the said nomination paper, if you conclude there was any irregularity?

3. What is my duty under the circumstances, if you decide that the nomination paper was not valid and should not have been acted upon ?

Will you be good enough to give reasons shortly for your conclusions, and bear in mind that I must have your opinion to be of any use to me by Wednesday morning.

Yours truly, THOS. BINGHAM.

COPY of opinion of A. B. Aylesworth, Q.C., referred to in my special report issued to the Clerk of the Crown in Chancery and bearing date the 14th day of November, 1900.

THOS. BINGHAM,

Returning Officer, West Durham.

TORONTO, Nov. 13, 1900.

THOS. BINGHAM, Esq.,

Bowmanville. DEAR SIR,—I have your letter of yesterday, stating your position as Returning Officer at the recent election for the West Riding of Durham, and the circumstances connected with the delivery to you of the nomination paper, and of a cheque for the statutory deposit on behalf of Mr. C. J. Thornton, one of the candidates at this election.

You ask my opinion as to the validity of this deposit and nomination paper, and as to your duty under the existing circumstances.

The requirements of the law as to the manner of making the candidate's deposit with the returning officer are very clear. Sec. 34 of the Dom. Elections Act provides that a sum of \$200 in legal tender or in the bills of some chartered bank doing business in Canada at the time the nomination paper is filed. You state that in this case the deposit was not made with you in cash, but a cheque of the candidate, not payable to your order, but endorsed over to you by the payee, was handed to you as representing this statutory deposit.

I am clearly of the opinion that such a manner of making, or attempting to make, the deposit was not a compliance with the law.

The Elections Act is very distinct in providing that no nomination paper shall be valid and acted upon by the returning officer unless the deposit of \$200 in cash is made with the returning officer at the time.

In the present case this was not done, and I am therefore of opinion that Mr. Thornton's nomination paper was *not valid*, and that it *ought* not to have been acted upon by you. Whether your conduct in receiving the cheque, and in depositing it to your credit in your own bank, and afterwards issuing ballot papers, and allowing the voting to proceed, has or had not had any effect to cure this initial invalidity in Mr. Thornton's nomination paper, is in my opinion a doubtful question of law. I am not willing to take the responsibility of deciding it for you, and I should not suppose you would be willing to decide it for yourself. It is one on which I should not be surprised if even Judges arrived at different conclusions. Under these circumstances you will probably be best advised if you decline to take the responsibility of solving the difficulty.

To return Mr. Thornton as elected without making any mention of the invalidity of his nomination paper would be to ignore that invalidity altogether. To return the other candidate, who has not received a majority of the votes cast, would certainly not be right.

Under these circumstances, apparently, your only course is to make a special return, stating the facts, and leave the matter to be dealt with by the proper tribunals of the country.

Yours truly,

A. B. AYLESWORTH.

THOS. BINGHAM,

Returning Officer, West Durham.

TORONTO, November 13, 1900.

THOMAS BINGHAM, Esq.,

Bowmanville.

DEAR SIR,--I am in receipt of your letter of 12th November, instant, and I understand the facts upon which you desire my opinion to be as follows :----

You were appointed returning officer for the West Riding of Durham. The usual proclamation was issued. Some days previous to nomination day (the 29th ultimo), the nomination paper of Mr. Beith, with every detail in perfect order, and accompanied by everything called for by the Statute, was handed to you. On Monday the 29th, Mr. E. H. McLean, a solicitor, left with you a paper signed by Mr. Thornton, appointing Mr. R. R. Loscombe, of Bowmanville, as his financial agent. On the 30th ultimo, Mr. Loscombe called upon you, and, being informed that you had received no nomination paper for Mr. Thornton, Mr. Loscombe produced a cheque of Mr. Thornton on the Standard Bank in Bowmanville, payable to the order of Mr. Loscombe, marked "good" by the Bank, and endorsed by Mr. Loscombe. This he proffered as the deposit required by section 34 of the Dominion Elections Act, saying that he would make the deposit and Mr. McLean could hand in the nomination paper later. You then told Mr. Loscombe that this was not in accordance with the requirements of the Act, which said that the deposit must be in legal tender or bank bills. Mr. Loscombe then said "this is all right, it does not make any difference," whereupon you took the cheque, gave him a receipt that he had paid \$200, and afterwards you took the cheque and deposited it to your account in the Ontario Bank. On Wednesday the 31st ultimo, Messrs. Loscombe and McLean came together and handed to you the nomination paper of Mr. Thornton. You acted on the two nomination papers, whereupon voting took place on the 7th November instant. It is understood that Mr. Thornton has received a majority of the votes cast.

Under these circumstances, you ask me the following questions :----

1. Did the circumstances connected with the deposit of the nomination paper of Mr. Thornton, the paying of the deposit, etc., as above set out, render it a valid nomination paper, which you should have acted upon?

2. Did your acts, as stated above, cure any irregularity which existed in connection with the said nomination paper, if I should conclude that there was any irregularity?

3. What is your duty under the circumstances, should I decide that the nomination paper was not valid, and should not have been acted upon?

You desire also that I should give my reasons, shortly, for my conclusions. I am of opinion :

1. The nomination paper of Mr. Thornton under the circumstances set out by you was not valid and should not have been acted upon.

My reasons for so thinking, are, that section 34 of The Dominion Elections Act provides in so many words.

"No nomination paper shall be valid and acted upon by the returning officer unless a sum of two hundred dollars in legal tender or in the "bills of any chartered bank doing business in Canada, is deposited in the hands of the "Returning Officer at the time the nomination paper is filed with him."

Leaving aside the fact that no deposit was made at the time the nomination was filed (which may possibly be cured by section 153 of the Act) it is perfectly clear that no sum of \$200, in legal tender or in the bills of any chartered bank doing business in Canada was so deposited. "Legal tender" has a well known signification, and that is "money which by the laws of the country may be offered in payment of a debt." A cheque is not such "legal tender."

2. Your acts did not cure the said defect in connection with the nomination paper.

Whatever may have been the object of the Parliament of Canada, they have expressed in words too clear to admit of any doubt what must be done in order to make a nomination paper valid, and they have expressly provided that a nomination paper shall not be valid or acted upon unless accompanied by this deposit. You have no power to change the law of the land, and no act done by you or anyone else can render that valid which the Parliament of Canada have declared to be invalid. I am strengthened in this view by the fact that sections 152 and 153 of the Act declare that an election shall not be invalid by reason of non-compliance with the provisions of the Act, as to the taking of polls, or of the counting of votes, or by reason of the want of qualification, in the persons signing a nomination paper, or of any mistake in the use of the forms contained in Schedule One, or by reason of non-compliance with the Act as to limitation of time. The Parliament have declared that irregularities shall not void the election and the well established legal principle is applicable here, viz. : that where Parliament have mentioned certain exceptions no other exceptions will be allowed than those which are mentioned.

3. Your duty in the first instance was to declare Mr. Beith elected. This it is still open to you to do. Since, however, the election has gone on (although upon a paper which was invalid and should not have been acted upon) and since you have already acted to a certain extent upon this invalid nomination paper, I think it would now be unwise for you to take upon yourself the responsibility of saying that the voting was a ' nullity. I think the course you should pursue is to make a special return of all the facts connected with this election without returning either candidate as elected, and to leave it to a higher authority to decide what should be done in the premises.

W. R. RIDDELL.

The aforesaid Commissioners did administer the Oath to the Members who were present,-which being done, and the Members having subscribed the Roll containing the Oath, they repaired to their seats.

Yours truly,

A Message was delivered by Réné Edouard Kimber, Esquire, Gentleman Usher of the Black Rod :---

Gentlemen of the House of Commons :

And the Members being returned, Sir Wilfrid Laurier, addressing himself to the Clerk, moved, seconded by Sir Richard Cartwright, that Louis Philippe Brodeur, Esquire, Member representing the Electoral District of Rouville, do take the Chair of this House as Speaker, which was agreed to unanimously.

OTTAWA, WEDNESDAY, 6TH FEBRUARY, 1901.

No. 2.

VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, THURSDAY, 7TH FEBRUARY, 1901.

The House having met, and the Speaker Elect having taken the Chair;

PRAYERS.

Mr. Speaker communicated to the House the following letter which he had received :--

OFFICE OF THE GOVERNOR GENERAL'S SECRETARY,

OTTAWA, 6th February, 1901.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to formally open the Session of the Dominion Parliament, on Thursday, the 7th instant, at Three o'clock P.M.

I have the honour to be, Sir,

Your obedient servant,

HARRY GRAHAM, Captain, A.D.C.,

Acting Governor General's Secretary.

The Honourable

The Speaker of the House of Commons.

A Message was delivered by Réné Edouard Kimber, Esquire, Gentleman Usher of the Black Rod, as foliows :---

MR. SPEAKER,

His Excellency the Governor General desires the immediate attendance of this Honourable House in the Senate Chamber.

Accordingly Mr. Speaker, with the House, went up to the Senate Chamber ;--and then Mr. Speaker spoke to the following effect :--

MAY IT PLEASE YOUR EXCELLENCY :

The House of Commons have elected me as their Speaker, though I am but little able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Commons, whose servant I am, and who, through me, the better to enable them to discharge their duty to their King and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of speech in their debates, access to Your Excellency's person at all seasonable times, and that their proceedings may receive from Your Excellency the most favourable consideration.

The Honourable the Speaker of the Senate then said :---

MR. SPEAKER,

I am commanded by His Excellency the Governor General to declare to you that he freely confides in the duty and attachment of the House of Commons to His Majesty's Person and Government, and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional privileges.

I am commanded also to assure you, that the Commons shall have ready access to His Excellency upon all seasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable construction.

And the House being returned,-

Mr. Speaker reported that the House had been in the Senate Chamber, and that he had, in their names and on their behalf, made the usual claim of privileges, which His Excellency had been pleased to confirm to them.

Sir Wilfrid Laurier introduced a Bill No. 1 respecting the administration of Oaths of Office ; which was read the first time.

Mr. Speaker reported His Excellency's Speech from the Throne, and read a copy thereof to the House, which is as follows :----

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

Since our last meeting the Empire has been called on to lament the demise of Her late Majesty Queen Victoria. The universal regret and sympathy with which the tidings of her decease have been received throughout the entire civilized world, afford the best testimony to the manner in which she has, at all times, discharged her duties, both as a woman and a sovereign, throughout her unprecedentedly long and glorious reign, and I will venture to add that in no portion of her vast territories were those sentiments more profoundly felt than in the Dominion of Canada.

You will, I am sure, take early action to express your sympathy with the Royal Family in their bereavement and your loyalty to the new Sovereign.

The Canadian contingents to South Africa have nearly all returned, and it affords me a very great gratification to be able to assure you that the valour and good conduct of our Canadian soldiers have called forth the highest encomiums from the several commanders under whom they have served during the arduous contest.

The union of the several provinces of Australia into one confederation, upon lines closely resembling those on which our own Dominion has been established, marks another important step towards the consolidation of the outlying portions of the Empire, and, I am well assured, will call forth your most sincere congratulations to the new commonwealth.

Acting on the advice of my Ministers, I had, previously to the great grief which has fallen upon the nation, tendered an invitation on your behalf to His Royal Highness

the Duke of Cornwall and York to conclude his intended visit to Australia by one to the Dominion of Canada, and I am glad to be able to inform you that His Royal Highness has been pleased to signify his acceptance of the same. I still hope that that visit may not be considered impossible. I have no doubt of the warmth of the welcome with which he will be received.

My Government has learned with great satisfaction of the progress being made with the Pacific Cable scheme, and I trust that nothing may occur to delay its early completion.

Last summer I made a tour through Canada as far as Dawson City and was everywhere received with unqualified proofs of devotion and loyalty. During my journey I was, from personal observation, much impressed with the great activity displayed in the development of the mining and agricultural industries of the country and with the substantial increase in its population. The thrift, energy and law-abiding character of the immigrants are a subject of much congratulation and afford ample proof of their usefulness as citizens of the Dominion.

It gives me great pleasure to note the excellent display made by Canada at the Universal Exposition in Paris. The fine quality and varied character of Canadian natural and industrial products is evidenced by the number of awards won in nearly every class of the competition. It is a remarkable testimony to the effectiveness of our cold storage transportation facilities that fresh fruit grown in Canada secured a large number of the highest awards. It is extremely gratifying to observe that, as a result of the display of Canadian resources, considerable foreign capital has found its way to Canada for investment and large orders from foreign countries have been received for Canadian goods.

The improvement of the St. Lawrence route continues to engage the very careful attention of my Government. During the past year ship channels have been widened and deepened, additional lights and buoys have been provided and in a short time there will be telegraph and cable communication with Belle Isle. These additional securities will tend to make safer and more efficient than ever our great waterway between the lakes and the Atlantic

I am glad to observe that the revenue and the general volume of trade continue undiminished and even show a moderate increase over the very large figures attained during the past year.

Measures will be submitted to you for the better supervision of the export trade in food products, and also in connection with the Post Office, the Pacific Cable and various other subjects.

Gentlemen of the House of Commons:

The accounts of the past year will be laid before you.

The Estimates for the succeeding year will likewise be placed upon the Table at an early date.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

I commend to your earnest consideration the measures to be submitted to you, invoking the Divine blessings upon the important labours on which you are again entering.

On motion of Sir Wilfrid Laurier, His Excellency's Speech was ordered to be taken into consideration on Monday next.

Resolved,-That Select Standing Committees of this House for the present Session be appointed for the following purposes :--1. On Privileges and Elections.--2. On Expiring Laws.-3. On Railways, Canals and Telegraph Lines.-4. On Miscellaneous Private Bills.-5. On Standing Orders.-6. On Printing.-7. On Public Accounts.-8. On Banking and Commerce. -9. On Agriculture and Colonization, -- which said Committees shall severally be empowered to examine and inquire into all such matters . and things as may be referred to them by the House; and to report from time to time their observations and opinions thereon; with power to send for persons, papers and records.

Mr. Speaker laid before the House,—The Report of the Joint Librarians of Parliament, which is as follows:—

TO THE HONOURABLE THE SPEAKER OF THE HOUSE OF COMMONS.

The Joint Librarians of Parliament have the honour to report as follows for the year 1900:---

The literature of the war in South Africa and of the expedition to China has been duly provided.

The various economical questions that are before the public have not been neglected.

The revised statutes of the various American States have been procured to the date of latest revision.

Correspondence has been opened in order to provide the necessary exchange of documents with the Australasian Confederation.

Several important additions have been made to the section of the early history of America. Among others are the following :---

Harrisse, H. Découverte et Evolution cartographique de Terreneuve, 1497-1769, 4to. Paris, 1900.

DeRoo, P. History of America before Columbus.

Fiske, John. Old Virginia and her neighbours. Illustrated.

Hariot's Brief and True Report of Virginia. Ed. by H. Stevens.

Chauveton, Urb. Voyage de quelques Français en Floride, édit originale de 1579. The Reprint of the Jesuit Relations, by R. G. Thwaites, has reached the 71st vol.

Attention may be drawn to the importance of the last mentioned Americana. Its translation into English will enable the students of American history, not conversant either with the Latin or French language to consult these valuable records which have become, as a critic expresses it, "The source from which we must draw almost all the historic material of New York and Canada during the first century and a half of their exploration by Europeans."

The Librarians have deemed it their duty at the opening of several previous sessions to call the attention of Parliament to the want of space in the Library. During the last few years all manners of devices had to be resorted to in order to find shelf accommodation for the new books; but the climax seems to have been reached in this matter. It will not be out of place to recall to members of Parliament that the Library accommodation was found deficient when it was taken possession of in 1877. In connection with this, it will be found appropriate to quote what the late Librarian, Dr. Todd, presented to Parliament in his report for 1877:—

"So far back as the 14th May, 1859, when the erection of Parliament Buildings in Ottawa was first determined upon, the undersigned submitted to the Board of Works a memorandum specifying the nature and extent of the accommodation required for the Library.

This memorandum pointed out that the Library premises should include "one large apartment, with three tiers of light iron galleries," capable of containing 200,000 volumes. Likewise rooms, to be grouped around the centre chamber, for the exhibition of maps and pictures, for offices, for private study, and for necessary uses in the administration of a large and growing department. Full particulars as to the size and disposition of these rooms were embodied in a memorandum; including the exact number of feet of shelving required for the number of volumes which it was estimated that the Library would hereafter contain. By this calculation it was shown that at least 25,000 feet of shelving would be needed to hold 200,000 volumes of the average size.

This memorandum was approved by the Board of Works; and printed copies of it were sent to all competing architects, with instructions to prepare their plans in strict conformity thereto. The plans finally chosen corresponded, in general design, with your Librarian's suggestions, and he was notified by Mr. Samuel Keefer, the then Secretary of the Board that his recommendations on behalf of the Library would be unreservedly carried out.

As the new building approached completion and it became necessary to prepare for the transfer of the books, your Librarian caused measurements to be made to ascertain the shelving at his dicposal for the various classes and divisions of the Library, when, to his surprise and disappointment, it was discovered that only about 7,000 feet of shelving had been placed in the central room, which, accordingly, could not contain more than about 56,000 volumes.

Members of Parliament will see from the above report written over twenty years ago, that the question of finding more space for the Library forces itself on their attention.

Amongst the list of donations to the Library during the past year, special mention should be made of the following :----

From the Royal Humane Society, London : A collection of their annual publications covering the period from 1820 to 1899, in sixty volumes.

From the British Museum : Illustrated guides to the various sections, embracing Egyptian, Greek and Roman antiquities, as well as other exhibits.

From Her Majesty's Stationery Office : A useful assortment of legal and parliamentary publications, including a set of the new revision of the Imperial statutes, in fourteen volumes.

From the Right Hon. the Secretary for the Colonies : A most valuable collection of documents relating to the question of the boundary between British Guiana and Venezuela, and of the Boundary arbitration regarding Venezuela, together with a rich collection of fifty-two maps relating to the subject-matter.

The list of donations to the Library and the list of books deposited under the Copyright Act have been prepared and are hereto annexed.

All of which is respectfully submitted.

A. D. DECELLES, G.L. MARTIN J. GRIFFIN, P.L.

(For Appendix to this Report, see Sessional Papers, No. 33.)

The House then adjourned.

LOUIS PHILIPPE BRODEUR, Speaker.

VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, MONDAY, 11TH FEBRUARY, 1901.

PRAYERS.

Six Petitions were brought up, and laid on the Table.

The Petition of the W. C. Edwards Company, Limited; praying for the passing of an Act to amend section 4 of Chapter 72, 55-56 Victoria, allowing the company to hold shares in the capital stock of any other company having similar objects, etc., was read and received.

On motion of Sir Wilfrid Laurier, it was Resolved, That the Order for the consideration of the motion for an Address to His Excellency the Governor General, in reply to his Speech at the opening of the Session, have precedence over all other business except introduction of Bills, until disposed of.

The following Bills were introduced, read the first time, and ordered for a second reading to morrow :----

By Mr. Ingram :-Bill No. 2, an Act to amend The Dominion Elections Act, 1900; -and

By Mr. Madore :-Bill No. 3, an Act respecting Money Lenders.

Mr. Guthrie moved, seconded by Mr. Marcil (Bonaventure), That an humble Address be presented to His Excellency the Governor General, to thank His Excellency for his gracious Speech at the opening of the present Session ; and, further, to assure His Excellency that—

1. We have learned with the most profound sorrow, that since this Parliament last met the Empire has been called on to lament the demise of Her late Majesty Queen Victoria. The universal regret and sympathy with which the tidings of her decease have been received throughout the entire civilized world, are indeed the best testimony to the manner in which she has, at all times, discharged her duties, both as a woman and a sovereign, throughout her unprecedentedly long and glorious reign, and, as His Excellency is pleased to say, in no portion of her vast territories were those sentiments

more profoundly felt than in the Dominion of Canada. 2. We have therefore taken the earliest opportunity of humbly expressing our sympathy with the Royal Family in their bereavement and our loyalty to our new

Sovereign. 3. We are happy to know that the Canadian contingents to South Africa have

3. We are happy to know that the Canadian contingents to south Africa have nearly all returned, and we are proud to hear from His Excellency that the valour and good conduct of our Canadian soldiers have called forth the highest encomiums from the several commanders under whom they have served during the arduous contest.

4. We respectfully concur in His Excellency's opinion that the union of the several provinces of Australia into one confederation, upon lines closely resembling those on which our own Dominion has been established, marks another important step towards the consolidation of the outlying portions of the Empire, and His Excellency may feel assured that this union calls forth our most sincere congratulations to the new commonwealth.

5. We rejoice to learn that His Excellency, acting on the advice of His Ministers, had, previously to the great grief which has fallen upon the nation, tendered an invitation on our behalf to His Royal Highness the Duke of Cornwall and York to conclude his intended visit to Australasia by one to the Dominion of Canada, and that His Royal Highness has been pleased to signify his acceptance of the invitation. We share His Excellency's hope that that visit may not be considered impossible, and we can answer for the warmth of the welcome with which His Royal Highness will be received.

6. We thank His Excellency for informing us of the progress being made with the Pacific Cable scheme, and we also trust that nothing may occur to delay its early completion.

⁷. We are pleased to be informed by His Excellency that last summer he made a tour through Canada as far as Dawson, and was everywhere received with unqualified proofs of devotion and loyalty, and that during his journey His Excellency was, from personal observation, much impressed with the great activity displayed in the development of the mining and agricultural industries of the country, and with the substantial increase in its population; and we feel that the thrift, energy and law-abiding character of the immigrants are a subject of much congratulation, and afford ample proof of their usefulness as citizens of the Dominion.

8. We are gratified to learn from His Excellency of the excellent display made by Canada at the Universal Exposition in Paris; of the fine quality and varied character of Canadian natural and industrial products, evidenced by the number of awards won in nearly every class of the competition; and of the remarkable testimony to the effectiveness of our cold storage transportation facilities afforded by fresh fruit grown in Canada having secured a large number of the highest awards. We are gratified to observe that, as a result of the display of Canadian resources, considerable foreign capital has found its way to Canada for investment and large orders from foreign countries have been received for Canadian goods.

9. We are glad to know that the improvement of the St. Lawrence route continues to engage the very careful attention of His Excellency's Government; that during the past year ship channels have been widened and deepened, and additional lights and buoys have been provided; and that in a short time there will be telegraph and cable communication with Belle Isle. These additional securities will, we are convinced, tend to make safer and more efficient than ever our great waterway between the lakes and the Atlantic.

10. We are pleased that His Excellency is able to inform us that the revenue and the general volume of trade continue undiminished, and even show a moderate increase over the very large figures attained during the past year.

11. We thank His Excellency for the information that measures will be submitted to us for the better supervision of the export trade in food products, and also in connection with the Post Office, the Pacific Cable, and various other subjects. 12. Our thanks are due to His Excellency for the information that the accounts of the past year will be laid before us; and also that the Estimates for the succeeding year will likewise be placed upon the Table at an early date.

13. His Excellency may rest assured that all measures submitted to us will receive our earnest consideration, and we fervently join with His Excellency in invoking the Divine blessing upon the important labours on which we are again entering.

And the question being put on the said motion; it was agreed to.

On motion of Sir Wilfrid Laurier, the said Address was then ordered to be engrossed, and to be presented to His Excellency the Governor General by such Members of the House as are of the Honourable the Privy Council.

On motion of Mr. Fielding, it was

Resolved, That this House will, to-morrow, resolve itself into a Committee to consider of a Supply to be granted to His Majesty.

Resolved, That this House will, to-morrow, resolve itself into a Committee to consider of the Ways and Means for raising the Supply to be granted to His Majesty.

Mr. LaRivière—On Friday next—INQUIRY OF MINISTRY—Has the following petition been received by the Honourable the Postmaster General :--

WINNIPEG, MANITOBA.

To the Honourable WM. MULOCK,

H. M. Postmaster General.

We, the letter carriers of the City of Winnipeg respectfully beg leave to request that the present scale of salaries now paid us be considered and revised.

That owing to the continued prosperity of the Dominion during the past six years the cost of living has been very much increased and wages in all other branches of labour have advanced accordingly.

Also the reduction in postage rates, together with the expanding trade of the country has increased the work of our branch of the postal service.

We submit from experience that the increased cost of rents, clothing and provisions generally have absorbed all our earnings, thereby adding largely to the difficulty of maintaining ourselves and families with any degree of respectability.

We respectfully call your attention to the wide difference between the pay of letter carriers and that of other public employees of this city, while the duties performed by us are much more onerous and exacting, and make much greater demands upon our intelligence, honesty and physical endurance than that of civic employees generally.

We also submit that we are the only class of public servants debarred from participating in the growing time, and we therefore ask that twenty per cent be added to present salaries so as to enable us to live with some degree of domestic comfort. Therefore your petitioners pray that you may be pleased to take early steps towards the granting of this our reasonable request.

5. What are the names of the trustees named by the Government of Canada to represent the bondholders at the meeting held on the 12th February instant?

Mr. Robinson (Elgin)—On Thursday next—That inasmuch as almost every mile of railway in Canada has been aided, to a greater or lesser extent, by the Dominion Government, the local legislatures, and the numerous municipalities through which they run; and large sums of money have been given, as well as charters, conferring upon these railways a valuable franchise.

That inasmuch as the railways of the country are continuously seeking legislation for the advancement of some particular interest, or for securing some specific object; which legislation occupies the time of this House at a considerable cost to the country.

That inasmuch as such legislation, in order to be effective for the purposes intended, should be well considered, both by evidence and personal inspection of the location

affected, by the Members of this House, to the end that the best interests of all parties concerned may be safeguarded.

That, in order that these ends may be satisfactorily attained, the different railway companies, for many years past, have given free transportation to all the Members of Parliament;

And inasmuch as such free transportation, coming, as it does, from the railway corporations, no doubt with a view of affording every facility to the Members for obtaining the fullest information as to the needs and requirements, both of the railway corporations and the country, and, notwithstanding such free transportation is uniform to all the Members of this House, the object and intention is largely misunderstood by the people, and construed into corrupt intentions on the part of the railway corporations, thereby subjecting both the railway corporations and the Members of this House to an unjust and unfair criticism, which they are not always in a position to defend.

Therefore, in the opinion of this House, the present system of free transportation is unwise and undesirable, and should be discontinued, and a system substituted which would be free from the charges of corrupt intention or from adverse criticism.

That inasmuch as the railway corporations receive more than adequate compensation for that service as now rendered; this House is of the opinion that an Act should be placed on the Statute-book'making it incumbent on all railway corporations receiving a franchise or Government aid, either in money or lands, to furnish free transportation to all Members of this House, upon the certificate of the Clerk of the House; and that no mileage indemnity be hereafter paid by the Government to the Members while in attendance upon their parliamentary duties.

Mr. *Bell* (Pictou)—On Thursday next—ORDER OF THE HOUSE for copies of all terms, tenders and agreements in connection with the allotment of contracts for the conveyance of mails from and after March, 1901, between the railway station and post office at River John and between River John and Hedgeville, all in Province of Nova Scotia. Also, for a list of all contracts for conveyance of mails between points in the Province of Nova Scotia which have been awarded without tender since January, 1899.

Mr. Lefurgey—On Thursday next—ORDER OF THE HOUSE for copies of all reports, letters or other correspondence between the Department of Marine and Fisheries and the Boards of Trade of Summerside and Charlottetown or with any other person or persons acting in regard to the subject-matter of the motion during the years 1899–1900 and 1901, regarding the placing of the Government winter steamer *Stanley* on the route between Prince Edward Island and Cape Tormentine, New Brunswick, for the conveyance of mails, passengers and freight.

Mr. *Clarke*—On Thursday next—ORDER OF THE HOUSE for a Return showing the names and addresses of all parties tendering (where tenders were called for) for coal and wood, or either, for the uses of the Government of Canada since 1st July, 1899 ; copy of the tender put in by each party tendering, copy of the specification issued in each case where tenders were called for, name and address of the successful tenderer in each case, together with the kind, quality and quantity of coal and wood, or either, tendered for ; also the kind, quality and quantity of coal and wood, or either, for which tenders were accepted in each case, and the prices paid ; also the location of each Government building or institution supplied with coal and wood, or either, the quantity and quality and sizes of coal and wood, or either, supplied to each and the price in each case. Also the names and addresses of all parties supplying coal and wood, or either, without tender since the above date to the Government of Canada, the kind, quality and quantity supplied in each case by each person, the prices paid in each case, and the location of the building or institution supplied.

In the Supreme Court of Judicature.

THE DOMINION CONTROVERTED ELECTIONS ACT.

Election of a Member of the House of Commons of Canada for the Electoral District of East Queen's, in the Province of Prince Edward Island, holden on the seventh day of November, A.D. 1900.

Between

ALEXANDER MARTIN,

Petitioner,

and

DONALD A. MACKINNON,

Respondent.

DONALD A. MACKINNON,

and

ALEXANDER MARTIN,

Respondent.

Petitioner.

To the Honourable

The Speaker of the House of Commons

of the Dominion of Canada.

We, the undersigned Edward Jarvis Hodgson and Rowan Robert Fitzgerald, two of the Justices of the Supreme Court of Judicature of Prince Edward Island, do hereby certify that pursuant to "The Dominion Controverted Elections Act," on the 28th, 29th, 30th and 31st days of January, and on the first day of February, A.D. 1901, at the City of Charlottetown, in the said province, we held a Court for the trial, and there tried the two several Election Petitions between the above-named parties respecting the above-named election, at which election the said Donald A. MacKinnon had been returned as duly elected; and that upon hearing the evidence adduced and what was alleged and admitted by counsel for the parties respectively, including the admission by the Respondent, Donald A. MacKinnon, and the withdrawal of the claim to the seat by the said Alexander Martin, we found and determined :—

That the said Donald A. MacKinnon was not duly elected or returned, and that the said election was and is void by reason of corrupt practices by an agent of the said Respondent, Donald A. MacKinnon, but without the knowledge and consent of the said Donald A. MacKinnon.

That (counsel consenting thereto) we adjudged that the parties should pay their own costs.

We also hereby report :---

(a.) That no corrupt practice has been proved to have been committed by or with the knowledge and consent of any candidate at the said election.

(b.) At the trial Peter Brodie, of Mill Cove, John Larkin, of Lot 49, Bismark Craswell, of South Rustico, John MacKinnon, of Black River, and William Proctor, of Brackley Point, were severally proved to have been guilty of corrupt practices, that is to say, treating.

(c.) That there is reason to believe that corrupt practices, namely treating, extensively prevailed at the election to which the Petitions relate.

(d.) We are of opinion that the inquiry into the circumstances of the said election has been rendered incomplete by the action of the parties to the said Petitions and that further inquiry as to the extent such corrupt practices prevailed is desirable.

We herewith append a copy of the notes of proceedings and evidence taken at the trial.

In testimony whereof we have subscribed our names this eleventh day of February, A.D. 1901, at Charlottetown, in said province.

E. J. HODGSON, R. R. FITZGERALD, Election Court Judges.

And the said Certificate was ordered to be entered in the Journals of this House.

Mr. Speaker further informed the House, that the trial judges having reported that corrupt practices extensively prevailed at the said election, he had, in conformity with section 48, Chapter 9 of the Revised Statutes of Canada, withheld the issue of his Warrant for a new election pending any action to be taken by the House in the matter.

Sir Wilfrid Laurier laid before the House, by command of His Excellency the Governor General,—Report of the Secretary of State of Canada, for the year ended 31st December, 1900.

Sir Wilfrid Laurier laid before the House,—Return of the names and salaries of all persons appointed to, or promoted in the Civil Service during the calendar year 1900. Sir Louis Davies laid before the House,—Statement in reference to Fishing Bounty Payments for the year 1899-1900.

Mr. Fielding delivered a Message from His Excellency the Governor General, which was read by the Speaker, as follows :—

MINTO.

The Governor General transmits to the House of Commons, Supplementary Estimates of sums required for the service of the Dominion for the year ending 30th June, 1901, and in accordance with the provisions of "The British North America Act, 1867," the Governor General recommends these Estimates to the House of Commons.

GOVERNMENT HOUSE,

OTTAWA, 19th February, 1901.

On motion of Mr. Fielding, the said Message and Supplementary Estimates were referred to the Committee of Supply.

On motion of Sir Wilfrid Laurier, it was Resolved, That when the House adjourns this day, it stand adjourned until Thursday next.

The Order of the Day being read for the House to go again into Committee of Supply;

Mr. Fielding moved, That Mr. Speaker do now leave the Chair.

Mr. Maclean moved in amendment thereto, That all the words after the word "That" be left out, and the following added instead thereof :— "in order that the Government railway system of Canada may be used to the best possible advantage of the people by being a substantial check on the freight charges of railways owned by private corporations, and in order that the Government system may give the public the most efficient service, this House is of the opinion that the administration thereof should be freed of all political influence or interference."

And the question being put on the amendment; it was negatived.

And the question being put on the main motion; it was agreed to.

The House accordingly went into Committee of Supply.

In the Committee.

Mr. Speaker informed the House that he had received from the Hon. Sir John A. Boyd and the Hon. Mr. Justice Street, two of the Judges selected for the trial of Election Petitions, pursuant to the Controverted Elections Act, a Certificate relating to the Electoral District of the North Riding of the County of Bruce; and the same was read as follows:—

NORTH BRUCE CONTROVERTED ELECTION.

In the High Court of Justice.

THE DOMINION CONTROVERTED ELECTIONS ACT.

Election of a Member for the House of Commons of Canada for the Electoral District of the North Riding of the County of Bruce, holden on the 31st day of October and the 7th day of November, A.D. 1900.

Between

JAMES ERNEST CAMPBELL,

Petitioner.

and

ALEXANDER MCNEILL,

Respondent.

The undersigned, two of the Justices of the High Court of Justice assigned to try the said Petition, do hereby certify that on the 25th and 26th days of January, 1901, at the Town of Owen Sound, and on the 12th day of February, 1901, at the Town of South Hampton, in the County of Bruce, we held a Court for the trial of and there tried the said Petition, whereupon we held and determined, after a scrutiny of the ballots and upon evidence given before us, that an equal number of votes had been cast for each candidate, so that neither had been duly elected ; and it further appearing and being proved that a number of votes had been illegally cast and that others were so ambiguous that they could not be counted for either side, whereby such irregularity and errors had occurred as affected the result of the election, we therefore held that the said election was void and ineffectual, and made an order that each party to the said Petition should pay his own costs.

In the said Petition charges of corrupt practices were made on both sides, but these were not prosecuted before us owing to our determination as to the effect of the scrutiny and irregularity hereinbefore mentioned.

Given at Osgoode Hall, this twenty-second day of February, 1901.

The following Bills were introduced, read the first time, and ordered for a second reading to-morrow :---

By Mr. Parmelee :-Bill No. 31, an Act respecting the Orford Mountain Railway Company.

By Mr. Fisher :-Bill No. 32, an Act to provide for the making and inspection of packages containing Fruit for sale.

By Mr. Horsey :-Bill No. 33, an Act respecting Victoria Day.

Sir Wilfrid Laurier laid before the House, by command of His Excellency the Governor General,—Report of the North-west Mounted Police; Parts 1 and 2, 1900.

Mr. Prior moved, That an Order of the House do issue to the proper officer for copies of all specifications and plans issued by the Department of Marine and Fisheries when calling for tenders for the construction of two Government vessels in British Columbia. Also copies of all tenders received for construction of same, together with a statement showing the amount of the deposits made by the several tenderers, &c., names of the successful tenderers, and all correspondence and papers connected with the same.

And the question being put on the said motion; it was negatived.

On motion of Mr. Monk, an Address was voted to His Excellency the Governor General for a copy of all correspondence between the Italian Consul for Canada and the Prime Minister or the Minister of Trade and Commerce respecting proposed improvement of the trade relations between Canada and Italy, and of all correspondence leading up to the placing of Canadian goods by Italy upon its general tariff.

Mr. Robinson (Elgin) moved, That inasmuch as almost every mile of railway in Canada has been aided, to a greater or lesser extent, by the Dominion Government, the local legislatures, and the numerous municipalities through which they run ; and large sums of money have been given, as well as charters, conferring upon these railways a valuable franchise.

That inasmuch as the railways of the country are continuously seeking legislation for the advancement of some particular interest, or for securing some specific object; which legislation occupies the time of this House at a considerable cost to the country.

That inasmuch as such legislation, in order to be effective for the purposes intended, should be well considered, both by evidence and personal inspection of the location affected, by the Members of this House, to the end that the best interests of all parties concerned may be safeguarded.

That, in order that these ends may be satisfactorily attained, the different railway companies, for many years passed, have given free transportation to all the Members of Parliament;

And inasmuch as such free transportation, coming, as it does, from the railway corporations, no doubt with a view of affording every facility to the Members for obtaining the fullest information as to the needs and requirements, both of the railway corporations and the country, and, notwithstanding such free transportation is uniform to all the Members of this House, the object and intention is largely misunderstood by the people, and construed into corrupt intentions on the part of the railway corporations, thereby subjecting both the railway corporations and the Members of this House to an unjust and unfair criticism, which they are not always in a position to defend.

Therefore, in the opinion of this House, the present system of free transportation is unwise and undesirable, and should be discontinued, and a system substituted which would be free from the charges of corrupt intention or from adverse criticism.

That inasmuch as the railway corporations receive more than adequate compensation for that service as now rendered; this House is of the opinion that an Act should be placed on the Statute-book making it incumbent on all railway corporations receiving

1 EDWARD VII.

a franchise or Government aid, either in money or lands, to furnish free transportation to all Members of this House, upon the certificate of the Clerk of the House; and that no mileage indemnity be hereafter paid by the Government to the Members while in attendance upon their parliamentary duties.

And a Debate arising thereon, -the said Debate was, on motion of Sir Wilfrid Laurier, adjourned.

On motion of Mr. Bell (Pictou), an Order of the House was issued to the proper officer for copies of all terms, tenders and agreements in connection with the allotment of contracts for the conveyance of mails from and after March, 1901, between the railway station and post office at River John and between River John and Hedgeville, all in Province of Nova Scotia. Also, for a list of all contracts for conveyance of mails between points in the Province of Nova Scotia which have been awarded without tender since January, 1899.

The House resumed the adjourned Debate on the proposed motion of Mr. Blain: "That, in the opinion of this House, it is expedient that all binder twine now held by the Government, together with all twine that may hereafter be manufactured by them, shall be sold direct to the farmer at a price to cover the actual cost of raw material and manufacture only, with one cent per pound added, and that no twine manufactured or paid for out of the Dominion treasury shall be sold or disposed of in any other way."

And the question being proposed ;

Mr. Oliver moved in amendment thereto, That all the words after "expedient," in the original motion be struck out and the following added instead therof: "that so long as the Government continues to manufacture binder twine the same shall be offered for sale directly to farmers up to July 1st in each year at cost of material and manufacture, calculating wages on the basis of fair wages for free labour, and that the quantity of twine unsold and on hand on July 1st in each year be sold by tender to the highest bidder after public advertisements."

And the Debate continuing;

THURSDAY, 28th February, 1901.

And the question being put on the amendment; it was agreed to on the following division :---

Mr. Bourassa-On the motion to go into Supply-That, whilst strictly adhering to the fundamental principle of Canadian autonomy and refusing to admit that the intervention of Canada in South Africa has committed this country to any future participation in the wars and policy of Great Britain,

This House thinks that the contribution of Canada in the South African war, both in armed help and public expenditure, entitles the Canadian people to express an opinion on the matter.

This House therefore humbly reminds His Majesty King Edward VII. that the glorious reign of his august mother, Queen Victoria, whose memory shall ever be cherished by Canadians of all origins and creeds, was inaugurated in bloodshed and rebellion in this part of her dominions; that peace and prosperity were subsequently restored and for ever when Her Majesty's advisers understood, as Lord Grey told in his instructions to Lord Elgin, Governor of Canada, that it was "neither possible nor desirable to carry on the government of any of the British provinces in North America in opposition

to the opinions of its inhabitants;" that since that time, Her Majesty has found in no portion of her Empire a more faithful, devoted and contented people than her French Canadian subjects.

This House therefore expresses the hope and desire that His Majesty's Government will endeavour to conclude in South Africa an honourable peace founded upon the law of nations which guarantees independence to all civilized peoples and upon the true British traditions of respect to all national and religious convictions and to the spirit of colonial autonomy.

This House further declares that there is no necessity for sending any more Canadian troops to South Africa, and that the enlistment of recruits for the South African Constabulary should not be allowed to take place in Canada.

That by virtue of the Act of Settlement of 1689 the British Sovereign, on the first day of the meeting of the first Parliament, or at the coronation, is called upon to make the following declaration :---

'I, A. B., by the grace of God, King (or Queen) of Great Britain and Ireland, Defender of the Faith, do solemnly and sincerely, in the presence of God, profess, testify and declare that I do believe that in the sacrament of the Lord's Supper there is not any transubstantiation of the elements of bread and wine into the body and blood of Christ, at or after the consecration thereof by any person whatsoever; and that the invocation or adoration of the Virgin Mary or any other saint, and the sacrifice of the Mass, as they are now used in the Church of Rome, are superstitious and idolatrous. And I do solemnly, in the presence of God, profess, testify and declare that I do make this declaration, and each and every part thereof, in the plain and ordinary sense of the words read unto me, as they are commonly understood by English Protestants, without any evasion, equivocation or mental reservation whatsoever, and without any dispensation already granted me for this purpose by the Pope or any other authority or person whatsoever, or without any hope of such dispensation from any person or authority whatsoever, or without thinking that I am or can be acquitted before God or man, or absolved of this declaration or any part thereof, although the Pope or any other person or persons, or power whatsoever, should dispense with or annul the same or declare that it was null and void from the beginning."

That such a declaration is offensive to the convictions of all Roman Catholics.

Sir Charles Hibbert Tupper_On Friday next-INQUIRY OF MINISTRY-1. Is the following letter authentic?

Commissioner Ogilvie, of the Yukon Council, recently received the following letter from good Mr. Sifton :

"DEAR SIR,-I have read a good many complaints, most of them of a private character, in regard to the fact that women of bad repute are permitted to be employed in the bar-rooms and drinking places, where they are used for the purpose of decoving people iuto such places, and in regard to the lack of effort in suppressing gambling ; it is also charged that the fact of fining gamblers is indirectly a license to them to continue their operations. I have not heretofore interfered in this matter, because it seemed to me that yourself, the Commanding Officer of the Mounted Police, should have been able to decide on what ought to have been done, but from information which I have received, it seems to me that a considerable increase in stringency is required. I see no reason why what is known as dancing halls, but which are in reality, as I understand it, barrooms with women selling liquor, should not be summarily suppressed. The same remark applies to the systematic and open gambling. I desire, therefore, that you will take the necessary steps to carry out these views without delay.

"I am sending a copy of this letter to the Commanding Officer of the Mounted Police, with whom, no doubt, you will require to consult, but who will be directly charged with the carrying out of the above instructions. It would be just as well for you, after the receipt of this letter, to intimate that the matter has been considered and a resolution has been arrived at on the above lines, so that the people generally will understand what is going to be done, and govern themselves accordingly.

"Yours truly, "CLIFFORD SIFTON, " Minister of the Interior."

VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, FRIDAY, 8TH MARCH, 1901.

PRAYERS.

Three Petitions were brought up, and laid on the Table.

The following Petitions were read and received :---

Of James White, of the Town of Orillia, Ontario, and others of other places; praying for an Act of incorporation under the name of the Nova Scotia Central Railway Company.

Of the Ontario, Hudson's Bay and Western Railway Company; praying for the passing of an Act to declare their undertaking to be a work for the general advantage of Canada, and themselves a body corporate and politic within the jurisdiction of the Parliament of Canada; also, authorizing them to make agreements or amalgamate with certain other Railway Companies, and for other purposes.

Of the Algoma Central Railway Company; praying for the passing of an Act empowering them to enter into agreements with and amalgamate with certain Railway Companies, to change their name to that of the Algoma Central and Hudson Bay Railway Company, and for various other purposes.

Your Committee have had under consideration Bill No. 6, an Act respecting the Supreme Court of the Independent Order of Foresters, and to change its name to the Independent Order of Foresters, and have agreed to report the same with amendments.

Your Committee have examined the following Petitions and find the notices given thereon sufficient, viz.:---

Of G. F. Clark and others, for an Act of incorporation under the name of the Canadian Mutual Aid Society; of the Vancouver and Lulu Island Railwey Company, for an Act to confirm their charter; of Francis H. Clergue and others, for an Act of incorporation under the name of the Clergue Iron and Nickel-Steel Company of Canada; of the Columbia and Kootenay Railway and Navigation Company, for an Act to extend the time for the completion of their works; of David McNicoll and others, for an Act of incorporation under the name of the Kootenay and Arrowhead Railway Company; of J. B McArthur and others, for an Act of incorporation empowering them to construct and operate a railway from Penticton, R.C., to the international boundary line where it crosses the Similkameen River; of the Honourable George A. Cox and others, for an Act of incorporation under the name of the Crow's Nest Southern Railway Company; of John Sharples and others, for an Act of incorporation empowering them to construct a railway from the northern terminus of the Quebec Bridge to the City of Quebec, and from the southern terminus of the bridge to a junction with the Drummond County Railway; of the Canadian Northern Railway Company, for an Act to confirm their amalgamation with the Ontario and Western Railway Company, and for other purposes; of W. C. Edwards and Company, Limited, for certain amendments to their Act of incorporation; and of C. L. Featherstonhaugh and others, for an Act of incorporation under the name of the Fort Qu'Appelle Railway Company.

Your Committee have also considered the following Petitions and find that the notices given thereon are somewhat short in point of time, but as they will be mature by the time that the Bills are under consideration, your Committee recommend that they be deemed sufficient, viz. :---

Of William J. Conroy and others, for an Act of incorporation under the name of the Arnprior and Pontiac Railway Company; and of A. T. Thompson and others, for an Act of incorporation under the name of the United Empire Life Insurance Company.

Your Committee have also considered the Petition of M. P. Davis and others, for an Act of incorporation under the name of the St. Lawrence Water-powers Company, empowering them to acquire and develop water powers, &c., in any part of the Dominion, and they recommend that the Company be restricted in its operations to the St. Lawrence River, east of Cornwall, Ontario.

Your Committee have also considered the Petition of Honourable George W. Ross and others, for an Act of incorporation empowering them to assume the assets, business and liabilities of the Manufacturers' Life Insurance Company, and of the Temperance and General Life Assurance Company of North America, and find that notice has only been published from the 2nd instant, but as the proposed measure will only affect the shareholders and policyholders of the companies, and as affidavits were submitted to your Committee to the effect that these have been each personally served with a copy of the notice as published, and as the terms and conditions of the amalgamation of the companies will be made subject, in the Bill, to the approval of the shareholders in the usual way, your Committee are of the opinion that the spirit of the Rule has been complied with, and they therefore recommend that the notices given be deemed sufficient.

The following Bills were introduced, read the first time, and ordered for a second reading on Monday next :--

By Mr. McIsaac:-Bill No. 48, an Act respecting the Edmonton, Yukon and Pacific Railway Company.

By Mr. Calvert :- Bill No. 49, an Act respecting the Niagara, St. Catharines and Toronto Railway Company.

Mr. Blain—On Monday next—INQUIRY OF MINISTRY—1. Has the Government seen the following editorial comment in a recent issue of the Ottawa Free Press :—

"Another query was put yesterday with regard to the printing of the official catalogue of Canadian exhibitors at the Paris Exhibition, and the information was given that the work was done in the office of the Montreal *Herald*, which supplied 5,000 copies, together with the paper. Further, the House was informed of the reason why this procedure was followed. It appears from the reply of the Minister of Agriculture, that such work is done "through the Printing Bureau, as owing through pressure of work it could not be done there." This must necessarily occur at times of pressure. But previous answers given to similar questions, all of which indicated that other work of various kinds had been sent to Montreal, leads to the conclusion that the Printing Bureau is decidedly partial in its selection of "donkey engine" printing establishments. The Secretary of State should instruct it to give other publishers with equally good, and perhaps better equipped offices than are to be found in Montreal, a show."

2. When was he appointed and what is his salary, with or without office room ?

Mr. *Hackett*—On Wednesday next—INQUIRY OF MINISTRY—Is it the intention of the Government to supply safes to postmasters at places of considerable importance, as Tignish, P.E.I., when the salary of the postmaster is too restrictive to permit him to provide one for himself?

Mr. Lavergne—On Thursday next—INQUIRY OF MINISTRY—Whether it is the intention of the Government to reward Messrs. T. B. Beddell, of New Brunswick, K. H. Murray and Captain W. R. Ecclestone, of the Province of Ontario, Joseph Lellier, of the Province of Quebec, and Rowan Johnston, of the Province of Manitoba,—all five of them mail-clerks, who served in South Africa, as forming part of the Canadian Postal Service for the several Canadian Contingents,—by promoting them to first-class positions in the Civil Service ? VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, TUESDAY, 12TH MARCH, 1901.

PRAYERS.

One Petition was brought up, and laid on the Table.

Your Committee have had under consideration Bill No. 24, an Act respecting the South Ontario Pacific Railway Company, and have agreed to report the same without amendment.

Your Committee also have had under consideration the following Bills, and have agreed to report the same with amendments, viz. :---

Bill No. 8, an Act respecting the Grand Trunk Railway Company of Canada ;-

Bill No. 31, an Act respecting the Orford Mountain Railway Company.

The Order of the Day being read for the House to go again into Committee of Supply;

Mr. Fielding moved, That Mr. Speaker do now leave the Chair.

Mr. Bourassa moved in amendment thereto, That all the words after the word "That" be left out, and the following added instead thereof :— "whilst strictly adhering to the fundamental principle of Canadian autonomy and refusing to admit that the intervention of Canada in South Africa has committed this country to any future participation in the wars and policy of Great Britain,

This House thinks that the contribution of Canada in the South African war, both in armed help and public expenditure, entitles the Canadian people to express an opinion on the matter.

This House therefore humbly reminds His Majesty King Edward VII. that the glorious reign of his august mother, Queen Victoria, whose memory shall ever be cherished by Canadians of all origins and creeds, was inaugurated in bloodshed and rebellion in this part of her dominions; that peace and prosperity were subsequently restored and for ever when Her Majesty's advisers understood, as Lord Grey told in his instructions to Lord Elgin, Governor of Canada, that it was 'neither possible nor desirable to carry on the government of any of the British provinces in North America in opposition to the opinions of its inhabitants;' that since that time, Her Majesty has found in no portion of her Empire a more faithful, devoted and contented people than her French Canadian subjects.

This House therefore expresses the hope and desire that His Majesty's Government will endeavour to conclude in South Africa an honourable peace founded upon the law of nations which guarantees independence to all civilized peoples and upon the true British traditions of respect to all national and religious convictions and to the spirit of colonial autonomy.

This House further declares that there is no necessity for sending any more Canadian troops to South Africa, and that the enlistment of recruits for the South African Constabulary should not be allowed to take place in Canada."

And the question being put on the amendment; it was negatived on the following division :---

That, in the opinion of this House, the adoption of a policy of mutual trade preference within the Empire would prove of great benefit to the mother country and to the colonies, and would greatly promote the prosperity, unity and progress of the Empire as a whole, and that the present time, when the Commonwealth of Australia is laying the foundation of its fiscal system, is particularly opportune for taking prompt and energetic steps towards the furtherance of this object.

This House is further of opinion that equivalent or adequate duties should be imposed by Canada upon the products and manufactures of countries not within the Empire in all cases where such countries fail to admit Canadian products and manufactures upon fair terms, and that the Government should take for this purpose all such available measures as may be found necessary."

LOUIS PHILIPPE BRODEUR,

NOTICES OF MOTIONS.

Mr. Prior—On Wednesday next—INQUIRY OF MINISTRY—1. Has the attention of the Government been drawn to an issue of "The Province," of Vancouver, B C., dated November 24, 1900, in which a report of an interview with the Hon. Clifford Sifton, Minister of Interior, is given and of which the following is a portion, viz.:--

"I may as well tell you that the importance of the mining industries of this province have never been so fully borne in upon me as during this last trip of mine. It is a subject of great scope and one that must be treated with all possible care and consideration. I shall therefore urge upon my colleagues the advisability of appointing a strong and thoroughly competent Commission to inquire into the whole matter and report at an early date. The Commission, if appointed—and I have every reason to believe it will be—would deal not only with mining but also with matters of smelting and refining; in fact it would take up and report upon the whole connection which the mining industry has with the general business of the country, including of course its relation to the customs tariff and the bearing which that has on it." Also the Minister of Interior stated that action on the report of the said Commission might safely be expected within a year from that date.

2. Has the Government decided to appoint said Commission ?

3. If so, when? If not, why not?

Mr. Prior—On Wednesday next—INQUIRY OF MINISTRY—1. Is the Government aware that Mr. J. B. McArthur, President of the Rossland Board of Trade and Chamber of Mines, and also president of the election committee of Mr. W. A. Galliher, M.P., made the following remarks at an interview which members of the Rossland Board of Trade had with the Minister of Mines for British Columbia, during last autumn, viz. :—

"Mr. Sifton is going to take up the question of the advertisment of the mineral resources of British Columbia, and in fact of the whole of Canada. I am not prepared at the present time to disclose all he says, but he is going to take it up energetically in connection with the Yukon. He is also going to take up the silver-lead question, and there is no doubt whatever in his mind that the Government will protect that industry and an important announcement will be made by him shortly, in fact something will be done within the next sixty days."

2. Was Mr. McArthur authorized by the Hon. the Minister of the Interior to make such a statement?

3. Is it the intention of the Government to afford adequate protection to the silverlead industry?

4. As the sixty days mentioned is now long past, when may the important announcement by the Hon. the Minister of the Interior be expected ?

Mr. Ethier—On Wednesday next—INQUIRY OF MINISTRY—1. Is the Government aware that, since the beginning of the present Session, the translators of the Debates have each day translated into English all the French, and into French all the English by them received for that purpose from the Government Printing Bureau, notwithstanding that the amount of matter for translation is equivalent at times to as much as 128 columns of *Hansard*, in a single day?

2. Is the Government aware that since the opening of the present Session, the translators of the Debates have also corrected and returned to the Printing Bureau each day, all the proofs sent to them therefrom for that purpose, notwithstanding that such proofs amount at times to as much as 125 columns of *Hansard*, in a single day?

3. Is the Government aware that, up to this date (March 18), the Bureau has sent to the translators of the Debates, matter for translation up to the 12th only, and proofs

for correction up to the 11th only; and that of the French version it has paged and published the Debates up to the beginning of the sitting of March 4th only, notwithstanding that the amount of matter for translation in the hands of the printer is sufficient to bring the work up to the 14th at least, and the paging and publishing up to the 11th?

4. Is the Government aware that the delay in the printing and distributing of the French *Hansard* is due to the management of the Printing Bureau and not to the translators of the Debates, who labour day by day and even Sundays and holidays, if necessary, in order to translate forthwith as it is received, all matter furnished to them ?

5. Is the Government aware that the delays and tardiness of the Government Printing Office in printing the French edition of the *Hansard*, is the means of depriving the representatives of the people, the press and the public in general of the advantages they should derive from the steady labour of the translators?

6. Is it the intention of the Government to put a stop to the delay caused by the Printing Bureau and to secure the paging and publishing, in due time, of the French edition of the House of Commons Debates?

Mr. Smith (Wentworth)—On Wednesday next—INQUIRY OF MINISTRY—1. What amount was paid by the Government for construction or improvement of canals in each year ending 30th June, 1897, 1898, 1899 and 1900 ?

2. How much of this amount was paid on account of contracts entered into by the late Government, and not re-let ?

Mr. *Prior*—On Wednesday next—INQUIRY OF MINISTRY—1. Is the Government satisfied with the manner in which the contractors for the new drill hall in Vancouver, B.C., have so far carried out the work ?

2. Is it not a fact that a considerable portion of the building fell down, owing to faulty material or workmanship ?

3. Has the Government had any report from their agent in British Columbia, or the clerk of works, in regard to this? If so, to what is the collapse of the building attributed?

4. Will the Government insist on the contractors rebuilding the same without extra compensation ?

Mr. *Russell*—On Wednesday next—That, in the opinion of this House, the time has arrived when steps should be taken to carry out the provisions of section 94 of the British North America Act, for securing the uniformity of the laws relating to property and civil rights in Ontario, Nova Scotia and New Brunswick, and in such other provinces as have been brought within the scope of this section since the passing of the British North America Act.

Mr. *Prior*—On Wednesday next—ORDER OF THE HOUSE for copies of all specifications and plans issued by the Department of Marine and Fisheries when calling for tenders for the construction of two Government vessels in British Columbia. Also copies of all tenders received for construction of same, cogether with a statement showing the amount of the deposits made by the several tenderers, &c., names of the successful tenderers, and all correspondence and papers connected with the same, including that in connection with the withdrawal of one of the successful tenders.

NOTICES OF MOTIONS.

Mr. *Clarke*—On Friday next—INQUIRY OF MINISTRY—When the contract was made with the Locomotive Works Company, at Kingston, Ontario, for the construction of twenty locomotives, was there a clause inserted in it stipulating that the union rate of wages should be paid to the men employed in the works?

Mr. Clarke—On Friday next—INQUIRY OF MINISTRY—1. When was the building leased which is now occupied and used as station B of the Post Office Department in Toronto?

2. What is the name and address of the person from whom the building was leased, and the length of time for which lease runs?

3. What rent per annum is being paid for the building?

4. What rent was paid by the Department for the use of the building occupied as a branch post office in the Rossin House Block, Toronto?

Mr. LaRivière—On Friday next—INQUIRY OF MINISTRY—1. Has the following communication been received by the Honourable the Minister of Agriculture from C. W. Peterson, Secretary of the Territorial Horse Breeders' Association : —

"I am directed by the executive committee of the Territorial Horse Breeders' Association to call your attention to the fact that, although over one hundred thousand head of horses and mules have been purchased in the United States, and a considerable number in eastern Canada, for use in the South African campaign, for which satisfactory prices were paid, no attempt has apparently been made by the War Office authorities to secure any portion of this enormous number of remounts in the Territories, in spite of the fact that both the western contingents which left Canada for service in South Africa, were mounted entirely on western horses, and that it has not been satisfactorily established that any difficulty was experienced in obtaining a sufficient number of a satisfactory type, although the notices given the rancher in both instances were entirely inadequate, owing to the hurried preparations.

It is well known to western breeders, and the fact is deeply deplored, that the impression evidently prevails in eastern Canada, that there are not enough horses raised in the Territories as yet, for any practical purposes. This impression, however, is entirely erroneous. It is true that during the years of low values, breeding operations were largely discontinued, but it is also a fact, that the absolute want of a remunerative and stable market for horses of certain standard types, is not alone working a distinct hardship upon a vast number of small breeders, but it is also exerting a most bareful influence upon the development of the horse industry here, as it effectually discourages breeding operations. No person will for any length of time expend money and labour upon high class breeding stock, without a reasonable assurance of ultimate satisfactory financial returns from his efforts.

Vast portions of the North-west Territories present such topographical, meteorological and soil conditions, that general farming or cattle-raising can never be successfully prosecuted therein. Such being the case, it necessarily follows that these enormous areas must eventually be devoted, if utilized at all, to the raising of horses, or in the more favourable localities, to sheep-raising. It is, therefore, clear that the business of horse-raising must perforce ultimately develop into one of the most important branches of agriculture in the west. But even if these circumstances were not in themselves sufficient to bring horse-breeding operations prominently to the front in the Territories, the local conditions are such, that no horse producing country in the world could successfully compete against our cheap pastures, rich in lime, and favourable climate, enabling horses to range out winter and summer, at little or no expense to the owner. The present position of affairs is simply unbearable, and I am directed by my committee to urge you, as emphatically as lies in my power, to come to the rescue of our breeders in some way. The market for heavy draught horses is all that could be desired at present, but the conditions here are not nearly so favourable to the production of this class of horses as to the raising of light horses, and it is particularly in connection with the latter that Government assistance is needed.

After devoting considerable thought to the matter, I am directed by my committee to suggest, as a feasitle means of putting this industry on a proper footing, that your Department should deal with it somewhat on the same basis as has been adopted in respect to the dairy industry in the Territories. An amount of money might be appropriated at the forthcoming session of Parliament, sufficient to enable you to purchase, as an experiment, a limited number of horses in the west, conforming to the cavalry, artillery and mounted infantry standards, at a fair minimum price. At least two months' notice should be given to breeders here of the dates and places where your agent would purchase, and also full information respecting the types of horses required, and to what extent they would be handled. The association would undertake to look after the local organization, advertising, &c., and would otherwise render your Department every assistance possible. Ample notice is absolutely essential, as horses are usually ranging out, and it takes considerable time to get them in and properly handled. This will not, under ordinary circumstances, be done until there is a sale in sight. Three months' notice would be better than two. In the meantime, negotiations could be opened up with the Remount Department of the British War Office, with a view to having a purchasing officer sent out, as soon as your Department had gathered a sufficient number of horses, to inspect them and select all those coming up to the army standards.

There would doubtless be a certain number of culls no matter how carefully the horses had been purchased; but those would, in centres like Toronto, Montreal or Ottawa, in most cases be worth nearly as much as your Department paid for them, and if the prices offered territorial breeders for their animals were fixed at their approximate value for army purposes, less the cost of transportation and other expenses (which would still leave a very satisfactory figure), it is unlikely that any considerable loss would be sustained by your Department in the whole transaction. Any trifling debit balance would, of course, be amply justified by the impetus which would be given horse-breeding operations in the Territories.

Even granting that the necessary financial arrangements could be made to enable this association to successfully handle such a scheme itself, it could not hope to do so as economically and efficiently as it could be done by the Federal Government. You have in the person of the Live Stock Commissioner an official well fitted to do the organization work required. At every considerable point in the Territories there is a Mounted Police divisional headquarters where assistance could be obtained in purchasing, holding and shipping these animals, and where an experienced veterinarian in the employ of the Department would be available. In fact the cost of handling the scheme in the hands of your Department could be reduced to a mere minimum.

It is anticipated that if an arrangement such as outlined could be continued for five or six years under a Government guarantee, the production of military remounts in the Territories would easily double, and if proper representations were made to the Imperial Government, based upon actual knowledge of the number of suitable horses available annually and the record for endurance and constitution which western horses would, by that time, undoubtedly have made for themselves in the service, it should prove a feasible proposition to induce the War Office authorities to establish regular remount depots at various points throughout the west, such as are now maintained in the Argentine Republic by the British Government in connection with the Indian army.

In conclusion I am to express the hope, in behalf of my committee, that its representations may meet with favourable consideration at your hands."

2. Also copy of the following resolution in support of the above, from George Harcourt, Secretary of the Horse Breeders' Association of Manitoba and the North-west Territories :—

20TH MARCH.

"That this association strongly endorses the proposal made to the Department of Agriculture by the Territorial Horse Breeders' Association, by which the Department is asked to secure an appropriation for the purpose of purchasing annually in the west a number of horses coming up to the type of the standard required by the various branches of the army, to be resold to the British Government."

3. What action, if any, has been taken, on these communications?

4. If no action has been taken, does the Government intend adopting any line of action to the furtherance of the views of those associations?

Mr. Wilson—On Friday next—INQUIRY OF MINISTRY—Referring to the Return brought down re St. John and Halifax elevators : —How much of the grain passing through said elevators, for export, was brought from points west of Montreal over the Intercolonial Railway? What were the quantities for each elevator, separately?

4. What was the expense in conducting them to their several locations ?

5. How much was paid for their medical and other attendance?

6. What has been the total amount expended in connection with the immigration of the Doukhobors up to date ?

Mr. Bennett—On Friday next—INQUIRY OF MINISTRY—Has William Stubbs, of Caledon, Ontario, formerly representing the riding of Cardwell in this House, been appointed to any position under this Government? If so, what are his duties and the salary attached to the office ?

Mr. *B nnett*—On Friday next—INQUIRY OF MINISTRY—Has W. E. O'Brien, of Shanty Bay, Ontario, been appointed to any position under the Government? If so, what position, and what salary attaches thereto?

Mr. *Birkett*—On Friday next—ORDER OF THE HOUSE for copies of all leases, contracts or agreements for the rental of all buildings now occupied, or to be erected for and occupied.by the Federal Government in the city of Ottawa.

Mr. *Clarke*—In Committee of the Whole on third reading of Bill No. 13, "An Act to incorporate the Canada National Railway and Transport Company,"—The following amendment thereto :—

His Majesty shall have the right at any time to take over the undertaking, property rights and franchises of the company, and for that purpose the provisions of The Expropriation Act shall apply.

From any valuation placed upon such property so taken there shall be deducted on payment the amount of any bonus or subsidy paid by the Government of Canada to the company towards the construction of such line of railway or any part thereof.

PRAYERS.

Thirteen Petitions were brought up, and laid on the Table.

The Petition of the Municipal Council of the village of Port Colborne, Ontario; praying for such amendment of the Act respecting the Bell Telephone Company, of 1892, as will effectually restrain the said company from increasing the rates charged to subscribers, without the consent of the Governor in Council, and for other purposes, was read and received.

Mr. Flint, from the Select Standing Committee on Standing Orders, presented the Eighth Report of the said Committee, which is as follows :---

Your Committee have examined the Notices given on the following Petitions and find them sufficient, viz. :--

Of Henry Purdon Bell and others, for an Act of incorporation under the name of the Kamloops and Atlin Railway Company, with power to construct and operate a line of railway from a point at or between Ashcroft and Kamloops to the Fraser River; of the Grand Falls Water Power and Boom Company, for an Act to extend the time for the construction of their works; and of Mary Agnes Snively and others, for an Act of incorporation under the name of the Canadian Nurses Association.

Your Committee have also considered the Petition of Le Crédit Foncier du Bas-Canada, for certain amendments to their Act of incorporation and find the Notices given thereon short in point of time, but as the amendments asked for will only affect the interests of the shareholders, your Committee recommend that the Notices given be deemed sufficient on condition that a clause be inserted in the Bill providing for the approval of the shareholders in the usual manner. Your Committee have also considered the Petition of the Dawson City Electric Company, Limited, for an Act to extend the time for the construction of their works, and to enlarge their corporate powers, and they find that the Notices given thereon are not sufficient.

In obedience to the Order of Your Honourable House your Committee have again taken into consideration the Petition of John Mather and others, for an Act of incorporation under the name of the Alaska and North western Railway Company, and they beg to report that they are still of the opinion that the requirements of the rule as to due publication of Notice have not been complied with.

Mr. Northrup—On Friday next—INQUIRY OF MINISTRY—1. Did the Member for Quebec West, the Hon. R. R. Dobell, a member of the Cabinet, make the statement attributed to him in a resolution passed by a deputation which waited upon the Hon. Mr. Parent, Premier of the Province of Quebec, and which resolution has been published in a number of newspapers in the Dominion of Canada to the following effect : —

QUEBEC IS ANGRY.

THE LEADING CITIZENS PROTEST AGAINST MR. DOBELL'S OPPOSITION TO THE PLAINS OF ABRA HAM PURCHASE—AN APPEAL TO SIR WILFRID—THE FEDERAL GOVERNMENT URGED TO AT ONCE RATIFY THE DEAL WITH THE NUNS BY WHICH THE BATTLEFIELD WILL BE SAVED.

QUEBEC, April 8.—"I worked and voted for the Hon. R. R. Dobell at the time of his last election, but will never cast a vote for him again," was the statement made by the Hon. Richard Turner, M.L.C., on Saturday afternoon, in the course of an interview with Mayor Parent, at which a large number of prominent citizens were present. Mr. Turner was one of the disgusted delegation that waited on Mr. Dobell on the 4th inst., about the Plains affair, and was told that for conscientious reasons, which he would not disclose, he could not support the scheme.

Mr. Turner was chairman of the important deputation which waited on Mr. Parent on Saturday, and which also included Hon. John Sharples, Revd. F. G. Scott, W. H. Wiggs, H. M. Price, William Price, William Wood, Victor Chateauvert, N. Garneau, M.L.A.; Ald. Taschereau, Thomas Davidson, Atkinson, J. Theodore Ross, Amyot and many others. The proposed deed of sale between the Ursuline nuns and the Federal Government was read and showed that the price to be paid the nuns was \$80,000 and that the Marchmont property does not come into the bargain at all. The nuns may, of course, purchase Marchmont instead of the Plains, if they so choose it, but there is nothing in the contract to compel them to do so. There was much adverse comment at Mr. Dobell's action in refusing to speak right out and say what his objections are, and Mayor Parent was particularly severe in the matter. Finally, the following resolution was unanimously adopted :

"Moved by Mr. Victor Chateauvert, Captain William Wood, President of the Literary and Historical Society of Quebec, and Mr. N. Garneau, M.L.A.

"Seconded by Hon. John Sharples, M. L. C.; Mr. William Price, and Mr. John Hamilton-

"That this large and representative deputation of citizens of Quebec have heard with surprise the report of the gentlemen who waited, on the 4th inst., upon the Hon. R. R. Dobell on the question of securing the Plains of Abraham as a public park, to the effect that the Minister, while asserting his approval of the acquisition of that property by the Federal Government, stated that there was a matter in connection therewith that he could not conscientiously approve, and that being a cabinet secret he could not divulge it without the consent of his colleagues.

"That this deputation having heard the reading, in both French and English, of the proposed deed of sale from the Ursuline ladies to the Federal Government, considers that the price stated, namely \$80,000, is very satisfactory, and the conditions imposed such as safeguard the interests both of the Federal Government and of the people of the Dominion and meet with the cordial approval of the citizens of Quebec.

"That as members of this deputation we urge the immediate acceptance of the present proposed contract upon the Federal Government as being the desire of the whole city of Quebec.

"That the action of the Ursuline ladies in agreeing to this sale for the express purpose of meeting the stated views of their fellow-citizens, merits the gratitude of the latter and tends to cement the good understanding that exists between people of different nationalities, not only in the city of Quebec but throughout the entire Dominion.

"That we take the present opportunity of thanking the Prime Minister of the Province of Quebec and mayor of this city for the active interest he has taken in this matter from its very inception, and for his successful conduct of the negotiations with the religious authorities and Federal Government, and trust that he will continue to urge the completion of the transaction upon the conditions contained in the proposed deed of sale.

"That copies of these resolutions be transmitted to the Right Honourable Sir Wilfrid Laurier, Prime Minister of the Dominion, to the Honourable R. R. Dobell and to the Federal Members of Parliament from the city and district of Quebec."

2. What were the conscientious grounds that prevented the honourable gentleman from approving of such purchase ?

Mr. Northrup—On Friday next—INQUIRY OF MINISTRY—1. Is the following a true translation, or practically so, of a circular issued by Thomas Coté, Assistant Census Commissioner :—

(Confidential.)

"CENSUS BUREAU,

"OTTAWA, 1st March, 1901.

"DEAR SIR,—I take the liberty of writing to you to-day for the purpose of discussing matters connected with the census.

"As you already know, the fourth decennial census of Canada will begin on the 1st of April next, and will continue during the two or three following weeks. As you also know, the object of the census is to ascertain as exactly as possible the number of the population, and of the resources of the country, and thereby to give a true idea of its relative position among nations.

"To attain this object, that is to say, to know as correctly as possible the number of the population and resources of the country, it is necessary that the citizens of the country in which the census is taken should contribute by their influence, by their words, and by their example to the success of the common work.

"This leads me, sir, to ask you to aid us in making this census as complete and as exact as possible in your locality. You are probably aware that on the occasion of each former census, many citizens of this country imagined that the census was for the purpose of imposing additional taxes, and for the purpose of enrolling their children for foreign wars. That was a complete mistake, for the results which the census furnishes have not for their object the imposition of new taxes, but are, on the contrary, directly connected with the administrative science which presupposes a general knowledge of needs and means, defects and advantages of the country in which the census is taken, all of which is to be presented in a numerical form.

DOES NOT MEAN CONSCRIPTION.

"Neither is it reasonable to fear that the census has for its aim the enrolment of any citizen of the country for any war. The military service which a certain number of Canadians recently performed in South Africa was, as you know, purely voluntary, and there was no power in the world capable of enforcing any one to go there unless it was his own desire to do so. There is also another error into which a certain number of our compatriots have fallen : that is to imagine that the census tables, or rather the information furnished the enumerators, could serve them as an advertisement, or could be used in any way to their detriment. The real truth, however, is that these tables are never seen, except by the officers whose duty it is to make the census.

"These officers are bound by their oath of office not to divulge auy information concerning individuals, and besides, as you may well believe, I am sure that not four-fifths of the enumerators have any leisure to give attention to the personal information which they have obtained in going from bouse to house and interrogating the citizens.

"Some people have also, in certain cases, objected to give their names to the enumerators. Names are taken purely and simply as a guarantee of the truth of the information furnished, and in order to afford a check upon the information as written down.

"There is another thing to which I particularly desire to draw your attention, and that is the peculiar situation of the groups of French families in your district. In the census of 1891, the people of French origin in the Maritime Provinces, in Manitoba, the North-west Territories, and in Ontario, did not receive justice. A large number of citizens of French origin were enumerated in the census of 1891 as being of English origin.

ENGLISH-SPEAKING FRENCH.

"The true cause of this injustice has never been thoroughly known. Perhaps it was owing to the fact that a large number of our compatriots in the provinces above named, and especially in your locality, do not now speak French, and even in some cases have changed their names. When the enumerator went to their houses in 1891 they answered, no doubt, without reflection, that speaking only English, they should be enumerated as forming a part of the population of English origin. That is no reason, however, why citizens who are really of French origin should be enumerated as such.

"I have reason to believe that there will be fewer errors this year than in the past, on account of the changes which have been made in the census tables.

"But will you permit me to ask you to exercise your influence on all citizens of French origin whom you know, in order that they may answer accurately and correctly the census officials. "See that they do not forget to declare that they are really of French origin, although they may not now speak French, and although they may have changed their names, as, for example, in the case of those named Poirier, who now call themselves Perry; those named Leblanc, who now call themselves White, &c.

"Will you permit me also to ask you to give these instructions, and these explanations, to all citizens of French origin whom you know.

"Will you be good enough to advise your people to answer correctly the questions which will be put to them by the enumerators, assuring them that they need fear no increase of taxes, since the census has not this object in view; and also not to hesitate to make known the real value of their properties. But above all, insist, I beg of you, that the true origin of all our compatriots may be correctly registered by the census officials

"I have the honour to be, sir,

"Your obedient servant,

'THOMAS COTÉ

"Assistant Census Commissioner.

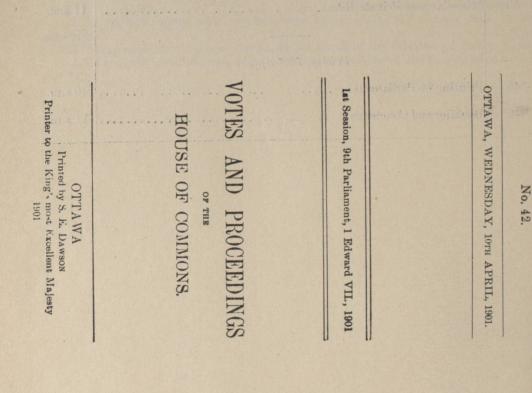

2. If so, how many such circulars were issued, giving the number sent to each province?

3. Were such circulars sent out under the frank of the Minister of Public Works?

4. Were such circulars sent out under the instructions of the Government?

NIPISSING CONTROVERTED ELECTION.

IN THE HIGH COURT OF JUSTICE FOR ONTARIO.

Between

JAMES BELL KLOCK,

Petitioner,

and

HENRY CHARLES VARIN,

Respondent.

The undersigned, two of the Justices of the High Court of Justice assigned to try the said petition :

Do hereby certify that on the fifth day of April, 1901, at the town of North Bay, in the district of Nipissing, we held a court for the trial of and there tried the said petition.

Wherein and whereby the said Petitioner sought to have it determined that he was duly elected for the said electoral district and ought to have been returned by the said Respondent (who was the Returning Officer) as elected at the said election directed by the Writ of Election above referred to.

And we certify as to the result of such trial that we held and determined that the said Petitioner was not duly elected for the said district, and that he ought not to have been returned as elected at said alleged election.

And we dismissed the said petition with costs to be payable by the Petitioner to the Respondent, in so far as the investigation proceeded, and as to the costs connected with the charges of conspiracy we gave no costs to either party.

NOTICES OF MOTIONS.

Mr. Northrup—On Friday next—INQUIRY OF MINISTRY—Is the conscientious objection which the Honourable Minister and Member for Quebec West entertained against the purchase by the Federal Government of the property known as the "Plains of Abraham" at present possessed by the Ursuline nuns of Quebec, founded

(a) upon the conviction that as a matter of fact, the battle known as the *Battle* of the Plains of Abraham of September, 1759, never took place at all upon the property so offered to the Government, and consequently that the Government is being falsely induced to acquire a property the only historical importance of which consists in its having been used as a playground and a pasture; or

(b) upon the general accepted opinion that the pressure brought to bear on the Government in order to bring about said sale is the result of an agreement between the Ursuline nuns and Alderman Tanguay, ostensible proprietor of the Marchmont farm, to the effect that the Ursulines can only become owners of Marchmont for \$50,000, Alderman Tanguay having paid for it \$20,000 after the Government will have acquired the Plains of Abraham for \$80,000, thus paving the way for a profit of \$30,000 in favour of Alderman Tanguay, or others interested in Marchmont; or

(c) is it founded on the double conviction that the Government in such a transaction would be buying the Plains of Abraham on false pretenses, and also favouring a speculation condemned by public opinion ?

Mr. Morin—On Friday next—INQUIRY OF MINISTRY—1. Were the tenders for "The Indian lands of Coleraine," which were to have been received at the Department of Indian Affairs, Ottawa, up to noon on the 15th instant, opened on that date?

2. Has one of the tenders been accepted?

3. In whose name has the tender which has been accepted, and what is the amount thereof?

4. What are the names of the other parties who tendered, and the amounts of their several tenders?

Mr. Clancy—On Friday next—INQUIRY OF MINISTRY—Has Mr. Aurèle Pacaud, of Windsor, Ont., made an application to the Government for a position in H.M. Customs? If so, has any assurance been given to him that a position will be given him, or is it the intention of the Government to give him a position? 17TH APRIL.

A Message was received from the Senate, agreeing to the Bill No. 23, an Act respecting the Guelph Junction Railway Company, with amendments, which are as follows :---

Page 1, line 18.—Leave out clauses two and three, and insert the following clauses :--

"2. No person shall be a director of the company unless he be the holder of at least one share of the stock of the company and have paid up all calls thereon.

"(a) But so long as the City of Guelph shall hold \$20,000 capital stock of the company, and shall be the holder of the bonds of the company, any alderman of the city and any *bona fide* ratepayer of the city then qualified for election as an alderman of the city and any of the shareholders of the company, shall be eligible to be directors of the company; the mayor of the city for the time being shall be *ex officio* a director; and the council of the city may by by-law, passed after its organization in each year, appoint five directors of the company from among those qualified by this Act for such appointment; and such directors so appointed shall take office immediately after the holding of the annual general meeting of the company first held after such appointments are made, and shall hold office for one year thereafter.

"(b) The word 'five' in the fifth line of section 6 of chapter 79 of the Statutes of 1884, An Act to incorporate the Guelph Junction Railway Company, is hereby struck out, and the word 'three' inserted in lieu thereof, and the words 'by the shareholders other than the City of Guelph from among themselves,' are inserted after the word 'chosen' in the sixth line of the said section.

"(c) The three directors so elected, together with those appointed by the council of the City of Guelph as hereinbefore provided and the *ex officio* directors, shall constitute the board of directors of the company.

"3. The directors of the company shall, upon the request of any of the present shareholders of the company holding ten shares of the capital stock of the company, and upon whose shares ten per cent only has been paid, issue a fully paid up share for one hundred dollars to each of such shareholders holding ten shares as aforesaid, being for the aggregate amount paid upon his present shares, and shall pass a by-law or by-laws, which the said directors are hereby empowered to do, cancelling the subscription for and all liability upon the remaining nine shares held or subscribed for by any such shareholder or shareholders; and thereupon all liability of any such shareholders for the payment of the amount of the said remaining shares subscribed for or now held by them respectively, or any part thereof, shall cease and determine; and the word 'shareholder' in this section shall include as well any one or more persons holding shares in trust as those holding the same in their own right.

"4. It shall be lawful for the corporation of the City of Guelph, subject to the laws of the Province of Ontario, to acquire any fully paid up shares in the company, and to hold the same as well as those now held by the said city.

"5. Section 7 of the said Act to incorporate the company, chapter 79 of the Statutes of 1884, is repealed.

"6. Subsections (a), (b) and (c) of section 2 shall not come into force until the first day of January, 1902."

The House then adjourned until Monday next.

LOUIS PHILIPPE BRODEUR,

Speaker.

Mr. Northrup—In amendment to the motion for the House to go into Supply:— That all the words after the word "That" in the proposed motion be left out and the following substituted therefor:

At the general election of members to serve in the House of Commons for the Dominion of Canada which was held on the 31st October and the 7th November, A.D. 1900, a writ for the election of a member of the House of Commons for the electoral district of Nipissing was duly issued to H. C. Varin, sheriff of said district, as returning officer for such district.

That the returning officer received such writ and duly posted in the said district his proclamation in the form and manner required and prescribed by section 24 of the Election Act, 1900, more than eight days before the 31st day of October, 1900, being the day fixed for the nomination of candidates at such election.

That the returning officer alleges that on or about the 18th October, 1900, he came to Ottawa and consulted with the Secretary of State, the Hon. R. W. Scott, as to what lists should be procured by him and used in the said election, and that he was instructed to use those of 1898.

That subsequently the returning officer further alleges that on the 23rd day of October, he wrote to the Secretary of State touching the voters' lists, and on the 26th October received a telegram from him in the following words:

"H. C. VARIN,

"North Bay.

"You have been authorized to use voters' list 1900 already prepared or in course of preparation in the unorganized district of Nipissing—official letter goes up to-night. Notify all parties interested. This will supersede lists for 1898 where more recent ones have been prepared.

(Sgd.) R. W. SCOTT."

That the returning officer further alleges that on the 28th of October aforesaid he came to Ottawa, called on the reform candidate, Mr. C. A. McCool, and with him again interviewed the Secretary of State regarding said lists.

That in accordance with a report purporting to be signed on the 25th of Occober, A.D. 1900, by four members of the Government, an Order in Council was passed bearing date the 26th of October, A.D. 1900, instructing the Sheriffs of Algoma and of Nipissing to prepare voters' lists for such districts, a copy of which Order in Council is alleged to have been received on the 30th of October, A.D. 1900, by the Sheriff of Nipissing, who was the returning officer aforesaid.

That on the 31st day of October, A.D. 1900, the returning officer posted notices up near the court-house door and in the court-room where, under his proclamation the nomination was to be held, which notices postponed the said election to a future day to be thereafter fixed and were in the words following :---

"By order to me directed from His Excellency, dated 26th October, 1900, to take the necessary steps to put in force and effect the 1900 unorganized voters' list for Nipissing District, by virtue of said order I hereby adjourn the nomination and election, as per my proclamation dated 10th October, 1900, and will issue new proclamation as soon as His Honour the District Judge certifies to said list, or sooner if possible.

"(Sgd.) H. C. VARIN,

" Returning Officer for the District of Nipissing.

"Dated at North Bay,

" 30th day of October, 1900."

That it is alleged that one J. B. Klock and his agent attended the said court-room on the 31st day of October, 1900, at the time fixed by the returning officer's proclamation, for the nomination of candidates, having with them a duly executed nomination paper and his deposit of \$200 which they desired and intended to give to the returning officer, but neither that officer nor the election clerk attended at said time or place.

That the returning officer has admitted that with the object of preventing any nomination being made on the said 31st day of October, 1900, he took his election clerk, one Flannery, to his own house and there both lay concealed during the day fixed for said nomination.

That the returning officer has admitted that he gave instructions to his deputy at his office on the said day to say to inquiries that he had left town, and it is alleged that he also compelled or induced his wife on the said day to reply to inquiries made for him at his house that he was not at home and she did not know where he was.

That in consequence, as it is alleged of the matters aforesaid, the said Klock was unable to secure a nomination on the 31st day of October, as he desired.

That on the 10th day of November, 1900, the returning officer is alleged to have received from Ottawa a telegram in the following words :---

"Return election writ, endorsing on it reasons for omission to hold election. New writ goes up to day dated 10th of November, nomination, 28th November. On this information you can proceed with posting a proclamation." That shortly thereafter the returning officer received a new writ of election for the said electoral district of Nipissing bearing date the 10th day of November, 1900, accompanied by a letter from the Clerk of the Crown in Chancery in the following words :---

"H. C. VARIN, Esq.,

"Returning Officer,

" North Bay, Ont.

"SIR,—I beg to transmit herewith a new writ dated this day, returnable 27th December next, and fixing the 28th November as nomination day, for a candinate in the electoral district of Nipissing. Please return first writ when acknowledging receipt of this.

"I have the honour to be, &c.,

"H. C. LAMOTHE,

" Clerk of the Crown in Chancery."

That although the new lists referred to in the returning officer's notice postponing the election had not been prepared and the returning officer could not procure any other lists than those available on the 31st of October then past, he proceeded to hold an election under the new writ, posted up his proclamation, received a nomination paper and deposit on behalf of the said A. C. McCool, and no other nomination having been made he returned the said A. C. McCool as a member of this Honourable House for the electoral district of Nipissing, and the said A. C. McCool now occupies a seat in this House.

That in view of the matters herein set forth, the question of the validity of the writ of election bearing date 10th November, 1900, and the conduct of the said returning officer be referred to the Committee of Privileges and Elections for the purpose of inquiring into all the circumstances of the case and reporting on the validity of the said election and on the action of the returning officer, and that the House do also order that the Clerk of the Crown in Chancery do attend the said Committee with all writs, papers and documents relating to the said election.

That subsequently the returning officer further alleges that on the 23rd day of October, he wrote to the Secretary of State touching the voters' lists, and on the 26th October received a telegram from him in the following words : 'H. C. VARIN,

'North Bay.

That the returning officer has admitted that with the object of preventing any nomination being made on the said 31st day of October, 1900, he took his election clerk, one Flannery, to his own house and there both lay concealed during the day fixed for said nomination.

VOTES AND PROCEEDINGS

OF THE

HOUSE OF COMMONS

OTTAWA, TUESDAY, 14TH MAY, 1901.

Eleven o'Clock A.M.

The Clerk informed the House of the unavoidable absence of Mr. Speaker. Whereupon Mr. Macdonald, Chairman of Committees, took the Chair as Deputy Speaker, pursuant to the Statute in that case made and provided.

PRAYERS.

One Petition was brought up, and laid on the Table.

Mr. Parmelee, from the Joint Committee of both Houses on the Printing of Parliament, presented the Fifth Report of the said Committee, which is as follows :---

The Committee having investigated various complaints setting forth that there is an unreasonable delay in the translation, printing and distribution of Parliamentary returns and reports in French, beg leave to report :—That after a painstaking inquiry they find that the complaints in question are amply justified.

Returns and reports in French are printed and distributed from six months to a year and a half after they have appeared in English. In the opinion of your Committee such a state of affairs is not creditable to a Parliament in which the two languages are on the same footing, nor just to the Members and the portion of the population requiring to use them. Your Committee are convinced that not only is some reform necessary, but that it might be brought about with slight expense. With that end in view, your Committee take the liberty of recommending :--

1. That so far as possible the Departmental reports should be prepared in a few weeks at latest after the close of the fiscal year.

2. That in each Department issuing a long report there should be a special translator, whose duty it should be to translate from the English copy as fast as it is prepared, so that the English and French copy might go to the Printing Bureau concurrently.

3. That in view of the fact that the work of the Bureau has outgrown the facilities for handling it, an annex should be built, affording sufficient room for additional plant and presses, and accommodation for all the hands required for the efficient and economical working of the Bureau.

In conclusion the Committee desire to express their belief that if these recommendations are carried out the translation, printing and distribution of returns, reports and documents in French could be done so expeditiously that all cause of complaint would be removed.

On motion of Mr. Sutherland (Oxford), it was Ordered, That owing to the advanced period of the Session the requirements of Rule 60 be dispensed with for the remander of the Session.

Mr. Bernier introduced the following Bills, which were read the first time, and ordered for a second reading to morrow :---

Bill No. 139, an Act to amend the Gas Inspection Act ;--and

Bill No. 140, an Act to amend the Electric Light Inspection Act.

Sir Wilfrid Laurier moved, That the House will to morrow go into Committee of the Whole to consider the following proposed Resolution :---

That it is expedient to provide that the salaries of the Police Magistrate for Dawson and the Police Magistrate for White Horse shall be \$2,400 per annum each, and that they may be paid, in addition, such living allowances as are fixed by the Governor in Council.

Whereupon Sir Wilfrid Laurier informed the House, that His Excellency the Governor General having been informed of the subject-matter of the said proposed Resolution, recommends it to the House.

GOVERNMENT HOUSE,

OTTAWA, 13th May, 1901.

On motion of Mr. Fielding, the said Message and further Supplementary Estimates were referred to the Committee of Supply.

Bill No. 137, an Act to amend the Act respecting the Department of Public Printing and Stationery,

And also,—with the following Bills of their own, to which the concurrence of this House was desired :—

Bill No. 153 (Letter U of the Senate) intituled: "An Act to remove doubts concerning the continuance in office of Judges of Dominion and Provincial Courts upon the Demise of the Crown."

On motion of Mr. Fitzpatrick, the said Bill was read the first and a second time and committed to a Committee of the Whole at the next sitting of the House.

Bill 154 (Letter T of the Senate) intituled : "An Act to confer on the Commissioner of Patents certain powers for the relief of Eudora Sibbald." On motion of Mr. Fielding, the said Bill was read the first time, and ordered for a second reading at the next sitting of the House.

The House then adjourned at 1.10 o'clock A.M., until Eleven o'clock this day.

LOUIS PHILIPPE BRODEUR,

529

Speaker.

NOTICES OF MOTIONS.

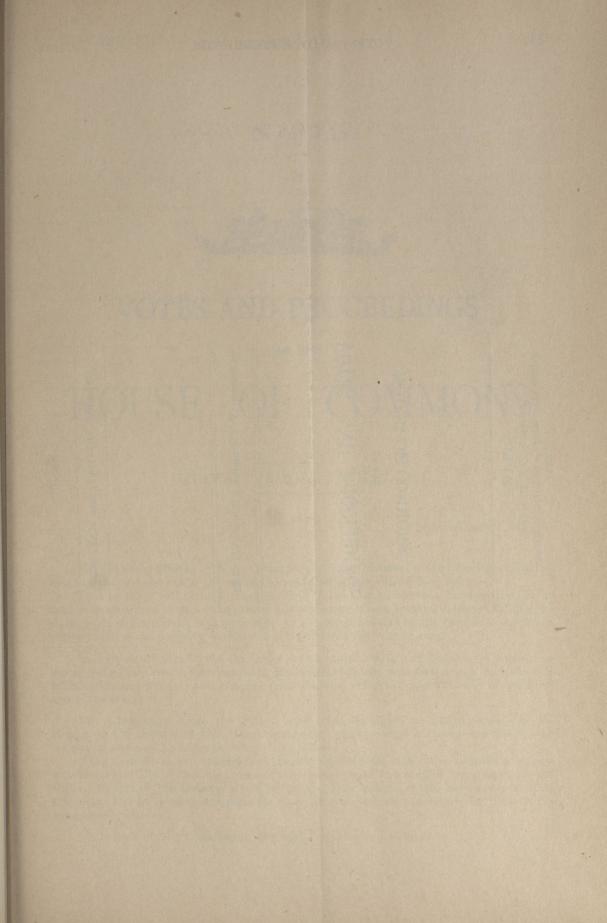

Mr. Clarke—On Wednesday next—INQUIRY OF MINISTRY—Will the Government permit the erection of a monument or tablet on Government property, in or near the city of Quebec, to mark the spot where he was killed or to commemorate the death of the American General, Montgomery, who with American troops unsuccessfully assailed the city of Quebec ?

Mr. Birkett—On Wednesday next—INQUIRY OF MINISTRY—Is it the intention of the Acting Postmaster General to recommend to the Government the advisability of increasing the letter carriers' salaries this Session, as was intimated by the Postmaster General before he left Ottawa last February?

Mr. Robinson (Elgin)—On Wednesday next—That in the opinion of this House it is necessary, for the welfare of Canada, that the annual expenditure relative to legislation should be kept within reasonable bounds. Therefore, this House asks the Dominion Government of Canada to petition the British Government to so amend the British North America Act that the matter of representation to the Dominion Parliament and the Provincial Legislatures may be reduced, in accordance with the wishes of the Canadian people. That this House believes that the work of legislation would be more economically, expeditiously and efficiently done if the Members of this House were reduced to one-half of its number, and that the Senate, if not entirely abolished, should be reduced to one-half of its number, and elected by the people. The Dominion of Canada shall be divided into equal electoral districts, composed of not less than fifty thousand people, who shall elect one Member to the Dominion Parliament, and whenever it is possible, county boundaries shall be respected.

Mr. Champagne, from the Select Committee appointed to supervise the Official Report of the Debates of this House during the present Session, presented the Second Report of the said Committee, which is as follows :---

Your Committee recommend that the sum of \$400.00, being the balance of salary which the late Emile Tremblay, one of the members of the staff of translators of the Official Report of the Debates who died on the 17th instant, would have been entitled to receive had he lived to complete his share of the work of translation, be paid to his legal representative.

1. That the Governor in Council may authorize the payment of the undermentioned bounties on lead refined in Canada from materials produced in Canadian smelters from Canadian lead ore—

(a) On every ton of lead so refined during the fiscal year beginning 1st July, 1902, \$5.

(b) On every ton of lead so refined during the fiscal year beginning 1st July, 1903, \$4.

(c) On every ton of lead so refined during the fiscal year beginning 1st July, 1904, \$3.

#### PRAYERS.

The Petition of the Municipal Council of the Village of Wroxeter, Ontario; praying for such amendment of the Act respecting the Bell Telephone Company, of 1892, as will effectually restrain the said Company from increasing the rates charged to subscribers, without the consent of the Governor in Council, and for other purposes, was read and received.

Mr. Britton, from the Joint Committee of both Houses on the Library of Parliament, presented the Second Report of the said Committee, which is as follows :---

The Committee met a second time in the Chambers of the Speaker of the Senate, on Monday, 20th May, at 11 a.m.

The minutes of last meeting were read and approved.

The report of the Sub-Committee of Audit was read and adopted. A copy is hereto annexed.

The report of the Sub-Committee on the lack of space in the Library was read and adopted. A copy is hereto annexed.

The Librarians were instructed to forward to the Prime Minister a copy of the report of the Sub-Committee on Library accommodation.

The Committee then adjourned.

L. G. POWER, Chairman.

SPEAKER'S CHAMBERS, 20th May, 1901.

#### REPORT OF SUB-COMMITTEE ON STATE OF THE LIBRARY.

According to your instructions, your Sub-Committee have examined the Library of Parliament and beg to report that they have found all space on the shelves crowded with books; that in many sections they stand in double rows, a practice which leads to confusion.

Your Sub-Committee has also noticed that the Librarians have been compelled to resort to all sorts of devices to store the constant additions of works coming to the collection entrusted to their care, such as placing on the main floor book-cases and temporary shelving against the wall, all of which tend to destroy the artistic appearance of the Library.

With a view of finding some space until Parliament sees its way to supply more substantial accommodation, they suggest that a third gallery be placed in the Library; collections of works not often called for, could be stored in this additional space, thus giving more accommodation in other sections of the Library.

They also beg to draw the attention of your Committee to the ceiling which stands in need of repairs.

All respectfully submitted.

#### (Sgd.) J. P. B. CASGRAIN, Chairman. " THOS. B. FLINT.

#### REPORT OF THE LIBRARY AUDIT SUB-COMMITTEE.

- Your Sub-Committee appointed by the Joint Library Committee of Parliament for the Session of 1901, to audit and report upon the account of Receipts and Expenditure connected with the Library of Parliament, since the 31st March, 1900, (the date of the last audit), report as follows : —

They have examined the Statements and Vouchers, as well as the Account Books submitted to them by the Accountant; said vouchers being numbered 6152 to 6679, both numbers included; also the vouchers for Bills of Exchange lettered D of 1899–1900 and A, B, C, D, E, and F of 1900–01, respectively, and find them to correspond.

They also submit, herewith, for the information of Parliament, an Abstract of the Account Current of the Library, from 1st April, 1900. to the 30th March, 1901, together with other requisite subsidiary statements, including a statement, classified by subjects, of the expenditure for books during the same period, as prepared by the Accountant.

Your Sub-Committee desire to certify to the correct and businesslike manner in which the books of accounts are kept by Mr. John Smyth the Accountant, thus affording every facility for examination and audit.

#### JOHN SMITH,

Accountant.

Mr. Legris, from the Select Standing Committee on Agriculture and Colonization, presented the Sixth and Final Report of the said Committee, which is as follows :---

The investigation of the Committee during the current Session of Parliament included,

(First.)—Scientific Agriculture applied to the varied production of crops and animal products in Canada, and the development of increase in quantities, and exports; also, the conditions affecting the standing of these productions in the markets of Great Britain.

*(Second.)*—Total Immigration arrivals in Canada and settlement of immigrants in Manitoba and the North-west Territories for the year 1900, together with the agencies employed in Europe and the United States for the promotion of emigration to this country; and therewith the total expenditure upon immigration for the calendar year above indicated. These particulars are set forth in detail in the evidence of Mr. Frank Pedley, Superintendent of Immigration, and Mr. W. T. R. Preston.

The whole evidence taken by the Committee on each of these general divisions and the several inquiries pertinent to each, are appended hereto, except such thereof as have already been reported to the House. The whole of which is essential as collectively forming a portion of this report and to be printed, herewith, consolidated into one volume.

The Committee recommend that one thousand (1,000) copies of the evidence of Mr. Frank Pedley, Superintendent of Immigration, and that of Mr. Preston be published in pamphlet form for distribution by the Bureau of Immigration.

In reference to the *First* general division of the Committee's investigations, they submit that :--

From the evidence of the several members of the official staff at the Central Experimental Farm, together with the evidence of the Commissioner of Agriculture and Dairying, the Committee are gratified to be in a position to report that the application of science to practical agriculture and all products collateral to it, is being extended all over Canada, with marked beneficial results, in consequence of which the volume and variety of farm products are being rapidly augmented in quantities of production and export, and that high grade qualities are keeping pace with the volume of increase.

With scientific agriculture extending over all the cultivated lands of this great country, and having also in view the vast area of rich virgin soils yet untilled, in each of the provinces and over the wide extent of the Territories, awaiting only the touch of industry to yield large and bounteous returns in response, the Committee are led to the conclusion that no country on the face of the globe presents a more hopeful outlook than the Dominion of Canada, for an incalculable expansion of production and export value to foreign markets, of high grade food products, to satisfy the requirements of purchasing populations of less self-sustaining countries.

(For the evidence accompanying this Report, see appendix to the Journals No. 1.)

On motion of Mr. Legris, the Sixth and final Report of the Select Standing Committee on Agriculture and Colonization was adopted.

Sir Wilfrid Laurier presented,—Supplementary Return to an Address to His Excellency the Governor General of the 11th March, 1901, for copy of all correspondence between the Canadian and the British Government relating to commissions to be granted Canadian officers in the British Army.

Mr. Fitzpatrick introduced a Bill No. 157, an Act to amend the Acts of 1899 and 1900 respecting the Quebec Harbour Commissioners, which was read the first time, and ordered for a second reading at the next sitting of the House.

The following Bills were read the third time, and passed :---

No. 145, an Act further to amend the Railway Act; and

Bill No. 144, an Act to amend the Inland Revenue Act.

The following Bills were read the second time, considered in Committ of the Whole, reported without amendment, read the third time, and passed :----

Bill No. 155, an Act further to amend the Penitentiary Act.

Bill No. 151, an Act to amend the Act respecting the Senate and the House of Commons; and

Bill No. 156, an Act to amend the Customs Tariff, 1897.

The Bill No. 152, an Act to provide for the payment of bounties on lead refined in Canada, was read the second time, considered in Committee of the Whole, reported with amendments, considered as amended, read the third time, and passed.

The amendments made by the Senate to the Bill No. 64, an Act to amend the Dominion Elections Act, 1900, were taken into consideration, and severally agreed to.

The amendments made by the Senate to the Bill No. 117, an Act respecting the packing or sale of certain Staple Commodities, were taken into consideration;

The first amendment being read a second time; it was agreed to.

The second amendment being read a second time;

Mr. Fitzpatrick moved, That this House do disagree with the Senate in the said amendment, for the following reason :---

"Because the provision of this subsection fixing the date as October 1st, 1900, are those of an Act passed last Session and now in force, and in consequence thereof the original date must be preserved. The provisions are merely a transfer from the Weights and Measures Acts to a special Act;" which was agreed to.

A Message was ordered to be sent to the Senate to acquaint their Honours therewith.

The Resolutions adopted in Committee of Supply on the 21st May instant, were reported, read the second time, and severally agreed to, and are as follows :----

Sup	ply ; Mr. F Mr. 1	Fielding moved, That Mr. Speaker do now leave the Chair. Borden (Halifax) moved in amendment thereto, That all the	words after

"That" be left out, and the following added instead thereof: — "the total expenditure as shown by the Public Accounts during each fiscal year from 1892 to 1900, both inclusive, was as follows: —

1892	$\begin{array}{cccccccccccccccccccccccccccccccccccc$

22ND MAY.

That the Minister of Finance estimates that the total revenue for the current year ending 30th June, 1901, will be \$52,750,000.

That notwithstanding this very large revenue the Minister of Finance estimates that the public debt will be increased during the current year by about \$1,800,000.

That the total amounts which this House has been asked to vote during the present Session, together with items of expenditure authorized by statute, are substantially as follows :

Supplementary estimates, 1901\$ 3,729,716 90 1902 30,000 00	3,759,716	90
Main estimates, 1902         50,398,823         56           Supplementary estimates, 1902         8,369,241         13           1902         1,240,476         18		
Bailway subsidies	60,008,540	87
Further railway subsidies	3,558,472 67,326,729	
Annual subsidy to steamship line between Canada and France	100,000	
m + 1	67,426,729	77

That the Finance Minister estimates that during the ensuing year at least one million dollars will be required to pay the bounties on iron and steel, and that the sum may be somewhat larger.

That this House desires to place on record its opinion that the expenditure for the year ending 30th June, 1901, and the proposed expenditure for the year ending 30th June, 1902, are excessive and extravagant, and its regret that the Government, with the exceptionally large revenues at its command, has not only failed to reduce but has largely increased the public debt; and has not shown proper appreciation of the extreme difficulty if not impossibility, of reducing in future years the very high standard of expenditure which is being fixed during a period of great prosperity.

And the question being put on the amendment; it was negatived on the following

After which His Excellency the Governor General was pleased to close the First Session of the Ninth Parliament of the Dominion with the following Speech :----

#### Honourable Gentlemen of the Senate :

#### Gentlemen of the House of Commons :

In relieving you from further attendance in Parliament I desire to thank you for the assiduity and zeal with which you have considered the many important subjects that have been brought before you.

It has been pleasing to note that the Act making the 24th day of May a legal holiday has met with such general approval, evincing, as it does, a desire to pay a worthy tribute to the memory of a sovereign who was so endeared to her subjects.

The establishment of a branch of the Royal Mint in Canada marks a new departure in our monetary system, and is gratifying to the pride of the people, evidencing, as it does, the increasing wealth and prosperity of the Dominion.

I am glad to observe the interest shown in so many cities and towns throughout Canada in the approaching visit of the Duke and Duchess of York. It affords an assurance that they will receive a hearty welcome.

The subsidy granted for the establishment of a line of steamers between Canada and France will, I am confident, aid materially in developing and increasing a trade with France that will prove advantageous to both countries.

The Act providing for a further allowance to the Province of Prince Edward Island removes from controversy a long pending claim against the Dominion, and has been accepted in full satisfaction for all damages arising out of the alleged non-fulfilment of the terms of Union in respect to intercommunication between the Island and the Mainland during the winter season.

#### Gentlemen of the House of Commons :

I thank you for the liberal supplies you have granted towards the development of our resources. This action is amply justified owing to the expanding revenue of the last two years.

#### Honourable Gentlemen of the Senate :

#### Gentlemen of the House of Commons :

I congratulate you upon the adoption of many important measures in addition to those named, and I do not doubt but that they will contribute to the general advancement and prosperity of the Dominion.

THE SPEAKER of the Senate then said :

#### Honourable Gentlemen of the Senate :

#### Gentlemen of the House of Commons :

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Wednesday, the second day of July next, to be here held, and this Parliament is accordingly prorogued until the second day of July next.
