NEW ALBANIA TO BE GOVERNED BY PRINCE

Status of State Settled at Ambassadorial Conference in London Yesterday, But Nothing Has Yet Been Done to Put Pressure on Turkey—Severe Fighting Still.

LONDON, July 22.—(Can. Press).—The ambassadorial conference today settled the status of New Albania. A prince will be nominated six months hence to rule over the new state. In the meantime a commission of control, composed of one representative of each power, will organize the administration with the aid of a Swedish officer and gendarmerie.

The conference has done nothing effectively in the direction of coercing Turkey, and as the strongest feeling being manifested at indignation meetings throughout India against any attempt to drive the Turks from Adrianople, it is not likely that the British Government would be anxious to initiate such coercion.

Bulgars Fought Fiercely. The Greeks are still operating by sea and by land. The Bulgarians who were defeated recently at Kresna Pass, turned upon the pursuing Greeks to the northwest of Djuma. Furious fighting occurred, the reinforced Bulgarians making a desperate attempt to recapture their lost positions. The battle lasted through Sunday, during which the Greeks thrice were ejected at the point of the bayonet from one position.

The fighting took place over an extended front and both sides suffered heavily. According to a Greek account of the battle neither side had gained a decisive advantage at nightfall Sunday, but under the cover of darkness the shaken Bulgars retired after abandoning and setting fire to the town of Djuma, which later the Greeks occupied.

A correspondent with the Greeks says that their losses in the previous battle for possession of the Kresna defiles were 2,500 men killed or wounded. The losses in Sunday's battle are not given. The correspondent adds that except for rear guard actions the Bulgars can make no further stand this side of Dubinitza, 22 miles south of Sofia, and that now not a single Bulgarian soldier remains in Macedonia, except as prisoners.

Greeks Occupy Parts. The Greek fleet has occupied the ports of Laros, Maronia and Makri on the coast of Thrace, and a Greek force has captured the town of Gurmurija, 32 miles inland from the Aegean Sea and about 75 miles southwest of Adrianople.

The Daily Telegraph's Athens correspondent declares that the Greeks must bring all their supplies from Demirhisar by wheeled traffic over a single mountainous road with a bad surface, and that if the Bulgarians are given a respite they might reform their beaten forces and with the six fresh divisions of troops around Sofia start the war again with the chances in their favor.

BEST CROP IN YEARS, SAYS ANDREW KELLY.

WINNIPEG July 22.—"We have a splendid crop, in fact the best for many years," said Andrew Kelly, president of the grain exchange and president of the Western Canada Flour Mills Company, today upon his return from a long trip by the C.N.R. to Edmonton, Parkman, Saskatoon and Regina.

MAGRATH, M'LEAN AND RANKIN ON GOOD ROADS COMMISSION BIG OUTLAY IS CONTEMPLATED

Chairman of Canadian Section of Waterways Commission Likely to Be Head of Board Which Will Make Thoro Investigation Into Roadway Condition Thruout Province—Many Millions to Be Expended.

One of the greatest projects initiated by Sir James Whitney for the development of the province was commenced yesterday by the passage of an order-in-council appointing the members of the new public roads and highways commission. Charles A. Magrath, C.E., William A. McLean, C.E., and A. M. Rankin have been appointed commissioners to investigate and study all matters relating to the construction and maintenance of public roads and highways, and for such purposes to visit such localities as they may see fit; to note the results obtained by different systems, routes, schemes and methods of construction and maintenance, as well as methods of financing the same, and to report generally thereon; also to report and recommend for adoption a scheme or plan for the construction, improvement and maintenance of the public roads and highways in the Province of Ontario.

Well Qualified Trio. Mr. Magrath is chairman of the Canadian Section of the International Joint Commission which deals with matters relating to the boundary waters between Canada and the United States, and is a civil engineer of distinction and large experience.

Mr. McLean is the well known highway engineer of the department of public works.

Mr. Rankin is the representative of Frontenac in the Provincial Legislature, and has been president of the Good Roads Association of Ontario.

Charles Alexander Magrath, ex-M.P. for Medicine Hat, will, it is expected, become chairman of the commission. He is a native of Augusta, Ontario, where he was born on April 22, 1860. He has been a resident of the Canadian Northwest for the past 30 years.

Mr. Magrath was a member of the Northwest Legislative Assembly for two terms. He was elected to the house of commons at the general election of 1908, and defeated in the general election of 1911.

Many Millions Involved. The task before the commission is colossal. Many millions will be involved in carrying out adequate recommendations. While \$5,000,000 was voted for Northern Ontario, it is estimated that ten millions would be a moderate amount for the new commission to recommend for expenditures necessary to modernize and complete the public roads of the older parts of the province.

Freshawed Months Ago. The policy was indicated in the speech from the throne read by His Honor the Lieutenant-governor at the opening of the Ontario Legislature on Feb. 3. The government then announced that a plan was under consideration for the construction of highways throughout the province, and that the legislature would next session be asked to vote the necessary sums to carry the policy into effect.

WOMAN REFUSES TO LEAVE PRISON

London Police in Difficult Task of Liberating Suffragette—She Ends in Hospital. LONDON, July 22.—(Can. Press).—A curious scene was witnessed in the west end of London tonight. The authorities of Holloway jail attempted to liberate under the "cat and mouse" act a suffragette hunger striker, Mrs. Mary Wyman. The woman refused to leave the prison unless she was unconditionally liberated, whereupon she was sent in a taxicab in the charge of wardresses to a west end nursing home. Arriving there she resolutely refused to enter the home and sat outside from afternoon until midnight, surrounded by a small crowd of sympathizers and curious on-lookers.

Despite all the persuasion of the police, who were warned by a doctor that Mrs. Wyman was in a very dangerous condition, she still refused to move until, she declared, "the government undertook its responsibility." Finding their efforts unavailing, the police brought an ambulance to the nursing home at midnight and removed Mrs. Wyman to a police station and thence to Kensington Infirmary. At the infirmary Mrs. Wyman declared that she would continue her hunger strike.

A Home For the King's Prizeman.

The officers of the 48th Highlanders as a body have given \$500 toward the Hawkins (King's prizeman) testimonials. Numerous citizens are also going to chip in, and it ought to be possible to buy the marksmen a house. The city is giving \$600.

Up the Don Road

They say Sir James Whitney is looking like a two year old these days. He's put his hand to good roads at last, and there will be results. If he put the commission out for a first turn, to look at the uncompleted good roads on the Don road, he'd rejoice the heart of the foundry former who lives over the hill, and who was busy stockpiling the feed wheat all yesterday.

Hamilton's Hundred Years

Hamilton will be the biggest town in the basin of the Lake Ontario next month when its centennial bill is rung. Charles Durand's book published some years ago has one quality at least, it gives you a clear and true picture of the first years of settlement at the Head of the Lakes, of Hamilton, Dundas, most of all, Ancaster and even Coote's Paradise. His father owned the farm that is now within MacNab and Wellington streets, and from King street to the Mountain—the most valuable part of the city. Sir Allan MacNab was probably the most picturesque and stage-filling citizen Hamilton ever had. Ben Block was a later day hero.

Another Hopeful Sign.

LONDON, July 22.—(C.A.P.).—The success of another Canadian issue was announced this morning. The Times says four million dollars four and one-half per cent terminal debenture stock of the Canadian Northern Pacific had been fully subscribed before the advertised time for closing. The scrip was quoted at 1-4 premium.

BANKERS REPLY TO McADOO'S CHARGES

Politicians to Blame For Decline in Government Bonds, It is Alleged. NEW YORK, July 22.—(Can. Press).—Secretary McAdoo's charge that government two per cent bonds had dropped to 95-1-2 because of a campaign waged by influential New York banks to defeat the currency bill was indignantly denied today by A. Barton Hepburn, chairman of the currency commission of the American Bankers' Association.

"The only conspiracy, if such there is, to depreciate prices of these bonds, is on the part of the public men of the City of Washington," reads a statement issued by Mr. Hepburn. "When the price of these bonds began to go down they made haste to restore the refunding provision as to the two per cent bonds, which they had eliminated from the Glass bill, to the composite bill. It was inevitable and ought to have been easily foreseen by the parties responsible therefor that the proposed legislation at Washington could have no other effect than to depreciate the price of these bonds."

FARMER'S DAUGHTER KILLED ON RAILWAY

Was Driving Cattle Over Track a Mile East of Wyoming. WYOMING, July 22.—(Special).—A fatal accident took place this evening at a mile east of this place on the Grand Trunk Railway. Miss Norma Robertson, youngest daughter of F. P. Robertson, a farmer living at the corner of Second line, while driving some cattle over the track was struck and instantly killed by the engine of the 7:25 p.m. train. Dr. Calder of Petoskey was sent for and will hold an inquest.

DIVE MAY COST YOUTH HIS LIFE

William Duffy Struck His Head on Stone While Plunging Into Don River. While diving in the Don River just north of the Winchester street bridge yesterday afternoon about 3:45, William Duffy, aged 15, 28 Natalie street, struck a stone with his head, and was so seriously injured that he may die. It is not known for the presence of two other boys, it is probable that Duffy would have been drowned, as he was knocked unconscious. The youth is now in Grace Hospital and the doctors fear his spine and neck are both injured.

Young Duffy went to the river early yesterday to have a swim. Instead of remaining at the city's swimming station, he walked some distance up the stream. At this point the river is deep in places and very shallow in others. Owing to the muddy condition of the water, it is almost impossible to tell the depth. Consequently when Duffy decided to dive from the bank, he supposed the water was several feet deep.

But he had chosen a very shallow place, and his head came in contact with the stone at the bottom. He floated to the surface in an unconscious condition. Stanley Smith, 54 Highfield road, and Michael Fallon, 54 Logan avenue, were playing on the bank. They jumped into the water and pulled Duffy out. Constable Choccolate rendered first aid and summoned Dr. McIntyre. Duffy was then removed to Grace Hospital. It is not known whether the boy's neck is broken, but the doctors fear that it is.

MEXICAN WAR FACTIONS FLATLY DECLINE OUTSIDE MEDIATION HUERTA NOT RECOGNIZED BY U. S.

President Wilson Refuses to Accept Huerta's Claim to the Presidency of Mexico, Considering That Ousting of Madero Was Piece of Political Propaganda—Parties in Scrap Want to Fight on Without Interference.

(Special to The Toronto World). WASHINGTON, July 22.—The hopes entertained by President Wilson and other members of the administration of bringing about peace in Mexico thru mediation by the United States received a severe jolt today. Despatches were received from all the factions in Mexico to the effect that mediation by any outside power would not be considered for one moment. Such a message was received from President Huerta and from General Carranza, leader of the revolutionists in the northern tier of Mexican states. In addition to the messages that neither side in the Mexican struggle would agree to mediation by the United States, there were these developments in the Mexican muddle:

President Huerta is no longer recognized by President Wilson, though the day Mr. Wilson entered the White House, as president. Mediation is only possible from the inside, that is, brought about by Mexican citizens and without any interference from the United States or other powers.

President Huerta has had some military successes in the northern states, and for this reason believes the revolutionists are not as strong as reported. Because of these successes he will not now consider mediation or any other proposals for peace, but will fight on.

General Carranza will not agree to mediation under any circumstances, but on the contrary will insist that the resolution passed by congress March 14, 1912, prohibiting the shipment of arms in Mexico, be repealed and the purchase of arms and ammunition be permitted without discrimination. President Huerta also favors the repeal of the resolution.

No Successor to Wilson. President Wilson will not send a successor to Ambassador Wilson to Mexico at this time, but will leave the embassy in charge of First Secretary Nelson O'Shaughnessy. Ambassador Wilson did not ask for (Continued on Page 3, Column 3).

TIRED CONGRESS WON'T HURRY STATES EXCLUDE RUSSIA'S PAPER

Republicans May Hold Up Tariff Bill if Currency Is Brought Up. WASHINGTON, July 22.—(Can. Press).—Republican senators made it clear today that they do not propose to hasten consideration of the tariff bill if the president and Democratic leaders of congress are going to insist upon the enactment of currency legislation at this session. Senator Gallinger declared that the Republicans were in no temper to be forced, and Senator Lodge insisted that assurance of a prolonged hot summer session would not be conducive to hastening tariff action.

Discussion on this point arose when Senator Gallinger sought information as to the intent of the Democrats. Senator Simmons said he hoped that the Republicans were not making threats to purposely delay passage of the tariff bill, which all business interests wanted settled speedily. Republican senators assured him that they were making no threats, but that it was bound to follow that there would be no haste with the tariff unless an early adjournment should be the inducement therefor.

Senator Gallinger said that reading in the morning papers every day the president would insist on holding congress would not speed up action on the tariff. Senator Lodge added that it was most unwise to demand action on such important legislation as the currency of a "tired out congress."

FRED GOODE, THE LION KILLER KILLS 'EM WHILE YOU WAIT

Roosevelt Has Nothing on Riverdale Zoo Superintendent, Who Despatched Ten-Year-Old Lioness Yesterday—Used Poison, Tho, and Not the Bullet—Two Irish Lions Arrived Yesterday. Felling a prey to the natural law of the survival of the fittest, a decrepit lioness at the Riverdale Zoo gave up her cage yesterday to two lion cubs, which just arrived in Toronto from a zoo in Dublin, Ireland, where they were raised. Cyanide of potassium did the work for the lioness, and it was not a question of suicide, but of premeditated lion slaughter. The lioness was born in the zoo, nearly 10 years ago, and turned out to be a poor specimen. She was affected with "rickets," a disease of the bones, which is frequently found among lions bred in captivity, and for the past year or so she could scarcely walk in and out of her cage. The lion cubs arrived yesterday, and Fred Goode, the superintendent at the Zoo, despatched the sick animal. The skeleton and pelt of the dead lioness will be mounted separately in the Norman School.

MONKEY STEALS \$75,000 WORTH OF JEWELS

Daughter of Late E. H. Harriman Loses Fortune in Gems at Narragansett Pier Cottage Which Was Visited Twice by Organ Grinder Spying Out Conditions.

(Special to The Toronto World). NEW YORK, July 22.—Some time between eight o'clock last Saturday night, and 8 o'clock Sunday night, jewels valued at between \$75,000 and \$80,000 were stolen from Gunning Rock, a cottage on Ocean Road, Narragansett Pier, R.I., taken by Charles C. Rumsey for the polo season. They were taken by Mrs. Rumsey, who was married to Mrs. Rumsey, who was married to Mrs. Rumsey, daughter of Edward H. Harriman.

Twice on Saturday the Rumsey cottage was visited by an organ grinder who carried with him a monkey. C. C. Tegethoff, agent of the Harriman estate, at whose offices, in New York details of the theft were made known, said that this organ grinder was undoubtedly spying out conditions about the house. "And it is not beyond possibility," added Mr. Tegethoff, "that the monkey was the actual thief—I have heard of such things."

OVERALLS THE STYLE FOR GRAVE DIGGERS

Sextons Throw Up Jobs, Not Earth, Rather Than Wear White Gloves. Special to The Toronto World. PITTSBURGH, Pa., July 22.—Declaring that they wouldn't change their clothes every time a funeral procession entered the cemetery, and "be made monkeys of for anybody," two sextons of the Mount Pleasant (Pa.) Cemetery—George Reese and Joseph Sturz—have quit their jobs.

John McAdams, secretary of the Cemetery Association, also made a ruling that graveyard employes, in helping with the caskets of the dead, must wear white gloves.

Reese and Sturz, accustomed to digging graves garbed in overalls and jumpers, immediately quit. "I'd rather dig my own grave than wear white gloves," said Reese. Secretary McAdams dug the grave for the next funeral, garbed in overalls, and, 'tis said, he wore no white gloves at the service.

Following an operation performed last Saturday on hernia, H. W. Thorpe, for the past thirty-eight years general manager in the fruit retailing firm of McWilliam & Everist, died yesterday morning in the new General Hospital. Mr. Thorpe came down to the fruit market on Saturday morning but after a few moments left for his home, whence he was taken to the hospital. He was a native of London, Eng., and came to this country in the year 1871 at the age of twenty years. During his residence in Canada he has held membership in the Sons of England Society. Mr. Thorpe leaves a widow, three grown-up sons and a daughter. One of his sons is with the Grand Trunk Railway in Toronto, while another is employed at C.P.R. headquarters in Montreal. A funeral service will be conducted at his late residence, 494 West Marion street, at 2:30 tomorrow afternoon, after which interment will take place at Prospect Cemetery.

DR. FRED FENTON LAID TO REST

Many Physicians Attended Funeral of Former Medical Staff Officer.

Following a funeral service at his late residence at 75 East Bloor street, Toronto, on Tuesday, Dr. Frederick Fenton, who died in the Wesleyan Hospital Sunday morning, was interred in Mount Pleasant cemetery yesterday afternoon. Venerable Archdeacon Cody of St. Paul's church, and Dr. C. H. Westminister, Presbyterian minister, conducted the burial ceremony. Many physicians and surgeons of the city attended the funeral of Dr. Fenton, who was ten years ago one of the most brilliant professors at Trinity Medical College and at the time of his death a specialist in obstetrics. The pallbearers were Drs. H. C. Parsons, J. A. Roberts, D. J. Gibb, W. H. Harrington, Nevill, Andrew Harrington and Frederick Cleland. Wreaths from the various medical corps of the militia were arranged about the coffin. Dr. Fenton having attained the rank of lieutenant-colonel in the army medical corps. He was an Anglican and for some time had been a sidesman at St. Paul's.

WARD SEVEN

A blaze which originated in the cellar of a house at 98 Miller avenue took the Keele street firemen out for a run about 4:05 yesterday afternoon. The house, which was occupied by Mrs. Bertha Hayden, was damaged to the extent of \$500, but the furniture and contents were removed before they were injured. The Carlton hose detachment also assisted. The death occurred yesterday of Gertrude, the year-old daughter of Mr. and Mrs. John T. Stokes of 29 Kingsley avenue. Interment takes place this afternoon in Prospect cemetery. At the county police court yesterday Enoch Ward, J.P., fined Mrs. Horlock \$25 for using abusive language to her neighbor, Mrs. Lockhart. Several other neighbors were present as witnesses and from accounts there must have been a lively time. The trouble, it is alleged, started over the behavior of some children. Another sentence of \$1 and costs was handed out to Allan Crall, an Englishman, who bathed in the Humber on Sunday last without a bathing suit. While sunning himself on the bank in the same cool costume he was arrested by County Constable Skidmore. He stated that such scanty apparel was allowed in England, which somewhat surprised the magistrate, who hails from Yorkshire himself and could refer to no such condition of affairs.

MRS. LEFFINGWELL'S BOOTS

Beginning with a special matinee next Monday, Miss Haswell will present at the Alexandra Theatre "Mrs. Leffingwell's Boots," a comedy by Augustus Thomas, who has given the American stage so many good things. Mrs. Leffingwell's Boots, while at times approaching the farcical, has an interesting plot and a charming love story, the course of which does not run smoothly for a time, but before the final curtain falls, the tangled threads are brought out and everyone is made happy. "The Dawn of a Tomorrow," Miss Haswell's offering for this week, notwithstanding the extreme hot weather, has been drawing large audiences, and the Alexandra Theatre is a special miniature taste which they bring with them.

A blaze which originated in the cellar of a house at 98 Miller avenue took the Keele street firemen out for a run about 4:05 yesterday afternoon. The house, which was occupied by Mrs. Bertha Hayden, was damaged to the extent of \$500, but the furniture and contents were removed before they were injured. The Carlton hose detachment also assisted. The death occurred yesterday of Gertrude, the year-old daughter of Mr. and Mrs. John T. Stokes of 29 Kingsley avenue. Interment takes place this afternoon in Prospect cemetery. At the county police court yesterday Enoch Ward, J.P., fined Mrs. Horlock \$25 for using abusive language to her neighbor, Mrs. Lockhart. Several other neighbors were present as witnesses and from accounts there must have been a lively time. The trouble, it is alleged, started over the behavior of some children. Another sentence of \$1 and costs was handed out to Allan Crall, an Englishman, who bathed in the Humber on Sunday last without a bathing suit. While sunning himself on the bank in the same cool costume he was arrested by County Constable Skidmore. He stated that such scanty apparel was allowed in England, which somewhat surprised the magistrate, who hails from Yorkshire himself and could refer to no such condition of affairs.

H. W. Thorpe, Well-Known Figure on Local Fruit Market, Died Yesterday.

Following an operation performed last Saturday on hernia, H. W. Thorpe, for the past thirty-eight years general manager in the fruit retailing firm of McWilliam & Everist, died yesterday morning in the new General Hospital. Mr. Thorpe came down to the fruit market on Saturday morning but after a few moments left for his home, whence he was taken to the hospital. He was a native of London, Eng., and came to this country in the year 1871 at the age of twenty years. During his residence in Canada he has held membership in the Sons of England Society. Mr. Thorpe leaves a widow, three grown-up sons and a daughter. One of his sons is with the Grand Trunk Railway in Toronto, while another is employed at C.P.R. headquarters in Montreal. A funeral service will be conducted at his late residence, 494 West Marion street, at 2:30 tomorrow afternoon, after which interment will take place at Prospect Cemetery.

ENOUGH BEEN SAID SAYS HON. MR. BECK

Hon. Adam Beck put in a heavy day's work at the hydro-electric commission office yesterday. The commission chairman said to The World last night that it would take him several days to posit himself thoroughly on the present status of the various undertakings and propositions before the board. With respect to the negotiations for the purchase of the Toronto Street Railway and allied interests by the city, Hon. Mr. Beck expressed the opinion that at the present stage perhaps "too much has been said already."

RECORD PRICES FOR CANTALOUPES Sold Up to Five-Fifty on the Local Fruit Market—Latest Quotations.

California fruit showed the only noticeable variation in fruit prices yesterday. Cantaloupes were up to \$6.50 per crate, this being the highest price obtained for them this season...

The raspberries sold were of excellent quality and the price averaged a cent higher than on Monday.

Latest Quotations. The latest fruit and vegetable quotations are as follows: Raspberries 13c to 15c; peas, 30c to 40c; tomatoes, \$1.65 to \$1.75; green peppers, 75c; cucumbers, 30c to 50c; beans, 40c to 50c; Canadian potatoes, 25c to 40c; blueberries, \$1.50 to \$1.75; pears, 50c to 75c; apples, 40c to 50c; vegetable marrow, 25c up; American potatoes, 12.50 per barrel; cabbage, 12 to 12.50 a crate.

Imported fruits—California peaches, per crate, \$1.75; plums, \$2 to \$2.50; pears, \$2.75 to \$3.50; cantaloupes, \$5.50; Georgia peaches, per bushel, per 6-basket crate, \$3.50 to \$4; Georgia cantaloupes \$4 to \$4.50.

NEED! Some women closing voices, very durable, will last longer. If you will all come into the here are to be seen, the thread through the wholebone completed.

Then there's the attached stand—but we can't begin to list all the good points of the Electric Iron here, much less explain them.

Come in and see it in operation—or, better still, have one delivered to your home on free trial. Irons are priced at \$4.50 and \$5.50, and the terms on which they are sold make it easy for you to own one.

SLIT SKIRTS TO BE MORE DARING

Fashions in London Promise to Run to Decided Extremes.

LONDON.—In spite of the royal protests and the protests of the puritanical women's skirts are getting tighter and more diaphanous. The slit is rapidly extending beyond the knee. It is true the skirts have longer draperies, but these only accentuate their closeness to the figure and the display of outline.

PARIS HAS BANK FOR NEEDY POETS

PARIS, July 28.—All Paris knows that many of the struggling French poets, authors and artists have come to the capital only to succumb in the struggle to exist on the meagre income of their early days.

Hardy Hydrangea Shrub

There are several important shrubs that are just now coming into bloom; among which are the hydrangea shrubs. With many people, indeed, I might truthfully say, with the majority of people, the culture of hydrangeas, either as pot plants or for garden decoration in the form of shrubs, has, for some reason or other, always proved an utter failure.

In the case of the pot plants, a great many of them are failures from one reason only; and that is a criminal lack of sufficient water to give nourishment to the great heavy leaves and enormous flower heads.

Then, too, it will often be noticed that the leaves are afflicted with a destroying blight, especially in the case of the shrub. Here, it is simply a question of a medicated spray, used early enough to be of use.

Advertisement for Efficient Housekeeping by Henrietta D. Grauel, Domestic Science Lecturer.

"OUR house is overrun with ants," writes a reader, "they red ones are in the pantry, on the shelves, in the cupboard. The medium-sized, or garden variety, scurry about the tables and floors, while the big black kind make themselves at home in all the rooms on the ground floor. Can they be exterminated?"

The best place to begin is with the shelves in the pantry and cupboard and work down to the floors. Last season a friend was compelled to abandon her summer home, built on a sandy hill near a lake, on account of an invasion of ants. The family who moved in this same house used the following remedies, and were not annoyed further.

Every shelf where food was stored was washed with a strong solution of borax water. About four tablespoons of borax to a quart of water should make a proper proportion. Then dry borax was sprinkled about thru a shaker.

The shelves were then covered with fresh newspapers, as it was found ants had a great antipathy to the smell of printer's ink.

Chair legs were rubbed with balsam of Peru or pine tar solution applied with a flannel cloth. The base boards, too, were treated with a thin solution of this, as well as the table legs. This application was renewed once in three weeks and the odor was pleasant.

Kerosene is often recommended to be used in the same way, but as ants usually make their way to food it is not so good as the pine oil.

You will find a mixture of red pepper and borax good to sprinkle about the edges of your rugs and in the doorways and windows of the other rooms where any odor is objectionable.

I will be glad to send you a recipe for a delightfully fragrant mixture to burn on your porches and in your summer home to keep away mosquitoes, moths and flies. If you want it please address me thru this paper.

Typewriter Efficiency

SOME stenographers are crackerjacks. They can make a typewriter sit up and sing. They can turn out work by the yard, clean, neat, accurate, and take hold of the office routine and make it run like clock-work.

All this sounds like a great big dream with a poor stenographer. After fusing and fuming and swearing, correcting mistakes and explaining the simplest matters over and over again, he begins to lose faith in the whole tribe.

When you mention good stenographers to him he sadly shakes his head and says, "There ain't any. Some are worse than others, but they are all bad."

But this isn't true. There are good stenographers, plenty of them. There are stenographers who can take so much work off your hands and worry off your mind that your office will seem like a rest cure.

These stenographers are the capable, energetic, go-ahead sort. They are always looking for opportunities of bettering themselves.

This desire to get ahead naturally makes them keenly alert to all opportunities for advancement. And they find these opportunities in the Help Wanted columns of this paper.

If you want a stenographer like this, put an Ad in these Help Wanted columns. State just what kind of stenographer you want. Tell them why it would be to their advantage to work for you. Write an Ad that will appeal to an intelligent stenographer and you will get an intelligent stenographer.

Remember that when you simply advertise "Stenographer Wanted," anybody who can pick out five words a minute with one finger is qualified to reply. But when you state just what qualifications are necessary, only those who have such qualifications will answer your Ad. Make your Ad an order for a good stenographer and you'll get a good stenographer.
