Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Law Library  
York University  
Toronto

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Law Library  
York University  
Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## RULES OF THE LIBRARY.

---

*(From the " Rules, Orders and Forms of Proceeding of the Legislative Assembly of Ontario.")*

Rule 106. A proper Catalogue of the Books belonging to the Library shall be kept by the Librarian, or person in whom the custody and responsibility thereof shall be vested ; and who shall be required to report to The House, through The Speaker, at the opening of each Session, the actual state of the Library.

Rule 107. No person shall be entitled to resort to the Library during a Session of Parliament, except the Lieutenant-Governor, the Members of the Executive Council and Legislative Assembly, and the Officers of The House, and such other persons as may receive a written order of admission from The Speaker of The House. Members may personally introduce strangers to the Library during the daytime, but not after the hour of six o'clock p.m.

Rule 108. During a Session of Parliament, no books belonging to the Library shall be taken out of the Building, except by the authority of The Speaker, or upon receipt given by a Member of The House.

Rule 109. During the Session, the Library shall be open daily, from nine o'clock a.m. until nine o'clock p.m., and should The House remain in Session after such hour, the Library shall remain open till The House adjourns.

Rule 110. During the Recess of Parliament the Library shall be open every day in each week, Sundays and holidays excepted, from the hour of ten in the morning until four in the afternoon ; and access to the Library shall be permitted to persons introduced by a Member of the Legislature, or admitted at the discretion of the Clerk or Librarian, subject to such regulations as may be deemed necessary for the security and preservation of the collection.

Rule 111. During the Recess of Parliament, no Member of The House shall be at liberty to borrow, or have in his possession at any one time, more than three works from the Library, or to retain the same for a longer period than one month. No Books of Reference, or books of special cost or value, may be removed from the Seat of Government under any circumstances.

---

Rule 112. At the first meeting of the Library Committee, in each Session of Parliament, the Librarian shall report a list of books absent at the commencement of the Session, specifying the names of any persons who have retained the same, in contravention of any of the foregoing Rules.

---

During the Session of Parliament, as well as during the Recess, no book shall be lent to any person who is not a Member of this House. (Order by the Library Committee, February 12th, 1878.)

## EXPLANATIONS.

---

The new Catalogue will be found to contain all the books which have been purchased, or have been presented as donations, from the organization of the Library to December, 1880.

The books, as heretofore, will be found classified according to subjects. But a new arrangement has been introduced. Under every subject the names of the authors have been placed in alphabetical order. It is hoped that this system will facilitate readiness of reference in the use of the Catalogue. The Alphabetical Method begins on page 14, and thence is continued throughout the volume.

To augment, still further, the usefulness of the Catalogue, there have been prepared an Alphabetical Index of Authors, and an Alphabetical Index of Subjects. Both these Indexes will be found at the end of the volume.

In order to furnish an analytical exposition of the contents of the Library, certain classes of books which stand in relationship to each other, though they differ in special information, have, in the Catalogue, been arranged apart. "Physical Science," for instance, has been sub-divided into the classes of Astronomy, Meteorology, Geology, Physiology, Anthropology, etc. The Department of "Geography, Voyages and Travels" has been sub-divided into the classes: Europe, Asia, Africa, North America, etc. To provide for ready reference to such books on the shelves, each work has been arranged according to the surname of its author. Those whose surnames begin with "A" will be found on the top shelf; the other letters, as "B," "C," "D," descend in Alphabetical sequence.

The letters (N. D.) within parentheses, at the end of the catalogued description of a book, signify "No Date." In other words, the year of publication does not appear on the title page.
