30TH YEAR.

BIG CORRUPTION FUND WAS PIT UP

\$500,000 Subscribed at Meeting at Delmonico's to Defeat New York Racing Bill—Prominent Men Implicated—Senators Got Big Bribes and Reporters Got Theirs.

NEW YORK, Oct. 19.—Representative Otto G. Foelker, the man who was carried from his sick bed to the senate chamber to cast the deciding vote for the anti-racing bill urged by Governor Hughes, took the stand as a witness to-day, and gave the Merritt Joint Legislative Committee the details of the attempt to buy his vote, which he charges that ex-State Senator Frank J. Gardner, now under arrest, made in 1908. Gardner, called to the stand, refused to testify, but Robert Elder, first assistant district attorney of King's County, the next witness, repeated a conversation which he said he had with Gardner last March, and which had been referred to as a "confession". Mr. Elder did not vouch for his own knowledge for the truth of what he repeated, but he gave it for what it might be worth as testimony which involves more names of men now living, and names of men now in social, business and political life, and the distribution of bigger money than anything yet heard in either the Alder's hearing or any of the previous sessions of the present committee of enquiry.

A \$500,000 Corruption Fund.
The narrative was nothing less than a sensation. Elder, it is described a dinner at Delmonico's of prominent men friendly to the race tracks; of \$500,000 subscribed to a corruption fund; of the distribution of this fund to politicians and to well-known correspondents at Albany of the New York newspapers, and the secret grievance of the late Senator Patrick McCarron, which worked for the passage of the bill against his own wishes and his associates.

Several Notable Speakers to Participate in a Discussion on Immigration Topics.
Christian Philhous of Geneva, Switzerland, who has been in America for the past month in the interests of the immigration section of the Young Men's Christian Association, has finished the arrangements for the industrial and immigration conference to be held here next Thursday. The conference is called to consider industrial and immigration matters of vital interest to the associations of North America and Europe.

Senator Got \$4000.
"I asked him the total amount of this fund," the witness resumed, "and he said, 'Oh, considerable.' I told him that I had heard \$300,000. He said that if I had guessed \$500,000 I would have been nearer the mark. Of this sum he said Senator Grady got only \$4000, and I might imagine what the others got."

Bribes for the Press.
"He" (Gardner), resumed Mr. Elder, "said the newspaper men were liberally taken care of out of this fund."

How to Succeed.
They say "nothing succeeds like success," but your success in business or otherwise depends largely on your personal appearance. The first essential in a neat appearance is the hat. If your hat is shabby, get a new one, and get it now. The "Health" hat is probably the best known in the world. The Duffen Company, sole agents of this hat for Canada, carry a large stock of them in all the latest styles, all of course, of uniform quality. Try one of these next time and you'll be back for a fur catalogue when you call, or write for one.

OTTAWA, Oct. 19.—(Special.)—

HAMILTON HAPPENINGS

LIKELY TO SUPPORT A HYDRO CANDIDATE

Hamilton Prohibitionists May Run Alderman Lees For the Mayoralty.

HAMILTON, Oct. 19.—(Special).—It is likely that the temperance people will line up behind a hydro-electric candidate for the mayoralty, as this would give them a double chance to fight the champion of the liquor interests and the steadfast friend of the Cataract Company.

If the temperance people put a mayoralty candidate in the field it is said their choice will be between ex-Ald. George H. Lees and ex-Ald. Peregrine, with a preference for ex-Ald. Lees. He is a supporter of the hydro-electric scheme, while ex-Ald. Peregrine is a Cataract man and would not for this reason. It is claimed, make such a strong opponent of Controller Allan as would Mr. Lees.

Regarding the board of control the names of Controller Cooper, Ald. Milne and either Mr. Lees or Mr. Peregrine have been mentioned, and if either of the latter is nominated for the mayoralty, the other will likely be nominated for a controllership. It is believed that Mayor McLaren is seeking the endorsement of the temperance people, but so far the mayor has not declared himself, but with him in the state of four would be filled.

If the federation decides to put aldermanic candidates in the field, and this is almost certain, two will be chosen from each ward, and the efforts of the federation will be devoted to the election of these.

A large number of the Masonic dignitaries of Ontario were present at the installation of officers of Electric Lodge, the latest Masonic Lodge to be established in this city.

Gertrude Thomas, colored, was this evening arrested on a charge of vagrancy.

While working on the new Oliver Plow works, Thomas Roach fell from the scaffolding and broke several ribs and suffered a bad scalp wound. He was removed to the City Hospital, where he lies in a precarious condition.

Fearing what they believe is an attempt of the Roman Catholic Church to secure a grip on Canada, several prominent Orangemen are taking steps to reorganize the Protestant Protective Association, which cut a big swath in the Province of Ontario sixteen years ago. Principal among those behind the movement is C. W. Baird, an ex-alderman. They plan to start the P.P.A. movement all over the Dominion.

A number of local policemen have applied for the chiefship of the Prince Rupert, B.C., police force. The situation has been advertised at a salary of \$100 per month.

COMFORTABLY FIXED

Population of Burned Town of Beaudette Well Looked After.

FORT WILLIAM, Oct. 19.—(Special).—That the average citizen of the burned town of Beaudette, Minn., is much better clothed and fed, just as well, if not better, than before the fire, was the statement to-day of Paul Anthony, who arrived here from Rainy River.

Mr. Anthony said that the population was comfortably housed in shacks, a warehouse is filled with contributions, and a trainload of general supplies is being guarded on a side track. The town is still under martial law.

Laymen's Anniversary.

General Secretary Herbert K. Caskey of the Laymen's Missionary Movement has just returned from a two weeks' trip in Ottawa, Montreal and Quebec. Arrangements have been made for the celebration, during the third week of November, for the third anniversary of the movement.

Col. E. W. Halford, vice-chairman of the Laymen's Missionary Movement in the United States and Canada, is to speak at these meetings.

Good Cheer Concert.

Mayor Geary has consented to preside at the "Good Cheer" concert in Massey Hall, Monday evening. Arthur Blight, Mrs. Elizabeth Campbell, P. Redfern Hollingshead, the Toronto String Quartet, and the 4th Highlanders' Band are among the assisting artists. Miss Carter will give "thirty minutes of good cheer."

Andrew Nasmith's right forearm was so severely injured in the saw-mill in Muskoka where he was employed, that he will likely lose it. He was brought to the city yesterday and taken to the General Hospital.

CALL A CONVENTION OF INDIAN WORKERS

Dominion Government Will Be Asked to Assist in Methodist Mission Plans.

With the idea of improving the present way of conducting Indian work in the western provinces, the Methodist Mission Board decided yesterday to give the executive power to approach the Indian Department of the government and try to get them to co-operate in calling a convention of Indian workers.

The participation of Indians in parades and fairs was, owing to the demoralizing influence of these exhibitions exerted, condemned by the board and the officers in company with the department of temperance, prohibition and moral reform, were directed to approach the government in order to end, if possible, such exploitation of the Indians. Rev. Dr. Chown said that the matter had been placed before the Ottawa Government, but that they had simply been informed to interview the directors of the Brandon, Calgary and Winnipeg Exhibitions.

An Indian boarding school was approved following the recommendation of the Alberta Indian Commission. The school will be built on the Morley reserve, and will be both a day and boarding school. The profits of last year's work on the 1600 acre Morley ranch were reported by Rev. Thos. Ferrier to be \$1000. He expected to do better this year. The Indian commission was re-appointed with the addition of Hon. Mr. Cushing and W. G. Hunt. They will bring in a report as to the educational work on the northern reserves.

It was decided that the plans of the mission council for West China should be limited to the erection of a school for the children of missionaries, the ultimate cost of which is not to exceed \$1000; while \$6000 was approved for the mission hospitals at Jungshien and Janshow. The sum of \$4617 was voted for the buildings of the Shizuoka Orphanage in Japan.

Following the various appointments: For home work \$268,288 For foreign work 293,440 Young People's Forward Movement 15,000 Miscellaneous 80,802 Special home department 41,000 Special foreign department 19,700 Total \$718,230

The grants to the different committees for home mission work were: Toronto \$14,768, London \$985, Hamilton \$1000, Bay of Quinte \$285, Montreal \$21,785, Nova Scotia \$15,586, New Brunswick and Prince Edward Island \$13,487, Newfoundland \$4,462, Manitoba \$11,890, Saskatchewan \$90,000, Alberta \$23,827, British Columbia \$24,770, total \$239,819; grand total, \$268,288; miscellaneous expenses, both home and foreign, \$60,000.

The six-day Sunday School revenue that the Women's Missionary Society will get was referred to the special committee.

A committee was appointed to consider and execute plans to provide for the expansion of work both home and abroad. The committee is: T. T. Langlois, British Columbia; W. G. Hunt, Alberta; Hon. G. W. Brown, Saskatchewan; Hon. J. H. Ryan, Bay of Quinte; Hon. J. H. Chapman, Ontario; Thos. W. Watkins, Hamilton; T. H. Preston, Bradford; Hon. R. K. Bishop, Newfoundland; A. M. Bell, and Rev. Dr. Heartz, Nova Scotia; John Tennant, New Brunswick; J. W. McCoppel, G. K. Johnson and W. H. Goodwin, Montreal; Judge De Roche and W. H. Hopper, Bay of Quinte; Rev. Dr. Allen, E. V. Shore, E. R. Wood, G. H. Wood and Dr. J. A. Rankin, Toronto. N. W. Rowell was appointed convener.

NEW PAPER MILL

Will Be Built in the Saguenay Country by Price Bros., Limited.

MONTREAL, Oct. 19.—(Special).—A special from Quebec says: Mr. William Price, M.P., head of the firm of Price Brothers, Ltd., confirms the statement from London to the effect that the firm contemplates the erection of a large paper mill at Lac Au Sablon in the Saguenay country, to utilize the produce of the company's limits there. The company are offering an additional issue of bonds to the amount of \$6,000,000. It is thought the new mill will have a daily output of 150 tons, and will employ about 1000 men.

Price Brothers have also secured the controlling interest in the Jonquiere Pulp Company.

GETS LIFE IMPRISONMENT.

PARRY SOUND, Oct. 19.—Louis Young, the American tramp who was accused of beating an old farmer named Davis to death while he lay in bed in a local hotel, to-day pleaded guilty of manslaughter and was sentenced to life imprisonment.

He used a bottle on his victim's head and his motive was robbery.

Concession Refused.

Application was made to Hon. Frank Cochrane on behalf of the Central Ontario Power Co. yesterday for the concession of 16 acres of land adjacent to the company's plant at Burleigh Falls. There is a dispute over the jurisdiction of the control of canal waters under the Dominion and provincial governments, and the request was refused. The minister suggested a lease.

This company is competing with the hydro-electric power commission for the light and power business along the Trent Valley Canal.

WOODBRIDGE FAIR MAKES BIG NEW HIGH RECORD

Has Never Been Surpassed in Ontario—Show of Horses Superior—A Few of the Winners.

WOODBRIDGE, Oct. 19.—(Special).—The greatest agricultural fair in the history of West York, and probably in the Province of Ontario, judged by all the highest standards applicable to a purely rural show, was brought to a close here to-night, with an attendance variously estimated at about 14,000 to 16,000 of the best of the country and city, and a fine show in man and beast.

It was a glorious day, with a clear sky and an utter absence of anything suggestive of rain, irresistible in its drawings to the city man, longing for a good view of nature in her autumnal garb, while the farmers throughout the length and breadth of this fine old country eschewed for the day their ordinary occupation. Every sidewalk and concourse was thronged with people, and not even Markham, in its palmy days, has ever shown a finer exhibit of high-class horses, and after all the horse is the greatest attraction at an agricultural show.

Splendid horse stables, erected within the past three weeks, a poultry exhibit with over 600 entries, and a building unexcelled anywhere, a big and meritorious show of harness, shaft and swing together with a bewildering display of ladies' work, were some of the features. And in the matter of accommodation, there was little or nothing to complain about. The P. R. Y. Club, in frequent service, with no very serious delays. The town, itself, was in gala attire, with bunting and flags everywhere profusely displayed, and with Capt. Tom Wallace and Dan Mackenzie beaming on everybody and welcoming them to the old town, there was really nothing more to be desired.

Among the thousands of well known farmers and city men noticed on the grounds, were: Dr. W. A. Young, Crown Attorney Jas. Baird, Alex. McCowan, M.L.A., Capt. Wallace, Albert J. H. Eckardt, A. J. M. Bell, J. H. Chapman, Vance, Geo. W. Verral, N. J. McEwen, Dr. Watson, Jesse C. Smith, Charlie Klumpp, Reeve Geo. H. Henry and Deputy Warden Barker, Syme and Griffith of York Township, Messrs. Longhouse of Vaughan; Reeve Coulson of Stouffville; Reeve Sam Footie of Whitechurch; Reeve John Gardhouse of Exochord; Messrs. Harvis, and Woodbridge, Reeve W. H. Pugsley, Raymond Hill, Warden Pugsley, Fred Humphrey, W. H. Thorndike, Wm. Paton, R. L. Patterson, Thos. Graham, J. H. Starch, High Constable John H. Ramsden, C. N. Hagerman, John Thomas, Dr. Teft, Jas. Torrance, Jerry Nelson, Robt. Fleming, Jas. Malcolm, Dr. Isaac, W. J. Howard, Thomas Wakfield, John Stephens, Thos. Matton.

The show of horses in the draft, general purpose and agricultural class was particularly interesting. Albert J. M. Bell, M.P., of Ontario County, the judges, were amazed. "We never saw it like this before," said they.

Among a few of the awards were these: In the yield mare class, J. Robb 1, J. Graham 2, A. J. Witherspoon 3. In the two-year-old agricultural class—Sam McClure 1, M. J. McDow 2, A. Bell 3. Sweepstakes, best agricultural class, any age—George Hiltons. Cart horse, 3-year-old—A. E. Evans. General purpose mare, Mr. Evans. General purpose stallion, A. J. M. Bell. Agricultural teams—M. Laidlaw 1, Geo. Cooper 2. Dr. team—W. Johnston 1, W. R. Westlake 2.

In the single carriage class, the entries were very large and the competition keen, the coveted red ticket going to R. E. Hopper, Bay of Quinte, 3, and Robert Willis of Pine Grove. In the lady drivers class for the handsome silver service presented by A. J. H. Eckardt, the winners were: Miss J. M. Woodbridge, 1; Miss Denison of Brampton, 2; and Miss Ruthertford of Brampton, 3. Mr. Eckardt personally presented the silver service to the fair recipients.

Notes of the Big Fair.

"A remarkable showing of good horses," said Dr. Young, speaking with reference to the show of carriage horses.

The new horse stables, 250 feet long, a model of comfort and convenience, are a credit to the directors.

Sam McClure was vested by the board with supreme authority over everything, and everybody, and he was the right man in the right place.

Dan Mackenzie, resident in a new red necktie, among other things, was the envy of the farmer sex. Think of over 600 entries in the poultry section alone, many of them magnificent birds. "It's wonderful," said Gavin Lewis, a veteran judge.

A round dozen of the representative business men of Unionville drove across country, a jolly bus load. The party comprised C. H. Silver, Jesse Noble, Delos Harrington, John Eccard, O. Harding, C. T. Silver, F. L. Silver, Rich. Ash, William Pringle, Mr. Hutchison, William Silver and Ab. Summerfelt. They were delighted with the show.

Even President Verral of the Weston show admitted that it was a trifle better than his own.

The speeding was good, but it was not the feature of the day. Inseparably connected with Woodbridge Fair, and gratefully remembered as laying the foundation of to-day's magnificent success, are the names of N. Clarke and T. F. Wallace. The American Abe Engine and Thresher Co. had a great exhibit. Woodbridge forever!

C. L. Wallace, the secretary, inherits the administrative ability of his illustrious father. He is a dandy.

The officers for 1910 are: President, D. C. Longhouse; first vice-president, John Gardhouse; second vice-president, A. J. Witherspoon; secretary, C. L. Wallace; treasurer, Eb. Smith.

Directors, Eb. Smith, John Baylis, J. M. Gardhouse, Richard Willis, Samuel McClure, W. H. Rowntree, J. E. Elliot, A. W. Farr, A. T. Orth, J. E. Miller, Charles A. McNeill, James A. Cameron, R. K. Johnston, A. Shaw, F. Miller, J. T. Salsogen, J. Johnston, J. T. Brown.

NORTH TORONTO.

The new plans for a complete sewage system for the Town of North Toronto, by Engineer Murray, will be submitted to the special sewage committee of the council on Saturday, at 8 p.m., for their consideration, in the council chamber.

Rev. W. W. Craw Called.

Rev. W. W. Craw, M.A., of Creemore has been asked to accept the pastorate of the Bolton and Nashville Presbyterian Churches. The Toronto Presbytery will be seceded and then the call will go to the Barrie Presbytery.

Re-Offering of Securities of PACIFIC-BURT CO., LTD.

TO SMALL INVESTORS

Because of the attractiveness of this offering all signs point to a large oversubscription if the books remain open for the maximum time stated in the advertisements, viz., until Tuesday afternoon next at four o'clock.

With such over-subscription there is always dissatisfaction, through the cutting down of amounts applied for, and this should be avoided as far as practicable.

At the same time, the object of public flotations is the widest possible distribution amongst those who may be called permanent investors, and our experience is that an important percentage of the smaller subscriptions usually come in during the last two days for which the offering remains open.

This notice is to suggest that intending investors send in their subscriptions without delay, so that the books may be closed at a time involving the least friction consistent with allotment amongst the largest number.

NEW PRODUCE COMPANY

Takes Over the Toronto Cold Storage Company Plant.

The Toronto Cold Storage Co.'s plant, 11 Church-street, formerly owned by the W. Harris Company, was taken over yesterday by a new corporation, known as the United Produce Co.

This disclosure of the formation of a company of immense scope, it is to be similar in operation to the William Davies Company, selling from the producer to the consumer direct. Their first step is to establish a retail grocery and meat stores in Toronto, according to the draft prospectus.

In addition to the Toronto Cold Storage Company, they have bought out the packing plant of Joseph O'Mara, Palmerston, formerly known as the Palmerston Pork Packing Co. They expect to start killing hogs in this latter establishment next month. The Church-street cold storage will be extensively altered and converted into one of the most up-to-date in the Dominion. The purchase does not include the title to the property, which belongs to John Leckie, but assumes the lease and machinery. The Palmerston property is bought outright. This plant covers the cores of ground between both William Harris and Joseph O'Mara have taken stock in the new company and will act with the new management. The charter entitles them to acquire, carry on and operate retail and wholesale stores, shops, warehouses and factories, and to acquire and dispose of real estate and personal property. They propose to establish stores in all the principal cities, towns and villages.

CHURCH HAS PROGRESSED

Alhambra Avenue Presbyterians to Become Self-Sustaining.

At a special meeting of the congregation of Alhambra-avenue Presbyterians Church last evening it was decided, owing to the rapid increase in membership and consequent increase in revenue, the church should become a self-sustaining charge.

The church had its beginning in June, 1909, when services were begun in a tent, with a membership of 98. In February, 1910, an edifice, used as a Sunday school and church, was opened, large enough to accommodate 350. The church membership now numbers 192 and the Sunday school has 200 scholars. Rev. J. E. Reid is in charge.

Child Was Suffocated.

The autopsy performed upon the body of the infant found dead in a lane off McCaul-street, shows that, while there are no marks of violence upon the body, the child was suffocated in some manner. It is thought that the child lived but a few hours.

Baseball Third To-day in Chicago

Note and Comment

Two of the games in the big Rugby Union on Saturday look close, viz., Varsity at McGill and Hamilton at Ottawa.

R. B. Harris of Hamilton, who gets credit of supporting the Tigers to the limit, besides wearing red vest and crimson sash, was the city yesterday.

Last week The Gazette called the turn correctly and gives the dope as follows for Saturday: The feature struggle will be the meeting between Hamilton and Ottawa in Ottawa, and between McGill and Toronto in Montreal.

They play the third of the world's baseball series to-day in Chicago and as Ty Cobb reasons the Cubs must win or the series will go to the Athletics in four straight.

Had the games started in Chicago and the Cubs landed the first two to-day, the market would be a lot lower in the gambling market than \$ to 1, the figure quoted against Chicago's chances yesterday.

The fluent baseball players who are figuring in the game are: Fredrickson, George Mullin, the stellar Detroit pitcher, who won three of Pittsburgh last year.

Then your uncle, Pop Anson, once a Cub, the one they called Anson's vitas in those days, writes: Judging from the manner in which both championship teams have played in Chicago, I cannot help but feel that the Athletics have a grand chance to win the world's series this year.

Bender looks to be the crackler pitcher of Manager Mack's staff, and if he picks him to do the twirling for his champions against the Cubs in Chicago on Thursday, I feel that Mack's men will have an excellent chance to win.

Thomas' throwing has been superb, not one Cub player stealing in the two games, King's work has not been nearly so finished. It is safe to say that Ira will lead him in the batting averages when they are completed at the finish of the series.

The champions of the Parkview lacrosse team, coached by Juvenile B. Toronto League, was held last night in Williams' banquet hall. Lockets were presented to the team by Tecumseh Lacrosse Club.

There is a Reason For It

Hundreds of Thousands of "Davis' Perfection" 10c Cigars are sold every month. Every Effect Has a Cause, and the popularity of the "Perfection" Cigar is due to its distinctive qualities.

GRAND GAME IN CHICAGO TO-DAY

Ty Cobb Says Cubs Must Win or Athletics Will Make it Four Straight - Speculating as to Who Will Pitch.

By TY COBB

Champion batsman of professional baseball - Copyright by The Philadelphia Press Company.

CHICAGO, Oct. 19.—With two decisive victories over the Chicago Cubs, the Athletics are in the Windy City waiting for the third contest to-morrow. It was a peculiar incident that on the trip from Philadelphia to Chicago, the special occupied by the Athletics and their supporters was leading all the way.

It seems to be Connie Mack's choice to pitch Coombs again to-morrow; but, as on form Plank or Morgan is the logical choice, it may be one of those two.

Thomas will undoubtedly catch one of these three in to-morrow's game, and is positively sure of backstopping in all the remainder of the games, barring accidents, as he has put up a wonderful game, even outshining Kling in every department.

An instance of Ira's pluck and headwork, which was probably overlooked, and of the crucial turning points of the game on Tuesday, was when, with two men on bases, first and second being occupied, and nobody down, Coombs looked up a vicious curve on the outside.

Ira stopped a possible score, as, with a man on second, it would have meant a three-run inning. Ira's headwork was also shown in his handling of the ball, and he gamely flagged his hard pitched ball with his right and bare hand.

Thomas' throwing has been superb, not one Cub player stealing in the two games, King's work has not been nearly so finished. It is safe to say that Ira will lead him in the batting averages when they are completed at the finish of the series.

The work of Baker and Davis has been jam-up. Baker is liable to figure in the coming games, as he did so prominently in the first conflict on Monday. Davis, after his two outings, was on Tuesday, the second day, must be featured.

The young fellows, Collins, Barry, Baker and Strunk, deserve all the more credit for their part in the victory.

for the way they have been delivering the goods, as they have not been in a world's series before.

It is hard to dope out who will pitch for the Cubs to-morrow, but it seems that Reubach is the logical man.

Despite this, no hopes are held for a continuation of the warm weather of the first two games, but it is a feeling among members of the team that the result of to-morrow's game will have a decided effect on the series.

Both teams are confident of final victory. The managers, on the other hand, were taciturn, and unwilling to make any predictions.

AN ENGLISH EDUCATION FOR EVERY CHILD OF ONTARIO—NOTHING ELSE.

There is one supreme issue in this province in the matter of education, and that is that every child be properly educated and educated in the English language, which is the language of this province and of Canada.

Our supreme duty is to educate our children and there is no way to educate them thoroughly except to educate them in English. By no treaty, by no organic law or by no rule of duty do we owe it to provide bilingual schools for the French-Canadian children who are within our borders; but we do owe it to give them an English education, and we owe it both by the municipal law and by the provincial law to see that such an education is provided at the public expense.

We are also bound by an organic law or a constitutional law to provide separate schools for the education of Roman Catholic children in any of our municipalities, and that law must be carried out in its entirety, and as far as measure goes, heaping measure must be given. But a separate school does not mean a bilingual school or that the public energies and that the public funds are to be used in the way of teaching French. On the contrary, it is to be used in the way of educating the children in English.

It is therefore the duty of the government of Ontario to revise the situation, to revise their position, to find out the mistakes that their predecessors made, that they themselves have made, and to avoid continuing in them, and to take such steps as will provide a good English education in all public and separate schools from one end of Ontario to the other. Any man who would divert the public funds or the public administration from carrying this out, and who would use the funds and the organization for teaching French or any other language outside of English, is a public enemy, and is doing his best to breed strife where unity ought to prevail.

This is Ontario's duty and she will discharge it irrespective of the views of any other province or any other nationality, and the time has arrived to say this out good and straight. We believe Sir James Whitney will take this position, and when he takes it he will have the whole of Ontario behind him in carrying it out. To do it, he wants strong men, strong associates, strong colleagues and strong officials. Temporizing of any kind will not be tolerated hereafter, and a strict regard to the necessities of the case is the only thing and the certain thing that will be demanded from our public men hereafter. The sooner the declaration made and the plainer the terms, the better will it be, for the peace of all in this province.

A sound English education for all the children in the Province of Ontario is the only educational policy that the people of this province will stand and pay for.

CHAIRMAN LEITCH'S COMMISSION MIGHT GO SLOW.

Now that the Town of North Toronto has decided to submit the question of annexation to its ratepayers, it would be grossly unjust for the Ontario Railway and Municipal Board in any way interfere with the tracks of the Metropolitan Railway on Yonge-street in that town; and especially would it be unfair if they were to allow (order is euphemism) the railway to put down a double track, which would be tantamount to increasing a one-track franchise to a two-track franchise.

The legislature very wisely some years ago reserved to the public the right of passing on all proposed franchises; but by means of what is described as a "little joker" a clause was inserted in the act regulating the Ontario Railway and Municipal Board, to

the effect that the board could in the case of street railways in or adjacent to towns with a population of 100,000 order double tracks and other improvements if they thought fit. This little joker was put in without any request by the city, or the Town of North Toronto, or anyone else, as far as we can learn, and it would be most unfair if the town's right to control its own franchise and the city's right to protect itself in the future should be overridden in the interests of the company.

The World believes that the board will see the force of this contention and will withhold any action in the matter until the people vote upon annexation. If the vote for annexation carries, as we believe it will, for the majority of the property owners have already signed the petition, and annexation takes place, the city would be immediately in a position to ask the legislature to give it power to buy out the city railway and whatever portions of radial and suburban franchises are then within the city.

We believe Toronto will soon own its own street railway and will own these franchises now in the city, or soon to be in the city, and that once this is done, the system will be reconstructed, the gauge will be changed to standard gauge, and the radials about the city will be let into the city on a very reasonable passenger basis.

The city, the Township of York and the Town of North Toronto ought certainly to put their case forward in the strongest manner at the next meeting of the board, which will be within a few days.

A one-cent fare up Yonge-street for six miles is near at hand if the municipalities and the public play their hands together.

STARTING WELL.

Dr. Hastings starts his campaign in a laudable way by striving to surround himself with the best assistance. Dr. NeSmith, who has been recommended for the position of director of the city laboratory, is one of the most skillful men in his department in America. He is at present in demand in a number of cities, and Toronto will be fortunate to secure and retain his services. There should be no hesitation about confirming the appointment when it comes before the council.

Dr. Hastings should get all that he needs as soon as possible, as the council will be in a more conciliatory frame at the beginning of his dispensation than they may be later on. There will be, as there should be, every disposition to give him a free hand at present and he should exercise his foresight to the utmost. There has been neglect of many necessary steps for years, and this delay must be overcome, while the rapidly expanding interests of the city must be considered for ten years to come, at least. Every consideration is felt in Dr. Hastings, and he must not be too modest.

COLONIES MUST INITIATE

Mr. Balfour on Their Responsibility for Protection of Empire. (Canadian Associated Press Cable.) LONDON, Oct. 19.—A. J. Balfour, speaking at Glasgow, dealt with imperial defence and said: "These islands are strategically the gate of the defences of the empire." He would resist the temptation to deal with the question of how far the responsibility for the protection of the empire should be shared by the self-governing colonies. The initiative in this respect must come from them.

Mr. Balfour referred to the relative strength of Britain and the other powers in 1905 and 1910. Never in any other period of British naval history had there been such a change. He urged the necessity for absolute safety and said the two-power standard was more necessary than ever. Other countries could build as fast as Britain. The admiralty was ill-informed of what the nations were doing; it might, at any moment, be confronted with the utmost peril without warning. Britain could no longer wait and see what other countries were doing, but must see to it that they did not get ahead.

It transpires that three of the five cruisers recently placed with contractors are for Canada, Australia and New Zealand. Canada and Australia pay the builders direct.

\$10,000,000 DAMAGE SUIT

Directors of Illinois Central Charged With Responsibility for Losses.

CHICAGO, Oct. 19.—At the annual meeting of the stockholders of the Illinois Central Railroad, Attorney Maxwell Edgar, who held proxies for an independent committee, including Franklin MacVeagh, secretary of the U. S. treasury, made charges of gross mismanagement in the affairs of the company. Almost simultaneously deputy sheriffs served subpoenas on the officers of the road to appear in a \$10,000,000 damage suit brought by Attorney Edgar.

In addition to the plea for \$10,000,000 damages the suit which is brought for the use of the Illinois Central Railroad Co., against the directors of the corporation, also demands an accounting of all the road's finances, both of the main line and of the subsidiary lines. The principal allegation on which the suit is based is that the annual reports are not correct and the directors are responsible for losses which the road is alleged to have sustained.

Care of Feeble Minded. Definite steps will shortly be taken by the government to make specific provision for the care of the feeble-minded in the province at Orillia Asylum. This was the assurance given by Hon. W. J. Hanna yesterday to a deputation representing the Canadian Conference of Charities and Correction.

The Globe

ANNOUNCEMENTS.

In The Globe Exclusively

The Globe endeavors to live up to the title "Canada's National Newspaper," by being the only paper maintaining an editorial representative at Winnipeg, to deal at first hand with conditions in Western Canada; another in Montreal, reporting daily on affairs as they occur at the country's commercial metropolis, and another at Ottawa, dealing with the nation's political matters.

In addition to these, The Globe has at present a member of its editorial staff on a tour of the Maritime Provinces, so that the people of Central Canada may know of the progress taking place "down by the sea."

It is only through knowing each others' problems that the people of the different parts of Canada are able to understand and appreciate each other, and The Globe is trying to build up a united and prosperous Canada.

If not now a reader of The Globe, you are missing much valuable information that appears in no other journal.

INFLUENCE OF FOLK LORE

Miss Charlotte Ross Inaugurates Meeting of Reading Club.

Miss Charlotte Ross, B.A., inaugurated the meetings of the Reading Club at the Margaret Eaton School of Expression yesterday, the study for the season being "Folk Lore and its Influence on Certain Contemporary Authors." The subject yesterday was dealt with in a preliminary way, the next meeting on Nov. 2 being apportioned to Fiona Macleod as a novelist.

Among these were the German story of the Land East of the Sun and West of the Moon and the Irish story of Midhr and Etain and Etar. The sacred places of Ireland are still held in reverence, and Miss Ross told of an old Irishman at a holy well offering a butting being on the words to St. Columba—"I make the offering of a button and a bit of the waistband of my breeches, and a taste of my wife's peacock as a memorial that we have made this station, and may they rise up to prove it on us at the last day."

ANOTHER MOROCCAN WAR?

PARIS, Oct. 19.—The Petit Parisien today claims that Spain is on the verge of a rupture with Morocco over the payment of the indemnity of 120,000,000 pesetas. The indemnity, which Spain exacted, following the successful campaign against the Riff tribesmen in the summer of 1909, and contemplated despatching 40,000 soldiers across the Riff coast to occupy Tetuan.

Joint Deposit Accounts

Two or more persons may open a joint account with this Corporation and either may deposit or withdraw money. This is a most convenient method for husband and wife (especially if the former has sometimes to be away from home), mother and daughter, two or more Executors or Trustees, or any persons who may be associated in an investment or business of any kind. In the event of the death of either person the amount on deposit becomes the property of the survivor.

Interest at Three and One-half per cent. per annum will be added to the account and compounded FOUR TIMES A YEAR

- 1. Penneret v. Elmira Furniture Co. 2. Re Monach Bank. And before Mr. Justice Middleton: 1. Re Henderson and West Nisourl.

Peremptory list for divisional court for Thursday, Oct. 20, at 11 a.m.: 1. Pickard v. North Oxford (to be continued). 2. McDonald v. Bell. 3. Hal v. Greenfield. 4. Re Ryan and Alliston. 5. Re McCracken and Sherborne. 6. Tasker v. McDougall. 7. Kerr v. Saltfleet.

Jury Assizes. Peremptory list for the jury assizes at the city hall, Thursday, Oct. 20, at 10 a.m.: 1. Cook v. Lockie. 2. Fleming v. McAlpine. 3. Thompson v. Toronto Railway.

Master's Chambers. Before Cartwright, K.C., Master. Canadian Steam Boiler v. Kilmer-L. F. Heyd, K.C., for plaintiffs. J. A. McDrew for defendant. Motion by plaintiffs to strike out counter-claim of defendants Kilmer and Irving. Judgment: I see no reason here for granting the motion, which must be dismissed with costs to the plaintiff.

Webb v. St. Mary's and Western Railway, No. 1—W. R. Wadsworth for plaintiff. C. A. Moss for defendant. Motion by plaintiff for an order for the examination of J. G. MacKinn as a witness de bene esse. Order made for examination on 20th inst., pursuant to arrangement of counsel.

Russell v. Greenfield—B. Oler for defendant. E. C. Cattnach for plaintiff. Motion by defendant to set aside order for issue of a writ for service out of jurisdiction and for costs of and statement of claim. Motion enlarged sine die. Time for appearance enlarged meantime.

Hall Bros. v. Lount—G. H. Sedgewick for plaintiff. Motion by plaintiffs as judgment creditors for an attaching order returnable before the judge of the county court of York. Order made.

Trotter v. Mackey—W. J. Clark for plaintiff. Grover (J. B. Holden) for defendant. Motion by plaintiff for judgment under C.R. 608. Motion dismissed. Costs in the cause to defendant.

Imperial Bank v. Warren—M. L. Gordon for plaintiffs. No one contra. Motion by plaintiffs for an order striking out defence and for judgment for defendant in production of documents. Milligan v. Doyle—E. Day for defendant. Kerwin (W. M. Douglas, C. C.) for plaintiff. Motion by defendant for judgment for defendant. Motion dismissed. Costs in the cause to defendant.

Radford v. Baird—A. McL. Macdonell, K.C., for defendant. J. R. Roaf for plaintiff. Motion by defendant for an order vacating certificate of his pending defence and for costs. Motion referred to judge in chambers. Time for statement of defence enlarged meantime.

Gibson v. Hawes—J. R. Roaf for Jas. Hawes. F. Arnold, K.C., for plaintiff. Motion by Jas. Hawes to vacate ex parte order of Oct. 12 inst. Heard by Trebilcock v. Trebilcock—C. W. Kerr for defendant. K. F. Mackenzie for plaintiff. Motion by defendant to set aside order paragraphs 8, 7, 10 and 11 of reply as irrelevant. Motion dismissed. Newcome and Gilbert v. Soule—Cohen (McWhinney & Co.) for plaintiffs. Motion by plaintiffs for leave to issue writ for service out of jurisdiction and for service of same and of statement of claim. Order made.

Before Riddell, J. Re Broom and Odwin—J. Broom, tenant, in person. No one contra. Motion by tenant under the Overholding Tenancy Act, for an order for prohibition to the county court in the proceedings being taken there under the act. Judgment: It cannot be said that the acts of the landlord are in any sense in breach, the proceedings being the county judge being "by legal process" of the court. Motion dismissed with costs. The defendant's service of demand for possession not being an interference with the tenant's possession. I think the matter is in the jurisdiction of the court below. There is nothing to prevent any landlord from applying for any remedy given him by statute or common law. I cannot remove the proceedings as no writ of possession has issued. R.S.O. (1907), c. 11, s. 6. The motion must be dismissed without prejudice to the application under sec. 6 at the proper time. I cannot make an order giving time to the tenant quia timet, as he has not applied for an order. There will be no costs, no one appearing to oppose the application.

Single Court. Before Riddell, J. Re Henderson and West Nisourl—J. M. McEvoy (London), for Henderson. T. G. Meredith, K.C., for the municipality. Motion by Henderson to quash a by-law of the municipality. At request of both parties enlarged until 20th inst.

Divisional Court. Before the Chancellor, Riddell, J.; Middleton, J. Woodward v. Kilgenschmidt—C. S. MacInnes, K.C., for defendant. Green, C. A. Maize, K.C., for plaintiff. Kilgenschmidt, P. H. Bartlett (London) and W. R. Meredith (London), for plaintiffs. Two separate appeals by defendants, Kilgenschmidt and Green, from the judgment of Tetzell, J., of May 8, 1910. Plaintiff brought action for an account by defendants of their dealings with certain mining claims, and of moneys received from the sale thereof, but of which money over and above the sum of \$3000, after deducting a commission of ten per cent. allowed defendants for making the sale, pursuant to agreement of Feb. 15, 1907. Judgment was given plaintiff as asked, with reference to the master in ordinary to take the accounts, etc. Both appeals dismissed with costs.

Mulloy v. Meredith—J. Macpherson (London) for plaintiff. Burns, E. C. Cattnach, for plaintiff. W. R. Meredith (London), for defendants. Meredith and Judd. An appeal by defendant, Burns, from the judgment of Magee, J., of June 4, 1910. Plaintiff sued for himself and all other creditors of Frank Waters, deceased, to have it declared that a sum of \$500, received from the C. P. R. is assets in the

hands of Waters' executors, for payment of the debts of the said Waters, or in alternative that the assignment threat to defendant Burns is fraudulent and void, as against plaintiff and the other creditors of Waters. At the trial judgment was given declaring that the assignment threat to Burns was only as security for \$85 advanced by him to Waters, and beyond that balance of money belonged to Waters and is subject to his debts. Appeal dismissed with costs. The judgment will be varied by declaring in favor of the fund in favor of the defendant Burns for the amount of the funeral expenses disbursed by him.

Gerriman v. Patten—A. L. Baird (Bramford), for plaintiff. W. S. Brewster, K.C., for defendants, contra. An appeal by plaintiff from the judgment of the county court of Oxford of June 22, 1910. This was an action claiming \$125 for damage for excessive distress, and \$125 for amount alleged to be due plaintiff under a certain agreement. At the trial a verdict was given for defendant with costs. Appeal dismissed with costs.

Pickard v. North Oxford—J. M. McEvoy (London) and J. L. Paterson (Ingersoll), for defendants. J. E. Clarke, K.C., for plaintiff. An appeal by defendants from the judgment of the county court of Oxford of June 23, 1910. An action by plaintiff claiming \$200 damages for the death of a horse that was killed by a ditch being constructed by defendants, and alleged to have been caused by the negligence of defendants. At the trial judgment was awarded plaintiff for \$175 and costs. Appeal not concluded.

Before Falconbridge, C.J.; Riddell, J.; Latchford, J. De V. v. Winn—J. MacGregor, for plaintiff. W. E. Raney, K.C., for defendant. An appeal by plaintiff from the order of Middleton, J., of 28th September, 1910. The order appealed from was originally made on the order of admission of parties that the only question for adjudication was the question of the costs of the action which had been settled and made no order as to costs to be argued.

Judgment: Had the case gone on to trial, we think it should have been dismissed with costs, and we think, therefore, that the plaintiff has no ground of complaint in respect of the disposition of the costs made by the order appealed from. Appeal dismissed with costs.

Writs Issued. Lewis Shumer sues Eldoras Todd for a declaration of his rights under an agreement whereby it is alleged Shumer agreed to trade 345 acres in Oneida Township, Ontario, for lands belonging to the defendant.

J. C. Williams, of this city, alleges that J. G. Tait of Hamilton, carrying on business as the Tait-Brown Optical Co. is infringing his patent for bifocal lenses. He asks an injunction and damages.

The Goodwin Lake Silver Mines of Cobalt, are plaintiffs in an action against the Hon. J. Macdonald and Jackson Latchford of Cobalt, to recover damages for the alleged illegal seizure and sale of machinery and fixtures.

Eden House of Kempville sues the London Guarantee and Accident Co. to recover \$2000 alleged due under a policy on the life of Norman Leslie Jones. David Strutton, of Oshawa, has entered action against the Ontario Malleable Iron Co. of Oshawa, to recover \$5000 damages for alleged negligence.

Frederick Douglas Toledar sues William H. Shaw of this city to recover \$1207.35 of alleged due for moneys received by the defendant from the plaintiff.

E. R. C. Clarkson, as liquidator of the Big Cities Realty Co. has entered action at Osgode Hall for a declaration that Elizabeth H. Linden and Merritt A. Brown are trustees for the plaintiff in respect to over 66 lots on Bastedo-avenue.

Broadway Debating Club. The Broadway Debating Club held its annual election of officers at the home of the president, E. S. Caswell. The following officers were elected: Hon. president, Rev. J. H. Hincks, D.D.; hon. vice-president, Clinton J. Ponce, president, E. S. Caswell; vice-president, W. A. Dodge; secretary, C. G. Cline; assistant secretary, F. V. Siefert; editor, W. K. Clewley; associate editor, Fred S. Dent; whip, W. E. Buckley.

Mr. Cline described his adventures with a survey party along the Athabasca and Lesser Slave Lake Rivers. Mr. Siefert related his experiences with a party running a line parallel with the Transcontinental Railway up to the summit of the Yellowhead Pass, which included an unexpected meeting with a bear.

The Broadway Debating Club is a live organization, holds this year of the championship cup of the Inter-Club Debating League, and is now engaged on the fourteenth year of its existence. It is the intention to devote special attention to the discussion of civic problems. The secretary, whose address is 81 Whitlock-street, will be glad to hear from any young men who would like to unite with this organization.

Columbus Car Strike Off. COLUMBUS, O., Oct. 19.—The Street Car Men's Union by a vote of nearly 2 to 1, has called off the strike which has been in progress since June 24. The men received no concession from the company, and those who have forsaken the strikers' ranks heretofore have been accepted only for extra runs.

Navy Yardmen in Collision. KITTERY, Me., Oct. 19.—Eighty employees of the Portsmouth Navy Yard, were injured today, three possibly fatally, in a collision between two heavily loaded trolley cars on the Atlantic Shore Line Railway, at Fort Hill.

PROF. PEPPER SAYS PARTS ARE HUMAN

Had Not Established Sex of Victim - Juror Fainted at the Crippen Trial.

LONDON, Oct. 19.—The prosecution continued its case against Dr. Hester H. Crippen, charged with the murder of his wife, the actress Belle Elmore, to-day, by introducing the testimony of Inspector Dew of Scotland Yard...

The inspector's evidence was a repetition of the now familiar story, which he had recited previously in the lower courts...

When the session was resumed, Prof. Augustus Pepper, the pathologist who had examined the dismembered parts, was called, and his testimony, which was a recapitulation of the gruesome details of the earlier hearings, occupied the afternoon up to adjournment.

Prof. Pepper has been unable to determine anatomically the sex of the victim, but he is satisfied that the parts were human, and that they had been severed by a hand skilled somewhat in surgery.

The organs were healthy and indicated a stoutish person in middle life. They had been buried for not more than four months and for not more than eight months from an operation.

Every precaution is being taken to guard Crippen against self-destruction, it was learned this afternoon. The prison doctor supervises the cooking of his meals and no food is allowed the prisoner but fresh-laid eggs and so on.

There is no struggle in modern history, not even the great Boer struggle in South Africa, which offers so romantic a background and so many complicated issues of which to evolve the eternal themes of poetry and the drama—love and war.

William Gillette's drama, "Secret Service," he uses these tangled threads in a masterly way to weave his web of thrilling heroism amid all the poignancy and pathos of immediate siege and battle.

The time is at one of the climaxes in the siege of Richmond, and those who have read the life of General Robert E. Lee, will find "Secret Service" illuminative of that entrancing record.

The play affords a generous view of Frederick's attitude toward the cruelties and barbarities of war as in no way mitigated, also Mr. Gillette never intrudes the gruesome.

One wonders that a community like Toronto, which prides itself upon its military spirit, does not more warmly support such a marvellously good production.

It was a good audience last night, but the Princess Theatre about 1000 of the amount he did get elsewhere, to make good on his agreements. Five thousand of this money, he said, went to the president of the company.

George Tyrrell, secretary of the company, and Mr. J. H. Gardner, president of the company, were present at the meeting of the company.

Before Mr. Gardner testified, Representative Foeller testified that he was not "name his own price." He told the jury, he said, by both Gardner and Frederick Schroeder, formerly quarantine commissioner, now serving a sentence in Sing Sing for larceny, and as high as \$50,000 was offered for his vote.

BRITISH FIND SCARCITY OF MISSION MINISTERS

Plans For Increasing Salaries Talked Over—Campaign to Wipe Out \$15,000 Deficit.

Most of the discussion at yesterday afternoon's session of the Baptist Convention of Ontario and Quebec resulted from the presentation of the annual report of the home mission board.

The report contained the suggestions of a special committee, appointed to determine methods that would stimulate the increase of conversions and to determine the best way to support all such churches in the future.

The report mentioned the scarcity of ministers in the home mission churches and suggested increasing salaries, which now average only \$825, without, in most cases, either a house or a horse.

During the year 86 churches out of 222 reported one or more baptisms; 12 churches are included in the fields that have declared for self-support, while only six new churches have been organized.

Twelve new churches have either been erected during the year or materially enlarged, at an approximate cost of about \$20,000.

The annual report of the B. Y. P. U. was presented by W. W. Hitchcock of Brantford. Rev. D. C. Elliott, of St. Thomas, stated that his society constituted a bridge between the Sunday school and the larger boys, thus being a potent factor in handling the "large boy" problem.

George Barker of Ottawa was not satisfied with last year's literature course. Rev. O. C. Elliott defended the course book, which he said was intended for young people, and not for hard-boiled ministers.

The matter of rearrangement of the program, to afford more time for the educational discussion, concerning the instruction in McMaster University, was referred to a committee for decision.

Rev. E. W. Merrill, general superintendent, moved the report of the Sunday school, emphasizing the strong support afforded to the work by Professor Trotter's lectures at McMaster.

Thos. Ughwath, W. E. Lewis, Montreal, were elected to succeed the three retiring members of the home mission board.

In speaking at the evening session on "Our Bible and our Children," Rev. J. H. Baker laid heavy emphasis on the duty resting upon the members of the conference in the proper dispensation of the word of God.

He referred to the wonderful parade of children real, as one of the features of that gathering, noting that they were marching to obtain the blessing from the papal legate.

"There are 45,000 of those that are passing in review before this conference to-night," said he, "and what they are asking is that we should teach them what is in the Bible."

A. Kimoff, a Macedonian, told of the work being carried on among his fellow countrymen at Trinity-street, Rev. Easton-ave. and Trinity-street.

Rev. Gust Engstrom, pastor of the Deer Lake Scandinavian church, expressed his gratitude for assistance in his work.

City Problems... In a brief address on the "City Problem in Home Missions," Rev. Gordon G. Baker, recently appointed to carry on the work along these lines in the New Temple in Montreal, spoke of the problem of wealth, among others, as one of the greatest questions that had one of our own to-day was urban, and blighted as the problems of the nation are generated in the city, we should be careful in our means of acquiring wealth as well as in disposing of it.

ORANGE ORGAN IS OUTSPOKEN

Continued From Page 1. That course he would not have been the fountain-head of information which the enemies of the man who confided in him are using in their effort to destroy him. But Mr. Hanna was guilty of a more serious indiscretion than that.

After committing to writing the conversation with Bishop Fallon he handed a copy of it to the bishop's enemies. Why did he do this? We are quite sensible of the fact that he may not value our admiration very highly. It may even embarrass him. Nevertheless it exists, and is strengthened by the determination he shows to fight for a principle in which he believes.

There are few men so plentifully endowed with moral courage as to lead such a movement as Bishop Fallon inaugurated against the most powerful forces of his church. He will be supported not only by English-speaking Roman Catholics, but by practically every English-speaking Protestant in Ontario. He is fighting for national unity.

Register is Silent. The Catholic Register makes no editorial reference to the controversy, but in a very brief outline of the news events concludes: "The net result of the controversy will probably lead to a thorough investigation of the bilingual school system as Bishop Fallon has shown to fight for a principle in which he believes."

Strange Properties of a Wonderful Drug. (From Chicago Examiner). Prof. H. von Starck's new book, "Thirty Years' Observations of Eczema," contains much that will interest the layman as well as the scientific reader.

"In July, 1908," he writes, "there appeared at the institute a woman, 23 years old, with hair unusually interesting. It was abundant and long, but upon close examination two distinct growths of hair were seen."

"She said that up to four months previous her hair was thin, straggling and brittle, with a tendency to fall out. Dandruff and eczema of the scalp had developed, which she treated with a simple solution made by dissolving 2 ounces of quinine in 1/2 pint of hot water—let cool."

"The result of the treatment was that the eczema and dandruff were eradicated, and apparently the hair follicles were revived, for her hair appeared, 'For years I recommended quinine in any case of eczema on any part of the body.'"

Dr. Reaume's Part. As to Hon. Dr. Reaume, The Sentinel observes: "Nobody who knows the minister of public works gives him credit for discretion. He, above all men in the cabinet, is the last to be entrusted with such a document. But having received it, he took the course which was most likely to secure publicity for it. By placing it upon his private file—to which his French-Canadian secretary had access—he opened the way for its use by the French-Canadian press."

NO ACTION TO BE TAKEN ON BOUNTIES ON STEEL

Government Had Been Urged to Substitute Duties on Expiration of Bounties.

OTTAWA, Oct. 19.—(Special.)—The government, it is learned, will take no action regarding the question of bounties or duties on iron and steel.

Iron and steel bounties, that is the bounties that are paid on pig iron, puddled bars and steel ingots, will expire on the 31st of December next. The bounty paid on the manufacture of steel rods, however, will not cease until July 1, next. Payment may be made after the 30th of June on rods actually made and sold prior to that date.

The legislation regarding steel rods was passed last session at the instance of Hon. W. S. Fielding. During the discussion in committee on the bill, the question was asked of the minister of finance whether a duty would be imposed to take the place of the bounties. Mr. Fielding replied: "We certainly have no such intention at present; what may come in the future I cannot say." The government has now decided to take no action.

Character Types in "Paid in Full" the Offering at the Grand Next Week.

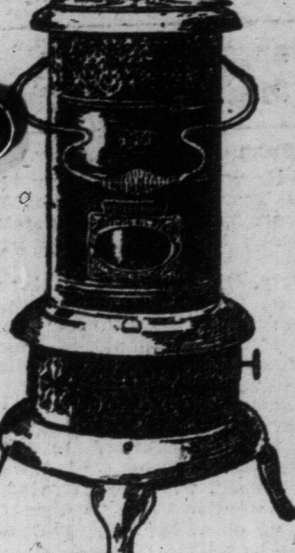

"Paid in Full," Eugene Walter's powerful play of contemporary American life, "Paid in Full" is to be seen for the first time at less than dollar-fifty prices, at the Grand next week, and Wagenehals and Kemper Company, who will make the production, promise one of the strongest and most notable acting companies ever gathered in one organization, and the production itself will be complete in the minutest detail. The play is in four acts, and the theme is taken from some incidents in real life. The handling of the story thread is done in a most forceful style, the characters breathe real life, and their actions are not the studied movements of the ordinary play of the actor of to-day. They are human, and for this very radical departure from conventional lines and themes, it would seem that Mr. Walter merits the thanks of the theatregoing public. "Paid in Full" ran nearly two years in New York, and the play has to its credit a run of five months in Chicago. There has been a big demand for seats here, and the indications are that a packed house will greet Wagenehals and Kemper's long-looked-for offering.

Imperial Labor Conference.

LONDON, Oct. 19.—British labor leaders are communicating with colonial leaders with a view to arranging a special conference of representatives of the various labor parties of the empire to be held in London in 1911, about the time of the colonial conference. The idea is to discuss the possibility of joint action between parties on all matters affecting the interests of workers in the empire.

Dry Your Clothes on a Wet Washday With a New Perfection Oil Heater

When clothes can't be hung outside, and must be dried in a room or cellar, the New Perfection Oil Heater quickly does the work of sun and air. You can hang up the wet clothes, light your Perfection Oil Heater, open the damper top, and the heat rises and quickly dries the clothes.

Do not put off washing to await a sunny day in order to avoid mildew. Dry your washing any day with hot air from a **PERFECTION SMOKELESS OIL HEATER**.

Absolutely smokeless and odorless. It gives just as much heat as you desire. It is safe, odorless and smokeless.

It has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. Burner body or gallery cannot become wedged, because of a new device in construction, and can always be easily unscrewed for reworking.

An indicator shows the amount of oil in the font. Filler-cap does not need to be screwed down, but is put in like a cork in a bottle, and is attached to the font by a chain. Finished in Japan or nickel, strong and durable, well-made, built for service and yet light and ornamental. It has a cool handle and a damper top.

TO APPOINT DR. NASMITH AT A SALARY OF \$3000

Board of Health Supports Plan of Improved Laboratory—Committees Meet.

TO-DAY AT THE CITY HALL.

11 a.m.—Board of control.

2 p.m.—Island committee starts on inspection trip.

2:30 p.m.—Court of revision begins hearing appeal against assessment in third ward.

That Dr. George G. Nasmith, associate director of the provincial board of health, be appointed director of the laboratory of the city's medical health department, at \$3000 a year, and that the board of control provide \$4000 for the equipment of the laboratory, were recommendations sent by the local board of health yesterday. Chairman Ald. McMurrich, back from his trip to Europe, was welcomed by Ald. Rowland, who has made a capable understudy.

Controller Foster alone declined to swallow the reorganization plan without demur. He informed the new M.H. that he should not have the idea he only needed to ask for money to get it, and delivered one of his familiar sermons against civic extravagance. Dr. Hastings replied that there would be no frills, no money wasted, and that his only aim was the highest efficiency.

The plan is to have the laboratory accessible to the public every day at specified hours, so as to allow no delay in the examination of swabs.

Replying to Ald. Graham, Dr. Hastings gave assurance that he was on the trail of abattoirs which diffused strong odors. He had already notified two prominent ones in the west end that if the nuisance was not abated prosecution would follow.

The home of George Hines, 148 Hallam-street, was quarantined for seven weeks because of smallpox, four inmates having been removed. In compensation, Mr. Hines was granted \$35.

Slow Work on Light Poles? "Street lighting in the new districts depends entirely upon when the hydro-electric commission will be able to furnish power," so City Engineer Rust informed the fire and light committee yesterday.

Ald. Hilton complained that in some districts the city was neglecting to erect lamp-posts, in preparation for the era of municipal lighting.

Ald. McCausland had his curiosity satisfied as to the prospects of giving the suburban districts gas lighting in the interim. Secretary McGowan of the fire department pointed out that the gas company's franchise is for the older portions only.

Armed with copies of the city architect's proposed bylaw for the protection of buildings, and with a list of numerous suggested changes for the further safeguarding of the men, a deputation appeared. It included Andrew Miller of the Building Trades Council; W. J. Storey of the Plumbers; A. Garland, electrical worker; J. Saxon, sheet metal worker; and J. Currie, structural iron worker. Architect McCallum will do some redrafting to meet their wishes.

John Daly has been trying for many months to get a permit to store gasoline in a float on the bay. He has a thousand gallon tank installed, but the committee refuses to let him store more than five barrels at a time.

The city architect's proposal that a bylaw be passed empowering the police magistrates to cause the demolition of a building being erected in persistent defiance of building bylaws, was sent to the legislation committee.

Restrictions on Signs. At the meeting of the legislation and reception committee, Ald. Phelan's bylaw to impose rather strong restrictions on the putting up of signs was allowed to stand over, because of the protests of E. L. Ruddy of the Connor-Ruddy Company, who declared it would ruin their business. He will put his case in writing. One provision of the bylaw limits the superficial area of a sign to 150 square feet, and another forbids signs altogether from residential districts.

In the hope of lessening the amount of squabbling over paving petitions, the city engineer and assessment commissioner were asked to report on the desirability of the city's seeking legislation to fix a time limit after a petition has been filed with the city clerk during which a signatory wishing his name taken off must ask to have it

Dropsy— Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

POLYGAMIST GETS TWO YEARS

Joseph Pinault Admitted Having Had Three Wives.

SHERBROOKE, Que., Oct. 19.—Joseph Pinault, alias Alex. St. Laurent, found guilty of bigamy before Judge Malvena, Monday, was sentenced this morning to two years in the penitentiary. Pinault admitted having had three wives, one in Montreal, who had laid the complaint which caused his arrest, and by whom he had three children, one whom he married in Sherbrooke last May, and another with two children in another Township town.

Realty and Building

It looks as if the Imperial Bank is reaching out for the southeast corner of King and Yonge-streets for a big new banking house, and recent transactions all point in this direction.

There are four buildings on this corner that are more or less involved in the current rumors. The first is, first of all, on the corner the building now occupied by the Canadian Pacific Railway.

The Imperial Bank has already acquired the second building, lately occupied by the Holt, Renfrew Co., and it was admitted yesterday that they have also bought the third building, lately occupied by the Holt, Renfrew Co.

The keen rivalry that is manifested amongst the financial institutions, in acquiring prominent sites and erecting pretentious buildings, also lends credence to the suggestion that the Imperial Bank will put up a sky-scraper.

Taking in the four properties mentioned, it will give the Imperial Bank a site 100 x 120 feet. All of the stores run from King-street back to the lane of the Traders' Bank.

Nearly all the property owners on the north side of Front-street from Yonge to York, and up York-street, have been approached. It is said, during the last ten days or two weeks for a price on their holdings.

The amount of rent to be paid by the Dominion Permanent Loan Company to the Lawlor Estate for the ground floor of 12-14 West King-street, was brought before a commission yesterday to be decided.

The law firm of 100 acres, on St. Clair-avenue and the town line road between York and Scarborough Townships, has been purchased by White & Co.

A permit has been granted to the Canada Metal Co. to erect a two-story brick factory on the east side of Fraser-avenue, near Liberty-street, to cost \$25,000.

PINE BEACH

TOWNSITE FORMED

Shaw Township Coming to Front—General News of Porcupine Camp.

PORCUPINE, Oct. 14.—(Special).—The latest development here is the founding of a township on the Redstone River. This river leaves North Hawk Lake about one township south of Hill's, on Porcupine River, and strikes into Shaw. It is at the first rapid, right on the boundary of Carleton and Shaw townships, that the beginning of a town is being made.

For a month or more we have been hearing a great deal about the southern part of Shaw Township, and many buyers have been in there looking for claims. The spectacular sample that was the feature of the camp before the discovery on the Bruce in Tisdale was from the southeastern corner of Shaw, on Frederickhouse, going up the Redstone to these rapids. It is here the building is going on. Quite a large number of men are felling trees and bringing them into shape for building, and some log houses are already erected.

As to Tisdale and its immediate neighborhood, the most important piece of news is the fact the Powell vein in Deloro (Timagami forest reserve) has now been traced for two miles on one claim. Mr. Powell has eight or nine separate claims of gold on the vein, the width varying in some places as great as 50 feet.

Loads of provisions are coming in over the road from Hill's to Porcupine, easier. One man brought in 2200 pounds on a jumper with two teams to-day. The number of people coming in is increasing. Yesterday about 30 walked in over the hills. A number are starting new buildings, or are repairing old ones. Logs are about the only building material available. The shacks that are up are being occupied, in some cases for the first time, and there is constant enquiry for quarters to live in.

BATCH OF NEW COLONELS

Seven Majors Attached to Headquarters Staff Promoted.

Local military men are by no means pleased at the announcement of a batch of promotions to the rank of temporary lieutenant-colonel, just received from Ottawa. The lucky ones are: Majors Maunsell, P. E. Thacker, H. Thacker, Eaton, Paley, F. McDonald and Helmer, all of the permanent force attached to the headquarters staff at Ottawa.

As there are a number of efficient officers in the force of considerably longer service, to at least some of the newly-appointed, it is felt that there has been undue preference.

Plaintiffs Win. Chief Justice Sir William Mulock decided a jury was unnecessary after hearing the address of counsel, and gave judgment in favor of the plaintiff, George L. Squire Manufacturing Co., for \$13,585, against William P. Bull and Hugh S. Brennan, in the jury action yesterday. Plans were made by the parties to build a sugar factory in Cuba. Defendants claimed that a note for \$12,500 was for accommodation, and they were not obliged to pay. Thirty days' stay was granted to allow defendants to appeal if they wish.

Refused to Answer. NEW YORK, Oct. 19.—Former State Senator Frank J. Gardner, under indictment for having distributed the "slush fund" raised, it is alleged, to defeat the Hughes anti-racketeering bill, would not answer the questions put to him by the legislative committee formally directed Gardner to answer or be adjudged in contempt, but he stuck to his position.

Kept the Rosary. CHICAGO, Oct. 19.—A Toronto woman's rosary led to conviction of a negro robber in Judge Smith's court yesterday. He is John Perry, who robbed a bed Mrs. Mary Turnbull, Toronto, of a bed containing \$700 and the rosary, besides a few other trinkets, when she was on her way to church one morning last May. Mrs. Turnbull's court case is John Perry, who robbed a bed Mrs. Mary Turnbull, Toronto, of a bed containing \$700 and the rosary, besides a few other trinkets, when she was on her way to church one morning last May.

Setback in N. Y. Follows Recent Extended Advance

Natural Reaction on Wall St. Traders Put Out Short Stocks

Declines General in New York Market, But Undertone is Said To Be Healthy—Domestic Issues Dull and Easy.

World Office.
Wednesday Evening, Oct. 19.—There was little speculation at the Toronto Stock Exchange today, the dealings being much below those of a week ago.

Transactions were swelled by trading in some of the mining issues, but otherwise the transactions represented nothing more than the cancellation of outstanding speculative long contracts, and the buying mainly by those who have been short of the market and are taking profits.

Not much actual stock came into the exchange today, but there was sufficient to fill all the demands, and the usual when the local market has lost its buoyant fever, it was difficult in some instances to get satisfactory bids.

The issues mainly subjected to liquidation and realizing were Mackay and Rio, both of which stocks sold at lower prices because of the change of sentiment in regard to them.

Some of the buying during the day came from Montreal, but this was chiefly in such issues as Quebec Light and Power and Dominion Steel Corporation.

Sao Paulo was the one speculative stock to show strength, but the early advance was difficult to hold and the price closed fractionally lower than earlier quotations.

In some of the less active issues there was a fair amount of investment buying, and in these stocks prices retained moderate firmness.

In a general way the market closed satisfactorily, but there was an entire absence of any immediate optimism in regard to the situation.

WALL STREET POINTERS.

Bethlehem Steel Co. operating at full capacity.

Considerable improvement reported in the tin plate market.

American stocks in London irregular, mostly inclined to sell off.

General market in London dull, with pressure in the Copper stocks.

B.R.T. earnings up to last year's figures, in spite of comparison with Hudson-Fulton Corporation.

Sub-treasury gained \$669,000 from the banks, reducing cash loss since Friday to \$41,000.

Steel business still stagnant, but a number of branches of industry show conservative improvement in business.

Laclede Gas Light Co. reports for nine months ended September 30 last, net income \$1,526,572, increase \$22,560.

London talks of an advance in the bank rate, contingent on the Egyptian demand for gold, which is still heavy.

Joseph says: Even the bears admit that there is little else than anxiety in going short of the market, at this juncture. It is not sure that the Bank of England rate will be advanced tomorrow. Canadian Pacific is likely to hum again. Big increased cash dividend soon coming. A certain way to lose money is to fool on the short side of Coppers. Pennsylvania is getting its gas. Bull Rock Island; hold Chesapeake & Ohio.

Further irregularity seems likely. We expect to see a specialty advance in some stocks; a reaction by professionals would not be surprising. This is not unusual after an advance of the kind we have had. We would confine purchases to reactions, accepting fair returns on rallies. New York Central may do better also. B.R.T. Would buy Chesapeake & Ohio on reactions. Cons. Gas reported in shape to advance.—Financial Bulletin.

Stocks have been distributed in large quantities, and there is not much doubt that the market, taken as a whole, has reached the top. The recent process of working prices up carried with it the almost complete elimination of the short interest, leaving the technical position extremely weak. When the fact is taken into consideration that underlying conditions, if anything, are less favorable than they were a month ago, at which time prices were fifteen points lower in many instances, we have little computation in advising shorts sales of all the active issues, both rails and industrial.—Town Topics.

Rubber Higher in London.

LONDON, Oct. 19.—Auctions of Ceylon rubber here to-day showed firmer tone, with prices averaging \$1.54 per pound, an advance of 14 cents over Tuesday's figures.

Effective Next Year.

WASHINGTON, Oct. 19.—By an order issued to-day the Interstate Commerce Commission has fixed the rate for the transfer of goods by rail to be 10 per cent. (14 p.c.) for the quarter ending 31st October, instant (being at the rate of five per cent. (5 p.c.) per annum) on the paid-up Capital Stock of this Bank, has been declared, and that the same will be payable at the Head Office and Branches of the Bank on and after the 15th day of November next.

The Transfer Books will be closed from the 17th October to the 31st October, both days inclusive.

By order of the Board:
F. W. BROUGHALL,
General Manager.
Toronto, 11th October, 1910.

merce commission directs that the long and short haul provision of the recent Interstate Commerce Act shall become effective on Feb. 17, 1911.

LONDON LOOKS FOR INCREASE IN BANK OF ENGLAND RATE.

LONDON, Oct. 19.—In the late afternoon there was professional selling of securities on expectation that the Bank of England rate would be advanced to-morrow. Business in discounts to-day was done subject to a higher rate. Domestic securities were flat, but they had the appearance of being overvalued. Americans were weaker and mining, rubber and copper shares were offered. Continental bourses were irregular.

Street Power Merger Declared Off.

MONTREAL, Oct. 19.—The announcement will be made to-morrow by Mr. H. S. Holt, president of the Montreal Light, Heat and Power Co. that the proposed merger with the Montreal Street Railway Co. is declared off by mutual consent. The circular intimates that influences have been at work to the detriment of the proposed deal, and that a very considerable portion of the holdings of both companies were adverse to the proposition. Mr. Holt will also state in the same circular that gas will be brought down to a dollar.

Gross Mismanagement Charged.

CHICAGO, Oct. 19.—A sensation was furnished to-day at the annual meeting of the stockholders of the Illinois Central Railroad. Attorney Maxwell was satisfied to have the majority of independent committees, including Franklin MacVeagh, secretary of the United States treasury, made charges of gross mismanagement in the affairs of the company. Almost simultaneously deputy sheriffs served subpoenas on the officers of the road to appear in a \$10,000,000 damage suit brought by Attorney Edgar.

ANNUAL REPORT.

The annual report of the International Milling Co. for the year ending August 31 has been sent out by Messrs. W. A. Mackenzie & Co.

The operations of the company for the year were most satisfactory, showing a profit, after payment of all operating expenses and interest, of \$243,951.77, as against \$105,126.46 for last year, an increase of \$138,825.31. This is equivalent to over eight times the interest on the outstanding bonds, or barely 50 per cent. of the total bonds outstanding.

Another very striking feature of the report is the fact that its cash and liquid assets are equal to over twice the amount outstanding, so that the company always has cash assets more than sufficient to retire its obligations to the public.

The outstanding bond issue of the company amounts to \$500,000, bearing 6 per cent., payable half-yearly, but this amount is only about one-third of the assets of the company. The paid-up capital stock is \$725,700, and this represents an actual cash investment, there having been no bonus stock issued in connection with the company.

OFFERING WELL TAKEN.

Good Public Response to Pacific-Burt Stock Offering.

In connection with the offering of securities of the Pacific Burt Company, Limited, as advertised elsewhere in this issue, it is altogether likely that the offering will be oversubscribed on account of the attractiveness of the issue. The shares according to the advertisement remain open for subscription up to 4 o'clock in the afternoon of next Tuesday, but the public response is such that from present indications cutting down of the amount applied for may be necessary if this maximum time is adhered to. The offering of Pacific Burt stock consists of \$650,000 of 7 per cent. cumulative convertible preference shares, with a 25 per cent. bonus in common stock.

STEEL AND IRON OUTLOOK.

Some Improvement Noted, But Situation at Pittsburgh Unchanged.

The Iron Age to-morrow will say: Some encouragement for the iron trade comes from Chicago. An important western railway company, which suspends manufacture of counter-check books, or merchants' sales books, and steps are being taken for the prompt establishment of the manufacture of small paper boxes. The Burt Department of the business, which it is expected will come into good earnings as soon as it is fully established, will be conducted upon the same lines as, and have the right to use the same style of machinery as, the F. N. Burt Company, Limited, at their Buffalo factories. The Burt Company are specialists in the manufacture of small paper boxes.

DIRECTORS:

The Board of Directors is composed of four Directors of F. N. Burt Company, Limited, viz.: S. J. Moore, President, A. E. Ames, Vice-President, F. N. Burt and James Ryrie, together with H. T. Scott, of San Francisco, President of Pacific Telephone & Telegraph Company, and Mercantile National Bank; Dr. Charles W. Colby, Montreal, Director Imperial Writing Machine Company, and Horace P. Brown, Emeryville, California, General Manager.

Mr. Moore is President and Messrs. Burt and Scott are Vice-Presidents of Pacific-Burt Company, Limited.

ON WALL STREET.

Erickson Perkins & Co. This was reaction day in stocks, but they gave a good account of themselves, nevertheless. Net losses were a point for many of the active issues, but a few closed higher than yesterday. New York Central continued firm and the transactions scored gains. Steel, Union Pacific and Reading were weak, as well they might be after so sharp a rise. A little more reaction would be a good thing. Before long, however, they will do to buy again for another upward swing. Some held the money situation responsible for the setback in stocks, predicting an increase in the English bank rate to 4 1/2 or 5 per cent. to-morrow. Firmer open discounts abroad reflect a change in the bank rate before long. The domestic trade situation is certainly more reassuring, and this being the case we do not think stocks will go off much. Continue to buy on drives. Public buying to-day has been excellent. We have not noticed much distribution by the bankers.

LOWER PRICES FOR SPECIALTIES.

World Office
Wednesday Evening, Oct. 19.

A period of realizing has undoubtedly taken possession of the Toronto market. The dealings are a perfectly natural event, and, regarding bearish speculation, which may over-reach itself, there should be no anxiety felt by holders. During the last few weeks there has probably been brought into the market over \$2,000,000 worth of securities, mostly Rio, Mackay and Twin City. This has congested the financial situation, and may require a little time to straighten out. From appearances lower prices are promised for the specialties, but from this it should not be inferred that those who have bought outright, or have sufficient protection to ignore market movements, will not see profits on their purchases in the not far distant future. Some indication of the Canadian banking situation should be obtainable from the monthly bank statement, which will be available on Friday.

aging a point with some exceptional declines even greater. The lower range of values cabled from London was an indication of this being followed by further selling for European account, realizing from that quarter for the past few days being reported as very heavy. The indications favor an increase in the Bank of England discount rate to-morrow to at least 4 1/2 per cent., the some bearish circles predict even five per cent., as a result of the train of gold from London to Egypt. Local traders perceiving that the tendency was downward, not only sold out long stock, but also in some cases took the short side for a turn, as that the market must be considered as having behaved well under the circumstances. We feel that while the market is more two-sided higher prices will yet be witnessed and would sug-

Common Stock \$650,000
WE OFFER FOR SALE AT PAR 6,500 FULLY PAID SHARES OF \$100. PAR VALUE EACH OF THE ABOVE MENTIONED 7% CUMULATIVE CONVERTIBLE PREFERENCE STOCK, WITH BONUS OF 25% OF THE AMOUNT OF THE PREFERENCE SHARES IN COMMON STOCK.
Payments are as follows:—
\$10. per share with subscription, and
\$0. per share on or before November 1st next
Applications will be made in due course to have both the Preference and Common stock listed upon the Toronto Stock Exchange.

CHARACTER OF SHARES:

Preference shares carry the right to the holder of exchange at any time, share for share, for Common stock, and are preferential both as to assets and cumulative dividend at the rate of 7% per annum. The company has no bond or mortgage indebtedness.

DIVIDENDS:

Preference share dividends will accrue from November 1st next and be payable, first, on January 1st next, and quarterly thereafter.
It is expected that the Common stock will bear dividends at the rate of 2% per annum from January 1st next.

BUSINESS:

The business of the Company is thoroughly established, and has been in profitable operation for years. It is now earning a surplus over the Preference stock dividend of 7%, and proposed Common stock dividend of 2%. The present business consists of the manufacture of counter-check books, or merchants' sales books, and steps are being taken for the prompt establishment of the manufacture of small paper boxes. The Burt Department of the business, which it is expected will come into good earnings as soon as it is fully established, will be conducted upon the same lines as, and have the right to use the same style of machinery as, the F. Mr. Moore is President and Messrs. Burt and Scott are Vice-Presidents of Pacific-Burt Company, Limited.

SUBSCRIPTION BOOKS:

Subscription Books are now open at our offices, and will close not later than four o'clock on Tuesday, the 26th inst. The right is reserved to allot only such subscriptions and for such amounts as may be approved, and to close the subscription books without notice.

Subscriptions may be forwarded by mail, or by telegram at OUR EXPENSE.
Subscriptions may be on regular forms, or, where these are not available, letters simply stating that so many shares are subscribed for under the terms of the Prospectus will be sufficient.

Full prospectuses have been published in the newspapers, and copies, with subscription forms, may be had on application at our offices.
We recommend purchases of these securities, the Preference share dividends being well assured, and prospects being good for satisfactory dividends on the Common Stock.

wishes to meet four or five gentlemen who can invest three or four thousand dollars each, and join himself and friends in the formation of a company for the purpose of taking over some twenty thousand acres of splendid hardwood timber, and who would be eligible as directors in a company to be subsequently formed for a manufacturing proposition of exceptional merit.

These limits are situated on a line of railway and are not over one hundred and fifty miles from Toronto. The timber is Maple, Birch, Ash, Elm and Ironwood, chiefly Maple and is of good average size and quality; the bush is comparatively level, and, therefore, easy to operate in.

There are people who think that the luscious clusters on the grape vine need a touch of frost to make them "dead ripe," and by the same token, some men prefer to buy clothes that have a smack of the bargain about them. They know that there are some rare bargains going among the wholesalers these days, and they don't see any reason why they shouldn't be "in" on them.

These men will surely be pleased with to-morrow's list of specially purchased clothing both for them and their sons. Prices such as these are only possible after shrewd bargaining, and we will not consider the trouble worth while unless a thousand of our customers take advantage of them.
