## SCHEPPS, WHO HOLDS TO PLOT OF GAMBLERS ARRESTED IN ARKANSAS

**Man Believed to Have Been "Go-Between" for Police and Gamblers Arrested by Private Detectives—Arrest is Regarded as Likely to Bring Startling Revelations**

HOT SPRINGS, Ark., Aug. 11.—(Can. Press.)—Sam Schepps, wanted in New York in connection with the murder of Herman Rosenthal, was placed under arrest in this city late last night. He is guarded by an officer who, it is reported, is holding him pending advice from the district attorney's office in New York.

"I am ready to go back to New York without any requisition," said Schepps, "but I want to know that everything is all right."

"I am the keynote to the situation in New York, and if they want me to treat the district attorney's office right they will have to treat me right," Schepps said to-day that he has not decided whether he will join with Rose, Vallon and Webber in a confession. The alleged go-between added that he would make up his mind on that question while on the way east.

The arrest was made through a detective agency.

**New Impetus to Investigation.**

NEW YORK, Aug. 11.—(Can. Press.)—The arrest of Sam Schepps in Hot Springs has given a few impetuses to the Rosenthal case. It is considered the most important development since the confessions of Jack Rose and "Bridge" Webber led to the indictment of Police Lieutenant Becker as the alleged instigator of the murder. Schepps has been wanted badly by the district attorney to complete the evidence he has of the assassination plot.

One of the most interesting features in connection with the arrest of Schepps is that the police authorities here appear to have had no hand in the capture. Late to-night, nearly 24 hours after the arrest of Schepps, Deputy Police Commissioner Dougherty was in ignorance of the capture, except for enlightenment given him in newspaper dispatches.

Police Not Notified.

"I can't understand it," Mr. Dougherty said to-night. "On July 27 I wrote a letter to the chief of police at Hot Springs asking him to be on the lookout for Schepps. I had no particular tip that Schepps was in Hot Springs, but I was aware of the fugitive's physical condition and deduced that he might go there. I can't understand why the New York police have not been notified if Schepps has really been arrested. I telegraphed the Hot Springs police this afternoon for information and for the circumstances under which the arrest was made but have received no reply."

**Paid Off Gunmen.**

Schepps, it is charged, was in the conspiracy to murder Rosenthal, rode in the grey automobile in which the slayers were carried to and from the scene of the shooting, and paid off the gangsters after they had completed their work. While Schepps has been missing from his home since July 15, the day of the murder, it is said that he was in the city up to and including July 18. He was the go-between, it is alleged, for Police Lieutenant Becker and Jack Rose, when the latter was in hiding in Harry Pollock's house in Riverside Drive. When Rose surrendered Schepps dropped out of sight and no trace was found of him until he was rounded up in Hot Springs.

It is said that Schepps was furnished with \$1000 for the purpose of paying off the assassins.

**Helped to Situation.**

Schepps' assertion at Hot Springs that he is the "keynote to the situation" here did not appear to Mr. Dougherty to be an exaggeration. There is little doubt in the commissioner's mind that Schepps can furnish about all the information that is now needed to round out the case. No confession from the missing fugitives, "Gyp the Blood" and "Lefty Louie," is needed.

With the arrest of Schepps it is believed that the task of the district attorney is much simplified. Jack Sullivan, "King of Newsboys," has already broken down and agreed to go before Mr. Whitman to-morrow and tell all he knows about the alleged connection of Lieut. Becker with the murder. Sullivan made this agreement with Assistant District Attorney James E. Smith, who visited him to-day in the West Side prison, where he is confined in connection with Rose, Webber and Vallon, who have confessed their part in the crime.

Unwilling to tell his full story until he had seen Mr. Whitman, who is out of town over Sunday, Sullivan said to Mr. Smith that he had seen Becker in conversation with Rose and Webber a few hours after the murder. This corroborates the stories of other witnesses.

## MAYOR GEARY MAY RUN TO FOURTH TERM

**Altho He Didn't Declare Himself, Hints to World Man That There is a Likelihood of Such Happening—Would Have Given City Council Position if Offered.**

DIDN'T MEET CONT. CHURCH

When the elections for the year 1913 are held G. Reginald Geary may again be a candidate for the mayoralty of Toronto. Altho his worship has not either confirmed or made a denial there is a strong probability that he will offer himself to the citizens for another term of office.

When interviewed by The World last night Mayor Geary stated that he had not even thought about the matter in one way or the other.

"Are you tired of serving the public?" asked The World.

"No; I like serving the public and I am not by any means tired of serving the public," replied his worship.

"But there are a great number of knooks attached to the job, and I suppose you get a great many of them?" suggested the reporter.

"The knooks don't bother me."

"Will you run for the mayoralty next year?"

"I do not know; I have not thought of the matter yet."

**Toronto Fortunate.**

"Toronto did remarkably well in securing the loans at 4 1/2 per cent. on the London market," said the mayor.

"Many municipalities did not get nearly as good a sale. The interest was not high for money at this time of the year and the city was very fortunate."

A high tribute was paid to the ability of City Treasurer Coady and his work while abroad by his worship. Without the services of Mr. Coady the mayor would have been "at sea." There were so many people to talk to that it took two men to do the work. The city treasurer, however, knew the game thoroughly, with the result that a very good bargain was made.

The appointment of T. G. Meredith as corporation counsel was also taken up, but on this point the mayor confessed ignorance as he only arrived home at 8 o'clock yesterday morning. His worship mentioned a letter that he received from Acting Mayor Church while he was away, and understood

## Liberal to Contest Midlothian.

EDINBURGH, Aug. 10.—(Can. Press.)—The Midlothian Liberal Association has rejected the advice of the Master of Elibank, who yesterday issued a manifesto urging the Midlothian Liberals to withdraw their own candidate and support the Labor candidate in the by-election for the seat which he had just vacated. At a meeting to-day the association nominated Alexander Shaw, son of Baron Shaw, of Dunfermline, as Liberal candidate.

The local Liberal newspapers denounce the Master of Elibank's attempt to "quer the pitch."

## PUNISHMENT IS GIVEN PRIESTS WHO REBELLED

**Last Court of Resort at Rome Rules That College at St. Johns, Que., Be Abandoned and Insurgent Priests Scattered Among Other Dioceses in Other Capacities.**

OFFENCE IS CONDEMNED

MONTREAL, Aug. 11.—(Can. Press.)—Events moved rapidly to-day in the struggle between the priests of the St. Marie Minor College at St. Johns, and the ecclesiastical authorities who interdicted them for refusing to remove their institution from that town and return to the diocese of St. Hyacinthe, where they were located under Bishop Bernard's jurisdiction some years ago, before a disastrous fire destroyed their buildings and caused them to decide in favor of removing to some more favorable site.

To-day a letter from the Sacred Consistorial Congregation at Rome, a court of last resort, was read in all the churches throughout the diocese of Montreal and St. Hyacinthe, preceded by a brief joint episcopal note from Archbishop Bruchesi and Bishop Bernard, fully approving the rulings of the two prelates, rulings which were supported by the apostolic delegate at Ottawa, and condemning in the most severe terms the priests who have opposed their ecclesiastical superiors.

Obstacles Swept Away.

Following this, an authoritative announcement was given out that the priests had decided to submit to the ruling of the holy see; that the Mr. Edward, whose claims against the college had resulted in the civil court order, declaring that the priests must not leave St. Johns until these claims had been duly settled, had agreed to accept \$50,000, permitting the priests to go where they chose; and that the priests, following their submission would be rehabilitated and their suspension lifted.

The college will be abandoned and the priests scattered among other dioceses in other capacities. This will leave the field at St. Johns open for Archbishop Bruchesi's educational institution.

The letter from the consistorial college refers to the petition of the priests, dated July 11, against the decrees of Archbishop Bruchesi, Bishop Bernard and the apostolic delegate, and declares absolutely against the pretensions of the priests. The decision was unanimous and was afterwards confirmed by his holiness the pope.

Priests in Absolute Rebellion.

The letter (translated from the Latin text), continues in part as follows: "Following this decision, the priests must be considered suspended in all places," and referring in particular to the necessity of their abandoning their college, says: "As such a prolonged and stubborn resistance on the part of these priests to the orders of their bishops, to the sentences duly and legitimately accorded, and even to the notices and commands of the holy see is a thing absolutely condemnable—and as on the other hand they have resorted to futile pretenses, which they themselves could have avoided in order to refuse obedience, it follows therefore that these priests must be considered in absolute rebellion against the legitimate authority of the church, and as such absolutely unworthy of having the education of children committed to their care by the faithful of the church."

Must Do Penance.

"How could these men authoritatively form the minds of children in notions of discipline, respect towards their legitimate superiors, and submission and respect towards their parents, as well as in all Christian virtues; they who have for so long a time and in so public a manner given such a sad example of lack of discipline and obedience; they who have been condemned by the supreme authority of the church and have been removed from the sacred functions?"

The letter concludes: "And only after a suitable penance for the very grave scandal caused to the faithful and after manifesting signs of repentance for their sins, shall they be rehabilitated in the exercise of their holy ministry."

The priests are also told to warn the faithful that if they persist in their attitude, they will incur even greater punishment.

## Police Land One of Men in Big Robbery Had Bills With Him

**He Passed a Note Stolen in \$350,000 Theft From Bank of Montreal in New Westminster, and Clever Work on Part of Cigar Store Clerks and Detectives Leads to Double Arrest.**

After a search lasting more than a month for the man who during that period has been passing bills that were stolen in the New Westminster robbery of the Bank of Montreal, the Toronto detective force had their efforts rewarded by his capture Saturday night.

This man, known by the name of Walter Davis, alias Walsh, is believed to be one of the gang who perpetrated the daring daylight bank robbery in New Westminster in September last when the Bank of Montreal lost three hundred and fifty thousand dollars. The arrest occurred on Saturday night in the rounds of the Palmer House. A visit to the hotel later in the evening resulted in the arrest there of a woman going under the name of Alice Davis, alias Walsh, who claims to be the prisoner's wife.

Find Money on Them.

Stolen Bank of Montreal bills to the extent of \$3000 were found in possession of the two prisoners. In addition, bank bills other than those of the Bank of Montreal, but believed to have been obtained in exchange for some part of the stolen money, brought the total amount found in the possession of the two up to \$3225.

About a month ago the Toronto detective department learned that a number of the Bank of Montreal bills that had been taken in the New Westminster robbery were being circulated in Toronto. Detective Tipton was detailed to the case, and he obtained from the head office of the bank at Montreal a list of the numbers and serials of the lost notes. These lists were distributed among a number of the Toronto hotels, tobacconists, druggists and other places where much money is handled daily, and where an attempt might be made to pass some of the stolen bills.

Man Goes Suppliously.

Shortly after the authorities heard from McKinley's Hotel, Front and Jarvis-streets. They reported that a man bought a drink there and passed one of the stolen Bank of Montreal notes, but that he had immediately left on getting the change without waiting to finish his drink. This immediately aroused the suspicion of the detectives, but the authorities were unable to locate him and it was feared that he had left the city. The description given of this man does not tally with that of the man arrested.

Encouraged, the detectives distributed a much larger number of the lists of the stolen bills among the hotels and merchants of the city.

Woman Passes Note.

Last Wednesday a woman answering the description of the one arrested with Walsh entered the Wm. Goldstein & Co.'s store, 21 Yonge-street, and buying an article passed one of the missing bills. The proprietors at once informed the detective office. Detective Tipton lost no time in going down to the store, but the woman had left immediately after making the purchase. He, however, obtained a good description of her from one of the clerks.

On Saturday afternoon a man, afterwards identified as Walsh, went into the Goldstein store and purchasing a can, tendered in payment another of the stolen bills. The clerks, since the other bill had been passed on them, were on the alert and spotted the bill at once. The detective office was immediately telephoned, and one of the clerks went out of the store after the man and followed him.

Detective Cronin hurried to the store on the telephone message being received, but the man wanted, evidently becoming aware that he was being followed, managed to elude the clerk following him and had disappeared.

Whole Force Searches.

When this was learned the whole Toronto detective force were put on the search.

Detectives Cronin and Mitchell, while watching in the rounds of the Palmer House at 10 o'clock Saturday night, saw a man walk up to the hotel clerk at the desk, who from the rear view at least

## THOUSAND PEOPLE LOST LIVES THRU EARTHQUAKE IN TURKEY

**Five or Six Thousand Others Were Injured, and Towns and Villages Wiped Out By Fires Following the Wrecking of Buildings—Disturbance Centred in Dardanelles Region.**

CONSTANTINOPLE, Aug. 10.—(Can. Press.)—Reports here to-day indicate that the great earthquake which was felt there a great part of Turkey was accompanied by much heavier loss of life than at first stated. The newspapers to-day estimate the number of victims at a thousand killed, while the injured are said to number from five to six thousand.

The details of the earthquake, which are coming in slowly owing to the interruption of the wires, indicate that the seismic disturbance was "wide-spread. Several hundred persons have been killed, thousands are homeless, and outbreaks of fire have occurred in many of the towns and villages. Great destruction has been caused by the upheaval.

The entire district between Constantinople and Adrianople felt the shock severely. Fugitives from Myriophlio report 400 killed and 600 injured. The town was still burning when they left. Ganos-Hora has been wiped out, 80 persons being killed and 30 wounded. The wrecked buildings took fire and

most of them were burned to the ground. Shar-Koi was completely destroyed and two nearby villages were engulfed. Adrianople suffered little damage, but Thonru was partially destroyed by the earthquake and fire.

**In Dardanelles Zone.**

The centre of the disturbance appears to have been in the region of the Dardanelles. Eye-witnesses have arrived here from that section and give harrowing accounts of the havoc wrought. The majority of the houses in Gallipoli are in ruins and the people are camping in the fields. Tehank-Katesis is in an equally bad plight, but the loss of lives in these towns is small, altho the injured are many.

The shock was felt on the warships anchored in the Dardanelles. It was first attributed to Italian torpedo boats. The captain of the American steamer Virginia reports that the lighthouse at Ganos-Hora, in the Sea of Marmora, has disappeared and that the villages in the surrounding country are in flames. He was unable to anchor and render assistance owing to the violent movement of the sea.

## REACHES OUT FOR HATCH AND IS DROWNED

**Dan Kennedy, While Sailing to Frenchman's Bay With Ross Clarke, Loses His Life in Peculiar Way—Happened Saturday Evening Near Scarborough Bluffs Shore.**

BODY NOT RECOVERED YET

Daniel Kennedy, a broker, of 151 Marchant-street, was drowned from a yacht about seven o'clock Saturday night, one mile west of Highland Creek. The lake is being dragged for the body, but Matt Aylward reports no success as yet. Kennedy was a young man, under thirty years of age.

Ross Clarke, freight solicitor for the Merchants' Montreal Line, who lives at 690a College-street, and a young woman were in the yacht when the accident happened. Both escaped unhurt.

The party of three were tacking down the lake against a stiff breeze, having Frenchman's Bay as their objective point. Suddenly a squall blew up.

Kennedy, who had the tiller, heard a splash, and turned around to see what had happened. What he saw was that the stern hatch had blown off. Instinctively he leaped back in an effort to stop the hatch, and in so doing probably jammed the boat up too close into the wind, for just at that moment the strain on one of the backstays became too great, and the stay broke with a snap. The shock of the breaking stay sent Kennedy into the water.

Tried to Get Him.

In a moment Clarke was at the tiller and soon had the boat about, headed for Kennedy, whose head was above water. Before a rescue could be accomplished, however, the read disappeared. The survivors cruised around for a time in the hope that he would come to the surface, and finally made for the wharf at Highland Creek, where the authorities were notified. The drowning took place only 150 feet from shore, in very choppy water.

Kennedy, who lived with his parents at the family home on Marchant-st., was formerly a member of the Toronto Rowing Club, and knew well the waterways about Toronto. He was well known at the Liederkreis Club rooms on Richmond-st. He was unmarried.

## ROOSEVELT MEN BOLTED IN OHIO

**Taft Backers Nominated Their Candidate for Lieutenant-Governor and Resignations Followed.**

COLUMBUS, Ohio, Aug. 10.—Roosevelt men bolted at the meeting of the Republican state central committee called this afternoon to name a candidate for governor to take the place made vacant by the refusal of Judge E. B. Dillon to run.

The Taft men named Gen. R. B. Brown of Zanesville, the nominee for lieutenant-governor and former commander of the G. A. R., by a vote of 11 to 8. He was chosen over U. G. Deussen, United States District Attorney, who is a close personal and political friend of Walter F. Brown, Roosevelt's manager in Ohio.

As soon as Gen. Brown had been nominated, Walter F. Brown resigned as chairman of the state committee. He also said he would resign as national committeeman.

To Nominate Third Ticket.

Eight Roosevelt men on the committee resigned following Brown's withdrawal. Among these was Wm. Kirkley, the Republican nominee for member of the board of public works. Roosevelt men announced they would nominate a third ticket and those on the Republican ticket who were for Roosevelt would be put on it, but Gen. Brown would not be accepted as the Roosevelt candidate for governor.

The Taft men will meet next Tuesday to name a candidate for lieutenant-governor and fill the vacancies on the state committee.

## Sudden Death of Montreal Doctor

**Dr. Meagher, While on Visit to Kingston, Succumbed While Alone in Room.**

KINGSTON, Aug. 11.—(Special.)—Dr. Daniel Meagher, Montreal, was found dead at the home of Charles Brophy, Wellington-street, Saturday afternoon. Dr. Meagher had been spending the week with Mr. Brophy at Long Island Park, and as he was in the city Friday, stayed at Mr. Brophy's city hotel over night alone. On Saturday afternoon Mr. Brophy called at the house and was startled to find Dr. Meagher dead on the stairway.

Dr. A. E. Ross, coroner, found death had been due to natural causes and inquest unnecessary. He had been complaining of pains in his head, and it is supposed succumbed to a weak spell. He was about 68 years of age, graduated from Queen's University over forty years ago, altho he did not practice many years. For several years he was a resident of this city, later moving to Montreal. He was married.

## NEW LIGHT ON BECKER'S HOARD

**Deposits Aggregating Over \$25,000 Made in Past Eight Months, Discoveries Made.**

NEW YORK, August 10.—(Can. Press.)—Efforts of representatives of District Attorney Whitman to trace Becker's bank deposits resulted to-day in locating five more banks in which amounts were recorded in the name of Becker and his wife, representing together with their account in the West-side Savings Bank, deposits of over \$25,000. All the deposits were made within the last eight months. In one bank Becker was credited with \$13,000. It was also learned by the investigators that two police inspectors had made recent deposits totalling \$75,000.

STRUCK BY CAR, MAY DIE.

WINDSOR, Aug. 11.—(Can. Press.)—An unidentified man, about 40 years old, thought to be Gilbert Delaney, was struck by a Sandwich, Windsor and Amherstburg street car at Aylmer-avenue and Sandwich-streets late last night and sustained injuries which may cause his death.

## ALDERMEN MAY CONFESS GUILT

**Sixteen Men Arrested Are Expected to Waive Examination in Police Court.**

DETROIT, Aug. 11.—(Can. Press.)—Rumors that the sixteen aldermen arrested in connection with councilman graft will waive police court examination and that the case will be disposed of in record time were in circulation to-night. It was said that a tentative agreement had been reported between prosecuting attorney, Hugh Shepherd, and the attorneys for the accused to allow for this procedure.

The only other developments in the situation to-day were the statements that three of the officials have already confessed and that Detective William J. Burns had been called back to the city to look into new evidence uncovered by the prosecutor. The latter official refused to discuss the prospective visit of the detective. When he left his office this afternoon he said: "There will be nothing doing to-day and probably not on Monday, but more arrests will come after Monday."

## Frankfurt, Canada Bound

**1200 Immigrants Aboard Crippled in Collision**

LONDON, Aug. 11.—(Can. Press.)—The Dutch steamer Iris, arriving here last night, reported that the North German Lloyd steamer Frankfurt, bound for Canada from Bremen with 1200 immigrants aboard, collided with an unknown steamer near the Hawk Lightship. Soon after the collision the Frankfurt began shipping water in large quantities.

Despite the apparent seriousness of the accident, it is not believed that the passengers were in danger. Two steamers came to the rescue of the Frankfurt and are now towing her into port, probably to Bremen.

## Grenfell Worker Accused of Theft

HALIFAX, Aug. 11.—(Can. Press.)—C. H. Kirkpatrik, superintendent of the Grenfell Seaman's Institute, has been arrested at St. John's, Nfld., on a deposition made by Dr. Grenfell, charging him with misappropriation of the mission's funds to the amount of \$1000. The action was taken by Dr. Grenfell after receiving the report of the chartered auditors, who annually audit the accounts of the mission. After the shortage was made known Dr. Grenfell communicated with the Justice department and an affidavit was released from custody, pledging himself in \$6000 and with the security of Dr. Macpherson and A. Templeton in \$2000.

## DIDN'T SAVE SOUVENIERS.

Albret Huyler, aged 22, of 92 West Lodge-avenue, tried to get the better of a restaurant keeper at 338 West King-street on Saturday night by making off with three of the silver ice cream holders. His act was noticed by one of the employees, however, and the man pointed out to P. C. Forest, who was passing at the time, and who at once placed Huyler under arrest.

GLENCOE PASTORS IN DEMAND

GLENCOE, Aug. 11.—(Can. Press.)—Rev. Dr. MacDonald, Presbyterian minister, has received a call to Kinross Presbyterian Church in the Presbytery of London. It is rumored that he has also a call to a charge in western Canada.

The Presbyterian congregation at Jarvis, Ont., has extended a call to Rev. George Weir, pastor of the local Presbyterian Church.

## Rose Goes Scot Free

NEW YORK, Aug. 11.—(Can. Press.)—Jack Rose, it was learned to-day, has received absolute immunity.

It became known that when Rose confessed before the grand jury a stipulation granting him his freedom as soon as he has completed his testimony at the trial of the case was signed by the district attorney and Judge Mulqueen, with the approval of the grand jury.

**Capitals Won by A Strong Finish**

OTTAWA, Aug. 11.—It took 70 minutes of the fastest and most exciting lacrosse witnessed in Ottawa for many years to decide the Capital-Cornwall struggle in the National Union at Lansdowne Park yesterday afternoon before two thousand people. The Capitals were eventually winners, and the final score was 3 to 0, thus giving the Ottawa Club the distinction of being the only ones to score one shut-out against the Factory Town team this summer, but it was not until ten minutes of the last quarter had been played that Leo Beuchamp, who had been in the game just a short time, went by his check and punctured the summary for the first time of the day by scoring a goal. This led the Colts to their victory.

After that the Senators were easily masters of the situation, and the Capitals showed unusual recklessness, with the result that the Capitals added two more to their tally, and thus remaining in the running for the Solman Cup and the right to challenge Vancouver or New Westminster for the Minto Cup. The result leaves Cornwall still at the top of the heap in the pioneer league, but the Capitals now have a chance to tie with the Colts.

Lineup—Goal, Benedict; point, Fairbairn; cover, Eastwood; defence, Prince, Sarrah, Sheel, centre, Dooley; home, Hall, Seed, Lavelle; outside, Mike Cummings; inside, Jacobs. Cornwall—Goal, Smith; point, Thompson; cover, F. Degan; defence, Somerville, Baker, Cummings; centre, A. Degray; home, L. Degray, R. Degan; Ransome; outside, Mark Cummings; inside, Nicholson.

Referee—Reddy; Finlayson. Judge of Play—Eddie Robinson.

Summary: First quarter—No score. Second quarter—No score. Third quarter—No score. Fourth quarter—Capitals, Beauchamp, 70:25; 2 Capitals, Lavelle, 5:00; 3 Capitals, Dooley, 3:00.

**AMAZING POLAR BEARS**

Mlle. Bernice Has Wonderful Act at Hanlan's Point This Week.

While there is not another act of its sort in the world, the act of Mlle. Bernice and her eight polar bears is not by any means a freak nature, but demonstrates in a marked degree the possibilities that lie concealed in the brain, no matter how stunted, of every living thing. These eight handsome animals will be seen all this week at Hanlan's Point, where they will perform in a large cage in which will be assembled many properties with which the bears will do their ludicrous and at the same time amusing feats. Under the guidance of their intrepid young trainer, they do many heretofore unheard of tricks for animals of their size and natural clumsiness. They climb ladders, shoot the chutes, do various stunts of equilibrium, ride the see-saw and eat their food in almost human fashion. These wonderful performances will be given free every afternoon and evening. In addition, there will be concerts by the regimental bands.

**NATIONALS SHUT OUT IRISHMEN**

Kennedy's High-Salaried Players Were Easy Money for Fleet-Footed Frenchmen in a Rough Game.

MONTREAL, Aug. 11.—Nationals administered an unmerciful whipping to the Irish-Canadians yesterday on the east end grounds, whitewashing Kennedy's boys by score of 12 to 0. It had been thought that the speed of the Nationals would be neutralized by the condition of the field, which was little better than a quagmire after three days' rain, but the French-Canadians kept their feet in remarkable fashion, and had their opponents completely at their mercy.

One of the largest crowds of the season turned out in expectation of another encounter between the Nationals and for the first quarter it looked as if their hopes might be realized, as neither side could score. In the second, however, the Nationals ran in six a row, and while the third quarter was also scoreless, they duplicated their feat of the second period in the final spasm.

As usual, it was rough and ready lacrosse. Gagnon, who is playing with Kennedy's boys, stood a lot from his old team mates, but in the third quarter he lost his temper and when Dussault charged him, he promptly cut him down, and Dussault went to the club house for repairs, not reappearing until well on in the last period. Gagnon stood a \$25 fine and was ruled off.

The Irish-Canadian home showed no snap at all and played listlessly for a great part of the game. The defence fought harder, but with the defence fields and Kane at centre refusing to spend much energy in checking back, Neville and Gagnon were no match for the opposing home.

The teams were practically the same throughout. Dussault replaced Dulude in the second and on his being laid out was replaced by Briault. Dussault came back in the fourth, and Gauthier retired.

Gordie Roberts replaced Gagnon on the other side when the latter was ruled off, and in the third quarter, Laydon, who had been dropped from the line up for this game, was called in to replace Charlie George.

After the game, influential members of the National Club held a meeting and decided to inaugurate a strenuous campaign to pay off the \$22,000 mortgage on their grounds.

The teams: Nationals—L'Heureux, Cattarinch, Duckett, Desjaris, Clement, Lachapelle, Degan, Dulude, (Dussault) Gauthier, (Briault), Pitre, Lamoureux, Geaulane, Irish-Canadians—Brennan, Neville, Gagnon, (Gord Roberts), White, Gagnon, Rochford, Kane, Munday, George, (Laydon), F. Scott, Roberts, H. Scott. Officials—W. McIntyre and A. Pigeon.

Summary: First quarter—No scoring. Second quarter—1. Nationals, Lamoureux, 1:20; 2. Nationals, Pitre, 2: 3. Nationals, Dussault, 6:10; 4. Nationals, Dussault, 12:30. Nationals, Beaulieu, 4:45; 8. Nationals, Lamoureux, 25. Third quarter—No scoring. Fourth quarter—1. Nationals, Briault, 1:10; 2. Nationals, Lamoureux, 3: 2. Nationals, Beaulieu, 6:25; 10. Nationals, Pitre, 2: 11. Nationals, Lamoureux, 4: 12. Nationals, Dussault, 3:25.

**Montreal Defeat Shamrocks by 6-4**

MONTREAL, Aug. 11.—Montreal defeated Shamrocks by 6 to 4, Saturday afternoon, and the tie was slow lacrosse, but the Shamrocks were the victors. The Irish were coming fast and it looked for a while in the second half as if the "cruised wheelers" might not be able to manage their escaping the cellar position.

The game was often delayed by minor injuries to players and proved rougher than previous encounters. Frankie Hogan and Allman were each retired and received the major penalty for tripping, while McIntyre received a cut on the head, the guilty party escaping. J. Hogan hurt his arm in the second quarter and for a time Montreal was without either of the famous brothers, but he was able to resume in the last period and scored twice for the winners.

The lineup: Montreal—Vallieres, Clingen, Barry, McMullen, Allman, (O'Brien), Munroe, J. Quinn, McIntyre, Penny, Ellard, Butler, M. Quinn, 6. Shamrocks—Fyon, Thompson, Finlayson, O'Kane, Kenna, Brady, Rafferty, Milloy, McDonnell, J. Hogan, F. Hogan, Garrett, Walsh, 6.

**GAME WAS EASY FOR TORONTOS**

Tecumseh Were Defeated by 9 to 4; and Blue Shirts Must Now Defeat Nationals in Order to Win League

Torontos downed the Indians at the Island Oval on Saturday by 9-4, before 2000 people. The victors played the nicest kind of lacrosse. They showed conclusively that they are the best team of great old athletes that this city has seen for many years. They always had Querre's warriors at their mercy, except possibly during a short interval in the last quarter. At this stage the Indians put on a terrific spurt and bombarded the enemy's nets, but only managed to get one tally.

Torontos started out in the first quarter and played the Indians off their feet. They showed in three in the first lap of the struggle, while the Tecumseh tried to get a decent, clear shot. In the second quarter they landed four to the Indians' net. After half-time the Tecumseh produced a more effective brand of lacrosse, and in the third both teams came out of the skirmish with two each.

Thirty seconds after the face off in the final session, Don Smith scored for the Indians. After that the Indians' side seemed to be spurred on to better work and tried hard to penetrate the Toronto bulwark. The ball for the Indians was tried to get in, but without success. On a few occasions openings were given, but then the firing line of the Indians failed to make good.

Torontos' best players on both sides were in the rough work. On two occasions a cordon of police rushed on the field to separate combatants. It was rumored that several police officers would rest their heads on the ground from the grand stand point of view lacrosse is exciting when pugilism predominates, but it don't help the sport any.

The Tecumseh didn't class with the Torontos. The blue shirts showed better combination, more accurate passing and straighter shooting. All in all, their team work was like a well oiled, smooth-running machine.

But the Indians on Saturday did not give the Torontos the championship. Next Saturday's game in Montreal against the speedy Frenchmen practically decides the supremacy of the league. And there is a little fear in the hearts of the Toronto followers as to the outcome. Nationals are always strong at home, and Torontos invariably do not play up to their usual standard against the Nationals in Montreal. But, according to form, Torontos should win. Here's hoping.

The lineup: Tecumseh—Kinsman, goal; Green, point; Yeaman, cover point; Ferguson, Felker, McKenzie, defence; Rowntree, centre; Gorman, G. Smith, Durkin, home; Querre, outside; Whitehead, inside.

Referee, Ed St. Pere; Judge, Pick Little.

Summary: First quarter—1. Torontos, Barrett, 10; 2. Torontos, Warwick, 2; 3. Torontos, Donihoe, 3. Second quarter—4. Torontos, Longfellow, 2; 5. Torontos, Barrett, 3; 6. Tecumseh, G. Smith, 1:50; 7. Torontos, Kalls, 4; 8. Torontos, Donihoe, 5. Third quarter—9. Tecumseh, Querre, 2; 10. Torontos, Warwick, 3; 11. Tecumseh, Green, 4; 12. Torontos, Barrett, 6. Fourth quarter—12. Smith, 20. Final score—Torontos 9, Tecumseh 4.

**URGENT APPEAL FOR HELP**

Urgent appeals have been made to the associated charities to help seven cases of special need. Only two have been adequately provided for up to the present. The others needing much more than our emergency fund can supply, we are compelled to make a public appeal on their behalf.

Included in this list are an aged, friendless man, an aged couple, a wife with two small children, whose husband was recently sent to the penitentiary for seven years, and two other cases where sickness and death have caused considerable distress.

Those who feel like contributing to these special cases can get confidential information by calling up the secretary, Miss H.M., or writing to Room 402, Confederation Life Bldg., Yonge and Richmond-sts.

**Beach Canoe Club Hold Fall Regatta**

The Beach Canoe Club held their fall regatta on Saturday afternoon under most favorable conditions. The weather was fine and warm for a change and the lake, while a trifle choppy, did not interfere with the sport. As usual there was a fine attendance of the fair sex, and although the events were a little slow in starting, everyone was delighted. Beas' Band furnished appropriate music between the events, and the visitors and friends of the club were entertained at a dance in the clubhouse in the evening.

Included in the program were special races for the B. Jones Cup, the Bert Orr Gold Medal and the Dolan Cup, which represented the fall championship for the paddler gaining the most points during the afternoon. The canoe race, between the old members and the 1911-12 members, was very exciting and created considerable interest. The following are the events:

First event, novice, single blade single, half mile: 1. G. Berry, 2. N. L. Jones; 5. D. Niven.

Berry and Jones furnished an exciting finish, Berry just managing to nose out a win. Niven was some distance behind for third.

Second event—Single blade fours for B. Jones cup, half mile: 1. L. Edmunds, G. Edmunds, H. Orr, B. Orr; 2. H. Bow, Jones, Berry, Kelly.

Three crews started. Edmund Bros. and Orrs took an early lead and won handsily by twenty boat lengths; the third crew finishing about the same distance behind.

The event, double blade tandem, half-mile: 1. Bell and Muirhead; 2. Edmunds Bros.; 3. Skeen, H. Orr.

Six crews started and the pace was fast. Edmunds Bros. led almost to the finish, but Bell and Muirhead nosed them out at the finishing point. The others were all well bunched.

Fourth event, ladies' and gents' single blade tandem: 1. G. Edmunds, Miss Raine; 2. C. McMichael, Miss Vale.

Six couples started. C. McMichael and Miss Vale led to the finish, but G. Edmunds and Miss Raine unhooked a sudden burst of speed and won by half a boat length.

Fifth event, junior single blade, single, for the Bert Orr Gold Medal, 1-2 mile: 1. G. Berry; 2. U. L. Jones; 3. P. Lang.

This was a hard race and the contestants were nearly "all in" when they finished. G. Berry won by a good margin and gained a gold medal donated by Mr. Bert Orr for his pluck.

Sixth event—Senior single blade, single, half-mile: 1. H. Bow; 2. T. Muirhead; 3. L. Edmunds.

H. Bow won easily after leading the entire course.

Seventh event—Single blade tandem, 1-2 mile: 1. Edmunds Bros.; 2. H. Bow and H. Orr; 3. T. Muirhead and P. Bell.

The first three crews gave an excellent exhibition. The competition is becoming keen for points and all tried hard, finishing about a length apart.

Eighth event, double blade single, half mile: 1. P. Skene; 2. G. Berry; 3. D'Arcy Smith.

The race had the largest entry of any, showing the popularity of the double blade. Chuck Skene showed some of his old-time form and de-

MONDAY MORNING, AUG. 12, 1912.

CORPORATION ELECTIONAL MALPRACTICES.

The Welland Telegraph has drawn a parallel between the New York police conspiracy and the malpractices at Welland at the polling on the hydro-electric bylaw. Allowing for the comparative importance of New York and Welland, the parallel is by no means forced.

The one thing to be noted about the Welland business is that it is the result of corporation interference. It is not many years since the same kind of thing was done in Toronto, nor can we hope to be free of it while the corporations operate and franchises can be exploited.

The Welland conspiracy, according to the police, resulted in the employment of nine Buffalo thugs, who were expected to persuade voters and repeat votes. The effort was a hopeless one fortunately, but it was none the less criminal.

The Liberal paper in Welland met the hydro-electric movement with fierce opposition, following in this practice other Liberal papers, notably The Hamilton Times, The Times, to those who are acquainted with it, merely represents partisan mendacity, but nevertheless indicates the direction in which the sympathies of the corporations and of a large section of the Liberal party lie. Even in speaking of the recent reduction in the price of power in Hamilton, which will be repeated from time to time, and followed in other places as the consumption of power increases, The Times could not speak graciously. Here is its reference to The Hamilton Herald's announcement of the reduction:

"It announced the other day that Mr. Beck, out of his own good pleasure, had clipped 22 cents off the price of the hydro-electric horse power, and we were metaphorically called upon to fall down and worship this angel of light as well as of power. Had Mr. Beck announced that he proposed increasing the price by 32 cents, no doubt our contemporary would have found many reasons why we should be thankful that it was not increased. Ours not to reason why, should be to put up the coin. We are not disposed to harshly criticize The Herald in this connection."

One might think, to read The Times that Hon. Mr. Beck had been guilty of some unworthy act.

The electrical corporations of Hamilton, Welland and the Niagara district generally, find their advocates in papers like The Times, and when we find malpractices in the elections, as have been found in Hamilton in the past, and as at Welland last Tuesday, it is doing no violence to common sense or justice to point out that the corporations, the papers and the ballot pluggers are all engaged in the same game. We do not believe that the Hamilton franchisees were fairly obtained, and we know that the action of previous city councils in Hamilton when the hydro-electric proposals were delayed and curtailed, was under the strongest corporation pressure.

The demand of The Welland Telegraph for the keenest possible investigation should be recognized by the government. It is time that the corporation should be given an intimation once for all that the people are determined to conduct their own business without the intimidation, or the corrupt influence of interests hostile to the popular will. Pluggers do not come over from Buffalo just to amuse themselves with a day's sport in depositing illegal ballots, and if those who employed them can be traced, the government should proceed in the matter with no less severity than in the case of the Belleville ballot boxes. There should be no slackness and no whitewashing of the big interests, however highly placed they are in the province, should be held responsible for their agents.

CAN'T BE PATCHED. One of the little weaknesses of The Evening Telegram is to take all the credit of anything commendable that happens at the city hall, while it accuses all the other papers of opposing the improvement. Another little weakness it cherishes is the habit of ignoring all the failures it has fostered.

The Telegram accuses The World of being a "traitorous or ineffective sentinel on the walls of the city's safety," and with having refused to assist in the reorganization of the city government.

Readers of The World will enjoy the absurdity of this charge. For years the chief plea of The World has been the absolute necessity of reorganizing the city government. The Telegram, having adopted a small portion of The World's plan for reorganization, covers itself with imaginary glory, and seems

to think that the goal is now attained.

We impeach The Telegram, the city council and all and sundry at the city hall for nurturing and cherishing one of the most incompetent civic governments that can be found in America.

We have called on the business men of all degrees, the citizens of all classes, to take due notice of the state of things at the city hall. The Telegram, which believes itself to have more influence with the citizens than any other paper, steadily refuses to do more than patch things up. The city government needs a new garment.

We have sympathy with every good official who has striven to do his duty in the city hall, and we have pointed out the impossibility of getting anything done under the existing system.

If the recommendations of City Engineer Rust had been attended to three years ago, there would have been no water famine. Nothing is being done to-day to hasten the installation of the new waterworks at Scarborough declared by the experts to be essential. If the tunnel is pumped out the city will have to rely upon the two pipes across the bay, and one engineer is afraid the tunnel may collapse. Where would the city of The Telegram be in such a case, with the two trail and effete conduits across the bay the only source of a water supply?

With a proper government these matters would have been dealt with five years ago. The Telegram takes great credit to itself for delaying half a dozen big projects that should have been commenced five years ago. In fact, The Telegram is one of the chief supporters of the present system, which is the cause of all the city's administrative inefficiency, incompetence, and futility.

BRYAN ON ROOSEVELT.

Col. William J. Bryan has given to the press a carefully prepared statement of his views upon the new Progressive party, its mission, its platform, and its candidate. One can almost imagine that the article is intended as an explanation or defence of Col. Bryan's own position. To him there came in this year of grace a matchless opportunity; Roosevelt and Bryan together could have swept the country and re-made political, social and economic conditions in the United States.

Col. Bryan's initial argument against the third party is that it cannot be a permanent factor in politics because so dependent upon one man. Theodore Roosevelt, he points out, is mortal, and there is no second in command. The obvious answer is that the new movement must rely not upon conscripts but upon volunteers, and that those who join the party should not look to see who has preceded them to the firing line. Neither is there much force in the objection that Roosevelt would have accepted the Republican nomination because in that event he would have been pledged to the same great principles and reforms to which he is committed to-day as the nominee of the Progressive party.

There is something almost pathetic in Col. Bryan's generous praise of those plans in the Progressive platform which deal directly with bettering the conditions of those that toil, including as they do the regulation of wages, of hours of labor, the insurance of the worker against disease, unemployment, old age, accident and death, the guarantee of one day's rest in every seven of the protection of women and children, etc. He would have us believe that much has been taken from Democratic platforms of the past. If this be true, however, the reform, more obvious than courteous perhaps, would be to remind him that upon these issues of human conservatism—the Lloyd George ideas, in short—the Baltimore platform is entirely silent.

Col. Bryan is entitled to believe in free trade and to criticize Col. Roosevelt for believing in protection, but he shows himself to be hopelessly out of touch with up-to-date conditions when he argues vehemently against federal aggression and harps on the old doctrine of state rights. He is on firmer ground when he declares that private monopolies cannot be maintained by the government but must be taken over and operated as public utilities. But here again it must be admitted that the Baltimore platform has not a word to say for government ownership.

Who would have thought ten years ago that William J. Bryan should live to warn the people against Theodore Roosevelt as a Socialist? What is the explanation? We venture to suggest that the world at large is moving rapidly in the direction of something akin to Socialism, and that Roosevelt has been moving with the tide. Bryan, on the other hand, while he seemed ahead of his time ten or fifteen years ago, has stood still, looking backward toward Jefferson and Jackson, and the abiding tide of Progressive sentiment has left him stranded in the back-water of old-time party politics.

STATE RAILWAY PROFITS IN SOUTH AFRICA.

Very favorable results have accrued from the working of the South African railways and harbors for the financial year ending March 31 last. This minister in charge of this department of the government found himself about \$1,000,000 to the good. The railways having adopted a small portion of The World's plan for reorganization, covers itself with imaginary glory, and seems

to think that the goal is now attained.

We impeach The Telegram, the city council and all and sundry at the city hall for nurturing and cherishing one of the most incompetent civic governments that can be found in America.

We have called on the business men of all degrees, the citizens of all classes, to take due notice of the state of things at the city hall. The Telegram, which believes itself to have more influence with the citizens than any other paper, steadily refuses to do more than patch things up. The city government needs a new garment.

We have sympathy with every good official who has striven to do his duty in the city hall, and we have pointed out the impossibility of getting anything done under the existing system.

If the recommendations of City Engineer Rust had been attended to three years ago, there would have been no water famine. Nothing is being done to-day to hasten the installation of the new waterworks at Scarborough declared by the experts to be essential. If the tunnel is pumped out the city will have to rely upon the two pipes across the bay, and one engineer is afraid the tunnel may collapse. Where would the city of The Telegram be in such a case, with the two trail and effete conduits across the bay the only source of a water supply?

With a proper government these matters would have been dealt with five years ago. The Telegram takes great credit to itself for delaying half a dozen big projects that should have been commenced five years ago. In fact, The Telegram is one of the chief supporters of the present system, which is the cause of all the city's administrative inefficiency, incompetence, and futility.

BRYAN ON ROOSEVELT.

Col. William J. Bryan has given to the press a carefully prepared statement of his views upon the new Progressive party, its mission, its platform, and its candidate. One can almost imagine that the article is intended as an explanation or defence of Col. Bryan's own position. To him there came in this year of grace a matchless opportunity; Roosevelt and Bryan together could have swept the country and re-made political, social and economic conditions in the United States.

Col. Bryan's initial argument against the third party is that it cannot be a permanent factor in politics because so dependent upon one man. Theodore Roosevelt, he points out, is mortal, and there is no second in command. The obvious answer is that the new movement must rely not upon conscripts but upon volunteers, and that those who join the party should not look to see who has preceded them to the firing line. TEACHERS HERE ELECTROCUTED

Party Will Be Tendered Civic Welcome at City Hall To-day, and Meet Local Teachers.

The party of thirty teachers from London, England, in charge of W. F. Gouldstone, a member of the British House of Commons, arrived in Toronto on Sunday afternoon and are staying at the Grand Union Hotel.

At 2.45 p.m. to-day there will be a reception at the city hall by Mayor Geary and Ald. Maguire. They will be driven around the city and the teachers' association will appear then at 4.30 p.m. in Rosedale School at 4.30 p.m. All teachers are requested to meet them at this school.

SIMPLICITY OF GOOD LITERATURE

The Use of High Sounding Phrases to Convey Ideas Utterly Fails in Its Purpose.

Emerson said: "Converse with a mind that is grandly simple and all literature looks like mere word catching."

The great philosopher evidently meant that literature in general is made up of high sounding phrases. Pinned down to a close analysis he would doubtless have made an exception to interpret it, for in fact, from a literary viewpoint this great book of books stands alone.

Great ideas can best be expressed in simple language. Take, for instance, the Sermon on the Mount. Here is indeed a perfect specimen of simple literature. One does not need a dictionary to interpret it. If one can pronounce all, one can understand it. Even a child will readily get its meaning.

The Bible is a most wonderful piece of literature, but the edition which The World is distributing has an added interest in its superb illustrations. The work's greatest artists have contributed to its wealth of art, and every picture in it tells a story of its own.

One need not be a member of a religious society to appreciate the merits of the Bible. Everybody should have access to a copy as a means of education. The New Illustrated Bible, however, makes plain many obscure passages in pictures that are printed with the text. It makes no difference how many other Bibles one disdains, this is one that will always be used.

The limp leather volume has overplated covers, and is a most magnificent book. It is a most impressive volume, and also a cloth bound volume. Both styles come in Protestant and Catholic editions.

Read the plan of presentation in the educational certificate printed elsewhere in to-day's paper.

Chicago To Be "City Beautiful"

New Railway Yards Will Be Operated Under Clearing-house System to Facilitate Growth.

CHICAGO, Aug. 10.—An important step in the development of the Chicago growth in the city's beautiful idea was announced to-day in the sale of the property of the Burlington and Quincy Railway Company, known as the Chicago clearing yards, to the Chicago and Western Railroad Company (a terminal company) and it will be used by the following roads: Grand Trunk, Erie, Wabash, Chicago and Eastern Illinois, Atchison, Topeka and Santa Fe, Chicago, Rock Island and Pacific, Illinois Central, Pennsylvania, Chicago, Burlington and Quincy, Minneapolis, St. Paul and Sault Ste. Marie, Peoria and Ohio and Pere Marquette.

The clearing yards now comprise about one hundred miles of track, which it is planned to increase to six or seven hundred miles. The property owned by the western city limits and now comprised about four thousand acres. It will be used as an exchange for cars by the railroads, substantially all and relieve congested districts of the city. The amount paid for the property was not made public, but it is said to have been several million dollars.

DISORDER IS INCREASING

Says Knox College Missionary in China, in Letter. Rev. Robt. Haddow has received a letter from Rev. Dr. Goforth, the Knox College Alumni Association missionary in Honan, China.

Dr. Goforth says that under the new government there is no anti-foreign feeling manifested, but that there is considerable doubt as to the consistency of opinion as to the increase, and political corruption is greater.

65th BAND COMING

The 65th Regimental Band of Buffalo under the leadership of Bandmaster J. W. Mack, is expected to arrive in Toronto on Sunday afternoon, August 12, for the Exhibition and to play at the Toronto Exhibition and at Scarborough Beach and has been again re-engaged for the beach. The band is composed of the following: Dr. Dordene Quartet of sensational equal parts and casters, and Dice, Eimer and the humorous horizontal bar ext. It promises to be a big week at the great Toronto amusement park.

WILLIAM ANDREWS MEETS INSTANT DEATH ON CARLAW AVENUE—CAME IN CONTACT WITH LIVE WIRE.

Mrs. Parnell, Who Was With Chapman Before His Death, Says She Has Never Been Out of Town.

William Andrews of 243 Westmoreland-avenue, one of the best known linemen of the Toronto Hydro-Electric System, was instantly killed shortly before 12 noon Saturday by coming in contact with a live wire.

He was working on the line being laid up Carlaw-avenue at the time. The strength of the current was so great that a hole was burnt completely thru his left foot. He was about 30 years of age and a man of fine physique and build.

The body was removed to the morgue where an inquest is to be opened under Coroner Young.

Andrews was up on the cross arm of one of the hydro-electric cedar posts, when he was seen to slip. In an attempt to steady himself he knooked against a live wire with his left foot and, his shoulder forming a connection with another wire, he received the full force of the current, the shock killing him instantly.

A strap connecting his belt with the pole prevented Andrews from falling and the body was brought down to the ground by some of the other linemen.

They Have Shown Right to Equality With Men, He Writes Jane Addams.

CHICAGO, Aug. 10.—(Special.)—Miss Jane Addams of Hull House as received the following telegram from Col. Roosevelt:

"I wish to see you in person to thank you for sending me. I do now, thank you for your action, not only because of what you are and stand for, but because of what it symbolizes for the new movement.

"In this great national convention of the new party, women have thereby been shown to have their place in full equality with men and on an absolute equality."

"It is idle now to argue whether women can play their part in politics, because in this convention we saw the accomplished fact, and, moreover, the women who have actively participated in this work of launching the new party represent a free and noble people to associate with American womanhood."

"I earnestly hope to see the progressive party in the state and local divisions recognize this fact precisely as it has been recognized at the national convention."

"Our party stands for social and industrial justice and we have a right to expect that women and men will work within the party for the cause with the same high sincerity of purpose and with like efficiency."

"The campaign now opened we shall see women active members of the various state and county conventions. Four hundred women are on the national committee, and I trust there will be full representation of them on every state and county committee."

NEED 350 MISSIONARIES

A call is being issued for the first meeting of the united home mission committee of the Presbyterian Church in Canada. It will be held at the Confederation Life Building here on Sept. 17.

The board will have before it the task of arranging for men for 350 mission charges.

The board will have a critical situation before it, as there is a serious shortage of men for the work, and the rapid growth of the west will increase the difficulty.

BELLEVILLE FACTORY FIRE

BELLEVILLE, Aug. 11.—(Special.)—On Saturday afternoon this city was visited by a disastrous fire, which destroyed a large cash and blind factory owned by Ald. Alford of this city, and situated on the corner of Peck and Ontario streets. A large quantity of manufactured goods were destroyed, including the new armories, the roof of which was damaged to the extent of several hundred dollars. The loss of the factory and contents is estimated at about \$200,000. The proprietor had \$125,000 insurance, and Peck & Mills \$100,000 on contents. The ground on which the factory stood was insured for \$100,000.

The workmen lost all their tools, owing to the rapid spread of the fire. It is thought, caused the blaze.

NOTED PROFESSOR COMING

Prof. MacEwan of Edinburgh will be a notable figure at the corner stone laying of the new Knox College building next month. The celebrated Scotch collegian is at present in British Columbia. He will be one of the chief speakers at the Knox College Alumni Association Conference Sept. 23 to 27.

Generous Gifts to Nurses.

The R. S. Williams Piano Company has donated to the nurses' home of the Toronto Free Hospital for Consumption a handsome upright piano, valued at \$350.

Situated as the hospital is, at a distance from the city, the opportunity for recreation and entertainment enjoyed by the nurses was necessarily limited to some extent. The kind consideration of the Williams Piano Company is therefore thoroughly appreciated, not only by the members of the nursing staff, but also by the management of the hospital.

DIRECT WAY TO MUSKOKA.

The Daylight Trip Thru Beautiful Scenery. Since the Canadian Northern Ontario Railway has been running through Muskoka and on to Parry Sound and Sudbury, the traveler to points on the Muskoka Lakes has been enabled to reach his destination hours earlier than before this service was inaugurated.

The route followed by the Canadian Northern Ontario Railway is the most direct to Canada's summer playground, and it is also famous for its scenic beauty.

By taking one of the Canadian Northern Ontario's solid vestibuled trains from Toronto Union Station in the morning, the traveler not only saves time and has an opportunity of seeing Muskoka's beautiful scenery by daylight, but he secures close connections with the Muskoka Lakes and river points. On Saturday there is a special train for the Muskoka Lakes, leaving Toronto Union Station at 1.30 p.m. This train admirably serves the needs of the week-ender. It returns from Parry Sound to Toronto on the Sunday night.

JAS. LANGMUIR PASSES AWAY

Prominent as Manufacturer of Paints and Varnishes—Had Long and Successful Business Career.

One of the most widely known of the leading business men of Toronto passed away yesterday morning in the person of James Langmuir of St. Clair-ave.

The deceased was born in Toronto 59 years ago. He was educated at the John-st. school and the model school. He began business life in the office of Sir Amulius Irving, Hamilton.

Leaving for the United States, he eventually became vice-president and general manager of the extensive local works of Harrison Brothers. He was recognized throughout the continent as a leading authority on oils and paints.

Nine years ago he returned to Toronto and established the Jas. Langmuir & Co. business in Bathurst-st. He acquired a large stock of oils and paints, and erected a palatial residence. He left no family. His wife predeceased him last December.

Matthew Langmuir, leather manufacturer, is only brother, and Mrs. James Sumnerfield, the only sister surviving.

The funeral will take place to-morrow afternoon from the residence, St. Clair-ave., to Mount Pleasant Cemetery.

MAYOR GEARY MAY RUN TO FOURTH TERM

Continued From Page 1. The appointment would be left over until his return. As his name had been mentioned in the papers for the position, he did not wish to discuss the subject at the present.

Would Have Thought of It. "If you had been offered the position, would you have accepted it?" queried the scribe.

"I have not thought about it; I haven't given it any consideration," was the reply.

"But you would have considered it?" "I would not say I would have considered it, but I certainly would have given it my attention."

While in London he heard no talk of the German peril to England, nor read much about it in the press.

With regard to the Humber boys, the mayor stated that he did not understand the matter. At a previous meeting the council lacked one vote to get the necessary two-thirds.

But, subsequently, Ald. Maguire stood up and said that he had decided to change his attitude and vote for the scheme.

This gave the council the majority. Some of the members objected to this, contending that it was an unparliamentary thing to be left for their consideration.

When his worship left for England, he did so with the understanding that the vote would be again taken and the question settled.

No Pleasure Trip. In discussing the trip, his worship opined that there was no easy task and any one who suggested that it was a pleasure jaunt could have the job as far as the pleasure was concerned, at least.

Acting Mayor Church will arrive in Toronto this morning from Montreal. It was announced in the Montreal papers that the acting mayor would meet Mayor Geary, but the latter did not even hear from Mr. Church.

CALGARY M. H. O. QUITS. Action Follows Investigation Made Into His Department.

CALGARY, Aug. 11.—(Can. Press)—Dr. A. S. Estey, medical health officer of Calgary, tendered his resignation yesterday to the mayor. His action comes as the climax to the general outcry on the part of the press and public against the conditions obtaining for some time in the matter of public health.

DOVE OF PEACE FLUTTERS OVER SAINT HILDA'S

Congregation of Disrupted Fairbank Mission Flocking Back—Last Night More Than Fifty and a Full Choir Attended Service Conducted by Layman.

More than fifty members of St. Hilda's Anglican Mission, Fairbank, attended service in the church last night, when Joseph P. Cleal, a layman holding deacon's orders, conducted the service.

He acquired a large stock of oils and paints, and erected a palatial residence. He left no family. His wife predeceased him last December.

Matthew Langmuir, leather manufacturer, is only brother, and Mrs. James Sumnerfield, the only sister surviving.

The funeral will take place to-morrow afternoon from the residence, St. Clair-ave., to Mount Pleasant Cemetery.

Mr. Baldwin thought there would be no further objection made to the appointment of a new and non-partisan minister who would take the work over like to see the matter settled amicably.

Mr. Cleal was also optimistic. "We had the organist and the choir in their places this evening and everything went smoothly. There was just one man in the choir this morning with half-a-dozen girls, but to-night six men turned out."

Mr. Hart, rector of St. Mary's parish, also talked to The World last night. He thought that Rev. George Scott, the former curate at St. Hilda's, had like to see the matter settled amicably.

The general impression yesterday was that Mr. Baldwin's course was for the best. The large section of the flock who hesitate to step altogether outside the Church of England would like to see the matter settled amicably.

Mr. Cleal will conduct the services at Fairbank until the final settlement is made.

WANT RELATIVES OF MRS. LISTER

The authorities are trying to locate the relatives, if any, of a woman by the name of Christina Lister, aged about 45, who died in St. Michael's Hospital about four o'clock yesterday afternoon.

Some officials from the health department on Friday discovered the woman to be ill and living alone at 79 Centre-avenue, and she was removed to the hospital.

The woman was in a dazed condition while in the hospital, but on one occasion stated that she had a husband living. It is immediately caused by the fact that the authorities were heart failure. The body has been taken to the morgue.

Winnipeg, Aug. 10.—(Can. Press)—Generally favorable and optimistic as the crop report of the Canadian Pacific Railway covering the week ending yesterday.

With the exception of the last two days the weather for the week through the west has been just little cool for the growing crop, but late reports on Friday showed that springing weather prevailed. There has been no damage from either cool or cloudy weather as there was not enough to retard ripening.

Cool weather has had the effect of causing the heads to fall well and warm, bright weather from this out is the only thing needed. Cutting over the whole Province of Manitoba will likely be general by the 15th.

There have been light hailstorms, but not enough to do any damage on the whole. Like the drought of June the area affected by hail is very small.

In Saskatchewan and Alberta, cutting has started and will be general by the 20th. Heads are well filled, straw is of medium length, the prospect is very bright for the largest yield per acre in Saskatchewan of any of the provinces. Clear, bright weather will make the crop in the south fully up to the average and in the north from 10 to 15 per cent. about the average.

ST. JOHN N.B., Aug. 10.—(Can. Press)—Fred McInnon, intercolonial baggagemaster at Norton, was killed on the railway track a short distance above the station early Saturday morning. The train ran over him, cutting off both legs. Just how he came to be struck by the train is not clear, as the body was not discovered until some hours after the last express had passed.

Waterloo Wins 3 to 0. Waterloo defeated Preston here yesterday afternoon by a score of 3 to 0 in a baseball game of the Trolley League. The game was called at the end of the fifth inning on account of rain.

NOT AT 25 SEATON ST. William R. Kerr, 35 Seaton-street, at the Esplanade near Princess-street, and appeared on a charge of vagrancy on Saturday morning and allowed to go, was yesterday morning found in the same place, but this time in an almost unconscious condition from the effects of an acute attack of pneumonia. He was at once removed to the Toronto General Hospital, where the now lies in a critical condition.

HAMILTON POLICE HAVEN'T REPLIED

Body of Man Supposed to Be A. W. Dickson of Macnab Street Still Lies in Toronto Morgue.

The authorities here are at a loss to account for the action of the police of Hamilton in regard to a man supposed to be from that place, who died here Saturday.

Between one and two o'clock Saturday morning a man believed to be Archibald William Dickson of 253 Macnab-st., North Hamilton, dropped dead at the Union Station, while waiting for a train for Hamilton. A Dr. Wall from Buffalo who was passing thru the city at the time, pronounced the cause of death as heart failure.

The man's supposed identity is taken from a marriage certificate found on him. He is about forty-five years of age. The body was removed to the city morgue, where it now lies, and the Hamilton authorities communicated with, but no reply from Hamilton has been received.

FRANCE TO BACK BRITISH PROTEST

Le Temps Predicts Tariff War by Other Powers Against United States in Panama Canal.

PARIS, Aug. 11.—(Can. Press)—Quoting approvingly American protests against the action of the American senate in passing the Panama Canal Bill, which, among other things, provides for the remission of tolls to American vessels engaged in coastwise and foreign traffic, The Paris Temps, in an article published to-day, foresees a tariff war of all the powers against the United States unless President Taft vetoes a course, which wrongs the interests of the rest of the world, and belies the solemn affirmation of the cabinet at Washington that the whole purpose of the work at Panama was in the interest of mankind in general.

The Temps, which says that it does not wish to intervene in a controversy until the American Government has definitely decided the course it will take, concludes: "Perhaps the American better would serve their commercial interests by more scrupulously respecting their legal engagements. Fidelity to a pledged word is often asprayed."

The French newspapers anticipate that France will back up the British protest. At the foreign office, however, it was said to-day that no decision had yet been taken.

The North Toronto Citizens' Band will to-night give the final open-air concert allotted to Eglington on the vacant lot immediately north of the city hall, at 5 o'clock. Chairs for the line are well provided and refreshments at reasonable prices.

COUNCIL MEETING. The board of works and parallel streets committee will meet in the town hall to-morrow night at 8 o'clock.

WOODBRIDGE. The lines operated by the Woodbridge and Vaughan Independent Telephone Company are being extended to Woodville as far south as Ella, in the fourth concession. The cost of these phones is \$12 each per year, as against the Bell Telephone Company's rural rate of \$15.

Last year 101 miles of line were built by the King Telephone Company at a cost of \$7280, and there are 126 miles of line in operation. It is estimated that the Schomburg Telephone Company's line has a mileage of 270 miles and operates 225 phones. The cost of construction was \$36,650 and the revenue is \$2556 per year.

MIMICO METHODIST CHURCH. At the Mimico Methodist Church on Sunday morning, Madame Helen Scholastic, contra-voicist of the Royal Academy of Music, London, gave an excellent rendition of the songs, "Angel Land" and "Oh Rest in the Lord."

VERY POOR SELECTION. P.C. McGowan (274), seeing Patrick Martin going up York-street on Saturday night with a suspicious bulge under his coat, investigated and found the man was making off with a couple of shoes. These it was found he had taken from the store of Sam Shuster, man, 115 York-street. In his hurry to make off with the shoes, Martin had not been very particular with his selection, and also had picked out a right and left shoe, the ones he took were most certainly not a pair.

T. G. R. Baggagemaster Killed. ST. JOHN N.B., Aug. 10.—(Can. Press)—Fred McInnon, intercolonial baggagemaster at Norton, was killed on the railway track a short distance above the station early Saturday morning. The train ran over him, cutting off both legs. Just how he came to be struck by the train is not clear, as the body was not discovered until some hours after the last express had passed.

FOUND DYING THE SECOND TIME. Edward Wilson, aged 74, who was found by the police on Friday night at the Esplanade near Princess-street, and appeared on a charge of vagrancy on Saturday morning and allowed to go, was yesterday morning found in the same place, but this time in an almost unconscious condition from the effects of an acute attack of pneumonia. He was at once removed to the Toronto General Hospital, where the now lies in a critical condition.

Ward Seven. Late Saturday night a still alarm, sent in from Campbell and Royce-avenues, brought detachments from Keele-street, Carlton and Perth-avenue stations to a fire in a new house, situated at 170 Royce-avenue.

The annual excursion of West Toronto brickmakers was held on Saturday to Berlin. A large number attended, and the scene was somewhat hilarious in appearance at the Grand Trunk station when the excursionists disembarked.

The games played on Perth-avenue grounds on Saturday afternoon resulted as follows: Claremonts defeated Dominion Carriage Company and Russell Motor Company defeated the Shamrocks.

The West Toronto Shamrocks defaulted to the Maitland lacrosse team in their scheduled game. The single track from Woodville-avenue to Keele-street will be torn up to-day in preparation for the relaying of the new double track, and the stub line cars will therefore run only to Woodville-avenue from Humberdale. A large number of extra men will start work this week.

Rev. Edward Morley conducted the morning services in St. John's Church yesterday and Rev. R. S. Mason preached at the evening service.

The decorators have just completed their task and the Gayety presents a very inviting appearance in its new colors. Daily matinees are to be given as of old and ladies are to be given as of old and ladies are to be given as of old.

C. N. R. DENIES IDLE RUMOR. MONTREAL, Aug. 11.—(Can. Press)—Canadian Northern Railway officials here yesterday denied a report, emanating from Toronto, to the effect that the company had decided to abandon its plan for entering Montreal by a tunnel thru Mount Royal and was resolutely going to the right of the right of way of the Montreal Light and Power Company.

The story was characterized as absurd, and it was pointed out that a great deal of work already had been done in connection with the tunnel, while supplies were being continually rushed to the scene.

Gaynor's Would-Be Slayer Is Dying. is Serving Twelve Year Sentence, But is Now in Hospital Suffering From Paralysis.

TRENTON, N. J., Aug. 10.—James J. Gallagher, who shot Mayor Gaynor of New York City on the deck of the Kaiser Wilhelm Der Grosse, two years ago, is said to be dying in the state hospital here. A report from the hospital physicians says that he is in advanced stage of paralysis and not likely to live long.

Gallagher, who is serving a 12-year sentence for his crime, was removed from the state prison to the hospital here in January, owing to his weakened physical condition. Yesterday was the second anniversary of the shooting.

BRITISH COLUMBIA WOOD. WASHINGTON, Aug. 10.—Wood pulp, printing paper and paper board, manufactured from woods of British Columbia from which the export restrictions were recently removed by the council of that province, will be admitted to the United States free of duty under the one operative clause of the Canadian reciprocity pact.

Secretary of the Treasury MacVeagh made this decision to-day after an investigation of the subject by the state department. The woods affected are on certain leases controlled by the Bowell Lumber Company in British Columbia, lying west of the Cascade range mountains. The order is expected to increase importations of free wood pulp and paper to the Pacific coast \$15 to extend a welcome to the returning English (Edwards).

On Monday afternoon at 2:15 Mayor Geary and Ald. McFried will give their city's welcome in the council chamber, after which they will be taken on a civic drive.

Welcome to English Teachers. Chief Inspector of Schools J. L. Hughes has requested all public school teachers of the city to assemble at the Rosedale School on Monday afternoon at 4:15 to extend a welcome to the returning English (Edwards).

On Monday afternoon at 2:15 Mayor Geary and Ald. McFried will give their city's welcome in the council chamber, after which they will be taken on a civic drive.

BEARISH VIEW TAKEN OF GOV'T CROP REPORT

Wheat Drops to Lower Level at Chicago—Crop Figures Were in Favor of Bears—Corn and Oats at a Decline.

CHICAGO, Aug. 10.—Predictions that next month's official figures on the yield of spring wheat will be about 1,000,000 bushels an acre above the present Washington estimate had a depressing influence on wheat today. The market, although steady at the close, was down 1/4c to 3/8c net. Latest trading left corn 1/2c to 3/4c up. Latest trading left oats 1/2c to 3/4c up. Provisions varying from 1/2c to 3/4c up. The entire yield including that from winter wheat states, was therefore, held to promise well above 700,000,000 bushels, especially as the general figures for Kansas were alleged to be less authentic than the state report, which made a much more bearish exhibit. Good harvesting conditions for maturing crops and harvesting conditions also assisting. Export business in wheat proved disappointing. Trade was said to be offering at lower prices than could be made from U.S. There was much general concern by wheated shorts, however, and a decided support from private wire "concerns when the market reached low levels, but price in the end showed a fair rally.

Corn Shows Strength. Suburban supply of cash corn and for the September option seemed to call a halt on bearishness in regard to the later months. Besides, the change of accident yet happening to the growing crop induced shorts to cover on all good sized dips. Receipts of corn here this week turned out to be two million bushels more than shipments. There was influential buying after the market had declined. Provision trade was light. Prices swung down and then the market averaged about advance compared with 24 hours before.

Primarys. Wheat, Wk. ago. Yr. ago. Receipts 1,322,000 1,414,000 883,000 Shipments 1,119,000 712,000 Corn Receipts 70,000 216,000 498,000 Shipments 232,000 157,000 155,000 Oats Receipts 64,000 200,000 Shipments 200,000

European Market. The Liverpool market closed to-day 1/4c to 3/8c lower on wheat, and 1/2c to 3/4c lower on corn. Sudan-Ten wheat closed 1/2c lower.

MANITOBA CROP OUTLOOK. Le Count writes from Lethbridge, Manitoba: From Sibley here some wheat reported, some fields fair, others poor, but general condition of crop above average. Needs ten days more favorable weather to mature.

LIVERPOOL GRAIN EXCHANGE. LIVERPOOL, Aug. 10.—The market opened quiet, but declined following the reports of the American government crop offerings and the bearish sentiment upon the American government report, together with the general bearish sentiment in the market.

BROOMHALL CABLES. Russia—in the Southeast the crops are showing considerable improvement owing to the rain and cool. Stocks are small. In Romania the weather is fine and hot, which allows the crops to mature rapidly and arrivals consequently from interior are beginning to show an increase.

ST. LAWRENCE MARKET. Receipts of farm produce were a load of 200 tons of mixed produce, 3 loads of 100 tons of mixed produce, and 1 load of 100 tons of mixed produce, all from the St. Lawrence valley.

FLOODED MINE UNDER LAKE SUPERIOR

Silver Islet With Ore Body Be Pumped Out and Worked.

The Silver Islet, one of the richest silver mines in Canada, it is reported, is to be reopened and developed.

In 1888, prospectors searching for mineral lands discovered, thru the aid of a party of Indians, silver in the rock that projects out into the lake.

An American company secured title and formed a company, the Silver Islet, a name quite appropriate, for the rock is only 20 feet across where the projection comes into the lake, with a capitalization of \$500,000.

COBALT LAKE MINE MAKE RECORD

Mine is Producing 100,000 Ounces a Month—Exceeds Last Year's Record—Good Mill.

Cobalt Lake mine is in line to make a new record in silver production for this year. During the month 100,000 ounces of silver were taken from the mine, which is just about double the record made in July, 1911.

The silver produced in July came half from the high grade shipped directly from the mine to the smelter and half from the mill, which is concentrated at the company's mill before shipment.

An average of five ounces of silver was taken from the mill. Several more canvas tables are being added to the mill equipment, which adds to its efficiency as an ore saver.

A new road is being constructed from the dump at the No. 3 shaft to the mill, and the 2000 tons of ore will be carted from the dump to the mill for treatment.

The new lead that is being worked is producing very high grade ore.

The following table shows the price range for the week on the Porcupine and comparative figures, showing the price movements since Jan. 1, 1912.
