LIBERAL LEADER TELLS ABOUT ENUMERATORS

Claims They Are Partisan and Working in Party Interests.

COST OF THE WORK

Says Enumeration Will Mean Expenditure of Well Up to a Million.

In anticipation of the provincial general elections in the fall and looking for the federal general elections at no distant date, H. H. Dewar, K.C., leader of the provincial Liberals, made some straight and strong references last evening to the enumeration of voters now going on in Toronto and upon which he said all the members of the government in power are engaged.

The brief address was delivered at the Occidental Hall, Queen and Bathurst streets, where South Toronto Liberals met for the election of delegates to the August Dominion convention of Liberals.

Mr. Dewar referred to his recently published correspondence with Attorney-General Lucas and Premier Hearst and to the declaration of Mr. Lucas that the government and the government alone is responsible for the enumeration.

Partisan Enumerators.

Mr. Dewar, after describing the former method of making up the lists of voters from the municipal lists and the substitution by the Hearst government of lists made by partisan enumerators, said: "I asked that this enumeration should be taken out of the hands of any party and left as far as possible to impartial persons. But we have the partisan enumerators appointed by the government and they appoint the sub-enumerators, who, to the number of seven hundred, are now going around in Toronto making up the lists. In doing this the party in power reserves to itself all the machinery of the election and not even an advertisement showing how the city is divided up into polling subdivisions has been published.

For different causes names may be omitted, and it is most essential that Liberal voters should watch the progress of the enumeration. The three chief reasons for vigilance given by Mr. Dewar were that the present lists will be used for the provincial general election, which is likely on the fall, for the referendum and for a large number of Dominion by-elections in various parts of Ontario. There are five Dominion vacancies to be filled by by-elections, and in addition Sir George Foster may step out of North Toronto and Sir Thomas White out of Brockville.

Referring to Sir Thomas White's resignation of his portfolio being followed by the resignation of his seat, Mr. Dewar said: "I do not know how this may be, but I am not in the confidence of the big interests."

For Dominion Elections.

Mr. Dewar warned that specific provision has been made that the lists of the Ontario enumerators are to be used in Dominion by-elections. He then spoke of the enormous and outrageous expense incurred in the making of voters' lists by enumerators. He said the enumeration that preceded the election of Hon. Mr. Henry cost \$500 and in the case of Hon. Dr. Coady in Northeast Toronto \$14,000. He said it would cost between \$500,000 and \$1,000,000 to take the enumerators out of Ontario, and as it was followed by a revision by the county judge it was wholly an unnecessary expense but was incurred by the government so that it could wreck its partisan will upon the people of the province. He also pointed out that the Ontario statute the enumerators and sub-enumerators become the returning officer or deputy returning officer when the elections come on.

In the event of the election and the referendum coming together, as seems to be anticipated, Mr. Dewar said, the bill when first drawn provided for such a course of action, but he had protested that the two votes should not take place together and that the referendum should be kept out of party politics.

"The result was that the premier finally and reluctantly withdrew the clause, and in face of that if the two issues be now taken together it will be a distinct breach of faith with the people who have been promised that the temperance issue is to be taken out of partisan politics and left to the people to decide."

The delegates elected to the Ottawa convention were Dr. St. Charles, A. G. Slaght and Thomas Shipway. The alternates elected were ex-Ald. Singer, Dr. Robert and George Griffin.

ABSOLUTE EQUALITY, ESSENTIAL TO EMPIRE

London, July 10.—Proposing the overseas dominions at a luncheon of the commercial committee of the commons, Viscount Milner said the only possibility of the continuance of the British empire was on the basis of absolute equality of partnership between the United Kingdom and the dominions. (Cheers.) Undoubtedly the working out in practice there would be one of the most complicated tasks of statesmanship, but there was no other line upon which a solution could be found.

It was quite certain that the dominions might be members of the league of nations, side by side with the United Kingdom, but at the same time they were entitled and intended to be members of the British league of nations within the empire.

FIRST CASUALTY OF OTTAWA STRIKE

Street Car Backs Down a Hill, Seriously Injuring An Elderly Man.

Ottawa, July 10.—The first casualty caused by the strike occurred at 1:30 this afternoon when the pupil motorist of a Somerset street car lost control of his air brake at the corner of Sussex and Rideau streets, and the car backed rapidly down the hill, crashing into some automobiles and knocking down an elderly man, named Jarvis, who is said to be seriously injured.

At hospital it was reported that Mr. Jarvis had three ribs fractured. As he is an elderly man, the shock is also a serious consideration. He was a passenger in one of the automobiles and was the only person injured.

The trouble started when the trolley pole of the car that ran away slipped. A couple of strikers started to hoot the conductor, who was trying to fix the trolley, whereupon two of the private detectives on board tried to move the men away. One of the detectives, so the street railwaymen said, made a move towards his pocket, and there was an immediate cry of: "Pull him off, he's got a gun."

A couple of city police stepped on board and the car moved on a few yards, another one coming on up behind. The first car stalled again and the motorist of the rear car tried to apply his air brakes but found they would not work.

Later, when investigations were made by the police, it was found that the cook under the car had been opened, letting out the air, and rendering the apparatus useless. The police said that some man in the crowd was seen to open the cock and then run away.

PLAN TO DEVELOP NEW GUELPH RESORT

F. R. Wanklyn, of C.P.R., and W. K. Kirkwood, of Grand River Line, Visit District.

Special to The Toronto World. Guelph, Ont., July 10.—Mr. F. R. Wanklyn, assistant to the president of the Canadian Pacific, and Mr. W. K. Kirkwood, manager of the Grand River Railway, have been here conferring with the civic officials on a matter of great interest to the citizens of Guelph, concerning which an important announcement is likely to be made soon. In company with Mayor Carter and the members of the railway and manufacturers' committee, they paid a visit to Puslinch lake, and were greatly impressed with the possibilities of the place as a summer resort. From reliable financial sources, it is learned that the plans embrace taking over the street railway and extension of the line to the south thru Puslinch, skirting Puslinch lake to Hespeler or Galt, to connect at the former with the Grand River Electric Railway or to Galt with the Lake Erie and Northern Railway.

The city of Guelph recently obtained a charter for an extension of the Guelph radial to Puslinch lake and Hespeler.

SHIP HITS ICEBERG WITH FATAL RESULT

Two Killed, Two Injured on Gramplan Whose Captain's Decision Averted Disaster.

St. John's, Nfld., July 10.—Two men were killed and two injured when the Allan liner Gramplan, Montreal for Liverpool, collided head on with an iceberg off Cape Race last night. The steamship, with 750 passengers and a crew of 450, arrived here this morning for repairs.

The killed and injured were members of the crew who were asleep in the bow of the ship when she struck. Virtually all the passengers were awake, but, altho there were more than 500 women and children aboard, there was little excitement and no panic.

That the Gramplan did not suffer the fate of the Titanic, with considerable loss of life, is believed to have been due to the decision of the captain to strike the iceberg bow on instead of taking a glancing blow on the side. The iceberg, which was very large, was encountered 45 miles off Cape Race, in the early evening. When it was sighted thru the fog, it was too late to clear it, altho the ship was proceeding slowly.

Struck Head On. The captain said he realized that a glancing blow, which would tear thru the ship's side, would sink her. The course was changed and the Gramplan struck the ice mountain squarely head on. The entire fore part of the ship was smashed in above the water line, the stem being driven back nearly forty feet. The vessel was undamaged below the water line, however, the position of the stern which she struck proved to be an overhanging shelf.

It was found that the liner was taking no water and she was headed here, steaming thru the night against a heavy gale which caused anxiety among those aboard. When the Gramplan arrived inspectors said she was the most "barg beaten" ship that ever came to this port. Repairs will take several weeks and it is expected that the passengers will be re-routed by another vessel. Passengers who were in the smoking room at the time of the collision said the blow was a slight one and that they were not stirred from their seats.

The two men killed were stewards. Their bodies were caught in the mass of wreckage of the bow and had not been recovered when the Gramplan came here. The steward and stoker who were injured by pieces of wood torn loose in the collision, were not seriously hurt.

Company's Statement. The following despatch regarding the S. S. Gramplan collision was received from H. M. MacCallum, general agent of the Canadian Pacific Ocean Services Limited:

"Gramplan from Montreal July 6, was in collision with iceberg in gulf, suffering some damage to bow above water line, now safely in St. John's, Newfoundland, harbor, where damage will be repaired, taking two weeks, then proceed Liverpool. All passengers quite safe. Will probably arrange despatch 'Empress of Britain' from Quebec 14th for Newfoundland to take up 'Gramplan' passengers.

"Gramplan" had from Toronto and Ontario points, 116 cabin passengers and 200 third class passengers, and naturally we are receiving many anxious enquiries by telephone. If you will kindly arrange to give this information to the public we will be very grateful.

STRIKERS IN OTTAWA CHEER ALD. HEAPS

Winnipeg Strike Leader Speaks Scathingly of Government Action in Imprisoning Agitators.

Ottawa, July 10.—Addressing Ottawa strikers, including street railway employes, barbers, bread drivers and boiler makers, this morning, Ald. Heaps of Winnipeg gave an enthusiastic reception. He gave the resume of the recent strike in that city, and spoke scathingly of the action of the government in imprisoning five of the supposed strike agitators, who were to be deported without a jury trial, to which every British subject was justly entitled. He intimated that the employers were endeavoring by every means in their power to destroy the trades union movement, but declared that no government or body ever constituted was powerful enough to do so.

McCrudden gave exhibitions of daring flying in Canadian-built machines.

The visitors were also greatly interested in the Sopwith plane, in which Col. Barker was wounded, being shot from below thru the petrol tank, over which he was sitting. Also a German Gotha, carrying a crew of six men and three machine guns, which on several occasions has paid London visits in bombing expeditions.

TREATY DEBATE IN THE FRENCH CHAMBER

Paris, July 10.—Debate in the chamber of deputies on the bill to ratify the peace treaty probably will begin on Aug. 1. It is expected that the debate will consume ten or twelve sessions of the chamber, so that the deputies may ratify the treaty about Aug. 15. The senate will debate ratification during the first ten days of September.

This assumption is based on the report made today by Louis Barthou, vice-chairman of the chambers committee, which will make a report on the peace treaty. M. Barthou said that the treaty report would be ready within two weeks.

Premier Clemenceau and Foreign Minister Pichon will attend the meeting of the treaty committee on Friday. M. Pichon will discuss the league of nations.

BRITISH MINERS OBJECT TO COAL PRICE INCREASE

London, July 10.—In an official statement of the miners' position regarding Sir Eric Geddes' announcement of July 9, the miners deny that any justification has been shown for an increase of six shillings per ton. In any case, they contend that the government, which had absolute control of the mines and dictated to both owners and miners the settlement of disputes regarding wages and conditions, is responsible for the result. The miners deplore the raising of the price of coal, and urge that if the high price of coal proves anything it is the failure of private ownership plus government control.

## DANFORTH VIADUCT ROADWAY MAKES PROGRESS

### Macadam Laid From Parliament to Sherbourne—Grading Going Strong.

Since the work of completion of the floor street viaduct roadway between Sherbourne and Parliament streets was resumed by the works department three weeks ago good progress has been made. The first layer of macadam is now laid almost the entire length of the section from Parliament street to Glen road subway. Two additional layers—a middle and top surface—will be laid and rolled today, and this section, it is stated, will be completed on Saturday.

Work of widening and straightening out the curve on the section west of the subway to the head of Sherbourne street is now proceeding. The basin of the curve, the work of filling, which was commenced ten days ago, is now almost filled up level with the top, making the roadway nearly 28 feet wide from the track allowance to the edge of the machine.

A gang of thirty laborers and fourteen teams are engaged in the work. The teams are employed drawing the crushed stones from the cars at North Toronto station required for the roadbed. There is an ample supply of crushed stone and other material on hand to finish the job, and the roadway should be ready for wheeled traffic, according to an official statement, in less than one month.

The grading work also being carried out at the corner of Parliament and Howard streets should be completed today, when a clear view of the approach to the intersection will be had from this point.

## EAST TORONTO JURY ASKS BETTERMENT OF WOODBINE ROADWAY

The jury, presided over in the morgue last night by Coroner Plews, suggested in their verdict that the roadway on Woodbine avenue, north of Danforth, should be paved. The inquest was to investigate the death of Oliver Crewe who was trampled to death when he fell from a wagon on which he was riding. The road on Woodbine avenue, according to evidence submitted, was in bad condition, and the wagon striking a hole in the roadway is said to have resulted in Crewe being thrown from the wagon. Verdict of accidental death with the above suggestion was returned.

# GOVERNMENT TO GO WITH SHIP WORK

Minister of Marine Will Announce Today Understanding With Steel Company.

Montreal, July 10.—Official announcement, it is learned, will be forthcoming tomorrow from Hon. C. B. Ballantyne, minister of marine and fisheries, as to the details of the understanding on which the Dominion Steel Corporation is to proceed with 250,000 ton ship plate contract for account of the Dominion government.

Directors and officials of the company, who have been in negotiation for the past two days with the minister at Ottawa, returned to Montreal today. While refusing to discuss the result of the several conferences, pending the official declaration by the minister of marine, it was learned that the negotiations had resulted in a satisfactory agreement having been arrived at and that building operations on the big plate mill at Sydney would be resumed forthwith.

What modification was made in the original price of \$4.15 per hundred pounds for the ship plates was withheld by the Steel Corporation officials, who, as previously stated, declined to give out any information until Hon. Mr. Ballantyne had made his official statement. That the price agreed upon by the representatives of the government and the company, however, is satisfactory to both interests is generally assumed.

FRIDAY MORNING, JULY 11. Mr. Carvell, the New Law, and the Profiteers.

Frank by name and nature, Hon. F. B. Carvell disposes of the rumor that he is to be chairman of the board of commerce of Canada by saying: I have never occupied a government job yet and do not expect to have to.

Evidently Mr. Carvell regards the chairmanship of the new board of commerce as a bit of patronage to be given to some friend of the government, something like a place in the senate or a seat on the bench.

Probably the rock ahead for the board of commerce as Mr. Carvell sees it is the announcement by the acting minister of justice (Hon. Arthur Meighen) that the federal government will do nothing toward enforcing federal law.

## GOOD HITTING AND BRIGHT FIELDING

### Leafs Put Up a Sparkling Exhibition in Last With Binghamton.

The Leafs made it an even thing on the series by downing the Binghamton Cobblers, 6 to 3, in the final game yesterday. Timely hitting by the Glouster crew was well above the average.

The Leafs had a dash to their play all thru the heat, and it was the kind of ball that brings back some fans. Whitman was exceptionally brilliant, with two grand hits and a couple of sensational catches. Whitey drove in four of the Leafs' runs. His first hit, a single, sent two over, and he dropped one in the bleachers in the seventh, when Ben Furtell was resting on the paths.

Anderson kicked in a couple of clever catches and the infielders did their work with smoothness that was good to look at. Young Ben Furtell rounded out the best-looking infield that has scampared on the home lot this season. He fits in together with Gonzales in plays around the second bag, and is already popular with the fans.

Jones had one bad inning, and the Cobblers got two of their three runs here. At other times John Paul was in grand form and displayed some of the stuff that kept him at the top of the pitching class for so long.

The Leafs started their scoring early. Two runs were shoved over in the second. Bill Furtell got our first hit, and Breckridge laid down a bunt. McLarry dropped the throw at first, and then Anderson boosted them both along with a sacrifice. Deutel cut a hit to run for the first run. Jones fouled out, and Gonzales hit safely to left, and the second run was over.

The Binghamton outfit tied it in the fourth. Jones' one bad round, Gillespie rolled out, but O'Rourke doubled, and then Riley dropped a hit back of third. McLarry was the hero, as he drove in Jones' hit counted the first run. Jones lost the location of the plate, and walked next two men to force in a run. Whitman pulled a nice catch on Ellerbe, and the trouble was over.

The Leafs forced to the front again in their half, with two runs. Deutel was hit, and Jones' sacrifice bunt. McLarry bounded to third, and Gillespie pitched late to make a play on Deutel. B. Furtell fanned, but Whitey drove in a run. O'Rourke's hands with a slashing drive, and two runs scored. Onslow popped out. The seventh inning was a home run to make our total eight. Ben Furtell drove a hit in right, and Whitman drove into the bleachers a home run.

The third Binghamton run was tallied in the seventh. Gillespie booted Fischer's fanned, and Anderson, Jones, Double plays—Fischer to O'Rourke. Left on bases—Binghamton 7, Toronto 7. Base on balls—O'Rourke 2 (Whitman, B. Deutel). Struck out—By Donovan 5, by Jones 4. Umpires—O'Brien and Conoran.

## MRS. BICKLE DEFEATED IN FINAL BY MISS ZINDERSTEIN, OF BOSTON

**Excellent Tennis in Championship Tourney—Rennie Defeated in Open Singles by Fred Anderson—Semi-Finals and Finals Are Carded Today.**

Play in the Canadian championships progressed yesterday according to schedule, and splendid progress was made in all the events. The tennis was the best yet produced and promises well for the final rounds today and tomorrow. Today's two semi-finals in the men's opens will bring together Kashio and three youngsters—Wesbrook, the Detroit star, and the two Anderson brothers. Semi-finals will also be played today in the men's women's and mixed doubles, and will bring together all the stars of the tournament. Today's play will have the way for the wonderful day of finals tomorrow, which should be an epoch in the history of the game in this city.

The final in the ladies' open singles was the feature event yesterday, bringing together Miss Zinderstein and Mrs. Bickle, the former winning at 8-6, 6-4 in the most interesting and well-contested ladies game ever played locally. Miss Zinderstein has improved wonderfully over her last years' form, but Mrs. Bickle gave her an even better game than at that time when she took a set. Mrs. Bickle's forehand drive was working splendidly and were only overcome by the extremely accurate net work of her opponent.

In the men's opens the Anderson boys, Fred and Frank, depend on Rennie and Holmes respectively in straight sets. They showed their best form of the week and gave many a spectator reason for reviving his guess that who is going to win this event. The fact is any one of the four has a chance at a very few now picking the winner with as much confidence as before yesterday's matches.

Yesterday's feature in the men's doubles competition and perhaps the most spectacular event of the day was the match between the Anderson brothers and Cecil Donaldson and Richey, the former pair winning in three long, hard sets of which the losers took the middle set 10-8. The Andersons showed great steadiness at the net almost proved the deciding factor in this match and only the Richey forehand drive kept them from carrying the day. On yesterday's form the winners have their work out for them today when they meet the Wicks and Taylor pair.

Mr. Bickle paired with Miss McDonald had little difficulty in winning their mixed with Miss Best and Rennie who lost the first set 6-3 they won the second 6-4, but falling into their adversary's trap and losing the deciding set.

Yesterday's results:

Men's Singles—Fred Anderson defeated Rennie, 6-3, 6-2.  
Frank Anderson defeated Holmes, 6-3, 6-1.

Men's Doubles—Wesbrook and James defeated Bickle and Chipman, 6-3, 6-3.  
Anderson and Anderson defeated Richey and Donaldson, 6-3, 6-3.  
Vesvey and Donaldson defeated Helwig and Hewison, 6-4, 6-2.  
Wesbrook and James defeated Bickle and Rennie, 6-3, 6-4, 6-1.  
Kashio and Taylor defeated Burns and Hall, 6-2, 6-4.

Men's Handicap "A"—Lewis defeated Richardson, 6-3, 1-6, 6-2.  
Davidson defeated Storey, 6-3, 6-5.  
Sheard defeated Fleming, 6-0, 6-0.  
H. Bickle defeated Reid, 8-6, 10-8.  
Note: The winners of these matches will be called to play the following round:

## TWO MORE VICTORIES FOR THE TECUMSEHS

### London Club Going Strong—Four Straight for Shag's Tigers.

At Hamilton (Mint Game)—Hamilton made it four straight on the week by defeating Briele Creek yesterday, 6 to 3. Ferrell started for Hamilton, but was removed in the seventh after Horn had singled and McLarry hit. He kept the hits well scattered up to that time, but made a poor job of fielding punts. Boyle was banished from the game in the fifth when he dropped a bunt. St. Lawrence's double play, Behan starred for Hamilton, playing a brilliant game on the field and bringing in three runs with his hitting. Score: R.H.E. Hamilton 6, Briele Creek 3.

At Toronto—Toronto won the first place yesterday by defeating Philadelphia 7 to 5. Williams pitched in fine form while the locals bunched hits off the visitors. Score: R.H.E. Toronto 7, Philadelphia 5.

At Cleveland—Cleveland and New York broke even yesterday, each winning the first 1 to 0, and Cleveland the second 2 to 1. The first game was a pitcher's puzzle, but the second was a slugfest. New York's run being scored on errors by Wambegans and Lunte. Cleveland had the bases filled in the ninth with only one out, but Wambegans was out at the plate when Wood failed to go thru with the squeeze play. Peckinpugh was held hitless by Cleveland's catcher, Russell, Small, and Russell, while Jasper and O'Neill. Score: R.H.E. Cleveland 2, New York 2.

At St. Louis—A fly ball which fell between Lamar and Ruth in the eighth inning of the second game, went for a double, two runners crossed the plate and St. Louis won the game 4 to 3, after beating Boston in the first game by concentrated hitting, 5 to 1. Score: R.H.E. St. Louis 4, Boston 3.

At Chicago—Chicago won the first game yesterday by defeating Philadelphia 7 to 5. Williams pitched in fine form while the locals bunched hits off the visitors. Score: R.H.E. Chicago 7, Philadelphia 5.

TEETOTALERS MAKE RAPID HEADWAY

Ontario Referendum Committee Making Card Index of Voters Intentions.

The Ontario referendum committee, under the chairmanship of Dr. A. S. Grant, are so it is stated from the organization headquarters, making great headway.

The ward committees have now been established on firm lines. The next step to be taken is to try and get every potential elector called upon by some canvassers and asked to sign a card stating his intention to vote against the repeal of the Ontario Temperance Act and proposed amendments.

Make Reports. If the canvasser for some reason does not obtain a signature to the card, he is asked to make a report as to how, in his or her opinion, the elector will vote, together with a recommendation as to the best means of securing the termination of the work of the canvassers will be followed up by active campaigning, which will grow in intensity as voting day approaches.

By means of the proposed canvass, a complete card index of voters' intentions will be obtained, and the committee placed in a position to devote extra energy at the last moment to any point found to be lacking in support of the referendum committee's ideal. It is claimed that by the system adopted the Ontario referendum committee will be able to tell a week before voting day just which way the elector will go.

SHOULD APPLY NOW FOR HOUSING LOANS

Commission Set July 31 As Time Limit for Cheap Borrowing.

The housing commission has announced to all intending to take advantage of the scheme that they must present themselves at the office of the commission in the Temple Buildings before the end of July. At least three months must elapse before work which is begun on a house immediately would be finished. Therefore those who delay now will find that if their applications are received in the future that with the booming cost of material, the price for their dwellings will be higher than those first built.

Up to noon yesterday some 208 applications had been received, of which, however, some have already withdrawn their applications. Must Start at Once. The outlay on these homes will be in the neighborhood of \$128,000, and the commission wants it thoroughly understood that applications if made have to be definite ones, in which the applicant will stand behind their contracts.

ACUTE WEAKNESS IN CORN MARKET

Tag Day For the Orphans

To Raise \$300,000 Let Every Person Wear an Orphanage Tag— July 12th

The public are earnestly requested to give their support on the 12th of July to the ladies who will appeal to them in aid of the Loyal True Blue and Orange Orphanage.

For twenty years past, the work has been carried on in the Home at Picton, but as the result of the late war and the terrible epidemic that has recently visited our province, the calls for assistance to care for the motherless and fatherless have outgrown the capacity of the present building.

We are now soliciting the co-operation of every person interested in the welfare of children to enable us to erect a new home on the suburbs of the city that will provide accommodation for from two to three hundred children. This building will be known as the Loyal True Blue and Orange Home for Orphans and Neglected Children, and as a memorial to the thousands of members who sacrificed their lives in defence of King and Country.

Today sixty-eight little orphans and homeless kiddies are being sheltered, clothed, fed and educated in the Home. Some of these are children of Orangemen who fought for King and Country, and now sleep where the poppies grow in Flanders. Others are there because death robbed them of mother's love and father's care. We have children in the Orphanage whose parents never contemplated their loved ones would have to find shelter in charitable institutions. Today you are happy situated with your loved ones around you, but reverse may come. Will you not do your bit to assist us to erect a new building so that no child will be turned away for want of accommodation? This is not a Home restricted to care for only children of True Blues and Orangemen. A child in need is our first consideration, and the door is ever open to receive any child in distress, whether anything can be paid towards its maintenance or not.

If you are in sympathy with the work we are engaged in, contributions will be received and gratefully acknowledged by C. M. Carrie, Secretary of the Committee, No. 55 Queen Street East, Toronto. Local Committee in Charge—Hon. W. D. McPherson, H. C. Hocken, M.P.; W. G. Farley, Grand Master, L.T.B.; Wm. Fitzgerald, president, and Robt. Martin.

To friends desiring to assist by giving the use of their auto on Tag Day, please phone C. M. Carrie, M. 530, or College 3326, or Mrs. Fred. Armstrong, phone Parkdale 209.

A further appeal will be made to the General Public, Business Houses, Financial Institutions, etc.
