

# UNION BANK OF CANADA

## 51st Annual General Meeting, Winnipeg, January 12th, 1916.

In the absence of the President, Mr. John Galt, the chair was taken by Mr. R. T. Riley, Vice-President.

The Directors have pleasure in presenting their report showing the result of the business of the Bank for the year ending November 30th, 1915.

During the year five Branches of the Bank have been opened in the several Provinces, as follows: Ontario, 1; Alberta, 1; Saskatchewan, 3.

Fifteen Branches and Agencies which were not giving satisfactory results under present conditions, have been closed, as follows: Quebec, 2; Ontario, 3; Alberta, 2; British Columbia, 1; Manitoba, 1.

The total number of Branches and Agencies is now 317.

It is with extreme regret that the directors have to report the death during the year of the Hon. Samuel Barker, P. C., E. E. DuVerne, K. C., whose advice and counsel as members of the Board for some years were of great value.

The vacancies on the Board have been filled by Mr. Hume Blake, K.C., of Toronto, and Mr. R. O. McCulloch of The Goldie & McCulloch, Limited, of Galt, Ontario. Both of these gentlemen have had long business experience in eastern Canada, and we feel sure their judgment and influence will be of great advantage to this Bank.

The usual inspection of Head Office and of all Branches and Agencies of the Bank has been made.

JOHN GALT, President.

### REPORT OF THE AUDITORS TO THE SHAREHOLDERS OF THE UNION BANK OF CANADA

In accordance with the provisions of sub-sections 19 and 20 of Section 56 of the Bank Act, we report to the Shareholders as follows:

We have audited the above Balance Sheet in the books and vouchers at Head Office and with the certified returns from the branches. We have required, and are of the opinion that the transactions of the Bank which have come under our notice have been within the powers of the Bank.

In addition to our verification of the 30th November, we have, during the year, checked the cash and verified the securities representing the investments of the Bank in the books of the Bank relating thereto.

In our opinion the Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the affairs of the Bank, according to the best of our information and the explanations given to us, and as shown by the books of the Bank.

T. HARRY WEBB, Auditors.

WEBB, READ, HEGAN, CALLINGHAM & CO., Chartered Accountants.

The Vice-President's Address.

In moving the adoption of the Report, the Vice-President, Mr. R. T. Riley, spoke as follows:

I am sure I voice the sentiments of all the Shareholders of the Bank when I express deep regret at the absence of our President from today's meeting. Mr. Galt, as you all know, called for England upon receipt of the news that his son, Lieut. John Galt, of the Strathcona Horse, was reported wounded and missing, after having led a gallant party against the enemy in a most gallant manner. We trust and pray that it will not be long before he receives favorable news of his son.

The Union Bank is certainly doing "the bit" in this war. The General Manager will give you statistics showing the part taken by our Staff. Our Honorary President, Sir William Price, is now raising a battalion for overseas duty. The Hon. Sydney Peel, of our London Committee, has been on active service since the war broke out and our Montreal Director, Col. Campbell, has now been made a Major-General. Recently made Companion of the Bath.

The statement which we have placed before you today discloses a condition of the Bank which should be very gratifying considering that we are in the midst of a war which has caused an unparalleled dislocation of the world's commerce and finances. The first year, however, has passed with less disturbance than was anticipated, and although we are piling up an indebtedness for war purposes, we will be one which will cheerfully assume, and which it will not be behind our ability to take care of.

The Shareholders of the Dominion have

count of the shortage both of shipping and labor.

The United States for the time being has become the money market of the world, and it is pleasing to note the satisfactory manner in which the recent Canadian loan of \$45,000,000 has been received, as well as various Provincial, Municipal and Railway loans aggregating in the total about \$140,000,000. It is the duty of every financial institution to see that all offerings should be thoroughly sound and of the highest character.

Agriculture—This is the most important industry in Canada, and we are glad to note the great advance in mixed farming. Excellent reports have been received from our Superintendents in the various provinces which will be printed and distributed to the shareholders.

During the year we have established a Legal Department and have been fortunate in securing as Chief Counsel for the Bank, H. A. Robson, K.C., late judge of the Court of King's Bench, and more recently Judge of the County Court for the Province of Manitoba.

The recent success of the Canadian War Loan of \$100,000,000 is ample evidence of the spirit of our people, and their willingness to share the burdens of the war.

I would like to put on record an appreciation of the exceedingly valuable work of the Directors at Toronto, Quebec and London, Eng., the operations of the Bank in these particular districts being controlled by them.

Our policy for the coming year will remain the same. We shall be conservative, at the same time extending our customers as liberal treatment as conditions and sound banking will warrant.

**General Manager's Address.**

The Chairman has dealt with the general conditions of the country; it is, therefore, necessary for me to touch only on the financial aspects of these constantly varying conditions.

There has been one of much anxiety to bankers, and we are pleased to have come through it in such a satisfactory manner.

Reserves—Referring more particularly to the statement which has been presented to you, the percentage of Liquid Assets to total Liabilities to the public amounts to 47.92 per cent, compared with 36.27 per cent. last year.

Profits—The profits for the year were \$69,688.01. This is \$5,752.47 less than the profits of 1914, which, under trying and abnormal conditions, and the maintaining of such large idle reserves, must be regarded as satisfactory.

They have been sufficient to pay the usual dividend of 8 per cent, and a bonus of 1 per cent, making a grant of \$10,000,000 to the Officers' Pension Fund, providing for \$46,780.77 War Tax on circulation and set aside \$150,000 for contingencies, besides having made adequate provision for all losses.

Circulation—Notes of the Bank in circulation have increased \$1,300,000, and this is covered by gold deposited in the Central Gold Reserves of \$2,800,000.

Deposits—Total deposits of \$72,585,000 show a gratifying increase of \$5,240,000.

Balances Due to and by Other Banks—Balances due by banks outside of Canada show an increase of \$5,000,000 over 1914.

Gold and Silver Coin and Dominion Government Notes amount to \$3,257,000, which is \$2,100,000 more than in the previous statement.

Cheques on Other Banks amounted to \$3,256,900, being \$1,200,000 greater than last year.

Investments—There is little change in the Bank's investments. The increase of \$115,000 represents the contribution to Canada's first War Loan of \$100,000,000. The amount allotted to this Bank was \$38,400, which has been fully paid for.

Call and Short Loans—Call and Short Loans in Canada are \$4,824,000 higher and are against bonds of a like order.

Current Loans and Discounts—Current Loans and Discounts in Canada have been reduced by \$1,800,000. The total Assets of the Bank have risen to the large amount of \$90,663,000 as against \$81,000,000 last year, an increase of \$9,663,000.

**General Remarks—**Enforced liquidation has been in progress throughout Canada for the past two years, but the strain has been lighter than was anticipated. This period will be extended until normal conditions are resumed, but the future is faced with feelings of hopefulness and every confidence. The chief factors which have contributed to this lighter situation are: the lessening of expenditure on capital account, balance of trade with Great Britain being in Canada's favor, and bountiful harvests.

The sound financial position of Canada has attracted the attention of the United States, with the result that her people are investing in Dominion and Provincial Government and Canadian Municipalities and debentures, who are gratefully accepting of the past season's crops have enabled farmers to liquidate their obligations very largely, and every encouragement is being offered by Provincial Governments in Western Canada to go more extensively into mixed farming.

Staff—It will be of interest to our Shareholders to know that 315 members of our staff have volunteered for overseas military duty; of these, we have been wounded and 295 are still on active service. Too much praise cannot be extended to the 1470 remaining members of the staff who are so loyally and cheerfully performing additional duties and working longer hours whilst their fellow clerks are fighting for the Empire. In such a way they are doing their "bit" along with the other members of the staff who are at the front.

Mr. E. L. Dreyfus, past president of the motion for the adoption of the report, referred briefly to the coming year as being the most critical one in the history of the Empire, but he was quite sure that all the Dominions would continue to make any sacrifice that might be necessary to assist the Mother Country in bringing the war to a successful conclusion, and that it should be gratifying to the Shareholders to know that the Bank was in such a strong position during this period.

The motion was then adopted.

L. A. D. Meers, T. Harry Webb, C. A. E. Read, C. A., and C. R. Head, C. A., of the firm of Webb, Read,

Hegan, Callingham and Company, were reappointed auditors.

The following were elected the Directors for the coming year: Sir Wilfrid Laurier, Messrs. John Galt, R. T. Riley, George H. Thomson, E. L. Drewry, F. E. Karleton, Wm. Howland, W. R. Allan, M. Bull, Stephen Haas, Major-Gen. John W. Carson, C.B.; J. S. Hough, K.C.; B. B. Cochrane, Hume Blake, K.C.; R. O. McCulloch, and George H. Thomson, Vice-Presidents.

At a subsequent meeting on the 11th, Board Sir Wilfrid Laurier was elected Honorary President; Mr. John Galt, President; Mr. R. T. Riley and Mr. George H. Thomson, Vice-Presidents.

### FIREMEN RESCUE TWO FROM BURNING BUILDING

Elevator Failed to Reach Man and Woman Cut Off on Fourth Floor.

### ESCAPE MADE BY LADDER

Crowd Cheered When Fireman Dean Brought Miss Carter to Safety.

Fire at De Young's clothing store, 70 West Queen street, at 9 o'clock yesterday morning almost resulted in the death of Miss M. Carter, 214 Howland avenue, and Everett Cox, 20 Isabella avenue, when both were overcome by smoke in their place of employment on the fourth floor of Manning Chambers.

Dense smoke issuing from the rear of the DeYoung premises apprised pedestrians of the fire. An alarm was immediately rung in the districts of Adelaide and Yonge street fire sections quickly responded. Excitement prevailed when screams were heard and the faces of girls and men appeared at the upper windows of the burning building. Reassured by the crowd below that they were in no immediate danger, they plucked up courage and escaped by the way of the stairs.

One of the elevator men attempted to run his elevator up the shaft, but it failed to return before he had gone very far.

When the reels arrived some difficulty was experienced in getting the fire escape to the window. The ladder was finally placed in position, and Fireman "Sandy" Dean of the aerial truck ascended to the fourth storey, seized Miss Carter and amid cheering from the crowd, brought her in safety to the street. She fainted away while being carried into the Cadillac Hotel near door. She was later removed to the General Hospital in an ambulance. Miss Carter is employed as a stenographer by the Grolier Society of London.

Damage to the store and contents amounts to about \$5000, with \$1200 insurance. The cause of the fire is unknown.

LONDON, Jan. 17.—Under the heading "Mystery of an M.P." the Express asks what Francis Neilson is doing in America. The Express states that he has not appeared in the house of commons since August, 1914.

In August, 1915, he went to the United States on a six months' health tour, but the Express says his complete absence has been a mystery. He has been recently to address meetings at Providence, R.I., and Brockton, Mass., and other places, and that they are expected to some of the statements he is reported to have made at these meetings.

Neilson is a journalist and author, and has traveled extensively in Canada, Europe, and the United States. He is president of the English League for the Extension of the Franchise, Hyde, since 1910.

### PALE, FEEBLE GIRLS

### Weakness Generally Comes On as Womanhood Approaches.

Girls upon the threshold of womanhood often drift into a decline in spite of all care and attention. It is a great measure to give them a liberal supply of red, healthy blood which every girl needs to sustain her strength. Dr. Williams' Pink Pills have proved their great value over and over again to young women whose health was failing. Miss Minnie Duffield, Erasmus, Ont., says: "It gives me great pleasure to tell you what Dr. Williams' Pink Pills have done for me. When I was approaching the age of womanhood I suffered greatly from a weakness of the blood, and my health was a drag to me. I had no appetite and never felt rested in the mornings. I could scarcely walk five miles at a time without taking a rest. I was troubled with severe headaches, and things looked gloomy, indeed. I doctored for a long time and got but little, if any, benefit. I was advised to try Dr. Williams' Pink Pills, and did so, and after taking them for a time I felt like a new person, and was again enjoying splendid health. I weak or run down to try Dr. Williams' Pink Pills."

You can get these pills from any dealer in medicines, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**Regulate Water Tanks.**

City Architect Pearce recommended that legislation be applied for empowering the city to make a by-law regulating the erection and operation of water tanks on buildings. The recommendation was adopted.

A property of 56 feet frontage is in the line of the extension of Redpath avenue, and yesterday the owner, H. C. Long, agreed to the committee in writing that he would sell it to the city at \$85 per foot. The information should have gone to the works committee, and Mr. Long, who was present, was asked to wait until a week from Friday, when that committee meets. He consented to do this.

Ald. H. H. Ball brought up the matter of jitney regulation as it affects North Toronto and asked that he be chairman. Mayor is to appoint a committee to meet the police commissioner with a view to securing some modification beneficial to the drivers and their patrons. The appointment was made on the understanding that a report will be made to the property committee.

J. S. Herod has been awarded the contract for brick lining the boiler at the civic abattoir, the cost being \$775.

The North Toronto Ratepayers' Association were yesterday granted the use of the town hall for their meetings.

Charles E. Clarke, who lived at 214 Robert street, and was for 14 years an employe of the Toronto works department is dead.

City Architect Pearce was given permission at the meeting of the property committee yesterday, to attend the National Congress of Building Commissioners and Inspectors to be held in Chicago, Feb. 14 and 15.

Because some cases of scarlet fever have been discovered in De La Salle Institute, Duke and George streets, and in De La Salle girls' high school, 69 Bond street, these premises will be closed for a few days and disinfected. Measles cases are still plentiful, but becoming less prevalent.

At a private conference between Mayor Church, Controllers Foster and Thompson and Chairman Houston and Trustees Hodgson and C. A. B. Brown of the board of education, held yesterday afternoon, it was decided to allow the military authorities to use Givens Street and Jesse Ketchum Schools for the housing of soldiers. The new Givens Street School will accommodate two battalions, and Jesse Ketchum one.

In the meantime the question of allowing the soldiers to use the new School of Commerce and Finance will be left in abeyance, but should it be found later on that this building is needed, it will also be given over for the use of the militia.

Position of Enemy Carried Saturday by Forces Advancing Up Tigris.

LONDON, Jan. 17.—Announcement was made in the house of commons today that the Turkish forces in Mesopotamia have fallen back to within six miles of Kut-el-Amara, where the first British Bagdad expedition is surrounded.

The announcement was made by J. Austen Chamberlain, secretary for India, who said the Turks had retreated as the result of another British victory.

The Turkish positions at Waddi, he said, were carried on Saturday by the British. The recent operations in Mesopotamia, including the advance to Ctesiphon, were considered and approved by the war council.

LONDON, Jan. 17.—The Swedish Parliament was opened today. In the speech from the throne King Gustave said:

"A formidable struggle of ever-increasing intensity, which will decide the future of nations, is taking place. Our government earnestly hopes to be able always to maintain the neutrality which it decided to observe from the beginning of the war, but in order to maintain neutrality, and the sovereignty of Sweden, increased forces on land and sea must be in readiness.

"Sweden has felt the effects of the war in numerous ways during the past year. Belligerents have neglected in an ever-increasing degree to observe international law providing for protection of neutrals and for limitation of deeds of violence."

Extraordinary precautions are being taken by the crown to facilitate the trial of the McCutcheon Brothers who were arraigned yesterday in the criminal assizes before Mr. Justice Middleton and a jury, on charges of theft and conspiracy to defraud the public out of thousands of dollars in connection with real estate deals in western Canada.

Before the empanelling, special enquiries had been made regarding the fitness of each man summoned. Any man who had any physical defects such as bad hearing, was asked to stand aside. Never before in history has so much challenging of jurors taken place, and six extra men were summoned in addition to the 49 who had already been sworn in.

# The Tragedy of Ontario

## Alcohol Did This: Sent 18,221 Men and Women To Ontario Prisons in 1914

**THE HON. W. J. Hanna**, in an address delivered at the banquet held under the auspices of the Men's League of the Askin Street Methodist Church, London, stated that 90 per cent. of the inmates in Ontario prisons were confined, directly or indirectly, through drink. (See London Advertiser's report of Nov. 29th, 1913).

The 1914 Provincial Government Report of Ontario Prisons shows that 22,777 persons were committed to jails and lock-ups that year. The figures of 18,221 drink-made prisoners in Ontario, printed at the top of this announcement, are based on 80 per cent. of the confinements being directly or indirectly due to alcohol. This is 10 per cent. under Mr. Hanna's estimate.

### Other Proofs

**INVESTIGATIONS** conducted in the United States show that the percentage there is almost the same as in Ontario.

For example, the famous investigation made by the Massachusetts Bureau of Labor Statistics showed that 84 per cent. of all the criminals under conviction in that State were drink-made criminals.

Madame Tarnowsky—who is an honor to Russia and to the world of science—found, in her study of "Female Offenders," that 82 per cent. of sinning women were brought to vice by alcohol.

### Merciless Foe

In all the world no foe so merciless as alcohol. And in this great Province of Ontario no tragedy so great as the 18,221 prison victims sent there by alcohol. And this is only part of the tragedy. It does not account for the homes made destitute or the anguish suffered by the prisoners' families and relations. Nor does it account for those many unfortunates in Ontario asylums, for which alcohol is responsible.

As that great writer, Vance Thompson, has truly said, "Insanity is the mad son of Alcohol; idiocy, its drivelling daughter; suicide, its despairing child." (The estimate is that 78 per cent. of the suicides are due to alcohol).

### For How Long?

In the name of Christianity and Humanity, how can the citizens of Ontario permit a continuance of alcohol's frightful reign in Ontario? Is it not the duty of Ontario to end it at once?

Our duty to the Empire demands the conservation of natural and human resources. Alcohol, the destroyer of humanity, must go.

### A Costly Foe

Outside of Alcohol's terrible human toll, Ontario cannot, in times like these, afford the expenditure of over \$30,000,000 yearly for alcoholic beverages. Added to this is the cost of maintenance for the upkeep of these County Jails, Provincial Prisons and Hospitals for Insane, amounting to \$1,574,221.21 in 1914. At a very conservative estimate, at least 50% of this, or \$787,110.61, could be saved annually by this Province if the liquor traffic were abolished. This does not include interest on the huge principal investment, nor Ontario's share of Dominion prisons and penitentiaries.

For the sake of economy, humanity, health and good morals, every patriotic citizen of Ontario should join hands with the Citizens' Committee of One Hundred and free Ontario from the liquor evil.

### It Can Be Done

If the people will act. The Committee is convinced that the Provincial Government, being responsible to the people, will act in conformity with public opinion. The Committee purposes to show the Government that Ontario is overwhelmingly in favor of Province-wide prohibition.

Petitions for prohibition will be circulated during the week of January 24th. Every voter in Ontario will be given an opportunity to sign. No one can refuse on the grounds of politics, because the Citizens' Committee is a non-partisan organization, and represents the whole Province. Unless you are financially interested in the liquor traffic you can hardly refuse to sign.

### 1,000 Inmates

of the Eastern Penitentiary (United States) to-day petitioned the Legislature to give favorable consideration to any measure that has as its object the curtailment of the sale of intoxicating liquors, believing that if the sale of intoxicating liquors were prohibited the effect would be to reduce crime at least 50 per cent., if not more. — (From Philadelphia "Ledger," March 2nd, 1915.)

### 13 Millions Saved

Commissioner Bole, who has charge of the Government Liquor Law in Saskatchewan, estimates the approximate cost of the liquor traffic to the Province for the year 1914 was about \$15,000,000, and that under the new legislation which went into effect July 1st, 1915, the annual expenditure will be only about one-tenth of this amount, a direct saving to the Province of better than \$13,000,000.

## W. WOODS STILL FEARS FOR HYDRO PROPOSALS

Declares Ratepayers Did Not Know What They Were Voting on at New Year's.

### RETIRES AS PRESIDENT

Addresses Final Meeting of Board of Trade—New Council is Elected.

In retiring from the position of president of the board of trade, Mr. W. Woods yesterday delivered to the board members an address brimming with optimism on the future of the Toronto and the Dominion of Canada. Curious tho it might seem, the retiring president declared the war had brought prosperity to Canada, yet, he said, the present situation was not without danger. He quoted figures to show that Canada was now enjoying a period of record-breaking prosperity. Toronto's customs receipts in December set a new record; savings all over the Dominion were fourteen millions in excess of last year; exports were a new record, as were bank clearings and C.P.R. net earnings. The Dominion Government revenue for November, \$17,072,456, is the largest total in the country's history, he stated.

Council Backed Him—Every Toronto member of the council, he said, backed him in opposing the hydro radial bylaw, which was brought on at an inopportune time and with undue haste. The ratepayers did not know what they were voting on.

The elections for the council of the board of trade showed the following returned to office: W. H. Alderson, J. D. Allan, George Barron, Hugh Black, A. E. Clemes, W. F. Cooksutt, M.P., A. E. Dunstan, W. P. Gundy, Charles McD. Hay, A. O. Hoge, George W. Howland, John Turbott, C. W. J. Woodland, J. W. Woods, E. H. Gurney.

The following five were elected as representatives on the Canadian National Exhibition Association: D. O. Ellis, George P. Gooderham, M.L.A., Walter C. Laflaw, Noel Marshall, Joseph Oliver.

Who then thought uppermost in all minds is war and its surprises. Had anyone 18 months ago predicted exactly what has since taken place, he would have been set down as an irresponsible," the retiring president said in opening.

Who then believed that war would relieve an industrial situation that was most critical? Who believed that war, of all things, would bring prosperity to Canada? Yet such have been unquestionably the case, but the situation is not without danger. As business men grouped together for public service, we should use our influence to urge governing bodies to prepare for the future.

Referring to the traffic department of the board, Mr. Woods said it was by far the most important of the board's activities. About \$8000, he said, was spent annually on the department and for every dollar spent fourfold value was returned. "Every citizen of Toronto who is engaged in trade in any important way, is our debtor," he said. The board, he said, was successful in preventing the railways advancing their summer class rates, in effect between Toronto and Montreal. The opposition to the application by railroads for permission to increase freight rates to Port Arthur, he termed as the most important new question dealt with by the traffic department. The board maintained that the conditions under which the railways were then laboring would adjust themselves, and Mr. Woods quoted figures on the C.P.R. increases for the last three months in proof that the board were right.

Radial Dangers.—The traffic department has given consideration to the hydro radial bylaw, which was submitted to the ratepayers on Jan. 1 last, and the result is well known to our members," the president said. "The stand taken by your board has had the unanimous endorsement of every member of the board. We do not see that our domestic affairs should be matters of concern to others. We had a plain duty and we did not shrink it. The bylaw was rushed with undue haste and at a time when no enterprise of magnitude should have been launched. The ratepayers lacked information; the press of the city either favored the bylaw or were silent regarding it. We pointed out dangerous features which it contained. Mr. Woods said he would have lost self-respect had he acted differently, and he believed every fair-minded member must approve of the board's action. "We are on record. We have Sir Adam Beck on record, and it may be that the \$6000 of the board's funds which this campaign cost will in years to come be saved to the city many times over."

Ocean Freight Rates.—The retiring president in speaking of transportation conditions advocated government regulation with regard to ocean transportation rates. Cost of such transportation, he said, is of extreme importance to Canada's prosperity. "It may be that the Dominion Royal Commission which postponed its visit to Canada in 1914 may later resume its investigation," he said. Mr. Woods explained that because of the enhanced rates Canadian wheat was being taxed over seventy millions. "Canada's opportunity and our government's first responsibility is in immigration," he said. The board urged that there should be appointed by the government a controller of immigration. Soldiers should be encouraged to take up farming and immigrants not English speaking should not be allowed to group together, but distributed so that assimilation may be as rapid as possible.

Talking of mining conditions the president said that the action of the government in delaying legislation on the export of nickel ore until their commission had fully reported was commendable.

Fire Waste a Reproach.—"The fire waste in our cities and towns is a reproach to Canada," he said. The recent appointment of a fire marshal was a move in the right direction. He advocated certain new legislation concerning bankruptcies, and interprovincial business arrangements. The province should place a bulk sales act on its books, and enforce the law compelling any trader with liabilities in excess of \$1000 to show from his books why he cannot pay his debts. He said it would be unfair to criticize the Workmen's Compensation Act until its workings had been proven. Mr. Woods strongly commended the Soldiers' Aid Commission and repeated his assertion that he was in favor of conscription in war times and the raising of patriotic funds by taxation.

In closing he thanked the members for their loyalty. "The board never made a better start on a year than in 1916, when they elected Mr. Hewitt to the president's office."

IMPERIAL BANK SUES GUARANTORS OF DEBT  
Mary Helen White and F. J. White Are Defendants in Action.

At Osgoode Hall yesterday the Imperial Bank of Canada entered action against Mary Helen White and F. J. White. From F. J. White the bank claim \$62,365.59, with interest from December 31, 1913, alleged due under guarantee of the indebtedness of Minto Bros. From Mary White the sum of \$22,124.97, is claimed under a guarantee to the extent of \$28,000 of the indebtedness of Minto Bros.

UNION BANK OF CANADA PROSPERED DURING YEAR

Twelve Months Just Closed Provided Critical Period for Banking Interests.

ANNUAL PROFITS SHOWN Paid Usual Dividend of Eight Per Cent., and One Per Cent. Bonus.

At the 51st annual meeting of the Union Bank of Canada, held in Winnipeg on Wednesday, Jan. 12, the directors reported and the address of the general manager showed that the bank had come thru the year in a most satisfactory manner.

G. H. Balfour, general manager, in an address relative to the financial statement issued, said: "The year just closed has been one of great anxiety for bankers, but we are in a position to say that we have come thru it in a most satisfactory manner."

The percentage of liquid assets to total liabilities to the public amounts to 47.88 per cent. as compared with 36.27 per cent. last year. The profits for the year were \$659,658.01. This is \$62,762.47 less than the previous year.

No doubt many relatives of the men were in the crowds that lined the route, but there were many others also, stirred by the interest of the occasion, and moved by the patriotic spirit which even zero winds and weather cannot quell.

The sound financial position of Canada has attracted the attention of the people of the United States, with the result that they are investing in Dominion Government securities and Canadian municipalities securities.

"It will be interesting to know that 215 members of our staff have enlisted for overseas service and that nine have been killed in action. 21 have been wounded and 285 are still on active service. At present our honorary president, Sir William Price, is raising a battalion for overseas."

The H. H. Sydney Pool of our London committee has been on active service since the war broke out, and our Montreal director, Col. Carson, has been appointed major-general and has recently had the honor of having 'Companion of the Bath' conferred upon him.

The report showed that during the year of 1915 five new branches had been opened in the several provinces, as follows: Ontario, 1; Alberta, 1; Saskatchewan, 2; Manitoba, 1.

BANK OF NOVA SCOTIA HAS ASSETS INCREASE

Institution Has Reached Fourth Largest Bank in Canada in Size.

HUGE STOCK OF CASH Sufficient Currency on Hand to Liquidate Twenty Per Cent. of Liabilities.

It was revealed by the annual report of the Bank of Nova Scotia, which was read at the 84th annual meeting yesterday, that the total assets of this bank have increased in value to \$100,000,000, making it the fourth largest bank in Canada, in point of size.

This gratifying news was well received by the directors, who are being congratulated on the progress of the bank in the difficult conditions brought on by a war-year.

HOT LEMONADE AND WARM SLEEP STAVE OFF GRIP

Health Commissioner of New York City Sanctions Common Sense Preventive Treatment for Influenza.

How to keep from having the grip when everyone about you is suffering from this aggravating disease and you are beginning to have the symptoms yourself—this is the question that has been uppermost in the minds of hundreds of thousands during the present epidemic.

In an attempt to answer it a representative of the New York Tribune interviewed a large number of prominent physicians and submitted to Health Commissioner Haven Emerson a summary of their advice. The latter put his official O.K. on the following treatment:

"Take a cathartic. Then take a brief hot bath to warm up the body and start the blood running. Drink a large bowl of hot lemonade and go to bed early. Cover one's self thoroughly and warmly, and use an extra blanket to protect the head and ears, and get nine hours' sleep."

"Take the greatest care by dressing warmly, not to catch cold in the morning. If the trouble seems to be chiefly in the throat, wrap the neck in a wet woolen cloth covered by a dry woolen cloth."

The official qualified his recommendation as far as the hot bath part of the treatment is concerned, saying that none should do this unless they were very sure that they would be able to keep the night and the morning afterward.

But the hot lemonade, the cathartic and the warm sleep stand as the official preventive for the dread disease which is adding from 10 to 20 per cent. of the weekly death records in many parts of the country."

WANT CANADIANS FOR MOTORBOAT SERVICE. British Admiralty Points Out Applicants Must Be Well Trained.

OTTAWA, Jan. 17.—The department of naval service tonight issued a call on behalf of the British admiralty for men from Canada for service in the auxiliary patrol (motorboat) service. Those who will be accepted must have a minimum age of high power internal combustion engines and be accustomed to running motorboats. The total pay is \$2.55 per day plus subsistence, \$2.00 for motorboat men, and \$1.34 for motorboat men, with separation allowance added in the case of the latter.

Returned Men Will Go Overseas Again. As Soon as They Are Physically Fit, Veterans Will Again Enter the Ranks.

Dates Are Set When Doctors Will Inoculate and Vaccinate Men on Active Service.

Returned soldiers who after resting up again become physically fit, will be transferred to battalions being formed for overseas service and thus reach the firing line again. This announcement was made at headquarters yesterday afternoon. It is said this rule will hold good in all the military districts of Canada, in addition to the Toronto division.

A new list showing officers so far appointed to the Queen's Own 166th Battalion was issued last night as follows: Officer commanding, Lieut.-Col. R. C. Leveson-Gower, second in command, Major W. G. Mitchell; adjutant, Captain H. E. Rooney (on transfer from 83rd Battalion); quartermaster, Major J. O. Thorne; paymaster, Lieut. Eytan Llewellyn Williams; company officers, Captains H. H. Hughes, R. B. Johnston, J. E. Flavelle, F. C. Conroy, Lieutenants R. M. W. Chitty (from 8rd Battalion), Vaughan McLean Howard, H. W. Bethune, J. P. Crawford, W. W. McLaughlin, R. E. McCuaig, R. T. E. HOSPITAL GRANT DUE. Twelve Thousand Dollars Coming From Government in Few Days.

HAMILTON, Tuesday, Jan. 18.—Word has been received that Hamilton would get in a few days the provincial grant of \$12,000 for the City Hospital. It was thought at one time that it would not be given because of unsatisfactory arrangements, but there is no longer any doubt. Controller Morris ascertained this yesterday.

Students will be made company instructors. Dates for vaccination and inoculation of the Depot Regiment, Canadian Mounted Rifles, stationed at Hamilton, have been announced as follows: Friday, Jan. 21, at 8 p.m., inoculation; Tuesday, Jan. 25, at 2 p.m., vaccination; Wednesday, Jan. 26, at 2 p.m., inoculation.

Lieut.-Col. Robertson of Hamilton is being mentioned as likely to command the "Bantam" Battalion which is proposed to raise in this division. The Royal Party's Day. At 11 o'clock this morning the Duke of Connaught with the Duchess and Princess Patricia will visit the Central Convalescent Home, College st., and at noon the Secours National, West King street. The governor-general at 12.30 will visit the offices of the patriotic fund, while her royal highness the duchess will visit the headquarters of the Victoria Order of Nurses.

The royal visitors will attend the annual meeting of the Canadian Red Cross Society and the concert of the National Chorus in Massey Hall at night. They will leave North Toronto Station at 11 o'clock for Ottawa.

Acid Stomachs Are Dangerous. Common-Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the stomach in a double, and they say the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed with a little bisulphated magnesia, which can be obtained from any drugstore, and should always be kept handy.

SOLDIERS SHIVERED THRU ROYAL REVIEW

Ten Thousand Troops Marched Past Yesterday Without a Single Casualty.

WATCHED BY THOUSANDS. His Royal Highness Sends Congratulatory Message to Officers and Men.

Ten thousand of Toronto's active service soldiers marched down University avenue yesterday morning in "royal review" order for inspection by H.R.H. the Duke of Connaught. In some respects the weather conditions were the worst yet met with during a military spectacle. Added to a temperature not much above zero was a biting, strong west wind, which was able to drive the cold thru the thickest clothes. Then ten thousand soldiers faced such conditions without one casualty being reported, a high tribute to the stamina of Canadian troops.

The review was witnessed by five thousand and twenty thousand persons, a high proportion of them women and children. The spectators were lined up on an extensive avenue from Queen street to Queen's Park. They displayed considerable fortitude, as well as the soldiers, because thousands of the onlookers stood in the wintry wind from 10 o'clock until nearly 12.30.

Before the march past the troops were inspected in Queen's Park by H.R.H. the Duke of Connaught who was met in front of the parliament buildings by Gen. W. A. Logie, divisional commander-in-chief of the militia, and Gen. G. S. O.; Capt. W. Ford Howland, D.I.O.; and Capt. W. O. Morris, provost-marshal.

The arrival of the duke was accompanied by the playing of the national anthems by the massed bands of the Duke of Connaught's Own Rifles, the drums being "frozen up," the drums were about the only parts of the band that could be heard.

Long Shot Winners Last Year in Pools

Two horses won races at better than 200 to 1 in 1915, no horse winning at so long odds in 1914. Both prices were paid in pari-mutuel. In four more races better than 100 to 1 straight was paid, and Miss Sherwood paid 141 to 1 for place at the Pimlico spring meeting. Long prices are not frequent on the New York tracks, and the only case cropping up under the New York system was Rochester's 40 to 1 at Saratoga. The list of horses which paid 40 to 1 or more, straight or place, as the case might be, is as follows:

Temperance Measures in War Time

THOSE who would enforce prohibitory law throughout the length and breadth of Ontario, under the guise of a war measure, should turn to the great European nations at war and learn what they are doing in the cause of TEMPERANCE, as a contributory factor in the winning of the war.

The Citizens' Committee of One Hundred recently made public statement regarding such measures, but twisted the facts until it looked as though the various countries at war were dry.

HERE ARE THE STRAIGHT FACTS:

ENGLAND

The Committee stated that in England, the sale of liquor has been curtailed to five and one-half hours per day. This is only true in Munitions areas, and does not apply to the rest of the country. Indeed, in several districts the dissatisfaction caused by such penalization has caused the Government to withdraw several drastic proposals.

RUSSIA

Russia's contribution to temperance reform is the abolition of the manufacture and sale of vodka, a cheap and dangerous spirit. Whether the results will be entirely satisfactory is yet in question, owing to the enormous increase in illicit stills, manufacturing vodka, wood alcohol and other noxious preparations.

FRANCE

Apert from the abolition of absinthe, a very dangerous spirit, the French Government has not adopted prohibitory measures. In fact, the French soldiers are regularly supplied with wine, and, at times, spirits. The entrance of beer and wines into towns and cities of France is facilitated by the removal of the octroi duties.

GERMANY

Germany might also be cited, but, unlike the Citizens' Committee of One Hundred, we do not care to go to our ENEMY to support our cause.

THE PERSONAL LIBERTY LEAGUE OF ONTARIO.

IF IN THESE COUNTRIES WHERE THE PROBLEMS OF THE WAR ARE CLOSER HOME, PROHIBITION IS NOT THOUGHT NECESSARY, WHY DOES THE COMMITTEE OF ONE HUNDRED INTRODUCE PROHIBITION TO ONTARIO AS A NECESSARY WAR MEASURE?

RECEIPTS OF BUTCHERS' CATTLE WERE HEAVY

Day Was Active With Prices Steady at the Union Stock Yards.

OTHER TRADING SLOW

Some of Last Week's Activity Was Lacking—Butchers' Bulls Easier.

The receipts of live stock at the Union Stock Yards since Saturday numbered 182 cars, including 2719 cattle, 62 calves, 1219 hogs, 655 sheep and lambs and 392 horses.

Butchers' Cattle.—The comparatively heavy assignment of butchers' steers and heifers yesterday found a ready market, and, although some of the activity of last week was lacking, the prices were steady.

Stocks and Feeders.—The trading here was generally quiet and steady, with speculators doing most of the business. Milkers and Springers.—The demand among the cow buyers was only moderate yesterday, with a fair number present.

Choice heavy steers at \$7.75 to \$8.15; good butchers' cattle at \$7.50 to \$7.75; good to \$7.10 to \$7.40; medium at \$6.75 to \$7.00; common at \$6.40 to \$6.65; yearlings, 600 to 650 lbs., at \$6 to \$6.65.

MONTREAL CATTLE MARKET. MONTREAL, Jan. 17.—At the Montreal Stock Yards, west and market, the undertone to the market was easy, but prices were generally firm. The supply of canning cows was small and the market for such was stronger, 180 to \$5 per hundred highest, with sales at \$5.75 to \$6. Sheep prices, as compared with a week ago, showed an advance of \$50 per hundred pounds, due to limited supplies offered, and sales of ewes were made at \$6.75 to \$7 per hundred. Lambs were sold at steady prices. Milk-eared calves, owing to scarcity, with sales of a few at \$150 to \$160 per pound, but the supply of grass-fed stock is ample at \$5 to \$10. Hogs were unchanged at \$10.25 to \$10.80 for selected, \$8.25 to \$8.30 for sows and \$5.12 1/2 to \$5.17 1/2 for stags.

MINING STOCKS QUIET REACTION IN SPOTS

Decline in Silver Takes Edge Off Cobalt Issues—Porcupines Inactive.

Inactivity marked proceedings on the Standard Stock Exchange yesterday, the total volume of business for the day being only some 90,000 shares. In spots, too, the market was reactionary. The fact that silver was down again at New York, selling 1/4 point lower at 65 3/4, took the edge off the Cobalt issues. In the Porcupines Apex opened at 1-4c and sold up to 1-2c, closing at the former price. Trading in this stock, which has been comparatively heavy recently, fell off considerably. Dome Extension held steady during the morning session, opening at 3/4c and selling up to 3/8-1/2c, closing at 3/4c. It is held by a syndicate, which has been comparatively heavy recently, fell off considerably. Dome Extension held steady during the morning session, opening at 3/4c and selling up to 3/8-1/2c, closing at 3/4c. Cheaper than Butter—better than Lard!

YOU can make perfect pastry—light as a feather—pastry that crumbles and melts the moment your teeth bite into it—like you owe Swift's Cotosuet for your shortening. Cheaper than butter or lard—and gone farther. Your dealer has it, in small, medium and large size light-covers in packages as fresh and good as all other "Swift" products. Try a small pack. Use "Swift's Cotosuet" for frying, too. Swift Canadian Co., Limited, Toronto—Winnipeg—Edmonton.
