MUST NOT HANDLE "BLACKLEG" COAL

British Railway Union Executive So Decides

Order Puts Railway Men Actively Into the Fight in Support of the Miners—Move No Imported Coal.

London, May 13.—The National Union of Railwaymen today stepped actively into the fight in support of the striking British miners, taking measures designed to prevent the transportation of coal imported to replenish the national fuel supplies, badly depleted because of the strike at the col pits, now in its second month.

The railwaymen's action took the form of a decision by the executive committee of the union that its members should not handle imported coal, no matter for what purpose it was intended. The committee further instructed the members of the union not to handle coal of any description loaded, or previously unloaded by "black leg" labor.

London, May 13.—The executive of the Association of Locomotive Engineers and Firemen, of which J. Bromley is president, has sent word to its branches that they are not to move "black leg" coal, and that in case there are any misdeals as a result, the union will use its strength. The Westminster Gazette last night warned the men not to go into the streets, "as it is running the most serious danger of playing straight into the hands of its most skillful strategic enemies."

The government does not expect a widespread railroad strike, but is quite prepared for local stoppages of the lighting order. It believes these may occur in those districts where Communist agitators have been at work. Of what they are doing it is fully aware and it is quite ready to take counter action.

STILL TALK OF SETTLEMENT London, May 13.—(Canadian Associated Press)—For several days an unmistakable feeling of optimism has been everywhere apparent. This has probably been prompted by a vague statement by Herbert Smith, president of the miners' union, protesting that the government and owners had not attempted to argue the miners' proposals for a settlement, and promising that if the government or owners produced a better scheme the miners would give it serious consideration.

Premier Lloyd George in the House of Commons last night declared the government was considering the possibility of introducing legislation, which would prohibit the receipt of foreign money intended to be devoted to revolutionary propaganda and movements in the British Isles.

A conference of the Transport workers and national union of railway men is to be held today. Meantime the engineers and firemen's resolution is rather feeble, as only qualified support is promised to members who may be victimized as a result of their refusal to handle imported coal.

Government Competition Unfair, Says Hon. A. K. McLean

Ottawa, May 13.—(Canadian Press)—That it was unfair for the government to operate ships on routes where private Canadian firms were endeavoring to build up a trade was the stand taken before the parliamentary committee on government-owned railways and shipping yesterday afternoon by Hon. A. K. McLean of Halifax. He argued that if the government ships drove their competitors from the sea and failed to make money themselves Canadian trade would be ruined.

REFUSE TO SHOW THE COST SHEETS Parliamentary Committee to Decide What to Do With N. S. Coal Men.

Ottawa, May 13.—(Canadian Press)—The refusal of the Nova Scotia coal operators to present their cost sheets before the parliamentary fuel committee, voiced on their behalf this morning by H. Christie, K. C., Ottawa, led to a drive by several co-members to have the offending operators halted before the hearing. The committee eventually decided to refer the problem to F. H. Glushko, parliamentary counsel, to decide as to its powers to compel attendance of witnesses and the proper course to pursue.

FIGHT BIG BILL FOR U. S. NAVY Disarmament Forces Oppose Half Billion Dollar Appropriation.

Washington, May 13.—The half-billion dollar naval appropriation which was taken up in the senate yesterday afternoon, met with a determined opposition of the advocates of disarmament. An amendment for recruiting by a million dollars, Senator Borah, Republican, of Idaho, leader of the disarmament forces, asked that it be passed over until the senate takes up the question of navy personnel.

## REMARKABLE TEST OF A REFRIGERATOR

Collection of Both Odorous and Easily Tainted Articles Locked up Together For Two Days Without Injurious Effect — Matches Kept Dry.

Did you ever try keeping your cigars in the refrigerator? If you ever do there are two things that probably will happen. One is that the cigars will be of little value as a smoking proposition and the other is that you will receive an extemporaneous lecture from friend wife. This is, of course, unless the refrigerator is the Bernet.

On Tuesday afternoon at 5:30 this list of diversified articles was placed in the Bernet refrigerator in the window of T. McAvity & Sons, Ltd.: Onions, codfish, lobsters, cigars, matches and other diversified articles together with fruits and butter. The refrigerator was locked by R. A. Macaulay, president of the St. John Advertising Club, and yesterday afternoon at 8:30, before an interested gathering, Mr. Macaulay unlocked the refrigerator and found each of the articles not only in first-class condition but the matches were easily ignited, using the interior of the ice chest as the surface on which they were struck. One of the cigars was smoked by one of the onlookers, who reported it to be one of the coolest smokes he ever had.

The milk tasted as fresh as when it was placed in the chest and in no wise took of the flavor of any of the other odorous articles. This was regarded as an exceptionally strong endorsement of the Bernet refrigerator which, owing to its scientific construction, can do all this.

The Bernet system, ensuring rapid unbroken circulation of dry fresh air, it was explained, is what keeps the interior bone dry and keeps the foods fresh flavored and preserves them perfectly for long periods. The lack of moisture prevents moulding, bad odors and stagnation of food. The ventilation is perfect, and the drainage is easily taken care of by a special opening in the floor into which hot water may be dashed.

The temperature goes as low as 38 degrees, which is about four degrees lower than is considered by experts to be sufficient for perfect refrigeration. The refrigerator can be kept right next to a hot stove without interfering with the low temperature maintained inside.

This is possible because the Bernet has no less than eleven insulating walls. T. McAvity & Sons, Ltd., are the sole local agents and Mr. Adams, representing the Bernet, will be at McAvity's today and tomorrow and will be glad to explain in detail the many advantages of this exceptional refrigerator which not only preserves foodstuffs but also is highly saving in ice cost.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, MAY 13, 1925

The Evening Times and Star

ST. JOHN, N. B., MAY 13, 1925. The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THIS MATTER IS VITAL

The commercial bodies of St. John have taken the initiative in a movement which should receive the hearty support of boards of trade and other organizations throughout this province, and the provinces of Nova Scotia and Prince Edward Island. What is it that is proposed? Here is the resolution to be submitted to the governments of the three provinces—

PROVIDING WORK FOR MEN.

A citizen who is practising what he preaches has made a suggestion to the Times in relation to the problem of providing work for the unemployed. He submits that there is great need of the use of paint on the exterior of buildings in St. John and that this is the season when the brush could be used to advantage. He says further that his own experience shows that a man need not be an artist to lay paint on the outside of a building. Here are the buildings, the paint, the brushes, and the men who need work to tide them and their families over a hard period. The paint would be good for the buildings and the work would be good for the men. Moreover, the appearance of the city would be generally improved in the season when many tourists come this way. We are rather indifferent to appearances in this regard, and visitors who are accustomed to more paint and less shabbiness of color aspect are not likely to form the most favorable impressions. The chief point is, of course, to provide work for men who need it, and the citizen who discussed the matter with the Times declares that he regarded the work he is having done along this line as a good investment. If all the owners of buildings could feel the same way about it, and if all the tenants who might give at least some work to men in the cleaning-up of premises would do so, it would help wonderfully in tiding over many persons who would gladly work if they were given the opportunity. This is a matter which ought to appeal to all who can afford to have work done at this time. Whoever gives even a day's employment to an otherwise idle man with a family is contributing to the general welfare as well as getting value for his service rendered. This is the season when "Paint up and clean up" should be a popular motto, and to apply it now is to serve a doubly useful purpose.

THE FOOTBALL CONTROVERSY.

The controversy over the question whether Canadian amateurs shall play the old country can only be settled in one way if the A. U. of Canada is to accomplish this, as a result of its investigations, reports and recommendations. But it should do more. It is to further maritime interests to the fullest extent it must make a study of conditions as they were before confederation and as they are now, in the light of the promises given, and bring home to the people the truth that they have not been getting a square deal from the rest of Canada. That same truth must be brought home to those other provinces, which are far more provincial in their outlook than the people by the seaboard. The latter made a sacrifice for a united Canada, and the other provinces do not recognize the obligation. By all means, therefore, let all maritime province organizations of a commercial character press upon their respective governments the need of immediate joint action.

THE UNIVERSITY.

The University of New Brunswick yesterday graduated its ninety-third class. This fine old institution needs only the financial assistance which it may be hoped will be forthcoming before another year passes to enable it to go on to greater achievements than ever in its past. The addresses delivered at the closing exercises yesterday must have been an inspiration to the graduates, and all who read them must be more deeply impressed with the necessity for the higher education as a factor in national life to give leadership in culture and all that pertains to the higher things in life. None may measure the benefits derived from the life work of the members of classes graduated from this university in its long career, who received their greatest inspiration from the knowledge, training and the discipline received within its venerable walls. Canon Armstrong, in his oration yesterday, reminding the graduating class of the fact that while they were pursuing the higher studies the great mass of their early schoolmates had been compelled to go out into life with far less equipment, and that upon those who received the greater advantages rested a greater responsibility. Learning alone does not equip for life. Without the incentive to service and to high endeavor the university graduate may be of far less value to society than the unlettered man whose heart responds to the call of human service and whose life is a benediction. There is in Canada today great need of sane leadership. There are many discordant voices, crying down the well-tried institutions of democracy and threatening the very foundations of patriotism. There are preachers of discord, who would produce economic chaos and send the world reeling back toward the savagery that today prevails in Russia. There is need, therefore, of that sound education which gives sane leadership, not only inspired by lofty motives but based on the solid ground of human experience through the ages. It is well that within the quiet walls of educational institutions there are always being developed those ideals, those high purposes and that wise training which lead to intelligent human service and act as a brake upon the unbridled passions of the ignorant or those whose little knowledge is a dangerous thing.

WILL PLANT TREES TO ANCHOR SANDS

Ontario Department to Check Damage in Prince Edward County. By planting between 75,000 and 100,000 poplar and willow trees, the Forestry Department of Ontario Government hopes to keep Prince Edward County's destructive sand banks permanently in check.

ENGLISH COAST; LINER BEACHED

London, May 12.—The Peninsular and Oriental Line Benalla, from London to Sydney, Australia, with 1,100 passengers and seamen on board, has been beached near the Royal Sovereign Lightship, on the south coast of England, following a collision with the British tanker Pataola, says a Lloyd's wireless dispatch from North Ferolund. The collision occurred in a fog.

WEST TO LOSE GREAT RANCH

Winnipeg, Man., May 12.—The famous Matador Ranch, north of Swift Current, Sask., is to be moved to the United States soon, according to a despatch to the Manitoba Free Press. The ranch comprises 125,000 acres. In view of the urgent need for community grazing lands, it is said, the dominion government has practically decided to purchase the ranch.

TO RECONSTRUCT SAN JUAN

Mexico City, April 28.—(Associated Press by mail.)—An appropriation of \$50,000 for reconstructing the ruins at San Juan de Teotihuacan has been approved by President Obregon. San Juan is the site of the two great pyramids of Mexico, one to the Sun and the other to the Moon. A list of these ruins is a buried city which flourished probably 4,000 years ago. Snorh Manly, director of the department of anthropology of the Department of Agriculture, is in charge of the excavation of this city.

BANKRUPT INCREASE

London, April 27.—(A. P. by mail.)—There is a great increase in the number of bankruptcies which have been gazetted by the board of trade during the last three months, 758 having been listed against 610 for the corresponding period in 1924. For years before 1910 the number of bankruptcies never dropped below 4,000 annually.

THE AIM OF LIFE

(By Archibald Lampman) There is a beauty at the goal of life. A beauty growing since the world began. Through every age and race, through lapse and strife Till the great human soul complete Beneath the waves of storm that lash and burn, The currents of blind passion that appal, To listen and keep watch till we discern, The tide of sovereign truth that guides it all; So to address our spirits to the height And so attune them to the valiant while, That the great light be clearer for our light, And the great goal the stronger for our soul; To have done this is to have lived through fame, Remember us not for our familiar name.

LIGHTER VEIN

Used Only For Shaving. "Sam, here is an account of a man who has a razor that has seen continuous service for 150 years. It was bought in England by his grandfather. "Well, all I have to say is that it did belong to a powerful peaceful family."—Yonkers Statesman.

The Chicago Policemen

There are twenty-eight languages spoken in Chicago, and the policemen understand all of them. A nice old lady, who seems very kind and very much lost, blocked the traffic on State and Madison streets the other day and pointed her troubles into the sympathetic car of the crossing cop. "Vare is der light-house, please?" she inquired. "Want to pay your gas bill, lady?" said the understanding officer. "Jas," she smiled. "Michigan avenue, at Adams street, two blocks south and two blocks east," she indicated the way and placing her safely on the curb. "Gee, but you're a wonder!" said the cop, who happened to be a bystander. "Easy," said the cop. The corner of her gas bill was sticking out of her bag, and she plunged back into the traffic for more problems to solve. — People's Gas Gazette.

Two farmers were having an argument and a little bet as to which of them possessed the best wife—or, rather, which wife made the money go the farthest.

"I am surprised," said the first farmer, "how little you spend on household necessities. You come and stay with us for a few weeks and see for yourself. You will soon see how true my statements are."

"But what would be the good?" said the other man, who was not so good as his wife. "Why, my wife makes money so far that I never see it again."

AN INTERESTING ILLUSTRATED ADDRESS

Miss C. Littlefield, president of the Y. W. C. A., gave an interesting illustrated address on the subject of the Y. W. C. A. at the Victoria School of Art, Halifax, before the St. John Art Club. The president, W. F. Burditt, was in the chair, and tendered a vote of thanks to Miss Nutt. A programme of music followed the address and was much enjoyed.

### RECENT WEDDINGS

Dr. Charles M. Pratt of this city and Miss Ethel Mac MacDowell of Penfield Ridge, Charlotte county, were united in marriage yesterday. The ceremony was performed at Dr. Pratt's summer residence, Millidgeville, by Rev. J. A. MacKeigan. They left on a honeymoon trip to upper Canadian cities.

A wedding of interest in this city was solemnized in Dorchester, Mass., on April 17, when Edward Bancroft Pratt, formerly of this city, was united in marriage to Miss Sarah Jane Smith, formerly of the Curlew. Miss Smith was formerly of Sydney, N. S.

At the Cathedral, Monday morning, with nuptial mass, Rev. William M. Duke, P. P., married Fortunato Vittorio and Teresa Civiero, both of East St. John. The witnesses were Guida Belle and Rigeto Luiga. The bride and groom are native of sunny Italy.

Rev. S. S. Poole, of the German street Baptist church, returned last night from two weeks' fishing trip to Lake Alma, N. S.

### RECENT DEATHS

Particularly sad was the death in Montreal yesterday of James Howard Braham, formerly a drug clerk here, who was married only about three weeks ago to Miss Edith Long of West St. John. Mr. Braham was about twenty-eight years of age and was the son of Mr. and Mrs. E. W. Braham of West St. John. He had been ill only about two weeks, and, besides his father and mother, leaves two brothers, Kenneth, of Montreal, and Edgar in the United States. The body, accompanied by the young widow, will be brought to St. John for interment.

Winnipeg, Man., May 13—Splendid growing weather with rapid progress in seeding in the western provinces has been the outstanding feature of the last few days, according to the Grain Trade News.

Rain has been more or less general, particularly over the southern portion of the provinces, putting an end for the time being to soil drifting, which had been prevalent for several days. The bulk of the wheat is seeded and much of it is already above the ground.

There is a difference and there is a reason. THE DIFFERENCE—When compared with other coals, RADIO shows a big percentage less ash; a big percentage less stone and a lot less bother in as much as it burns cleanly. THE REASON—The quality of Radio, the efficiency with which an order is handled and the prompt and courteous way in which it is delivered.

**POLISH WOMEN AGAINST LEAGUE**

**Residents of Vilna Who Last Year Fought Bolsheviks Ask Removal of Head of Military Commission.**

Vilna, April 23—(Associated Press by Mail)—The Polish women of Vilna have taken up cudgels against the League of Nations. They shouldered arms last summer and fought Bolshevik soldiers in defense of the city and they assert they will fight again if the League should attempt to send an international army to police the disputed territory in event of a plebiscite.

tives of Poland and Lithuania, with the League of Nations as mediator, have been conferring with the view to determine the fate of the Vilna district, which is called Central Lithuania by General Zeligowski and his adherents.

The League's Military Commission of Control, which since last fall has been endeavoring to settle the controversy between Poland and Lithuania, until recently made its headquarters in Vilna. The Control Commission has never been popular in Vilna. By a recent decision which denied women the right to franchise, should a plebiscite be held, the Commission came into greater disfavor than ever, especially among the women.

The commission members contend that the birth records of Central Lithuania are so incomplete that the voting of women would only complicate matters. It was in consequence of this decision and to manifest their disapproval, a crowd of women attacked the Commission's chairman, Colonel Chardigny, and spattered his French uniform with eggs, some of which were not exactly fresh. A few days after this incident, the commission removed its headquarters from Vilna to Kovno, which is the seat of government of the republic of Lithuania.

Eight of the women were arrested by the local police authorities, but no date has been set for the trial. A petition signed by thousands of Vilna women has been sent to the League of Nations asking for the removal of Colonel Chardigny as head of the Military Commission of Control. The Lithuanians contend for the Vilna district on the grounds that Vilna was the capital of the ancient state of Lithuania. They claim it also under terms of a treaty of peace with the Soviet signed in Moscow last summer. The Vilna Poles contend that the majority of the population of the Vilna district is Polish, and that at least the three per cent of the population of about 1,500,000 are Lithuanians, the state of Lithuania has no just claim to the land under dispute.

stores and restaurants there are pictures of Joseph Pilsudski, Poland's chief of state.

**MONEY, NOT IMMIGRANTS.**

Victoria Colonists: Federal efforts should be concentrated on encouraging the immigration of capital, not that of men and women. The restriction of immigrants may only be necessary for a few years until there are no longer recurring periods of unemployment in the country, but new barriers are essential now, and the government should have the courage to introduce them.

For the time being the only type of immigrant Canada wants is the man who has sufficient capital to engage in agriculture with reasonable prospects of success. That immigration should be of the selected kind, namely, of people who will assimilate with Canadians.

Tomorrow--Saturday--Is Your Last Chance to Secure Any Brunswick Phonograph for Only **\$20.00 CASH**

On and after Monday all Brunswick Phonographs will again be sold on regular terms, which call for cash payments, two to five times greater than this special \$10 offer.

This is the first big opportunity you have ever had to choose any model, any finish, any priced Brunswick from the entire line, without reserve, for such a small cash outlay. But you have

**Only One More Day** in which to avail yourself of this.

The Brunswick Phonograph has steadily increased in popularity and prestige until today it is the leading line of nearly all the best stores from Halifax to Vancouver, and this tremendous growth has been achieved on sheer merit—because the Brunswick is the only phonograph that plays all disc records properly.

"Brunswick Week" at Townshend's is being held just to show you why the Brunswick is superior and to reveal how the Brunswick is made. Our exhibit includes demonstrations of the famous oval wood horn, the Ultona, the Brunswick Motor, and other features together with a complete exhibit of all the various models.

Heretofore, it has meant quite a cash outlay to purchase a Brunswick, but to make it possible for anyone to secure one of these "final" phonographs we are offering this Deferred First Payment Plan, through which you select any Brunswick you prefer, pay only \$10 cash, and the phonograph is delivered at once.

## LOCAL NEWS

### WHARF REPAIRS

The harbor department has commenced making repairs to the city wharves at Reed's point. The placing of new fenders and preparation for repairs to the face of North Wharf are being carried out.

### BOAT AND LIQUOR SEIZED

Word reached the city this morning that a West St. John boat with a quantity of liquor aboard was taken by United States federal officers near Eastport on Monday of this week. The report said that the boat and cargo were seized and the occupant of the boat arrested. No further particulars were received.

### BACK TO OLD SCENES

Wendell Farris, a prominent lawyer of Vancouver, arrived in the city today to visit his brother, Dr. H. A. Farris, of the St. John County Hospital. Mr. Farris was formerly a member of the writing staff of the Telegraph. He expects to leave in a day or two for Chicago.

### TWO MONTHS IN JAIL

Before His Honor Judge Jones, in the county court this morning, Clarence Burke and Alexander Summersville were sentenced to two months in jail on a charge of theft from C. P. R. cars in Fairville. Dr. F. R. Taylor, K. C. appeared for the company, and J. A. Barry for the prisoners.

### SANDY AT SOCCER MATCH

Prior to the opening of the City Soccer Football League last evening the players were addressed by Sandy McGregor, Scotch comedian, who told a number of good clean sport. He also officially opened the season by kicking off. An account of the game is published on the sporting page.

### MASONIC

The meeting of the Ancient and Accepted Scottish Rite is being continued today. This morning was taken up with ceremonial and this afternoon degrees will be administered. Proceedings will come to a close this evening with ball at which the wives, daughters and sisters of the members will be present. About forty members are present from points in the maritime provinces.

### BRIEF PERIOD OF FREEDOM

Two boys who escaped from the Boys' Industrial Home last night were captured in Wentworth street this morning by Sergeant Detective Power. They told him that they had intended going back to the home and were just getting ready to start on their way. They had just left for a little excitement and the fact that they had been lured by the "lights of the great white way." They will be brought back to the home this afternoon.

### NEWMAN BROOK

Sasha Swainson who has the contract for the deepening of a portion of Newman Brook, applied this morning to the commissioner for water and sewerage for an extension of time to complete the work. The commissioner said that the extension would be recommended. The reason given for delay was the stormy weather early in the season, the great flow of water and the fact that a great quantity of ice had to be chopped out of the brook before the actual work commenced.

### PROBATE COURT

In the probate court, in the matter of the estate of Sarah C. McFee, personally \$1281, A. B. Wilton of Fredericton was appointed executor. Under her will she left the residue of her estate, after payment of debts and expenses, to her grandniece, Mrs. John W. Greig, of Chelsea, Mass. J. Roy Campbell, K. C., was proctor.

### COUNTY COURT CASES

Before Judge Jones, today, in the county court, in the matter of an action brought by W. A. Gale against Frank T. and Catherine Mullin, arising out of an automobile accident, argument was heard between counsel for the plaintiffs and Gertrude Mullin as a defendant. The order was given without terms. G. H. V. Belyea appeared for the plaintiffs, and K. A. Wilson for the defendant.

An order for possession was given in the matter of Wilson vs. Travis in an action arising from the matter of a certain lease. The defendants alleged the case to be objectionable and refused to sign.

### SAYS IT IS SAFE

The case of Alexander Demmonson charged with keeping his confectionery store open for the public on Sunday, was continued.

Witnesses for the defendant and two witnesses for the plaintiff were called. The witnesses all testified that the defendant said he had advertised in the newspapers for a week previous to Sunday that he was conducting a restaurant and had also ordered a cafe sign, which had not arrived yet. The magistrate said he would let the matter stand over until this day week, as he wished to confer with the attorney-general.

### ARBOR DAY

Arbor Day was observed in the local schools today. In schools where they have assembly halls special exercises were being carried out and in the others there were special lessons on nature work. In the High School an elaborate programme was arranged for the occasion, recitation by Ronald Roberts; essay, "Coming of Spring." Anna Knight, chorus, by the girls of class IX; reading, Seannal Case; recitation, Gordon Malcolm; solo, Margaret Henderson; recitation, Horace Bodley; essay, "How Trees Grow." Atabley Ross; selection by the orchestra; recitation, Myrtle Whitaker; chorus, "O Canada," by the school; flute solo, Thomas Reck; recitation, Mildred Bickler; solo, Arthur Burns; recitation, Hilda Hayward; grand finale, flag salutation.

### MONTREAL STOCK MARKET

Montreal, Que., May 13—Quotations were irregular during the early trading on the local stock exchange this morning and the general tone was not nearly so strong as yesterday. Ahlbi dropped a point overnight to 86. Atlantic Sugar went down a half to 31. Brazilian was fractionally stronger at 80 1/8. Brompton was unchanged at 86. National Breweries, whose activities have been the feature of the market for the last two days, was quoted at 55 1/4 after closing at 56 7/8. Riordan was unchanged at 88. Other leaders were quiet.

## SETTLEMENT OF PAVING QUESTION EXPECTED TODAY

### Difference Between Power Co. and City Now Slight

### Hope to Have Ground Broken on Avenue Before Monday

—City May Finance Purchase of New Rails—Hydro Question Eliminated.

Following a conference of the city commissioners with Dr. J. B. M. Baxter, city solicitor, this morning, it was announced that the difference existing between the city and the N. B. Power Co. on the question of the pavement of Douglas avenue had been practically all eliminated. It is expected that matters will be finally settled at a meeting of the commissioners with company officials this afternoon. The matters of dispute still unsettled were said to be minor ones which could be easily cleared away. Consideration that ground would be broken on the work by Monday was expressed. The question of hydro distribution has been eliminated from the discussion, and will be taken up separately.

It was pointed out by the solicitor that the city's acceptance of the tender of the Stephen Construction Co. for the performance of the work was just as binding as if the contract had already been signed. It is understood that the company has agreed to lay all the new rails which they have on hand, which amounts to about a quarter of a mile, and that the city is willing to finance the purchase of new rails for the balance of the distance. It is the opinion of some of the city officials that, should the city's acceptance of the tender of the Stephen Construction Co. for the performance of the work be just as binding as if the contract had already been signed, they should go the whole distance and provide for the laying of U-rails in accordance with their decision some time ago. This it was said is particularly advisable on account of the fact that granite blocks cut to fit U-rails have already been secured and are stored near the site of the work.

### CADET RIFLE WORK

In the dominion marksmen competition recently held throughout the province, and in which all the cadet corps competed, the team entered by the cadet corps of Grand Falls tied with the second team from Robitney Collegiate School for first place. These two teams will have to shoot off to determine the winner. The Robitney team will shoot on Monday and no report has been received as yet from Grand Falls. The cadet corps at Grand Falls was formed only last year and its excellent showing is very encouraging.

### FAIRVILLE W. M. S.

Last evening the W. M. S. of Fairville Methodist Church met at the home of Mrs. S. T. Coughle, Main street, for the annual opening of mite boxes. The amount secured in this way was \$45.88, and it was announced that the total raised by the branch this year was \$146.82. The society met with a distinct loss during the last year in the passing away of Mrs. H. M. Stout, who was a tireless worker in the W. M. S. and an inspiring leader among the young, especially in the mission band.

The following officers were elected for the coming year:

1st Vice—Mrs. O. D. Hanson.  
2nd Vice—Mrs. J. Stout.  
Treasurer—Mrs. J. Johnston.  
Secretary—Mrs. W. J. Linton.  
Corresponding secretary and strangers' secretary—Miss Arthur Louis.  
Encouraging reports were read on the activities of the year and Mrs. James Long became a life member.

After business was over a social half hour was spent and refreshments served by the hostess.

### SHOULD SMOKE SAME AMOUNT EACH DAY

London, May 31.—Tobacco is the least harmful of the "four social poisons," says coffee, tobacco and alcohol, according to Sir James Cattle, an eminent surgeon, speaking here today.

"Since the same amount of tobacco every day," said Sir James, "and the heart will become accustomed to a certain amount. If one smokes less one day than another, he feels the effect just as much as if he had smoked more."

He said three days' abstinence from smoking would entirely free the system of nicotine. Sir James condemned the cigarette.

## An Attractive Showing of Dining Room Furniture

The three primary elements which most vitally interest the prospective buyer of dining-room furniture are paramount here at Everett's.

SCOPE FOR SELECTION—Although you will not find the commonplace here you will find within the range of your price limitations very extensive selections. THE BEST STYLES and designs are especially featured although selection is by no means confined to these.

CORRECTNESS AND QUALITY—This store puts as much care and thought into the selection of every piece of furniture in its stocks as you would put into the selection of an individual piece for your home.

PRICE AND VALUE—Only upon the basis of values that are at least as good as you can get anywhere, under any conditions does this store expect your patronage. Your comparison of values must be the answer. Those who actually compare values almost invariably find that they can actually do better at Everett's.

We invite your inspection of our offerings and your comparison of the values offered.

HAITIANS CENSURE AMERICAN RULE

Memorial Presented to President and Congress

Five Years of Military Occupation Full of Torture and Misery, Report Says

Special despatch to the N. Y. Evening Post.

Washington, May 9.—Declaring that during the five years of American occupation, Haiti "has passed through such vicissitudes, tortures, humiliations, and misery as have never before been known in the course of its unhappy story," three Haitian delegates presented today a memorial to President Harding, the state department and congress.

The memorial, reviewing the five years of military occupation of Haiti as made public today, and not only depicts this occupation as "the most ignominious regime of military autocracy which has ever been exercised on the globe of the great American democracy," it says that its avowed purpose, to place Haitian finances on a sound basis, has not been fulfilled, and that "no effective aid has been brought to the development of its agricultural and industrial resources and no constructive work has been proposed for the purpose of placing its finances on a really solid basis."

"The American government," it says, "in spite of the attitude of wisdom, moderation, and even submission which it has always shown in dealing with the Haitian government, has never lived up to any of the agreements which it has solemnly entered into with regard to the Haitian people."

Specific instances of alleged violation of the agreement entered into by the United States are given in the citing of the removal of \$500,000 of Haitian government funds which American marines carried off and "took on board the gunboat 'Mechanic' later depositing them in a New York bank for the purpose of forcing the Haitian government to accept control of the customs house by systematically depriving it of financial resources."

Assembly Forcibly Dissolved.

It is further stated that the occupation took control of municipal administrations contrary to the formal promise of a treaty which made it "clear that the officials and employees of the customs administration must be Haitians, and appointed exclusively by the president of Haiti," and forcibly dissolved the legislative assembly by the entrance of Brig. Gen. Smedley D. Butler, June 19, 1917, revolver in hand, "followed by American officers armed with their revolvers," into the legislative chamber.

A further example of the reputedly autocratic administration of the government under the American occupation is given in the statement that enforced ratification took place June 12, 1918, of a new Haitian Constitution, with marines presiding at the ballot boxes, while only ballots bearing the word "yes" in favor of the aforesaid constitution, were issued for use.

Among the acts charged against the American occupation are: Administration of the "water cure" and other tortures by American officers and marines, and the commission of "numberless abominable crimes," of which twenty-five cases, with names and dates, are given in the memorial.

Furthermore, the memorial charges that more than 4,000 prisoners died in 1918, 1919 and 1920 in the prisons at Cape Haitien, and that at Chabert, an American camp, 4,475 prisoners died during these three years.

"The ghastly mortality in the prisons," the account continues, "together with confirmation by survivors, reveals a record of atrocities, of brutality and cruelty, which defies description. It is a record for which it would be difficult to find a parallel."

Haitians Were Excluded.

It is further charged that "all Haitians who had anything to say regarding the numerous cases of murder, brutality, rape, arson, etc.—that is, Haitians who wished to convince the court of inquiry of the way in which the forces of occupation had carried out their duty in Haiti"—were excluded from the naval court of inquiry.

Declaring that "there is not a branch of public service in Haiti which has not to submit at one time or another to illegal interference, often brutal," the report cites the interference with the Haitian department of justice, the forcing of the peasants to furnish unpaid labor on the public roads, while the maintenance of internal peace, "one of the essential objects of the American intervention," was not preserved.

The memorial concluded with the demand that for these "wrong and injurious" the Haitian people ask reparation and also request: Immediate abolition of martial law and courts-martial; Immediate reorganization of the Haitian police and military forces and withdrawal within a short period of the American military forces.

Abrogation of the convention of 1915, under which American military occupation began.

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

A GREAT BILL AT OPERA HOUSE.

Gala Collection of Vaudeville Artists—Includes Famous Singer, World's Champion Dancer, English Artist, Etc.

Post.

St. John, N. B., May 12.—A collection of good things coming to the theatres of St. John, is being offered by the Opera House. The programme at the Opera House tonight should make a decided hit as it is composed of a collection of vaudeville artists, Fred Whitehouse is the famous phonograph singer who sang for Columbia and Brunswick records, and one of his great hits "Palastena" is still one of the popular hits. He will appear in a pleasing offering of Timely Tunes and Topics. Kennedy and Kramer are offering "Dance Items." Maude Kramer won the world's championship medal for three years in succession as the best female hard show dancer in America. She is one of the big attractions of the vaudeville stage. Harry LaMore, who is offering an eccentric novelty, is an English artist who comes here direct from London. He has a wonderful mechanical novelty act, which has been booked for next season for the New York Hippodrome. He is going to remain in vaudeville until the New York season. Nelson and the Barry Boys will present a "Medley of Vaudeville Bits with comedy, chatter and acrobatic dancing. Their act has been one of the features of the circuits in the States where they just recently completed a tour.

In addition to this great bill there will be another episode of the popular "Fudge" series, and a "Fudge Weekly of current events."

RED CROSS CRUSADE.

The national membership enrollment crusade of the Red Cross is reported going forward with much interest throughout the province. Word comes from Albert county that Mrs. G. A. Kuhring, St. John, has been successful in her efforts, has held large and enthusiastic meetings in Albert, Hillsboro, Riverview and Hopewell. Organization is being gone into and the response to assist in the work is reported gratifying.

Kuhring has also held meetings in Pettitcodic and Sackville. Workers for the crusade are keeping a close watch on the St. John bay with enquiries for assistance in publicity, etc. for organization and at the solicitation of Captain, Victor Madawaska counties, Mrs. Kuhring will visit principal centres there to assist, commencing on next Monday.

The Times has been requested to announce that George Colston 16 Free street, is not the man who has recently been before the courts on a big charge.

Investigation of conditions in the republic ordered by Secretary Daniels, secretary of the navy, last year, and conducted by a board under Rear-Admiral Henry T. Mayo was a "joke," and that "this naval court, which had been talked of in the United States, probably as a result of a suggestion of Mr. Daniels, as the greatest naval commission formed since the one charged with inquiring into the charges of the naval battle of Santiago de Cuba," this naval court of inquiry in reality inquired only into the charges brought against two lieutenants, Rear-Admiral Harry S. Knapp is accused of having done "nothing at all" when he visited Haiti under orders from Secretary Daniels to make a personal inquiry into the "Haitian people feel."

"The Haitian people feel," the memorial declares, "that if the naval court of inquiry has not fulfilled in Haiti the broad mandate conferred upon it by Congress, it is because it was faced with charges of such a horrible nature that it thought best to pass them over in silence."

Haitians Were Excluded.

It is further charged that "all Haitians who had anything to say regarding the numerous cases of murder, brutality, rape, arson, etc.—that is, Haitians who wished to convince the court of inquiry of the way in which the forces of occupation had carried out their duty in Haiti"—were excluded from the naval court of inquiry.

Abrogation of the convention of 1915, under which American military occupation began.

Convocation within a short period of a constituent assembly, with all guarantees of electoral liberty.

The Haitian delegates sent here to present the memorial are H. Sannon, former Haitian secretary for foreign affairs and once Haitian minister to the United States; Steno Vincent, former president of the Haitian senate, and Percival Thoby, former Haitian charge d'affaires at Washington. They represent the Patriotic Union of Haiti, described as a non-partisan organization, founded at Port-au-Prince, 1920, and in it, it is stated, every one of Haiti's twenty-nine districts is represented.

HE IS "A STILL STRONG MAN"

Sir Hugh John Macdonald, Only Son of the First Prime Minister of Canada, Winnipeg's Veteran Magistrate.

(Winnipeg Cor. Toronto Telegram.)

Out of the writer of Manitoba politics comes one figure that appeals to the imagination of every Canadian. It is the only son of the dominion's first prime minister. For a quarter of a century he was the storm centre of those political situations which kept the Red River province so much in the public eye, and through years his popularity has not waned.

Call for Strong Man.

With political conditions so unsettled that thoughtful people are seeking strong men to lead the nation, it is not surprising that Sir Hugh John Macdonald, the only son of the first prime minister, is being called upon to lead the nation.

And it would not be turning back the clock so very much if this attractive character should be forced by the whirlwind of popular acclaim to surrender his personal choice for the privacy he now enjoys and again into the white light that beats upon political fighters in this part of the world.

Certainly Hugh John Macdonald never shirked a fight when he conceived it to be his duty to his country, and he has shown the thrill of championing the unpopular cause. Witness his battles of twenty years ago when he was leader of the Conservative forces. At least he fought his campaigns with reference to his own interests and not to the interests of the nation.

And considering the mighty influences brought to bear against restriction of liquor traffic today, it requires a picture what power those forces were capable of rallying in 1910 when the "Macdonalds" were being discussed on the banks of the Red—the thin edge of the wave that is more popular today.

Though the party for progress and reform, he has held large and enthusiastic meetings in Albert, Hillsboro, Riverview and Hopewell. Organization is being gone into and the response to assist in the work is reported gratifying.

Kuhring has also held meetings in Pettitcodic and Sackville. Workers for the crusade are keeping a close watch on the St. John bay with enquiries for assistance in publicity, etc. for organization and at the solicitation of Captain, Victor Madawaska counties, Mrs. Kuhring will visit principal centres there to assist, commencing on next Monday.

K. C. PRESENTATIONS

Cane and Pipes for Dr. W. P. Broderick, Gold Mounted Ink Stand for His Wife.

The Halifax Evening Mail says of the recent Knights of Columbus state council gathering there—

"A pleasing feature of the afternoon's programme was a presentation to State Deputy Broderick by the Nova Scotia Council. The gifts presented were a gold headed cane and a set of pipes, and Mrs. Broderick a beautiful mounted ink stand, which he was asked to take home to her. The presentation was made on behalf of the members of the Nova Scotia council by Neil R. McArthur, Glace Bay, and W. M. Goddard, Halifax. Mr. McArthur said that Nova Scotia felt keenly the severance of his personal connection with the K. of C. work in Nova Scotia, as he was a New Brunswick man and thus must act in connection with the K. of C. work in Nova Scotia. He had served in the capacity of state deputy.

Though Mr. Broderick was taken completely by surprise he thanked the Nova Scotia council for their gifts and said that they found all connections with the K. of C. work in Nova Scotia more than doubled. The maritime division will now have six delegates to the supreme convention to be held at San Francisco during August next.

JUVENILE COURT WORK IN REGINA

Report of Woman Judge — Very Few Repeaters

Resents Term Criminal as Applied to Boys—Boys Under Seventeen Excluded From Pool Rooms — Little Need of Detention Home.

(Canadian Municipal Journal.) Juvenile delinquency is declining instead of increasing as far as the city of Regina is concerned, according to the third annual report of Judge Ethel MacLachlan of the Juvenile Court. During the year 1920 there were brought before her in the juvenile court 314 children, including a few who appeared more than once in court, and while this is the largest number appearing before the juvenile court in any one year, this is on account of Judge MacLachlan having held more provincial cases than formerly. Out of the 314 cases, 101 were from the city of Regina, a slight decrease from last year, and 213 from provincial points.

The court, and as only sixty-four of the 101 cases coming before her from Regina were found guilty of an offence, twenty-seven being neglected children who came to court through no fault of their own, she states that "every citizen of Regina should feel proud of its boys and girls." She takes strong exception to a recent article, apparently sent out from Ottawa, stating that "boy criminals" in Canada increased during the last twenty years by 300 per cent. "I also take exception to calling boys criminals," she reports, "as the Juvenile Delinquents Act was put in force expressly for the purpose that juveniles should not be called criminals but delinquents, and that they should be treated not as criminals but as misguided and misguided children, in need of aid, encouragement and assistance."

room keeper in 1919, has had a splendid effect, and during the year 1920 the probation officer made three hundred and four visits to the various pool rooms of this city and on each and every occasion reported "pool rooms all clear of boys."

Several newboys got into trouble last year, partly the fault of the parents, who in some cases took every cent earned by the boys, and as a result of this trouble and owing to the fact that any boy, no matter of what tender age, could sell papers at any hour on the streets of Regina, a request was made to the city council to pass a by-law to regulate and control the sale of newspapers by boys and to have them all licensed, and this was done.

Thirteen Most Common Offence. Out of the 265 charged with some kind of delinquency, there were one hundred and ninety-six charged with theft of various kinds, including the most serious offences of shop-breaking and theft and house-breaking and theft. Lack of home training, love of money, and the extravagant age in which we live, may be some of the causes leading up to this amount of theft. While statistics show that the theft of automobiles in different cities all over Canada is very much on the increase, the records of the juvenile court for the year 1920 in the city of Regina, show that not one boy was accused of this delinquency, which is a remarkable record.

Comparatively few children, says the report, come into court through their own fault. An examination of the table giving the causes for neglect and for delinquency, shows that at most only 108 children, out of the 314 cases, came into court when the blame might be attached to themselves, while from this number, possibly thirty-seven more might be deducted, leaving only seventy-one. From this analysis," says Judge MacLachlan, "we would infer that for the most part the home, and the home training is what is absolutely and emphatically at fault."

There would appear to be no necessity for a detention home where children might be kept while awaiting trial. Ninety-nine per cent are allowed to remain in their homes until the trial date is set, and in the three years not one child has run away while awaiting trial.

Twenty-five Adults Punished. In all, twenty-five adults were punished for contributing to delinquency or neglect, and there would have been more only that it is not an easy matter to secure evidence in many cases.

The probation system has been a great success. Of the 265 alleged delinquents 242 took advantage of the chance given them under the probation system and never came before the court again, but with the help of the voluntary probation officer appointed for the purpose have succeeded in retrieving their characters. Judge MacLachlan makes a plea for the appointment of women probation officers, stating that the delinquent and incorrigible girl is a much harder problem than the delinquent boy.

"It is possible," says the report, "that a number of children coming into the court are mentally deficient. Out of the 314 last year, nine were evidently of this description. Without a specially trained psychiatrist it is impossible for the ordinary person to detect the high grade, and therefore the most dangerous, feeble-minded person. Dr. Clarke, who made a mental survey of the province, in speaking of the juvenile court in Regina, advocates the necessity of a mental specialist."

From a number of tables and statistics with which the report is concluded, a number of interesting facts may be gathered. For instance, it is shown that in the 314 cases there were no less than twenty-six nationalities represented, and while 234 were born in Canada only eighty-four were of Canadian nationality. This shows what an important part, either for good or bad, the New Canadian will play in future generations.

U. S. RANCH FOR GUATEMALA

Guatemala, April 25—(Associated Press by mail)—A cattle company financed by United States investors, is negotiating with the Guatemalan government for the purchase of 17,000 acres of coast land three miles from Puerto Barrios, on the East coast of Guatemala. The land is covered with dense tropical forest. It is the purpose of the company to first exploit the forest for its valuable timbers, chiefly mahogany, after which the land will be cleared for the purpose of raising cattle. Cattle raising is said to be the most profitable investment that can be made in this country. Formerly cattle was imported here from Honduras and Mexico, but now thousands of cattle are being shipped from the ranches along the southern coast into Mexico daily and sold at good prices. Some of the newspapers urge the raising of more cattle, pointing out that Guatemala not only has the land adaptable for that purpose but has a stable government and an industrious population not given to revolution and strife, notwithstanding the reports frequently circulated to the contrary. President Herrera, who is an agriculturist himself, is devoting his efforts to encourage the development of the agricultural resources of the country, which enjoys peace and tranquility.

GIVES HER LIFE FOR LEPEERS

Story of Heroic Work of Woman in Indian Village.

London, April 25—(Associated Press by mail)—A story of heroic self-sacrifice and devotion has reached England from the leper village of Chandag, India, where Mary Reed, a solitary white woman missionary, is giving her life to ministry to the suffering of her fellow lepers.

News of her isolated life was brought back by Mr. Oldrieve, organizing secretary of the Mission to Lepers, who has just returned from a 7000-mile journey visiting all the leper colonies in India. Thirty years ago Miss Reed went into this desolate spot in the Himalayas, 6000 feet above the sea level, offering herself to the leper cause. Although a victim of the malarial fever, she is still able to carry on her spiritual work among these afflicted like herself.

Miss Reed seldom sees white people, for her station is eighty miles from the nearest railway line. There are forty-six women lepers in the community and nineteen men in the men's refuge a short distance away.

According to Mr. Oldrieve, there are 200,000 lepers in India. "At present," he declared, "it is not right to say that any cure for leprosy has been found."

## THE CHALLENGE OF OUR COUNTRY

Ontario is Too Provincial—  
Nation-wide Knowledge  
and Sympathy Needed.

Addressing the Women's Auxiliary of the Diocese of Toronto this week, Canon Seager dealt with "The Challenge of Our Country today," declaring that he was proud to proclaim himself as a son of the soil of the second generation, and a felt he had the right to say that Canada, as a whole, do not know Canada. We interpret Canada by that portion in which we live," he said, "and the challenge of Canada comes from the fact that we are so out of touch with a country as a whole. We are fearfully local, provincial, diocesan and parochial, and we need to listen and to editate till the voices of the east and the south, of the west and of the north, blend, and we catch the great, glorious undertone that is the call of the Rockcliffe aerodrome, Ottawa, late made today. I'm not sure that we in

other part of the dominion," he added, "it seems an anomaly that in a vast country like ours we should be narrow, but we are," continued the canon, "and the great need is a sense of wholeness of corporate identity. We are so buried in the raw, human material that is being built into us that the drift to mere localism is almost inevitable. But we must think of this land as a whole, and made up of certain elements which require handling with wide and deep understanding, that there may be established a sympathy between every part. "This need for national wholeness is a challenge to the church which should be the great exponent of fellowship—brotherhood made real in the at-onement of man with man. War and its chastisement had driven out much religious intolerance, it had profoundly affected the mind of the public, but he feared that there were many good people in the churches who needed conversion. "The function of the church is to teach the world the spirit of unity," said Canon Seager, "and I don't know how she is going to do it, unless she lives it. The church has led in national-building before now, and if she is true to herself she can do it again."

After an uneventful trip from Halifax by seaplane, H. A. Wilson and Captain A. W. Carter, D. S. O., arrived at the Rockcliffe aerodrome, Ottawa, late yesterday. I'm not sure that we in

## ST. ROSE'S IN MUSICAL COMEDY

St. Rose's Dramatic Club made a radical departure from their usual offerings when they presented the two act musical comedy "Savageland" last evening, before an audience that taxed the capacity of their large hall. The musical numbers were tuneful and catchy, and the vocal abilities of the cast soon assured the interested spectators that the St. Rose's amateurs were quite as much at home in a play with a musical setting as anything they have yet put on, and the applause from the opening number was most generous.

The chorus of twenty young people was well balanced and sang well together, showing careful training. The scenery was in keeping with the spirit of the piece and reflected credit on those responsible.

The cast was under the direction of J. J. O'Toole, the veteran amateur who, in the role of Jacob Honk, delighted the gathering with his quaint impersonation.

The following is the cast—  
Jacob Honk, the fifty-ninth variety—J. J. O'Toole.  
Sherlock Coombs, a detective detective—R. C. Melaney.  
Buckskin Buddy, from Savageland—C. J. Stackhouse.  
Big Chief—J. E. Fitzgerald.  
Gillroy Clay—H. Gillis.  
Marigold Lee, the Quaker Maid—Miss

Madeline Harney  
Miss Duffell Doty, a Footest—Miss Eleanor Mullin.  
Birdie Magogin, the Irish Cinderella—Miss Dorothy Berry.  
Isobel, in vaudeville—Miss Rose McFadden.  
Wee-wee, the Marble Lady—Miss Alma O'Toole.  
Summer Girls—  
Mary—Miss Mildred White.  
Kitty—Miss Irene O'Toole.  
Netta, an Indian Maid—Miss Josephine Viger.  
The chorus consisted of the following:—  
Misses Pauline Dalton, Loretta Hennessy, Isabel Creilly, Helen Sexton, Marion Dalton, Mary Malloy, Frances Gillis, Kathleen Sexton, Dorothy McEann, Pearl Joyce, Dorothy Viger, and Messrs. Jack Hayes, Fred Fitzgerald, Patrick Graham, Jack P., John Hayes, F. Joyce, Eugene G., John Coughlan.  
The musical numbers were—  
Opening chorus—Boys and girls.  
Golden Gate—Chorus.  
Solo—"Thinking of"—Marigold.  
Duet—"Are You Going to Dance"—Mary and Clay.  
Solo—"Absent"—Miss Doty.

"Down Texas Way"—Buddy and Chorus.  
"O'Brien"—Kitty and Chorus.  
"The Cowboy Wedding"—Buddy and Chorus.  
"The Melody of Love"—Netta and Chorus.  
"My Indian Maid"—Big Chief and Chorus.  
Solo—"Your Eyes Have Told Me So"—Buddy.  
"Oh Promise Me"—Clay.  
"Love Will Find a Way"—Marigold and Clay.  
"I Long for the Cradle Again"—Birdie Heig and Chorus.  
Finale.  
The play will be repeated this evening.

## CHURCHES UNITE FOR DISARMAMENT

(New York Evening Post)  
A nation-wide appeal for an international conference on the reduction of armaments was issued last night by four of the largest religious organizations in this country—the Federal Council of Churches of Christ in America, the National Catholic Welfare Council, the Central Conference of American Rabbis, and the United Synagogue of America. More than 100,000 clergymen of all these sects were asked to read the appeal from their pulpits June 8. The resolutions also were requested to congregations they were requested to urge on them "the imperative necessity" for the conference.

## MAKE DOMESTIC SERVICE MORE ATTRACTIVE TO GIRLS

St. Catharines, May 13.—The Local Council of Women took up the domestic service problem at its regular meeting this week, and the members made various suggestions for making domestic service more attractive and agreeable to girls and women. Some suggestions were: Stated hours for work, simplifying of house work, better living condi-

tions for the domestics, raising domestic service to a profession by the establishment of training schools, domestic living at their own homes, etc.

## MU E NOT A HORSE

At Least, Manitoba Court of Appeal Says So  
Winnipeg, May 13.—A mule is not a horse, the Manitoba Court of Appeal, which awarded \$200 to Thomas Popple, a farmer in the town of Dauphin, Manitoba, for twenty mules in Dauphin last year, and was forced by town officials to pay \$8 a head tax, which is levied on horses brought to the town for sale. He sued for recovery of this amount.

## TRIPLE-SERVICE ECONOMIC—HYGIENIC—STYLE Makes Nemo Corsets Indispensable

The Meaning of Nemo Corset Service  
MILLIONS OF WOMEN DEPEND ON IT

Nemo Corsets comprise many hygienic features of great scientific value and are divided into three distinct services:

**Hygienic Service—Style Service—Economic Service**  
Their Hygienic Service has become invaluable and indispensable from a humanitarian and health point of view. The medical profession fully recognizes its preventive and curative qualities.  
Their Style Service is necessarily different from that furnished by other corsets. The scientific and hygienic results can be obtained only when Nemo Corsets fit the figure accurately, comfortably and properly.  
Their Economic Service, on which the first two depend represents the long-wearing qualities of Nemo Corsets. No amount of ingenuity in conceiving these valuable inventions would avail if the corsets themselves were not extremely durable. Their intrinsic value is based exclusively on the features, although worth much more than the corsets are given entirely free.

The Circlet does for the figure above the waist what the corset does below. "It Beautifies"  
The Circlet has neither hooks nor eyes yet it molds the figure perfectly. "As It Encircles"

#### EXPECT WAGE DROP IN COTTON MILLS

This is Only Encouragement Given Garment Makers.  
(Toronto Globe)  
Leading men in the Canadian garment manufacturing industry, who are on their way to Cleveland to take part in the International Association of Garment Makers' convention, which opens there tomorrow, met in Toronto yesterday afternoon to discuss matters at issue between the garment manufacturers and the cotton goods manufacturers. Three representatives of the three big mills which control the supply of Canadian-made cotton goods met the garment manufacturers in the conference, which was held at the King Edward.  
Replying to representatives from the garment makers urging a drop in the price of cotton fabrics, the mill men stated that prices at present were at the lowest possible point, and there could be no further drop, except in the case of a drop in wages. Wages in the cotton mills have decreased twelve and a half per cent since the war, but the increase over the pre-war rate of wages is reckoned to be 127 per cent. Wages in the Southern States for cotton mill employees have dropped considerably, and Canadian manufacturers are anticipating decreases in the mills of the Dominion.  
St. John DeMolay Preceptory, No. 3, A. A. was visited in the Masonic Temple last evening by the supreme grand master of Canada, Sir Knight Abraham Shaw of Kingston, Ont.

**STILL PINS FAITH  
ON THE WIRELESS**

Marconi Says It Will Be the Only Satisfactory Means of Trans-Atlantic Communication.

London, May 13.—Signor Marconi, inventor of wireless, pins his faith to trans-Atlantic telephonic communication by wireless instead of by cable, despite the recent successful experiments in America connecting Cuba with the mainland in a telephone circuit extending 5,000 miles.

"I still think," he said, "that the only satisfactory method of telephoning across the Atlantic is by wireless. At present we can only do a short distance by cable telephone—from London to Paris is as far as we can do now. In attempts to communicate with Spain we have failed. Up to 100 or 200 miles of cable it works. With 1,000 miles of cable it won't work."

"Wireless telephony, of course, has not yet been developed to the same extent as the wire telephone but it is being rapidly improved. We have not done anything like 5,000 miles thus far. We have spoken successfully from London to Rome, and we have got words through to America, but not in a commercial or practical way. At present there are certain disturbances of the waves in space, the cause of which has not yet been discovered."

**REDUCTIONS IN  
BRITISH WAGES  
AND LIVING COSTS**

London, April 23.—(Associated Press by mail)—More than 350,000 workers in Great Britain suffered reductions in wages last month amounting to £20,000 a week, and 110,000 received increases amounting to about £2,000 a week. This is shown by the minister of labor.

Retail prices fell eight points in that month, the ministry says, the reduction being due chiefly to fall in the prices of food, although clothing prices also went down to some extent.

**HON. MR. VENIOT AND  
OTHERS ARE DINED**

Halifax, May 12.—Premier John Oliver, of British Columbia; Hon. T. H. Johnson, attorney-general of Manitoba; Hon. J. A. Tessier, minister of highways of Quebec; Hon. P. J. Veniot, minister of public works of New Brunswick; Hon. George Henry, former minister of agriculture of Ontario, and members of provincial legislatures who were attending the Canadian Goods Roads Association convention here, were the guests of the Nova Scotia government at a banquet here tonight.

**VETERANS WILL  
FARM VALLEY**

Sound Community Settlement Planned in British Columbia.

A community settlement of returned soldiers, which promises success, is one

located in the Creston Valley, British Columbia. Production it is hoped by the Provincial Land Settlement Board will commence, this season, thus making the colony practically self-supporting from the start.

The settlement area, consists of about 7,000 acres of land six miles east of Creston. Each soldier has a twenty-acre farm, and on most of these five acres have been cleared, stumped and blown, and is ready for planting out. On each piece is a house built to

the design of the owner, with suitable outbuildings, the idea being that the men shall for the present season devote the five acres to intensive cultivation—such as vegetables, with a planting of strawberries, which will yield next year, and raspberries, which will come in 1923. The apple and other fruit trees the individual settler has been allowed to select from such varieties as have been demonstrated in other valley districts to be most suitable for Creston Valley. The remaining fifteen acres on each

tract have been cleared, and brush removed, but not stumped, and on it space it is expected the soldier-farm will go in for cattle.

The intention of the men is to confine themselves largely to Shorthorn thus being able to buy their original herd in car lots and at better price, due time this may become noted as Shorthorn cattle centre.

**ILLIARDS.**  
Schaefer Leads Belgian.  
San Francisco, Cal., May 13—Jake Schaefer of San Francisco, took the third straight block of a 4,000 point match of 18.2 billiards with Edward Horemans, Belgian champion, yesterday, 400 to 300. Schaefer's high run was 99, Horemans, 78. Eleven innings were run. The score at the end of the block was Schaefer, 1,200; Horemans 689.

**ATHLETIC.**  
Paddock Gives Up Trip.  
Los Angeles, May 13—Charles W. Paddock, chairman of four world class sprinting events, has given up plans to race in the east next month. He had planned to run a race in Boston on June 3, of the national inter-collegiate meet in Chicago on June 18. Inability to arrange his university study work to make the trip was announced as his reason for abandoning it.

**ANADIAN GOOD ROADS ASSOCIATION ELECTS.**  
At the closing session last evening of the Canadian Good Roads Association, Halifax resolutions were passed expressing the belief of the association in general aid; recommending the invitation from Victoria, B. C. to meet there next year to the board of directors; thanking the government of Nova Scotia, the people of Halifax and the press of aid for the support given the association. Officers were elected. Linking up of provinces by the establishment of inter-provincial highways was strongly commended.

Officers elected were as follows: Honorary president, E. M. Desautels, M. P., Montreal, ex-president of the association; president, Hon. J. S. Latta, Quebec; H. S. Carpenter, Regina (Sask.); J. D. Robertson, Edmonton (Alta.); William Finlay, Toronto; S. B. Henderson, Winnipeg; A. M. Rankin, M. L. A., Collins (Ont.); H. H. Shaw, Charlottetown (P. E. I.); T. J. Mahoney, Hamilton; R. D. Paterson, St. John; A. E. Todd, Victoria (B. C.); George Hogarth, Toronto; Joseph Beaman, Outremont (Que.); C. F. Pearson, Halifax; R. H. Murray, Halifax.

The meeting passed a strong resolution urging the policy of continuity of road building throughout the Dominion and making up of the provinces by the speedy establishment of good inter-provincial connected highways.

## MORNING NEWS OVER THE WIRES

Colonel C. W. McLean, M. P. for Trigg, Lincolnshire, and parliamentary secretary to the Under Secretary for the Colonies, will retire at the next general election. He is a son of General H. H. McLean of this city.

Col. C. W. Peck, V. C., M. P., who will command the Blakeney team this year, will have Major C. W. Butler of the Western Ontario regiment, London, as adjutant.

A daring rescue was effected in Halifax yesterday in the course of a fire which destroyed a building in the business section. J. W. O'Brien, United States assistant consular general, who had rooms in the building, ran to the rooms occupied by Mrs. Frances Lahey and Mrs. Lillian Josey, the former an invalid, and held them clear of smoke and flames on a second story window sill until a ladder was erected by means of which they reached safety. Mr. O'Brien's clothes were badly burned though he was uninjured.

A badly decomposed body, thought to be that of Murdoch Morrison, who has been missing for the last seven months, was found yesterday afternoon in a patch of woods near Sydney, N. S.

W. W. Karm, of Sydney, active in prohibition work there under George R. Ridout, found a notice yesterday pinned to his front door with a clay knife reading, "You are playing with death."

**LETTER FROM POWER CO. TO ITS EMPLOYEES**  
The New Brunswick Power Company yesterday notified Ira D. Farris, representative of the Amalgamated Association of Street and Electric Railway Employees of America, Division 668, that the working agreement terminates on June 14 and the company does not desire to renew it. The letter explained that many conditions of the existing agreement have been detrimental to the interests of the Company's patrons. It also pointed out that the cost of living is from twelve to twenty per cent cheaper than in June last. The letter also referred to the company's financial condition.

**PATRIOTISM BROKE UP A RED MEETING**  
London, April 27—(A. P. by mail).—The temper of the people toward the Communists, who are permitted to preach their doctrines here unimpeded, was shown by an incident in Trafalgar Square the other day.

After the strains of the "Red Flag" had been started at a Communist meeting, a former officer, wounded so badly he could scarcely stand, stood up in front of the crowd, numbering several thousand, and called for cheers for the King.

The response to his appeal was carousing. This so enraged one of the women members of the Communist

**BRITAIN SELLS WAR VESSELS TO BE BROKEN UP**

London, May 13.—Some 200 destroyers twenty five battleships and fifty light cruisers have disappeared from the British navy list during recent months. The admiralty has issued an explanatory announcement, says the vessels were all sold to British firms for breaking up.

**COTTON GROWERS MAY NOT TAKE CHANCES**

Mexico City, April 29.—(Associated Press by Mail)—Less than one-third of the acreage of the Laguna district in the state of Coahuila, where most of Mexico's cotton crop is grown, has been planted and the entire region is in dire straits financially, according to statements printed here quoting travelers. Cotton prices were so low the last year that the growers have sold their product at a loss and are not inclined to risk a poor harvest again.

**CENTENARY OF MEXICAN INDEPENDENCE IN FALL**

Mexico City, May 13.—Mexico will celebrate the centenary of its independence next September and elaborate plans are being made for the event. President Obregon has announced that a special invitation will be extended King Alfonso of Spain to be present, and, although a general welcome will be extended, the countries which have recognized Mexico will be accorded special honors.

**Nearing The Goal**

After a sermon by an old colored preacher, one of the brethren said to him: "Br'er Jenkins, how far off, you reckon hell is?" "How old is you, Br'er Thomas?" asked the preacher. "Well, sah, ef I don't miss my calculations I is sixty-fo'." "Well," said the preacher, "when you was born inter dis worl' hell was jes' sixty-fo' years off, an' all I got ter say is, ef you ain't in sight er it now, it ain't yo' fault!"—Atlanta Constitution.

**Diplomatic**

He was one of the few remaining old-time darkies. He had finished the odd jobs for which he had been employed, and, hat in hand, appeared at the back door. "How much is it, uncle?" he was asked. "Yo' say how much? Jest whatever yo' all say, misses." "Oh, but I'd rather you would say how much," the lady of the house replied. "Yes, ma'am! But, ma'am, AMB rather hab de seventy-five cents yo' all would gimme dan de fifty cents Ah'd charge yo' all."—Life.

**The beauty of new Silver**

WITH the re-brightening of the home, the dining room calls for its share—new silverplate!

The Louvain is a beautiful pattern for the purpose. In attractiveness, and in durability that makes fine silverplate a good investment, it is worthy of the quality mark, "1847 Rogers Bros." Larger pieces, to match the spoons, knives and forks, also may be obtained in the distinctive Louvain Pattern.

A wide variety of other patterns bearing the "1847 Rogers Bros." quality mark, and all guaranteed without qualification, may be seen at your dealer's. If not in stock, he can get them for you.

Ask for "1847 Rogers Bros." by its full name to avoid confusion.
