Czecho-Slovak Movement Grows Like an Avalanche

Bolshevik Press Raising Cries Of Alarm

Lenine and Trotzky Urge Repulse of Czecho-Slovaks and Practice of Terror Against Bourgeoisie, While Confirming Fresh Gifts of Territory to the Germans

Amsterdam, Aug. 1.—The town of Yekaterinburg, in the province of Perm, near the Siberian border, has been taken by the Czecho-Slovaks, according to the newspaper Izvestia, at Moscow.

With this new development of the Czecho-Slovak movement the Bolsheviki press is raising cries of alarm. The Pravda, for instance, declares the Czecho-Slovak danger is growing like an avalanche and that the counter-revolutionary movement is extending.

BOLSHEVIKI ANNOUNCE PLANS

Moscow, July 31.—(via Berlin to Amsterdam) Aug. 1.—At a plenary session of the executive main committee, the Moscow council and the labor organizations, in which two thousand members participated, Premier Lenine and War Minister Trotzky spoke, and the following resolutions were passed:—

"First—The Socialist fatherland is in danger.

"Second—The chief tasks at the present moment are the repulse of the Czecho-Slovaks and the obtaining of grains.

"Third—The most powerful agitation must be started amongst the laboring classes to explain the gravity of the situation.

"Fourth—Vigilance must be increased against the Bourgeoisie, who everywhere are joining the counter-revolutionists. The Soviet government must program itself and to that end the Bourgeoisie must be placed under control and mass terror put into practice against them.

"Fifth—The general watchword must be Death or Victory, with mass expeditions for bread, mass military organization, the arming of workmen and the exertion of all strength to fight against the counter-revolutionary Bourgeoisie."

The meeting at which these resolutions were passed were held on July 30.

COMPLETE SUBMISSION TO GERMANY.

Washington, July 31.—Complete submission of the Bolsheviki government to the ambitious designs of Germany and consent to the practical German annexation of the great western provinces of Russia, appears to have been the outcome of the conference which has just been held between Russian and German delegates for the ostensible purpose of constructing the peace treaty of Brest-Litovsk. Cable dispatches recently announced a complete agreement between these delegates, without indicating its nature.

From Zurich today came the statement that the result of the conference was a formal renunciation by the Soviet government, of any claims to the great provinces of Estonia and Livonia. In consequence, Courland would be detached from the military administration of Obost and united to Livonia and the Baltic provinces to form a general government which would be a stepping stone for the ultimate incorporation of the Baltic provinces with Germany. The temporary occupation by German troops of Estonia and Livonia thus would be made permanent, though these provinces are east of the new German frontier as defined in the Brest-Litovsk treaty.

Allied Intervention.

London, July 31.—(via Reuter's Ottawa agency)—Reuter is informed that the object of Allied action in Russia is to assist the Czecho-Slovak armies to prevent any danger thereto from Germany and also to prevent at all costs the Germanization of any portion of Russia. The Allies have not the slightest intention of doing anything tending to their territorial aggrandizement. Their main purpose is the maintenance of Russian sovereignty.

Paris, Aug. 1.—Discussing the necessity for an effective intervention in Russia by the Allies, General Gallier says:—

"I consider the gravest and most pressing danger that the Russian army now presents is that of a German advance into the Baltic provinces, which, as the Germans acknowledge themselves, is most precarious, but to consist more especially in the fact that the German government could make with the complicity of the Bolsheviki by recruiting in the provinces. Disorganized as Russia is, and no matter what the military faltering of Russian soldiers, terror and misery can, by force, bring Hun soldiers into the German ranks, they would fight badly, but they would make up the number."

Cannot Endure the Yoke.

Paris, Aug. 1.—(Havas Agency)—The murder of Field Marshal Von Eichhorn according to the comment in the Paris newspapers, demonstrates that in spite of their legendary duplicity, the Russian people cannot endure the German yoke. This crime, the papers say, coming after the assassination of Count Von Mirbach, the German ambassador to Russia, shows that the return to dictatorial methods of government in Russia was bound to place bombs in the hands of those men who for many years knew no other argument of opposition. The newspapers insist that Germany is reaping the harvest she sowed.

Ukraine Troubling Germany.

London, Aug. 1.—Germany is contemplating the recall of Ambassador von Munim from the Ukraine and the handing of passports to the ambassador of the Ukraine in Berlin, pending the clearing up of the situation in Kiev, according to an Exchange Telegraph despatch from Amsterdam under Wednesday's date.

Foreign Secretary Von Hintz, the message adds, had a long interview with the ambassador from the Ukraine on Wednesday and then received the Austrian ambassador. With the latter, the possibility of sending military reinforcements to the Ukraine was discussed.

Riots in Ukraine.

London, Aug. 1.—Serious riots are reported from the country districts in the Ukraine, according to a Kiev despatch to the Fremdenblatt, of the Exchange Telegraph correspondent at Copenhagen reports. The peasants are now offering organized resistance to the "German usurpers" as they are characterized.

People Starving.

Moscow, Aug. 1.—(via Amsterdam)—The people's delegates for internal affairs have appealed to the provincial and district committees, declaring that Moscow and Petrograd have been without bread for four days. The provincial and district committees are urgently requested to rescue the capital from famine.

COMMENT ON BORDEN'S SPEECH IS FAVORABLE

London, Aug. 1.—(Via Reuter's Ottawa Agency)—What the Daily Chronicle calls "Borden's disclosure" as regards imperial preference, is editorialized by the Daily News, which says that the public will read with great satisfaction Sir Robert Borden's wise and statesman-like speech.

"He has done a great service in public life in this country, and incidentally to Australia, which no one else could have done so discreetly," says the News.

"For two months past Premier Hughes of Australia, who is here nominally as a member of the imperial conference, has been conducting a whirlwind campaign with the object of stamping the country into tariff reform and an economic war with the United States."

"The daily despatches give the public the great outstanding facts of the war, Mr. Amy's letters will even tell the details of the daily life of the Canadian divisions at the front, supplementing the cable news with a more complete picture of the war."

Mr. Amy's first article follows here. Others will be published from time to time, as soon as censored and released.

THRILLING WORK BY THE AIRMEN

Invade Germany and Bomb Important Military Objectives—Several Machines Lost in Fierce Fights

London, July 31.—The air ministry's communication on aerial activities, issued tonight, follows:—

"In addition to the attacks already reported on the 29th inst., the station at Lahr (Baden) was bombed."

"On the night of July 30-31 our air-planes again proceeded to Stuttgart and dropped nearly two tons of bombs on the Hagmann station and barracks, causing a heavy explosion. The Remilly Junction and two airfields were attacked with bombs and machine gun fire."

"On the morning of July 31 one of our squadrons attacked the Coblenz station. Owing to clouds observation was impossible. The station and factories at Remilly were subjected to two attacks."

"The first formation encountered large numbers of hostile scouts before reaching their objective. Bitter fighting ensued, in the course of which four of our machines were shot down. The remainder bombed their objective and on their return journey again were heavily attacked, losing three more machines. One hostile machine was disabled."

"The second attack, delivered later, was completely successful. Bombs were dropped in the factory. In spite of attacks by hostile scouts all our machines returned safely."

SIX KILLED IN FACTORY FIRE

Peekskill, N. Y., Aug. 1.—Six men were killed in a fire which destroyed a warehouse of the Fleischmann Yeast Company here this morning. Five firemen and a workman were caught under a falling wall and all are believed to be dead.

This is the second fire within a week at the plant. Officials expressed a suspicion that incendiaries may have been at work on the premises. The loss is about \$60,000.

ALIED SOCIALISTS STAND STRONGLY FOR DEMOCRATIC PEACE

Paris, Aug. 1.—John Spargo, and the other delegates of the Social Democratic League of America, who are visiting France, today made a declaration regarding a possible meeting of international Socialists. They advocate unity of action by the Socialists of the Allied nations to obtain a democratic peace.

The declaration says that if a conference is judged the best procedure toward this end, it should be summoned by a committee representing each allied country.

It adds that if Socialists from all countries of the Allied countries they should officially and publicly sign certain conditions, which would include open repudiation of their autocratic governments and an obligation to work for a democratic policy, even to their ruin.

BURIED TODAY.

The funeral of John Henderson took place this afternoon from his late residence, 4 Colburn street. Services were conducted by Rev. G. F. Dawson. Interment was made in the Church of England burying ground.

The funeral of Mrs. William H. Priest took place this morning from her late residence, 70 High street, to the Mission church, where requiem mass was celebrated by Rev. H. E. Bennett. Interment was made in Fernhill cemetery.

HIS SKULL FRACTURED.

Herbert Ingraham, the one and one-half year old son of Mr. and Mrs. Robert Ingraham, Delhi street, wandered out of the house this morning and fell off the stoop. His injuries were such that he was taken to the General Public Hospital, where on examination it was found that the little fellow was suffering from a fractured skull. His condition is reported as being serious.

Committee agrees on new tax on autos ranging from \$10 on cars costing less than \$500 to \$140 on cars costing \$500, tax on gasoline two cents a gallon.

It was Col. J. W. Almond, Director of Canadian Civil Services Overseas, who said it in an interview given in Canada. He might have gone farther. There is another side than suffering and work. There is hardship, of course, but its definition is different in France, and many a lad emerges from it a better man, more improved in body and mind. There is endurance that makes heroes and Canadian history, and brings to the front the best of the race. It is not the thrill of accomplishment that is the thing that quickens the intellect and there is that vast proportion of the career of the fighting man that is so far from the fighting line as to make his days of rest a time of enjoyment not alone comparative in its appreciation.

Johnny Canuck is not always fighting. Though it is here to fight. He fights after he rests well. He goes over the top with a new vim when his cup of experience is seasoned. Upon the appearance of the police the men ran. Later in the evening both were arrested and this morning a charge of breaking and entering Wiley's store was laid.

LEADS TO ARRESTS

Frederickton, Aug. 1.—The drug store of John M. Wiley, licensed liquor vendor, was broken into on Tuesday night and a considerable quantity of liquors were lost in Valparaiso Bay. An American steamer was torn adrift by the wind and blew about the harbor, colliding with various small craft, damaging both them and herself and narrowly escaping destruction against the docks.

Phelix and Ferdinand WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Sturp, director of meteorological service

Synopsis—Fair weather prevails over the dominion with very warm conditions in the west.

Lakes and Georgian Bay, Ottawa Valley and Upper St. Lawrence—Moderate south to southwest winds; fair and warm. Friday, a few scattered showers, but generally fair and warm.

Lower St. Lawrence, Gulf and North Shore—Winds becoming fresh, south to southwest, fine and moderately warm, a few scattered showers on Friday.

Maritime—Moderate winds, warm today and on Friday.

Superior—Moderate to fresh southwest to northwest winds, few scattered showers but generally fair today and on Friday.

Manitoba and Saskatchewan—Fair and warm. Alberta—A few scattered showers but generally fair and warm today and on Friday.

New England—Generally fair tonight and Friday; somewhat warmer Friday, moderate west winds.

THE PREFERENCE, WITHIN EMPIRE, HERE TO STAY

One of his arguments was that only by imperial preference could this country be assured of the first call on raw material for the dominions. Another aspect of the trade policy which the prime minister strongly insisted upon was that the government would have to see that our essential industries were strengthened and protected. He made it abundantly clear that the longer the war lasted the worse would be the economic terms which Germany would obtain from England and her allies.

Premier Lloyd George was accompanied by Mr. Dinah Law. The deputations was introduced by Sir Edward Carson and Sir George Terrill.

With the American Army on the Aisne-Marne Front, Aug. 1.—(By the Associated Press)—The Franco-American forces on the main battle front continued in a process of straightening out the line. They scored advances in this effort, the Americans pushing beyond Serzy to within two kilometers of Chantery. The Allied forces effected their progress against stubborn German resistance.

With the American Army on the Aisne-Marne Front, Wednesday, July 31.—(By the Associated Press)—American and French troops launched an attack Wednesday afternoon from Seringes to Clerges, on the centre of the Marne front for the purpose of straightening the line and demolishing barbed wire entanglements which the Germans have placed through the hills, forests and open places.

Gen. Degoutte, commanding the army on this front, expressed to the correspondent today his satisfaction at the progress already made and the hope that the advance would continue until the Germans were forced beyond their new positions.

The Allied forces now occupy the hills beyond Seringes and Serzy. One of the fiercest encounters in the present offensive was brought about by the Americans, who occupied Seringes. During the night some prisoners were taken.

Some prisoners taken declared that the orders were that the Germans must hold on at all costs.

Among the prisoners were men attached to the fifth foot guards from Loraine, and others who had been on leave in Germany, who said that the German people were thoroughly tired of the war and did not care who governed, so long as the war came to an end.

Using New Gas.

The Germans on Wednesday used new gas having a white flame and no smoke.

The purpose of the American and French attack, which is in a southerly direction, probably is for the purpose of outflanking the Meunier Wood and in cutting off the blunt edged salient in the line between Romigny and Clerges. This salient was made more acute by the American advance north from Clerges to Seringes.

The Allies brought into action their heavy artillery, their aviators and part of the army artillery farther north near Bucquoy and in Flanders in the Merrie Metereen sector.

Gallant Work by Scots.

With the French Army in France, Aug. 1.—(Morning, by the Associated Press)—Gallant work was done by the Scottish division, which participated with the French and the Americans in the attack on the western pivot of the German line below Soissons. This division, composed of famous Highland and Lowland regiments, entered the line to relieve an American division. It took its place in the front after three days and nights of incessant traveling in lorries and a march of ten miles with full packs. The Scots immediately launched an attack and drove back the Germans on their front.

The conduct of the division has called forth high praise from the French general staff.

Sheer Hard Fighting.

London, Aug. 1.—Yesterday was a day of sheer, hard in-and-out fighting on the American front telegraphs Reuter's correspondent on the front north of the Marne. He says the final capture of Seringes by the Americans was an especially creditable achievement.

Since the Americans took the village on Monday the Germans made no further attack on the place, but kept up a constant artillery and machine gun fire to drive them out. This continued work, the bringing of peace to the eastern front, and the heavy blows dealt the Allies during the present summer.

Amsterdam, July 21.—The semi-official Wolff Bureau of Berlin is sending out reports of heavy losses inflicted on American troops fighting on the Marne front. A telegram dated Wednesday and received here says: "An American prisoner captured on July 21 said that of the first battalion of the 10th Regiment after a German attack east of Chateau Thierry on July 17, only thirty were left and no reinforcements had arrived since that time. The second battalion of the same regiment in going forward to the attack Tuesday (July 20) west on Meunier Wood had 100 casualties."

French Repulse Attack.

Paris, Aug. 1.—The Germans this morning attacked the French positions in the region of Eligny, southwest of Rheims. The attack was repulsed, says the war office statement today. The statement follows:—

"Southwest of Rheims the Germans made an attack against the heights of Bligny. They were repulsed after a sharp combat.

"The enemy carried out a number of surprise attacks in the region of Four Paris (Meuse sector) and upon the right bank of the Meuse without obtaining any advantage. The French inflicted losses on the enemy and captured prisoners."

Five More Victories.

Paris, Aug. 1.—(Havas Agency)—Sub-Lieut. Boyau has gained five additional aerial victories, three of which were won in ten minutes each, the newspapers report. His total is now twenty-nine. Lieut. Madon has increased his string of victories to thirty-eight.

On Soissons-Rheims Front.

Paris, Aug. 1.—(Havas Agency)—In the fighting on the Soissons-Rheims front July 15 to July 31, the Germans used forty-five divisions, according to the Echo de Paris. Many of these divisions were used several times, being brought

Ban on Pork And Bacon Lifted

Ottawa, July 31—The Canada Food Board has removed, temporarily, the restriction on the consumption of pork. Such action has been made possible by the pork production and conservation efforts in Canada and the United States, and the food board's order, passed today, provided that pork, including bacon and any part of the carcass may be served at any time in public eating places operating under Canada Food Board licenses. In making this announcement the food board stated that, as a result of conservation measures and increased production, net exports of pork from the dominion have been increased by 125,000,000 pounds per annum, which is an increase of 371 per cent. over a five year pre-war average. The Genial Drink Around four o'clock in the afternoon, when the body is tired and the mind is weary, and you don't quite know what to do next, there is nothing that will stimulate you so quickly and give you renewed ambition, and make the world take on a new aspect, so much as a cup of Lipton's Tea. But be sure the Tea IS Lipton's, because the quality is guaranteed. We grow it, blend it, pack it, and sell it ourselves. No other firm selling Tea in Canada may give you this guarantee.

THE WAR SITUATION.

Along with a statement that "the object of Allied action in Russia is to assist the Czech-Slovak armies, to prevent any danger thereto from Germany, and to prevent at all costs the Germanization of any portion of Russia," there comes in today's cables the story of the complete surrender of the Bolsheviks to German influence.

Word comes from Roumania that the German high command has asked how many divisions could be spared from Roumania to strengthen the western front, and the answer is that owing to the excited condition of the Roumanian people it would be unsafe to withdraw any of the German troops.

The situation on the western front shows no important change. The French and Americans delivered an attack on the centre of the Marne front yesterday and straightened a portion of the line. An enemy attack on a French position southwest of Rheims was repulsed.

Lenine and Trotsky and their followers have determined to use "mass terror" against Bourgeois, or middle classes of Russia, who are declared to be in sympathy with the Czech-Slovak.

The Kaiser assures his people that the American forces crossing the Atlantic "are being attacked by German submarines which are certain of success."

The post office strike in the west has been settled. It would never have occurred if the postal department had not failed to do its duty promptly.

The French and American forces gained a little more ground in the Marne salient yesterday, against stubborn German resistance.

Shortage of Fifteen Million Tons Creates Grave Problem—Strict Economy Necessary

London, July 31.—In a discussion of the coal situation in the house of commons today, Sir Albert Stanley, president of the Board of Trade, said the German advance since March had resulted in a decrease of eight million tons annually in the French output of coal.

Hindenburg is once more in the news. He is still alive, and is said to have been present at a conference with the Kaiser at which the Crown Prince was severely criticized and his removal from the command of the army suggested.

Because the Germans since March last have got control of more French coal territory, Great Britain must economize to help France.

Shell Shocked Nerves

Shattered nerves are the source of greatest suffering to many a returned soldier. The doctor can give something to relieve physical pain, but when the nervous system breaks down and you are sleepless, nervous and mentally worried, real cure only comes when the exhausted nerve cells are nourished back to health and vigor by such restorative, upbuilding treatment as Dr. Chase's Nerve Food.

WHY CHAUTAUQUA?
General Petain of the French army declared that the American Red Cross had been worth a million and a half soldiers to the Allies. Why was it? Because the American Red Cross had been maintaining the morale of the French army by ministering to the families of the soldiers while they were away in the trenches. The Red Cross was doing its utmost to sustain the normal activities of the nation in a time of war. The Chautauqua is a normal function of a progressive American community. It ministers to the legitimate, healthy de-

Gramps and Pains In The Stomach QUICKLY CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Mrs. J. Pawcett, Hopewell Hill, N.B., writes: "I am writing you of my experience with Dr. Fowler's Extract of Wild Strawberry. Last summer I was taken so very sick with cramps and pains across my stomach that I sent for the doctor. He said I had summer complaint and gave me some medicine, but it did me very little good. As I was reading your B.B.B. Almanac, I saw Dr. Fowler's Extract of Wild Strawberry advertised, so I asked my sister to go to the store and get me a bottle, and before I had taken all of it I was a well woman, and have not had the slightest return of the trouble since. I cannot say enough for your valuable medicine, and always keep a bottle in the house."

You run absolutely no risk when you buy Dr. Fowler's Extract of Wild Strawberry, as it has been a standard remedy on the market for the past 72 years. Ask for "Dr. Fowler's" and insist on getting it, as the cheap imitations are dangerous to your health. Price 85c. Put up by The T. Milburn Co., Limited, Toronto, Ont.

MUST DESTROY HUN MILITARISM

Former French Minister of War Sets Forth Allies' Aims and Determination - No Delusive Peace

Washington, July 31-Prussian militarism must be destroyed, declares M. Millerand, former French minister of war, in a published article which has been cabled to Washington. M. Millerand earnestly urges his countrymen to forget everything; to put aside everything which is not to the advantage of the war, and he declares "the new world did not enter upon the scene; did not cross the Atlantic; does not accomplish the daily miracles of which we are the astonished grateful witnesses in order to content itself with a bastard and delusive peace fraught with all danger."

"The United States, and we with them, will never rest until our aim be obtained—the destruction of Prussian militarism. To restore Alsace-Lorraine to France; reunite Italy and the Irredentia; free the sons of Roumania and the Czechoslovaks; to restore glorious and unhappy Belgium; raise Serbia and again reconstitute Poland, divided as she is between Russia, Austria and Prussia; what is all this if not the destruction of Prussian militarism?"

RECENT DEATHS

Capt. Bartlett McLean. The sudden death of Capt. C. Bartlett McLean at his home, 185 Bridge street, late last evening, came as a shock to his family and his many friends. Captain McLean had been ill for only a few days and his illness was not considered fatal. He was about the house yesterday as usual and did not complain of any particular illness until last night, when he was taken violently ill and died within a short time.

Captain McLean sailed out of St. John in command of coasting vessels for some years, but for the past thirteen years since made his home here, and has been employed as motorman on the Street Railway. He was an active member of the Street Railwaymen's Union, and held the office of president of the body for three years. He was formerly vice-president of the Trades and Labor Council of this city. Mr. McLean was in the prime of life, and had many friends in the city, by whom he will be remembered as a kindly, genial man, and will be greatly missed.

Captain McLean was born at The Range, Queens county, where two brothers and a sister now reside. The brothers are J. Duncan and Leonard, and the sister, Miss Addie. The body will be taken to Cumberland Bay for interment.

Captain McLean is survived by his wife and four children, the latter being: George, Frank A., Bartlett, and Marion.

Mrs. Diana Stevens. St. George, Aug. 1-Mrs. Diana Stevens, who was almost ninety years of age, died on Wednesday. She was a woman well known among the elder generation and highly esteemed.

Mrs. Luthie Cook. St. George, Aug. 1-Mrs. Luthie Cook died very suddenly on Tuesday at her home, Utopia, of apoplexy. She leaves six sons and three daughters, children of her first marriage, all grown to manhood and womanhood. Before her marriage to Mr. Cook she was the widow of Sergeant Patrick Finnigan. She was born in Utopia and spent her entire life in this community. Always of an active disposition her death was a severe shock and will be heard with regret, particularly by the elder generation.

Mrs. H. S. Langstroth. Sussex, July 31-The heartfelt sympathy of the community goes out to the family and relatives of Mrs. H. Samuel Langstroth, wife of the late Dr. H. Samuel Langstroth, whose death occurred Monday at the home of her daughter, Mrs. Peter T. Meek, Smedley (Ont.). Mrs. Langstroth had had poor health for the last few months. About two months ago her niece, Miss Fredrick Hallett, left her position in a hospital in Cleveland, Ohio, to accompany her aunt home, when her condition became so serious that she was not able to travel. Mrs. Langstroth was a lady of very fine ideals and was loved and respected by all with whom she came in contact.

NO MORE KIDNEY TROUBLE

Since He Commenced to Take "Fruit-a-lives"

78 Lees Avenue, Ottawa, Ont. "Three years ago I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-lives,' I thought I would try them. The result was surprising. I have not had an hour's sickness since I commenced using 'Fruit-a-lives,' and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT. 80c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent post-paid on receipt of order by Fruit-a-lives Limited, Ottawa.

by all with whom she came in contact. She leaves to mourn, one daughter, Joan S., wife of Rev. Peter T. Meek, and one son, Dr. Leigh Langstroth, also four sisters, and three brothers. The sisters are Mrs. Murray B. Keith, Mrs. G. M. Blakely, Petticoe; Mrs. Mary Teakles and Miss Harriett Stockton, Sussex. The late Dr. A. A. Stockton, St. John, was a brother.

The body is being brought here for burial. The funeral will be held from the Langstroth residence in Main street at 10 o'clock Saturday morning. Rev. J. M. Rice will officiate. Interment will be in the family lot at Upper Sussex.

FEAR TROUBLE IN ROUMANIA

Paris, July 31-In well-informed Roumanian circles in Paris it is said the German high command has asked the commander of the German troops stationed in Roumania and in the Russian districts how many divisions can be recalled to the western front. Field Marshal Von Mackensen, the German commander in Roumania, according to a despatch to the Havas Agency from Berne, replied that it would be unsafe to remove any troops owing to the excited condition of the Roumanian people. The despatch adds that Von Mackensen has directed the Roumanian government, owing to uprisings, to proclaim a state of siege throughout the country.

WHY CHAUTAUQUA?

Lord Kitchener urged the home government to keep the theatrical enterprises of England operating for the benefit of the soldiers who came home on leave of absence, because they needed diversion from the awful business of the trenches. Recreation is as indispensable to the normal man as religious worship or food or clothing. The Chautauquas fills a place in the community's life that the theatre cannot fill. It cannot be suspended without irreparable loss. A committee of camp directors has been appointed to standardize, at from eighteen to twenty-five cents an hour, the wages received by the farm cadets in the six camps on Long Island.

Corn Frowns Vanish in a Moment

HERE is a fact which millions know. It is so clear, so simple that it makes a corn ridiculous. You can stop any corn pain in a jiffy, and stop it for good. You can end any corn quickly and end it completely. You can do this without any bother, without any soreness, without any muss.

So corns are utterly unnecessary. And folks who have them nowadays do themselves a wrong. You can prove these facts on any corn by applying a Blue-jay plaster. The pain will stop instantly.

Then a bit of red wax, centered on the corn, will gently undermine it. In two days, usually, the whole corn disappears. An occasional corn needs a second application.

This is a scientific method, invented by a famous chemist. BAUER & BLACK, Limited, Makers of Surgical Dressings, etc., Chicago, Toronto, New York.

Large advertisement for Polarine motor oil. Text: Polarine FRICTION REDUCING MOTOR OIL. Makes a good car better. For Cylinder Walls. KEEP your cylinder walls like new—unscored and as smooth as glass with a film of oil that withstands heat and cold and maintains effective lubrication. Scored cylinders cause poor compression, wasted power, lost efficiency that impairs both the performance and the actual value of your car. DELIVERY OF FULL POWER depends on a gas-tight piston-to-cylinder contact. Correct lubrication is therefore most essential. It reduces friction to a minimum, prevents overheating, protects the cylinder walls against scoring and so keeps power from leaking past the pistons. IMPERIAL OIL LIMITED BRANCHES THROUGHOUT CANADA. Some Troops Soon to Move—Pte. Weston Killed—News of the Soldiers

Sussex Camp N. B., July 31—Today was a gala day in the camp. A large number of men are about to move to other and larger quarters, and the various wives, sweethearts, fathers, mothers and sisters of the brave men were present.

Mrs. John Weston of Jardineville (N. B.), has received word from Ottawa that her son Pte. Edgar S. Weston was killed in action on June 28.

Private Weston was the only child of the late Captain John Weston and was a young man of sterling qualities and a general favorite.

PTE. EDGAR WESTON, son of the late Capt. John Weston, of Jardineville, N. B., who is reported killed in action.

He enlisted on July 12, 1915, and went to Valcartier with the 55th battalion and in October of the same year crossed to England. In July, 1916, he went to France and was wounded in the battle of the Somme.

Lieutenant Daniel Wounded. An official telegram dated July 22, states that Lieut. Roy L. Daniel of the Princess Pats has been wounded in the face and forearm.

Pte. Wannamaker Gassed. H. S. Wannamaker, 45 Elliott Row, has received word that his brother, Pte. C. W. Wannamaker, was admitted to No. 7 Casualty Clearing Station on July 28, suffering from shell gas.

Water Freight Are To Blame

Alex. Dick, Sales Agent of Dominion Coal Company, Shows Who Gets Money Paid For Coal

"Something will have to be done to stop this profiteering in water-borne freight," said Alexander Dick, sales manager for the Dominion Coal Company, of Montreal, when interviewed last night by The Telegraph at the Royal Hotel.

"The St. John problem is one of transportation," he added. "It is only possible to charter steamers today at very high freight rates, which accounts for seventy-five per cent. of the increased cost of coal to the consumer."

"Beyond any doubt St. John will have to depend on the railways more than in the past for its coal supply and already large quantities are being imported from the mines in Nova Scotia by rail.

"Our output," he said in answer to a question, "has been maintained about at the same rate during the past three months. It is perhaps only fair to caution the people of St. John to lay in their coal supplies earlier than usual this year, which is the course being urged by the United States fuel administration in that country."

ENGINEERS' COMPLAINT. The manner in which certain provisions of the Factory Act were carried out, was discussed at a meeting of the Stationary Engineers held last evening, and a committee was appointed to wait on Premier Foster to present the views of the men.

TONIGHT'S BAND CONCERT. The Temple Band, under the leadership of Bandmaster Jones, will render the following programme on King square here this evening.

MORNING NEWS OVER THE WIRES. Sir George E. Foster addressed a largely attended meeting of the Women's Canadian Club in St. Stephen last evening. While there he was a guest of Senator Todd.

THE SPOILERS, BIG GEM SENSATION

Rex Beach's Powerful Story of the Northland in Eight Reels—Terrific Fight of Wm. Farnum and Tom Stanski

The Gem has shown many big features and has earned a reputation for the excellence of its offerings, but it has given few better than "The Spoilers," a big, throbbing, eight-reel story of the vast north, played by men as big as the story and as the scenes in which they move.

"Beyond any doubt St. John will have to depend on the railways more than in the past for its coal supply and already large quantities are being imported from the mines in Nova Scotia by rail.

DAME NATURE IN RICH ATTIRE
Nature lovers—and who isn't one?—were enraptured with last evening's sunset. Such a wealth of exquisitely blended colors is now often the good fortune for one to behold. Greys in softest tints, azure and navy blue, brilliant cerise and "baby" pinks were intermingled in marvellous schemes, but not only the glowing western horizon but away into the north the art gallery of tints and tones of unusual beauty made the calm, cool evening a distinct joy.

HAS BROTHER HERE

William Gordon McPhail, Killed in Action, One of Five Brothers, Who Offered for Empire's Service

William Gordon McPhail, who was reported in last night's casualty list as killed in action, is the son of Mr. and Mrs. John D. McPhail of Buctouche, Kent county. He was thirty years of age. Prior to enlisting in 1915, with the 188th Battalion, he spent thirteen years in Winnipeg, where he was conducting a prosperous business, but gave up all to serve his country. He is survived by his parents and seven brothers, Charles of Kansas, Sask.; Malcolm L. of St. John, Donald of Buctouche, Dr. Harry T., attached to the Army Hospital in Winnipeg; John of the 188th Battalion in France; Colin of the Canadian Tank Battalion, France; James, who enlisted in Winnipeg Medical unit and was afterwards honorably discharged after contracting spinal meningitis; also two sisters, Mrs. A. D. MacKinnon and Miss Florence, of Rockland, Mass. Much sympathy is felt for the bereaved ones in the loss of a brave son and brother.

DEER LIKES PRODUCT OF THE WAR GARDENS

A deer, haunting the woods about the Manawagonish road, evidently has very little respect for the war gardens along the road, and certainly does not seem to realize the food crisis that the empire is passing through.

The deer, on several occasions, has been caught in the act of stealing tops off the vegetables, and not satisfied with having a meal is using the plots as a speedway. His favorite foods are cabbage and turnip tops. While the amateur farmers are not specializing in these branches of production, but they are becoming afraid that the deer will desire more delicate food stuffs, and should be, it may mean a great loss to the gardeners. Some means of disposing of the unwelcome visitors are urged.

One of the gardeners report that there are signs of black rot on the potatoes and suggest that the gardeners should use Bordeaux mixture at once.

Plans For Service On War Anniversary

Rev. (Capt.) G. A. Kubring, chairman of Sunday afternoon's mass meeting in Imperial Theatre in observation of the fourth anniversary of the war's commencement, explained to the Times this morning that invitations had been extended to all the clergymen in the city to attend and sit upon the platform. It is expected there will be upwards of seventy present. The Roman Catholic clergy will observe the occasion in their own churches, but that the committee heartily for their invitation.

The spacious loges and boxes of the theatre will be reserved for wives of clergymen and a representative each of the patriotic societies. The general public will occupy the auditorium seats and if any organization can arrange to attend in a body an effort will be made to seat them together. The Young Woman's Patriotic Association will usher and the City Cornet Band, under Francis Waddington, will play. Besides accompanying the congregational singing of the specially selected hymns, which have been written for the hand by their leader, the City Cornet will discourse an appropriate sacred and patriotic programme.

The meeting commences at four o'clock sharp and it is expected it will close shortly after five. Rev. H. A. Gordon of Centenary Methodist church, will deliver the address.

Imperial Theatre has again been placed at the disposal of the public gratis, the management and staff cooperating in decorations, etc.

Girls Take Places Of Men With Shovels

Six young ladies—charming young ladies—visited the south end playground last evening. Seeing that men were scarce, they seized shovels and helped to do some grading. They said they would come again, and they wondered where the young men of the south end were—and the older men. They said they wanted to see the playground opened next week, and also hoped an out-door skating rink could be made there in winter.

Corp. Killen paraded his construction company last evening, and though considerably under strength, due to the extraordinary demand up town for south end men in the evening, it must be said that they presented an imposing appearance, as they marched with shouldered arms across the diamond. The grading is not yet finished.

COUNCIL HEARS PROPERTY OWNERS OF UNION STREET

Protest Registered Against Special Taxation for Street Paving While Paying Regular Taxes as Well

At a meeting of the common council held in city hall this morning Fred R. Taylor, K. C., submitted an affidavit as to his reason for not filing a statement with the chairman of the board of assessors. He explained that his domicile was in Rothesay and that he was assessed for his personal property there. He said he objected to being assessed about paving Union street from Charlotte to Waterloo streets. He said that he was set aside until a further meeting this afternoon when the chairman of the board of assessors will be in attendance. A delegation of Union street property owners was then heard. J. A. Likely told of an agreement made between them and a city official four years ago about paving Union street from Charlotte to Waterloo streets. He said that they were given to understand that legislation would be secured which would give authority to the city to compel all property owners to pay half of the cost of paving. This, however, had not been done and they were being taxed for the work while other property owners in the principal streets of the city were getting a good pavement and not paying a cent extra tax for it. This, he contended, was not fair and they desired to be relieved from further assessment at least, and if possible to be reimbursed for the amount already paid.

P. M. O'Neill told why the property owners had agreed to pay half of the cost. He said that they were given to understand that legislation would be secured to force property owners to contribute anyway, and that if they refused to do so, repairs to the section would have to be put off for another year. This, he said, would have meant the diversion of traffic around by way of King square as their section of the street was in very bad condition. In order to avoid that, they decided to pay half of the cost and thus protect their interests.

Richard H. Decker, Henry Dolan, T. M. Burns, who was present in the interests of His Lordship Bishop LeBlanc, and others also protested against the injustice of the special taxation.

The commissioners dwelt for some length on the subject, after which the delegation got the assurance that their arguments would be given fair and careful consideration.

Commissioner McLellan then asked for authority to call for tenders for re-flooring No. 7 fire station in West St. John and No. 1 in the east side. On his motion, seconded by Commissioner Bullock, the permission was granted. The floors are to be of concrete, the walls five inches deep with tile drainings.

ONE COMPENSATION FOR COOL WEATHER

While Babies Die by Hundreds in Other Places, St. John Has Not Had Single Death From Infantile Summer Diseases This Year

More than one hundred Montreal babies, ranging in age from a few days to five years, died last week from the heat wave. One of these little ones, the child of former St. John people, was brought home to St. John and buried yesterday. The week before last in Montreal the infantile death toll was ninety-eight.

Those who have been complaining of the exceptionally cool weather and damp days in this city and throughout the province, will, perhaps, now realize what a blessing in disguise the unseasonable spell may have been. While St. John was shivering in macintoshes, Montreal and other upper Canadian cities were absolutely willing.

Further proof of the healthfulness of St. John for little ones is proven by this summer's Board of Health records. Up to date there is not one entry of death from cholera infantum or summer ailments. The record is entirely clear of such troubles, and while it is perhaps a bit early yet to make any optimistic guesses as to what August may bring about, the chances are it will be a record year for absence of infantile troubles due to summer conditions.

While St. John seems especially immune from infantile mortality this summer, the same unfortunately cannot be claimed for the province as a whole. In the inland sections where the fog and briny breezes of the much berated old Bay of Fundy do not penetrate, the heat has been terrific in spells. Many mothers visiting in these places with their babies have hurried back to the city before their little ones became affected.

SAPPER E. BARRY SERIOUSLY WOUNDED

Mr. and Mrs. J. King, 482 Main street, were advised this morning from Ottawa that Sapper E. Barry of this city, a member of a Canadian Construction corps, had been seriously wounded and is at present in a hospital in England. Sapper Barry crossed overseas as a member of the 286th battalion and after being in England a short time, was transferred to a Construction Corps. Prior to enlistment he was employed with a construction company, here.

Have Your Home Comfortable

The old-fashioned idea of having at least one room fitted out with furniture upholstered in delicate silks, etc., has gone by, and in these days of high rents the wise course seems to be to fit out every room so that it can be used at all times. With that end in view, the new pieces are designed to combine great comfort with strength and durability.

We have an immense stock of these Sofas, Chairs and Rockers, covered in Tapestries of quiet colorings, which will stand the every-day use from every member of the household. This is the time to make your selections, even if you do not want delivery until later.
