100 Cheats of well selected TEAS the best value in the market.

Miramichi Advance.

CHATHAM, N. B., AUGUST 29, 1899.

Political.

The St. John Sun pretends to find in our article of last week in reference to the rumor that a general election is to take place before another session of the Assembly at Fredericton, evidence on which to base the following conclusion:—

"Without being at all belligerent in tone the article clearly indicates that when Mr. Blair appeals to the people, St. John will not be the only portion of the province where his government will run up against its record with a thud."

If the Sun is looking to the North Shore for any assistance in putting down the Blair Government because of anything it has recently done, it is very much mistaken. We have our grievances against the Government, it is true, but in our efforts to obtain redress, have received but little encouragement from the men in whose interest the Sun wishes the political downfall of Mr. Blair and his associates. And it may be well for the St. John opponents of the Government to understand that many of them out a very ridiculous figure in North Shore eyes. They were but a short time since amongst the foremost in supporting Mr. Blair's policy in gross and detail, and they were amongst the most valiant of his supporters when he withdrew his claims for simple justice in the stupaage matter, yet because somebody else's man, instead of theirs, was appointed to a certain office by Mr. Blair, they have changed their political allegiance and are now as loud in condemning as they were before in praising the Government. Not only so, but they really seem to assume that their squabble over this little St. John spoils matter interests the people of other countries. Nothing that has happened in local politics for a good while has so thoroughly demonstrated the self-importance and conceit of our St. John friends, and if they are waiting for the sound of the "chud" referred to by the Sun to come from this direction, they have very good prospects of being disappointed. We feel very independent of the Government in this region, but the opposition, headed by the Sun, seems to us to be only something to be amused over, rather than seriously considered.

Local Politics. The Chatham Advance contains an article on local politics in which it entirely considers the possibilities of a dissolution and general election. It admits that the enlarged franchise under the act of last session affords logical reason on which to excuse a dissolution, but thinks there is no general demand at the present time for a new election. In this the Advance is quite right. The people are indifferent; but, possibly, the government itself is not. Mr. Blair's administration has not been a success. It is said to have no more than a bare majority in the House of Assembly. The government has no more than a bare majority in the House of Assembly. The government has no more than a bare majority in the House of Assembly.

Revolution in Saw Milling. The Bangor Commercial intimates that the ordinary gang or rotary saw mill is to be superseded by the "band mill," in which the band saw is applied to all purposes of sawing. The W. W. Ayer & Co. mill is fitted with this band saw arrangement, and says the Commercial, "representatives from nearly every mill on the St. John river, from the New Hampshire mills and the Bradstreet's at Gardiner and from other mills all over the state have been here and inspected it and watched it work. They have all been surprised and pleased with it. Our own millmen say there will never be another gang or rotary put in here, but that they will be replaced by the band mill."

Miramichi Advance, Chatham, New Brunswick, August 29, 1899.

Notes and News.

Notes and News. In many places in eastern Nova Scotia, wheat, oats and potatoes are afflicted with blight and will be a poor crop.

Notes and News. Work on the Cape Tormentine pier is progressing favorably, and the stone work now extends 1000 feet from the beach.

Notes and News. The total Warnings of the Canadian fleet at Wimbledon is 2432, the largest amount ever recorded.

Notes and News. The fatal powder pit in the mines at Stollerton, N. S., is at last free of water, after nine years work. The debris is now being cleared out.

Notes and News. The H.M.C.S. around Macan, N. S., has again been stripped by a storm, which leaves the trees as bare as though a fire had run through them.

Notes and News. Will Ogden, of St. John, N.B., performed a remarkable trick last week. He laid a cooked gun on the ground, stood off about 15 feet from it, threw a common glass ball into the air, turned a handspike, picked up and discharged the gun, breaking the ball before it reached the ground.

Notes and News. A Duke Swindler. Victoria, B. C., Aug. 18.—The steamer from Alaska yesterday brings news that the Great Bear's Nest gold mine, recently purchased by the Duke of Sutherland and an English syndicate, has turned out to be worthless. The buildings and machinery have been abandoned, and the duke's agent has returned to Portland. The syndicate loss about \$2,000,000.

Notes and News. Much has been said and written of Germany's competition with Great Britain in the market of the world. A recent issue of the London Economist shows that in the years from 1879 to 1887 inclusive British foreign exports increased in round numbers by \$150,000,000 or 15 per cent. while those of Germany increased by only \$90,000,000 or 12 per cent. This does not show that pre-eminence Germany is to have in the trade of the world.

Notes and News. A Great Victory. Rockaway, Ga., Aug. 22.—Miss Louise Bates made a successful jump some days ago from a balloon with her pigeons. She ascended from Hamilton's Station at about 5.15 o'clock, her balloon taking a southeasterly course towards the ocean. When at the height of a mile and a quarter the daring young woman was seen to free herself from the balloon and descend rapidly with her pigeons. She landed in the ocean about a mile from shore and promptly began to swim towards the pier, being aided to keep afloat by a life-preserver which was fastened around her waist. Some of the life savers went out and assisted her to the shore. She was loudly cheered by several thousand people when she landed. She did not sustain any injury.

Notes and News. Took the Preacher's Advice. Atlanta, Ga., Aug. 22.—Rev. Henry Montgomery, a negro preacher, was shot on Friday night in a corn field, near an angle of the Spring, by Amos Johnson, an old negro who was employed to watch the field. Johnson called on the preacher a few days ago and told him that somebody was watching the field. Johnson called on the preacher a few days ago and told him that somebody was watching the field. Johnson called on the preacher a few days ago and told him that somebody was watching the field.

Notes and News. The Weekly Independent, a paper owned and edited by negroes, at Selma, Ala., in its last issue contained an editorial abusing the whites, saying: "If you mob-bait crackers would leave this southern land, in twenty years it would be a white man's land. You have had your day. You have had your day and we here predict that at no very distant day we will have our race war and we hope, as God intends, that we will be strong enough to wipe you out of existence and hardly leave enough of you to tell the story."

Miramichi Advance, Chatham, New Brunswick, August 29, 1899.

Notes and News.

Notes and News. Yesterday, the 20th July, we were down on the Patagonian coast found eight hundred sealings aboard her. We put another man aboard her and ordered her off to Stika as well, and last week we boarded both the Arich and the Theresa. They had some skin aboard, but we let them go, as the stuff had been too long caught, ordering them out of the sea.

Notes and News. CHIGNETO MARINE RAILWAY. Mr. H. G. C. Ketchum, has supplied some interesting particulars of the progress of the work on the Chignecto Marine Railway. Nearly all of the hydraulic machinery has arrived, and is now lying at Port Elgin and Bale Verte, ready for transportation to Tidbin. The machinery is from the works of Easton & Anderson (limited), of whom was given the contract. Mr. Anderson, the managing member of the firm, and a member of the council of the institution of civil engineers, has been appointed general ordnance to the British Government, and he has received special permission from the secretary of state to finish his contract under the ship railway company.

Notes and News. The work on the track is being pushed on with great vigor and activity; in some places the labor goes on almost continuously day and night. The contractor claims to have 1,200 men on his books. They expect to have about half of the work on the track executed by the end of the month, and the whole of it finished by about the time next year. A large quantity of rails have already arrived in this country. The steamer Guy Colin, to Halifax, lately brought from England 2,000 tons. These rails are of toughened steel and about the heaviest ever rolled, weighing 110 lbs. to the yard length. They are the heaviest ever seen, and will be weighing double the size of ordinary steel rails.

Notes and News. The people of this province will progress with pleasure of the satisfactory progress of the work on the ship railway. It has now well passed the difficult initial stages, and its successful completion may be confidently looked forward to.

Notes and News. LOSTER HATCHING EXPERIMENTS. The Newfoundland correspondent of the Montreal Gazette gives some interesting particulars of experiments in lobster hatching by Mr. Neilson, the superintendent of the Island Fisheries. The experiments have been conducted in the hatchery erected on Dildo Island, Trinity Bay. Mr. Neilson only commenced about four or five weeks ago, and he has already over a million and half one under treatment. His object is to have a number of female fish laid aside for him at the factories. The eggs under the long hours with which the swimmers are fringed are carefully removed and placed in hatching boxes, where a constant flow of dense, pure seawater is provided and kept constantly in motion. In ten or twelve days they are hatched; in six more days, having been fed in the meantime on food prepared from cod livers, of which they seem very fond, they are strong enough to be set free into the water. Under favorable conditions 70 to 80 per cent of the eggs can be successfully hatched. It is to be observed that these eggs are taken from captured lobsters and would all perish but for this saving, reproductive process.

Notes and News. The economic importance of these experiments is immense and they will be watched with considerable interest by the British fishermen, in fact, the fishermen are caught; the lobster fishery of the United States is well nigh extinct and there is an alarming falling off in the size of the fish caught in Canadian waters—a sure precursor of close seasons and regulations seem to have been little effect. But the lobster is not a migratory fish its movement does not exceed a few miles and if Mr. Neilson's experiments are successful they may be the means of arresting the decline in this important branch of the fishing industry.

Notes and News. Scott Act in St. Stephen. The council of the border town grappled with the vexed Scott Act question again as a special meeting the other day. Coun. Henry who said he favored repeal of the act, thought it ought to be enforced while it is law, and therefore moved the an inspector be appointed. Coun. Henry considered it necessary to have the act enforced, but to do so he would have to be favored, repeal of the liquor business; some of them were men who he respected." Coun. McKay said the County Council should appoint the inspector, but he would have to be favored, repeal of the liquor business; some of them were men who he respected."

Notes and News. Three Lucky People in Fallada. Ten thousand dollars in new, crisp bank notes from the Louisiana State Lottery were paid to three lucky people of the lucky ones, Mrs. J. P. Decourier, of No. 52 N. Thirteenth St., held one-fourth of a ticket and got \$5,000 in bank notes, and the other, N. G. 2331, was held jointly by John Kelley, a blacksmith whose shop is at 1542 N. Tenth st., and Lewis Wagner, who works for Otto Rupp, a retail baker, at 6231 St. J. They each got \$1,666.66. Investigations made by a staff correspondent of a Pittsburg paper show a terrible state of affairs in the Councilville coke region. Anarchy is uppermost in the minds of the Huns, united to acts of lawlessness and deeds of violence by the ringleaders, Jacob Otto and Christy, two confirmed red-dog and blood Anarchists, discharged from the mines because of their anarchistic tendencies. They have gone through the region jailing with kindred spirits, planting seeds of revolution and murder among the ignorant Huns. They are fully aware that they won the late strike, but they want pillage and plunder and a general drunken jubilee. Peaceable citizens have been beaten and several killed outright. The people are arming in self-defense, and the governor has been asked to take prompt action to protect life and property.

Notes and News. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

Miramichi Advance, Chatham, New Brunswick, August 29, 1899.

Notes and News.

Notes and News. The Review "takes the bun" for the biggest fish. For a new paper it gives the bun as solemnly as if it were an old hand at regulation fish stories. It says "a halibut weighing 700 pounds was caught recently by a Coogee fisherman." It will be the sea serpent next.

Notes and News. The Review also says—George Palmer had three of his fingers almost severed by a circular saw at the Calton Mills, Kouchibougué, on Wednesday last. Dr. Brine dressed the wounds.

Notes and News. Our esteemed townsman, W. D. Carter, intends leaving for Southern Dakota on Monday next. He will spend several months there. We trust to see him return hale and hearty. Mr. Carter will be accompanied part of the way by Peter Loggie who will proceed to Anamosa, Iowa, where Mrs. Loggie has been for some time visiting—that being her former home.

Notes and News. Files! Files! Looking Files. Symptoms—Moisture, intense itching and stinging most at night; worse by scratching. It allowed to continue long, often often bleeds and ulcerates becoming very sore. SWAYNE'S Ointment stops the itching and bleeding, heals ulceration, and in most cases restores the hair, at drug stores or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Notes and News. The Gait of a Living. "He that treadeth his life shall lose it," was the thought that came into the mind of a man who was walking through a field of corn. He was thinking, "I have been thinking of this for some time, but I have not been able to do anything about it. I have been thinking of this for some time, but I have not been able to do anything about it. I have been thinking of this for some time, but I have not been able to do anything about it."

Miramichi and the York Shore, etc.

PLANO and sewing machines for sale. See advt.

Piano's cure for Consumption and Pico's remedy for Catarrh are sold by F. D. R. F. MacKenzie, Droghda, Chatham.

SMOKE THE OTTLE, the best tea and cigar in the market. For sale wholesale and retail at Z. Tingley's, Chatham.

THE EXHIBITION.—Blank Entries and prize lists for the Maritime Exhibition at Moncton, N. B., had on application at the ADVANCE OFFICE.

SPECIAL NOTICE.—Owing to the train arrangement, which obliges us to go to press earlier on Wednesday than usual, no matter received after Tuesday at 6 p. m. can appear in the ADVANCE of that week.

Funeral.—Rev. Neil McKay of St. John's Church, Chatham, has been nominated by the Halifax presbytery for the position of moderator of the Maritime Synod of the Presbyterian Church in Canada.

INHERITED AT OCEAN.—Mr. Warren G. Winslow has been authorized by the British American Assurance Company to accept all claims of fire risks, loans policies and make endorsements, without delay or reference to the head office.

RECAPED.—Wm. McCabe, who had such a narrow escape from death at the Driving Park last week, is able to be about again, though very much exhausted and bruised.

TO APPEAL.—Mr. E. R. Ritchie, attorney for Mr. W. H. Harrison, has been instructed to appeal to the Supreme Court against the decision by Judge Fraser in the case of Harrison vs. Gibson et al. Globe.

HORSE KILLED.—Mr. David Isalmer of Upper Nelson, had a pair of horses killed on the N. & W. Railway a few days ago. They had been in pasture and broken out, getting on the track.

FUNERAL.—The remains of Mrs. Hugh M. Bishop, who died at Chatham, Mass., on the 18th August, were interred in St. James' Churchyard on Wednesday afternoon last, being followed by the grave of a large number of relatives and friends.

PERSONAL.—Dr. Conroy of Lyons of Lower Newcastle was principal in an interesting event at the pro-Catholic on Tuesday morning, the popularity of the happy couple being manifested in the large number of friends who were present to witness the ceremony.

THE RIVER.—The County Association wishes to take place on Wellington Range, Chatham, on Tuesday next beginning at 9 a. m. There will be a survey match for 15 prizes open to members who have been in the boat, 2nd, 3rd, or 4th prizes in any previous Dominion, Provincial or County match. There is also an all-comers' match for 11 prizes.

EVIL SALVING.—Messrs John and Thomas Jardine's two barges—"Sagona," Gordon master, and "Yalona," Anderson master—arrived at Liverpool, G. B., on Monday last, making the run in eight days. Both vessels sailed from Richibucto the same day and arrived at Liverpool the same day. Mr. Thomas Jardine, one of the firm, was a passenger on the "Sagona."

PLAIN AND FANCY WORK.—The ladies of St. James' Guild, Chatham, are preparing to receive orders for all kinds of plain and fancy sewing, knitting, etc., and to promptly execute the same. They will supply both materials and make up materials furnished by patrons. Orders will be received by Mrs. Blair, President, or any other of the ladies of the Guild.

CONFIRMATION.—On Sunday 18th inst., Bishop Kingsland, of St. James' Church, Ludlow, thirteen males and twelve females; and in the evening of the same day he confirmed nine males and eight females, making forty-two in all. Six adults were baptized at the same time. Within two years one hundred and twenty-three have been confirmed in this mission.

SPECIAL.—All subscribers will please take notice that the terms of the ADVANCE are as advertised in our regular business notice for years, viz.—\$1.00 a year, if paid in advance and \$2.00 a year if not so paid. When subscribers do not choose to pay in advance, but take credit for the paper, they do so with understanding that they are to pay at the rate of two dollars a year. Any subscriber who does not wish to pay \$2 a year for the paper must pay in advance.

ANNIVERSARY SERVICE.—The third anniversary of the opening of St. Luke's Methodist Church, Chatham, took place last Sunday. Rev. Dr. Sprague was the preacher at both morning and evening services. At the evening service the sermon contrasted charity and infidelity and was especially interesting. Mr. Scoybe was organist at the forenoon service, and in the evening, Mr. E. R. Stuart of Truro, a pupil of Herman Kitchener, performed the voluntaries.

REVIEW.—Richibucto's new paper was issued on Saturday last. There is certainly a great deal of it for the money, and if Mr. Paterson can make as good a paper as Richibucto it will prove that there is more in both the place and the editor than outsiders realize. The Review has eight pages of six columns each and makes a good showing of both reading matter and advertisements. It is, of course, independent and strictly impartial and expects to remain so.

PACIFIC PORTAL RATES.—After September 1st the rates on parcel post matter to Great Britain and Newfoundland will be reduced to twenty-five cents per pound, excepting from British Columbia, which will be five cents per pound additional. As the result of recent negotiations the Imperial postal authorities have consented to arrange that Canada shall participate in the imperial parcel postage, so that Canada may forward parcels to any country which Great Britain has existing arrangements.

THE PERRON LIGHTS.—In reference to the complaint of Mr. Lewis, who complains of the Perron Lights, that he was dismissed without warning, we have a statement of the facts, showing that his resignation was tendered a year ago and that he was well understood by him. We think he ought to have fairly stated the facts when he made his

complaint at this office in reference to his displacement.

THE SACRED CONCERT and Organ Recital in St. Luke's Church Chatham, this evening, will be an excellent entertainment of the class, and should be well patronized. Mr. Stuart, organist of St. Andrew's Presbyterian Church, Truro, is to preside at the organ, and as he is a master of the instrument, his selection will, of themselves, be a great treat. A number of solos, duets, trios and choruses, by the efficient choir of the church, added to the organ recital, will make the entertainment one which a Miramichi audience rarely has the opportunity to enjoy.

THE VEH.—A Halifax dispatch of Monday says:—At the convent of the Sacred Heart yesterday, Miss Mary O'Leary of Chatham, N. B., a graduate of the academy was received into the order, it is customary in the Sacred Heart convent when the novice has a relative a priest he is always asked to perform the ceremony. Following this custom Rev. J. O'Leary, parish priest of Grand Falls, N. B., was invited to Halifax to bestow the white veil upon the novice, she being a relative of the Rev. father.

DROWNED.—On Sunday evening, 18th inst., Arthur, the 7-year-old son of Mr. Wm. Norman, Engineer of Messrs. Richards & Dickson's mill, Newcastle, was missed and the fact that he was last seen going towards the tank on the mill wharf, led to the belief that he was drowned, especially as his hat was found floating near the wharf. Different means for finding the body were resorted to, unsuccessfully, until Friday last when the remains were found floating under the railway wharf. The funeral took place at 10 a. m. on Saturday last, a large attendance was indicated a general sympathy with the sadly bereaved parents.

A RARE CHANCE for a cheap return trip between Chatham and Newcastle—indeed for two return trips—is presented in the running of the Steamer St. John's on the 29th inst. She is to leave Chatham at a quarter past six o'clock for Newcastle, returning to Chatham immediately, the fare up and down being only ten cents, for the twelve-mile run, which will be made in little over an hour. At the close of the concert and organ recital in St. Luke's Church the same boat is to make a second run to Newcastle and back at the same hour. Our Newcastle friends can visit Chatham and return for the same fare—10 cents—leaving Chatham at 7 o'clock, local time, and returning at the close of the concert.

ANOTHER ROTTEN BRIDGE.—A serious accident occurred at Bellefleur Creek on Friday last. A team heavily laden, was crossing the bridge, when the structure broke down. It is quite a high bridge with considerable length of span. One horse was slightly injured and the other, which was making the bridge, was killed. James Reardon, James Burns of Sussex, who happened to be on the wagon at the time, was badly shaken up and injured his knee quite severely. The falling of the bridge was a very narrow escape. The driver of the team was not injured. Pending the rebuilding of the bridge, wagons will have to ford the stream, which is attended with considerable difficulty for loaded teams.

MR. FINLAY ANDERSON and Mr. George Kerr of Chatham, are enjoying themselves at the Point. A full half dozen Bay de Vin ladies paid the Point a visit yesterday, among the number being Mrs. Wood-W. Williston.

MR. FINLAY ANDERSON and Mr. George Kerr of Chatham, are enjoying themselves at the Point. A full half dozen Bay de Vin ladies paid the Point a visit yesterday, among the number being Mrs. Wood-W. Williston.

S. S. CONVENTIONS.—The annual convention of Northumberland Sabbath School workers, lay and clerical, will be held in Chatham early in Sept. All meetings of the Executive committee held on Thursday evening, arrangements were made for the meetings, which are to be held in the Hall of St. Andrew's Church, beginning at 8 p. m. on Monday, Sept. 9th. In addition to the usual reports, carefully prepared papers will be submitted and discussed. One of the special attractions of the occasion will be the presence of Mrs. Crofts of New York, a celebrated worker in primary classes, Mr. S. J. Parsons, Secretary of the Provincial Association will also be on hand.

THE KENT CO. S. S. CONVENTION is appointed to be held at Wolford, on Wednesday and Thursday, the 18th and 19th September. Each S. S. in the county is entitled to send two delegates in addition to the Superintendent. Names of delegates should be forwarded at once to the secretary, Rev. Wm. Hamilton, Kingston, Kent Co.

THE LATE THOS. G. BEAN.—Mr. Thomas G. Bean, whose death at Charlottetown, Man., was published in the ADVANCE last week, was a son of the late George and Eliza Bean, formerly residents of Chatham and was in his 31st year. The Boston Globe has the following reference to the deceased:

DEATH OF A HERO.—Letter-Carrier Bean Expires at Charlottetown. T. G. Bean, a Boston letter-carrier, died at 11 Putnam street, Charlottetown, yesterday morning. He will be remembered as one who so bravely risked his own life, two years ago on Craig's bridge, to save a boy from drowning. Mr. Bean received a medal from the Massachusetts Humane Society, and his name was thought of no lightly by the post office authorities that he was commemorated in a personal letter written him by Postmaster Trowley. He was a Florida about a year ago, his health, and after a leave of absence of six months, he finally resigned. He is spoken of by his superiors as a most faithful man.

MR. BEAN was a very active member of the Winter Hill M. E. Church, Somerville, being superintendent and class leader in the Sabbath school, and also of the Monument Square M. E. Church, Charlottetown, having a class in the Sunday school of the latter. While in Florida he received a very complimentary note from Gen. Crofts.

The family of deceased was well known in St. John as well as in Chatham.

MOTHERS!—Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and a wholly harmless. It relieves constipation, regulates the bowels, cures colic, cures diarrhoea and wind colic, allays feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend, 35 doses, 25 cents.

DEATH OF REV. CANON MEDLEY.—Rev. Charles Medley, rector of Sussex, died at his residence, at that place on Sunday, the victim of cancer, against which he has manfully struggled for some time. Although his death was anticipated, it is at this moment unexpected, for on Saturday the reverend gentleman seemed to be much better. Canon Medley is a son of the venerable Metropolitan of Canada; he was educated at Marlborough Theological, and was ordained in the province, in June, 1860. His first station was at Douglas, after which he removed to St. John's, Newfoundland, where he served for a few years, but he was called to the Rectory of Sussex about 1868, and has been there ever since, a most faithful, earnest and devoted minister of the Episcopal Church, and was loved by all who knew him. Canon Medley came into active contact with almost all the representative members of his own church by his activity in the Provincial Synod, of which he was a member for many years, and time Rev. Dr. Partridge left the province until the session of the present year, when illness compelled his resignation.

gramme of great interest and variety during the day. Full particulars are in our advertising columns.

Notes From Esquimaux Point. 22nd AUG. DEAR ADVANCE.—The codfish boats have been making fair hake, or ling fishing. Mackerel have almost disappeared from the Point. The mackerel have been better catch down here, as well as larger since 1886. Yesterday the boats reported they were plentiful, but not biting.

The visitors from the town are scratching on an interesting report amongst us. George has had a lovely time and Fin has been equally active.

One day last week Fin manned the "Old Northumberland," and said he was going to explore the Straits. He took a canoe in tow and set sail with a fair breeze down the Strait. When about a mile off Esquimaux light he forgot how to bring his ship about, and she became unmanageable. He had to come to anchor and remove his vessel, and one shore in his canoe, to get help to bring his ship to land. He got the help and soon he was anchored in safety. He has not tried to sail a boat since.

The town boys are death on the mackerel, and after a little more experience they will be counted among the "high liners."

A basket social and concert was held at Esquimaux last evening. The ladies had charge of the affair, and every amount of praise for their preparations. Every one seemed to be well pleased with the evening's enjoyment. It was a financial success. The concert was opened with an address by Mr. Daniel Lewis in a few well chosen words. The following is the programme: Song by Letitia Lewis, "Old Black Joe." H. W. Phillips, character sketch of Mrs. Agnes Phillips, "An August Day!" Character sketch by Mrs. L. Lewis, "Biddy's Soliloquy," song and character sketch by H. W. Phillips. Song by the choir, Mr. D. Lewis then thanked those present for their attendance, after which "God Save the Queen," was sung, all present joining.

Mr. Finlay Anderson and Mr. George Kerr of Chatham, are enjoying themselves at the Point. A full half dozen Bay de Vin ladies paid the Point a visit yesterday, among the number being Mrs. Wood-W. Williston.

with common shell and 4 out of 7 possible with shrapnel.

At the close of the camp on Friday the prizes were distributed as follows:—The badge given to gunners by the Dominion Artillery Association for firing live shells being first presented as follows:—Sergeant Ashford, \$4.00 to Horace Ketchum. Embroidered badge and \$2.00 to H. R. Malby. Embroidered badge to James R. Ashford and Arthur Russell.

The prizes given this year were then presented as follows:—Prize by W. W. McAllan, Esq., to the Subdivision making best time at the General competition for excursions, day to Sergeant Gremlay, Subdivision No. 2 \$4.00.

Prize given by Sam'l McKean, Esq., of Moncton, to best drilled Subdivision in the Dominion, \$4.00 to Sergt. Russell, No. 1 Subdivision, \$4.00 to Sergt. Russell, No. 2 Subdivision \$4.00, 2nd best Sergt. Ashford, No. 3 Subdivision \$2.00 or clearest gun, limber, stores, etc. Sergt. Gremlay, No. 2 Subdivision \$4.00. Sergt. Russell, No. 3 Subdivision \$4.00.

They were then addressed by Lt. Col. Call who complimented the men of the Battery in their attention to their duties, and with some few exceptions praised them for their conduct during the twelve days in camp. Some of them had served the three years for which they had enlisted and he congratulated them on their discharge, but he hoped they would not act as if he would like them to remain in the Battery, while there were a few others whose time was far from being out whom he thought he should like to encourage by their conduct during the twelve days in camp. with common shell and 4 out of 7 possible with shrapnel.

At the close of the camp on Friday the prizes were distributed as follows:—The badge given to gunners by the Dominion Artillery Association for firing live shells being first presented as follows:—Sergeant Ashford, \$4.00 to Horace Ketchum. Embroidered badge and \$2.00 to H. R. Malby. Embroidered badge to James R. Ashford and Arthur Russell.

The prizes given this year were then presented as follows:—Prize by W. W. McAllan, Esq., to the Subdivision making best time at the General competition for excursions, day to Sergeant Gremlay, Subdivision No. 2 \$4.00.

Prize given by Sam'l McKean, Esq., of Moncton, to best drilled Subdivision in the Dominion, \$4.00 to Sergt. Russell, No. 1 Subdivision, \$4.00 to Sergt. Russell, No. 2 Subdivision \$4.00, 2nd best Sergt. Ashford, No. 3 Subdivision \$2.00 or clearest gun, limber, stores, etc. Sergt. Gremlay, No. 2 Subdivision \$4.00. Sergt. Russell, No. 3 Subdivision \$4.00.

They were then addressed by Lt. Col. Call who complimented the men of the Battery in their attention to their duties, and with some few exceptions praised them for their conduct during the twelve days in camp. Some of them had served the three years for which they had enlisted and he congratulated them on their discharge, but he hoped they would not act as if he would like them to remain in the Battery, while there were a few others whose time was far from being out whom he thought he should like to encourage by their conduct during the twelve days in camp.
