By some singular infatuation these gentlemen appear to imagine that they can delude the majority of their friends and also blind the public to their little schemes and designs—that a.l they have to do is to assume the role of public-spirited citizens, proclaim their real and imaginary movements in the public interest, and their as are bound by som irresistible impulse to believe in them and accept them and their works at their own valuation. Branch Office of The Singer Manufacturing Company, Corner St. John & Duke Sts. CHATHAM, N. B.

THE CENUINE SINGER SEWING MACHINE OF NEW YORK. Over Four Millions in Use!

OVER HALF A MILLION SOLD

The GENUINE SINGER SEWING MACHINE

The GENUINE SINGER SEWING MACHINE has been awarded the first, premium over all others more than two hundred times at Great Wor'd's Fairs, at State Fairs and at County Fairs, in every part of the United States.

Three quarters of all the Sewing Machines sold throughout the world in 1850 were "Singers," and there must be a reason for that. When any of our style of machine used in millions of homes, leads all the other kinds to such an extent as that there must be some way of accounting for it all. Other Sewing Machine Manufacturers refuse to state their sales! Why? Companies have sprung up in every part of the Union and Dominion of Canada for making an invitation "Singer Machine." Why are not similar companies formed for making invitation of other Sewing Machines? The public will draw its own inference. Gold is continually counterfeited; brass and tin never! Beware of superflicially ornamented machines with an infinite number of worthless nickel plated attements, but buy the Genuine N. Y. SINGER SEWING MACHINE, the best that ever was made.

Golden Ball, Shoe Store

FURNITURE EMPORIUM. The Golden Ball Boot and Shoe Store is the oldest established in Miraquichi. It is now ffteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably, purchased from us, during that length of time. The reason is plain. We buy entirely from the best mauniscturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Boots Shoes, Slippers. etc., at the lowest possible price compatible with good quality. Trunks, Valises, and Hand Bags, Sole Leather and Shoe Findings.

Seven years ago we opened our FURNITURE EMPORIUM, and have witnessed a steadily increasin business.
