HERESY HUNTERS DISCOURAGED. Broad Principals Govern the General Assembly. Motion to Have a Watch Kept Over College Professors' Instruction is Turned Down.

The Presbyterian, Methodist and Baptist church pulpits in this city were occupied by some of the ablest of the Presbyterian divines in Canada who are at present in the city in attendance at the general assembly.

Those of the visitors who preached were Prof. Falconer, of the Theological College, Halifax; Rev. R. E. Knowles, Rev. Clarence Mackinnon, Rev. J. C. Hardman, Dr. Walker, Dr. Scrimger, Rev. J. A. Macdonald, Dr. Bryce, Principal Forest, Dr. E. D. McLaren, Dr. D. Strachan, Rev. J. A. Sinclair, Rev. Dr. Nicholson, of Queen's College, and Rev. J. A. Sutherland.

At the close of the present session, Mrs. Ross, who for the past five years has rendered valuable service to the college, retires from the principalship. Mrs. J. Grant Newman has been named as her successor.

The adoption of the report was moved by Rev. Dr. Fletcher, seconded by Prof. Boyce, and the motion carried. The next item of business was an overture from the committee on colleges presented by Rev. J. A. Turnbull, of Toronto, who strongly advocated greater uniformity in the colleges.

The assembly proceeded to resume consideration of the amalgamation of the aged and infirm ministers' fund, eastern and western sections. It is hereby overruled to the General Assembly that the revenues derived from endowments, congregational contributions, donations and such like, be apportioned among the beneficiaries according to years of service, irrespective of their being rate-paying ministers or not.

ANOTHER RUSSIAN SHIP SUNK BY TORPEDO BOAT. Gunboat Blown Up at Port Arthur—Jap Merchant Vessel Sunk—Sharp Fighting in Korea.

TOKYO, June 6.—11 a. m.—The destroyer flotilla engaged in watching Port Arthur from the east ward reports that at 7:40 p. m. on June 4, a Russian gunboat of the Giliak type was sunk by a mine or torpedo. The name of the gunboat sunk is unknown by the Japanese, but it had been seen on several occasions acting as guardship at the mouth of the harbor.

Princoln Forest, Dr. Sedgewick and Judge Forbes wanted one fund, one treasurer and one church from Atlantic to Pacific. He was enthusiastically applauded. The recommendation was adopted.

At 11:30 the deputation from the Church of England deaconry, consisting of Canon Richardson, Rev. Dr. Raymond and Rev. J. de Soyres, was introduced by Rev. Mr. Lang, and welcomed by the moderator.

Dr. Raymond said that the assembly was one of the most representative bodies ever called together. It included a large number of Scotchmen and the principles for which they stood. They were met together in a historic city, a city whose history goes back nearly as far as civilization in Canada.

Dr. Armstrong presented the report of Ottawa Ladies' college which was satisfactory in every sense of the word. The attendance of pupils has been gratifying, the total number being 123, the average attendance 115. Of these 44 were pupils in residence.

CHILD LABOR AND LAW.

In some countries the parliament leads thought, but in Canada--particularly New Brunswick--the legislatures wait until they are forced into action.

OUR FACTORY ACT should embody the above law. Surely, the old Loyalist province of New Brunswick that so much of its children as do Rhode Island and Massachusetts. Those who have factories and mills must protect the youth.

OTTAWA, June 5.--There is a big fight on just now in the common law province of New Brunswick that so much of its children as do Rhode Island and Massachusetts. Those who have factories and mills must protect the youth.

The motorist offered him 2 shillings damages, plus the goose, which he did not want to carry off. AN INTERESTING TRIP.

C. B. Foster Tell of the Canadian West and St. John People He Saw Out There.

C. B. Foster, district passenger agent of the C. P. R., who has been on an extensive tour of the west, arrived in the city Saturday on the noon train, and went at once to his residence at 1855 Bay Street.

A Star reporter found Mr. Foster at his desk this morning up to his eyes in work, but looking the picture of health after his thirty-six day trip from ocean to ocean and over prairie and mountain, and saying nothing of a visit to the Pike.

In his thirty-six day's absence from the city Mr. Foster travelled 10,000 miles, and says that the one thing that impressed itself upon him more than anything else was the impensity of the country, particularly the mountains. He stopped a day at Winnipeg. The boom there is a wonder. Last year the city's population increased 10,000, and this year they expect 20,000 more. Traveling along the prairie Mr. Foster says that every five miles a new station was not on the map last year, is to be seen. Near by will be a few shacks, a gas house, a farm and agricultural machinery depot, while dotted here and there are numerous tents.

At Calgary Mr. Foster met a rancher who had disposed of his property in Washington State, U. S. A., and with his stock and machinery moved to Canada. He was given \$30,000 for his Washington lands. Ranchers are rushing into the country from all sides.

Vancouver and Victoria Mr. Foster considers wonderful cities with magnificent climates. Victoria, to his mind, is more English than Halifax. There he met "Sandy" Baxter, Mrs. I. E. Corvill and her son, Edward, George Taylor, manager of the Royal Bank of Canada branch, and Joseph N. Ellis. The latter, Mr. Foster says, is to be seen shortly.

Mr. Foster then went down Puget Sound to Seattle and Tacoma, and from there to San Francisco by rail, returning to Vancouver. The Kootenay district was next visited, and he spent a day at Nelson. On his way west Mr. Foster visited Chicago, St. Paul and St. Louis. Here he met A. H. Lindsay, who is with the I. C. R. exhibit, and F. G. Spencer, who had just recovered from a peak of trouble. It seems that Mr. Spencer struck the fair early in the morning with his pockets sticking out with money, all Canadian bills. He was hungry and knew that his money was no good. For hours he wandered about trying to get bad money for good, but it was not till the banks and exchange offices opened that he could satisfy the inner man.

Mr. Foster concluded his trip with a visit to Detroit and Niagara.

C. P. R. WON'T AGREE.

Vice-President McNeil Refuses to Give Back Water Lots to City Under any Consideration.

The common council is meeting in regular monthly session this afternoon when a number of important matters are to come up. Among the communications are the following:

William Downie, general superintendent of the Atlantic Division of the C. P. R., writes calling attention to the fact that the city is not employing a night or day watchman at Sand Point as agreed.

Wm. Thomson & Co. ask that the steamer Seneca only be charged for fuel and harbor masters fees be charged under the head of steamers coming from ports to the north and eastward of Cape Sable, as her last port of call is Yarmouth.

George A. Briggs wants a position as tender at the ferry docks.

Gen. Supt. Downie writes that Vice-President McNeil, of the C. P. R., will not be content with his objection to the proposed argument concerning new wharves, his principal objection being the giving back to the city of the strip of land running south, 1,200 feet from Sand Point. "He feels that the business which his company will bring to the port of St. John will greatly advance the interests of the port while the expenditure necessary to supply the facilities will practically be made by the C. P. R."

A number of letters were received relative to the needed repairing, etc. A petition was received asking that a new fire station be built on the west side. This was lastly signed.

EQUITY COURT.

Judge Barker Gives Judgment in the Peculiar Algonquin Hotel Case This Morning.

In the equity court this morning Judge Barker delivered judgment in the case of Sir Thomas Shaughnessy vs. Algonquin Hotel Company and Imperial Trust Company. This was an action brought by the plaintiff for the foreclosure of a certain mortgage with a view of perfecting his title to the Algonquin Hotel property, which he acquired about a year ago. The Algonquin Hotel Company in order to raise the money necessary for the construction and equipment of the hotel at St. John issued 475 debentures, each for the sum of \$100, which were secured by a mortgage on the real and personal property of the company to the defendant, the Imperial Trust Co. The debentures are all held by Sir Thomas Shaughnessy.

The court ordered that the amount due the plaintiff on the debentures, including interest up to Feb. 1, 1904, be assessed in his favor. The mortgaged property is ordered to be sold in one parcel, with leave to plaintiff to bid, and the plaintiff does not become purchaser the proceeds of the sale are to be distributed as follows:

(1) Payable to be paid trustees; (2) Plaintiff's costs to be taxed; (3) Plaintiff to receive sum of \$54,228 and interest; (4) Balance to go to the Hotel Company.
