WINTER PORT TRADE IN POLICE COURT.

Several Sailors Before the Magistrate.

Charged With Drunkenness, Fighting and Theft—Man Whose Boy Was Bitten Two Years Ago Wants Dog Destroyed.

Magistrate Ritchie had a busy session in the police court this morning when a number of interesting cases were dealt with. Robert McIntyre was charged by D. Anderson with breaking a door in the Traveling Home on Water street, and leaving the Home in a state of confusion. He refused to be ejected, he tried to spit in the face of the caretaker of the Home and then kicked in the door breaking it badly and shortly after the door was broken pieces of brick and a number of stones came crashing through the windows. McIntyre in his defense said it was a chum of his who broke the window on the floor and the trouble arose when he attempted to light a fire in the stove. He put his foot against the door but didn't break it.

The prisoner gave quite a lengthy talk about Anderson telling lies and wishing to convict him, and when he got through his talk he was fined \$20 or thirty days with hard labor.

Max Yasemina and Harry Johnston were seaman on the Norwegian bark Cordilla now loading at Walker's wharf. Becoming tired of the work they took liberty yesterday and, going ashore, got drunk. Yasemina was charged with being drunk and stealing clothing from a fellow sailor. The stolen clothing was found in his bag this morning. He pleaded guilty to being drunk but did not remember stealing the clothes. The second mate of the bark, Carl Thomsen, said that the prisoner had pawned his good clothing for money to buy rum and then went after the shipmate's clothes. He was fined \$8 or 20 days jail with hard labor.

Harry Johnston a young sailor who was Yasemina's chum, presented a sorrowful sight with a closed eye when called on to answer the charge of being drunk. He pleaded guilty to being drunk and stealing clothing from a fellow sailor. Johnston was fined \$20 or two months jail with hard labor, and both prisoners will probably be taken from jail by the captain of the bark when she is ready to sail about a week.

Daniel and Peter Rogan, two of the paid off crew of the steamer Oriana, which arrived from Boston last week have been like others from that ship spending most of their money in liquor. They are being held in the police court. They had an altercation on British street last night about 11:15 o'clock and so loud that policeman Crawford heard it in the lockup and going out found the brothers trying to fight each other. He placed them both under arrest and they pleaded to the magistrate this morning that they would be good in the future and a warning that they would receive a heavy penalty should they be treated here again.

Herman Vermer also claimed the steamer Oriana as his residence. He had escaped arrest about eleven o'clock last night for drunkenness, by being taken care of by a shipmate. He went on board the ship at that time, but was found about 1:30 o'clock this morning on Sheffield street. He was fined \$8 or 20 days jail with hard labor.

Last night Henry H. Charters, a stoker on the C. P. R. steamer Montezuma, was arrested for stealing a coat and scarf from the Seaman's Institute on Chipman's hill. The stolen property was found on him when arrested. The 17-year-old bugler of the steamer Athenia, Richard James Watson, of Glasgow, Scotland, said that it was his property which had been taken while he was listening to the concert at the Institute last night. Charters pleaded that he was drunk at the time of the theft and didn't know what he was doing. He wished to be excused, and would promise to become a teetotaler, and said he had a wife and three children depending on him in London. A fellow-stoker and school mate pleaded to let the man go or sentence him to six months imprisonment, when the young rosy cheeked bugler, who was still in the witness box, spoke up, saying: "I don't wish that the poor man should go to prison, sir." This apparently settled the case, for Charters had been given an admonition to look after his wife and family instead of drinking, the magistrate said. Young Johnston's desire would be granted, and he was allowed to go and join his ship, which sails this afternoon.

The remainder of the morning was taken up with a dog biting case. W. Robinson, a traveler, who resides on Main street, complained to the court that two years ago a dog owned by E. Hornesatte, also of Main street, had bitten his son on the leg and he wished the dog destroyed. Mr. Hornesatte explained that he did not wish to do away with the dog and that it was a very small house dog, not cross and at the time that the Robinson boy was injured he had admitted that the dog had not bitten him. He said that the trouble was being brought up in court through clear spite on Robinson's part on account of a personal matter. Magistrate Ritchie instructed Robinson to take his boy to a doctor and if the physician thought the boy's in-

LIBERAL LEADER IS NOW PREMIER.

Sir Henry Campbell-Bannerman Accepts Office.

Conference Between Him and Duke of Devonshire This Morning Said to Fore-shadow Important Developments

LONDON, Dec. 5.—Sir Henry Campbell-Bannerman saw King Edward at Buckingham Palace today and accepted the task of forming a new cabinet. The Duke of Devonshire, Liberal-Unionist and former Lord President of the Council, was among the callers on the new premier before the latter went to the palace, and in political circles importance is attached to the visit as possibly signifying some kind of a working agreement on certain points of policy between the anti-protectionist Unionists, of which the duke has been the recognized leader since his resignation from the Balfour cabinet, and the new government.

SULTAN SURRENDERS TO COMBINED POWERS.

Accepts Proposal for Financial Control of Macedonia, But Asks for Modification of Details.

CONSTANTINOPLE, via Sofia, Dec. 5.—The council of ministers has agreed to yield to the demands of the powers in principle, but the Sultan has not issued a final decree approving of this. It seems that the war minister refused to sign the ministerial note on the subject which is couched in conciliatory terms and pronounced in favor of the acceptance in principle of the requirement of the European concert. The Sultan said he was awaiting unanimity on the part of the ministers before sanctioning their action.

VIENNA, Dec. 5.—An official telegram from Constantinople says the Austrian ambassador, Baron von Calice, received a note from the Turkish government yesterday evening according to the proposals of the powers for the financial control of Macedonia, but asking for a modification of the details.

G. T. P. COMMISSIONER WILL EXAMINE ROUTE.

C. F. McIsaac, of Antigonish, formerly member of parliament for that county, and now the eastern member of the Royal Transportation committee, arrived in the city this morning and is at the Royal Hotel. Mr. McIsaac has seen this morning, said that he was in the city to get information as to the progress which is being made on the C. T. P. building. Mr. McIsaac says nothing can be given out until the results of the surveys are known, and no decision has been reached as to what route will be taken. Mr. McIsaac will himself tomorrow go over part of the ground which has been surveyed.

CONVICTED FOR SELLING LIQUOR TO INDIANS.

FREDERICTON, N. B., Dec. 5.—The Rev. Dr. Gerow, charged with supplying liquor to Indians, was convicted in the police court this morning. Gerow was found guilty, but Col. Marsh deferred giving sentence until this afternoon. It is understood that Mr. Crockett, who appeared for Gerow, will take the case up in review to the county court.

John Carlin, charged with shooting a cow mouse, was acquitted. Carlin stands charged with shooting a bull mouse without a license, and this case will be heard at a future date.

MASS. MUNICIPAL ELECTIONS.

BOSTON, Mass., Dec. 5.—Municipal elections were held today in fourteen Massachusetts cities, not including Boston. Of these cities, all except Fall River chose mayors, the term of office in that city being two years. In nearly all of the municipalities there were close contests for mayor and for control of the city government. The question of licensing the sale of liquor was the most prominent feature of the election at several points.

Juries were such that the dog should be destroyed he would give an order for the execution. The Robinson boy who was claimed to have been bitten is now 14 years of age and was brought to court from his work to give evidence of the two years' old bite.

Some days ago a sailor named Flaherty of the steamer Montezuma was sent on the chain gang for fighting in the east side ferry house. He was taken from the gang and allowed to rejoin the ship this morning.

ROOSEVELT FAVORS RECIPROCITY.

Important Though Guarded Recommendation in His Message to Congress--Wants Closer Commercial Relations.

WASHINGTON, D. C., Dec. 5.—President Roosevelt delivered his annual message to congress today. He discussed railroad rate legislation at considerable length under the head of corporations, and among other subjects deals with the labor question, federal supervision of insurance, currency, the revenue, corrupt use of money at elections, the Hague conference, Monroe Doctrine, army and navy, merchant marine, immigration and the treatment of the Chinese in Alaska, preservation of Niagara Falls, Alaska, and Panama canal construction. The railway rate legislation occupied the greater part of the speech and the president's argument in favor of such legislative action was strong and made a deep impression. His policy was that the regulation of railway rates in any case where a dispute should arise should be referred to some competent body. He also recommended federal supervision as well as state supervision of insurance companies.

His reference to the Hague conference was highly appreciative. He scouted the idea that any immediate end of war or general disarmament was possible. He held that the renewal of the Hague conference would do a good deal to lessen the possibility of armed disagreement. The Monroe doctrine and its responsibilities were exhaustively discussed, and a strong recommendation made for the strengthening of the army and navy and the coast fortifications. The most interesting feature of the speech from a Canadian standpoint was the president's pronouncement in favor of a consideration of the tariff with a view to possible reunion especially in the direction of reciprocity. He, however, was very cautious in his remarks, by no means expressing the opinion that any immediate revision was necessary. He said: "There is more need of stability than of the attempt to attain an ideal perfection in the methods of raising revenue. And the shock and strain to the business world certain to attend any serious change inadvisable, unless grave reasons. Unless our expenditures can be kept within the revenues then our revenue laws must be readjusted. It is as yet too early to attempt to outline what shape such a readjustment should take, for it is as yet too early to say whether there will be need for it. It should be considered whether it is not desirable that the tariff laws should provide for a readjustment applying as against or in favor of my other nation maximum tariff rates established by the congress, so as to secure a certain reciprocity of treatment between other nations and ourselves. Having in view even larger consideration of policy than those of a purely economic nature, it would, in my judgment, be well to endeavor to bring about closer commercial connections with the other peoples of this continent."

ENGAGEMENT OF ALICE ROOSEVELT ANNOUNCED?

WASHINGTON, Dec. 4.—It is understood from high authority that the engagement of Miss Alice Roosevelt to Congressman Longworth will be formally announced in a few days. Nicholas Longworth, who is reported to have won the promise of Miss Alice Roosevelt to become his wife, is serving his first term in congress as the representative of the first Ohio district. Mr. Longworth is a lawyer

TAMMANY HALL WANTS NEW LEADER.

NEW YORK, Dec. 4.—Charles F. Murphy, leader of Tammany Hall, is fighting for his life against a determined attempt to oust him from power. His arbitrary and stupid management is blamed for the Democratic defeat in the late election and it is understood

practicing his profession in Cincinnati in which city he was born thirty-six years ago. For a long time he has been very attentive to the President's daughter, and now that, at the end of their long trip to the Philippines as members of the Taft party, the talk of their engagement is renewed with more positiveness than ever, no one is greatly surprised.

NURSE MURDERED; SLAYER SUICIDES.

NEW YORK, Dec. 5.—Mrs. Magnah De Belle, the nurse who was shot last night by a man who then killed himself, died early today. The dead man is supposed to be James Holmes, Brooklyn. What motive prompted the tragedy is not known. The police have been unable to get any clue to throw light on the shooting.

MR. EMERSON COMING HERE SOON.

W. G. Scovill and J. L. McAvity, who went to Boston on Saturday night, returned to Boston this morning. While in Boston they had a conference with Hon. Mr. Emerson, Minister of the Legation, who was in Boston to speak at the Canadian Club dinner. The Minister of Railways seemed to have been very highly impressed with the visit during his late trip. He also said that he expected to be in the Maritime Provinces again in about ten days.

MOLTEN METAL BURNS 15, THREE FATALLY.

CHICAGO, Dec. 5.—Fifteen men were burned last night by an explosion in the International Harvester Company's plant, three of whom probably will die. The explosion was caused by a workman thrusting a cold bar of steel into a furnace of molten metal, in the immediate vicinity of which sixty men were at work.

GENERAL'S DAUGHTER IN ANARCHIST PLOT.

Mademoiselle Loeuff on Trial for Plotting to Kill General Troppoff and Other Tyrants.

ST. PETERSBURG, Dec. 3-9 p. m., via Eydvyuhnen, East Prussia, Dec. 4.—The trial of Mademoiselle Loeuff and a dozen others who are charged with being implicated in a terrorist plot to kill General Troppoff is proceeding behind closed doors. The evidence developed the existence of a close conspiracy with ramifications at Moscow and elsewhere, which had for its purpose the assassination of Grand Duke Sergei, already accomplished, and of General Troppoff and other tyrants. The plot was discovered by accident through a courier who was carrying a message to one of the conspirators in Finland. Mademoiselle Loeuff is the daughter of General Loeuff, who last spring was appointed governor of Yakutsk, Eastern Siberia. It is said that she became a convert to terrorism during her stay at Lucerne.

CHINESE MURDERERS OF MISSIONARIES MUST DIE.

LONDON, Dec. 5.—The correspondent of the Daily Chronicle at Hong Kong says that Julius G. Lay, the American consul general at Canton, China, who has just completed his investigation into the recent murder of five Presbyterian missionaries at Lien Chau, Canton province, insists on the execution of the murderers before the commission of inquiry leave Lien Chau.

Eminent Speakers at C. NALIAN CUB.

Hon. H. R. Emmerson and J. S. Willison Chief Orators.

Both Inform Americans That Chance For Reciprocity Has Passed—No Sentiment for Annexation.

BOSTON, Dec. 4.—H. R. Emmerson, minister of railways and canals, and J. S. Willison of Toronto, were the principal speakers at the annual banquet of the Canadian Club at the club house, tonight. Henry M. Whitney spoke briefly. George Grant, M. P., was expected, but was unable to appear. Mr. Emmerson's subject was "The New Canada." In his address, Mr. Emmerson presented an array of figures to show how Western Canada had developed within recent years, and how the "eastern provinces" had correspondingly benefited. "These figures" said Mr. Emmerson, "are most gratifying from the Canadian standpoint, and when measured against the relatively slow growth for the period between confederation and 1898, they give point to the view that a new Canada has really sprung into existence. The interest of those who are on the American side of the line, these results lies in the fact that last year, out of a total trade of \$415,000,000 we did \$240,000,000 with the United States.

"This fact suggests the close and sensitive trade relations existing between the two countries, and it is a great pity that all efforts to bring about a fair basis of reciprocal trade have thus far come to naught. Let me say, without one moment's hesitation, that the fault is not on our side of the line.

"Canada is not now in the position in which she was six or eight years ago. She is not looking to the south of her borders. Her eyes are turned eastward, and also to the west. Her interests must now be in those directions."

Mr. Willison said in part: "While we Canadians recognize common origin and common interests and obligations, we have no expectation, despite imaginative fervor of certain after-dinner speeches, that there will be any political reunion between Great Britain and the United States. We are Canada, or that there will be any political separation between Canada and Great Britain. In the century that has passed since this republic was founded, we have discovered in the principles of national autonomy, the secret of an intimate and natural alliance between the British islands and the outlying British empires. In this relation there is no subservience and no dependence. There is nothing which detracts from the sense of national spirit in Canada, or limits the ample sovereignty of the Canadian parliament. In detaching the empire we give or we withhold as suits our duty and our interests. In the adjustment of our trade relations with the United States, our loyalty to Great Britain does not primarily concern for our own industrial development. In the evolution of imperial relations, the sense of nationalism is conscious and determining the motive of the Canadian people. Our loyalty to Great Britain does not depend upon fiscal preferences. The fiscal attitude of Washington has ceased to be the nightmare of Canada. If it would not be ungracious, I would think it fair to say that Washington contributed very materially to the growth of that industrial confidence which now possesses Canada and that abounding national spirit which now animates her people."

In an interview Mr. Emmerson outlined in glowing terms the wonderful developments taking place in the Canadian Northwest, especially in agricultural lines.

FREDERICTON WATER AND SEWERAGE.

Plans Produced by F. A. Barbour to Give City Splendid System.

FREDERICTON, N. B., Dec. 4.—The special sewerage committee of the city council at the meeting this afternoon recommended to the council that they be given power to call for tenders for the construction of a modern sewerage system for the city.

At this meeting and also in the evening at the meeting of the committee, F. A. Barbour, C. E., produced plans on which construction can be commenced at any time. The plans are complete and business-like in every particular and estimates the complete total cost at \$2,100,000. The sewerage system is to be of the pipe type, and the sewerage system is to be of the pipe type, and the sewerage system is to be of the pipe type.

In the plans allowance is made for all the city proper and any likely growth. Former estimates allowed for 4,500 feet of piping, but Mr. Barbour's estimates are for 45 per cent. more piping, or 83,000 feet.

It is proposed to have all the sewers run into a main sewer on Brunswick street and flow to the outlet near the foot of Lanadown street. There would also be necessary a pumping station to run about forty days of the year with an automatic electric motor controlled by a check valve which would work when high water checked material flow. The deepest cut would be fifteen and a fraction feet deep and the sewer pipe to be five and six feet deep. Piping for main ranges from ten to eighteen inches in size while others will be six inch pipe.

Engineer Barbour is of the opinion that the work can be completed in one season by a capable contractor with a staff of 150 to 180 men. In this event tenders will probably be called for soon and the contract let in time for the contractor to start work in the early spring, thus placing Fredericton, so far as sewerage and sanitary conditions go, on a par with any city in Canada.

THREE IMPORTANT REASONS

Why intending purchasers of a Piano should buy from

The Nordheimer Piano Co., LIMITED, 28 CHARLOTTE STREET.

1st—Because if you want quality we have the best in the city or province.

2nd—Because you buy direct from the manufacturer and save dealers' profits.

3rd—Because when you purchase a STEINWAY & SONS PIANO or a NORDHEIMER PIANO you get a piano worth its price. And you are sure that the same style piano only has ONE price and is not sold at three or four different prices in your vicinity or elsewhere.

DID WHATEVER HE WAS ASKED TO DO

And Received \$300 a Week—Testimony Before Insurance Investigation

NEW YORK, Dec. 4.—The most interesting feature in the legislative life insurance investigation today was contained in the testimony of Horace H. Brockway, a hotel proprietor, and director of the Mutual Reserve Life Insurance Co., who said that he had given \$4,000 to President Frederick A. Burmah of that company, at the request of Mr. Burmah in 1904. Mr. Brockway told the committee that Mr. Burmah told him that if he would take out a policy in the Mutual Reserve that he would keep a director. Mr. Brockway then took out policies amounting to \$4,000. After having been a director for some time he was put on the pay roll of the company at \$300 a week, received that salary for four months and then it was cut down to \$200 a week. Asked what he did to earn that money, he said he looked after the company's interests and insured in and did whatever he was asked to do. He had been getting \$300 a week eight weeks when Mr. Burmah demanded the \$4,000.

Mr. Burmah is too sick to appear before the commission. Mr. Hughes was investigating the returns of the Mutual Reserve Co. when he was asked to do so.

GRANDDAUGHTER OF SIR CHARLES TUPPER MARRIED YESTERDAY

VANCOUVER, Dec. 4.—Miss Sophie Almon Tupper, eldest daughter of Sir Charles Herbert Tupper, and Cecil Mack Merritt, son of Colonel Merritt of London, England, were married at St. John's church today at one o'clock by the rector, Rev. C. C. Owen.

The bride was given away by her father. The bridesmaids were Miss Frances and Miss Janet Tupper, sisters of the bride, and Miss Mary Tupper, a cousin.

The groom was supported by John Boyd, and the ushers were Martin Griffin, Bruce MacKenzie and J. T. Jenkins.

A reception at the bride's residence followed the ceremony in the Anglican church, which was fully choral. The couple left for the east and England this afternoon.

Among those present were Sir Charles and Lady Tupper, grandparents; Prince and Princess Coleridge Mansfield of Bohemia, Major General and Mrs. Cameron, Edinburgh.

SALVAGE CORPS

OFFICERS RESIGN

There is apparently some misunderstanding among certain members of No. 1 Co. Salvage Corps and the trouble made itself apparent at last night's meeting when three officers resigned from the corps.

The officers resigning were Capt. G. Herbert Green who is to be succeeded by former captain R. W. W. Frink; Lieutenant Chas. S. Robertson, whose successor will be Frederick Dolg, and Foreman No. 2 R. K. McKay, who will be succeeded by Edward O'Shaughnessy. The resignations, so it is said, have not yet been accepted.

No. 1 Company is a volunteer organization and do excellent work at fires. It was shown at the cotton mill fire on Saturday when they spread no less than 50 large rubber covers and saved a large quantity of goods from destruction by water. The strength of the company is 40 and at a meeting a month ago the election of three members brought the corps up to strength. Captain Frink, who succeeds Captain Green, held that office for a number of years and like Capt. Green is one of the oldest members of the organization. Capt. Green has been in command of the company for the past few years.

DAZZLERS!

LUXURIOUS DIAMOND RINGS, \$3.25 UP. The Truest Quality. No Imitations. Strong Settings. Small Stones, Small Price, Big Stones, Big Price. Would be no one capable of appealing to the support of the whole nation. Russia would burst like one vast bomb. All the criminal and savage forces with which both parties have played in turn would be unloosed. The Russian is the most amiable and good-natured of men when sober. But when he is mad drunk, he is the most terrible engine of insensate destruction in the world. What the Jews have suffered at Odessa the Jews will suffer everywhere. Nor will it stop with the Jews. The landlords and the bourgeoisie—by which is meant every man who does not wear his shirt over his breeches—will share their fate. The Russian peasant—and all the workmen are peasant-born—have not even a glimmering notion of the sanctity of private property. To take their neighbors' goods and to steal their landlords' crops, and to cut down his woods—now these things may be crimes, but no much can be got to regard them as sins. It is the point of view of the English posher with regard to game infinitely extended. Jacques, on a scale infinitely worse than Francis at her worst moments, will become universal. The fight of landed proprietors will be followed by the exodus of foreigners. Among the contingencies, not by any means beyond the range of possibilities in the immediate future, if the czar goes down, are the cessation of the payments of interest in the Russian debt, the German occupation of Poland and the Baltic provinces, the extension of the social revolution into Austria, an international expedition for the rescue of the embassies of St. Petersburg, and an international naval expedition to capture the Black Sea and restore order in the Caucasus. Even if these things may appear somewhat difficult to conceive, even the most sluggish imagination ought to realize the need for the immediate preparation on the part of all powers who have subjects in Russia to provide means for their safe exit before the time when the red cock crow and the revolutionary anarchy reigns throughout the land. After a period of lawlessness and civil war, the cessation of the payments will probably emerge some strong, capable man, soldier or civilian, who will carve his red coronation way to the dictatorship which will stand no nonsense about universal suffrage and fundamental liberties. Before he appears, and during the process of his upheaval, Russia will resemble China during the Tai-Ping rebellion. Is it any wonder that the man whose single strength is holding Russia back from the horror of all this should faint under the terrible strain? If Count Witte can, against all the forces, revolutionary and reactionary, save his country he will have won a place in history as the very greatest of any race or nation.

RUSSIA'S FATE.

A graphic picture of what awaits Russia around the corner where Witte, behind a frail barricade of a tottering throne, stands guard is drawn in the current number of the Review of Reviews by W. T. Stead, the famous English journalist, who has just returned from a careful study of conditions in that distressed country. What the worst will be he says no one in Russia can predict. But if we assume that from any cause Count Witte falls, and as a further result the dynasty perishes, the first immediate consequence would be civil war, as in the Caucasus and at Kronstadt today. The army would be divided against itself. There would be no one capable of appealing to the support of the whole nation. Russia would burst like one vast bomb. All the criminal and savage forces with which both parties have played in turn would be unloosed. The Russian is the most amiable and good-natured of men when sober. But when he is mad drunk, he is the most terrible engine of insensate destruction in the world. What the Jews have suffered at Odessa the Jews will suffer everywhere. Nor will it stop with the Jews. The landlords and the bourgeoisie—by which is meant every man who does not wear his shirt over his breeches—will share their fate. The Russian peasant—and all the workmen are peasant-born—have not even a glimmering notion of the sanctity of private property. To take their neighbors' goods and to steal their landlords' crops, and to cut down his woods—now these things may be crimes, but no much can be got to regard them as sins. It is the point of view of the English posher with regard to game infinitely extended. Jacques, on a scale infinitely worse than Francis at her worst moments, will become universal. The fight of landed proprietors will be followed by the exodus of foreigners. Among the contingencies, not by any means beyond the range of possibilities in the immediate future, if the czar goes down, are the cessation of the payments of interest in the Russian debt, the German occupation of Poland and the Baltic provinces, the extension of the social revolution into Austria, an international expedition for the rescue of the embassies of St. Petersburg, and an international naval expedition to capture the Black Sea and restore order in the Caucasus. Even if these things may appear somewhat difficult to conceive, even the most sluggish imagination ought to realize the need for the immediate preparation on the part of all powers who have subjects in Russia to provide means for their safe exit before the time when the red cock crow and the revolutionary anarchy reigns throughout the land. After a period of lawlessness and civil war, the cessation of the payments will probably emerge some strong, capable man, soldier or civilian, who will carve his red coronation way to the dictatorship which will stand no nonsense about universal suffrage and fundamental liberties. Before he appears, and during the process of his upheaval, Russia will resemble China during the Tai-Ping rebellion. Is it any wonder that the man whose single strength is holding Russia back from the horror of all this should faint under the terrible strain? IN AGAIN.

Leaving out Lord Lansdowne and the premier himself the British empire will lose little from the retirement of the late government. Indeed, it is probable that the new cabinet will exceed in brilliancy the one which has just resigned. While the new premier has shown no heaven-born genius for anything save straddling, he certainly has a lot of splendid timber with which to build a cabinet. John Morley, Lord Rosebery, Mr. Asquith, Sir Edward Grey, James Bryce and others to whom Sir Henry Campbell-Bannerman will probably assign portfolios are singularly able men in whose hands the reins of empire are eminently safe.

But undoubtedly the most prominent figure in the next parliament will be Joseph Chamberlain, who, whether the titular leader of the opposition or not will certainly hold a greater portion of its force under his sway than will Balfour, whose shilly-shally policy during the past year or two, while it has held the government in power, has probably destroyed his prospects of continued leadership.

This is taking it for granted that the new government will be successful in its appeal to the people which seems to be the certain prospect.

Hon. A. B. Aylesworth, the new postmaster general, appeared yesterday in an Ottawa court as counsel for a corporation whose design it is to prevent the establishment of a civic lighting plant in the capital city and to establish instead a monopoly. The proceedings to advance of judges, as counsel before those judges, is made much worse by the cause which, though elevated to professional and interested of the whole people, he now represents.

The St. John editors who were announced as resigning their positions are still at their desks in the Telegraph and Times offices. Perhaps Mr. Russell has induced the gentlemen to reconsider. Anyhow there is no announcement that they will take the stump inside of forty-eight hours, as the Telegraph so frequently declared, something over a year ago, regarding another gentleman who resigned, but never verified the Telegraph's frequent prophecies.—Frederick Herald.

The Board of Trade has arranged a special meeting next Tuesday evening for the consideration of ways and means to induce new industries to locate in St. John. The subject is one that concerns the welfare of every citizen. There is no excuse for lack of attendance or interest at this meeting.

Premier Balfour and his cabinet have resigned, but Mayor White still holds on. Is it possible that one of Mr. David Russell's telegrams was sent to England by mistake?

OBSCURITY.

There's a song for the man who is lucky and bold, For the man who has fate on his side; There are cheers for the folk that are jingling and jingling along, And are drifting along with the tide. But the man who is striving to get to the land, And facing the hungry wave's crest, We quite overlook, for we don't understand The fellow that's doing his best. But he has his rewards when the story is done, Though we smile as he plods on his way, For his own self-esteem is the prize he has won. As obscurely he's stood in the fray, And he knows the affection of home and of friends, And the pleasure of honest-earned rest. There are peace and good-will, as the twilight descends, For the fellow that's doing his best. —Washington Star.

Rumors accumulate that an agitation, beginning in the Senate, will be made during the coming parliamentary session with the object of causing the sale of the Intercolonial to a private company.

For months the Star has predicted some such movement and has believed that it originates in a strong clique or closely associated with the Laurier government. This paper has indicated several times political utterances and developments which pointed obviously in that direction and has stated its belief that if the deal was not headed off, this province would see the I. C. R. before long the property of the Grand Trunk Pacific, either in lieu of a newly constructed eastern section or as a supplement to that, enabling the company to reach St. John and Halifax. The evidence justifying this theory is growing.

Undoubtedly there is a strong sentiment in favor of the transfer in Upper Canada where the benefit the road brings is eclipsed to the eyes of the taxpayers by the enormous deficits of recent years. It is for the people of the Maritime Provinces, especially as represented in the commercial bodies, to combat this sentiment, to prevent, if possible, this plot to place the corporations in full control of Canadian transportation. Certainly there is good reason for dissatisfaction with present conditions among those who can see no direct profits to themselves from the I. C. R. But present conditions need not be and apparently will not be permanent.

Beyond a doubt Mr. Emmerson is making great efforts to place the road on a more economical and business-like basis, to free it from the political

CONTESTING THE WILL OF A MILLIONAIRE.

HAYRHILL, Mass., Dec. 4.—One of the most notable will contests which has ever been fought before the courts of Massachusetts will be begun when the will of the late Stephen Waldo Salisbury, of Worcester, is offered for probate.

The contestants will be Mrs. Abbie Salisbury, Cleveland, Lowley of this city and her brother Chas. M. Longley, a local carpenter. Joined with Mrs. Longley and her brother will be five other family relatives of the family. The Longleys are third cousins of Mrs. Salisbury and the nearest of kin as they claim.

The contestants have retained W. Scott Peters, the present district attorney to represent their interests. District Attorney Peters says the Salisbury estate will amount to about \$8,000,000.

The contestants think that the present will is not the last one made by Mrs. Salisbury.

The greater part of the Salisbury estate is left under the will to public institutions, most of which are located in Worcester.

\$30,000 FIRE IN MASSACHUSETTS.

MIDDLEBORO, Mass., Dec. 5.—A fire, which at one time threatened the entire section of the city broke out early today and before it was under control had destroyed property valued at \$30,000. The principal loss amounting to \$25,000, falls on Jones Bros., undertakers and furniture dealers, in whose stores the flames were first discovered a few minutes after midnight. The fire was raging with great fierceness when the local department arrived and soon spread to the store of the Miller Supply Company, grocery dealers and from there to a small store of W. H. Ladbury, sporting goods and to the store and dwelling of Thomas Clarke, harness maker. Two small dwellings also caught but were not damaged.

The cause of the fire is not known.

CANADIAN DRUG BUILDING BOUGHT BY COMBINE.

Lively Contest Between H. W. Barker and C. T. Nevins For the Management —\$38,000 Will Be Saved.

It appears that there is quite a brisk contest for the management of the wholesale drug business in this city. The leaders in the race are H. W. Barker, head of the Barker concern, and Charles T. Nevins, manager of the Canadian Drug Co. Influence are strong on both sides, but the question will not be decided until the organization meeting to be held in Montreal on Thursday next.

This meeting will be attended by John Russell, Jr., H. W. Barnes, Chas. T. Nevins and Harry L. Gantier, representing the three St. John houses. Mr. Russell went to Montreal last night and the others will leave on Wednesday evening.

Mr. Barker is made manager in St. John, Mr. Nevins will be assistant manager and vice versa.

At first it was understood that while the Canadian Drug Co.'s building would be used as headquarters for the St. John houses, Barker's place of business would also be continued as a warehouse. It is now stated that it will not be done. Both Barker's and McDermid's will be closed up and the whole business conducted in the Canadian Co.'s building. Recently stock was taken there, and the building and contents have been purchased outright by the combine. The price paid is not stated. It has been estimated by the union of the three St. John houses to be less than thirty-eight thousand dollars will be saved in the cost of management.

JOHN D. ROCKEFELLER EVADES SUBPOENA.

NEW YORK, Dec. 4.—Postponement of the examination of John D. Rockefeller, H. H. Rogers, and other Standard Oil men in the matter of ousting the Standard Oil trust from Missouri has become necessary because of the failure to get service on Mr. Rockefeller and others.

The hearing was to have begun today before Frederick H. Sarnoff in this city. Postponement has been taken until January 4.

YOUNG PEOPLE'S SOCIETY FORMED.

The senior Epworth League of Centenary church held a meeting last evening before Frederick H. Sarnoff in the place of the Epworth League we should organize a society to be known by the name of "The Young People's Society of Centenary Church," adopting a constitution based on that of the Epworth League, omitting the pledge and making such other changes as may be found necessary.

Resolved, that the executive of the league be appointed a committee to arrange for the organization of the society and to report to the next meeting of this society on Monday evening next, when the election of officers will take place.

IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause, Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's no wonder that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys all over the world.

Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

PROF. VON BEHRING HOLDS HIS SECRET

His Consumption Cure Is Extracted From Animals But He Won't Tell for Months How He Gets It or How It Is To Be Applied.

PARIS, Dec. 2.—Prof. von Behring has been asked by Dr. S. Sternheim, president of the Deutscher Tuberculosis Humane for some of his "rest bacillus" preparation mentioned in the communication which created such a stir at the recent tuberculosis congress here. But he has not complied with the request, stating the reasons of his refusal in a long letter.

He says that the "TX" preparation cannot travel without losing in part its efficacy. It is extracted from animals in a form best comparable with an extract of several minutes of sleep. He can communicate his method to any one else. The substance "TX" from which the "TX" is derived and which is far more powerful will shortly, the professor states, be tried on the bovine species in France, at Lyons and at Aforter. Subsequently the "TX" as well as the "TX" may be tested upon man.

Dr. Sternheim is far from satisfied with Prof. von Behring's reply. He says that several other preparations are known, in particular, those of Robert Koch, of Denys, at Louvain, and of Jacobs, at Brussels, are specific cures for bovine tuberculosis. That is not saying that they are good to man. He regrets Prof. von Behring's premature statements regarding his researches and his determination to keep the secret of his method to himself. The letter leaves much to be desired as to whether the secret has really been communicated to Prof. Metchnikoff.

HAVE GONE TO TALK WITH DAVID

John Russell and Editor McCready Went to Montreal Last Evening.

Conditions in the Telegraph and Times offices remain unchanged, but the indications are that a settlement of the troubles will shortly be arrived at, and it is hinted that the resignations of John Russell, Jr., president of the company, and of Editors McCready and Belding will not be pressed to acceptance.

As the mountain did not come to Mahomet, neither did David Russell come to St. John, but following the prophet's example, John Russell and Mr. McCready went last evening to see David in Montreal. The difference of opinion will be threshed out there.

There is a funny side to this mix-up. In police court a day or two ago one of the Times reporters was accused by the clerk, and most solemnly warned that if these family currents in the newspaper office were not soon stopped the proprietors would be summoned to court on the charge of keeping a disorderly house.

Mayor White has not yet returned.

He is well pleased with conditions in the Klondike, which he says are steadily improving, and he will probably return thither after spending some time in the province.

Living is now considerably cheaper in the Yukon than it was formerly, public interest in the Klondike has become a satisfactory manner, and the outlook for the future of the country is bright.

Mr. Carruthers is of the opinion that the section of Siberia nearest the Yukon is very rich in gold. Prospectors have no chance of operating there, however, for the Russian government looks with decided disfavor on their presence.

A slight fire occurred in the residence of E. N. S. Stewart, 176 Sydney street, late last evening. The fire started in the basement, breaking out in the Rue. It was probably caused by a collection of soot. Mrs. Patterson first discovered the fire and informed the occupants of the house. A still alarm was sent in to No. 1, but by the time the firemen arrived the fire was about under control. The damage caused by the fire was very slight, but considerable damage was done in tearing away the order to get at the source of fire. The house is insured.

REGULAR MEETING COMMON COUNCIL Reports of Various Boards Received and Adopted.

The regular meeting of the common council was held yesterday afternoon, when the reports of the various boards were received and adopted, and several communications dealt with.

Mayor White was in the chair and there were present Ald. Holder, McArthur, Lewis, Bullock, Hamm, Macrae, Sprout, Pickett, Tiley, Baxter, McGoldrick, Common Clerk Wardrop and Marshal Coughlan.

The report of the treasury board was read and adopted.

The report of the safety board was read and adopted.

The report of the board of public works was taken up section by section. Ald. Baxter moved that the section relating to the planking of North Rodney wharf be referred back to the board of works, not to be dealt with until the director brought in a report. A report should be submitted to see if something could not be done for North Rodney wharf that would be permanent.

Ald. Bullock thought the lumber might be bought as directed by the board, owing to the cheapness at the present time. It would be needed for North and South wharves if it was not used on Rodney wharf. He moved as an amendment the recommendation of the board be adopted but the material not used till the director reported.

The vote on the amendment of Ald. Bullock was a tie, the chair voting nay. The original resolution was then carried, the chair casting the deciding vote.

In reference to the last section of the report, which referred to the petition of Elias Alward and others in regard to the laying out of a short street of about 150 feet long between the head of Spring street and Burpee avenue, Ald. Bullock said the accounts of the treasury board in this department were considerably overdrawn. This matter should have been brought to the attention of the board long ago. He was quite willing to admit that the work would be a benefit to citizens in that locality. The petition was also signed by two hundred citizens, many of them his friends, but he would venture to say that he could go around and get five thousand names to a petition praying to God that the taxes of the city be not increased. If the representative of the board would let the matter rest till next spring he would support it, but if he pressed the matter now he would have to oppose it.

Ald. Pickett, the alderman from that ward, said he liked consistency in these things. When the matter of buying timber in a hurry for planking Rodney wharf was brought up it received the support of the chairman of the treasury board, who now opposed this petition signed by two hundred residents, pointing out that the work was practically a necessity.

The section was adopted.

The report of the appeals committee was adopted, as was also the following report of the public library committee:

To the Common Council of the City of Saint John:

The public library committee report. Your committee recommend that the following accounts be paid from the Carnegie building fund, namely:

James Myles, extras \$108 68
The Office Specialty Manufacturer 27 30
ing Co., filing case and cards 27 30
H. Webb, extending electric wires to tables 6 94
G. B. Craigie, painting basement and vestibule 20 00
Manchester, Robertson & Allan 7 70
son, Ltd., cork carpet 4 75
James Myles, step-ladder 4 75

\$175 37

Your board recommend that the sum of three hundred dollars paid from building fund for fire insurance premiums during the construction of the building be transferred by the chairman to the general revenue account, and that any balance remaining be paid over to the commissioners.

Respectfully submitted.

St. John, Dec. 4th, 1908.

Ald. Macrae said he had understood that a considerable amount of pine timber had been purchased by the ferry committee for the approaches, without any tenders being called. He did not know from whom the timber was purchased, but such a procedure would ultimately lead to trouble and he was opposed to it.

Ald. Baxter said he drew the attention of the chairman of the ferry committee to the matter.

A communication was received from H. Coleman in regard to his lunch wagon being allowed to stand on North Market street.

Ald. McArthur moved that Mr. Coleman be allowed to do business on South Market street upon the payment of five dollars a week. This resolution was passed after an amendment that the matter be referred back to the safety board had been lost.

A communication from the marine department was referred to the board of works.

A resolution from the Citizens' League setting forth their views and praying for the support of the council, was, on motion of Ald. Baxter, referred to a special committee. The committee consisted of Ald. Baxter, Tiley, McGoldrick, Bullock and Macrae as its committee.

Ald. Baxter—"You had better act also as chairman."

His worship—"I decline. You all know my views in this matter."

Another communication from Andrew Malcolm in regard to damages for salt injured after being unloaded from the steamer Eretia was referred to the board of works.

Ald. Baxter spoke of the trouble in the past, especially in regard to Navy Island, as the court had been asked to punish fishermen for running wrecks out in navigable waters. It was a little difficult, he said, to ascertain what is navigable water. He therefore thought the matter should be looked into thoroughly and properly adjusted, thereby avoiding any disputes.

Ald. Tiley and Ald. Hamm thought Ald. Baxter's suggestion was an excellent one, and on motion of Ald. Bullock the commission was appointed as

IS THERE A WOMAN Who Can't Make Good Pastry WITH "Royal Household" Flour

Did you read our talk about "Royal Household" Flour in this paper a few days ago—showing that it makes just as good pastry as it does bread—(nearly everybody knows it makes the best bread) and that you need no special pastry flour when you have "Royal Household" in the house?

Did you try it?
And you couldn't make good pastry with it?
Wait a minute. Perhaps we did not make it quite clear to you that there is a "Royal Household" way of using "Royal Household" Flour—a very simple way indeed but a particular way which is quite worth following out. This way has been worked out by thousands of experiments in order to have it so simple that any woman in her own kitchen can scarcely make a mistake.

Of course every woman knows that in trying a new flour she is not likely to get the very best results the very first time. When a woman gets acquainted with "Royal Household" Flour—learns the feel of it—sort of makes friends with it—and gets familiar with the "Royal Household" way—she can make pastry that will be the delight and envy of everyone who sits at her table.

A woman said the other day—"Royal Household" is alright if you take a little care and handle it in the "Royal Household" way. When I am careless about how much flour, water, etc. I put in—and just kind of rush things through—the pastry is never so good—but when I am careful—when I measure everything accurately and follow the Ogilvie's simple way of doing things—then "Royal Household" makes the most delicious pastry you ever tasted."

In the business world, a successful producer of any article of general consumption not only works all day, but sits up nights—thinking—scheming—planning some way to make his product even a little bit better than any one else has made it. No reasonable expenditure in time or machinery is too great if it will improve the product a little.

Surely then it is quite worth while for any housewife to put forth a little effort to have her baking—upon which the family health depends so much—just as good as it can possibly be.

We honestly believe that any woman of ordinary intelligence—by using "Royal Household" Flour in the "Royal Household" way—may have better bread—better pastry—everything better that is made with flour—for the remainder of her life time, if she will simply take the trouble to give "Royal Household" Flour a careful and reasonable trial.

We print herewith a simple recipe for making Puff Paste.

The "Royal Household" Way.
1 pound of Royal Household Flour.
1 pound of Butter.
Wash the butter thoroughly or until free from salt. Put both flour and butter in a cold place. Keep all utensils cold while working the dough. This is important. Mix about one-fourth of the butter into the flour, adding enough ice cold water to make a nice paste. Roll out this and spread more butter on with a knife; fold up as you would a piece of paper, repeating this until all the butter is worked in. It is well to roll thoroughly, as better results will be obtained; half an hour is some too long. The dough should then be put in a cold place for several hours, over night is better, but do not allow it to freeze. Bake in a moderately hot oven.

Telephone any dealer for a 7 lb. bag of "Royal Household" and give it a fair trial. If you have tried it once and, because of not being thoroughly acquainted with it, did not get such results as you hoped—try it again—but in the "Royal Household" way.

If your dealer does not keep "Royal Household" send us his name and address and we will see that he or some other dealer delivers a 7 lb. bag to you promptly.

Send us a post card with your address and we will send you our recipes and a lot of useful hints for making bread and pastry. But don't forget to telephone your dealer for the 7 lb. bag.

PLENTY OF SNOW AT FREDERICTON Schools and Churches Are Closed at F'ron Junction

FREDERICTON, N. B., Dec. 4.—Sleighs are being generally used here today after the heavy storm of Saturday night and yesterday which turned from rain to snow about dark last evening. There is close to three inches of snow on the ground and runners slip along very easily today except in cases where too heavy loads are being put on.

There was some uneasiness here yesterday for the lumber in the river as it was felt that if the warm rain continued for much longer the water would surely rise the ice go out with a rush, take the lumber down and there were no booms out to catch it. The chances for cold weather, however, has saved things and the lumbermen today feel that there is nothing to worry about. There is about 5,000,000 feet of lumber below Grand Falls and about 25,000,000 to 30,000,000 above Grand Falls.

The snow of yesterday and today is very welcome to the lumbermen. It will help greatly for winter work and will make things generally better.

Timothy Lynch is here from the scene of his operations on the Miramichi. He says that it has been a great fall for lumbering in that country and that on Saturday there was about five or six inches of snow in the Miramichi woods.

The schools and churches at Fredericton Junction and Tracy have been closed by the board of health to stop the spread of smallpox. A resident of the former place in the city today says that patients, however, are going about the village and intermingling with people. There is a call for rigid quarantine in this section of the country.

Mayor McNally is to appear before the tax commission this week and urge a reduction of the present poll tax from \$6.00 to \$5.00. It is felt by many, and his worship represents public feeling, that the present poll tax is altogether too high.

Word has been received from Houlton of the death of Robert Cochrane, son of retired Hospital Sergeant Cochrane. The deceased was 35 years of age and leaves a widow and son.

ASSEMBLING OF FIFTY-NINTH CONGRESS

WASHINGTON, Dec. 4.—The assembling today of the members of the fifty-ninth congress was marked by no unusual incident, but it attracted to the capital crowds of spectators who took a lively interest in the proceedings. Society was out in force and filled the reserved galleries while visitors unable to find seats roamed through the corridors to catch glimpses of public men. In the senate the proceedings were brief while the house was in session for more than three hours.

One noticeable feature was the absence of flowers, which heretofore have been common to both chambers. On the other hand the display has been so great that this exhibition alone would have been sufficient to draw great crowds and the absence of flowers, due to a resolution adopted unanimously by the senate and speaker, robbed the proceedings of much of its picturesque interest.

Senators Allison and Morgan were appointed by Vice-President Fairbanks as a committee to notify the president that congress was ready for any communication he had. The senate was in session only two minutes. Senators Aldrich, (Rhode Island); Knox, (Pennsylvania); Warner, (Missouri); and Frazier (Tennessee), took the oath of office and an adjournment was taken as a mark of respect to the late Senator Platt of Connecticut.

The preliminary steps to organize were completed by the hon. Joseph C. Sibley of Illinois, who was re-elected speaker. The members of the house took the oath of office; the officers and floor-clerks of the body were re-elected; the rules of the last congress were adopted and members began their formal duty of drawing for seats.

THE FATAL SEVENTH

Mayor Baxter Beaten in Contest for
Mayorality of Portland.

PORTLAND, Me., Dec. 4.—Mayor Jas. P. Baxter was defeated for a seventh term as mayor of this city today and Nathan Clifford, his democratic opponent, was elected by a plurality of 215 on the face of the official returns.

Mr. Clifford was defeated a year ago by 1,077 votes. The vote was: Nathan Clifford (dem.), 4,641; Jas. P. Baxter (rep.), 4,429; Nelson Lord, 232.

The voting for the head of the ticket was very close in ward one, three and six, and especially in ward one, where, owing to the split tickets, the returns were not completed until 10:30 o'clock. The vote was unusually heavy, the total being two thousand larger than last year and one thousand larger than two years ago. There will be a recount for alderman in ward one and possibly for the entire ticket in ward nine, but it is not expected the majority vote will be changed.

The results of the election are said to be due indirectly to the effect of the Sturgis bill passed by the last legislature providing for the strict enforcement of the prohibitory law to the closing of the city liquor agency after a seizure by the sheriff's department, objection to long tenure in office which the present administration has enjoyed, and the condition of the streets, several of the most important of which were torn up during a large part of the summer to the detriment of merchants and summer visitors.

The aldermen elected were by wards as follows: Lyndon F. Noble, Chas. Carr, Geo. Dow, Anthony A. Frates, Edwin P. Cummings, J. Fanning, F. B. Welch, Wm. F. Osborne and Charles H. Carter.

HOCKEY

MOHAWKS MEETING.

A meeting of the Mohawk hockey club was held last evening at Waterbury & Rising's store, King street. The first item of business was the election of officers, which resulted as follows: H. E. C. Sturdee, captain; executive committee, consisting of Captain Sturdee, William Blinck and C. F. Inches.

E. A. Inches was elected secretary. The club decided to withdraw from the provincial league and enter the city league.

The following resolution was then passed: "Resolved, that a team be chosen from the various teams that compose the city league, for the purpose of representing the city in the provincial hockey league; that the team so chosen be under the management of the executive committee; further—

"Resolved, that a copy of the above resolution be forwarded to the captains of the other city hockey teams, and that such resolution be placed before the meeting of the city league, to be held next Thursday evening in the Y. M. C. A. building."

The chief motive for such resolution is that it is somewhat hard for all the members of the Mohawk team to leave the city for purpose of meeting other teams, whereas with such a large field from which to choose a team, could be much more readily selected to take part in provincial games.

WRESTLING

GILBERT VS. HARDY.

Gilbert, the famous catch-as-catch-can wrestler of America, who announced his willingness to meet the winner of the Maupas-Schnable bout at their own style of wrestling in a handicap match, will be given an opportunity to meet Eugene Hardy, the champion lightweight wrestler of Canada. A great deal of interest has been aroused in St. John recently, both among the members of the Neptune Club and outsiders, in this sport and as it was first feared that Gilbert would be matched to wrestle in Montreal it will be gratifying to know that the contest will take place at the York Theatre Thursday evening. Gilbert is pretty well known here, having wrestled with Schnable before the Neptune Club on two or three occasions. Hardy is not as well known in the maritime provinces, although his record is a stand-by in Upper Canada. He was born in Montreal just thirty-one years ago, and has been a wrestler since his early boyhood. At twenty-one he had not only defeated all the best men in Canada and his reputation is that of a clean sport. He has favorably met Jack Mills of Buffalo, Max Wiley of Rochester, John Hazell of Buffalo, and many others.

Thursday night's bout will probably be the fastest ever seen here, for the men being smaller, are as a rule, quicker than Schnable, Maupas and the other big fellows.

SIX DAY RACE.

NEW YORK, Dec. 4.—With thirteen teams plugging around the track of the six-day bike race in Madison Square Garden tonight attracted several thousand people, many of whom came prepared to stay the night through.

Up to an early hour this evening three of the starting teams have been withdrawn. Gouglou, of the Swiss-Italian team, sustained a broken rib early in the day and had to withdraw. His partner, Vanoni, then entered the Mexican team, taking the place of Emile Agraz, who had injured his knee in a spill.

Late in the afternoon Dove, of the Dove-Scott team, withdrew, saying he was completely worn out. This withdrawal broke up the team and it was withdrawn.

At 5 o'clock Alexander Petersen was forced to give up because of stomach troubles and the Krebs-Petersen team

was out of the race.

The respective positions this evening were as follows: Dorethy, Dussol, Troussier-Deoup, Halldowney-Roth, Kegan-Logan, McLean-Moran, Bedell-Baldell, Downing-Bowler, Hopper-Holler, Achorn-Wilcox, Galvin-McDonald, 391 miles.

Vanoni-Castro, 399 miles. 9 laps. Record for 20 hours, 42.09 miles, made by Elkes and McFarland in 1900. Just before the eleven o'clock score was announced it was discovered that Castro had left the track without waiting for his partner, Vanoni to relieve him. He lost eight laps by so doing. An investigation proved that his handlebar had become loosened and that he was compelled to leave the track. Later it was officially announced that Vanoni and Castro had withdrawn. This left but 12 teams in the contest, all of whom were tied, the score at 12 o'clock being 451 miles, 6 laps.

At 1 o'clock this morning the 12 teams left in the six day bicycle race at Madison square garden were tied at 469 miles and 2 laps. The record for the time, made in 1901 by Elkes and McFarland is 529. Of the sixteen teams who started Sunday night, four dropped out today.

Teddy Billington, of Newark, N. J., an amateur who was engaged for exhibition riding at the garden during the race fell from his wheel tonight in the third heat of a sprint. He was removed to Bellevue hospital. Billington's condition is not serious. An ambulance surgeon who attended the young man said he had given an overdose of stimulants.

FOOTBALL

WASHINGTON, Dec. 4.—Among President Roosevelt's guests at luncheon today, were William T. Ryan, Jr., head coach of the Harvard football team and Dr. Herbert White, connected with the athletic association of the same institution. At the beginning of the football season in St. John recently, both among the members of the Neptune Club and outsiders, in this sport and as it was first feared that Gilbert would be matched to wrestle in Montreal it will be gratifying to know that the contest will take place at the York Theatre Thursday evening. Gilbert is pretty well known here, having wrestled with Schnable before the Neptune Club on two or three occasions. Hardy is not as well known in the maritime provinces, although his record is a stand-by in Upper Canada. He was born in Montreal just thirty-one years ago, and has been a wrestler since his early boyhood. At twenty-one he had not only defeated all the best men in Canada and his reputation is that of a clean sport. He has favorably met Jack Mills of Buffalo, Max Wiley of Rochester, John Hazell of Buffalo, and many others.

Thursday night's bout will probably be the fastest ever seen here, for the men being smaller, are as a rule, quicker than Schnable, Maupas and the other big fellows.

SIX DAY RACE.

NEW YORK, Dec. 4.—With thirteen teams plugging around the track of the six-day bike race in Madison Square Garden tonight attracted several thousand people, many of whom came prepared to stay the night through.

Up to an early hour this evening three of the starting teams have been withdrawn. Gouglou, of the Swiss-Italian team, sustained a broken rib early in the day and had to withdraw. His partner, Vanoni, then entered the Mexican team, taking the place of Emile Agraz, who had injured his knee in a spill.

Late in the afternoon Dove, of the Dove-Scott team, withdrew, saying he was completely worn out. This withdrawal broke up the team and it was withdrawn.

At 5 o'clock Alexander Petersen was forced to give up because of stomach troubles and the Krebs-Petersen team

GENTLEMEN'S DRIVING CLUB.

The Gentlemen's Driving Club held their annual meeting last night in the Dufferin Hotel, and in the absence of the president, H. J. Fleming, the vice-president, Dr. J. J. Johnson, occupied the chair. The meeting brought in the annual report which showed a deficit, and it was decided to make an assessment on the members. The meeting was adjourned to another time during the week.

JUNIOR LEAGUE.

Two very interesting and closely contested games of basket ball were played in Trinity school room last night. Trinity defeated Mission 10 to 3 in an excellent game. The scoring for the Mission was done by McDonald, 2; Brown, 1; For Trinity, by Hamilton, 5; Church, 2; Raymond, 3. The line-up was as follows:

Trinity	Mission
McDonald	Raymond
Sturdee	Hamilton
Church	Centre
Brown	Defence
Desbriay	Smith
Burnham	McLew

The second game of the best basket ball of this league to the present time was played, Portland losing by only seven to 8. Hastings scored 5 and Hayes 1 for Portland, and Smith 3, Keefe 2 and McAvity 1 for Y. M. C. A. The game was fast and clean throughout. Murth Day made a satisfactory and impartial referee in both games. The line-up in the last game was:

Portland	Y. M. C. A.
Hastings	Keefe
Paterson	Centre
Hayes	McAvity
Howard	Scott
Vincent	Simms

The standing of the league to date is:

Won	Lost	Won	Lost
Y. M. C. A.	4	9	1,000
St. Paul's	2	2	500
Portland	2	3	400
Mission	2	3	400
Trinity	1	3	250

The next game in the league will be played on Friday night in St. Paul's. Mission will play Portland, and St. Luke's will play Y. M. C. A.

LITERARY.

CHRISTMAS CANADIAN MAGAZINE.

Packed full of good things is the Christmas number of our national periodical, The Canadian Magazine. The illustrations are wonderfully well done, and are over fifty in number. These include full-page plates of such famous pictures as "Correggio's 'Holy Night,'" Del Sarto's masterpiece "Madonna of St. Francis," and his "Apprentice," and Sir L. E. Milne's "A Disciple." There is also a splendid series of full-page plates showing the harbors and rivers in Canada—Yukon, St. Lawrence, Saguenay, St. Charles, St. John, and Halifax. The stories are excellent, and are by Nellie L. McClung, Jean Biewert, Alice Jones, and Virginia Sheard—all Canadian women. The description of "A Prairie Fire," by Douglas Robertson, is a vivid bit of word painting, and its vividness is increased by the illustrations. The book reviews are especially good this month, and the departments of comment and criticism are thoroughly interesting. The cover is a beautiful piece of work, with the picture Madonna as the centre-piece in the design.

ST. LUNENBURG ASHORE

OTTAWA, Dec. 4.—The post office department has been advised that the steamer Lunenburg is ashore at Amherst Island, one of the Magdalen Group. The regular route of the vessel is between Pictou, N. S., Prince Edward Island and the Magdalen. The vessel will probably leave the Magdalen without steamship communication for the balance of the season, as the ice trips are usually discontinued about the middle of December.

DEATH AT SACKVILLE

SACKVILLE, N. B., Dec. 4.—The death of Mrs. Isaac Wheaton of Midgie occurred on Saturday after a brief illness of paralysis of the brain. Deceased was seventy years old. She is survived by a husband, two daughters, Mrs. Wm. H. C. Center-Village and Mrs. Am. Richardson, Moncton, and one son, Thomas, at home. Funeral will be held this afternoon. Rev. F. L. Steeves will conduct the service. Interment at Midgie cemetery.

LONG SERVICE REWARDED

And Customs Employes Receive Medals.

A very pleasing function was held in the government rooms last evening, when Lieut. Governor Snowball presented Thomas Bustin and Wm. Carleton with Imperial service medals for long and faithful service in the customs department.

Before the presentation his honor said that he came here expressly for this purpose, and he was sorry that a greater publicity could not have been given, but was glad to see so many ladies present. He was sorry to inform those assembled that Frank Gallagher, one of the candidates, was unable on account of sickness, to be present. His honor asked Attorney General Pugsley to make the presentation to Mr. Gallagher, which the attorney general was pleased to do. His honor then stated another candidate, Wm. Archer, had been decorated last Tuesday. Mr. Archer is at Tracadie.

He was sorry to inform those assembled that Frank Gallagher, one of the candidates, was unable on account of sickness, to be present. His honor asked Attorney General Pugsley to make the presentation to Mr. Gallagher, which the attorney general was pleased to do. His honor then stated another candidate, Wm. Archer, had been decorated last Tuesday. Mr. Archer is at Tracadie.

Mr. Bustin replied: "I am highly delighted to receive this honor, which the imperial government has seen fit to bestow upon me, and I thank you very much for your kindness in presenting it to me under the pleasant auspices."

Mr. Carleton, the other candidate, was then presented with his medal. He replied in fitting remarks, thanking the governor.

Attorney General Pugsley congratulated both recipients and spoke in pleasing terms of the excellent service which had been rendered. He was glad that His Majesty had seen fit to honor them in this manner and said it would encourage and be an incentive to others to faithfully perform the duties of their different offices. He requested exceedingly that Mr. Gallagher be unable to attend.

The lieutenant governor expressed himself as very much pleased to hear the remarks of the attorney general and was a proof that the candidates were fully worthy of the honor which had been bestowed upon them.

The ladies present before leaving, congratulated both gentlemen.

WHITEHALL, S. W.

"Sir—I am commanded by the king to transmit to you herewith an imperial service medal and ribbon, in recognition of your meritorious services in the state of New Brunswick, and I am to request that you will acknowledge the receipt of the decoration."

"I am sir."

"R. F. REYNARD."

"Secretary, etc. of the Imperial Service Order."

Both candidates have been in service for a long period. Mr. Carleton received his appointment on the 19th of June, 1865. On July 1st, 1867, a few days over two years later, Mr. Bustin was first appointed. Mr. Carleton has thus been in service a little over forty years. Mr. Bustin was born in 1828 on the 17th day of March. Mr. Carleton on the 20th day of November, 1831. Mr. Bustin's salary was \$70 and Mr. Carleton's \$750. Mr. Gallagher was born in 1840, Dec. 20th, and was first appointed in 1875. Salary, \$700.

BOARD OF TRADE DISCUSSES INDUCEMENTS FOR FACTORIES

The annual meeting of the board of trade was held yesterday afternoon. There were present, the president, H. B. Schofield, W. M. Jarvis, D. J. McLaughlin, Percy W. Thomson, J. Hunter White, Eben Perkins, J. A. Likier, Harold Schofield, C. Fred Fisher, H. C. Tilley, C. M. Bostwick, W. S. Fisher, R. B. Emerson, John Seely, E. L. Rising and Freight Agent Schaffner.

President Schofield was in the chair. The minutes of the last annual meeting were read and approved.

The report of the council which dealt at great length with all matters connected with the year, was read and adopted.

ELECTION OF OFFICERS.

The election of officers followed, and H. B. Schofield was chosen president, no slight names being put in for nomination.

Mr. Schofield thanked the members for re-electing him to the presidency. During the past year he has learned that there is considerable work and responsibility attached to the office. For the coming year he will devote as much time as possible to the work of the board, and hoped that he would meet with success. As president for last year he read the following report:

To the Members of the St. John Board of Trade:

The past year has been a very active one in board of trade circles, and you all must be gratified to know that some of at least of our united efforts have been brought to a practical and successful issue.

In the early part of the year the subsidy committee with the council considered determined efforts to improve the services rendered by subsidized steamship lines. I hope the same enterprise will be exhibited this year, for we should strive for the very best service that can be obtained for subsidies offered.

Several delegations have been sent to the Grand Trunk Pacific commission and the common council, for the purpose of obtaining aid from the government for dredging the site of the new wharf and the approach thereto, has been rewarded by finding that the work is important to hold the position of president.

Mr. Thomson nominated G. Fred Fisher as vice-president, but Mr. Fisher declined.

H. C. Tilley nominated T. H. Estabrooks. This was seconded by G. F. Fisher. D. J. McLaughlin believed that Mr. Estabrooks would not accept. E. A. Smith nominated R. B. Emerson, but the latter declined.

P. W. Thomson was unanimously elected vice-president.

INDUCEMENTS TO NEW INDUSTRIES.

A discussion followed the election of officers. H. C. Tilley thought St. John should offer inducements to industries which do not now exist. St. John should fall in line with other cities and offer exemption from taxation for ten years to industries not now here. The city would be more than repaid by the income from taxes of the employees. He would not favor granting exemption to any industry which would compete with any now in operation here. But he would let it be known that any industry employing a hundred hands or more would be exempt from taxation for ten years. He made a motion to this effect.

Percy Thomson did not agree with this. The great thing is to develop the industry at the falls. If a manufacturer can get cheap power and save some thousands of dollars on his coal bill, he will pay manufacturers to let their factories elsewhere, not to rebuild here.

W. S. Fisher thought this matter of exemption was given too great prominence. There were other conditions which would more forcibly appeal to a manufacturer, these are the gather-

More Terrible Than War!

More terrible than war, famine or pestilence is that awful destroyer, that hydra-headed monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate mucous membrane causes them to back away with an irritative tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect the cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering. Dr. Wood's Norway Pine Syrup contains all the life-giving properties of the pine trees of Norway, and all throat and lung affections is a specific. Be sure when you ask for Dr. Wood's Norway Pine Syrup to get it. Don't be misled by cheap imitations. It is a specific for all throat troubles after you have taken nothing else. Price 25 cts.

Miss Lena Johnston, Toledo, O., writes: "I have used Dr. Wood's Norway Pine Syrup for throat troubles after you have taken nothing else. It is a specific for all throat troubles after you have taken nothing else. Price 25 cts."

KIND WORDS FOR MR. SCHOFIELD.

W. S. Fisher had pleasure in expressing appreciation of the work done during the year by Mr. Schofield. Important matters have been considered, and an impetus given to the development of St. John. The people have now a question and see what can be done along that line. Full consideration should be given this subject.

Mr. Likier thought St. John should be boomed this year. The board will make a special effort along this line. It was thought that an exemption from taxation is already provided, this resolution would be useless, but it might be well to have the newspapers and the information that exemption is granted here. The resolution was withdrawn.

Eben Perkins said that New England manufacturers declare that if they had the advantage of raw material and in other ways that are available for industries in the maritime provinces, they would supply the markets of the world. Canada is not supplying her own markets. Mr. Perkins was opposed to a bonus of any sort. Nor did he believe in aid of any kind being given new industries. Gifts make beggars. There is only one opinion about the advisability of getting new industries here, and he thought the matter was in good hands.

INDUCEMENTS TO NEW INDUSTRIES.

G. Fred Fisher was of the opinion that it did not pay any municipality to exempt industries.

John Seely was in favor of Mr. Likier's motion.

E. A. Smith felt that a more lively interest should be taken by members of the board in the subjects for discussion. The membership should be increased by three or four hundred members ought to attend the meetings and exercise an active influence on all matters of public interest. He thought a special meeting should be called to deal with the programme.

INDUCEMENTS TO NEW INDUSTRIES.

J. A. Likier said St. John had only one hope, in the energy of her merchants and manufacturers. The town has been advanced for ten years, it has not grown any, while other cities have steadily advanced. St. John must do what other towns have done—offer inducements and get industries here.

R. B. Emerson moved that a special evening meeting be held and thoroughly advertised, to consider the programme which can be offered to new industries. This passed, and Mr. Schofield named a week from tonight for the meeting.

D. J. McLaughlin thought it almost hopeless to try to increase the membership of the board. The two hundred mark has never been reached. Every time it seems to be near, someone goes and dies or moves away, and the mark remains out of reach. It is a disgrace to St. John that this should be so. A lower membership fee will not do it.

MISS EDITH MAXWELL. Miss Edith Maxwell, sworn—I have been a Victorian nurse since June last. Two weeks ago Sunday I went to the Clarke house to assist Dr. Scammell and Roberts. I knew what the operation was for. Dr. Roberts performed the operation. I daily visited Miss Clarke from the operation until her death.

MARY M. MUIR. Mary M. Muir, sworn: "I had been practicing as a Victorian nurse since June last. I prepared Miss Clarke for the operation on Sunday, Nov. 19, 1905, at her residence, 1018 1/2 St. John St., Toronto, Ontario, Canada, at the residence of Dr. Roberts and Dr. Scammell.

DR. G. A. B. ADDY. Dr. G. A. B. Addy, sworn: "I performed a post-mortem examination on the body of the deceased. I found the heart normal, the lungs were in a diseased condition and a microscopic examination revealed the presence of tubercles in the lungs.

DR. ROBERTS. Dr. Roberts said, on Wednesday afternoon, Nov. 18, I was called in to see Miss Edith Clarke. I was accompanied by Miss Mrs. Reynolds. Miss Clarke was lying in bed highly flushed and complaining of a severe pain in her left side just below the collar bone.

On Saturday at two o'clock her pulse was feeble, but her temperature was about normal. Miss Reynolds was sitting up with her eyes closed. About half past three Mrs. Reynolds came for me. Miss Reynolds said she had been sent by Mrs. Clarke, but Miss Clarke did not know I was to be sent for.

His majesty has invited Sir Henry Campbell-Bannerman to form another cabinet.

WILL GOVERNMENT SELL THE I. C. R. May Pass Into Hands of Private Corporation

MONCTON, Dec. 4.—Senator Poirer, who was in town today, says he would like to see a strong effort being made to hand the Intercolonial over to a private corporation, and the people of the maritime provinces must be prepared to make a vigorous fight.

Dr. Scammell asked Miss Clarke if she had been to any other doctor. She replied that to answer that would be to get several persons in trouble. I then told her that she probably would be given for the time being a prescription for ergot.

DEATH OF ARTHUR DANIEL

Arthur Daniel passed quietly away early this morning at his late residence on Wall street, in the 82nd year of his age. He was a native of Buckinghamshire, England, but came to St. John when quite a youth, and has spent the remainder of his life here, with the exception of a short period that he resided in Calais, Me. He was at first in the employment of Hoadsworth & Daniel, dry goods merchants, and afterwards of Kirk & Worrall, milliners. After the death of Mr. Worrall Mr. Daniel was taken in as a partner in the business, the firm name becoming Kirk & Daniel. They retired from business several years ago, since when Mr. Daniel has lived in retirement. He leaves one son (George) who is manager of the Bank of Nova Scotia at Moncton, and two daughters, viz. Mrs. Barton Gandy, of St. John, and Mrs. J. E. Dickson, of Montreal. His wife, who was a daughter of the late George Worrall, died some years ago. The deceased was a brother of Thomas W. Daniel, of this city, and Mrs. Clara Hill, at present living in Montreal.

FUNERALS TODAY.

The funeral took place at Otter Lake road at 10 o'clock this morning of Miss Mary E. Johnston. Interment was made at Fernhill. The funeral took place at 2 30 this afternoon of Mrs. Harry M. Comeau, from her late residence, 373 Haymarket Square. Funeral services were conducted at the cathedral. Interment at the new Catholic cemetery. At 2 30 this afternoon the remains of the late Mrs. James O'Brien was taken from her daughter's residence, 214 Brussels street to their last resting place at the old Catholic cemetery. The services at the cathedral were conducted by Rev. Father O'Keefe. The funeral took place of Mrs. Nell McGowan this afternoon at 2 30 from the Mater Misericordiae Home at the old Catholic cemetery. The services were conducted by Rev. Father Gaylor. There was no pallbearers. The body of the late Nelson Parlee was taken this morning to Belleisle for interment. A service was held last evening at 8 o'clock at the Windsor Hotel, late home of the deceased; by the Rev. Mr. Marshall. The funeral of the late Uriah Belyea took place at Fairville tonight on the arrival of the Montreal express, to Cemetery Hill. The services were conducted by Rev. Mr. Scovill.

The funeral took place at 2 30 this afternoon of Miss Margaret Patience Thompson, of Westford, from the residence of S. T. Seeda.

PROTECTIONIST TELLS QUEER YARN.

Last night Sergt. Campbell was called to Donahoe's drug store on St. James street, by Burton K. Bourne, who says that his home is in Woodstock. He said that four men were following him and attempting to beat him. He was taken to the station and placed in a cell for protection and there showed signs of insanity, as he made considerable noise and told the policeman in charge that there was a doctor coming to injure him. He was allowed to depart at six o'clock, with three other protectionists.

Bourne was an occupant of the police station cells a few nights ago and said he had arrived in the city from Woodstock with sixty dollars but had spent it all and was then out of funds.

SANTA CLAUS LETTERS.

Santa Claus has taken his advertisement out of the Star for a day to give him a chance to read the floods of letters that have already come. Every day piles his desk with hundreds. This morning's mail for instance brought 639 letters, and this afternoon's and evening's mail each is greater than this. He also complains that in spite of his careful explanations many little ones are addressing their letters wrong. Just write as nice a letter as you can, and if you are one of the best you will get what you ask for. But Santa Claus, care St. John Star, St. John, N. B., and if you are in the best you will get what you ask for. But Santa Claus, care St. John Star, St. John, N. B., and if you are in the best you will get what you ask for.
