The Mammoth Parade

The big feature of the day was the mammoth parade in the morning. The different organizations and firms in the city and from different communities in New Brunswick, Nova Scotia and Maine vied with one another in producing something out of the ordinary and their efforts were entirely successful. The parade was a success in every way. The floats were numerous and finely gotten up. Many of the schemes of decoration were entirely original and the different bodies of men in the grand parade showed to great advantage.

The show was certainly a credit to the originators of the affair and to the committees and organizations who were responsible for the carrying out of the schedule. No little praise can be given to Lieut.-Col. H. A. A. Powell, the grand marshal, for the excellent manner in which he planned the formation of the procession, using King street east on the south side for the formation of the fire departments, with independent floats on the north side of the street. The Trades and Labor Council with affiliated labor unions were formed up on Pitt street; the Sons of England on Wentworth street, while the Boy Scouts and Polymorphian Club assembled on Carmarthen street, all facing towards King street east. At 10.15 o'clock Col. Powell gave the order for the parade to start and between each body of marching men he and his aides placed a number of independent floats with the result that the parade was evenly divided. As the parade started off from King street east the sections from the above named side streets fell in line as ordered and there was not one hitch in the arrangements. There was no discord among those participating in the parade and all plans were carried through successfully.

The fire departments were out in force and their showing was certainly a credit to themselves and the communities they represented.

Chief J. M. Keffry and the firemen from Yarmouth had a good display. Their float was one of the prize winners. They deserve much credit for the effort they made to help make the parade a success.

The Houlton fire fighters were in the line with Chief C. H. McCluskey at their head. They made a fine appearance and they were given a hearty greeting all along the route.

Milford, Maine, was also to the fore under Chief C. H. Ward. The people of St. John and the visitors greatly appreciate the assistance given by these outside firemen.

George Ackman, chief of the Moncton fire department and his fire fighters, headed by the Moncton Citizens' Band, drew hearty applause from the crowd. Chief Ackman has always been a favorite with the public of St. John and his genial smile greeted people all along the route of march. The Moncton Band was under the direction of Bandmaster G. Herbert Perry, who has one of the best band organizations that visit this city.

The Trade and Labor Council and the other labor organizations, with approximately one thousand men in the march, was a pleasing feature. The different unions made a

WONDERFUL ENTERTAINMENT PROVIDED RETURNED MEN

The Commercial Travellers Were Hosts at a Most Delightful Affair in Honor of Our "Vets"—Superb Organization, Splendid Programme, Delicious Refreshments and a Hearty Welcome Made "Our Boys" Feel Happy and Satisfied.

To describe the entertainment given by the Commercial Travellers' Association to the returned men at the mess hall last night there is only one word to be used and that is "wonderful." To say that the evening was a success is to express it very mildly. If big crowds, a fine programme, splendid organization, delicious refreshments and a most cordial welcome make up a complete programme of enjoyment then the travellers, who have worked early and late for many days, may rest assured that their party for the returned boys will never be forgotten.

One soldier last evening stopped The Standard representative and said, "I wish you could put in the paper the personal thanks of every soldier here for this splendid time."

Open-hearted generosity certainly was displayed on every hand by the association who spared neither time, money or personal effort to give those who had fought for their country a happy evening. Committees were formed and each man had his position assigned to him. In the dining room the immense crowd was handled in a marvellous way with no confusion or delay. Long tables were spread and the refreshments were daintily served.

The mess room of the armory was beautifully decorated with hundreds of flags, evergreen and a profusion of flowers, and at least two thousand people filled the hall. Owing to the huge number of persons present it was impossible to dance until well on into the evening. A runway was built out to the dining room where a supper was served from eight o'clock on. Six hundred persons were seated at once and all were waited on apparently with ease by the travellers. Travellers were stationed at each door to give directions just where to go.

Supplies were provided in such quantities as 12,000 sandwiches, 6,000 doughnuts, 6,000 cookies, 150 gallons of ice cream, 135 pounds of coffee, 40,000 cigarettes.

In addition to the flags and bunting in the dining room on the walls were displayed cards with humorous sayings, such as "If you miss the hardtack, have a doughnut." "We have no oleomargarine, only butter."

Owing to the arrival at Rothesay of His Excellency the Governor General of Canada, His Honor Governor Pugsley was unable to be present and give the opening address as had been arranged. Premier and Mrs. Foster, Mayor and Mrs. Hayes and other officials were present in the hall. Each soldier was invited to come and bring his lady friends and hundreds availed themselves of the invitation. Many were in uniform and others in civies wore the returned soldier's button or the badge of the G. W. V. A. All were happy and evidently appreciative of the efforts of their hosts.

The programme opened with several fine selections by the Juvenile City Cornet Band. Appreciated solos were rendered by Mrs. Louis Leclaire, Miss Louise Anderson, Mrs. Kathleen Furlong Schmidt, Thomas Guy, A. C. Smith, a mixed quartette by Miss Anderson, Mrs. Leclaire, A. C. Smith and Thos. Guy was enjoyed. Little Angeline Gregory gave two charming dances. Steve Matthews, accompanied by D. Arnold Fox, pleased the guests with one of his clever monologues. Good moving pictures were shown donated by R. G. March of the Specialty Film Import and the Exhibitors' Distributing Corporation.

The accompanists of the evening were Mrs. Marie Furlong, Miss Helen Furlong, Miss Agnes Anderson, Harry Dunlop and D. Arnold Fox. McDiarmid and Hougney, vaudeville artists from the St. John Opera House, delighted the audience with an excellent singing turn. Dancing was kept up until a late hour.

S. E. Elkin was chairman of the evening, making several pleasing impromptu speeches, and R. S. Sime generally greeted the guests.

ROYAL PARTY WILL PRESENT SHARP CONTRAST TO MENTORS WHO SUBDUED PLEASURES OF EDWARD VII'S VISIT IN 1860.

When Edward VII. paid that visit to Canada in 1860 which was destined to exercise so powerful an influence upon his entire subsequent career...

At the entertainments organized for him they insisted that he should devote his attention to the local leaders of society, that is to say, to the marshals rather than to their fascinating daughters.

It is to Sir Sidney Greville, a younger brother of the Earl of Warwick, and to Lord Claud Hamilton, a brother of the present Duke of Abercorn, that King George may be said to have confided his royal sons...

In the Middle Ages the persons of Princes of the blood were held sacred, especially of those in the immediate line of succession to the crown.

The Prince is venturesome. In the case of the present Prince of Wales the responsibilities have been particularly great, not because he has grown to mischief or that he is of character described by the French "diable" but in consequence of his absolute fearlessness and his determination to share not only the fatigues but also the perils of his fellow officers and of his soldiers at the front.

Ottawa, Aug. 14.—Plans for the approaching session of parliament will be advanced by Sir Robert Borden during his absence west by his colleagues who are remaining in the capital.

It is therefore practically certain that the new ministers and the leader of the opposition will not participate in the sessional proceedings.

STRIKE FACES THE MANHATTAN AND BRONX TRACTION LINES

New York, N. Y., Aug. 14.—Possibility of a strike on the traction lines in Manhattan and the Bronx appeared on the horizon again today.

Thin people should take phosphate. Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who loyally feel their excessive thinness.

fine impression and the fact that the members of his party, all of them carefully selected by his father, the Prince Consort, were elderly men, terribly alive to the responsibility with which they had been saddled, and regarding themselves as bound to protect their royal charge not only from all harm, but also from any of the indiscretions incidental to joyous youth.

They had a very fine representation of the Tower of London. Traders' Gate completely closed, a suggestion as to the most suitable person to enter it. Following handsome float, were a detachment of the Buffs, a band of soldiers of red with its white trimmings, costumes were complete in every detail even to the fringed which are to go with the picturesque uniform.

Going from the guards of the 5th of the Empire to the Army the next detachment represented the band of Zulus. They were led by Lieut. Walter McLellan, and were in charge of a band of Zulus. Four Zulus, the bands, J. T. Nuttall, W. J. Hazell, Scott and W. A. Munroe. The Zulus gave the crowd splendid views of red with its white trimmings, costumes were complete in every detail even to the fringed which are to go with the picturesque uniform.

The formation of the parade was most perfect and the head column was in front of the review and judge stand at 10.20 and it was through one of the largest ever seen in St. John. The spectators were quick to recognize the many different sections of the grand parade and their applause was heard and sustained. Every outside of the parade was given a special place in the local representatives were given the reception.

It took just forty-five minutes the procession to pass and there were so many beautiful floats that it was a most difficult task in judging out the winners.

Little Benny's Note Book BY LEE PAPE.

I was bringing home a dozen eggs from the store yesterday afternoon, and I was walking along thinking of something else and I threw the bag up and it went to the ground, Gosh, G. I better be careful, there's eggs in here.

Well, just then I met Skinny Martin, saying, Hello, Benny, wait in the bag, cakes?

No, eggs, I said, and he said, Aw, eggs. A dozen eggs costs more than a dozen cakes any day, I said.

That don't say they're worth more, said Skinny Martin. And he started to walk alongside of me, saying, I bet you can't jump the alley in one jump.

And he did it in one, and I said, That's a slinch, that's a beam. And I took a long run with the eggs and did it in one too, only I fell down when I landed and almost sat on the eggs but not quite, saying, Gosh, that was a narrow escape, I better be careful, these eggs brake easy.

O well, you had to brake them when you use them anyway, don't you? said Skinny Martin.

And I didn't do anything more to them except accidentally bump without using his hands, and so did I, only the bottom of the bag hit the top of the fire plume while I was going over, but not hard, me saying, Gosh, I'll brake these eggs yet if I can't careful.

And I didn't do anything more to them except accidentally bump without using his hands, and so did I, only the bottom of the bag hit the top of the fire plume while I was going over, but not hard, me saying, Gosh, I'll brake these eggs yet if I can't careful.

Glynn Declares The Results Have Been Wonderful

"Tanlac Was Just What I Needed," Says Proprietor of Local Dealer—He Eats Anything Now.

William Glynn, proprietor of the Dorchester, a family hotel, at 3 Dorchester street, St. John, New Brunswick, comes forward with his unqualified endorsement of Tanlac. Mr. Glynn has been operating the Dorchester for the past fourteen years. He is one of St. John's most genial and highly respected citizens. In describing his case and failure to heretofore find relief, Mr. Glynn said: "My stomach has been in the worst kind of a fix now for a year or more. Why, up to the time I got Tanlac I had not been able to eat scarcely anything without suffering from indigestion. My food went down, but it was not getting into my system. I was suffering from heartburn and make me miserable for hours. Some days I just felt so bad and had such a poor appetite that I could not eat anything, and I often felt tired, weak and dizzy. "But Tanlac has put my stomach in shape to where I can eat and digest just anything. I am still taking it, but the results have already been wonderful. I can enjoy eating now like other people, for my food seems to digest perfectly and the gas and sourness have left my stomach almost entirely. Tanlac has proven to be just what I needed, and has done me more good than all the other medicines I have taken put together, and I'm still improving right along. I am glad to recommend Tanlac for I believe I am telling the people about a medicine that will help them."

Tanlac benefited Mr. Glynn simply because it toned up his vital organs and enabled him to digest his food properly. In fact, there is no portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs thereby enriching the blood and invigorating the whole system. Next it enables the weak worn-out stomach to thoroughly digest its food, permitting the nourishing elements to be converted into blood, bone and muscle.

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

SOUTH AMERICAN REPUBLICS GAIN IN OIL WELLS

Will Soon Rank Second Only to Mexico as Oil Producing Countries.

New York, N. Y., Aug. 14.—Central and South American republics will soon rank second only to Mexico as oil producing countries, according to W. B. Griffiths, of Pittsburgh, who arrived here today from Colombia on the United Fruit Company's steamer Turrialba, after a trip through that country for New York oil interests. The output of oil which the tropical countries will yield in the next few years will bring about a marked decline in the prices of gasoline in the United States, he asserted. In Colombia, he said, the development of the oil wells is just beginning.

PHYSICIANS JOIN THE STRIKERS

Medical Men of Newcastle and Chatham Absolutely Refuse to Write Prescriptions for Liquors for Any Cause.

Newcastle, Aug. 14.—The Miramichi district is the scene of the latest strike, and it is one of the most unique yet reported. The medical profession, it is reported, due to the humiliated and disgraced members of the profession, have struck and prohibited officers, have struck and refuse to issue any prescriptions whatsoever for alcoholic liquors. The first announcement from Chatham doctors of a strike, when they announced that they would refuse to write prescriptions under the N. B. Prohibition Act, and the Newcastle members of the profession have taken the same action. Just what the result of the strike will be is very much in doubt, but the chief inspector has been appealed to several times lately to have the vendors at Newcastle, which is one of the obstacles remedied, but no action has been forthcoming and it is now likely that government action will be necessary to bring about a reconciliation.

Every Ford Car is Champion Equipped
The best possible reason why every plug replaced in your Ford should be a Champion "X" is contained in the Ford instruction book which says—"The make of plugs with which Ford engines are equipped when they leave the factory are best adapted to the requirements of our motor." No indorsement can be stronger than that of the Ford Engineers for **Champion Dependable Spark Plugs**
The exclusive factory equipment of Fords, Overlands, Maxwells, Studebakers and the overwhelming majority of all gasoline motors and engines in use is not a matter of guess—Champions have justified every claim and every confidence by an unbroken record for dependability under every possible test in actual service. The asbestos lined copper gaskets that cushion the insulator are an exclusive feature—the 3450 insulators themselves will withstand tests that destroy ordinary insulators. There is a Champion that will maintain the efficiency of your Motor Car, Truck, Tractor, Farm Engine, Motor Cycle or Motor-Boat. Be sure that "Champion" is on the insulator, it guarantees "Absolute satisfaction to the user or full repair or replacement will be made."

CLOUDY

CHARGED WITH THEFT. James McIntyre was arrested last evening on a warrant charging him with theft.

WAS ALSO THERE. Little Miss Annie Adams was a member of the crew of the boat on the St. John Power Boat Club float in the parade yesterday. Her name had been missed from the published list.

FINE OF \$200. In the police court yesterday morning Edgar Murray, charged with having liquor in his possession, pleaded guilty and was fined \$200, while seven men, charged with drunkenness, were fined \$5 each or two months in jail.

SOMEWHAT IMPROVED. John Moore, son of John E. Moore, who was badly injured in an automobile accident a few evenings ago, was reported to be somewhat improved last night and hopes are now entertained for his recovery.

FOUNTAIN IN PLACE. The fountain at the foot of King street in Market Square, the appearance of being completed. Anyway it looks all right from a distance and the debris has been removed from its former site. The removal of the fountain has been an improvement.

CONFINED TO HOUSE. Herbert Maxwell, who was injured several days ago when a car belonging to the Provincial Minister of Public Works was in an accident, is still confined to his bed, and his doctor says he will be in bed for some days yet. His chest is sore and he is suffering from injuries to his head and leg.

G. W. V. A. FAIR. A total of 4,500 people visited the G. W. V. A. Fair yesterday, and at times the crowds were so great that it was difficult to attend to them. In the afternoon the attendance was 1,900, and the door prize, a silver tea set, was won by ticket No. 4068. In the evening the attendance was 3,500 and the door prize, half a barrel of flour, was won by ticket No. 3,029. The fair will be kept open this afternoon and evening, and on Saturday afternoon there will be special features for the children.

CITY LOOKS FINE. St. John looks fine in its decorations, said Dr. O. B. Price, of Moncton, who came to the city yesterday to take part in the celebration. "But you ought to visit Moncton, and see a city going ahead by leaps and bounds. That is the only way you can describe the progress of Moncton at the present time. In addition to a great deal of private construction the Housing Commission has now seventeen houses being built, and this number will be increased to 35 within a week."

CARLETON MEMBER HERE. Mr. Sutton, M. L. A. for Carleton county, is among the visitors who came to St. John to join in the celebration. To a reporter Mr. Sutton said the crops in Carleton county were looking fine, especially along the St. John river. Farther north along the Tobique River, and in Maine the crops were not looking so well, owing to the fact that they had had less rain than along the St. John River. The wheat crop would not be heavy, but it was in good condition at present.

Hon. J. A. Murray, of Sussex, and George B. Jones of Apohaqui, arrived in town yesterday for the celebration. H. A. Woods, of Wolford, is in the city. Hon. Robt. Murray, provincial secretary, is in the city for the celebration.

Fishermen Make Good Catches

Prices of Sardines Are Not Quite Satisfactory to the Fishermen—Haddock and Hake Abundant.

The fishermen are making good catches, but as they are selling sardine herring at \$5 a hoghead there isn't much in it for them," said J. A. Calder, fishery inspector for St. John and Charlotte counties, who arrived in the city yesterday. "When it comes to buying supplies \$5 now is only worth about a dollar and a half."

WEDDINGS

Wright-Foster. The home of Mr. and Mrs. Woodford H. Wright, Southampton, N. B., was the scene of a pretty wedding on Tuesday, when their son, Dr. H. Stanley, was united in marriage to Miss Evelyn Rose Foster, daughter of Mr. and Mrs. Henry J. Foster of London, England. The ceremony was performed at 11:30 a. m. by Rev. Clifford T. Clark, pastor of the Southampton United Baptist church, and was witnessed by the immediate family. The bride was becomingly gowned in crepe de chine, and wore a bridal veil with orange blossoms. Miss Marjorie Wright, sister of the bride, was bridesmaid, while Miss Zella Wright played the wedding march. Mr. and Mrs. Wright will reside at Lower Southampton.

Pickpockets Opening In City Crowds

People Are Warned to Beware of Light-Fingered Gentry, Who Were Picking Pockets Yesterday.

Pickpockets reaped a harvest in the city yesterday and the people are warned to be on the lookout for these sleek thieves. The operations of these gentry were quite general in the big crowd and there were many reports of loss of money and pocketbooks.

The chief of police has asked The Standard to advise the people that pockets are being picked and that every precaution be taken on the part of individuals to guard against these depredations.

It was said last night that the thieves were operating chiefly in the crowded street cars but their operations were directed towards any crowd. One report was that several young men were relieved of at least \$100 each. Several people came to The Standard office last evening and reported loss of money. One gentleman lost a pocketbook containing \$160 and other valuables, another citizen was relieved of something over a hundred dollars.

The police are making every effort to round up the thieves but citizens generally must take every precaution to retain their own money.

Prime Minister Arrived In City

Sir Robert Borden Here to Greet Prince of Wales—Will Go on to Halifax.

Sir Robert Borden, who arrived here yesterday spent the evening at the summer home of General McLean at Rothesay. During the evening the premier gave an interview to a party of newspapermen from the United States who are here in connection with the visit of the Prince of Wales. He will be on hand to welcome the Prince today, and will go on to Halifax.

Decorations At Local Armories

No Effort Has Been Spared in Trimming for the Visit of England's Future King.

The Armoury, where the Prince is to receive the addresses from the Dominion, Provincial and Civic bodies, has through the efforts of A. O. Skinner and his co-workers been transformed into a veritable bower of beauty. The railing around the gallery is festooned with bunting and the room from one end to the other is arched with red, white and blue, forming a charming scene as one enters the doorway. Leading from the main doorway, through which the Prince and party will enter, is a passageway roped off to the platform, which is placed about half way down the hall. This passageway is carpeted in red, as is the platform, the whole making up an effect that it would be hard to equal and much credit is due to Mr. Skinner, the directing head of the decorating of this hall.

IMPERIAL THEATRE'S HOLIDAY PROGRAMME

Charlie Chaplin, Mack Bennett Comedy and Bessie Barriscale—Concert Orchestra.

Imperial Theatre, the most luxurious motion picture theatre in the eastern section of Canada and always one of the places visited by strangers, will have an especially fine programme for today and Saturday when so much of a holiday character is going on. In the first place the third of Charlie Chaplin's million-dollar comedies entitled "sunshine" is to be shown. It is a three-part picture of a high-class comedy brand—in reality the most subtle thing Chaplin has done, although not his most grotesque. Many people prefer the more refined humor as expressed in this tale of a farm-hand. Dennis Barriscale, one of movie-dom's queens, appears in a unusual charming fiction, "The Heart of Rachel," delightfully rich and well-dressed as a production and of story interest. Miss Barriscale will be strongly supported by metropolitan players.

The third feature is a Mack Bennett farce entitled, "Rally's Wash Day"—a riotous scream of laughter from beginning to end, introducing kiddies, cats, dogs, goats and all sorts of fun, machinery. There is the Imperial's renowned orchestra. The serial story chapter will be held over until Saturday.

D. A. C.

All former members of the Second Divisional Ammunition Column are requested to parade on the Barrack Square at 10.30 a.m. Friday for the reception of H. R. H. The Prince of Wales. Uniforms if possible.

All members of the D. A. C. are invited to lunch afterwards in the Armory (downstairs). W. H. HARRISON, Lieut.-Col. Formerly commanding 2nd C. D. A. C.

Returned Man Fell From Train

Passenger Arriving on Boston Express Late Last Night Reports Seeing Man Tumble from Train About Three Miles West of Fairville.

A passenger arriving on the Boston express about 11:30 o'clock last night stated that he feared a bad accident had occurred about three miles west of Fairville station. He said that a returned soldier who was coming to St. John from Fairville was on the platform of a car, that the car gave a lurch and he saw the returned man tumble from the car and disappear in the dark. The passenger said that he did not think of reporting the affair to the conductor or any of the train hands as he did not seem to realize the seriousness until some time after the train had arrived at the Union Depot and he had reached a friend's home. He then had a letter notify The Standard telling what he had seen and stated that he feared that perhaps the returned soldier might have been badly injured, although the train was not going at a very fast rate of speed as it was drawing near to the Fairville station. A telephone communication to the night agent at the Fairville station was made and that official stated that he did not hear of a man falling from the train or of a man being found alongside the track. No doubt an investigation was or will be made.

Rothesay Bright For Royal Visit

Suburban Residents Have Lavish Decorations in Honor of Prince of Wales.

Rothesay is en fete for the visit of the Prince of Wales and every resident has been busy decorating his home along the road to decorating to the best of his ability. Lawns have been clipped and the lovely grounds surrounding many of the summer homes are looking their best. Government House is lavishly decorated. A very large hexagonal pavilion has been erected for dancing and a number of marquees are in readiness for the serving of refreshments at the reception to be held today. The pavilion is at the left of the entrance to Government House as one enters and is draped from the centre with tri-colored bunting. Large electric lights are placed near it and strings of smaller lamps are on its side. Flags are placed at intervals and flags also decorate the marquees. The gardens and lawns are at their loveliest. The first arch at Rothesay the trimming of which was done by the Duke of Rothesay, Charles O. D. E. is covered with a design of golden rod, spruce and flags. Another arch at the junction of the Gondola Point and Church roads is being decorated by Fair Vale residents.

STRIKING ACTORS CLOSE UP THEIR TWELFTH THEATRE

Walkout at the New Amsterdam Leaves Big Audience Without Amusement.

New York, Aug. 13.—Striking actors tonight closed their twelfth theatre in this city. The New Amsterdam, at which "Ziegfeld's Follies" was billed, was filled this evening with an announcement was made that five principals, all members of the Actors' Equity Association, had "walked out." Their action followed revocation of today by Supreme Court Justice Lydon of an injunction obtained by Florenz Ziegfeld, restraining "unionists" from "interfering with his production by stepping from the cast."

Grumbling, despite restoration of their ticket money, the audience fled out into the rain-swept streets. In the Ziegfeld case Justice Lydon held that no actor could be legally restrained from breaking his contract. At the same time he issued another injunction—this time in the case of the 48th Street Theatre—"restraining" officers of the Actors' Equity Association and the cast of the play "They Who Walk in Darkness," from participating in any way in "alleged combination and alleged conspiracy" to close the play at its premier tomorrow night.

The creation of a "reign of terror" among actors and actresses in this city is charged by Lee Shubert in an affidavit accompanying the complaint. Mr. Shubert asserts that threats of social and professional "ostracism" coupled with intimidation of bodily harm, are being used by the strikers as weapons against loyal performers. The new organization sponsored by E. H. Sothern is fast gaining recruits, according to the managers' association. Reports from Chicago indicate that eight entire companies have asked for affiliation with Mr. Sothern's organization and at the same time wired resignation to the Equity, the producers say.

LAST NIGHT'S FIREWORKS SPECTACULAR

Despite the showers of early evening the last, so far as the city itself was concerned officially, of the features provided for the entertainment of our soldier guests proved highly successful, and many highly complimentary remarks on the excellence of the programme of fire works supplied for this "Joy Day" ending, were heard as the large crowd wedding its way from the grounds at Barrack Green towards home. A. O. Skinner, who had charge of this part of the entertainment, had promised the people something special and he more than made good on his promise.

Looking out of the grand stand onto the grounds reminded one very much of pre-war days when the exhibition was on and it is doubtful if there ever was a larger crowd on the grounds than was there last night. In addition to the grand stand full of people, and this holds over two thousand, and the number standing on the ground, which must have numbered ten thousand, there must have been nearly one hundred automobiles parked in the enclosure, each filled to capacity. During the evening two splendid concerts were provided by the Moncton and City Cornet bands. The band from the "Bend" played from eight o'clock until nine, after which the organization made a splendid impression and St. John music lovers will be glad to welcome it back at any time. The City Cornet band played from nine o'clock until the ending of the fireworks display. Their programme was largely popular hits of the day, and two selections particularly, "Rose My Colleen" and "Mary," which was sung by several members to band accompaniment were rewarded with loud calls for encores.

The fireworks display was given under somewhat difficult circumstances. Shortly after the opening piece the rope holding back the crowd broke and several were thrown into the space reserved for the workers. The opening set was a large "Welcome" this was followed by the Maple Leaf and a Victoria Cross, which two evoked loud applause from the crowd. The set which brought forth the most enthusiasm, however, was a splendid portrait of the Prince of Wales. The usual Catherine Wheels, fountains of fire, Greek fire and sky rockets and bombs, made up a showing which all agreed was well worth while going some distance to see.

BRITISH GOV'T TO SUPPRESS SINN FEIN MEETINGS

This Action Deemed Necessary on Account of the Increasing Number of Crimes in Clare County.

London, Aug. 14.—The government announces that owing to increase in crimes in County Clare it has been decided to suppress all Sinn Fein and kindred organization in that county. Several despatches received recently from London have told of disturbances in Clare and East Clare. On Aug. 3rd a party consisting of twenty to thirty men attacked the Broadfield police barracks. A brick fire was maintained upon the barracks for more than an hour, with the police answering it. One constable was said to have been slightly wounded. Two days later at Ennistimon, County Clare, Sergeant Riordan and Constable Murphy were shot and killed, while on Aug. 9 at Molino, East Clare, some thirty men attacked a police hut with rifle and revolver fire. This fight lasted more than an hour. None of the police was hit, but the despatch said it was believed two of the attackers were wounded.

PLUMB PLAN SCORED BY STEPHEN MASON

First Step Through Gateway of Socialism and Soviet Rule, He Says.

Washington, Aug. 14.—The Plumb plan for reorganization of the railroads was characterized as "the first step through the gateway of state socialism to the operation of transportation and industry under Soviet control," in a statement submitted today to the House Interstate Commerce Commission by Stephen Mason, president of the National Association of Manufacturers.

The association, with a membership of five thousand, contended that it was not only the right, but the duty of Congress to exercise its authority "and define the limits within which business men or working men, capital or labor, employer or employee may go in threatening the transportation of the nation as a means of economic demands or political policies."

"Congress," it added, "must either now assure the protection of the paramount interest of the public in the continued operation of the railroads or abdicate its regulatory authority to selfish and irresponsible combinations of private persons."
