

GERMANS PREPARED TO BRING BEFORE LEIPSIK COURT ALL DEMANDED BY THE ALLIES

Allies Willing That Germany Should Proceed Against Criminals and Will Abstain from Interference in Any Way.

PUTS RESPONSIBILITY UP TO GERMANS

Germans Must Show Good Faith in Procedure Else Allies Will Again Take up Question of Prosecution of Guilty.

London, Feb. 16.—The Allied reply to the German note of January 25, proposing as an alternative to extradition that persons accused by the Allies be tried at Leipzig, states that Germany's proposal for such trial at Leipzig is compatible with article 238 of the peace treaty. The Allies, the note says, will abstain from intervention in the procedure of the court.

After stating that the Allies have carefully considered the German note of January 25, the reply says: "The powers observe, in the first place, that Germany declares herself unable to carry out the obligations imposed on her by article 238 to 230, which she signed. They reserve to themselves the power to employ in such measures and form as they may judge suitable the rights accorded to them in this event by the treaty."

"The Allies note, however, the German government's declaration that they are prepared to open before the court at Leipzig penal proceedings without delay, surrounded by the most complete guarantees, and not affected by the application of all judgments, procedure or previous decisions of German civil or military tribunals before the supreme court at Leipzig, against all Germans whose extradition the allied and associated powers have the intention to demand.

"The prosecution, which the German government itself proposes immediately to institute in this manner, is compatible with article 238 of the peace treaty and is expressly provided for at the end of its first paragraph."

"Fidelity to the spirit of the treaty, the Allies will abstain from intervention in any way in the procedure of the prosecution and the verdict in order to leave to the German government complete and entire responsibility. They reserve to themselves the right to decide by the results as to the good faith of Germany, the recognition by her of the crimes she has committed and her sincere desire to associate herself with their punishment."

"They will see whether the German government, who have declared themselves unable to arrest the accused named on the above list to deliver them for trial to the Allies, are actually determined to judge them themselves."

"At the same time the Allies, in the pursuance of truth and justice, have decided to entrust to a mixed international commission the task of collecting, publishing and communicating to Germany details of the charges brought against each of those whose guilt has been established by their investigations."

"Finally the Allies would formally emphasize that procedure before a jurisdiction, such as is proposed, can in no way annul the provisions of article 238 to 230 of the treaty."

"The powers reserve to themselves the right to decide whether the proposed procedure by Germany which, according to her, would assure to the accused all guarantees of justice, does not, in effect, bring about their escape from the just punishment of their crimes. In this event the Allies would exercise their rights to their full extent by submitting the cases to their own tribunals."

N. E. GOVERNORS FIGHTING FOR COAL

Met in Boston Yesterday in Effort to Provide Relief for Coal Shortage.

Boston, Feb. 16.—Governors of the New England States in conference here today on the coal shortage asked the U. S. Shipping Board to provide more ships for transportation of fuel to New England points, and suggested that navy colliers might be so employed. Protest was also made against a recent order of that railroad administration giving New York public utilities priority in loading coal at New York.

Canada May Have Choice of German Docks, Dredges And Cranes

Ottawa, Feb. 16.—(Canadian Press)—In the material which the Allies are requiring Germany to deliver as compensation for the loss of German battleship at Scapa Flow, are several floating docks, dredges, hydraulic cranes, etc. It is understood that the British government had made enquiry of the Canadian government as to whether Canada would like to acquire any of these on account of Canada's reparation claim, and the matter is now being considered by that government.

German Version of Allied Grounds For Demanding Von Hindenburg

London, Feb. 16.—The German press, as quoted in a despatch to the Exchange Telegraph Company from Copenhagen, declares that Field Marshal Von Hindenburg's surrender is demanded by the Allies not only because he was alleged to have said "the most cruel is the most humane because it leads to an end," but also, because of his responsibility for the destruction of property during the German retreat. The Field Marshal is also charged with responsibility for the deportation of civilians and the organization of civilian labor corps in which thousands of girls are alleged to have been handed over to virtual slavery by women of doubtful character, and whipped and imprisoned if they refused to work.

ALLIED POWERS RENEW REQUEST THAT DUTCH GOVT HAND OVER WILLIAM FOR PUNISHMENT

Impress Upon Netherlands Gov't That the Personal Action of the Man Required for Judgment by the Powers Have Cost the Lives of Ten Million Men, Murdered in Their Prime, and Have Been Responsible for the Shattered Health of Three Times as Many, as Well as the Destruction of Millions of Square Miles of Territory.

London, Feb. 16.—(By The Associated Press)—Following is the text of the note sent by the allied powers to Holland regarding the extradition of the former German emperor:

"The immense sacrifices made in the general interest by the powers which held aloof from the war, and cannot, perhaps, appreciate quite accurately all the duties and dangers of the present hour. The obligations of the powers towards other nations, the gravity of the question concerned, as well as the very grave political effects to which relinquishment of the claims of justice against the ex-emperor would give rise, all constrain them to uphold and renew their demand."

"The powers do not ask the Queen's government to depart from its traditional policy, but to consider that the nature of the request—which does not, in their opinion, depend solely, or even mainly, on Dutch municipal law—has not been adequately appreciated. No question of prestige is at stake, and the powers pay as much heed to the conscientious sentiments of a state with limited interest as to the mature decisions of great powers, but cannot await for the creation of a world tribunal competent to examine international crimes before bringing to trial the responsible author of the catastrophe of the great war."

"It is precisely this contemplated trial which would prepare the way for such a tribunal and demonstrate to the humanity of feeling animating the conscience of the nations of the world. The powers wish to point out that the league of nations has not yet reached a state of development sufficient to allow any application to it, nor to a tribunal of any kind created by it meeting with the prompt satisfaction which is surely essential."

"The note of January 15 was sent in the name of the Allies, 25 in number, who were signatories to the treaty of peace, and the collective mandates of a majority of the civilized nations of the world. It is impossible to disregard the collective force of this request, which is the expression, not only of the feelings of the victims, but of the demand for justice made by the conscience of humanity as a whole. The Netherlands government surely has not forgotten that the policy and personal actions of the men required for judgment by the powers have cost the lives of approximately ten million men, murdered in their prime, and have been responsible for the mutilation or shattered health of three times as many the laying in waste and the destruction of millions of square miles of territory in countries formerly industrious, peaceable and happy, and the piling up of war debts running into billions, the victims being men who had defended their freedom and, incidentally, that of Holland. The economic and social existence of all these nations has been thrown into confusion, and they are now jeopardized by famine and want—the terrible results of that war of which William Second was the author."

"The Allies cannot conceal their surprise at finding in the Dutch Republic no single word of disapproval of the crimes committed by the emperor, crimes which outrage the most elementary sentiments of humanity and civilization and of which, in particular, so many Dutch nationals themselves have been the innocent victims on the high seas. To help to bring to justice the author of such crimes,

Trainmen Trusted To Luck And Eight Persons Lost Lives

Such is Substance of Verdict Reached by Special Commission Investigating C. P. R. Wreck Near North Bay.

Toronto, Ont., Feb. 16.—Eight people were killed because trainmen "trusted to luck," or failed to obey instructions, is the finding of Julian D. London, special commissioner appointed by the Attorney-General to probe the cause of the recent wreck of the Canadian Pacific Railway near North Bay. Hon. W. E. Ransy received the commissioner's findings this morning and immediately made them public.

"People who travel on trains want to know if it is safe to sit in the observation car," said the Attorney-General, who ordered a special investigation because the finding of the coroner's jury was unsatisfactory. It was the duty of Thomas Joseph Curley, rear trainman of section one, to protect the passengers by running back thirty-six telegraph poles and placing torpedoes on the rails to warn the oncoming train that the line was blocked. This Curley failed to do, according to the Commissioner's finding. Mr. London also finds that John Silas Alexander, conductor of the first section, failed to do what he might have done. "He took no steps whatever to protect his train, and trusted entirely to trainmen and to luck," reads the finding. "If no trainman had gone backwards to protect the rear, I would consider that this conductor would have been much to blame, but as Curley did go back, I find Alexander's carelessness didn't cause the wreck," he adds.

U. S. STATES ADHERES TO THE ORIGINAL PLAN

Opposes Application of the Terms of Treaty of London Giving Italy Jurisdiction Over Dalmatia, Though Not Over Fiume.

AMERICAN NOTE NOT ULTIMATUM

Original Agreement Must Hold or United States Will Withdraw from Any Part in Fiume Settlement.

Washington, Feb. 16.—(By The Associated Press)—Decided objection to recognition of a settlement of the Adriatic question of lines repugnant to those agreed upon in the treaty of Versailles and not reconcilable with the principles embodied in the fourteen points of President Wilson was expressed by the United States in the recent note to the Allied governments.

The note was not a threat to withdraw from participation in European affairs, but said that this country could not be a party to the disposition of Fiume agreed upon by the Allies, without obviating the United States and consequently would not concern itself with the questions involved, including the polling of the Adriatic, if the settlement were enforced on the government of Yugoslavia.

The next step of the Washington government waits on the reply of the Allied powers to the American note. The interesting suggestion was made in official quarters that the U. S. might cease its European relief work which the Allies have been anxious to see continued, until it could keep down unrest, if a modification of the peace treaty were put into effect which the United States would regard as contrary to the principles of self-determination.

FARMERS TEL. COMPANY VOTED TO PASS DIVIDEND

Company Having Its Headquarters at Hartland May Be Merged With N. B. Telephone Co.

Fredericton, Feb. 16.—The Farmers' Telephone Company, with headquarters at Hartland, N. B., the second largest telephone company in New Brunswick, with exchanges in Hartland, Woodstock and Florenceville, has passed its annual dividend. The annual meeting was held at Hartland and the official report that has been sent out says: "No dividend was declared, as the extraordinary advance in the cost of supplies and operating expenses, without corresponding increase in rentals and tolls, made such a juggling of finances impossible."

SEVERE STORM HAS DIGBY IN PARALYZING GRIP

Empress Failed to Arrive Yesterday and All Train Schedules Are Shattered.

Digby, Feb. 16.—Digby has been in the grip of a severe storm since late Saturday. The steamer Empress did not arrive today, the first time she has missed this season. The night train from Halifax arrived seven hours late and the express train from Yarmouth which was only ten minutes late leaving Weymouth, twenty miles away, is seven hours late and not here yet. She is tied up by ice at North Range and both trains from Halifax are also there waiting for the track to be dug out.

Sask. Tax Rate For Schools Will Be 41 Mills

Moose Jaw, Sask., Feb. 17.—The first draft of the 1920 civic estimates which call for an estimated net budget of \$610,000 for the year, when considered with the budgets of the Public Schools and Collegiate Boards totalling \$232,500, indicate that the tax rate for public school supporters this year will be in the neighborhood of 41 mills.

OTTAWA STORM BOUND MONDAY

Snow, Wind and Drifts Paralyze All Railway and Street Traffic.

Ottawa, Feb. 16.—Driving snow in to deep drifts and reducing the temperature to the neighborhood of zero a northwesterly gale, which began Saturday morning, brought with it the severest storm of the winter. Train service has been discontinued to an extent not experienced this year. Battling against drifts which

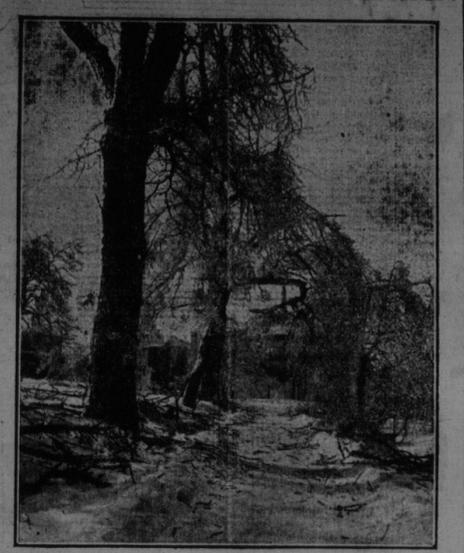

PREMIER DRURY ELECTED BY MAJ. OF TWO THOUSAND

Milton, Ont., Feb. 16.—Premier E. C. Drury, was elected in Halton County today by a majority of 2,259 over Edward J. Stephenson, of Toronto, the returned soldier who opposed him. The election of Mr. Drury was no surprise here notwithstanding that Mr. Stephenson at his final meeting on Friday night predicted that he would defeat the premier by 2,000 majority. The soldier candidate had no organization behind him, but was actively supported by individual returned men.

Canadian Officer Sentenced To Pay Heavy Award

London, Feb. 11.—(Canadian Press)—Award of a thousand pounds sterling to be paid within fourteen days, was given today against Major Robert Fitzgerald, who came over with the Canadian forces and has been assistant provost marshal in a divorce case in which he was co-respondent. The petitioner was an officer in the Army Service Corps.

THE STANDAR'S AMATEUR PHOTOGRAPH COMPETITION

First prize \$15, won by Miss Christ taken on King Square from Sydney Uina Jenkins, 8 Richmond street. Photo street entrance, Old Burying Ground.

Second prize \$10 won by Miss I. Winifred Colwell, 115 Carmarthen street. Scene on King Square.

More Evidence of Forthcoming Shake-Up In Wilson's Cabinet

Washington, Feb. 17.—Still shaken by the sensational developments of the Wilson-Lansing break, Washington today was filled with persistent rumors to the effect that Newton D. Baker, secretary of war, and one of the men mentioned as a possible successor to the former Secretary of State, had tendered his resignation to President Wilson, or was about to do so. Although the White House itself insisted that there were no foundations for these reports, Mr. Baker himself refused positively to affirm or deny them, or to discuss the matter in any way.

ATTITUDE OF CANADA CAUSES SENATE DEBATE

Dominion's Position Regarding U. S. Senate Treaty Reservations Causes No Little Concern at Washington.

CANADA'S LOVE FOR ENGLAND PICTURED

Irreconcilable Recalls Dominion's Position at International Labor Conference and Thinks it Dangerous.

Washington, Feb. 16.—Consideration of the Peace Treaty was resumed in the open Senate today by unanimous consent. Without debate the Senate acceded to the request of Senator Lodge, the Republican leader, that the treaty be taken up. To start the Parliamentary machinery toward a possible compromise, Senator Lodge moved adoption of a modification in the first of the Republican reservations adopted last session, and another session of debate began. The reservation, which Senator Lodge moved to modify related to withdrawal from League membership.

Canada's attitude towards the Senate Treaty reservation affecting the plural vote of the British Empire in the self-governing Dominion on the council of the League of Nations figured in the debate which followed. Senator McCumber, Republican, North Dakota, a leader among the Treaty's Republican friends, said Canada was not inclined to take this reservation in good part, and there was little fear that the British votes would be cast on blue in any case.

UNIQUE EVENT AT HALIFAX

Senator Dennis Presented With Loving Cup by Morning Herald Staff.

Special to The Standard. Halifax, Feb. 15.—A unique event took place on Saturday evening when the various staffs of the Halifax Herald presented a loving cup to Senator Wm. Dennis, who has been associated with the paper from the time of its first issue by 45 years ago. The Morning Herald appeared first on January 11, 1875, and a junior reporter on that issue was William Dennis. One other man who helped to bring out that issue is still with the paper, John Fraser, the head pressman, who at that time was a press boy. The presentation took the form of a sterling loving cup, accompanied by an address. His colleagues of that time, forty-six years ago, last evening, handed the cup to Senator Dennis on behalf of the staffs. There are no others connected with the presser now who were with it when the initial number came out, and it is doubtful if any others of that day are living.

SENIOR DENNIS PRESENTED WITH LOVING CUP BY MORNING HERALD STAFF.

The Senator made an appropriate reply to the address. Mr. Dennis was presented with a bouquet.

FIVE STRUGGLING REPUBLICS

Recognition and help for the Russian Republics of Estonia, Latvia, Lithuania, Azerbaijan and Georgia was urged recently before the House Committee on Ways and Means by Walter M. Chandler, one-time Representative from the State of New York. Mr. Chandler has just come back from a trip through the Russian territory he is now representing. He sees in them the strongest bulwark against Bolshevism.

"The Republics of Estonia, Latvia, Lithuania, Azerbaijan and Georgia are distinct nationalities and separate States from the Poles and Poland," he said, "and each and every one of them has been a mighty bulwark, an immovable barrier against Bolshevism for more than two long years. During the Summer of 1919, I traveled extensively in the Baltic countries, by boat, train and automobile, and studied closely the economic, industrial, agricultural, military, and political conditions existing there. I was deeply impressed by what I saw and heard, I rode along hundreds of miles of Estonian, Lithuanian and Lithuanian battle lines. I was astonished at their system of barbed-wire defenses which seemed to me much superior to those that I had seen on the battlefields of France. They looked to me to be insurmountable barriers. Unpregnable bulwarks with many thousands of brave Estonian, Lithuanian and Georgian warriors behind them."

Mr. Chandler went on to tell why he thought these five Russian Republics are entitled to full rights of self-determination. "By self-determination is meant, as I understand it, that any considerable group of people having a proper physical basis of territory and population with certain national earmarks or characteristics of race, language and religion could claim this right of self-determination provided a proper educational basis of citizenship could be shown, and provided further that many years of oppression had been exercised by the dominating power over the smaller power seeking separation and claiming rights of self-determination and independence.

"Now, it is easily demonstrated that all these conditions and characteristics exist in the history of the Baltic Republics of Estonia, Latvia and Lithuania as well as in the history of the Caucasian Republics of Azerbaijan and Georgia, in their claims to rights of self-determination.

"In the first place the territory of each is large enough. Estonia, the smallest of all these States is larger than Denmark, Holland, Belgium, Switzerland, Portugal, Costa Rica or Honduras. The population of each is larger than that of the smallest countries of the world now recognized as independent.

"Racial and Religious Bars. In the second place, all the earmarks, all the characteristics of race, language and religion are present in the cases of Estonia, Latvia, Lithuania, Azerbaijan and Georgia in their claims to rights of self-determination.

"The Estonians are Finns in blood; the Russians are Slavic; the Lithuanians are Lithuanians in religion; the Russians are Orthodox, Greek Catholics.

"The population of Azerbaijan is composed of Turks and Tartars, while their religion is Mohammedan, being radically different from the Slavic blood and Orthodox Greek Catholic religion of the Russians.

"The people of Georgia are, like the Russians, Greek Catholics, but are radically different in blood, language, history, and civilization.

"Finally, the educational basis of citizenship is marked in the case of each of the Baltic and Caucasian states. The Estonians and Letts lead with a percentage of literacy that exceeds 90 per cent, while the population of Lithuania, Azerbaijan, and Georgia do not fall far below this.

"On the other hand, the illiteracy of Russia is, by conservative estimate, 70 per cent, and is placed by many writers higher than that. This diversity of educational status between Russia, on the one hand, and Estonia, Latvia, Lithuania, Azerbaijan and Georgia on the other is radical and phenomenal. Another condition of Mr. Wilson's theory of self-determination is thus completely fulfilled.

"As to the fourth and last element of the doctrine of self-determination, the element of oppression, this is a matter of common history and requires no discussion. During a thousand years Russia has oppressed, in a most barbaric manner at times, all peoples within her borders, including her own people. She has most ferociously persecuted and oppressed any nation within her borders who asserted vigorous national life or made claims to rights of self-determination and independence.

HOW SOME GIRLS DRESS SO WELL

"Diamond Dyes" Make Faded, Old, Shabby Apparel Colorful and New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material have druggist show you "Diamond Dye" Color Card.

OBITUARY Mrs. Rachael Morehouse. Digby, Feb. 16.—Mrs. Rachael Morehouse, widow of the late Charles E. Morehouse, of Digby, died at the home of her daughter, Mrs. Clarence Bent, of Waltham, on Sunday, Feb. 15.

Mrs. Rhoda Welsh. Digby, Feb. 16.—Mrs. Rhoda Welsh, formerly of Westport, died at the home of her daughter, Mrs. Maynard Turnbull, Digby, yesterday of paralysis, aged 72 years.

WESTMOUNT HIGH SCHOOL.—Wanted by the School Commissioners of the City of Westmount, a male teacher of High School Commercial subjects for the remainder of the school year.

For Chest Colds and Croup, Colds in the Back, Spasmodic Croup and any congestion, inflammation or pain caused from Colds, use Grove's O-Pen-Prate Salve. It opens the Pores and Penetrates the Skin. Its Stimulating and Healing Effect soon gives relief, six per box. If your druggist hasn't any, send 35c in postage stamps to Paris Medicine Company, 188 Spadina Ave., Toronto, and a full-size box will be mailed to you promptly.

Alkali in Shampoos Bad For Washing Hair. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

NERVES ALL GONE TO PIECES

"Fruit-a-tives" Conquered Nervous Prostration.

R. R. No. 4 Gilbert Plains, Man. "In the year 1910, I had Nervous Prostration in its worst form; dropping from 170 to 115 pounds.

Blizzard Interrupts Train Service Between Montreal and N. Y.

DIED. PADDOCK.—At Kingston, on Friday, February 13th, Louise Padlock, dearly loved wife of the late John G. Padlock, aged 67 years.

Mrs. Elizabeth McFarlane. Fredericton, Feb. 16.—The death occurred at Victoria Hospital this morning of Mrs. Elizabeth McFarlane, widow of Walter McFarlane, South Devon, aged 69 years.

Alkali in Shampoos Bad For Washing Hair. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

SNOW AND ICE N. Y. FIRE MENACE

Conditions Worse Than During Blizzard of 1888, Says Chief Kenlon.

New York, Feb. 12.—Great piles of snow and ice in the streets from last week's storms and resulting blockades from stalled traffic constitute "the greatest fire menace in the history of New York," according to Fire Chief Kenlon, who Thursday appealed to the city council to reduce the amount of traffic on the snow-clogged streets where vehicles are likely to be stranded.

The chief feared his appeal largely on account of the difficulty fire apparatus encountered in reaching a blaze in lower Broadway Wednesday night. Engines and trucks were forced to use sidewalks to reach the fire because of the labyrinth of blocked streets.

The Old Unreliable Bernstorff. (Indianapolis News.) Von Bernstorff is not only willing to be tried by the Allies, but thinks that he can put them in a quandary when they come to try him; and no doubt you will readily recall that Von Bernstorff is one of the most diplomatic little diplomats that ever scuttled a ship.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE. Miss Eva P. Yeman, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicine and took several different kinds, but seemed to receive little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and an almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

GOOD Bread SAVES Bread

LET us conserve bread by eliminating bread waste. And the easiest way to avoid bread waste is by bettering bread quality.

The crisp, crackling crust and full nut-like flavor of a FIVE ROSES loaf insures eager consumption. The downy lightness, the porous and well-risen texture make digestion certain; and it is what we digest, not merely what we eat, that builds vitality.

Then, you actually save bread by baking with FIVE ROSES flour, simply because for days after baking it retains its original freshness. Thus you can reduce the waste from stales and left-overs.

Let FIVE ROSES flour second your efforts towards household economy. Thousands of thrifty housewives are living proof that it is no sacrifice to economize with FIVE ROSES.

Breadmaking Made Easy. The famous FIVE ROSES Cook Book tells plainly how and why. It removes mere "luck" from bake-days. Then it gives many uses for stale bread and bread crust that might be thrown away. French toast, bread puddings, bread crumbs, croquettes, pulled bread, bread dumplings. Also a splendid chapter on Sandwiches. Over 500,000 housewives are now practicing baking economy through its 144 pages. Send for the FIVE ROSES Cook Book, mailed on receipt of 30c stamps or silver. Address Dept. "H" LAKE OF THE WOODS MILLING CO., Limited, Montreal and Winnipeg.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE. Miss Eva P. Yeman, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicine and took several different kinds, but seemed to receive little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and an almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Every man appreciates the agreeable "feel" of a fine, unfinished worsted and most men know its good wearing value. Another advantage is, it freshens up promptly by pressing. You'll find here several Spring styles in this desirable cloth.

Some cut in the ultra models for young men, some "for men of dignified mien."

Berris and Miss Mae Kirby. Others present were Mrs. K. S. Duffy, Mrs. Osmen, Mrs. Brundidge, Mrs. C. S. Steeves, Mrs. Thompson, Mrs. G. P. Steeves, Miss P. B. Steeves, Miss Emma Wallace, Mrs. J. T. Steeves, Mrs. Osmen, Mrs. W. F. Taylor, Mrs. Blight, Mrs. J. L. Peck, Mrs. W. H. Steeves, Mrs. Gavey, Miss Ella Hearty, Miss Kathleen Steeves, Mrs. Fowles, Miss Laura Smith, Mrs. Tilley.

is visiting friends here.

Miss Jennie Lockhart of Hopewell Cape, is the guest of her sister, Mrs. Bliss Duffy.

Miss Leta Jonah of Moncton, is visiting her sister, Mrs. James Capson.

Lambert Steeves was in Moncton last week.

OBITUARY

James S. Harding
The death of James Spurr Harding took place at Moncton yesterday morning after an illness of about six weeks. Mr. Harding, who was long one of St. John's prominent citizens, was seventy years of age. He was born at Newcastle, N. B., and was the eldest son of the late John H. Harding of the Department of Marine and Fisheries, St. John. He leaves a widow who was Miss Irene Penco, formerly of Wolfville, N. S.; one brother, Charles

Shave With Cuticura Soap The New Way Without Mug

POSLAM VITAL TO SUFFERERS FROM ECZEMA

If you have eczema, your prompt use of Poslam may mean all the difference between immediate comfort and a long period of itching distress. Take the easy, pleasant way to quick relief. Apply Poslam right on the raw places that burn and itch. Feel a burden lifted as the skin is soothed and pacified. You will know them to what a high state of efficiency this reliable remedy has been brought. Poslam is concentrated. Short treatment sufficient for most minor troubles. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 46th St., New York City.

Poslam Soap, medicated with Poslam, should be used if skin is tender and sensitive.

S. and one sister, Mrs. John T. McBerle, both of Montreal.

Mr. Harding was formerly of the well known firm of Harding and Hatheway, wholesale grocers. Afterwards he was manager here for the Ogilvie Milling Company, and later he was in the underwriting business. The sincere sympathy of a large circle of friends and acquaintances will be extended to the bereaved relatives.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because "it darkens so naturally and evenly that nobody can tell it has been applied—It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful."

So Sore She Could Not Get Out of Bed

MANITOBA LADY STATES THAT DODD'S KIDNEY PILLS CURED HER

Miss Annie Forlonaki Had a Complication of Kidney Troubles and Says She Found Permanent Relief From All of Them in Dodd's Kidney Pills.

Fraserwood, Man., Feb. 16.—(Special)—That Dodd's Kidney Pills are the standard remedy for all kidney troubles was perhaps never better demonstrated than in the case of Miss Annie Forlonaki, of this place. Let her tell her story in her own words. "My back was sore," Miss Forlonaki states, "and my body was so sore I could not get out of bed. My bladder also bothered me, and I had urinary troubles. "Three boxes of Dodd's Kidney Pills cured me."

That all Miss Forlonaki's ills were caused by the kidneys is evidenced by the fact that she found the relief she was looking for in Dodd's Kidney Pills. They are a kidney remedy. For more than a quarter of a century they have been relieving the kidney ills of the women of Canada. The good work they have done is shown by the friends they have made.

Thousands of Canadian women claim that they owe their good health to Dodd's Kidney Pills. If you haven't tried them ask your neighbors about Dodd's Kidney Pills.

No Doubt. Alf—Hor dad owned seven laundries. Artie—I'll bet he cleaned up a lot.

WATCH YOUR GUMS BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the forerunners of Pyorrhoea, that dread disease which afflicts four out of five people over forty. If the disease is unchecked, the gumline recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhoea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anaemia, and many other ills.

To avoid Pyorrhoea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhoea or check its progress, if used in time and used consistently. Ordinary dentifics cannot do this. Forhan's identifies cannot do this. Forhan's set in, use Forhan's according to directions and consult your dentist immediately for special treatment. 50c and 60c tubes in Canada and U. S. If your druggist cannot supply you send us your direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

FORHAN'S FOR THE GUMS

St. Andrews

St. Andrews, Feb. 13.—On Friday evening the Rev. Wm. Fraser entertained the gentlemen of Greenock congregation at a smoker at the manse.

Mrs. W. F. Kennedy was the hostess at the evening bridge club on Wednesday evening. Mrs. Herbert Everett made the highest score.

Miss Bossie Grimmer left Thursday for a visit to London, Toronto and Montreal.

Friday evening the ladies of All Saints' congregation entertained the gentlemen at a supper in All Saints' school. Notwithstanding the dreadful storm over seventy-five were present. Speeches were made concerning the Forward Movement and sixteen hundred dollars were subscribed.

Miss Elsie Finigan is visiting in St. John.

Mrs. William Hare received word on Wednesday that a daughter had been born to her sister, Mrs. John Dobbins.

Canvassing for the Forward Movement has been going on this last week. Nearly all the churches have reached their objectives and some have gone past.

Mrs. Wm. Craig entertained the Catholic Sewing Circle on Tuesday.

Miss Adelaide McKinney has been called to her home in St. Stephen by the illness of her mother.

The stork was very busy in St. Andrews on Friday for there were three arrivals at Mr. and Mrs. Bennett's. Mr. and Mrs. Scott Stuart's, Mr. and Mrs. Townshend's.

The Arieux, Capt. Milne has been in port during the week.

Mr. Arthur Whitman of Paradise, N. S., has joined his wife, who is visiting her father, Mrs. G. H. Lamb. Mr. Richard Hanson of Fredericton, is visiting his mother, Mrs. Burpee Hanson.

Miss Amelia Kennedy has returned from a visit to St. Stephen.

Mrs. Samner Malloch is in St. Stephen called there by the serious illness of her daughter, Mrs. Earle Greenlaw.

St. Andrews

St. Andrews, Feb. 13.—On Friday evening the Rev. Wm. Fraser entertained the gentlemen of Greenock congregation at a smoker at the manse.

Mrs. W. F. Kennedy was the hostess at the evening bridge club on Wednesday evening. Mrs. Herbert Everett made the highest score.

Miss Bossie Grimmer left Thursday for a visit to London, Toronto and Montreal.

Friday evening the ladies of All Saints' congregation entertained the gentlemen at a supper in All Saints' school. Notwithstanding the dreadful storm over seventy-five were present. Speeches were made concerning the Forward Movement and sixteen hundred dollars were subscribed.

Miss Elsie Finigan is visiting in St. John.

Mrs. William Hare received word on Wednesday that a daughter had been born to her sister, Mrs. John Dobbins.

Canvassing for the Forward Movement has been going on this last week. Nearly all the churches have reached their objectives and some have gone past.

Mrs. Wm. Craig entertained the Catholic Sewing Circle on Tuesday.

Miss Adelaide McKinney has been called to her home in St. Stephen by the illness of her mother.

The stork was very busy in St. Andrews on Friday for there were three arrivals at Mr. and Mrs. Bennett's. Mr. and Mrs. Scott Stuart's, Mr. and Mrs. Townshend's.

The Arieux, Capt. Milne has been in port during the week.

N. S. has joined his wife, who is visiting her father, Mrs. G. H. Lamb. Mr. Richard Hanson of Fredericton, is visiting his mother, Mrs. Burpee Hanson.

KLIM Reverses Your Ideas About Milk PURE pasteurized separated milk is converted from a liquid into Klim, a dry powder, by the well known "spray process." The valuable protein and rich food content of liquid separated milk is, therefore, concentrated in powder form. Klim is pure, sweet and keeps fresh. It retains the natural flavor. Use this dry powdered separated milk instead of liquid separated milk. Reverse your ideas and save time, trouble and money. Get Klim at your Grocer's. Write for "The Wonderful Story of Klim," an interesting recipe book. CANADIAN MILK PRODUCTS LIMITED, St. John, N.B., 81 Prince William Street

Compared with other foods the cost of bread is insignificant, yet no food costing so little, nourishes so much as BREAD BAKED FROM PURITY FLOUR Use it for all your baking More Bread and Better Bread and Better Pastry Western Canada Flour Mills Company, Limited TORONTO—Head Office Branches at Winnipeg, Brandon, Calgary, Edmonton, Montreal, Ottawa, St. John, Guelph

St. John Retail Merchants' Bargain Dollar Day THURSDAY, FEBRUARY 19

If you will canvass the stores of merchants who are co-operating in this event, and whose names appear below, you'll find that the buying power of your dollar has developed mighty big proportions in quality, value and economy. Each merchant has made a great effort to give you a superabundance of value in extra special offerings. Each presentation is a remarkable bargain and in the aggregate your savings total tremendously. Get out early with the biggest shopping bag you own and see what the following merchants have to offer.

The St. John Standard

Published by The Standard Limited, 82 Prince William Street, St. John, N. B. Canada. H. V. MACKINNON, Manager and Editor. THE STANDARD IS REPRESENTED BY: Henry de Clerque, Mellers Bldg., Chicago; Louis Klebana, 1 West 34th St., New York; Freeman & Co., 9 Fleet St., London, Eng.

ST. JOHN, N. B., TUESDAY, FEBRUARY 17, 1920.

MUZZLING THE MUSE OF HISTORY

If the episode of Myer's History, the new war chapter which neglected to make mention of Canada and dealt principally with the work of the United States, has the effect of stimulating public interest in the whole public school system and its methods of administration something of value may be the outcome. It would seem to be about time that the Maritime Provinces made arrangements for at least a school history, written by a historian less plainly influenced by prejudices than the author of the book in question. Myer's General History was written for American school children, and the older editions contain sentences which have often provoked the resentment of the young people of these Provinces. It was adopted as a text-book here about ten years ago, but that is no reason why its use should be continued indefinitely. When the Provincial Government is able to find millions to squander on so-called permanent roads it ought to be able to make provision for the publication of a school textbook which will enable young people to acquire an acquaintance with general history unmarred by American prejudices, more especially as the parents have to pay for the text-book anyway.

Neither the statement of the Board of Education given to the press, nor the Superintendent's letter addressed to the distributors of the book can be accepted as disposing of the matter. An indignant parent writing to the press says the Board is making another blunder in advising the continuance of the use of the old edition. Why, he asks, "should the young people be required to study a history in which the Province has lost confidence? Is it not seriously unwise to force upon a boy, in the study of such an important subject, a history for which he has naturally lost respect, holds in contempt? Are the youth of the Province not to be advised of, and inspired by, the glorious achievements of Canada in the greatest of all wars; not to be informed of the heroic deeds of our boys, the hardships endured, the sacrifices made in defence of British institutions, the flag, our home, our national honor?"

The letter addressed to the distributors, suggesting that the new edition be exchanged for the old, says: "We do not consider the whole of the supplementary as being historically accurate. The part the United States took in the war is unduly emphasized, which may do very well for schools in that country. The fact that Canada's part in the war and the sacrifices she made is not deemed worthy of mention is rather galling to the pride of the students in Canadian schools."

"There is much adverse comment here upon the additions to the text and the newspapers even are taking it up."

This is hardly a fair statement of the case, for Canada's part in the war is unnoticed, and as the book was written for the edification of American school children it would seem to be more a question of suppression than lack of historical accuracy.

A Canadian-born, writing from St. John to the Fredericton Gleaner, says: "What is the Board of Education's means of escape from this sorry mess? To ask the publishers to exchange the new edition for the old. We thus are forced to pocket the offered insult, and purchase the out-of-date Yankee edition, and inflict their discarded text-books upon our children."

Like King Canute the Board of Education would forbid the waves of historical progress to sweep up the shores of New Brunswick.

U. S. STUDENTS AND TREATY.

A straw vote of 410 colleges and universities in the United States, recently taken to determine the attitude of the students, male and female, to the Peace Treaty; and 139,788 votes were cast. A synopsis shows that 48,233 students voted for unqualified ratification; 49,655 for a compromise between the Lodge and Democratic reservations; 27,970 for ratification with the Lodge reservations, and 13,928 against ratification in any form. The New York World thinks this vote a fair index to the intelligent opinion of the country. The Philadelphia Record, however, is not impressed by this straw vote, because it was taken too late, and "the opinions now are mere expressions for expediency and compromise." The New York American and the Evening Sun regard the vote as anti-Wilsonian. The American says the result is as follows: In favor of Wilson's covenant unamended, 48,232, or 30.51 per cent. of the total vote. In favor of some form of reservation Americanizing the Treaty, or for rejection of the covenant outright, 109,846, or 69.49 per cent. of the total vote.

The Evening Sun says the vote represented only a small minority of the student body, and it adds college leaders and study body have for years built up in their minds a predisposing

background for acceptance of Wilsonian ideas.

The Boston Herald says "These returns are symptomatic of the state of public feelings. With it the Senate is clearly out of touch, and we may add, truthfully, that the President, in his stubborn persistency, is also getting more and more out of touch with American sentiment."

N. B. WATER POWERS.

In this issue appears a letter by W. R. Turnbull, in which he defends his project for developing power at Hopewell Cape against some disparaging remarks made by a fellow engineer, K. I. Smith, before a recent meeting of the St. John Commercial Club. In passing it may be observed that the differences of opinion which prevail in regard to a proper water power policy for this Province, and even the wide difference in the estimate of power required at St. John, makes good reason why the Commercial Club and the general public should pursue their study of the subject. Mr. Smith favors the development of smaller water powers; Mr. Turnbull would go ahead with the development of the tidal power of the Petitcodiac and Memramook Rivers, where he estimates a maximum power of 200,000 horse power could be obtained—sufficient to supply nearly the whole of the Maritime Provinces, if we may accept statements of engineers that problems of distribution up to three hundred miles have been solved.

Probably considerations of first cost will dictate a policy of first utilizing smaller water powers, but it is possible that the adoption of Mr. Turnbull's project would prove more advantageous to the Maritime Provinces in the long run. Unfortunately there is no market for a great amount of power among the industries of New Brunswick at the present time, and this may have deterred private capital from taking up water power development here. But the experience of other provinces seems to have been that the market for electric power increases as fast as the power can be provided. Witness the St. Maurice River district in Quebec, which has had no greater natural resources than New Brunswick.

The Canadian Government has been talking for some time of electrifying the old I. C. R. If the Grand Falls or the Hopewell Cape tides were harnessed the railways might take a very big amount of the available power, and in any case with the increasing cost of coal electricity can be put to a great variety of new uses in this province.

CLOUDS IN THE SKY.

The Financial Times of Montreal sounds a doleful note. It says men high in the councils of finance are agreed that all the portents point to an impending stringency in the money market in this country, and they advise the public to prepare for the inevitable and seek to mitigate its most serious consequences. Apart from world-wide causes the Canadian people are accused of accentuating the danger by an orgy of extravagance and unjustifiable speculation. They are said to be buying expensive automobiles, jewelry, furs, feathers and other luxuries, and to be taking their money out of legitimate enterprises to speculate on the stock market in securities that promise large returns, and do not usually make good. Inflation of currency is also blamed for the difficulties which are said to impend.

The Financial Times suggests as palliatives public and private economy, and the building up of productive enterprises.

WATER POWERS IN U. S.

A wave of interest in water power development is now sweeping over the United States. Congress has been dilly-dallying with water power legislation for years, the House of Representatives working on one principle and the Senate on another, the result being deadlock. But now the differences seem to be approaching adjustment.

Perhaps vested interests have had something to do with the delay. The coal and oil barons are powerful. And there are great landlord interests which regard water power development as a progress of any sort spells instability. One of the advantages claimed for hydro-electric development is that it facilitates the establishment of industries outside the congested areas of cities, but this is a possibility that the large city landlord does not contemplate with equanimity. The miners' strike emphasized the need of utilizing the power of white coal. In the Western States where coal is difficult to obtain numerous water power projects are in the way of development.

WELL DONE.

Loyalist Chapter, Daughters of Empire, deserve great credit for the excellence of the Revue with which they delighted a large and appreciative audience last evening. To put

on such a production meant months of hard work, not only for the members of the cast, but for the various committees which are also largely responsible for the success of the entertainment. The Revue was an undoubted treat; it evoked general commendation, and there should be a large attendance at the performance this evening. It is worth noting that instead of all the members of the cast being showered with bouquets, as is an undiscriminating custom of amateur theatricals, only the stars were so honored, and in that respect the Revue set what may be a good example for future guidance.

WHAT THEY SAY

Misplaced Caloric.

(New York Evening Post.) Miss Alice Stone Blackwell has reminded the public that paper used as bed covering is an excellent protection against cold. Senator Smoot estimates that the Treaty debates have filled more than 3,000 pages in the Congressional Record and we have a circulation of 5,000 for the Record and we have 7,500,000 quarto sheets, or enough paper to cover a million naked children in Central Europe while the Senate is debating the Treaty.

Against Laws of Nature.

(St. Louis Globe Democrat.) The Senators should come to an understanding and the bitter-end Senators notifying that the bill will not be permitted to wag the dog, but will be limited to its subordinate physiological functions. The constitutional provision prescribes that two-thirds of the Senators voting shall control the decisions of that body in treaty matters. It was never imagined that ten or twelve per cent. of the members could prevent action and defeat the desires of the people.

Quebec's Example.

(London Advertiser.) In this matter of forest conservation Quebec is far ahead of Ontario. The Gouin ministry has put into force a vigorous policy of conservation that is registering excellent results. Re-forestation is being applied vigorously and widely, fire guards are numerous and are equipped with the latest forest fighting apparatus. Even the aeroplane has been resorted to in this important service of the people. The Drury Government might to excellent advantage study what our eastern neighbor has accomplished in the vital matter of forest conservation.

The Basis of Taxation.

(Vancouver World.) The basis of taxation is the ability to pay. Every one should contribute as Adam Smith pointed out, to the support of government in proportion to the revenue which he enjoys under the protection of the state. In other words, everyone should contribute in return for the services the state or community renders him. And the greater his wealth, the more property he owns, the more extensive the services he receives, the larger that return should be.

When the community helps to create his wealth the obligation to contribute is inescapable. That is why a business or occupancy tax such as has been proposed for Vancouver, cannot be said to be "arbitrary."

IN THE EDITOR'S MAIL

HYDRO-ELECTRIC POWER FOR ST. JOHN AND THE MARITIME PROVINCES.

Feb. 16th, 1920.

Dear Sir:—

In referring to the address of Mr. K. I. Smith before the Commercial Club, in which he advocated that the smaller water-powers of the province be developed first. I regret that I had not the privilege of hearing Mr. Smith's address, but from the short notices of it that appeared in the public press I think I should comment as follows:—

Mr. Smith suggests that for St. John, the Leproux should be first developed and the horsepower for given as 15,000—let me point out that the City of St. John with cheap power would require 15,000 at the present time, so that there is no surplus for any growth whatever in this development, and that one of the chief aims in putting cheap power into St. John would be to assist the city's growth.

Mr. Smith said, if correctly reported, that my proposal for Hopewell Cape was not a commercial proposition. If Mr. Smith really said this he has made a statement that no engineer of reputation would make until the borings for the dam-site had been made, so that the estimate of cost could be accurately made instead of estimated roughly as they must be until these borings are made.

Now the New Brunswick Government are spending a good deal of money in obtaining records of current flow, rainfall, etc., for the small streams of the province, and these investigations to be of any value must extend over a period of at least five years, and what is this for?—It is to ascertain if any of these powers are "commercial" propositions.

In one summer the necessary borings at Hopewell Cape, can be made that will show conclusively one way or the other, whether my proposal for the great power of 200,000 horse power, is a commercial proposition or not,—this work should be carried out for \$7,900, or less, and yet the Government at its last session was unwilling to make any appropriation whatsoever for making this investigation although it is quite a legitimate, and far more promising, than the ones on which they are spending much money and time.

My proposal has had the endorsement of engineers in Canada. Great Britain, and the United States, as a sound engineering proposal—the rough estimates of the cost (that have been so far possible before the necessary borings have been made) show that the proposal is probably a commercial proposition, with rates to be charged to the consumer that would be from one-quarter to one-third (according to the nature of the service) of those that he now has to pay, and there would be adequate capacity for future development and growth until the population

Benny's Note Book

BY LEE PAPE

This afternoon me and Puds: Simkins was wondering how to find out the name of the pritty new girl that just moved in next door to Mary Watkins house, me saying, G, if we wait for Mary Watkins to interdoose us, we'll wait till the world comes to a end, she wouldnt ever interdoose us, jest out of jellousy.

I tell you lets wat, I got a good idee, sed Puds, lets ring the door bell and ask if some persinitives there, jest making up any old name, and then whoever anwers the door will tell us the rite name.

G, all rite, oys lets wait till she goes out first, so she wont open the door herself and slapek we're doing it on purpose, I sed. And we waited down at the corner stamping our feet and watching the frozen perspiration come out of our mouths, and after a while the pritty new girl came out and started to come down the street with a basket.

Cheese it, sed Puds. And we quick ran around the block and went down the other way and rang her door bell, and a middle size ldy with a dusting thing on her hed opened the door, saying, Yes, Well, boys, well?

Meeting wat did we want, and me and Puds jest stood there looking at each other on account of having forgot to make up a name to ask about, and after a while the ldy sed, Roely, Im bixy, you'll haf to excuse me. And she started to shut the door, and I quick sed, Does Mrs. Elefant live heere?

Being the best name I could think of in a hurry, and the ldy sed, Mrs. Who?

Mrs. Elefant, I sed, and the ldy sed, Serieny not, and wats more I dont bieve she lives enyware ets, either. Proberly meeting there wasent any such persin. Wich there wasent, and she closed the door with a farse hang, without saying who lived there, and jest then Puds sed, Cheese it, cheese it. Meaning the pritty new girl was coming back down the street, and me and Puds jumped off the steps quick as anything and ran up the street fast as evrything.

Cheese it, sed Puds. And we quick ran around the block and went down the other way and rang her door bell, and a middle size ldy with a dusting thing on her hed opened the door, saying, Yes, Well, boys, well?

Meeting wat did we want, and me and Puds jest stood there looking at each other on account of having forgot to make up a name to ask about, and after a while the ldy sed, Roely, Im bixy, you'll haf to excuse me. And she started to shut the door, and I quick sed, Does Mrs. Elefant live heere?

of the Maritime Provinces was more than double what it is today. More over it is a short-sighted policy that considers only the question of power for St. John, or any other special locality, for the provinces will grow as a whole or not at all.

In view of these arguments, would it be right or wrong for the Provincial Government to spend so small a sum as \$7,000 for an investigation of a great power as that at Hopewell, while they are spending much more in the investigation of much smaller powers that could, at best, only furnish power enough for special localities?

In closing let me say that because we always have done things on a small scale, and have remained small, there is no reason why we always should continue to do them in a small way, and remain small.

Thanking you for your space,

Sincerely yours,
W. RUPPERT TURNBULL.

Never Quite Satisfied.

When two men are after the same girl it doesn't make much difference which one she takes. Now and then her will come time when she'll wish she'd taken the other one.

Locomotor Ataxia Yields TO PHOSPHONOL TREATMENT.

The remarkable efficacy of this advanced scientific method of treatment is demonstrated in the case of a patient who secured a box of Phosphonol less than a month ago. This case was of a man 54 years old, who had been afflicted with locomotor ataxia for more than four years. He came shuffling into a drug store on his cane which announced his entrance as he painfully labored to a chair. This man told the old sad story of a fortune wasted in "doctoring" and "cures," trying to regain health. After only three days' treatment, this same man came back to his feet, and was able to walk unaided for the first time in more than a year. His eyes spoke the gratitude his tongue could not express. For the past week this man has been working in his store, and he was able to scrub the floor unaided. He does not need his cane any more. His step in walking is almost normal. At the rate of his remarkable improvement this man should be entirely well within a short time. His name and address will be given to any one interested on application. This is only one of many dreaded ailments which have yielded to Phosphonol.

Sold at all good drug stores or by mail from The Scotch Drug Co., Montreal, Canada. Prices \$3.00 a box, or 2 for \$5.00. Don't waste your money in cheap remedies. Get one worth while.

DOLLAR DAY
THURSDAY
February 19th
IS DOLLAR DAY
At Magee's Shop of Better Apparel
are many real bargains
as follows:

FIRST FLOOR—
\$3.00 will purchase a Man's Fine Fur Felt Hat of \$5.00 quality.
\$5.00 is all you require to own a genuine \$6.00 Fur Felt Hat
For \$1.00 you can buy a Woolen or Tweed Cap worth at least \$2.00.
For 50c. your boy can buy a pair of Woolen Gloves that sell on other days for \$1.00.
For \$2.25, \$3.00 or \$3.25 you can own a pair of Tan Cape Gloves worth one-third more.

SECOND FLOOR—
\$39.00 will buy a soft Woolen Dolman style Coat worth more than double. There are only seven and no duplications.
\$37.00 will buy a Betty Wales Serge Dress of \$45.00 quality
\$47.00 will buy a \$62.00 or \$65.00 quality Dress.
\$57.00 for a \$73.00, \$75.00 or \$78.00 quality.
There are Blacks and Navy. The sizes are 18 to 42.

FUR COATS

Black Russian Pony Coats, three qualities—
\$117.00 buys a \$150.00 garment.
\$157.00 buys a \$200.00 Coat.
\$277.00 buys a \$350.00 Coat.
Hudson Seal Coats—Sport models.
\$397.00 buys a \$450.00 Grey Squirrel trimmed garment.
\$447.00 enables you to own a Sable Australian Oppossum trimmed Coat of \$500.00 value.
\$537.00 buys a Natural Grey Oppossum trimmed Coat worth \$600.00.
\$577.00 buys a quite unusual Skunk trimmed coat of \$650.00 quality.
\$667.00 buys a coat trimmed with Scotch Mole collar, cuffs and pockets. \$750.00 is the legitimate price.

**SAILORS' HOME
PROVIDED FOR
SYDNEY, N. S.**

An Excellent Property to be Purchased and Given Over to a Laudable Purpose.

Sydney, N. S., Feb. 16.—The Sydney branch of the Navy League, at a meeting this afternoon, took definite steps to have a sailors' home and board in Sydney. It was decided to purchase the W. N. MacDonald property on the Esplanade for \$10,000, the price agreed upon at a previous meeting of the branch. This \$10,000 will be a part of the \$25,000 granted the branch some time ago by the Navy League of Canada. The purchase will be made at once and the remain-

ing \$15,000 will be used to make extensive improvements to the property. The site selected is an admirable one, furnishing an excellent view of the harbor and building centrally located. The local branch, following the decision of the executive, did not consider that it was advisable to attempt to build or purchase two buildings, one of which would be in the Whitney Pier section of the city. This scheme of having two distinct homes had been considered at previous meetings, but the matter for the present will be dropped.

WEDDINGS

MacNamara-Fleming.
St. Stephen, Feb. 16.—A very pretty wedding was solemnized last night at 8.30 in the Catholic church, Milltown, Rev. J. J. Ryan officiating, when Fernie, daughter of Mr. and Mrs. W. A. Fleming, of Union Mills, was united in marriage to Francis MacNamara, of Calais. They were attended by Mr. and Mrs. Wm. Burns. The wedding march was played by Miss Frances A. Coughlin, organist, and a choir of twenty-five children sang. They will make their home in Calais.

Shields-Ladd.
Special to The Standard.
Fredericton, Feb. 16.—A quiet wedding took place at St. Anthony's church, Devon, this morning at 8 o'clock, when Albert Shields and Miss Constance Ladd, both of Maudersville, were united in the holy bonds of matrimony by the Rev. Father Murphy, in

**Mrs. Garnie Is
Well And Happy**

Gained Fifteen Pounds and Troubles All Gone Since Taking Tanlac.

"My health was never better in all my life and I have gained fully fifteen pounds since I began taking Tanlac," said Mrs. Isabella Garnie, 729 College Ave., St. John, Wunsipeg, Can. "My suffering began a year and a half ago," she continued, "and since that time life has hardly been worth living. My appetite was so poor that half the time I didn't want to look at anything to eat and when I did force down a little something it soured on my stomach. After eating I always had a heavy, nauseated feeling and my heart palpitated so bad I could hardly breathe. Often I became dizzy and faint and everything would turn dark before my eyes and for a minute or more I would be perfectly blind and would have to hold on to the nearest thing for support. My nerves were so on edge all the time that the little noises I had always been accustomed to would upset me and I could hardly keep from screaming out. I suffered with such terrible sick headaches that I would have to go to bed and stay for days at a time. More than half the time I was not able to do a bit of my housework and I did not know what a night's sleep was, but would lie awake for hours unable to close my eyes. I had a frightful pain across my back nearly all the time and it was perfect agony for me to bend over and try to straighten back up again. I also suffered with rheumatism in my arms and knees and they were so stiff and painful me so bad I could hardly bend them. It was difficult for me to comb my hair and I had so many pains through my body I didn't know which was the worst.

"My only regret now is that I did not take Tanlac as soon as a friend of mine recommended it to me, but after I did start taking it my troubles began leaving me right away. I could feel the rheumatism and pains disappearing and now they have entirely left me. My appetite is fine and I enjoy everything I eat because it all agrees with me perfectly. The headaches and dizzy, faint spells have all gone and my nerves are perfectly steady and strong. I sleep like a child every night and I can do every bit of my housework without the least trouble. I feel as well and strong as I ever did in my whole life and I have recommended Tanlac to all my friends and my neighbors and I will always praise it every chance I get. Tanlac is sold in St. John by Ross Drug Company, F. W. Munro; John E. Porter, Wilson's Beach; Newton M. DeBow, Annapolis; Jones Bros., Apohaqui; Z. Saunders & Son, Havelock under the personal direction of a special Tanlac representative.—Advt.

**POLICE COURT
CASES YESTERDAY**

In the police court yesterday morning the two keepers of a gambling house on Smythe street were fined \$100 each and the two inmates \$50 each, making a total of \$500.

Five men charged with drunkenness pleaded guilty and were fined \$8 each, with the exception of three who paid an extra \$8 for being out later than allowed by law.

A fine of \$40 was imposed on Captain Turnbull of the S. S. Metagama for allowing ashes to fall into the harbor.

Harry Ingraham was charged with assaulting his brother. The complainant did not appear and the case was postponed.

Fred Jones was sent up for trial on the charge of stealing a cheese, the property of the C. P. R.

**EASE THE PAINFUL
RHEUMATIC TWINGE**

Sloan's Liniment will bring comforting relief quickly

Never breaks faith, Sloan's Liniment doesn't. Just penetrates without rubbing, and eases the external pain and soles, rheumatism, lumbago, neuralgia, sciatica, lumbago, sore, strained muscles, bruises, sprains.

For 38 years it has gone ahead winning new friends, leading old ones strengthening its reputation as the World's Liniment. Clean, effective in relieving the aches and pains of men and women, this old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day—keep it handy.

All Druggists—5c, 70c, \$1.40.

the presence of Albert McDonald and Mrs. Sarah Kibben. Mr. and Mrs. Shields were the recipients of many wedding gifts, and will reside at Maudersville.

**Travellers' Aid
Highly Praised**

Letter Read at Yesterday's Board Meeting of Y.W.C.A.—Directors Telling of Good Work at Station—Bequest to Y.W.C.A.

A letter containing very high praise for the Travellers' Aid work carried on at the depot was read at a meeting of the Board of Directors of the Y. W. C. A. held yesterday afternoon at the Y. W. C. A. building.

The devotedness was led by President Mrs. John A. McAvity, Miss Matheson, who is carrying on the work as physical director at the Recreational Centre, as well as the work of a general secretary, reported that four new classes have been formed, two ladies' classes and two of High School girls. There are now 658 members enrolled at the Recreational Centre, and nearly five hundred girls attended the rally held on Friday evening.

The treasurer reported the work going on splendidly in the three buildings, but the financial support is totally inadequate and the recent campaign did not nearly reach its objective. The entire coffers has not been completed.

The cafeteria returns for the past month were 933 meals served. At the Transient Home 183 meals were served and 167 beds occupied. The Travellers' Aid work in various ways, 216 trains, and 26 boats, took 105 persons to the Y. W. C. A., found employment for four girls, and helped 129 persons in various ways.

A letter was received from Mrs. Olivia Myles stating that her mother had left a sum of money, the interest of which is to be given to the Y. W. C. A. every year. The board is gratefully accepting the gift decided to place the money in a special emergency fund. It was decided to affiliate with the Local Council of Women.

SENT ROSES.

At a meeting of a sub-committee of the Local Red Cross, held yesterday it was decided to send from the executive of the New Brunswick division a bouquet of flowers to the Duchess of Devonshire, who was passing through the city. Red roses and snap dragon were sent, effectively arranged in a Red Cross basket accompanied by a card from the executive. Directions were given that the bouquet should be placed in her Excellency's stateroom on the S.S. Metagama. The Duchess of Devonshire is Patron of the Canadian Red Cross Society.

**WORRY ADDED
TO HIS TROUBLES**

Frank Williams of St. John Was in Poor Health Until He Tried Liv-rite Tonic—It Made a New Man of Him.

When Frank Williams, of 13 Brunswick street, found himself rapidly falling in health he became greatly worried. But worry only added to his troubles and his illness continued. He began to lose weight, he could not eat, his sleep became very uncertain. His work was interfered with because of his physical condition and things had a blue outlook. He tried different things which were suggested. He had doctor's service. Nothing seemed to do him any lasting good. Then he tried "Liv-rite Tonic."

"It was a happy day for me when I heard of your 'Liv-rite Tonic,' he writes to the Maritime Drug Co., 108 Prince William street. 'It has made a different man of me. I am not only back to my former state of good health—I am better than that for I feel so much better. I think 'Liv-rite Tonic' did it all, and I cannot praise it too much. You can use my name to any person who asks you about what it did for me.'

This is the testimony of another St. John man who has found the good qualities of "Liv-rite Tonic." It is a remedy unfailing in the test of health. Try it today, all you who suffer from liver complaints, falling health, loss of sleep or appetite, impure blood. If your druggist can't supply you send his name to the Maritime Drug Co., 108 Prince William street, send them one dollar and they will forward you a box of "Liv-rite."—Advt.

Mrs. Mary French
The death of Mrs. Mary J. French, wife of Joseph French, occurred on Saturday afternoon at 133 Broad street, aged 66 years. Her husband and other relatives have the sympathy of many friends in the city and elsewhere. Mrs. French is survived by her husband, two sisters, Mrs. Wesley Vanwart and Mrs. Wellington Urquhart, both of Kings County, and three brothers, John Serber and William Serber, both of Presque Isle, Maine, and Wilford Serber of this city. The funeral will take place today at two o'clock.

Mrs. David Long
The death of Mrs. David Long took place at an early hour on Sunday morning after a lingering illness. She was in her sixty-third year and was formerly of Walter's Lake, Kings county, N. B., but had been residing at the home of her daughter, Mrs. Wm. McAvity, West St. John. She leaves to mourn her husband, three sons and five daughters. The sons are Harry F. and William J., of Boston and David L., of West St. John, and the daughters are Mrs. Wm. Matheson and Miss Myrtle of Hartford, Conn., Miss Mollie of Boston and Miss Jennie, residing in the city. The funeral will take place this afternoon.

CASE POSTPONED
The case of Frank Gillis, charged with having liquor in his pool room, Paterville, which was to have come up before Magistrate Allingham yesterday morning was postponed until today.

Macaulay Bros. & Co., Ltd.

Every day our stock is becoming more complete with the pretty fabrics for Spring, and this year we have been able to procure goods that have not been on the market since the war, and the prices asked are very moderate for the excellent quality and pretty designs they possess.

SAXONIA SILK SKIRTING—This is a premier fabric for men's shirts, ladies' waists, dresses, etc., and is of extra quality British manufacture. 38 in. wide. Price \$1.60 yard.

WHITE VOILES—We are confident that our present showing of White Voiles excels anything we have had for years, both in quality and design. 36 to 40 in. wide. Price 65c. to \$1.50 yard.

WILSON'S ACT DEMORALIZES STOCK MARKET

Rejection of Allies' Adriatic Plan Sends Prices Down to New Low Records on New York Exchange.

New York, Feb. 16.—Rejection by the Washington administration of the Allies' Adriatic plan came as a great surprise to the financial community and inspired the greater part of the reactionary movement which continued throughout the stock market session today resulting in many low records for the current period. Exchange reflected the tense international situation, the London quotation falling considerably under its recent recovery.

Another adverse development over the recess was the showing made by the Federal Reserve Bank. The local institution reported a further loss of reserve which fell to a level approximating the regular unfavorable exhibit. The latter situation bore directly upon the money market, time funds again disappearing almost entirely, despite last week's production of unprecedented improvements. Call loans were easy, however, opening at seven per cent, and declining to six per cent in the early afternoon.

Bulls remained a better account of themselves than any other group, probably in consequence of the acceptance by the Board of Directors of the Federal Reserve Bank's plan and because of the belief that the railroad bill now before Congress will soon come up for action.

General Motors made a net loss of thirteen percent. Gracile Steel lost nine and a quarter percent. American Liberty bonds with a variable rate to the foreign division.

Total sales (par value) aggregated \$10,500,000.

Old United States bonds were unchanged on call.

Some Canadian Political Topics

Mr. Meighen Says There is No Time for Experimenting With Extreme Theories in Economics — A Liberal Paper on the Good Work of Union Govt.

Tariff Commission Meets. (Peterborough News.) The United States has appointed a tariff commission, a proposition that has been before the Canadian people for some time and which has been settled by the Dominion Government authorizing the Board of Commerce to investigate the operations of the tariff especially as it affects the necessities of life.

If a Dominion Railway Board is necessary as an administrative adjunct, why not a tariff commission upon the same general principle? The former body has since its inception justified its existence. It has meant public control of the transportation problem of the country. In the operation of the tariff, sectional hardships are certain to arise. To investigate all complaints of injustice and to provide a remedy would be the duty of the new commission.

Let the Board of Commerce get busy at once on their specific tariff policy. The supporters of that policy have nothing to fear. It is not likely that it can be shown that the tariff is to any degree responsible for the present high cost of living, when the markets in Europe set the standard for the world. The United States has had practically absolute free trade in foodstuffs and natural products ever since the present American tariff law took effect in 1913. The cost of living did not fall prior to the operation of that law, and the Americans think so little of the system that there is to be a reversion to the old policy of protection, a policy to which that country owes its industrial prosperity.

Good Work. (London Free Press.) The Brantford Expositor, a Liberal paper is not content with mere assertion, but calls attention to the work of the soldiers' civil re-establishment, the Land Settlement bill, the abolition of titles, the abolition of the patronage system, the inclusion of the outside employees in the civil service commission, the Canadian Highways Act, the loan of \$25,000,000 to aid in the construction of sanitary houses for workmen, particularly soldiers; also \$10,000,000 for technical education, the High Cost of Living Commission, the Mothers' Industrial Commission, the National Industrial Conference, the Board of Commerce, the restriction of immigration, the acquisition of the Grand Trunk system, the ratification of the peace treaty, the enfranchisement of women, the creation of a department of health, and the enactment of enabling legislation in behalf of prohibition. It is hardly more than a year since the armistice was signed, and in that short space of time the Government has produced and put into effect these measures, any one of a number of which would have constituted a claim upon public favor and support. The Expositor says: "These measures constitute a most progressive, far-reaching and beneficent program and fair-minded students of public affairs cannot truthfully say that a Union Government in Canada, no matter what its failings, has not done any thing."

Two More. A couple of new portmanteau words are "redicals" for red ruds and "wreticisms" for jokes about the late John Barleycorn.

Trouble In Camp of N. B. Hockey League

Executive to Meet at Fredericton to Settle Dispute Between Marysville and Fredericton.

Fredericton, Feb. 16.—The New Brunswick Hockey League executive will hold a special meeting in Fredericton this week to deal with the protest of the Marysville club who asked that the game which Fredericton won from Marysville here last Monday night be thrown out on the claim that Archie Williams, who had been played by local club, had not been regularly registered with the league headquarters.

President Norman Maher, of the N. B. H. L. has sent word from Chatham to the Fredericton club that he and Leo Troy, the secretary of the league, will be here this week to watch the Chatham Club's games with Fredericton and Marysville's teams on Wednesday and Thursday evenings, and a representative of the Bethune team will also be here. He has therefore, decided to hold a meeting of the executive at that time to consider the protest and other matters.

Shoppers Do Well. New York, Feb. 16.—One of the peculiar angles about the use of Canadian money at the box offices of three local theatres developed during the lunch hour today at the Langara Theatre. Treasurer Munster went on duty to relieve his assistant. Instructions had been received by the assistant early in the morning to take Canadian money at face value and Mr. Munster, without going into details, settled down for the morning rush.

At a quarter after 12 a gentleman introduced himself as a resident of Toronto, asked for two orchestra seats for "Adam and Eve" and gave in return a \$20 Canadian bill. The treasurer without thinking about the financial problem involved gave him the tickets and \$14.50 American money.

Not until after the stranger had departed with the tickets and change did Mr. Munster do a little figuring. He called up his bank and found that the \$20 Canadian bill was worth exactly \$16 in American money at the bank. In other words, the Canadian gave two theatre tickets, worth a total of \$5.50 for the sum of \$16.

The mistake, of course, lay in the fact that Mr. Munster gave away \$10.50 more in change, when the original announcement stipulated that Canadian money would be taken in full value only in payment of tickets and any change, naturally, would be based on the basis of 80 cents to the dollar, the same as any bank would discount Canadian money.

News of the liberality of the treasurer at the Langara later in the day led to the presentation of a \$50 Canadian bill with the request for two seats. Mr. Munster laid out the change and began to figure it, when the customer very indignantly said he would not take the tickets at all unless he received full change in American money. Inasmuch as this meant presentation of two tickets worth \$5.50 to the man, and giving him \$44.50 in addition, when the bill was worth only \$40 at any bank, Mr. Munster regretfully cancelled the order.

A further sidelight on this remarkable adventure into high finance came when two American ticket speculators went to the Commercial Trust Company to buy \$200 worth of Canadian money with which to purchase theatre tickets. One of their agents was in line at the Central office to buy a block of sixty tickets at \$3.80, when he was spotted by W. H. Oviatt. Mr. Oviatt promptly instructed the treasurer to take Canadian money only from bona-fide Canadians who would identify themselves.

If the ticket speculator had bought sixty tickets at \$3.30 each in Canadian money he would have spent \$198 in Canadian currency, which he was able to buy at any bank for approximately \$150. If he had sold the tickets for American money, plus the 50 cents premium, he would have made a profit of \$116 on each ticket.

Just how Constable and Gest will come out on the transaction of taking Canadian money on its face value is not known. Gest, who is in Canada with the "Chu Chin Chow" company, has instructed the theatres to send all the Canadian money they can take in to him at Ottawa.

They Surely Do. "In Borneo," remarked Georgette, "women do the pearl fishing." "Don't they everywhere?" demanded Tricotine.

INFLAMMATORY RHEUMATISM CURED BY B. B. B.

Rheumatism is a constitutional disease, caused by the uric acid in the blood. It manifests itself by pain and lameness attacking the muscles and joints of the body, which often swell and become hot and inflamed.

Anyone who has suffered month after month, and perhaps year after year, with rheumatism, and who has tried remedy after remedy in the hope of relief, and without success, should not give up hope. Burdock Blood Bitters, by invigorating the digestive organs and eliminating the uric acid from the system, will give prompt and permanent relief.

"THAT LITTLE GAME" --- --- Waiting On the Owl

LOYALIST CHAPTER I. O. D. E. 1920 REVUE GRAND SUCCESS

Large Audience at Imperial Theatre Last Night Given An Exceptional Treat—Beautiful Costumes, Exquisite Stage Settings, Graceful Dancers, and the Very Best of Singing Made Performance One of Best Ever Staged in St. John.

The Imperial Theatre was taxed to its capacity last night with one of the most pleased audiences that has ever witnessed a performance in this city. The occasion was the 1920 Revue, given under the auspices of Loyalist Chapter, I. O. D. E., and with due respect to all previous productions it can be easily stated that last night's was equal to any and in some respects was more enjoyed than some others. The performance was indeed pleasing from start to finish, and there was not one feature that could not be taken as professional instead of amateur. The scenic effects were all new and pretty. The different numbers were well staged under the direction of the Imperial's stage manager, Frank Fitzgerald. The costumes were about the prettiest seen on a local stage for a long time, the singing by both soloists and choruses of the very best, while the dancing was in most cases unequalled, and in all the 1920 Revue made a decided impression with every person in the large audience. The music was rendered in the usual high-class manner by the Imperial Orchestra, under the direction of A. C. Jones, while in the second part of the programme D. Arnold Fox was the director. Every number received the most hearty applause and warranted encores, although none were responded to.

The programme opened with a prologue by Miss Mary White, who was attired in a most gorgeous costume, and by her exceptional ability started the Revue with the success which it proved to be.

Owing to the illness of Miss Rhona Lloyd, who was booked for a solo and dance, her place was filled most creditably by Dr. Percival Bonnell, who with great effect rendered the prologue Pageant.

The principal dancers and soloists proved a revelation to performances in St. John, and space will not permit to mention them individually, as all showed exceptional ability.

The prologue was written by Francis Walker, while "O Omar, You're Awful" was written and arranged by W. H. Golding. The latter was the concluding part of the evening's entertainment and brought forth some very fine talent.

The entire programme is as follows: Prologue Miss Mary White Transformation Dance—The Misses Olive Goding, Marion Belding, Clara Melick, Edna Waters, Marion Curry, Lucile Wilson, Marion Henderson, Audrey Campbell, Winifred Blair.

Solo—Dr. Percival Bonnell—Prologue Pageant. "So then you'll see love shown as human beings do love each other. You'll see, too, of how sad the dreary endings. Witness weep's sharp agony; Howings of rage will reach you, and scornful laughter."—Mr. E. Scerif.

The Ideal Candidate—Mr. E. Scerif. "My Day's Dressing Table" Powder Puff Miss Kathleen Sturdee Rouge. Miss Constance Campbell Moth Miss Dorothy Blizard Flame Miss Catherine McAvity "Girls Are Like the Weather to me" Soloist, Mr. Harold Turner. Girls: Fair, Miss Clara Melick; Stormy, Miss Agnes Anderson; Warm, Miss Phyllis Kenney; Rainy, Miss Louise Holly; Cold, Miss Constance Campbell; Cloudy, Miss Jean White; Hot, Miss Olive Goding.

The Sandwich Quartette—Messrs. Harold Turner, Elmer A. Belding, Leslie Creighton, Geo. W. Currie. Country Polka Album—Shown to the new preacher by Rebecca Sparks Peters. Case: Rebecca Sparks Peters; Mrs. Marie Furlong Coleman; Rebecca's brother, Miss Jean White; Rev. runt Pittenger, Mr. A. Gordon Raimie. 1. Sister Almetty Fishback, Mrs. Ronald McAvity; 2. Dan Twerp, Mr. Wm. A. Lockhart; 3. Malzie Burgstresses, Mrs. Allan McAvity; 4. Mary Jane Pembie, Miss Agnes Anderson; 5. Pete Burgstresses, Mr. Ronald McAvity; 6. Amber Pedue and his wife, Geo. W. H. Golding, Mrs. Gordon Stanton;

Violin solo, selected—Miss Lloyd. "Sand Dunes," with dance and chorus. "My Cairo Love" (Zamenik)—Miss Penton. "Burmah Moon" (Gitz-Rice)—Miss Anderson. "On the Road to Mandalay" (Kipling, Speaks)—Mr. McAdam. "Till Sing These Songs of Araby" (Clay)—Mrs. LeLacheur. Male quartette, selected. "Drink to Me Only With Thine Eyes" (old English)—Mr. Cairns and chorus. "Hail Poetry" (Sullivan)—Chorus from "The Pirates of Penzance." The final performance will take place tonight.

Rare as Radium. "Contentment is better than wealth, my boy." "It ought to be, it's a blame sight harder to get." Lonesome. "So you have decided to marry again." "Yes. You don't know how lonely some it is going home nights and having nobody there to find fault with me."

DIXON BEGINS ARGUMENT IN OWN DEFENCE

Claims Crown Has "Built a Case of Seditious Intent Out of Painted Paper Bricks."

Winnipeg, Feb. 13.—With the court room crowded to capacity, F. J. Dixon, M. L. A., charged with seditious libel, began a forcible address to the jury today in a strong endeavor to show that the Crown had, as he termed it, "built a case on seditious intent out of painted paper bricks."

That was entirely irrelevant to the matter with which he was charged. He went to considerable length to explain other interpretations to his words during the strike than those placed upon them by the Crown. He also cited very old philosophers and expounders of opinions and policies who, because of their ideas, were condemned to death or subjected to prison and ignominy. He said that he had not expected to be associated with such illustrious company.

He reviewed the whole evidence and when the court adjourned had started a further analysis, which he promised to conclude tomorrow afternoon.

SILVER FOX BEING HIT BY THE HIGH COST

Now Must Go Back to His Former Diet of Horse Meat as Steer Meat is Too Expensive.

New York, Feb. 13.—Even the aristocratic silver fox is being hit by the high cost of living these days. Although experts estimate that this annual board bill for himself and wife is only about \$75, he now faces the prospect of going back to his former diet of horse meat after a period during which steer beef, with now and then a bit of lamb or pork, was not considered too expensive fare for him. According to reports that have reached the New York fur auction sales corporation from northwest Canada, some of the biggest silver fox ranches in the Dominion are now in the market for a number of horses to be used as fox food. Horses weighing from six hundred to eight hundred pounds are preferred.

So far as known here there will be no withdrawal from the silver fox diet of a certain well known breakfast food.

When two men are after the same girl it doesn't make much difference which one she takes. Now and then there will come times when she'll wish she'd taken the other one.

AROUND THE CITY

ARRESTS LAST NIGHT

Edward McKay and Edward Arsenau were arrested on Union street last night charged with being drunk and fighting. Austin Gavia was also taken in custody.

NURSES' HOME.

A special meeting of the County Council will be held this afternoon to deal with the question of erecting a Nurses' Home in connection with the General Public Hospital.

WHEAT SHIPMENTS.

Wheat shipments handled through this port by the C. P. R. up to Feb. 15 amounted to 9,195,000 bushels, as compared with 9,080,000 during the corresponding period last year.

THE FIRST TIME.

Owing to the severe storm yesterday morning the C. P. R. liner Empress did not cross the Bay to Digby. This is the first time this winter that she was held up by stormy weather.

LEFT FOR MONTREAL.

Mrs. Daniel Mullin, accompanied by her little daughter, Miss Catherine, left last evening for Montreal, where the latter will enter the convent of the Sault au Recollet for study. Her sister, Miss Beryl Mullin, is now a student there.

LIEUTENANT-GOVERNOR ILL.

Lieutenant-Governor Pugsley, who with Mrs. Pugsley left here on Saturday for Toronto, had to stop over in Ottawa suffering from a fever. Advice received last night was to the effect that he was recovering satisfactorily and would be able to go on to Toronto without much further delay.

PLEASANT PROGRAMME.

The Social Committee of the Queen Square Epworth League, of which Miss Grace Robertson is convenor, gave a pleasant entertainment at the Old Ladies' Home last evening, which was greatly appreciated. The programme included a reading by Miss Fleet, a piano solo by Mrs. Robertson, motion pictures given by Basil Robertson, and an hour of old-fashioned songs, in which all present joined. Refreshments were served.

SAILOR'S INJURIES.

It was reported at the General Public Hospital last evening that the condition of John Keady, a sailor off the C. P. O. S. Metaplan was not as serious as at first anticipated, and that he was resting comfortably. As an X-ray had not been taken, it was not then known if any bones were broken. Keady became entangled in a winch while working on the steamer, and it was feared that his injuries would prove fatal.

OUT OF COMMISSION.

A large number of the fire alarm boxes in the city are out of order on account of the storm. From most of the districts where the fire occurs, the central police station can be gotten in touch with by telephone, and the police are instructed to sound the gong at the fire station in King street east. It was announced yesterday morning that all the City road boxes were out of commission.

THE ROTARY CLUB.

Dr. H. L. Spangier was the speaker at the Rotary Club luncheon at Bond's yesterday, and his subject was Rotary. He dealt with it in such fashion as to gain frequent and prolonged applause. He was asked to send a copy of the address to the Rotarian. M. E. Agar presided.

Rotarian Russell Sturdee announced the arrangements for the annual service in Trinity church, at which Rotarian Rev. R. A. Armstrong will preach, and G. A. Margetts announced the anniversary programme for next week to end with a theatre party.

Songs were sung as usual, and Rotarian J. J. MacRae, of the finance committee, gathered in much money from members arriving a little late.

J. A. Tilton, Fred E. Garrett, F. J. Donegan, A. W. Covey and Harold Chadwick were elected to membership.

BOY WANTED.—Messengers to carry telegrams between Standard and Telegraph newspaper offices every night (Saturday night excepted). Hours 7 p. m. to 11:15 a. m.

Carbide, Acetylene Burners, P. Campbell & Co.

Friends of J. Burr will regret to learn that he is a patient in the Epidemic Ward of the General Public Hospital, having contracted diphtheria.

FORWARD MOVEMENT CANVASS SHOWING EXCELLENT RESULTS

Returns Received Last Night Much Better Than Expected — Many Districts Well Over Their Objective — News from New Brunswick Districts, and All Over Canada, Show Enormous Amounts Subscribed.

The returns being received in the forward movement campaign show many increases in subscriptions and the outcome is proving larger than was at first expected. The following statement was given out last night.

The Baptist Forward Movement in the St. John Group has achieved a splendid success. This group is comprised of the churches of the city, Fallsville, Grand Bay and Rothesay. The objective was \$20,000 and it has already been exceeded by several thousand dollars. Up to Sunday night the churches had reported as follows:

Church	Amount
German Street	\$14,228
Main Street	7,000
Central	2,500
Ludlow Street	1,900
Tabernacle	1,000
Victoria Street	4,500
Western Street	1,000
Fallsville	1,000
Grand Bay	324
Rothesay	161
Special	1,000
Central Waterloo Street	1,000

The objective for the Maritime Province is \$200,000. Up to Sunday returns received from only 20 per cent. of the churches showed a total of \$150,000 pledged. If the reports from the remaining 80 per cent. are as good in proportion, we should easily reach our goal.

The following churches have already reported as having exceeded their objective: Main street, Charl'ite street, Ludlow street, Fallsville, Tabernacle, German street, Brunswick street, Fredericton, Devon, Marysville (Main street and Oliver), Centreville, Hampton Station, Hampton Village, Norton, Petticoat, Salisbury, Dorchester, Newcastle, Bathurst, Donkton, Campbellton, Nashwaak, Andover. In Nova Scotia the following are over the top: Digby, Bridgewater, Middleton, Bridgewater, North Sydney, Canning, Canard, Wolfville, Truro First, Amherst, Moncton, Springhill, Berwick, Sydney Mines, Port Williams, New Minas, Cambridge, Waterville, in P. E. I. Summerside has exceeded its allocation. The canvass has been greatly handicapped by weather conditions and other circumstances. This has been especially true among our country churches. The Promotion Committee has therefore authorized an extension of time for the completion of the work and it is hoped that every church will measure up to the opportunity.

The reports from the Anglican Forward Movement show that the objective of \$90,000 for the province has been raised and surpassed and it is expected that the total will exceed \$110,000. Canon Armstrong reports that the following parishes made returns yesterday:

Cathedral, Fredericton	\$8,616.00
------------------------	------------

COMMON COUNCIL MET IN COMMITTEE

Discussion on Matter of Alexandra Heights Was Reopened—Canadian Gov't Exhibition Commission Want Bird's-Eye Views of the City.

The discussion on the matter of Alexandra Heights was reopened in Common Council committee meeting yesterday, and Commissioner Jones moved a resolution that whenever the property owners are willing to grade the street and convey same to the city, that the city will install water and sewerage on guarantee from the owners that the revenue will amount to ten per cent. of the outlay. After some discussion it was decided that the words "subject to the approval of the town planning commission" should be added. The recommendation carried.

A letter to the Board of Trade from the Canadian Government Exhibition Commission was referred to the Council. The letter asked for two bird's-eye views of the city, 24 by 36, to be placed in the Imperial Institute in London, England. The Board of Trade advised that these would cost \$45, and asked if the city was willing to bear this expense. On motion, the matter was left in the hands of Mayor Hayes with power to act.

St. Jude's . . . 7,012.25
 Parish Church, P'ton . . . 3,144.80
 St. Luke's . . . 4,554.51
 Sussex (Stadium \$600) . . . 2,400.00
 Fairview . . . 1,433.25
 Waterford and St. Mary's . . . 300.00

The Methodist city churches report in relation to their objective as follows:

Objective	Subscribed
Queen Square	\$ 5,000 \$ 4,800.00
Centenary	10,000 12,300.00
Exmouth St.	3,500 3,570.00
Portland St.	4,500 4,600.00
Carlton	2,500 2,300.00
Zion	700 700.00
Fallsville	1,500 2,067.00
Carmarthen	614.00

J. Hunter White, Divisional Captain of Finance advises the treasurer of each church to deposit the receipts in a local bank in his own name, not in his personal account, but stated as a trust to the Methodist National Campaign. He will then be able to withdraw the money when he wishes to remit. In some cases local banks have already offered to transfer the money to Toronto without charging exchange, to the order of the treasurer of the National Methodist Campaign Fund.

All Over Canada	Objective	Subscribed
Methodist	\$100,000	102,000
Anglican	90,000	90,000
Presbyterian	60,500	60,500

Interest Growing In City Elections

Alex. McMillan and Allan Schofield Mentioned as Possible Candidates for Mayor — Labor Party Out to Abolish Commission Form of Government.

Some symptoms of interest in the approaching civic elections are being shown. Street gossip is mentioning quite a few possible candidates, but most of those who are being urged to run are not making definite announcements as to their intention yet, apparently because they want more information as to who their opponents will be before deciding whether or not to take part in the contest.

Major Alexander McMillan is being urged by some of the younger business men to run for mayorship, and he would undoubtedly make a strong candidate, but he has not yet decided to enter the fight. Allan Schofield is also being urged to run for mayor, but he is said not to be anxious to become a candidate, and his friends are still waiting his answer. Ex-Commissioner McLean is expected to be a candidate, probably for mayor, though he may decide to run for a commissionership.

A number of well known citizens who have been active in civic politics in the past are also mentioned as possible candidates.

Influenza Cases Now Total 173

Seventeen Cases Have Been Struck Off — The Diet Kitchen Distributed Food to Twenty-Four Households Yesterday.

The number of influenza cases reported to the local Board of Health yesterday totaled 173. Seventeen of the cases have been struck off the list through recovery or death. Two of the cases reported are being investigated by the inspectors and it may be found that several members of the family are affected, although but one case was reported in each instance.

The Diet Kitchen distributed food to twenty-four households. This means that nearly one hundred persons were supplied with cooked food, as not only the sick are supplied, but convalescents and children of the homes. The Diet Kitchen prepares the special diet for the Emergency Hospital where there are six patients. The help given by volunteers at the kitchen is much appreciated as are also the gifts of delicacies sent by kind citizens. Yesterday gifts of food came from Mrs. Vassie and Mrs. John Koffa, while John Bond continues to send every day a valuable donation of soup.

At one small hotel a man was found lonely and isolated with only a bottle of milk for food. The visit of the nurse is a bright spot in the day for this invalid and she is able to prepare him the special diet sent by the kitchen. The district nurses report all cases under their care as recovering.

CITY EMPLOYEES ASK HIGHER WAGE

Delegation Waited on Common Council and Put in Claim for Men on Water and Sewerage Department.

While in committee meeting yesterday morning the Common Council was waited on by a delegation from the Civic Public Service Employees' Union, who asked for an increase of wages for the men in the Water and Sewerage Department. They said that, although it was understood that the department had adopted the scales submitted by the union, only one man was receiving the minimum wage asked. They presented the following comparison:

Wages Asked	Now Paid
Pipe layers	\$4.00 to \$4.25 \$3.75
Laborers	3.75 3.50
Blacksmiths	4.25 to 4.50 4.50
Blacksmiths' helpers	3.75 to 4.00 3.50
Machinist foreman	5.25 to 5.50 4.50
Machinist's helper	4.00 to 4.25 3.50
Hydrant inspector	5.25 to 5.50 4.50
Meter and Fire Assistant	4.00 to 4.25 3.50
Main pipe foreman	4.50 to 5.00 4.00
Supt's clerk	4.00 to 4.25 3.50
Service pipe foreman	4.50 to 5.00 4.00

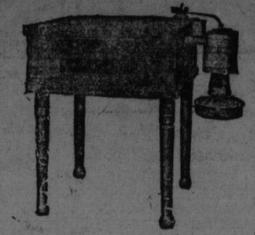

The matter was left to Commissioner Jones for a further report.

THURSDAY IS DOLLAR DAY

And the place to shop Thursday is Dykeman's. The values offered this year's easily eclipse all former efforts. Considering the prices being asked to do all the great semi-annual events, offered are really extraordinary. Preparations are being made to give the women of St. John a genuine surprise as to how far their dollars can be made to go in this great semi-annual event. The whole store will be bright with Dollar Day signs on most attractive merchandise. The windows even now are full of bargains. See evening papers tomorrow for large display advertising full particulars—and come early.

F. A. DYKEMAN, the Dollar Day Store.

The Early Pullet Lays the Early Egg
