TO MILL OWNERS.
Having succeeded in obtaining the Sole Right for the Manufacture of

DUNBAR'S IMPROVED SHINGLE MILL,

Patent applied for 1883 for the Dominion

WE have great pleasure in being able to announce to the Lumber Manufacturers that we can now
furnish them with the best Shingle Mill made. For convenience of work, capacity of doing work
and convenience to work it stands far in advance of any other. We would respectfully refer you to H.
A. BERRY, West End Lumber Mill, Fredericton, and WILLIAM SCARR, Stanley, York Co., who are
now running these mills.

NOTICE.
THE partnership heretofore existing between
LIMERICK & REID having been dissolved
by mutual consent, any persons having any claims
against the late firm will please send them to the
authorities to collect all bills and to pay all
debts of the late firm. Any person indebted to
the said firm are requested to make immediate
payment of their several accounts, which are now
due, by the first day of December, 1883, or
the business of the late firm of Limerick & Reid
will be closed upon that date and any account
standing after that date will be passed upon as an
attorney's hands for collection. LIMERICK & CO.

LOCAL AND PROVINCIAL.

Luther's Anniversary.

Fitting references were made in most of the churches on Sunday last to the 400th anniversary of Luther's birth, which occurred on Saturday 10th inst.

Valley Railway.

David Maxwell, C. E., and a surveying party, who are now prospecting the Mitchell valley route, expect to reach Gibson before the close of the season.

Postponed.

The auction sale of furniture, etc., announced to have taken place at the residence of Mrs. Robert Anderson, corner of St. John and St. John streets, yesterday, has been postponed till to-morrow, 15th inst.

Lecture Course.

Lieut. Col. Marsh and the officers of the 1st Batt. have made arrangements for the holding of a Course of Lectures in the City Hall this winter. The names of all the lecturers are not yet known, but will be subsequently announced.

Revival.

An extensive revival is progressing at the Baptist Church, Mackinac, under the ministry of Rev. Benjamin Hughes, assisted by Rev. Mr. Blackadar, of Haverhill. Last Sunday thirty-eight converts were baptized and forty-four persons received into the membership of that church.

Rifle Association.

At the annual meeting of the Provincial Rifle Association, held at St. John last week, the following officers were elected for the current year—John H. Parks, Pres.; J. Twining Hart, Secy.; Major Arnold, Capt. Hart, (Grand Fielders), P. A. Melville, Capt. Loggie and Lieut. McRobbie, executive committee, with the president and secretary *ex officio*.

Normal School.

The Normal School opened its Session on Monday with 213 Student-Teachers, 9 of whom are in the French Department. All the Counties of the Province are represented except Madawaska. The religious denominations are also all represented. The Baptist number 45, P. C. Baptist 25, Congregationalists 4, Episcopalian 20, Methodist 20, Presbyterian 24, R. Catholics 38, Adventists 2, Christians 3, Disciples 1.

The Petticoat Tragedy.

The perpetrator of this tragedy, noticed in our last issue, has been since arrested. He gives his name as Robert Mitchell, and is stout in his denial of the deed. At the preliminary examination before Judge Magistrate William Macdonald, Mitchell identified the prisoner, and upon this and other testimony, he was remanded to jail to await a trial at the next sittings of the King's County Court.

Blown Off.

A small cyclone passed over the city on Monday evening about eight o'clock, and in its way through town blew several chimneys from the house tops. Among those blown off are the chimney of the Free Baptist Church and the one on a building on the corner of King and Regent streets. The chimney of the Methodist church at Gibson was also blown away.

Thanksgiving Day.

The day was spent very quietly. Most of the stores were closed, and Divine Service was held in most of the churches. A foot ball match was held on the flats between the College and city teams. It was like a Sherbrooke or Humber Hill match—no goal was made on either side. There was a large number of spectators, among whom were the President and the Professors of the University.

Mis-lap.

One day last week as one of the boilers for the Gibson Cotton Mill was being taken across the bridge at Marysville, the rope by which it was being hauled, parted, and the wagon running back turned towards the edge of the plank and crashed through. The boiler did not stop with the bridge, but slid off over the side of the bridge. It has since been taken up and placed in position at the mill.

St. Andrew's Society.

At the annual meeting of this Society, held in the Barker House on Monday evening, the following gentlemen were elected the officers-bearers for the ensuing year—Mr. G. F. Gregory, President; Judge Fraser, 1st Vice President; Mr. J. Kerr, 2nd Vice President; Mr. J. Fraser, Treasurer; Mr. Thos. Nesbitt, Secretary; Mr. R. Thorsen, Marshall; Mr. W. Anderson, Chaplain. It was decided to have a Dinner on St. Andrew's Day, and a Committee was appointed to make the necessary arrangements.

Military School.

Mr. McKean, the architect appointed to reconstruct and repair the military buildings of Fredericton, visited the town on Saturday last, and in company with Lieut. Col. Munshell examined the buildings. He has left the necessary instructions with Mr. Robert Sutherland who has the contract for the repairs on the military property, and work was begun on the same on Monday last, and will be undertaken by the Commandant with great speed, as the Commandant is desirous of establishing the school as early as possible.

Spanish Students.

These great musical artists are to visit us on the 14th inst., and they will no doubt have a crowded house. Although they have been to the Province three times they have never visited the city before, and now that the opportunity has come, our people should not lose sight of it. People who have any taste at all for the beautiful and the sublime in music, can find their heart's desire in the capital talents of the Students. They have several talented artists with them, including Miss Newton, dramatic reader; Miss Mack, a beautiful and talented soprano, and Mr. W. H. Stedman, tenor.

Rabbings.

Mr. Denis Hamilton's meat shop, corner of King and Regent streets, was broken into a few nights ago, and a quantity of meat stolen. The thief gained an entrance through the back window in the rear of the shop. Suspicion pointed to a house on King street, occupied by Abner Grass, and Policemen Phillips and Vandine visited Grass' residence, but they found no clue to the stolen property. The policeman, however, in searching for the meat, found a basket of feathers and two fine chickens, which the occupants said had been brought there by two young men. The feathers were brought to the Police Station, and the police are on the watch for the chicken donors, and we may soon hear of their capture.

City Council.

The dispensation of the city business for October occupied the attention of the City Council for two evenings last week, Tuesday and Wednesday. At the first meeting the discussion of the Auditor's report, especially that part of it referring to Roads and Streets was continued by Ald. Thomas, who asked by what authority and at whose direction work had been done on Nigger Hill, on Victoria Lane, on the Hanwell Road and at a number of other places. McKay answered these questions by saying the work had been done at his order after consulting some of the Road Committee. Farrell testified by the Road Master.

Ald. McKay said they had been certified by himself.

A long discussion followed, in which accusations and cross accusations were freely alleged. After this business again proceeded, and the following items of the Auditor report passed—

Fire Department..... \$24.14
Market Account..... 6.05
Contingents..... 3.13
Administration of Justice..... 3.13
Sewerage and water..... 304.58

In this last amount was embodied a bill of Mr. C. W. Beckwith for \$192 for extra services in connection with the Water Committee.

Ald. Farrell asked how the items in this account read over. This was done again and again, and resulted in the whole amount being allowed and passed.

A Petition from the Billiard Hall men of this City was read by Ald. Burchill, asking for leave to keep their establishments open until eleven o'clock. This was adopted and the necessary alterations made in the bye laws.

Petitions from John Collins and Thomas Williams for relief from taxes were referred to the Assessment Appeal Committee.

Robert W. Logan was by petition granted a license to do business for six months in the City, and George Clinton was relieved from taxes.

Ald. Moore submitted the following report from the Fire Committee:

Your Committee beg to report that finding it necessary to fit up a station room for Hose Company No. 4 (Queen's Ward), have employed Mr. Thos. B. Barker to do the work for \$100; the room to be fitted up that formerly occupied by No. 1 Hand Engine Co.

Your Committee would recommend that the fire law submitted at last meeting, but which has not yet been signed, sealed, or printed, be reconsidered and amended, by fixing the pay of the Hook and Ladder Co. and Fire Protection Co. at \$75 each, and of each Hose Company at \$80, instead of \$50 and \$60 as suggested at last meeting.

The fire bye-laws were ordered to be altered to agree with the above.

Ald. Moore submitted the matter rolls of the Fire Hose Companies, and the following were appointed captains thereof—

J. McLaughlin, No. 1, Wallington Ward.
George Ross, No. 2, St. Ann's Ward.
John S. Perks, No. 3, Carleton Ward.
Frank Stanton, No. 4, Queen's Ward.
James Rodgers, No. 5, King's Ward.

Ald. Moore said that in justice to the keeper of the Alms House, to the public, and to the City Council, an investigation into the present state of affairs at this institution should be ordered by the Council.

After some further discussion as to the best means of carrying out such an investigation, the Alms House Committee were requested to look particularly into the condition of affairs at that institution, and report fully thereon at the next meeting of Council.

Ald. McKay submitted the cost of building the four blocks of asphalt sidewalk, showing the cost of each block to be \$1,207.61. The amount to be assessed on the real estate owners was \$3,898.20 or \$1.09.

Thirty days notice were given for payment of the same.

On motion of Ald. Moore, Mr. Schleyer and Mr. Todd were allowed to continue the occupancy of their present premises free from rent.

Cheques were ordered to issue to pay the city officials one quarter's pay to Nov. 1st.

On motion of Ald. Moore, cheques were ordered to issue to the captains of the late fire companies for one quarter's pay to Oct. 31st.

Cheques were ordered to issue to pay the city policemen and teamster.

On motion of Ald. Macpherson, a printing committee was appointed. His Worship appointed Ald. Macpherson, McKay and Cooper as such.

On motion of Ald. Vandine, a cheque of \$50 was ordered to pay the revision for this year.

Ald. Burchill submitted the monthly report of the Water Committee, recommending several payments, that the salary of Assistant Engineer Taylor be increased to \$300 per annum, and that Engineer McIntyre be paid monthly.

Ald. Farrell wished to refer to the salary of Mr. Taylor. He thought it should be made \$300, as Taylor's duties were performed in the night, and much more difficult and responsible than those of the day engineer.

The report was received and amended so as to meet Ald. Farrell's suggestion.

The balance sheet for the year, was read from the chair.

The relative standing of the different departments, as shown by this report, were, on the 31st October, as follows:—

Schools, balance unexpended..... \$7,119.19
Support of Poor, bal. unexpended..... 973.31
Roads and Streets, over-expended..... 1,747.15
Fire Department..... 888.88
Admin. of Justice, unexpended..... 2,667.94
Public Works, over-expended..... 6,649.57
Street Lamps, unexpended..... 713.98

Cons. Debt Debentures, unexpended..... 1,651.47
Funded Debt, unexpended..... 1,229.10
Ordinary Revenue, unexpended..... 215.29
Total Assessment..... 32,500.00
Amount Collected, October 31..... 30,629.40
Cash in hand, Oct. 31..... 6,470.60
Total..... 37,109.00

Ald. Burchill said the accounts were somewhat misleading, as the account purported to show the state of finances to Oct. 31st, whereas the account actually only showed the statement up to Sept. 30th. He would, therefore, move that the Treasurer be instructed to prepare a balance up to Nov. 1st.

The account was then received and referred to the Printing Committee for investigation.

Ald. Burchill submitted the annual report of the Water Committee—a most voluminous manuscript—the reading of which occupied the Clerk about half an hour. The total

amount alleged to be expended in the construction of the water-works was \$83,544.42, or \$1,445.56 less than the estimated cost. The amounts expended for payment of interest on debentures and service pipes to date was put down at \$8,714.57, making a total expenditure for the work now done \$92,258.99. Repairs received and referred to committee of Vandine, Thomas and Farrell to report thereon.

This done, Ald. Macpherson arose and again referred to the allegations made against himself on the subject of the work done on Nigger Hill, on Victoria Lane, on the Hanwell Road and at a number of other places. McKay answered these questions by saying the work had been done at his order after consulting some of the Road Committee. Farrell testified by the Road Master.

Ald. McKay said they had been certified by himself.

A long discussion followed, in which accusations and cross accusations were freely alleged. After this business again proceeded, and the following items of the Auditor report passed—

Fire Department..... \$24.14
Market Account..... 6.05
Contingents..... 3.13
Administration of Justice..... 3.13
Sewerage and water..... 304.58

In this last amount was embodied a bill of Mr. C. W. Beckwith for \$192 for extra services in connection with the Water Committee.

Ald. Farrell asked how the items in this account read over. This was done again and again, and resulted in the whole amount being allowed and passed.

A Petition from the Billiard Hall men of this City was read by Ald. Burchill, asking for leave to keep their establishments open until eleven o'clock. This was adopted and the necessary alterations made in the bye laws.

Petitions from John Collins and Thomas Williams for relief from taxes were referred to the Assessment Appeal Committee.

Robert W. Logan was by petition granted a license to do business for six months in the City, and George Clinton was relieved from taxes.

Ald. Moore submitted the following report from the Fire Committee:

Your Committee beg to report that finding it necessary to fit up a station room for Hose Company No. 4 (Queen's Ward), have employed Mr. Thos. B. Barker to do the work for \$100; the room to be fitted up that formerly occupied by No. 1 Hand Engine Co.

Your Committee would recommend that the fire law submitted at last meeting, but which has not yet been signed, sealed, or printed, be reconsidered and amended, by fixing the pay of the Hook and Ladder Co. and Fire Protection Co. at \$75 each, and of each Hose Company at \$80, instead of \$50 and \$60 as suggested at last meeting.

The fire bye-laws were ordered to be altered to agree with the above.

Ald. Moore submitted the matter rolls of the Fire Hose Companies, and the following were appointed captains thereof—

J. McLaughlin, No. 1, Wallington Ward.
George Ross, No. 2, St. Ann's Ward.
John S. Perks, No. 3, Carleton Ward.
Frank Stanton, No. 4, Queen's Ward.
James Rodgers, No. 5, King's Ward.

Ald. Moore said that in justice to the keeper of the Alms House, to the public, and to the City Council, an investigation into the present state of affairs at this institution should be ordered by the Council.

After some further discussion as to the best means of carrying out such an investigation, the Alms House Committee were requested to look particularly into the condition of affairs at that institution, and report fully thereon at the next meeting of Council.

Ald. McKay submitted the cost of building the four blocks of asphalt sidewalk, showing the cost of each block to be \$1,207.61. The amount to be assessed on the real estate owners was \$3,898.20 or \$1.09.

Thirty days notice were given for payment of the same.

On motion of Ald. Moore, Mr. Schleyer and Mr. Todd were allowed to continue the occupancy of their present premises free from rent.

The New Baptist Church.

The new Baptist Church of Fredericton, dedicated on Sunday last to the public worship of God, is one of the finest edifices of this city, and compares favorably with any of the modern Church structures of the Province. The Baptist congregation, although they have year after year experienced many discouragements, in the destruction of churches by fire and the removal by death of pastors whom they had learned to love and revere, yet through all their trials, they have not been disheartened, and now their energy and liberality place them in a proud and honorable position among the religious bodies of this city.

This new building occupies the site of the former church which was burned in March 1882, on the corner of York and Brunswick streets. In point of architecture it is modern Gothic, built by Messrs. Bond & Milten from plans prepared by W. R. Dunham, Esq. It is constructed of a purple freestone obtained at a quarry on the R. R. Railway a few miles below the city, with trimmings of Dorchester stone.

The tower and spire rise to a height of one hundred and forty feet from the Brunswick street corner of the building, and is of pleasing proportions. The spire is covered with copper and galvanized iron, and is surmounted with a cross. The tower also rises to an ornamental peak. One of the most attractive outside features is the massive tracery window in the main entrance. The main entrance is by a broad hallway leading through large doors from York street. A large door leading to the pastor's study and ladies' parlour opens on Brunswick street. At either side of the main entrance is a handsome and skillfully carved column of Dorchester freestone.

One of these is surmounted with a nicely carved eagle finial, on the other a bouquet of flowers; under these in bold figures are 1814, denoting the year the first church was constructed here, and 1882 recording the year the corner stone of the present edifice was laid in its place. The building fronts of feet on York street, and 60 feet on Brunswick street, not including of course the annex.

The interior of the auditorium room both in design and in furnishing, is well worthy of inspection by all lovers of the beautiful in art. On the main floor the seats are placed in tiers of five, and extend gradually in all directions from the pulpit. From the centre of the ceiling, which is fifty feet above the floor, a magnificent reflecting chandelier depends, manufactured to order by J. R. Shirley, Esq. of Providence, R. I. This chandelier is seven feet in diameter, of brass response work, and somewhat similar in finish to those in the Provincial Buildings. The wall-brackets are also correspondingly neat and beautiful in design. The seats and panel-work throughout the church are of native ash with walnut trimmings. No distinction is made in the furnishing of the main floor and gallery. Both are carpeted and cushioned with the same material. Mr. J. G. McNally has presented the church with a beautiful pulpit set consisting of chairs and a communion table.

The fine large annex to the building is a church of itself, and has two doors. The main floor gives accommodation for a Sabbath School room 20x20 feet, and this will also be used for social services. Ornamental trusses support the ceiling, making the room free from obstructive posts. This will be lighted with brackets saved from the old church. A very broad staircase of Georgia pine, with square rail, leads to the second story where two spacious parlors are separated by folding doors, and on the west side is an room appropriated for the minister's study. These rooms are provided with several robe closets, and as in the main building, are heated by registers connected with the furnace.

The painting, which is beautifully done, is the work of Mr. Robert Winter. No little credit attaches to the manner in which he performed his duties.

The Dedication Service was proclaimed on Sunday morning by the venerable Rev. Dr. Bill, from the text—"I glorify the House of my glory;" so an audience which filled the whole building to its utmost capacity. In the services Rev. Dr. Bill was assisted by Rev. Dr. Hopper, Rev. Henry Cross, Rev. Joseph McLeod, and Rev. John Hughes.

In the afternoon services were again held, conducted by Rev. Henry Cross, who preached from the words found in Genesis, chap. 12, verse 2, "I will bless thee and make thy name great, and thou shalt be a blessing."

The evening services were conducted by Rev. Dr. Hopper of St. John, Editor of the *Christian Visitor*, who delivered an able discourse from the text—"Was a good warfare," found in 1st Timothy, 1st chap. 18th verse. On all three occasions the church was crowded to overflowing, and in the evening many were obliged to go elsewhere. During the services, the Rev. Henry Cross said he must congratulate the congregation of the church on their fine edifice. He had been in a good many churches both on the other and on this side of the Atlantic, but no more beautiful one he had never seen. The collection amounted to \$157.00.

Personal.

Mr. Geo. F. Gregory went to Woodstock this morning.

The many friends of Mr. Hugh Matheson, formerly of this city, will be pleased to hear that he is in a fair way of recovery from his late illness.

THE "FAWN" SERVICE.—About four o'clock Saturday morning, the Steamer "Fawn" of the Union Line, lying at her wharf, Indian-town, mysteriously sank. She had quite a large cargo on board for Grand Lake, and for which place she was to have sailed that morning. The deck hands, who were sleeping in the hold had a very narrow escape, having to leave without any clothing on their backs. As soon after the accident as possible, Capt. Bainbridge of the "Star" was informed of it, and he with a number of men at once set to work to recover the goods, and to a considerable extent they succeeded, securing flour, molasses, etc., in large quantities. "David Weston" was hauled up to the scene, and the portion of the cargo saved shipped on her. She left yesterday morning for G. Lake, in the place of the "Fawn" regular Saturday trip. An effort will be made to raise the "Fawn." The cause of the accident is not ascertained. About two years ago an accident somewhat similar happened to the "Fawn" by striking ground up the river.

We are having most enjoyable fall weather, and the advantages for pushing ahead all outdoor work is being taken hold of by every one interested.

A LARGELY attended meeting of Roman Catholics was held at St. Malachi's Hall, Sunday evening, to consider the advisability of building a new church in Lower Cove. The sum of \$4,332 was subscribed on the spot, and collectors were appointed to solicit more. The edifice will be of brick and stone, and will be commenced as soon as the first lot out of the ground next spring.

YORK CO. COURT.

This court was opened on Monday, the 11th inst. Judge Steadman presiding. The business was chiefly criminal. The Attorney General appeared for the prosecutions.

Alfred Johnson, the perpetrator of the St. Croix tragedy, was found guilty on the second count for intent to murder.

Peter Dixon was convicted of stealing money from Jeremiah Driscoll.

The following presentment was submitted by the Grand Jury:—

We, the General Inquest of the County of York, would recommend that the attention of the Mayor and Aldermen of the City of Fredericton be called to the state of the streets in the said city, and that contractors for building be not allowed to obstruct the streets, as in the case in a building now being erected at the corner of York and Brunswick streets, in said city, and, also, that the contractors for laying the water-works be not allowed to keep their trenches open (for such purposes) longer than twenty-four hours after the commencing of the opening of such trenches.

THE NEW BAPTIST CHURCH.

Coming! Coming! ONE NIGHT ONLY. WEDNESDAY, NOV. 14th.

First time in Fredericton of the GREATEST MUSICAL NOVELTY in existence, the SPANISH STUDENTS.

Now on their farewell tour of New Brunswick. Pronounced by Press and Public to be the most charming attraction of the season.

THEY WILL BE ASSISTED BY MISS ALICE CHASE NEWTON. A Dramatic Reader of Rare Attainments.

MISS MACK, of Boston, Soprano, and W. H. STEEDMAN, Tenor.

ADMISSION: 25 Cts. Reserved seats 50 Cts. at 10 o'clock. Box Seats, 1.00. Free for the poor.

Fredericton, Nov. 7th, 1882.

TO THE ELECTORS OF THE COUNTY OF SUNBURY.

GENTLEMEN:—The death of your late lamented representative in the Legislature of this Province, G. A. Sturges, Esq., has caused a vacancy in one of the seats for this County, and you will shortly be called upon to elect a member to fill that vacancy.

At the solicitation of a large and influential number of the electors, I have consented to allow myself to be placed in nomination as a candidate for said seat, and I shall give to the present Government, which believe possesses the confidence of the County, a liberal support, and shall endeavor in all things to discharge my duty faithfully, and with due regard to your interests.

I respectfully soliciting your support, I remain, Gentlemen, Your obedient Servant, ARTHUR CLASIER.

Lincoln, Sunbury Co., Nov. 5, 1882.

Per Schooner "Walter Scott" from Boston.

Fredericton, Nov. 7th, 1882.

TO THE ELECTORS OF THE COUNTY OF SUNBURY.

GENTLEMEN:—The death of your late lamented representative in the Legislature of this Province, G. A. Sturges, Esq., has caused a vacancy in one of the seats for this County, and you will shortly be called upon to elect a member to fill that vacancy.

At the solicitation of a large and influential number of the electors, I have consented to allow myself to be placed in nomination as a candidate for said seat, and I shall give to the present Government, which believe possesses the confidence of the County, a liberal support, and shall endeavor in all things to discharge my duty faithfully, and with due regard to your interests.

I respectfully soliciting your support, I remain, Gentlemen, Your obedient Servant, ARTHUR CLASIER.

Lincoln, Sunbury Co., Nov. 5, 1882.

Per Schooner "Walter Scott" from Boston.

10 BARRELS of Coal Tar. Pure and good. Just received and for sale by R. CHESTNUT & SONS.

Dissolution of Co-Partnership.

NOTICE is hereby given that the partnership heretofore existing between me, the undersigned, and William S. Neill, in the business of selling and repairing machinery, is dissolved by mutual consent.
