Toasts and Sentiments.

The following toasts and sentiments were read at the patriotic services on Dominion Day. They were received with such hearty applause and contained so many thoughtful expressions and pleasing remembrances that we have taken this means of preserving them.—ED.

The Pioneers

Gone are the days when we lived on fat bacon, Pushing beans and fried flapjacks on down by the pound When we rose from the prairie, the bed we had lain on And lazily scanned this new country we'd found.

Gone are the terrors we dreaded in slumber, Only Folsom and Jeppson now watch for the flood, This Day of Dominion is marked with a number Of Mays, Bateses and Walseys and many a bud,

That has sprouted since Cardston first started and settled, And Hammer and Miles sketched her out for a town, Since the Donovan sheep had our Anderson netted, By running right over the wheat he'd just sown.

Still the gone are those sheep, and the bunch grass they fed on, Fresh comers are growing all sorts of new things, The barley they sell comes back with a head on, The man who imbibes it gets so gay that he sings.

We've had Snow in the winter, yes again in the summer, It is known to have blown some and oftentimes rains, If the storm's from the North and too much of a hummer, A little hot rum sends the blood through the veins.

Lights now are electric, our changes are rapid, We've ceased to burn candles and thrown out the oil, When we go for our water that water's not tepid, No hungry man waits for the kettle to boil.

Our lady draws water from out of a hydrant Set in the garden right under her nose, Phones for the doctor (Tom's in a fever) Hi Brant! "Give him a dose of your new rubber hose."

We have stock in the green fields we've oats in the ground, Beets and fine taters set out in the row, We've corn and termaters coming on with a bound, But the price we trade wheat at is surely too low.

The Wool and the Lamb can still mingle together, The summer and winter are still much the same, But the ways of the young ones will change and will differ, We old 'uns will soon be as naught but in name.

Still each year that we linger, the seasons go round, And old days are dimmer, still further behind, We can glance at each other and be certain we've found, Friends at all times around us exceedingly kind.

Though some may have left us, for we cannot keep all, And though others have come in they sure can rely On a welcome to all in this jolly great hall If they come down upon us our First of July,

E. N. Barker.

The Town Council.

When we consider that where, twenty years ago to-day, the birthday of our Dominion was celebrated by a little handful of people dwelling in tents and huts, there now stands a thriving town, owning its own electric lights and waterworks, it is fitting that some recognition be given the men through whose initiative these im-

provements have come. May they always have light enough to enable them to see what is best for Cardston and its citizens, and may they never require any other pressure than that supplied at the powerhouse to keep them alive to our requirements. We are indeed fortunate in having at the head of our council a man who will always HAMMER when occasion demands it and that he has associated with him at least one councillor who will always be a BARKER for Cardston.

Wm. Laurie.

The School Board.

On this occasion it is also fitting that our School Board should have honorable mention. It may be safely said that the Cardston school has never had a more liberal, progressive body of Trustees than at the present time. Their efforts to maintain a high standard of Public School education, in a school, which is hampered by lack of room and finance, are highly commendable. As citizens it behooves us to keep in close touch with this body of men. They are the governing power of the real character forming institution of the community. They are the men who determine the environment of our children two-hundred and ten days out of each year. Therefore, realizing the far reaching effect of their influence, let us always strive to keep men of true worth as the executors of the school. Such men we are confident we have at present.

J. W. Low.

The Ladies

It has always appeared to me rather strange that it is the custom the reply to this toast should always devolve upon some amateur, as in this case the terrified bachelor before you must be called.

Why is this? Is it because that the married man, through familiarity and daily communication with the superior sex, loses somewhat his capacity to transfigure and worship her qualities? But this explanation of the selection of the bachelor as the mouth-piece of the Ladies is hardly a gallant or satisfactory, for the more we know of woman, the more we see to admire and reverence in her. Surely, since we owe her our very lives, we should at least lend in her behalf the best efforts of our tongue. For all the loving care, service and devotion, we have all of us received from one dear woman, (I refer to our mother, and not our best girl,) there should be not one of us, but who would be proud to tender to woman his best tribute in a few minutes speech particularly as such an opportunity is calculated to improve us, (in the art of public speaking.) Truly spoke the man who said, "Heres to the happiest days of my life, Spent in the arms of another man's wife. My mother."

And how well Emerson answers the Question "What is civilization?" It is the power of a good woman.

If we wish to know the political and moral condition of a state, we must ask what rank woman holds in it. Their influence embraces the whole of life. A wife, a mother Theirs is a reign of beauty, of love of reason. A man takes counsel with his wife, he obeys his mother. He obeys her long after she has ceased to live, and the ideas he has received from her become principles stronger than his purpose.

It is perhaps a blessing to the sterner sex that they may not always be taken at their true worth by women, else there would prob-

ably be a good many more bachelors in the world than there are. There is a good deal more than appears on the surface in the saying "Let man pray that none of his womankind should ever form a just estimate of him."

Now a word to the bachelors. It may appear rather odd, that I, while trying in my humble way to speak so highly of woman, should be indefinitely a bachelor. The fact that I recently acquired a cottage does not portend a change (All reports to the contrary notwithstanding.) Nor does it infer that because a bachelor is a bachelor, that he might not like to be a benedict. Still, if he has such a high opinion of woman, why does he not marry? Perhaps it is because his susceptibility keeps him in a state of single misery, and that he likes the sex in general too much to attach his affections to any particular fair maid, being dazzled by the richness of the field of choice. So you see that the bachelor is perhaps a better lover than your attached male, but his affections are too extended.

However, we shall be easy on him and let his explanation go at that.

In conclusion I can only say "Here's to the Ladies, God Bless them, They are a riddle we cannot understand, but one which we shall never give up."

Mountain View

In company with Mr. and Mrs. Ihey and the good wife, the writer had the pleasure of visiting Mountain View last Sunday. Between here and Leavitt the party almost succumbed to mosquitoes but Mr. Ihey having joined the Cash Trade was able to meet all the bills—not so with the newspaper man for lumps and bumps left indefinite traces of the blood-thirsty attacks. At Leavitt we saw some very fine fields of grain and Timothy. Coming in sight of Mountain View with the projecting chopped sides of Old Chief in the background and the wooded hillside skirting the Village one realizes very keenly

the appropriateness of the name. We were kindly and generously treated and we had a splendid chance to view the district from an agricultural standpoint. The grain here is exceptionally thick and healthy. The term "mat" would be more applicable than that of "carpet." The people—and they are the best one can find—seem contented and happy.

The Mountain View Meeting House is just up to the first floor—the cobble rock basement being finished. It will be one of the largest and certainly the most substantial in the Alberta Stake of Zion. Messrs Parrish Brothers (but we since learn that John is the whole thing now) have built an addition to their store and now have a floor space of about 1200 square feet. Mr. James Coucill also has a neat little store on the hill just as you go down to Fish Creek on the Main Road.

The future of Mountain View is rosy for they have good soil, splendid location and a contented progressive people. Mr. and Mrs. William Clark is still looking after the hotel accommodations of the travelling public and also keeping a store in connection with the same. Mr. Levi Webster is blacksmithing when he isn't rustling for farm implements, Pumps and Windmills. There is a general air of stir and activity and the good people are bound to get there. Prospective settlers should see Mountain View and her possibilities before permanently locating elsewhere. Having their "better halves" along there was no "tip overs" for Messrs Elton and Ihey this time.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists and dealers.

Editor and Proprietor.

Cardston, Alberta, Canada.
Friday, July 12, 1907.

THOMAS DUCE ELECTED.

Once again the rate-payers of Cardston have testified to their confidence in the ability and integrity of Thomas Duce, Esquire. It will be remembered, that until Mr. Duce moved out of town, he was a member of the Town Council. Yesterday, when nominations were open for the naming of a candidate to fill the vacancy occasioned by the ill health of Councillor H.M. Brown, Mr. Duce was the only nominee and consequently Returning Officer Laurie had the pleasure of declaring him elected by acclamation. The work is not new to Mr. Duce. He has been familiar with it from the inception of the Town of Cardston. He will be a faithful and helpful addition to the Council at this particular stage of the history of Cardston.

ENGLAND A GREAT AND GOOD COUNTRY.

In reading over the program for Dominion Day, one of our U. S. subscribers, Mr. C. M. Hauser of Washington, D. C.—a thorough admirer of Uncle Sam and all things that smack of the land of Dixie—contributes the following eulogy to the Mother Country and her rulers; "England is a great country. She has been a power for good in the civilizing of the world. The late Queen Victoria was the best and noblest Sovereign that ever ruled over any people and her son, King Edward the Seventh, is a kind and level-headed ruler and diplomat. America's Ted and England's Ed. are a grand pair to draw to."

We met a learned gentleman the other day and in talking of Mormonism he said, "All we know about in having all the wives they want." Notwithstanding the effort of the Mormons to disabuse the public mind of such erroneous impressions, the above expression is not an exception but a general conception of the Mormon people. Of course we have all the wives we want providing we don't want more than one. As one of the U. S. Senators said, "The difference between the Mormons and some other good people is this; the Mormons believe in polygamy but don't practice it while the other fellows don't believe in it but DO practice it." That too is pretty generally true, take it as you will.

The people of eastern Canada are being enlightened (?) by a very fine cartoon which depicts Mormonism as a huge snake crawling over the U. S. Boundary in the south western part of Alberta. Mormonism is not a snake and moreover they believe in prohibiting that stuff which is said to create snakes and other venomous animals. If the Christian Churches ever expect to convert the Mormons it will never be done by lying slander and damning misrepresentation. Tell the truth. Hew to the line and let the chips fall where they may. For goodness sake, tell the truth. That is all.

Do you Mormons know that the country is damned by your presence and that you are a menace to the morals of the whole Dominion of Canada? That is the kind of stuff some sweet scented hypocrites are feeding the people of the east. No people as people, are working more ardently and industriously for the redemption and reclamation of these vast prairie stretches than the Mormons. Some people may not like this but it is as true as the Gospel and, if facts are to speak, cannot be resisted or gainsaid. Loyalty is a tenet of their faith and industry and thrift, sobriety and chastity, cardinal principles. What more do you want? What more could you ask?

We see that the Raymond Chronicle quotes an item from the Great Falls Tribune which says that Captain Taylor of the R. N. W. M. P. was compelled to ask the authorities at Ottawa to remove him from Cardston to Regina because there were no non-Mormons in the public school here. We know the Captain a little too well to believe that he ever said anything of the kind.

Farewell Party

Mr. Charles Bert was honored by his friends in the Assembly Hall last Tuesday evening. The occasion arose from the fact that Elder Bert had been called to fill a mission to Great Britain. The party was given under the auspices of the local Sabbath School with Superintendent Edward Leavitt conducting the program. It was a marked success—socially, spiritually and financially. A short program was the first thing in order. This consisted of songs, a recitation by Miss Zina Woolf, vocal duet by Misses Wright and Archibald, instrumental selection, Mandolin and Guitar Club and Missionary Experience by Elder Hugh Brown. The latter was especially good and enjoyable. Elder Brown took the Missionary-elect from Salt Lake City to Boston and then on board the ocean greyhound. He produced him at the edge of the vessel in the usual act of "feeding the fish" and singing "Europe" with a special emphasis on the "U." Then he gave him one side of the street with a bundle of tracts and followed him from house to house. The next was the street meeting, where, he said, "your knees will beat time while your vocal organs will refuse to respond to the words or music of the first hymn."

Following the program, everybody indulged in the dance—music being furnished by the Mandolin and Guitar Club—and you know the rest. The floor was in excellent condition and the musicians and their stringed harmonizers were likewise in perfect trim. Until 12 o'clock, the large throng engaged in the merry mazes. Superintendent Leavitt then made the presentation speech and handed Elder Bert a purse containing nearly \$50.00. In responding the recipient expressed his heartfelt thanks for the presence of his many friends, for their good will, their gift and the honor that had been bestowed upon him. He also spoke of his determination to fill an honorable mission and asked the good people to remember his wife and little ones whom he considered had the hardest mission to perform.

Elder W. O. Lee delivered the address of welcome at the opening of the party. There was plenty of fine free lemonade and everybody helped themselves.

Did you ever have a storm strike your unfinished stack of hay? How much would a stack cover have been worth to you about that time? Surely you will be wise this wet season and provide yourselves with a stack cover. It will last you many seasons, if you take care of it, and save you many times the cost in wet, musty, spoiled hay. We make any kind. Our regular size is 19 x 30. Best Savannah Duck, 8 oz. \$20.00, 10 oz. \$22.00, 12 oz. \$26.00. Double seam and looped every 2 1/2 feet all around. W. O. Lee & Sons makers, Cardston, Canada.

When you see a tent with the brand of "W. O. Lee and Sons Cardston Canada" on it you may depend on these things. It is made of the best Savannah Duck and is double thickened on all corners, has rope inserted to strengthen eaves and a nine inch sod cloth around the bottom to shut out all wind, has ropes, slides and pegs all complete and is made a little better than any competitors. Send for their price list on tents and covers.

Don't you want some ice during the hot weather? We deliver daily any quantity from ten pounds up. If you have your own cream it is an inexpensive luxury to have ice cream almost daily. Our little freezers will make it in ten minutes. Book of recipes with each freezer. For sale or hire from W. O. Lee and Sons.

Local and General.

The Ladies Kensington Class held forth at Mrs. J. W. Woolf's last Tuesday afternoon.

Mr. Gus Austin is building a neat and roomy addition to his house.

The Open Air Concert at the Cardston Mercantile Company's Store last Saturday evening was a decided success in every way.

Mr. W. W. Sheffield and son Phillip left on Monday for B. C. where they have employment as carpenters.

Messrs Bert Sanders and Vernon France and Misses Susie and Birdie Hudson, left on Monday for Lethbridge to attend the Carnival.

Principal Low of the Public School here left on Monday for Edmonton where he will read examination papers for a couple of weeks.

Judge Tanner of Salt Lake City has been spending a couple of weeks here. He is preparing to put teams to work on land that he has bought on the Cochrane Ranch.

Mr. Ephraim Harker left on Monday for the Sheep Camp. He was accompanied by Mr. Heber Harker. He states that every thing is moving along nicely.

B. S. Young, editor of the Raymond Chronicle, was in town on Wednesday. Brother B. S. is looking pretty well and proverbially optimistic for Alberta and her future.

Mr. John Stocks, Deputy Minister of Public Works, was in town the early part of the week in connection with the building of the new Court House. He was accompanied by Mr. Gillespie, the Inspector of Public Buildings.

Misses Macdonald and Cox, the former the principal, and the latter a teacher in the Magrath Public School, were in town on Monday enroute to Kimball where they will spend some time in camp life.

Mr. S. L. Eversfield came nearly losing the sight of his left eye by having a pottle blow the cork out and sent the contents fully into that optic. Being an experienced man with drugs and medicines he administered the necessary relief but suffered considerable pain for some time.

Frank Rubbra, whose death took place at Red Deer, served with the First Mounted Rifles in South Africa. While there he suffered from enteric and never fully recovered. He is survived by a wife and three children, the two youngest twins, but a few weeks old.—Edmonton Saturday News.

Mayor Hammer and two daughters, Misses Amy and Alta, left on Monday for Salt Lake City. The Mayor and his daughters took in the Lethbridge Carnival enroute. It is likely that they may go to the Coast while absent and will probably spend a month or five weeks in the south Country.

There is a rumor around town to the effect that the Church has sold the Cochrane Ranch for just twice the sum they paid for it. It is true that they have been offered as much for the entire tract, but not being in the Real Estate business for speculation they politely refused the same. The land will likely be placed on the market towards the latter end of the month.

It is safe to say that never before have the Cardston Stores been quite so appropriately decorated for Dominion Day. The work at the Cardston Mercantile Company was especially fine and displayed both means, labor and art. The other stores were well and handsomely decorated but none showed the thorough and completeness of the Cardston Mercantile Company and the extra expense and additions that had been made for the occasion.

Mr. E. N. Barker seems to be about the busiest man of the bunch these days. He came in on Saturday and left again on Sunday for Calgary. It will pay him to get a sign for his office door, which reads something like this, "Gone again. Will be back in a few days." He says that he came pretty nearly cashing in his checks at Raymond last Friday but the fact that he had no baggage vetoed his efforts. Since that he is rather shy of the A. R. and I. and consequently secured a gentle team and went to Calgary via Macleod. We are sure the A. R. and I. meant no harm but just wished to exemplify the saying, "Don't monkey with the buzz saw."

Mrs. Talbot of Kimball left on Wednesday for Salt Lake City.

President H. S. Allen of the Taylor Stake was a passenger on Wednesday's incoming train.

The Misses Ida and Susie Stacey of Magrath are spending a week in town the guests of Mrs. D. H. Elton.

Mr. Milton Woolf and his sister Zina, Miss Vera Reeder and Miss Rhoda Stoddard are contemplating a trip to Vancouver.

President Wood is an exceedingly busy man these days and keeps the trail between the Cochrane and Cardston pretty warm.

Books of Lien Notes have been prepared for the Horse Breeders of the district. Get one from E. Barker. Price 50c.

If the person taking step ladder from H. Birkett Brothers, will kindly return same we shall be much obliged.—H. G. Birkett.

Have you any hay to cut within a radius of three miles of Cardston that you want put up on shares? If you have see W. O. Lee & Sons.

Messrs Devoe Woolf and Lawrence Brown left on Monday for a trip north as far as Calgary and Banff. They will be absent for three or four weeks.

Mr. and Mrs. Steele, nee Miss Leonia Hansen, of Aetna gave a dance in honor of their wedding at the last named place on Tuesday evening last.

Messrs Earnest and Fred Burton left on Wednesday for Winnipeg where they will attend the fair, taking in the Lethbridge Carnival enroute.

Contractor Dore who has been putting in the basement of the new meeting house at Mountain View passed through town on Wednesday for Macleod.

Just as we were going to press we received a letter from Mr. Low containing a list of the promotions which will be published next week.

Among the Cardstonians who will "do Winnipeg" during the Fair are the Misses Artemesia and Agnes May and Mr. W. H. Steed.

When you can have 10 cents worth of ice delivered each day or every other day, surely you can afford this luxury. Order from W. O. Lee & Sons.

Owing to the increased demand for Home-made Boots and Shoes F. W. Atkins, our old time shoemaker, has secured the services of Mr. A. G. Scottee who has recently arrived from England.

Mr. and Mrs. J. T. Scott and that fine baby-boy Scott, left on Monday for Raymond where Mr. Scott will spend some time in connection with his branch studio at that point.

There was a dance at Spring Coulee last Tuesday evening and Messrs W. H. Brown and J. C. Cahoon and wives were numbered among those present. There were also a number of young people from Magrath in attendance.

Messrs James Layton, William Duce, and Mr. Mason of the H. S. Allen and Co. drove over to Macleod on Wednesday. Mr. Ross is returning to Edmonton and the others are on their way to Calgary where they will participate in the Fair.

We have bought the Frank Suov property cornering on Tabernacla square. We have nine out of fifteen building lots left. If you want a residence site close in for little money, on easy terms, now is the time to get it from W. O. Lee and Co.

Account Winnipeg Exhibition, July 13th. to 20th., the Canadian Pacific Railway Company announce a special rate of \$16.60 from Lethbridge for the round trip. Tickets on sale July 12th. to 19th., inclusive, good to return until July 25th.

Bowel Complaint in Children

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by all druggists and dealers.

ATTENTION! FARMERS!

If you contemplate buying a threshing machine don't fail to get the best. See W. L. Thompson, Agent for the Gaar-Scott Thresher Co. tfa.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will cure diarrhoea, dysentery pains in the stomach and bowels and has never been known to fail. For sale by all druggists and dealers.

NOTICE is hereby given that by Order in Council dated 10th June, 1907, that portion of the Provinces of Alberta and Saskatchewan bounded by the International Boundary, the Rocky Mountains and a line drawn from the Rocky Mountains along the Northern boundary of the Stony Indian Reserve to the line between ranges 5 and 6 west of the 5th meridian, thence north along that line to the line between townships 28 and 29, thence east along that line to the line of the Calgary and Edmonton Railway, thence north along the Calgary and Edmonton Railway to the line between townships 30 and 31, thence east along that line to the line between ranges 26 and 27 west of the 4th principal meridian, thence north along that line to the line between townships 34 and 35, thence east along that line to the Red Deer River, thence north along the Red Deer River to the line between townships 38 and 39, thence east along that line to the 4th principal meridian, thence south along the 4th principal meridian to the Red Deer River, thence along the Red Deer and Saskatchewan Rivers to the line between ranges 7 and 8 west of the 3rd meridian, thence south along that line to the line between townships 10 and 11, thence east along that line to the line between ranges 20 and 21 west of the 2nd meridian, thence south to the International Boundary line, is declared to be infected with Mange.

It is further provided, that all cattle within the said area are to be treated for the said disease between June 1st and August 15th, 1907, subject to certain limitations and provisions which, together with all other details, are set forth on posters issued by this Department and circulated throughout the above mentioned area.

Copies of the poster in question will be furnished on application to the nearest detachment of the Royal North West Mounted Police, or to the undersigned, J. G. RUTHERFORD, Veterinary Director General, Department of Agriculture, Ottawa. 3 J 5.

Don't you want a nice little 10 acre farm on the edge of Cardston in the home seekers addition all in crop; garden and fall wheat, two roomed rustic cottage, good chicken coop, root house, good well all for \$900.00. W. O. Lee and Co. Real Estate Agents.

We handle Deering Binders and carry a full line of repairs. We also have a carload of twine enroute. All to be sold on time. Farmers please send in your orders and get fitted out before harvest. W. L. Thompson, Spring Coulee

CALGARY FAIR

The Calgary Fair to be held July 9th to 12th, will no doubt, be the largest exhibition ever held in the west. \$18,000 is being expended in new buildings which will be in first class shape by the opening day. The prize list is a liberal one, and the racing programme will no doubt attract large numbers from all portions of the province. Entries for the latter close June 29th, other entries on the 5th of July.

The Wolsley Silver Band will be in attendance, in addition to Professor Markle's trained animals. Mr. Squires, the juggler, and it is expected a balloon ascension will be made each afternoon.

League baseball games will be played at night, and special attractions will also be seen.

Saved His Comrade's Life

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition, says Mr. J. E. Houghland, of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south west. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists and dealers.

Application for Lease of Road Allowance or Surveyed Highway

Notice is hereby given that D. E. Harris Jr. of Cardston has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz. west of the north west quarter of section 27, township 2, range 24 W. 4 M. Any protest against the above mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from the date of this notice.

Dated at Cardston, July 5th 1907.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowels trouble. For sale by all druggists and dealers.

COMMISSIONER, Etc.

Professor Campbell's Address

The following is the gist of Professor Campbell's address which was crowded out of last week's issue:

In his opening remarks Mr. Campbell said he wished to correct an error that his topic, "Dry Farming" might suggest. He could not grow crops without water but his plan was to cultivate to save the moisture and to use it at the needed time to grow plants. Scientific Soil Culture was a better term to describe his system.

They had all noticed the effect of horse tracks or wheel tracks across their fields. The grain grew better had broader leaf and better color. The packing of the soil increased capillarity, regulated the amount of air in the soil and led to increase root development, giving such vigor to the plants as led to enormous yields. These facts long ago set him to thinking about a machine to pack the soil. His first effort was a machine with wheels with 1 inch face, five inches apart. But this failed. Like the roller it only packed the surface and did not go deep enough. Finally the sub-soil packer with its revolving inch square faces, that with its wedge like action penetrates the soil, pressing it together to the bottom of the plowing was thought of.

There is a wide difference between summer fallowing and summer tilling. As usually followed, the first means allowing the weeds to grow up, then plowing them down leaving the surface rough till time permits the harrowing. Summer tilling on the other hand means double discing, always overlapping to make the disc cut both ways, early in the spring, then plowing just before the summer rains, firming down soil with packer right after plowing. A man with one team should hitch on packer just before noon and night and pack what he had plowed. Then cultivate frequently with a harrow with knife teeth. The common harrow does not cut deep enough.

This kind of tilling saves all the water, prevents evaporation and keeps the ground fine and loose on top. Land should never be plowed unless it is moist enough to break up fine.

Showing the power of weeds to rob soil of the moisture he told a story of a renter who double disked right after harvest, then began to plow around the field, but when only a narrow strip was done he was called away and did not complete it for five weeks. Next year the strip that was plowed early gave an estimated yield of 50 bus while the centre gave only 20. The reason was weeds had grown up in the centre and robbed the soil of its moisture, while this had been saved on the outside strip.

Farming was becoming a science. That is the reason for its present popularity. Men in every walk in life were looking forward to the time when they could retire to the farm. Scientific farming would bring all the comforts and conveniences of the city home to the farm.

Good Crops

This will be the record year in Southern Alberta, is the message which everyone brings about the crops. It is claimed that:

The acreage of wheat is larger. The crops are better. The prices are higher.

Never before in the history of the province have conditions been quite so satisfactory as at the present.

Never before have farmers been speaking with so much faith and hope.

For winter wheat conditions have been ideal. The late spring did not effect the acreage. The winter was ideal and the spring after it came the very best that could be.

Two Ways of Looking at It

ONE WAY

Is to make harness as cheaply as possible by using inferior leather loaded with Glucose, Sugar and Barytes.

THE OTHER WAY

Is to make Harness as good as possible at a fair price consistent with superior quality and workmanship, using only the best leather. This is

OUR WAY

And is the reason of a great increase in our harness trade during the last few years. If you want satisfaction buy a set of Coombs Harness. We have them at all prices as well as a large line of Saddlery Goods.

SYNOPSIS OF CANADIAN NORTH-WEST

HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 29, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the Local Agent or Sub-Agent.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.
2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.
3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY
Deputy Minister, the Interior
