OPERA HOUSE

Harold Lloyd in "Grandma's Boy" was to have been shown in the Opera House on Wednesday and Thursday of this week, but Mr. Richards received a telegram yesterday stating that the fourth reel of the picture had been destroyed by fire and New York had been wired for a new reel, which will positively be shown in the Opera House on Monday, 21st inst. The matinee will be held as usual in the afternoon and "Grandma's Boy" will be accompanied by a seven reel special entitled "The Iron Trail" by Rex Beach.

C. N. R. PAY DAYS CHANGED
A change has been made in the date of pay days in the Canadian National Railways. In future the semi-monthly pay dates will be the 15th and 30th, of each month.

Mr. Wm. Corbett Sr. was called to Moncton on Wednesday on account of the death of his brother, the late Lewis Corbett.

MIRAMICHI HOSPITAL NURSES' HOME NOW ONLY A MATTER OF FUNDS

A Central Committee of twenty five members appointed last evening to arrange details of ways and means for funds. Meeting well attended and much enthusiasm shown

A public meeting, with Mayor D. S. Creaghan in the chair was held last evening in the Town Hall, to consider ways and means of raising an amount of money for the purpose of erecting a Nurses' Home in connection with the Miramichi Hospital.

The meeting was well attended by representative ladies and gentlemen and was called to order by Mayor Creaghan at 8.15 o'clock, who in a few remarks, gave the reasons for calling the meeting. Mr. R. C. Clarke was appointed Secretary of the meeting.

Mr. G. Percy Burchill, Chairman of the Miramichi Hospital Board of Trustees, was then asked by Mayor Creaghan to explain to the meeting the wishes and intentions of the Hospital Board.

Mr. Burchill stated that the matter of building a Nurses' Home for the Miramichi Hospital had engaged the attention of the Board of Trustees for the past few years, but on account of the general financial depression which existed the Board refrained from doing anything definite, but they now felt that the time was opportune to take the matter up, with a view of making a drive for funds and to hasten the erection of a Nurses' Home at once. Mr. Burchill gave a brief outline of the Hospital's present financial condition, which he stated was not in too buoyant a condition. The hospital received about \$5000.00 a year in grants, but notwithstanding, the loss in operating expenses during the past year would be in the neighborhood of some \$1500.00. A great many people were under the impression that the hospital was bountifully endowed, but such was not the case, and the institution was in need of funds, and considering that the community had been given the hospital without it costing it a dollar, it was incumbent on the part of everyone to take a deep interest in its welfare and do all they possibly could to assist it financially. At the time of the erection of the hospital it was thought that the third floor could be utilized by the nurses, but it had since become necessary to use this floor as a maternity ward, which forced the nurses into temporary quarters, which are altogether unsuitable and inadequate. The Board felt that the time had arrived when the public should be asked to assist in raising funds for the erection of a suitable Nurses' Home, and he suggested to the meeting that a Central Committee of some twenty or twenty-five ladies and gentlemen be appointed to arrange the details for the carrying out of a drive for \$35,000 as their objective, the money to be used for the erection of a Nurses' Home.

Some two years ago plans and estimates for a separate building had been prepared, the estimates then amounting to \$43,000 for a stone building and \$34,000 for a wooden building. If the home was erected the quarters now used by the Nurses would be utilized as a Children's Ward.

Dr. Mackenzie stated that Eastern Canada had a larger percentage of hospital meeting the necessary standardization requirements than any other district in Canada, or the U.S.A., but it was an absolute necessity that the Miramichi Hospital be equipped with a Nurses Home. The present quarters of the nurses was unfit and not in keeping with the magnificent institution which had been donated to the community without costing the county one dollar. He spoke in eloquent terms of the faithful work of the Board of Management and the efficiency of the Matron and Nursing Staff, but he said that he had something on his chest, which he wished to get off, and that was, that he hoped in future that people would refrain from finding fault after they left the institution about minor matters, which really did not exist, such as the complaining about food etc. He stated that it cost over \$3.00 per day to treat a patient while in the public ward and only \$1.50 was charged, and in the case of private rooms the highest amount paid per day was \$3.50, for which the cost to the institution was \$3.00. Last year 45 patients, totalling 870 days of treatment were given absolutely free of charge, and he thought that after due consideration on the part of the public, the causes for complaint were most unjustifiable. He was strongly in favor of the building of a Nurses' Home, which would mean 16 extra beds for the treatment of cases.

Mr. W.A. Park spoke in glowing terms of the magnificent work done by the Miramichi Hospital and its Auxilliary. The money secured and work done by the ladies would easily amount to \$2000.00 per year, and stated that the ladies had worked nobly and faithfully and were entitled to many thanks for their wonderful work. He now thought that it was up to the men to do their share, and especially the monied men of the county. He felt that it would be a great mistake to erect a cheap building than the one already built and given to us free of charge by the late Mr. Hutchison. He did not think that the meeting should confine itself to the raising of \$35,000, but to secure as much money as they possibly could, because, as a matter of fact, the present institution was built to help the poor and the monied men of the county should put their shoulders to the wheel and see that whatever amount was necessary to provide the proper quarters for the nurses' home was subscribed.

Dr. J.A.M. Bell thought that it had already been decided upon by the Board of Trustees to build a Nurses' Home, and felt that the better plan would be to get right down to business to arrange ways and means of securing the necessary funds. He therefore moved which was duly seconded by Mr. H. Williston that a central committee of 12 ladies and 12 gentlemen be appointed by the meeting and that nominations be now in order. Carried. It was moved by Mr. G.P. Burchill, seconded by Dr. J.A.M. Bell that a nominating committee of three be appointed to name the members of the Central Committee. Carried. Moved by Mr. W.A. Park, seconded by Mr. Jas. Stables, that Messrs. G.P. Burchill, Dr. J.A.M. Bell and E.H. Sinclair be the members of the nominating committee. Carried. (Continued on page 8)

BASE BALL LEAGUE FORMED FOR 1923

A meeting to re-organize the Miramichi Baseball League held in the Town Hall, Monday evening was well attended. Representatives were present from Chatham, Loggieville, Douglstown, Nelson and Newcastle and the following officers were elected.

President—J. R. Lawlor.
Secretary—Hugh Holt.

Executive Committee composed of the President and the Captains of each team.

The following bye-laws were drawn up.

The League to be called the Miramichi Baseball League.

The League to be composed of: Chatham, Loggieville, Douglstown, Nelson and Newcastle.

A game, to be a game, shall be five innings, at least.

A game to be played as long as possible, or until called off by the Umpire on account of darkness.

Each Club to have as many members as they wish but the names of all players must be handed to the Secretary of the League before the opening game.

Any player using profane language or acting the rowdy may be taken from the game by the Umpire and if the Umpire considers the offense serious enough may refer the matter to the President who has the power to expel the player from the League.

Opening games are to be held on May 24th as follows:

Newcastle at Loggieville.
Nelson at Chatham.

The schedule of games has not yet been completed.

HOSPITAL DAY CELEBRATED HERE

The Miramichi Hospital celebrated National Hospital Day on Saturday. Crowds of visitors from many points of the County thronged the hospital. The days program was most interesting and it is certain that much greater interest will be taken in hospital work here in the future. The staff of the hospital was assisted in entertaining by the members of the Ladies Hospital Aid, who served luncheon to the visitors.

The day was observed by 60,000 hospitals in Canada and the United States, housing, it is estimated, 600,000 patients.

The Miramichi Hospital had about 200 visitors and all declared themselves delighted with the good work being done by the Matron, Miss Keyes and her capable staff of assistants. The wards were very attractively decorated with flowers and presented a splendid appearance. An enjoyable program of music was also given, much to the delight and pleasure to the patients, staff and visitors.

BASE BALL, MAY 24TH

The Miramichi Base Ball League games will be opened on May 24th. In Newcastle, the locals will meet the Loggieville nine and Nelson will play Chatham in the latter town.

Mr. L. D. Murray, Manager of the Bank of Nova Scotia left on Thursday for a three week's business trip to Charlottetown, P.E.I. In Mr. Murray's absence, H. P. Zinck, the Accountant is in charge. Miss Audrey Edmonds left last Monday for Boston where she will reside in future.

KRUPP DIRECTORS GO TO PRISON

Werden, May 8—Dr. Krupp Von Bohlen, head of the Krupp Works, was sentenced to fifteen years in jail and to pay a fine of one hundred million marks today as a result of the trial by court martial here growing out of the shooting at the Krupp plant on March 31.

Directors Hartwig and Oesterlen also were sentenced to fifteen years imprisonment each, director Bruhn to ten years and Baur and Schaeffer to twenty years each. All were also sentenced to pay fines of one hundred million marks each.

Defendants were charged with inciting the workers at the plant to resist the French troops when they came to requisition automobiles. Especial stress was laid by the French prosecution on the blowing of the sirens at the plant, which, it was contended, encouraged the men to resist. It was held that the directors were responsible for the continued sounding of the sirens even if they had not directly ordered that they be blown.

ALL BIRTHS MUST BE REGISTERED

An important phase of Board of Health work is the registration of births which has been carried on since the Health Act came into force in 1920. Prior to this, registration of births was compulsory but not enough importance was laid upon it, and consequently many parents did not bother with it.

The consequences of this are seen now when requests for birth certificates come into the office of the Board of Health from people who have removed from town. Often these certificates are necessary to qualify for some position. And if the certificates are not forthcoming the persons requiring them are greatly inconvenienced.

Parents and others interested should realize the importance of registering each birth and cooperate with the Board of Health in every way possible.

HERRING STRIKE IN

Herring have struck in at several Northumberland strait ports, but ice is hampering fishermen.

TO GET CHECK

The Fredericton Exhibition Limited will receive the Federal grant for the Fredericton Exhibition of 1919 after a long wait and much negotiation. The definite word that such would be the case has been received from Hon. A. B. Copp, Secretary of State, by Col. W. J. Osborne of Fredericton who interested himself in the matter. The information forwarded to Col. Osborne is that a check for the amount due as a grant for that year would be forwarded shortly.

SAYS IT'S WORTH WEIGHT IN GOLD

Mrs. Matthews Pays High Tribute To Tanlac For Ending Stomach Trouble

"I am so thankful for the wonderful benefits I have received from the Tanlac treatment I just want to tell everybody in Toronto about it," declared Mrs. Ellen Matthews, 104 Eastern Ave., Toronto, Ontario.

"I suffered so terribly with stomach trouble and run-down condition that I feared nervous collapse. My appetite almost deserted me and even the little I did manage to eat disagreed with me, and I bloated with gas till my heart palpitated and I was dreadfully short of breath. I couldn't get one good night's sleep and was so worn out I couldn't even do my errands to the store."

"I heard so much praise of Tanlac I finally bought a bottle, and it was worth its weight in gold. Six bottles have made me perfectly well without a sign of the old troubles I had suffered for seven years, and my weight has been increased, too. I consider it a duty to recommend Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

NEW REGULATIONS GOVERNING HOTELS

Recent changes in the Health Act provided for the licensing of all hotels by May 1st. These licenses are issued yearly by the Sub-District Board of Health in the country where the hotel is situated after an inspection by Board. The license fee is \$1 but certain regulations must be complied with before this license can be issued.

These regulations provide for the registering of guests, the numbering of guest rooms, the cleanliness of rooms and furnishings and the providing of keys for each room. Great stress is laid upon proper ventilation for guest rooms.

In the dining room, there must be cleanliness and proper ventilation. The proper methods of preparing and serving food are also dealt with. The regulations are very strict as regards plumbing and drainage.

After 10 o'clock at night there must be no unnecessary noise, brawling, wrangling and profane language are prohibited.

If the regulations are not adhered to the Board has authority to cancel the license at any time.

LOBSTER SEASON LATE

Heavy ice floes along the coast have delayed the lobster fishing season in the strait of Northumberland. Many of the firms which planned a heavy season's work, have been put to much additional expense owing to their having moved their fleets to the ground where they have been held up. The price of lobsters has declined to 12 cents a pound.

COGITATIONS OF A

DISGUSTED LIBERAL

Editor Times: The Liberal politician of the Twentieth Century, has been my shepherd. He has taken me by the hand and led me into the saloon. He has filled my pockets with good (or bad) cigars and my cup to overflowing with home brew. He has inquired after the welfare of my family and prosperity, even unto the fourth and fifth generation. I have walked to the polls through the mud and the rains and when he was elected I have shouted until I was hoarse. Yea on the morrow I return unto his house but he knew me not. Surely, surely, I have been a fool all the days of my life.

THE WEEKLY PAPER

An ex-Governor has the following to say about the value of a weekly paper in the community:

"Each year the local paper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his own town than any other ten men, and in all fairness he ought to be supported—not because you like him or admire his writings, but because the local paper is the best investment a community can make. It may not be brilliantly edited or crowded with thought, but financially it is of more benefit to the community than the preacher or the teacher. Understand me, I do not mean mentally, and yet on moral questions you will find most of the papers on the right side. To-day the editors of the local papers do the most for the least money of any people on earth."

Ontario General Election to be Held on Monday, June 25th

Toronto, May 9—Speculation concerning the date of the approaching provincial general election was set at rest today when the Drury Government definitely selected Monday June 25 next. The date was agreed on by the Cabinet members, after which it was incorporated in the formal order in council asking the Lieut. Governor for the dissolution of the present chamber. With the granting of the request by His Honor, a mere formality, the fifteenth parliament will have passed into history.

IRISH EMIGRATION INCREASES

Belfast—Emigration from Northern Ireland to the United States has been on the increase. During the three months ended March 31, 1,612 emigrants bound for America had their passports vised at the Belfast consulate. Similar vises during the corresponding period last year totalled 552. The majority of the emigrants are from the countries bordering the six county area. Consulate officials described them as a higher type than had in the past been the case with Irish immigrants.

New Canadians Start For Canada

A Busy Scene at the Liverpool Dock.

THE facilities for handling outward bound passengers at the Canadian Pacific dock at Liverpool, England, are as perfect and speedy as any in the world. As will be seen from the picture above of future Canadian citizens boarding the "Montcalm", the travellers pass from the street and railway station levels to waiting rooms on the dock side, and crossing the bridged wharf, board the ship by the saloon deck where they are received and assigned to quarters. Their baggage is handled from below and with despatch. A travelling belt carrier operated by an electric dynamo eliminates the necessity of many noisy and slow moving winch hoists which, when used and not too carefully operated, are the cause of many trunks and boxes being damaged, so that the baggage is carefully loaded and distributed almost as quickly as the passengers are received. It is usually planned to have all the passengers aboard at least half an hour before sailing time, and the gangway is down for their reception about three hours before that time unless special trains are scheduled to arrive earlier. As for other dock-side facilities, the Montcalm commenced to take on coal and discharge cargo, mostly package freight, at six o'clock of the morning of a recent arrival. By 1.45 in the afternoon she had taken 1,000 tons of coal into her side bunkers, and at the same time she was unloading 1,700 tons of freight, this being discharged by 7.15 the same evening.

„Solid Maritime Province Party,,

Efforts are being made to have a full gathering of Maritime Province members called to go into the question of a solid Maritime Province party. At a gathering of New Brunswick members, W. E. McMonagle, barrister, Moncton, urged that the time had arrived for a solid representation for the Maritime Provinces regardless of political associations and affiliations and that all members should unite in pressing the claims of the Maritime Provinces.

DON'T CUT BUT PICK MAYFLOWERS

As the Mayflower season is now here we might do worse than adopt the present slogan of Nova Scotia: "Don't pick wild flowers; cut 'em." There is now an organization which is trying to educate people in three ideas: not to pick flowers at all, but to cut off the blossoms wanted with a knife or scissors; always to leave part of the blossoms so that they may form and leave the seed that will produce next year's crop; to remember that there are certain flowers which will not stand carrying away at all. The Mayflower has long trailing strands which run just under the surface of the ground, feeding on the moisture underneath. If the blossoms only are picked the same growth will produce abundantly through the spring. Pulled up away from its source of nourishment, the plant's day is done, and there is so much less left in existence.

UP TO THE MEN

It is up to the men folks to show a little of that industry around their yards and lawns that their spouses are displaying in the house. Cleanliness should always be practiced for its own sake, of course, but there are many additional reasons why the clean up should be commenced right away. If everybody gets busy now putting last winter's ashes out of sight, gathering up dead leaves and branches, repairing fences and otherwise tidying up, visitors are going to carry away a much better opinion of the town than they otherwise would.

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine
Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good. Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter: "For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well."
50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

Hay Mixtures For New Brunswick

Generally speaking, the standard hay mixture in New Brunswick includes timothy and one of the clovers. Very often, however, the application is too light for best results. For instance, a total of eight or ten pounds is applied and often this mixture is not balanced.

In a very comprehensive series of experiments conducted at the Fredericton Experimental Station, in which a great number of different combinations were tried out, it was found that a mixture composed of alsike, two pounds, red clover, eight pounds, and timothy, eight pounds, produced the highest yield of hay; the second highest yield was secured from a mixture composed of alsike, six pounds, and timothy, eight pounds; the third highest yield was secured from a mixture composed of meadow fescue, ten pounds, alsike, two pounds, red clover, eight pounds, and timothy, six pounds. The results of the above experiments are suggestive, but cannot be considered as conclusive because they have been carried on for only one year.

On the Dominion Illustration stations throughout the province, an average of twenty pounds of seed per acre is sown. The mixture comprises timothy, red clover and alsike. Ten pounds of timothy is always sown, and either ten pounds of red clover or five pounds of red and five pounds of alsike. Alsike is always sown where the land is inclined to be wet. It also has the reputation of being better able to withstand an acid condition of the soil.

It is a safe policy to use from eight to ten pounds of timothy and a total of ten pounds of the two clovers, the proportions depending, as noted above, more or less on the nature of the soil being seeded.

In the case of failure to secure a catch of seed, due to weather or some other factor, it is possible to seed a field in the spring with oats, peas and vetches and harvest if for hay. If the land is in good heart, a satisfactory tonnage of good feed will be secured, although in wet seasons there might be some difficulty experienced in curing it.

Northumberland Boy Is Found

An eight-year-old boy from Blissville, Northumberland county, who was visiting friends on Waterloo St. strayed away yesterday morning, and when he did not return the disappearance was reported to police headquarters. Last night at ten o'clock the youngster was located, and he was being cared for by a family on Barker street, in the North end. The lad was conveyed to his proper place of residence by the police. He had left home to walk about the city, and wandering to the North End became lost. Undoubtedly after he has been in St. John he will be quite able to roam about without a pilot—Standard

German Officer Sentenced To Death

Dusseldorf, May 9—Albert Schloetter, one of the chiefs of the so-called "murder gang" which has been carrying on a campaign of terror against French occupation in the Ruhr, was convicted tonight by a court martial and sentenced to death. He was charged with espionage and sabotage.

One of Schloetter's aides, named Hans Sadowsky, was sentenced to imprisonment for life at hard labor. Five other Germans of the "murder gang" were given jail sentences carrying from five to twenty years.

Schloetter, who is a former Prussian officer, admitted having committed sabotage. He contended, however, he had never damaged passenger trains, but had merely blown up railroad tracks and bridges. One of the defendants, Kulham, formerly worked for the Krupps at Essen and the prosecution contended that the men of the gang on trial had been paid for their work by a Krupp official who fled before he could be arrested. It was charged that one of the objects of the gang was to kill Germans who worked for the French.

The court also claimed that the men received orders regularly from a spy organization to gather information concerning troop movements and the French intelligence service. The sentence of death against Schloetter is the first of its kind imposed by the French courts since the French troops entered the Ruhr.

Awarded Verdict For Sum Of \$5,500

Montreal, May 9—A jury under Chief Justice Martin here, yesterday, returned a verdict in favor of Mrs. D. R. Noiseaux in her action against the Canadian National Railways for the sum of \$5,500. Plaintiff sued for \$30,000 on a claim that she and her minor son had suffered damages to 'at extent through the death of her husband in a wreck on the Canadian Northern Quebec Railway in April, 1922. He was employed as a freight car conductor.

The verdict was as once accepted and judgement given from the bench

A TREATISE on the HORSE—FREE!

This book is one of the best ever written for the horseman and the farmer. It deals with every detail of the horse's life: his habits, his care, his training, his breeding and his feeding. The book is worth many dollars to the horse owner. It is a complete treatise on the horse, and it is absolutely free. Here is one opinion: "South Bay, N.S., Jan. 19, 1922. 'Please send me by mail your GREAT book on the horse. I have been using your 'Equine's Speech' treatise for years and think it is a great contribution to the horse world.' FULLY COPIED."

Light-Six Sedan—\$2225

Built for hard service

The Studebaker Light-Six Sedan is built for years of hard service—service over country roads, up-country trails, city streets or anywhere you wish to drive! It is comfortable, economical of fuel, sturdy and long-lived. Freedom from repairs is proved by Studebaker's sales of repair parts, which in 1922 averaged only \$13 per car in operation.

Vibration, which is so destructive, particularly to closed cars, is practically eliminated in the Light-Six Sedan by the machining of the crankshaft and connecting rods on all surfaces—a feature of construction not to be found in any other car in Canada selling for less than \$3500.

Beautiful in design, mechanically right, luxurious and adequately equipped—that briefly describes the Studebaker Light-Six Sedan.

CLEAN UP THE LIST

To postpone the inevitable is disastrous. No good can come to the town, if our Town Fathers continue putting off the collection of the Default Taxes. It is imperative that some definite action be taken in the matter. All motives, other than those for the welfare of the town, should be laid aside and a concerted effort made to clean up the list. Action is needed and the surest way of showing level headed loyalty to ourselves, individually and to the town as a whole, is to forget all selfish motives etc., and get right down to brass tacks.

Slash Burning Time Extended To May 15th

As a result of the wet weather of the past week, following the backward spring conditions, the Department of Lands and Mines has decided to extend the time limit for slash burning from May 10 to May 15.

This action by the Department is similar to the extension which was granted last year and will permit those who have not yet succeeded in disposing of their slash a further opportunity to do so before slash burning, except in exceptional circumstances, is forbidden. Operators and loggers will also benefit from this extension in clearing up brush from the past season's operations occurring within three hundred feet of railway lines and in the vicinity of mills and camps.

The new regulation which provides for registration certificates is receiving the endorsement and hearty support of all directly connected with the forest industries. Many letters of approval have been received by the department since the first announcement of the operation of this scheme was made.

"I received a book of certificates and wish to congratulate the Department in such commendable advanced legislation," wrote a citizen who has had some twenty years of fire fighting experience. "The concise statement of regulations on the back of each certificate should do much to eliminate carelessness with camp fires, cigars and cigarettes."

From a County Councillor—
"The matter of registration certificates, I believe, is a long step

in the right direction, and one I was hardly expecting to see this year, as a great many people look on wilderness lands as their own. However, I am very glad to know that it is in force, and feel that ultimately it cannot help but be of great value in saving our forests."

A no-forest-fire record for the month of April has been established, but fishermen are already preparing for their initial fishing trips this season.

JUDGMENT IN FAVOR OF BATHURST LUMBER COMPANY

Judgment in favor of the plaintiff was given by his Honor Judge Grimmer, in the matter of the Bathurst Lumber Company, Ltd. vs the Workmen's Compensation Board. The decree of the court is quite far reaching and will arouse much interest throughout the province in respect to the operations of the board.

The case was argued several weeks ago, the chief issue being as to whether the plaintiff company came within part one of the act, constituting the board, or part two, a decision concerning which would decide whether the company would be required to pay its assessment for 1922, a matter of \$31,625.

The court found that the company was not within part one of the act and that assessment of \$31,625 levied against the company by the defendant for 1922 was improperly made and there fore illegal and void. It, found, further, that the plaintiff company was not subject to or liable to any assessment for 1922.

An order was made that the injunction already granted be made perpetual in respect of the assessment and also that the defendant be restrained from filing such certificate and signing judgment. Costs were allowed to the plaintiff.

New Paper Mill Well Advanced

The construction of the Bathurst Company's new paper mill is now rapidly reaching its final stages. Practically all the construction of the building is complete and the in-

stallation of machinery is already commenced. The immense paper room is all done except a small section of the concrete floor which will be completed by the end of the week, while the ground wood building and the great store room are entirely complete. The ground wood building has already installed two of its complement of four grinders, while the assembling of the large electric generators and the switch board is pretty well advanced. A large part of the machinery for the machine room has arrived and the installation of the immense paper machines will be started immediately. All these buildings are of concrete block construction and their appearance is very handsome.

PAIN AFTER EATING

Proof That the Stomach is Weak and Needs Toning Up

Generally speaking, a person in good health can digest most foods. If not, and there is pain after eating, the stomach has lost tone and is too weak to do its work. In that case your stomach needs strengthening and the way to do this is to build up your blood with Dr. Williams' Pink Pills.

There cannot be good digestion without a sufficient supply of good red blood, and there is nothing better than Dr. Williams' Pink Pills to renew and enrich the blood. That is why they have proved so successful in thousands of cases of indigestion. Mr. D. J. Shaw, Selkirk Road, P.E.I., has proved the value of Dr. Williams' Pink Pills in a severe case of indigestion and relates his experience for the benefit of other sufferers. He says:—"I suffered from indigestion for a number of years. My case was so bad that words fail to describe it. My appetite was gone, constipation was present, and my nerves were all on edge. I could not sleep well at night, and the world was a dark spot to me. I tried a number of remedies, but without any benefit. Then Dr. Williams' Pink Pills were recommended, but without much faith, after so many failures, I decided to try them. After taking three boxes I noticed a change for the better. Then I got three boxes more, and found I had a genuine remedy. I continued the treatment, took moderate exercise, could take plain food without suffering as formerly, and proved that these pills make good blood, and that this good blood will restore the stomach and nerves. Anyone suffering from stomach or nerve troubles will make no mistake in giving Dr. Williams' Pink Pills a fair trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Would Not Be Without Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby, being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. Ernest Gagne, Beausjour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Wallace Reid A Ghost Breaker In Fine Picture

Popular Star Supported by Lila Lee and Walter Hiers in New Film

We have had strike breakers, trust busters, broncho busters and brute breakers; but now we have "The Ghost Breakers," a new form of hero which Wallace Reid is making popular in his new Paramount starring vehicle of the same name, which Manager Richards announces as his feature attraction at the Opera House Theatre next Wednesday and Thursday with Lila Lee, leading woman, and Walter Hiers featured with the star.

The picture, as the title implies, is a ghost story. It is not a "knock 'em down and drag 'em out" melodrama, but high class entertainment with adventure, mystery, intrigue, suspense, romance and creepy scenes with weird lighting effects in an old Spanish castle—all the elements that go to make up good melodrama and cause the spectators to sit and watch breathlessly each new development.

OBITUARY

LEWIS CORBETT

The death occurred Tuesday afternoon at the home of his daughter, Mrs. Bliss Johnson, 97 John Street, Moncton, N. B., of Mr. Lewis Corbett, at the age of 77 years and 11 months.

The deceased gentleman was born in Scotland and came to this country fifty years ago. The late Mr. Corbett leaves to mourn their loss, two sons and four daughters. The sons are James H. Corbett, of Petit Rocher, N. B., and H. Kenneth, of Winchendon, Mass.; Mrs. B. Johnson, of Moncton with whom he resided, and the Misses Irene and Enid, of New York, are the surviving daughters. There are also surviving two brothers, James Corbett, of Elgin, Scotland and William Corbett, of Newcastle, N. B. The late Mr. Corbett's wife passed away only six months ago.

MISS MARY JANE SUTTON
Many old friends of Miss Sutton on the Miramichi will regret to hear of her death which took place at Fram-

ington, Mass. recently. Miss Sutton was born in Nelson, the eldest daughter of the late Hon. Richard Sutton at one time Surveyor General of the Province of New Brunswick. Shortly after the death of Mr. Sutton the family removed to the U.S. but the subject of this sketch remained on the Miramichi, where she had hosts of friends and where her brightness, wit and generosity made her a great social favorite.

About 25 years ago she removed to Ottawa securing a position in the Civil Service, which she continued to fill until ill-health obliged her to give up about two months ago, when removing to Framington she quietly passed away at the home of her sister on the evening of the 25th April.

As it was her wish to be laid beside her father in Nelson cemetery her two nieces the Misses Hazel and Victoria Staples accompanied the remains to Nelson, arriving by the Ocean Limited on Saturday evening after a strenuous and exciting journey on account of the disorganized railway service by reason of the recent floods. As the time of arrival, owing to railway delays, was uncertain very few friends were aware of it but all possible were notified and several gathered to pay the last tribute of respect to the memory of another of Nelson's children.

And, so, after service at St. Patrick's Church by the Rev. E. P. Wallace, the remains were laid to rest beside her father, close by the river she loved so well and of the beauties of which she never ceased to speak.

Miss Sutton is survived by her mother, two sisters and two brothers.

MRS. JAMES LIVINGSTONE

The death of Mrs. Sarah Livingstone, widow of late James Livingstone, of Harcourt, occurred at the home of her brother, Archibald Campbell, Harcourt, Thursday morning. Although ill for several months, death came very suddenly as Mrs. Livingstone had planned to go to Sunny Brae the day she died. Deceased was 79 years of age, a respect-

ed member of the Presbyterian church and loved by a large circle of friends. She was a native of Kent county. She leaves to mourn their loss, two brothers, Edward Campbell of Bass River, Kent Co., and Archibald of Harcourt; three sisters, Amanda (Mrs. Wm. Murray), Green-Me.; Elizabeth (Mrs. John Stevenson), Springhill, N.S., and one who lives in Beersville, Kent Co., and the following children: Frederick, Livingstone, Watrous, Sask.; Agnes (Mrs. James Lyons) Millerton, N. B.; Amelia, (Mrs. Hedley T. Atkinson), Nelson, N.B. and Anna (Mrs. Otty A. Bailey), Sunny Brae. The funeral took place at Harcourt Saturday afternoon.

MRS. THOS. O'BRIEN

The death of Mrs. Thomas O'Brien of Chaplin Island Road, occurred very suddenly on Monday morning last. Mrs. O'Brien was working around the house about 7.30 when she was seized with a weak spell, passing away in about five minutes. She is survived by her husband, three sons—Thomas, Frank and Louis all at home, and two daughters Mrs. R. J. Goodwin and Miss May O'Brien, of Worcester, Mass.; also three sisters and four brothers. The funeral took place on Wednesday morning to St. Mary's church, Newcastle, where services were conducted by Rev. P. W. Dixon, and interment was made in St. Mary's cemetery.

HARKINS ACADEMY SCHOOL STANDING

Why You Should Use a Mild Soap Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly. In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses. Artful application of rouge and powder may lend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation! You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt. Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose. You can buy Palmolive Soap at all first-class dealers. Made in Canada **PALMOLIVE** Volume and Efficiency Produce 25-cent Quality for **10c**

County Officers For Parish Of North Esk

Nowlan, John McKibbin, Jos. Wedden, John Stewart, James Young, Manford Sobey.

Here and There

Each acre of corn grown in Ohio costs on an average 46.26 hours of labor.

Canada is now second on the list as an exporting land, the per capita being \$100.63 per annum.

A new station is being built by the Canadian Pacific Railway at Fredericton at a cost of \$50,000.

Half a million Canadians look to the forests each day for their meals and lodging, and more than 100,000 Canadian workmen are engaged in converting forest products into one form or another.

The large party of Hebrideans who were brought to Canada on the Canadian Pacific Steamships "Metagama" and "Marloch" have gone to Red Deer, Alta., where they will form an agricultural colony.

Seven hundred farmers and farm laborers arrived in Canada recently on the Canadian Pacific steamer "Montcalm." These colonists are proceeding to Ontario and western points where they will take up farm work.

The project of a ship canal across Scotland from the Clyde to the Firth of Forth was brought to the fore again at a recent meeting of the Mid-Scotland Ship Canal Association, and there is a possibility of something being started in this connection in the near future.

A single pair of potato bugs would, without check, increase to 60,000,000 in one season; the hop aphid, developing thirteen generations in a single year would, if unchecked to the end of the twelfth generation, have multiplied to ten sextillions.

Canadian air pilots flew 294,449 miles carrying 9,153 passengers and 77,850 pounds of freight in 1922, according to a report of the Canadian Air Board. Saskatchewan pilots led in the Dominion, carrying 3,622 passengers. Manitoba pilots carried 1,622 people, and British Columbia pilots 1,122.

A company has been formed in London to exploit sunken treasure in Navarino Bay, off the west coast of Greece. The promoters state that there is a matter of \$45,000,000 in bullion and other forms still at the bottom of the Bay, where it was sunk with the united fleets of Egypt and Turkey by the united British, French and Russian fleets in 1827.

Last summer 4,000 forest fires cleared away at least ten times as many trees as were cut down for lumber, pulp and paper, and all other industrial purposes. A very large percentage of the fires were caused by careless campers and sportsmen who "thought it would die out" or cast away a lighted match or cigarette end.

Improvement of camping facilities at Banff for automobile tourists is now being made. The Mount Rundle camp site is being improved and enlarged, and will be equipped with all modern appliances. It is expected that as a result of the opening of the Banff-Windermere road this year, the tourist traffic through Banff will be the heaviest ever recorded.

At the annual meeting of the Canadian Pacific Railway, President E. W. Beatty pointed out that prospects for the immigration into Canada of the class of colonist urgently needed to develop the country's natural resources were much brighter than they had been in the past two or three years, and an increased traffic from Great Britain and Northern Europe was indicated by the largely increased western movement on the company's ships during the past four months of this year.

Atlantic Pulpwood Company, Limited

Gray B. N. Keith, Mrs. Hazel M. Keith and Heber S. Keith, St. John, have been granted letters patent incorporating them to do business in New Brunswick under the name of Atlantic Pulpwood Company, Limited; with an authorized capital stock \$49,000, the head office to be at St. John. The objects of the company are to carry on and conduct the business of dealers in pulpwood and lumber of all kinds and in connection with same a general mercantile business.

THE MACKEREL COMING SOON

The Canadian fishery authorities are to keep a close watch for the appearance of mackerel, the advance guard of which have already reached Cape Cod in their annual migration from southern waters to the far north. Mackerel are in good demand this season in New York and Boston and prices are fairly high. The main body of the mackerel schools now extends from the Highlands of New Jersey, N. J., to north of Massachusetts, and the first fish should be off Cape Sable in a week or ten days. The first arrivals are usually caught in traps off Shelburne or Yarmouth. Then the fish head north along the eastern shore of Nova Scotia, not many penetrating far up the Bay of Fundy. The greatest catches are usually made along the Nova Scotia coast and later in the strait and Gulf of St. Lawrence. Where the mackerel come from and go, has long been a mystery. The Canadian government will notify fishermen by radio as has been done in the past few years, of the movements of the schools. The cruiser Arlieux, well known at this port and in command of Capt. Wm. Milne of Shediac, is one of the vessels which has been engaged in this work for several years. Capt. Barkhouse of Halifax is another commander who has done good work for the fishermen in the mackerel industry, one of the most important in Canada. In Gloucester, Northumberland, Kent and Westmorland counties, the only ones in New Brunswick which figure heavily in the mackerel fishing, immense quantities are sometimes caught. The fish are shipped in refrigerator cars to the big cities, and if the market is glutted the mackerel are kept in freezers or salted. A few years ago vast quantities were taken by the fishermen of Caraquet, Miscou and Shippegan.

RED ROSE

For COFFEE particular people— "How good it smells"—for it is packed fresh roasted, and the doubly sealed can preserves its rare aroma and flavor.

MOTHER'S DAY

This day, the second Sunday in May, which was set aside several years ago in commemoration of the mother's of the land, at first assumed very little significance. A few people observed the day and were generally counted by others as sentimentalists.

However, with each succeeding year, the tone of the day has changed until now nearly every one carefully observes the day. This is a good indication for the country, for say what you will about the sentimentalists and the dreamers, they are the ones that make life worth living.

The value of a mother's love has always been realized, but silently, and it was only during the dramatic moments of a man's life that he ever had any feeling of gratitude or love for his mother—before he started for war or on the battlefield, behind the prison bars or on his death bed.

Now, however, this has all changed and everyone freely admits with out embarrassment that a mother is the best and truest friend one can have. She forgives every wrong, she overlooks every fault. No matter how world wide a person may become or how far from the straight and narrow path he may wander, his mother will see in him always the sweet little tot who got into trouble unawares. She is the one person who will never lose faith in you and to whom you can always go to bolster up your self respect.

Other kinds of love there are and they fill their necessary place in human existence but nowhere is there a love as pure and unselfish as that of a mother.

We hear this on every side—in poem and in song, but we rarely realize the full power and beauty of mother love until its material manifestation is denied us. That first realization that never again on this earth will we know a mother's comfort is a pretty difficult period for a person to pass through.

So often the most sophisticated and calloused ones are the ones to feel the loss more heavily, because as a rule, they have no faith in God's abiding love to carry them over the difficult period.

Mother's Day should be a day of brotherly kindness as well, for mother love is one thing we have all had and with that common meeting ground we should be the more eager to follow Christ's command that we "love" one another.

There's Nothing to compare with ZAM-BUK

ZAM-BUK depends on costly herbal oils and extracts for its wonderful healing, soothing, and antiseptic power. ZAM-BUK is not like ordinary ointments made from common or elementary formulae. ZAM-BUK is a superior, prepared from a secret formula—the result of years of extensive and costly scientific research. It is pure and highly refined, and is guaranteed free from animal fats and the gritty metallic substances usually found in common ointments and salves.

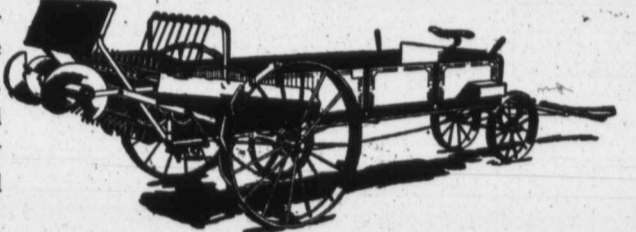

Wonderful Medicinal Activity. ZAM-BUK exerts its wonderful medicinal activity below the surface (where the germs of skin trouble really are) and quickly expels deep-seated and old-standing disease.

For Eczema, Fetter, Salt Rheum, Ulcers, Piles, Ringworm, Poisoned Wounds, etc., ZAM-BUK is marvelously successful. Also for Cuts, Bruises, Burns, Scalds and Sprains. Beware of worthless imitations. Get pure herbal ZAM-BUK—The World's Greatest Skin-Remedy. 50c. box, \$-for \$1.25, all chemists or ZAM-BUK Co., Toronto.

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. ELIAS, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief Fort Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEELER, 501-14th St., Fort Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

"AT THE THEATRE"

I went last night to see the play—a drama of the modern kind; and I am feeling tired to-day; I'd like to fumigate my mind. I'd hate to always recollect those tawdry jokes and vicious cracks; for I would fain be circumspect, and keep my brain as clean as wax.

The playwright did his best to show that married life is flat and stale; that homely virtues are too slow to prosper in this earthly vale; he put Decit on dress parade, and put a laurel crown on Vice; and Honor saw her trophies fade, and Truth was laid upon the ice. "It held the mirror up to life," and I, said it, homeward went, and got a club and beat my wife, and robbed an orphan of a cent.

If I saw many plays so rank, so full of dark and evil thought, I'd steal a blind man's savings bank, or "swipe" a widow's house and lot. You may be lustrous as a star, with all the virtues in you canned, but if you fool around with tar you'll blacken up to beat the band. You may be wholesome as the breeze that whistles through a country lane, but if you eat Limburger cheese, your friends will pass you with disdain. And every time you see a play, or read a book that makes a jest of love and home, you throw away some part of you that was the best.

TEACHING THE EVIL OF GOSSIP

Girl Scouts have developed a new game which, probably one to attention and 100 per cent, curiosity, is called "gossip." The girls are seated in a circle. The leader whispers a sentence to her left-hand neighbor. She passes it on to the next girl also in a whisper. In that way it makes the circle and the last girl tells out loud what she heard. The sentence at the end of the circle is never the same as when it started and often little, if any, resemblance to it.

This game has a greater moral than most such pastimes. It impresses vividly on the girls the evils of gossip, showing how stories change in the repeating, how some thing is left out, something twisted. Less unhappiness might be evident if every gossip who starts a story about a neighbor could have brought home to her that tale after it had been bandied about by a score or more of persons. Perhaps the persistent character assassins would be awed by the brutality of their crime and restrain.

Sometimes when the sewing circle starts talking about absent members, try this game, then cogitate the result before contributing to the morsels of gossip.

The Bible is To Be Rewritten

New York, May 9—Present day scientific, ethical and philosophical theories will be employed in rewriting the Bible "in the light of the twentieth century," it was announced yesterday by the Tyson Lecture Foundation which was organized at a meeting of clergy, scholars and laity in the library of J. P. Morgan's home.

A statement issued by the new organization declared the conception of the Bible as a single inerrant volume to be "an unfortunate inheritance from medieval Europe." The statement added: "The old order has passed away, and with it much of the traditional theology."

The foundation was declared to have been incorporated "to make accessible to men and women in general the results of the research of modern scholars into the origin of the Christian religion and its interpretation, and particularly in regard to the Bible."

The Senate Hears Talk On Freight Rates

Ottawa, May 8—The Senate today discussed the effect of increased freight rates on the business of the Maritime Provinces and the methods to be adopted to solve this problem.

The question was brought before the Senate by Hon. Mr. McDonald Shediac, who declared that the industries in the Maritime Provinces were facing bankruptcy under the present conditions. Until 1916 he added there were differential rates which permitted the export of goods from these provinces to central and western Canada. These rates were abolished and ruin now faced the factories and families were leaving the country. The Government had acted on behalf of the Western farmers on the freight rates question and could do the same for the Maritime Provinces.

The Canadian National Railways had become international not national and were diverting trade to United States ports, he said. He urged that the Government give back what the Maritimes had been promised and received for fifty years after Confederation, and moved a resolution to this effect seconded by Hon. Mr. Turgeon, who declared that freight rates were Canada's greatest problem and that these rates were bearing heavily on the Maritime Provinces which were essential to Canada.

The Maritime Provinces said Senator Turgeon had little or no home market for their chief product and had to find an outlet. The people of his province were amazed when it was announced that the Atlantic division would end at Riviere du Loup instead of Montreal. He had warned the Government that the acquisition of the Grand Trunk Railway would do an injustice to the Maritime ports and his warning has been amply justified since.

Senator Girroir said that Confederation was founded on this principle of transportation and tariff. Ontario and Quebec had promised a market and cheap transportation to Nova Scotia if that province would enter Confederation and give up its trade with the United States and now its trade with central Canada was also cut off. Senator Black deplored the possibility of any dissatisfaction in Confederation but we could not close our eyes to the fact that such dissatisfaction existed both in the east and in the west.

Senator Fowler moved the adjournment of the debate.

Between 40 And 50 Ocean Freighters

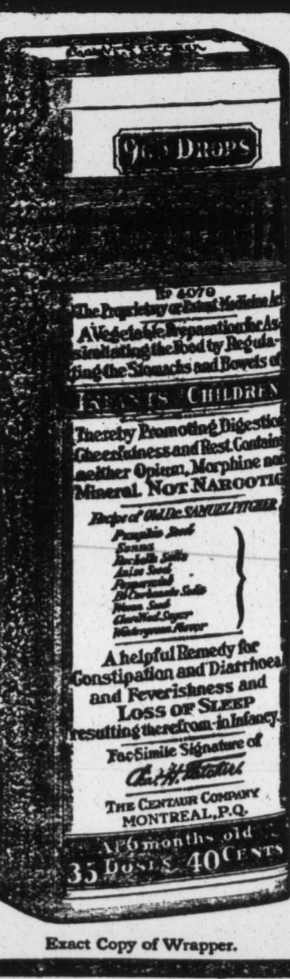

Are Indefinitely Delayed Owing to Ice Conditions

Between forty and fifty ocean freighters are now in Canadian territorial waters off Newfoundland or in the vicinity of Cape Race and Cape Ray, and indefinitely delayed owing to unprecedented ice conditions. The dislocation of export trade from Montreal is in consequence the most serious ever encountered. One White Star liner has at last reported through the ice and is now speeding up the river to Quebec, three days late.

Anchor-Donaldson liner Saturna, is 100 miles east of Fame Point and almost through the ice barrier.

How serious the delay is in this instance can be realized in the report that the Anchor-Donaldson liner Cassandra, which left Glasgow a week later, according to schedule, is already reported in 240 miles east of Cape Ray, and evidently just entering the ice zone.

The new Anchor-Donaldson liner Athena is in the meantime ice-bound off Cape Ray, and so three liners which should be running on the weekly schedule to Glasgow are all at sea and headed for Montreal, when one of them at least should be now approaching Glasgow on the return trip and the other ready to sail from there this Saturday.

THE CENTAUR COMPANY, NEW YORK CITY.

SHERIFF'S SALE

I, will sell at Public Auction in front of the Court House in the Town of Newcastle, in the County of Northumberland, on Friday the Twenty-ninth day of June, A. D. 1923, at three o'clock in the afternoon, all the interests of David A. Manderville of the Parish of Derby, in the County of Northumberland, in and to:—

ALL these certain lots, pieces or parcels of land, situate, lying and being in the County of Northumberland, Province of New Brunswick, aforesaid.

FIRST, ALL AND SINGULAR that certain lot or parcel of land and premises, situate lying and being in the Parish of North Esk, in the County aforesaid and conveyed to the said Frances Cliff by her Late Father the Late William Cliff by indenture bearing date the Sixteenth day of May in the year of Our Lord One thousand Nine Hundred and Six as by reference to the County Records will more fully appear and bounded as described as follows, To-wit:—Beginning at a marked Hemlock tree standing on the South Eastern angle of Lot Number Two on the North side of the Renous River and thence running by the magnetic needle North Sixty-three chains of Four poles each, thence East Thirty chains thence South Sixty-nine chains or to the said River and thence following the said Stream down to the place of beginning and containing two hundred acres more or less. Being the same piece of land which was conveyed to the said Late William Cliff by the Executors of the Late William Cliff by Indenture bearing date the Twenty-fourth day of September in the year of Our Lord One thousand Eight Hundred and Ninety.

SECOND, ALL and SINGULAR the certain lot or parcel of land and premises situate, lying and being in Blackville, aforesaid, on the South side of the South-west Branch of the Miramichi River and known and distinguished as Lot Number Four. Commencing at a stake standing on the Eastern side of the River and at the North West angle of Lot Number Three; thence running by the magnet East Eighty-three chains of Four Poles each; thence North Nineteen chains and Twenty-five links; thence West Eighty chains to the Eastern side of the said River and thence along the shore upstream in a Southerly direction to the place of beginning, containing One Hundred and Fifty Acres more or less, and being

the same piece of land conveyed to the said Michael Donohue by Peter Campbell by Indenture bearing date the day of A. D. 1915 as by reference to the said Deed will more fully appear.

THIRD, ALL that lot or tract of land situate, lying and being in the Parish of Blackville in the said County of North'd on both sides of Renous River known and distinguished as Lot Number Nine originally granted to John Newman and bounded on the Lower or Easterly side by Lot Number Eight originally granted to Thomas Sherwood and on the Upper or Westerly side by Lot Number Ten originally granted to Jeremiah Newman and containing Two Hundred and Fifty acres more or less.

FOURTH, ALL that piece or lot of land situate, lying and being in Ellenstown aforesaid (formally Williamstown) in the Parish of Southesk aforesaid and abutted and bounded as follows, Viz:—Beginning at a maple tree standing in the North Westerly angle of the Lot granted to John Tweedie on Tozer's Brook and on the Southerly line of land granted to Robert Tweedie thence running by the magnet of the year 1856 South 42° West Thirty chains along the North Westerly line of said John Tweedie land to a spruce tree standing in the South Westerly angle hereof; thence South 84° West Twenty chains to a spruce tree thence North 42° East Thirty chains to a spruce tree standing in the said Southerly line of the said Robert Tweedie lands, and thence along the same South 84° East Twenty chains to the place of beginning, containing Fifty acres more or less and is known as lot number Twenty-nine granted to the Late Benjamin Hosford by Grant bearing date the Twenty-eighth day of March A. D. 1859 and was conveyed to the said Benjamin Hosford by Deed bearing date the second day of May A. D. 1894.

FIFTH, ALL AND SINGULAR that certain lot or parcel of land and premises situate, lying and being on the South side of Renous River in the Parish of Blackville in the County of Northumberland aforesaid originally granted to one Michael Malloy and known as the Malloy Lot and conveyed by him the said Michael Malloy to Joseph Cunard by Indenture bearing

date the 12th day of September in the year of our Lord One Thousand Eighty Hundred and Forty-five and containing One Hundred acres more or less the above mentioned lot being part of the lands and premises conveyed to William Cunard by George Edward Franklyn by Indenture bearing date the Fourth day of June One Thousand Eight Hundred and Seventy-nine and conveyed by him, the said William Cunard by his Attorney John Ellis to the Late William Cliff by Indenture bearing date the 17th day of September in the year of Our Lord One Thousand Eight Hundred and Eighty-two and said Lot was conveyed by the said William Cliff to the said Thomas C. Cliff by Indenture bearing date the Sixteenth day of May in the year of Our Lord One Thousand Nine Hundred and Six as by reference to the County Records will more fully appear.

SIXTH, ALL that piece or parcel of land situate, lying and being in Derby aforesaid on the Northerly Bank of the South West Miramichi River being a part of the Upper or Westerly half of the Homestead Property of the Late William Wilson and Devised to the said Richard D. Wilson by his mother the Late Eliza Wilson and which piece thereof is abutted and bounded as follows, Viz:—Southerly or in front of King's Highway leading towards Fredericton on the Upper or Westerly side by the Homestead, Property of the Late Edward Murphy and Now occupied by his Grandson Alexander Murphy on the Lower or Easterly side by the Easterly half part of the said William Wilson Homestead, now owned and occupied by William A. Wilson and extending Northerly or in rear to the full extent of the Original Grant of the said Lot.

TOGETHER with all and singular the buildings and improvements thereof, and the right, members, privileges and hereditaments and appurtenances to the same belonging or in any wise appertaining, the same having been seized by me under and by virtue of several Writs of Fieri Facias issued out of the Supreme and County Courts by various parties against David A. Manderville.

Dated this Eighteenth day of April, A. D., 1923. W. F. CASSIDY, High Sheriff of the County of Northumberland.

Local and General News

OPERATIONS BEGIN
The Ed. Sinclair Lumber Co's mill started the season's operations on Wednesday.

BASKET BALL
A return match of Basket Ball between the St. Mary's Girls and the C.G.I.T. will be played tonight in the Armory.

STR. "MAX AITKEN"
The Str. "Max Aitken" commenced her regular trips to Redbank and intermediate points on Friday of last week.

DALHOUSIE MEN GRADUATE
Among the Dalhousie graduates this year are John F. McNeill of Lewisville, Moncton, and John R. Nicholson of Newcastle. They receive the degree of bachelor of arts.

HERE ON THURSDAY
A. Milne Fraser, Typewriter Dealer of Halifax, will be at Miramichi Hotel, Thursday afternoon May 17th. Any one desiring a new or second-hand typewriter should see him there or phone him and he will call.

CIRCUS MAY COME
John Robinson's circus, now in Ohio, is to visit Ontario and Quebec and, it is understood proposes coming to the Maritime Provinces early in July, if the licenses and the prices of lots are within reason.

PRESENTATION
A number of the friends of Miss Ruth Stewart, gathered at her home on Wednesday evening and presented her with an address and a beautiful club bag. The presentation was made by George Champion and the address read by D. W. Petrie. Miss Stewart leaves on Tuesday for Boston where she is to be one of the principals in an interesting event.

STUMPAGE ON POPLAR WAS REDUCED
Fredericton, May 10—Stumpage on poplar, which is cut extensively for pulpwood, was reduced by order-in-council this morning. The former rate was \$4 per thousand feet and it has been reduced to \$3, which means a reduction of from \$2 to \$1.50 per cord for pulpwood.

PORT NEWS
A steamer bound to the Miramichi to load pulp at the Fraser Co's. Dominion Mill is ice bound between Cape Breton and Newfoundland. A vessel laden with coal for Chatham from Virginia is unreported and a steamer for the Edward Sinclair Lumber Co., which was expected here by May 10th is also delayed en-route.

AN IMPORTANT INDUSTRY
A contract for 2000 toboggans has been closed by S. C. Heckbert of Woodstock, with the T. Eaton Company at Toronto and a big order for shoo-fly rockers and kindergarten sets with the same concern, for the Moncton branch. Quite a number of men will be employed, possibly a day and night crew.

Successful Party
The Card party and Sale held by the Ladies Catholic Club of St. Samuel's Church, Douglstown on Wednesday afternoon and evening, proved a great success and the gross proceeds amounted to about \$140.00.

The affair was held in the St. Samuel's Hall and was largely attended both afternoon and evening. The prize winners for the evening's play were Mrs. Arthur Doyle, first ladies; Cyril Dohany, for the gentlemen's; Yorston Benn, consolation prize.

A REMEDY
If you get angry at a newspaper, buy it and run it. That will be the quickest way of putting it out of business.

THREE MEN DROWNED
Three men lost their lives in an

accident on the log-drive of the Bathurst Co., Ltd. on the Nepisguit River, Thursday. A boat containing five members of the driving crew turned turtle while going through the turbulent waters of the Chain of Rocks. Three of the five men succeeded in climbing on to the overturned boat, while Warren Chamberlain, of East Bathurst, sank to his death immediately. The second, Leo Boucher, was able to keep afloat until a boat which put out to rescue was within a few feet of him when he, too, sank. The rescue boat then turned its efforts to the men who were holding onto the overturned craft but before it reached them a third man named Albert, whose home is in Caraquet, slipped off the raft and was lost in the raging waters. The other two men were rescued.

SNOW IN PROVINCE
Three inches of snow fell on Friday at some of the high land points in New Brunswick in a storm which was general in central New Brunswick, but which did not extend to the headwaters of the St. John River or the North Shore.

NEW TROUT REGULATIONS
One man in town says the change in the law whereby you are not allowed to catch more than 20 trout in a day doesn't worry him. That what he would like to find would be a place where you could catch 20 in a day.

TO PROBE AFFAIRS
The New Brunswick government has appointed the firm of Price, Waterhouse and Co., chartered accountants, of Montreal, and Toronto, to make an investigation of the Workmen's Compensation Act affairs.

GOVERNMENT MEETING OVER
The Provincial Government completed its business Thursday afternoon and the majority of the members left for their homes that evening. Premier Veniot remained for department business.

Hon. W. F. Roberts, Minister of Health, announced before his departure that the first session of the commission of inquiry upon Tuberculin Test of Cattle on which he has been appointed, will open in the City Hall at Moncton on Tuesday at eleven in the morning.

Physicians today are making use of ice-packs in the treatment of pneumonia and other pulmonary maladies, whereas 25 years ago hot applications were prescribed exclusively.

About 600,000 persons are arrested in England and Wales annually. The proportion in comparison with arrested in American large cities is small.

PLEADED GUILTY AND FINED
A case dealing with violation of the Inland Fisheries Act came up before Magistrate Gaynor in Chatham on Friday. The defendant Colin Ross of New Jersey pleaded guilty to the charge of placing brush in the Church river a tributary of the Miramichi contrary to law. The fine of \$20 and costs was paid. George McDade represented the Department and Robert Murray K.C. appeared for the defendant.

WOULD NOT STAY ON TRAIN
A Barnaby River man, apparently not entirely accountable for his actions, was picked up by the Moncton police Tuesday and, having a ticket for Halifax in his possession, was placed on board the east bound Limited in the afternoon by Inspector Harris. He did not remain on board, however, and was again taken in charge by the Inspector. Later, a relative took the man to his home.

BROTHER OF LOCAL MINISTER
Rev. John B. Champion, D.D., of White Plains N.Y., has recently received seventeen new members into

his church. He has been granted a generous holiday and was given a purse of \$500 to be used in defraying his holiday expenses. That is indeed a notable example of wise expenditure on the part of the church. Dr. Champion is a graduate of the U. N. B. and holds a degree also from Acadia University. He was at one time pastor in Sussex. He is a brother of Rev. J. B. Champion of Newcastle.

BASKET BALL GAME
The Y.M.C.C. Second Senior Basket Ball Team were defeated by a Newcastle team in the Temperance Hall, Newcastle on Wednesday evening. The score was 34-17. The line up of each team was as follows:

Newcastle	Y.M.C.C.
Forwards	
Sargeant	M. Moar
Stothart	F. Whitty
Centre	
R. McWilliam	S. Muzzereall
Defense	
Taylor	H. Driscoll
McCormick	A. Duplissie
Spares	
Keating	M. Walls

The game was clean and fast throughout and the score does not indicate the relative strength of the teams, as both teams lost many good chances to score and had bad luck shooting.

Sargeant and McWilliam starred for Newcastle whilst Duplissie and Muzzereall starred for the Y.M.C.C. Rev. Father Brideau referred to the satisfaction of all.

SAWING AT DOUGLASTOWN
The Miramichi Lumber Co's Mill at Douglstown started on Thursday to saw long lumber.

"ALEXANDRIA"
The "Str. Alexandria" will make her regular trips this week, calling at all points on the north and south sides, the same as last year.

MEETING POSTPONED
The meeting of creditors of the firm of A. D. Farrah & Co., which was held in the Windsor Hotel, Montreal on Thursday 10th inst was postponed until Thursday 17th inst. at 11 o'clock a.m. in the office of The Canada Permanent Trust Co., St. John, N.B.

SNOW IN UPPER PROVINCES
Toronto and other sections of Ontario had a snowstorm on Thursday, amounting to a foot of snow. The West was also treated to a snow storm on Wednesday. It will be our turn next.

Both the 24th of May and the 3rd of June will be observed as School Holidays.

Tells Why Canada's Spring Is Backward
Sir Frederick Stupart, director of the meteorological survey of Canada, in an interview explained just why the country is being treated to such unseasonable weather as has prevailed over so wide spread an area.

"In connection with late spring of this year," said Sir Frederick "it has been shown that the persistent development of areas of high pressure in Arctic America and their subsequent movement southeastward has led to an abnormal flow of air from the northward over Central and Eastern Canada, bringing with it the low temperatures of higher latitudes"

FUNERAL OF THE LATE LEWIS CORBETT HELD AT BATHURST
The funeral of the late Mr. Lewis Corbett, whose death occurred Tues-

TAG DAY—Saturday, May 19. Help the Army of the helping hand.

JUST ARRIVED CARLOAD HARDWOOD FLOORING (Rhodes Curry Manufacture)
Now is the time to buy that Floor. GEO. BURCHILL & SONS

day at the home of his daughter, Mrs Bliss Johnson, 97 John Street, Moncton was held at Bathurst Friday morning at 10.30 to which place the remains were taken for interment.

The service was held in the Presbyterian Church there and was conducted by the Bathurst Masonic Lodge, the deceased being a valued member of the Masonic fraternity. Rev. A. D. Archibald, pastor of the church, also took part in the service. Following the service in the church the funeral procession headed by over 60 members of the Masonic Lodge proceeded to Bathurst cemetery where the Masonic committal service and the reading of the last rites was also conducted by the local lodge.

There is a richness of flavor in MORSE'S SELECTED ORANGE PEKOE which is only found in the finest quality of tea produced in the hill gardens of India. MORSE'S SELECTED ORANGE PEKOE would lack that wonderful richness of flavor were it not for this India hill-grown tea.

MIRAMICHI HOSPITAL

(Continued from page 1)
The nominating committee retired and in their absence Mayor Creaghan on behalf of Rev. P.W. Dixon expressed his regrets for being unable to attend the meeting, stating that the reverend gentleman was in hearty accord with the movement.

The following ladies and gentlemen were nominated as members of the Central Committee: Mrs. E.H. Sinclair, Mrs. I.H. MacLean, Mrs. David Ritchie, Mrs. G. P. Burchill explained that \$5000 C.C. Hubbard, Miss Louise Manny,

REGAL FLOUR

Bread made with this Flour is the best and cheapest food.

Miss Hennessy, Mrs. I.H. Barnett, Mrs. D.P. Doyle, Mrs. W.A. Park, Mrs. Dr. F.J. Desmond, Miss Armstrong, Mrs. Jas. Stables, Messrs. E.H. Sinclair, Dr. J.A.M. Bell, G. P. Burchill, W.A. Park, D. S. Creaghan, J.R. Lawlor, James Stables, K.C. Clark, David Ritchie, A.H. MacKay, Fred Locke, W.J. Durick and L. D. Murray. The Central Committee will meet for organization purposes, when sub-committees will be formed and each parish of the county organized for the drive for funds.

Rev. L.H. MacLean felt that it might be advisable to make the objective larger than \$35,000 as that amount might not be sufficient and in the event of requiring more funds it might be found difficult to obtain it, after the press announced the objective as \$35,000. In reply Mr. G. P. Burchill explained that \$5000 was already in hand, and the Board felt that it would be safe in asking for \$35,000 in addition, which amount would likely be sufficient to erect the building. He further stated that the Board thought it would be inadvisable to have too large amounts assessed to certain parishes in the allocation, which might possibly make it appear as too arduous an undertaking for the canvassers of said parishes. On motion the meeting adjourned.

Cause of Early Old Age
The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

City Meat Market

We are still handling that nice STEER BEEF and expect to continue handling it during the summer. Our CORN BEEF makes an excellent dinner. Try a piece of it. We also supply it by the BARREL. We expect a CARLOAD OF POTATOES this week. Send your orders in now.
