

Workmen Met Death in Accident at Pt. Dalhousie

City Will Likely Be Allowed To Raise Tax Rate, Council Is Informed by Ald. Graves

Finance Committee Will Deal With Questions of Raise in Salaries of Firemen and Other City Employees—Fire and Light Committee Recommends 25 p. c. Increase For Firemen.

All the members of the city council were present but Ald Veate at last night's regular meeting. There were only one or two spectators in the back benches. The aero club renewed its application for ground for a landing place close to the city. The carpenters union wrote endorsing the actions of the Mayor and Alderman Murphy and Avery with reference to the firemen and advising the council to keep the present number of men in the brigade and give them the proposed increase. "We might as well pay the firemen as the insurance companies," was the concluding sentence of the letter. J. M. Elson wrote drawing attention to the proposed visit of the Imperial Press Conference and suggesting that an invitation to the conference be sent to visit this city and district. The Mayor said he had written L. Duff of Welland, secretary of the Niagara District Industrial Association which body he felt the city council should co-operate with. The matter was referred to the Executive Committee. Horton W. Byrne, George Adkins and G. Dunn, and Thomas A. Messer make application for the position of assistant city clerk. These applications were referred to the Finance Committee. Lindsay town council asked co-operation of the city council in having present legislation amended so that fines imposed in police courts be retained by the municipality itself and not be handed over to the Ontario Government. Ald. Graves read the report of the Finance Committee and it recommended that authority be given to the

The Board of Education Must Ask Ban Removal

Dr. Currey, Medical Officer of Health stated to-day that the Board of Education could have the ban removed from the public schools as soon as they made the request. "The Board of Education must request the Board of Health to remove the ban and then the Board of Health will meet and take action," said Dr. Currey. "It is now out of my jurisdiction. At the same time we have just about as many cases of smallpox in the city now as ever." "How about the flu?" was asked. "The flu in this city has dwindled down to just about nothing, but we still have quite a number of cases of diphtheria, and we are having a hard fight with it."

THE WEATHER

TORONTO, MARCH 9.—Pressure continues high over the Southern States and along the Atlantic coast and relatively low across Canada. Except for some light snow in Ontario the weather over the Dominion has been fair and somewhat higher temperature in all the provinces.

FORECASTS—Moderate to fresh winds, fair to-day and on Wednesday and becoming quite mild.

Government Gas Commissioner E. S. Edlin opened a three-day hearing at Chatham.

The St. Catharines W. in the coal trade from the lakes to Quebec was destroyed by fire in winter quarters at Quebec.

The Holstein Breeders Association headquarters will hereafter be in Brantford, the old postoffice being purchased for \$28,000.

Returned Man Tries to Suicide With a Razor

Frank Luffman, Imperial Veteran, Was Severely Gassed in War

Frank Luffman, a returned soldier tried to commit suicide at his boarding house at 168 Church street last night by cutting his throat with a razor. He didn't succeed in cutting deep enough to cause death but the couple of cuts across his throat indicate that he meant to do away with himself without doubt. He is now in the hospital under detention by the police. Dr. Currey is attending him. The doctor said this morning that Luffman was not likely to die. Luffman who is about 32 years of age, enlisted in 1914 in Birmingham England, with a Warwick regiment and was discharged last year. He was severely gassed which the doctors and hospital attendants think accounts for his doing what he did.

Ontario Legislature Opened To-day With Ceremonies About the Same As Ever

Firemen Had Two Small Fires Within Short Time

The firemen had two runs within half a day. Last night some time after 11 they were called to King street where at the rear of Vine & Swan's butcher shop a blazing smoke house was found. The firemen put out the blaze in short order, but the hamsthehouse contained were ruined. The loss is under a couple of hundred dollars. This morning shortly after 8 o'clock the brigade was called to the corner of King and Academy streets where there was a small blaze at the home of Mrs. Bell. Some paper in a waste paper basket had caught fire and set the partition blazing. The firemen soon had the flames out. The loss is about \$50.

The Board of Commerce opened an inquiry at Hamilton into charges alleging the existence of a combine among retail and wholesale grocers and certain manufacturers.

ing her Norman cap kirtle of blue and the ear-rings. When the roll call was read, quotations from Longfellow were given and one member told of a visit to the poet's house and grave. The tea room was in charge of Miss Goring (O'Connell). Mr. Abbe and Mrs. Adams. The long fable looked very attractive with a centre piece of daffodils in a cut glass basket on a plateau edged with ferns. Mrs. D. W. Bixby and Miss Seymour presided and were assisted by members of the club. A sum of \$40 was realized and will be given to the Armenian fund.

The Session is Likely to Be a Short One, as Only the Most Important Measures Are to Be Brought Up, it is Understood—Likely Speakers on Speech From Throne

(Special to the Journal) TORONTO, March 9.—The new Ontario Legislature opened this afternoon with the usual ceremony just about the same as other Legislatures have opened. It is something new in Ontario politics to see three—really four—distinct and separate groups in the House, each with its own leader and the combination party in power, practically depending on one or the other of the two Opposition parties for support. From what the members of the Cabinet have said, there will be only most important legislation introduced by the Government and they hope for a quiet and short session. It is certain that the U. F. O.—Labor Government does not of itself introduce temperance legislation that there will be members of the Liberal party who will bring forward amendments to the O. T. A. Then again, the Labor wing of the Government may suggest a stronger beer; for two years ago a Labor delegation visited Premier Hearn and demanded a stronger beverage.

MANY TO SPEAK IN DEBATE

On the Liberal side H. H. Dewar, Sam Clarke W. Northumberland; J. C. Tolmie, Windsor; J. W. Curry, S. E. Toronto; T. Marshall, Lincoln, and Z. Mageau, Sturgeon Falls, are likely to be among the speakers in the debate in reply to the Speech from the throne. The financial critic on the Liberal side will be either Sam Clarke or J. C. Tolmie. The Liberals are having a little pow-wow today to decide what they will do during the session.

TORIES TO HAVE CAUCUS

For the Conservatives Hon. G. H. Ferguson will likely lead off in debate with Charles McCrea, Sudbury Brig.-Gen. Ross, Kingston; Col. Price Parkdale, and Dr. Forbes Godfrey, West York, having something to say too. The Conservatives will have a caucus this afternoon. In this debate a speaker can discuss legislation which he thinks should

General Grant Committed on Shooting Charge, Though Case Weak, Says Magistrate

"General" Jim Grant's shooting you. "Well, I was excited and hardly knew what I was saying." A colored boy named Harper said he had been at the Grant homestead and witnessed the fight between the two brothers. "I understood Jim to say 'I'll scare him into fits.'" Harper said the General pointed the pistol downwards. He pulled the trigger once before the gun went off. E. H. Lancaster offered no evidence and the magistrate remarked that the case might have been a little stronger. Crown Attorney Brennan admitted this but said the family no doubt were minimizing the circumstances. Grant was committed for trial the magistrate admitting that the evidence was not strong and was weakened further by the changed aspect of the evidence of the brother Arthur

Pair Operated In Many Places; 3 Yrs For West

Chief of Police Greene got a letter today from Tilsonburg Ont., stating that Mrs. Leola Greenwood under arrest here on a forgery charge was wente din that town for being an accomplice of Stanley West in the cheque swindling game and also with jumping a board bill. The pair it appears also operated at Bridgeburg, Black Rock, Buffalo, St. Thomas and other places. At Niagara Falls yesterday Magistrate Fraser sentenced West to three years in Kingston. After he gets out of the pen he will have to serve the balance of his two year term at Burwash.

Accidental Death Verdict By Jury

The coroners jury which last night enquired into the death of the man McNamara who was killed by a fall on the Hydro Canal Construction at Queenston brought in a verdict of accidental death. McNamara fell from a height of about fifty feet to the rocks below and was killed. The Bridgeburg school teachers who recently asked the school board for increases in salary ranging from \$100 to \$200 a year have been granted \$100 and 150. The minimum salary is now \$760 and the maximum \$1,100 for all-except principals.

Staging Upon Which Men Were Walking Broke, Precipitating Them Into the Hold

A serious accident happened at Port Dalhousie yesterday which might have resulted in several fatalities and it is very fortunate that no one was killed. Two men are however in the hospital, suffering from serious injuries. They are not likely to die. A number of men were working in the Dry Dock on the steamer Storm-ont, when the staging upon which they stood suddenly gave way under their weight. The men were precipitated into the ship three of them fell on some ice which had formed, receiving severe cuts and bruises. One of the men, H. B. McLean, was removed to his home but the other two men Henry Campbell and Adam Messer were brought to the General and Marine Hospital where their injuries are being attended to. This afternoon it was stated at the hospital that they were getting along favorably.

Part of Rockaway Beach, N.Y., after the great storm which smashed four hotels and several iron piers, doing about \$2,000,000 damage.

CITY'S ADVANTAGES ARE TO BE ADVERTISED IN BIG SIGNS AT THE H. L. BRIDGE

Big signs advertising St. Catharines' advantages will be put up on the city property at the approach to the High Level Bridge. At the meeting of the city council last night Ald. McLean presented this report:— They have received a proposal from the Gould-Leslie Company to erect ornamental painted, illuminated signs on the Fowler Wall and the Jean's wall at the intersection of Ontario and St. Paul streets. The Gould-Leslie Company offered to erect a two panel sign approximately 55x26 feet high on the Fowler wall. Each advertising panel will be approximately 11 feet by 55 feet. The upper panel will be painted and maintained for city advertising and the lower panel as well as a single panel 11 feet by 55 feet on the Jean's wall will be used by the Gould-Leslie Company for their advertising. The panels will be constructed of galvanized iron with ornamental wooden columns and moulding. The advertising will be painted and the advertising material will be subject to your committee approval. The company will repair and paint the uncovered portion of the Fowler wall as to present a neat appearance. Your Committee recommend that this proposal be accepted and that the City Solicitor be and is hereby instructed to draw up a lease for the term of lease on the Fowler wall to be for a term of three years and the term of lease on the Jean's wall to be subject to cancellation on sixty days notice. Further recommended that the application of Ira Koch to erect a sign overlooking St. Paul street extension, for advertising the owner's business only, be and is hereby approved, this permit to remain in force at the pleasure of the council. We beg to report the following sale of fuel stock from January 1st to March 1st, 1920. Hard Coal ..... \$ 221.54 Soft Coal ..... 1586.76 Wood ..... 516.00 \$ 2324.31 leaving stock on hand valued at approximately \$7000.00. Your Committee further report that thirteen building permits were issued during the month of February a list of which is attached with estimated cost of Seven Thousand Four Hundred and forty-five dollars (\$7445) and fees amounting to Sixteen dollars and twenty-five cents (\$16.25) also that one plumbing permit was issued during the month of February a list of which is attached with estimated cost of (\$305.00) and fee amounting to (\$2.00)

**WORK FOR CHAMBER OF COMMERCE**

There are many things which one may suggest as work for the new Chamber of Commerce to do and to which no doubt it will give all the intelligence and attention that public spirited men can give, but surely one of the most vital in the interest of the municipality is a solution of the housing problem.

During the last few days the Journal has learned from three different men who are in the real estate business that the demand for houses has never been so large and the chance of meeting the demand so small. Houses of the average size are scarcely to be had except by purchase and then the transaction becomes a money making one. What are required are fair sized places that can be rented by people who are willing and able to pay reasonable rentals but who are buffeted about from time to time for want of some spot in which to put their furniture and family.

And while it is easy to suggest that much should be done to overcome what is recognized to be an acute condition, it is not a difficulty that is readily overcome, nor does this city enjoy the distinction of being alone in the matter. Houses these days cost money to build, with materials and wages so high, and to erect twenty means the expenditure of a considerable capital, but in many minds there is wisdom and among the long list of capable men who have become members of the new Chamber of Commerce there is enough ability and initiative to work out at least a partial solution.

Associated with this question is the other, the railway situation. This city is allowing months to go by without getting any further development. Extensions to take care of the north and to make a short cut to Merriton are needed and can be obtained and yet to date the municipality is standing still. Its growth and progress are retarded by the lack of enterprise in this regard.

If the new commerce and trade board is to justify its birth and existence it should make an effort to assist in the consideration at once of these two important questions.

**MARCH WEATHER**  
**HARD ON BABY**  
 Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby, to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**LADIES! DARKEN YOUR GRAY HAIR**

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

**WHAT EXCHANGES SAY WHEAT FROM RUSSIA**  
 (Toronto Globe)

The Supreme Allied Council, according to a Paris newspaper, has made a tentative plan to secure a supply of wheat from Russia. This step seems to be necessary in order to avert a serious shortage of bread in Western Europe. Sir James Wilson, who is a well known authority on agriculture in Scotland, and was a delegate to the International Institute of Agriculture at Rome from 1914 to 1917, estimates that the exporting countries of the world will hold 344,000,000 bushels of old wheat on August 1, 1920, which is only about one half of the normal import requirements. This estimate includes Russia, Roumania and India. The Indian crop, which becomes available in April, is promising, but the Roumanian crop is doubtful, and there is now practically no intercourse with Russia. In the United States, owing largely to the cost of labor, the winter wheat sown was only 39,000,000 acres, as compared with 50,000,000 acres the year before, and the same labor troubles will prevent any large increase in the spring sown wheat. The Allies cannot expect much relief from that quarter, and prospec-

tive hunger is driving them to make a bargain with Russia.

**WISE QUEBEC FARMERS.**  
 (Belleville Daily Ontario.)  
 In the Province of Quebec they are wiser in many things than we are in Ontario. The farmers there didn't turn all their beautiful maple forests into cordwood and cow pasture as we have done around Belleville. They looked farther ahead than the immediate present.

The result is, that owing to their forehandedness and enormous annual production of maple sugar they have been enabled to cut down the consumption of refined sugar in that Province to 68 pounds per capita. In Ontario it is nearly twice that amount or 130 pounds per head.

In Ontario we have been growing rich, and correspondingly lazy. The maple trees we have left, if put to work, would practically drive the Cuban product off the market. But we Ontarians prefer to loaf around the house in the spring and grumble about living costs and the greed of the middleman. The habitant of Quebec takes off his coat, goes to work in his bush, and so keeps his money at home and makes himself independent of profiteers, whether Cuban or Canadian.

**JUNKERS IN BERLIN FOR FRENCH OFFICER**

BERLIN, March 8.—A French officer was beaten and thrown out of the Adlon, the leading hotel of Berlin, last night, by an engaged mob of Chauvinistic guests because he refused to stand while the orchestra played "Deutschland Uber Alles."

**To Get up in the morning tired and unrefreshed, with a dull, heavy head, often amounting to headache, to feel low-spirited and "blue"—are symptoms of self-poisoning by food poisons, not neutralized or eliminated by bowels, liver and kidneys acting in harmony.**

**Beecham's Pills**  
 help to remove the cause of this trouble. They act gently and safely, but also very efficiently.

Worth a Guinea a box.  
 Sold everywhere in Canada. In boxes, 25c., 50c.

The instigator of the affair was a Hohenzollern, Prince Joachim Albert of Prussia, who was in disfavor with his Royal relatives several years before the war on account of his marriage with an actress.

Looking For Trouble  
 For a fortnight he has been cheering the monarchically inclined by insisting that the orchestra play "Deutschland Uber Alles" and other German and Prussian airs nightly at the after theatre suppers at the Adlon.

Beaten With Shoe.  
 "Out with him," they shouted.

Finally the bolder spirits, wielding chairs, broke through the ring of waiters about the table and dragged the French officer out by the collar. One excited guest took off his shoe and beat the Frenchman over the head with it.

Numerous friends will deeply sympathize with Principal and Mrs. Coombs in the death of their invalid daughter Alice who passed away last night after a very short illness at the age of 21.

### "LISTEN LESTER" AT THE GRAND

Coming from a years' run at the  
Knickerbocker Theatre, New York,  
"Listen Lester" John Cortis musical  
comedy success by Harry L. Cort,  
Geo. E. Stoddart, and Harold Orlob,  
comes to the Grand Thursday evening  
next with the entire New York cast,  
chorus production and special com-  
pany orchestra. Though to be exact  
one should call it a dance instead of a  
run, for from the moment the curtain  
rises on the first scene, everything  
dances to a happy and dancey ending,  
wherein an important packet of letters  
which is in itself the danciest and  
most elusive thin thing in the world  
most elusive thin gin the play, is re-  
turned to its rightful owner. Mean-  
while the feet, and what is more im-  
portant the hearts of the spectators  
are dancing merrily along in time to  
the music and all personal troubles are  
forgotten. The story is jolly and en-  
tertaining, and the lyrics are rhyth-  
mic and full of swing, and the music  
tinkly and tuneful, the scenery is ar-  
tistic the costuming is effective and  
the chorus is the daintiest danciest,  
that ever took an audience by storm.

There is a good vaudeville and mov-  
ie picture show on at the Grand for  
the first half week.

### SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause  
Indescribable Suffering in  
Eastern Europe.

The hardships of this winter will  
mean death to thousands of Jews in  
Poland, unless outside aid intervenes  
at once according to Lieutenant Shel-  
ton Wright of the American Red  
Cross Commission to Poland, recently  
returned to the United States after  
months of relief work in eastern  
Europe.

He painted a vivid picture of this  
half-starved people, clad in rags, who  
are now creeping back toward their  
devastated homes after months of  
refugee wandering, and dying of  
starvation and typhus along the  
roads, as they go.

"Outside starvation, numerous dis-  
eases, attributed to malnutrition and  
typhus have killed men and women  
and children like flies," he said. "I  
remember a family trying to live un-  
der an over-turned wagon by the  
roadside. The mother was dead un-  
der a tree a few yards away—she had  
been dead for days. The father was  
stretched upon the ground dying of  
typhus. He died that day. Under the  
wagon were two little children, both  
under five, sick with typhus. An old-  
er child sat stupidly beside them—a  
girl driven out of her mind."  
Many of the people are driven to  
making "bread" out of leaves and  
bark, and "soup" out of grass and  
water, Lieutenant Wright reported.  
There was unspeakable joy among  
them when the American ships, loaded  
with relief supplies purchased  
with the funds raised by the Amer-  
ican Jewish Relief Committee and  
other American Jewish agencies, and  
American and Canadian Red Cross  
supplies were unloaded at Danzig and  
other ports. In spite of the fact that  
the American Jewish Relief agencies  
are spending almost \$2,000,000 a  
month now on their relief work in  
Poland, and that the Red Cross is  
doing its work on so vast a scale,  
hundreds of thousands of Jews and  
Poles will die during the winter un-  
less more aid comes.

"Every box-car full of refugees re-  
turning to their homes has in it those  
who die along the way, and those who  
have contracted typhus," Lieutenant  
Wright said. "The people try to  
avoid disease by keeping clean, but it  
is impossible to do so, under exist-  
ing conditions. Even our nurses and  
doctors fall ill of typhus, a disease  
caused by filth and lice."

The Red Cross and the American  
Jewish Relief agencies are doing their  
utmost to keep both Jews and the  
youngsters in these stricken lands alive.  
Six million Jews in eastern Europe  
face death unless immediate ship-  
ments of food, clothing, and bedding  
from Canada and the United States  
reach them before the cold weather  
sets in.

An appeal for funds is to be made  
in Ontario and a generous response  
from this district is confidently ex-  
pected.

### MOBS OF CHILDREN CRAVING FOR BREAD

Gaze Into Bakeshop Win-  
dows for Hours at a Time,  
Hoping for Something  
to Eat.

"The saddest thing in all Eastern  
Europe at the present moment—  
worse than all the other instances of  
starvation and even of death and dis-  
ease on every hand—are the child-  
mobs one sees outside of the few bak-  
eries that are able to keep going in  
Warsaw," Sholom Asch, the famous  
Yiddish playwright and poet report-  
ed to the American Jewish Relief  
Committee upon his return from  
Eastern Europe, where he went as  
a commissioner of the Joint Distri-  
bution Committee of American Funds  
for Jewish Sufferers from the War.  
"In the bakery windows are a few  
loaves of bread, and sometimes cakes,  
that are sold at a simply prohibitive  
price," he explained, "and even if  
these were as cheap as in Canada and  
the United States, their taste would  
still be unknown to the hungry Jew-  
ish children, who live on the cup of  
soup a day they get from American  
Jewish relief agencies. But the  
youngsters tantalize themselves with  
the sight of food, when they cannot  
get the taste of it."  
"They press up to the window, and  
at first merely stare respectfully at  
the bread, an uncanny little crew of  
gaunt small folks with old faces and  
suffering unchildish eyes. Perhaps it  
is raining, or the wind is blowing  
coldly through the tatters that they  
wear, that little barefoot army, but  
they huddle together for warmth, and  
do not stir. The sight of the bread  
has fascinated them, it is so rarely  
seen."  
"A customer comes out, leaving the  
door ajar for a moment, and the  
warrior fragrance of the bake-shop  
grifts out to the little ragamuffins,  
maddening them. They press closer  
to the window, their thin little faces  
against the glass. Those in front put  
out their tongues and lick the glass,  
as if, by so doing, they could taste  
the bread behind it. No poet could  
ever write into words the wastfulness  
of their faces as they do it."  
"One of the men from the bakery  
comes out and drives them away  
every few minutes, else they would  
break the glass. They are afraid of  
him, and for a few minutes they  
stand at a distance, their eyes still  
upon the bread. Then hunger over-  
comes their fear, and they press up  
to the bakery window again. Soon  
they are eagerly licking the glass  
once more. And this goes on all day  
every day in front of the bakery win-  
dow."  
More money is needed to help feed  
those children, and an appeal soon  
is to be made in Canada for that  
purpose.

### MILLION CHILDREN ARE CLAD IN RAGS

Their Wasted Bodies Show  
Thru Tatters, Result of Star-  
vation and Misery.

The art of making two flowers  
bloom where only one bloomed before  
isn't half so hard as that of making  
two garments exist where only one  
existed before; yet even this can be  
accomplished, according to reports  
recently received by the Canadian  
Jewish War Relief Committee from  
relief workers abroad.  
Cloth of any kind, either cotton or  
wool, is particularly impossible to ob-  
tain in Eastern Europe, except at pro-  
hibitive prices. A round million lit-  
tle Jewish children in these unhappy  
lands are clad in the rags that they  
have worn all through the war, their  
wasted little bodies showing through  
great tatters. Some of these children  
are still sleeping on the streets, since  
there are at present neither orphan-  
ages nor funds for all.  
Miss Harriet B. Lowenstein of New  
York, sent to Europe as a commis-  
sioner of the Joint Distribution Com-  
mittee of American Funds for Jew-  
ish War Sufferers, was able to pur-  
chase more than a carload of pajamas  
from the salvage department of the  
American army in France. These  
were sent to Eastern Europe, and in  
the workrooms opened there, were  
made over into clothing for children.  
Each pair of pajamas made at least  
two Russian blouse suits for little  
boys it was reported. The larger  
pieces left over in the cutting were  
used for the clothes that the children  
of Eastern Europe bind around their  
feet in lieu of shoes.

The New York market was profes-  
sional in character. Trading was dull  
and prices tended easy.

### DESTITUTION IN EUROPE TERRIBLE

Long Processions of Starving,  
Ill-Clad Children Seen Daily  
on the Streets.

Long processions of little Jewish  
children in Eastern Europe, bearing  
their tin cups in their hands, daily  
walk from their villages to the near-  
est town in which there is a Jewish  
relief station, according to relief  
workers in these stricken lands,  
sometimes journeying five or six miles  
in order to get the cup of soup with  
a piece of hardtack, or the mug of  
milk which is often their sole food  
of the day.

Those tin-cup processions empha-  
size, as nothing else could do, the ter-  
rible destitution of the Jews in Eastern  
Europe at present. The children in them  
are barefoot, almost without exception.  
Reports received by the Canadian  
Jewish War Relief Committee say  
that both boys and girls are wrapped  
in burlap, or dressed in clothing  
made from the sacks in which the  
relief supplies have come, or in the  
rags which they have worn during  
the five years of the war, their gaunt  
little bodies showing through the  
tatters. They do not walk as children  
usually do, without effort or restraint,  
but drag themselves along wearily,  
and hopelessly, like tired little  
ghosts condemned to move in hungry  
processions throughout eternity.  
Arrived at the relief station, the  
children are so tired and so weak  
that they sit down upon the pave-  
ments to await their turn in line. Up-  
on the faces of every one of them  
there is an expression of unchildlike  
anxiety. It has to do with the only  
really vital question in the world to  
them—whether or not the soup or  
milk will hold out, and their turn  
comes. Every day some of them have  
to be turned away without food, since  
their numbers are so great that the  
funds at present on hand are not al-  
ways sufficient to care for them all.

### MILLION PAIRS OF SHOES ARE NEEDED

Destitute Jewish Children of  
Eastern Europe Use Rags to  
Protect Feet From the Cold.

A million pairs of shoes are need-  
ed by the destitute Jewish children  
of Eastern Europe, according to  
reports received by the Canadian  
Jewish Relief Committee from relief  
workers abroad.  
At least that many of the helpless  
and hungry Jewish youngsters of  
Eastern Europe are absolutely with-  
out footwear of any kind, their relief  
agents say. Thousands of others have  
rags sewn around their feet in lieu of  
shoes.  
Several carloads of shoes that for-  
merly belonged to Allied soldiers in  
France were purchased there by the  
Joint Distribution Committee of  
Funds for Jewish Sufferers from the  
War, for the Jewish women of East-  
ern Europe. But it was impossible  
to buy the shoes in sizes that could  
be worn by the children, and all oth-  
ers sold in Europe are at a prohibi-  
tive price. So a million youngsters are  
barefoot during the hard winter of  
Eastern Europe.  
There is a great lack of every con-  
ceivable kind of clothing, as well as  
shoes. In Serbia, a common child's  
costume just now consists of two  
sacks, with holes cut through for the  
head and feet. In Poland, flour sacks  
and sugar sacks sent with supplies to  
the destitute Jews by Jewish relief  
agencies are all being made over into  
clothing, and even small salt sacks  
are pieced together, and used for this  
purpose.

### What causes Indigestion

An excess of acid in the stomach  
sours the food and starts fermenta-  
tion. Distressing gases form. Your  
meals don't digest but lay like lumps  
of lead. Then you have heartburn,  
flatulence, fullness, belching, head-  
ache, and real misery in the stomach  
and intestines.  
A few tablets of "Pape's Diapepsin"  
bring relief almost as soon as they  
reach the stomach. "Pape's Diapepsin"  
costs little at drug stores.

The British system of having anti-  
profiteering tribunals throughout the  
country to apply drastic treatment  
to chargers of exorbitant profits  
has failed of its main object. In the  
first six months of the operation of  
the act, 1,000 committees were ap-  
pointed. The number of cases heard  
has been 1,935, the number of con-  
victions obtained 24, and the cost has  
been \$125,000. The results might  
seem very disappointing, considering  
the thoroughness with which some  
of the committees combed over the  
list of dealers for culprits, and the  
supporters of the anti profiteering  
act evidently thought so, when the  
question of an extension was up in  
the commons. But the effectiveness of  
a campaign, especially of this kind,  
cannot be judged alone by the num-  
ber of convictions. For one dealer  
who is fined, a dozen may decide to  
keep inside the law after an example  
of prosecution.—Toronto Mail and  
Empire.

package, without cost of price. New pamphlet mailed  
free from THE WOOD MEDICINE CO., TORONTO, ONT.

### The Telephone Situation

## The Man Who Knows

"The real underlying cause of unrest  
and discontent, which is in turn the  
cause of present social and business  
conditions, is ignorance of the other  
fellow's problems, lack of appreciation  
of his difficulties."—N. S. Kingsbury.

We have found that the more our subscrib-  
ers and the public know about our business  
the more smoothly it runs—the better the  
service.

In other words, when people understand  
something of how complex and infinitely de-  
tailed a modern telephone system is—espe-  
cially in a big city—the more readily they  
co-operate with us in our efforts for good  
service.

We have found that the most satisfactory  
subscriber to deal with is the man who has  
been through a telephone exchange and has  
seen it in operation. His criticism is always  
considerate, always fair and helpful, just  
because he knows what an intricate, com-  
prehensive and yet delicate thing a modern  
telephone system is.

That is why we invite subscribers to visit  
our exchanges and why, from time to time,  
we endeavor to tell in the newspapers just  
what the telephone situation is.

### The Bell Telephone Company Of Canada

# Ford

## WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get  
depends upon the number of orders  
we send in and the early date at which  
we send them in, as the Ford Shipping  
Department follows the principle,  
"First Come, First Served."

Cars ordered now will not be de-  
livered until March, and deliveries  
will be uncertain throughout the year.  
If you do not want to wait for sum-  
mer or autumn delivery, come in  
and reserve your car by signing an  
order today.

**THE ALLIED POWERS WILL WARN TURKS TO CEASE MASSACRES**

LONDON, March 8.—The allies despatched a note to the Turkish Government yesterday. The terms of the communication were not disclosed but it is understood they are drastic and will be followed by drastic action should the necessity arise.

The proposed allied military control of Constantinople is not to be an occupation in the sense which that term usually implies, according to the Peace Conference plans, which, however, have not as yet been fully matured.

The idea of the Conference, it is indicated, is to impress upon the Turks that the world will not tolerate massacres such as those of the Armenians and Cilicia last month. This has been unsuccessfully attempted through threats from the Conference that unless the massacres ceased the peace terms for Turkey would be much more severe than otherwise, and now the allies plan to make some sort of a military demonstration at Constantinople. Just what this form shall take is understood not to have been decided, but a speedy decision is expected as Great Britain, France and Italy are agreed that quick action is necessary to save hundreds of lives.

**Turks Will Knock Under**

The allies have enough troops in Turkey to control Constantinople, if it be necessary to resort to force, but the allied Premiers are believed

to be convinced that this necessity will not arise. They are of the opinion, it appears, that when the Turkish Government finally comes to the conclusion that the allies mean business the situation will be considerably clarified. This is the first point in the plan of the Conference.

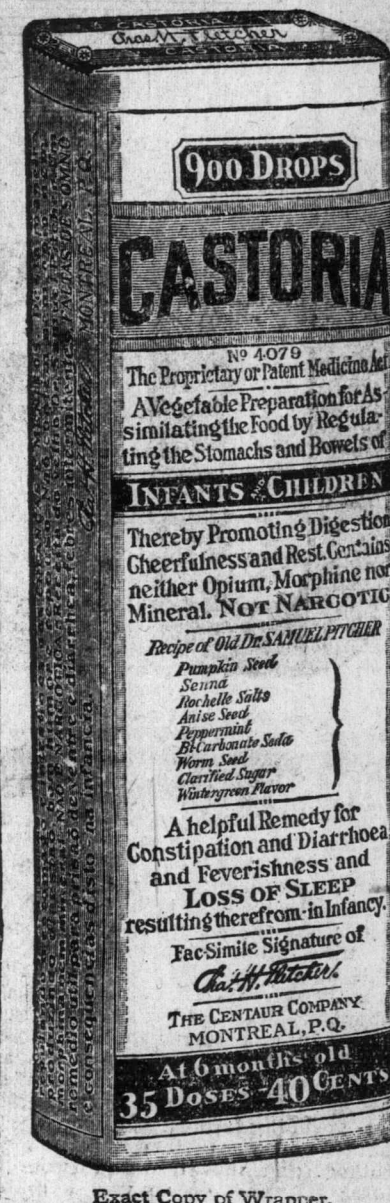

Some reinforcements for the allied troops in Turkey arrived on the scene this week, and more will follow. The weather conditions in Cilicia are unfavorable at present for the starting of a new military operation, but the allies are agreed that it is absolutely necessary for the French to retrieve quickly and at any cost their recent losses in Cilicia, as the view in Conference circles is that the Turks undoubtedly think the allies are tired of fighting and that their notes and warnings have little backing.

**Will Bring Ottoman to Time.**

As outlined, the plan is to show the Sultan that this is not the case, no matter how distasteful further military activities may be now to any of the allies.

What the Conference really would like, according to the reports of the statements at the meetings here, is for the United States to augment her naval forces in Turkish waters, but there seems to be little expectation that this can be brought about.

Although the Premiers are not attending the sessions just now, the Peace Conference as it is now constituted has full powers to rearrange the outline of the Turkish treaty within a fortnight, but the conferees are not planning to hurry with the document, now that the reports of the massacres have been confirmed. Their attitude is that the Turks must conform to the European interpretation of civilized Gov-

**The Right Time to Invest is Now. The Right Place to Invest Your Money is in**  
**Great State Petroleum Co.,**  
Of Texas, Incorporated

Copy of the Statutory Prospectus

**NOW PAYING 2% DIVIDEND MONTHLY**

Of Great State Petroleum Company of Texas (Inc.) filed with the Provincial Secretary of Ontario, Canada, and dated 30th September, 1919.

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, were: Landore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 22 Liberty street; Walter H. Marshall, clerk, 111 Broadway; Martin A. Purnell, salesman, 43 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc., New York City; Albert C. Rick, oil operator, Dallas, Texas; Martin A. Purnell, salesman, 43 W. 33rd street New York City. Further directors up to fifteen, the number fixed in the bylaws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company, Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas, Texas, acting for themselves, and Albert C. Rick and W. F. Sims, oil land dealer, Hillsboro, Texas, sold to the Company ten groups of oil and gas leases in Texas, consisting of 11,277.33 acres, for \$344,360.00, par value of stock (64,336 shares); by another contract dated September 26, 1919, between the same parties and the Company, they have sold to it twenty four other oil and gas leases, covering in all 69,380 acres, all in Texas, except 200 acres in Oklahoma, and a 3-13ths interest in the production of other producing oil wells, at prices fixed for each property and totalling \$3,989,862.00. This property is to be paid for by the Company in stock of the Company at par value, the Company having the right to investigate titles and to refuse to complete purchase of any property, the price of which is not approved by appraisers, one of which is to be selected by the Company and one by the vendors, and they to select a third in the event of disagreement, and the Company having the right to take any one of the individual properties at the stipulated price in shares of the Company at par. The vendors agreeing to furnish an abstract of title to the respective pieces of property within ample time for the Company to have same examined in order that the Company may proceed with the appraisal heretofore referred to; all appraisements made are to be made to the Company in writing, without unnecessary delay.

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 380,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is filed with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non-assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 30 per cent, being paid in cash and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to forfeiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Director, and, do not allow Directors to receive salary for being Directors, but the officials, President, Vice President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of procuring the properties being borne by the vendors, and the Company paying no part of any expense of Hurt and Shahan in selling the stock optioned to them.

Dated 30th September, 1919.

ALBERT C. RICK,  
PERCIVAL K. FROWERT,  
MARTIN A. PURNELL,  
WALTER H. MARSHALL,  
Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the **THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc.**, will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New-York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve months.

PRICE UPON APPLICATION

**GREAT STATE PETROLEUM CO.**  
Of Texas, Inc.

**RUSSELL SAGE ONCE SAID:**

"Pick out a young growing enterprise, make sure it is a business in which large profits can be made, and that it is honestly managed by competent people, and then put your money in it. If you wait until it is a fully developed money-making proposition, you will buy on a four-to-six per cent. basis, while by investing at the start you can get the same thing on a basis that will return a per cent. of hundreds and sometimes thousands."

# NOBBY TREAD

## A DOMINION Tire

## A Bit of Advice

Don't wait until you are ready to drive your car before ordering new Dominion Tires.

Go to your dealer NOW and select the "Royal Cord," "Nobby," "Chain," "Dominion," "Grooved" or "Plain" Tread you will need so everything will be ready for the first spin.

Thousands of motorists will re-equip their cars this year with Dominion Tires because they know by experience that Dominion Tires mean the certainty of satisfactory service under all conditions of road and weather and the first signs of Spring will bring an avalanche of orders for Dominion Tires. Get ahead of the rush. Order your tires NOW.

### DOMINION INNER TUBES

When you go to the trouble of getting the tires best suited to your car, get also the Inner Tubes made expressly for these Tires. Order Dominion Inner Tubes and thus ensure perfectly balanced tires.

### DOMINION TIRE ACCESSORIES

It pays to care for your tires—pays in the saving of time, trouble and mileage, so keep a supply of these prolongers of tire life.

**SPRING CALF FEEDING**

How to Feed and Handle the Young Arrivals.

The Dam's Milk the Best First Food—Skimmilk Should Gradually Replace Whole Milk—Grass or Stable for Calves?

(Contributed by Ontario Department of Agriculture, Toronto.)

**T**HE calf that comes in the spring, comes just at a time when everybody is so busy getting the spring work done that he is very liable to be neglected to a certain extent. Young calves are very susceptible to disease com- on to young cattle and a little lack of attention to spring calves is liable to cause serious trouble to them.

There are two menaces to calves in spring and summer, and these are extreme heat and flies, and one is on a par with the other. Arrangements should be made whereby the calves are kept in during the day and allowed to run out in a paddock at night. By this means they are afforded a liberal amount of exercise and good pure fresh air, and also they are allowed to get some of the nice juicy green grass, which is the nearest thing to a complete and balanced ration that can be found outside of milk.

When the calf is dropped it may be well to leave it with the dam for a few hours in order that it may get the first milk (or colostrum) which is so necessary on account of its actions on the digestive tract. When the calf has received sufficient colostrum to set up the necessary action it should be removed from its mother into a separate stall, or it may be put into a stall with other calves of the same age or nearly so. It, by any chance, the cow's udder is inflamed, the calf may be left for a few days, because of the beneficial effect that the calf's sucking has upon it.

For a few days the calf should be fed whole milk, but when it is two to four weeks old a change should be made, skimmilk gradually replacing the whole milk, from eight to ten days taken for the change. When the whole milk is totally replaced the milk may be increased to eighteen to twenty pounds per day for a calf six weeks old. The best kind of skimmilk for calves is warm, just when it leaves the farm separator. However, everybody may not have a separator, and this is not possible. In any event the system started with the calf should be followed as nearly as possible at all times, because radical changes in diet are sure to cause severe digestive troubles. Pails and all feeding utensils should be kept very clean to eliminate any danger of disease from bacteria lurking within them. Skimmilk feeding may be continued as long as it is thought advisable, up to eight or ten months old. Good thrifty calves may be weaned as early as six months, providing good substitutes for the milk are used.

The most frequent trouble in raising calves is indigestion or scours. This trouble is usually caused by overfeeding, feeding milk too cold, feeding milk heavily laden with the disease germs, or by keeping the calves in a dark, poorly ventilated, filthy stable. The calves should be watched carefully, and if they show signs of scours immediate steps should be taken to effect a cure. The ration should be reduced and a little lime water put into the milk. If immediate action is needed, about one-half cupful of strong black tea or some other astringent should be given. As for meal for the calves, rolled oats are good, and if they are getting no whole milk a little linseed oil cake should be added. The oil cake has a laxative property as well as supplying a little fat to the ration. A good meal for calves: 100 lbs. of ground oats, 50 lbs. bran and oil cake, crueted 25 lbs. Good clover hay is essential at all times, giving enough to allow the calves to pick out the nice succulent parts, and still not be wasteful. J. C. McBeath, O. A. College, Guelph.

**Should Calves Go Out to Grass or Remain in the Stable?**  
Generally speaking, calves are better kept in the stable during the winter months, when the stable conditions are not good, and there is not enough labor to look after them and keep them dry and clean. The only other exception is in the case of calves that are given in the early winter and which have had three to six months of milk and more or less dry feed. Such calves may be all right, if turned out to grass as soon as the pasture is good and the weather warm and pleasant. Particularly is this the case where milk and other feed is scarce on the farm.

**1.** They can be fed milk and other feed as required, which is often neglected when calves run with the cows, or are pasturing some distance from the barn.

**2.** Calves in a clean, well-ventilated stable are protected from the hot sun, storms and flies, which often prevent that good growth which is essential for a well-nourished thrifty calf.

**3.** If allowed to run with the herd, the older animals are likely to "boss" the calves and may injure them, or deprive them of their proper share of feed.

**4.** Cases of sickness, such as indigestion or "scours" are more likely to be noticed, and properly treated, if the calves are inside where they are seen frequently.

**5.** As a result of this better care and feed, better cows are more likely to be raised, which means larger returns to the owners of cows.—Prof. H. H. Dean, O. A. College, Guelph.

John Allan was fined \$2 in police court this morning for allowing his dog to run at large.

**BENZINE EXPLOSION IN TORONTO WIPES OUT FAMILY OF FOUR**

**TORONTO, March 8.**—The explosion of a can of benzine, followed by a fire, caused the death of four persons at Nos. 8 and 10 Moscow ave. yesterday afternoon at 12.50. The dead are:  
**HERBERT FOSTER, aged 36.**  
**ALICE FOSTER, aged 30.**  
Their two children, Aileen, aged 7 and Olive, aged 5.

The entire family was wiped out by the explosion and fire, and the whole progress of the tragedy occupied the space of only half an hour. Herbert Foster survived until seven o'clock, dying in the General Hospital from his injuries.

Yesterday afternoon the charred kitchen and badly damaged lower floor of the brick veneer and rough-cast building were the only evidences of the grim occurrence of an hour or so before. A doll's baby carriage, belonging to one of the children burned to death, the gutted interior of the kitchen, an overturned and burned table lying in the centre of the kitchen were mute witnesses of the disaster which overtook the Foster family as they were preparing to eat the midday meal. Lying in the kitchen, where death had held sway, was the scorched and blackened roast of beef upon which the family were preparing to dine.

Exploded Can Found.  
So far as can be learned, Foster, who ran a little tailoring and repair shop at No. 10 Moscow avenue, was trying to fit a spout in a can of benzine. The spout had evidently become loose, and had fallen out. When the room was investigated after the fire the spout, held in a pair of pliers, was still resting in the cook stove, evidently heating so that solder could be applied. The exploded five gallon can was also found, bent and twisted with the force of the explosion.

The only details of the tragedy

**Its ASSAM quality gives it that rich flavor**  
**RED ROSE TEA** "is good tea"  
Sold only in sealed packages

**"DANDERINE" FOR FALLING HAIR**

**Dok's Cotton Root Compound.**  
A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, \$1.50; No. 2, \$1.00; No. 3, 50c per box. Sent for all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COTTON MEDICINE CO., TORONTO, ONT. Steamship Wharf-1

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

**DOCTOR WARD, The Specialist**

**SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS.** The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

**NERVE EXHAUSTION**

**A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.**

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

**RHEUMATIC AILMENTS**

**SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.**

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

**Quick and Lasting Results Assured the Ailing Man**  
**BLOOD** YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.

The United Veterans League which is growing rapidly in membership is holding a meeting Friday night of this week in the Independent Labor Hall. The association is open for membership of all who were ever in His Majesty's forces.

The St. Paul Athletic Association give their Minstrel Concert on Thursday March 11th in the St. Paul street Methodist Sunday School Room. The first part of program is a humorous sketch entitled 'In the Wrong House' which is full of interesting situations. The second part consists of solos, duets, choruses and dialogues, the songs ranging from the old southern melodies to the newest ones. All those taking part are members of the Athletic Association and the proceeds will be used to further church athletics.

Judge Colin G. Snider has reported to the Provincial Secretary on his investigation of affairs at the Hamilton Hospital for Insane. He finds the management good and worthy of the confidence, but the commissioner makes several recommendations and supports certain recommendations of the G.W.V.A.

The jury returned an open verdict at the inquest yesterday afternoon into the death of John Mattalo, the aged Italian, who was found stabbed Saturday Feb. 21 at Niagara Falls, and lived for a week. There was a great deal of evidence taken, but all the witnesses agreed that Mattalo had given different versions of the stabbing.

The body of George Henry Broder, brother of the late Andrw Broder, M.P., was found yesterday afternoon on the floor of his bedroom in his home on Ontario street just outside the limits of St. Catharines, where he lived alone. He is believed to have been stricken with heart failure. He was a native of Huntington, Que., and had lived in Morrisburg for a number of years.

One thousand dollars in fines were paid by Paul Bush and John Smith of Buffalo in Police Court at Bridgeburg, when they were discovered trying to smuggle out of Canada between sixty and seventy bottles of whisky in their automobile. The seizure was made by Ontario Policeman James Edwards, at the Fort Erie ferry. The whisky was concealed under the seats, from which the springs had been removed, and in other clever ways.

While erecting some staging on a boat under construction at the Bridgeburg shipyard, Roy Jansen and Alex. Jansen fell twenty-two feet to the bottom of the vessel. Roy Jansen suffered a fractured skull; broken shoulder and internal injuries as a result of which he died in the Lafayette hospital. The late Roy Jansen resided near Ridgeway. He was 38 years old and leaves his wife and three children to mourn him.

Every Girl Who Earns Her Living Read This!

Very complex in her physical relations to life, disease early reizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system tonic and blood renovator, no treatment gives such results.

For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow, complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing.

Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented.

When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them.

Sold in yellow boxes 25c.

COMMISSIONER HIGGINS HERE TO CONFER ON SALVATION ARMY MATTERS

Com. W. J. Richards, head of the Salvation Army in Eastern Canada and Col. John McMillan, Chief Secretary are conferring with Commissioner Higgins, Chief of Staff and Second in Command of the Salvation Army for the work who arrived in Boston from London, England, recently. Com. Higgins came to America to discuss matters pertaining to Salvation Army affairs in Canada and the United States, with Commander Eva Booth, head of the Salvation Army in the United States and with the Canadian officials. He was for many years Chief Secretary of the United States and recently succeeded Com. Howard as Chief of Staff and Second in Command. Many matters having any important bearing upon the future policy of the Salvation Army, and its reconstruction work are to be taken up at this meeting and it is expected that on his return Com. Richards will have something to say in regard to the questions affecting the policies to be followed in Canada.

**THE PIANO YOU CAN PLAY**

Without knowing a note of music a new inspiration, and a refining and ennobling influence is brought into your home when you own a Heintzman & Co. player piano. Anyone in the family from father down to the little ones can play this instrument without knowing a note of music. It is worth one's while to visit the warehouses of this firm at 68 St. Paul street, St. Catharines, Ont. and try out one of these player pianos.

City Likely to Raise Its Tax Rate

(Continued from page 1)

mean granting the increase to the firemen.

Ald. Graves said it would be better to wait until the Finance committee can deal with the question. He preferred not to bind himself down to anything definite until they can decide what can be done. He made the suggestion that all these questions of salary increases were receiving too much publicity.

"What is the use of the Finance committee trying to finance the city when all is done ahead of time for them?" complained Ald. Graves.

Ald. Avery said it had been thoroughly understood the firemen were to get an increase and there was no harm in letting them know the committee is considering their interests.

Ald. Graves said he was prepared to deal justly with the firemen when the proper time comes.

Ald. Beattie agreed that the salary questions should be all taken up at once.

In reply to Ald. Avery Ald. Graves said the Finance committee expected to meet every night this week to deal with these questions.

The Mayor advised a little more taking each other into confidence and on his suggestion the Fire and Light report was merely received.

Ald. Dakers reported for the Works Committee that "whereas sewers were recommended to be constructed on the following streets by last year's council; Faer St.—Marlborough Ave.—Grantham Ave.; Marlborough Ave.—Faer St. to Garnet St.; Garnet St.—Marlborough Ave. to Charles Ave.; Leeper St.—Main St. to St. Paul Street West, and whereas the necessary by-laws were passed last year and whereas the contractors for the Faer street district and Western Hill sewer systems have consented to add these streets to their contract at the same schedule for the various sizes and depths included in their contracts therefore your committee recommend that the construction of the sewers on these four streets be and is hereby authorized and that the first three streets be added to McLaughlin Bros. contract and the last named street be added to Mitchell and Mohan's contract at the same rates as are provided for similar sizes and depths in the schedule of their contracts.

Your committee further report that they advertised for teams for the Garbage collection for the year beginning April 3rd 1920, and received four tenders and your committee therefore recommend that the following tenders be and are hereby accepted provided the teamster in each case signs the contract as prepared by the city solicitor:

Thos. L. Grant, Robert Delaney, Jno. Moore and Wm. Birch, at the rate of \$8.00 per day.

Your committee report receipt of petition re-opening Lisgar street to Hainer street and will visit the site

and report at a later meeting.

Murphy reported as follows for the Parks committee:

Your Park, Cemetery and Civic Improvement Committee beg leave to submit their third report and recommend that the northerly portion of the Hare property recently purchased for an extension to Victoria Lawn Cemetery be advertised for sale together with the buildings on the portion proposed to be retained for cemetery purposes. It is proposed to retain approximately twenty acres for cemetery extension and to offer for sale the northerly portion of about sixty-five acres. The buildings to be removed comprise a dwelling and a barn.

Ald. Riffer for the Railway and Industrial committee reported and recommended that four memberships be taken in the Chamber of Commerce one for each of the following City officials: City Clerk, City Engineer, City Treasurer and Assessment Commissioner and that the City Treasurer be and is hereby authorized to pay the annual dues for same.

The reports were all passed.

Ald. Graves reported for the deputation which waited on the government with reference to extending the city's borrowing powers. The deputation had received assurance that the request would likely be granted.

Ald. Rose reported for the deputation that saw Premier Drury with reference to town planning matters. The

SCENE FROM THE PRODUCTION OF 'THE WRECKERS' AT THE HIPPODROME

Premier assured them that more advantageous legislation is to be passed.

Ald. Rose said a report would be presented later, asking the council to appoint a Town Planning Committee.

Ald. Dakers reported for the deputation waiting on Hon. Mr. Beigan with reference to Provincial Highway matters.

LONDON, March 10.—The manifesto of the allies was yesterday and will be published simultaneously in Paris, Rome and London. This means that the negotiations have resulted in a complete agreement to England and France, and following nearly a week of debate, investigation and consideration of confidential reports, and following nearly a week's conference at No. 10 Downing Street by the allied premiers. England, France and Italy fully agreed in their diagnosis of the present world conditions, and what is more important, they have united upon a program of remedying conditions.

So Main Paris

In effect this important manifesto will be considered an interpretation of the economic clauses of the Versailles Treaty and a modification of them, particularly as they apply to Germany. The document which is longer than the usual diplomatic memorandum, despite the fact that it undergoes many changes, was first discussed by Premier Lloyd George, Nitti and Millerand understood to be divided into main parts, one presenting the present conditions and remedial measures to be taken by Germany and all Central European nations to gain an economic footing. For the Allies have decided that the reduction of Europe cannot begin until the former enemy nations of new materials and money with which to start their industries.

Must be Re-Adjustment

Discussing the manifesto today

**Chamber of Commerce Receive Members**

The Chamber of Commerce has arranged to hold a series of small meetings covering the entire month for the purpose of allowing members to contribute their suggestions for the program of work carried out by the organization. The program of work is one of the most important essentials of the Chamber of Commerce. If the organization is to accomplish its end and to be for good in the community, it must have a very definite and program of activities to work which is carried out in a planned and without any delay. The plan will never arrive at the accomplishment of any real and lasting improvement. A plan to be worked must be one in which the members themselves believe and the program of work must contain projects for the accomplishment of which the members of the committee have a strong desire and a keen interest.

The program of work for the Chamber of Commerce will be from the suggestions of the members themselves so that the committee may express the united desire of the members. To afford the members an opportunity of bringing forward their suggestions and discussing them with fellow-members their ideas on various topics of vital interest to the Chamber, the plan of holding a series of small group meetings will be carried out. The members will be divided into groups from an alphabetical list of members in each group have been selected without any reference to their business social or other in-
