## THE BILL FOR DEPUTIES.

## Triple Prices for Coins.

OTTAWA, July 4th, 1908. The long struggle over the Election Bill has ended, with the following result:

The Government gives up the proposition of preparing electoral lists in unorganized Quebec along the Transcontinental Railway. The Government gives up all interference with British Columbia lists.

The Government wholly abandons interference with the preparation of the voters' lists in Manitoba, leaving provincial authorities to determine absolutely who shall vote in that province. Judges will define polling sub-divisions, as they do now.

In six constituencies in New Ontario district judges are authorized to make a final revision of lists. These judges are to act according to seniority, and to have absolute authority to appoint examiners and control the whole machinery.

## INVIOUS BUT HARMLESS.

This interference with provincial authority in Ontario is the only remaining feature of the programme to which the Opposition objected. As now modified it can do no great harm, but Mr. Borden condemns it as a "paltry, meddling and pernicious interference" with powers and rights which Government and Parliament have assigned to the provinces. It is a black mark against Ontario, implying that this great province is incapable of dealing with matters which every other province controls.

## DESIGNED FOR MANITOBA.

Clause One in Mr. Aylesworth's election bill was in its purpose a conspiracy to manipulate the Manitoba list from Ottawa. The Liberal machine in Manitoba is hopelessly discredited at home, and could only hope for success at the polls by some such device as the "thin red line" plot, by which three seats were stolen in 1904. Mr. Aylesworth confessed, in introducing the bill, that the method of 1904 could not be worked again, since returning officers would not take the risk of criminal prosecution. He proposed this time to take legal power to send federal appointees to Manitoba to add names and strike them off, to arrange polling divisions and determine where each man should vote. The measure was extended to take in other Conservative provinces, but Manitoba was the case of it all.

Laurier warned in time. At the beginning, the Manitoba Conservatives took the ground that the bill should not pass. They were supported by the Opposition in a man, and Mr. Borden promptly informed Mr. Wilfrid Laurier that the measure could never become law. That was in March, and it has taken the Government and the Manitoba machine three months to get out that Mr. Borden was right. The matter could have been settled in April on the present basis. But in order to take away the rights and liberties of the people of Manitoba, and to prevent their free choice of representatives, the majority made themselves responsible for the delay of supply, the failure of the country

to pay bills when due, and much unnecessary turmoil and expense. In the end they have exposed themselves to a humiliation which was unnecessary, but is well deserved.

## THE OPPOSITION LEADER.

Mr. Borden comes out of the struggle with great credit. He has conducted the affair with dignity and manliness, holding to the position he took at the beginning, making no bluster, showing no irritation, but calmly and firmly holding his ground. He was always willing to accept an understanding that would allow business to go on. The Premier could never understand Mr. Borden's attitude, though he evidently underestimated his power of resistance, and the strength and determination of his followers. Throughout the struggle, the Opposition leader was fortified by the unswerving support of every member of his party, and knew that they would stay with him as long as it was necessary to win the fight.

## AN UNCERTAIN LEADER.

On the other side Sir Wilfrid was uncertain and ambiguous. It was impossible to learn what he intended to do, if he had any definite design. Every statement he made in public was capable of various interpretations. The Premier of Manitoba thought he had an understanding with Sir Wilfrid that the latter would take his hands off Manitoba. But when Mr. Roblin was gone, no distinct statement to that effect could be obtained from Sir Wilfrid, nor would he during the three months delay put before the House in writing the amendments which he proposed to make to the original proposition. Until the second day of July the bill stood as it was introduced on the sixth day of March. Had the change been made in March that was made in July the Session of 1908 would have been much shorter and the position of the Liberal party in Parliament much more comfortable.

## A BAD DAY FOR AYLESWORTH.

Mr. Aylesworth withdrew his propositions with every sign of annoyance. He spent some two-hour periods in the remaining hour of the speech, and finally explained that the abandonment of the bill was the result of the request of the Premier. The applause which Mr. Aylesworth enjoyed was wanting on that sorrowful occasion. Behind him were members who in several instances had declared that the bill must be forced through under duress if necessary. The rank and file are now much confused and disgusted. They do not know exactly who is to blame for the disagreeable situation, but they confess that they are trying to follow a leader who is no longer able to lead, and are supporting a group of legislators who are incapable of governing, and yet persist in all sorts of despotic measures.

## SHIPPING GOLD INSTEAD OF GRAIN.

A series of questions by Senator Ferguson reveals the latter victory of the Government advance for the

alleged purpose of assisting to move the Western grain crop. Great praise has been claimed in the West by the Government for this supply of money, represented as having gone to the Western farmer last year. Now it appears that the Western farmer never saw it.

Senator Ferguson wants to know whether the advance was not taken from the Treasury in the form of \$1,118,000 in gold, as the returns show; whether the Government intended when the notes were issued that gold would be given in their place; whether the Ontario returns do not show that at this price the \$7,304,000 in gold (being \$5,000,000 above the ordinary quantity) was sent to the United States; whether at that time gold was not at a heavy premium in New York, and who got the profit of this exportation.

## NOT FOR THE FARMER.

The point of all this is that while the advance was ostensibly made for the benefit of the Western farmer, it seems to have been used to provide means for a successful transaction in the sale of gold to New York. The question is also asked whether the advance represented to be made in December were not rather late to reach the farmer who had already sold his grain. If any part of the money went west to help the grain market, it would be only in time to swell the profits of grain dealers and middlemen.

## TOO MANY DEPARTMENTS.

The Civil Service Reform Bill increases the number of deputy ministers and officers of their class, but does not diminish the number. It was a favorite doctrine of Sir Richard Cartwright and his party until they took office that there were too many departments, too many ministers and too many deputies. They held that view for a year after the change of Government, providing in their first session for certain changes to be made later when the number of ministers should be reduced. Instead of making reductions they have increased the number of ministers and the number of deputy ministers. They increased the salaries of deputies some years ago and further increases are now provided. These are shared by all the deputies whether their departments are important or not, including those whom the Premier and his colleagues have declared to be unnecessary. The following is the list of deputies and officials in the higher class with their present and prospective salaries:

Office.	Present Salary	Prospective Salary
Deputy of Agriculture	\$4,000	\$6,000
Clerk Privy Council	4,000	5,000
Deputy Minister of Justice	6,000	6,000

Superintendent of Insurances	4,600	5,000
Deputy of Printing	4,000	5,000

## COSTLY COINAGE.

When Mr. Fielding took power to establish the mint he set forth that the enterprise would entail an extra expense on the nation. We have now the results of six months operation, which proves that the mint is an expensive establishment.

On the 20th of June Mr. Fielding stated that the four coils of silver released this year had been \$214,145, and of brass \$18,548. Before we had a mint of our own we paid \$100,000 for casting silver and \$10,000 for brass. Mr. Fielding now states that for the five months ending with May the mint for silver and brass was \$21,504, and for other metals \$4,400, or \$25,904 in all. The mint cost the government the mint about half a million dollars, and it is not unreasonable to charge \$10 per cent for interest and depreciation on that sum.

## Was A Total Wreck From Heart Failure

## MILBURN'S HEART AND NERVE PILLS

In such cases the action of MILBURN'S HEART AND NERVE PILLS is in quieting the heart, restoring its normal beat and imparting tone to the nervous system, to beyond all question, marvelous.

Mr. Durham Carr, Geary, N.B., writes: "It is with the greatest of pleasure I write you a few lines to let you know the great blessing your Milburn's Heart and Nerve Pills have been to me. I was a total wreck from heart failure and my wife advised me to take your pills. After using two boxes I was restored to perfect health. I am now 65 years old and feel almost as well as I did at 25."

Price 50 cents per box or 3 for \$1.25, at all dealers, or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

## MISCELLANEOUS.

## SIMPLE WHEN YOU KNOW.

"What is the matter with that horse?"  
"Balky; that's all."  
"Have you tried mind cure?"  
"No. Will that do him any good?"  
"Sure. I can cure him with absent treatment."  
"That so?"  
"Yes; absence of a load."

Mrs. Fred. Leise, St. George, Ont., writes:—"My little girl would cough so at night that neither she nor I could get any rest. I gave her Dr. Wood's Norway Pine Syrup and am thankful to say it cured her cough quickly."

## WILLING TO HELP.

"How about the emergency currency? Does the country really need it?"  
"I don't know just how the country is fixed, but if there is any emergency currency it doesn't need just let it pass it over to me. I can estimate a large chunk of something of that sort."

## Minard's Liniment cures Dandruff.

Milburn's Sterling Headache Powders give women prompt relief from monthly pains and leave no bad after effects whatever. Be sure you get Milburn's. Price 20 and 25 cents. All dealers.

## NOT THINKING OF THEM.

"I hear Count Basted is to marry Miss Monobags."  
"Do you think he really loves her?"  
"He must. You don't suppose he has enough consideration for his creditors to marry her if he didn't, do you?"

## Sprained Arm.

Mary Orvington, Jasper, Ont., writes:—"My mother had a badly sprained arm. Nothing we used did her any good. Then father got Hagyard's Yellow Oil and it cured mother's arm in a few days." Price 25c.

## DIFFERENT DIRECTION.

"So you believe man descended from the monkeys?"  
"Certainly. Science says so."  
"And you descended from them too?"  
"Sure. I came with the rest. Didn't you?"

"Well, it may be presumption on my part, but I rather flatter myself that I descended from them."

## Minard's Liniment Cures colds, etc.

A man who is self-made isn't necessarily self-prompted. Frequently there is a woman who does all the owing in the family.

## No Disease is so Quiet and Stealthy in its Approach as Kidney Disease

That is why it is so dangerous. It may become developed before you realize the danger.

In its treatment of great importance to recognize the early warning symptoms, pain or dull ache in the back, bladder, frequent urination, when urinating, frequent or suppressed urination, sediment in the urine, etc., because in the early stage kidney disease is easily cured by Doan's Kidney Pills.

Mr. Elgin Brinkley, Vernon, Ont., writes:—"I was troubled a great deal with kidney trouble. I had to get up four or five times every night, my urine contained a thick brick-dust sediment, I had a pain in the small of my back, and could not sleep at night."

I commenced using Doan's Kidney Pills and in a very short time I was all right again. I am very thankful to have found a cure so speedy in its action.

Doan's Kidney Pills are 25c. per box or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

**The Political Outlook.**

Splendid work for the  
Opposition to the Local  
Government was done in  
different parts of the Province  
last week. Largely attended  
enthusiastic Conventions and  
public meetings were held in  
several districts, and the unanimi-  
ty and vigor which character-  
ized these different gatherings,  
as well as the excellence of  
the candidates chosen, demon-  
strate that the Liberal-Conservative  
of this Province mean business,  
and that they are going into  
the coming fight in no half-hearted  
fashion. The men of character and  
reputation who, at convention  
after convention, line up as  
standard bearers of the party  
for the approaching conflict  
show the interest our best  
citizens are taking for good  
government. With a good  
cause, good candidates and a  
good organization the Opposition  
cannot fail of success  
when the day of battle comes.

The first of the meetings  
in question took place at  
Vernon River on Tuesday  
evening the 7th, and has  
already been briefly alluded  
to in these columns. At that  
large and representative meeting,  
Mr. Mathieson, Leader  
of the Opposition; the  
Opposition candidates for the  
Belfast district, Dr. Rogerson  
and Mr. A. D. Ross, and Mr.  
Murdoch, M. P., all before  
the assembled electorate  
the shortcomings and mad-  
administration of the Provincial  
Government. The scandal in  
connection with the Vernon  
River Bridge was laid bare in  
a scathing speech by the  
Leader of the Opposition, and  
the thousand and one other  
instances of waste of public  
money were exposed by the  
opposition speakers. The  
electors left the hall fully  
awake to the political iniquity  
going on around them and  
fully determined to put the  
Government forces out of  
action.

On the following day, Wed-  
nesday the 8th, a large, repre-  
sentative and enthusiastic  
convention for the first district  
of Queen's County was held  
at Bridalbane, for the purpose  
of choosing Opposition candi-  
dates. The unanimous choice  
of the assembled delegates  
was Mr. Murdoch Kennedy,  
who has already given an ex-  
cellent account of himself in  
the Legislature, and Mr. Ar-  
thur Simpson, of Bayview,  
one of the most intelligent  
and progressive farmers of  
that section of the Province.  
The choice of the delegates  
was sanctioned by a hearty  
standing vote of all present.  
The chosen candidates ad-  
dressed the meeting, accept-  
ing the trust and promising  
to do everything legiti-  
mate to secure election. The  
Leader of the Opposition then  
addressed the meeting and  
held up to public condemna-  
tion the many shortcomings  
of the administration. The  
refusal of the Government to  
accept the lowest tender for  
Vernon River Bridge, thus  
wasting \$641 to start with,  
and the scandalous manner  
in which that work was done  
by Government favorites were  
fully exposed. The \$2,000  
given away to favorites in  
connection with the Summerside  
Court House, the mismanage-  
ment of our Agricultural de-  
partment and the decadence

of our schools were all held  
up to public execration by  
Mr. Mathieson. Spirited speeches  
were also made by several  
others, and the meeting ad-  
journed amid enthusiasm for  
the candidates, Mr. Mathieson  
and the Conservative party.

On Friday again, another  
large and successful Conserva-  
tive convention was held in  
Charlottetown, to select Op-  
position standard bearers for  
the second district of Queen's  
Messrs. W. S. Stewart, K.  
C., of Charlottetown, and  
Thomas Doyle, of Rustico,  
were unanimously chosen as  
the candidates, and their nomi-  
nation was ratified by an en-  
thusiastic standing vote. The  
meeting was addressed in ex-  
cellent speeches by the candi-  
dates and the Leader of the  
Opposition. The key note of  
the addresses was success at  
the polls, and the feeling was  
that the second district, so  
long controlled by the Liber-  
als, would this time come into  
the Conservative column.

The spirit manifested at  
these different meetings is  
a pretty fair gauge of public  
feeling throughout the Provin-  
ce, and all indications point  
to the overthrow of the pres-  
ent Provincial Government,  
when the opportunity is offer-  
ed. The Opposition have the  
game in their hands; all that  
is necessary is to play the  
cards well.

The Conservatives of Pic-  
ton county, N. S., in conven-  
tion assembled at Westville  
on Thursday last, nominated  
Charles E. Tanner, Leader  
of the Opposition in the Nova  
Scotia Legislature, as the  
Opposition candidate for the  
House of Commons, in place  
of Sir Charles Hibbert Tup-  
per, who recently withdrew.  
Mr. Tanner carried the  
county for the Legislature  
with a good majority at the  
last Provincial general elec-  
tion.

It is certain from the es-  
timates tabled in the Federal  
House of Commons, that the  
expenditures of the current  
fiscal year will be upwards of  
\$138,000,000. Compare that  
with the \$40,000,000 annual  
expenditure of the Conserva-  
tive Government, which  
Laurier and his colleagues  
denounced as extravagant  
and alarming. \$138,000,000  
is about \$23. per head of  
every man, woman and child  
in Canada, and \$115 per  
family. That is one way of  
reducing expenditure that  
was viewed with alarm.

In another column will  
be found a list of expenditures  
for this Province, referred to  
in the supplementary es-  
timates tabled in the House  
of Commons a few days ago.  
Among these proposed ex-  
penditures will be noticed the  
amount of \$31,000 for a  
branch railway from Harmony  
to Elmira. This is the Elmira  
branch of which a good  
deal has been said during the  
past few years. Our readers  
will remember that Mr. J. J.  
Hughes said at St. Columba,  
at the opening meeting of  
the last Dominion election  
campaign, that if he were elected  
and his party returned to  
power, he would have that  
branch line built within two  
years or he would resign his  
seat. Nearly four years have  
elapsed and the Elmira branch  
has not been built, nor has  
Mr. Hughes resigned his seat.  
Now, when another Dominion  
election is approaching, Mr.  
Hughes gets the Minister of  
Railways to introduce a bill  
authorizing the construction  
of this line and gets the Min-  
ister of Finance to place the sum  
of \$31,000 in the supplement-  
ary estimates towards imple-  
menting the work. These an-  
nouncements are paraded in  
flaming headlines by the Lib-  
eral newspapers of this Provin-  
ce, and great praise is be-  
stowed upon Mr. Hughes for  
what he has done. But what  
has he done? What does

the whole business amount to?  
These are questions for the  
electors to take into their seri-  
ous consideration. The Min-  
ister of Railways, when mov-  
ing the second reading of the  
bill, said the line would ex-  
tend over 13 miles and would  
cost 400,000. The branch  
line from Harmony to Elmira  
is estimated to cost \$400,000,  
and \$31,000 are voted to build  
it. According to this estimate  
\$31,000 is just about enough  
to build one mile of the road.  
Will Mr. Hughes have one  
mile of the road built just be-  
fore the election; or will he  
have a number of men scatter-  
ed all along the branch line  
putting in their time doing  
nothing in particular? Is this  
sum of thirty one thousand  
dollars to be used just as bait  
for election purposes? These  
are questions that will natu-  
rally suggest themselves to the  
electors of eastern King's just  
now. Does Mr. Hughes  
think he will be able, by  
means of a thirty one thousand  
appropriation for a four hun-  
dred thousand public work,  
to bamboozle any considerable  
number of the electors of east-  
ern King's County?

Appropriations for P. E.  
Island.

The Supplementary estimates,  
amounting to \$10,865,877, tabled  
in the House of Commons on the  
10th, contain the following items  
for P. E. Island: Mr. Hanesy,  
balance on Hillsborough Bridge,  
\$164,633. Land purchase, \$2,550.  
Branch line of railway, Harmony  
to Elmira, \$81,000. Surveys for  
branch line, Montague to Murray  
Harbor line, and branch line to  
New London, Dominion  
Building, Charlottetown, \$2,500.  
Belfast pier, \$1,200. Brudenell  
wharf, \$2,000. Franklyn Point,  
\$5,000. Graham's Pond, \$10,000.  
Halliday's wharf, \$1,800. Hick-  
ey's pier, \$1,600. Higgins shore  
pier, \$2,000. Hurd's Point wharf,  
\$1,100. Long Point Breakwater,  
\$8,000. Mimlingah harbor, \$8,  
750. Mount Stewart wharf, \$8,  
400. Nantrege Pond, \$3,000.  
Nine Mile Creek wharf, \$2,000.  
Red Point wharf, \$1,500. Bastion  
Breakwater, \$2,000. St. Peter's  
Bay Breakwater, \$4,800. Knight's  
Point, Souris, \$8,000. Staragon  
Pier, \$4,500. Summerside Harbor  
Breakwater, \$25,000. Tyngish,  
extension of harbor channel, \$5,  
000. Vernon River Bridge, land-  
ing pier, \$2,500. Wood Islands,  
improvement to harbor works,  
\$4,500. Additional amount for  
Steam communication between  
Picton, Murray Harbor, George-  
town and Montague Bridge, etc.,  
\$8,000. Lobster hatchery at  
Georgetown, \$2,000.

A Grand Picnic  
In aid of the church funds will be  
held by the parishioners of St. Joseph's  
Church,

AT MORELL,  
On the beautiful grounds near the  
Church, on  
Tuesday, August 4th, 1908.

All the delicacies of the season will  
be supplied in abundance, and all the  
customary amusements will be pro-  
vided. Refreshment saloons, dancing  
booths, swings, etc., will be on the  
grounds, and a beautiful tea table will  
be presided over by the good ladies  
of the parish. Come along and en-  
joy yourself.

BY ORDER,  
July 15th, 1908-31

Farm for Sale!  
The undersigned will sell at public  
auction,  
ON TUESDAY,  
August 11th, 1908,  
AT ONE O'CLOCK, P. M.,  
His Farm of One hundred acres of  
Land at Five Houses, Lot 41. This  
Farm fronts on the Bay Fortune Road  
and is about two miles from Head St.  
Peter's Bay. It is right beside the  
Five Houses Station on the P. E. I.  
Railway, and is otherwise conveni-  
ently located, having the District  
School at its eastern line and  
Saw Mills at its rear. About  
Sixty Acres are clear and in good  
condition for cultivation, having been  
under pasture for the last seven years.  
The balance is covered with Soft

# How Much Do You Pay

For a "Ready-made Suit"? What value do you get for your money? You get no fit, no style, no wear, no satisfaction.

We want you to know about the kind of suits we make. Made to your measure, perfectly tailored, with one hundred cents worth of value for every dollar we ask for them.

- Suit of good strong tweed, good pattern \$116
- Our "farmers" suit, made of double twisted tweed, made to stand wear \$120
- Best "Oxford" tweed, dressy suit \$119
- Lots of finer suits in every weave & color \$20 to \$30

These suits are made to your order and we guarantee a fit in every case. We are sure one of our suits will wear you longer than any two "Ready-made" you ever wore. If you want to save money on clothes try us for your next suit.

### LOCAL AND OTHER ITEMS

In the House of Commons on Wednesday, Hon. Mr. Oliver stated that Prince Edward Island oats, bought for seed in the west, cost thirty-five cents per bushel, delivered at Pictou.

Great forest fire on Georges Island. Many have already burned over several thousand acres and the village of Rigbyville is threatened. People have sought safety elsewhere.

The various disputes in the York Loan Co., Toronto have been settled and the shareholders will receive forty per cent instead of twenty five as originally estimated.

Details reached Kingston on Saturday of a double drowning of Ross and Kenneth Davy, two sons of Henry Davy, aged 15 and 11 years, at North Sibley. One of the boys took a swim and while going to his assistance the other boy went down with him.

A pleasant "At Home" was given Wednesday afternoon by Col. Moore and the Brigade staff at Camp Brighton. In the absence of Mrs. Moore, Mrs. W. A. Weeks assisted the officers in receiving and looking after the general comfort of the visitors.

Also to Deberly, who was recently tried and acquitted of the murder of Joseph D. McMillan, was a few days ago removed from Prince County Jail and brought to Charlottetown in charge of Sheriff Cousins and placed in Falconwood Asylum.

The clerical retreat of the priests of this diocese opened at St. Dunstan's College on Monday evening of this week and continues till Saturday. The preacher of the retreat is Rev. Father Darvasz, Sulpician, of Montreal. A priest is stationed at Charlottetown and one at Summerside during the week.

The National Democratic convention which closed at Denver, Colorado, on Friday last, nominated William J. Bryan of Lincoln, Nebraska, for President of the United States, and John Worth Kern for Vice President. As in the case of the Republican convention at Chicago, a few weeks previously, the labors of the convention culminated amid scenes of the wildest enthusiasm.

At the meeting of the Cheese Board Friday, the following sales were made: Dillon and Spillist at 11¢ cents, Red House 47, Gosens Bras 50, Emerald 110, Red Point 45, Larksville 35, New Park 100, Vernon River Bridge 100, Hambrook 80, Hillsboro 85, Curlew 82, Stanley 124, Kensington 300, St. Peter 45, New Glasgow 125. The price at this time last year was 10.15 to 9.16 of an advance.

A most disastrous train wreck occurred at Ware Siding Scotchman on Monday, eight men of cattle and also of horses leaving the track as the result of a broken flange. The cars that left the truck obliterated the bridge, tearing up the rails and piling up the cars in a mass of splinters and twisted iron in which were mingled scores of mangled horses and cattle.

Three children were drowned on Saturday by the capsizing of a boat and three were rescued with great difficulty by Charles Blackmore, father of five of them. Mr. Blackmore took the six little ones out on Helbrook lake a small body of water two miles outside Danforth Me. and they had been enjoying the fishing. When the time came to start home, in pulling up the anchor, the boat was sprung in such a manner and all were thrown into the lake.

The mercury officially registered 94 degrees in the shade in Boston on Thursday last. By special permission of the Mayor and Park Commissioner, thousands of suffering athletes lay on the ground in the public parks and squares through the city, trying to get a breath of air and a little rest. It was the eighth successive day of almost unbearable heat. One at least committed suicide, and a woman became crazed and was confined in the city prison for safety, a tumbler fell from his truck and received a fractured skull and a little rest. About midnight the number of prostrations recorded at the hospitals and relief stations about the city had reached thirty. No doubt many more cases were not reported. Reports of the mercury reaching the 100 mark in various parts of the city were current, while from Concord N. H. the record of 104 degrees was reported, and at Pawtucket R. I. 110 degrees was reported. The fire department was called out early in the night to check the streets in the crowded moment before bedtime. New York was as bad as Boston, if not worse. Young children by the hundred were dying from the effects of the dreadful heat.

St. Rev. John Carroll, Bishop of Halifax, Nova Scotia, who had been on a brief visit to the Island, left on return home on Tuesday morning. Bishop Carroll pursued his episcopal studies in the Grand Seminary, Montreal, and Rev. J. J. McDonald, P. F. Haines was his classmate and intimate friend. The friendship formed at the Seminary between the two ecclesiastics continued ever since, and the Bishop, being in Baltimore, straddled a point to satisfy his cherished desire to visit this Province and see once more his friend of Seminary days. He met at St. John's on Monday by Rev. J. J. McDonald, Rev. T. Campbell and Rev. Dr. McLellan, and all arrived here the same evening via Hogo. While in Charlottetown, Bishop Carroll was the guest of the Honorable, Bishop McDonald and Father John J. McDonald, who visited on Saturday and Sunday; Haines on Monday, who spent the night. On Tuesday morning Bishop Carroll crossed here to St. John's on Saturday by the high class in the Canadian a most beautiful and airy steamer. Bishop Carroll who is still a young man, was appointed to the See of Halifax about three years ago. He is a man of great intellectual gifts and a profound scholar with a brilliant career. He is a handsome man, tall and dignified, of charming manners. He is certainly a worthy personality. He speaks in glowing terms of the resources and great future possibilities of his state of Nova Scotia, and proposes himself as the most able and energetic worker in the development of our Island Province.

Ship Collapsed.

A mammoth ship on its trial trip in Berkeley, California, suddenly sank 300 feet from the earth...

It was 18 years old, every one of whom was a subject. With the exception of the captain, L. V. Bryan, engineer, injured internally, all were killed.

Seven were severely hurt, with also some of them and on. The accident was spectacular.

A great concourse of men, women and children from Berkeley and Oakland gathered around a field where a great air-craft had been built with thinning-in-gas.

After much waiting, which made the onlookers impatient, the stay ropes were cut, and the dirigible slowly from the earth.

The five gasoline engines suspended from the long gas receptacle at intervals of about 50 feet, each attended by an engineer, were not operated on until the dirigible was well up in the air.

Then two of the engines slowly set in motion the long propellers reaching out from them on each side of the ship.

Before the ship could be propelled further than a few feet the forward and tilted downward until the craft stood at an angle of forty-five degrees, nose downward.

The members of the crew were apparently unable to resist the weight and to right the dirigible, and they clung desperately to the netting and superstructure.

The crash of the gas to the stern of the long gas bag caused the envelope to burst with a loud ripping noise.

All this time they were being laid down 80 'thick steel' bars in former days there was 65 and 72 pound rails.

And now, having set a new and heavier standard, they are replacing the 90 pound steel with new rails weighing 100 pounds to the yard.

In other ways they are bringing the system up to standard which will make it, in all respects, a first-class railway.

Every new bridge put in is made to carry the heaviest load.

All this money, or the most of it, finds its way back to the pockets of the people for the work is done largely in Canada, and the materials entering into the work, are largely the product of Canadian mills and Canadian hands.

And all over the vast system, from Niagara on the south, North Bay at the north, from Portland to Chicago, they are building new shops, round houses, stations and other buildings.

In the double track along the company have provided additional safety at all main block system crossings.

No doubt as business conditions other lines will be double tracked, especially the lines leading down from the Great Lakes, the outlet for the west of the Northwest.

The reports of the various departments of a great railway system, would, if made public, often surprise the readers of current news.

It has been gathered that the Grand Trunk Railway System has spent, within the past few years, not less than fifteen million dollars in double tracking the main line, and that the pioneer Canadian Railway now operates the longest stretch of double track under one management in the world.

In addition to this they have spent other millions in stations, shops and other improvements, thus increasing the carrying capacity of the road contributing to the upbuilding of the country, and at the same time affording added security to the lives and property of its patrons which the installation of block signals on a single tracked line could never secure.

By the expenditure of all these millions in Canada, they are distributing the Revenue, or a good share of it, among the people.

New Grand Trunk Equipment.

The Grand Trunk Railway System are now putting into service 15 new coaches of 25 that have been ordered for assignment to trains on international runs, via, between Chicago and New York via Niagara Falls, Chicago and Montreal, Montreal and Buffalo, and Toronto and Buffalo.

The cars are known as first-class day coaches, and are of the standard pattern with the Grand Trunk operate on all their through trains. Length of cars over all 75 feet 8 inches, weight of each car 100,000 pounds.

They are mounted on six-wheel trucks, are wide vestibule with steel platform, and are equipped with high-speed, catch-on air-brakes. The inside of the car is beautifully finished in polished mahogany, and are constructed with the Empire style of joint. Seats are Grand Trunk style with high backs; the car, seating 50 people, is upholstered in green plush, with the smoking room is large and roomy and upholstered in leather. All modern conveniences have been installed for the comfort of passengers.
