Western Real Estate Values.

The Winnipeg Commercial again insists that land values are much inflated in Winnipeg and at other points in the Western Provinces, and that the high prices placed on real estate by speculators are keeping Eastern manufacturers from locating plants at Winnipeg. "Investigations seem to be the order of the day in Canada and the United States, and we think that we are just as much entitled to have our real estate values looked into as our lumber and other prices. It can readily be understood that if real estate dealers are not reasonable in the enhancing of land values, and put the ban of extortionate prices upon their holdings, then the city must suffer to the extent that manufacturers and others are prevented from buying sites here." It is true that land values in Winnipeg look remarkably high when compared with those prevailing in the older Eastern cities of the Dominion, and it would be a pity if greedy speculators were allowed to curb the normal development of the West.

Poultry Raising.

There is a peculiar fascination hanging around the rearing of poultry, the interest that attaches to the hatching and rearing of the domestic fowl seems to fasten itself, upon both young and old, male and female.
This love for the business has carried the enthusiasts into many a wild goose chase, and has often succeeded in making many a lover of birds a pessimist of the worst kind. In the spring-time when nature flings abroad her life-giving zephyrs and fuses new hopes into sluggish veins, many a shipwrecked hope springs into renewed life and lives in a fool's paradise for a few more months.
Chicken-raising as an experiment or a diversion is a very pleasant one. As a business it is weighed with the old question of making returns pay a good investment upon the outlay. Mix these two aspirations in the wrong proportions and disaster leaves empty poultry farms on many a corner lot. But when the combination of love for the work enters into exact union with the business acumen of the commercial man, then there results a compound of pure delight. It requires carefulness, calculation and good marketing. It will not do to build castles in the air at all: All success is personal and individual. Every certainty in the chicken business is obtained

Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

This is the first question your doctor would ask: "Are your bowels regular?" He knows that daily action of the bowels is absolutely essential to recovery. Keep your liver active and your bowels regular by taking laxative doses of Ayer's Pills.

LOCAL OR OTHERWISE.

INVITATIONS HAVE BEEN ISSUED FOR THE MARRIAGE OF CHAS. LESTIE WILSON AND MISS MABEL ROSS, DAUGHTER OF THE HON. G. W. ROSS, WHICH TAKES PLACE ON SATURDAY, APRIL 20TH, IN OLD ST. ANDREW'S CHURCH, TORONTO.

A TIGHT-LACED young thing named Verberna
Around her equator grew leaner
And leaner each day,
Till she "wasted away,"
So you soon could see daylight between her

THE GOVERNMENT proposes to take a referendum of all the municipalities of Ontario to ascertain whether they favor the first or second Monday of December for voting day in the municipal elections. This is being done in connection with the bill which Mr. Preston, Brant, introduced early in the present session, providing that nomination shall be on the last Monday in November, and polling day the first Monday in December.

IN SPITE OF THE FACT that it is only about three years since the Municipal Act was revised and fixed up, there has been submitted to the Legislature a crop of new amendments at this session that must make the legislators feel weary. The Act always was a complicated mystery, but with all the tinkering that it is subjected to annually, it can be faithfully described as nothing short of a legal maze.

NOT A NAUSEATING PILL.—The recipient of a pill is the substance which entails the ingredients and makes up the pill mass. That of Parmelee's Vegetable Pills is so compounded to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powder, which prove nauseating to the taste. Parmelee's Vegetable Pills are so prepared that they are agreeable to the most delicate.

IMMEDIATELY at the close of the session of the Legislature a meeting of those directly interested will be held with a view of arriving at a basis of settlement of the long standing trouble respecting pupils from outside municipalities attending High Schools. The meeting will be held at the Parliament Buildings, and those present will include the Minister and officials of the Education Department, representatives of about a dozen County Councils and a like number of High School Boards, and several members of the Legislature.

"SURE and you have turned very industriously lately, Mr. Finnigan," said Mr. Flaherty. "That I have," replied Mr. Finnigan. "I was up before the magistrate last week for assaulting Cassidy, and the magistrate said that if I came back on the same charge he would fine me \$10." "Did he, though?" said Mr. Flaherty. "And so you're working hard so as to keep your hands off Cassidy?" "No, bedad, I'm not," said Mr. Finnigan. "I'm working hard to make up the \$10 for the fine."

PLYMPTON COUNCIL.

Plympton Council met April 6th, members all present. Minutes of last meeting read and approved; report on Bossanquet-Coutils drain read and adopted. Engineer's report on the Sawmill creek drain considered and adopted, the by-law provisionally passed and ordered printed, and served by Councillor Watson. The Reeve and Councillors were authorized to purchase gravel where required. The Reeve was appointed to confer with the Reeve of Warwick in regard to rebuilding a bridge on Townline, con. 10. The petition of Archie Williamson and others for drainage work was entertained and the Engineer instructed to survey, etc., also that of J. A. McPherson and others. A by-law to enable the Trustees of School Section No. 2 to borrow \$1600.00 was passed.

On the Safe Side.
(Independence (Kan.) Star.)
The editor found it necessary to warn a careless reporter to write nothing unless he absolutely knew it to be correct. Later in the day the reporter handed in a society item as follows: "It is rumored that Mrs. Smith, who claims to reside on South Chestnut street, gave a so-called dinner party to a number of her alleged friends.

Are you using the best Flour?

What if the flour, that you are now using, does make pretty good bread? Isn't there room for improvement? Couldn't the bread be whiter, sweeter, tastier? Couldn't the pies and cakes be lighter, more inviting? And does the baking always turn out exactly right?
If there is room for improvement, there is a need of
BEAVER FLOUR
"Beaver" Flour straightens out all baking difficulties. It is two flours in one—blended Manitoba Hard Wheat Ontario Soft Wheat.
Way out in the Northwest grows the Manitoba Hard Wheat that makes rich, good, strong, flour—wholesome, nourishing bread. Ontario wheat lacks somewhat in nutriment strength—but it makes the lightest wheat cakes, pies and pastry. "Beaver" Flour combines these two baking qualities, because it contains just the right proportion of each. The wheat we use, being nature's best, requires no Electrical treatment to purify.
Don't be satisfied with just good bread. Have the best that any good cook can make. That means to use "Beaver" Flour.

Threw His Money Away.

Paper money is a novelty to a man from Portland, Oregon, who arrived in London Tuesday. In the evening he made a purchase and received some bills in exchange for a gold piece. Yesterday while in a Dundas street cigar store he felt a piece of paper in his pocket, and unconsciously pulled out a dollar bill, rolled it up, and threw it in the cuspidor. After he had gone the boy in the cigar store was chagrined to see one of the "white wings" pick up a bill from the refuse, as it was dumped out at the opening into the sewer in front of the store. When the westerner returned to get his money, having come to a realization of the value of paper as money in the meantime, the humor of the incident caused him considerable amusement.

Prominent Manufacturer Speaks.

In Vanhook, Hill, Ont., no one is better known than John S. Watson. When he says "Catarrh is a real cure," depend on it being so. "My wife" he writes "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried, but few proved at all useful. Catarrh is a different. It seemed to get right at the sore spots and brought relief quickly. We have found Catarrh is an absolute cure for bronchitis and catarrh." Nothing cures so quickly as get it today, two sizes, 25c and \$1.00 at all dealers.

A Georgia Wedding.

A quiet but pretty wedding was solemnized last Wednesday afternoon at 2 o'clock at Christ Church, Valdosta, Georgia, when Miss Isabella K. Wilson, daughter of Mr. and Mrs. J. M. Wilson, of Wyoming, and Mr. Daniel Andrews Dixon, of Thomasville were united in marriage, Rev. A. G. Hamilton officiating. The church was prettily decorated, quantities of vines, ferns and pots being used. The chancel was especially beautiful with stately Easter lilies. The bridal party stood beneath an arch of vines interspersed with Easter lilies in the midst of which was a huge bunch of these same lovely flowers. The bride was given away by her brother-in-law, Mr. C. R. Munroe and was dressed in a graceful tailor made gown of champagne voile over silk with gloves to match. With this was worn a dainty lingerie waist of handkerchief linen with trimmings of valance and embroidery. The hat was a dainty little natural colored straw with band of golden brown velvet and white uncurled tips. A bouquet of white carnations and asparagus fern tied with white ribbon, was carried. Mr. and Mrs. Dixon left after the ceremony for a visit in Brunswick after which they leave for their future home in Thomasville and will be at home to their friends after May 1st. The presents were very handsome, many pieces of cut glass and silver being received. The Atlantic Coast Line of

STOMACH TROUBLES ARE THE WORLD'S BIG WORRY

GET ON TO THE TRAIL OF NINETY-NINE OF EVERY HUNDRED OF OUR EARTHLY ILLS AND YOU CAN TRACE THEM BACK TO THE STOMACH.—YOU CAN BANISH STOMACH TROUBLES FOREVER WITH

Dr. Von Stan's Pine-apple Tablets

Doesn't it stand to reason that nature herself has in herself a cure for our ills—and doesn't it stand to reason that nature rebels at many of the nauseous so called remedies, that pass as cures for stomach ailments?—Dr. Von Stan's Pine-apple Tablets are nature's cure in very deed, because they're purely vegetable and are extracted from one of the most luscious fruits that grows—and what a boon they have proved themselves to be, is best expressed in the hundreds of unsolicited testimonials that could be printed here—and which will be produced if you're a bit credulous. How is your stomach affected?—Do you have sour stomach—distress after eating—weight on the stomach—wind on the stomach—Loss of appetite—dizziness—nausea—sick headache and other uncomfortable derangements?—The first tablet will give you relief and persistence will cure—and there's no case of stomach trouble so stubborn as to baffle Dr. Von Stan's Pine-apple Tablets. 35 cents a box at all Druggist and medicine dealers.

Warranted the most wonderful Blemish Cure ever known. Sold by T. B. Taylor & Sons.

Proper Way to Churn.

The agitation of churning should be as violent as the form of churn will admit, says Farm Progress. The churning is to be stopped while the butter is in the granular form. In order to have a thorough churning as possible the temperature of the cream should not be over 53 degrees. The buttermilk should be drawn from the churn and the butter washed. The butter must be removed from the churn and salted while yet in the granular form. The amount of salt should be to the taste of the customer. For most people one ounce to the pound is required.

SCHOOLS VERSUS CRIME.

Elementary Schools in Great Britain Reduce Number of Criminals.

Since the year 1870 millions of money have been spent on elementary schools in Great Britain. Have the great results which were then anticipated been realized? It is very pleasant to note that the highest hopes of promoters of education thirty years ago are accomplished facts to-day. In 1870 there were 30,000 people in jail nearly 6,000 more than there had been ten years before. Now, though the population of the United Kingdom has increased by over fifty per cent., we have to-day only some 20,000 people in prison. That this good effect is due to our elementary schools is strongly suggested by the following table:

Population	1870	Present Day
Population	22,500,000	34,000,000
Number of persons under sixteen in prison, reformatories, etc.	11,723	2,321
Total per 100,000 of the population	52	7

Photographs, again, will point out the improvement that has been brought about in Council School children's appearance. Where, in 1870, we saw forbidding little semi-savages, we now see clean, neat children, with happy and intelligent faces.

CRESOLINE ANTISEPTIC TABLETS
A simple and effective remedy for SORE THROATS AND COUGHS. They combine the germicidal value of Cresoline with the soothing properties of slippery elm and licorice. Your druggist or from us. 10c in stamps. LAMARCO, Mass. Co., Lowell, Agency, Montreal, Que.

which Mr. Dixon is a valued employee sent a set of it at silver.

The many Wyoming friends of the bride will join us in wishing Mr. and Mrs. Dixon many years of happy life.

In the British Navy.

The ship's bell is struck every half hour to announce the time.

The quarter deck must always be saluted on being approached.

Postal orders are sold at face value without poundage being charged.

The master at arms or chief of police is the only man in the ship not being an officer, allowed to wear a sword.

There is a government savings bank on board every ship, paying 3 per cent., but officers may not use it.

Ropes are marked with a thin colored thread interwoven red if made at Portsmouth, blue at Devonport, yellow at Chatham.

From the minute a ship commissions to the day of paying off there is always an officer on watch day and night without intermission.

Grog is always mixed with three parts water before being served out to the men; warrant officers and petty officers alone receive it undiluted.

At anytime of the day or night a man may be called upon for duty, if necessary. Leave to go on shore is regarded by the Admiralty as a privilege and not a right.

An officer's sword at a court-martial is laid on the table, point towards him, when he enters to hear the finding if he has been adjudged guilty. It is reversed if he is acquitted.

DISASTROUS FIRE

Ben Langford's Sawmill Burned at Lucan With Loss of \$2,000.

Lucan April 19.—It was discovered that fire had broken out in the saw mill of Mr. Ben Langford, just west of the town, on Friday morning. Such headway had been gained that the buildings were beyond being saved before the arrival of the fire apparatus.

The buildings and machinery were valued at about two thousand dollars, partly covered by insurance. Much sympathy is felt for the owner, Mr. Langford, especially as his wife has been ill for more than a year, and at the time of the fire was in the care of a trained nurse.

Unique Reunion.

Probably one of the most unique reunions ever held in Windsor was the one which took place Thursday night at the home of Wm. Donaldson, Douglass ave., Windsor. Six brothers were united after a separation of upwards of fifty years. In those years some of the members of the family met but not since the first one left the roof-tree at Hartland, Mich., have all the boys been together. The oldest is now over 80 years old and the youngest is 65. The combined ages of the six is 449 years, and the average age 75. Charles W. Donaldson, of Pigeon, Mich., is 80 years old. George W. Donaldson, of Duluth aged 79; Phillip B., of Fremont, Neb., aged 77; John A., Calumet, Mich., 75; Thomas, aged 73 years, of Detroit, and Wm. C., of Windsor, the baby of the family, is 65. A banquet was served Thursday night at the home of Mr. Donaldson in honor of the re-union.

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with

their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job-printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until to-day Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but still she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With woman assisting some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound: made from simple roots and herbs; the one great medicine for women's ailments; and the fitting monument to the noble woman whose name it bears.

WOMAN'S TRIALS.

Can be Banished by the Rich, Red Blood Dr. Williams Pink Pills Actually Make.

The health and happiness of growing girls and women of mature years depends upon the blood supply. There is a crisis in the life of every woman when there are distressing headaches and backaches; when life seems a burden and when some women seem threatened with even the loss of their reason. It is at this period that Dr. Williams' Pink Pills prove a health and happiness to Dr. Williams' Pink Pills. Mrs. James McDonald, of Sugar Camp, Ont., says: "I was badly run down, felt very weak and had no appetite. I suffered from headaches and backaches and a feeling of weakness. I could scarcely drag myself about and felt that my condition was growing worse. I decided to try Dr. Williams' Pink Pills and got a dozen boxes, but before they were all used I had fully regained my health, and was able to do my household work without the least fatigue. Dr. Williams' Pink Pills have been a great blessing to me." You can get Dr. Williams' Pink Pills for Pale People from any medicine dealer or sent by mail from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50. If you are weak or ailing give these pills a fair trial—They will not disappoint you.

LONGBOAT WINS RACE

Canadian Won Easily in 25 Mile Race at Boston.

Boston, April 18.—Thomas Longboat, the great Canadian Indian runner from Toronto, Canada, won the Marathon this afternoon, leading all his competitors by a long distance. Longboat ran a game race and showed splendid generalship throughout.

The Indian was installed favorite some days ago, and though he claimed to be ill yesterday, the public did not take his statement seriously, and continued to wager that he would win, even going so far as to back him to break the record held by Jack Caffrey, of Hamilton, and established in 1901, when the Hamilton man clipped ten minutes off the previous mark.

He got off well and for the entire distance was well in hand, always looking as if he could win as he pleased.

About ten miles out he started his spurt and after that was never headed, coming in like a railroad train, leaving his competitors straggling in the rear.

Within three miles of the finish he was five minutes in the lead, and then he seemed to slow down, at the request of his friends.

He was still going at a tremendous pace, however, and finished two minutes in front of all competitors, covering the distance in the remarkable time of 2 hours, 24 minutes, 26 3/5 seconds. The second man was Fowler, of Cambridge.

DENTAL EXAMS.

Names of Students Who Were Successful in Finals.

Toronto, April 23.—The following students have passed the final examinations and are admitted to the degree of licentiate of dental surgery: W. A. Black, B. A.; B. E. Brownlee, R. M. Chambers, J. C. Crawford, J. A. Drummond, E. A. Dolson, H. F. Goodfellow, R. M. Graham, K. E. Holman, A. H. Herter, G. N. Howden, A. W. Lindsay, V. C. Marshall, L. A. Maxwell, A. W. Muir, R. J. Mumford, A. E. Proctor, E. F. Risdon, W. J. Sanders, W. B. Steed.

DIED IN TORONTO.

Dr. Chas. Colter, an old Lambton Dentist Passed Away.

Dr. Charles Colter, a well-known dentist, of Petrolia, succumbed to erysipelas Friday at the home of his cousin, Mrs. McLean, College street, Toronto, where he had been staying for some time.

Dr. Colter was born in Clark township, Durham county, 77 years ago. He first practiced dentistry in Stratroy, and afterwards removed to Petrolia, where he

had been practising to within a few weeks of his death. He leaves three sons, Dr. W. T. B., dentist, of Sarnia; Dr. Charles, also succeeds to his father's practise in Petrolia, and Fred, who is in business in Chicago. There are also two daughters, one of whom is a Mrs. Dumbrell, the wife of a customs officer in Hamilton. The remains were taken to Petrolia for interment.

Struck by Auto.

Sarnia, April 22.—About ten o'clock this morning, as Samuel Hitchcock and Dr. Bell were speeding an automobile along Christina-street, an unfortunate accident happened.

Just as the auto came to the intersection of the London road, a little 5-year-old lad named Joseph Scroggie, who was playing on the side of the street, ran out on the pavement directly in front of the fast moving automobile.

Mr. Hitchcock, who was driving the machine, put on the brakes in an effort to stop the speed of the auto, but the wheels slipped on the newly watered pavement. The front wheel struck the little lad a glancing blow, which knocked him down and rendered him unconscious.

He was picked up and conveyed in the automobile to the general hospital, where Dr. Bell attended him. He regained consciousness soon after being taken to the hospital. Fortunately no bones were broken, but the lad was bruised about the face and head and was pretty badly shaken up. How serious his injuries are cannot as yet be ascertained.

Vegetable Crop Reports.

The crop correspondents of the Ontario Vegetable Growers' Association report that market gardeners are planning for a good season this year. Weather conditions so far, however, have not been conducive to active work. For work with hot beds, the weather has been particularly bad. The season, as a whole, has been late. Not much plowing has been done. Even greenhouse crops have done as well as usual, but there is a good demand, especially for radishes, lettuce and rhubarb.

It is probable that onions will be planted extensively this spring, the acreage will be increased on account of seed prices. A large acreage will be planted as usual, but it is rather early to estimate the extent of the crops that will be grown.

John D. to Give \$50,000,000.

Louisville, Ky., April 22.—Rev. Carter Helm Jones, pastor of the Broadway Baptist Church, and a close friend of John D. Rockefeller, announced during a mission sermon that plans for a forthcoming princely gift by Rockefeller are almost complete.

"I can say to you," said Rev. Mr. Jones, "that the greatest benefactor of the Baptist church has about completed the arrangements for a gift of \$50,000,000 for the education of the Chinese."
