

## WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y. — "For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." — Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

### NOTE AND COMMENT

The Pittsburgh Dispatch observes that Von Tirpitz has become conservative enough to confess that he has no more dates for sealing England's doom, and the event may be indefinitely postponed.

Next to winning the war nothing inspires the people with greater confidence in the Union Government at Ottawa than its determination to abolish patronage, which has been the curse of Canadian politics. The elimination of the heeler, the grafter, the office seeker, and the specie whose only interest is to milk the country, gives hope that there is a cleaner and happier era in prospect in the field of Canadian politics.

The world hears much more of martyred Belgium than of fighting Belgium, but Belgium is still fighting. The Belgian army today is five times larger than it was when Germany attacked the little country, and infinitely better organized and equipped. Along the twenty-five mile Belgian front 120,000 Belgians are on the firing line, awaiting the British push, which will enable them to go forward. Back of this line there is a shell-swept stretch of Belgian territory about the size of the average Canadian county, which still flies the Belgian flag. But the vitality of the Belgian state can not be measured in terms of territory. Each of the firing line are 100,000 more troops in training or reserve.

Praises this Asthma Remedy. A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wonderful remedy at the first warning of trouble. Its use is simple, its cost is slight and it can be purchased almost anywhere.

### The Darker Side

That France is not entirely made up of smiling vineyards and trim peasant girls, is a story which a member of the C.A.M.C. has to tell in his latest letter from the front. "About a mile from this hospital," he writes, "there is a small town—not a town as we know them in Canada—but a town in the French sense. By that I mean that the place is the dirtiest hole on the face of the earth. The streets are not paved, the houses are plastered with mud, the walls of which the plaster is crumbling or falling down. The people and children look as if they never had a wash for ten years. Children six years old smoke, and if they see an American they run after him beseeching him for 'a penny,' in a piteous voice. If you give one a penny he instantly transforms himself into a courier and runs down the street spreading the news to the watchful waiters. Soon you have a crowd of the rabble all about you. In case you do not give them a penny, you are sworn at in a loud voice.

### The Song that Thrilled

An officer of a Lancashire regiment in a letter home, says: "I was out among the German wire with one man on observation duty. It was the hour before the dawn; the guns were taking a breather, and everything was uncannily quiet. Suddenly from the German trenches we heard a fine voice in English singing 'Dawn the Vale,' and we waited until the performer had finished. Then a shout (in English) across to our lines, 'What do you think of that, Tommy?' We were only a few feet from the singer and could easily have dropped a bomb on him, but we had not the heart to do it."

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts through the Blood of the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonials, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

### Aeroplanes Help Artillery

So much of the artillery work in the present war is done by indirect firing, that is to say, at targets that the gunners cannot see, that the duties of the aeroplane observers are of unusual importance. The aeroplane that is in contact with a particular battery flies where he can see the effect of the shells and can also signal to the battery. His duty is to report whether the shells are falling long or short of the particular place they are bombarding, and it ought to be borne in mind that each battery keeps pounding away at a certain point, and not spraying its ammunition about like machine-guns on troops in the open. The laws of probability work out in gunnery as elsewhere. No two shells ever fall exactly in the same spot, and a certain number of shot must be fired before the observer can conclude that the gunners have got the centre of the target. As a rule 60 shells are fired at a certain object. To destroy certain objectives ten times as many are fired. There is no firing at random on the part of heavy artillery in this war. Each battery has its special objective, and carries out its part of the programme without reference to what other batteries are doing.

You know of course that every industry of any importance has a paper of its own, one to which it gives its united support by way of advertising and subscriptions. Those interested do this that the paper may live and continue to be useful to them by aggressively advocating their interests. You have a paper that for over twenty-six years has been looking after the interests of the farmer. Have you given it your support? If not, see that you subscribe for The Weekly Sun, Toronto, the farmer's business paper, from the present time to 1st January, 1918. It will cost you only One Dollar but you will find the dollar well and profitably spent.

### Intelligent Monkey Becomes Detective

How the murder of a Chinese conjurer was revealed and the alleged murderer identified through the actions of an intelligent monkey belonging to the dead man, is related by the Singapore Free Press. Resting in a Malay hut, the conjurer was attacked, killed and robbed, the body afterward being dragged out and buried. The murder apparently was witnessed by the monkey which took refuge in the rafters. Later, a European walking some distance from the hut was surprised by a monkey coming toward him and pulling at the leg of his trousers. He tried to drive the animal away by kicking it, but it persisted in clawing at his legs, and then trotting a little way ahead and looking back to see if it was being followed.

Finally, the man accompanied the monkey to a mound of freshly-turned earth, which it began to scratch up. The man informed the police, who dug up the soil and found the mutilated body of the monkey's master.

Suspicion fell upon a Malay, who, on being brought up at the police station with a number of other men, was immediately attacked with the greatest fury by the monkey, which was with difficulty prevented from doing him serious injury.

Occasionally a woman will confess her imperfections for the purpose of inducing a man to deny that she has any.

Man looks upon a mule as the most obstinate creature on earth, but a mule has its own opinion on that subject.

No surgical operation is necessary in removing corns if Holloway's Corn Cure be used.

The wheels of one new farm tractor are equipped with radiating legs, which enter and grip the soil, while another has no wheels and literally walks over the ground on skids at the ends of four legs.

Australian wild turkey hens lay their eggs in common nests that hold half a bushel or more, cover them with soil and decaying vegetable matter and leave them for the heat of decomposition to hatch.

## Worth Protecting

A good article is worthy of a good package. A rich, strong, delicious tea like Red Rose is worth putting into a sealed package to keep it fresh and good.

A cheap, common tea is hardly worth taking care of and is usually sold in bulk.

Red Rose is always sold in the sealed package which keeps it good.

### A Tale of a Shirt

A wounded Royal Welsh Fusilier writes home giving an amusing story of a comedy of shirts.

He says: "I put on a new shirt to go into the hospital at —. On entering, that shirt was taken from me and I was given another. Two days later there was a regular change of linen in the hospital, and I got a third shirt. Two days after that I was transferred to the hospital at —, and put on a fifth shirt before starting.

Arriving at —, I had to change again, and was given a sixth shirt. But it was considered better, after all, to take me to —, and when I got there I got my seventh and eighth shirts. Those served me three days, and then I got my ninth and tenth, and three days later still I got the eleventh. Then a few days later still I was ordered home and got another shirt.

Arriving on board the hospital ship, that was taken from me and another put on! This served one night only, for on reaching the hospital in London I was given a fresh shirt.

"After that I lost count!"

### All Sorts of Items

Telephones are built into a new helmet for aviators to permit them to converse with companions while flying.

A gasoline engine driven dynamo that is entirely automatic in its action is attracting attention in England.

Attached to a new automobile radiator cap is a fan which, when revolved by the wind, helps to cool the water.

For disinfecting or perfuming the air in rooms an attachment for electric fans has been invented in which liquids descend from a tank into a flag that is waved by the fans' breezes.

Japanese have built the world's tallest chimney, a reinforced concrete structure 570 feet high, which stands upon a hill that is 430 feet higher than the copper smelter which it serves.

On the theory that a person can work better if alternatively seated and standing at his task, an inventor has designed a typewriter table that can be used equally well in either position.

To text textiles an Englishman has invented a machine to pass fabrics under a microscope while at the same time they are subjected to powerful electric lights above and below their surfaces.

Telephone communication between a moving train and a stationary point has been accomplished by new apparatus that uses the wheels and axles of a car and the regular rails without any special wiring.

## Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

Miller's Worm... child, or infant who is infested with preparation with ach, and will find full protection pests, which are sickness and great little ones.

### HOW THE TROUBLE STARTS

If more people knew how Rheumatism and kindred ills started there would be infinitely less suffering.

It should be a matter of popular knowledge that the blood stream completes the circulation of the body in approximately three minutes, gathering up waste matters. It is the function of the Kidneys to remove these impurities or poisons from the blood and eliminate them from the body. Should there be any derangement of the Kidney action the poisons are not eliminated but are carried around again in the blood stream, to accumulate slowly and occasion sickness and distress. Then follow pains in the back, in the region of the Kidneys, Rheumatism, constant headaches, and the many complaints arising from derangements of the Kidneys or Bladder. First, the Kidneys must be put in order and until these organs are healed and regulated no real health is possible. Gin Pills contain the medicinal and tonic properties that the Kidneys require.

You can get Gin Pills at all dealers—\$60 a box or 6 boxes for \$2.50, or a sample will be sent free upon request to the National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U.S. address, 202 Main St., Buffalo, N.Y. 124

Miller's Worm Powders can do no injury to the most delicate child. Any child, or infant in the state of adolescence who is infested with worms can take this preparation without a qualm of the stomach, and will find in it a sure relief and a full protection from these destructive pests, which are responsible for much sickness and great suffering to legions of little ones.

#### Voters' Lists Being Prepared

Most of the enumerators whose duty it is to prepare the voters' lists for the coming election have been appointed by the Returning Officers and are now busy compiling the lists, which will be posted 15 days before the day of polling.

Those entitled to vote at the December election are as follows:—

(1) All those (except in the cities) whose names are on the Ontario voters' lists as revised in 1916. In cities a special and entirely new lists will be prepared.

(2) All women (except Indian women) who are wives, widows, sisters and daughters of the Canadian forces overseas and naval forces in Canada or Britain, whether the members of such forces have been at any time resident in Canada or not.

(3) All electors or voters, male and female, must be 21 years of age, and British subjects by birth or naturalization and according to the War-time Elections Act, 1917, section 32, the elector is to reside for one year in the Province and have his residence and domicile in the electoral district for 30 days, both of said periods to be fixed by reference to the date of the writ of election, 1917.

The duties of enumerators, of which there will be one for each polling subdivision, are clearly stated. In rural constituencies the enumerators shall prepare the list from the revised provincial lists of 1916, which in turn are based upon municipal rolls. There the duty of the enumerators in the main particulars will be to remove the names of those who are disfranchised as enemy aliens and to add to the lists the names of the women relatives of soldiers who are to receive the vote.

Women and others not now on the list are asking how they are to make sure of getting their names on. The enumerators are now preparing the lists. It is conceivable that some woman may be missed. How is she to know? The answer is that 15 days before the election the lists are to be posted in two of the most public places within the polling sub-division, one being the postoffice. Anyone in doubt must read these lists and see whether her name is there. If not she must go before the enumerator on one of ten days before the election and make a statutory declaration of qualification. The enumerator must state, in a notice attached to the lists, where he is to be found and at what time of day for two hours consecutively every day for 10 days before the election and all day election day.

### Children Cry FOR FLETCHER'S CASTORIA

#### A Great Cartoonist.

The John Leech centenary has brought up a good many stories of the friendship which existed between Leech and Dean Hole. Hole often inspired Leech with sketches, and it was always amazing to Hole how humble a spirit the great caricaturist would show in accepting his suggestions. "Sometimes," says Hole in his "Memories," "he would ask with the meekest diffidence, if he were told an anecdote worthy of illustration, 'may I use that?' as though you were conferring a priceless obligation, instead of receiving a privilege in playing jackal to such a lion." It was Hole who inspired the sketch which related how "the coachman unaccustomed to act as waiter, watched with agony of mind the jelly which he bore, swaying to and fro, and set it down on the table, with a gentle remonstrance of 'Who-o, who-o, who-o,' as though it were some restive horse." Leech had one failure in his representations of current events; it occurred during an Irish tour. While in Cork harbor he met with a most offensive smell, and, thinking it "quite strong enough to sketch," he pulled out his book to get it down, but failed, though perfect success had attended his record of a sneeze made previously.

#### Short Summing Up.

One of the shortest summings up on record is believed to be that delivered by the late Commissioner of the Old Bailey in a case where a man was charged with being in the unlawful possession of a gold watch and chain. The appearance of the prisoner certainly did not correspond with the legitimate possession of such costly ornaments, but he asserted his innocence of the charge and declared that he had found the watch and chain on the pavement. The judge looked at the man in the dock and then at the men in the box. "Gentlemen of the jury," he said, "I have walked over the pavements of London during the last forty years, and I've never found a gold watch and chain there yet. Consider your verdict!"

#### Japan's Population.

Of Japan's 54,000,000 people, about 200,000 are Christian believers. This figure includes Roman and Greek Catholic converts. Protestant church members number 97,350, of whom 11,388 were baptized in 1915-1916. The gain was about 14 per cent.

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paraffin, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

WATFORD

**Guide-Advocate**

HARRIS & CO. PROPRIETORS.  
WATFORD, NOVEMBER 23, 1917

**A NEW PRIVILEGE**

Finance Minister Announces that all Victory Bonds may be Registered

The following announcement has been made from Ottawa:—The finance Minister of Canada has issued a new instruction in connection with the Victory Bonds, which will be of much benefit and importance to many small investors. He has decided to grant the privilege of the registration of all bonds, that is to say, that bonds of all denominations, including the \$50 bond, may be registered as to principal and as to principal and interest.

In previous loans the privilege of registration was necessarily confined to bonds of the larger denomination, such as \$1,000 bonds or more. Bonds of lower denominations were issued as bearer bonds, with coupons attached, and while carrying equal benefits as to principal and interest were liable to become lost by the owners. Under the privilege now given by the Finance Minister, the buyer of any bond (whatever the denomination) may have it registered, in which case the interest will be paid by cheque, and the bond, if lost, may be replaced after proper evidence has been shown.

It is believed that this privilege will be greatly appreciated by many thousands of small investors, who will thus be assured of the absolute safety of their investment even against fire or carelessness or any other accidental cause of loss. This improvement in the issue will involve extra work upon the Department of Finance, but Sir Thomas White considers that its benefits will more than offset the labor involved.

**The Soldier's Vote**

The soldiers' vote, so far as Ontario is concerned, is likely to be an important factor in the coming election. In 1911 the total vote in this Province was 355,738, the smallest in a dozen years. In 1914, the largest vote on record was polled, when 462,450 ballots were cast.

The force recruited in Ontario up to the present is nearly 200,000 men, and every one of these, whether or not he has reached the age of twenty-

one years, will have the right to vote under the new Franchise Act. It is easily seen, then, that nearly half the votes cast in Ontario will be by the soldiers.

**WARWICK COUNCIL**

The Council met Monday, the 19th Nov., as per adjournment. Members all present. The minutes of the last meeting were read and adopted.

Brodie-Percy, that we go into a Court of Revision on the Catt Drain Bylaw, with the Reeve in the chair.—Carried.

Higgins-Parker, that as there are no appeals on the Catt Drain by-law be read the third time and finally passed and the court of revision be closed.—Carried.

The following accounts were passed:—

John McCormick, tile furnished.	\$ 6 30
Corn Growers' Association, grant.	30 00
W. W. Edwards, 2 sheep and two lambs killed by dogs.	60 00
Ben Gregory, lamb killed by dogs.	10 00
A. Kent, services sheep inspector.	1 00
H. Mansfield, wren, inspector.	5 00
Geo. Prince, wren, on Ladell drain.	307 00
George Rivers, gravel furnished.	80 35
Russell Clark, allowance on Beacom drain.	25 00
Jno. W. Blain, allowance on Beacom drain.	176 00
Jno. W. Blain, work.	400 00
N. Herbert, tickets for D. Ratigan and Elkins Shaw to House of Refuge.	1 75
W. James, 3 lambs killed by dogs.	54 00
A. Bryce, gravel furnished.	68 55
B. Morningstar, " " " " " "	7 90
O. Gilmer, " " " " " "	6 45
Ed. Robertson, damage to buggy and self and Mrs. Robertson.	30 00
Ed. Robertson, sheep inspector.	5 00

Parker-Percy, that the Reeve and Mr. Higgins examine the Cook Drain about the complaint of Robert Laws with power to act or report on same.—Carried.

Higgins-Percy, that this Council take no action with regard to Thos. Gavigan's road work or any other work in Ed. Caughlin's road beat returned undone in 1917.—Lost.

Yeas—Higgins and Percy; nays—Hobbs, Brodie and Parker.

Brodie-Parker, in amendment, that this Council take no action in regard to Thos. Gavigan's road work or any other returned undone by Ed. Caughlin in 1917 without legal advice.—Carried.

The Council then adjourned to meet on Saturday, December 15th, at 10 o'clock a.m., for general business.

N. HERBERT, Clerk.

At the Methodist Parsonage, on Saturday, Nov. 10, 1917, by the Rev. A. E. Moorhouse, Mr. Clarence C. Levitt, of Warwick, to Georgina B., daughter of Mr. and Mrs. Wm. Evans, of Bosanquet.

**Why You Should Buy Victory Bonds**

First, because you are a Canadian. Your country is at war. Our neighbors were attacked by the vandals, of Germany. Canada joined civilization going to the rescue. If you do not want to help in the work of the good Samaritan you are not a Canadian.

Second, if you have money to invest it is your duty and should be your pleasure to bear cheerfully your share in your cost of the war.

Third, Victory Bonds are as safe an investment as anything in the world! After the war they may quite probably sell at an advance, and since you buy them at par that advance would represent additional profit.

Fourth, they are tax exempt.

Fifth, as a tax-exempt bond yielding 5½ per cent., they return a handsome interest.

The Victory Bond is a weapon for the stay-at-home and a wonderful weapon.

Prospects for a large Christmas poultry market in this vicinity are not bright because of the action of many poultry raisers in disposing of large quantities of poultry owing to the high cost of feed.

**YOU cannot consider yourself** in good taste unless your shoes are also perfect fitting and in perfect style. No matter how well your clothes may become you—how attractive you may appear—your shoes must also be neat and stylish if the whole effect is to be perfect.

At this store we carry a stock of the very latest in footwear—comfortable, well made shoes that are built to suit your dress and give you that finished appearance that stamps you as a lady or gentleman.

Come in today and let us show you the latest.

Our stock of RUBBERS is complete at the lowest prices. All Styles.

**LOOK TO THE FUTURE**

Times may change and work become less plentiful for you with advancing years and you will have no such help anywhere as your nice little few hundred dollars saved in some sound Canadian Bank.

Begin now with only one dollar. Make a hobby of it. See how far behind you can leave trouble and hard times. Above all things do not look backward in your run to the harbor of comfort.

WATFORD, ONT., BRANCH - F. A. MacLEAN, Manager.

**DELCO-LIGHT**  
ELECTRICITY FOR EVERY FARM

DELCO-LIGHT helps to keep the young folks on the farm. It brings City Comforts and Conveniences and Economies to the farm home.

And it pays for itself in time and labor saved. Delco-Light furnishes an abundance of clean, safe, economical electric light for house and barn.

It furnishes electric power to pump the water, wash the clothes, milk the cows, separate the cream, churn the butter, operate the electric fan and the vacuum cleaner.

Delco-Light is a simple, economical, highly efficient electric plant that requires almost no attention and that runs on kerosene, gas, or gasoline.

**EAST LAMBTON NOMINATIONS**

Joseph E. Armstrong and Neil McDougall Formally Before the Election

The proceedings in connection with the nomination of candidates to represent the riding of East Lambton in the House of Commons were held in the Music Hall, Alvinston, on Monday, Nov. 19th.

W. E. Fitzgerald, Returning Officer for the Riding, presided.

The Candidates placed their nomination papers, signed by over thirty electors of the riding, in the hands of the Returning Officer.

Mr. Armstrong named as his financial agent Mr. Samuel Pollard, Merchant, of Petrolia, and Mr. McDougall named Mr. Isaac Greenizen, barrister, Petrolia, as his agent.

At the expiration of the time allowed for nominations Mr. Fitzgerald was requested to preside at the speech-making meeting which followed.

It was agreed that each candidate should have one hour in which to explain his political views to the electors, Mr. Armstrong to speak first and to have fifteen minutes to reply. He occupied his allotted time. Mr. McDougall divided his time with Mr. J. H. Fowler of London.

The meeting was a noisy one.

**ARKONA**

Mr. and Mrs. Rich. Wilson spent a few days last week in Thorndale.

Call and see our assortment of ladies collars in latest styles.—Brown Bros.

Dr. and Mrs. Huffman are in Toronto this week.

Mrs. A. Thoman, Jr., is spending a few weeks in Sarnia.

Mr. and Mrs. Reid Crawford, Miss Grace Crawford and Miss Adele Mellor motored to Belmont on Sunday.

Mrs. J. G. Brown is visiting her son Geo. N. Brown, Toronto.

Mrs. P. Blackburn, of Sarnia, spent last week with her parents Mr. and Mrs. A. Thoman, Jr.

Pte. Merridith, of Toronto, spent the week end in town.

Miss Shirley Pressey and Mr. and Mrs. Thos. Kentish, of Sarnia, spent Sunday at Mr. T. Pressey's.

Mrs. S. J. Lucas and two children, of Alvinston, are spending a few days with relatives in town.

A number of ladies of Women's Institute attended the convention in London last week.

Walter Tobias, an ex-chief of the Moravian Indian Reserve, was recently killed in action in France.

**WANSTEAD**

Mrs. T. A. Lampman spent a few days last week visiting friends in Woodstock.

Mrs. Elma Ramsay went to Strathroy last week to visit her sister, Mrs. Baskerville.

Mr. and Mrs. D. O'Brien, Reece's Corners, spent Sunday with Mr. and Mrs. Earl Morningstar.

Mr. John McPhedran, Sr., has rented his farm and will move his family to Crosswell, Mich., shortly.

Miss Myrtle Smith, who has spent the past four months in Manitoba with her sister, Mrs. Stott, returned home last week.

Mrs. W. H. Lawson is critically ill at her home on the second line. Her daughters, Miss Beatrice and Mrs. E. A. Wark, of Detroit, are with her.

A very enjoyable afternoon was spent at the home of Mrs. Elma Ramsey on Tuesday, November 13th, when the members of the Wanstead branch of the Red Cross Society met to elect their officers for the ensuing year. A short musical program was rendered after which the secretary presented a report of the two years' work of the society which included the following: 113 handkerchiefs, 23 day shirts, 53 hospital shirts, 178 pairs socks, 60 suits of pyjamas, 22 sheets, 4 pillows, 23 ties, 44 towels, 75 wash cloths, 17 Christmas stockings, 600 mouth wipes, 58 bandages, 20 pillow slips. Nominations were then received and the following officers elected:—

President, Mrs. Peter McPhedran; Vice-president, Mrs. F. Sanders; Secretary, Mrs. J. Russell; Treasurer, Miss E. Sherk. The Society expressed regret in losing a very active member in the person of Mrs. John McPhedran, and manifested its appreciation of her services by making her an honorary member.

After the business was completed a ten-cent tea was served to the members of the Society and their friends. The treasury showed a balance of \$113.74.

**The Birth of a Nation**

D. W. Griffith's "Birth of a Nation" was given to a good house in the Lyceum on Monday night. The pictures, which are produced by two Simplex machines, with twelve expert operators, include 18,000 people and 3,000 horses, and cost \$500,000. In two and one-half hours one sees the happenings of fifteen years of the most critical period of United States

existence. To watch "The Birth of a Nation" seems as if very history herself rose up as out of some magic caldron and was visualized before your very eyes. A wonderful score of operatic researches accompanies the narrative. It is all done upon a most stupendous scale.

**THE ONLY MEDICINE FOR LITTLE ONES**

Mrs. H. Blanche, St. Pamphile, Que., writes:—"I have obtained great results from the use of Baby's Own Tablets. They are the only medicine I know of that one can depend upon to promptly cure bowel and stomach troubles." The Tablets never fail to relieve the little one and besides the mother has the guarantee of a government analyst that they are absolutely safe. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**December Cosmopolitan**

December Cosmopolitan, now on sale, will prove a mental stimulus to those who love good literature. Articles, serials and short stories by the world's foremost writers, illustrated by the most brilliant artists of our time—are not only interesting and entertaining, but highly inspirational as well.

Fannie Hurst, with her characteristic skill, has woven a beautiful tale of true and unselfish love in "On the Heights." "The Other Lobster," the first instalment of a two-part story by Gouverneur Morris, is written in the customary fascinating manner of this versatile writer, and Edith Macvane offers a problem for deep and serious discussion in "For She Loved Much."

There is another enchanting Henry the Ninth story, by Samuel Merwin, entitled "The Stimulant" and "In Came a Fat Man," by George Randolph Chester, the 101st story written around the characters of Wallingford and Blackie Daw.

Among the other well-known writers in this issue are Rex Beach, Arnold Bennett, Herbert Kaufman, Ella Wheeler Wilcox, Little Langtry and George Ade in short articles and the three vastly interesting and absorbing serials are continued—Owen Johnson's "Virtuous Wives," "Camilla," by Elizabeth Robins and "The Restless Sex," by Robert W. Chambers.

**Mr. Armstrong's Column**

**QUESTIONS for MR. McDOUGALL**

The following list of questions were handed to Mr. Neil McDougall, Liberal Candidate, at the nomination meeting held at Alvinston on Nov. 19th, 1917:

Are you in favor of the Military Service Act?

Do you support Sir Wilfred Laurier's manifesto?

Is Sir Wilfred Laurier your Leader, or, if not who is your Leader?

How do you propose to get the Men and the Money to carry on the war?

Do you believe Voluntary Enlistment Sufficient?

Are you opposed to Union Government, if so what are your Reasons?

Would you have voted for Bilingualism in 1916 had you been a representative?

How would you have voted in Parliament in last Session on the Compulsory Service Act, the Franchise to Soldiers, the War Time Elections Act, and the Referendum?

Will you allow Sir Wilfred Laurier to name you as his follower within the next five days in order that you may receive the support of the Soldiers opposed to Union Government?

Are you in favour of this War time Election?

Mr. McDougall did not attempt to answer any of the above questions, although requested by those present to make reply. He was handed the questions typewritten one hour previous to his speaking.

**What the Food Controller Aims at.**

The Food Controller is well aware that in many homes of the Dominion very considerable economies in food have been effected voluntarily since the war began. In thousands of other homes high prices of food have compelled the utmost economy in selection and in apportionment to the various members of the family. The Food Controller aims that, as far as possible, there should be sufficient and suitable food for the people of Canada at prices which are no higher than are absolutely necessary under present conditions of supply and cost of production.

Seventy per cent of the people of Canada are as thrifty and careful as any in the world. They consume but little or no more than is necessary to maintain their physical strength. The Food Controller does not ask these people to reduce their consumption below the amount necessary to maintain their efficiency, but he does ask them to substitute other foods, as far as possible, for wheat, beef and bacon which are needed by the soldiers overseas. There is still a considerable minority of the people of Canada who can and should reduce their consumption of food by simpler living. Substitution may involve some sacrifice but surely the men at the front are deserving that such sacrifice should be made. Elimination of waste is a patriotic service in which the most humble and the most prosperous can contribute. It is no exaggeration to say that every ounce of waste is a contribution towards starvation.

**TUBERCULOSIS SUNDAY**

Last year, as in years past, nearly every Clergyman and School Teacher, in Ontario helped to spread the Gospel of Good Health on Tuberculosis Sunday and Tuberculosis Day in the Schools.

This year, under the auspices of the National Sanitarium Association, endorsed by the leading Clergymen of all Denominations and by the Department of Education, Sunday, November 25th, and Monday, November 26th, have been appointed for the annual observance of these days.

At no time in the history of the world has the necessity for physical fitness been so great as it is to-day. One has but to scan the reports of rejections for active service abroad to note the many that are unfit. "You have tuberculosis!" has been the pronouncement to thousands of young men in Canada and the United States during the past few months.

A thorough physical examination a year ago might have exposed the weakness and prevented the development of this dread disease; and yet, in spite of such a warning, thousands of men and women will continue to disregard the danger until they too have become victims of Consumption.

If you would avoid this disease, watch your health, avoid needless worry and over-work; see that your food is nourishing and that it is served at regular intervals. Above all—get out in the sunshine every minute you can spare; see that the windows in your place of business and in your home are open so that day and night you may be assured of a plentiful supply of pure, fresh air.

An oil gusher has been struck on D. C. McTavish's farm in Moss after three dry holes being drilled.

**Canada's Victory Loan**

Issue of **\$150,000,000 5 1/2% Gold Bonds**

Bearing interest from December 1st, 1917, and offered in three maturities, the choice of which is optional with the subscriber, as follows:

5 year Bonds due December 1st, 1922  
10 year Bonds due December 1st, 1927  
20 year Bonds due December 1st, 1937

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund. The amount of this issue is \$150,000,000, exclusive of the amount (if any) paid by the surrender of bonds of previous issues. The Minister of Finance however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$150,000,000.

The Proceeds of this Loan will be used for War purposes only, and will be spent wholly in Canada.

Principal and Interest payable in Gold  
Denominations: \$50, \$100, \$500 and \$1,000

Subscriptions must be in sums of \$50 or multiples thereof.

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Interest payable, without charge, half-yearly, June 1st and December 1st, at any branch in Canada of any Chartered Bank.

**Bearer or Registered Bonds**

Bonds may be registered as to principal or as to principal and interest.

Script certificates, non-negotiable, or payable to bearer, in accordance with the choice of the applicant for registered or bearer bonds, will be issued after allotment in exchange for provisional receipts. When these script certificates have been paid in full, and payment endorsed thereon by the bank receiving the money they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer, or registered as to principal, or for fully registered bonds when prepared, without coupons, in accordance with the application.

Delivery of interim certificates and of definitive bonds will be made through the Chartered Banks.

Bearer bonds with coupons will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal only. Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$1,000, \$5,000, or any authorized multiple of \$5,000.

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons, at any time, on application to the Minister of Finance.

**Surrender of Bonds**

Holders of Dominion of Canada Debenture Stock, due October 1st, 1910, and bonds of the three preceding Dominion of Canada War Loan Issues, have the privilege of surrendering their bonds in part payment for subscriptions to bonds of this issue, under the following conditions:—

Debenture Stock, due October 1st, 1910, at Par and Accrued Interest.  
War Loan Bonds, due December 1st, 1925, at 97 1/2% and Accrued Interest.  
(The above will be accepted in part payment for bonds of any of the three maturities of this Issue)

War Loan Bonds, due October 1st, 1931, at 97 1/2% and Accrued Interest.  
War Loan Bonds, due March 1st, 1937, at 96% and Accrued Interest.  
(These will be accepted in part payment for bonds of the 1937 maturity ONLY of this Issue.)

Bonds of the various maturities of this issue will, in the event of future issues of like maturity, or longer, made by the Government, other than issues made abroad, be accepted at par and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

**Issue Price Par**

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

Payment to be made as follows:

10% on December 1st, 1917	20% on March 1st, 1918
10% on January 2nd, 1918	20% on April 1st, 1918
20% on February 1st, 1918	20% on May 1st, 1918

A full half year's interest will be paid on 1st June, 1918.

The Bonds therefore give a net interest yield to the investor of about:

- 5.61% on the 20 year Bonds**
- 5.68% on the 10 year Bonds**
- 5.81% on the 5 year Bonds**

All payments are to be made to a Chartered Bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions accompanied by a deposit of 10% of the amount subscribed, must be forwarded through the medium of a Chartered Bank. Any branch in Canada of any Chartered Bank will forward subscriptions and issue provisional receipts.

In case of partial allotments the surplus deposit will be applied toward payment of the amount due on the January instalment.

Subscriptions may be paid in full on January 2nd, 1918, or on any instalment due date thereafter under discount at the rate of 5 1/2% per annum. Under this provision payments of the balance of subscriptions may be made as follows:

If paid on January 2nd, 1918, at the rate of 89.10795 per \$100.
If paid on February 1st, 1918, at the rate of 79.40939 per \$100.
If paid on March 1st, 1918, at the rate of 69.72274 per \$100.
If paid on April 1st, 1918, at the rate of 59.99539 per \$100.

Forms of application may be obtained from any branch in Canada of any Chartered Bank, or from any Victory Loan Committee, or member thereof. The books of the Loan will be kept at the Department of Finance, Ottawa.

Applications will be made in due course for the listing of this issue on the Montreal and Toronto Stock Exchanges.

Subscription Lists will close on or before December 1st, 1917.

DEPARTMENT OF FINANCE,  
OTTAWA, November 12th, 1917.

## SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-LIVES"

**ALBERT VARNER**  
 Buckingham, Que., May 3rd, 1915.  
 For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-lives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-lives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-lives", and you will get well".  
**ALBERT VARNER.**  
 50c. a box, 6 for \$2.50, trial size, 25c.  
 At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

**HIGH COLLARS TO BE WORN**  
 Silhouette is Slim and Gray is Used Lavishly, Being Combined With Many Other Colors.

New York.—There comes a time in every woman's life when she wants fashions in paragraphs or, probably, a better way to put it is that she wants

The material used in this evening gown is supple satin in pink and mauve orchid tones. The bodice is cut in irregular points over hips, and there is a wattleau train dropped from the shoulders. The short sleeves are finished with chinchilla.

her news capsuled so that she can digest it in the quickest and easiest manner.

These are stirring times in the world of buying and selling women's apparel. Contrary to all the expectations of the pessimists and the croaking of the gloomy prophets, there is a scramble for enough merchandise to sell to the women on this continent at this moment. They have money; they want new clothes; Paris has sent alluring costuriers quite in keeping with our spirit of war-time dressing; the shops are crowded, and the bulk of the buying has gone to the people who offer clothes that are not eccentric or over-priced.

When fashions are slack, women have time to read about them in detail when they are being rushed across the stage; but now, as in an exciting movie, there is no time for comment or philosophy, for theory or observation. "News! Give us news!" is what the people cry who want to go out tomorrow morning and buy.

This is no time, therefore, to dwell upon one subject and embroider it a bit in an attempt to catch a woman's fancy. There is so much to say that there is not half enough space in which to say it.

A colossal cornucopia of fashions has been shaken out over the heads of women, and one is catching as one can catch here and there. So much is changed, so much that is new is offered, so vast a variety of stimulating and enlivening fashions have fallen from the skies, as it were, that women, ever alert for interesting clothes at this season of the year, are asking a thousand questions and adding more before these are answered.

Under this stimulus, the one who reports fashions must try to meet the situation by turning out the news in that old, old form of journalistic expression known as the reporter's notebook. After a while, affairs will simmer down. They will establish themselves on a sound basis and probably remain on that foundation until next February. However, there is no hope for calm at this moment and therefore, I pour out all the news of the hour in paragraphs. They cover the situation as far as it goes.

**High Collars in Blouses.**  
 The strongest evidence that women will wear high collars in the winter, is that they are appearing in the cheap, ready-to-wear blouses. Some of these are boned and fit the neck. Others have a ruffle at the top of the high edge. Neither style is as attractive as the one that flares at the top in

EATS DIRT  
 MADE IN CANADA  
**GILLETT'S LYE**

the French fashion and envelopes the flesh at the top of the neck instead of pushing it up.

The strong desire shown by the great designers is to follow the lines of the figure in all gowns. This eliminates petticoats in a large measure. When they are worn, they must be exceedingly slim and of soft material.

The tendency toward the directoire gown is more marked as the autumn advances, especially as regards colorful waistcoats that fit the figure.

Kolinsky will hold its place as the leader of peltry this season. It will be lavishly used for trimming street suits. Hudson seal ranks high. Its soft and pliable skin allows it to fit in with the clinging drapery of the year. Manufacturers say there is a strong demand for fine grades of Hudson seal, especially for coats. Straight boxcoats that flare slightly at the hem, will be fashionable.

Jet, in every form, will be acceptable this year. The reappearing of the old mines in England, which were once worked by the monks, has given a strong impetus to the trade in black crystal. Sequins will not be used. The surface will be faceted and highly polished. Entire gowns of jet in superb design, mounted on black tulle, will be offered as the first fashion for evening, although they are very expensive.

Jet buttons will be put on gowns of serge, satin, velour and velvet. Belts of jet will be used on one-piece frocks for the afternoon. The cadet sash of the hour, which is used on short coats as well as frocks, will be weighted with thick jet tassels.

In more ways than anyone could think were possible, gray is mixed with other colors. It is especially effective when placed with subtle shades of blue. Violet, heliotrope, salmon, watermelon pink and flame red are some of the colors which are put with gray gowns to be worn for all hours of the day and evening. Gray one-piece frocks for the street, offered as a substitute for tailored suits, have fitted, medieval corselets made of braid.

Careless cravats on the most formal suits, gain in importance. This kind of neckwear started in Paris last May, but the American dressmaker did not take it seriously until the new autumn models arrived.

These cravats are made of the cloth of the suit, lined with a fanciful fabric, or they embody a brilliant color scheme, which has many advantages in that it brightens the suit and often makes it more becoming to the wearer.

So far, the high, stiff, military coat collar has not appeared, but every other kind of collar that mounts to the chin has been employed to supply the demand for high neckwear.

The trench muffler is delighted in by many women, whether it is made of fur or cloth. It almost disguises the face, it envelops so much of the lower part of it.

### Ostrich Plumes Again.

Ostrich plumes are slowly coming back into fashion. Paris provided them for the great middle class of women who suddenly became well-to-do through high salaries. These women believe that sealskin coats, diamond solitaires and ostrich feathers are still the symbols of wealth.

## NOTHING

was capable of healing a bad running sore, from which my husband suffered, until he used Zam-Buk," writes Mrs. B. Ellis of Castleton, Ont. "The sore, which was on his foot and was caused by frost-bite, had penetrated to the bone. The pain he suffered from the inflammation was so bad that he could not sleep. He tried every remedy he had ever heard of

## BUT

nothing gave him relief until he tried Zam-Buk. Within two hours after the first application the pain was eased. With perseverance the inflammation was drawn out and then entirely reduced. The pain then entirely disappeared and soon the sore was completely healed."

You cannot make a mistake in using Zam-Buk for eczema or any skin trouble, and it is equally good for boils, ringworm, blood-poisoning and piles. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

## ZAM-BUK

What was true of France quickly became true of England. Although plumes are selling there today at \$90 and \$100 apiece, because of reduction in supply, there are buyers aplenty for them. It is expected that the industrial condition of America will be the same as that which has prevailed in England and France during the latter part of the war, and that the women, who are the real spenders of a nation, will buy clothes more lavishly and recklessly than they have for a century. The reason for this is that they are taking the places of men and getting money to spend without asking men for it.

As for the ostrich feather in America, it is slowly making its appearance, but it is sponsored by so many good houses that no doubt it will appear

Four-cornered black velvet hat with crown of horizon blue ribbon. Upstanding ostrich plume also in blue.

on many hats when the cold weather comes.

Hatter's plush is strongly endorsed by the milliners for women's street hats. It will also be used for the brims of the large picture hats which have collapsible velvet crowns. Fortunately for the majority of women, the bell-shaped hat which was in fashion last summer, will be retained for the winter in this new material.

(Copyright, 1917, by the McClure Newspaper Syndicate.)

### Are French Heels Going?

There is no doubt of the fact that French heels are doomed for street wear, but this does not mean that they will not still be worn indoors. French heels were never really intended for walking, and the wonder is that women of good sense and good taste have for so long been willing to follow the vogue for high-heeled walking shoes. The French-heeled shoe undoubtedly gained popularity because of the short skirt, and many persons have predicted that the sensible walking shoe would not return to favor until the short skirt had passed out of fashion. But as indications point new skirts are still to be moderately short, and at the same time women are to wear sensible heels.

Externally or Internally, it is Good.—When applied externally by brisk rubbing, Dr. Thomas' Electric Oil opens the pores and penetrates the tissues as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affections of the bronchial tubes and respiratory organs. Try it and be convinced.

### Mother Shipton's Prophecy

A reader has asked for the words of Mother Shipton's famous prophecy, which dates from sometime in the fifteenth century. A version of the original prophecy in doggerel rhyme was put into circulation by one Charles Hindley, about 1862, including two final lines, added by himself on his own confession. The remainder of the forecast has apparently been fulfilled: Carriages without horses shall go. And accidents all the world with woe. Around the world thoughts shall fly In the twinkling of an eye. Water shall yet more wonders do, Now strange, yet shall be true. The world upside-down shall be, And gold found at the foot of a tree. Through hills men shall ride, And no horse nor ass be at his side. Underwater man shall walk, Shall ride, shall sleep, shall talk. In the air men shall be seen, In white, in black, in green. Iron in the water shall float As easy as a wooden boat. Gold shall be found 'mid stone In a land that's now unknown. Fire and water shall wonders do; England shall at last admit a Jew. And this world to an end shall come In eighteen hundred and eighty one.

### SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

"Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.  
 (Signed) MRS. MARGARET E. SNIDER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL, and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

Two complete sets of controlling devices feature a new automobile designed for instruction purposes.

An especially loud electric bell of English invention is rung by a motor instead of the usual magnet.

To remove grease and dirt from machinery with gasoline is the purpose of a new compressed air syringe.

A broiler invented in England consists of a tent-shaped wire in which meat is hung over stove openings.

Several years of experimenting in Cuba have shown that sea island cotton can be grown there successfully.

During the past season the farmers around Crinan had a serious time to harvest crops on account of the scarcity of labor. Many women were forced to work in the harvest. Several of them assisted in the hay fields with the loaders also in the grain fields. One woman built over seventy loads during the season, while several others took the places formerly occupied by the hired men on the farms.

Worms cause fretfulness and rob the infant of sleep, the great nourisher. Mother Graves' worm exterminator will clear the stomach and intestines and restore healthfulness.

**LETTER FROM PREMIER HEARST**

To the Young Men and Women of Ontario

In view of the uncertainty as to the end of the war it is essential to conserve and use to the best possible advantage all resources of the country both human and material. When peace comes the struggle for existence will not cease. Wasted lands must be restored and the economic loss which the world will have suffered must be made up. Science will be called upon to reinforce industry, to create the most favorable conditions for human life, and as far as possible to rehabilitate the world. There will be a great demand for leaders in every department of science, medical and applied, and in the other professions, including teachers in school and college; for we must have educated people if we are not to fall behind in the race. War has already cut off a large number of the best of those who were looking forward to such work, and as the conflict continues the number will greatly increase. It is, therefore, of the utmost importance that the young men and women of the Province who are now in the schools and who are preparing to enter the universities should show their patriotic spirit by using every diligence in their work, and that the young men should enter the universities, begin their career, whether in the Arts course or the professions, so that when the call for military service comes to them at the age of twenty, if such a call is then necessary, they will have completed satisfactorily a portion of their university training. When they return, as I hope they will, after their active service they will then be able to resume, with the least possible loss of time and energy, their professional or academic career where they dropped it.  
Sincerely yours,  
W. H. HEARST,  
Prime Minister.

Toronto, October 24th, 1917.

A Simple and Cheap Medicine.—A simple, cheap and effective medicine is something to be desired. There is no medicine so effective a regulator of the digestive system as Parnee's Vegetable Pills. They are simple, they are cheap, they can be got anywhere, and their beneficial results will prove their recommendation. They are the medicine of the poor man and those who wish to escape doctor's bills will do well in giving them a trial.

**MAXWELL**

We Announce the  
**New Winter Maxwell**

The car that makes winter motoring in Canada practical—economical—comfortable.  
And motoring, to-day, is an all-the-year-round passenger-transportation NECESSITY.  
The Maxwell "all weather top" meets this vital modern transportation need in the most practical way.  
The cars are the famous Maxwell touring car and roadster—economical, efficient, durable.  
The new thing—the big, progressive thing—is the enclosed top, which gives snappy appearance and closed car comfort at much less than closed car prices.  
This is just what you have wanted. Come to our salesrooms and see the cars.

Touring car with all-weather top \$1200  
Roadster with all-weather top - - \$1165

**Board Pays Own Way**

The Ontario License Board is self-sustaining. The Government was prepared to maintain this department of the civil service at a loss, provided that the prohibition legislation which became effective in the province over a year ago, was properly enforced. The Temperance Act has now been in successful operation over a year and the Cabinet may be agreeably surprised to learn from Chairman J. D. Flavell and his colleagues of the License Board one of these days that the revenue derived from prosecutions of blind-piggers and others who failed to obey the law will be more than ample to meet the expenditure of the board in enforcing the law. Nor does this take into account the substantial amounts which have gone into the coffers of the various municipalities of the province. In cases where the municipality prosecutes the entire revenue from the fines, while if the Board prosecutes the Board collects the fines.

The little five-year-old son of Everett Bertrand, of Kingsville, when lighting the gas in the stove last Sunday morning ignited his nightie and was very badly burned about the stomach. The little fellow has been suffering intensely ever since.

Watford, November 19th, 1917.

#### NOTICE

IN pursuance of section 27, sub-section 3, of the Dominion Elections Act, notice is hereby given that Neil McDougall, a candidate for the Electoral District of Lambton East, has appointed Isaac Greenstein, of Petrolia, Ont., Barrister-at-law, his official agent.

W. E. FITZGERALD,  
Returning Officer Lambton East,  
Watford, November 19th, 1917.

#### COMMUNICATIONS.

[We do not hold ourselves responsible for opinions expressed by correspondents.]

Kerwood, Nov. 19th, 1917.

DEAR MR. EDITOR:

In reply to an article in last week's paper—a reply of Mr. Edwards to an item in your paper some time ago in regard to the price of hogs paid by the buyers of Kerwood, he states that I had my pigs sold the week before, but I did not have them sold until the Tuesday morning before I shipped on Thursday. He states that he paid \$16.80 and received \$17.00, less 1/2 per cent. which would be 8 1/2 c per cwt., which would leave him 11 1/2 c per cwt. clear—where would be his loss of \$48.37 which he states he had on his shipment of hogs? In regard to my saying I had the pigs sold the week before I shipped I only had them sold the Tuesday before at \$18.00 a cwt.

H. FREER.

#### Address and Presentation

At the last regular meeting of the Silver Leaf Farmers' Club, 4th line east, Watford, on Nov. 12th, Mr. T. A. Gaul, former Secretary, who is leaving this section, was presented with a "secretary" as a mark of appreciation of his services to the Club. The presentation was accompanied by the following address which was read by Mr. A. Kersey, the present Secretary:

MR. T. A. GAUL,  
Dear Fellow Member:—  
Hearing that you are about to leave this section, we, the members of the Farmers' Club, take this opportunity of thanking you for the excellent service rendered the Club. We have ever found you kind, obliging and faithful in the discharge of your duties as secretary of the Club. We ask you to accept this "secretary" to show our appreciation of your services, and you have our best wishes for all future prosperity in your new home.

Signed on behalf of the Club,  
J. MCINTOSH,  
ROGER S. MILLER.

#### SERIOUS ILLNESS AVOIDED

Many a serious illness has been avoided by the prompt use of Dr. Williams' Pink Pills. These pills actually enrich and purify the blood, and in this way build up the system, tone and strengthen the nerves and invigorate the vital organ. Serious diseases generally come from some simple disorder that has been neglected. Therefore any thinning of the blood should be looked upon as a warning sign, and more serious illness should be avoided by the use of Dr. Williams' Pink Pills. In the case of young girls and women the blood is peculiarly liable to get out of order—to become thin and watery—and to lead to a general breakdown in health. This can be avoided by the occasional use of Dr. Williams' Pink Pills, which are suitable for the most delicate constitution. These pills will give you a new appetite, improve your digestion, tone and strengthen weakened nerves, banish depression and lack of energy, clear the complexion of pimples and blotches, cure pain in the back and general weakness, the disappearance of headaches, dizziness and heart fluttering. Give these pills a fair trial and you will soon note a wonderful change in your condition. Your spirits will brighten, good health and strength will return and you will feel like a new person. You can confirm these statements by inquiring among your friends almost anywhere, as thousands and thousands of hopeless sufferers have been restored to new health and energy by using Dr. Williams' Pink Pills.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brookville, Ont.

#### Death of Mrs. Wm. Dolbear

The death occurred, from pneumonia, at her home in Brooke, on Saturday, Nov. 3rd, 1917, of Mrs. Wm. Dolbear, one of the pioneer residents of Brooke Township. The deceased was born on Dec. 14th, 1838, being the eldest daughter of the late Mr. and Mrs. Philip Annett, of Euphemia. In her younger days she attended the Wardsville High School and became a very successful school teacher, teaching for six years in the schools of Brooke and Euphemia townships. In 1869 she married Wm. Dolbear and settled in the woods on the farm where she died.

In spite of her advanced age, Mrs. Dolbear possessed a wonderful memory and bright mind and took a keen interest in everything connected with her home and country till the last. Besides her aged husband, she leaves to mourn the loss of a kind and loving mother, four children:—Mrs. Chas. McCarter, Alvinston; Fred, Brooke; Mrs. Robt. Alderman, Brooke; and Peter at home; also two brothers, James of Watford, and Isaac of Detroit, and one sister, Mrs. Thomas Walker, of Caledonia.

The funeral was held from the family residence on Monday, November 5th, at 2 p.m. and was attended by a large number of friends and neighbors who gathered to pay a last tribute to one much loved by all. Interment was made at the Alvinston cemetery, the pall-bearers being Alfred Morrison, Parlaun McTavish, Robert Grey, Dougald McIntyre, Dan McKellar and Robt. McVicar.

#### ADELAIDE

The following is taken from the St. Ignatus (Montana) Post: "Mrs. Fred Watson passed away at the local hospital early Sunday morning, October 21st, of acute organic heart disease, following an operation for appendicitis. For several days subsequent to the operation, which took place on the 16th, she had been in a critical condition, but her death was unexpected, and came very suddenly. Her husband was called as soon as the alarming symptoms appeared. Her loss is a terrible blow to her husband and little daughter, and is mourned in every home in the community. The remains of Mrs. Watson were shipped on Monday to Ontario, for interment in the family plot in the cemetery at Strathroy, Lizzie McChesney Watson was born in Adelaide on February 11th, 1887, and was 30 years of age. She graduated from the High School at Watford and later from London Normal. In March, 1912, she became the bride of Fred Watson, and a year later with her husband came to Potomac, Montana. In 1913, the family moved to their farm at St. Ignatus, where they have since made their home. Here in 1915, was born their only child, Kathleen Agnes, aged 2 years and 2 months. The grief-stricken husband and little daughter left Missoula for Ontario on Monday evening, on the same train that carried the remains of the wife and mother. Friends of the family from here and from their former home in Potomac, journeyed to Missoula to bid them farewell. The St. Ignatus Masonic Lodge, of which Mr. Watson is a member, went to Missoula on Monday to do what they could to ameliorate the terrible grief of their bereaved brother."

Ross Robinson, a farmer of Southwood Township, in starting a stationary gasoline, was caught in the fly-wheel and sustained perhaps fatal injuries. He suffered 11 cuts about the head, his right arm was almost wrenched from his body, his left was smashed in two places, and his collar bone and shoulder blade were broken.

#### A Rousing Meeting

Those who attended the Annual Meeting of the Watford Branch of the Bible Society in the Baptist church last Thursday evening enjoyed a rare treat. The president, Rev. Mr. Connors, presided, the other ministers of the town were present and took part as requested. The choir was composed of members from the different choirs of the towns, Miss Sadie Clark, also rendered an appropriate solo.

Rev. R. J. Bowen, the District Agent of the Bible Society, was present and gave a masterly address, full of interest concerning the work of the Society in general and especially under war conditions. He referred to the Emergency Fund calling for \$150,000 made necessary by the unusual demand for Bibles and at the same time the enormous increase of cost in publishing. When Mr. Bowen spoke of England under war conditions he not only interested and held his audience but inspired and enthused them as he depicted England, sobered but alert, eager and self-sacrificing in the great struggle in which she is so absorbingly engaged. As the speaker went on all felt proud of England and of the fact that too are British, but a little ashamed that we do so little comparatively.

Mr. Bowen will be welcomed when ever he comes. An effort is being made to secure him for Sunday evening, Dec. 16th, for a union service in interest of this work.

Rev. Mr. Tiffin is the president elected for this year, the other officers being re-elected:—Vice-president, John Mc Kercher; Secretary, Dr. Hicks; Treas., J. W. McLaren; representatives, W. H. Shrapnell, S. W. Louks, W. Marwick, W. Harper, J. Mc Kercher.

An expression of appreciation was conveyed to the collectors of last year for their faithful service, \$150.23 being collected.

#### Watford Women's Patriotic League

The 3rd annual meeting of the Woman's Patriotic League, was held at the home of the President, Mrs. W. M. Shore, at the Rectory, Watford Village, on Wednesday afternoon, Nov. 14th. There was a splendid turn out, to hear the report of what the League had been doing in the past year. Mr. C. Hawkins made a very excellent chairman. The President's address also was very good. The speaker, Dr. Hubbard made a very forceful address. The two points he dealt on, were, first the conservation of food, and secondly he advocated the campaign system as a means of income. The following ladies took part in the very excellent program, that was rendered, Miss Ross, Miss Thornicroft, Mrs. H. O'Neil, and Miss E. Richardson. The Officers reports were extremely good, 27 meetings having been held during the year. The total income from all sources was \$1055.18. Besides buying flannel, etc., the League has adopted a prisoner of war, also sent \$25.00, to the French Flag Fund, and \$10 to Mrs. McFiedran for the soldiers sock fund. Also a wheel chair valued at \$40 was donated by the League to the Soldier's Hospital, and is at present being used by five invalided soldiers. 25 bales were sent to Hyman Hall, which contained the following articles: 344 grey shirts, 7 helpless shirts, 322 suits of pyjamas, 159 towels, 165 pillowslips, 16 sheets, 125 handkerchiefs, also 396 pairs of socks.

Total value of bales \$1300, sent for the soldiers. All the officers were re-elected, Mrs. H. Vance gave a very good reading on Women's Work; Mrs. Burton read an extract that was practically a call to those women who were not working, to pitch in, and do their bit, in some way or other. While the members of the League were preparing the lunch, Mrs. R. Laws and Miss McGregor gave a very excellent duet. The collection amounted to \$33.15 with \$200 for the soldiers comforts. The officers of the League are:—Pres.—Mrs. W. M. Shore; 1st. Vice-Pres.—Mrs. Burton; 2nd Vice-Pres.—Mrs. Cook; Treasurer—Mrs. O. Richardson; Rec. Secretary—Mrs. J. Kirvell; Cor. Secretary—Mrs. B. B. Dann.

#### District Enumerators

Mr. W. E. Fitzgerald, returning officer for the East Riding of Lambton, has appointed the following enumerators for this district, who will compile the official Voters' List for their respective sub-divisions. The lists will be posted up fifteen days before election for the inspection of the voters, when errors and omissions can be rectified by making application to the enumerator for the division.

#### TOWNSHIP OF WARWICK

Polling sub-division No. 1—Geo. H. Pike, No. 2—James Sayers, No. 3—N. Herbert, No. 4—Ambrose G. Logan, No. 5—Jos. McCormick, No. 6—Chris. Watts, No. 7—R. Adams.

#### TOWNSHIP OF BROOKE

Polling sub-division No. 1—Jonas Cox, No. 2—Jos. Tait, No. 3—C. E. Atkin, No. 4—S. Woods, No. 5—Les. W. Oke, No. 6—Don. A. McIntyre, No. 7—A. Rundle, No. 8—G. W. Lucas, No. 9—John McIntyre, No. 10—R. Williamson, No. 11—Geo. R. Shirley, No. 12—Paul S. Kingston.

#### TOWNSHIP OF BOSANQUIT
