JOURNAL OF EDUCATION

NOVA SCOTIA

NEW SERIES.

APRIL, 1891.

Vol. XI. No. 2.

OFFICIAL.

The following Regulations supersede those formerly in force respecting the JOURNAL OF EDUCATION:—

I.—The JOURNAL OF EDUCATION shall hereafter be published semi-annually, in the months of April and October respectively, and shall continue to be the medium of Official Notices in connection with the Department of Education.

II.—The JOURNAL will be furnished gratuitously, according to law, to each Inspector, Chairman of Commissioners, and Board of Trustees, and will be supplied to other parties wishing it at the rate of ten cents per copy.

III.—Each Secretary of Trustees is instructed and required to file and preserve the successive numbers of the JOURNAL for the benefit of his fellow Trustees and the Teacher or Teachers of his section, and their successors, and to inform his associates in office and the Teacher or Teachers of its receipt, so soon thereafter as may be convenient.

Syllabus of Examination, agreeably to which the Examinations of 1891 are to be conducted.

REQUIREMENTS COMMON TO B, C AND D GRADES.

NOTE.—Separate papers will be prepared for each grade, carefully adapted in scope and difficulty to the grade in question.

1. The School System and School Management. (One paper)
 - (a) To be familiar with the law relating to Public Schools in Nova Scotia, and the Regulations of the Council of Public Instruction,—particularly those portions bearing on the relations and duties of teachers.
 - (b) To evince a knowledge of School Organization under the Provincial Law and Regulations, and grading of pupils, the systematic arrangement of studies, the design and proper methods of discipline, and the conditions of physical comfort in school-room work.
2. TEACHING. (One paper). To furnish in the form of answers to questions and notes on suggested subjects of instruction, proof of competent knowledge of the correct methods of teaching.
3. READING AND SPELLING.
 - (a) To read with readiness, correct pronunciation and due regard to elocutionary emphasis and pauses.
 - (b). To spell correctly the words made use of.
4. WRITING: To write a fair, legible hand.

GRADE D.

I.—LANGUAGE.

English Grammar.—(One paper.) 1. *Lessons on Language* in prescribed text-book. 2. The leading principles of etymology and syntax. 3. Analysis of simple sentences.

Composition. (One paper.) 1. Sentence-building, and correction of sentences involving the wrong use of words. 2. Constructing a simple narrative from furnished notes, or writing a brief essay on a prescribed topic of familiar character. 3. To show a knowledge of the proper use of capitals, and the elementary principles of punctuation.

(a) To be familiar with the law relating to Public Schools in Nova Scotia and Regulations of the Council of Public Instruction,—particularly those portions bearing on the relations and duties of teachers and on the organization and operation of County Academies.

(b) To understand thoroughly the principles of school organization, the principles and methods of classification, the proper correlation and sequence of studies, the true aim and right modes of discipline, and the proper conditions for securing the moral and physical well-being of pupils.

(c) To be familiar with the history of leading Educational Reformers and their systems. (Under this head Quick's "Educational Reformers," may be advantageously consulted. An American edition is published by R. Clarke & Co., Cincinnati.)

Teaching. (a) To have an understanding of the faculties and fundamental laws of the human mind in their application to the science and art of education generally. (Sully's *Teacher's Handbook of Psychology* recommended.)

(b) To practically apply the principles thus derived to the teaching of particular subjects, especially those embraced in a High School course of study.

II.—CLASSICS.

1. *Latin and Greek Grammar.* To have such a knowledge of Latin and Greek Grammar as may be gained from Harlness's or Allen & Greenough's Latin Grammar, and Hadley's or Goodwin's Greek Grammar. To test the candidate's knowledge of Latin and Greek as distinguished from that of particular Latin or Greek authors, each Grammar paper will contain a short passage from some unspecified author to be translated *at sight*.

2. *Translation.* To be able to translate without the aid of a dictionary any assigned passage, or passages, from the following authors:—

Latin:—Caesar, *De Bell Gall.* Books IV and V. Virgil, *Aeneid* Book II. Horace, *Odes* Book IV. Livy, Book XXI.

Greek:—Xenophon, *Anab.* Books V and VI. Euripides *Alcestis*. Demosthenes *De Corona* to the 220th paragraph. (documents to be omitted.)

Note. Candidates will be held liable to answer all historical, geographical, and grammatical questions arising from the extracts assigned for translation or from any part of the book to which they belong. They must also be well versed in Latin and Greek Prosody, and be able to scan any assigned passages in Virgil and Horace.

3. *Composition.* To have such a knowledge of Latin and Greek Prose composition as may be gained from *Principia Latina*, Part IV, [or from Arnold's *Latin Prose Composition*] and *Initia Graeca*, Part III [or from Arnold's *Greek Prose Composition*.]

4. *History.* To have a good knowledge of Greek and Roman History as contained in Smith's *History of Greece*, and Liddell's *History of Rome*.

III.—MATHEMATICS AND SCIENCE.

Geometry. Plane and Solid Geometry, as in Hamblin Smith's Treatise.

Algebra. As in Todhunter's *Advanced Algebra*, or any equivalent-treatise.

Chemistry. As in Wilson's *Inorganic Chemistry*.

Natural Philosophy. As in Wormell's treatise.

Note. For the present year candidates may substitute for either Chemistry or Natural Philosophy, French as prescribed in Grade B Syllabus.

Physiology and Hygiene. As in Huxley and Youman's treatise.

IV.—ENGLISH LITERATURE.

As prescribed in Grade B. Syllabus.

REGULATIONS RELATING TO WRITING AND SPELLING.

I. It is ordered that the following additions shall be made to the Standards of Awards in respect to all grades.

The Memos. and Official Envelopes for Provincial Examiners shall provide for the valuation by each Examiner of the papers of each Candidate in respect to penmanship, general style of mechanical execution, proper use of Capitals, etc., under the general head of *writing*. Each candidate's paper in each general group shall be ranked as *good, fair* or *bad*. The average otherwise obtained shall be increased .5 for each set of papers marked *good*, and diminished .5 for each set of papers marked *bad*: papers marked *fair* shall not affect the general average.

II. In order to encourage the giving attention to correct spelling, the examiners shall note and report the number of ordinary English words wrongly-spelt by each candidate, and in every case where the number is under 6, an addition equal to one-half of the difference between it and 6 shall be made to the candidate's average of marks. When the number of misspelled words exceeds 6, a reduction shall be made from the candidate's average of marks equal to one-half the difference between such number and 6, provided that the reduction thus made shall in no case exceed 3. A

candidate applying for a license of any grade, making the required average, but mis-spelling more than 12 words, shall receive a license of the Grade next below the one applied for, but candidates for the Third-class licenses shall, in this case, receive a special Permissive license good for one year.

REGULATIONS REGARDING THE EXAMINATION.

The ensuing Annual Examination for Teachers' Licenses will be conducted agreeably to the following Regulations, and everything in regulations heretofore in force inconsistent therewith is repealed:

1. The following classes of persons, satisfying the conditions hereinafter to be named, will be admitted to examination, free of expense:

- CLASS 1. Persons holding Provincial Licenses (not local permissives.)
- " 2. Persons having obtained Professional Classification at Normal School.
- " 3. Persons who produce certificates satisfactory to the Superintendent of Education, of graduation at Training or Normal School outside of the Province.

II. Other Persons will be admitted who, besides satisfying conditions to follow, shall pay when admission is applied for fees at the following rates: For Grade A, \$5; Grade B, \$3; Grades C and D, each \$2. These Candidates shall be known for the purposes of Examination as Class 4.

CONDITIONS REQUIRED OF ALL CANDIDATES.

Each candidate shall forward to the Inspector of the District (not to a deputy Examiner other than Inspector) not later than June tenth, an application for admission to the examination, in the form furnished in the sequel. This application shall be accompanied with certificates, bearing date within three months of time of application, signed by a Minister of Religion or Her Majesty's Justices of the Peace, to the effect:

1. That the Candidate applying for First Class License (Grade B) is, if a male, of the full age of 18 years; if a female, of the full age of 17 years.

2. That the Candidates applying for Second or Third Class License (Grade C or D) is, if a male, of full age of 17 years; if a female, of the full age of 16 years.

3. That the Candidate is a person of good moral character.

Note. Candidates will be considered as fulfilling the conditions of age above required who shall reach the limits specified according to grade and sex by the day on which the next ensuing Annual Examination shall begin—this year, July 21st—The regulations regarding age are passed for the protection of public interests, and no official of the Educational Service has any authority to entertain applications for waiving them to meet the wish of individuals.

ADDITIONAL.

1. Each Inspector shall forward, not later than June twenty-fifth, to the Superintendent of Education, a list of the applications received, on a form to be supplied from the Education Office, transmitting therewith all connected certificates, vouchers and moneys, having duly classified and checked the same in the form aforesaid.

2. Each Candidate whose application is regular, shall receive from the Superintendent of Education, through the Inspector, a certificate of admission to the Examination at least one week before Examination begins; and a list of such candidates shall be furnished to each Examiner. Candidates may enter in their application such Station as best suits their convenience, but in respect to those counties which have had two examination Stations, the right is reserved of confining the Examination to the Central Station in charge of the Inspector, if expediency shall so dictate; in which case due notice of the change will be given to all concerned.

3. Candidates in actual attendance at the Normal School during term preceding Examination are not required to make individual application. Instead, the Principal of the Normal School shall make a general application in their behalf, clearly stating all required particulars, collecting fees from those not exempted as included in Classes 1 and 2, and stating that he is in possession of required certificates of age and good moral character.

4. Both Candidates and Inspectors are given to understand that the dates above specified are to be strictly observed. The latter officers are not to receive applications after date. Candidates are in no case to be admitted without the certificate of admission above referred to.

5. FORM OF APPLICATION.

.....189.

To the Superintendent of Education:

Sir,—I hereby make application to be examined for License to teach in the Public Schools of Nova Scotia, according to prescribed Syllabus for Grade..... at the Examination to be held at..... Station, on the... day of July, next. I make application as Candidate included in Class... in Published Regulations of Council of Public Instruction, and enclose certificates of age and character. I solemnly affirm that I am, at the date of this application, of the full age of... years. I also enclose vouchers to substantiate my claim to examination under Class.....

*In respect to age, it will be sufficient for the parties certifying to the good moral character of applicant to express their belief, founded on proper enquiry, that the applicant's own statement as to age is truly and honestly made.

Candidates belonging to class I will simply state the number, grade and date of their license, and the Examination Station at which obtained.

†This blank is to be filled with the minimum age required by regulation for the grade applied for, i. e., 16, 17, or 18, as the case may be, and not necessarily with the exact age of the candidate.

‡Candidates belonging to class IV will substitute for last sentence,—I also enclose the required fee of \$.....

BOND OF SECRETARY TO TRUSTEES.

The following is the proper form of bond:

PROVINCE OF NOVA SCOTIA:

Know all men by these Presents, That we (*name of Secretary*), as principal, and (*names of sureties*) as sureties, are held and firmly bound unto our Sovereign Lady Victoria, by the grace of God, of the United Kingdom of Great Britain and Ireland, Queen, &c., in the sum of..... of lawful money of Canada, to be paid to our said Lady the Queen, her heirs and successors, for the true payment whereof we bind ourselves, and each of us by himself, for the whole and every part thereof, and the heirs, executors and administrators of us and each of us, firmly by these presents, sealed with our seals, and dated this... day of....., in the year of our Lord one thousand, eight hundred and..... and in the..... year of Her Majesty's reign.

Whereas, the said (*name of Secretary*) has been duly appointed to be Secretary to the Board of Trustees of..... School Section No..... in the District of.....

Now the condition of this obligation is such: That if the said (*name of Secretary*) do and shall, from time to time, and at all times hereafter, during his continuance in the said office, well and faithfully perform all such acts and duties as do or may hereafter appertain to the said office, by virtue of any law in this Province in relation to the said office of Secre-

tary of Trustees, and shall in all respects conform to and observe all such rules, orders or regulations as are now or may be from time to time established for or in respect of the said office, and shall well and faithfully keep all such accounts, books or papers as are or may be required to be kept by him in his said office, and shall in all respects well and faithfully perform and execute the duties of the said office; and if on ceasing to hold the said office, he shall forthwith, on demand, hand over to the Trustees of said School Section, or to his successor in office, all books, papers, moneys, accounts and other property in his possession by virtue of his said office of Secretary—then the said obligation to be void—otherwise to be and continue in full force and virtue.

Signed, sealed and delivered } [*Name of Secretary*] (Seal)
in the presence of } [*Names of Sureties*] (Seal)

[*Name of Witness*]

We, the subscribers, two of Her Majesty's Justices of the Peace for the County of..... do certify our approbation of..... [*names of Sureties*] within named as sureties for the within named [*Name of Secretary*], and that they are, to the best of our knowledge and belief, persons of estate and property in the said County of..... and of good character and credit, and sufficiently able to pay, if required, the penalty of the within bond.

Given under our hands this.... day of..... A. D., 18...

OFFICIAL NOTICES.

SUMMER VACATION.

The following are the revised Regulations of the Council of Public Instruction respecting summer vacation in the Public Schools:—

1. The vacation for the present year will begin on Saturday, July 18th :
2. Schools will re-open as follows :—
 - (1). In general, on Monday, August 17th, but Trustees of any school may at their discretion, without loss of grants, defer the reopening until Monday, August 24th, taking care in all cases to give due notice of this extension to the Inspector of Schools in connection with the sectional return sent in at the close of the term. *When such notice is not given, in any case of doubt it will be assumed that only the four weeks' vacation was taken.*

(2). In all incorporated and county towns, on Monday, Aug. 31st. Also, this extension of vacation may be taken by the Trustees of any other town, the schools of which embrace at least three regularly graded departments, due notice hereof being given to the Inspector with the sectional returns for the term.

(3). The Trustees of any school whose teacher shall have attended the entire session of the Summer School of Science may, at their discretion, give said school a summer vacation of one week in addition to the summer vacation taken under general regulations. Trustees intending to claim this privilege must in all cases forward to the Inspector of Schools a certificate from the Secretary of the Summer School of Science, showing that the teacher in question had been a *bona fide* member of the School, and had attended the entire session.

NOTE.—For the present year the above dates for beginning and closing vacation may be anticipated *one week* to enable teachers to attend the International Educational Association at Toronto, July 14th-17th.

INSPECTORAL DISTRICTS, WITH NAMES AND ADDRESSES OF INSPECTORS.

- District No. 1, the City and County of Halifax—Hinkle Condon, Halifax.
- District No. 2, the Counties of Lunenburg and Queens—H. H. McIntosh, Lunenburg.
- District No. 3, the Counties of Shelburne and Yarmouth—James H. Munro, Yarmouth.
- District No. 4, the Counties of Digby and Annapolis—Leander S. Morse, A. M., Digby.
- District No. 5, the Counties of Kings and Hants—Colin W. Roscoe, A. M., Wolfville.
- District No. 6, the Counties of Antigonish and Guysborough—A. G. McDonald, A. M., Antigonish.
- District No. 7, the Counties of Cape Breton and Richmond—M. J. T. Macneil, A. B., River Bourgeois, C. B.
- District No. 8, the Counties of Inverness and Victoria—John Y. Gunn, Broad Cove, C. B.
- District No. 9, the County of Pictou and that part of the County of Colchester not included in No. 10—W. E. McLellan, Pictou.
- District No. 10, the County of Cumberland and that part of the County of Colchester comprised by the District of Stirling and the Townships of Economy and Londonderry—E. J. Lay, Amherst.

COUNTY ACADEMY RETURNS.—In addition to the special returns to Education Office, Trustees will send the usual returns to Inspectors. In no case should drafts for County Academy grants be drawn on the Superintendent of Education without previous authorization.

EXAMINATION FOR TEACHERS' LICENSES.

These examinations will begin at 9 a. m. on Tuesday, July 21st. They will be held at the usual Stations throughout the Province. Candidates will particularly observe that their applications for admission for examination are to be forwarded to the Inspector of the District in which the Station at which they wish to be examined is situated, and not to the Deputy Examiner of the Station, if he be not the Inspector. Printed forms of examinations (though not required) may be obtained from the Inspectors after May 1st. The place entered in the form of application should be that to which the candidate wishes his certificate of admission to examination to be mailed. The revised Regulations of Council (re-published in this number of the JOURNAL) should be carefully read by intending applicants. Candidates will take notice that in all cases the questions on Professional subjects will be set in accordance with the provisions of the Syllabus of Examination as published.

SPECIAL GRANT TO GRADE A TEACHERS.—By a recent minute the Council of Public Instruction has ordered that "any Grade A teacher proposing to claim special grant referred to in Section 10, of 'Act to encourage Academic Education,' and No 16 of 'Regulations relating to County Academies and Graded Schools,' shall, with a three weeks of the opening of the Term, notify the Inspector of the District in writing of his intention to qualify for such claim, and to present at the terminal inspection the required number of High School pupils."

TRUSTEES' RETURNS.

As the Act passed at the Session of 1887, for the further regulation of teachers' grants, has come into operation, trustees and teachers will find it to their interest to have their returns placed in the hands of the Inspectors at the earliest possible moment.

The Department of Education will not be in a position to take a single step towards the distribution of grants, until complete sheets from every County or District have been received. To prevent general inconvenience and loss from the negligence of individuals, the Inspectors are instructed to report on such returns as shall have come to hand on the 7th of May (or November). Delayed returns run the risk of postponement until the next terminal distribution. In reply to enquiries, it may be stated that it is impossible to predict the exact date at which teachers may expect to receive their grants under the new arrangement. A general assurance is given that no unnecessary delay will take place. As a careful collation of the returns from the entire Province is now necessary, involving calculations both minute and extended, payments need not be expected at dates as early as these at which grants have heretofore been paid in some Counties sending in prompt returns. Still it is hoped that with due promptitude on the part of all officials concerned, the grants will be ready for distribution somewhere about the average time of previous payments.

Copies of Regulations and By-laws of Institution can be at all times obtained on application to the Principal. The annual session begins November 4th. Formal opening November 11th.

The School of Agriculture in connection with the Provincial Normal School is under the direction of Professor Herman W. Smith, B. Sc., to whom application for the Annual Register of the Institution should be addressed.

* Prof. Macdonald will enter on his duties at the opening of the next annual session in November.

TEACHING DAYS.—The number of teaching days for the current term, closing April 30th, is 116. The number of Teaching Days for the ensuing term, beginning May 1st, is 100.

ADDITIONAL HOLIDAYS.—To enable teachers more conveniently to aid Trustees in preparing returns for transmission to the Inspector, the Council of Public Instruction has been pleased to order that hereafter "the 30th of April and the 31st of October shall be holidays in the Public Schools, and when either of these days shall fall on Saturday or Sunday, the preceding Friday shall be a holiday." At the request of the Board of School Commissioners, the Public Schools of the City of Halifax are excepted from the operation of this Regulation.

SATURDAY AS A TEACHING DAY.—The Council of Public Instruction has ordered that to existing regulations defining the limits within which school may be kept on Saturdays (see Manual page 70), there shall be added the following: "Provided that nothing contained in these Regulations shall prevent a teacher from teaching on Saturdays in order to make up for *not more than two teaching days* necessarily lost at the beginning of the term in travelling from a distant section in which he (or she) had been previously engaged."

ARBOR DAY.—To encourage the proper adornment of school grounds, and thereby a cultivation of a taste for the beautiful in nature on the part of the pupils, the Council of Public Instruction has ordered the publication of the following Regulation:

"On such one of the first thirty teaching days of the summer term, as according to season, weather, or other circumstances may be deemed most suitable. Trustees are authorized to have substituted for the regular school exercises of pupils, the planting by the latter of trees, shrubs and flowers on the grounds surrounding the school-house. The day devoted to this purpose shall be known and entered in the Register as 'Arbor Day,' and when duly observed full credit will be given for it in the apportionment of public funds, on the basis of the actual attendance of pupils as ascertained by roll call at the beginning of the exercises, or other convenient time during their progress. Additional value and interest should be imparted by mingling with the practical duties of the occasion short addresses from the teacher and other competent persons and the æsthetic and economic importance of arboriculture. During the summer visitation, Inspectors shall take note of all schools in connection with which 'Arbor Day' has been observed."

Our native trees grow so freely in the woods that we are apt to suppose that they are merely to be taken up by the roots and transplanted, to start at once into a vigorous growth as before. This is a mistake. Great care should be taken in digging up the trees to preserve the fibrous roots; long runners should be cut across with a sharp knife, and not torn. All trees thrive best in well-drained soil, varying from sandy loam to clay. A clay loam suits all descriptions. The holes for the trees should always be made before the trees are brought on to the grounds. They should be too large rather than too small. In filling in, the better soil from near the surface should be returned first, so as to be nearer the roots, but where the soil is at all sterile, and generally there should be put below and around the roots, some well-rotted compost, mixed with sand and sandy loam, in order to promote the growth of the rootlets. In setting the tree it should be placed a little deeper than it stood before, and the roots should be so spread out that none are doubled. When finally planted the tree should be tied to a stout stake in such a way as to prevent chafing of the bark. Some mulch or stable litter should be thrown around the stem to protect the roots from drought. Stirring the ground is preferred by some cultivators to mulching. In transplanting evergreens, the roots should not be exposed to air or light—especially to the heat of the sun—more than can be helped.

Several varieties of shrubs planted together in clumps produce a very pleasing effect, while the care of judiciously arranged flower beds will be to the children an important means of education.

There will be found subjoined some practical suggestions which will be serviceable to those who wish to make the occasion a really profitable one. A day (this year Friday, May 8th) has been fixed by the Maritime Provincial Grange as an "Arbor Day" within the jurisdiction of that body, for the purpose of impressing on the public mind the importance of restoring and preserving our forestal resources. Where the season suits, there might appropriately be a co-operation of the Grangers and the school authorities.

In selecting trees, it is well to avoid those that bear flowers or edible fruits, as such in the flowering and fruiting season are apt to meet with injury from ignorant or mischievous passers-by, and to offer temptation to the pupils. Butternuts and Horse Chestnuts are not to be commended as shade trees. The Balsam Fir is objectionable from the liability of its balsam to stain the hands and clothing. Deciduous or broad-leaved trees are easily grown, their

fibrous roots rendering transplanting a comparatively simple operation. If care is taken, the young saplings of the elm, maple and ash, as found in the undergrowth of the forest, can be transplanted without difficulty.

No school-grounds should be without a suitable number and variety of the standard deciduous trees. However, during the winter season they are bare and unattractive, and afford little or no shelter. On the other hand, evergreens, such as Spruces, Pines, Hemlocks, and Cedars, retain their foliage and provide a shelter as useful in winter as it is grateful in summer. Trees should always be planted according to a definite plan, being arranged either in curves or straight lines, according to circumstances, and with an obvious relation to the building and fences. They should never be placed so near the school-house as to interfere with the free play of light and air.

TEXT BOOKS.

Comment.—In performing the duty of selecting and prescribing text-books for the Public Schools, the Council of Public Instruction has availed itself as fully as possible of the knowledge and experience of those who are engaged in the practical work of education. The sole aim of recent modifications has been to secure, at reasonable cost, a series of texts, *adapted for use in schools*. Change in authorized books is *in itself* a very undesirable thing; and it is hoped and believed that matters may remain where they are now for years to come, without substantial alteration.

The general effect of recent changes has been to largely and permanently reduce the cost of text books, especially to pupils pursuing an extended course. The Council is engaged in inquiries and efforts with a view to still further diminish expense by securing, wherever practicable, a lowering in price and an improvement in the mechanical quality of the prescribed texts.

Inspectors and teachers are reminded:

1. That the Course of Study for Common Schools encourages an economical expenditure for text-books by providing a system of oral instruction for junior classes. Too many teachers try to satisfy themselves in respect to their more youthful pupils by placing in their hands text-books not needed in any case, and worse than useless when unaccompanied by proper oral exposition. A text-book should not be required for a child until he is prepared to use it intelligently.

2. That the regulation which makes it illegal and improper for a teacher to introduce unauthorized texts, by no means hinders him from giving his pupils the benefit of other treatises to whose explanations he may attach importance. The progressive teacher will always have such aids within reach, and will so use them as to impart variety and interest to his instructions.

AN ACT TO ALTER AND AMEND CHAPTER 29, REVISED STATUTES, FIFTH SERIES, "OF PUBLIC INSTRUCTION," AND THE ACTS IN AMENDMENT THEREOF.

(Passed the 17th day of April, A. D. 1889.)

Be it enacted by the Governor, Council, and Assembly, as follows:

1. Sub-section 4 of section 27, chapter 29, of the Revised Statutes, is repealed, and the following substituted:

(3) "To determine the sites of school houses subject to the sanction of the inspector of the district. If the owner of any land selected by any trustees for a school site, and approved by the inspector, refuses to sell the same, or demands therefor a price deemed unreasonable by the trustees of any section, the proprietor of such land and the trustees shall forthwith each select an arbitrator. The arbitrators thus chosen, together with the inspector, or any two of them, shall appraise the damages to the owner of the land. Upon the tender of payment of the amount of such damages to the owner by the school trustees the land shall be taken and used for the purposes aforesaid. In case of a border section the inspector qualified to act shall be the inspector of the district in which the proposed school house is to be built."

(See amending Act below.)

AN ACT TO AMEND CHAPTER 30 OF THE ACTS OF 1889, ENTITLED AN ACT TO AMEND CHAPTER 29, REVISED STATUTES, "OF PUBLIC INSTRUCTION."

(Passed the 15th day of April, A. D. 1892.)

Be it enacted by the Governor, Council, and Assembly, as follows:

Chapter 30 of the Acts of 1889 is hereby amended by the addition of the following words: "In case the owner or owners of any land selected for a school site shall refuse or unduly delay to appoint the arbitrator required by this chapter, such arbitrator shall be appointed by the Warden of the municipality in which said school site is situated, on the written application of the Inspector of Schools for the district."

AN ACT TO AMEND CHAPTER 29, REVISED STATUTES, "OF PUBLIC INSTRUCTION."

(Passed the 17th day of April, A. D. 1889.)

Be it enacted by the Governor, Council, and Assembly, as follows:

1. Section 14 of chapter 29, Revised Statutes, "Of Public Instruction," is hereby amended by adding to the end of said section the following:

"But the said several boards upon application by petition of a majority of the ratepayers of each section and upon the report and recommendation of the inspector of the district within which such sections lie, shall have power to unite such sections. Whenever the said several boards shall unite such sections they shall have power from time to time to make such order or orders as they may deem proper respecting the continuance and constitution of the board of school trustees, and respecting the rights, property and liabilities of the sections affected by such union, and generally to order and direct all things which may become necessary to give effect to such union.

2. Section 45 of said chapter is hereby amended by adding after the words "purpose" in the second last sentence but one of said section the following clause: "The words or phrase 'residing in such section' shall apply to such persons temporarily absent from the county or province and engaged in any kind of business or employment, but usually residing in the section, or whose families reside in the section, or any temporary absence whatsoever."

AN ACT TO AMEND CHAPTER 29, REVISED STATUTES "OF PUBLIC INSTRUCTION."

(Passed the 17th day of April, A. D. 1889.)

Be it enacted by the Governor, Council, and Assembly as follows:

1. Section 45 of chapter 29, Revised Statutes is amended by striking out the words "Chapter of the Revised Statutes, 'Of Municipal Assessments,'" wherever the same appear, substituting in lieu thereof the words, "provision of the Municipal Assessment Act of 1888," and also by inserting after the word property in line 21 the words "and income."

AN ACT TO AUTHORIZE THE ESTABLISHMENT OF NIGHT SCHOOLS FOR ADULTS.

(Passed the 15th day of April, A. D. 1890.)

Be it enacted by the Governor, Council, and Assembly as follows:

1. Whenever it shall appear that in any community there are twenty-five or more persons of the age of fifteen years and upwards desirous of obtaining instruction in the ordinary branches of an English Education, the Governor in Council may authorize the establishing of night schools for their benefit.

2. Whenever the Governor in Council authorizes the establishment of a night school under the preceding section, the Council of Public Instruction shall frame such regulations as may be necessary for the management of such school.

3. Teachers employed in schools established under this Act shall be regularly licensed, and shall receive from the Provincial Treasury such grants as the Council of Public Instruction may from time to time determine.

AN ACT TO AMEND CHAPTER 29, REVISED STATUTES, "OF PUBLIC INSTRUCTION."

(Passed the 15th day of April, A. D. 1890.)

Be it enacted by the Governor, Council, and Assembly, as follows:

Notwithstanding anything contained in section 27, subsection 5. of chapter 29, Revised Statutes, "Of Public Instruction," it shall be lawful for Trustees of Schools and Boards of School Commissioners in the City of Halifax, and in incorporated towns, with the approval of the Council of Public Instruction, to establish special departments for children under five years of age.

REGULATION RESPECTING TEMPERANCE INSTRUCTION IN THE PUBLIC SCHOOLS.

The Temperance Lesson Book ("Public School Temperance," Grip Publishing Co., Toronto), of B. W. Richardson, M. A., L.L.D., F. R. S., shall be placed on the list of books recommended for the use of teachers. Trustees of Schools are requested to supply a copy of this book to each of the teachers in their employ, and all teachers of Public Schools are authorized and requested to give to their pupils, according to age and capacity, oral lessons based on its contents.

NOVA SCOTIA SUMMER SCHOOL OF SCIENCE.

The fifth session of the school will be held this year at Antigonish, beginning on Monday, July 27th, under the Presidency of A. McKay, Esq., Supervisor of Schools, Halifax.

The Staff of Instructors is larger than usual, and consists of the following:

Astronomy	Principal Cameron, Yarmouth Academy.
Botany	G. U. Hay, Ph. B., Victoria High School, St. John. Assisted by Miss Nettie Forbes, B.A., Yarmouth Academy.
Chemistry	D. M. MacAdam, B.A., St. Francis Xavier College.
Elocution	(Not yet selected.)
Histology and Microscopy	A. H. McKay, B.A., B.Sc., &c., Halifax Academy.
Mineralogy	A. McKay, Esq., Supervisor of Schools, Halifax.
Music	Miss A. F. Ryan, St. Mary's School, Halifax.
Physics	E. MacKay, B.A., Principal of New Glasgow High School.
Physiology	M. L. Angwin, M.D., Halifax.
Psychology	J. B. Hall, Ph.D., Normal School, Truro.
Zoology	Prof. John Brittain, Normal School, Fredericton.

It will be seen that two new subjects are added, viz., Microscopy, by Principal MacKay, and Psychology, in its relation to the work of teaching, by Dr. Hall, recently returned from Germany, where he made a careful study of that country's magnificent educational system. In view of the fact that so many of our teachers have not had the benefit of a professional Normal School training, Dr. Hall's lectures are fixed for an hour in the afternoons, when no other work of the school will be going on, and the lectures will be free to all enrolled students. The use of the class-rooms of St. Francis Xavier College, so kindly offered by the Faculty, with chemical laboratory and mineralogical specimens, will add very materially to the convenience and comfort with which work will be done.

Teachers who can spend a couple of weeks in the beautiful town of Antigonish, with its picturesque surroundings, and in the company of genial wide-awake fellow-workers, will not fail to enjoy themselves; nor can they fail to improve both in knowledge and in the methods of imparting knowledge by contact with leading educationists who will be there; and by seeing, though only for a few days, those skilled labourers labouring skillfully.

Teachers who have not received a copy of the programme of work to be undertaken are requested to drop a card to the Secretary, who will send them one by return mail. The whole cost of travelling, board and class fees will be from \$10 to \$20, according to the present location of the student; and from the standpoints of physical and mental recreation and improvement it will be money well invested.

W. T. KENNEDY,
Secretary.

COUNTY ACADEMY, HALIFAX,

ELEMENTARY SCIENCE.

By SUPT. WILL S. MONROE, Pasadena, Cal.

The elements of all the natural sciences are comparatively simple and may be taught in the lowest grades of our primary schools; for example, simple lessons may be given on the plants that grow abundantly about the school grounds, one plant furnishing enough material for a week's work. The children should all be supplied with specimens. Let the first step be a simple development lesson—an oral language lesson. The aim should be not merely to get the children to see something and tell about it, but to lead them to see important features of the plant, and to express their observations in good language. The teacher must settle definitely, before conducting such a lesson, what points she wishes brought out.

The children should express in writing the thoughts given orally in the development lesson. This is an admirable means of teaching language—perhaps the very best means. Teachers should train pupils to write systematically by furnishing an outline for this written work. Continuity of thought and excellence of paragraphing can only come from much systematic thinking and oral and written language.

After the lesson is reproduced, read, criticised, and corrected, it may form the basis of a copying lesson—an exercise in penmanship. As the mechanics of language is made important in the reproduction work, so the mechanics of penmanship—form of letters, slant, etc.—must be made important in the copying work.

Drawing and modeling should accompany this work in elementary science. The plant that is studied should be drawn on the board and paper, and modeled in clay. It may also be drawn on Bristol board, perforated with pins, and sewed with appropriately colored zephyrs, thus continuing the line of relation to industrial work and color. Every plant studied should be pressed and mounted, thus making the relation of the work the more complete. In this way science, language, spelling, penmanship, drawing, modeling, color, and industrial work will all be related, and one will aid the other. At the same time the true foundation for the more formal study of the sciences will be laid, and when the pupils reach the grades where these subjects are formally taught, they will not be thrust into entirely new fields of thought.

EDUCATIONAL AND ART EXHIBIT.

The Directors of the Provincial Exhibition to be held in Halifax in October next have decided to include therein as one of the principal features an Educational and Art exhibit. Below will be found the list of specimens for which diplomas and premiums are offered. The co-operation of the Provincial Department of Education has been solicited, which, in turn, respectfully solicits that of Inspectors, Teachers, and Trustees. The occasion should be taken advantage of to ascertain what our Public Schools are accomplishing in the special lines of work for which an opportunity of representation is afforded
