

ULSTER SCHEME NOT DISCLOSED BY ASQUITH

Unionists Tried to Draw Out Premier, Who Resented "Browbeating" and Declared Government Was Not Supplicating for Truce—Bonar Law Used Threats.

LONDON, Feb. 24.—In the house of commons today the opposition tried to obtain from Premier Asquith a disclosure of the concessions to be offered Ulster in the home rule bill by supporting a resolution introduced by Bertram G. Falls, the Unionist member for Portsmouth "that the house considers it imperative in the interests of public peace that the premier should submit his proposals without delay."

The prime minister refused to divulge his proposals, saying that the government was prepared to put forward its suggestions at the earliest moment when they could be adequately considered by the house, which would be before Easter. The government he declared, had no reason to supplicate for a truce, less to hoist the white flag of surrender. To his followers he would say that the government was not going to betray a great cause at the eleventh hour.

The opposition should understand that the government would not be brow-beaten or hustled into a course which in its judgment would not promote, but embarrass, the purpose the men of all parties should keep in view.

ATTEMPTED TO WRECK LETHBRIDGE LIGHT PLANT

Lethbridge, Alta., Feb. 24.—

Timely discovery this morning saved the city power plant from being put out of commission. An attempt was made by some unknown person to establish a short circuit by backing open a two-inch cable carrying 2200 volts and cutting four heavy copper wires. The cable connected the switchboard with the big emergency booster pump.

PUBLIC SERVICE BOARD WILL CONTROL ALL FUTURE ISSUES OF SECURITIES BY RAILWAYS

Strong Stand of Railway Committee at Ottawa to Restrict C. N. R.'s Capitalization Foreshadows Important Legislation—C. N. R. Replaced Stock Deposited With Government by New Issue.

(Special to The Toronto World.)
OTTAWA, Feb. 24.—There was a lively time at the meeting of the railway committee today, and it looked for a time as tho the decks were being cleared for the first assault upon the proposed government loan to the Canadian Northern Railway Company. It was the Canadian Northern bill which was before the committee and R. B. Bennett and W. F. Nickle elicited much curious information from the company.

Thus it appeared that the cessation of stock of the par value of \$7,000,000 to the government last summer was followed almost immediately by an additional issue of stock to the same amount. Hence an amendment moved by Mr. Bennett today prohibiting the increase of the company's capital beyond \$7,000,000. The discussion widened, however, resulting in a most important principle being adopted when W. F. Maclean (South York), while supporting the Bennett amendment, declared that the government in revising the railway act, should affirm the policy that no railway company could issue stocks or bonds without authority from parliament and subject to the control and supervision of the railway commission or some public utilities commission to be established.

While Mr. Cochrane, who also was present, did not commit himself at the time, The World is in a position to state that upon the ministers' return immediately after Easter a new railway act will be put thru parliament, and that it will contain a clause placing all railway securities under the supervision and control of a public service commission.

The discussion this morning in the railway committee was precipitated by R. B. Bennett of Calgary, upon a bill providing that the capital of the company should not be increased beyond \$7,000,000 without the consent of parliament.

Should Apply to All.
W. F. Maclean (South York) said the amendment was in the right direction, but appealed to the minister of railways to announce the policy of the government as to regulation and control of all stock and bond issues by railway companies. He declared that no railway company should be permitted to make any stock or bond issue without the authority of parliament and subject to the direction and control of some public service commission like the railway commission.

Riots in Budapest

BUDAPEST, Feb. 24.—Serious demonstrations by the unemployed have been held during the past week, culminating today in a procession of 20,000 to the parliament house, demanding that the government provide work. Finally the demonstrators began stoning windows and looting shops. The police drew their swords and dispersed the rioters, many of whom were wounded.

NON-MILITANTS MADE PROTEST

Men Participated in Demonstration in Parliament Square Against Asquith's Attitude Toward Suffragettes.

LONDON, Feb. 24.—An independent body of non-militant suffragists, for the most part men, has been persistently trying to obtain a personal interview with Premier Asquith, but the only concession the premier would grant was permission for a small deputation to see his secretary so that their protest in writing against forcible feeding and the "Cat and Mouse" Act might be submitted.

The deputation went to Downing street tonight, accompanied by a large number of supporters, and afterwards proceeded to Parliament square, where a demonstration was held in protest against the premier's attitude. Several hundred police were concealed in the neighborhood of Downing street in readiness for trouble, and they dispersed the demonstrators after considerable hand-to-hand scuffling.

Six of the suffragists were arrested, among them Laurence Houseman, the author and artist; H. W. Nevison, the war correspondent, and other prominent men.

"A Cigaret Maker's Romance."

Those who have not already booked seats for Mr. Martin Harvey's engagement this week at the Princess are reminded that few remain except for "A Cigaret Maker's Romance" will be played. Great interest is also displayed in the visit of Mr. Tom Terriss, another eminent actor from England, who comes to the Princess next week in Dickens plays, for which the advance sale of seats opens tomorrow morning.

SUBURBS SHOULD BE SERVED BY RAILWAYS

Complained That I. C. R. Ignores Rights of Halifax Commuters, Led to Discussion of Conditions in Toronto—South York Member Urged Remedial Legislation

(Special to The Toronto World.)
OTTAWA, Feb. 24.—On the motion to go into supply in the house today, A. K. Maclean, the Liberal member for Halifax, complained of the failure of the Intercolonial to furnish proper suburban service to the City of Halifax, and the rather curious spectacle was presented of the prime minister and the minister of marine (who complained of conditions in St. John, N.B.) endorsing to some extent the complaint of an opposition member.

W. F. Maclean (S. York) then called the attention of the government to the refusal of the railway companies to furnish suburban service for the City of Toronto. He pointed out that the traffic conditions in that city were almost intolerable, and asked that the new Railway Act contain a provision compelling the railway companies to furnish a suburban service to cities where such service could be rendered by them at a profit.

He could see no reason why the railways refused a service to Toronto which they gave, and had long been giving, to the City of Montreal. On going into supply Mr. Maclean of Halifax, complained of the sub-

WESTERN PROVINCES' DEMAND THAT RESOURCES BE RESTORED UNREASONABLE, SAID PREMIER

OTTAWA, Feb. 24.—The opposition poet employed itself in the house for some hours today calling the government kettle black, because of its failure to restore their natural resources to the Provinces of Manitoba, Saskatchewan and Alberta. The discussion was opened by Mr. Buchanan of Medicine Hat, who labored the point that the restoration of these resources had been an article of faith in the Conservative creed since 1905. The prime minister said, in reply, that the return of the lands would involve a readjustment of the provincial subsidies in which the maritime provinces were especially interested. While entirely willing to do the fair thing by the prairie provinces, he regarded their present demand for the return of their lands, together with the continuance of the financial grants made to them in lieu thereof, as unreasonable and unjust.

Bad Faith Alleged.
In the discussion which followed the Liberals, led by Sir Wilfrid Laurier, taunted the government with inconsistency and insincerity, and read at length from many speeches delivered in the past by Mr. Borden and other Conservative leaders, including

Villa Still Obstinate

WASHINGTON, Feb. 24.—Consular Agent Carothers, at Jarez, telegraphed Secretary Bryan tonight that Gen. Villa had notified him that he would not surrender the body of Wm. S. Benton at this time, but would turn it over to the United States at some later day, with an additional statement concerning Benton's death.

NO COERCION IN ATTITUDE TO U.S.

Britain Should Have Special Secretary to Conduct Negotiations, Suggests London Mail.

LONDON, Feb. 25.—The novel suggestion is made by The Daily Mail in an editorial this morning, that Great Britain should have two secretaries for foreign affairs, one to manage relations with Europe and Asia, in accordance with the principles governing diplomacy, rooted in the idea of force, the other to conduct negotiations with the United States, from which the element of force, whether actual or implied, has been expelled.

The Mail argues that Sir Edward Grey's handling of the Benton affair in the old and formal diplomatic way, has resulted in the voluntary casting aside of many of the benefits which should accrue from the happy and peculiar state of Anglo-American relations.

"President Wilson's Mexican policy is based on idealistic and unselfish principles, and, whatever case Great Britain submits to the judgment of the American government and people, must be based on the same principles in order to insure of a cordial and attentive hearing."

NINETEEN VOTED FOR LIBERAL AMENDMENT

Government Wins First Battle in Legislature by Majority of Thirty-Nine—Hanna Demonstrates That Rowell Charges Are Baseless—Sam Clarke in Lighter Vein.

The first battle in the Ontario Legislature of 1914 has been fought to a finish and N. W. Rowell of the opposition leads his followers from the field in defeat. At 11 o'clock last evening his elaborately worded amendment to the address in reply to the speech from the throne, calling for the appointment of a minister of labor to study industrial conditions in the province, went down on a division of the house. The vote stood at 58 to 19, with Allan Stuchborne of Hamilton voting with the Liberal forces.

The real champion of the government stand was Hon. W. J. Hanna, who sprang into the arena early in the afternoon and opened the fray. From the outset he trained his attack with authority and precision upon the points to which the opposition leader in person had committed himself, and one by one he demolished them. The minister was in the fettle and warmed up to his subject with such vigor that his followers responded with rounds of enthusiasm. To display the comparative comfort of the province in this season, when the effects of financial depression were weighing heavily upon the continent and to demonstrate the baseless nature of the charge that the social legislation of Ontario was behind the times, were the objects in view, and he pursued them through.

The cue of the debate being given by the two leading speakers, the same lines of thought were gathered up and developed by the half dozen who participated. Some Clarke of Northumberland led off in light vein after the provincial secretary, and in turn was followed by Messrs. J. W. Johnson of Hastings, T. Marshall of Monck, J. A. Hart of Simcoe, with Mr. Stuchborne winding up in an impassioned plea for the cause of the working man. Much old sod was turned up by both sides.

QUARTER MILLION MORE H. P. WILL BE SECURED BY HYDRO

Hon. Adam Beck Said in Addressing Boards of Trade, Addition to Supply is Becoming Imperative—Believes Government Will Eventually Control Telephone System.

The announcement that he hoped to place a scheme before the Ontario Government whereby the Hydro-Electric Commission would secure at least a quarter of a million additional horsepower for peak-load purposes, was made by Hon. Adam Beck in addressing the Associated Boards of Trade at the banquet in the Prince George Hotel last night.

The speaker referred to the fact that the consumption of hydro power had become so great that the limit of the present production was being approached, and this fact made it necessary that means be taken to secure a larger supply.

TELEPHONES ALSO.
After tracing the development of the hydro system, including the radial lines to be operated by the people's power, Hon. Mr. Beck said he had a vision of the future when hydro power would be used all over the province for heat, lighting and operating radials. He also saw the time in prospect when telephone wires would be strung on hydro poles, thereby suggesting future public policy of control of the complete telephone system of Ontario.

PUPILS DETAINED AFTER SCHOOL FILED THRU SMOKE AND FLAME ALL REACHED STREET IN SAFETY

Lansdowne Public School Completely Guttled Yesterday When Fire Broke Out on Lower Floor—Mothers Thronged Spadina Crescent, Fearing for Children's Safety

The old Lansdowne Public School, opposite Knox College, on Spadina crescent, which has stood on its present site for nearly thirty years, was completely gutted by fire, which broke out a few minutes after 3:30 yesterday afternoon, just a few minutes after a great majority of the pupils had been released for the day. The five hundred or so pupils under detention till 4 o'clock, upon hearing the fire signal, marched out in orderly fashion without a sign of panic. The estimated loss is \$40,000.

The cause of the fire is unknown. It is believed to have started in the south wall, between the kindergarten on the ground floor and the room immediately above it. In some quarters tinmiths working on the new annex are blamed for the fire, while others give defective wiring as the cause.

Boys Gave Alarm.

Herbert Terry, a lad of about 14 years, was the first to notice smoke and gave the alarm. Standing outside the premises with some comrades, the lad noticed a slight column of smoke coming from the south wall, below the window of the second storey. He notified a police constable, who turned in the alarm, while another lad ran into the school and informed the principal. A third ran all the way to the College street fire hall and notified the firemen personally.

Parents Were Anxious.

Within fifteen minutes of the outbreak of fire, dozens of anxious parents surrounded the school premises, and even the repeated declarations of firemen and policemen that all the

TO THE RESCUE

'CATCH-MY-PAL' OTHER OUTRAGES FOUNDER HERE TO BE REPORTED

Rev. R. J. Patterson Will Address the Dominion Alliance Convention and Two Mass Meetings.

Rev. R. J. Patterson, of Armagh, Ireland, is in Toronto. Today, tomorrow and on Friday he will tell, at public meetings, how he came to found the "Catch-My-Pal" movement; how it started with six drunks about a lamp post in his home city in July, 1909; how it spread thru that city, to all Ireland, then the British Isles, and now to Holland and America, until its members number about 300,000. This is the story he is to tell this afternoon at 5 o'clock at the Dominion Alliance convention at Massey Hall, and at mass meetings there tomorrow and Friday night.

Briefly, the plan is to get drinking men to sign the pledge, then go and get one of their "pals" to sign, and agree to pass the movement on to another friend.

"My appeal is to the churches to save," he said last night, "to extend the brotherhood feeling to the outcast. The great majority of people in the church today practise Churchianity, but not Christianity."

Mr. Patterson is now on a tour of this country. He is to conduct a campaign in Chicago in April, and later in other cities.

GLOBE ARTICLE WAS INCORRECT

Acting-Premier Foy Points to Misrepresentation in Editorial Column of Yesterday's Issue.

With the session less than a week on its way the acting premier has felt called upon to point out the inaccuracy of the columns of The Globe, which occurred in three places in the Tuesday issue.

It concerned the costs of the "Foy" revision commission to date and made the sum \$235,354.32, exclusive of printing, whereas it should have read "including." Mr. Foy said that it was worth while pointing it out, as it had appeared editorially as well and that the journal purported to give correct information on the doings of the house.

York County and Suburbs of Toronto

DISASTROUS FIRE IN EARLS COURT

Arthur Wright's Home on Harvie Avenue Totally Destroyed.

OIL LAMP EXPLODED

Everything Consumed—Family Had to Rush Out in Night Attire.

About 6.30 yesterday morning Arthur Wright's house on Harvie avenue was entirely destroyed by fire, and the parents and family of ten children had to rush out half dressed to save their lives. Mr. Wright rose early yesterday morning and was just going to awaken some of the others when a lamp hanging on the wall exploded and the woodwork blazed up in an instant. He tried to beat out the flames and his son rushed for a bucket of water, but it was useless. The fire had got a hold and the family just had to get their clothes together.

The neighbors organized a bucket brigade, and the Earlscourt and Wychwood fire stations were notified by telephone, but the house was completely destroyed before the firemen arrived.

The family were given shelter in Arthur Kirkman's house, and the neighbors did what they could for them, and by ten o'clock they were all fairly well clothed. As the building was unfinished it was not covered by insurance, and is a total loss.

Mr. Wright has been out of work for some weeks, and not only his home, but all his furniture and other possessions which he brought from England have been destroyed. The building was a one storey frame structure with four rooms and a summer kitchen, and was situated a mile and a half north of St. Clair avenue. The case is a sad one, the present income is the earnings of the eldest boy, who works at the Fairbank-Morse factory, and the two other boys are employed at the T. Eaton Co. and the other at an envelope factory in the city. The family are at present staying in several kind-hearted neighbors, who have provided shelter until arrangements are made to secure a house.

WARD SEVEN.

The choir of the High Park Avenue Methodist Church held their annual concert last night in the schoolhouse on Annette street, and the excellence of the entertainment in the "Advance notices of the best concert of the season." The hall was completely filled, and the program, which included instrumental, vocal and elocutionary selections by well-known local artists was exceedingly well received by the large audience. The proceeds will be devoted to the choir fund.

The funeral of the late Mrs. Patterson, one of the oldest residents of Lambton Mills, took place yesterday afternoon at Humboldt cemetery, from her late residence on Dundas street. Mrs. Patterson was 86 years of age and had lived most of her life in Lambton, where she was very well known.

Court Stephen and his company, Court Stephen, Independent Order of Foresters held their respective meetings in the St. James' Hall, Lodge rooms last night. The Carman's Association of West Toronto held their monthly meeting for the transaction of business in the Sheppard block.

The A.T.P.A. of St. Paul's Anglican Church, Annette street, gave their first annual concert last evening in the church building, the curate in charge, Rev. Edward Morley officiating as chairman. The program was one of unusual excellence and included many selections from well-known Toronto artists.

Shekiah Chapter, Royal Arch Masons, are holding their annual at home tonight in the Masonic Temple, Annette street. Special Ash Wednesday services will be held this morning and tonight in St. Cecilia's Church, Annette street. A Lenten service will be held this evening at St. John's Church.

FAIRBANK.

The members of the clubhouse, Harvie avenue, are now working with renewed vigor to make their quarters thoroughly up-to-date. The finishing of the interior is being rapidly completed, and the several volunteers are competing with each other as to the amount of work they can accomplish. The next meeting of club members will take place on Tuesday, March 2.

All improved models with the diamond point (no changing of needles). All records unbreakable and play from four to seven minutes. A complete line of cabinets and records can be seen and heard in our new Phonograph Parlors, 41-43 Queen Street W. Opposite City Hall. Gerhard Heintzman LIMITED.

WANT CUT IN COST OF ROAD HAULAGE

Higher Taxation of Railways and Motorists Urged on Government.

MAYOR DID NOT APPEAR

Delegates Had to Do Without Official Civic Welcome.

A reduction of the cost of haulage on Canadian roads from twenty-five to eight cents a ton by their improvement, higher taxation of railways to provide money for the building of good highways and the forced contribution of automobiles to road repair funds to compensate the municipalities for the damage they did to roads, were some of the principal features of the annual address of N. Vermilyea, Belleville, president, at the opening of the twelfth annual meeting of the Ontario Good Roads Association in the York County buildings yesterday. He said that there had been spent on highways only \$10,000,000. This meant that the middleman had 63 times as much spent for his benefit as the producer. Respecting railway taxation he said he would like to see a little more of it in this country. Ontario with her 8221 miles of railways collected in taxes each year from the companies only \$870,000, while Michigan with her 3200 miles collected \$4,377,000. That is, Ontario Michiganders paid only 19¢ a mile, while Michigan paid only 13¢ a mile. The ordinary taxes upon railways in Ontario were seven times less than the taxes upon farm products. There is also a sharp line between the farmer and the automobilist, said he. The farmer builds roads, the automobilist comes along with his swift-moving machine and smashes them up, so he should be made to pay the damage.

NO OFFICIAL WELCOME.

Mayor Hoekwood declined to deliver an address of welcome to the city to the delegates, but they waited for two hours without his, or a deputy of his, putting in an appearance. "We have not been told that we may stay here yet," said a delegate. The chief feature of the afternoon session was a discussion on curbing the alleged destructiveness of motorists, and it was proposed to request the government to tax them so much per ton. It was also suggested that the University of Toronto, or the Ontario Agricultural College, be requested to open classes in road-making, so that roadmasters could attend and receive scientific instruction in the work. Disappointment was expressed that the senate by its action had killed the prospect of the bringing down of any grant for good roads this session.

NORTH TORONTO.

The annual concert of St. Clement's Mission was held on Monday night in the parish hall, Eglinton, a fine program being thoroughly enjoyed by a large audience. Bedford Park Dramatic Society presented two sketches entitled "Mrs. Pepper's Ghost" and "Case of Duplicity."

Following artists also contributed: Messrs. Fowler, Perkins, Griffin, McKinnon, and the Misses Ida Beatrice, Beatrice and Olive Flint and the Star Quartet.

BIRCHCLIFFE.

A petition largely signed by residents will be presented to the Scarborough Township Council, to request that the street lights be installed on the Kingsway, between street 12 to street 26, at the intersection of the Kingsway and the Halfway House. The petition for lights began last fall, but owing to many of the residents moving to other parts of the township, the matter was allowed to rest. It will be presented to a council now, however, and a resolution will be presented at the next council meeting.

A successful concert was given in St. Nicholas' Anglican Church, under the auspices of the Men's Guild. The program included songs by Miss Isabella Wray and Arthur Brown.

AUCTION SALE.

Mulock Bros., lot 15, concession 5, Vaughan, O. E. Deley, will by public auction, at their farm, on Thursday, March 5, their farm stock and implements, including registered Clevelands, mares and fillies, registered Shorthorn Yorkshire White pigs, registered credit, six per cent, cash discount. Sale at 12 noon. Rigby will meet the morning train at Maple. Phone Maple 352.

EARLSCOURT.

At the next meeting of the Bathurst Hill Ratepayers' Association, the question of a public library will be discussed. The necessity for a public library at the corner of Bathurst and St. Clair avenue, where the site of the old school is being rebuilt, is a matter of public concern. The library will be situated on a site of about 1000 sq. ft. and will be a public library and playground, and the laying of street railway tracks, previous to the paving of Bathurst Hill.

John Daglish, the two-year-old child of John Daglish, 20 Bloor avenue, was very seriously scalded by falling into a tub of boiling water, which the father had placed on the floor for the purpose of taking a bath on Saturday evening. The boy was scalded from head to foot, and is under the care of Dr. Fryer, St. Clair avenue, who has hopes of his ultimate recovery.

The Men's Own annual banquet took place last evening at Central Methodist church, Assiniboia avenue. Three hundred and fifty men and their wives were present and a first-class menu was provided for the guests. The musical portion of the program was very enjoyable, and consisted of vocal and instrumental selections by the choir of St. John's Church and Rev. P. Bryce delivered addresses.

RUNNEYMEDE.

Premier Borden has replied to a letter addressed to him by President Woolner of the Liberal-Conservative Association, in which he expressed his interest in a contract to build a \$500,000 ferry to an English firm. The premier complimented the association on their claim that ships could be built in England, but as quickly as he brought the matter before the house of commons.

The association took exception to the policy of their own party, claiming that the government should have awarded the contract to a Canadian firm in view of the bad labor conditions prevailing in public libraries. It will be discussed at the next meeting of the association.

FIRST MEETING OF NEW ASSOCIATION

Another Ratepayers' Society Formed at East Toronto.

OFFICERS NOMINATED

Election Will Take Place at the Next General Meeting.

Nearly a hundred ratepayers of East Toronto met in the Y.M.C.A., Main street, to consider the advisability of organizing an association to deal with civic matters, especially those relative to the East Toronto district. W. J. C. McCrea was in the chair, and W. E. Orr, president of the Beaches Association, and Messrs. W. L. Hughes and Beer were present to urge the advisability of forming an association so that the whole of the east end would have an opportunity to take an active interest in civic matters.

RAISE IN PAY DECREED TO EVERY POLICEMAN

One Hundred Dollar and Fifty Dollar Increases Handed Out by Commissioners.

At a special meeting of the board of police commissioners in the city hall yesterday afternoon every policeman on the force was given a raise in pay. From the deputy chief down to the first class constables all will receive a 10 per cent increase. Second and third class constables received a 5 per cent increase. The increase means the adding of \$46,250 to the estimates for the year, including \$5000 to be spent on another motor patrol.

REV. DR. McLEAN DIED AT CALGARY

Succumbed to an Attack of Pneumonia While Visiting His Son.

The death occurred at Calgary on Sunday last of the Rev. Dr. McLean, lately rector of Eglinton. Mr. McLean, who had been ill for some time, had just returned from a visit to his son in Calgary, where he developed pneumonia and succumbed on Sunday. He was a Nova Scotian by birth and was a member of the Presbyterian ministry. He was highly respected by all who knew him.

LIVED AN ACTIVE LIFE.

Having lived an active life, the late Rev. Dr. McLean, who died at Calgary, was a man of many accomplishments. He was a member of the Presbyterian ministry and was highly respected by all who knew him. He was a man of many accomplishments and was a member of the Presbyterian ministry.

HELD CONFERENCE ABOUT BRIDGES

Commissioners of York and Ontario Counties Met Yesterday.

The County Commissioners of York and Ontario met in conference in the York County building yesterday regarding the matter of building a bridge across the big swamp between the two counties. The bridge will be built of stone and will cost about \$300,000. The bridge will be built of stone and will cost about \$300,000. The bridge will be built of stone and will cost about \$300,000.

DEER PARK.

A rumor is current that the city has been offered the site of Christ Church, Deer Park, for the purpose of widening Yonge street. Speaking to a prominent official of the church last night, The World learned that nothing definite had been made known in the matter, although there was a possibility that the council would soon make known their intention.

WOODBRIDGE.

The funeral of the late Mrs. John Addison took place here at the Methodist cemetery on Monday afternoon. The funeral was held at 2 o'clock on Monday and was attended by a large number of friends. The funeral was held at 2 o'clock on Monday and was attended by a large number of friends.

CHESTER CLUB.

Mr. and Mrs. Chas. Hoilingshead on Saturday evening. The games were being contested, the honor for first place being given to the "Blacks." Judge Thompson and Willard. At 10 o'clock the honor was extended to Mr. Hoilingshead for a very pleasant evening.

COUNCIL MEETING.

The next regular meeting of Vaughan Council will be held at Velours on Monday, March 2. In future all council meetings will be held on the first Monday of each month.

HAS NO APOLOGY FOR MONEY SPENT

Col. Hughes Defends Outlay on Canadian Militia—More Economical Than Predecessors.

OTTAWA, Feb. 24.—Colonel Sam Hughes, minister of militia, at the seventh annual banquet of the association of the officers of the militia in Canada, held in the Chateau Laurier tonight, frankly declared that he had no apology to make for the money he expended on the Canadian militia. He said that he was spending less money on his department than any other minister of militia had done since Confederation, and he avowed that no money spent by the government reached the pockets of the people so quickly again as that spent by the militia department.

RAISE IN PAY DECREED TO EVERY POLICEMAN

One Hundred Dollar and Fifty Dollar Increases Handed Out by Commissioners.

At a special meeting of the board of police commissioners in the city hall yesterday afternoon every policeman on the force was given a raise in pay. From the deputy chief down to the first class constables all will receive a 10 per cent increase. Second and third class constables received a 5 per cent increase. The increase means the adding of \$46,250 to the estimates for the year, including \$5000 to be spent on another motor patrol.

BRITISH STEAMER LOST BUT CREW ALL SAVED

LONDON, Feb. 24.—The crew of the British steamer County of Devon, from Norfolk, Feb. 14, for Rotterdam, were saved at sea on Feb. 20 by the German tank steamer Deutschland, bound from Philadelphia for Copenhagen.

This information was conveyed in a wireless despatch received from the Deutschland today. No further details were given, and it is presumed that the County of Devon was overwhelmed in the recent heavy gales.

LIVED AN ACTIVE LIFE.

Having lived an active life, the late Rev. Dr. McLean, who died at Calgary, was a man of many accomplishments. He was a member of the Presbyterian ministry and was highly respected by all who knew him. He was a man of many accomplishments and was a member of the Presbyterian ministry.

DID GAVIN USE PICKAX UPON HIS WEDDED WIFE?

Charged temporarily with drunkenness, George Gavin, 22 Carr street, arrested by the police of No. 3 division last evening, was charged with having used a pickax upon his wife. Mrs. Gavin was found with two slight wounds on her body, brought by the police to have been inflicted at a meeting. She was conveyed to the General Hospital, where her injuries were attended to, and she is now recovering.

BOOKS SOLD BY NEWSY TOO WELL ILLUSTRATED

Charged with circulating indecent literature, Nathan Hollen, 25 years, 98 Albert street, a news agent on the G.R. between Toronto and Kamin, was arrested between Weston and Toronto by Constable Massey of the morality department yesterday afternoon. Hollen was charged with circulating indecent literature, and was found with a large quantity of books which were being sold on a railway train. Massey, in company with Sgt. McKinnon, set out to investigate the matter, and found Hollen to be selling them. He was charged with circulating indecent literature, and was found with a large quantity of books which were being sold on a railway train.

BALMY BEACH.

The annual supper to the choir and Sunday school of St. Aldan's Anglican church was given by the ladies of the congregation Tuesday evening. The artists who contributed to the musical entertainment were Misses Crowbridge, Harrison, and C. S. Deighton, all very ably accompanied.

FINE NEW ORGAN.

Now that the committee have practically decided to purchase a \$5000 organ for the church, the parishioners are getting interested in a large party will be held on Saturday at St. Giles' Presbyterian Church, Hamilton, to hear a recital on an organ of the same character. It is hoped the instrument will be installed for Easter Sunday.

PROMINENT HORSEMAN DEAD.

LONDON, Ont., Feb. 24.—William Wallace, one of the best known horse breeders in Ontario, is dead after an illness of more than two months. Shortly before Christmas he was taken sick at Simcoe and was brought to the hospital here.

DEATH OF ASHFIELD PIONEER.

LUCKNOW, Feb. 24.—The death occurred in Ashfield township today of another of the old pioneers in the township of David Little, aged 88 years.

SHUBERT CHOIR WELL SUPPORTED

Madame Pasquali and the Symphony Orchestra Aided Massey Hall Effect.

"O L A F TRYGVASON" EXECUTIVE MEETING

Sung With Great Dramatic Power by the Male Chorus.

Madame Bernice Ida Pasquali, the Schubert Choir and H. M. Fletcher, its conductor, and the Toronto Symphony Orchestra, and Frank Weisman, its conductor, all had a gala time in Massey Hall last night, with an audience which comfortably filled the building, and was cordial and appreciative as musicians could desire. Mr. Fletcher may congratulate himself on probably the most successful of his many concerts, and while it is not to be forgotten that he cannot depend upon picked voices for his chorus, and of one section of the choir, representing "The People's Choral Union," that sang last night, ninety per cent. had no previous choral experience. This was by no means so obvious as might be expected, in the singing of the "Angels' Hymn," in which the choir's qualities as steadiness, uniform volume, expression and enunciation, Mr. Fletcher has been particularly successful in securing. The choir achieved a solid success. The "Angels' Hymn" was sung with a purity of expression and a purity of expression and a purity of expression.

HOLY NAME WILL EXTEND ACTIVITY

Archdiocesan Limits to Be Passed During Present Year.

NEW OFFICERS ELECTED REPRESENTING MANY PARISHES THROUGHOUT TORONTO.

The executive meeting of the Holy Name Union, was held last evening in the De La Salle Institute, Duke and George streets. A large number of the executive committee were present. President O'Hagan briefly outlined the policy of the society for the coming year. The executive officers are strongly urged to act as visitors among their neighbors, and the elected officers will be partitioned with certain set duties. Particular attention will be given by the president and corresponding secretary to the spiritual needs of the Holy Name parishes of Toronto. The collection taken up during the services in the Holy Name church, amounted to \$235, which amount is donated to the Sisters of the Poor on Ossington avenue.

BASEBALL LEAGUE.

The advisability of forming a baseball league among the junior branches of the city was discussed. A plan of campaign was outlined to interest non-Bible-speaking Catholics in the work of the Holy Name Society. The following is the complete list of elected officers for the union executive for 1914: Spiritus director: Very Rev. Dean Hand, 23 Power street; president: James O'Hagan, 28 Bellevue place; first vice-president: J. P. Boyle, 111 Broadview avenue; recording secretary: J. P. Kennedy, 20 Power street; committee: St. John's: J. M. McCreary, Joseph, Thos. Finucan; Holy Name: J. M. Foley; Sacred Heart, L. V. Dussan; Our Lady of Lourdes, M. P. Moran; St. Basil, J. J. Murphy; St. Patrick, J. Bennett; Mount Carmel, A. Ungaro; St. Marys, J. J. Carlen; St. Francis, J. H. Feeley; St. Charles, W. P. Blackburn; Holy Rosary, Louis Bradley; St. Peter, Thos. Costello; St. Anthony, George M. Gracey; St. Cecilia, J. L. Woods; St. Helen, W. H. Leacock; Holy Family, St. Agnes, M. Nussli; St. John, Peter Kavanagh; St. Monica, J. P. Shannon.

HEAVY DAMAGE SUITS AT CHATHAM ASSIZES

CHATHAM, Feb. 24.—The hearing of an action brought by Mrs. Robert Coy to recover \$10,000 damages from the Grand Trunk Railway, was commenced today in the assize court here before Chief Justice Fairbridge. Her action is for the destruction of her property by the action of the eastern flyer in September, 1912.

REMOVED TO KINGSTON.

LONDON, Ont., Feb. 24.—Thomas H. Luscombe, the London barrister who was recently sentenced to five years in Kingston penitentiary for misappropriation of his clients' funds, was removed from the county jail to that institution Monday night. He went into custody of Deputy Sheriff Benjamin Waterworth.

WOBLEY SPEAKS ON FEDERALISM

Weakness of Excessive Law—Making Pointed Out as Inherent Danger—America's Example.

LONDON, Feb. 24.—Viscount Mervin, presiding this evening at the Rhodes lectures by Prof. Morgan of the University of London, delivered an introductory address on "Federalism."

There were excellent reasons for which this subject directly bore upon the construction to be attached to the famous Act of 1867. The other was the active but less cogent far-reaching but happily not at all unambitious question of whether or not the evils of federalism could be avoided together the interests of Great Britain with her dominions overseas in a federal union or whether, on the other hand, inconveniences and embarrassments would be the result of a union in American and foreseen by the great Alexander Hamilton, was the danger of facility of excess of law making, and, if he was rightly informed, within the period of four years congress had passed 1000 acts. He had been reproaching himself for not finding out how many of the present government had passed in four years. (Laughter.) Federalism would not ensure them against excessive law making.

RETAIL MERCHANTS MEET.

The fifteenth annual convention of the Retail Merchants' Association of Canada, Ontario provincial body, will open this morning at 10.30 o'clock in the Temple buildings, and will continue for two days. This evening a banquet will be given in the assembly hall before Chief Justice Fairbridge. The address will be given by Mr. Arthur P. Sheldon of Chicago as president of the Building a Retail Business.

MUST SERVE HIS TERM.

CHATHAM, Feb. 24.—Word was received this morning by Rev. J. Van Wyck, who has interested himself for not finding out how many of the present government had passed in four years. (Laughter.) Federalism would not ensure them against excessive law making.

A Very Creditable Display of EATON-MADE Suits at \$10.00

We make much of the fact that at this low figure we can produce clothing that will stand very critical examination, both of material and workmanship. Concerning the former, our extensive dealings which are carried on directly with the mills, procure us the lowest possible quotations; while the latter, in its every phase, is of the highest standard that up-to-date facilities and careful supervision can produce. The patterns, at present being shown, include new weaves in both tweeds and worsteds; fancy mixtures and thread stripes, in shades of brown and gray. The models follow the new styles for spring, while linings and interlinings are of good quality. Sizes run from 36 to 44 chest. Priced 10.00

SHOP OR FACTORY COATS AT \$1.50.

These garments are about 50 inches long and button close up to chin with Prussian collar. Have vertical shaped opening to inner pockets and 3 out patch pockets. In shades of fawn and khaki. Sizes 36 to 44. Price 1.50

BIG \$1.00 VALUE IN THE TROUSER SELLING.

The 1.00 selection offers exceptional chance for the workingman to pick patterns suitable for everyday wear. The materials are closely woven and of good weight, mostly dark shades with stripes. Strongly sewn, and the pockets and trimmings are of durable quality. Sizes from 32 to 42 waist. Pair 1.00

Splendid warm trousers of thick tweeds, amongst which are Hewson's extra heavy fabrics and several other domestic makes. They are all good wearing qualities, mostly in medium and dark gray in stripes, mixtures and diagonal weaves. Well sewn; pockets strongly finished. Thursday, pair 1.30

Striped Worsted Trousers, neat patterns, in dark and medium shades. Fashionably cut and well tailored. Price, 2.50

English Worsteds Trousers, suitable for wear with frock or morning coat, are shown in handsome patterns, in medium shades, various width stripes, two side, two hip and watch pockets. Price 4.20

Main Floor—Queen St.

ELECTRIC RAILWAY WILL EXTEND LINES

ST. THOMAS, Feb. 24.—At a meeting of representatives of St. Thomas, Aylmer, North Bay and Lake Erie, and the London and Lake Erie Railway and Transportation Company, the offer of the company to extend its lines to St. Thomas, was accepted. The representatives of the municipality agreed to guarantee the bonds of the company to the extent of \$20,000.

CAN'T BUY FACTORY SITES IN GENERAL

(Special to The Toronto World) KINGSTON, Feb. 24.—City Solicitor D. A. Givens has had the city council in a transaction in which the council decided to purchase property at the outer station as a means of encouraging industries. The solicitor points out that under the Municipal Act a corporation cannot, either with or without the consent of the electors, purchase land as sites for factories.

REMOVED TO HOSPITAL.

GUELPH, Feb. 24.—(Special.)—Bert Sutton, the driver of the fire hose sleigh who was thrown off while going to a fire on Sunday, was removed to the General Hospital this morning, his injuries being more serious than at first supposed.

DIED IN DETROIT.

GUELPH, Feb. 24.—(Special.)—A message was received today announcing the sudden death in St. Mary's Hospital, Detroit, of John H. Oxnard, son of Geo. A. Oxnard of this city. No particulars were given.

AYLMER TO BE SOLID FOR HYDRO RAILWAY

AYLMER, Feb. 24.—Public sentiment here is strongly favorable to the building of a radial railway to St. Thomas. The steam roads frequently give an unsatisfactory service. It is felt that an electric road would give a frequent service.

FINED FOR KILLING DEER.

NORTH BAY, Feb. 24.—Game Warden G. M. Parker of North Bay secured convictions against Joseph Corbell and John Haskell, at Dane, Timiskaming district, for killing two moose calves, and a fine of \$50 and costs was imposed on each man.

NEWS OF SPECIAL INTEREST TO WOMEN

TEMPERANCE HOPE NOT IN POLITICS

Canon Greene Tells Pre-Con- vention Conference Parties Should Come Second.

THREE DAY MEETING

Fifteen Hundred Delegates Expected to Attend Ontario Alliance Sessions.

Fifteen hundred names of delegates appointed to attend the Ontario Alliance temperance convention which opens at the Massey Hall this morning have been received by Rev. Ben H. Spence, secretary of the convention...

Key Out of Politics. James Hales, chairman of the committee on political action, said the success of the temperance movement in Ontario was dependent upon prohibitionists making their political party affiliation a secondary consideration.

W. E. Raney, M.C., spoke on the legal aspects of local option. Controller J. O. McCarthy and the Alliance field secretaries took part in the proceedings.

The feature of this morning's convention will be the annual address of the president, Rev. Canon Greene.

Sir John Gibson, Mayor of Hockley, are expected to give addresses of welcome this afternoon.

The evening will be devoted to committee work.

YOUNG SUFFRAGETTE IS GIVEN SEVERE SENTENCE

LONDON, Feb. 24.—Phyllis Brady, a militant suffragette accused of arson, was sentenced to 18 months' imprisonment at the London sessions today, despite the jury's recommendation of mercy on the ground that she had been led astray by older militants.

Miss Brady was arrested Jan. 17 last on the charge of being one of the suffragettes who set fire to the residence of Lady Vinton, widow of Field Marshal Sir George Vinton, at Englefield Green, Surrey, on March 20, 1913.

She is 24 years of age and was educated at Cambridge University with honors in mathematics and economics.

TORONTO MAN IN LIST OF INJURED

J. C. Broddy, Local Traveler, in Railway Wreck Near Minot, Man.

MINOT, Man., Feb. 24.—Many persons were injured, several seriously, when the C. N. R. Vinton-Whitford express was wrecked by a broken rail near here today. The coaches went into the ditch and a number of passengers were severely cut by glass. Some of them are in a hospital here.

Among the seriously injured are: Rev. E. J. B. Sutter, traveling secretary Bible Society, Winnipeg; James Argue, member of the legislature, Telsh, Man.; and J. C. Broddy, Toronto. It is believed that all will recover.

STORY OF OLD GENERAL TOLD BY HIS DAUGHTER

Definite information has been received from the New York headquarters that Miss Evangeline Booth, commander of the Salvation Army, is to be able to fulfill her Toronto engagement. It was feared that on account of the recent illness which befell Miss Booth, the visit would be postponed.

The Massey Hall has been engaged, and Miss Booth's subject will be entitled "My Father," the life story of General William Booth, which will be illustrated with colored slides and motion pictures. All the proceeds will be for the fund held at the Salvation Army headquarters, James and Albert streets.

THREE MEN ARE INJURED WHEN GAS JET EXPLODED

CHATHAM, Feb. 24.—By the explosion of a gas jet in the boiler room of the Chatham Gas Company early this morning, three men were injured. The explosion, the cause of which is a mystery, blew out the boiler door, just getting away in a narrow escape, just getting away in time from the vicinity of the explosion. All the injured.

As the gas company supplies the power for the Chatham, Wallaceburg and Lakes Erie Railway Company, transportation has been suspended in the area being affected five miles out in the country.

WANT SARNIA RADIAL CENTRE.

SARNIA, Feb. 24.—That the council of Sarnia is unanimous in its desire to have a radial line through the district, and a resolution favoring the proposition and converging at Sarnia, was also adopted unanimously.

A CURE FOR DRUNKENNESS WITHIN THE REACH OF ALL

That alcoholism is a disease is now recognized by science. No man in his senses being disgraced by himself or himself and family through carelessness. A cure for the craving for drink, builds up the system, restores the nerves. It is guaranteed to cure or benefit or money refunded after a trial. Alcura No. 1 can be given secretly by any wife or mother waiting to restore their dear one to health and industry. Alcura No. 2 is the voluntary treatment.

Can be had at our stores only \$1 per box. Ask for our Free Booklet about Alcura. G. Tomblin, Limited, at all stores.

CASE WILL NOT BE HEARD IN CAMERA

Publicity of Courts an Excelsion of Canadian Practice, Says Judge.

AULL-REID ANNULMENT

Doris Reid's Father Claims Her Health Warrants Private Hearing.

A ruling by Mr. Justice Latchford late yesterday afternoon makes it impossible to hold the Reid-Aull case in camera. This case is that of Doris Reid and her father, George P. Reid, plaintiffs, prominent socially in St. Catharines, for annulment of her marriage to Robert Aull, Jr., of St. Louis, which took place in Cobourg on July 25, 1913. It is argued that such ceremony is null and void since plaintiff was not at that time 18 years of age and "did not consent to the marriage and was not sensibly and willingly a party to the ceremony, but was induced to take part therein by the fraud, deceit and misconduct of the defendant."

Might End Scandal. The motion to try in camera was made in camera, but the judge holds the case cannot be given a private hearing, although it was held that if Miss Reid gave evidence in open court the result to her health might be serious, if not fatal. "The openness and publicity of our courts forms one of the excellencies of our practice of law," said his lordship.

LAST ASH WEDNESDAY FOR VARSITY STUDENTS

Today being Ash Wednesday, the university buildings are closed and matters academic are at a standstill until Thursday. This is the last university holiday before the four days' vacation at Easter. According to a decision of government of the university, it will be the last Ash Wednesday and in future years the first day of Lent will pass without special honor.

In view of the fact that the holiday is still observed in the English universities, some dissatisfaction has been expressed that the observance of this day as a holiday should be stopped. The university authorities have given as the reason for the decision of the board of governors.

MONTREAL WILL HAVE NEW COMEDY THEATRE

MONTREAL, Feb. 24.—Half a million dollars will be invested here in French comedy within the next few months. La Comedie Francaise has been formed with \$500,000 capital to purchase a property and erect a theatre for such entertainment. The investment has been secured and the capital for the house, which will be modeled on Parisian style, will be ready for use next fall, it is expected.

French capitalists are interested in the venture, although there will be a big block of Montreal money in the company. Work on the new building will begin the first of May next.

Amateur Night at Park Theatre.

This popular house has come much into the limelight of late. Apart from the strong bill of vaudeville and high-class motion pictures put up by the management, the introduction of an amateurs' night every Wednesday has proved a brilliant success ever since its inception. The enormous crowds that fill the theatre to hear the best talent to fame and glory speak powerfully for the popularity of this innovation.

French capitalists are interested in the venture, although there will be a big block of Montreal money in the company. Work on the new building will begin the first of May next.

BRITISHER NAMED FOR FIRST PILOT

Lieut. John C. Porte Will Direct Wanamaker Transatlantic Airship.

NEW YORK, Feb. 24.—Lieut. John C. Porte of the Royal Naval Flying Corps of Great Britain will be first pilot of the proposed transatlantic airship to be financed by Rodman Wanamaker. This announcement was made here tonight after Lieut. Porte, who arrived here today from abroad, had held a conference with officials of the Aero Club of America.

Whether Lieut. John H. Towers, U. S. N., will be assistant pilot has not been determined. Lieut. Towers will give consideration to the opportunity offered him, and the consent of the government will be necessary if he decides to accept the place.

NO EXHIBIT AT FRISCO BRITAIN'S DECISION FINAL

LONDON, Feb. 24.—Efforts to move the British Government to reconsider its decision not to participate officially at the Panama-Pacific Exposition at San Francisco have failed. Sir Edward Grey, the foreign secretary, when invited in the house of commons today to take steps "to retrieve the position" could not reconsider the matter and expressed regret that the cabinet was unable to modify its previous decision.

New York and Return \$14.25. Good going March 5th, with return limit up to and including train leaving New York 2 a.m. March 15th. Full particulars at C.T.R. C.P.R. or Lackawanna offices, 142 Yonge street, Phone Main 3517. ed 7

TEA AT ITS BEST

in all its garden freshness and fine flavour

sealed lead packets are proof against dirt. The tea can't be contaminated—and it costs no more than common tea.

Pressed Meat.

PRESSED MEAT is a useful dish for luncheon or tea, and very delicate when made of veal or chicken. Only the lean meat is used, and an old fowl, if not too fat, is better than a young one.

The aspic or gelatine can be made from a knuckle-bone, or from two calves' feet. The method is to boil the bones, or the bone and plan of veal, in very little water until the liquid will solidify when cold. A better way is to use commercial gelatine, as this does not require clarifying, and can be made and placed in the mold in ten minutes' time.

There are many recipes for preparing jellied meats, or meats in aspic, but the following three selected ones will serve to illustrate all the rest.

Jellied Chicken.—This is clear amber when done and, if preferred, only the white meat of the fowl may be used. Cut the meat in dice or shred it. Dissolve a half a box of gelatine, according to directions on package, and add it to enough clear bouillon to fill the mold. Heat the mixture and season with pepper and salt. Wet the mold and pour in enough gelatine to make a thin layer; cool this and, in the meantime, mix the bits of meat in the remainder of the liquid and add it to the pan. Place on ice until firm and cold. Turn carefully from the mold and garnish with parsley or curled celery. Serve with mayonnaise. Eggs boiled hard and sliced in rings are usually used for the garnish.

Chicken molded with whipped cream.—Put the chicken meat in a bowl and add three eggs beaten and mixed with a pint of hot, clear, chicken stock, whites of three eggs beaten stiff, one tablespoon of powdered gelatine and two tablespoons of lemon juice. Pour all into a wet mold and chill for several hours.

Pressed Salmon.—Make the gelatine firm, using only hot water or clear stock. Coat the mold with a lining of this by placing the mold in a pan of ice water and turning it so the gelatine touches every side. The mold must be free from grease and very dry. Remove the bones and skin from a can of salmon and mix it with sufficient gelatine to fill the mold. Turn this out when cold and slice thin. Watercress makes a pretty garnish for this.

Pressed Veal.—Cook the veal until it shreds from the bone, remove all of them, and put this aside to get cold. Chop the meat or cut it in small pieces. Season highly. Some families like a little onion added; others prefer to cook a few cloves and pepper corns with the meat. Skim all the fat from the cold stock, heat it and strain thru a muslin cloth. Add the chopped meat, and mold as directed in above recipes.

veal and ham, chicken and ham, or pate de foie gras are popular mixtures for molding.

Care of the Teeth. Of equal importance with the diligent care of the teeth is the thorough mastication of food. Mastication and mixing the food with saliva is the first stage of digestion. This is a fact not usually given the consideration it deserves, and no better evidence of this is needed than that the boiling of food, so common among adults, commences in most cases in early childhood. Children are allowed to hurry over their meals as they please, and swallow their food with seemingly no attempt at chewing. They are too often given food which pleases their palate, regardless of its effect on their health; and to make matters worse it is generally "washed down" with milk-water or tea instead of being mixed with saliva. Not only is the digestive process interfered with in consequence, but in time the teeth and surrounding tissues suffer from lack of use. In order to be healthy and vigorous every part of the body must have a certain amount of exercise. So it is with the teeth, they must be exercised. If used thoroughly they are more readily cleaned and more blood and nourishment are brought to the parts. If neglected, the circulation becomes sluggish and nutrition diminished.

It has long been a matter of common knowledge that candy plays havoc with the teeth. Also candy is part of every child's diet—sandy carefully chosen and given at a proper time. It is just as well to cleanse the mouth and teeth as soon as possible after eating sweet stuff as possible the possibility of fermentation between the teeth.

It is obvious, therefore, that one of the important daily duties of the mother is to see that the children have plain, nourishing food, and that it is well covered with the earth, so that under no condition whatever can the bulb come in direct contact with it. This is a point that cannot be impressed too strongly upon amateurs. Experience has taught me (a most unfortunate experience that cost the total loss of two many bulbs to think of) that the absolute necessity of care on this point.

Hyacinths should have at least two weeks of rest in a cool dark cellar during which time the bulbs are sending out some strong roots and getting the flower stalk ready within the bulb. While this growing process is taking place be sure that the bulbs are never allowed to become the least bit dry. An even moistness of the soil can be very easily managed with a little care. Bring the bulbs into the light about the last week in March and coax every stray bit of sunshine possible for those bulbs.

Some amateurs like to choose the single-flowering varieties, thinking these are more certain to bloom. But this is an error. I do not exactly see how one can prevent a good healthy bulb from blooming under the most ordinary conditions. So be sure to choose some double-flowering varieties as well as those sending up single spikes.

The soil to be used may be composed of about the same materials as used for the narcissus. Always remember, it is more to be used to form a little constant bottom heat, that this material must be well covered with the earth, so that under no condition whatever can the bulb come in direct contact with it. This is a point that cannot be impressed too strongly upon amateurs. Experience has taught me (a most unfortunate experience that cost the total loss of two many bulbs to think of) that the absolute necessity of care on this point.

CANADIAN DEBUT LONDON'S IDOL A.E. ANSON "NOBODY'S DAUGHTER" ALEXANDRA, MAR. 2

PRESENT STYLES BAD FOR WOMEN

Dr. Jennie Gray Says Tight Skirts Mean Less Exercise.

POOR DEVELOPMENT

Women Are Often Forced to Walk in a Deformed Manner.

"Fashion is retarding the physical development of women," was an assertion made by Dr. Jennie Gray in an address delivered before the Junior Suffrage Association on Monday night. Miss M. Amiraux presided. The subject of the address was the possibilities for women in nation-building.

Dr. Gray declared that the tight skirt was leading to women taking a car even for distances as short as several blocks. Walking was one of the greatest factors for physical development which the city dweller possessed, and walking to business instead of using the car, was a health opportunity that should be seized upon. The future race of Canadians depended on the women of today and their proper physical development. Such development was not possible with the modern fashioning of city life which kept women from doing the things which their feet, as does China, the binding together of the ankles in such a way as to force the women to walk in a deformed manner was counteracted.

Dr. Gray, who is a Canadian, was highly enjoyed by Canadians today, who were present at the lecture. Her father lived the hardworking outdoor life, and she was a physical development. With the over-growing city life such work was impossible for many, and she showed the need of sufficient outdoor exercise and fresh air. The physical development of the future generations depended on such being undertaken.

FRANZ ABT

A Great German Composer.

The plaintive refrain of "When the Swallow Homeward Flies" always calls to mind Franz Abt, born in Prussian Saxony. Over 300 popular German songs were composed by him and nearly all of them translated into English. He is probably one of the most popular German composers. He died in 1885, and the memorial service held after his death in the city of Leipzig, "When the Swallow Homeward Flies" seemed to summarize the life work of a popular composer.

Several of his imperishable songs are to be found in "Heart Songs"—the famous song collection now being so widely received by the readers of this paper—which has placed it within the reach of everyone. Set the coupon in today's issue, which explains the terms to our readers.

AGREE TO SEPARATION DIVORCE SUIT DROPPED

LONDON, Feb. 24.—The divorce suit brought by Alexander Brodick Leslie against his wife, in which Earl Fitzwilliam, one of the wealthiest men in England, was cited as a co-respondent, was withdrawn today. Counsel for the wife, Sir Samuel Evans, president of the divorce court, that Mr. and Mrs. Leslie-Melville had agreed to a deed of separation.

Earl Fitzwilliam and another co-respondent, Mr. Platt, will go on the witness stand tomorrow and formally deny the allegations against them.

CHURCHES AND THEATRES WILL RESUME AT FALLS

NIAGARA FALLS, N. Y., Feb. 24.—The smallpox ban that has been in force here the past eight weeks, was removed today, and tonight lodges will resume their regular sessions. Churches will hold their mid-week services Wednesday night and theatres will open Thursday. Dr. Herman Biggs, state commissioner of health, has instructed the local authorities that he has no objection to the resumption of public gatherings being opened, provided that only vaccinated persons be admitted. There are now but 16 cases of smallpox under quarantine, over 20,000 persons have been vaccinated.

CALGARY'S HEALTH IMPROVES.

CALGARY, Feb. 24.—The general death rate of Calgary shows a remarkable reduction of 22.18 as compared with the death rate of 1912. This is one of the statements in the annual report for 1913 issued by Medical Health Officer Mahood. The infant death rate showed a reduction of 24.85 per cent per 1000 births over 1912. During the summer months the infant death rate showed a remarkable reduction of 55 per cent from 1912.

What Thin Folks Should Do To Gain Weight

Physician's Advice for Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs, who, having tried advertised fish-milkers, food-fats, physical culture stunts and rub-on creams, resign themselves to long skininess, and think nothing will make them fat. Yet their thinness is not hopeless. A recently discovered restorative force makes fat grow under no condition whatever can the bulb come in direct contact with it. This is a point that cannot be impressed too strongly upon amateurs. Experience has taught me (a most unfortunate experience that cost the total loss of two many bulbs to think of) that the absolute necessity of care on this point.

Hyacinths should have at least two weeks of rest in a cool dark cellar during which time the bulbs are sending out some strong roots and getting the flower stalk ready within the bulb. CHICAGO WOMEN BUSY IN POLITICS

Nomination of Five Women Candidates for Council is Assured.

CHICAGO, Feb. 24.—Thousands of Chicago women had their first real experience today with the ballot box and took part in the actual nomination of candidates for the city council. There was some excitement in wards in which women candidates were running in opposition to men seekers for places in the city council. In these wards women sought the polls early and the women candidates toured the wards and hustled for votes in approved political fashion.

A snowstorm early in the day delayed many voters and a movement believed by many suffrage leaders who believed that women should not formally ally themselves with any specific party, kept hundreds from voting at the primaries.

There were the usual minor disturbances in the river wards, but fewer arrests for improper actions were made, and the complaints and appeals to the election commissioners were less numerous than other years.

Five of the eight women candidates were unopposed in their party and their nomination was certain. Among them was Miss Marion Drake, who will run on the Progressive ticket in the spring election against the present alderman of the first ward, John (Bathhouse) Coughlin.

The much mooted question as to the status of Sam Schuyler, who the jury in the Becker case decided was not accomplice to the crime, is still unsettled. The prevailing opinion among the members of the jury is that the verdict of the four jurymen for the same crime were affirmed today by the court of appeals.

The much mooted question as to the status of Sam Schuyler, who the jury in the Becker case decided was not accomplice to the crime, is still unsettled. The prevailing opinion among the members of the jury is that the verdict of the four jurymen for the same crime were affirmed today by the court of appeals.

MASQUERADE PARTY.

The masquerade party given by the Rose avenue gym class was largely attended. Many costumes worn were very pretty, especially a blue silk princess gown most becomingly worn by Miss Leonora Fradenburgh. The boy scouts were represented by Miss Muriel Poe. Miss Anhol Mitchell looked charming in a fairy costume. Miss Fradenburgh made a typical Indian maid. Little Miss Riding Hood was well represented by Miss Dorothy Swain and two other girls. Mildred Geuers looked cute in a clown suit. Dolly Varden was represented by Miss Flossy Brien. Miss Topp and Miss Howe appeared in the height of fashion, a vast difference from the 1860 princess gown worn by Leonora Fradenburgh and those worn by the ladies of the club today for the international ballroom race, to start from Kansas City on Oct. 6 next.

The proposed agreement refers to the larger pool comprising the three United States and the three continental, British and continental lines, which it is hoped will be reconstructed now that the continental lines have settled their differences.

TEN BALLOONISTS IN INTERNATIONAL RACE

NEW YORK, Feb. 24.—Three entries from the Aero Club of France and one from the Aero Club of Belgium were scheduled here by the Aero Club of America today for the international balloon race, to start from Kansas City on Oct. 6 next.

The proposed agreement refers to the larger pool comprising the three United States and the three continental, British and continental lines, which it is hoped will be reconstructed now that the continental lines have settled their differences.

STEAMER POOL IS NOT IN ENTIRE AGREEMENT

LONDON, Feb. 24.—The steamship companies forming the North Atlantic shipping pool adjourned today without reaching an agreement on certain proposals put forward, which it was thought required fuller consideration. The conference will meet again in Berlin on March 17.

A NEW FIRE CHIEF NAMED.

HARRISTON, Feb. 24.—Thomas Johnston was appointed chief of the fire department as successor to Chief George Plante, who resigned and has gone to Listowel.

MAKE YOUR HANDS and FACE COMFORTABLE

A few drops of "CAMPANA'S ITALIAN BALM," rubbed over the hands and face when washing, and before drying, is a sure preventive of chapping and soreness. Many thousands (Canadian use it this year) have found it to be their greatest satisfaction and comfort, during the winter months. TRY CAMPANA'S FOR YOUR OWN COMFORT. A trial bottle, regular twenty-five cent size, will be mailed post paid to any address for TWENTY CENTS by the Canadian distributors. Write to: E. G. West Company, George Street, Toronto.

Order a trial bottle by mail.

Fancies of Fashion Simplicity In Models for Kiddies

By Madge Marvel

MAKING children's clothes is an art by itself and quite distinct from any other branch of dressmaking. In almost every city one or more establishments are given over to clothing the youngest generation, and many a clever needlewoman has found the way not only to a livelihood, but to a substantial prosperity, by designing and making clothes for little folks.

Unless one can make her small daughter's clothes she is confronted by an expensive problem, if she wishes to have the latest and most approved garments, for children's clothes are undeniably expensive if one desires material and smartness. Fortunately simplicity is the aim of the best designers, and it is possible to make garments with the aid of a seamstress which, if bought ready made, would cost a pretty penny.

The child of today is picturesque. Old winks must have furnished the inspiration for many of the newest frocks and suits. Look over the pictures of some of the Dickens children and you will see the pattern for the most approved school suit for the modern small boy.

Model is Varied
There is a straight little blouse cut with a collar of fabric with the plain little knee length trousers buttoned to it at the waist line. There are variations of this model. For every day wear the suit is made of some of the heavy suitings which are washable. For the street the trousers are often of corduroy and the blouse of some washable fabric, as linen or tub silk, and for ceremonious occasions the blouse is made of white washable silk or satin, with lace trills at the collar and cuffs, and with trousers of heavy ribbed silk, bengaline being a favorite weave.

Coats for wear over these suits are smart tweed affairs or Russian blouse effects in corduroy. They usually button close at the neck and have the slightly lowered belt.
The smaller boys have been wearing little mensurlike costumes which I am told will be more used for the summer, as they are so simple, so easily adjusted, and so comfortable. These are made of a material which is not so stiff as the material of the frocks. The trousers which may match or be of a contrasting material, are striped trousers with a plain outer garment, are fastened to the under waist.

The frocks for the little girls are just as simple in lines. The straight effect is retained, and the skirt is often of the regulation waist line as it is called, nearly to the knees, which has been the accepted belt line for 7 or 8 years, there is a noticeable brevity of skirt and the collar are usually the same length as the frock. When they have the banding for the effect is quaint and attractive.

Kimono Sleeve Popular
The kimono sleeve is used in nearly all the dresses for the small lady. Serge seems the approved material for the street dress. I have seen an attempt to introduce the suit style in some of the best and newest of the spring clothes and it is most attractive and would surely please the wearer. In several models there was a skirt short and wide, soft sash and an Eton coat made quite loose. Underneath was a blouse of batiste.

The sash frequently became part of the frock and fastens at the side. On the very best of the finer frocks there is sometimes an appearance of the smocking which was once so fashionable as adornment.
When the low belt is chosen the skirt frequently merely one or two little ruffles of silk contrasting with the serge of the frock. These ruffles are held if the serge is plain.
While the frocks are simple, there is the finish which bespeaks skill. There is the same demand for style in the garments of the child of today as in the garments of the child of yesterday, and the same demand for detecting flaws in the garments of their companions.

THE SONG OF THREE WORDS :: :: By Michelson

An old song, if you care to put it that way, but sung in a new way—so new a way that she herself has never discovered that it is an old song. She thinks it never happened before. "I love you" has for her the freshness, the brand new wit, the exquisite novelty, the transcendent cleverness of a mighty creation. This is one of the means by which you know that the song is being sung by the right one at the right time, in the right way. A thing that sounds like a BROMIDE is said by the wrong one, or maybe only in the wrong key—there's something in that. Meanwhile, notice the three words: "I" on one side, "you" on the other, and LOVE between. A wise "I" and "you" keep it there, steadfastly, securely, always.

Are You Afraid of the World?

By WINIFRED BLACK

A MAN killed himself in Los Angeles the other day and left a note telling the mourners what song to sing at his funeral. The man was young, in good health, comparatively speaking; he had enough to eat, and a place to sleep, and nobody was persecuting him for any reason whatsoever. But he was a thief. He had embezzled money from the firm for which he was working. When he saw an expert put on his books he went to his room, wrote a good-by letter to his mother, another to his friends, and blew out his brains with a cheap revolver. Both the letters that he left were very sentimental, and supposed to be very touching, especially about the songs he wanted sung at his funeral. Somehow I couldn't weep very tragically over those songs. I kept thinking of the young man's poor old mother, and when I thought of her and what she felt when she found that the boy for whom she had such high hopes had died a thief and a suicide, I couldn't cry so very hard over the man. Sentimental Tommy—that's what they called him, the companions of the man who killed himself. Sentimental Tommy, always talking about the stars and the roses, and shivering when he heard a discord in music, and shuddering at the tones of a harsh voice. And very pleased with himself and with his "sensitive nature" and his "temperament"—I haven't a doubt in the world—if he was anything at all like the Sentimental Tommies of my acquaintance. I know quite a few of them, the Sentimental Tommies, worse luck for me. And if the truth must be told, I know very little good of them. One of my Sentimental Tommy friends couldn't keep his job because the man he worked for was so rude and coarse. So Sentimental Tommy gave up his position, and went home and let his mother support him for a while. He was not too sensitive to do that. They never are too sensitive to do anything they really want to do—the Sentimental Tommies. Another Sentimental Tommy, who is married to a friend of mine, makes eyes at every girl he meets. The plainer she is the more he makes eyes at her, and if she will let him, he holds her hand and sits in dark corners with her and steps on her foot under the table. And then, if she will let him, he writes her letters—such entrancing letters, all full of stars and moonlight and mocking birds and magnolias! I wondered why he always chose the plain girls. I found out that it was because the plain girls were so grateful. They weren't used to lovers and love making, and they couldn't tell the difference between sentiment and sentimentality. So Sentimental Tommy had a glorious time with them. He's always sad and yearning and misunderstood. One

Secrets of Health and Happiness

One Faint Is Harmless, But Beware the Habit

By Dr. LEONARD KEENE HIRSHBERG

A. B. M. A. M. D. (Johns Hopkins).
Copyright, 1914, by L. T. Hirshberg.

HAVE you ever felt like Mark Twain's horse, which was so feeble that it "wanted to lean up against a post to think"? If you have, you belong to the fainting fraternity, even though you have never really swooned.

Physiologists now admit that the syncope and instantaneous prostration may be due to many things which are known and a great many others yet to be dug out. The pundit who will completely unloose the Gordian knot responsible for feminine fainting will be sung and honored down the corridors of the ages. Ask servants today of knowledge of swooning and they will talk like an expert on Athens, Rome, virtue and stuff, but speak little sense.

To faint or not to faint is a question as much of digestion, debility and disease as it is of dress, dreams and discipline. When a fair maid, ruddy with the glow of youth, falls in a swoon, Dr. Cupid prods her with his stethoscope of strength and health in one way or another. His diagnosis is not a dangerous disease, but instability of her heart power.

What They Come From
Swooning, true enough, comes from "bleeding into the abdominal veins." Indeed, the syncope must be unusual, cold, from want of fresh air, from fear, from hysteria and from poisoning may be as much an irritation of that part of the medulla oblongata which is the spring of the red stream as of the rest of the full blood around the brain. Even so, swooning must be unusual even among women and fair maidens. You are subject to Lady Malsprop's convenient device to decoy sympathy, you are either a hypocrite or truly ill.

The type of stage swooning, once the ovary and follicle strike is, I take it, so passé as to be a thing in the limbo of dirt, snuff-boxes and oracles. Therefore, if you faint more than once in a year, as permitted by resolutions on New Year's day, either your blood is affected in some more or less serious way, your flow of blood or its quality needs correcting, your heart is not up to the hundred mark, or your nervous system is in serious need of overhauling and reinvigorating.

Absent-Mindedness and Fainting
Absent-mindedness, being far-away thinking of something, is a first cousin to fainting. When you scratch your head for want of thought, when you head back, pull your mustache, stoke your beard, smooth the side of your teeth, smoke or chew gum in order the better to complete your appointed task, you have a situation which just falls short of swooning.

Faint heart never won fair lady, because bravery is the strength which the sturdy folk of the world know in youth is one who may be given to fainting, who is necessarily feeble in physique. Beauty craves masculine vigor, on canvas, so common among dandies of another day, is a step toward feeble physical fibre. You really do faint just as weak women do.

Answers to Health Questions

J. D. H.—What can the Boy Scouts and Campfire Girls do in our town to reduce the number of infant deaths?

The best thing to do is to make a house to house survey of your whole city. Teach the families what fatal mistakes are committed from milk, other food, dirt, kissing, pacifiers, teething rings and too much "hardening" to the little ones.

C. S. P., Beaver Falls, Pa.—Thank you for at last teaching the public the things that doctors keep so secret to themselves. Now please tell me how neuritis differs from muscular prostration or "neurasthenia."

Wasting diseases of the nerve fibrils and nervous tissues show themselves in so many ways and come from so many causes that you must be more explicit. There is one form of neuritis due to alcoholic degeneration of the nerves, another to arsenic poisoning, another to germ poisons and a legion more.

Dr. Hirshberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirshberg, care of this office.

Sayings of Children

"I know how we walk," said Willie. "We put one foot down and let it stay 'till it gets one behind and then do the same thing with the other, and keep doing it."
"Well, little chap," said the stranger in the family, picking up one of the children, "what are you going to be when you are a man?"
"Nuffin!" said the child.
"Nothing? Why so?" asked the stranger.
"Because," said the child, "I'm a little girl."
Mr. Fleg-Tommy. I hear you have been telling lies. I never told lies when I was your age.
Tommy—"When did you begin, paw?"
Small Dorothy had just been stung by a wasp. "I wouldn't 'a' minded its walking all over my hand," she said, between her toes, "if it hadn't stung down so hard."
Kind neighbor (accompanied by a large mastiff, to a little girl very much afraid of him)—He's a good dog; he never hurts anybody. Don't you see how he's wagging his tail? Don't you see how he's little girl (still shrinking back)—Yes, I see; but that isn't the end 'I'm afraid of."

Daddy's Good Night Story
By GEORGE HENRY SMITH
"THE brook has gone away," said Charlie Chick to his mother, as he came in the henhouse after something to eat. "It must be frozen over," said Mrs. Cackle. "I guess that is it," replied Charlie. "I walked across where it used to be with the Duck children. We are going skating this afternoon. I do not know what skating is, but the Duck children say it is sliding with sleds on your feet."
After Charlie had taken a nap under his mother's wing he started off in search of the Duck children. He found them skating on the brook. "Here you are!" they shouted. "We saved a pair of skates for you." Charlie's skates looked like pieces of wood, but he managed to get them on his feet and soon he was going across the frozen brook with Dick and Danny Duck. Suddenly he raised his wings and he went faster than ever. The Duck children raised their wings, but they were so short they did not catch the wind like Charlie's. They were all having a beautiful time when suddenly Danny Duck went "cher-plash!" right in a big hole in the ice. Down he went, but soon he came up. "Don't worry," said Dicky Duck. "You must remember ducks can swim." "I'm not worrying," said Charlie Chick. "Only I don't want to fall in the water." Just then Danny came out of the water and Charlie said: "Didn't you get wet?" "No," replied Danny. "Ducks never get wet." "I forgot," said Charlie, as he skated off.

A Tender Smile and a Song

By Adolph Reeder

I PLANTED a smile in the heart of a friend. And it blossomed forth into songs; For it rose to his lips in after days, In cadences, low and long. Beyond life's hurry and rush; And wove itself into liquid notes, In the throat of the hermit thrush. And it fell on the ears of a sleeping babe, That lay on its mother's breast; And turned again to a tender smile, An earnest of heavenly rest. An angel paused in his heavenward flight To harvest the smile from that face, And it turned in his heart to song again, As he sang at the throne of grace.

CONDUCTED BY MRS. EDMUND PHILLIPS

Lady Whitney and the wives of the cabinet ministers received yesterday in the speaker's chamber of parliament very well in peacock blue silk with embroidery on the corsage and hat to match, and diamond ornaments.

The Toronto Musical and Dramatic Club will present "Sentiment and Satire" written by Arthur Baxter and Mr. Austin Campbell, at the Nautical Club, on March 17.

The Ladies' Branch of the Centre and South Toronto Conservative Club has been invited by the Sir Henry Pellatt Chapter, L.O.E., to the Royal Alexandra on Friday afternoon at 3 o'clock to hear Mrs. Martin Harvey's address. This is in Martin Harvey's address. This is in Martin Harvey's address.

The Women's Art Association of Canada announced the opening of the annual loan and members' exhibition in the new galleries on Saturday at 8:30 p.m.

The annual fancy dress carnival of the Toronto Skating Club will be held on Friday evening, March 6, in the Arena. The Queens' Own Band will provide the music. Members of the Minto Skating Club, Ottawa, the Hamilton Skating Club and the London Skating Club will be present.

The Cotillion Club has issued invitations to a special meeting today on Tuesday evening, March 3, at 8:30 o'clock.

The motor boat show in the transportation building, Exhibition Park, opens today.

The Women's Press Club is entertaining Miss Marshall, Sturges, on Thursday afternoon, when Miss Mary MacMurphy will be the tea hostess.

Mrs. R. J. Christie gave a large dinner party last night at her house in Queen's Park.

The Chamberlain Chapter, L.O.E., will hold its 24th annual meeting today in the Margaret Eaton studio.

One of the most artistic musicals of the season was given last night by Mrs. C. Arthur Bell and Mrs. Sydney Bell at the residence of the former in St. George street. The spacious rooms were decorated with garlands of spring flowers and ferns, the large parlour serving as a cosy sitting-out place for the many young people present, who wound up the evening with a dance. Mrs. Bell looked lovely in a gown of broad crepe with a deep rose satin and black and white crepe with real lace and a bird of paradise feather in her hair. A few of the guests present were: Dr. and Mrs. Harriet Smith, Mr. and Mrs. J. Castelli, Mrs. Herbert Hamilton, Mr. and Mrs. Paul Morozov, Miss Winona Carroll, Mrs. Herbert Hamilton, Mr. and Mrs. Paul Morozov, Miss Winona Carroll, Mrs. Herbert Hamilton, Mr. and Mrs. Paul Morozov, Miss Winona Carroll.

At the Schubert Choir concert last night, Madame Barrett wore a pale blue gown with lace tunic and corsage, trimming in sable and a girde of beauty satin; Miss Beatrice

Webster, pale blue crepe meteor, with white lace and king blue girde; Miss Grey, white satin, with tunic of violet and crystal and violet velvet girde; Miss Walker, yellow broadcloth with tunic of tulle and ermine; Miss Ryan, emerald green satin, with corsage of white and gold; Miss Davin, orange satin with silver tunic; Mrs. J. R. Bessiah, yellow satin, draped with lace, diamond ornaments; Mrs. Edna Wolcott, rose satin and crystal; Mrs. George Reynolds, apricot and pale blue broadcloth chignon corsage, and Mrs. Babette, white and pink.

The Sir Henry Pellatt Chapter, L.O.E., has invited the members of the L.O.E. to hear Mr. Martin Harvey's address on Friday at the Royal Alexandra at 3 o'clock. Members are requested to wear their badge.

Col. Gooderham goes to Ottawa the end of the week to present at the meeting of the Boy Scout Council.

Mrs. Plummer, Sylvia Towers, gave a dinner last night, afterwards taking her guests to the rose ball.

Mrs. A. P. Burritt is giving a small bridge party on Thursday afternoon.

The Ladies' Branch of the Centre and South Toronto Conservative Club has been invited by the Sir Henry Pellatt Chapter, L.O.E., to the Royal Alexandra on Friday afternoon at 3 o'clock to hear Mrs. Martin Harvey's address. This is in Martin Harvey's address. This is in Martin Harvey's address.

The Women's Art Association of Canada announced the opening of the annual loan and members' exhibition in the new galleries on Saturday at 8:30 p.m.

The annual fancy dress carnival of the Toronto Skating Club will be held on Friday evening, March 6, in the Arena. The Queens' Own Band will provide the music. Members of the Minto Skating Club, Ottawa, the Hamilton Skating Club and the London Skating Club will be present.

The Cotillion Club has issued invitations to a special meeting today on Tuesday evening, March 3, at 8:30 o'clock.

The motor boat show in the transportation building, Exhibition Park, opens today.

The Women's Press Club is entertaining Miss Marshall, Sturges, on Thursday afternoon, when Miss Mary MacMurphy will be the tea hostess.

Mrs. R. J. Christie gave a large dinner party last night at her house in Queen's Park.

The Chamberlain Chapter, L.O.E., will hold its 24th annual meeting today in the Margaret Eaton studio.

COMPEL RAILWAYS TO SERVE SUBURBS

Legislation Urged by W. F. Maclean, M.P., in Public Interest.

PLAINT OF HALIFAX

I. C. R. Said to Have Cut Off Service Formerly Given Commuters.

(Continued From Page 1.)

ban train service of the Intercolonial at Halifax. Many people, he said, had invested in property and established their homes some distance from the city, relying upon the suburban service for years effective on the I. C. R. The discontinuance of that service would be a great injustice and inconvenience.

A similar complaint was voiced with respect to St. John, N.B., by the minister of marine and fisheries, and the prime minister admitted having received many complaints from his constituents and promised some prompt remedial action by the government so far as Halifax and St. John were concerned.

TORONTO'S VAIN PROTESTS.

W. F. Maclean (South York) said a similar grievance on probably a much larger scale existed in Toronto. The city had endeavored in vain for years to get suburban train service and commutation rates. He asked the government to deal with this question in the new railway act. As it was the railway companies claimed that they were not bound to afford a city any suburban service. They gave an up-to-date suburban service in the city of Montreal, but refused a like service to the city of Toronto.

They claimed that all suburban traffic must be taken care of by the street railway company or by the city. The population of South York, largely suburban, had grown from 25,000 in 1903 to 100,000 people at the present time. The street car system could not handle the passengers.

They included that all suburban traffic must be taken care of by the street railway company or by the city. The population of South York, largely suburban, had grown from 25,000 in 1903 to 100,000 people at the present time. The street car system could not handle the passengers.

Orillia 5 Hockey Warton 1 Baseball Canadian League Opens May 7 Turf Date Fixed for Juarez Close

ORILLIA PUTS WIARTON OUT

Home Team Just Win in Second Game, Gaining Margin in First Half.

ORILLIA, Feb. 24.—Warton came here with a lead of three, but are put out of the running. In the return semi-final intermediate game here tonight, Orillia put Warton out of the running, and enter into the finals, score, 5 to 1. The tie was first-class, and the game one of the best ever played in Orillia. Butterfield, playing rover, was the classiest stick-handler on the ice, and had the visitors puzzled with his dodging. Both teams played hard, and every man worked like mules, but the visitors could not get by the Orillia defence, and if they did, why, there was Teddy Corbould, who took care of everything that came within his reach. Warton's defence played a good game; in fact, every man of the visitors did finely, but the Orillia boys had it over them on back-checking, and held them down so closely that they had no chance to break away at all. Carter, Orillia's regular rover, played defence in the place of Perryman, who is under the weather, and Butterfield played in Carter's place at rover. Nimmo, in the Warton goal, was called upon to stop some hard shots. Ross scored Orillia's first goal, after about twelve minutes' play, and Jupp, Orillia's speedy right wing man, got another a few minutes later. These were followed after about fifteen minutes' more play by two more in quick succession for Orillia. The first half ended four to nothing for the home boys. The last half was fast and furious. Warton saw the game slipping from them, they resorted to rough tactics, and especially Porter, left defence man, who visited the penalty box frequently. Jupp got laid-out twice in the last half for a few minutes, but came back and finished the game. Orillia got one more goal in the second half, and Warton got their only point in the last half. Full-time score, 5 to 1. This gave Orillia the round by 7 to 6. Line-up: Warton (L) Goal, Nimmo; right defence, Gilmer; left defence, Porter; rover, W. Ashby; centre, R. Simmie; right wing, S. Ashby; left wing, Macdonald; Orillia (R) Goal, Corbould; right defence, Carter; left defence, Harvie; rover, Butterfield; centre, Ross; right wing, Jupp; left wing, Macdonald. Referee—Harvey Sproule.

Standard Downs Dominion Team

The Bank League staged another double-header at the Arena last night, and the surprise package of the season, Standard, opened when Standard downed Dominion 7 to 1 in the second game. Standard was minus the services of "Glad" Murphy and with the wood chopping that was the cause of the Standard's defeat in the first game, it was never good hockey. Standard, on the other hand, played a very smart game, and it was only the pretty skating of Reg. Bloomfield that made it interesting to watch.

Dominion showed well in spots, and raised their heads at the end of the second half, but the Standard goaler got all of them. It was a tie one all at the half. Union clinched their section by downing Toronto 4 to 1 in the first game, and a good game of hockey was displayed in the contest. The players were not over gentle with the checking, and it was exciting all the way.

Caps Will Try to Beat Canadiens—Shag

OTTAWA, Feb. 24.—Certain players on the Ottawa team came into my office yesterday and asked me to do anything to the rumor that the Ottawa executive wished the Canadiens to win the Stanley Cup in preference to the Toronto team, and wanted to know whether they were to do the honors in the game. I told them that the executive and management of the Ottawa were playing the favorites in Ottawa; to go out and win if they possibly could.

Other Ottawa executive men stated emphatically that not only would it be a disgraceful thing for the Ottawa to even think of allowing a game to go to a visiting team without trying to win it, but that it would be a big injustice to the fans being served by Ottawa during the season. The Ottawa are generally known as the "Hockey Kings" of the Ottawa, but they are not going to assist the French team in doing so.

Quebec's Last Chance To Defeat Toronto

QUEBEC, Feb. 24.—The executive of the Quebec hockey team and the players themselves are determined to do their utmost to win the Stanley Cup next Saturday. Jack Marshall's team is the only one that they have not trimmed yet, and the locals don't want to have the disgrace of being beaten by one team four times in a season.

BEACHES LEAGUE GAMES.

Junior—Diamonds and Dominion Express, 8.30, at Ravina Rink. Juvenile—Broadview and Aura Lee, 7.30, at Ravina Rink. East Toronto and Woodbine, 8.30, at Ravina Rink.

EQUALS WORLD'S POINTS RECORD.

WINNIPEG, Feb. 24.—Frank Casady, of the Duluth Curling Club of Winnipeg, equaled Bob Dunbar's world's record of 82 points by curling, when he made an equal count in the closing round of the Winnipeg bonspiel.

HOCKEY RESULTS

ALL STANLEY CUP GAMES IN ARENA

President Quinn Has So Arranged, Even if Canadiens Should Beat Out Torontos.

President T. Emmett Quinn of the National Hockey Association was in the city on Monday to make arrangements for the playing of the world's series and the Stanley Cup. The date set by the National Hockey Association will likely leave the games to be played so late in March that, in any case, they will have to be played at Toronto. The Maritime winners will be the first to have a chance for the Stanley Cup, after which Victoria will come east. If the Torontos win the championship, as looks likely, they will be called upon to meet Sydney, champions of the Maritime League, on Monday, March 2, at West Toronto. The winners will then play Victoria, the coast title holders, in a series of the best three in five games, beginning March 14. The schedule, including the O.H.A. games, provides for hockey in the Arena until nearly April, and is as follows: Tonight, 8.15 p.m.—(N. H. A. professional)—Toronto and Ontario. Friday, Feb. 27, 8.30 p.m.—O. H. A. senior final—St. Michaels and Toronto and A. Saturday, Feb. 28, 2.30 p.m.—(O. H. A. Junior final)—Winners of Orillia-Bellefleur game at Varsity II. Saturday, Feb. 28, 8.15 p.m.—(N. H. A.)—Ottawa at Ontario. Wednesday, March 4, 8.15 p.m.—(N. H. A.)—Wanderers at Toronto. Wednesday, March 4, 8.30 p.m.—(O. H. A. senior final)—T. R. and J. A. at St. Michaels. Saturday, March 7, 8.30 p.m.—(Exhibition)—All-Stars Juniors v. winners of O. H. A. Junior championship. Monday, March 9, 8.15 p.m.—Sydney, champions Maritime League, v. winners of N. H. A. Wednesday, March 11, 8.15 p.m.—Sydney, champions Maritime League, v. winners of N. H. A. Total goals to count in two matches. Saturday, March 14, 8.15 p.m.—(First round)—Victoria, champions Maritime League, v. winners of Sydney N. H. A. championship series.

HOCKEY GOSSIP

Because of the default of Kingston Frontenacs, their place in the O.H.A. semi-final junior games will be taken by Belleville. The latter are to play at Peterboro tonight. The winner will play at Orillia Friday, and back at Oshawa or Belleville Monday. By defeating Dunlop at Withrow Park rink by score of 12 to 9, the Toronto Clark Co. hockey team are again champions of the Riverview Manufacturers' League, this being the second year for another year. The team have not yet been beaten this season, either in the league or exhibition games, and have made a name for themselves for playing clean hockey. Line-up: Goal, J. Ross; point, J. Spanton; cover, J. Sullivan; rover, E. Randall; centre, A. H. H. and A. George; right wing, P. McElwain. Referee: McCord. Parties play at Aurora Wednesday night.

Sporting Editor World: Could you find space for under, re Kingston-Oshawa ruling, as the predictor of 90 per cent. of Toronto hockey fans. Another odd ruling of that worthy committee, it is a shame in every way and only knocks our good old game.

The Toronto Riverside Athletic Club's intermediate O.H.A. team will play the Hamilton Hockey Club in an exhibition game at Hamilton tonight.

In a rough game Victoria defeated South Parkdale last night at Ravina rink by score of 16 to 1 in the West Toronto Church League.

Beeches beat Coxwells last night at East Toronto rink by the score of 3 to 1 and can hardly be beaten out of the rink title now. The winners were very rough, and had no less than fifteen penalties to their opponents' three.

Owing to the fact that one of the teams in the Beches League play-off tonight at Ravina rink was unable to make the grade and reach the rink for their game at the scheduled time, the program of the night's events has been rearranged, as follows: At 7.30, Broadview Juniors and Aura Lee Juniors will meet in the semi-final, and they should provide a great battle. At 8.30 Diamonds and D.C. Express will clash in the final minor league game, and the following game of the three-cornered tie in the semi-final, will be fast from start to finish. At 9.30 East Toronto and Woodbine will try conclusions with each other once more to decide the title in their group. As they have met twice before, and each team has emerged with a victory, the game should be the best of the evening. Thursday night, at 8.30, at Morley Avenue rink, Coxwells and Eastern Stars will play a league game. As this is practically a deciding game in the group, all members and supporters of the club are requested to be on hand early.

Frank Disette, manager of the St. Michael's Hockey Club, states last night that at a meeting early this week with representatives of the T.R. & A.A. and arena all arrangements were made, as referee. Yesterday the Toronto manager, O.H.A. to appoint a referee and fix up the other details. It is likely that St. Michaels will enjoin the services of two of their players, Herb Matthews and Woodbine, who is a pretty slick boy. Buzich David, who was out, and will likely fill in on the line. Rankin and LeFamme were both going well, and the Saints, outside of Matthews and Matthews, are all in first-class shape.

SCHOOL GIRLS BASKETBALL.

Games last night at the Y.W.C.A. in the School Girls' Basketball League resulted: Junior—Dufferin 49, Y.W.C.A. 35. Senior—Wellesley 33, King Edward 20.

Ulsters and Overcoats Winter Weights—Clearing Prices

CANADIAN LEAGUE OPENING DATES

Toronto Club at London—McCafferyites to Train at Home—The Full List.

The Canadian League held a meeting yesterday to get things in shape for the playing season and arrange for the date, which will be made public within the next two weeks. All clubs report that they have the majority of their outfit signed up. The Toronto team will train at home, while the other seven clubs will have short training trips in Michigan, Pennsylvania and Ohio towns. The season will open on May 7 with Toronto at London, Hamilton at Brantford, Ottawa at St. Thomas and Peterboro at Erie, Pa. The Toronto Club will send several players from the Leafs when the International Club leaves Marlin Springs and should be a strong contender. President Fitzgerald has signed up a competent staff of umpires, and everything points to the best year in the history of the Canadian League.

BARACAS FOR HAMILTON.

The Baraca intermediate basketball team have a trip to Hamilton in view, and the following players are requested to provide points to the best year in the history of the Canadian League.

BRITISH OLYMPIC FINAL.

LONDON, Feb. 24.—The British Olympic committee has decided to make another appeal for a fund of \$200,000, to provide for the representation of the Olympic games to be held at Berlin in 1916. Recently the Duke of Westminster's Olympic fund, which was intended to raise \$500,000 through a subscription for the same purpose, resigned, having failed of its purpose.

INTER-LEAGUE WAIVER RULE.

CINCINNATI, Feb. 24.—The National Baseball Commission today officially promulgated the inter-league waiver rule, that was made upon application of the Players' Fraternity, at the commission's recent meeting in New York.

ENGLISH SECOND LEAGUE.

LONDON, Feb. 24.—(C.A.P.)—Two Second League matches were played today, with the following results: Dury..... 3 Bradford..... 1 2 to 4 Birmingham..... 1

NEW INFELDER FOR MONTREAL.

MONTREAL, Feb. 24.—An infelder, who comes recommended by Joe McGinty as the best in the Pacific Coast League, will wear a Montreal uniform next year. He is C. P. Keller, and comes from Tacoma. Keller is said to be fast and a clever baserunner. He is a second-seasoner.

BASKETBALL RESULTS IN STUDENTS' LEAGUE

The university students played two close games of basketball yesterday afternoon in the Students' League at Central Y. The game between the Heavies and Midgets was close, in the second half the Heavies got a lead of two baskets. The second game between the Athletics and Glants went to the Athletics, score, 2 to 4. The final games in the league will be played next Tuesday afternoon: Glants v. Midgets, Heavies v. Athletics.

ANOTHER MONTH'S RACING AT JUAREZ

Long Mexico Meeting Winds Up the Fourth Sunday in March.

JUAREZ, Mexico, Feb. 24.—It has been settled that the present Jockey Club Juarez meeting will wind up Sunday, March 22, which will make a total of 115 racing days at the Mexican course for this winter. This breaks all records in continuous racing, so far, at this great plant, as the greatest number of racing days previously held at the winter meeting here was 109, held last season. The opening racing season at Juarez in 1909-1910 ran for 82 racing days, while in 1910-1911 the meeting ran 107 days. In 1911-1912 it covered a period of 102 racing days. There will have been held 615 racing days here, and in this period more than 2000 races will have been run off, and more than a million dollars distributed among horsemen in stakes and purses won by members of their stables. The last stake run off here this season is the Supreme Stakes, for the two-year-olds, and this event is set to be decided Sunday, March 15. The meeting will thus run a full week of seven days, after the final big feature race is decided.

Granite Rinks Run Up A Score on Peterboro

Peterboro curlers visited the city yesterday and were badly beaten by the Granites, every home rink being up from 5 to 16 shots. Scores: Granites—H. Stevenson, sk. 6 J. K. Munro, sk. 18 W. H. Denham, sk. 6 S. H. Armstrong, 22 G. Ferguson, sk. 6 M. E. Rice, sk. 13 W. McCracken, sk. 11 J. R. Code, sk. 23 Total..... 29 Total..... 74

Albion Cricket Club First Annual Concert

The Albion C.C. (late Garretts) held their first annual concert in the Orange Hall, when a very enjoyable evening was spent. A fine program was provided, and the artists acquitted themselves splendidly. Encore after encore was the order of the evening, and the last song was sung at eleven o'clock. The following were the artists who gave their services: Miss E. Taylor, Miss Grace Webster, Miss E. Barnes, Mrs. E. F. Wright, Miss Jessie McKinnon, Mr. E. Gillies, Mr. W. F. Kildesworth, Mr. Lawrence, Mr. W. Smith and Mr. H. Watson, who acquitted himself in a very class style at the piano. Among the audience were Mr. Eastmair, president of the C. and M. League; Rev. L. A. Varty, vice-president, and Mr. T. P. Wood, secretary of the C. and M. League, and members of different clubs were present.

BUILDING FELL OFF LAST YEAR

All Provinces Except Three Showed Decrease From Previous Period.

OTTAWA, Feb. 24.—There was a large decrease in building operations throughout Canada last year as compared with 1912, according to figures obtained by the labor department from its correspondents in 100 localities. In 1913 the amount of new buildings was \$178,059,838, a decrease of \$48,666,629. All the provinces, with the exception of Prince Edward Island, New Brunswick and Quebec, show a decrease. In three provinces there were gains of \$190,400, \$1,848,550 and \$202,511 respectively. The decreases in the other provinces were as follows: Nova Scotia \$118,757, Ontario \$1,908,826, Manitoba \$2,608,792, Saskatchewan \$9,575,115, Alberta \$17,182,007 and British Columbia \$18,408,503. Out of the 36 localities in Western Canada for which comparative statistics were obtained, 20 show a decrease. In nearly all the big centres throughout Canada building operations reached the high water mark in 1912. The one outstanding exception is in the case of St. John, N. B., where an increase of \$1,843,550 over the 1912 figures is reported.

MESSAGE TO CARRANZA DESPATCHED BY BRYAN

WASHINGTON, Feb. 24.—Official communication between the government of the United States and the head of the constitutionalist government in Mexico, Gen. Venustiano Carranza, was opened today for the first time so far as known, when Secretary Bryan despatched a message directly to Carranza, who is in Nogales, on route to Chihuahua. Secretary Bryan declined to say whether it related to the killing of the Englishman, Ben-

A MOTORISTS' BLACK-LIST.

BERLIN, Feb. 24.—Germany and France, from March 1, will communicate to each other the names of residences and other details in regard to all automobilists who have been convicted for violations of the traffic regulations in the respective countries, according to an agreement just signed, and which was announced today. The arrangement was reached as a result of Germany's initiative.

WIFE AND BABE FREEZING.

LONDON, Ont., Feb. 24.—Because the prisoner's wife and sick babe were chutes at Point Edward, which were recently wiped out by fire. This work will be pushed as fast as possible, so that it will be completed in time for the opening of navigation in the spring. It will cost several thousand dollars.

GAS QUESTION IN GALT. GALT, Feb. 24.—(Special)—A conference was held with Representative Thomas of the Dominion Natural Gas Co. by the council and the board of health, when the question of purifying the supply was again up. The civic representatives took a firm stand, and if the company fails in its renewed promise to get busy, it will be prosecuted. No more indulgence is to be shown. GALT-BERLIN SANITARIUM. GALT, Feb. 24.—(Special)—Announcement was made today that a new sanitarium for consumptives, midway between Galt and Berlin, will open in June. It will have accommodation for twenty patients and provision for cottages. More than that number of patients are now waiting admission. Galt has been asked to join Berlin in the cost of erection and maintenance. WANT HARBOR IMPROVED. GODERICH, Feb. 24.—At the annual meeting of the Goderich Board of Trade it was decided to send a deputation to Ottawa to interview the government on harbor improvements. There was a strong feeling that the government should complete the harbor at once in order to avert further catastrophes.

Some Factors Which Make KONIGSBIER Different From Other Lagers. A Brewer may have choice barley malt, selected hops, pure water, and up-to-date equipment and yet produce a very ordinary lager. That this is not merely a theory is proven by the number of mechanically perfect breweries which are turning out inferior products. But, given a brewery with all these essentials and a brewer with the rare art of knowing how to brew scientifically and the results must be a lager like Königsbier—the finest product of the brewer's art. If your dealer cannot supply Königsbier, order direct from us. DAWES BREWERIES 617 ST. PAUL STREET, MONTREAL. The National Breweries, Limited.

Important to Smokers! Stock Reducing Sale At Clubb's

As most men know, we carry nothing but the best of everything for smokers, and only under the most extenuating circumstances do we hold sales or reduce prices. This announcement will therefore be read with a great deal of interest by those who are fastidious about what they smoke.

The reason for our sale, in a nutshell, is this: We find ourselves carrying too heavy a stock at a time when Spring and Summer importations are arriving, so we are going to sell some of it off to make room.

In many cases, cigars, pipes, cigarettes, cases, pouches, and general smokers' supplies will be sold at less than cost, and all stores will carry the reductions.

If you want to lay in a supply, now is the time. The sale will commence tomorrow morning. Here, for instance, are a few of what we are offering.

Club Brand Cigars 25 in box, reg. \$1.75 \$1.20	Club Select Pipes Guaranteed, French briar, best sterling mounts. Reg. \$1.00 to \$1.50. 65c	Club Special Smoking Mixture Will not burn the tongue. 3 Packages for 25c

ICEBOAT FLYERS TO RACE AGAIN FRIDAY

Six or Seven Skippers Will Battle With Wind and Tiller for Toronto Bay Championship.

The much-talked-of iceboat race which was scheduled for yesterday afternoon has been postponed until Friday afternoon when six or seven of the fastest flyers of Toronto Bay will hook up for the championship. The race will be for ten dollars a corner, and will start at half past three. Yesterday's race was postponed because the breeze had died down to practically nothing. Given a stiff breeze there should be a merry battle between the different skippers, as they will all start on scratch regardless of skill and length of beam.

GRAND TRUNK BASKETBALL.

The basketball section of the G. T. R. L.A.A.A. held an organization meeting last night, when the following officers were elected: Hon. president, W. S. Wilson; hon. vice-presidents, W. H. Parry and L. Macdonald; president, John Gray; vice-presidents, J. A. Murphy, A. G. Sheppard and W. H. Grant; manager, J. H. Trotter; secretary-treasurer, G. H. Parliament. Any teams wishing exhibition games, please communicate with the secretary, Main 4860, or, evenings, 4861.

WEST TORONTO CRICKET.

The West Toronto Cricket Club will hold their annual general meeting and elect officers for the first and second teams for the coming season today, 7 p.m. Any gentlemen wishing to join their teams, please attend at D. Sandars' furniture store, corner of Keele and Dundas streets.

TROPHY GOES TO PETERBORO.

In the return game of the Waddell-Capton trophy at the Victoria rink yesterday afternoon five rinks from Toronto defeated Peterboro by seven shots. As Peterboro won by thirty-two shots this trophy gives them the trophy by 25 shots.

BRITISH COLUMBIA WILL GIVE FURTHER GUARANTEES TO C. N. R.

Improved Construction to Meet Competition of C. P. R. Justifies Province in Extending Credit, in Opinion of Premier McBride, Who Introduced Legislation.

VANCOUVER, B.C., Feb. 24.—bridges were substituted for wooden, as in the first plans; heavier rails were laid, grades were cut down, etc., making the line much more costly.

Further Guarantees.

Another bill gives an additional \$7000 per mile by way of construction between Vancouver and Fort George. This line got a \$35,000 per mile guarantee originally and the increase will total about \$3,000,000.

A third bill provides for a guarantee of \$35,000 per mile for the extension of the Pacific Great Eastern 50 miles beyond Fort George into the Peace River country. Foley, Welch and Stewart are undertaking to finish this line within two years from the time of the final passage of the legislation. It will be a comparatively easy line to build.

The premier explained that when the original deal was made Mackenzie and Mann agreed to build a line equal to the prairie section. Plans, however, had been changed to meet competition by the C. P. R. double-tracking, etc., and the best line in the west had been constructed. Steel

THE LANSDOWNE SCHOOL FIRE

One of the oldest schools in the city, erected in 1886, and containing 20 rooms, was totally destroyed by fire yesterday afternoon. It was situated on the west side of Spadina crescent. The fire started at 3.40, shortly after most of the children had left the building. The remainder marched out in line without a sign of panic.

PUPILS DETAINED AFTER SCHOOL FILED THRU SMOKE AND FLAME

(Continued From Page 1).

children were out of the building failed to pacify them. One little girl of about eight years fainted in the crowd outside, while a young mother was only with difficulty restrained from running into the building in search of her little boy.

Roof Caved in.

The fire brigade responded to a general alarm, and within a few minutes of the ringing of the alarm, nine engines were working on the building. Fanned by a fairly brisk wind the flames spread rapidly thru the old building, and in spite of the heroic efforts of the firemen, soon enveloped the whole structure. About 6.30 the front section of the roof caved in, but happily all the firemen were well out of range of falling debris.

Two pianos were in the school, but only one was got out of the building. The other was dragged into a room where it was thought the flames would not reach it, but it was badly damaged by water. A beautiful piece of marble work, "Joan of Arc" was rescued from the flames by the assistant principal and the lads of the school made sure of the safety of their many school prizes and medals, won on the field of sport. All the school books and supplies are a total loss, the teachers having given orders that beyond securing their cloaks, the children were to wait for nothing in forming into their fire line. A few children who were in a section of the building away from the main room had their cloaks and hats destroyed.

No Sign of Panic.

Assistant Principal P. G. Might, spoke to by The World last night, gave great credit to the teachers for the manner in which the five hundred children were marched out of school. "Joan of Arc" was rescued from the flames by the assistant principal and the lads of the school made sure of the safety of their many school prizes and medals, won on the field of sport. All the school books and supplies are a total loss, the teachers having given orders that beyond securing their cloaks, the children were to wait for nothing in forming into their fire line. A few children who were in a section of the building away from the main room had their cloaks and hats destroyed.

ARMORED CRUISER IN DANGER

NICE, France, Feb. 24.—A high sea today prevented further efforts to float the French armored cruiser *Waldeck-Rousseau*, which went ashore yesterday in the Gulf of Juan. To what extent the cruiser is damaged is not known, but she is now being pounded by heavy waves.

SPRINKLER BUST.

The bursting of a sprinkler connected with the fire extinguishing apparatus in Ridley's Book Room annex on Temperance street, last night, caused considerable damage to paper stock in the basement of the building. The cause was attributed to the wax plugs in the water tubes being melted by excessive heating which is regulated from Bay street. When attention was directed to the burst the taps were at once turned off and the tank allowed to exhaust. The extent of the damage could not be ascertained.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, which causes all the pain and difficulty, is in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach almost past endurance by these foreign elements—acid and wind. In all such cases and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your chemist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.

WEST'S DEMANDS ARE EXTRAVAGANT

Premier Used Vigorous Language Concerning Request That Lands Be Restored.

OPPOSITION TAUNTS

Government Asserted to Have Broken Promises Made to the Electors.

(Continued From Page 1).

R. B. Bennett of Calgary who recently threatened to resign his seat unless her natural resources were restored to Alberta. Hon. Frank Oliver went so far as to say that Mr. Borden in 1911 had offered a bribe of \$200,000,000 to the people of the west.

The Conservatives, on the other hand, lost no time in quoting from the utterances of many Liberal leaders, including Premiers Scott and Sifton, to the effect that the western provinces were in a better position with their increased financial subsidies and their natural resources administered by the Dominion government.

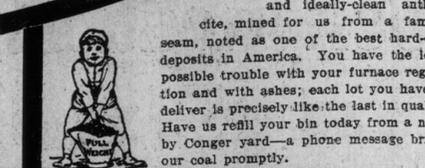

Mr. Buchanan (Medicine Hat) addressed the house upon the question of the restoration of their natural resources to the prairie provinces. He charged the government with inconsistency and insincerity, quoting from speeches delivered by Mr. Borden on his western tour in 1911, and referring to the various Conservative platforms and speeches on the subject.

Must Reveal Subsidies.

Mr. Borden pointed out that he and the Conservative party had favored vesting western provinces with their own lands when the autonomy bills were under consideration in 1905. The Laurier government, however, had decided against this policy, and had given large subsidies to Saskatchewan in lieu of their lands. It was now impossible to transfer the natural resources to these provinces without a readjustment of subsidies, in which all the provinces would be interested. This view had been expressed by Sir Wilfrid Laurier in his letters to Premier Sifton in 1911.

Since coming into power Mr. Borden had communicated with the various provincial governments, and he read letters received from the premiers of Nova Scotia, New Brunswick and Prince Edward Island. They were all to the effect that if the western provinces were to receive lands by cession from the Dominion government, that the maritime provinces should receive some compensating money allowance, as from their situation they

Conger-Lehigh Coal

This is a very hard, and ideally-clean anthracite, mined for us from a famous seam, noted as one of the best hard-coal deposits in America. You have the least possible trouble with your furnace regulation and with ashes; each lot you have us deliver is precisely like the last in quality. Have us refill your bin today from a nearby Conger yard—a phone message brings our coal promptly.

CONGER-LEHIGH COAL CO., LTD.
95 Bay St. Main 6100

could not gain any additional territory. An Extravagant Demand.

Mr. Borden said that the demand of the three prairie provinces that they retain their present large financial allowances and at the same time be ceded their lands and natural resources was an extravagant one; it could hardly have been put forth seriously.

Sir Wilfrid Laurier said that Mr. Borden had made the immediate restoration of their natural resources to the western provinces a leading plank in his platform in 1905 and again in 1911. In the latter year he had told the western people that they were free men, and being free men, were entitled to the right to possess their own land. There was no talk at that time about consulting the maritime provinces, or about financial readjustment.

Chickens Home to Roost.

Reviewing the policy of the Laurier government in 1908, Sir Wilfrid said that he had followed the same course with respect to Saskatchewan and Alberta which had been followed with respect to Manitoba by Sir John A. Macdonald. He still thought the policy was correct, but he thought that the government had not done enough to restore the lands to the west, and that the government had made extravagant promises, which they could not keep. Their chickens were now coming home to roost. (Laughter).

Unreasonable, Says Roche.

Dr. Roche, minister of interior, said in reply that the three western provinces were now making unreasonable requests for the return of their lands. He quoted from utterances of Premier Scott of Saskatchewan and Premier Sifton of Alberta, but never seriously asked for the return of their prairie lands. He said that the government had made no promises that anything would be done to restore the lands, but that the government had required for home-steading and also the continuation of their present large financial subsidies. It was true that Premier Roblin had joined in a similar demand, but he could not very well refrain from asking for his province what the other premiers were asking for their.

Dr. Roche denied that he had ever been so foolish as to say that their resources would not be restored to Saskatchewan and Alberta as long as they were Liberal. He had said, however, that the Dominion government would not force the hands upon provinces which apparently did not desire their return.

Bennett's Words Quoted.

The debate was continued by Mr. McCraney, the Liberal member for Saskatchewan; Dr. Schaffner, the Conservative member for Souris; Mr. Knowles, the Liberal member for Moose Jaw.

Both Messrs. McCraney and Knowles read from speeches delivered by R. B. Bennett, M.P. for Calgary, delivered in his home city last autumn, in which he was reported as saying that he would resign his seat unless the Borden government restored their natural resources to the prairie provinces. They were anxious to hear from the Calgary member, but Mr. Bennett was absent from the chamber during the greater part of the debate.

Dr. Schaffner admitted that the government had been slow in carrying out its pledge about natural resources, but claimed that it was partly due to the

SAMUEL UNFAIR TO QUEENSTOWN

Release of Cunard Line From Obligation, Denounced at Meeting in Dublin.

DUBLIN, Ireland, Feb. 24.—At an "All-Ireland" meeting held tonight by representatives of commercial and other interests here, the lord mayor of Dublin presiding, a resolution was adopted strongly protesting against the action of the British postmaster-general, Herbert L. Samuel, in releasing the Cunard Steamship Company from its contract obligation to have its steamers call at Queenstown. An addendum on the motion of Sir Roger Casement, a leader of the Irish National volunteer movement, to uphold the authority of the crown and government of Ireland, also was adopted, in which it was declared that if the "All-Irish" effort to induce the British Government to enforce the Cunard contract failed, the committee having the matter in hand would do all in its power to deal with the wanton breach of public faith through English-American statesmanship and their widespread kindred in America.

MOVED VALUABLE STOCK THEN MADE ASSIGNMENT

One Thousand Dollars' Worth of Hardware Found in Possession of Bankrupt.

Charged with attempting to defraud his creditors, Paul Tamin, 416 Dundas street, hardware and furniture merchant, was arrested by Detectives Twigg and Miller last evening.

Tamin ran a hardware store at 416 Dundas street and also a furniture store at 688 College street. Last week he assigned both businesses to N. L. Martin of 64 Wellington street. When the assignee came to make an inventory of the stock he became suspicious, and asked the detective office to ascertain if anything had been moved. Twigg and Miller went out last evening, and, upon searching Tamin's garage at 412 Dundas, found a wagon load of valuable hardware which is said to have been moved the day previous to making assignment. The load is worth about \$1,000.

ONE THING FORBIDDEN.

Sir James Whitney is now sufficiently recovered from his illness to do what he likes except attend the legislature. This Dr. C. K. Clarke, of the General Hospital, has absolutely forbidden him to do, and as may be easily understood, it is the one thing Sir James wishes above all else to do. Sir James will probably remain at the hospital a week longer.

DEPORTED MEN ARE IN LONDON

Assurances of Elaborate Festivities and Demonstrations Induced Labor Leaders to Land.

LONDON, Feb. 24.—The labor leaders who were deported from South Africa a month ago and arrived at Gravesend today reached London tonight. The British reception committee had to use a good deal of persuasion before the labor men consented to land. The negotiations lasted two or three hours. Finally they yielded to the argument that elaborate festivities and demonstrations had been arranged in their honor, and that their cause could be better fought ashore than afloat.

They left the steamer after making a formal written protest that they landed without prejudice to their legal position.

Soon after receiving the greetings of those in charge of the arrangements and of many sympathizers they proceeded to London, where they were installed in a hotel, provided with clothes and other necessary articles, and this evening announced they were worn out and retired to seclusion.

WHAT TO DO FOR SORE THROAT

SOME GOOD ADVICE BY A SPECIALIST.

As there seems to be a regular epidemic of sore throats this winter, the following valuable recipe will be welcomed by many. A sore throat is a dangerous complaint to trifle with, as the bronchial tubes lead directly to the lungs and the disease often travels along these tubes into the lungs and there sets up an inflammation that invariably results in a serious lung trouble.

At the first sign of soreness in the throat or around the tonsils you should secure from your chemist 1 oz. of Parment (Double Strength) and take this home and add to it ¼ pint of hot water and 4 oz. of moist sugar. Stir full four times a day. This will give instant relief and will usually cure the worst throat within 48 hours. The heat and soothing qualities of this formula are unequalled, and every person suffering with a bad throat should give this prescription a trial. There is nothing important in ordering Parment always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 7c. to the International Laboratories, 74 St. Andrew street, Montreal, who make a specialty of it.

ON QUEBEC BRIDGE.

Mr. Monsarrat's lecture on the new Quebec bridge will be given in room 22 in the chemistry and mining building, University of Toronto, at 8 o'clock tonight.

WARD TWO TORIES IN FESTIVE MOOD

Eleven Hundred Attended Sixth Annual Conversation in Victoria Hall.

Eleven hundred members and guests attended the sixth annual conversation of Ward Two Conservative Association, at Victoria Hall last night. The main auditorium and the west hall were gorgeous with flags, motion pictures and electric decorations. Portraits of the King, Premier Borden and Premier Whitney were surrounded by the motto: "Our Leaders."

A popular concert was rendered. The guests were received by James A. Norris, president; W. Gill, secretary; Joseph E. Thompson; Mark R. Irish; T. R. Whitesides; M. L. L. B. Gerring; T. W. Osborne and R. Johnson.

A telegram was read from Hon. A. E. Kemp, wishing the association success.

A letter of regret from Hon. J. I. Foy, explained that the night sitting of the house prevented his attendance and that of his colleagues.

A sumptuous supper was served at 11 o'clock, followed by dancing until 2 this morning. Charles Soudley was chairman of the decoration committee.

WILL BE INQUEST.

Found in convulsions opposite No. 14 Kensington avenue late Monday evening, 14-year-old John Maccom 178 Baldwin street, was conveyed to the General Hospital, where he died yesterday afternoon. Doctors attending are at a loss to understand the lad's death. Coroner R. J. Wilson will hold an inquest.

NEWS FROM THE CITY HALL

ABATTOIR MANAGER WILL BE CHOSEN

At Next City Council Meeting—Fourteen Applicants to Be Considered.

LOBBYING PREVENTED

By Insertion in Daily Papers of Colorless Advertisement.

The appointment of a general manager of the municipal abattoir will probably be approved at the next meeting of the city council. At a private meeting of the board of control yesterday Commissioner Chisholm reported that he received fourteen applications thru advertisements in the daily papers. He recommended the appointment of one of the applicants.

The advertisement was so worded that the municipal abattoir was not mentioned. Those who applied had to submit qualifications for managing a municipally or privately owned abattoir. The result also was to get around any lobbying.

Commissioner Chisholm is well satisfied that he has secured a capable and efficient manager for Toronto's venture into the abattoir business. As a full meeting of the board of control is unlikely until the end of next week the recommendation of the appointment will probably not be made until a few days before the council meeting. This will reduce the period of opposition lobbying to the minimum.

The cattle market is under excellent management and no change will be made there. A general manager for the municipal abattoir is needed now and the appointee will likely be on duty the week after next.

FULL SURVEY REPORT EXPECTED HERE TODAY

The complete report of the civic survey investigators is expected in Toronto today. The report was sent from New York some days ago, and is now thought to be in some local express office. With it are many cuts and pictures.

At the city council's decision to go ahead with reorganization of this report was submitted was expressed by John Stoddley, honorary secretary of the social survey committee, yesterday.

Starvation Will Not Cure Dyspepsia

But a Stuart's Dyspepsia Tablet Will Enable You to Eat Your Meals Without Suffering After Doing So.

Every person knows that to live in a healthy, happy manner we must eat. Diet, starvation, predigestion, etc., are not the correct methods of eliminating digestion disorders. Many dyspepsia know that they must eat and so they go to their meals with a heavy heart. When they eat food before them they feel miserable. Their stomachs revolt at the idea and they either vomit or consume food that does them more harm than good.

Reason Says EAT Stomach Cries DON'T

Harry does not approve of the methods practiced by the Toronto board of education, so he takes the law in his own hands and attends school on an average of ten minutes a week. The doctor's report says "mentally O. K. but easily led." Harry's mother has a week to decide whether her wayward offspring will enjoy the advantages of a country school or go to an institute in New York State.

Unfit for Children. By reason of habitual drunkenness your home is an unfit place for your children. This is the charge brought by a hard-working and much-tried wife against an inveterate drunkard of a husband. The man has only contributed eleven dollars towards the support of his family since he came from the prison farm. He swore that he would never drink again, but he was hardly convincing on account of the strong odor of "Scotch" that was constantly wafted over the commissioner's desk. Owing to the plea of the wife the man was let off on suspended sentence, and given another chance to do justice to his family of five.

Mother Has Hard Time. With one little boy in the pre-tertiary and two children under eight years of age to support by means of washing and scrubbing another mother gave evidence of the grave miscomprehension of her husband. The man is in delicate health, but has had sixty-five cents from her husband for fourteen weeks. This man also swore that he would leave the drink alone, but his wife was not so soft-hearted, and if she had not needed support badly she would have let the acting commissioner send her offending spouse to the prison farm.

SESSIONS NEXT WEEK. Criminal sessions will commence next week here, and while there are no murders on the docket, a case of various descriptions are to be heard. It is not yet announced who the presiding judge will be.

EACH OFFICIAL WATCHED OTHER

Kept Diaries on Movements While in City Architect's Department.

Retraction of charges made against him by Mr. Logier, until recently of the plan examining office of the city architect's department, were made by Chief Plan Examiner Sykes at the enquiry into that department yesterday, and from the evidence the impression would be that the two men had no love on each other. Logier had inferred that his chief was incompetent, and this was denied by Sykes. It was shown yesterday that while the dismissed examiner, Logier had kept a diary of some of Mr. Sykes' actions the latter had also quietly tabulated a list of Mr. Logier's alleged shortcomings.

The wife of G. F. W. Price, acting architect, was called and questioned upon entries of deposits in her husband's bank book but nothing irregular developed. On Thursday morning at 10.50 the inquiry will continue, when Mr. Price will likely take the stand for himself.

FOUR TORONTO SPEAKERS AT OTTAWA CONVENTION

Four members of the civic government are billed for addresses at the Social Service Congress of Canada, next week at Ottawa. On Tuesday, the opening day, Controller Simpson is to give an address upon Sociology. On Wednesday Controller McCarthy will speak upon the problem of the city, his theme being "The Municipal Department."

In the afternoon Dr. Hastings, M.O. H. will give his views upon the support of the white slave traffic. Aid, F. S. Spence will give an address upon temperance on Thursday.

COUNCIL MUST FIND EIGHT THOUSAND MORE

Civic officials are now auditing the account of the Fat Stock Show, held in Exhibition Park last November. As the city council approved the estimates of the show, it is up to the city to pay off the deficit.

The expenses were \$51,000 and the receipts \$42,000. There are fittings for \$39,000. Already the city has paid up \$39,000 of the deficit. The \$8000 balance will have to be paid off in the near future. The Canadian National Exhibition has a bill of \$1400 for electric lighting, which is included in the expenses.

SMALL BAD BOY SENT TO MIMICO

Ringleader of Trio Will Get Chance to Repent of Life of Excitement.

Loud and heartrending wallings testified as to the juvenile's lung power, but did not help much in the way of hope for the juvenile court yesterday. The other two culprits were not ordered to Mimico, being their first offense, but judging from the record they were just caught in time. A broken into a boxborough street had seven dollars and some jewelry. A sumptuous repast was enjoyed in a driving mitts and some heavy home and buggy were hired, which would go at any desired speed, provided the driver had plenty of will power.

But such bliss is not lifelong, and after a few hours unalloyed pleasure the ever-ready police landed the three youngsters in the juvenile court. The warning was taken very seriously by the two younger boys, but George yelled: "Ain't anyone comin' with me, Mr. Graham?" when sent to the Industrial School.

Boy Shirked School. Harry does not approve of the methods practiced by the Toronto board of education, so he takes the law in his own hands and attends school on an average of ten minutes a week. The doctor's report says "mentally O. K. but easily led." Harry's mother has a week to decide whether her wayward offspring will enjoy the advantages of a country school or go to an institute in New York State.

Unfit for Children. By reason of habitual drunkenness your home is an unfit place for your children. This is the charge brought by a hard-working and much-tried wife against an inveterate drunkard of a husband. The man has only contributed eleven dollars towards the support of his family since he came from the prison farm. He swore that he would never drink again, but he was hardly convincing on account of the strong odor of "Scotch" that was constantly wafted over the commissioner's desk. Owing to the plea of the wife the man was let off on suspended sentence, and given another chance to do justice to his family of five.

Mother Has Hard Time. With one little boy in the pre-tertiary and two children under eight years of age to support by means of washing and scrubbing another mother gave evidence of the grave miscomprehension of her husband. The man is in delicate health, but has had sixty-five cents from her husband for fourteen weeks. This man also swore that he would leave the drink alone, but his wife was not so soft-hearted, and if she had not needed support badly she would have let the acting commissioner send her offending spouse to the prison farm.

SESSIONS NEXT WEEK. Criminal sessions will commence next week here, and while there are no murders on the docket, a case of various descriptions are to be heard. It is not yet announced who the presiding judge will be.

POSTOFFICE SQUARE AGAIN BROUGHT UP

Controllers Hear Request Once More and Puzzle Over Financing of Proposition.

TO SOUND GOVERNMENT

President Mitchell of Guild of Civic Art Will Accompany Controllers to Ottawa.

President Mitchell of the civic guild urged upon the board of control yesterday to go on with the proposition to have a postoffice square. Just how to finance it is the conundrum. Mayor Hocken held to the plan of adding an extra mill on the tax rate, good and high and would not see anything worth considering in raising the square.

To get the government to cooperate there must be instant action by the city, Mr. Mitchell urged. "The trouble is this proposition is rushed at us, and it involves a large amount of money," Mayor Hocken said. "The board is going to Ottawa next week and Mr. Mitchell should go with us," said Controller McCarthy. "We could offer the government half a million and leave with the responsibility of expropriating the property and making the postoffice square."

To Go With Controllers. Mr. Mitchell fell in with the suggestion that he accompany the board to Ottawa. The board will be there Tuesday, Wednesday and Thursday. "In the meantime," said Controller McCarthy, "we shall ask Commissioner or Controller to report upon the value of the extra property to be acquired, and we shall accompany Mr. Mitchell when he waits upon the Monday to forward the committee next square proposition." This was agreed to.

Commissioner Chisholm reported that Architect Perrin is preparing plans and specifications for a cold storage plant in connection with the municipal abattoir. The arbitration of the pay of inspectors and foremen of fender construction was adopted. Funds were reported, as the new schedule of pay dates from July 1, 1913.

Revenue from Cab Stands. Chief Graust reported that property owners on the east side of Victoria street, near King street, object to the presence of a cabstand. "I understand that hotels that attract cab revenue from the cabs," said Controller McCarthy, "we shall look into the matter and see if the city can get some revenue for use of the streets as cabstands."

The heads of departments submitted reports upon the working hours of employees and payment for overtime. There is no limit to the working hours of official and clerical forces, and payment for overtime is exceptional. The reports were referred to a special committee.

Filtering on Mainland. The Soil Filtration Company suggested in a report that the Island filtration plant be abandoned and filtering be done on the mainland near the Joint street pumping station. They also advised changes at the Island filtration plant that would save 340,000 annually in pumping expense. They further suggest a sixty million gallon per day filter in an eighty million plant that would cost \$1,217,000, this plant to be enlarged later to 100,000,000, at an expense of \$240,000. The report was referred to Commissioner Harris.

CANADIAN CHAMBER OF TRADE AND COMMERCE TO BE FORMED

Associated Boards of Trade Decide to Form Dominion Association — President Not Favorable to New Workmen's Compensation Law — Hydro Radials Approved.

A Dominion Chamber of Commerce is to be the outcome of the Ontario Associated Boards of Trade convention, the opening session of which met in the city hall yesterday. This is the result of a resolution, unanimously adopted, which was introduced by President W. N. Ponton. "Let us have a Dominion Chamber of Commerce, which would not be merely full of potential results, but would also be one of the strongest, most conciliatory, unifying bodies between the various parts of this magnificent Dominion, with its great areas and varying conditions and languages," said the president.

Trade in Ontario. In speaking of the prospects of trade in Ontario for the coming year, the president urged as many municipalities as possible to consider the early construction of electric railways, to be operated by the Ontario Hydro-Electric Power Commission as speedily and general as may be practical. Prof. Robertson gave an address at the afternoon session on the training of men and women for industrial and business life. The annual banquet was held in the evening at the Prince George Hotel.

WANTS POLICE REPORTS ON DESTITUTION CASES

John Stevenson has drawn up a method of conducting charity in the city which he thinks is much superior to that now in use. He will submit it to the city council. Briefly his plan is to establish a central office, from which shall be dispensed, and to place in charge there the civic social service commission, or some other body appointed by the city alone or by the cases of destitution reported by the police and the establishment of a fund of \$50,000 for relief.

McCLURE SPEAKS TONIGHT

On Commission Form of Government For Cities. The "Commission Form of Government for Cities" will be the subject of an address by Sam S. McClure, the American publisher, before the Rotary Club tonight.

His subject promises to be a most interesting and vital one, as the method of government has been occupying the thoughts of many of Toronto's progressive voters and citizens lately, and an address on this subject from one who can speak so authoritatively as Mr. McClure, should prove enlightening and of great value.

Applications for tickets have been much in excess of capacity and the Rotary Club were obliged to disappoint many who would have liked to hear Mr. McClure speak.

ATTACK CONDUCTOR AND PAY FOR IT

Ada Butler and Thomas Keeling were charged in the police court with disorderly conduct on a Belt Line car yesterday morning at 3 o'clock. After Mrs. Butler—slightly the worse for drink—had pushed the conductor over onto the damp floor of the car, Mr. Keeling, considerably the worse for drink kicked him. The woman charged has been remanded for sentence, but Keeling was given \$10 and costs or thirty days.

UNDERWRITERS GLAD.

Appointment of Fire Marshal a Good Thing for Ontario. President J. C. Davis, in addressing the annual meeting of the Ontario Mutual Underwriters' Association at the Grand Union Hotel yesterday, expressed satisfaction with the government's intention to appoint a fire marshal. Canada had the highest fire loss per capita in the world and the number of fires of a suspicious character which warranted investigation were daily increasing, he said.

Care of Immigrants. It was suggested by the committee that instead of having all the immigrants forwarded to Toronto several centres throughout Ontario be selected and that a government agent be appointed for each of these centres, to look after incoming immigrants and to be devoted to the interest of the agriculture community.

Care of Immigrants. It was suggested by the committee that instead of having all the immigrants forwarded to Toronto several centres throughout Ontario be selected and that a government agent be appointed for each of these centres, to look after incoming immigrants and to be devoted to the interest of the agriculture community.

COMMITTEE ASKS A COMPLETE LIST TAX PAYMENTS MUST BE MADE

Principal McKay Will Tell of American Citizens in Toronto Have Only a Week to Pay Up.

Principal McKay was yesterday afternoon asked by the advisory industrial committee to prepare a complete detailed statement of every requirement to complete the new central technical school. He estimates the complete cost, including the site, as "well within the two million dollar mark." If he is to establish a central office, from which shall be dispensed, and to place in charge there the civic social service commission, or some other body appointed by the city alone or by the cases of destitution reported by the police and the establishment of a fund of \$50,000 for relief.

Every American citizen, including those residing abroad, whose net annual income exceeds \$3000 (or \$4000 if he is married and lives with his wife), but who has not paid his income tax for the year ending on March 1, 1914, is required to file a return with the department of state at Washington, calling attention to this matter. It is deemed advisable to make public the provisions of this law.

Twenty-five Italians who quit their jobs with a C.N.R. construction camp near Sydenham, Eastern Ontario, were yesterday defendants in a case brought against them by the railway company for leaving without work. Justice Morson heard the case in the division court and found for the C.N.R. The foreigners alleged the case they slept in was too cold.

WATER PROBE AT MONTREAL. MONTREAL, Feb. 23.—The board of control's long delayed probe into the civic water situation will commence tomorrow. Engineers Jamieson, Lea and Hecker have put in their report, but the document will be considered in private. The probe held on the same footing as if some minor official was being called upon to answer for some trivial breach of discipline.

BEACHES PROGRESSIVE CLUB. The next regular meeting of this club will be held at the residence of Balmis avenue, on Monday, March 2, at 3 p.m. sharp. The speaker of the afternoon will be Mrs. G. R. N. Colclough, who will take as her subject "Home Nursing."

STEEL SHARES WEAK OTHERS ARE FIRM

Steel Corporation Stock Records Another Low Level at Thirty-Six.

GEN. ELECTRIC STRONG SOME WEAK SPOTS

Toronto Stock Market Mixed But Strength Overbalances Weak Spots.

The Toronto stock market yesterday showed some disposition to improve. The movement was by no means marked, but slight as it was it gave encouragement to those on the outlook for a renewal of advances.

Mackay common was again active at half a point rise and led to the belief that some influence is at work to make this stock more prominent in the market.

Steel Corporation shares and Canadian General Electric acted in opposite directions. Steel fell to a new low of 86 and General Electric made a spirited advance to 114 3/4.

Consumers' Gas was among the heavy issues, with a fair volume of the stock selling at 172 3/4.

All the shares of the financial companies were steady to firm, and Metropolitan Bank advanced three points to 203.

STEEL ISSUE FAILURE

LONDON, Feb. 24.—The C. A. P. learns that less than 16 per cent of the Algoma Steel Corporation half-million sterling issue was subscribed by the public.

Considering that the issue was favorably commented upon in all responsible quarters, the result ought to be the more surprising.

Overseas issues show generally a weakening tendency, although Canadians are stronger than most others.

Lehigh Valley earnings for January showed a gross decrease of \$675,823 and a net decrease of \$416,823.

Bank of England rate, 3 per cent. Open market discount rate in London for short bills, 2 1/2 per cent.

C. P. R. EARNINGS.

Canadian Pacific Railway earnings for the third week of February show a gross decrease of \$541,000.

EUROPEAN BOURSES.

BERLIN, Feb. 24.—Trading was quiet, but prices were firm on the bourse today. Exchange report London, 20 marks 4 1/2 pence for cheques; money, 2 1/2 per cent.

BRAZILIAN EARNINGS.

Brazilian gross earnings for January were \$2,017,530, an increase of \$104,572, while operating expenses were \$3,377,094, showing a decrease of \$61,068.

CONSOLS ARE LOWER.

Consols are 1 1/2 lower, closing at 75 1/2 for money and at 75 1/2 for account.

5 Per Cent. Interest Guaranteed

Payment of interest on our Mortgage Investments, as well as the principal, is guaranteed, not only by the mortgage itself, but by your money is invested, but by our entire assets of over \$12,000,000.

NEW YORK STOCKS MERELY DRIFTING

Post-Holiday Market Was Dullest of Year—Tendency Was Downward.

SOME WEAK SPOTS

Could Issues and Certain Industrials Were Under Special Selling Pressure.

NEW YORK, Feb. 24.—Transactions in stocks today were the smallest of the year. From opening to close quotations of the important stocks barely varied.

Resumption of business after a week-end recess is expected ordinarily to bring at least temporary activity owing to the accumulation of orders, but today, after a double-holiday, commission brokers were empty-handed.

London cabled lower prices for some members of the international group and placed a few selling orders here at the opening, principally in steel. Bear traders made experimental short sales and prices dropped slightly at the opening.

But the demand was insufficient to prevent a substantial decline, and the market came to a halt before any important concessions were made among the important stocks.

Some of the low-priced shares developed weakness, but the representative issues were held virtually on a dead level.

LAURETIDE WAS MARKET FEATURE

Sharp Advance Followed by Decline—Iron Showed Further Weakness.

MONTREAL, Feb. 24.—While business locally was good, some stocks made net losses of 1-2 to 1-2 points on the day. Except in Laurentide and the power stocks there was more disposition to offer stocks down than to bid them up.

By noon, however, the rise in Laurentide, after opening a small fraction off at 190, was rushed up to 192 3/4 by noon.

Upwards of fourteen hundred shares were taken on the rise, and then the stock was neglected in the afternoon.

Offerings of little more than 100 shares brought about a reaction of 1-2 points from the early high, but at that there was a net gain of 1-1/8 on the day.

Iron opened quiet but later New York buying caused the list to harden and made the closing steady.

LONDON MARKET CLOSING STEADY

LONDON, Feb. 24.—Money and discount rates were steady today. The continent, principally Russia, took the lion's share of the \$4,500,000 gold offered in the open market at 75 1/2.

Bank stocks were quiet and bonds less active, but generally firm.

CHICAGO MARKETS.

ERICKSON PERKINS & CO., (J. G. Beatty, 14 West King street, Toronto), report the following fluctuations on the Chicago Board of Trade:

Table with columns: Wheat, Corn, Soybeans, etc. and values.

CATTLE MARKET REMAINED FIRM

Sheep, Lambs and Calves Were Firm—Hogs Higher.

Receipts of live stock at the Union Yards yesterday were 47 cars, 725 cattle, 741 hogs, 294 sheep and lambs and 48 calves.

There were no loads of cattle on the market of quality good enough to bring \$8.50, the high price of Monday's market.

Trade in cattle was active and the market very strong at Monday's prices for the same quality of cattle in different classes.

Choice steers sold at \$8.25 to \$8.50; good steers and heifers, \$7.75 to \$8.10; medium, \$7.40 to \$7.60; common steers and heifers, \$7.15 to \$7.35.

Chicago Live Stock. CHICAGO, Feb. 24.—Cattle—Receipts, 17,000; market, steady; Domes, \$7.75 to \$7.95; Texas steers, \$8.00 to \$8.20; stokers, \$7.75 to \$8.00; calves, \$12.50 to \$11.75.

Buffalo Live Stock. EAST BUFFALO, Feb. 24.—Cattle—Receipts, 4,000; steady; prices unchanged. Choice cows, \$7.50 to \$7.75; medium, \$7.25 to \$7.50.

Sheep and Lambs. The sheep and lamb market was firm. Sheep light ewes, sold at \$6.50 to \$7.00; heavy ewes, \$7.25 to \$7.50; rams, \$5.25 to \$5.75.

Hogs. Selects, fed and watered, sold at \$9.25; \$9.50; and \$9.50 to \$9.55 off cars.

Representative Purchases. Geo. Rowntree bought for the Harris Abattoir on Monday and Tuesday 330 m.t.s.

The Swift Canadian Company bought 310 cattle—good to choice steers and heifers, \$7.25 to \$8.50; medium steers and heifers, \$7.25 to \$7.75; good to choice
