LONDON, Nov. 1.—Turkey has formally announced Egypt, according to a German official statement, which has been received from Berlin by the Marconi Wireless Telegraph Company.

TOKYO, Nov. 1, 6.30 p.m.—Official advice show that a desperate fight is being made at Tsingtau. For miles from shore the sea reflects the flames from the burning ship yards, gas reservoirs and houses that had been set afire by shells from the Japanese and British warships and land artillery which cover the rushes of the infantry.

VIENNA, via Amsterdam to London, Nov. 1—10.50 p.m.—The war office tonight issued the following official statement: "New battle has developed in Russian Poland. All attacks on our positions have been repulsed."

Secret service men employed by the United States Government have discovered a German plot to blow up the Welland Canal and the T. H. and B. railway tunnel in Hamilton. The information was given to the Dominion Government on Saturday.

WASHINGTON, Nov. 1.—The Turkish minister of the interior informed Mr. Morgenthau, U. S. ambassador at Constantinople, that Turkish warships within the last three days had bombarded Sebastopol.

LONDON, Nov. 1.—While in the centre of the battle line in France, the Kaiser's forces have made gains of great importance; for instance, in the locality near Vailly, where the French troops were beaten back to the south bank of the River Aisne, the Germans were checked today in their latest attempt to advance on the line of battle between Neuport, Belgium, and Arras, France.

Another problem relates to the attitude of Roumania, Bulgaria and Greece. Bulgaria, Roumania and Greece are being under many obligations to Great Britain, besides being the main source of security for the Balkans after the first Balkan war, but which Turkey took when Bulgaria

taken towards evening by vigorous counter attacks on the part of the allied forces.

VIOLENT FIGHTING IN ARGONNE.

Upon the rest of the battlefield yesterday was marked by violent cannonading and several counter attacks of the enemy, which were intended to recover the ground conquered by us during the last few days.

"The struggle is still very violent in the Argonne region, where the Germans, however, have made no progress. According to statistics furnished by our service in the rear, 7683 German prisoners were interned during the week of Oct. 14-20 alone. These figures do not include the convalescent wounded in our field hospitals, nor the detachments which are ready to be sent from the front to the rear."

GERMANS CHECKED BY FLOODS.

The German army headquarters issued the following this morning: "The operations in Belgium have been rendered difficult owing to inundations of the Yser and the Ypres canals by the destruction of the sluices at Nieupoort. Our troops have advanced near Ypres. At least 6000 prisoners were captured, also some British guns.

"Fighting to the westward of Lille also has progressed. A number of prisoners were taken near Vailly—about 1500.

"In the region of Verdun there has been only insignificant fighting. In the northeast the battle against the Russians is still inconclusive."

RELENTLESS CAMPAIGN.

England intends to institute a relentless campaign against the Turks unless her terms regarding the dismantling of the cruisers Goeben and Breslau and other articles in her ultimatum are explicitly obeyed.

It is understood that France and England have formed a new fleet to make war on the Turks, and it is regarded as likely that the navy of Greece will lend its co-operation.

The entire Italian cabinet has resigned, following the withdrawal of the minister of the treasury, because of differences over the war budget, and Signor Salandra has handed these resignations to the king.

It is believed that this action foreshadows the formation of a war cabinet and the entry into the European war of Italy on the side of the allies. It is regarded as likely that the premier will form the cabinet within the next few days. It is already asserted that Gen. Zupelli and Vice-Admiral Villa will be retained respectively as ministers of war and marine. Baron Sidney Sonnino, formerly premier, may be called on to assume the ministry of the treasury, while Tommaso Tittoni, ambassador to France, is spoken of as the next foreign minister.

A CONFLICT FOR ITALY.

The Italians generally believe that the Turkish aggression brings forward the question of the partition of Asia Minor, and that the Turkish action against Egypt will also threaten Libya, Italian Somaliland, and Erythraea. It is now to become a conflict for Italy.

With the cabinet crisis existing and the Italian people war enthusiastic, King Victor Emmanuel has his work cut out for him. There is still hope in Italy, however, that Turkey will yield to the demands of England and Russia, thereby preventing a war declaration which would seriously threaten the interests of Italy in the Balkans.

There is a possibility that a new cabinet will be charged with power to declare war against Germany and Austria as well as against Turkey.

Official announcement comes today from Petrograd that in the bombardment of Novorossiisk the Turkish warship Hamidieh fired over 200 shells, and that other Turkish war vessels threw 100 shells into Theodosia.

RUSSIANS RESUME MARCH.

Following a defeat administered to the German forces along the River Vistula, Russian troops have resumed their march westward against the Germans and Austrians all along the battle line from East Prussia on the north to middle Galicia on the south.

The vigorous attempt of the Germans to check the Russian pursuit near Bakalargowo ended in thousands of the Kaiser's men being killed by Cossacks. The slaughter was so great that it is said to have impeded the fire of the Cossacks, who, after a time, had difficulty as they kept advancing in shooting over the piles of German dead.

Despatches from Tokio state that several of the Tsingtau forts have been silenced, and that resistance is growing noticeably weaker. Numerous fires have been started, and it is believed that the Germans are destroying the city before surrendering. It is believed that surrender is near.

FALL OF TSINGTAU EXPECTED.

Pekin advices say that the bombardment of Tsingtau by both Japanese and British warships, aside from the land forces, continued all thru yesterday and last night, and that the fall of the place is expected momentarily. Fort Sia Chanthan was set on fire by shells, and a German gunboat, which lost its funnel, has disappeared, leading to the belief that it has sunk.

Amsterdam reports state that the losses of the Kaiser's forces in Belgium, including both killed and wounded in the last two weeks of fighting, have reached no less than 150,000 men. Many of the German field guns have been abandoned along the line of the River Yser.

MARQUIS OF LANSDOWNE'S SON KILLED.

Lord Nairne, the second son of the Marquis of Lansdowne, Conservative leader in the house of lords, has been killed in action. He was a major in the 1st Dragoons and served in the South African war. Lord Nairne was born in 1874. In 1894 he married Lady Violet Mary Elliott, daughter of the fourth Earl of Minto, who was a former governor-general of Canada. Since 1910 Lord Nairne had been an equerry in waiting to King George.

TENSION VERY GREAT.

The following German official statement has been received from Berlin by the Marconi Wireless Telegraph Company: "The tension between the Chinese and Japanese troops is extremely great. Japan has advised the president of China that Japanese warships will suppress the revolutionary movement in Shantung Province."

ARREST ENEMY'S RESERVISTS.

Orders were issued by the government today that all reservists of the enemy found aboard neutral vessels shall be arrested. A despatch from Flushing says that fugitives arriving there from the Belgian coast report that the Germans are being heavily reinforced.

The Paris War Office announces that in spite of the statements from German sources that Verdun was destroyed, the town never was struck by German shells. One fort, called Bouamont, was bombarded at long range by the enemy, but no damage was done, notwithstanding the cannonading of 24 hours' duration.

Reports of German victories in the Argonne region are asserted to be without foundation.

FRENCH CAPTURE GUNS AND MEN.

It is officially reported, says a despatch to the Exchange Telegraph Company from Paris, that when the French captured Quenoy-Sur-Deule, six miles northwest of Lille, yesterday they took 200 prisoners, two guns and a large number of quick-firers.

A Bordeaux despatch says that the ambassadors of the triple entente at Constantinople have received their passports.

The Japanese cruiser Hizen, standing off the coast of Honolulu several days, watching for German ships, was joined yesterday by another Japanese cruiser. A third vessel in the offing is believed to be a collier.

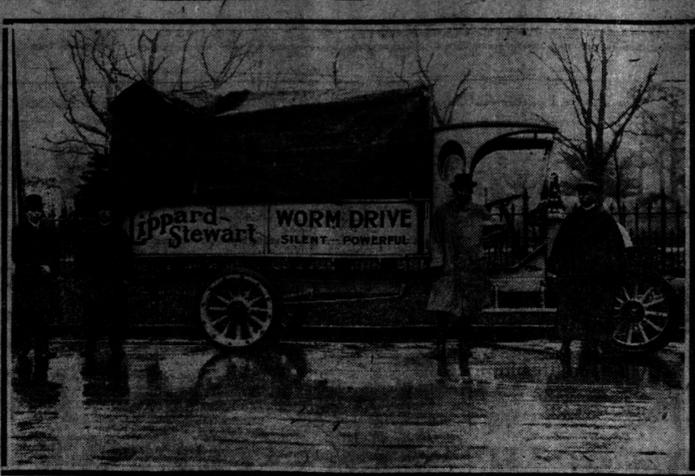

GERMANS OCCUPY ESCHEN.

A despatch from Rotterdam to The Evening News, dated Saturday, says: "Eschen, a Belgian town on the Dutch border, directly north of Antwerp, has been occupied by German soldiers and marines, who are preparing winter quarters there.

"The Germans are strengthening and mining the roads around Brussels, Grammont, Antwerp, Lokeren and Ghent. Six submarines which arrived at Antwerp by rail are now being fitted and tried in dock."

BURIED 25,000 GERMANS.

"As showing the huge German losses in the Ypres region, it is

The Lippard-Stewart worm drive motor truck that carried 4465 pounds over bad roads and thru heavy rainstorms from Toronto to Ottawa.

MOTOR TRUCK HAD POWERFUL TEST

Two Ton Lippard-Stewart Military Transport Travels From Toronto to Ottawa.

ROADS IN BAD SHAPE

With Full Load Vehicle Covered Distance in Under Seventy Hours.

By a Staff Reporter.

OTTAWA, Nov. 1.—The most severe test possibly ever imposed upon a motor truck in Canada came to a successful conclusion at 8 o'clock this morning. A two-ton Lippard-Stewart military transport completed the journey from Toronto to Ottawa, and carried a load of 4465 pounds of ordnance stores, these being composed of Oliver equipment and saddles, Col. W. G. Hurman, inspector of artillery equipment and transport, etc., made the trip. The balance of the party was composed of J. S. Innes, representing the Canadian Lippard-Stewart Motor Car Co.; Arthur Heald of Toronto, and a Toronto motor reporter.

The trip occupied, including all stops, about 68 hours, including all stops, from Thursday morning at 10:30 until Sunday morning at 8 o'clock. The distance is 300 miles. In all that time the engine worked like a charm. The only difficulty arose thru bad roads. The rain simply poured for three-quarters of the time and this added to the severity of the test.

Col. Hurman Pleased.

Experiences were many and varied, but the test was finished. Col. Hurman expressed himself as being well pleased and stated that on active service conditions could not exact more than was expected on this test trip. After leaving the King Edward Hotel at 10:30 Thursday morning, the transport was accompanied by a detachment of the 10th Hussars, led by Gerard street and a good road secured until reaching the vicinity of Oshawa. At this point Col. Hurman requested that the entrance to Oshawa be made via the base line. The truck negotiated the more difficult road in splendid shape until reaching a hill just east of Oshawa. A veritable quagmire on this hill made it necessary to use the chains for the first time. Oshawa was reached at 2:30.

Passed Night at Port Hope.

At 4:45 P.M. the party headed for the Kingston road and reached by way of Port Hope only average time was made, due to the slippery condition of the road. The transport reached

Port Hope at 8:25 p.m., and it was decided to remain over night. An early start was made in the morning, a straight run was kept until Cobourg was reached. Cobourg turned out a mass to see the speed thru. Everything went smoothly for several miles. Brighton was seen in passing. It was just 11:45. The first real experience that was not altogether bargained for occurred on entering Trenton. Trenton insists on putting its sewers right in the middle of the street.

The soft muck of the centre did not look inviting, so the side was tried. This experiment caused trouble. The car was stalled. However, progress was made rapidly as soon as a sufficient supply of the precious fluid fuel was secured.

Springs Performed Well.

From here to Belleville nothing more than passing interest occurred. The road was rough, but with the two-ton weight the springs of the car performed well and fair time was made. It was just dusk when Napawan was reached and no little interest was taken in the arrival. In fact, all along the line farmers stopped their teams and their wives stopped their household work to try and make out just what was going thru. The transport was taken for anything from a gypsy outfit to a patent medicine traveling show. What the inhabitants of the rural section thought as the vehicle bounded along after dark is hard to say.

Night Run to Kingston.

Leaving Napawan at seven p.m. a night run was made to Kingston. In the one hand the people of the smaller towns expressed interest in the transport, those of Kingston were not only amazed but apparently dumbfounded at the sight. Four tons making 18 miles an hour thru the street with two chains banging the revolution of the wheels off on the side of the box sounded like a grating gun.

Shortly after 8:30 Saturday morning the limestone city was reached. The car was big hill leading past the military college was an easy matter for the powerful motor. Barryfield camp grounds were passed and a fair road was met all the way to Brockville. At 3 o'clock the military transport port into the people of the city. Here it was here that it was learned why the party had been taken for a medicine show. On the side of the car the big hill leading past the military college was an easy matter for the powerful motor.

"Worm-drive, Silent, Powerful." The splashing mud had completely obliterated the words "Lippard-Stewart and all that could be read was "Worm-drive, Silent, Powerful."

There had not been quite so much rain in this section. The view of the Lawrence along this route was left behind, however, when the turn north was made which ultimately leads to Ottawa.

Ran Into Bad Roads.

Not more than a mile of this road was traversed when it became evident that the roads leading to the capital are nothing to be trifled with. There

was no stop made at Prescott and it was just 4:30 when the transport passed thru. It took three hours all but fifteen minutes to make Kemptonville. Whereas, on anything like good roads the high gear proved equal to the occasion, the distance between Prescott and Kemptonville was made on the low, or at best on the intermediate gear. This in itself proved a very severe test. Without waiting for any supper at Kemptonville the party headed direct for Ottawa. Then came the real excitement. The bad roads up to this point were not to be compared with what followed.

Gasoline Gave Out. A heavy downpour the day previous had put the finishing touches on newly graded thoroughfare. A ploughed field for the wheels. The engine spun on low and second gears and as a consequence the otherwise ample supply of gasoline gave out. This occurred about 15 miles from Kemptonville and about 20 miles from Ottawa. The time was near midnight.

Two of the party set out to find a telephone to Ottawa. This was not easy. The rural phone, however good in the day time, was of little use at that hour. This was discovered after having aroused a drowsy farmer and his usually drowsy household, to say nothing of the big collie dog, who barked threateningly in the lane. A young man was secured to drive one of the party to a long distance phone, while the balance did their best to keep warm. A rail fence nearby supplied firewood, so that a bonfire was kindled to keep the cold chill away.

Fuel From Ottawa.

It was now learned that a valuable thing gasoline is. The impression of the party to run the four tons over hills in the night was a few inches long. In fact, Old Sol came up to have a look. Darkness gave way and day dawned. The difficulty was how to get over, and as it is in disgust at the way in which rain and sand had delayed the motor sang a new song for the balance of the journey. About 3 o'clock Saturday morning four sleepy members of the party might have been seen speeding up hill and down dale. It is a matter of fact that the driver did not take a brief space of time while at the wheel.

ITALY READY TO ENTER WAR

One Million Men Are Mobilized and Sentiment is Strongly in Favor of the Allies.

Special Direct Copyrighted Cable to The Toronto World. ROME (Via London), Nov. 1.—Following the resignation of the cabinet because of its inability to agree on a military program, all Italy is allying with the war fever. Public sentiment is overwhelmingly in favor of the allies, the people demanding to be led against the Germans and Turks. Demonstrations took place in many cities today, and in some instances troops had to be called to prevent rioting.

The army is mobilized and one million men are ready to go on the fighting line. If Albania should be seized by either Turkey or Austria Italy's control of the Adriatic would be seriously imperiled.

BRITISH RECOVERED ALL GROUND LOST

Germans, Heavily Reinforced, Gained Success Which Proved Only Temporary.

English troops were violently attacked by German reinforcements, but had retaken at the end of the day the ground they had been forced to cede in the neighborhood of Gheluvelt.

On several other parts of their fighting line the English have repulsed attacks by the Germans, inflicting upon them important losses.

In the other part of the front there is no general action, but slight offensive movements have been repulsed by the allies and by the enemy.

The French have progressed almost everywhere, especially on the heights of the right bank of the Aisne, below Soissons and on both sides of the Meuse at the north of Verdun.

The troops of the Third Reserve German Corps have received supplementary orders since their departure from Antwerp. A company of the German regiment No. 25 has received 90 men and a company of regiment No. 12 45 men. All these men are 33 to 35 years of age. They appear to have little spirit.

WAY TO BRUGES OPEN.

Canadian Press Despatch.

LONDON, Nov. 1.—The way to Bruges is now open to the allies owing to their recapture of Roulers, and the Germans are digging new trenches behind Ghent with feverish energy. To do this is to announce their retreat. This statement is made in The Observer in a despatch dated "near the Franco-Belgian frontier." The message continues: "Their (the Germans) losses have been enormous. A German officer captured yesterday estimated that there have been 150,000 killed or wounded since the occupation of Ostend, in Northwest Flanders alone. Whole batteries and battalions have been annihilated by the snell fire from the warships. Thousands have been drowned as the result of the opening of the dykes. In hard-to-hand fighting the German losses have far exceeded those of the allies. Thousands of bodies of Germans floating on the inland sea bear bayonet wounds.

Only the main roads and railroad tracks remain exposed above the flooded area. The shattered German regiments are being given no time to reform and amalgamate. They are abandoning their wounded guns and transports. Unless their feet come out to create a diversion they will be drowned as the Belgian coast within a week.

CRUISER SUNK BY SUBMARINE

British cruiser to meet such a fate at the hands of the German submarines or to be destroyed by mines. Others in the list are the light cruiser Amphion, the scout cruiser Pathfinder, the armed cruisers Crescy, Howe and Aboukir and the cruiser Hawke, sunk by a submarine October 15.

The Hermes was a sister ship of the Hyacinth and Highflyer, the latter of which sunk the German steamship Kaiser Wilhelm der Grosse, a gunboat and a vessel of 500-ton displacement, 350 feet long, 54 feet beam, and had a depth of 20.5 feet. Her main armament consisted of eleven 8-inch guns and she carried a complement of 466 officers and men. She entered the service in 1909.

Two Men Dead. It has been announced that the British light cruiser Hermes, which was sunk off Dover by a German submarine, remained afloat for 40 minutes. Of her crew, which numbered 300, two hundred were landed at Dover by torpedo boats.

The loss of life in the sinking of the Hermes was much smaller than in the destruction of other warships by German submarines. Only two men were known to have been killed, although 40 are missing, and only 9 were injured.

Was Near Goodwin Sands. It is ascertained that the British cruiser Hermes, which was sunk by a German submarine yesterday, was attacked twelve miles east by another of Goodwin Sands, in the Strait of Dover, at 8:10 o'clock in the forenoon. The number of torpedoes fired and other vessels immediately rushed to the assistance of the wounded ship, which floated three-quarters of an hour after being struck and then heeled over and sank.

Meantime the destroyers rescued the greater number of the crew of 300 men, while other vessels scoured the sea in an endeavor to locate the submarine.

BOER REBELS MET DEFEAT

Thirteen Killed, Wounded and Many Prisoners Taken by Col. Alberts.

Canadian Press Despatch. LONDON, Nov. 1.—A despatch to Reuters' Telegrams from Cape Town says: "Colonel Alberts has defeated rebels in the Lichtenburg district of the Transvaal, killing thirteen, wounding thirty and capturing 1000 of the captured Commandant's men.

Commandant De Villiers was reconnoitering when he met the rebel commando with white flags and to their rifles. De Villiers approached the band, who then the rebels attacked him and captured him of his men. The rebels then advanced on the commandant's headquarters, but Alberts drove them in directions, but Alberts drove them and chased them twenty miles to the border. Their flight the rebels discarded their cars and bicycles.

A DANCE IN PROGRESS

Dance Hall, Restaurant and Residence Involved—No One Burned.

The circumstances surrounding fires at the residence, dance hall and restaurant of Emil Brooker, on West Queen street, just west of Kenmore valley, on Saturday night, are mysterious. The fire brigade was called to the dance hall and residence at midnight Saturday. When they arrived they discovered three separate fires burning in the building. Two of them were in bedrooms on opposite sides of the fire a large dance was in progress in the hall, but the dancers escaped before the hall was gutted by fire. The total damage to the building and contents was about \$550.

URGES CAMPAIGN TO GET RECRUITS

Arthur Hawkes Declares More Canadians Should Enlist for War.

By a Staff Reporter. OTTAWA, Oct. 31.—Arthur Hawkes, Toronto, at a public meeting here tonight urged that a propaganda should be started in Canada similar to that in England to urge Canadians to enlist for the war. He said that the majority of the men of the first contingent were not Canadian born, and even in two Ontario battalions he said that they belonged to Canada and had a part in this war as well as the Canadian born. They should not be allowed to feel that they belonged to Canada and had a part in this war as well as the Canadian born. They should not be allowed to feel that they belonged to Canada and had a part in this war as well as the Canadian born.

ONE MAN KILLED IN MINE ACCIDENT

James Abrams, Victim of Collapse of Shaft at Sydenham Village.

Special to The Toronto World. KINGSTON, Nov. 1.—James Abrams, 25, was killed, Thomas Stevens had his leg broken, and another man whose name is not known, had a narrow escape on Saturday. The men were doing some work around a dismantled shaft of a mica mine at Sydenham Village, when some of the timbers gave way and the men fell into the shaft, a distance of 40 feet. Abrams met almost instant death. He was married. Dr. D. E. Mundell, coroner of this city, has been notified and will hold an inquest tomorrow morning. Stevens, the injured man, was brought to the Kingston General Hospital.

Rugby Union Teams Score Decisive Wins

THE ARGONAUTS PLAY N TOP FORM

Ran Up Early Lead on Rough Riders and Eased Up in Final Quarter.

Because Argonauts beat Ottawa 26 to 5 at Resdale on Saturday it must not be concluded that Rough Riders have no team. Indeed, the victors from the capital put up a fair kind of a game, but the popular opinion was in top form and simply smothered their opponents. There was a fine crowd in attendance, who thoroughly enjoyed the victory in ideal football weather.

The Argos' line was much heavier, and Holmes and Smith were easily able to outpace any of the Ottawa kickers. Argos scored all their points in the first three quarters, and were content to hold their lead after that. Two lone points were all that Rough Riders were able to score on a dead-line and a rouse.

Burkart, McFarlane and Motley put up the best games of their careers. Motley was responsible for many holes in the Ottawa line, and he plunged thru time after time for big gains. Motley showed great class for a raver player, and looked to have his job at outside wing checked. Big Mac was in the limelight on many occasions, and he showed lots of game-ness right thru. Holmes was a great game at centre half until he retired in the last quarter. Argos used a number of substitutes after they had plied up their big lead on the Rough Riders.

The teams were: Argos (50): Rover, Murphy; halves, E. Smith, Holmes, O'Connor; quarter, Mills; scrum, Simpson; three, Davidson, Patterson; inside, Foster, McFarlane; middle, Motley, Burkart; outside, Murray, Kilgalt. Ottawa (3): Rover, Conyers; halves, McCann, Boucher, Frith; quarter, Shelling; scrum, Walters, Batty, Emmerson; inside, Davis, Cassels; middle, Vaughan, Stalter; outside, McCann. Tidy referee: Percy Roberts. Umpire: H. Gordon.

Argos won the toss and decided to kick towards the eastern end of the field. Argos looked to be a heavier team than the Ottawa. Holmes booted to the dead-line for Argos' first point, and so the Ottawa continued to add to the score, single points raising the total to 5 to 0 at quarter time.

A try from a kick by Davidson, two more touchdowns by Burkart, with two single points raised Argos' total to 27, while Ottawa secured a lone rouse before half-time.

Rouges were in order the third quarter up to Jack O'Connor's try, Ottawa getting another point. Three-quarter score, 29 to 5.

The Argos were steady in their own the final quarter, in which there was no scoring.

The Tiger Cripples Trough Montreal

HAMILTON, Oct. 31.—Tigers demonstrated their resourcefulness at the Cricket Ground today when, with a crippled team, they administered a severe drubbing to Montreal, score 23 to 2. There was a good crowd in attendance, and the responsibility of kicking on Toui Leckie, who responded creditably and, among other things, dropped two goals from the field.

With the wind in their favor, Tigers scored three rouses in the opening quarter, and finished up with Wilson bucking over for a touchdown.

Montreal had to wind the second quarter, and scored two points, the tally at half-time being 5 to 0.

Tigers pressed in the third quarter, when Leckie drop-kicked twice fair over the bar, and with a rouse and safety touch added, the kings entered the final stage leading 17 to 2.

The Tigers forced the play against the wind, showing their fine condition. Thompson skirted the left end and ran 35 yards. Leckie booted to Brophy, who roused. Wilson bucked from midfield to Montreal's five-yard line. Clark plunged over for a touchdown, which Moore did not convert. There was no more scoring.

VARSIITY SHOULD BEAT MCGILL TEAM AND TIE UP INTERCOLLEGIATE UNION

McGill and Hamilton Rowing Club are still unbeaten in the Rugby Union race. They were both idle on Saturday. The Hams play at home this week and should land another win and end the O.R.F.U. discussion. McGill, however, has another proposition, viz., playing Varsity in Toronto, King's toughest proposition of the season.

McGill will be minus four men who helped to beat Varsity in Montreal, whose qualifications this season at their Alma Mater was writing and getting plucked on supplemental. The intercollegiate rules on this point states that eligible players must have regularly passed their previous examinations and be regularly registered in some faculty. While Varsity has entered no protest it will be interesting to note McGill's course in the matter. Without these four men Varsity should turn the tables and tie up the league.

Argonauts displayed their best rugby of the season before a big crowd at Resdale and Ottawa never had a chance. They play the return game this week at Hamilton.

St. Patricks of Ottawa Lose Third Straight

St. Patricks of Ottawa lost to Toronto A.A. at the Varsity Stadium Saturday afternoon. Score 38 to 11. The winners were always ahead. Ottawa scored 8 in the first half, all in the first quarter and 5 in the second quarter, when the visitors were the best. The splendid and well judged punting of Hal DeGruchy won the game for the home team. Martin Kilt was the visitors' line-up and played roughly.

The line-up: T.R. & A.A. (38): Flying wing, McLaure; right half, Haffernon; centre half, DeGruchy; left half, Vivian; quarter, Hobbs; scrum, Hoar, Leckie; Brown, outside; Moore, Duncan; middle, D. Smith, Richter; inside, Smith, Crawford.

St. Patricks (11): Flying wing, Nagel; right half, K. Williams; centre half, J. Williams; left half, Madden; quarter Higgins; scrum, Ingram, Maloney; E. Fogarty; outside, Brown, middle, J. Fogarty, Kilt; inside, O'Leary, Mullin.

Umpire: Ben Simpson, Hamilton. Referee: F. Robbins, Hamilton.

Inman Wins Billiard Match in Close Finish

The billiard players made it close the final session Saturday night. Inman scored 160 to 60 in the afternoon, and this only needed 37 to win. He made these all right, while Hoppe run out the very next innings. Score: Inman—5, 5, 1, 10, 6, 0, 28, 0, 5, 14, 23, 0, 1, 5, 18, 3, 1, 6, 8, 8, 15—168.

SHAMROCKS WIN AND LOSE. The Shamrock intermediate footballers suffered their first defeat of the season on Saturday on the Westmount grounds, going under to the M.A.A.A. 15 to 6, in an interesting contest. The green shirts were weak on the back division and this was where the winged wheelers excelled.

The Shamrock Juniors defeated the M.A.A.A. Juniors 6 to 2, at the M.A.A.A. grounds Saturday previous to the intermediate fixture.

KOHLEMAINEN AGAIN WIN THE U. S. CHAMPIONSHIP. NEW YORK, Oct. 31.—Hannes Kohlemainen, the Finnish champion, running in the colors of the Irish-American Athletic Club of this city, easily won the ten-mile National Amateur Union championship run at South Field here today in 32:47.3-5.

WELSH AND WOLGAST FIGHT TONIGHT IN N. Y.

NEW YORK, Oct. 31.—Trained to the minute, Freddie Wolgast, the lightweight champion of the world, is ready for his ten-round bout with Willie Ritchie, the champion he and Welsh were matched on several occasions, but something always prevented a meeting. Three years ago, on Nov. 30, 1911, to be exact, the men ten-round bout was held at the Madison Square Garden tomorrow night.

Wolgast, who is now in New York, was struck with appendicitis. While Ritchie, who is now in London, was beaten for the first time by Briton. On another occasion an accident to Wolgast's neck prevented a question of supremacy being settled.

Varsity at Queen's Keep Up Good Work

Line Work in Third Quarter Yields Two Useful Tries—A Punting Duel.

KINGSTON, Oct. 31.—Capt. Gage's boys did all that was asked of them here today, defeating Queen's by 25 to 17, and are now ready to tie up the league by beating McGill in Toronto next Saturday. Had Queen's won, the title would have settled in favor of McGill. The day was fine and there was a splendid attendance.

It was close the first half, which was featured by a punting duel between Haslett and Doyle, the youngster giving a good account of himself. Queen's scored first and at the first interval led by 5 to 1. A fine piece of play was pulled off by Queen's at the start of the second quarter. Lindsay kicked to Haslett at Queen's 45-yard line, and Haslett passed, Loug Rowlands, who made a run of 40 yards. A kick put the play at Varsity 25-yard line. Varsity carried the play into Queen's territory. On the first down Haslett kicked the ball over Varsity's line for a rouse.

The next few plays were rouses by Varsity, who carried the play clear down to Queen's goal line on a run of Lindsay and backs by Stratton, who was carried over for a try, which Doyle converted, and Toronto was ahead, 7 to 0. Queen's added two rouses and a try when Lindsay fumbled, and the Presbyterians were again ahead, 10 to 0. The play was strenuous the closing quarter, when Kennedy and Rowlands of Queen's had to be replaced over and Doyle O'Hara. Haslett kicked over and Doyle was forced to rouse. Again Haslett kicked over Varsity's goal line. Lindsay tried to come out, but lost the ball to Doyle, who scored a try, which was not converted. Thereafter, Varsity led, 25 to 17, and Queen's have still to win a game. They have a bye next Saturday, winding up their season Nov. 14 at McGill.

The line-up of the teams as they went on the field was as follows: Queen's—Flying wing, McQuay; centre half, Haslett; left half, Hill; right half, Rowlands; quarter, Quigley; scrum, McLean; Kennedy; middle wings, Williams, Ellis and Pigram; middle wings, Herwell and Damsmore; outside wings, S. Linn and Brough.

Varsity—Flying wing, Gage; centre half, Lindsay; left half, Doyle; right half, Sheehy; quarter, Stratton; scrum, Moore, Campbell, Homer and Nicholson; inside wings, McMillan and Brian; middle wings, Cassels and Hughes; outside wings, Adelaar and Sinclair.

Referee—B. O. Sitter, Kingston. Umpire—Dr. W. B. Hendry, Toronto.

REGINA BEAT WINNIPEG. WINNIPEG, Nov. 1.—Playing the open game, Regina, never before seen in Winnipeg, the Regina Rugby team proved that Rugby as played in Regina is superior to that played in Winnipeg, when they downed the Rowing Club squad at River Park on Saturday afternoon for the Western Canada championship by the score of 20 to 12. It was a game which decided in the air, the superior and better placed kicking and fast running of the rear guard of the champions being the chief factor in the outcome.

WINTER BOOTS OF THE BETTER GRADES

Perhaps no Store in Canada is in a better position than Simpson's to provide a really comprehensive showing of good, sturdy boots that will give perfect satisfaction in wear WITH SO FAVORABLE A PRICE LIST.

These values are typical of our daily selling, some of the prices being special for Tuesday.

Men's Victor Boots Tuesday—A fine, genuine kangaroo kid boot, in Blucher style, made on a business man's last, with neat toe-cap; perfectly smooth, solid oak belting inner soles; top soles are oak-tanned stock, well hammered and perfectly sewn by the Goodyear welt process. A boot of exceptional value. Sizes 5 to 11. Tuesday, 5.75

A Business Man's Waterproof Velours Calf Boot, in Blucher style, and on a good "foot-form" last, with a dressy heel, chocolate kid lining, oak belting insoles, viscolized oak tanned double weight soles, Goodyear welt sewn. This boot will dispense with the use of rubbers; sizes 5 to 11. Tuesday, 5.00

A Blucher Style Cushion Sole Boot, made from selected French kid leather on a neat but very roomy last; outer sole just the right weight to give ample protection, and yet very flexible, Goodyear welted; a next to nature boot. Sizes 6 to 11. Tuesday, 5.50

Lace Boots, especially built to give comfort to the man who has bunions; made from selected vicci kid, with all the animal meat taken out of the leather, so that there is no draw on the tender spot; the last is constructed with a pocket ready to receive the joint extension. This is the boot for the man with enlarged joints. Sizes 6 to 11. Tuesday, 5.00

The four above lines are all "Victor" made, and are guaranteed by us.
