The PADDOCK HAT

"The King George"

The Fall Races begin to-day and so does our season for the sale of Fall Hats. We don't know of any better hats than what we sell, for we are sole Canadian Agents for those made by Henry Heath of London, England, and Dunlap of New York.

Heath makes hats for His Majesty the King, and is probably the most exclusive maker of hats in the whole world. Dunlap is America's greatest manufacturer.

As a special line you will find in our show-cases the "King George" Derby Hat made by Heath. It is the Paddock Hat—the hat for the well-groomed man. It has every ear-mark of great quality and swagger style.

All the new Silks, Alpines and Derby Hats are in. Store open Saturday night.

Another Woman Suicides. The body of the woman who committed suicide on the revictment wall this morning, the third woman to suicide at this spot inside a month, has been identified as that of Mrs. James Lancaster, whose husband resides in London. She was working as a house-keeper for E. T. Pritchard, King William-street. So far the police have been unable to find out anything about her. She came to this city about a year ago. She claimed she had trouble with her husband.

Several of the aldermen are in favor of abolishing the council entirely, and Chairman Clark of the fire committee said to-day he would move to have a bylaw submitted to the people with that end in view. The aldermen, he says, are useless in the face of the power of the controllers exercised. He favors a commission of seven.

HOW'S THIS FOR A PIANO TEST?

A Gerhard Heintzman Instrument Fell Three Storeys and Remained in Perfect Tune.

When the bicycle craze was at its height in Toronto, one firm of manufacturers offered to haul a machine from the top of a prominent office building to the street below and demonstrate by the unjured machine that it was perfectly durable. It is not on record that the test was ever made. Certainly with the reach of the modern mechanism of a piano, no one would propose such a test, yet a few days ago an instrument manufactured by the Gerhard Heintzman Piano Company of Toronto, was actually subjected to such an ordeal and came successfully through it, so far as its essential character as a musical instrument was concerned.

On Aug. 13 carters were delivering an instrument (a wedding present) at 620 West Bloor-street. It was desired to place it on the street below and it was necessary to raise the instrument to a window on that floor by means of block and tackle attached to the gable end of the window. The strain on the woodwork of the gable to give way and the piano was hurled to the ground. The case was badly smashed and the action mechanism was distorted. It was naturally supposed that all the finer mechanism with plate and sounding board would have suffered. The mangled instrument was taken to the warehouses of the firm at West Queen-street, and a tuner tried the instrument to see what weird disorders it would develop.

As a result of the decision of the Western Ontario power municipalities to allow the hydro-electric power from Windsor to be controlled, Manager Sweeney of the Toronto City Engineer, thinks the reduction in Toronto for power will be about 10 per cent. Frederick H. Day, deputy city engineer of Boston, wrote a letter to the City Engineer Rust to the effect that the public works department of Boston is to be remodeled after that of Toronto. It is his contention to consolidate the waterworks, streets and engineering under one responsible head.

It is the credit of Toronto that so well organized and in the hands of trained engineers." says the letter.

It is not the money to build car lines, says the letter.

Yesterday, concerning the syndicate that offered to build new car lines, but I have access to the necessary money, and Mr. Keating is the engineer there would have been no difficulty about handling the proposition if the city had accepted it, and it is not too late yet, but, of course, the city would first have to secure legislation.

ELECTRICAL ENGINEER ILL

Kenneth Aitken is suffering from Nervous Breakdown.

Word has been received by Mayor Geary from K. L. Aitken, chief of the city's electrical department, for a further leave of absence to recuperate from a threatened general breakdown. Mr. Aitken has been in Muskoka for a month.

WATER PRESSURE IS GOOD

Satisfactory Test Made at the Parliament Buildings.

"The water pressure from the new auxiliary pumping system is splendid," said District Chief Smedley to the fire protection appliances at the Parliament buildings. Wm. Crawford, the provincial inspector of fire appliances, gave the water test. A thoro test. Two streams, thru inch and one-quarter nozzles, went 180 feet, and when thrown vertically the water went considerably higher than the roof of the gullinches. There is enough on each flat to reach to any part of the building, and it is planned to put in a new style of hose reel, similar to those installed in the normal school building, replacing the hose reels, and which permit of water being turned on while hose is still on the reel, so that it is only necessary to lay out sufficient to reach a fire.

BERLIN'S GALA DAY

October 12 Will See the Inauguration of Power Service.

The Town of Berlin is making arrangements to entertain a big crowd on Oct. 12, on the occasion of the formal opening of the municipal hydro-power station. The date is tentative, as Sir James Whitney is to be communicated with before it is definitely settled. The premier and all the members of the cabinet, as well as the members of the legislature, will be invited, and there will be a banquet at night, when these and representatives of all the municipalities interested will attend. Hon. Adam Beck intends to take a ban from London, and George Clare, M.P., has undertaken the Preston band for the occasion.

One-Way Second-Class Colonist Fares. \$41.05 to Spokane, Seattle, Tacoma, Wash., Nelson, Vancouver, Victoria, Westminster, B.C., and Portland, Ore., daily until Oct. 15 from Toronto, via Grand Trunk Railway System. Proportionate rates from all stations in Ontario.

YOU DON'T HAVE TO STOOP TO SHAKE THIS GRATE

This is an exclusive feature of the "Economy" Furnace

Consider this point for a moment. Isn't this arrangement much better than the old-fashioned back-breaking style? Simply work lever back and forth a few times, the ROCKING AND DUMPING GRATE clears itself of all ashes and breaks up any clinkers. And NO DUST—that is another important feature of the Pease

"ECONOMY" FURNACE.

There is absolutely NO DIRT when you shake the "Economy." None in the cellar—the large dust flue carries it up to the combustion chamber. None in the outer shell of air because of the cup-joints and the steel-jointed construction of the grate. There's just pure, fresh, warm air when an "Economy" heats the home. This is a part of the perfectly arranged Pease heating system—a few of many reasons why you should see and investigate the "Economy" furnace before investing in any heating system. I will give you more "Economy" features in my next talk. Watch for it. Wright Furnace.

A MAN'S BOOK

Let Me Send It to You FREE

Here is a little volume of cheer and helpfulness which all men, young or old, can read with great profit; it contains much valuable information of a private nature, is fully illustrated, and represents the practical knowledge I have gained from forty years of actual experience in giving help to upwards of 100,000 enfeebled, nervous, discouraged men. Just a postal card with your name and address, and the book will be forwarded free, sealed, by return mail, and with it, as well, I will enclose a full description of my new 1910 model Electric

Health Belt

If you need new strength, this wonderful appliance must appeal to you. It generates a pleasant, exhilarating current instantly felt, though it can be made any degree of strength from mild, to strong by simply turning the needle of the current regulator; worn nights while you are sleeping; it pours quantities of health-giving, soothing electricity into your sick, weak nerves; you get up mornings feeling bright, strong, full of courage and ambition; it takes all the weakness and pain out of your back; it is a great remedy for your kidneys, bladder, stomach, liver and other vital organs; it cures rheumatism in all parts of the body; it is a courage-giver of the highest order; it brings new strength where weakness exists; it will restore you to vim, vigor and look young; you will live longer for its use; you can throw away all drugs and commence to live as Nature intended you should—a man among men, healthy, happy and vigorous. I can send you thousands of testimonials if you care to see them. Here is a sample cure:

Women's Smart Autumn Suits \$17.50

A Line Remarkable For Quality, Style and Good Tailoring

Those who have not yet settled the timely question of their Fall Suit, should not fail to look at this line at \$17.50, representing the best value for that amount ever featured in the Women's Costume Section. Seven distinct styles are included in the collection, three of which are depicted in the illustration. The suit to the right hand, as are the others, is a reproduction of a high-class American model costume. It is developed in the new knopt suiting, the coat being of the jaunty 30-inch type, with plain collar, four-button square-cut fronts, and satin twill lining; and the skirt cut in the deep hobble flounce effect, though with ample width for comfort in walking. Obtainable in navy, black, King's blue, raisin colors.

The design in the centre is strictly plain tailored, in wide wale cheviot, the 30-inch coat being of the sacque order, lined with silk, with touch of braid on collar; the skirt has the popular kneeband extending from the front panel; the range of colors is navy, taupe, green, black, tan, brown, plum and burgundy.

The production in soft serge, pictured to the left hand, is exceptionally smart in every detail. It is lined with polo satin, the button-holes satin edged, and skirt strictly plain with double box pleat at the back.

The remaining four designs are in diagonal worsted, French diagonal serge, French novelty suiting and clay worsted, respectively, and exemplify the current style features. Two are fancily trimmed with velvet and braid, providing a costume of the more dressy type.

The offering presents a golden opportunity to procure an eminently attractive suit at an exceptionally low price.

The Autumn offering in the Blouse Section shows a wider variety and greater evidence of moderate price than ever before.

The blouse has entered on another season of excessive demand. The passing of the three-piece suit has given back to the separate waist all its old and honored duties. It is once more the necessary and correct accompaniment to the tailored costume. Our Autumn showing is marked by a wideness of assortment and attraction of exclusive design well in keeping with the seasonable need. Lace, net, chiffon, satin and silk have been fashioned into an alluring array of fancy and tailored creations, providing almost unlimited scope for choice, and one adapted to every weight of pocketbook.

Among the lines to which the attention of Monday shoppers is particularly drawn, is a smart little plain tailored waist in fancy striped taffeta. As seen in the illustration, it has Gibson pleats at the shoulders, box pleat down front, long sleeves with buttoned cuffs, tucked collar, and is finished with pocket. Special price3.95

Note and Comment

The Ontario Jockey Club's autumn meeting opens this afternoon at Woodbine Park, with a card of seven races that could hardly be exceeded at any show of the kind on this continent.

The baseball season as far as Toronto and the Eastern League is concerned, winds up to-day with the Buffalo double header at the stadium.

Nationals take their second try to-day in the New Westminster for the Minto Cup. The Frenchmen are behind as a result of their effort a week ago, and the Newey Lalonde and several other supporters say they will do better this time.

The Toronto and Western Ontario athletes left on the 10.30 train last night according to schedule for the annual track and field championships to-day in Montreal.

LEAFS WIN TWO GAMES FROM SMITH'S BISON

Montreal Wins From Rochester—Skeeters and Orioles Winners—Final To-day.

To-day will wind up the Eastern League season for 1910 in Toronto, with the Leafs and Bisons playing a double-header at the stadium. Yesterday the Leafs won two ends of the double-header from the Bisons, winning the first by 7 to 4 and the second by 6 to 3.

The other Eastern League games look to have been burlesques also, judging by the reports from Rochester and Jersey City were the winners.

Toronto 7, Buffalo 4. The first game was checked up in the sixth inning, when nine Leafs batted for six runs. Up to this point it was an even break, with honors, however, in favor of Doc Newhall, who was keeping the hits scattered.

Each team scored one in the second inning, also the Leafs had the bases full, with one down and two on base. The second out before a run was tallied, Kyle's single thru short being responsible.

Toronto 7, Buffalo 3. Jesso, a Buffalo semi-pro, who has been pitching good ball for the Bisons, was on the mound for the visitors, and pitched to his credit.

Salvador BEER

THE FAMOUS NATIONAL DRINK

There's a story behind "Salvador" beer—Canada's most famous brew—that carries us back to the year 1651

The Grand Duke Ferdinand, the Bavarian monarch of that period, established the most famous cloister brewery on the Nockerberg Mountain, near Munich, and appointed Father Sale the chief brewmaster.

The product of the royal brewery was first known as "Father Sale's Beer" until the more convenient title of "Salvador" was adopted, about a century later.

For over 150 years "Salvador" was brewed under the patronage of the Bavarian royal family. In 1894, Franz X. Zacherl acquired control of the cloister brewery and purchased the secret formula of the royal brew.

From that day to this the formula and sole European rights have been the most jealously guarded inheritance of the famous brewer's family.

The rich, mellow flavor of "Salvador" is only attained by a special aging process, and the output of the cloister brewery was great enough for the people of Bavaria would drink no other beer.

Mr. Lothar Reinhardt completed his extensive studies of German brewing in this famous cloister brewery, where he secured the secret formula and process for brewing "Salvador." He has the sole right under the Canadian Government Copyright and Letters Patent to manufacture this famous brew.

Reinhardt's "Salvador" has become "The National Drink by a rigorous adherence to every detail of the original process devised by Father Sale in 1651.

Compared with all other brews, "Salvador" has a worth a dollar a day, yet it costs no more than any ordinary beer.

Every pint of "Salvador" is brewed in wood for at least six months before bottling.

"Salvador" is not only a pure, sparkling and refreshing brew; it also possesses tonic qualities which make it the best for medicinal use.

Always order "Salvador" if you want the best beer brewed.

MISS D. CAMPBELL WINS GOLF CHAMPIONSHIP

Hamilton Lady Defeated Miss Henry Anderson of Montreal by Two Up on 17th Hole.

Probably the greatest ladies' golf game ever played in this country was played yesterday at the Toronto links, between Miss Dorothy Campbell of Hamilton and Miss V. Henry Anderson of Montreal. Miss Campbell winning the title of Canadian champion by two up on the 17th hole. The contestants were followed by the largest and most enthusiastic gallery of spectators that have ever witnessed a golf game in Toronto, the majority being lady admirers of either player.

The quality of the golf displayed was far superior to any previous ladies' championship played in Canada, both contestants being champions. Miss Henry Anderson won the Canadian championship on the Royal Montreal links last year, while Miss Campbell was champion of England.

From the 15th hole to the 17th both players electrified the gallery by phenomenal golfing, and while Miss Henry Anderson was defeated, she played a really great game. Miss Campbell is a pastmaster of the game, nothing being too difficult for her.

The interprovincial match was won by Ontario by 13 to 8, which was a far greater majority than was expected.

The tourney, which closes to-day, has been, without a doubt, the most successful ever held by the Royal Canadian Association, much of the success being due to the untiring efforts and skillful management of the association's secretary, Mr. W. Varley.

LAWN TENNIS DOUBLES

Ontario Championships Wind Up To-day With Challenge Rounds

To-day will see the finish of the Ontario tennis championships for the season of 1910. The final round in the mixed doubles will be played, followed by the challenge rounds in both mixed and men's doubles. Speculation is rife as to the relative merits of the best lady players, and the men's junior champion. To shed light on this a special match has been arranged for this afternoon between Miss Lois Foyes, Canadian junior champion, to be played, if time permits, after the challenge round in the mixed doubles. As the present holders of the Men's Doubles Challenge Cup are Messrs. Baird and Witchall, and the challengers are Messrs. Burns and Glasco, a splendid struggle is sure to result. In the mixed doubles are left Miss Graham and Henderson, who defeated Miss Summerhayes and Hall yesterday in a very speedy game, and Miss Fairbairn and Burns. The winner of this event will be called upon to play the present champions, Miss Moyes and Baird. Miss Moyes plays after to-day's play to take part in the tournament at Longwood, and the best wishes of her many friends go with her. Yesterday's results: Ladies' handicap—Miss Best defeated Miss Andrus, 6-1, 4-1; Miss Fairbairn defeated Miss Best, 2-6, 4-6, 6-3 (final).

Mixed doubles—Miss Graham and Henderson defeated Miss Summerhayes and Hall, 8-6, 6-2.

Today's Events—Baird and Witchall v. Burns and Glasco (challenge round), 2 p.m. Miss Graham and Henderson v. Miss Fairbairn and Burns (final), 1 p.m. Winner of mixed doubles final v. Miss Moyes and Baird (challenge) at 2 p.m.

Mr. Boyd, the junior champion of Canada, v. Miss Moyes, Canadian lady champion, 3 p.m.

CRICKET CHAMPIONSHIP

Garretts and Riverdale Play Final in C. and M. League To-day.

The Church and Mercantile championship match for the Eastmuir Cup, between the Garretts, winners of the western section, and the Riverdales, winners of the eastern section, will take place to-day on Verity campus. It will be a two-innings match, and commences at 10.30 a.m. The Garretts will select their team from the following: C. Tunbridge, W. Bodger, S. Weston, S. Hines, E. Nicol, T. Brown, J. C. AMATEUR BASEBALL

To-day will bring to a close one of the most successful seasons in the history of the Beaches Baseball League, when the T. Eaton Company, team champions of the league, will play the runners-up in the Royal Canadian at 2 o'clock, on the New Beach diamond. Batteries—Eaton's Hawkins or Hickey and Tolley; Royals, Clements or Perry and Chandler. Starting at 2.30 sharp, there will be a few stunts such as throwing the ball, running the bases, and a special 100-yard race between Alex Thompson, leader of the Royals' Club; Charlie Harvey, chairman of the grounds, and the treasurer of the league, Tim Hodgson. This has been a long-talked-of affair, and will be settled on Saturday, the winner receiving a box of cigars.

The final game in the Baptist League will be played to-day at Jesse Ketchum Park at 2.30, between Parliament and First-avenue. These teams are tied for first place, and a good game is expected. Bill Wiaten will umpire the game.

A record crowd is expected this afternoon at 8 o'clock on the Don Valley diamond, Don Flats, when the All Saints, champions of the Don Valley League, play the Crescents, winners of the Vermont Senior League, in the final post-season game for the amateur championship of the city. An each team has won one game, this will be the settler. Manager Gore of the All Saints' team has chosen Graham or Allard and Beane, while Curzon or Woods and Forvers will be the main artists for the westenders, and Wright will officiate with the indication that a clean amateur ball game are specially invited, and are asked to note that this game is played on public grounds and can be reached on Broadview cars. The winner of this series will challenge the winner of the All Saints, winners of the Don Valley League, will play the Vermonts on the Don Flats to-day, at 3 o'clock. Players are requested to take notice. The Vermonts, champions of the Vermont League, will meet at the corner of College and Bathurst-streets at 2 o'clock for their game with All Saints on Don Flats at 3 o'clock.

The final game of the Baptist Baseball League will be played between Parliament and First-avenue at Jesse Ketchum Park at 2.30 o'clock to-day.

The games scheduled for this afternoon in the Senior Amateur League at Brook-avenue are as follows: At 2 o'clock, the Park Nine will meet the Royal Oaks—batteries, McDonald and McWhirter, and Scott and Lynd. At 4 o'clock the Wellingtons meet St. Mary's—batteries, Rosser and Graham, and Downs and Downing. Bill Phyle will act as umpire.

All players of the Kingstons are requested to meet at the corner of Wilton-avenue and Sherbourne-street at 2 o'clock for the championship of the Intermediate Boys' Union League with the Billikens on the Don Flats at 3 o'clock. This game promises to be one of the fastest games this year, and a large crowd is assured. Mr. Hurley and Mr. Tait will be the umpires.

First-avenue Baptist request the following players and their supporters to meet at the church at 1.30 to-day for their game with Parliament-street at Jesse Ketchum Park at 2.30: Wilson, Gerred, Preston, Gill, Vennels, Graham, Dean, Herrmann, Evans, Martin and Carl. This match decides the championship in the Baptist League, and a good game is expected.

The games scheduled to be played in the West Toronto Senior Baseball League at Lambton Athletic Grounds this afternoon are: 2 o'clock—All Stars v. Devonport Stars; batteries—Pinning and Copping, and Welsh and Croft. 4 o'clock—Ravinas v. Dufferins; batteries—Galagher and Hyslop, and Auld and Davis.

The following players will represent the Royal Canadian Bicycle Club baseball team to-day in their league game with the T. Eaton Company at New Beach: Chandler, Clements, Kerry, Lawson, McKenry, Maddocks, Chatham, Gibson, Graham, Oster. Game called at 8.30. Base-running and ball-throwing contests will be held at 2 o'clock.

American League Scores. At Cleveland—Cleveland easily defeated New York to-day by 7 to 1. Hughes, knocked from the box and Fisher was hit even harder. In the seventh Cleveland made two singles, a double and a triple, yet they scored only one run, having two men caught on careless base running. Jackson and Easterly had a perfect batting average, each making four hits. Chase's base-running and batting were other features. Score: R.H.E. Cleveland..... 0 0 2 0 3 10 2—7 1 0 New York..... 1 0 0 0 0 1 0—2 7 0 Batteries—W. Mitchell and Smith; Hughes, Fisher and Ketchell. Umpire—Evans.

SATURDAY MORNING SEPT. 24, 1910

A MAD OLD MAN.

Senator Jaffray savagely renews the exposure by the World of his infidelity to public rights in championing the cause of (his) The Toronto Electric Light Company as against the public power supply of the Hydro-Electric Commission, and the exposure also of the Globe's and his new campaign in favor of commercial union. Never can any of the old associates of Wilman and Dana forget their perfidy to Canada.

This is our reply to the mare's nest in the Globe's columns yesterday, that the World had circularized some of the manufacturers to help us if they cared to in our fight to maintain the national policy of protection and our fight against commercial union in the new guise of reciprocity.

The World is not ashamed of its letter. Robert Jaffray is ashamed of his electric record, because it was dishonest. He professed friendship in the Globe for public power, and he tried to beat it at every stage. He tried to force the Whitney Government to double the horse power of one of the private companies at the Falls. He was at last driven by The World to resign from the board of directors of the Light Company. And as for commercial union, there is another chapter yet to be told.

The people will still prefer The World and its poverty and its policy to the Globe and its millions and its campaigns against public rights and against the national life. Nor do the Protestants of Ontario forget The Globe's desertions of them, or the wind sales of the prophet of peace now in Mexico.

FOR BETTER CITY GOVERNMENT.

A crisis has been reached in affairs at the city hall, and the board of trade might now take action which would be of the greatest possible benefit to the future of Toronto. The medical health officer has resigned, and there is no denial of the report that the city engineer intends to change his jurisdiction. The general dissatisfaction is marked.

There seems to be something about the idea of government or administration by commission which is repellent to many of those who exercise important influence on public opinion, but the rose by any other name will smell as sweet. The World has declared that it is not attached to any particular mortal plan for the regeneration of the city government, but it submits that some plan is necessary. The Evening Telegram, which has declined for a long time to take this view, on Thursday evening definitely admitted the necessity for more individual and responsible government in Toronto.

"Toronto," says The Telegram, "will never get anywhere in the direction of good city government until the great municipal departments are headed by permanent officials who are given ample pay and ample power to put things right, and held wholly and solely responsible if things go wrong."

The World has been saying things like this for many months, and while it seems to The World that the best way to attain the desired end is to elect a council solely with a view to the selection of such officials and the direction of their general policy, yet The World is open to be convinced if any other plan can be adduced which will more certainly attain the result aimed at.

Toronto is heading steadily for a population of a million. The men who can administer the affairs of a city of that size must be of a calibre altogether different from those the city has been accustomed to have in its employment. There are no men in Canada too big for the positions that are to be filled. The World believes that it will require salaries of \$20,000 or \$25,000 a year to tempt the sort of men that are needed. There should be at least five to look after the departments of finance, law, engineering,

health, and traffic and electricity. To quote The Telegram once more:

The efficiency of government and the safety of human life in this city demand that the powers and responsibility of officials at the head of every great department shall be magnified, and not minimized.

Recognizing the situation and the application of the principles thus enunciated by The Telegram, The World calls on the board of trade to take up the question, hold a public meeting, and institute such action as will enable the city to secure an efficient, business-like and non-partisan government, such as the banks, the railways and other great corporations depend upon for their success.

DELAY WAS FATAL.

There can be no doubt that the refusal of Mayor Geary to take the offer of the syndicate represented by Mr. Aemilius Jarvis as a matter worthy of the serious consideration of the city council, and his cavalier method of disposing of it in secrecy, have been responsible for the inconvenience and very strong language might be used instead of this mild word—to which the people have been put all summer and will continue to be put.

Had this offer of a syndicate to build street car lines on the unoccupied streets which have been handed over to the city in 1911 been brought out by the mayor, it would unquestionably have stimulated the Street Railway Company to the action which has now been taken belatedly when the proposal was revived.

Mr. Fleming says he yielded to the Ontario Railway Board, but it is more reasonable to suppose that he yielded to the competition club.

NEW WAGON COMPANY

Is Located at Port Arthur—Business Prospects.

The prospectus of the Port Arthur Wagon Company, Limited, appears for the first time in this issue. A great deal has been heard lately of this new concern, and the company has certainly a very strong and influential board, of which Chris Kioepfer, of Guelph, is president; D. C. Cameron, the president of the Maple Leaf Milling Company, Limited, vice-president in localing the factory at Port Arthur; the directors have taken a wise step, as that point is nearly 1000 miles nearer the western market than any other wagon factory in Canada. As a result the saving in freight will be great.

Perhaps the best feature, and without doubt one which will appeal most to the shareholders, is that the company has already contracts in hand to keep them running for years with reliable firms: The John Deere Plow Company, Limited, and the Tushope Anderson Company, Limited. We note that H. W. Hutchison, managing director of the John Deere Plow Company, Limited, is also a director of the Port Arthur Wagon Company, Limited.

It is well known that firms requiring wagons during the last two years have been unable to obtain them, owing to the manufacturing concerns in Canada, which will, when the new factory is erected at Port Arthur, be removed there.

The City of Port Arthur has granted very valuable concessions in order to induce the company to locate there. These include 20 acres of land, a large dock site, exemption from taxation, and the manner in which the water is developing will make the dock of immense value, as the geographical position of Port Arthur has made it a city gateway to the west.

The company is giving a bonus of 50 per cent. of the common stock to all subscribers of preferred, which makes the issue extremely inviting and one which will yield a good return to investors.

IMPORTANT PICTURE SALE.
 On Tuesday next an exceptionally attractive collection of paintings and water color drawings, the property of the A. Peterson estate of Toronto, will be sold at auction by Messrs. C. M. Henderson & Co. Many well-known Canadian, British and continental artists are represented, and the collection is of interest to this opportunity is not likely to be exceeded. The refined art of Paul R. Koehler is particularly well displayed, the varied nature of the subjects exemplifying his fine eye for color effects. Of special note are the two figure studies by Henry R. A. Ryland, remarkable for their grace and exquisite color. C. J. Way's "Quebec From Lewis" is another fine drawing of national interest, and T. B. Hardy's "Off the Coast of France" is a bright and breezy seascape. La Maitre's "Sunset Reflection" in oils is steeped in beautiful color, and Van de Linde's "Katwyk On the Sea" is another canvas full of artistic workmanship. Among Canadian artists included are Gertrude Spurr Cutts and W. Cutts, F. C. Y. Eds. L. R. O'Brien and others, and the collection is well worth careful inspection by all art lovers. The pictures will be on view to-day, on Monday and on the morning of Tuesday, and the sale, which is without reserve, will start at 2.30 p.m. precisely in Messrs. Henderson's gallery, 87 and 89 King-street.

The Globe

TO THE BOY SCOUTS

THE GLOBE to-day gives its Boy Scout friends a story all their own. They will find it worth reading, as it contains much interesting news about the Scout movement.

Better than this, however, THE GLOBE is glad to announce that this is the first of a series of Scout articles. It is the beginning of a department to be run every Saturday in the interests of the Scouts.

It is proposed to carry in this department all the news of the Scouts. It will contain pictures of prominent Boy Scouts, and will also illustrate features of their work.

The Boy Scouts are invited to use this department for the advancement of their cause. They are invited to write to the Scout Editor, telling him what they are doing. They are cordially invited to make the department a medium of communication between the various troops. They will find this an excellent way to keep in touch with one another.

If you do not now read THE GLOBE regularly, see that your parents arrange at once to get it for you. This will be the best way to know what your comrades are doing from week to week.

CANADA'S NATIONAL NEWSPAPER.

Memorial Service.
 A memorial service for the late Florence Nightingale will be held in St. Paul's Church, Bloor-street, next Friday evening, under the auspices of the Graded Nurses' Association of Ontario. Archdeacon Cady will conduct the services. Nurses are requested to wear a purple memorial badge.

GOOD HEALTH FOR BABY AT VERY LITTLE COST

Baby's Own Tablets, only cost 25 cents a box. A box bought now may save baby's life. Summer comes suddenly, and carry away thousands of little ones every year. If the stomach and bowels are kept in order there is little danger from these troubles. Baby's Own Tablets is the best medicine in the world for preventing and curing stomach and bowel troubles. They can be given with perfect safety to the newborn baby or the well grown child. An occasional dose of the Tablets will regulate the stomach and bowels and prevent summer complaints. The mother who keeps these Tablets on hand may feel assured that little ones are safe. If you have not got a box of the Tablets get one without delay. Do not wait until trouble comes, it may then be too late. Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Cheque for Firemen.
 Fire Chief Thompson has received a letter from J. R. Beamish, of West Richmond-street, saying: "Considering the great amount of loss that might have happened to my premises and furniture on September 13, but which was prevented by the quick and efficient manner in which your men put out the fire, I wish to contribute a small amount to their fund; so enclosed please find cheque for \$10."

"HOME, SWEET HOME"

Everywhere people love their homes. What prettier photo in all this wide world is there than that of Home, those at home, and of Mother and Child, and Children?

And it is well known that there is no better camera anywhere than

"THE ENSIGN"

Even a child can operate it, and each picture records so perfectly and accurately just that expression and finish you so eagerly desire as a keepsake, souvenir, etc. This unrivaled success is made by the combination use of Ensign Cameras and Films. Wherever the British Ensign floats over homes, the Ensign Camera is also found—and it never fails.

Divisional Court.
 Before the Chancellor, Latchford, J., Middleton, J.
 Lobb v. Lobb—H. Collier, K.C., for plaintiff, E. D. Armour, K.C., for defendant, motion by plaintiff for judgment of Millock, C. J., of May 28, 1910. Argument of appeal resumed from yesterday and concluded. Appeal dismissed, with costs of action and appeal of both parties out of estate.
 Re Earle Estate—W. Proudfoot, K.C., for J. A. Earle, J. H. Spence for respondent. An appeal by J. E. Earle from the order of the surrogate court of the County of Huron of June 9, 1910. Sophia E. Earle by her left hand the land in question jointly with her niece, Adrian Sophia Elliott, to whom she stood in the relationship of "loco parentis," and to her husband, John A. Earle. There was a dispute as to division of the property and the judgment of surrogate court awarded Miss Elliott \$76.43 as the final balance due her. Appeal argued and allowed to extent of reducing amount found due to Miss Elliott to \$88.25. No costs of appeal. By consent of counsel motion of respondent dismissed without costs.

Supreme Court Cases.
 OTTAWA, Sept. 23.—The autumn session of the supreme court, which will open on Oct. 4, has a formidable list of appeals, no less than 52 in fact. There are 13 appeals from British Columbia, 1 from Saskatchewan, 2 from Alberta, 1 from Manitoba, 1 from Maritime Provinces (the smallest on record from that section), 13 from Quebec and 14 from Ontario. The list includes the reference of three constitutional questions as between the Dominion and the provinces.

Stratford v. Mooney—Ex parte motion to vary minutes of judgment of court. Motion refused.
 Stratford v. South Easthope and Downie—G. G. McPherson, K.C., for South Easthope, F. S. Robertson (Stratford) for plaintiff, M. Wilton, K.C., for respondent, Township of Downie. An appeal by the Township of South Easthope from the judgment of the drainage referee, dated April 21, 1910, setting aside the report of the engineer appointed under the Municipal Drainage Act, with costs to be paid by the municipality, and declaring illegal the assessment for outlet of certain lots or portions of lots in the City of Stratford. Judgment reserved.
 Selkirk v. Windsor and Essex Railway Co. (two appeals)—J. M. Pike, K.C., for the railway company, A. H. Clarke, K.C., for plaintiffs, E. S. Wile, K.C., for defendant, Newman and Nelles. This is an appeal from the judgment of a divisional court of May 8, 1910, varying the judgment of the trial judge, who dismissed the action as against the individual defendants for \$1000, with costs, by dismissing the action against the individual defendant by plaintiffs and the individual defendant by plaintiffs for \$1000.88 and defendants. The action was on a contract in support of a rival railway. The plaintiffs also make an alternative appeal in the event of the judgment of divisional court being disturbed in dismissing their action against the individual defendants. Appeal argued and judgment reserved.

Christie v. Richardson—G. H. Watson, K.C., for defendant, A. J. Keeler for plaintiff. An appeal by defendant Webb from the judgment of Meredith, C.J., of April 22, 1910, dismissing the action as against defendant Richardson. The defendant Richardson was contractor for carpenter work of a schoolhouse erected. The action was for damages to plaintiff, an employee of Webb, who on coming to work walked up a gangway, when something gave way and precipitated plaintiff into the basement. The trial judge gave judgment against Webb and dismissed the action against Richardson, there being great conflict of testimony

Single Court.
 Re Ryan—G. Oeler, for Mrs. Smith, J. M. Ferguson for motion by Mrs. Smith under O.R. 388 for an order constraining the will of the late Margaret Ryan, widow of Hugh Ryan. Judgment by right conferred upon John T. Ryan by clause 3 of the will "while he is unmarried" to an end on his marriage. Clause five only gives the property to Thomas F. Smith on the death of John T. Ryan. This cannot be read as conferring upon him any right upon the death of his wife. Subject to the right of Alfonso and his mother (his order being dead) to occupy the residence under the provisions of clause three upon the marriage of John T. Ryan, the beneficial estate in the residue during the remaining years of his life passes as part of the residuary to the two daughters, the son and grandson under clause 14, the representative of the dead daughter taking her share. So long as the grandson and his mother live and have the right to occupy the residence (under clause 3) this will be of no real value, but if they predecease John T. then so long as John T. may survive and the representatives and the representative of the deceased daughter will take as tenants in common (per stirpes). The fact that the will makes John T. the life tenant of the equitable estate (subject to the termination of the estate on marriage) shows that what was given to the others was not a life estate in the surviving daughter and her son, but a mere license to occupy. If there is residuary estate not distributed the costs may be paid out of it if not no costs.

Re Martin Estate—W. M. Hall for petitioner. Motion by Harold P. Martin, an executor, on consent of the other beneficiaries to be removed from the position of executor. Order made for removal as asked. Costs out of estate as between solicitor and client.
 Re Hastings—F. W. Harcourt, K.C., for infant, motion on behalf of infant for an order discharging motion under O.R. 388 with costs pursuant to terms of settlement. Order made.

Re Hunsey Estate—E. Storer (Hillsborough) for widow, J. R. Meredith for three infants. Motion by executor under O.R. 388 for an order constraining the will of Charles Hunsey. Judgment by right conferred upon John T. Ryan by clause 3 of the will "while he is unmarried" to an end on his marriage. Clause five only gives the property to Thomas F. Smith on the death of John T. Ryan. This cannot be read as conferring upon him any right upon the death of his wife. OTTAWA, Sept. 22.—John Moore Bowell, deputy controller of Chinese immigration at Vancouver, B.C., was this morning suspended by the minister of trade and commerce, as the result of investigations which have been conducted for some weeks past by Constable Foster of the Dominion police, under instructions from the department.

CHLORFORM FOR PASSENGER

C. P. R. Trainman Is Arrested on a Serious Charge.

REGINA, Sask., Sept. 22.—Charged with attempting to chloroform a lady passenger on a C.P.R. eastbound train, No. 2, on Aug. 8 last, William Patrick Lynn, a C.P.R. brakeman, was today committed to prison by his trial by Magistrate Heffernan at the bar racks of the mounted police. Bail was fixed at \$10,000.

Melba at Massey Hall

A Marvellous Triumph and a Record Audience.

Combination of Voice, Piano, Harp and Flute.

Australia and Canada Unite in Raising Musical Enthusiasm to the Highest Pitch.

Rarely, if ever, has a Toronto audience had an opportunity to listen to a musical programme so evenly high-class in all its individual features as was the case at the Melba concert in Massey Hall on Wednesday evening last.

There have never been finer individual performances, and Maurice Lefarge had no solo work, but his accompaniments were most tasteful, and in this trio he helped to carry the audience back to the great days of the Master.

Wednesday at Massey Hall was the story of the greatest musical success in the history of this splendid auditorium and concert-giving in Toronto.

Melba, of Australia, the great prima donna. Albert Quesset, tenor, who had lived in Montreal, and whose "French is perfect."

Mlle. Ada Sassoli, whose "faultless fingering of the harp deeply stirred her audience."

John Lemmons, flautist, who charmed everyone, and who, like Melba, is an Australian.

Maurice Lefarge, pianist, who gave completeness to the work of every other artist.

A magnificent Grand Piano, of ye olde firme of Heintzman & Co., Toronto, Canada's triumph in piano building, used exclusively by Mr. Lefarge, and which is being used exclusively in the Melba Tour throughout Canada.

WORKINGMEN!

You Never Had Such a Chance in Your Life

If you don't get ahead in the world it's your own fault. The first thing to do is to

Get a Home of Your Own

Lots \$4 to \$12 per foot—\$10 Down, \$5 a Month

That is easy. We have a proposition whereby a man can buy land near the city, pay for it in easy instalments, and be ready to build on it this fall or next spring, or during the winter, or any time he likes. Buying a lot here is not merely the first step toward independence and owning a home, but even if one does not wish to build upon it, the purchase is a high-class, safe, sure and sound investment. Prices are certainly going to advance, and those who buy now will make the profit. We strongly advise the purchase of a lot in the

PARSONS ESTATE

as the best low-price proposition in the market to-day. Those who want to build a home should write for our booklet, entitled "Who Gets Your Wages?" and see how hundreds of others have started with almost nothing, and are now owners of cosy, comfortable and pretty homes.

You Can Do it Too---Will You Try?

We are glad to show you the property, and whether you wish to purchase for building or for an investment, we invite you to come out.

This Afternoon, 2 to 5 o'clock our Automobiles meet the Lansdowne Ave. and Carlton Street cars, at terminus, near Davenport road, and take visitors to the property.

AUDITORS: JENKINS & HARDY, Chartered Accts., Toronto.
TRANSFER AGENTS AND REGISTRARS: THE TRUSTS AND GUARANTEE COMPANY, LIMITED, Toronto.
SOLICITORS: MASTEN, STARR, SPENCE & CAMERON, Canada Life Building, Toronto.

HEAD OFFICE Port Arthur, Ont. **EXECUTIVE OFFICE** 65 Canada Life, Toronto.

NEW COMPANY A GOING CONCERN.

THE PORT ARTHUR WAGON COMPANY, LIMITED, is a new Company, but will commence business under the most favorable auspices, having agreed to take over the Speight Wagon Company, Limited, at Markham, which is a going concern with a production capacity of four thousand wagons per year, and having its entire output for the ensuing year already sold. The intention is to transfer the operations of the Company to a new factory to be erected at Port Arthur.

UNSURPASSED LOCATION OF PLANT.

The location of the new factory is without doubt the finest in Canada, and will be situated on the shore of Thunder Bay at Port Arthur. It is unexcelled for the assembling of materials required in manufacturing wagons and sleighs, and has a commanding position in regard to the facilities for handling its freight by rail and water, which gives the Company a great advantage over its competitors.

CONCESSIONS.

The Company has obtained valuable concessions from the City of Port Arthur, which include a grant of twenty acres of land, a 200-foot dock site, and exemption from taxation for twenty years, except local improvement and school rates. The City of Port Arthur further guarantees bonds of the Company to the extent of \$100,000.00 at 5% for twenty years.

NEW FACTORY 815 MILES NEARER THE GREAT NORTHWEST MARKET.

The new factory will be fireproof, built in the most modern style, equipped with machinery embodying all the latest improvements and thoroughly up to date in every detail, with a capacity for turning out 10,000 wagons a year. The advantages derived by the Company in locating at Port Arthur are numerous, the chief one being, perhaps, the enormous saving in freight, Port Arthur being 30 cents per 100 lbs. nearer the market than any other wagon factory in Canada. This alone gives a saving in freight of \$2.50 per wagon. Coal can be delivered from the American ports to Port Arthur at a freight rate of 32 1/2 cents per ton as compared with 90 cents per ton to Woodstock and \$1.00 to Petrolia.

CONTRACTS.

This Company has a contract with the John Deere Plow Co., Limited, of Winnipeg, for supplying its total requirements of wagons and sleighs. That Company states that its requirements for the year 1911 will be 4,500 wagons and 1,500 sleighs.

The Company has a further contract with the Tudehope, Anderson Company, Ltd., of Winnipeg, to supply it with wagons for a period of five years, with a minimum average of 2,000 wagons per year and a maximum of 3,000 wagons per year.

RAW MATERIALS.

This Company will be able to obtain much of its raw material in its immediate vicinity, thereby effecting a saving of many dollars in freight. With all the advantages enumerated, it is certain that within a very short time the plant will be taxed to its full extent.

MANAGEMENT.

The Company has been fortunate in being able to secure the services of Mr. T. H. Speight as its Manager. He has been associated with the Speight Wagon Company, Limited, for the past eighteen years, and is widely known for his integrity and business ability.

The following certificate has been prepared and certified by Messrs. Jenkins & Hardy, of Toronto, Chartered Accountants:—

H. BATEMAN FOX, ESQ., Secretary, Port Arthur Wagon Co., Limited, 15% Toronto, Street, Toronto, August 11th, 1910.

Dear Sir,—We have examined the books of The Speight Wagon Company, Ltd., at Markham, Ont., for the period December 31st, 1909, to July 31st, 1910, and certify that based upon the contract sale prices to the John Deere Plow Company, Limited, the net profit on its sales was 14%.

Yours truly,
(Sgd.) **JENKINS & HARDY,**
Chartered Accountants.

ESTIMATED PROFITS

It is estimated that the sales of wagons, sleighs, wagon parts and trucks for the first year will amount to \$375,000. The profit of 14% upon this amount is \$52,500.

No estimate has been taken of the saving in freight by reason of manufacturing point being nearer the market, and the closer proximity to points at which lumber can be more advantageously purchased and delivered than at Markham, Petrolia, Woodstock or Chatham, nor of any profits accruing to Company from rentals of dock, etc.

A further saving will also be made by the Company by reason of its freedom from all taxation (except school and local improvement taxes) for a period of twenty years.

WEEKLY REVIEW OF TRADE

Bradstreet's Says All Lines of Fall Trade Are Moving Quite Briskly.

Toronto reports to Bradstreet's say all lines of fall trade are now moving quite briskly and indications are that the turnover will be considerably heavier than that of last year. Western shipments of general lines are particularly satisfactory. Heavy shipments are going by lake and rail freight, and this movement will continue until the close of navigation. Retail trade has been good, and a good sorting-up business in dry goods is noted. In clothing, a particularly good season seems to be secured. While the outlook for winter trade has never been anything but good, there also has been improvement during the past week. A steady trade is noted for groceries, and prices show little change. Reasonable hardware is moving briskly. The building trades keep active, and there is an excellent demand for iron and steel. Country trade holds a steady pace. Dealers of products are fair, and prices generally hold firm.

Montreal reports a general trade has had a much quieter tone than was reported last week. The thousands of visitors to the Bouchette Congress have been left for home, but the result of the session is seen in the large number of good orders which wholesale houses have from Montreal. The weather has given a good impetus to the movement of fall lines, and business in this respect promises to be up to expectations. Sorting orders are commencing to arrive. Western business continues to show improvement, and the likelihood for a poor fall and winter, as was predicted for some parts of the west, is now more remote than a month ago. A good seasonal business is noted in dry goods, and prices generally seem steady to firm. The threatened lookout in English cotton may be having a restraining effect upon the market for steadys, etc. The demand for most staple groceries is of normal proportions, and the enquiry for sugar is very light, due, doubtless to the high prices at which fruit is being sold. A good trade in wool is reported. As is natural, city collections are good after the heavy trade of the week before, but those from the country are a little slow.

Winnipeg reports say the general trade situation continues exceedingly reassuring. Wholesale trade in all lines is doing well. Travelers report excellent orders for the coming season. Even in those districts from which crop damage was reported there seems to be a good amount of business offering. Grain prospecting in the west has not been of excellent quality. So far shipments show a much greater percentage of high grades than in the corresponding time last year. Collections are generally fair to good.

Valparaiso and Victoria reports say there continues an excellent demand from interior points for all lines of commodities, and the season's trade will prove a record in volume. Some of the larger wholesalers are finding it necessary to put out extra travelers to cope with the trade offering here. Provincial industries continue busily engaged for building supplies and for metals. The outlook for improvement is bright, and there are signs that money will be fairly free throughout the winter.

ESTIMATED PROFITS

It is estimated that the sales of wagons, sleighs, wagon parts and trucks for the first year will amount to \$375,000. The profit of 14% upon this amount is \$52,500.

Best Procurable Black Dress Goods the World Affords

We are particularly strong in our Black Dress Goods Section for fall evening dresses, out-door dresses, suits and coats. Latest Fancy Perm Shantungs, just arrived in new designs, small designs and trace effects, makes up smart and distinctive dresses...

The New Silks for Fall

The world's best efforts in the manufacture of silks are fully represented in our showing of new silks for fall wear, whether for morning, afternoon or evening wear, in both blacks and colors; they are exceedingly rich, double width duchesse mousseline satin, charmeuse, satin meteor, French moire velour, etc.

Wash Goods Department

On Monday we shall make a special showing of our new Velours, Eiderdowns, Cashmerettes, Wrappettes and Pyramettes. There is nothing made that is more suitable for fall and winter wear. They are warm and cosy. The designs are the newest, and range from the small polka dot to the latest fashionable Paisley and Persian designs.

This is Harvest Time for BLANKETS

A year of preparation has brought us the biggest September blanket selling that we have ever known. In our new department, and with better facilities for showing merchandise, the dependable qualities of our Blankets have made a profound impression upon the housekeepers of Toronto.

The top-notch of value-giving will be touched in this department on Monday, when we put all the blankets (which have been slightly soiled during this month) on sale at \$3.68. (Second Floor, Yonge St.) CLEARING ALL SOILED BLANKETS FOR \$3.68 PAIR.

Upholstered Fabrics Copied From Antique Hand-Made Tapestries

In this season's Upholstery Fabrics there are many novelties. Reproductions of antique hand made tapestries are particularly interesting; not only the design but the time softened colorings are faithfully reproduced; the Persian designs are unique. 50 inches wide. Per yard \$2.50.

Brocades and Brocatelles, in the characteristic all-over designs, but in new shades; particularly a pleasing amber, and a beautiful shade of mulberry, 50 inches wide. Per yard \$2.50 to \$4.50.

The old-fashioned Heavy Silk Repp, in both dainty and strong colorings, with the cord emphasized, is both decorative and useful. Per yard \$1.50 to \$2.50.

French Silk Damask, with luster grounds, with embroidered lattice design, in metal, is decidedly new, and the several colorings are beautifully soft and attractive. Per yard \$2.50.

A novel and pleasing effect is produced in one line by the Renaissance lace design, in ivory over a jasper silk ground, in delicate shades of blue and green. 50 inches wide. Per yard \$2.50.
