RUSSIANS CONTINUE PREPARATIONS TO MAKE COUNTRY DEFENSIBLE

Twelve Large British Ships Sunk By Submarines' SUCCESSFUL RAIDS WERE CARRIED OUT BY THE CANADIANS

Many Germans Killed and Prisoners and Machine Guns Taken. ENEMY TRIED GAME On Eight Occasions; However, Only Three Attacks Partially Successful.

Ottawa, March 6.—The following report of the operations of the Canadian Corps at the front during January, 1918, has been received by the militia department: "Trench warfare has been continued during the past month, and except for a small gain of ground on the night of Jan. 3-4 in the neighborhood of Avion without special incident other than occasional raids on either side and patrol encounters. The break-up of the front has entailed much work in the maintenance and repair of trenches. In addition, the general improvement of our positions and communications and the strengthening of our defences has been pushed on energetically.

"On the night referred to above parties were sent out into No Man's Land in order to gain possession of positions overlooking the German lines and to deny the enemy ground which at night had been found continually occupied by his patrols. The operation was entirely successful, two posts being established and connected up with our front line.

"Enemy Rehearsal Raid. "In the course of the month parties of the enemy have endeavored to enter our forward posts and trenches on some eight occasions, but only three times have they met with any measure of success. On the evening of Jan. 1 a large hostile raiding party attacked our front line southeast of Mercurout. The raid, which had been carefully practised by the enemy for four days, was delivered under cover of an intense artillery barrage and succeeded in reaching our line. In the fighting which followed our parties sustained several casualties and left three prisoners in our hands. Subsequently four of our men were found to be missing.

"On the evening of Jan. 12 a hostile raiding party entered our trenches between two of our posts at Avion and captured one of our men. At the same time a second party attacked one of our posts in this locality, but was driven off with the loss of one man taken prisoner by us. Early in the morning of Jan. 25 the enemy again succeeded in reaching our trenches, under cover of an intense artillery barrage, and secured 10 prisoners.

"All the enemy's other attempts were uniformly unsuccessful. In more than one instance his losses are believed to have been considerable, while a few additional prisoners fell into our hands.

"Carried Out Raids. "During this period four successful raids were carried out by us, besides a number of occasions on which patrols and small parties of our troops entered hostile posts or trenches without encountering the enemy.

"The first of these raids was carried out on the night of Jan. 8-9. Our troops entered the German lines south-east of Mercurout, but were unable to secure prisoners. The second operation had for its objective the capture of a machine gun. It was successful, and a few men slightly wounded. Our parties sustained no casualties.

"Two prisoners were taken by us on the night of Jan. 11-12 east of Avion. Fifteen German dead were counted in the enemy's trenches, and it is estimated that at least 50 others were killed in bombardments. Our losses were again confined to a few men wounded.

"Early on the night of Jan. 12-14 another successful raid was carried out by us north of Lens, in which, without loss to ourselves, 11 German prisoners were captured and many of the enemy killed. On the following night, two more prisoners and a machine gun were captured by us in another raid north of Lens, at the cost of one man wounded. Thirteen Germans were killed, and an occupied dugout was bombed.

"Our artillery trench mortars and machine guns have continued their activity throughout the month, and in addition to the usual harassing fire and bombardments in connection with raids, many targets have been effectively engaged. Our snipers again claim many hits, and our aircraft have been active and aggressive whenever the weather has been at all favorable for flying.

REACE WITH FINNS ALSO. Basel, March 6.—Baron von dem Busche-Haddenhausen, German under-secretary for foreign affairs, announced yesterday in the main committee of the Reichstag that Germany very shortly would sign a treaty of peace with Finland.

THURSDAY MORNING MARCH 7 1918—SIXTEEN PAGES

RUSSIANS CONTINUE PREPARATIONS TO MAKE COUNTRY DEFENSIBLE

Twelve Large British Ships Sunk By Submarines' BORDEN TO CONSULT HOLDERS OF G. T. R. STOCK IN ENGLAND

Believed That No Further Action Will Be Taken By Government at Present Towards Nationalization.

Ottawa, March 6.—The belief is growing that no further action will be taken by the government at the present time regarding the proposal to nationalize the Grand Trunk Railway and the Grand Trunk Pacific. Sir Robert Borden expects to go to England about the end of May or the beginning of June, and the idea is that nothing will be done until the premier has had an opportunity of discussing the matter with the representatives of the Grand Trunk stockholders on the other side of the Atlantic. Most of the stock is held in England.

There is a cabinet deadlock over the proposed nationalization of the G. T. R. and G. T. P. The sub-committee of the cabinet which recommended the purchase, did not do so unanimously, and it did not find unanimity by any means in the full cabinet. It is said that the western Liberal members of the cabinet are opposed to full nationalization, but that Hon. Arthur Meighen is strongly in favor of it. Apparently no progress can be made for the present.

Call for Men Whose Trade Would Help in Making Deceptive Scenery. Opportunity to "camouflage" for the first time during the war. Authority came through yesterday afternoon from Col. Clyde Caldwell, Canadian Engineers, Ottawa, for the raising of a company of camoufleurs for overseas service with the Canadian expeditionary force.

It will be the first camoufleur unit organized in Canada. The initial call is for 25 men. It is announced that the camoufleurs must be recruited from men outside class one of the Military Service Act. This means that unless married prior to July 6, 1917, the only men eligible for camoufleur service are those below twenty years of age and above thirty-four.

The kind of men required by the army for camoufleur service are house-painters, photographers, artists, sign-painters, plaster modelers, stage carpenters, miscellaneous iron workers (used to light structural work), and a few building trade carpenters. The camoufleurs work in France will be to make every variety of deceptive scenery for the purpose of misleading enemy aviators, to screen convoys, movements of troops or communication roads, and batteries of artillery.

Men wishing to secure enrolment in the Canadian company of camoufleurs are requested to apply to Capt. J. Mallory, officer in charge of the engineers' recruiting depot, Toronto armories.

HON. JOHN OLIVER IS NOW PREMIER There Will Be No Change in Personnel of Provincial Executive. Victoria, March 6.—Hon. John Oliver was summoned by the lieutenant-governor this morning and will be sworn in as premier of the province tomorrow. The present cabinet ministers were invited by the new premier to "carry on."

There will, in consequence, be no changes in the personnel of the provincial executive. The swearing in of the new first minister and his cabinet will be carried out with promptitude, leaving the "new" administration successfully constituted for the despatch of the legislative session. The cabinet was assembled at three o'clock this afternoon.

WATCH STRUGGLES WITH ICY WATERS Germans Make No Attempt to Help Norwegian Victims. London, Tues., March 6.—The Norwegian steamer Havna, of 1,150 tons gross, has been torpedoed without warning. She sank in less than one minute. The crew of eighteen had no time to launch a boat and jumped into the sea. The captain and five survivors were landed Monday night.

CONSIDERATE RAILWAYS Taking Over C.N.R. and G.T.R. Will Make Combination Equal to C.P.R.

Peterboro, Ont., March 6.—The consolidation of the railways of Canada exclusive of the C. P. R. is Sir Adam Beck's solution of the railway problem. Such a plan under government supervision followed by the electrification of large portions of the steam roads in Ontario would mean a saving of 60 or 70 million dollars worth of coal a year.

At a largely attended meeting held here tonight to discuss the nationalization of the Grand Trunk Railway, Sir Adam Beck made a strong plea for the consolidation of the G. T. R., G. T. P., Transcontinental and Intercolonial Railways.

Mayor Duncan, in opening the meeting, gave a brief address and was followed by J. H. Bingham, M. P. Turning to the subject of the railway, Sir Adam Beck said if the road was owned by the farmer when planning for the future development of the hydro power system. In reply, Sir Adam Beck said he made a statement in Toronto some time ago that he was over-looked and in which he said that he was prepared to say that the government would assist any township to secure hydro-electricity for their own use.

Combination Equal to C.P.R. "By taking over the C.N.R. with its feeders in the west, and the Grand Trunk and the Intercolonial in the east, you would have a combination when equipped that would be fully equal to the C.P.R.," said Sir Adam Beck at the end of the fourth year would produce a surplus, thereby relieving the long-suffering public of the burden. If we make the liabilities of the railways corporations for their own year as we can make them pay under government control, we will even forget the millions we are going to pay for worthless stock of the fourth year.

U. S. Treasury Certificates Reported Over-subscribed. Washington, March 6.—Over-subscription of the issue of \$500,000,000 treasury certificates of indebtedness, subscriptions for which closed yesterday, was announced tonight by Secretary McAdoo. The certificates were the first to bear an interest rate of 4 1/2 per cent., and were issued in preparation for the third Liberty Loan.

Watersoaked American Flag Testified to Loss of Lightship. Boston, March 6.—A torn and watersoaked American flag and the rudder of a ship's boat bearing the words "Cross Rip," were brought here today and believed to be evidence of the sinking of the Cross Rip lightship, which was torn from her moorings of Nantucket by ice floes late in January. The articles were picked up by fishermen of the schooner Kineo, while they were hauling their nets 185 miles east of George's Bank, Feb. 23.

American Radiator Company Reports Big Gain for Year. New York, March 6.—Net profits of \$2,261,871, after making all deductions, including the excess profits tax, were reported by the American Radiator Company in its annual report, made public today. This was an increase of \$657,804 over the preceding year. Together with the earnings of the Canadian, English, French and Italian subsidiary concerns the profits amounted to \$4,214,427.

American Troops Now Hold Eight Miles of Trenches. Washington, March 6.—American troops are now holding something over eight miles of trenches on the battle front in France, was learned today, although in an air line their frontage is only about four and a half miles. This frontage is liable to extension at any time to the regular trench allotment for an army corps.

CHINESE ADMIRAL KILLED. Peking, Thursday, Feb. 28.—Admiral Chen Pih-Kuan, former minister of the navy, has been assassinated at Shanghai. The assassin escaped. The motive for the deed, which was committed Tuesday evening, is not known.

TO REPAIR RAILS ON INTERCOLONIAL Hundred and Thirty Miles on St. John Valley Railway to Be Taken Up. NEW RAILS WANTED Government is Considering Commandeering One or More Steel Plants. A staff reporter.

MAY PROCLAIM HOLY WAR IN ORDER TO CIRCUMVENT ENEMY'S PLANS IN RUSSIA

Leaders of Revolutionists Evacuate Petrograd and Are Prepared to Fall Back to Ural Mountains--Germans Have Heavy Reinforcements on Western Front.

LATE reports from Russia indicate that the Bolshevik Government probably will not keep its engagement with the Germans to ratify, next Tuesday, the peace compact agreed upon at Brest-Litovsk. The evacuation of Petrograd by the Bolshevik Government and the populace already has begun, and Trotsky, the foreign minister, has announced that the leaders of the revolution are prepared to fall back even to the Ural Mountains, which separate great Russia from Siberia, and proclaim a holy war in order to circumvent the plans of the Germans to make the revolution unsuccessful.

It seems evident that the Germans have not yet ceased their operations against the Russians, for Krylenko, the Bolshevik commander-in-chief, has sent a protest to the German commander, asking whether all steps had been taken by him for a cessation of hostilities. A like message was despatched to the Austro-Hungarian commander. The reason for the latter communication, however, is not apparent, for the forces of the dual monarchy are known to be bent on clearing Little Russia of the Bolsheviks in order to carry out the compact to aid the Ukrainians in establishing and administering their new-formed republic.

JAPANESE OPINION DIVIDED. Whether Japanese troops are to invade Siberia and put down the disorder there and also make secure the great stores of all kinds that are in the harbor of Vladivostok apparently has not yet been determined. In Japan the political parties are not unanimously in favor of Japanese intervention, the leader of the majority party in the diet, for instance, having declared that he and his followers were opposed to the use of Japanese troops in the eastern part of the Russian Empire unless conditions there grow worse and prove a menace to the status of the far east.

Rumania evidently is on the point of effecting a separate peace with the Teutonic allies by meeting the hard demands which are to be exacted in return for a cessation of the inroads into the little kingdom, which now is absolutely isolated from its allies. The preliminary peace treaty has been signed and the armistice extended so that discussion of a formal treaty may begin immediately. Among the chief demands of the enemy is the cession of the Dobruja, rectification of the Hungarian-Rumanian border, economic advantages for the central powers and aid in the transport of troops of the quadruple alliance thru Moldavia and Bessarabia to Odessa.

AMERICAN TROOPS ARE BUSY. American troops now have taken up another position on the front in France and have frustrated an attempt by the Germans to raid their trenches. The new position is somewhere in Lorraine. Altogether more than eight miles of trenches are now being held by Americans on the western front.

From Flanders to the Swiss border artillery duels of more or less violence are taking place on various sectors and here and there raiding parties of both sides are frequently in operation. The British have carried out successful forays against the Germans east of Bullecourt and near Lens, in which latter sector the Germans for the past few days have been heavily shelling them.

ENEMY MOVES UP REINFORCEMENTS. German reinforcements continue to be sent up behind the lines in Belgium and France, according to General Maurice, director of military operations at the British war office. At present, he says, although the enemy has sixteen more divisions than the allies along this front, the allied troops are numerically stronger and also hold the upper hand in rifles, guns and aircraft, but that this superiority is diminishing. The major preparations of the enemy for a big offensive are now more or less complete and the allies must watch for the local preparations which signalize the approach of an attack, Gen. Maurice said.

German submarines or mines were responsible last week for the sinking of eighteen British merchantmen, 12 of which were vessels of 1600 tons or over. The previous week 14 large and four small merchantmen were destroyed.

MOSCOW NEW CAPITAL. Moscow is to be declared the new capital of Russia, and the government proposes to publish a statement to this effect immediately. Petrograd will be proclaimed a free port. Notwithstanding the signing of peace the government is determined to transfer all the state institutions to Moscow, Nizhni-Novgorod and Kazan. The removal of the ministries of foreign affairs, communications, and finance, began today. The population of Petrograd is hastily quitting the city, but there are many transportation difficulties, and already the roads leading from Petrograd are crowded with all sorts of vehicles.

The Russian delegates returned from Brest-Litovsk today and will report to the executive of the soviets as soon as possible. According to the latest reports hostilities have been suspended on all fronts, the Germans having halted on the northern front along the line comprising Narva, Pskov, Vitebsk, Mohilev and Orsha.

A CLEAR STATE FROM THE ELECTORS, SAYS GRAND MASTER

Government Has No Excuse for Feeble Administration, His Words to Orangemen.

GRAND LODGE MEETS Reports Show Affairs of Order to Be in a Flourishing Condition

Chatham, March 6.—The convention of Grand Orange Lodge of Ontario West opened in the first Presbyterian Church in this city this afternoon with 200 delegates in attendance, and 100 more expected to-night.

The Grand Lodge halted in its business deliberations this afternoon to honor the memory of some 600 members who have given their lives for the empire.

The service was in charge of the Rev. Dr. Dieke, pastor of the First Presbyterian Church, who after prayer, read a tribute to the fallen.

At the public meeting held tonight in the First Presbyterian Church, addresses were given by E. T. Desser, K. C. London; H. B. Morphy, M. P. Lisleward; Rev. H. J. Fish of Owen Sound; Mayor Hart, M. P. General Sir-Sam Hughes, M. P. Lindsay and Hon. W. D. McPherson, provincial secretary.

Grand Master's Address. In his address ex-Mayor Hoeken, grand master of the Orange Order, made special reference to the result of the recent election, indicating the unanimous feeling of the people with regard to equality of service, and the feeling with which the result of the election must have been received in Great Britain and France.

The alien labor problem was referred to by the grand master, who pointed out the unfairness of allowing this class to work in factories free from draft, at from \$5 to \$10 per day, while our own boys were fighting for \$1.10 per day.

LODGES COURT HOPE LODGE HEARS GOOD REPORTS

Quarterly Meeting of Body Finds its Standing Encouraging Condition.

Court Hope of Canada, No. 5604, A. O. F., held its quarterly meeting last evening in St. George's Hall, the chair being taken by C. E. Fry, R. E. The annual report which was submitted showed the lodge to be in a first-class financial condition.

In referring to the bilingual question Mr. Hocken stated that the regulation in this connection was dragging along and in the meantime, some of the schools were not obeying the law.

James Harper, grand treasurer, reported total receipts of \$19,433.11, an increase of \$1,264.24, and expenditures of \$10,419.14, an increase of \$796.97.

At last night's meeting of Olympic Lodge, No. 204, R. E., the grand master, E. H. Hall, presided over by N. Blumberg, M. P., who was elected grand organizer.

At last night's meeting of Central Lodge, No. 322, I.O.O.F., in the Oddfellows Temple, the chair being taken by W. Hughes, N.G., it was decided to inaugurate a campaign to attract new members.

WATERLOO CITIZEN DEAD

Waterloo, March 6.—George A. Bruce, aged 51, died at his home here today after an extended illness. He was born in Guelph.

KEPT PIGS IN CELLAR OF HIS CITY HOME

Kitchener Alderman and Sanitary Inspector Differ as to His Right.

Kitchener, March 6.—Alderman A. B. Campbell, of the city council, has started a unique method of increasing hog-raising by keeping pigs in the cellar of his residence on North Queen street, Kitchener's most elite residential thoroughfare.

Information of Ald. Campbell's new hog-raising system was obtained from Sanitary Inspector Buchhalt today, who declared that he would not allow even Alderman Campbell to violate the public health by-law by exposing his neighbors to pig nuisance.

The city councillor admitted that he was keeping the pigs in the cellar of his home, and declared that he was a veterinary surgeon and had a right as such to keep the pigs there.

At last night's meeting of Olympic Lodge, No. 204, R. E., the grand master, E. H. Hall, presided over by N. Blumberg, M. P., who was elected grand organizer.

At last night's meeting of Central Lodge, No. 322, I.O.O.F., in the Oddfellows Temple, the chair being taken by W. Hughes, N.G., it was decided to inaugurate a campaign to attract new members.

LADIES' AID OFFICERS

Kitchener, March 6.—At the annual meeting today of the Ladies' Aid Society of the Zion Evangelical Church, the following officers were elected: President, Mrs. J. C. Breithaupt; vice-president, Mrs. C. B. Augustine; recording secretary, Mrs. J. G. Litt; corresponding secretary, Mrs. S. Ledgerman; treasurer, Mrs. S. Ratz; pianist, Mrs. J. E. Wizerhook; assistant pianist, Mrs. A. Robinson.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

In France and Belgium the Germans have raised their number of divisions to eighteen more than the combined number maintained by the allies, but their divisional infantry strength is still much less than the divisional infantry strength of the allies.

At least 1,000 British ships over and six under 1,000 tons sank from submarine mines in the last week, according to a British admiralty return. Thus the losses of large ships are two fewer than last week.

EUCHRE AND DANCE

A successful euchre and dance was held last evening at the Oddfellows Temple by Glendale Lodge, No. 437, I. O. O. F., when a large number of members and guests were present.

FEATURING ESPECIALLY

A SPLENDID COLLECTION OF SMART ATTIRE FOR MISSES

Suits, Coats, Dresses and Skirts from some of the most noted designers of apparel for girls who are still in their teens or just out of them. Every garment endowed with a bewitching youthfulness

SUITS OF UNUSUAL CHARM AND DISTINCTION

The straight line is the hall-mark of the mode, and the modish suits for misses are straight and simpler than ever; narrow at the shoulders, tighter as to sleeves, and with smaller collars. The Eton coat and the short, loose pony coat are two of the novelties of the season, both of them charmingly girlish, while coats of more conservative type are belted with basques of uneven length.

Skirts are narrower and are frequently finished with tunic showing diagonal line. Tricotine, Poirer twill, gabardine, serge, homespun, durtone (a cashmere finished twill), silvertone, velours, and the new silk-knitted tricolette are the materials most in favor, while in colors the various soft tans, chinchillas, castor, seagull grey, and the inevitable navy lead the van, with the brighter framboise (raspberry), peacock, spruce, and redwood to give variety. Prices range from 37.50 to 105.00

Coats are gracefully simple and nearly always belted, the one exception to the belted style being the "chappie" coat, a loose box style cut on rather mannish lines, with pockets and small notch collar. The skirts are fairly full, but hang in straight folds, with a remarkable absence of flare, and pleats and tucks play an important part in their fashioning. Here again, beaver shades, greys and navy are prominent, with occasionally peacock or raspberry. Prices range from 45.00 to 105.00

Mannequins Will Promenade

On the Third Floor this morning, from 10 to 11.30 o'clock, displaying the various items of smart attire, as follows: Misses' Dresses, Coats, and Suits. On this occasion the Mannequins will wear hats from the spring showing in the Millinery Department.

—Third Floor, Queen St.

Pretty Little Dresses of White Lawn for Girls Are Priced at \$1.98

Quite inexpensive, and so nicely fashioned are these dresses of white lawn! They are made in semi-high-waisted effect, the front of bodice being adorned with a panel of fine white embroidered organdy, which is trimmed with Val. lace insertion and edge. Large and small tucks are to be seen on each side of panel and the square neck is finished with Val. insertion and edge. The short sleeves are finished with insertion and lace, and the skirt, which is made full, is trimmed with three small and large tucks, also deep hem. Sizes 6 to 14 years. Moderately priced at 1.98

At \$2.95 are dresses of fine white voile, having two panels of embroidered voile trimmed with two rows of Val. insertion, in rose pattern, on each side, and hanging loosely over ribbon girdle. The front of blouse has two rows of lace insertion and small lace frill across from each side of centre panel, square neck and short sleeves being finished with lace to match. The full pleated skirt has cluster of small tucks, two rows of wide lace insertion and lace edge. Also other styles from which to choose. Sizes 6 to 14x. Price, each 2.25 3.05

Women's Japanese Cotton Crepe Dressing Gowns, Each, \$1.79

They are made in loose style of Japanese cotton crepe, finished with sach of same material with fringed ends. These gowns are trimmed with wide bindings of white cotton crepe, have long loose flowing sleeves and adorned with hand embroidered designs on front, back and sleeves. Procurable in rose and sky, trimmed with white. Price 1.79

Children's Rompers and Wash Suits, Splendid Value at \$1.10 to \$3.25

Soon the little boy will need a supply of Wash Suits for spring and summer. And the mother, whose duty it is to see her small boy suitably clothed, will find here a number of delightful styles in imported suits and a good assortment of serviceable materials.

Children's Gingham Rompers, in various colors and of fine quality gingham, in pretty stripe effects. They have short sleeves, loose leg, and drop seat. All are piped with white. Sizes 2 to 4 years. Price 1.10

Attractive White Dimity Wash Suits, having straight trousers. The sailor collar and "turn-down" of brown chambray, which also pipes the short sleeves and pocket (fast color). Sizes 2 to 6 years. Price 1.85

Particularly smart are imported Green Chambray Suits. These are made in the popular coat style, with straight knee trousers, collar, cuffs, belt and two patch pockets of white galatea; fast colors. Price 2.25

A Vast Assortment of Women's Nightgowns and One-Piece Sleeping Suits at Moderate Prices

No need to wonder where there's a good assortment of styles, materials and a good range of prices—here are gowns and sleeping suits in a splendid array! and the woman who has a liking for dainty, as well as serviceable "undies," should be much interested.

At \$1.00 are white cotton gowns, having long sleeves, high neck and down front trimmed with dainty embroidery, the yoke in front having insets of embroidery insertion and tiny tucks by way of adornment.

At \$1.35 are attractive gowns of white cotton, having deep yoke of lace insertion set on either side of embroidered muslin, the elbow sleeves and neck being finished with insertion and lace edge.

At \$1.50 are particularly dainty gowns, having yoke formed by two small groups of smoking or by row of hemstitching, and are daintily embroidered in white and colored French knots. They have low necks and short sleeves.

At \$1.65 are sleeping suits of white cotton, made in trouser effect, having "V"-neck (plain or with lapels), either trimmed with lace or having a band of contrasting color—pale blue or pale pink. A patch pocket adorns some of the suits, and a gathered frill finishes the ankle. Some very attractive gowns at this price have low neck, the yoke being formed by allover embroidery, and the short sleeves edged with lace; still others are more plainly made, a high waist effect being formed by a row of embroidery, which also edges the neck and the short sleeves.

At \$3.25—Dainty as one could possibly desire are gowns of splendid quality white cotton, having deep yoke in front, a smaller yoke in back and kimono sleeves formed by alternate rows of Swiss muslin and Val. insertion, the "V"-neck and waistline being finished with satin ribbon. —Third Floor, Queen Street.

Women's Striped and Figured Crepe House Dresses Very Low Priced for Clearance at 59c

One style has self collar and piping of plain material, deep stitched cuffs on the three-quarter length sleeves, plainly gored skirts, with two pockets; another style has smart collar of striped percale with cuffs to match, three-quarter sleeves, and gored skirt, which has two patch pockets. Colors include helio, sky, pink. Sizes 34, 36 and 38. Special today 59c

Women's Sample Serge and Silk Dresses, Price Reduced to \$16.50

To create an early stir, we have arranged this special, which consists mostly of individual models, though in most cases there are two or three of a kind. There are dresses of satin, taffeta and fine serge, the last mentioned material being made in tailored styles, with embroidered touches and satin collars. Those of silk and satin are made in diverse ways, frequently combined with Georgette crepe, some of satin having white satin collar. Colors include green, navy, brown and black. Priced for quick clearance, today, each 16.50 —Third Floor, James Street.

Men's Shirts—Various Designs at Various Prices

These items are certain to be helpfully suggestive to the man who is looking for a shirt of almost any kind. The list below is arranged according to price.

Shirts that are specially made for the tall, slender youth. They are made from fine shirting materials; light grounds with stripes of blue, black, mauve; with stiff cuffs, laundered neckbands. In coat style. Sizes 13, 13 1/2 and 14. Each .75

Men's Fancy Colored Shirts of fine shirting materials, light grounds, with stripes of blue, black, mauve; attached laundered or soft cuffs, coat style; generously cut bodies, double seams, double sewn. Sizes 14 to 17. Each 1.00

Men's Negligee Shirts, American made, fibre silk fronts and cuffs with matched bodies and sleeves in stripes of helio and green, helio and tan, green and black, blue and green, blue and pink, on light grounds. With soft double cuffs and coat style. Sizes 14 to 17 1/2. Each .75

Men's Silk Shirts, American made, in white cluster stripes of sky, black and tan; cream, black and helio; pink, black and green; soft, double cuffs, laundered neckband, coat style; different sleeve lengths. Sizes 14 to 16 1/2. Each .60

—Main Floor, James Street.

There's Just the Right Amount of Snap to These Men's Soft Hats at \$3.50

This collection should help you in the selection of your new spring hat, for they're in smart, in crease crown style, with flat-set brim and narrow welted edge, in green, brown and grey. Sizes 6 3/4 to 7 1/2. Each 3.50

Children's "Rah Rah" Hats, with dome, crease or fancy crowns, and roll or drooping brims. In tweed material or fancy cheviot patterns and grey and green mixtures. Sizes 6 1/2 to 7. Each, 2.00

—Main Floor, James Street.

Snappy Styles in New Easter Footwear for Women

Only a little over three weeks till Easter. It's time for selecting your new footwear, and just now our stock is complete with the most up-to-date models and smartest designs of the season.

For instance, this stylish laced boot in the new khaki shade, of light calf, with welt soles and military heels; height nine inches; sizes 2 1/2 to 8; AA to D. Price, 9.00

A handsome tan calf laced boot in the new brown shade. It is 8 inches high, with welt soles, toe-caps and Cuban heels; sizes 2 1/2 to 7. AA to D. Price 10.00

A distinctive model is this of fine violet kid, in dark grey, laced, with 8-inch tops, plain vamp, welt soles and Cuban heels; sizes 2 1/2 to 8; AA to D. Price, 13.00

The same style with full kid covered Louis heels. Price 14.00

A smart all-black violet kid laced boot, on new short last, with military heels, toe-caps, and welt soles; 8 inches high; sizes 2 1/2 to 8; A to D. Price 9.00

—Second Floor, Queen Street.

New Habutal Silks in Delightful Spring Colors

They are 36 inches wide, and include such excellent spring shades as sand, grey, mint green, pale rose, flesh color, a golden apricot shade, maize, lavender, Copen, and pale blue, besides an unusually good range of dark colors, such as navy blue, spruce green and tobacco brown. They are at two prices, one soft-finished quality being \$1.00, and another in the special new taffeta finish, per yard 1.25 —Second Floor, Yonge and Albert Streets.

Swagger Burberry Coats, \$35.00 to \$45.00

Those women who consider the Burberry an important accessory to their wardrobes will be delighted with the new arrivals of these smart garments. They have just arrived, and there is a very nice assortment of swagger mixtures in Burberry's exclusive weaves. For driving and motoring they are simply ideal, and have excellent effect for street wear. An excellent feature of which is that their design is always popular, loosely flaring from shoulders with narrow convertible collars, and loose raglan sleeves. Prices \$35.00 to \$45.00 —Third Floor, James St.

4 1-2 Inch Millinery Grosgrain Ribbon, at 85c Yd.

A handsome ribbon of rich silk, corded weave, with distinctive ribbon satin edges. The colors are those most popular for the present season, including three sand and clay shades, navy, Monaco, and Saxe, blues, taupe, grey, artillery red, jac rose, spruce green, leaf green and primrose. The illustration depicts one of the modish bows made of this delightful ribbon, specially priced at, per yard 85c —Main Floor, Yonge St.

Linen for Household Uses at Old Time Prices

Tray Cloths! Think of it! At a time when Irish linen is well-nigh impossible to obtain we are able to offer them at less than market price, because they were purchased some months ago. They are 17 x 27 inches in size, made from firmly woven Irish linen, with hemstitched inch-wide hems. Price .48

Brown Holland Linen, so satisfactory for children's clothes or women's house dresses, is becoming daily more difficult to procure. So, if you would secure a quantity for present and future use, 't would be advisable to make your purchases in the near future. At present our stock is ample and varied including, as it does, Irish Holland Linens, 30 and 36 inches wide, priced according to weight and weave at, per yard .35, .45 and .50

Irish Linen Huckaback for fine towels is also being affected by war conditions. But while the present supply lasts, so will the old-time prices. In fine, soft weave, with charming patterns of tiny leaves or posies scattered over it. This toweling is 18 inches wide and priced at, per yard .60

Cotton Table Damask, 98c Yard

It is heavily and firmly woven from Irish cotton, in several scroll, floral and conventional patterns, and is fully bleached with a fine damask finish. In 70-inch width. Price, per yard .98 —Second Floor, James Street.

Modish Suiting Fabrics, Specially Priced, \$1.69 Yard

Imagine, in days like these, being able to buy 50 or 54-inch hopsack, cheviot or worsted for \$1.69 a yard. But such will be your opportunity today. Of splendidly soft, light weight for spring are hopsacks in such colors as taupe, spruce green, purple, and the new redwood (somewhat like a warm Burgundy). Cheviots and worsteds in navy blue, grey, taupe, Havana brown, cadet blue and black, besides a very fine weave all-wool cheviot in a flannel-like finish, in a light greyish blue, a darker shade of grey blue, and grey—splendid for summer frocks, suits and skirts. Besides these are several odd lines of higher priced materials, in small quantities. All 50 to 54 inches wide, and greatly price reduced, at, per yard 1.69 —Second Floor, Albert Street.

Practical Blouses of Crepe de Chine, as Illustrated, Each, \$2.95

Practical blouses that have such a soft, filmy appearance, that can be washed and yet retain their smart appearance, these are of crepe de chine. They are made with convertible collar, which can be worn high or low, open front, trimmed with clusters of tucks and hemstitching and pearl buttons. The long sleeves are finished with turn-back cuffs. Available in flesh, maize and ivory. Sizes 34 to 46. As illustrated, each 2.95

NEW VOILE BLOUSES, EACH, \$2.00

There's a splendid variety of styles from which to select, available in white or such popular shades as flesh, maize and Copen. They are fashioned of voile, some being in semi-tailored styles trimmed with numerous tucks and with convertible or flat collar. Some have fronts trimmed with eye-let embroidery and collars finished with gupure lace. Also various other styles. Sizes 34 to 46. Price 2.00 —Third Floor, Centre.

Former Health Commissioner Says Nuxated Iron

Should Be Used in Every Hospital and Prescribed by Every Physician—Attributes His Own Great Physical Activity Today at Over 60 Years of Age Largely to His Personal Use of Nuxated Iron.

As Health Commissioner of the City of Chicago, I was imported many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy...

Former Health Commissioner, City of Chicago.

NOTE—Nuxated Iron, which has been used by Former Health Commissioner Kerr with such surprising results, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older iron preparations it is easily assimilated, does not injure the teeth, makes them black, nor uses arsenic in its manufacture.

NO BLAME ATTACHED. The Jury Adds Rider Regarding Ice on Devilstrip.

That death was accidental, and that no blame could be attached to anyone, was the gist of the verdict of a coroner's jury empaneled to inquire into the death of Thomas Stinchcombe Young, who was killed on East Dundas street recently when he slipped under the wheels of a street car while crossing across the road, when playing with some companions. A rider to the effect that they were in the hospital for Sick Children, and that the civic car would operate on the bridge as soon as the tracks are laid...

WHAT FORMER HEALTH COMMISSIONER KERR SAYS

As Health Commissioner of the City of Chicago, I was imported many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an exception should be made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effect, and in the interest of the public welfare, I feel it my duty to make known the results of its use on my part. My three-score years and want to say that I believe that my own great physical activity is due largely today to my personal use of Nuxated Iron...

Former Health Commissioner, City of Chicago.

NOTE—Nuxated Iron, which has been used by Former Health Commissioner Kerr with such surprising results, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older iron preparations it is easily assimilated, does not injure the teeth, makes them black, nor uses arsenic in its manufacture.

BRITISH RAID AT BULLECOURT

London, March 6.—English troops raided two enemy trenches early this morning east of Bullecourt and captured a few prisoners and two machine guns. Our casualties were slight. Successful raids also were carried out by our troops last night north of the Scarpe and in the neighbourhood of Lens. Southeast of Gouzeaucourt a hostile raiding party was repulsed. Additional prisoners and a machine gun were taken by us as a result of these encounters.

WHO'S WHO IN WAR TIME.

He: Have the car ready at the admiralty at 4:30. Chauffeur: Very well. He: I am accustomed to being addressed as "My Lord." She: I am accustomed to being addressed as "My Lady!"

AUCTION SALE OF REGISTERED STOCK

High Prices Brought at Annual Affair Held at Guelph. BEST IN HISTORY. Buyers Were Present From All Parts of the Province. Special to The Toronto World.

Guelph, March 6.—The fourteenth annual auction sale of registered stock under the auspices of the Guelph Fat Stock Club and the Ontario Department of Agriculture was held here at the winter fair building this afternoon and proved to be one of the most successful of any yet held.

Prominent stock breeders from all parts of Ontario were present, and the stock offered for sale came from the very best herds in the province.

There were sixty animals put up for sale, mostly males, and the bidding was spirited throughout.

The total amount realized as a result of the sale was \$11,052, the largest for many years. The average price for the females was \$252.50, and the average for the males was \$182.

The highest price paid at the sale was \$500 for Roan Claret, a heifer three years old, held by John Currie, of Rockwood. She was secured by Mr. J. A. Watt, of Salem, and was very highly thought of by all who attended the sale.

T. E. Robson, of London, paid \$450 for White Prince, a beautiful bull from the famous herd of W. C. Edwards & Co., of Rockland; while J. G. Edmonds, of Whitby, paid \$440 for Miller, Jr., of Ashburn; F. Laidlaw, Guelph; C. McCormick, Amaranth; D. D. Waldie, Astor; A. Wilson, Lakehurst; and P. Stewart, Guelph, all secured excellent animals at prices ranging from \$200 upwards.

A heavy buyer at the sale was F. H. Nell, of Lucan, who secured nearly a dozen head, it is understood that he was buying for parties in the Canadian west. A local merchant purchased a few for beef cattle. James McDonald was the auctioneer and was ably assisted by Walter H. Thompson, C. L. Nelles, president of the Guelph Fat Stock Club, and he expressed himself as being very much pleased at the result of the sale.

List of Sales. Masterpiece (115009), male, roan; calved May 27, 1916; bred by Walter H. Thompson, Rockland, Ont.; contributed by W. C. Edwards & Co.; J. Barry, Byth, \$265. White Prince (115011), male, white; calved March 27, 1916; bred by W. C. Edwards & Co., Rockland, Ont.; contributed by W. C. Edwards & Co., \$450. Baron Clipper (119117), male, red; calved March 28, 1916; bred by W. C. Edwards & Co., Rockland, Ont.; contributed by W. C. Edwards & Co., \$330. Prince Cecil (115187), male, dark roan; calved April 15, 1917; bred by Irvin B. Weber, Waterloo, Ont.; contributed by Irvin B. Weber; E. P. McDermott, Mt. Forest, \$150. Flora Geraldine (131447), female, red, little white; calved Jan. 31, 1917; bred by Irvin B. Weber; contributed by Irvin B. Weber; H. Reading, Arisa, \$32.50. Aris (115119), male, roan; calved Oct. 22, 1916; bred by Hamilton Howe, Mississauga, Ont.; contributed by James B. Bowes & Sons, Meaford; F. H. Nell, Lucan, \$110. Beauty Jewel (134514), female, dark roan; calved Oct. 29, 1916; bred by D. R. Stauffer & Son, Bright, Ont.; contributed by D. R. Stauffer & Son, Bright, \$140. Maplewood (118194), male, roan; calved Feb. 28, 1917; bred by Hugh Thompson, St. Mary's, Ont.; contributed by Hugh Thompson, \$185. Bosworth, Elora, \$125. Summer Hill Prince (118565), male, roan; calved Oct. 12, 1916; bred by A. & D. Gray, Rockwood, Ont.; contributed by A. & D. Gray, Rockwood, Ont.; J. H. Nell, Lucan, \$145. Snowball (118039), male, white; calved Sept. 1, 1916; bred by A. & D. Gray, Rockwood, Ont.; contributed by A. & D. Gray, Rockwood, Ont.; H. Jackson, Guelph, \$155. Viscount (104802), male, roan; calved March 20, 1915; bred by James Douglas, Calabona, Ont.; contributed by Daniel Wright, Arisa, Ont.; F. H. Nell, Lucan, \$180. Lancaster Boy (117358), male, red and white; calved Oct. 15, 1916; bred by Wm. E. Robertson; M. McCormick, Amaranth, \$300. Andrew Knox, Norwood, Ont.; contributed by J. Andrew Knox; Frank Smith, Guelph, \$102.50. Bandsman (118468), male, red; calved April 12, 1917; bred by J. Andrew Knox, Norwood; contributed by J. Andrew Knox; \$115. Nitton Master (11713), male, red; calved March 4, 1917; bred by P. J. McLean & Sons, Puslinch; contributed by P. J. McLean & Sons; D. McCallum, Sturford, \$200. Rosemary Groom (117175), male, red; calved April 1, 1917; bred by P. J. McLean & Sons, Puslinch; contributed by P. J. McLean & Sons; F. Beeforth, Waterford, \$170. Royal Star (11975), male, red; calved March 7, 1917; bred by Jeremiah Wright, Guelph; contributed by Jeremiah Wright; F. H. Nell, Lucan, \$185. Royal Peer (114831), male, white; calved June 20, 1916; bred by Oliver

Prof. Mulveney answers Telephone Call.

Hello! Is that Prof. Mulveney's, Parkdale 4881? Yes, lady. Is Prof. Mulveney there? Yes, Prof. Mulveney is speaking. Have you a worm remedy for children? Could you tell me if I brought my little girl down if she had worms? No, lady, I cannot tell by looking at children if they have worms. You can't. Couldn't you tell me if I told you all the symptoms? No, madam. My remedy called Mothers' Friend expels worms, is an excellent Tonic and Builder, good for the Nervous, and is an excellent medicine for Ringworm, the Itch, Scabies, Brindley, and all small intestinal worms. It perfectly exterminates and can be given to the smallest infant without fear of doing harm. A lady who is living on Shaw street got a bottle of this medicine for her baby 3 years old. She said she had no peace with this child night or day for 4 months; the doctor was calling regularly and did not help the child in the least, the little one took a bad spell and was shivering, the mother opened its mouth and pulled out a stomach worm that was strangling the child. She rushed over to me and bought the medicine for her baby. She purchased a bottle of Mothers' Friend, and the second dose brought away 11 more. She was horrified at the sight, and brought the worms to me, which I have seen in a bottle in my office, and so I can guarantee for her baby 3 years old. She said she had no peace with this child night or day for 4 months; the doctor was calling regularly and did not help the child in the least, the little one took a bad spell and was shivering, the mother opened its mouth and pulled out a stomach worm that was strangling the child. ALLES ARRANGE FOR JAP INVASION

Disordered Conditions Prevail in Border Areas of Northern China. Hostile Forces of Bolsheviki Approach Northern Manchuria.

London, March 6.—The Daily Mail today prints a despatch from Tientsin under Monday's date which quotes a telegram from Port Arthur as stating that the arrangements regarding Japan's intervention in Siberia have been made by the allies.

The Tientsin message contains further reports of disordered conditions in the border areas. Fighting is said to be proceeding at Chita between Briant Cosacks and Bolsheviki forces, while numerous disturbing reports from the border provinces regarding the activities of German intriguers are being received in Peking.

The Chinese cabinet, the message states, has definitely decided upon the fullest co-operation with Japan and is sending delegates to Japan shortly for consultation on military affairs. The Chinese Government, it is said, will also ask Japan to send military delegates to China.

Owing to the external danger, the message adds, it is expected that north and south China will cease their quarrelling and unite against the Bolsheviki menace. Tuan Chi Jui is said to be conducting all the arrangements to this end.

The military governor at Kirin, Manchuria, has telegraphed to Peking, begging that reinforcements be sent as soon as possible, adds the message, as hostile forces are approaching northern Manchuria.

The despatch quotes a message to the North China Mail from Harbin reporting that the Bolsheviki have seized rolling stock on the Chinese Eastern Railway to the westward of Manchuria and are disorganizing traffic.

SEEK WAR PROHIBITION WITHIN NINETY DAYS

American Teetotallers Aim at Election of Men Favorable to Policy. Chicago, March 6.—Delegates to the national prohibition convention tonight voted to co-operate and federate with the national party in the furtherance of certain mutual aims, but rejected a proposal for a complete merger.

Virgil C. Hinshaw, prohibition national committee chairman, outlined the plan of co-operation with the national party. War prohibition within 90 days, final action on the constitutional prohibition amendment within 15 months, election of state legislators and congressmen favoring the two parties are the chief aims which will be sought.

After sending telegrams to President Wilson and both houses of congress, urging immediate war prohibition and pledging its loyalty, the convention adjourned.

France to Sequester Money Of Those Guilty of Treason

Paris, March 6.—Under existing legislation the French Government has no power to sequester money received by persons convicted of treason or espionage as the price of their crimes. To remedy this condition Premier Clemenceau has introduced a bill in the chamber empowering the state to confiscate these moneys or if they are already spent, enabling the judge to inflict a fine for an equivalent amount.

SUFFRAGIST AGAIN VISITS IN TORONTO

Flora MacDonald Denison Re-
 turns After Year's Ab-
 sence in New York.

WHITMAN ENTHUSIAST

Founder of Bon Echo, Head-
 quarters of Whitman Fel-
 lowship in Canada.

"For the great idea, the idea
 of perfect and free individuals,
 for that the hard walks in ad-
 vance, leader of leaders, the at-
 titude of him cheers up slaves
 and horrifies foreign despots."
 Walt Whitman.

"That is the democracy of Walt
 Whitman, and to propagate that
 democracy is my life work," said Flora
 MacDonald Denison, honorary president
 of the Canadian Suffrage Associa-
 tion, who has returned to Toronto
 after a year's absence, lecturing in
 the New York State in the interests of
 the suffrage party there.

"Two years ago I founded the
 Whitman Fellowship for Canada. The
 headquarters are at Bon Echo, a
 beautiful spot in Ontario's highlands
 on Lake Massasauga. The Whitman
 centennial will be celebrated in 1919,
 and a convention will then be held
 there. I am having a bas relief of
 Whitman carved in the solid rock,
 and at the convention this Whitman
 memorial will be unveiled. The
 relief made by Professor Banks of
 the University of Toronto, a sculptor
 of some fame, who studied under St.
 Gaudens. Whitman said he came to
 institute the dear love of comrades,
 said Mrs. Denison, and that she was
 going to try to carry that same idea
 out.

Speaking about her suffrage work,
 Mrs. Denison said that the suffrage
 struggle is practically won. I was
 one of the women who were in the
 whirlwind campaign here that gained
 it for Canada. Since I started I
 have been privileged to go to Eng-
 land and hear Asquith say that never
 would the women of England get the
 vote except over his dead body. I
 felt then that I could understand
 somewhat of the fervor of the mili-
 tant suffragists.

Mrs. Denison said she had just
 come from a tour of New York State,
 where she held as many as three
 meetings in a night, sometimes
 speaking at the four corners in the
 backwoods, and to crowded auditor-
 iums in big cities. It was on this
 tour that I clinched speaking as a
 professional. Altho I have spoken in
 public for a long time, I never felt
 a professional until now," she said.

Merrill Denison, son of Mrs. Flora
 Denison, was connected with the
 French army since the outbreak of
 the war. "New he has returned to
 America and is in the American army
 and expects to soon go overseas
 again. "Merrill spoke with me in
 New York State," said Mrs. Denison.
 "I think it was one of the proudest
 moments of my life when he did. I
 feel that I am instrumental in pro-
 moting the better fellowship between
 the United States and Canada."

Mrs. Denison said that "Leaves of
 Grass" one of Whitman's books of
 poems, was carried by many of the
 boys in the trenches. "Whitman
 thought that the curse of civilization
 was the caste idea," said Mrs. Deni-
 son. "Our boys are over there fight-
 ing to do away with such things. We
 women cannot go into the trenches
 and fight, but we can help to clean
 up things at home."

SEE NEED OF WOMEN.

Conference Made Suggestions to Gov-
 ernment That Would Be Bene-
 ficial.

Most of the Toronto women who at-
 tended the conference at Ottawa with
 the war council returned yesterday.
 All expressed themselves as more than
 delighted with the result of the con-
 ference, and say that it was the great-
 est triumph that has come to women.
 The women asked the government to
 add women to the departments of
 health, agriculture, industry and food
 control.

HELP TO WIN THE WAR!

Every man, woman and child can help to WIN the War
 by sending their clothes to be cleaned, dyed and re-
 paired. By doing this you can help to save man power
 for the production of more food and wool for our boys
 at the front, and money to help the different war funds.

**Gardening and Poultry Raising
 For Amateurs**

Seasonable Reminders.

Order seeds now.
 Some early garden and flower seeds
 may be sown now.
 The wild and Beta grapes make good
 covers for a trellis.
 Test all seeds on hand. Flannel and
 blotting paper are good materials to
 use.
 Repair all tools and buy such new
 ones as are needed.
 Now is a good time to put up bird
 houses.
 Autumn-bearing strawberries plant-
 ed this spring should give plenty of
 fruit this fall.

It is almost impossible to have the
 soil of a field tested by a chemist and
 obtain an accurate result. Only a
 small quantity of soil can be exam-
 ined and the report, altho correct,
 may be entirely misleading and not
 show the condition of the plot.
 Most fields differ in fertility in differ-
 ent places. Elevated portions may be
 in good condition, while lower sections
 may be sour and require considerable
 more lime and potash than the higher
 made from the low spots much more
 time than is needed may be applied
 to large areas, causing the owner un-
 necessary expense.
 A little home tester is now made
 which can be operated by any one.
 It is a pleasure to be able to make
 soil test at home and know abso-
 lutely the right thing to do, as the
 tester shows exactly the quantity of
 lime to apply. In some cases it has
 saved many times its cost the first
 season.

TEST YOUR OWN SOIL.

RAISE MORE POULTRY.
 Our meat supply is short and more
 poultry will help solve the problem.
 More poultry means more eggs and
 a greater food supply. Poultry can
 be raised at lower cost and brought
 to maturity quicker than any other
 kind of live stock.
 Never allow the mother hen to
 range with the young chicks until
 they are at least two weeks old.
 Enormous numbers of young chicks
 are lost each year by allowing them
 to run in the wet grass during their
 early life.
 Eliminate the male bird at end of
 hatching season. Millions of dollars
 are lost each year by allowing the
 rooster to range during the summer
 months. Produce the infertile
 egg. Dispose of the male bird
 not later than June 1. Market a
 better quality of eggs.
 Green feed is excellent for poultry
 and can be substituted for a con-
 siderable amount of the grain.
 Allow grow chicks to range in a
 pen for summer use; cabbage and
 mangel beets for winter. Store cabbage
 and beets in a dry room or bury in a
 pit and cover with straw and earth.
 Save eggs during April and May
 for winter use, by preserving in
 water-glasses. Mix nine quarts of
 water, boiled and cooled, with one
 quart of water-glass. Will preserve
 15 dozen eggs.

Place the solution in a five gallon
 jar. Store in cool place for winter
 use.

DON'TS FOR BREEDERS.

1. Don't breed mongrels.
2. Don't breed from any bird ever known to have been sick.
3. Don't breed from immature or too old stock.
4. Don't breed from long-legged, knock-kneed, cross-headed birds.
5. Don't breed from hens because they are pretty; select those that have produced the goods.
6. Don't wait until May to do your hatching.
7. Don't put more than ten hens with a male of the heavy breeds.
8. Don't forget that exercise, also green and other foods, are necessary for fertility.

SAVE THE HENS.

Every pullet and young hen sold for
 food this winter means a reduction of
 from five to twelve dozen eggs in the
 potential egg supply of next spring
 and summer.
 Hundreds of thousands of farmers
 who have not raised poultry will do
 so next spring and summer—respond-
 ing to the demand for more chickens
 and eggs so that beef and pork will
 be plentiful to help win the war. They
 will need young hens.

PRUNING SHRUBS.

Shrubs are pruned to keep them
 within bounds and also by the removal
 of useless wood to increase the flower-
 ing wood. The majority of the decidu-
 ous or leaf dropping shrubs produce
 flowers on wood of the previous year's
 growth, and therefore if cut back dur-
 ing cold weather when the other prun-
 ing is done much of the next season's
 crop of flowers will be lost. Lilacs,
 deutzias, viburnums are examples of
 these class. The proper time to prune
 is immediately after the flower-
 ing season, cutting out only the old
 exhausted wood, leaving room for the
 new.

AMERICAN Y.M.C.A. IN RUSSIA IS SAFE

Workers Retire Before German Advance With Muscovite Armies.

New York, March 6. — Young Men's
 Christian Association workers who
 have been in Russian camps along the
 battle line are all safe, altho they have
 been forced to retire before the invading
 Germans, according to cablegrams
 received by the national war work
 council here today. Most of the secre-
 taries have gone into Siberia, but some
 have remained at Moscow, where they
 await new opportunities for service.
 The work of the Y.M.C.A. was so
 important in upholding the morale of
 the Russian army that the Germans
 started the bitterest propaganda
 against it. The task of counteracting
 this form of attack was abandoned
 only when the Y. M. C. A. secretaries
 were forced to withdraw before the
 German advance.

Tapioea or sago jelly are very good
 and easily made. Wash and soak a
 cupful of tapioea or sago in a quart
 of cold water. After soaking three
 or four hours, simmer until it be-
 comes clear. Unless it is cooked in a
 double boiler or in thin glass in hot
 water, it will be necessary to stir
 often. When it is clear, add the juice
 of lemon, a little white sugar to taste.
 If rice is used in place of
 tapioea or sago, only use one-half the
 quantity.

Scalloped Fish—Take equal measure
 of canned or left-over fish, and Stan-
 dard White Sauce. Arrange in layers
 a baking-dish with sauce on top.
 Mix a small bit of fat and sugar to
 enough dried bread crumbs to cover
 the top. Spread them evenly and
 bake in a hot oven until thoroughly
 heated. The measure of fish may be
 made up partly with potatoes, cooked
 rice or hard-boiled eggs.

young and vigorous shoots on which
 next year's flowers will be produced.
 Spiraeas send up shoots from their
 base, and exhausted stems are useless.
 Forsythias treated as open bushes
 will send forth shoots five or six feet
 long in one season to flower profu-
 sely the next.

There should be no waiting of the
 watchful variety or any other kind in
 farm and garden work. What is re-
 quired is hustling activity; absolute
 and complete preparedness, with no
 holidays until after we have won the
 war. Everything needed should be
 ready and on hand the moment it is
 required, and will not be without
 proper forethought and planning.

MISS ELSIE McINTOSH

Toronto woman, who left March 2
 for New York on route for overseas,
 Miss McIntosh was one of the city
 executive in the Dominion Council.
 Y.W.C.A. art has been loaned by
 the Dominion Council to the American
 Y.W.C.A. for an indefinite period to
 do work among the nurses at the
 front.

PLAYS, PICTURES AND MUSIC

"Les Miserables."
 William Farnum, the great American
 character actor, will be seen next week
 at the Royal Alexandra Theatre in a
 stupendous screen production of Victor
 Hugo's immortal story, "Les Miserables,"
 made for William Fox, under the direc-
 tion of Frank O'Hara, who directed the
 making of "A Tale of Two Cities," and
 other big William Fox photoplays. "This
 picture is well termed 'stupendous,' and
 it is the only real screening of the remark-
 able story of the conflict of man with
 humanity's half-barbarous
 laws. In the character of Jean Valjean,
 Mr. Farnum gives a performance of
 believing that he walked out of the
 book.

"Pom-Pom."
 Seats go on sale this morning for
 "Pom-Pom," which comes to the Prin-
 cess next week opening Monday night.
 The opera, with its much-praised organ-
 ization of singers, and its superb
 chorus of beautiful girls, the big "Pom-
 Pom" opera orchestra, and the massive
 Joseph Urban settings for four scenes,
 just as it ran for over two hundred nights
 on Broadway, and was lavishly praised
 by all New York last season, comes with
 the metropolitan production complete.
 It is a company of individuals picked
 primarily for vocal ability, but there are
 other important standards up to which
 they must more than measure up. They
 look as though they will act, and they must
 dance like fairy sprites.

"The Poplar Irish Romantic Actor,"
 Fiske O'Hara, is coming to the Grand
 Opera House in a new play by
 Anna Nichols, called "The Man From
 Wicklow." O'Hara's play is a three-act
 telling a clean and wholesome story, and
 is said to be a real gem.

"The Hippodrome."
 William S. Hart will headline the bill
 at the Hippodrome next week in his
 five-part "The Bargain." The Hippodrome
 management will announce to its patron-
 age that the Hippodrome Theatre next
 week will open on Monday,
 providing the usual high-class entertain-
 ment. The feature attraction of the
 vaudeville bill will be the musical
 comedy "The Man From Wicklow,"
 by a capable cast of native Hawaiians.
 He offers her own songs, and the
 Hippodrome will present a complete
 bill.

"The Seven Swans."
 Marguerite Clark is contributing more
 than her share to the joy of life this
 week at the Allen Theatre in her newest
 Paramount production, "The Seven
 Swans." This play is adapted from the
 story by Hans Christian Andersen.
 "The Seven Swans" is a whimsical, ap-
 pealing play, full of all the charm of
 childhood and the lure of magic.
 Witches, hobgoblins, swans, the handsome
 prince and moon fairies have been woven
 into a story of exquisite charm. There
 will be a special matinee for the children
 on Saturdays, at 10 a.m.

"The Burglar" at Madison.
 For today and the rest of the week,
 the feature photoplay at the Madison
 Theatre will be "The Burglar," by Au-
 gustus Thomas, and starring Carlisle
 Blackwell, Madge Evans and Evelyn
 Greecy. The story is thrilling, the cil-
 max a smashing one and the acting sub-
 limely and completely appealing role.

Orchestra and Middleton Tonight.
 Tonight the Toronto Symphony Or-
 chestra gives its third concert of the
 season, and it is anticipated that Massey
 Hall will be filled to capacity. Popular
 music will be featured, and Arthur
 Middleton of the Metropolitan Opera,
 New York, will be featured. He has ex-
 ceeded in this city. The success which
 has attended the orchestra's previous
 year is nothing less than marvelous, and
 Toronto may well be proud of it. A most
 charming selection of numbers will be
 heard, and Frank S. Weisman, the con-
 ductor, has on but few occasions had
 better opportunity of bringing into
 such which can be attained in symphony
 work.

Holds Merges a Great Violinist.
 There is every reason why the brave
 British sailors who are keeping Britain's
 shipping upon the seas should be assist-
 ed financially by every true Briton. That
 is why Toronto is appealed to on the
 occasion of a call from the wives and
 dependents of these men, thru the King
 George Fund for Sailors. On Thursday
 next, March 14, Hilde Merges will give
 two recitals. The afternoon will be de-
 voted to the school children, free, but the
 proceeds from the evening recital will go

WRIGLEYS

Fliers at the Front Know

How it steadies and sustains.

Oh, what a flavour in this delicious gum, and how it lasts! Um-m!

Keep YOUR boy overseas supplied.

THE KEWPIE KORNER
By ROSE O'NEILL

Oh, why this drawing of the line
 Respecting Race and color
 A world that didn't have all kinds
 Would be a world-much fuller.
 Kewps say, "Good folks, for heaven prepare,
 You're bound to meet all sorts up there."

(Copyright, 1918, by Rose O'Neill.)

NAVAL WARFARE IN ALLIES' FAVOR

Course of Sea Campaign Gets Steadily Better for British Fleet.

ENEMY RAIDS FORCED

Preparations Made to Clear Mediterranean of Sub- marines.

London, March 6.—The introduction of the naval estimates in the house of commons today was made the occasion by Sir Eric Geddes, first lord of the admiralty, for a lengthy speech in which he summed up the naval situation during the past year.

"On the whole, naval warfare during the past year has proceeded increasingly in our favor," said Sir Eric. "Occasional raids on our convoys and the British coast towns are a natural outcome of the blockading enemy trying to harass the blockading fleet. The exit of the Goeben and the Breslau from the Dardanelles was a raid of a similar character. The Goeben was refloated, and while the reports justify the belief that she was damaged we must for the present treat her as a still efficient engine of war. The loss of the Breslau is a serious one for the enemy in that area, and much outweighs the loss of the British M-23 (British monitors sunk during the engagement with the Goeben and the Breslau outside the Dardanelles).

Raid Forced on Enemy.

The Dover raid is in a way a satisfactory incident. It has been commonly believed that the passages of submarines thru the Strait of Dover has been prevented by nets and obstructions since the early days of the war. That is not true, and undoubtedly a considerable number of submarines passed thru even towards the end of last year. A more vigorous policy was adopted recently, and the surface barrier is now maintained day and night across the channel. At night patrolling craft, numbering over 100 turn faces, so that any submarine attempting the passage has a reasonable chance of being engaged.

To Clear Mediterranean.

Speaking of the Mediterranean situation he said: "The meeting of the committee in Rome was representative of all the allied naval forces in European waters. It accepted fully the anti-submarine proposals put forward by Vice-Admiral Calhorne, British commander-in-chief of the Mediterranean. It agreed we should forthwith adopt and adapt to the Mediterranean the anti-submarine craft and devices which have given success in the waters of the British Isles, and the main anti-submarine operations decided will be undertaken under Vice-Admiral Calhorne's orders.

Enemy Nearer Shore.

"One result of the convoy system has been to drive the enemy closer to the shore, thus rendering the open sea safer for navigation. This transfer of attacks nearer the coast gives increasing opportunities for attacking the enemy by patrolling surface craft and airplanes, and enables us to save many vessels which would otherwise have been lost. The saving is so efficient that of all British armed ships damaged last year only eight were abandoned."

WILL BAR OUTSIDERS

Non-Resident Children Cannot Attend Chatham Schools After Summer.

Special to The Toronto World.
Chatham, Ont., March 6.—Children who are non-residents of this city are to be debarred from attending the local schools after the summer vacation, and the proper authorities will be required to make suitable accommodation for their education elsewhere, as a result of the action taken by the board of education last night.

In the meantime the fees of such pupils will be increased from a \$1.51 to \$1.81, payable in advance. This action was made necessary as a result of the crowded condition of the schools.

THREE YEARS IN PENITENTIARY.

Kingston, March 6.—James Smith, aged 30, a member of a local battalion, pleaded guilty to stealing blank cheques from a pay office and forging cheques to the amount of \$300. He was sentenced to three years in the penitentiary by Magistrate Farrell. He also pleaded guilty to carrying a loaded revolver, but was given suspended sentence on this charge.

FELL FROM LOFT.

Kingston, March 6.—Frederick Bleeker, aged 15, of Flinton, fell out of a hay loft and received injuries which caused his death.

BISURATED MAGNESIA

For Dyspepsia, Indigestion

Heartburn, Belching, Sour Acid Stomach, Gas in Stomach, etc. Take a teaspoonful of Bisurated Magnesia in a half glass of hot water after eating. Refreshing, antacid, and harmless to use and gives almost instant relief. It neutralizes stomach acidity and sweetens the food contents so that digestion is easy and painless. Sold by druggists everywhere.

KIDNAPPED HIS CHILD

Chatham Father Arraigned But Al- lowed Out on Suspended Sentence.

Chatham, Ont., March 6.—The six year old son of Mrs. Richard Davis of this city, who was abducted on February 26th, while attending the funeral of a relative in company with the child's stepfather, was located today following the arrest of Richard Davis, the father, who was arraigned in the city police court on the charge of abducting the boy.

The defendant had not been living with his wife, who had the custody of the infant, and on the day in question he stole the child in Maple Leaf Cemetery. He was allowed to go on suspended sentence, the child being returned to his mother.

BOLSHEVIKI READY TO DEFEND RUSSIA

Supreme Muscovite Military Council Organized to Protect Country.

MOSCOW AS CAPITAL

Germans and Austrians Still Fight, Notwithstanding Peace Agreement.

Petrograd, March 6.—The official news agency announces that a supreme military council has been formed for defence of the country. The commissioner of military affairs has issued a decree ordering that the entire people be armed.

The evacuation of Petrograd has begun. Three state ministries, according to Reuters despatch from Petrograd dated Tuesday, have started to leave the capital, from which the population also is fleeing hastily.

The Bolshevik government proposes to declare Moscow the Russian capital and Petrograd a free port.

An official Russian statement received here today says Ensign Krylenko, the Bolshevik commander-in-chief, sent a message to the German and Austrian chief commanders stating that the Germans and Austrians are still fighting, notwithstanding the conclusion of peace. Ensign Krylenko asks whether the German high command has taken all steps necessary for cessation of hostilities.

To Withdraw to Ural.

The Bolshevik leaders are prepared to withdraw even as far as the Ural mountains rather than submit to the defeat of the revolution, said Leon Trotsky, Bolshevik foreign minister, in an interview today. M. Trotsky said that if the Bolsheviks could go back to the state of affairs which existed last October, just before they overthrew the Kerensky government, they would repeat the whole program which has been put thru since that time.

M. Trotsky was asked whether the United States might assist in the process of organization by detailing to the trans-Siberian railroad the 300 American railway experts now waiting in Japan, and also what guarantee the Bolsheviks could give that goods imported in consequence of such assistance would not fall into German hands. He said that if the Russian government fell into German hands it could not protect such supplies. He said that all sorts of supplies were being evacuated from Petrograd.

M. Trotsky was asked whether he thought it possible that if Russia's peace efforts failed the United States and Russia might battle together against German oppression. He replied: "America and Russia may have different aims, but if we have common enemies the same for 12 months, no reason why we could not travel together in the same car, each having the right to alight when it is desired."

W. COOK IS PRESIDENT.

Kingston, March 6.—William Cook, manager of the Dominion Textile Co., was elected president of the board of trade. The board discussed the nationalization of the Grand Trunk, but there was objection to the board exercising an opinion till the cabinet takes action.

PAPER MILLS ASSIGN.

Kingston, March 6.—The Hought Paper Mills, Limited, Camden East, have made a general assignment. Inability to complete the building of their mills thru the scarcity of skilled labor, delays in obtaining machinery and transportation difficulties are given as the chief reason for the financial trouble.

NO DEPUTATION NECESSARY

Special to The Toronto World
Guelph, Ont., March 6.—Mayor Newstead this morning received a letter from Dr. Creelman, commissioner of agriculture, in answer to one sent to him with respect to a deputation going to see the minister of agriculture regarding the winter fair to Dr. Creelman stated the government knew nothing beyond what has been published in the newspapers, and advised the city that a deputation was not necessary at the present.

VANCOUVER MAN WOUNDED.

Washington, March 6.—Casualties reported today by Gen. Pershing among the American forces in France include the name of Corp. William Carse, of Vancouver, B.C., as slightly wounded on Feb. 26. Next of kin, Miss Eva Carse, sister, also of Vancouver.

CANADIAN KILLED WOMAN.

London, March 6.—George Harman, aged 37, a Canadian soldier, has been sentenced to death in London for the murder of Frances Elizabeth Earle, a barmaid, who was a soldier's wife. The woman was found under a railway arch with her throat cut.

MINERS RETURN TO WORK.

Calgary, March 6.—According to a despatch from Drumheller to a Calgary paper the Roselle coal miners returned to work this afternoon. It is not known what settlement of the latest dispute was made or whether it is permanent or only temporary.

RUMANIA ACCEPTS DRAFT PEACE PACT

Ferdinand Agrees to Cession of Dobruja to Central Powers.

TO DEMOBILIZE ARMY

Transport of German Troops to Odessa Will Be Furthered.

Amsterdam, March 6.—A preliminary peace treaty between Rumania and the central powers was signed yesterday evening, says a despatch from Bucharest.

Under the terms of the preliminary peace agreement Rumania cedes the Province of Dobruja as far as the Danube to the central powers. Rumania also undertakes to furnish the transport of Teutonic troops thru Moldavia and Bessarabia to Odessa.

An official German statement last night said Rumania had accepted the conditions of the Germans for an armistice. Apparently the signing of a preliminary treaty followed almost immediately.

Following are the terms of the preliminary treaty:

1. Rumania cedes to the central powers Dobruja as far as the Danube.
2. The power of the quadruple alliance will provide and maintain a trade route for Rumania by way of Constantza to the Black Sea.
3. The frontier rectifications demanded by Austria-Hungary on the frontier between Austria-Hungary and Rumania are accepted in principle by Rumania.
4. Likewise economic measures corresponding to the situation are concluded in principle.
5. To Disband Divisions.

5. The Rumanian Government undertakes to demobilize immediately at least eight divisions of the Rumanian army. Control of the demobilization will be undertaken jointly by the upper command of Field Marshal von Mackensen's army group and of the Rumanian chief army command. As soon as peace is restored between Rumania and the remaining parts of the Rumanian army also will be demobilized insofar as they are not required for security service on the Russo-Rumanian frontier.

6. The Rumanian troops are to evacuate immediately the territory of the Austro-Hungarian monarchy occupied by them.

7. The Rumanian Government undertakes to support with all its strength the transport of troops of the central powers thru Moldavia and Bessarabia to Odessa.

8. Rumania undertakes immediately to dismiss the officers of the powers who are at war with the quadruple alliance from the Rumanian service. The safe conduct of these officers is assured by the quadruple alliance. This treaty enters into operation immediately.

LORD READING'S TRIBUTE.

New York, March 6.—A tribute to John Redmond, the dead Irish Nationalist leader, was paid here today by Earl Reading, British ambassador to the United States. "I am upset at hearing of his death," Earl Reading said. "I had known him many years. He played a great part in Irish political life during my whole association with him. I should like to express my deepest sympathy to all his relatives and friends. His loss will be a severe one to all who wish for self-government in Ireland."

SHIP OUTPUT TOO SMALL.

London, March 6.—Sir John E. Ellerman, controlling owner of several shipping lines, said here today at a meeting of the chamber of shipping, declared he believed he was right in saying that the whole output of shipping in this country since the outbreak of the war was not enough to replace the losses by marine causes alone, leaving the losses by enemy action yet to be made up.

JAPS AWAIT DEVELOPMENTS.

London, March 6.—At a meeting of a special diplomatic commission in Tokyo on Monday the leader of the Seiyukai presented the decision of the party against the moving of troops by Japan except the event of more serious developments, which may prove to be a menace to the situation in the far east. The Seiyukai, or Constitutional party, is the largest in the house of representatives, with 163 deputies out of a total of 381.

SUBMARINES SINK MORE.

London, March 6.—Commander Carlyn Bellairs, Unionist member for Maidstone, in the house of commons today gave submarine sinkings of merchantmen as averaging 70,000 tons weekly in January and 80,000 tons weekly in February.

STOLE PIGEONS.

Special to The Toronto World.
Guelph, Ont., March 6.—Two boys who were charged on Saturday last with stealing pigeons from the winter fair last December, and who were remanded, came before the magistrate again today. They were fined \$20 and costs each. The pigeons are the property of B. B. Vantuyt of London.

SEIZED THREE BARRELS

License Inspector Makes Big Haul of Whiskey at Puslinch.

Special to The Toronto World.
Guelph, March 6.—A big haul of whiskey was made by Inspector O'Brien when he paid a visit to the C.P.R. station at Puslinch, known as Schaw station, and there seized three barrels, weighing 300 pounds each.

The three barrels were ordered shipped to Guelph at once and are now here. There was nothing in the barrels to indicate where they came from, nor to whom they were shipped; but the inspector hopes to secure the way bills. He is of the opinion that they were intended for some persons who live at Hamilton, and who have on previous occasions had shipments of liquor sent to the same place and then came after them in autos.

BANK EMPLOYES MUST JOIN COLORS

Two Thousand Will Be Called Up by Judgment of the Appeal Judge.

IN FOUR DRAFTS

First Will Consist of 834 to Be Furnished on March Fifteenth.

Ottawa, March 6.—Two thousand bank employees will be called up for military service under a judgment rendered this morning by Hon. Justice Duff, central appeal judge. Of this number 834 will be called upon March 15. The remainder are to report for duty in three drafts, approximately equal on May 15, July 15 and Sept. 15.

The first draft of 834 to be furnished on March 15 will be distributed as follows: Bank of British North America, 25; Canadian Bank of Commerce, 112; Dominion Bank of Canada, 28; Bank of Hamilton, 24; Banque d'Hochelega, 60; Home Bank of Canada, 1; Imperial Bank of Canada, 34; Merchants' Bank of Canada, 60; Montreal Bank, 24; Bank of Montreal, 52; Northern Crown Bank, 8; Bank of Nova Scotia, 45; La Banque Nationale, 33; Bank of Ottawa, 13; Provincial Bank of Canada, 40; Royal Bank, 120; Standard Bank, 35; Sterling Bank, 7; Bank of Toronto, 37; Union Bank, 57; Western Security Bank, 2.

After a careful examination of the facts the conclusion reached is that with the exception of those who may secure exemption on grounds personal to themselves and subject to the result of any special applications which may be entertained by the central appeal judge in regard to the small number of individuals holding positions of exceptional responsibility and requiring exceptional qualifications, all members of class one in Canada who are now in military category A or not yet examined (approximately 2,390) are to be called.

On Jan. 25, 1918, the total number of male employees of all the banks was 11,372. While female employees numbered 6775. Of the former 4721 were in class one and 2390 were in medical category A or not yet examined. Of these 370 have claimed exemption on personal grounds.

From the beginning of the war down to Jan. 15, 1918, 7742 employees to the number of 7742 have enlisted.

Will Submit Plans in Week

Arrangements for Registration of Man and Woman-Power Are Pro- gressing.

Ottawa, March 6.—The organization work in connection with the new Canada registration board, which is to take a complete inventory of the man and woman-power of the Dominion, is proceeding, Hon. G. D. Robertson, chairman of the board, when seen this morning said that he expected to submit his plans for registering all persons over 15 years of age to the cabinet in about a week. In his opinion the registration will take about three months to complete.

NORWEGIAN SHIP SUNK.

London, March 5.—The Norwegian steamer Havna of 1150 tons gross has been torpedoed without warning. She sank in less than one minute. The crew of 18 had no time to launch a boat and jumped into the sea. The captain and five survivors were landed Monday night.

WAS CHOSEN MODERATOR.

Special to The Toronto World.
Chatham, March 6.—Rev. Dr. Reede of Comber was chosen moderator of the Chatham Presbytery at the regular quarterly meeting held in this city this afternoon. Rev. Mr. Ballantyne of Duart is the retiring moderator.

ALLEGED NEGLIGENCE.

Kingston, March 6.—Edwin Barley, aged 14, a ward of the Children's Welfare Society, had his feet frozen while working on the farm of John Anglin, near Gananoque, and will have one of his legs amputated. The society is taking legal action against Anglin, claiming that his negligence was responsible for the boy's condition.

Only Seven Years Ago

Porcupine and Kirkland Lake were unknown quantities -- TODAY they are rapidly developing into the world's greatest gold-producing districts. Already we have in the Hollinger the largest individual gold mine in the world and, as yet, it is only in its infancy. Several other mines in this section are making rapid strides in development and production. In Kirkland Lake district, the Tough-Oakes has been producing gold for some time and other properties are coming to that stage. Other sections of this wonderful gold belt are undergoing aggressive development.

When the "break-up" comes this spring we predict the beginning of unprecedented activity in gold mining. The reason for this is obvious. There is not sufficient gold now in existence to pay the interest on national debts, which must be paid in the precious metal. Instance the manner in which all nations are hoarding gold. Then, again, gold will be badly needed when the reconstruction period begins after the war. Wasted assets must be replaced. Natural resources are of little value without the wherewith to develop them. Gold is the greatest essential for this purpose. THESE ARE REASONS why we consider an investment in a good gold mine will prove highly profitable.

Fidelity Mining & Development Co., Limited

own six groups of mining properties, aggregating 22 claims, that have been well prospected and found to have valuable gold deposits on each group. The company is under honest and expert management, is free from debt and has already begun active work.

A Small Block of This Stock is Being Sold at TWENTY CENTS A SHARE

to provide preparatory development capital. Our next allotment will be offered at a considerably higher price. We advise you to purchase now at this low price and ask you to write us for complete information and maps showing the company's holdings.

FAIR TEST OF NEWRAY CONFIDENTLY AWAITED

Cancellation of Agreement With Crown Reserve Interests Is Fortunate For Newray Shareholders—Haphazard Methods Used in Exploration.

When S. W. Cohen, E.M., general manager of the Crown Reserve, disclosed his naked purpose of unjust domination in regard to the Newray, it became at once the duty of the latter company to sever the relation between the parties. But for some reason, which may, perhaps, not bear the light, Mr. Cohen held on to the option until the 1st of March inst. This was just three weeks from the day on which the greater part of the working force had been laid off. The normal procedure would have been to give ten days previous notice before operations ceased. But it is idle to speculate on motives underlying Mr. Cohen's conduct. Rather, we would congratulate the shareholders of the Newray on the fact that the agreement has been cancelled without any serious delay or any expensive litigation.

There can be no explanation of Mr. Cohen's methods, there may, perhaps, be a motive therefor in the fact that the interests with which he is associated have decided to curtail expenditures all along the line. The famous crosscut in the Township of Murray is to be closed on the 15th inst., and it is probable that the Porcupine Crown will also cease operations on that date.

The St. Anthony, in the Sturgeon Lake country, about 100 miles northwest of Fort Williams, Ont., also belongs to the same interests. H. H. Laverty, the engineer formerly in charge of this property, has been expecting the resumption of mining activity; meantime he has represented Mr. Cohen as the owner of the new, however, thought that nothing will be done at the St. Anthony for the present.

As intimated in a former letter, it is probable that Mr. Cohen was manoeuvring for a modification of the option on the Newray, and, if he had given the property a fair trial, and had lived up to the conditions of the agreement to a reasonable extent, he could at least have presented a case for careful consideration. But his selfish and inconsiderate action has left him without even the slightest ground of appeal.

Backed at Expenditure. Something should be said as to Mr. Cohen's development work during the period of his possession. After stipulating for a total expenditure of \$10,000, surely the Newray had a right to expect aggressive, thorough and scientific operations. They were not. The methods of the fossicker or the dilettante, and yet from a semi-official statement lately published in several of the Toronto newspapers it appears that the

MINING MARKET REMAINS STEADY

McIntyre and McKinley-Darragh Are Two Strong Spots in Market.

Bar silver closed unchanged yesterday at 42 1/2 in London and 85 1/2 in New York.

No price changes of importance were seen in the local mining market yesterday, but the majority of issues inclined toward higher levels. McIntyre has entirely recovered from the disturbing market effect of the dispute at the mine, and at 1.41 showed a gain of a point. Davidson, in which the process of absorption is steady, was 3/4 better at 3 3/4. No further details have been received bearing upon the projected McIntyre-Newray deal, and pending the receipt of such information, the movement in McIntyre is hesitant. The stock sold as high as 2 1/4 yesterday, but relapsed to 2 1/4 at the close. McIntyre is a very active stock. Hurlinger was a steady easter, breaking below 5.00 for the first time in recent days.

Darragh's tendency to rally was a bright feature of the Cobalt, the stock exhibiting at 5 1/4 a gain of 1/4. Hurlinger was firmer at 4 1/4. Both of these stocks are offering of stock, in a position to carry out a program of development for nine months, and indications are counteracted in drifting toward the Timiskaming line are reported to be most encouraging.

McKINLEY-DARRAGH

F. C. Sutherland & Company say: The McKinley-Darragh Mining Company will soon issue its annual report for 1917. The statement will show a slight decrease in ore reserves compared with the previous year, but will probably show increased liquid assets. Considerable selling of stock has occurred during the year, and the company north. This is probably due to the fact that development work at the 450-foot level has not proved quite up to expectations so far. Last week, however, a good streak of pay ore was encountered in the crosscut and developments are progressing.

An interesting new feature in the annual report will be under the caption "slimes." They total some 200,000 tons, containing about 1,000,000 ounces of silver. The company has a large oil flotation mill completed and another almost ready for operations, the combined capacity being 300 tons per day. The spring will see both of these treating slimes. A year ago the estimated ore reserves were 1,740,000 ounces, and they should not fall far short of that mark this year. A year ago the cash surplus stood at \$264,942. Now, adding the ore reserves, the silver content in the slimes and the probable increase in the value of the assets of approximately \$1,750,000, to 70 cents on each share."

GERMAN WAR LOAN.

Amsterdam, March 6.—The eighth German war loan, to be issued March 6, says a Berlin despatch, will consist of five per cent. certificates and 4 1/2 per cent. treasury bills. Both will be issued at 98.

HILLCOAST COLLIERIES PROFITS

Montreal, March 6.—Net profits of the Hillcoast Collieries Limited for the year ending December 31 amounted to \$50,551, against \$51,592 in 1916.

OREN POWELL IS DISTINCTIVE

Unusual Amount of Iron Sulphide Gives Rise to Conjectures.

CENTRE OF INTEREST

Thoro Exploration of Promising Mining Region is Quite Assured.

The ore bodies of the Township of Powell represent a type but little understood in the average prospector. There is an unusual amount of iron sulphide and this brings forward two important considerations, first as to the extent to which values have been concentrated on the primary body, Sulphides disintegrate when they part with their sulphur and the resulting oxide of iron is likely to be scattered over wide areas. This sometimes gives the impression of an exceedingly large ore body, and it is necessary to search for and delimit the boundaries of the unoxidized ore in place.

A remarkable instance of this phenomenon is what has been called the "White" or "Red" Sulphur nickel-copper district. For more than 25 years it was regarded as the very largest property in the whole camp, but its actual dimensions were not above the normal. This was due to the fact that the position of the ore in reference to the surface was such that the gossan or iron oxide resulting from weathering had been swept by rain, ice and other agencies over very wide areas.

The property was sold to J. R. Booth and other capitalists for a large sum and the actual size of the ore body was not discovered until a small ship passed to the British America Nickel Corporation some two years ago.

A recent instance of a mistake from the accumulation of values on the surface thru the disintegration of sulphides occurred at Fin Flon in the northwestern part of the Province of Ontario. One of the properties was reported to carry \$12 per ton in gold, with very considerable quantities of silver and other metals. The total running to about \$50 per ton. But when the unaltered ore was broken up and the gold was found that the gold had come down to \$2, and the total values of all the metals to \$12 per ton.

But this marked surface enrichment presupposes a preponderance of sulphides in the whole camp, and the actual permanent water level. These conditions are not met in the Township of Powell, and in his report on the Oren Powell, E.M., shows very clearly that the assay of the ore body is not to be understood as implying that the presence of sulphides of iron is an unfavorable feature, but that the presence of sulphides of iron is an unfavorable feature, but that the presence of sulphides of iron is an unfavorable feature, but that the presence of sulphides of iron is an unfavorable feature.

Big Mining Deal Put Thru

In Boston Creek District

Cobalt, March 6.—One of the largest mining deals ever put thru in the Boston Creek district has been closed on the J. C. O'Donald group of claims lying between the property of the Boston Creek Mining Company and the Patricia mine. The purchasers are Detroit mining and manufacturing interests, and the ultimate purchase price is \$250,000.

DECLINE IN EARNINGS OF DULUTH-SUPERIOR

Heavy Operating Expenses Cut Severely Into January's Revenue.

The January earnings statement of the Duluth-Superior Traction Company, showing gross and net income proved a surprise and disappointment to shareholders. The gross operating revenue increased from \$124,978 to \$140,971, or 9.30 per cent., but operating expenses increased from \$88,792 to \$112,284, or 25.25 per cent. After other income was added and other charges were subtracted, the net income stood at only \$7065, a decrease of 72.27 per cent. and which general mortgage sinking fund was accounted for only \$4645 was left for the month, against \$22,868 a year ago.

INTERCOLONIAL COAL.

Montreal, Feb. 6.—Profits of the Intercolonial Coal Mining Company for year ending Dec. 31 last amounted to \$182,419, an increase of \$60,685, or nearly 50 per cent. over previous year.

MINING INDUSTRY TO HELP COUNTRY

Dr. Wilson Suggests Means of Meeting Heavy Debt Charges.

Montreal, March 6.—The Canadian Mining Institute opened its annual convention, which is to last three days, at the Windsor Hotel, today. This morning the president, Arthur H. Cole, initiated a discussion on the stimulation of the Canadian mining industry, led by Dr. A. W. G. Wilson of the department of mines, Ottawa.

Dr. Wilson argued that the problem of increasing the prosperity of the country thru its mines so that the heavy interest charges on the national debt can be met to some extent in this field should be considered now. He said more capital was required, while an expert consideration of the requirements of foreign markets was essential.

Dr. Wilson also dwelt on Canada's dependence upon outside sources for much necessary raw and partly finished material. He said that if the United States coal supply were to be withdrawn, the eastern Canadian coal field supply could not be sufficiently developed to take its place for three years. He said that it would appear desirable to consider whether some measure of control over the establishments of basic raw materials by the government should not be exercised. In a number of cases the control was in foreign hands.

Dr. Wilson said that the investing public must be better protected from fraud.

GOOD PROFITS EARNED BY DOMINION CANNERS

All Back Dividends on Preferred Stock Will Be Paid.

Hamilton, March 6.—At the annual meeting of Dominion Canners, Limited, held today the report presented showed net profits for 1917, before deducting bond interest, but after providing for business profits war tax of \$809,529, an increase of \$132,522, or nearly 20 per cent. over 1916. The company wrote off for depreciation the sum of \$268,182.

At the meeting today all back dividends on the preferred stock, amounting to 12 1/4 per cent., and in addition, a quarterly dividend of 1 1/4 per cent. in cash and 50 per cent. in Dominion of Canada Victory Loan. This distribution is to be made on April 1.

SCOTIA REGULARLY ON FIVE PER CENT. BASIS

In view of the present-day demand for oil securities, we have made a careful investigation of a number of dividend-paying oil stocks, and have finally found one that we can conscientiously recommend.

Montreal, March 6.—Beginning with the first quarter of the year Scotia has commenced quarterly payments on the common stock at the rate of five per cent. It will be recalled that when dividends were resumed in 1916 after a stoppage shortly after the outbreak of war distributions of 1 1/2 per cent. half-yearly were made, and while the rate was finally accepted in the stock as a five per cent. one there was some hesitation in doing so at first. This is now removed by the quarterly distribution, which places both Scotia and Iron on the same basis so far as that is concerned.

BANKING IN CANADA CALLS FOR CAUTION

Chairman of Bank of British North America Gives Advice

London, March 6.—At the Bank of British North America annual meeting, the chairman, while stating that results were satisfactory during the past year, profits being £137,000, reminded the proprietors that a large proportion of profits had accrued from war credits. He said that the company recently published its financial statement for 1917 with profits of \$48,281, an increase of \$290,225, or 112 per cent. over the preceding year.

Mark Workman is Director Of British Columbia Packers

The Financial News Bureau is informed that Mark Workman, president of the Dominion Steel Corporation, has been appointed a director of the British Columbia Packers' Association. Mr. Workman is believed to be a large shareholder of this concern. It will be recalled that the company recently published its financial statement for 1917 with profits of \$48,281, an increase of \$290,225, or 112 per cent. over the preceding year.

Busy Times Are in Store For Steel Plants in Canada

Ottawa, March 6.—That all steel plants in Canada will probably be operating at full capacity throughout the year under heavy demand, and that large new munitions contracts are expected from the United States and Great Britain, are opinions expressed by Colonel Thomas Cantley, chairman of the board of directors, Nova Scotia Steel and Coal Company.

15 TO 20% DIVIDENDS IN PROVEN OIL INVESTMENTS

The demand for oil and its numerous by products, both for war and commercial purposes, has increased to such an extent that a veritable boom in oil securities has resulted. The fact that the United States Oil Administrator has deemed it inexpedient to fix the price of either crude or refined oil, tells its own story. The demand for oil is so great that every effort is being made to stimulate the industry and to increase production.

Oil in its various states has become a vital necessity to the progress of commerce, so that it can be safely said that, without oil, the wheels of industry would be forced to slow down, and finally stop altogether. As a war necessity, oil is of such importance that any belligerent deprived of it would be unable to carry on the fight for any length of time.

In view of the present-day demand for oil securities, we have made a careful investigation of a number of dividend-paying oil stocks, and have finally found one that we can conscientiously recommend. This stock, on its present market price, pays 20% in dividends annually, and is earning \$40,000 net per month.

The company is a producing, refining and marketing concern. Every step in the process of obtaining the oil in its crude state from the ground, to placing it on the market, a refined product, is done by the company. In a word, it is self-contained, a condition which makes for the utmost efficiency in operation, and swells net profits. As one might expect under these conditions, the company has proven a wonderful success.

About 12,000 acres of proven oil lands in Kansas are under lease to the company on which there are over 100 fully equipped and producing wells. In addition, there are 300 proven locations for wells which will be drilled as soon as possible. The company owns and operates 75 miles of pipe lines. The company's refinery, which is of the most modern construction, and the last word in efficiency, is located on two competing railway lines. To facilitate the marketing of its product, the company has contracted for a fleet of 70 tank cars. This is a feature which is not to be underestimated in these days of difficulty of transportation.

This stock is undoubtedly the most attractive one, in point of the return on the money invested, and its future prospects, that has been offered to the public. On this account we give it our strongest endorsement, and we will gladly furnish a full report on the company, upon request.

Simpson's Price Range on the Newest Garments is a Moderate Figure

Novelties in Veilings

Made Vails, 25c to \$6.00 each.
Veilings, per yard, 25c to \$2.50.
Plain Hexagon Meshes, in small, medium and large; colors black, taupe, pigger, navy and purple. 25c, 50c and 50c yard.
Hexagon and Diamond Mesh Veilings in all the leading colors; chenille spots, coin spots, group spots, butterfly designs and scroll effects. Per yard, 50c up.
Paris-made Vails, with very handsome applique colored border patterns. Each, \$4.00.
Slip-pon Vails
No pins, no tying, no adjusting—just slip it on—for golfing, for motoring, for walking, for riding, for shopping. Demonstrated at our Veiling Department. Each, 10c, 25c and 50c.

You will see from the following list that the price range even on the newest garments begins at a very moderate figure. Don't miss seeing these, which we are safe in saying equal any values you'll find on the season's newest fashions

Special Showing of Women's New York Dress Coats

These new coats have just reached the Women's Section. Among their many features you will note that all follow the straight line unerringly. Also that collars favor the shawl effect, and that waistlines may be beltless or have the most unique belts imaginable. Pockets, too, delight in all manner of shapes and sizes, with trimmings and expression in fancy silks, satin, huge buttons, strapping and lovely embroidery.
The materials are rich suede velours, tricotees, burella cloths, gabardines, etc. in every wanted spring shade. Priced from \$35.00 to \$65.00.

Practical, Becoming and Beautiful Women's Imported Suits

From the suit with the prettily veiled Pony Coat to the suit with a coat in long smartly tailored design, every garment in this splendid gathering is exemplary of the most authoritative and stunning modes of the season.
The coats show such smart features as pleated, pointed or double ruffled pelumans—long shawl collars or over-collars of silk. The skirts are simple and smart, made in tunic, draped and panelled effects.
Materials are mostly fine serges and gabardines in all the leading shades. These suits are priced from \$45.00 to \$70.00.

A Great Array of Women's Dresses That Are Novel and Practicable and Priced Surprisingly Low

A host of smart new designs in soft taffeta and crepe de chine frocks, with tunic, draped and plain skirts; bolero, vested surplice and straight bodices, with trimmings of georgette crepe, embroidery and dainty collars. Colors sand, grey, taupe, navy, copen, brown, black. Prices, \$18.50 to \$25.00.

Women's Dashing New York Skirts--Good Values

Smart Satin-striped Taffeta, in rich color combinations, gingham plaid taffetas, plain taffetas in the new shades, and heavy crepe de chine, are seen among the lovely skirts we have imported for women's dressy wear. Delightful features are the prettily draped effects, broad crushed girdles and clever pockets. Ask to see them. Priced from \$15.00 to \$20.00.

Offering Today the Extreme of Good Value in Misses' Suits

These charmingly youthful suits for misses are really worth dollars more than what we are asking for them today. We are selling them at the special and popular price of \$25.00 to introduce our special assortment of high-grade spring suits. They are well tailored, in a number of smart styles, showing vested pony coats, waistcoat styles, and rippled or pleated pelum effects. Finished with chic braid or button trimming. Colors navy, brown, green, sand, Belgian and black. Wonderful value today at \$25.00.

Misses' Coats of Marked Style, Special at \$18.50

Smartness and serviceability are combined in these very moderately priced coats for young women. They are made from homespuns and tweeds in rippled belted styles with shawl or square collars, and finished with novelty buttons and stitching. Colors grey, beige, Belgian, navy, beige and novelty mixtures. Price, \$18.50.

Girls' Middies, Special 95c.

The excellent quality of the material and the smartness of the style in these jean middies make them a real bargain at today's sale price. They are made with large sailor collar, laced front, patch pockets and long sleeves. All white, or white with navy, rose or cadet. Sizes 6 to 16 years. On sale at \$3.00 am. today, at 95c.

Girls' Wash Dresses, Special

Cunning, indeed, are these frocks of bright plaid gingham. They are made in smart Empire style, with a broad box pleat down front and back of skirt and dainty button trimming on the waist. Finished with an embroidered white rick belt. Sizes 6 to 14 years. Very special value today, at 95c.

Little Girls' Coats That Show Practical Attractive Style Features--Good Values at \$11.50 and \$13.50

The makers of these cunning coats surely knew what would captivate the hearts of little girls. They are jaunty wool checks, covered cloth and serges, in navy, copen, sand. Some fall in ripples from shoulder to hem. Others are smartly pleated, while all have dainty over-collars of plaid or corded silk, fetching little pockets and chic trimmings of silk braid, buttons and stitching. Sizes 4 to 15 years. Prices, \$11.50 and \$13.50.

Spring Flowers Are Blooming

Among the New Wash Goods

Every day is bringing fresh delights in the way of lovely new materials to our extensive Wash Goods Section on the Second Floor. The following list will give you an idea of what you may find the next time you are in the store:

Voiles in an almost inconceivable number of new effects and color combinations, featuring most strongly large floral designs, small floral designs, woven plaid voiles, gingham plaid voiles, Paisley designs, and the new foulard effects.
Besides these are dozens of designs in dainty all-white embroidered Swiss voiles. Prices range from 39c to \$2.00 per yard.
Tussahs, a soft, silky material for afternoon frocks in new gingham effects, spot designs and all-over foulard patterns in wonderful color schemes. Also plain tussahs in all the leading shades. Per yard, 75c to \$1.50.
Ginghams--Scotch, Ginghams in large flared effect, English Gingham in small checks, broken checks, new stripes and tartan plaids; also silk and cotton ginghams of dainty colorings. Per yard, 39c and 75c.
Silk and Cotton Georgette Crepes, in a host of pastel shades, as well as black and white. Per yard, 65c.
Duro Piques--Noted for their absolutely fast colors; in rose green, navy, blue, grey, pink, lavender and black and white. Also smart checked and striped designs on white and colored grounds. Per yard, 50c and 75c.
Pontins and Repps, in plain colors of pink, rose, blue, apple green, navy, sand, beige, rookite, etc. Per yard, 65c.
Also plaid effects at \$1.00 per yard, and novelty stripes at 25c per yard.
Palm Beach and Cotton Gabardine Suits, favoring the popular sand shades; also blues, rose, greens, grey, etc. Per yard, 69c.
Pongee Linens in every wanted shade, as well as Oxford grey and black. This material will soon be unobtainable at any price. Per yard, 90c.

Most Extraordinary Indeed Are the Whitewear Values for Today

Very Smart Hats

Just Out of Our Workrooms Priced \$8.50

Our own designers have made charming reproductions of much higher-priced models to sell at this very moderate price today. They are fashioned from the popular liseret and Milan braids, in a host of colors and in black, and are trimmed with lacquered feathers or flowers, or with circ. Do not miss seeing them today. Price, \$8.50.

Ready-to-Wear Hats

We would direct the attention of business and school girls to the very chic tailored shapes we are specially displaying today; made from the fashionable braids, in all the new spring colors. Priced from \$3.00 to \$5.00.

Just Arrived--New Styles in Victor Shoes

This spring we have added new lines to our men's stock that are by far the best range we have ever offered. Character and style are found combined with the high-grade materials and workmanship that do not exist in ordinary footwear. We invite your inspection.

"Victor" Cosy, men's black kid Blucher cut, on easy last, made with kangaroo toecap, medium weight, English-oak tanned leather soles; suitable for spring wear; low; comfortable heel; sizes 7 1/2 to 10; widths C, D, E. Per pair, \$12.50.
"Victor" Elite, of dark brown calf, laced, on English recede toe last; blind eyelets, medium weight oak tanned sole, hazel heel; sizes C, D, E. On sale today at, per pair, \$12.50.

275 Pairs Men's Patent Leather Boots, in Blucher style, with real calf upper; perfect fitting, full, round toe last; good weight soles, military heels. Very special value, per pair, \$24.50.

Women's New Cossack Lace Boot, made of patent cow leathers with high Cossack cut, white buck tops, plain vamp, light weight soles and low heels; sizes 11 to 2, per pair, \$4.50.

Also made in all white buck with neat perforated toe cap; sizes 8 to 10 1/2, price \$3.75; sizes 11 to 2, price \$4.00.

Countess Boots for Women

Two of the newest spring styles are here offered, while we have many others ranging in price from \$6.00 to \$9.00.
Style 225 is a beautiful shade of grey kid with long plain vamp, medium weight sole, with leather Spanish heel, aluminum plated, 3/4-inch top, lace style; all sizes, and widths AA to D. Price \$8.00.
Style 222 is the same style as above, made of soft shade of brown kid; sizes 7 1/2 to 7; widths AA to D. Price \$8.00.

Two Attractive 3rd Floor Items for Young Folk Spring Reifer Coats for Children

They are an extraordinary value, too, being made of a splendid all-wool indigo dyed cheviot serge of just the right tone of grey; glossy black satin lining and brass buttons; two pockets with flaps; in just the right place to keep two little hands warm. We bought this lot at a very close price many months ago, so today's price represents a saving of dollars; sizes 2 to 6 years. Special \$6.00.

Misses' New Sweater Coats, Pure Wool, Exceptional Value Thursday, \$3.50--Made of lovely quality pure wool, with a softly brushed surface. The colors are coral, sage and Nile; newest spring tones; deep sailor collar with rolled front, and double knit cuffs are of white plain knit wool; smart three-quarter belt at waist to match in white; front and pockets touched with white; sizes 8 to 14 years. Today's price represents a saving.
