FIRST DAY OF TORONTO'S MARS STRIKE PASSES WITHOUT INCIDENT Settlement of Winnipeg's Troubles Appears to Be Rapidly Drawing Closer

ABITRATION OPENS FOR METAL WORKERS IN WINNIPEG STRIKE

Situation There Greatly Improves—Chances for Agreement Appear to Be Much Better—Many Strikers Ask to Be Reinstated.

Winnipeg, Man., May 30.—Senator Oliver Robertson, federal minister of labor, today sent the following message to the mayor of Ft. William and Port Arthur, Ontario:
"It is currently reported that a joint meeting of Fort William and Port Arthur trades councils has been called for this afternoon for the purpose of taking sympathetic action with Winnipeg workmen now on strike."
"After carefully going into the whole situation here, I am fully convinced that the general strike at Winnipeg deserves no sympathy from organized labor outside. The underlying motive in calling the strike is, in my opinion, undoubtedly intended to be a blow at international trade unions and in support of the 'One Big Union' movement, and with the probable intention of seeking to overthrow constitutional affairs and government both as to federal, provincial and municipal affairs."
"Emphasis cent east and west this week for purposes of obtaining sympathetic strike action in other cities is, in my opinion, wholly without justification, as the citizens of points outside of Winnipeg are in no way responsible for the strike here, and a general strike would be inconvenient as a result of this conflict."

Winnipeg, Man., May 30.—With arbitration of the differences between striking members of the Metal Trades Council of Winnipeg and employers in progress today, crowds of idle workers, for the first time since the general walkout, May 10, paraded the business district, jeering non-union workers but offering no violence. Officials of the railway brotherhoods are acting as mediators.
Because of the possibility of an agreement between the metal workers and their employers, municipal authorities made no effort today to operate street cars. Members of the citizens' committee postponed their proposed cleanup of the city streets and alleys and the dismissal of policemen who refused to sign the anti-sympathetic strike pledge was left for decision at a later meeting of the city council.

COMMONS ON MONDAY WILL DISCUSS STRIKES

Special to The Toronto World.
Ottawa, May 30.—There will be a race Monday between Dr. M. R. Blake, Unionist member for Winnipeg, and Ernest Lapointe, Liberal member for Kamouraska, as to who can catch the eye of Mr. Speaker first, and move the adjournment of the house to discuss the strike situation. Dr. Blake is likely to be recognized as Mr. Speaker's left eye is not always so keen as his right. Mr. Blake's motion reads as follows: Mr. Speaker—I have the honor to ask leave to move the adjournment of the house under rule number thirty-nine for the purpose of discussing a definite matter of urgent public importance, namely, the strikes in Winnipeg and other Canadian cities, together with all the circumstances, conditions and causes near and remote having any bearing on or connection therewith.

EX-EMPRESS AND SON MEET IN HOLLAND

Spent Several Hours Alone Together, and People Were Not Aware of Meeting.
Amersongen, May 30.—The former German empress returned to Amersongen castle late on Thursday evening after having met her eldest son, Frederick William, at Amersongen for the first time in two years. The mother and son went to the meeting place by auto from Amersongen and Wieringen, respectively.
On the outskirts of Amersongen the autos were met by General Wrangel of the Dutch army. The former empress and her son had lunch with General Wrangel, Secretary-General Kaan of the Dutch cabinet, Bureau-master Peeterboom of Wieringen and several others.
After the luncheon the former empress was alone with Frederick William for several hours. The inhabitants of Amersongen were not aware of the presence of the visitors, nor did the public of Amersongen know that the former empress had left the castle.
Yesterday was a national holiday in Holland, it being the religious festival of Ascension Day. The former German empress abstained from his usual occupation of sawing logs and attended services in the chapel at the castle at which Rev. Broer Weiss, a Moravian clergyman of Ziestal, preached.
The village of Amersongen was crowded with excursionists who were invited to obtain a glimpse of the famous refugee, but also he walked in the gardens he was completely hidden by the heavy foliage.

ASK LUCAS.

The Plug Hat: Would you mind telling me, worshipful sir, who is doing this free delivery?
The Fur Collar: Ask Lucas to appoint another royal commissioner, Peter White will take the case. And it may have been just another indignation!
The Plug Hat: That won't go any more, minister!

POLICE IN ENGLAND AREA FREE STRIKE

Liverpool Has Already Decided in Favor, and London Force Balloting.

London, May 30.—A strike of policemen in London and in Liverpool, and in other provincial cities, is threatened. The metropolitan police of London are balloting on the question, while the men at Liverpool already have voted to stop work next Monday night.

The result of the ballot being taken by the metropolitan police will be announced Sunday. The ballot will decide whether the strike will begin Tuesday. A majority of the metropolitan force is said to be in favor of a strike.
While the question of wages is the reason for the threatened strikes in London, the government has agreed to increase the wages of the metropolitan force to be retroactive to April 1. The policemen want recognition of their union and the reinstatement of certain men who were dismissed. The government has refused these demands.

General Sir C. F. N. Macready, commissioner of the metropolitan police force, today issued an order that any officer or man failing to report for duty will be dismissed, and under no circumstances will he be permitted to rejoin the force. The commissioner announced further that he will not accept the excuse that the men are unable to parade because of intimidation. The order concluded: "Officers and men will, if necessary, defend themselves by all legitimate means if they are interfered with."

SENATOR ROBERTSON TO LEAVE WINNIPEG SITUATION THERE IS SO MUCH IMPROVED THAT LABOR MIN- ISTER CAN GO BACK TO OTTAWA

"We have had very reassuring telegrams from Senator Robertson at Winnipeg," declared Sir Robert Borden in the house this afternoon. He went on that Senator Robertson reported that conditions in Winnipeg were improving; that the railway mail clerks to the number of 110 had returned within the time limit; that there were many applications, very largely from returned soldiers, to fill the vacancies in the postoffice. Further than that, a great many of the active employees had returned to work, the clerical in a body. The situation was greatly improved, Senator Robertson proposed to leave for Ottawa tomorrow morning.
Mr. McKenna asked for information regarding yesterday's conferences with employees and employers in the Toronto metal trade. Sir Robert, in reply, outlined the proceedings of the conference, stating that what was urged on the two sides was that either the question at issue should be submitted to the investigation of persons appointed by royal commission or submitted to arbitration. No agreement was reached, although a great many proposals were made. The final result was that the employees made a proposal in writing that the question of the 44-hour week should be referred to arbitration. The proposal was submitted by the men's representatives to the men in Toronto, but they did not accept it. "We endeavored," added Sir Robert, "to have the offer accompanied by other conditions, but it was not acceptable, but it was presented finally to the men in writing. A considerable number of men have gone out on strike."

MRS. J. BRUCE ELECTED PRESIDENT I. O. D. E.

Montreal, May 30.—Mrs. John Bruce, lately treasurer of the Independent Order Daughters of the Empire, and wife of Col. John Bruce, registrar of the admiralty section, Toronto city hall, was elected president of that order, vice Mrs. Gooderham, retired, at the convention meeting last night.

OMISSIONS AND RESERVATIONS IN AUSTRIAN PEACE TERMS

Greater Part of Summary is Devoted to Clauses Practically Identical With German Treaty.

Paris, May 30.—A summary of the skeleton of the Austrian treaty submitted to the smaller nations Thursday for examination, is remarkable chiefly for its omissions and reservations. Subject after subject heading is followed either by a non-committal display of blank paper, resembling a Swiss flag, or by the words "discussed" or "not determined in the treaty."
Part three contains political clauses including also some of the reserved geographical provisos, and clauses establishing mixed commissions to determine the latter. The sections referring to Italy are all omitted. Others deal with the future relations of Austria with Czechoslovakia, Jugoslavia, Poland, Hungary and Rumania. Here are found the stipulations for the protection of racial minorities, which, so far as the minorities in Austria are concerned, are to be embodied in a "bill of rights" as part of the Austrian constitution.

REPARATIONS CLAUSE BLANK

Then come parts dealing with Austria's renunciation of all rights outside of Europe; military, naval and aerial armaments, which hereafter will entail virtually no expense for Austria, and the return of prisoners of war.
Part eight on reparations, is blank. Part nine, dealing with finance, may be changed as a result of the representations of the new states. The economic clauses and aerial navigation regulations are identical with those in the German treaty.
Part twelve, on ports, waterways and railways provides for commercial outlets southward by water and rail. These details already have been covered in the report of the inter-allied ports, waterways and railways commission. Part thirteen contains the international labor convention, and part fourteen various miscellaneous provisions of minor importance.

RETURNING SOLDIERS

Troops from the Carmania and Regina are arriving today. The first train from the Regina reaches Exhibition Camp at 10:30 a.m. Trains from the Carmania are due during the afternoon at hours not yet specified. Names will be found in yesterday's issue on page 11.
The soldiers docked at Portland yesterday with wounded and sick on board. List will be found on page 5.

PREPARING PLANES FOR TRIAL FLIGHTS

Vimy-Vickers' Crew Hope to Be Ready by King George's Birthday.

St. John's, Nfld., May 30.—Assembling of the Vimy-Vickers machine for the transatlantic flight is progressing favorably. The crew is trying to complete the work in time to give an exhibition flight next Tuesday. King George's birthday, but it is doubtful whether the plane will be ready before Wednesday or Thursday. Preparations for building a hangar for the bomber also are advancing.
Admiral Kerr of the Handley-Page outfit arrived here today from Harbor Grace to remain until Monday. He said he hoped to have his machine ready for a trial flight by the end of next week and to take off for the transatlantic trip the following week. Frederick P. Raynham, pilot of the Martinsyde plane, is making progress in repairing the fuselage of his plane, injured when the machine crashed to earth in attempting to hop off with Harry G. Hawker Sopwith. Raynham and other parts of the new engine and other parts of the Vimy-Vickers were steamer yesterday.

STRIKE STOPS POLICE LEAVE

Chief Grasett Given Free Hand to Swear Specials.

The police commissioners at a special meeting yesterday afternoon favored giving Chief Grasett a free hand in the way of expending money for the taking of special constables during the strike should an emergency arise and the police unable to handle the crowds. The police are not anticipating trouble with the strikers, but Mayor Church asked that a special session be held in order that everything would be in readiness to provide adequate police protection. Chief Grasett does not intend taking on any recruits other than soldiers returning from overseas at present. An order was issued to all police divers to report for duty today, cancelling the annual holiday leave. Thirty-two members of the department who have been on the annual vacation of 14 days are due to return to duty today, and the men who were scheduled to commence their two weeks' holidays have been notified to continue on duty. It is understood that the leave has only been cancelled for a few days pending strike developments. The men will continue to have their "week day off."

PARTITION OF TURKEY INCENSES ALL TURKS

Paris, May 30.—Constantinople advices received here are that the effect of the partition of Turkey is being discussed over the proposed partition of former Turkish territory, and that a nationalist movement has started in which both the old Turks and the young Turks have joined.
The advices add that the Russian Bolsheviks, under cover of this nationalist movement, are starting an agitation of their own.

JUGO-SLAVS ARE SUCCESSFUL AGAINST GERMAN-AUSTRIANS

Basle, May 30.—An official statement issued at Laibach by the Jugo Slav officials concerning the operations against the German-Austrians, says:
"The German-Austrians at the beginning of May surprised our weak garrisons in Carinthia without reason, rebelled them and crossed the line of demarcation. Our attempts to induce them to evacuate this territory failed during negotiations, and later they bombarded our advanced posts incessantly. Our soldiers received the order to attack on Wednesday, the attack is developing successfully."

And so it may be with the Toronto general strike—it may pass for a general strike in the dusk, with the lime-light behind it.
The public are solemnly informed by fifteen dictators sitting in constant conclave at the Labor Temple that a general strike of labor is in effect in Toronto. No one would, of course, be so rude as to doubt their word that at least 11,000 men of the Queen City have quit their jobs, and more are expected to join the ranks before the night is out.
A well-known judge once said to a lawyer who was pleading on a particularly weak case before him: "Give me evidence. Evidence is the only thing that speaks here." The judge's remarks are very applicable to the present so-called general strike in Toronto. There was little or no evidence yesterday that the calm bustle of the city's commerce was in any way disturbed. Church street must, however, be excepted from that statement, for there was a certain amount of excited animation in that vicinity.

PARLIAMENT TO MEET AGAIN IN THE FALL

Ottawa, May 30.—Continued delay in the signing of the peace treaty will probably mean an autumn session of the Dominion parliament. Following its formal signature by the various plenipotentiaries, the treaty will have to be ratified by the various legislative sessions of the Dominion parliament under the treaty is signed, as now seems likely, a special session for Canadian ratification might be necessary to avoid delay in the formal proclamation of peace.
The official intimation of a fall session of parliament came as a surprise. It is interpreted in some quarters to mean that a compromise in the tariff question is being arranged. The western Unionists, it is believed, will be greatly relieved in dealing with the budget this session by the assurance that parliament will be called together again in a few months.

London, May 30.—Premier Lloyd George in his speech to the Welsh division at Amiens last Sunday, declared, according to the South Wales Daily News: "We ask of the Germans: 'Gentlemen, you must sign. If you don't do so at Versailles, you shall do so in Berlin. We are not going to give away.'"

Vancouver, May 30.—If Vancouver is to suffer a general strike, it will take effect at 11 o'clock Tuesday morning next, June 3. This is the decision of the strike committee appointed by the Trades and Labor Council, to deal with the question, but the decision of organized labor in Vancouver as to the advisability of calling a sympathetic strike cannot be known until Sunday evening at 9 o'clock. This is the hour set for the meeting of the strike vote which the various unions have been asked to take amongst their members in Vancouver.
Full details can be obtained meantime as to what unions have commenced balloting on the strike question, but it is presumed the vote has been called in general way since the majority of the delegates to last night's meeting of the Trades and Labor Council were agreed on the immediate necessity for such a strike vote.

Isn't It Wonderful When You Come to Think of it

That in a few short years, the old-fashioned idea of getting measured for clothes has dwindled down to almost nothing?

The up-to-date man slips in and puts on his suit all ready for him, with no delay or long waits, try-ons and misfits. Modern skill and new methods have reached such a fine point that no man need go to a tailor unless, like the ancient Greeks, he is wedded to his idols.

Of course there are many shops who make so-called made-to-measure garments, but the man who takes a chance with them only does so once. Isn't it good common sense to see the finished garments, slip them on, note their lines, good and bad points, have them finished and sent home the same day? That is what we call real service. It's the modern clothing way and the good dressers are doing it that way.

With the advent of summer comes the demand for tropical worsted and Palm Beach Cloths. We have an excellent showing, and a price range that will appeal to you, from \$10.00 the Suit to \$70.00. Five minutes of your time in looking over our range is miles ahead of any description we can give you, and a heap more satisfactory to you and us.

In the Boys' Department

We have a big showing of Washable Suits, Palm Beach Suits, Extra Wash Pants, Shirt Waists, Belts and Hats. The rough-and-tumble Suits are finding great favor for the wee kiddies; in four shades from \$1.50 to \$1.95. Save washing and worry, as the latter is a killer on mothers.

The Summer Man

In a Summer Shirt, Nainsöok Combinations, cool Hose, a Wash Tie, invisible Suspenders, and a nifty Belt, is a man to be envied. Be the cool man yourself. We have all the fixings, and our expert Furnishing men will fix you up to the King's taste.

FIREMEN INCENSED BY DISMISSALS

Claim Appointments for Double Platoon Were Permanent.

VETERANS ONLY

Mayor Says Rule Regarding Appointments Applies to Brigade.

An undercurrent of dissatisfaction is apparent in the Toronto fire department. The questions of salaries and notices sent to firemen appointed when the two-platoon system was installed, that as they were only appointed temporarily until returned soldiers could be secured, their services would terminate next month, are reported to be the reasons for what commotion there is.

It is stated that when the estimates were before the city council, Fire Chief Smith, since retired, sent forward a recommendation for salary increases to all men below the rank of captain, which was rejected. The men asked for a board of conciliation, but this they withdrew when the board of control asked Chief Russell to make a report on the question of salaries by next Tuesday. It is stated there is a waiting list of 600 for positions in the fire department.

Regarding the statement that, despite a rule favoring returned soldiers, men were taken on on the understanding that if they made good their appointments would be permanent, a letter is quoted from ex-Chief Smith in support of this. The communication, dated May 23, which was sent to one of the men, says:

Ex-Chief Smith Says: "Dear Sir—Confirming our recent conversation as to your engagement on the fire department, would say that my understanding of same was this: 'At the time of installing the platoon system, returned soldiers not being available, I requested permission from the board of control to engage a certain number of men who had not seen service, as well as a number of men who were 27 years of age. I was given verbal permission by the board to do this, consequently you and others were engaged in good faith, with the understanding that if you fulfilled your duties satisfactorily you would be made a permanent member of the department.'

"Had I been notified at the time of conferring with the board relative to this matter, that those taken on other than returned men would be temporary men only, I would have engaged you with that understanding. But as I intimated previously, I was told to go ahead and have the platoon system in running order by Dec. 24, and in order to do this I had to take on you and others who were not returned men."

Yours truly,
Chief Russell

(Signed) "W. J. Smith,"
Chief Russell Says:

The notice given by Chief Russell reads as follows: "As your appointment is temporary, only extending from month to month until you could be replaced by a returned soldier who had seen active service at the front, which simply means that ultimately you will have to be released, and as it is distressing to have all members of this department on the benefit fund, I must discontinue your services, which I regret doing. However, I have no further alternative, as you will realize. Arrangements will be made to discontinue your services on June 15."

(Signed) "W. Russell,"
"The feeling of the men throughout the fire department is that the policy of the city in this case is anything but justice, and everyone is very much incensed over it," said George Allen, secretary of the Fire Fighters' Union. "When the men were first taken on, ex-Chief Smith took them on in good faith, with the understanding that they would be given permanent positions. It was at the time of the inauguration of the double platoon system." No blame was attached to Chief Russell, as he is merely carrying out the instructions of the board of control.

Mayor Says: Mayor Church says the civic rule, that only returned soldiers should be given permanent appointments, governed the two-platoon appointments. "We will have no trouble with the men of the fire department," Chief Russell is to report next Tuesday on all salary questions and complaints of the men.

GREAT LAKES STEAMSHIP SERVICE.

The Canadian Pacific Railway will, commencing Saturday, May 31st, operate Great Lakes Steamship Express trains between Toronto and Port McNicoll on the following schedule, with first-class coach and parlor car, running through without local stops.

Northbound. Leave Toronto 2.00 p.m., arrive Port McNicoll 5.15 p.m. each Wednesday and Saturday, connecting with the palatial C.P.R. Great Lakes Steamships leaving Port McNicoll on above days at 5.30 p.m. for Sault Ste. Marie, Port Arthur and Port William.

Southbound. Leave Port McNicoll Mondays and Fridays 8.20 a.m., arriving Toronto 11.45 a.m.

Great Lakes Service via Owen Sound is now in operation. Steamship "Manitoba" leaving Owen Sound 12.30 p.m. each Monday for Sault Ste. Marie, Port Arthur and Port William.

Full particulars from any C.P.R. Agent or W. E. Howard, District Passenger Agent, Toronto.

GOVERNMENT MARK TIME.

Premier Hearst had nothing to communicate last evening as to the government's attitude upon the strike or its intentions in regard to it, or upon any other subject of present or impending public concern.

PROTEST JEWISH SCHOOL.

Brunswick avenue residents are protesting an application for a permit for the erection of a Jewish private school to be located on the east side of that street, north of College street.

Of Such Light and Cool, Yet
Durable Materials as Home-
spuns, Palm Beach Cloths,
Tropical Worsteds, Summer
Weight Tweeds and Flannel
Effects---Such as Are
Listed Below

One of the beauties of Palm Beach cloth is that it may be washed in lukewarm
water, and if rinsed in fresh lukewarm water and stretched lengthwise indoors to dry,
may be ironed and made to look as if new.

At \$18.00 are Summer Suits in single-breasted, form and semi-form-fitting, two and
three-button styles, with soft rolling peak or notched lapels. Trousers have cuff, belt loops
and 5 pockets. It's a suit that may be obtained in either a medium grey, green striped cotton
and wool mixture, in flannel effect; or in a medium and dark grey union neatly striped home-
spun. Sizes 35 to 44.

At \$20.00 are Linen Shaded Palm Beach Cloth Suits, semi-form-fitting, 2-button style,
with soft roll notched lapels and medium width trouser, with cuffs and belt loops; also in steel
grey shades are suits of union worsted "kool" cloth, in 3-button patch pocket style.

At \$22.50 are Palm Beach Cloth Suits in khaki, sand or Belgium grey shades, and in
the 2-button, single-breasted, waist seam model. A few are in semi-form-fitting style, with soft
roll lapels, 2 breast and 2 body patch pockets with flaps and one button. Sizes 35 to 44.

Get a Bicycle!

Think of the exhilaration
of a trip to the country on a
bicycle! Up and down hills,
through villages you have
never seen before, past
beautiful fields, through the
woods, and, best of all, to
rest under a shady tree or by
a "bubbling brook" or a
lovely little creek, and part-
take of the welcome lunch.

If artistically inclined,
think of the wealth of ma-
terial for inspiration—the
quaint farm cottages, the
ravines, the woods, and
you're there in no time on a
"wheel," setting up your easel and
sketching to your heart's content.

Think of what it was like last year when the fellows all took
their wheels on a Saturday afternoon and went far out into the
country to the swimming hole, while those without a wheel were left
at home to roam around and wish for a bicycle.

Then on a week day what a relief to be independent of street
cars, with a bicycle to carry you to and from work. Think of the
car fares. There's a saving of time and money. And the bicycle
of today is the acme of comfort and easy riding. No bumps—the
new springy saddle accounts for that.

The new model of the Road King is especially suited for city
work. It is light, yet very strong, and will stand no end of hard
usage. It is fitted with studded tires guaranteed for two years,
extension handle bars, roller chain, three-coil saddle, steel mud
guards and a guaranteed coaster brake. These machines are guar-
anteed for one year. They're assembled in our own workroom, and
we recommend them. The price is \$37.50.

Equally well suited for city work, but better suited for work on
the rough country roads, is our Speedwell Truss Frame Model. The
double cross bar and truss fork give added strength to this model.
The frame is enamelled black, with a gilt stripe. The mud-guards are
of the motorcycle type with drop sides. It is fitted with the well-
known Kelly handle-bars and leather grips, a high-grade roller chain,
an easy-riding, three-coil saddle, Dunlop Traction-Tread tires and an
Eadie coaster brake. This bicycle is also equipped with a tool-bag
containing wrench, oil can and a repair outfit. The price is \$50.00.

On the Fifth Floor There's a Most Extensive Selection of Fishing Supplies

There one may choose a moderately-priced outfit for the boy
who fishes in the creek, or for the man who angles in the most
exclusive of fishing streams.

For the boy are Bamboo Rods, 9 feet long. Priced at 35c.
Hooks are 15c box; with catgut 18c half-dozen.
Other Bamboo Rods are priced at 85c and \$1.25.
A 50-foot Linen Line is priced at 25c.
A Silkline Line, same length, is priced at 50c.
"Bristol" Steel Rods, for bait casting fly or trout. Price, \$5.00,
\$10.00, \$15.00, \$30.00.

English Green Hart Casting Rods, priced at \$5.00, \$12.00,
\$18.00 or \$25.00—according to quality.

Pack Sacks of 12-oz. brown canvas, with shoulder straps and
two compartments. Priced at \$3.25.

An Enamel Silk Line, pliable and durable and a splendid long
distance fly line; 25 yards, 75c.

An Italian Enamelled Silk Line, with a smooth glossy finish,
black and green; 25 yards, \$1.00.

An Anti-back-lash Casting Reel, which eliminates the need of
thumbing the spool when bait-casting. Each, \$12.00.

A "Gold Bowl" Bait or Spoon, the upper part of which is
nickel finished. Each, 50c.

Trout flies tied on silk worm gut, with double loops, which
strengthens the gut just at the hook and prevents fly breaking off
before it is half used.

Such as Black Gnat, Black Hackle, Brown Hackle, Cow Dung,
Grizzly King, Jenny Lind, King Fisher, Montreal Parmachene Bell,
Professor Coachman, Silver Doctor, White Miller and Yellow Sally.
may be obtained at 5c, 10c, 25c or 50c each, according to kind and
make.

THREE PROMOTIONS MADE BY G. T. R.

H. C. Martin Appointed Freight Traffic Manager of Eastern System.

Montreal, May 30.—J. E. Dafrymple, vice-president in charge of traffic, Grand Trunk Railway System, announced...

Frank J. Watson, appointed general freight agent, vice H. C. Martin, promoted.

Mr. Meighen presented a bill to amend the Dominion forestry service and parks act.

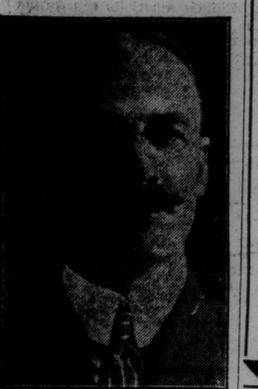

H. C. Martin to be freight traffic manager, vice C. E. Dewey, deceased.

F. J. Watson to be general freight agent, vice H. C. Martin, promoted.

Lorne Macdonald to be assistant general freight agent, vice F. J. Watson, promoted.

These officers will have jurisdiction over lines east of Detroit and St. Clair Rivers.

All the officers involved in the change are well-known in commercial circles.

Lorne Macdonald, to be assistant general freight agent on G. T. R. lines east of Detroit.

in Canada and the United States. They have risen to their present positions from junior clerkships in the service.

Mr. Martin, the new freight traffic manager, joined the Grand Trunk at Chicago in 1888 in the local freight office.

He was afterwards agent of the Lackawanna and Grand Trunk fast freight line, chief of the tariff bureau and assistant general freight agent.

Mr. Watson, who now becomes general freight agent, entered the Grand

Trunk service in 1884 in the freight traffic office in Toronto, his native city.

He was appointed traveling freight agent at Montreal in 1892, chief clerk at the district freight agent at Hamilton in 1896 and district freight agent at Stratford in 1897.

He returned to Montreal as district freight agent, and after holding that post for four years was appointed in 1911 assistant general freight agent of the system, an office which he has held until the present time.

Lorne Macdonald, who becomes assistant general freight agent, joined the Grand Trunk as apprentice clerk in 1887 at Montreal, was appointed secretary to the general freight manager in 1899, secretary to the freight traffic manager at Hamilton in 1903. He was transferred to Toronto as division freight agent in 1907 and has occupied that post until his present appointment.

CONSIDER ESTIMATES FOR AGRICULTURE

Hon. T. A. Crerar Has "Easy Journey" in Commons—Vote for Pensions.

Ottawa, May 30.—The house spent almost the entire sitting today in consideration of the estimates of the department of agriculture. The outstanding feature was the number of compliments paid to Hon. T. A. Crerar, the minister. Rarely does a minister have such an easy journey home, coming before the house for money.

Mr. P. R. McGibbon, the Liberal member for Argenteuil, did an unusual thing for a member of the cabinet, and he hoped this was not true, as he had been of great value to the country as minister of agriculture.

In summing up the conditions in the agricultural industry at the present time in Canada, Mr. Crerar said that generally speaking they were good, although there was some difficulty in securing a sufficient supply of farm labor.

The commandeering of the butter supply last fall was brought before the house by Mr. Robb.

A vote of \$2,000,000 for pensions in the European war and active militia was brought up for consideration in committee. Mr. Rowell stated that the total casualties in the C.E.F. were 212,812, of which 63,347 were killed and died from disease, etc., and the remaining 149,465 were wounded. The item was carried on the understanding that further discussion on it would be allowed later.

To Study Cost of Living. Mr. Meighen presented a bill to amend the Dominion forestry service and parks act.

The purpose of the bill is to take from certain Dominion forest reserves areas which have been found suitable for agricultural pursuits. They will be used for the soldiers' settlement scheme.

The house passed Sir Thomas White's resolution appointing a special committee to study the cost of living.

A new field of industrial co-operation made its debut last night in Toronto, and will be known to Torontonians as the council of public utilities. This organization, which is sponsored by Joseph Gibbons and other street railwaymen, is understood to be an advisory council representing all public utilities, and 14,000 men and women employed in them. Electricians, engineers, street railwaymen, and eleven other branches of the public utilities in Toronto are included in the membership. Closer co-operation between employer and employe is understood to be the predominant ideal of the association, which met and elected temporary officers at the Labor Temple last night.

ENACT SHORT WEEK, DEMAND ON HEARST

Col. H. Machin Calls for Special Ontario Session—Congratulates Beck.

Special to The Toronto World. Ottawa, May 30.—Col. H. A. C. Machin, M. L. A., for Kenora, has wired his congratulations to Sir Adam Beck upon the establishment of the forty-four hour week for employes of the Hydro-Electric Commission. He has also wired Premier Hoar urging him to speedily convene the Ontario legislature extra session for the purpose of establishing by law the forty-four hour week. The text of his message follows: Sir Adam Beck, chairman Hydro-Electric Power Commission, Toronto. "Heartily congratulations on the statesmanlike attitude and human sympathy which caused you to be the first in Ontario to recognize the rights of the workers by granting to the Hydro-Electric employes the forty-four hour week. I am writing to the prime minister, begging him to call a special session of the legislature to follow your lead, and enact laws for the whole province, as I urged him to do from my place in the house on the fourth March last. "By adopting this course the legislature of Ontario will save the province millions of dollars, untold suffering and bitterness of feeling between classes, as I am convinced it is the only method of averting the greatest industrial upheaval the province has ever seen, and as the Dominion government has declared that such legislation is beyond their jurisdiction it is up to the provinces to act immediately. (Signed) "H. A. C. Machin, "Member for Kenora."

Message to Premier. To the Prime Minister of Ontario, Parliament Buildings, Toronto: "I respectfully draw to your attention the statesmanlike conduct and humane sympathy shown by chairman of the Hydro-Electric commission in dealing with Hydro-Electric employes by granting 44-hour week. On March 4 last from my place in the house, I urged your government to adopt this principle in anticipation of the public upheaval in the province, and thus prevent the conditions which are general well-being of our people. Minister of Dominion government has stated in parliament that Dominion has no jurisdiction to pass eight-hour law, which is wholly within jurisdiction of the provinces. I solemnly urge you to call immediately special session of the legislative assembly for the purpose of enacting the measures I urged you to adopt last session, namely, 44-hour week, minimum wage, and abolition of child labor. By so doing you will save the province millions of dollars and untold human suffering and eliminate before they get a good hold the feelings of bitterness between capital and labor, thus preventing the greatest industrial crisis that has ever faced the province. You must ultimately do it, so better do it at once. (Signed) "H. A. C. Machin, "Member for Kenora."

FEMALE SAINTS IN WITNESS BOX

Give Evidence as to Why Funds Left When Bishop Did.

The suit of Bishop McGuire of Independence, Mo., against Bishop Evans of Toronto for an accounting of certain funds which the plaintiff claims were diverted by Bishop Evans for the use of his new church was resumed for the fifth day in the non-jury session court before Chief Justice Sir Glenholme Falconbridge yesterday.

A number of women of the Toronto church auxiliary appeared as witnesses for the defence yesterday and declared that the funds of the auxiliary were their own and were never accounted for to the church in any manner.

Mrs. Evans, wife of the defendant in the suit, one of the witnesses, was questioned regarding the loan by the ladies' auxiliary of \$1500 made to Bishop Evans. Witness said it was granted for safety from the officials, who were then to get at the money, they could grab. The money, stated witness, could have been taken back from the bishop at any time they so desired.

Held Much Property. Mrs. Evans said her husband had property in London, Winnipeg and Toronto, but she denied that the holdings in London and Toronto alone were worth \$80,000.

Mrs. Nettie Clark, who had been an officer of the ladies' auxiliary for eight years, said that the bulk of the funds had been used to reduce the church debt, but this action was voluntary and was not on account of contact by the branch. Neither, said the witness, had she ever seen or heard of a report being made to the branch. Other members of the auxiliary gave evidence, and some in reply to questions thought it quite proper for the following of Bishop Evans to take the funds with them when they left to go to his new place of worship. The case stands adjourned till Monday, when it will be resumed at Osceola Hall.

SHOULD HAVE GIVEN TESTIMONIAL

With a neat touch of sarcasm, Mayor Church remarked: "I am surprised that they did not present her with an illuminated address before she left." When the matter of the estate of Rev. de Lavelle was raised yesterday at the board of control.

"If that is the way our jail is being carried on the second day of the better," said Controller McBride, who moved that the provincial secretary be requested to hold a public inquiry into the matter. The motion was carried.

SOON WANTED AGAIN

William Hanwell, who was allowed to go on suspended sentence by Judge Coatsworth last April, when he appeared before him on a charge of having broken into the premises of Rev. Mr. Grey on Wellesley street, re-appeared yesterday on a breach of the O.T.A., and was sent to the Jail Farm for three months. Hanwell had been sent to the sessions by the police court officials, where he appeared primarily to answer the liquor charge.

PALE AND WEAK DESPONDENT PEOPLE

Owe Their Condition to Weak, Watery Blood—How to Regain Strength.

Every woman's health is peculiarly dependent upon the condition of her blood. Far too many women suffer with headaches, pains in the back, poor appetite, weak digestion, palpitation of the heart, a constant feeling of weariness, shortness of breath, pallor and nervousness. Of course, these symptoms may not be present in any particular case. They are merely a warning that the blood is out of order, and that it is thin and watery, and if you note any of these symptoms in your own case, you should lose no time in taking the proper steps to enrich and purify the blood. Anemia—poverty of the blood—is a most insidious disease and if allowed to run will end in a complete breakdown of the system. Dr. Williams' Pink Pills are beyond doubt, the greatest blood-making tonic offered the public today. For more than a quarter of a century they have been the stand-by of hundreds of thousands of people in all parts of the world. No other medicine has ever achieved such world-wide popularity, and the reason why is that medicine does what is claimed for it, enriches and purifies the blood, thus bringing new strength to every organ and every nerve in the body. In this way Dr. Williams' Pink Pills bring new health to weak despondent people. Among the many who speak highly of this medicine is Mrs. Louis D. Lash, Windsor, Ont., who says: "It would be impossible for me to recommend Dr. Williams' Pink Pills too highly. Some years ago I was very thin and pale; I suffered many of the symptoms of anemia, and always felt tired, depressed and weak. I had tried several medicines, but they did not seem to help me. Then I adopted the advice of a friend, I began taking Dr. Williams' Pink Pills. Before I had used half a dozen boxes I was actually feeling like a new person and had gained nine pounds in weight. I continued taking the pills until I had taken a dozen boxes, and from that time I have always enjoyed the best of health. I freely and joyfully give this letter in the hope that some woman in need as was, will see it and be benefited as I have been."

Most of the troubles that affect mankind are due to impure blood, and will promptly disappear if the blood is built up and renewed. If you are ailing, give this greatest of tonic medicines a fair trial and it will not disappoint you. Dr. Williams' Pink Pills can be procured through any dealer in medicines, or will be sent by mail at 50c a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

WARD ONE REAPS BIG TAX INCREASE

Assessment Figures Exceed Last Year's by Over One Million.

The assessment of ward one figures are a million dollars more for 1920 than 1919. There is a notable increase in exemptions, which is accounted for by the fact that land which has been reclaimed by the harbor board is assessed now. The increase in the building figures is largely due to the immense amount of building on Danforth avenue. The statistics for wards one, seven and eight show a total advance of \$3,768,258, and a rise in population of 3,351. The comparative figures for ward one are:

OPEN MEETINGS OR NONE, SAYS CAMERON

Board of control proceedings in secret do not now appeal to Controller Cameron, who absolutely refused to attend a private meeting in the mayor's office yesterday to discuss whether or not a legal representative should be sent to England to look after the city's affairs before the privy council. "An open meeting or nothing" is the controller's determination. If I want to say anything, I will say it at an open meeting, and not have it reported by another member of the board."

FLIGHT TO PLYMOUTH DELAYED IN SPAIN

Washington, May 30.—The American naval seaplane NC-4, after being forced to descend early today in the Mondongo river about 100 miles up the coast from Lisbon, was able to resume its flight at 9:35 a.m., and succeeded in reaching Ferrol, a Spanish port about 250 miles from the mouth of the Mondongo river. This information was received late today by the navy department, and it was presumed the NC-4 would leave for Plymouth, England, tomorrow.

Mayor Church has issued a proclamation calling on citizens to observe today and tomorrow, the anniversary of the battle of Jutland. He requests that flags be hoisted and displayed, and that services of a patriotic character be held in the churches.

WILLS AND BEQUESTS

Guy Frederick Warwick, who died in Toronto last April, left an estate valued at \$72,111. He left a life interest in the estate to his widow, and after her death he directed the estate to be divided among his children, Winifred May Rogers, Lillian Florence Stewart and Reginald Davidson Warwick.

CHOIRMASTER HONORED

Albert David, director of Victoria Presbyterian church choir, was presented with a magnificent music portfolio by the members of the choir as a token of their esteem, and the music committee augmented with a well filled purse.

NEW GENEALOGICAL SOCIETY

At the annual meeting of the Canadian Genealogical Society, recently organized by Mrs. Frank Egerton, the following officers were elected for the ensuing year: President, Lt.-Col. P. W. Macquenn; vice-presidents, Allen W. Johnson, E. B. Merrill; treasurer, Mrs. Mill Pellatt; secretary, Mrs. Frank Egerton.

DENIED NEGLIGENCE

John Givens appeared before Judge Coatsworth in the sessions yesterday, charged with criminal negligence. According to the indictment, Givens had collided with another motor car at the corner of Bloor and Borden streets on Nov. 10, 1918. One of the occupants of the other car, Mrs. E. J. Box, stated that she had received injuries to her nervous system as a result of the impact. Accused, however, denies negligence, and claims that he was going at a very low rate of speed at the time of the collision. The case will be concluded Monday.

INDUSTRIAL SCHOOL PRESENTS REPORTS

Theft Accounts for Twenty, Incorrigibility for Seven Commitments.

There were 315 boys at the Victoria Industrial School at the beginning of this month, stated Supt. Chester Ferris, of the school, in making his regular monthly report to the industrial school board, which held a meeting in the city hall yesterday with Beverly Jones in the chair.

During the months of March and April, stated the superintendent, there were 29 new commitments and 6 paroled boys were sent back. Of the new commitments 5 were from Toronto, 5 from Hamilton, 2 each from London, and 17 others from various counties in the province.

The causes of commitment as stated in the report showed: Theft, 18; house-breaking and theft, 4; assault, 1; general incorrigibility, 7; highway robbery, 1.

SCHOOL DURING SUMMER

The suggestion made by Mr. Ferris that the school department at the reformatory be kept open for the summer was fully concurred in by the trustees, who were also invited by the school to attend the cadet inspection which will be held on June 11. A new 12,000 gallon water tank has been erected at the school which cost \$1,002, while the other accounts stand as follows: Total expenditures, \$11,748.20, of which \$7048.20 is for general maintenance and \$4740 for permanent improvements and \$3734.55 for salaries.

It was decided to hold the annual meeting of the board at the Alexandra Girls' School on June 14.

The report for the Alexandra Girls' School showed a general improvement all round, there being 145 girls in the care of the school at the present time, while during the last three months there have been 10 new admissions. In the same period 15 girls were paroled, and five were transferred to the Orillia Home for the feebleminded.

GOT THIRTY DAYS MORE

George O. Wilson, an alleged professional film-flammer, who has already spent three months in custody, appeared before Judge Coatsworth in the sessions yesterday on a further charge of stealing \$50 from C. Benson, and \$10 from R. A. Daller. Accused was found guilty and was given an additional thirty days.

SHOULD ARBITRATE

Controller W. D. Robbins is of the opinion that the I. O. O. F. dispute should be settled by arbitration. Thousands of people should not have to suffer, he says, thru the failure of the employers and employees in one trade to agree to reach a settlement thru arbitration.

GRAND JURY MAKES MANY SUGGESTIONS

Electrocution Advocated, and Longer Sentences for Receivers.

William Hammal, 51 Indian Grove, one of the empaneled jurymen at the present sitting of the criminal sessions, and who is described in the preface of jurors as one with no occupation, yesterday described the grand jury system as a waste of time and money. He thought that the country would save more money if the cases came direct from the police court without the intervention of the grand jury. "There is no possibility that political influence will be brought to bear on the grand jurors," said Mr. Hammal.

Crown Attorney R. H. Greer described the vituperation as an onslaught on one of the oldest bulwarks of British liberty, while Judge Coatsworth explained that no man could be placed on trial for a criminal charge unless the grand jury had first investigated and found out whether the crown was justified in placing a man before the petit jury.

Mr. Hammal was afraid that the laws would be controverted by influence and pressure, and because absolute impartiality was not possible, might never come before the petit jury.

Want Maximum Penalty. The grand jury in their presentment advised the maximum penalty in cases of receiving as a means to closing the excellent market they say exists for stolen goods, and so putting a stop to theft; and longer sentences for those sent to the Mercer, as they thought the women might turn out to be good citizens if they were longer subject to the discipline of the institution. The men's quarters at the jail, they thought, could be improved, and the sterilization process, to a more suitable location where there would be room for expansion.

At the hospital for sick children the jurors were particularly impressed with the care taken in the preparation of food, and commented favorably on the pasteurization of milk and the sterilization process as far as the milk is concerned. They also expressed themselves as heartily in accord with the bill before the house of commons, providing for the electrocution of prisoners sentenced to death. Sixteen true bills and two no bills were returned.

MILITARY TAKE NO PRECAUTIONARY STEPS

No trouble is anticipated by the military in the event of a general strike in Toronto, and therefore no precautionary measures have been taken in that respect, so said Brigadier-General Gunn, officer commanding military district No. 2, who interviewed on the subject by The World last night. The general was decidedly of the opinion that the leaders of the strike would not resort to extreme measures to gain their ends.

HARBOR CADETS AGAIN CARRY CORPS COLORS

Harbor cadets to the number of 260 paraded on the campus of the college yesterday afternoon. They were drawn up in mass formation under command of J. W. Adams and Lieut. E. T. Young. Col. Higgins took the salute on the march past. The boys were put thru battalion company and extended order drill, and were principal of the cadet corps, and the principal of the school. They bear the crest of the late Lord Roberts.

City Will Cease Paying Taxes for Base Hospital

The city is to pay the \$7,096 taxes on the base hospital for 1919, but the board of control has sent a notification to the military authorities warning them that their lease terminated this year, and that no more taxes will be paid by the municipality.

G. G. Routledge Recommended To Fill Randall Vacancy

Commissioner Harris recommended to the board of control that G. G. Routledge be appointed to the position of superintendent of waterworks distribution, to succeed W. H. Randall, who has resigned. The salary recommended is \$4,000, and the board will consider this later.

MISS AGNES KNOWLES DIES FROM HEART FAILURE

The death occurred on Thursday evening of Miss Agnes K. Knowles, daughter of the late James Knowles, produce merchant at 458 Yonge street. The deceased was born in Aberdeen, Scotland, and came to this country with her parents in 1861. She was an active member, and earnest worker in Westminster church for over 30 years, having taught in the Sabbath school, and was prominent in the mission work and the general welfare of the church. Until her illness last winter she was diligent in sending comforts to the soldiers overseas. Her death was due to heart disease. She is survived by one sister, Isabella, and three brothers, James, Joseph H., and Peter C., all of this city.

The Prince and the Canadian National

Now that it is settled that the Prince of Wales is to visit the Canadian National Exhibition at the end of August, there should be a royal effort put forth to make the occasion one genuinely worthwhile.

The men who have served with him at the front are unanimous in their opinion about him. There is no snobbery or side or any other society defect in his character.

This being so, one obvious thing is to organize a huge soldiers' day for the Exhibition. All the returned men who can come from far and near should be paraded and reviewed.

Another thing that would add to the interest of the day would be the presentation of decorations. A very considerable number of our heroes are still without receipt of the honors they have been awarded.

There should be no difficulty about arranging this. The public can have their day, but the soldiers have a right to get one day at the big show all to themselves, and we believe the Prince of Wales would like to have it so.

St. Andrew's Church

A very fine effort was made by the members of St. Andrew's Church when the debt on the big King Street organization, amounting to \$50,000, was recently entirely cleared.

The debt was not on the church itself but on the institutional building on Simcoe street, in which it had been planned to carry on work suitable to a downtown district.

At the request of a large number of patriotic organizations who have asked me to issue a proclamation requesting the citizens to honor and celebrate the glorious and immortal victory gained for liberty and civilization by the noble men of the British Navy and British Merchant Marine at Jutland on May 31st and June 1st, 1916.

RECOMMEND SHIFT IN TARIFF CONTROL

Proposals at Mathers Enquiry—Twelve Reasons for Industrial Unrest.

Montreal, May 30.—"Take the tariff out of government control," was the advice given to the Royal Commission on Industrial Relations today by George Smith, business agent of the National Brotherhood of Operative Printers and the secretary of the Trades and Labor Council of St. John, Quebec.

Having taken the tariff out of governmental control, Mr. Smith urged that the government appoint an expert commission upon which the working man, the capitalist and the consumer will have representation, and this committee would have as its chief function the handling of all tariff questions.

Mr. Foster, president of the Montreal Trades and Labor Council, said: "There is danger, grave danger, of terrible suffering among the people, and it comes, it will be because of the ignorance and the blindness of Canadians who are leading the affairs of the masses."

Such a convention will arouse all people to the absolute necessity and understanding of acting in each other's interests, for the general good of all the people of the Dominion.

1. The workers are not properly represented in the governing body. 2. The growing conviction that the present government is largely controlled by the agricultural vote of the west. As a consequence no real effort seeking the control of food prices has been made.

PROCLAMATION ANNIVERSARY OF BATTLE OF JUTLAND

T. L. Church, Esquire, Mayor of the City of Toronto.

At the request of a large number of patriotic organizations who have asked me to issue a proclamation requesting the citizens to honor and celebrate the glorious and immortal victory gained for liberty and civilization by the noble men of the British Navy and British Merchant Marine at Jutland on May 31st and June 1st, 1916.

And in memory of and as a token of respect for the brave men who at Jutland gave their lives for the sacred and glorious cause of freedom.

And further in commemoration of the benefits conferred on mankind by the noble, historic and long career of the British Navy and British Merchant Marine.

I do hereby most respectfully and earnestly request the citizens throughout the city to hold special services in the churches tomorrow, Sunday, to commemorate the battle and honor of the day, May 31st, and Sunday, June 1st, to hoist the Union Jack to the mast.

The Rest Cure

"HOW are you this morning?" "I am not very well, and I do not see why I ever came to this place." "Why, this is a fine place to take the rest cure, and that is what your doctor has prescribed." "Well, it is no rest for me, for I have too much time to think and to worry. I could not get any sleep last night, and I know I shall never get better here." "Most people like it here." "Perhaps they do if there is nothing the matter with them. But if their nerves were in such a condition as mine they would be about as miserable as I am. I wish I had stayed home and used Dr. Chase's Nerve Food, that is what some of my friends advised." "Why not use it here. I know lots of people who have been cured by using it, and the rest will surely help some."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

THE LEAFS COME HOME IN THE LEAD

Eight International League Teams Split Even on Memorial Day.

Rochester, May 30.—The Leafs won and led here today. In the morning Purcell booted a soft grounder by O'Neill and it turned into a winning run. In an afternoon game, Walsh, playing short as substitute for Rodriguez, who was spiked, nobly waited for a slow grounder to bound easily to him, and it went as a hit. Gonzalez beating it out. Then he waited for another grounder and threw as dead that it too went for a hit. Both runners scored and so went the game.

For downright iron-head playing on the bases, the Bronchos outlasted any team seen here this season. In the afternoon game were turned into bush-league out by foolhardy and impossible chances. A few days at such a base-running would be a benefit.

In the morning game 23 players were used by the two teams. The Bronchos were used by the two in the fourth on a walk to Purcell. Whitehead's single and Holton's double. In the eighth they got two more on a single by Herche, Gonzalez's sacrifice, a single by Purcell, and O'Neill's triple. They tied the score in the ninth when Holden walked. Anderson singled him to third and Sandberg patted out a long sacrifice fly to center. Purcell started the tenth with a double and Whitehead a single by Rodriguez. Rodriguez as a pinch-hitter, fanned, and Holden stepped to Rodriguez. The Bronchos got two in the second and in the eighth when Herche was lifted and Peterson substituted. He walked Shinault, who batted for Orr, filling the bases. The Bronchos won in the tenth. O'Neill rolled an easy one to Purcell, who booted it. Shinault sacrificed, pitcher to first. O'Neill got to third on Brogan's infield out and scored when Rodriguez cracked a clean hit to left.

The second game was a beautiful pitcher's battle between Brogan and Jones, with Brogan doing the better work. The Maple Leafs didn't get a hit till the fifth inning, going out in order and didn't get a man to second base till the seventh. Whitehead made a great try in the seventh when he stole, stole, went to third on O'Neill's infield out and tried to score on Melnick's grounder to short but was doubled at the plate on a close play.

All thru the game, the Bronchos hit Jones consistently brilliant. Brogan kept them from scoring. In the second inning, Kelly walked, went to second on single hit. In the third, Melnick scored on O'Neill's line drive to left. In the seventh Pitt doubled and Walsh scored to left. Brogan pitched well. Whitehead threw him out easily. With one down in the eighth, Kelly singled, but Nagle hit on double play.

Rodriguez was badly spiked by Whitehead, who backed up in the eighth and in the seventh. The spikes knocked the ball out of Rodriguez's hands after the umpire called Rodriguez out and cut an artery in the Cuban's left wrist. Whitehead was declared safe then. Walsh went in to play short and he spilled the beans.

With Heck an easy out, Gonzalez hit to Walsh, who backed up on the easy Purcell hit and then threw too late to first. Whitehead did the better thing, and Walsh got the ball, but he didn't try to do what to do with it when he did toss clipped a sacrifice fly to center. O'Neill, sliding home on it, and Melnick singled to left, scoring Purcell.

VERA DE LAVELLE STILL AT LIBERTY

Corley Asks Ruth Masten to Remain in Jail During Remand.

Vera de Lavelle, who escaped from the jail Thursday afternoon, is still enjoying freedom from that institution, and up until the time of going to press the police had found no trace of her.

Katherine Masten, who also ran away with the Lavelle girl, but a few hours later was captured on Yonge street, appeared in police court yesterday morning and was remanded for one week on a charge of vagrancy.

Sheriff Mowat secured a report of the escape of the two young girls, and has handed it over to Inspector of Prisons Dunlop.

Interviewed yesterday regarding the getaway of McCullough's sweetheart, Mr. Dunlop said that if he had his own way the person responsible for the escape would not have a job.

The escape of Vera will have no bearing on the case of McCullough, who, if the jail can hold him, will be hanged in two weeks' time, according to present advice.

The case of Guard Currell, charged with aiding and abetting McCullough to escape, was remanded in the sessions yesterday. Vera Lavelle is the principal witness, but the police said last night that the disappearance of the girl will have no bearing on their case, even if she is not recaptured.

The detectives believe the Lavelle woman is still in the city, and are confident that they will locate her.

Business Women's Club Takes Out a Charter

With head offices in Toronto, and as directors Winifred Wiseman, Mary Ann Macmahon, Jesse C. Miller, Florence U. Ridout, Edith M. Brock, and Minnie McColl, the Canadian Business Women's Club has taken out a provincial charter. Among the objects of the club are giving women a fuller understanding of the duties of citizenship and encouragement of the free discussion of public affairs.

PLAYS, PICTURES AND MUSIC.

Miss Estelle Winwood as Polly.

The most convincing proof that Edward H. Robins strives to please his many patrons, and that he does not allow expense to stand in the way of getting the best of artists and attractions for the Robins Players, is proven when he introduces next Monday evening the Royal Alexandra Theatre, a limited engagement. When "Polly With a Past" was presented in England, Miss Winwood created the part she will be seen in with the Robins Players—"Polly." The production of "Polly With a Past" is a masterpiece of the usual lavish Robins scale, nothing even to the smallest detail being slighted. The usual matinee will be given on Wednesday and Saturday. Seats are now selling for all performances.

"Mickey" at the Grand.

The sensational film production, "Mickey," now playing to capacity at the Grand Opera House, will remain another week, the demand for seats for all performances warranting an extension of the engagement. "Mickey" is a picture out of the ordinary. It is a comedy drama picturized with all the details brought out in a manner that could not be attempted on the speaking stage. The thrilling adventures of the little mountain girl, Mickey (Mabel Normand), are cleverly trained by the camera, showing sensational race scenes on the turt between thoroughbreds, and on the road between an automobile and a locomotive. During the second and last week at the Grand, a matinee will be given every day.

Next Week at Shea's.

"The Girl With a Thousand Eyes," otherwise known as Leonia La Mar, returns to Shea's Theatre next week as the headline attraction. Miss La Mar possesses the uncanny gift of reading other people's minds, and her revelations from the stage are positively amazing. Eddie Carr and Company will be featured in the amusing comedy sketch, "The Office Boy." The Avon Comedy Four return with their collections of song successes in solos, duos and quartet numbers. Ann and Mary Mark are two dancing girls with some new steps, while The Gilding O'Mears have a number of unusual terpsichorean novelties. Marion Harlan is billed as "Syncopeation's Scintillating Star," while the Florence Duo offer something new in magic. The British-Canadian Pathé Review is always a welcome addition to the bill.

At Loew's Next Week.

How a fortune stands in the way of the happiness of a young couple is dramatically portrayed in Alice Brady's latest film success, "Her Green Chance," which will be shown next week at Loew's Yonge Street Theatre and Winter Garden. The story concerns Lois Gray (Alice Brady), a salesgirl, who is in love with Charlie Cox, New York's "Million-Dollar Kid," disinherited by his father. The heroine loves the wayward son better when she discovers he has been disinherited. Brady and Cox, famous for their laugh-making tricks, in a new act called "The Cruise of the Doug-

Lieut.-Colonel Barker, V. C., D. S. O., with bar, M. C. with two bars. Croix de Guerre with palms, will arrive in town on Tuesday morning from overseas after four and a half years' service. Colonel Barker lives in Winnipeg, and during his stay in Toronto will be the guest of his worship the mayor. He will probably address the Canadian Aero Club on Wednesday. Colonel Barker is the Canadian ace who took the Prize of Wales to France.

The University Schools were on the scene yesterday afternoon when the headmaster and masters gave a reception for parents. Mr. J. T. Crawford received at the entrance, Mrs. Crawford receiving upstairs in the large classroom, where an orchestra played during the afternoon composed of boys of the school. Mrs. Crawford wore black Vandyke net and jet with the corsage over pompadour brocade, diamond ornaments and a black hat with glycerinated feathers. She was assisted by her pretty young daughter and Mrs. Grogan, Mrs. Kilgour, Mrs. Ferguson, Mrs. Dunlop, Mrs. Cornish, Mrs. Scarrow, Mrs. Adams, who took luncheon at the table and coffee urns. The table was almost covered with Cluny lace, in the centre a brown basket of white lilacs and pink tulips, surrounded with many vases of exquisite lilies of the valley and pink sweet peas, every vase point in the room being filled with flowers. The many of the afternoon teas there were many attractions, a cinematograph, a pastiche, Balfour's pictures, scientific experiments in the chemistry laboratory and a large collection of war relics, the least interesting being a huge brass hand of the clock of the Cloth Hall at Ypres. Many weapons, one rifle, still stained with blood, whistles, British Hun was not mentioned, helmets of all sorts and altogether a most interesting exhibit, reflecting great credit on the boys who collected it from their friends.

The Ontario Medical Association was invited to the Dominion Orthopedic Hospital, Christie street, yesterday afternoon by Col. McVicar, when all the delegates and medical men and their wives made an interested inspection of the wards contained in the hospital, and listened to some treatments explained by the officers in charge, finally making their way to the perfectly appointed nurses' residence in the large, low-ceilinged room painted in a soft ivory tint, most effectively furnished with celitid curtains and Chinese blue rugs on the floor. The pillars supporting the roof were decorated with lilac, white and purple flowers, the base of each, making the room a delightful spot with their lotus and tulips and surely all the prettiest girls in town must be on the voluntary staff of this hospital, and they were seen to be so. The following names were present included Col. McVicar, Col. and Mrs. J. A. Roberts, Dr. Hamilton, Dr. Doolittle, Dr. Noble, Mrs. Rogers, Dr. and Mrs. J. A. Roberts, Dr. Milner, Dr. and Mrs. G. H. Cross, Bedford road, Sheehan (St. Catharines), and the British delegates and many from out of town.

Mr. Sidney Fisher, who has served in the royal navy during the war, and his sister, Miss Hazel FitzGerald, who has a V.A.D. certificate, have decided to stay overseas and are going into dairy farming in England.

Mr. W. H. Kerr, acting president of the University of Alberta, Edmonton, and Mrs. Kerr have arrived in town and are with Mrs. W. H. Cross, Bedford road. Mr. Arthur and Mrs. Carlyle McGill returned from a month's visit to Chicago. Calls from McGill from Siberia for Canada on June 5.

Miss Meta MacBeth, who is a Red Cross nurse at St. Thomas Hospital, and who has been in France since the first year of the war, expects to be demobilized in July and to return to the city. She has returned from Detroit and is at her home in the Alexandra. Mr. D'Alton MacBeth is spending the week-end with his mother.

Mr. Norman Coppinger gave a bridge luncheon yesterday afternoon at her home, Mrs. Dennison Dana, when the guests were very lovely with a glass stand of pink roses and a table of white with bows of pink ribbon at either end. The guests were Mrs. Wallace Barrett, Mrs. Charles Michie, Mrs. Gordon Gooderman, Mrs. Edward Gooderman, Mrs. Frank Coy, Mrs. Gurney, Mrs. Bootho, a few others coming.

Miss Amy Munro has returned from a visit to New York. Miss Mildred Montzambert, who has been staying with Mrs. Charles Walker, has returned to Ottawa.

Mr. A. Macdonald gave a very successful luncheon at her home in the billiard room, the last night of the year. The guests included Mrs. Bernard Wood, Mrs. H. H. Bloor, Mrs. D. Warren having given the use of the building for some years. Mrs. Macdonald square train and neckties and pearls. Mrs. Macdonald was very pretty in white chiffon coat, trimmed with silver and silver bandeau in her hair. The dancers monopolized the ground floor, the orchestra being one from exhibition camp. A buffet supper was served in the billiard room, the table fragrant with white lilacs and yellow tulips. A fry of the 125 present included Mr. and Mrs. Williams, Mr. and Mrs. Alan Worthington, Mr. and Mrs. B. Laidlaw, Mr. and Mrs. Harold Walker, Mr. and Mrs. Dickson How, Mr. and Mrs. Edward Martin, Miss Isabelle Saunders, the Misses Ince, the Misses Langmuir, the Misses Ogden Jones, Miss Philip Tidy, Mr. and Mrs. Macdonald, Miss Johnston (Quebec), Miss Betty Green, Miss Helen Lewis, Miss Betty Green, the Misses Burton, Mr. and Mrs. Mitchell, the Misses Helen, Betty and Wilmer Brough, Miss Jean Masten, Miss Betty Green, Miss Non Cronyn, Miss Major Clifton Sifton, Col. Kingsmill, Mr. Hamilton Rowell, Major W. H. Lytle, Mr. Fred Lytle, Mr. Gordon Lundin, Robert Hay, Mr. John MacKenzie, Mr. G. Morden, the Messrs. Sinclair, Major Sir John, Mr. Delamere Magee, Mr. and Mrs.

Mr. Frederick Symons, Los Angeles, California, is the guest of her brother, Mr. Daniel Lamb, 156 Winchester street. Mrs. Symons will remain in Canada until the autumn when she expects to return to Los Angeles.

A reunion garden party for members of the Association of the Women's Art at the galleries, Prince Arthur avenue, treated women present. Mrs. A. C. Macdonald and Mrs. A. W. Austin received in the garden, assisted by Mrs. Otto Kay, Mrs. Dignam, Mrs. Frederick Mer- na, Mrs. W. H. Clemes and Mrs. Moran. In the garden, assisted by Mrs. Otto Kay, Mrs. Dignam, Mrs. Frederick Mer- chell, Miss Hope Morrison, Miss Kitty Pepler, Mrs. Evangeline Bradford served tea in the garden, the table decorated with yellow tulips, the other table being on the verandah and arranged with crimson tulips. Among those present were Lady Moss, Lady Aylesworth, Mrs. W. Helmsman, Mrs. Todhunter, Mrs. Gerhart, Mrs. Carter, Mrs. C. Brown, Mrs. Randolph Macdonald, Mrs. Frank McCarly, Mrs. Haynes, Mrs. Cutts, Mrs. Smith, Miss Lindsey and Miss Murray were at the door; Mrs. Alfred Morsan, Mr. and Mrs. Dennison (Oakville), Mrs. J. E. Elliott.

Mr. C. W. I. Woodland has gone to New York for the closing of the Comstock School, returning with her daughter, Miss Helen Woodland, at the end of the week.

Miss Hutchinson is giving a dance on Wednesday evening. The Balmby Beach bowlers are giving a dance and supper on Saturday night at the clubhouse. The dances of the Parkdale Canoe Club commence on June 5. Captain Walker Bell, R.C.D., will return to town today, after being overseas for four years. Major William Eaton and Mr. Arnold

SURGEONS SHOW MODERN MIRACLES

Grafted Nerves, Noses, Bones and Tendons at Medical Association.

Perhaps there was no session of the meeting of the Ontario Medical Association more interesting than that of yesterday afternoon, when by invitation the members went to the Dominion Orthopedic Hospital, Christie street, where the work in various departments of the hospital was demonstrated. Patients were brought into the auditorium, affording the best possible illustration of the subjects which were demonstrated in so direct and intelligible a way that even the lay listener could benefit considerably.

How bone grafting is done was explained by Major Robertson, who used the blackboard and crayon with great dexterity, while he showed how the saw, hammer and chisel should be used to cut out the diseased bone and achieve fixity of the new. His statement, that bone which was not secured from the living organism could be as successfully used as that taken from some part of the patient where it might be spared, could prove successful, was courteously doubted by Mr. Hey-Groves, an English surgeon, both seemingly remaining convinced that they were right.

Cured Paralysis.
Lieut.-Col. C. Starr had several men ready as an illustration of what had been done to paralyzed hands by the transfer of tendons from some living part to the part affected. For example the tendon was lifted from under the skin of the forearm and transplanted in the apparently forever useless hand, with results which subjects present showed how they could use wrist, fingers, thumb and the entire member with ease. This had been brought about by various exercises after the tendon became active. The results of nerve,ature were demonstrated by Capt. Ford, who presented three cases showing varying degrees of recovery after complete paralysis of extension of fingers, thumb or wrist.

What had been done for amputated cases was shown by Major E. B. Robertson, who explained how the appliances used by various cases worked, and how they are made. One man who had lost both hands and part of both arms had apparatus which he could use artificial elbows and substitutes for hands, with which he could shave and perform other service for himself. Several cases with artificial hands demonstrated how these could be used with serviceable utility. Dr. Starr stated that they had been successful in building up the cheeks, and in one case the nose—artificial—of at least one patient. How dentistry is helping was shown by a patient who had acquired fixity of jaw which at first seemed almost permanent. By frequent use of an instrument used as a wedge, together with massage and a little psychology the soldier was rapidly coming back to normal. Mr. Thompson had charge of this part of the demonstration.

Hospital Activities.
The many activities of the hospital were touched upon by Col. McVicar. These are the securing of proper appliances from Davisville Hospital, visits of the doctor at regular intervals, electrical massage, the work of the gymnasium, and various operating rooms, "leave" to assist the patient in getting back to civil life, education including instructive and recreation films. An appliance which was the joint product of the thought of himself and his brother was shown by Capt. Taylor. The appliance is of rubber, and when placed on the wrist a pressure is secured which serves to throw a cleansing and healing fluid into every atom of the diseased part, and by a counter channel this fluid is entirely thrown off.

Many of the addresses of the forenoon were of a technical nature. An address on the working of the pension act was also on the program, the chief speaker being G. A. Kingston.

At the close of the afternoon meeting, a reception was held at the new nurses' residence.

REWARD FOR BABY.

Inspector Robert Martin, of the department for neglected children, stated yesterday afternoon that a reward of \$100 would be offered by the government for the recovery, dead or alive, of the missing baby from Mrs. Florence Gilly's "baby farm." Despite the efforts of private detectives who have made no trace of the infant, which was given out for adoption by Mrs. Gilly, has been found.

Tightens Her Skin Loses Her Wrinkles

"I want to tell you how easily I got rid of my wrinkles," writes Luella Marsh. "While in London a friend, much envied because of her youthful looks, gave me a formula for a home-made preparation which has the effect of instantly tightening the skin, thus smoothing out wrinkles and furrows."

The principal ingredient is powdered borax, which can be had at drug stores. An ounce of borax is dissolved in a half pint of water. After bathing my face in this but once the transformation was so marvelous I looked years younger, and the annoying creases about my neck, which I was unable to believe anything could remove, were gone. Several of my friends recommended the recipe have since similarly helped, and an elderly lady whose cheeks had become quite baggy, is a second witness.

DISEASE STATISTICS SHOW IMPROVEMENT

If the doctors should change their minds and become receptive of strike instructions the public will at least have the advantage of favorable general conditions. According to the provincial board of health influenza and pneumonia are decreasing. The actual number of deaths in May, 278, compares gratifyingly with 478 in April. It is noted with regard to influenza and acute influenza pneumonia that while these diseases caused about the same number of deaths acute primary pneumonia caused three times as many as the two combined.

The deaths were chiefly reported by undertakers, says the board bulletin.

There has been an outbreak of smallpox amongst the Indians of Walpole Island, Lambton county, where 42 cases occurred of the total number of 98 reported in the province for the month. Scarlet fever and diphtheria are more prevalent in the province, but there has been a marked decrease in measles of which 48 cases were reported during the month against 1,933 in May, 1918. Twenty fewer cases of venereal diseases are reported.

TORONTO TO NEW YORK CITY

A through train service from Toronto to New York City, leaving Toronto 5:45 p.m. daily, was inaugurated by the Grand Trunk Railway on May 4th. This train carries through coaches and sleeping cars, and arrives at New York at the Pennsylvania terminal, 33rd street and 7th avenue.

Also train leaving Toronto 4:00 p.m. daily runs through Buffalo, making direct connections at Buffalo for New York, coaches and parlor-library-buffet car Toronto to Buffalo, sleeping cars Buffalo to New York, and Philadelphia. The Pennsylvania station is so centrally located that it is a great convenience to the visitor to New York, and is in easy reach of some of the latest hotels, also the shopping and theatre districts. There is also direct tube service to and from Brooklyn.

COURT INQUIRES HOW CHILD GOT TONITE

A military court, under Major E. R. Vince, M.C., opened an inquiry yesterday into the circumstances surrounding the injuries sustained by Lawrence L'Estrange, 13 years of age, of 66 Dovercourt road, who lies in the western hospital in a serious condition as a result of an explosion, caused by tonite.

The explosive is alleged to have been secured at the Stanley barracks, where it was housed in a tar-papered shed, which was unlocked.

It is the purpose of the inquiry, which is private, to decide who is responsible for the explosive being accessible.

According to information, the explosive had been used to blow up a mine at the Exhibition camp in connection with the "Big Four Drive."

PREPARE WELCOME.

The returned officers of the 75th Battalion held a meeting at the Military Institute last night in order to arrange for a reception to the battalion which is expected home at the end of next week. The meeting was to organize a parade and smoker for the men on their arrival and a dinner for the officers. Lieut.-Col. McCauslan, Majors Watt, Page, Stanley and other officers were present.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are mild but thoroughly laxative which never fail to regulate the bowels and stomach, thus driving out constipation and indigestion; colds and simple fevers. Concerning Mrs. Gaspard Daigle, Demain, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him and now he is in the best of health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RETIRING OFFICERS PRESENTED

A reception was held at the home of Mrs. Henderson, Crescent Road, in honor of Mrs. Griffith Thomas, who for three years had held the office of president of the Canadian McAll Mission and of Miss Cavers, treasurer for thirty years, both of whom are retiring from the executive. Presentation of sufficient gold to support a French orphan for a year was made in appreciation of the work of the officers. Mrs. W. A. Walker voicing the appreciation of the members to Mrs. Thomas and Mrs. Saunders and Miss Cavers the same office towards Miss Cavers.

POWER COMMISSION PURCHASE PLANTS

The Hydro-Electric Power Commission has taken over from James Battle, of Toronto, his electric plant and transformer station in that town and the contract he held for approximately 1,000 horse-power. The hydro paid \$100,000 in four per cent bonds. The plant will likely be taken over by the town from the commission.

The provincial commission has also recommended to the city of Chatham that the Chatham Gas Co., which generates the electricity in that city, be acquired by the municipality. The matter is under negotiation.

Negotiations are under way for the purchase of the 28 miles of street railway owned by the Detroit United in the Windsor, Sarnia, Ford City district. Hydro engineers are making a valuation and Sir Adam will visit the district.

AMERICA'S SCOPE BROADENED BY WAR

Resulting Expansion in Fields of Commerce and Labor.

William C. Redfield, U.S. secretary of commerce, brought out some new points recently at the weekly luncheon of the Republican club in enumerating the advantages and disadvantages revealed by the war.

"At the time we declared war," Redfield said, "there was not a map of the Atlantic coast south of Norfolk that could have been of use to an artilleryist; and there are still more than 25,000 miles of coast there and in Alaska unmaped. This is not commercially of importance, but it may some day save the country."

Secretary Redfield warned that with the vast opportunities for trade expansion that will follow the declaration of peace, "America must send her commerce out into the seas as a servant of the nations and not as an exploiter of herself. He recalled the industries built up in the country during the war for the products of which America previously was dependent almost entirely upon Germany."

U. S. Lacked Science.

"We have sadly lacked what Germany started the war with," he said, "and this is the comingling with industry of science. Every German abroad was an agent of some scientific laboratory and for thirty-five years she had worked along these lines. But we have made many discoveries and many improvements."

BECAUSE OF STRIKES, POSTPONE G.W.V.A. MEET

Ottawa, May 30.—As a result of a decision reached by the executive committee of the Dominion Command of the Great War Veterans' Association of Canada, last evening, Col. W. F. Furney, Dominion president, announced that the annual convention of that association, scheduled for June 9-14, in Vancouver, B.C., would be postponed until further notice.

When pressed for the reasons which prompted this action, C. G. MacNeil, Dominion secretary-treasurer, stated that the members of the committee were influenced in their decision by recent developments in the strike situation, and would convene in emergency session at Ottawa immediately. No further pronouncement could be made, he stated, until that meeting.

Dr. E. T. Ede of Galt, Ont., Dies After a Month's Illness

Special to The Toronto World.

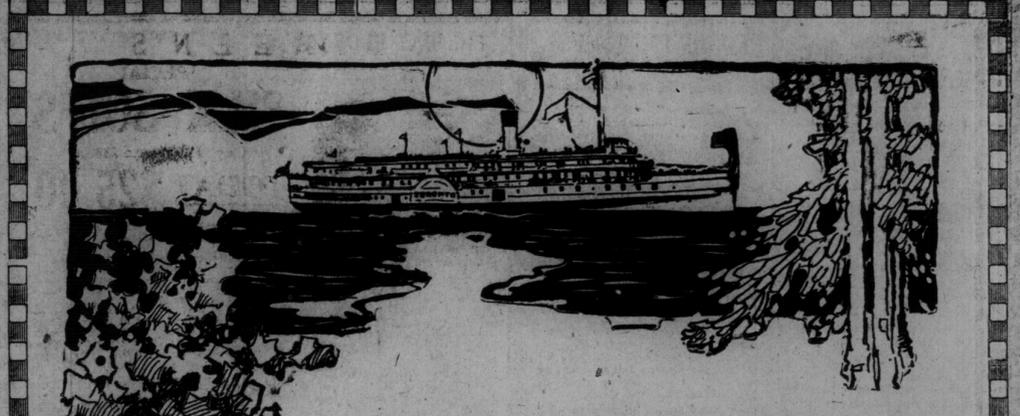

Galt, May 30.—Dr. E. T. Ede, aged 61, retired, passed away this morning in the hospital after a month's illness. He came to Galt last August to spend the rest of his days in retirement. He was a native of Essex County, and graduated from Toronto University. A widower and four brothers, three in Essex and one in Detroit, survive.

Bolshevists Report Sixty-Two Secret Societies in Canada

Montreal, May 30.—That there were 62 secret Bolshevist societies in Canada, and that those in Montreal had a membership of 15,000, was a statement made by Mr. Eugene N. D. Scholking, Russian diplomat, during a lecture given at the Club St. Denis under the auspices of the Alliance Francaise. Only three months ago, he said, a friend of Trotsky's had paid a visit of inspection to the Canadian associations.

Sir Robert Baden-Powell Now on Way to England

Quebec, May 30.—Sir Robert Baden-Powell and Lady Baden-Powell boarded the steamer Gramscian, outward bound from Montreal last night, on their way to England.

On their arrival here yesterday the distinguished visitors were taken to the Spencerwood, where they were the guests of Sir Charles and Lady Fitzpatrick, and a luncheon was given in their honor.

A HOLIDAY YOU WILL APPRECIATE.

The Muskoka Lakes have won a commanding place among the summer playgrounds of this continent. They draw their devotees each season from every centre of importance in Canada and the United States. The Muskoka group is composed of three large lakes and some smaller ones. The principal lakes, often called the "Three Graces," are Rosseau, Joseph and Muskoka. When you consider that Muskoka resorts are within three and one-half hours' ride by the Grand Trunk from Toronto, and proportionately accessible from many other large centres, no more delightful trip can be planned. A pleasant journey by train—a delightful sail from one to four hours through beautiful lake and island scenery—a sojourn at a well-conducted hotel or boarding house, including in such recreations as golf, bathing, sailing and fishing. For full particulars and booklet regarding the territory, apply to any Grand Trunk ticket agent or Union Station.

DOROTHY CHILCOTT RECITAL.

Last evening at Foresters' Hall a recital was given by pupils of Dorothy Chilcott, A. C. S. E., of the Ham-burgh Conservatory. A program of 13 numbers was given, the greater part being solo readings. The Sailors' Hornpipe and "Espagnola" were danced by groups of girls in costume. Mrs. J. M. Hamilton and Mrs. Aubrey Davis were at the piano. Despite the heat a fair sized audience enjoyed the program. The proceeds were for Syrian and Armenian relief.

POWER COMMISSION PURCHASE PLANTS

The Hydro-Electric Power Commission has taken over from James Battle, of Toronto, his electric plant and transformer station in that town and the contract he held for approximately 1,000 horse-power. The hydro paid \$100,000 in four per cent bonds. The plant will likely be taken over by the town from the commission.

The provincial commission has also recommended to the city of Chatham that the Chatham Gas Co., which generates the electricity in that city, be acquired by the municipality. The matter is under negotiation.

Negotiations are under way for the purchase of the 28 miles of street railway owned by the Detroit United in the Windsor, Sarnia, Ford City district. Hydro engineers are making a valuation and Sir Adam will visit the district.

AMERICA'S SCOPE BROADENED BY WAR

Resulting Expansion in Fields of Commerce and Labor.

William C. Redfield, U.S. secretary of commerce, brought out some new points recently at the weekly luncheon of the Republican club in enumerating the advantages and disadvantages revealed by the war.

"At the time we declared war," Redfield said, "there was not a map of the Atlantic coast south of Norfolk that could have been of use to an artilleryist; and there are still more than 25,000 miles of coast there and in Alaska unmaped. This is not commercially of importance, but it may some day save the country."

Secretary Redfield warned that with the vast opportunities for trade expansion that will follow the declaration of peace, "America must send her commerce out into the seas as a servant of the nations and not as an exploiter of herself. He recalled the industries built up in the country during the war for the products of which America previously was dependent almost entirely upon Germany."

U. S. Lacked Science.

"We have sadly lacked what Germany started the war with," he said, "and this is the comingling with industry of science. Every German abroad was an agent of some scientific laboratory and for thirty-five years she had worked along these lines. But we have made many discoveries and many improvements."

BECAUSE OF STRIKES, POSTPONE G.W.V.A. MEET

Ottawa, May 30.—As a result of a decision reached by the executive committee of the Dominion Command of the Great War Veterans' Association of Canada, last evening, Col. W. F. Furney, Dominion president, announced that the annual convention of that association, scheduled for June 9-14, in Vancouver, B.C., would be postponed until further notice.

When pressed for the reasons which prompted this action, C. G. MacNeil, Dominion secretary-treasurer, stated that the members of the committee were influenced in their decision by recent developments in the strike situation, and would convene in emergency session at Ottawa immediately. No further pronouncement could be made, he stated, until that meeting.

YORK COUNTY AND SUBURBAN NEWS

EARLSCOURT WHAT STRIKE MEANS

The news of the strike, when it reached Earlscourt yesterday, caused quite a little sensation, residents having come to the conclusion that the strike would be avoided. There are more industrial workers in the Earlscourt section perhaps than in any other part of the city, and the result will be keenly felt here, and the result will be keenly felt here, and the result will be keenly felt here...

CANNOT LAST LONG

A leading grocer on St. Clair avenue is responsible for the statement that the strike cannot last long as the families must not be allowed to suffer, and they will immediately do so, if the strikers hold out any longer of time. A large number of Earlscourt families run a weekly grocery bill and these bills have to be paid before they can obtain further credit. The Earlscourt branch of the G.W.V.A. are watching out in the interests of their members insofar as the strike affects them.

ST. CHAD'S SALE OF WORK

A sale of work in connection with St. Chad's Anglican Church, North Dufferin street, Earlscourt, is to be held next Tuesday under the auspices of the Women's Aid Society. Efforts are being made to secure a good sum in aid of the church building fund. St. Chad's intending to build an addition for a larger congregation.

RIVERDALE

G. W. V. A. DANCE

Despite the heat there was a fair attendance at the regular bi-weekly dance held under the auspices of the Riverdale Branch, G.W.V.A., in Fletcher's Hall, Danforth avenue, last night. The chief feature was the prize waltz competition, which was well contested. The proceedings were under the supervision of the entertainment committee.

KILLED BY MOTOR TRUCK

Little Dolly Graydon, aged 6 years, only daughter of Mrs. J. A. Graydon, 4 Wexeter avenue, was knocked down and fatally injured by a motor truck while crossing the road in front of her own home yesterday afternoon. The child was rushed in the ambulance to St. Michael's Hospital, but died on the way. The case is particularly sad, as the father of the child, a postal employee, died about a year ago as the result of an operation.

Little Dolly was a member of St. David's Church of England Sunday School, Harcourt avenue. Much sympathy is expressed in the district with the widow in her great loss.

BEACHES

Methodist Young Men's Club Elect Officers for Coming Year

The annual meeting and election of officers in connection with Beach Avenue Methodist Young Men's Club was held last night in the school room. Rev. A. T. Addison, pastor, occupied the chair. The following officers were elected: L. Mulholland, hon. president; Walter Carveth, president; Morwood Boothe, vice-president; J. Goding, secretary; Roy Smith, corresponding secretary; J. Derbyshire, treasurer; Rev. A. T. Addison, preacher; E. Brown and J. Willgrove, assistant preachers. The reports of the year's working were read and unanimously adopted. The president pointed out that the past year showed remarkable progress both in membership and finance.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and shiny, glossy and lustrous.

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again — "Fruit-a-tives" Brought Relief.

MR. LORENZO LEDUC, 3 Ottawa street, Hull, P.Q.

"Fruit-a-tives" is certainly a wonder. For a year I suffered with rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine, but without getting better, and thought I would never be able to walk again.

One day while lying in bed I read about "Fruit-a-tives," the great fruit medicine, and it seemed just what I needed, so I decided to try it.

The first box helped me and I took the tablets regularly until every trace of the rheumatism left me.

I have every confidence in "Fruit-a-tives," and strongly recommend them to every sufferer from rheumatism.

TODMORDEN

BACK FROM OVERSEAS.

Pte. Joseph Vernon, C. E. F., 92 Langford avenue, has just returned to his home from overseas. Pte. Vernon is the youngest son of the late Mrs. Vernon, recently deceased, who was prominent in religious and social circles in Todmorden, and for many years identified with Don Mills Methodist Church.

BOY SCOUTS' CAMP.

Under the auspices of Don Mills Methodist Church, the Todmorden corps of boy scouts will, by permission of Rev. W. H. Adams, pastor, have their camp in the orchard at the rear of the parsonage. The location is an ideal one, overlooking the river and the boys will be under the supervision of R. J. Sellers, scoutmaster.

BACK FROM WAR.

Walter Taylor, youngest son of Mr. and Mrs. J. H. Taylor, Don Mills road, has just returned after several years' active service overseas in France. Thomas Clifford, 190 Gowan avenue, is another Todmorden boy just returned with the Siberian forces. Both young men received a hearty welcome from their many friends in Todmorden.

EAST TORONTO

LAUNDRY CATCHES FIRE.

Burning rubbish at the rear of the dwelling, 544 Greenwood avenue, set fire to a Chinese laundry next door, 564 Greenwood avenue, at 5 p.m. yesterday, causing damage of \$100. The building is said to be insured. The fire reels were promptly on the scene.

LEASIDE

BUILDING ACTIVE.

Many solid brick residences are at present being erected on Merton, Balholl and other streets adjacent to Leaside. On Merton street at least a dozen houses are shown in various stages of construction, and foundations are at present being laid for a modern dwelling in Leaside for a local merchant, Mr. Wilkinson.

DANFORTH

"Ladies' Night" was held under the auspices of the Hope Methodist Men's Circle in the school room, Danforth avenue, last evening. There was a large attendance of women, who were royally entertained by the men. A program of vocal and instrumental items were rendered, and refreshments were served. Among those present were Rev. A. I. Terryberry, pastor, and Mrs. Terryberry. A very pleasant time was spent.

NEWTORONTO

FIFTY SEEK HOUSES UNDER TERMS OF ACT

Plans, land site and a loan of \$200,000 have been approved by the government agents responsible for the working of the housing scheme. All preliminary details have been arranged by the local commission, and a meeting will be held today to place the fullest particulars of the project before citizens who have made application under the terms of the act. To date fifty applications have been received by the commission, and the applicants invited to attend today's meeting. It is hoped that construction will be begun within two weeks. New Toronto has been wide-awake to the interests of the community, and was the first of the townships in York county to investigate and take advantage of the new legislation.

Work has commenced on the addition to the factory of the Goodyear Tire Company on the Toronto-Hamilton highway.

THE DAY IN OTTAWA

BY TOM KING.

Ottawa, May 30.—After a week of silence on the labor-trouble, parliament intent to tackle the situation on Monday next. The Liberal members have been receiving a good many letters and telegrams of criticism and protest over their week-end holiday. It was decided that Ernest Lapointe of Kamouraska should take the subject in hand. Mr. Lapointe is a thoughtful and conscientious man, who will probably have something to say to the house, and he has wired opposition members to be here and take part in the debate.

Dr. M. B. Blake, Unionist member for North Winnipeg, had arranged to bring up the question on Wednesday, but the Toronto-Niagara Power Company clause in the bill to amend the railway act has precedence on that day. The Liberals, at least, make this excuse for anticipating the member for Winnipeg. They will, therefore, move the adjournment of the house on Monday, and a lively debate is anticipated. How far the debate will go towards solving the labor problem remains to be seen, but there should be some benefit from the members of the house discussing inside the chamber what they are constantly talking about outside.

Col. Machin, who represents Kenora in the Ontario legislature, and has been more than once in the limelight in connection with the enforcement of the military service act, has called upon Premier Hearst to convene the legislature in extra session. He is a believer in the 44-hour week and is probably right in believing that the subject is one for provincial rather than Dominion legislation. He has also written the conservative Sir Adam Beck upon establishing the 44-hour week for employes of the Hydro-Electric.

It is doubtful if the government could put thru parliament legislation establishing the forty-four hour week even tho the constitutional objections were out of the way. The members of the house representing rural constituencies view with alarm the demands of organized labor. They say that it becomes every year increasingly difficult to procure farm labor, and the eight-hour day on a farm they look upon as an absurdity. Even tho the bill expressly exempts agricultural labor, the effect in their opinion would be to make work in the city more attractive than work on the farm, and to accelerate the depopulation of city wards which they view as appalling. In an event the Dominion government will gladly "pass the buck" to the Ontario government, Church of Toronto so adroitly passed on to Parliament Hill.

The house today went almost at once into committee of supply on the estimates of the department of agriculture, and such hunch-handed farmers as the chief Liberal whip, Lemieux, lost no time in taking part in the debate. The high cost of living of course, came under review, and the abuses that have grown up under the cold storage system. Mr. Robb criticized the government for the way in which they had handled the demand for butter from the old country. Instead of commandeering some of the twenty-five million pounds of butter then in cold storage the government had taken over all the butter produced by the creameries during the month of October and the first half of November, 1918.

The butter in cold storage, he said, had been held for the purpose of exploitation and had been sold at a price nearly double the price paid the farmer. He more than hinted that some people with inside information, including the chairman of the production commission, had bought up large quantities of butter a day or two before the order-in-council commanding the output of creameries for six weeks had been announced to the public. Finally he told the house that the embargo on the export of milk and cream had townships to sell their milk cows to American buyers, and that no less than three hundred thousand head had crossed the border last fall. Discussing the cold storage situation, Hon. Mr. Crerar expressed surprise that more municipalities had not established cold-storage warehouses as public utilities. He stated that the government stood ready to advance thirty per cent of the cost if any municipality desired to erect a municipal cold-storage plant. He believed that more would be accomplished in this way than by the government going into the cold-storage business.

It was observed that the opposition members treated Mr. Crerar with the greatest consideration. Mr. Lemieux congratulated him upon the appointment of Mr. Grisdale as deputy minister. Indeed, just at this time Mr. Crerar would have to be a very poor minister instead of a very good minister to draw any fire from members of the opposition. They are hopeful that he will soon leave the government, and the lamp in the window is being carefully trimmed and filled daily. There is probably little doubt but that the minister may break with his colleagues on the fiscal question, but a strong effort is being made to hold the government together and to keep its supporters in line in view of the labor situation and the spirit of unrest throughout the country that is becoming so manifest.

In This Week's "Digest" A Valuable Colored Map — OF — The New Germany

One of the most interesting features in the May 31st issue of The Literary Digest is a full-page colored Map showing the new Germany as it will be after the Peace Treaty is signed, and the old Germany as it was before the war. The Map clearly indicates the areas lost by the treaty, those to be awarded by plebiscite, and those to be made international territory. This map will prove invaluable as a present and future source of information and can be cut out and inserted in your encyclopedia, atlas, history, or other reference volume, where it will always be handy as a means of settling doubtful points.

There is a wide selection of authoritative, timely, and very interesting news-articles included in this week's "Digest," among which are:

A Word About the Editors of "The Digest"

The editors of most publications come into personal touch with the reading public through special articles, editorials, and so forth, in which they voice their individual views. Not so with THE LITERARY DIGEST, whose editorial policy is strictly impersonal, not a hint of the opinions of its staff on any question appearing in its columns. Nevertheless the editors of THE DIGEST are a very real and powerful influence in the community, because they determine the subject matter of the magazine from week

to week and its mode of presentation. Always their study is to be impartial and self-effacing, yet they leave their expert mark on everything that they handle, for they are all proved experts, each in his particular field, whether it be politics, art, science, religion, letters, or what not. They give you of their best, seeking for no acclaim, but constantly striving to present for your consideration all the news in all its bearings. Their quiet work gives THE DIGEST its acknowledged unique distinction.

The Easiest Way To Invest

Canada, following the example of other Allied countries, has made it possible for wage earners—men and women—to invest in safe securities without effort.

These securities are called War Savings Stamps.

The cost now \$4.04, but by compounding interest, the \$4.04 you invest now will be worth \$5.00 in 1924. There is no other security in which you can invest such a small amount that is as safe and that bears so high a rate of interest.

Or you can start with 25 cents, by buying a Thrift Stamp. When you have sixteen Thrift Stamps, you can exchange them for a War Savings Stamp.

You take no risks. The Government of Canada guarantees to pay you back your money—with interest—at any time during the five years, or to pay you in 1924 \$5.00 for every \$4.00 (and a fraction) you invest now.

Make Your Savings Serve You and Serve Your Country—Invest Them in War Savings Stamps.

War Savings Stamps can be bought wherever this sign is displayed.
