

## SYNOD OF NIAGARA IN ANNUAL SESSION

Bishop Clark Criticizes Easy Divorce Law—Announces Plan for Higher Stipends.

### TO COMBINE THREE FUNDS

Hamilton, Ont., May 19.—The morning session of the synod of Niagara, which is meeting in 46th annual session in Christ Church Cathedral, was occupied today largely with the charge delivered by Bishop Clark. His lordship dealt with social and economic ills, and the role which the church must play if they are to be eliminated. He delivered a scathing attack against the proposal of easy and cheap divorce and upheld the sanctity of marriage as a divine institution.

**Broaches Stipend Plan**  
His lordship dwelt also on the subject of stipends, and broached a plan which he had in mind to combine the \$1500 minimum for their clergy. He pleaded that the church should be "inclusive" rather than "exclusive," as too often it is at present, and he urged his conviction that the task which was to follow the forward movement campaign was to be hardest of all the follow-up work.

**Discusses Divorce Act**  
Declaring that the church would not permit to go unopposed the views being set forth in the press and popular literature in regard to marriage and family life, his lordship dealt at length and very forcibly with the proposed divorce act now under consideration at Ottawa.

Citing the causes which make popular divorce under the proposed act, the bishop pointed out that they varied but little from those of the present act, but that the facility and cheapness with which they might be obtained would soon be apparent and suggestive. The result, he believed, of such a measure would be most disastrous in its effects.

## MINISTER OF LABOR IN HAMILTON TODAY

May Prevail on Steel Company to Meet Committee of Strikers.

Hamilton, May 19.—The committee of ten appointed by members of the Steel and Operating Engineers' Union last week were in session again tonight, but it was announced that there were no new developments. Announcement was made today that Hon. J. G. Robertson, minister of labor, would arrive in Hamilton in the morning, and that he would confer with striking engineers and directors of the Steel Company of Canada.

The visit of the minister of labor was taken to be a hopeful sign by representatives of the men tonight, it being anticipated that he would prevail upon the directors of the company to meet a committee of strikers.

## COLLECTION BRISK FOR SALVATION FUND

Subscriptions Now Amount to \$41,000, and Some Clubs Have Not Yet Reported.

There was no let up yesterday in the enthusiasm displayed by those who are this week endeavoring to raise the \$100,000 for the Salvation Army jubilee self-denial campaign. Not only were the members of the G. W. A. on the job early, but so also were the members of the Kiwanis, Y. M. C. A., and others interested in the "early bird."

Mrs. Alderman L. A. Hamilton spoke with great enthusiasm of the important work carried on by the Salvation Army in every community at the mid-day lunch yesterday. She said that the principles of self-denial brought us down to the fundamentals of our national existence. She said that the Salvation Army appealed to her from many angles. Dr. Noble, chairman of the board of education, also spoke, and Controller Maguire, in a short speech, was very enthusiastic over the Salvation Army as an organization.

The Kiwanis Club has not yet reported any totals, so not counting them, and without counting one of the regular teams which has been reported, a total of approximately \$19,000 was stated as being collected from Tuesday noon to Wednesday noon. This makes a total to date of approximately \$41,000.

Among the larger subscriptions announced yesterday were: Sir John Eaton, \$200; Lady Eaton, \$500; Bank of Commerce, \$1000; Imperial Bank of Canada, \$1000; Best Cowan, \$500; Sir Edmund Osler, \$500.

## YORK COUNTY AND SUBURBS

### TOWNSHIP APPEAL FOR WATER SUPPLY

Commissioner Harris Again Stands Out in Opposition to Request.

### DECLARES CITY SHORT

Railway Board May Be Asked by the Township for a Ruling.

Another appeal was made to the city yesterday by the council and the details of York township to supply 50,000 gallons of water to that part of the township bordering on the eastern end of the city, and again they were told by Commissioner Harris of the works department that no water could be delivered. After the matter had been argued about an hour, Solicitor Spence and Deputy Reeve Graham of the township intimated that they would take their case to the railway board and endeavor to secure a ruling compelling the city to furnish a service.

They claim that under an agreement that was ratified by the legislature the city is obliged to supply water. Mr. J. H. Spence, who presented the case for the township, said they had 10,000 people in the township east of the Don in need of water. These people were getting water out of wells, which was very unsanitary, and an epidemic that might result in future would be a menace to the city as well.

### Must Build a System.

They were applying for 50,000 to 100,000 gallons a day, but the water would not be required for a year at least. He understood the city had a surplus of 10,000,000 gallons a day and 50,000 for the township would not make a very big hole in this surplus.

The districts needing this water, said Mr. Spence, will eventually come into the city, perhaps in five years, and therefore if the township put in a separate system now this system might have to be scrapped.

Controller Maguire: "If the city does not grant your request do you intend to build a system?" "We have got to," replied Mr. Spence. "Deputations are appearing before nearly every council meeting demanding water."

Continuing, the solicitor said his township was negotiating with Scarborough township for supply, in the event of the failure of negotiations with the city, and Scarborough, which is now building their system, were holding up their hands for a definite answer from York.

Reeve Fred Miller of York said it was just a question of whether the city was going to retard the growth of the Toronto suburban districts or not, and Deputy Reeve Graham pointed out the advantage of having York's system developed, as it would be Toronto's requirements so that there would be no waste of equipment when the districts served were taken into the city.

Engineer Frank Barber of York township said the city had been forced to supply a service to the western part of the township under an act of the legislature, and he felt that the same act might operate similarly in the interests of the east end.

Commissioner's Reply.  
Replying to these representations, Commissioner Harris said he had informed the township people several times, both by word and in writing, that the city had no water to spare in the east end. The city was spending \$200,000 to improve the distribution service for its own citizens in the east end. At the time the agreement was made providing a service for the western part of the township, said that nothing could be done for the east end. He had endeavored to have a duplicate system built, but so far had not been successful. Still one was available the city could not get another gallon of water without Toronto citizens suffering. An application had been made for an appropriation of \$600,000 to build another reservoir on the island, but this was turned down.

"How about the township building a reservoir?" asked Solicitor Spence. "Can you pump water to us?" "Our difficulty is in getting water into the city in sufficient quantities," replied Mr. Harris.

Questioned by Controller Maguire, Commissioner Harris admitted that the city was at present pumping 75,000,000 gallons daily and using 55,000,000, but 75,000,000 was the full capacity of the filtration beds and there were times last summer when 100,000,000 gallons were needed, and the city was obliged to turn raw water into the pipes.

"You are providing for the natural growth of the city," said Engineer Barber. "If you gave us some water we would take some of this growth without any extra demands on your system."

"Provision for our natural growth is not being made," replied Mr. Harris.

Members of the board finally decided to take the matter up next week and probably pay a visit to the district in need of water in order to get a thorough grasp of the situation.

It was decided also to look into the annexation question in the east end at the same time. A deputation from township school section 7 announced that they were in need of greater school space, and asked for a site between Donlands and Woodbine avenues and before planning for a new building they desired to know what the city's plans were regarding the annexation of this district.

### ERECT MEMORIAL WINDOW.

Contracts have been let for a memorial window and tablet to be erected in St. Clement's Anglican Church, corner of East Gerrard street and Jones avenue, in memory of the men of the parish who fell in the great war. The fund which was created two years ago under the joint A.Y.P.A., Red Cross and Women's Societies, with Chas. Smith as president, is now sufficient to meet the total cost of the memorials which will be erected towards the end of the year.

### NEED NEW SCHOOL AT WOODBINE HEIGHTS

The live question in school section No. 7, Woodbine Heights, at the present time is the erection of a new school in the southern portion of the district.

According to the statement of Robert McGregor, school trustee, the people must have school accommodation for the large number of children of school age unable to be received into the present school building, and who reside at the extreme end of the district.

The majority of the residents demand a school, but the large property holders who have no children of school age are opposed. A smaller number are in favor of annexation to the city, and are willing to shelve the question until the city council declares their intention re-annexation of the eastern section of York township.

### SAYS BRIGHT FUTURE FOR ST. CLEMENT'S A.Y.P.A.

The closing social gathering of the season for the St. Clement's A.Y.P.A. was held last night in the Sunday school room. A. Martin, president, in the chair.

An interesting address on the development of the A.Y.P.A. in Canada and the outlook for the future progress of the organization, was given by J. Hollingsworth, who pointed out that increasing membership can be anticipated from the large number of immigrants coming from the old land this year.

Over 100 members sat down to the enjoyment of an excellent banquet, after which a musical program was contributed. Games and other amusements were indulged in, and a very enjoyable time was spent.

### ST. CLEMENT'S SECURES SITE FOR PARISH HOUSE

A site for the erection of a parish house has been secured by the board of managers of St. Clement's Anglican Church, at the rear of the edifice, East Gerrard street and Jones avenue. The land has 101 feet frontage by 55 feet and cost in the neighborhood of \$3000. The building will shortly be erected. Rev. John Bushell is rector.

### Danforth Methodist Hear Reports From Departments

The annual congregational meeting in connection with Danforth Methodist Church, Danforth avenue, was held last evening. Reports from all departments were read and unanimously adopted. Rev. J. J. Coulter, pastor, occupied the chair. According to the various reports submitted, 1,414 members were received during the year being a net increase of 214 over the preceding year. Four thousand eight hundred dollars were raised for missionary purposes, and \$128 by the Women's Missionary Society; \$7,500 was paid in cash to the national campaign, and an amount of nearly \$30,000 income was received from all sources.

Refreshments were served and a short musical program was contributed during the evening.

### REV. SIMPSON AWAY.

Rev. R. J. D. Simpson, 54 Player boulevard is at present attending the British Columbia Conference, which is in session at Vancouver, and will visit other conferences in the west before returning to Toronto.

### MANY PERMITS ISSUED

Permits to the amount of \$35,000 mostly for dwellings were issued yesterday by York township building department according to the report of Wm. Dever, building inspector.

### EARLSBURGH CADETS DRILL.

### ST. CHAD'S TENNIS CLUB.

At a meeting held on St. Chad's Church grounds last night, it was decided to ask for tenders for putting the rear of the church lot facing the street under a tennis court, and laying out three standard-sized tennis courts, the land being admirably adapted for that purpose.

### EPWORTH SOCIAL.

The young folk of the Intermediate Epworth League held a pleasant social evening in Hope Methodist Church, Danforth avenue, last night. Ray Everett, president, presided, and a clever display of gymnastics was given, followed by sports. Refreshments were served and an enjoyable time was spent.

### STILL DIPHTHERIA IN SUBURBS

Diphtheria still has a hold on some sections of the west end of the city and suburbs. One of the houses in Cottage Row, Weston, is placarded. In West Toronto, the death of Ellen Magliacoma, of 2854 Dundas street, 4 years, occurred on Monday.

### Extra Service Via Grand Trunk Railway System Across Victoria Day Travel.

In order to take care of extra travel in connection with Victoria Day, extra sections of the following trains will be run on Saturday, May 22: Eastern Standard, Train No. 45, between Toronto and Allandale, first section leaving Toronto 4:30 p.m., second section at 4:50 p.m., stopping at Allandale.

Train No. 1 between Toronto and London, first section leaving Toronto 10:00 a.m., stopping at Sunningville, Brantford and Woodstock, arriving London 8:13 p.m., second section leaving Toronto at 6:00 p.m., making regular stops.

## BEACH HOUSING STILL MORE ACUTE

Tenants Waiting on Curb to Take Possession—Cost Stops Building.

The building situation in the Beaches district is becoming still more acute as the year advances. According to the statement of a prominent local real estate broker, conditions are going from bad to worse; houses, he states, are not now coming into the hands of the agents for rent.

The outgoing tenant informs a waiting friend, who immediately takes possession. The incoming tenant's furniture is usually waiting at the curb while the departing tenant's household effects are being loaded on their removing van. One real estate agent was given fortunate during this month, he claimed, having found three houses to rent for weary waiting families. In the neighborhood of East Gerrard street and Coxwell avenue, some twenty or more dwellings of the six-roomed type are being erected, but there is not much building activity in the Beaches district owing to the excessive cost of building material.

The demand for houses to purchase is still strong, with no immediate prospect of meeting demands. Several vacant lots on the outskirts have been secured by families who recently erected tents in lieu of homes and will no doubt as the cold weather advances, convert their canvas homes into real bag habitations.

### EVANGELIST BEGINS SERIES.

The first of a series of evangelistic services for young men at Waverley Road Baptist Church was held last night with a large congregation. Joseph Robinson, late of Belfast, Ireland, is conducting the series, which will close tomorrow evening.

### BAPTIST PARSONAGE REMOVED.

Waverley Road Baptist Church parsonage has now been removed to 135 Lee avenue to a more convenient building at 114 Waverley road. Rev. J. H. Boyd is pastor.

### ETOBICOKE PERMITS.

Two applicants to build \$4000 houses were given permits this week by the ETOBICOKE Housing Commission.

### CADETS DRILL DAILY.

### ANGRY MOB STORMS CAPITAL AT MENDOZA

Buenos Aires, May 19.—Police armed with carbines were quartered today in the Capital building at Mendoza, in the province of the same name, to close the province legislature. The Vice Governor issued the decree after a political faction had stormed the chamber and broken up a session. The chamber was about to open an interim to succeed Governor Lennox, who died recently. The storming of the chamber intended to elect.

Political feeling is running high and the governor has requested federal intervention, while a great number of the senate has asked that troops be sent to Mendoza.

### BRITISH LABOR ENVOYS START PROBE IN HUNGARY

Budapest, Hungary, May 19.—The delegation appointed by the British Labor party to investigate charges that Hungarian workmen are being deported to the government, has arrived here. The delegation includes G. H. Stuart Dunning, secretary of the British Postmen's Federation, and Independent Labor party.

The delegates were visited this afternoon by many friends of men in the British Columbia and communists. The delegates intend to facilitate visits by the British laborites to the prisons and internment camps. It is believed they are working for a general amnesty for the less dangerous elements.

### CANOEING TRAGEDY AT PLATTSVILLE.

Woodstock, Ont., May 19.—Miss Jean Murray, aged 21 years, lost her life by drowning in the Mill Pond last evening about five o'clock. The young woman who was a daughter of Mr. and Mrs. George Murray, Plattville, was canoeing in company with Anna Bluff of Rath, a canoeing instructor, and Miss Murray was precipitated into very deep water.

### HAMILTON

Hamilton, May 19.—Admitted to the deliberations on the floor of the house, was the status of a visitor, Rev. J. E. Hertherington, former pastor of St. Thomas' Church, hurled a fierce denunciation at assembled clergy at the session of the synod this afternoon.

Declaring that he would not sit down, that he was the British way, Rev. Mr. Hertherington said he had been out from the synod for three years, and was taking the only way open to him of citing his case.

Permission to the W. J. Westaway Company to construct a bridge across Simcoe street, to connect old and new factories of the Canadian Cottons, Limited, was recommended by the works committee tonight.

## SECRET INQUIRY BY JUDGE COATSWORTH

The Press Were Excluded From Part of the Proceedings for Reasons Not Given.

Fireworks at an arbitration seem so apart, that many exploded at last night's session before Judge Coatsworth as arbitrator between the provincial government and the eight returning officers whose remuneration is the subject for adjustment, appear to obscure the matter under deliberation.

At the commencement of the arbitration Judge Coatsworth suggested that the proceedings be held in private. To their suggestion all parties agreed. Subsequently the press was admitted but little was written in regard to the matter in dispute. The proceedings were considered solely a friendly arbitration, as suggested by Judge Coatsworth, and when findings were formulated the whole matter in dispute could be made known through the usual channels.

From obscurity the arbitration has been propelled into the status of an enquiry and from the personalities involved in before the arbitrator one would imagine that either side was vying with the other to put his opponent in wrong.

Officer Barton had many words bandied between them. It had mostly to do with the admission of the press. But why this earnest? Mr. Basil Essery, one of the returning officers, and who put forward the argument for them before Judge Coatsworth, informed The World last night that the returning officers did not care whether the press was admitted or no. "Our plea was and is that there is a disagreement between the present provincial government and ourselves (the returning officers) in regard to charges payable to us for services rendered in connection with the last general election, and also in regard to the referendum. The matter has been submitted to Judge Coatsworth and what ever he decides we will gladly agree with. Mr. Essery deprecated the personal feelings which had crept into the proceedings and he agreed with Judge Coatsworth's remarks that such should not have been formulated.

### Man Struck by Motor Car While Working on Roadway

Henry Boss, 21 Roxton road, was slightly injured at eleven o'clock last night when he was struck down by a motor car while working on the roadway at Dundas and Victoria streets. Boss was rendered unconscious and the police rushed him in the ambulance to St. Michael's Hospital. He was later able to go home. The driver of the motor car that struck him failed to stop his car when the accident happened and drove away without giving his name. The police are looking for him.

## DE VALERA'S CALL TO IRISH WOMEN

Bids Them Turn Out in Strength to Vote at Rural and County Elections.

New York, May 18.—Irish Nationalists, particularly women, were urged today by Eamonn De Valera, "President of the Irish Republic," to turn out in full force at the county and rural elections to be held in Ireland next month, in order "to expose the falsehood pressed by British propagandists that the desire to uphold the republic is weakening."

In a cable to Arthur Griffith, "acting president," in Dublin, Mr. De Valera, referring to the elections to be held under the system of proportional representation for minorities, used in the municipal elections last year, said: "Final success here it is essential that results of the coming county and district elections be decisive. Voters will understand that at this time all local considerations must be subordinated to the one vital national issue."

"The British strove to misrepresent results of the municipal elections. The same effort will be made to misrepresent the results of the coming county and district elections. Nationalists should unite to make results conclusively one-sided, that misrepresentation will be impossible. The women in particular, for it is they who are made to suffer most, should go to the polls to demonstrate that the design of British frightfulness has not been successful in its objective to break the nation's will."

The cabinet can now announce that it is possible to give immediate employment to every Irishman in the British police force in Ireland who publicly resigns, provided he had joined previous to the ratification of the republic by the people's vote and the formal establishment January 21, 1919.

### SURRENDERS HIMSELF ON OLD INDICTMENT

New York, May 19.—Marcel G. Seeley, formerly a captain in the British Coldstream Guards, who has been sought all over the globe since his indictment here six years ago on a charge of forcing a \$5600 draft, surrendered today to the district attorney's office. He was arraigned and held in \$2000 bail, which he supplied.

Seeley came here from Toronto to surrender. He advanced from private to captain in the war, in which he was wounded, gassed and shell-shocked. He now draws a pension from the British government.

### MONEY FOR MOTOR AMBULANCE

## MAY TAKE LIQUOR FROM LEGAL PLACE

(Continued From Page 1.)  
Harley Dewar approved the provisions of the proposed amendment as being fair to all parties concerned. He thought it should be discussed, preferably in committee of the whole house.

The trials and troubles of the Great Lakes Pulp & Paper Co. were discussed by Harley Dewar. The agreement entered into by the company required them to use Hydro power, but they do not now want to do so and legal action is pending in the courts.

The present position of affairs, declared the attorney-general, were not the result of any action of the present government, but were the result of the actions of the late government.

Mr. Dewar was of the opinion that the government should not have submitted the differences to the law courts; they should have settled it themselves. Premier Drury said that in exchange for the land grant the company undertook to use Hydro power. There was, however, some doubt about the grant, and the courts could deal with that. It was feared that the company was living up to its agreement, the land grant would be cancelled.

Hon. Thomas Crawford did not approve of the bill.

The premier saw no objection to the bill going to committee for discussion, but the government, in consenting to this did so without prejudice.

**Hydro Estimates Considered.**  
When the Hydro estimates were up for discussion R. R. Hall (Parry Sound) said the development work necessary for the coming year to criticism, and in the matter of estimating costs the method was decidedly loose. He trusted the present government would not be so easily mesmerized by Sir Adam Beck as the previous government had been, and that in its relations with the Hydro Commission strict business methods would prevail. Nothing Sir Adam has undertaken had been worked except at a loss, declared Mr. Hall.

As far as Parry Sound's experience with the Hydro Commission was concerned, Mr. Hall said it was anything but a happy one, and the town by going on its own independent of the Hydro, was money in pocket.

The right of way for the Port Credit line had been bought, yet the house knew nothing about it. That was a sample of the way the commission did business. Was it any wonder then that he wanted to know how the money was spent before voting it. After all, Sir Adam was a wonderful man, but he had gone so far that he is no longer responsible. (Laughter). He is going too far.

Col. Carmichael: It is unmanly to attack a man who is unable to defend himself.

Mr. Hall denied he was unmanly, and his record in the house would show he had never done anything unmanly. In attacking Sir Adam Beck, he was not attacking him personally, but as head of the Hydro.

### GOOD-BY \$75.

Edward Barrett of Cleveland reported to the police last night that he had been taken to a house on West Gerrard street by two men and robbed of \$75. Barrett came to Toronto yesterday and was en route to Vancouver. He had a large sum of money in United States notes, which he had changed to Canadian bills downtown. He was seized by the two, who claimed they knew him. They invited him to come to their home and have a few drinks. After being "rolled," Barrett claims he was taken to Queen's Park and left there. He gave the police a description of the men and last night they visited a number of houses in search of the robbers.

**BRITAIN FINANCED  
MEXICAN REVOLT?**

Witness Before U. S. Senate  
Committee Tells of 1917 Transactions.

Washington, May 19.—Charles E. Jones, who described himself as former volunteer agent of the department of justice, laid before the senate committee on Mexican affairs today a mass of correspondence, purporting to be copies of correspondence between the Felix Diaz junta in New York and representatives of the British government regarding financing of a new revolution in Mexico against Carranza. Jones testified he had obtained the letters while acting as agent for the junta.

One letter presented, bearing what was said to be the signature of Pedro Del Villar, head of the junta, and addressed to Diaz, was dated March, 1917. It said that "taking advantage of the Carranza-German deal, and assuring them of our friendly understanding" with the United States and your purpose of establishing a strong government favorable to the allies, I have completed an arrangement with Col. Roberts of the English embassy and Ellis Ashmead Bartlett of the English army. "By it (the arrangement) the English government will hand over to me as your agent through the person or corporation they deem most fit, funds necessary for the carrying out of your movement. The first instalment will be \$500,000 pounds."

A number of communications written prior to this, but during efforts to put through the arrangement were also produced by Jones. All were in code, but he furnished a copy of the key used.

The junta, Jones asserted, used the expression "Mr. Meddler," in referring to President Wilson in its correspondence, and "Mr. Champ" in referring to William Jennings Bryan, former secretary of state.

Lacrosse murmurings from Sarnia, per

have some worries ahead of them be-  
fore the championship is decided.

Will the secretary of the Ingersoll

## DOUBT BRUSILOFF SUPERSEDES LENINE

Official London Does Not Believe He Has Assumed Virtual Dictatorship.

London, May 19.—In official quarters in London reluctance is indicated in accepting as a fact the rumor that General Alexis A. Brusiloff, commander-in-chief of the Russian armies under the imperial regime, and now a member of the supreme command of the Bolshevik forces, has usurped the power in the soviet government in Moscow, wielded in the past by Nikolai Lenin and the other people's commissaries. But, while reluctant as to the contents of the more recent official advices from Moscow, officials show a willingness to attribute the interruptions in wireless communications with Moscow to an explosion and a fire.

It is hinted that there are grounds for believing that this "accident" may be traced to Polish machinations, timed to agree with the successes of the Polish aggressors in the region of Kiev.

It was pointed out today that several generals and other officers of high rank known to be associated with Brusiloff in the supreme command of the Bolshevik armies are among the most trusted of the Russian soviet commanders and that this would seem to negative the suggestion that Brusiloff has been constituted a virtual dictator, and surrounded by "light-weight" staff officers who are mere figureheads.

## HOME RULE BILL MEANS SEPARATION

Sir Edward Carson, in Commons, Again Voices Opposition to the Measure.

London, May 19.—The home rule bill was further discussed in committee in the house of commons today. No important changes were made. The discussions concerned the composition of the proposed council and the powers of the new parliament.

The only notable feature was another declaration from Sir Edward Carson, the Ulster Unionist leader, that the bill as framed was going to mean the separation of Ireland from England and that the government would be powerless to prevent the separation once these Irish parliaments with unlimited powers were set up.

This declaration was provoked by an amendment introduced by John A. Marriott, Conservative, which was defeated, proposing to enumerate the subjects of legislation for the new parliament.

Walter Hume Long first lord of the admiralty, replying to Sir Edward Carson, said that if Sir Edward's prediction that the imperial parliament would be unable to maintain its supremacy was well founded it would not matter what was put in the bill, because the last resort for protection of imperial supremacy was physical force.

The ideal train for Montreal. Leaves Toronto "Yonge Street Station" at 2:30 p.m. Eastern Standard time, daily except Saturday, via Canadian Pacific. Arrives Montreal 7:00 a.m., Eastern Standard, daily except Sunday. As daylight saving has been adopted by both Toronto and Montreal, this train provides a very appropriate hour of departure from Toronto, and arrival at Montreal. The train carries standard sleeper for Ottawa.

"Yonge Street Station," Toronto, is in the heart of the great residential section, and convenient to the downtown district. The Yonge street cars pass its doors.

U.F.O. to Call Convention To Oppose Sir Sam Hughes

Lindsay, Ont., May 19.—The U.F.O. of Victoria and Halliburton counties at a meeting held today decided to call a convention on June 10th, at which a candidate will be chosen to contest the Federal House against Sir Sam Hughes (Conservative), and any Liberal who may be in the field.

## Strong Women

By Dr. Valentine Mott

Women and men too—are just as strong and healthy as their blood. It is likewise true that a man or a woman is as young as his or her arteries. Vigor and health come with good blood. Without good red blood one has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is generally weak, tired and listless, a spring tonic should be taken. One that will do the spring housecleaning, an old-fashioned herbal remedy that was used by everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape root, Queen's root, Stone root, Cherry Bark, without alcohol—and made into both liquid and tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by the million bottles as Dr. Pierce's Medical Discovery. If druggists do not have it, write to Dr. Pierce's Invalids' Department, or you can procure a trial size from Dr. Pierce for ten cents.

## Plays, Pictures and Music

"In Wrong" Robins Players  
The first of the new plays to be produced by Edward H. Robins and his Players at the Royal Alexandra Theatre this season will be next week's offering when for the first time on any stage in the world, Mr. Sydney Stone's latest farce comedy, "In Wrong" will be offered.

"In Wrong" might truthfully be termed a "baby farce" for the plot, and there is a real plot, hinges the adventures of a young baby, the winner of the blue ribbon at a baby show. This helpless baby surely gets "In Wrong" and in getting "In Wrong" manages to get several other people "In Wrong," but the more trouble that is caused by friend baby the more the auditor is going to laugh and practically on the first act the curtain falls on the first act of the evening, there are situations that are positively screamingly funny. But the show does not depend upon the baby alone for the laughter, the dialogue itself contains just as many laughs as the complications everyone manages to become involved in.

There will be a special matinee of "In Wrong" on Monday, May 24th, (Victoria Day) besides the usual matinee on Wednesday and Saturday. Seats will be placed on sale tomorrow morning.

"Blind Man's Buff"  
The sensational novelty drama "Blind Man's Buff" will be presented for the first time on any stage by Edward H. Robins and his players at the Royal Alexandra Theatre week of May 31st.

Nance O'Neill in "The Passion Flower"  
Seldom has an actress achieved such an overwhelming success in a dramatic play imported from foreign shores to the American stage as has Miss Nance O'Neill in "The Passion Flower" ("La Malquerida") by Spain's greatest dramatist, Jacinto Benavente. The premiere was in New York, where "The Passion Flower" has just closed a long run at the Belmont Theatre, and is now making a tour to the Pacific coast thru Canada, was a personal triumph for this most distinguished of America's emotional actresses and a vindication of her faith and fortitude in presenting with an elaborate and costly production the work of a foreign and hitherto unknown author. Mr. Heywood Brown, in The New York Tribune, commenting on his impressions of the first performance, says: "Nance O'Neill gave an extraordinary performance last night in Jacinto Benavente's still more extraordinary play, 'The Passion Flower.' The force of the impact between player and play was so terrific that it shook the theatre and every one in it. We wanted to stand up in our seat to cheer a person who could bring such terrific passion and force into the theatre."

Miss O'Neill and the original Broadway cast and production entire will be seen at the new Patens Theatre during the week of May 31.

Canada in France.  
"The P.B.I." is the spirit of the Canadian Corps, epitomized in a four-act play. Written by veterans, played by veterans, managed by veterans, produced by veterans—the play is a true portrayal of the life as it was. Why did the author, Billy I. Shook, stick it for over four years? Did they know themselves? Come to the Princess Theatre next week and see just what it was. Seats are now on sale.

"Little Red Riding Hood."  
F. Stuart-Whyte's fourth annual English pantomime, "Little Red Riding Hood," will play a return engagement at the Grand Opera House for one week, commencing with a matinee on Victoria Day, Monday, May 24. Altho pantomime in the old country is associated with Christmas, and Torontonians have become accustomed to their annual "panto" at the Grand at that season of the year, such a gorgeous show as "Little Red Riding Hood" is welcome at any season of the year. The forthcoming week would prove just as successful as the winter holiday weeks. Since their initial engagement at the Grand, where they came direct from London, England, the company have played in every large city of Canada and over a large portion of the United States, meeting with the same enthusiastic reception in all parts of the country.

At Loew's Next Week.  
Erin Bennett has stopped being the disillusioned wife and in "The Woman in the Suit Case," at Loew's Yonge Street Theatre and Winter Garden next week is the devoted daughter of a father who isn't just the ideal that she thinks he is. "Nine o'clock," a farcical oddity, with a sextette of superb characters, headlines the vaudeville, which also embraces "Clayton and Lennie," in "Did You See Mary?" Montambo and Nap, offering unique eccentric acrobatic oddities; Marva Behn, in "Doin' Right"; Anna Vivian & Co., artistic sharpshooters, and Minus and Bryant, the ebony-nued entertainers.

At the Gayety.  
Everybody is keen to enjoy the outstanding burlesque performance being presented this week at the Gayety Theatre. Rose Sydell's famous London Bells are creating a furore in Toronto, not only with the brilliant offering, but also with the splendid stage effects which are brought into play in this high-class production. Chester "Rubie" Nelson is one of the best-known comedians on the burlesque stage and has a fund of humor in his role in this performance. His sidekick is Leo Hoyt, and between them they cause many a hearty laugh. The chorus is composed of many good singers, which form a high-stepping crew to this ship of fun and amusement. This is the final week of the season at the Gayety.

At the Allen.  
He was a promising young doctor, but he lacked patients and his closest chum refused to accept his pills, even when they were offered for nothing. Then fate threw a rich uncle and a pretty girl with a sprained ankle across his path, and things began to hum. That's the situation in "Mary's Ache," the latest Thomas H. Ince picture, starring Douglas MacLean and Doris May, coming to the Allen commencing Monday. It was adopted by Luther B. Reed from May Tully's well-known stage farce of the same name.

Local screen fans will remember the hilarious hit which these youthful comedy stars "scored" in "Twenty-Three and a Half Hours' Leave."

"Tempters," what a name—and what a show. A self-starting sixty-horse power, twin six production that moves

# To People the Prairies With "Hand-Picked" Settlers

## Big Colonization Movement Under Way

Through the foresight and determination of public-spirited Western business men, an association has been formed to grapple with a question vital to all Canada.

The Western Canada Colonization Association is a development from minor organizations, which were unable to cope with a work of such importance—that of bringing under crop twenty million acres of privately-owned land, all lying idle within twenty miles of railways in the Prairie Provinces. The settlement of this land promises great and beneficial results for the whole Dominion.

## Our Stubborn Financial Problem

An adverse exchange rate bears heavily upon Canada. The only remedy is to increase our exports to the utmost. The direct way to do this is to people millions of acres lying idle in the West. A great mine of gold lies in these fertile fields, and the time has come to work it.

## The West yearns for Development

The Prairie Provinces yearn for immigrants—of the "hand-picked" class. The movement now afoot is heartily welcomed and supported. From the Rockies to the Great Lakes, prominent public and business men are devoting themselves to the furtherance of the project.

A strong representative Western Committee is at present visiting Eastern cities. Their mission is to make clear that the movement is vital to all Canada.

## A Partnership of East and West

The East will hold a permanent partnership and beneficial interest in the movement. The policies of the Association will not be definitely shaped until the fullest co-operation of Eastern Canada has been elicited. Then a joint executive council, representative of both East and West, will become responsible for the formation of plans mutually satisfactory, and with the one aim in view—an ever-progressing and richer Canada.

Out in the West, lie idle no less than twenty million acres of arable land—all within twenty miles of existing transportation facilities! An unique opportunity for colonization and increased food production, hitherto wasted, is now to be realized.

There is no time for further delay—this is a matter for prompt action—vigorous impetus has already been given to the movement by many of Canada's distinguished men, in both the East and the West.

along at such a breakneck pace that it takes your breath away—yes, and leaves you speechless with surprise except for the "Ahs" and "Ohs."

Beginning Monday matinee, this burlesque speed demon will entertain patrons at the Star Theatre twice daily for next week. This attraction is in no sense a musical comedy, but strictly a burlesque show—a greater burlesque show—the kind you have always hankered after, but which no burlesque manager has ever offered—a world of principals—twenty chorus girls—a "book" something heretofore unknown to this class of entertainment and specially composed, music full of that lilting melody that sends you away whistling and jingling lyrics from the pens of theatredom's most prolific authors. Scintillating and in costume it is the last word in the art of stagecraft. In fact, it is the plus ultra of theatrical entertainment, with wital burlesque—good old-fashioned burlesque, for which let us all be thankful.

Elsie Ferguson at the Regent.  
Elsie Ferguson will be presented in a picturization of Sir Arthur W. Pinard's play, "His House in Order," at the Regent next week. The regal beauty and talents of Miss Ferguson as an emotional actress were never given a more fitting screen vehicle. The action has been portrayed against a background that is thoroughly beautiful from a natural standpoint. As Nina Graham, Miss Ferguson has a part that calls for considerable versatility, as well as an emotional talent, and the beautiful actress were never given an occasion adequately. Continuing what has become a most popular musical innovation, Mr. John Arthur has ar-

ranged to present further scenes from the opera next week. Assisted by the famous Regent orchestra, "Cavalleria Rusticana," by Mascagni, will be given in Italian, each evening, and on Monday and Saturday afternoons. The principals in the cast will include Miss Kate Zimmerman, Miss Mary Bothwell, Miss Ruth Smith and Blake Lister.

"Dr. Jekyll and Mr. Hyde"—Strand.  
The magnificent performance by the distinguished actor John Barrymore in the dual role of the lovable Jekyll and the depraved Hyde in the masterly Paramount-Artcraft production of Stevenson's immortal novel, "Dr. Jekyll and Mr. Hyde," is making a remarkable impression on patrons of the Strand Theatre this week. The noted beauties Martha Mansfield and Nita Naldi are prominent in the cast.

For next week the Strand has secured a feature photoplay which will make a strong appeal to Toronto film followers. It is Mary Miles Minter's latest picture, "Judy of Rogues' Harbor," from the delightful novel by Grace Miller White. It is a story full of heart interest—the sweet and tender story of a wonderful little girl who is cheated out of her birthright and placed in the keeping of an ignorant, superstitious, cruel old man. She champions poor little Denny and blossoms

out into a young lady who wins hearts in the great world as easily as in the quaint Rogues' Harbor. Seen on the usual charm as depicted in this beautiful production, and Mary Miles Minter is ideal as sweet, brave little Judy.

## HYDRO SITUATION SOMEWHAT BETTER

Niagara Falls, Ont., May 19.—Orders have been issued on the Hydro works tonight that all work will start at 7 o'clock tomorrow morning. Since the dispute started the men have been commencing at 8 o'clock. Federation officials are giving orders to all the men to start at usual time. The appointment of a committee to investigate conditions has had a stabilizing effect and less men left today than at any time since trouble began. It appears to be a challenge of the Hydro. It is said that if the men do not turn out the job will be closed down tomorrow. A ten-hour day is proposed.

Death of Rev. A. Langford,  
Father-in-Law of N. W. Rowell

A host of Methodist friends will regret to learn of the death of the Rev. Alexander Langford, D.D., which occurred somewhat suddenly at the General Hospital, Cobourg, yesterday. The deceased gentleman, whose residence was at 58 West Roxboro

street, Toronto, was in his 85th year, and owing to his having held clerical appointments in Toronto, Winnipeg, London, Brandon, Chatham, and many other Canadian towns, was widely known and respected. Mr. Langford left Toronto last Monday week to visit his daughter-in-law at Cobourg. On Thursday he contracted a slight cold, which subsequently developed into pneumonia, and from which he did not revive, dying yesterday morning.

The Hon. N. W. Rowell, the deceased gentleman's son-in-law, brought the body to Toronto last night. The funeral service will be held at deceased late residence on Friday evening at 8 p.m., and the interment take place at London on Saturday.

The Rev. Mr. Langford, who was born at Edinburgh, Scotland, in 1835, was the son of an officer in the English army. He was educated in various schools in Scotland, coming to Canada in 1864, when his father was present at the opening of the country. The deceased gentleman took his degree at Victoria College, Cobourg, before entering the ministry.

Surviving Mr. Langford is one son, at present at Victoria College; a daughter, the wife of N. W. Rowell.
