PRESTON WARNS CANADA OF ANNEXATION

SAYS OCEAN FREIGHTS MUST BE ADJUSTED

Predicts Question Big Federal Election Issue HAS GOOD NEWS

Says British Capitalists Are Now Prepared to Do Something

Canadian Press. QUEBEC, Aug. 8.—The outstanding question in the next Federal election will be ocean rates, declared W. R. Preston, who arrived here yesterday on board the Medita.

"Canada has to do something about ocean rates, and the only thing that can seriously fight the North Atlantic dominion is the Petersen contract," he added. The problem had to be solved, Mr. Preston said, because if it were not Canadian manufacturers would start negotiations with the United States to market their produce there.

The question of ocean rates was of vital interest, not only to Canadian, but also to British manufacturers, Mr. Preston stated. He knew some British exporters who shipped their products to Hamburg, and from that point to Canada, obtaining there a lower rate than by shipping direct from England to this country.

YEARS ANNEXATION. "Canada is the only British dominion that would see the annexation of the republic, he said. Questioned as to the Petersen contract, Mr. Preston replied: "I cannot say anything now, but I have some very important news. I see most of the British capitalists and I was very glad to see that their opinions are not the same now as they were five or six months ago. They are now willing to do something, and will do it."

"I have come back ready for action," stated Mr. Preston, "and ready to swing my spurs, and I still have enough Irish blood left in me to fight my friend, Mr. Hughes."

SAYS NOT GUILTY Iowa Man Accused of Murdering Minister Father and Wounding Mother.

Canadian Press Despatch. ALLISON, Iowa, Aug. 8.—Warren Vandervoort, charged with murder in connection with the killing of his father, Rev. J. J. Vandervoort, minister, and the serious wounding of his mother, Thursday night, pleaded not guilty when arraigned before District Judge W. P. Walter, last yesterday, and was ordered held for the October term of court. Counsel has been assigned to him, and he is alleged to have written, shortly before being arraigned, was made against the advice of counsel, it was announced.

Child Uses Costly Gems For Playthings

LOUISVILLE, Ky., Aug. 8.—A nine-year-old girl received a reward of \$100 for the recovery of jewelry valued at thousands of dollars, which Mrs. R. E. Wathen, wife of a retired distiller, reported to the police had been taken from the rear seat of her automobile while she was shopping. Little Catherine Spillman, playing near the curb, found a handkerchief in the gutter. Uniting it she discovered glittering stones which so fascinated her that it was more than an hour after when she tired of her pretty playthings and left them on the floor of her home. Mrs. Spillman saw them and questioned her daughter.

Heart Still 3 Minutes Adrenalin Revives Child

LORAIN, Ohio, Aug. 8.—Modern surgery triumphed over death at St. Joseph's Hospital when Martha Ericson, 8 years old, was revived after her heart had stopped beating for three minutes. An anesthetic had been administered by Dr. R. A. Stack, who was about to perform a minor operation on the tonsils when he discovered that the girl had stopped breathing. The heart had ceased functioning and Dr. Stack injected adrenalin into her heart. It was fully three minutes before the child began to show signs of life.

LIQUOR SEIZED. SHEDIAC, N. B., Aug. 7.—Eighty cases of contraband liquor were seized at Port Elgin recently by Federal authorities, being located under some hay in an old barn. It is believed to have been landed here by a run-runner. A kilt John traveling was arrested recently at Gilbert's Corner for being drunk and creating a disturbance. He was amuck and endeavored to hold up a man in the name of the King.

Campaign Nears End With Both Sides Confident of Victory at Polls

TENNESSEE EVOLUTION LAW IS ATTACKED

Claims Statute Violates State and Federal Constitutions FUNDS FOR SCOPES

Scientists Raising \$5,000 to Provide for Post Graduate Studies KNOXVILLE, Tenn., Aug. 8.—A petition for a temporary restraining order against Tennessee officials and others, enjoining them from enforcement of the Tennessee anti-evolution law, was filed in Federal Court here yesterday by attorney representing J. R. Wilson, of Rhea county, a taxpayer.

The petitioner avers that he is the father of five children who attend the public schools, and that under the Tennessee statute he cannot properly educate them in the modern sciences because he insists that the evolution theory is an irresponsible and unscientific teaching of modern sciences. LIBERTY QUESTION. He also contends that, being a taxpayer and contributor to the public school fund, he is being deprived of liberty and property without due process of law. It is claimed that the act violates both the state and federal constitutions and particularly section No. 7 of the Constitution of the United States.

FUND FOR SCOPES. NEW BRUNSWICK, N. J., Aug. 8.—Dean Jacob B. Lipman, director of the State Agricultural College Experimental Station here, and one of the scientists called to the defence at the recent trial in Dayton, Tenn., of John T. Scopes, for violating the anti-evolution law of that state, yesterday announced that a number of the scientists who attended the trial are raising a \$5,000 fund as a special scholarship to enable Scopes to pursue post-graduate studies for three years.

Chicago Revenue Men Seize \$140,000 Drugs CHICAGO, Aug. 8.—A fortune in narcotics, found in a flat which had all the fixtures of an Oriental drug den, was seized by Federal agents. Kitty Gilbooney, with her husband, Willie, were arrested and charged with carrying on a wholesale traffic that would handle more than \$500,000 worth of drugs. The drugs confiscated were valued at \$140,000 to \$200,000 with an additional \$100,000 worth of pipes and weighing and measuring requisites. Four men were arrested as peddlers.

Woman Truant Officer Annoyed 200-lb Mayor

CHICAGO, Aug. 8.—Mrs. Breuninger, a woman truant officer, was annoyed by Mayor Thompson when she was shopping. "She came up to me and threatened me," he said, as the spectators laughed. "She snatched my fingers in my face and said she'd fix me. I was afraid." Recorder Schackenberg fined her \$10, but former Judge Stage, her counsel, said he would appeal.

Swagists Unable To Form Government

Canadian Press via Reuters. NAGPUR, India, Aug. 8.—The swagjit leaders, Bhoole Raghya Venkatesh and Khaspade interviewed Governor Sir Montagu Butler yesterday when it was finally decided that no ministry could be formed for the Central Province. Raghya Venkatesh declined to form a ministry. Khaspade, though personally willing to accept office, expressed his inability to form a stable government.

Reformer Says One Cell in 30 In U. S. Holds Innocent Man

British United Press. LONDON, Aug. 8.—One prison cell in every 30 in the United States is occupied by an innocent person, according to B. Ogden Chisell, a U. S. reformer who is here as a delegate to the International Prison Conference. Chisell attributed this alleged injustice to the difficulties of criminal identification, to the severe use of the third degree and to judicial errors. The American said he personally had seen prisoners whose noses had been broken by detectives during third degree sessions.

RESTRAINING ORDER FILED BY TAXPAYER

Claims Statute Violates State and Federal Constitutions FUNDS FOR SCOPES

Baroness Freed Of Too Noble Spouse

LOS ANGELES, Aug. 8.—The Baroness Mildred DeVries Van Doornburg was granted a divorce in Superior Court from Baron Herman De Vries Van Doornburg, whom she described as a member of a prominent Dutch family. She alleged non-support, explaining that her titled husband was "too noble even to know how to work."

Two Arrested For Subbing In Exams.

SPRINGFIELD, Aug. 8.—Frank Nascimbeno, 23, and Albert Phaneuf, 22, both of Ludlow, were arrested here charged with fraud by substituting for inexperienced persons in passing examinations for motor licenses. In addition, it is said, Phaneuf may be charged with perjury. Nascimbeno is said to have freely admitted the practice, which he declared to be general and that a fee of \$10 was generally charged.

DETROIT STREETS FLOAT AWAY

They had a heavy rain in Detroit—almost a cloudburst—and it flooded dozens of streets. Streets that were paved with wood or composition blocks suffered heavily, as the blocks floated away and were scattered all over the city when the waters subsided.

Hindenburg's Cellar Stocked For Months With Samples of Wine Sent by German Growers

COBLENZ, Germany, Aug. 8.—President Von Hindenburg's wine cellar has been so plentifully stocked with samples of wine, each day for the next several weeks, without once repeating. The United Wine Growers and Dealers of Germany, who are conducting a wine exposition here, have sent the President samples of all the different wines produced in Germany, to demonstrate to him the extent of wine cultivation and the excellence of the native vines. The collection includes the choicest of Riesling, Rhine-land, Pfalz, and other wines, also few well-known brands, such as Moselle and Verde. As President Von Hindenburg is a very moderate consumer, it is believed the supply will last him for months.

NEGRO IS LYNCHED BY MISSOURI MOB

Excelsior Springs, Mo., Aug. 8.—Miller Mitchell, negro, was lynched by a crowd near the Excelsior Springs Bottling Works late yesterday. Mitchell was arrested here on the complaint of Leonard Ull, a white neighbor of near Lowell. He told the police he was returning home in a motor car with a young woman companion, a negro flashed a light in front of his car, leaped on the running board, as he slowed down and struck him over the head, knocking him unconscious. The young woman told officers she was compelled to get into the back of the car and was assaulted by the negro. Both she and Ull identified him today.

FARMERS PROTEST

Object to U. S. Government Interference With Co-operative Marketing. PHILADELPHIA, Aug. 8.—President Coolidge was asked yesterday by representatives of 800,000 American farmers, by telegraph, to lend his influence to "keep the government's hands off" of co-operative marketing organizations.

Argentine Girl To Try Channel Swim Tonight

BOULOGNE, France, Aug. 8.—Miss Lillian Harrison, the Argentine girl swimmer, will begin her third attempt to swim the English Channel tonight. She will enter the water at Cap Gris-Nez about ten-thirty. Weather conditions today are very promising, and the temperature of the channel water is now about 63 degrees.

U. S. Will Deport 2 Halifax Youths, 16

BANGOR, Me., Aug. 8.—Federal warrants have been received here for the deportation of James McLeod and Joseph Taylor of Halifax, N. S., both about 16, who have been in jail here for about a month, having been held for breaking and entering at Mattawanque.

Bricklaying Champ. Lays 36,000 A Day

KANSAS CITY, Mo., Aug. 8.—Laying 36,000 bricks a day, or approximately three and one-half carloads, James Brown, an Indian and former Carlyle football player, has gained a reputation among workers on a highway near here as the world's champion bricklayer.

Two Arrested For Subbing In Exams.

CHARGE WOMAN HEIR KILLED DENVER MAN

Sisters Accuse State Charity Worker of Poisoning J. S. Hoy.

DENVER, Aug. 8.—Henrietta Wiley, secretary of the commission for the blind, one of the beneficiaries under the will of James S. Hoy, is accused of poisoning him.

The filing of the caveat action followed an announcement at the District Attorney's office last night that Frances McConnell, the City Toxicologist, had discovered the evidence of the poison known as strychnine or belladonna in the viscera of Mr. Hoy's body.

Declaring "certain circumstances bolster a theory of murder, but theory that would be hard to prove," A. L. Betke, Assistant District Attorney, announced that the State would endeavor to retain Earl A. Engle, Professor of Chemistry at the University of Denver, to make further examinations of the viscera to determine the amount of belladonna it may contain.

Efforts are now being directed toward learning where the belladonna was purchased and who bought it, Mr. Betke said. He added that the medical testimony at Tuesday's all-day examination of witnesses established that there was no need for the administering of belladonna in Mr. Hoy's case.

DETROIT-Windsor Bridge Still Lacks Approval. WINDSOR, Ont., Aug. 8.—The city council transportation committee last night refused to place the stamp of approval on plans recently submitted by Jas. A. Bower and H. D. Smith of the New York Trust Company for the construction of a \$12,000,000 bridge to link Detroit and Windsor.

NOTED EXPERT HERE CHECKING UP MILK

Famous American Doctor Specially Examines Our Supply From Producers.—His Findings. For a period of six days beginning July 31 and concluding Wednesday of this week, Dr. A. R. Ward of Detroit, one of the leading milk experts of the world and prominent in this connection throughout the United States, was in this city making an exhaustive investigation of the milk supply.

FOUR CLASSES OF MILK

At the beginning of his enquiry Dr. Ward classified the milk in four divisions: (1) good milk, (2) milk of fair average quality, (3) bad milk, (4) very bad milk. His first exploration was on a milk train July 31 when samples were taken from 64 cans.

PASTEURIZING PLANTS

Dr. Ward states that one of the essentials to satisfactory milk supply concerns the facilities and methods employed in pasteurizing plants. He spent four days inspecting the plants which are pasteurizing the milk supply.

## PREMIER HEARD IN HOME TOWN

### Says Angus McLean Urged Development of Grand Falls

### Feels Government Majorities Will be Greater Than That of Rand.

BATHURST, Aug. 7.—Answering the charge made by Angus McLean that the cost of administration of the Workmen's Compensation Act had been too high last year, Premier Veniot tonight pointed out that between \$8,000 and \$10,000 of the cost of administering the act had been expended in his effort to show that the act was wise.

Premier Veniot in a vigorous address lasting an hour and a half answered the various charges lately laid against his administration in the House and presided over by W. G. Fenwick.

Audience of 1,500. A crowd estimated at 1,500 attended the meeting and the largest ever held in Bathurst. The first two speakers were Harold Ramsay and C. T. Richard. Mr. Richard spoke in French. All three discussed the political issues from the Government standpoint.

Premier Veniot in his address first referred to the attitude of Angus McLean in opposition to the Government. He declared that last winter in the by-election in Gloucester county, when hydro was a chief issue, Mr. McLean had been a "bigly in favor of hydro" and had been "first to sign the nomination papers" of Hon. Ivan C. Rand. "From that time until three weeks ago Mr. McLean constantly urged me to push the development at Grand Falls," declared the Premier.

PREMIER FIGURES. The Premier also went into the cost of horsepower in the province of Quebec, reading telegrams received from the big power companies, which he stated showed that the figures given by Mr. McLean were not correct. The figures quoted by Mr. McLean, the Premier said, were only the price of horsepower at the switchboard, and did not include the transmission costs. The Workmen's Compensation Act was next discussed by the Premier, who took up Mr. McLean's argument that the \$60,000 cost of administration last year had been too high. He pointed out that \$8,000 to \$10,000 of that expenditure had been for the salaries of the suits brought by Mr. McLean. With regard to taxation, which Mr. McLean claimed was a heavy burden on the people, the Premier stated that the mill owned by the Bathurst Company Ltd. was valued at nearly \$2,000,000, but was only assessed at \$800,000, and the people of the town of Bathurst had to make up the difference of the tax.

He also produced evidence which he said showed that when the Government made a special statement in connection to give employment to the men, the Bathurst Lumber Company only paid \$25 a month, notwithstanding the stipulation charge on that occasion under special arrangements to help the unemployed was \$1 on 1,000 feet of lumber of \$4. He drew attention to this, he said, to show that no matter what the Government did to help the unemployed, the men were not getting the full benefit of the Government's aid. In giving his opinion on the outcome of the election in Gloucester county, Premier Veniot stated that the Telegraph-Journal that he was confident the Government candidate would be returned with bigger majorities than the majority given to Mr. Rand in the by-election.

British Tommies on guard with fixed bayonets at the corner of Nanjing road and Thibet road, Shanghai, one of the busiest corners in the world, shortly after a riot had been broken up by the use of fire hose.

## How Some Gloucester Elected Were Deprived Of Their Votes

Bathurst, N. B., 6th August, 1925. AS A LARGE number of names of known supporters of the Opposition in Gloucester County had been omitted from the electoral lists by the Revisors, these people, living in the different parishes, have been making and sending affidavits of their right to have their names placed upon the lists as permitted by the Act. These affidavits had all been lodged with the Revisors of the several parishes, and the Revisors had acted upon them and posted the names, as required by the Act, and had sent the affidavits with lists of the names, and requests to Mr. B. C. Mullins, the Secretary-Treasurer, to have these omitted names placed upon the lists, in manner permitted by the Act. One of our supporters came to me and stated that Mr. Mullins had said that the names could not be added because of alleged defects in the affidavits, which had been taken before Justices in different parts of the County. I immediately went to Mr. Mullins' office and asked to see the affidavits objected to, and Mr. Mullins produced some of them and asked me to see them. In every affidavit shown to me, the Justice had filled in the jurat, and signed his name to it, thus certifying that it had been duly sworn to before him, and in some cases the affidavits seemed to have been filled in in the hand writing of the electors themselves, but they were not signed as affidavits usually are. I pointed out to Mr. Mullins that as the Revisors had considered these affidavits sufficient and had acted upon them and sent in the names to him to be added, he had nothing to do with the sufficiency of the affidavits, and showed to him a decision of our Supreme Court where under similar circumstances the Court had allowed affidavits to be read. Mr. Mullins replied that he had to be guided by Mr. N. A. Landry, K. C., Clerk of the Peace, and Mr. Landry was then called into the office and said that he objected to the affidavits, notwithstanding that they had been acted on by the Revisors. As I felt that a grave injustice was being done to these electors, I immediately returned to my office and wrote the following letter to Mr. Mullins.

"Bathurst, N. B., 8th Aug., 1925. B. C. Mullins, Esq., Secretary-Treasurer, Gloucester. Dear Sir:—The discussion I had with you with reference to your refusal to add names to the voters' lists on request of the revisors, on the ground that the affidavits do not seem to be signed as affidavits usually are, I have given the Act considerable study, and am satisfied that your refusal is not justified by the Act. Permit me to call your attention to section 3 of the Act, which clearly provides that the persons therein named shall be entitled to vote, then follows the provisions for putting them on lists. In the usual way these lists are prepared, as provided for in section 22, sub-section (1) at page 18. This has been amended by Act 1920 Cap 49 (to be found attached to the copy of Act you have, and which we were reading at our interview). This is clearly an addition to Sec. 22, as it was apparently deemed just and advisable that provision should be made for adding names which had been omitted, therefore, this must be read in connection with sec. 22 (1), which clearly throws the responsibility of these additions on the revisors, and so clearly is this the case, that sub-section (3) of section 22 provides the heavy penalty of \$500 for anyone tampering with their work. Again, if you will follow out the spirit of the Act, section 25 provides for severe penalties for neglect of duty by the revisors, and section 26 goes even further and provides that in case of neglect, you yourself shall make up lists, and I would like you to particularly note the first three lines at the top of page 91, which clearly intimates that in case of doubt the names shall be added rather than omitted. I think after careful perusal of the sections I have quoted, you must feel that the duty of adding these lists is clearly thrown upon the revisors, and their decisions shall not be interfered with, and that the heavy penalty is provided for that reason. Another matter which I should call your attention to (even if you should consider yourself called upon to decide these matters) is, that all of the makers of these disputed affidavits have actually signed their names as they appear in the affidavits, notwithstanding that they are not signed just opposite to the jurats, and in every case the swearing of the affidavit is duly certified by the Justice. You will pardon me for going into this matter so fully after your apparent decision when we last discussed the matter, but before it is too late, I would like you to read over the sections I have referred to again, as I think the Act clearly intends that everyone shall have the franchise, who is justly entitled to it, and shall not be deprived of it. I trust, after further consideration, you will see this matter as I do, and follow the requests of the revisors and add these names to the lists.

Yours very truly,  
GEORGE GILBERT."

I was obliged to leave home after I had written and delivered the above letter to Mr. Mullins, and have just today returned, and have again interviewed Mr. Mullins about the matter, and he now informs me that he has struck about sixty-five names from the lists by reason of these affidavits, and that these voters will be deprived of their votes at the coming election. The number had been considerably more than sixty-five at first, but he said that some of the electors had since been allowed to correct their affidavits, although the lists were previously posted, and thus they had got the lists. I desire that you give this letter publication so that the electors of this province will know how these Gloucester electors have been deprived of their votes.

Yours very truly,  
Advt. GEORGE GILBERT."

The Evening Times-Star
The Evening Times-Star printed at 25-27 Canterbury street every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

SAINT JOHN, N. B., AUGUST 8, 1925.

ADVISING THE MARITIMES.
Within a week three important Canadian newspapers, one in the West and two in the Central Provinces, have expressed surprise that the Maritimes have not before this date united under one government, a course which these long range observers regard as advisable for two reasons chiefly, one being economy in the matter of administration, and the other being the gain in our influence in the Parliament of Canada which they suggest would follow legislative union.

BRITISH "PLOTS."
There are certain unimportant but violent publications in New York which periodically profess to discover cause to denounce Great Britain as plotting against the United States, or menacing the world at large through ambition, or militarism, or from some other motive. They make a business of it. Hatred of Britain is their stock-in-trade. One of these journals a few days ago published some extraordinary statements in connection with the wool of the Massachusetts woolen industry. It explained that this native enterprise was having its throat cut by the competition of woolen mills in Great Britain. It was not easily apparent how the British could overwhelm the American market with woolen goods, notwithstanding the extraordinary tariff wall, but this was made clear by the assertion that under the flexible tariff law "the duty on English imports is brought down to such a figure that the English are under-selling American manufacturers," and "woolen goods in enormous quantities are coming in by every ship."

So far, so good. It was to be expected that President Coolidge, for reasons not precisely clear, had been betraying his country for the benefit of the terrible British. Then an unprejudiced New York newspaper presented the truth about the matter. The Tariff Commission had not recommended any changes in the woolen duties. The President had taken no action. Official trade figures covering importations of woolen goods from Great Britain showed that they had fallen to twenty per cent in the first half last year. In other words, the plot hatched up between the President and the British existed only in the imagination of a writer whose anti-British bias was so great as to lead him to manufacture a story out of the whole cloth. Incidentally, during the newspaper discussion of this matter, attention was directed to the fact that the woolen industry was suffering from depression both in the Great British and in the United States, and in Great Britain, something which should be thought over by those Americans who contend that a high tariff is all that prevents their industries from going to the dogs.

DISCOURAGING LYNCH LAW.
Lynch law prevails in the Southern States to no such extent as formerly, but it is still too prevalent, and northern criticism has frequently been directed against southern judges and juries as lacking courage or as being influenced by sympathy for the offenders. Just now northern newspapers are strongly commending Judge N. A. Sinclear of North Carolina, who presided at what has been described as the most sensational trial in the history of that state, and whose course is regarded as having set an example of the most useful character.

BAD ADVERTISING.
At a time when Canada is complaining of the adverse attitude of some financial circles in London, and of unfair criticism on the part of several British publications, it is not to be overlooked that this country has recently been getting some bad advertising of the hands of some of its own citizens who have been visiting Britain in a representative capacity. The other day a general warning against emigration to the Dominion, couched in deceptive terms, was launched at the Empire Labor Conference in London by Mr. John Queen, a member of the Manitoba Legislature. Mr. Peter Heenan, a member of the Ontario Legislature, and Mr. James Simpson, a Toronto labor leader.

At the time when Canada is complaining of the adverse attitude of some financial circles in London, and of unfair criticism on the part of several British publications, it is not to be overlooked that this country has recently been getting some bad advertising of the hands of some of its own citizens who have been visiting Britain in a representative capacity. The other day a general warning against emigration to the Dominion, couched in deceptive terms, was launched at the Empire Labor Conference in London by Mr. John Queen, a member of the Manitoba Legislature. Mr. Peter Heenan, a member of the Ontario Legislature, and Mr. James Simpson, a Toronto labor leader.

of cowards to justify their own lawlessness.
While the official figures have indicated that in the South generally lynchings have been less frequent of late years, this judge said that this is not true with respect to North Carolina, as during the last three or four years there have been many more outrages in that state than formerly. The existence of such judges, with courage to speak out and to impose such punishment as crime warrants, is an encouraging feature. They deprive advocates of lynch law of the excuse that as the law fails, private individuals are justified in constituting themselves judge and jury.

Odds and Ends
"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."
"The Port of Missing Ships" (Christian Science Monitor).

Another Good Record.
(London Free Press.)
A recent report of statistics compiled by a United States insurance expert, which shows that among many nations Canada's suicide rate is the lowest, is one to cause feelings of thankfulness and satisfaction to all citizens of our splendid Dominion.

Organized Begging.
(Ottawa Journal.)
A survey in Chicago revealed the following facts: Begging on the streets is an established business and wages are paid to mendicants; ordinary beggars get \$5 a day, and the professional beggar demands a minimum of \$11 a day; the average pick-up of the sidewalk is \$242 an hour, and the average dole flung out by the passerby is seven cents.

Miner's Linnnet for Corns and Warts.
Is the Cat Out of the Bag?
The Premier is quoted as saying, in one of his public addresses: "I am a private conferee with Mr. Graustein and what he proposes is an engineer or other expert present at the works and have with him \$100,000 damages."

OWN CONSTITUENTS unless it is done with some ulterior motive.
Further in the terms of the contract with the International Paper Company the Province binds itself to furnish 15,000 horse power to them provided they wish to take it, in other words the Province is bound to deliver and the buyers do not necessarily bound to accept and pay for it.

The Fredericton Gleaner's Charge Explored
At this point I would like to go back to my second article which appeared in the press on Wednesday, August 5th. I therein quoted in detail correspondence which I had sent to the Fredericton Gleaner pointing out to their editor the absolute necessity of a report which they had published concerning the stand taken by the lumbermen and what his party undertook to state was their reason for such stand.

IS IT NOT INCUMBENT ON THE ELECTORS OF THIS PROVINCE FROM ONE END TO THE OTHER TO SHOW THEIR DISAPPROVAL OF THE CONDUCT OF PUBLIC AFFAIRS BY "FOSTER, VENIOT, RAND & COMPANY" AT THE POLLS ON MONDAY THE TENTH DAY OF AUGUST IN SUCH A WAY THAT THESE "LORDS AND BARONS" WILL BE SHOWN THAT THEY CAN NO LONGER DOMINATE THE AFFAIRS OF THIS PROVINCE AGAINST THE WILL OF THE PEOPLE.

Conclusion
In conclusion I would again assert that Premier Veniot and his Government have already placed a tremendous burden upon the tax payers of this Province by more than doubling the public debt, by more than trebling taxation and that they are also largely responsible for the lack of employment low rate of wages prevailing and the exodus of our young men and maidens from the Province.

The Premier and His Threats
The Premier has made a threat on the platform that if he is elected he will see that the lumbermen never again can defy him as they have done in this election. Is this not a free country where a man has a perfect right to his own opinion as to whom he should vote for to represent him in the parliaments of our country, and are the electors to be compelled to submit to the dictation of men in public positions who use such means to intimidate voters?
The Premier has also made the statement that if the Bathurst Company closes down their mills he would apply the screws and make them suffer for doing so, intimating, of course, that he would compel the company to operate their mills whether or not it could be done at a profit. Now, seeing that the Premier has such wonderfully persuasive or compelling powers, would it not be a good thing for him or who has not already compelled the mills on the Miramichi River and in other parts of the province, which are now closed and have been closed for the last two or three years, to open

FAMOUS LONDON BRIDGE FALLING DOWN

FRIEND TELLS WHY BRYAN QUIT POST

Says Wilson Changed Important Message Without Letting Secretary Know.

PORTLAND, Ore., Aug. 8.—Milton A. Miller of Portland, an intimate friend of the late William Jennings Bryan, today revealed what Bryan told him in 1920 of why he quit the cabinet of President Wilson.

Miller said Mr. Bryan told him the United States was having trouble with Austria during the summer of 1916 and it was thought the Austrian embassy was plotting with the German war office to cripple American plans.

THE TIMES-STAR FEATURE PAGE

Fables On Health

HOW TO ATTAIN A LONG LIFE LONGEVITY comes only to those who constantly watch their health.

Vitality can not be squandered if one wishes to live to a ripe old age. Free from the weaknesses which come with advancing years.

A life in the open, with well planned exercises, early to bed and early to rise, plenty of good water and a diet consisting mainly of fruits, nuts and vegetables, will add years to your life's column.

When walking or riding keep in the sun. The sun destroys germs and always is a tonic to general health.

Medicines should be taken only upon advice of a physician. Use of tea, coffee and tobacco should be moderate.

Imperfect light should be avoided when reading. It is hard on the eyes and consequently causes a strain on the nervous system.

Cheerfulness and optimism should prevail over anger and worry. hatred and malice. Unquieted emotions are detrimental if you are in love, marry.

Keep your mind active and your body active. The price for longevity is watchfulness—but it is well worth the price.

LITTLE JOE

A ROSE BY ANY OTHER NAME, MIGHT SMELL AS SWEET, BUT NOT SO WITH A SKUNK

At the first sign of illness during the hot weather give the little ones Baby's Own Tablets or in a few hours he may be beyond aid.

Imperfect light should be avoided when reading. It is hard on the eyes and consequently causes a strain on the nervous system.

Cheerfulness and optimism should prevail over anger and worry. hatred and malice. Unquieted emotions are detrimental if you are in love, marry.

Keep your mind active and your body active. The price for longevity is watchfulness—but it is well worth the price.

Medicines should be taken only upon advice of a physician. Use of tea, coffee and tobacco should be moderate.

Adventures of the Twins

By OLIVE ROBERTS BARTON JUGGLE JUMP PERFORMS.

"Come here, Juggle Jump," said the Fairy Queen to the queer person who had just appeared in the dining room door.

"I want to introduce you to some friends of mine," said the queen. "These are Nancy and Nick, the Twins. Nancy and Nick, this is Juggle Jump, my general factotum."

"Pleased to meet you," said Juggle Jump stiffly. "You will have to know sooner or later anyway, because I am going to have Juggle Jump go with you on your next adventure."

The Twins stepped up close and looked at Juggle Jump's buttons. One button said "fat," one said "thin," one said "very big."

"Just what they say," said Juggle Jump. "I can make myself into any sort of a person I wish by pressing a certain button. I'll show you exactly what I mean."

Instantly he started to stretch until his head touched the ceiling! But not stopping there, it continued upward the opposite direction.

Do You Want a Summer Holiday?

Make this summer a continuous one by enjoying perfect health.

Take "Fruit-a-tives" regularly and your summer won't be spoiled by bilious attacks, headaches or stomach and bowel troubles.

"FRUIT-A-TIVES" The Fruit tonic laxative

young Japanese all the more remarkable is the fact that he arrived in this country but three years ago, and was unable to speak a word of English.

That a Japanese should carry off the highest honors among those who tried the entrance examination in British Columbia. According to the Vancouver Province, 5,500 pupils wrote on these examinations, and but 64 per cent were successful in passing the tests.

Brief dispatches the other day told of a Japanese boy carrying off the highest honors among those who tried the entrance examination in British Columbia.

What makes the victory of the boy so remarkable is the fact that he arrived in this country but three years ago, and was unable to speak a word of English.

Fashion Fancies

THE new order for fall is for fullness at the back, and this advance model shows follows the new whim of fashion.

The material is crepe back satin in a lovely soft tan. The trimming is of brown silk braid. The dress is perfectly straight in front, all the fullness being at the back.

The scarf collar carries a decorative motif of applied squares of georgette in yellow, brown and blue.

Willing to Comply. A wide-awake young man who had just arrived at the summer hotel sought out the proprietor and said, "I notice you have a sign up which reads: 'Guests will please exercise patients until the meals are served.'"

MRS. B. H. HART SICK FOR YEARS

Wants Women to Know How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Cornwall, Ont. - "I am now giving your medicine a fair trial and it surely is doing me good and I am going to keep on taking it. I used to feel so tired in the morning that I didn't want to get up, but that feeling is leaving me now. I also sleep better and feel more like working. For seven or eight weeks I have had headaches, tired feelings, pains in my back and across my body. I read letters in the newspapers saying what good Lydia E. Pinkham's Vegetable Compound had done others. My husband says I quit to my friends and I am not going to stop taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine until I am better and haven't an ache or a pain. I am sure that the right way. I have great faith in your medicines and must be good when those who take them speak so highly of them. I am recommending them to my friends and I will gladly answer letters from women asking about them. - Mrs. B. H. HART, Box 1081, Cornwall, Ont.

Mrs. Hart is willing to answer letters from sick women asking about the Vegetable Compound.

FLAPPER FANNY

MANY girls would sooner help mend their ways than mend their socks.

Only a Woman Realizes Women's Sufferings

Because I am a woman with a woman's delicate organism, I know just how dependent you feel when health and strength are restored.

Do you suffer with constant headaches, backache, pain in your sides, with dizziness, nervous depression, palpitation? Are you obsessed with a morbid fear of something terrible about to happen? Do you cry easily? Have you dark circles under your eyes and a wretched listless feeling? Whatever your ailment, my simple home treatment gently overcomes the trouble. So sure am I that I can help you, that if you will write describing your needs, I will send you ten days' Free Trial Treatment, and will enclose the names of many Canadian women restored to health through my treatments. When you find the benefit it brings and wish to continue, it costs only a few cents a week to secure further treatment.

For Your Daughter

If you are a mother, worried about your daughter's health, write to me. I have helped hundreds of girls to regain their failing strength and energy. Write to-day for my free trial treatment.

MRS. M. SUMMERS BOX 40 WINDSOR, ONT.

THINGS TO KNOW WHEN VOTING

How Ballots Should be Marked in the Contest Monday.

Procedure at the Booths—Polling Places for City and County in Election.

There are three forms of ballots which may be used by the city electors in the provincial election Monday. One is the official ballot, an unmarked piece of pure white paper, and the other two are the ballots, distributed about the city by both the Government and Opposition parties, and upon which are printed the four names of the city candidates of the respective parties.

ONE AT A TIME

At the door of each voting booth there will be a constable. It is his duty to see that not more than one person is allowed to enter the booth at a time. When the voter makes his entry, he must give his name to the returning officer, who will check up with the lists. When the returning officer does this and sees that the given name is down on the lists, he will present the voter with an empty, initialed envelope. The voter enters the screened-off section of the booth and marks his ballot. Inside the screen he will find three kinds of ballots. He may write or print the names of the candidates he wishes to vote for, either one, two, three or four, but not more than four, on the blank official ballot, or he may use the party ballots. If the voter does not wish to vote either ticket straight, he may strike out the names of candidates printed on the ticket and write or print below, either in black pencil or black ink, the names of other city candidates. Care should be taken that not more than four names are written or printed on the ballot.

CARE NECESSARY

The voter places his marked ballot in the envelope given him by the returning officer and the latter deposits it in his ballot box. Voters should take care that two ballots do not stick together as more than one ballot in the envelope would render the vote invalid. Exactly the same rules prevail in the voting in the county but no more than two names may be written or printed on the county ballot. The polls will open at 9 o'clock, Daylight time, Monday morning, and close at 5 o'clock, Daylight, in the city.

POLLING PLACES

Rolling places and returning officers are:

KINGS WARD

NEW YORK'S OLDEST POLITICIAN

John Voorhis, commissioner of elections of New York City, on the 66th birthday, is still on the job and very actively engaged in the affairs of New York City and Tammany Hall. He claims that the world is getting worse and worse and longs for those good old days. This shows Voorhis and Mrs. Florence E. Knapp, secretary of state of New York, discussing the new voting machine which will be used at the next election.

REST PAUSES IN WORK ADVISED

Industrial Fatigue Research Board in England Issues Report

Question of Saturday Off With Period of Employment Increased on Other Days.

LONDON, Aug. 8.—A considerable portion of the fifth annual report of the Industrial Fatigue Research Board deals with the introduction of "rest pauses" during the hours of labor...

During the year under review further investigation has confirmed this and an incidental point of interest is that the substitution of the rest pauses has often a beneficial effect...

STAGES COVERED BY BOARD. A point, not only of theoretical interest, but having an important bearing on the well-being of the worker and his efficiency...

WORKING SPEED IMPROVES. H. M. Vernon, one of the board's investigators on "output," found that when women and men engaged in making various fine parts had their hours of work reduced from 74 to 64 per week...

LIGHT IN WEIGHT. An interesting effect is achieved by pleating georgette crepe capes and binding them with fluffy fur.

MODERN TENDENCY. Cubistic figures in exotic colors are printed on batha cloth and made into sport frocks.

VILLAGE OF GILBOA SOON TO DISAPPEAR

Completion of Dam Will Turn Catskill Town Into Lake.

GILBOA, N. Y., Aug. 8.—The little village of Gilboa, once a prosperous farming centre, soon will be the bottom of a huge artificial lake 150 feet deep, five miles long and holding 22,000,000 gallons of water for the supply of New York City.

By October, it is believed, the great dam will be complete. Stretching across the valley of the Schoharie Creek from peak to peak of the neighboring hills, it rests on what once was the centre of the town.

Most of the 200 residents of the little farming village are scattered today. The others await the final thirty-day notice. Empty homes mark the seven cemeteries where were buried the 1,300 dead of the village, the bodies having been removed to clear the site for the new reservoir.

It was eight years ago that the City of New York began condemnation proceedings to acquire the land for the site of dam and reservoir. Six years have been spent in construction. The dam cost approximately \$7,000,000, and the cost of the entire project is expected to approach \$12,000,000.

Air Officer Ridicules Idea of War Tests. SAN ANTONIO, Texas, Aug. 6.—"It is well-known all over the world that no defense from the ground can stop aircraft," declared Colonel William Mitchell, air officer of the Eighth Corps area, today in commenting on the recent anti-aircraft tests of the War Department.

Long, Arthur Ross, W. J. Watson, Harry Digges, Frank D. Robinson, W. R. Sanderson, G. L. Harding, F. G. Poole, John Jackson, G. C. Poole, G. A. Stephenson, F. H. Sinclair, W. E. Fuzze, A. E. Jenner, H. Elliott, H. E. Sibson, M. D. Jenner, George Blizard, Fred Smiler, C. W. Szege, Charles Ledford, M. J. Brown, Mrs. Liszt Belyea, Mrs. Jennie Grant, Mrs. Helen Nelson, Mrs. D. Continued on Page 15, column 1.

What The Two Leaders Say

Premier Veniot—"After a tour of this Province which I have just spoken in every county except one, I can assure my friends that the government will be sustained by a count on 29 seats out of the 48."

Dr. Baxter—"It looks to me from all indications that popular sentiment is in our favor and that we shall win by a large majority."

W. H. Harrison

Colonel Harrison spoke in part as follows: "The citizens have come to realize that this is one of the most important elections since Confederation. The main issues are: 1. Shall the people of the province return to power a Government which has steadily increased taxes and in the year spent more than the previous year on the public debt...

2. The second issue is, shall the province, while not bearing a debt of the present debt, be steadily increasing its debt by year after year... 3. The third issue is, shall the province, while not bearing a debt of the present debt, be steadily increasing its debt by year after year...

SAYS LIVES OF MANY DEPEND ON PASTEURIZATION

Roberts Declares Raw Milk Would Mean Municipal Manslaughter

MEETINGS ARE HELD IN NORTH AND WEST

Government Candidates Present Issues as Campaign Draws to Close.

"If a miracle should occur and the Opposition party be elected on Aug. 10 and it subsequently brings into effect an amendment of the pasteurized milk law, enabling purchasers to obtain either the pasteurized or raw variety, it will commit no less a crime than municipal manslaughter and upon its shoulders I would lay the responsibility of the lives of hundreds of babies the city has been, since the pasteurization of milk went into effect," cried Hon. Dr. W. F. Roberts, Minister of Health, at a meeting of the Opposition party in the Star Theatre, North End, last evening.

Hon. Dr. Roberts' Col. Alexander McMillan, R. T. Hayes, M. L. A., and E. J. Henneberry, Government Saint John city candidates, addressed meetings in West Saint John and the North End last evening and made their final appeal to the electorate of Saint John for support in Monday's election.

MANSLAUGHTER In speaking to his West Side audience at the Empire Theatre, Dr. Roberts asked "What would you call it if the Opposition brought in amendments to the pasteurized milk law and a return was consequently made to the old milk and the old death rate, especially since statistics have shown that hundreds of babies have been strangled, strangled by pasteurized milk?" "Murder," cried a member of the audience.

"The circumstances of his death were most mysterious, as neither the boatman, the attendant, nor the many bathers heard any cries for help. Later, however, two policemen caught the stinging ray in the pool, and as the fish is most dangerous in either day or night, it is considered likely that Gould was attacked by it. It is ten years since the last of a similar species was caught in local waters."

Sting-Ray Blamed in Death Of Young English Bather

Special to The Telegraph-Journal. LONDON, Aug. 8.—A large sting-ray, weighing 40 pounds is believed to have caused the death of a young man named Raymond Edward Gould, who was drowned in the Jersey water bath at West Park several days ago.

The circumstances of his death were most mysterious, as neither the boatman, the attendant, nor the many bathers heard any cries for help. Later, however, two policemen caught the stinging ray in the pool, and as the fish is most dangerous in either day or night, it is considered likely that Gould was attacked by it. It is ten years since the last of a similar species was caught in local waters."

Lawyers' Body O. K. Requisite For K. C. Choice

HALIFAX, Aug. 7.—The approval of the Nova Scotia Barriers' Society will in future be a requisite for the appointment of King's Counsel in Nova Scotia, Attorney-General J. C. Douglas announced tonight.

The Government would not necessarily follow the society's recommendations in this regard, he said, but without their recommendation no such appointment would be made.

94, HE BEATS TRAIN

Losses Ticket, Quits Car, Hikes 6 Miles, Finds it and Resumes Trip.

British United Press. MACOMB, Ill., Aug. 7.—It takes more than a gust of wind to stop Thomas Gilmore, 94 years old, from carrying out his plans. Gilmore, with his wife, boarded a train here for a trip to California. As he handed his bulky ticket to the conductor, the breeze whisked it from his hand and out the window. Gilmore got off the train at Randolph, six miles from here, walked back along the track and found the ticket in the weeds by the side of the rail. His wife came back to Macomb on the next train. They hired a taxi and cut across country to Momouth, where they boarded the same train on which they had started.

GLACIERS RECEDE

Progress Arrested in Swiss Alps; Largest Backs 100 Feet.

MONTREUX, Aug. 7.—Recent observations of more than one hundred of the most important Swiss glaciers show that whereas during the last few years most of them were in forward movement, the majority now exhibit a tendency to recede. The Grindelwald glacier, whose rapid progress of late years attracted tourists to the spot by the thousand, has again become stationary, a fact probably due in large measure to the comparatively light snowfalls in recent winters. Last year the Aletsch, the longest Swiss glacier, receded more than 100 feet, while the Rosshoden, near the Fletschers, showed an advance of over 130 feet.

DEATH FOUND ACCIDENTAL

MONTREAL, Aug. 7.—A verdict of accidental death was rendered this morning by a coroner's jury in the case of an unidentified man who was knocked down and killed yesterday by a taxi on Union Avenue.

MYSTERY DEATHS

CHICAGO, Aug. 7.—Russell Scott, who escaped the gallows when a jury decided he had become insane since his conviction for murder, yesterday informed newspaper men that he is "as sane as you are."

DECLARES HE WILL NOT DO "THE NOT ACT"

Commitment Specifies Return for Execution If Found Sane

GOES TO ASYLUM Says Canadian Interests Are Insisting On His Persecution

CHICAGO, Aug. 7.—Russell Scott, who escaped the gallows when a jury decided he had become insane since his conviction for murder, yesterday informed newspaper men that he is "as sane as you are."

The former Canadian fugitive, who was convicted of the murder of a Chicago drug clerk in a hold-up and who since time near death on the gallows, was taken to the Chester Asylum for the Insane this morning.

COMMITMENT CHANGED. He was to have gone yesterday, but the state's attorney objected to the form of commitment, insisting that the commitment should specify that if Scott became sane he be returned to the sheriff of Cook county to pay for his crime on the gallows."

Judge Joseph B. David, who presided at the family hearing, agreed to the change, which will be made in open court today.

Scott was taken back to his familiar quarters in the death cell, where three times he started to spend what he believed were his last hours. His occupancy of the death cell, however, was merely for the purpose of receiving relatives and reporters.

PROTESTS INNOCENCE. "I suppose I'm going to Chester," Scott said, "but I'm no more insane than anyone of you. The fight is just beginning. It will not be long until my absolute innocence is proved. The conviction of my wife and parents will be justified in a short while and I will be free."

Scott's alleged delusion of persecution, which the defence based on the plea that he is insane, were apparent in his next remark: "It is the Canadian interests that have been persecuting me," he continued. "They are insisting on the persecution of an innocent man. I wish that I could have taken the stand in the last few days. I would have told the hundreds of people in the courtroom some of the facts in this case."

BLAST MYSTERY IS STILL BAFFLING

Efforts Fail to Locate Heavily Insured California Chemist.

MANTANEE, Calif., Aug. 7.—The mystery that is almost uncanny today continues to surround the explosion and fire which occurred more than a week ago at the Pacific Cellulose Company in which Charles Henry Schwartz, heavily insured chemist, disappeared immediately after the charged body of an unidentified man was found in the wrecked laboratory of the plant at Walnut Creek.

Standing in the foreground of every avenue of investigation is the phantom figure of Schwartz. In Walnut Creek he was the central figure in a corporation which depended upon him to perfect a process for the manufacture of artificial silk. As a hobby, he dabbled in a study of the "perfect crime" and although a man of family, he was recently made defendant in a \$60,000 breach of promise suit filed by an Oakland girl.

Colum Copies Tid-bits on the Tip of Everybodys Tongue

Vol. 1, No. 98. SAINT JOHN, AUGUST 8, 1925. Showery

FROM BEDFORD TO HALIFAX

Not via the fine tarvia road that skirts the Basin, but afoot in "Molvin", the new motor car recently added to the Moir transport fleet.

Her mission is to freight wooden boxes and box shooks from the big box-making plant at Bedford direct to the wharves of Halifax manufacturers using the same.

Molvin Plum Loaf is now flavored with cinnamon and allspice—besides its usual generous measure of Sunmaid raisins and Barbados date molasses. The children love it, and it's good for them.

Pack a cake of Camp Chocolate in your kit for your next outdoor trip—for food and drink combined.

BAXTER SAYS VENIOT CAUSE OF HIS RETURN

Broken Pledge on Grand Falls Brought Him Back, He Declares

DENES McLEAN IS DIRECTING FORCES

Richards Assails Alleged Laxity of Dry Law Enforcement.

FREDERICTON, Aug. 7.—The first political demonstration of any size in Fredericton during the present provincial campaign took place tonight when Dr. J. B. M. Baxter, K. C., leader of the Opposition, and C. D. Richards, former House leader and candidate in the urban constituency of Fredericton-Devon-Marysville, spoke in the Opera House. The meeting was attended by an audience which filled the hall and left some standing. Women were well represented and many people from places outside also were in attendance. J. A. Reid, ex-Mayor, was in the chair.

Dr. Baxter spoke first and left for Saint John. Mr. Richards speaking after him. The issues of the campaign which previously had been discussed were covered by both speakers. Dr. Baxter concerning Maritime union, said he had favored it but that it was not an issue of this campaign. He said that Angus McLean had no pledge from the Opposition and no promise of a pledge. He had been, however, one of a party of 25 business men who had approached him and requested that he come back to New Brunswick to attempt the rescue of the public business of the province from the "financial madman" in charge. When he had asked what would become of them if he should fall in the attempt they said, "It will make no difference for there will be no business left if the Veniot Government remains in power."

Dr. Baxter expressed his satisfaction at the attendance. The gathering was real. It was not a report emanating from some remote part of the province. If a paragraph appeared in the Newcastle Advocate to the effect that he was deserting Richards they would know what value would be attached to it. If the saint John Globe and other "illustrious lights of journalism" repeated, they also would know how to take it.

He knew that a canvass had been made about Fredericton not to support Baxter, the man who would hurt New Brunswick into Maritime Union and deprive Fredericton of its position as centre of administration and everything else it had. There would be some benefit for that, for in the past he had spoken in favor of Maritime Union.

In this campaign the question of Maritime Union was not an issue. The new Government, which was coming in, would have no mandate from the people to deal with Maritime Union.

Dr. Baxter also dealt with the Compensation Act canvass. He said the Opposition could make no change in that act, but would make a change in administration. He outlined the steps which led up to the passage of the Workmen's Compensation Act. He stated that the late W. F. Halloway was the originator of it. He would give the present Government credit for passing the act, but he would not permit the former Government to be deprived of the credit of taking the greatest forward step in compensation ever taken in the province.

Someone in the audience mentioned the Gleaser. Dr. Baxter, following up the remark, said that it reminded him of the boodle fund in which he was said to have been concerned. He lost his own money in that. In fact he believes he was the only man who had used his own money to save the province a loss. He had a recollection, however, of an item of \$10,000 which was contributed to a certain journal which was an instrument of moulding public opinion. He presumed that the services rendered were satisfactory at the time.

HYDRO ISSUE. Hydro was the issue of the campaign. The Opposition was in favor of developing Grand Falls, but developing them with the public interests safeguarded. The Opposition was not going to rush into this to please J. J. McCaffrey. Continuing he said that ex-Premier Foster made a serious blunder in connection with a serious blunder of that at Grand Falls was not wanted. There

ROYAL VICTORIA COLLEGE MONTREAL. A RESIDENTIAL COLLEGE FOR WOMEN STUDENTS ATTENDING MCGILL UNIVERSITY. (Founded and endowed by the late Rt. Hon. Baron Strachan and Mount Royal). Courses leading to degrees in Arts, separate in the main from those for men, but under identical conditions and to degrees in music. Applications for residence should be made early as accommodation in the College is limited. For prospectus and information apply to The Warden.

Physical Training, Manual Training, Music, Drawing. Supplemental Exams, Monday, Sept. 14th, at 9 a. m. New Boys at 2 p. m. Term commences Tuesday, Sept. 15th, at 9 a. m.

SIX DIE AS TRAIN CATCHES FIRE

Six men who were "beating their way" across the country were killed when their freight train was wrecked at Taylor's. This picture shows blazing tank cars, which were ignited by the collision. The men were riding under these cars.

were land and other damages then not included in the payment of \$1,200,000 to the International Paper Company. Hydro from Musquash had meant much for Saint John. It had been a great advantage, but it was paid for at less than cost and should not be provided by the involuntary charity of the rest of the province.

TELLS OF INVITATION. With regard to the charge that Angus McLean had opposed the Government because requests for stampage reduction were made, he had something to say. Angus McLean was opposed to Veniot, but Angus McLean was not directing the Opposition party. He had no pledge and no promise of a pledge. But he could say that before nomination day—long before—Angus McLean and 25 other business men came to him and asked him to come from Ottawa to lead the Opposition because they wished the business of the province of New Brunswick rescued from the hands of this "financial madman."

SAYS VENIOT "SUCKER." He had asked what would become of them if he became leader of the Opposition and failed. The reply was, "It will make no difference. There will be no business left if the Veniot Government remains in office."

With regard to the payment of \$1,200,000 to the International Pulp and Paper Company, Dr. Baxter said that company had secured a tender in Premier Veniot who had agreed to pay for "book increase" in the value of their Grand Falls rights. Had Veniot lived up to his promise to place the whole information before the people before he acted he (Baxter) never would have left Dominion politics to return to New Brunswick. He repeated the statement made previously that he would cancel the Grand Falls contracts at once if returned at Premier.

C. D. RICHARDS. C. R. Richards said the size of the audience and the enthusiasm was a strong reply to the campaign of abuse and vilification which had been going on in this constituency. He was pleased by the reception given Dr. Baxter, the leader of the Opposition. He saw many before him from various places in York and he felt sure that the design of the Government in its gerrymander would be defeated.

DENIES LABOR BACKED IT. In the province he believed there was a strong feeling of indignation against the Foster-Veniot Government. Such canvasses as the lumber lords and workmen's compensation existed only in the imagination of those who started them. He knew an emissary had been busy about the city among working men. He did not regard that man as a true representative of working men. He could state that last night's meeting addressed by that man had not been called by officers of organized labor.

The speaker claimed part of the credit for the retention of the river-city of New Brunswick in Fredericton, and criticized the Government for alleged lax enforcement of prohibition.

ATLANTIC SHIP RATE CHANGES ARE DEFERRED

North Atlantic Conference Extends Trading Period to December 31

MONTREAL, Aug. 7.—With the extension of the trading period from Sept. 30 to Dec. 31 by the North Atlantic Conference, there will not be any change in ocean freight rates from American and Canadian to British and Continental ports for several months.

The conference is an association of steamship companies whose representatives meet monthly, two of the meetings during the year being held in Montreal. The midsummer Montreal conference opened in the Mount Royal Hotel yesterday and continued until this evening.

in shipping circles, is for three months. The North Atlantic conference announces rates from time to time to be in existence for three months or longer—the trading period.

As the meetings are held monthly, there may be revisions, either upward or downward, depending upon contingencies or unforeseen circumstances, but unless these arise the rates in existence today will continue in force until the end of the year.

Ocean freight rates on grain are not fixed by the conference, these are open and fluctuate from day to day so that the decision of the meeting does not affect grain shippers.

entered from the fire escape. She protested in Italian and was told to talk English and "quit faking."

While one of the two men was beating her husband to death with a hammer, she tore a gag from her mouth and shouted in Italian. The man left to guard her yelling, "For God's sake, Jimmy, let's get out of here; we're in the wrong place!" The men fled.

**LEWIS TALKS OF COAL SITUATION**

Union President Presents Views in Crisis Over Wages Increase.

Discusses Freight Rates as Element—Shutdown Widespread in Effect.

(By Bob Dorman, N. E. A. Writer.)  
ATLANTIC CITY, N. J., Aug. 8.—Should there be a coal strike, every industry in the country will be affected, directly or indirectly, John L. Lewis, president of the United Mine Workers, told me "At present there are some 125,000 men employed in the anthracite mines. Conservatively, they and their dependents will number at least 500,000."  
"With a shutdown, these men will immediately be compelled to stretch in their buying in preparation for a prolonged struggle. Purchases will be cut down to the barest necessities of life. Food purveyors, clothing dealers and manufacturers—in fact, all who sell to the family will find a falling off in their business."  
"And those who will not be alone in their loss of trade. The normal purchases of the mining industry—for example, rails, explosives, tools, lumber—will be shut off. All these things must be added to the cost of a coal strike."  
"The miners are not asking the impossible in their wage and other demands. Statistics of the government show a steadily increasing cost in foodstuffs and other necessities. The mine workers must have increased wages to cover the cost of living."

**TALKS OF COSTS.**  
"If all their demands should be granted it would mean the addition of not more than 50 cents a ton to the cost of anthracite coal. This would mean that the labor cost of a ton of coal would be around \$5."  
"And don't overlook this point—the labor cost of a ton of coal before the last wage increase averaged \$4.12. To this the last award added about 41 cents. But the operators added to the price of coal 50 cents to \$1, a clear extra profit to them of 40 to 50 cents a ton."

"Even were the miners granted the 50-cent per ton raise in wages, the operators would still be making as much money they did two years ago. Instead of seeking to lower costs by reducing wages, the operators should seek other means of lowering costs."  
"With a labor cost of \$4.55 per ton, coal sells for \$8.50 f.o.b. cars at the mine. Where does the profit go that is made from there to the consumer? Coal is selling in New York and Boston for from \$15 to \$16.00 per ton."

**FREIGHT RATES.**  
"Freight rates are too high for one thing. It costs twice as much to ship a ton of anthracite for half the distance that a ton of bituminous travels."  
"We have asked the operators to cooperate with us in a request to the Interstate Commerce Commission asking for a lower rate on anthracite coal. They have consistently refused."  
"And there is another point that should be taken into consideration. There are high and low-cost producing mines. Yet the operators' prices are based on the high-cost mines exclusively, even though there is supposed to be competition in the industry."

"When the cost of production rises above a certain point, that mine is uneconomic. If there were real competition, such mines would be forced to close because of inability to compete with lower cost mines."  
"There is plenty of anthracite coal as yet untouched whose cost of production would be much lower than in these almost worn-out mines. Plenty such fields are to be found in the neighborhood of Pottsville, Pa."

"Let the operators open up these fields and base their price on the cost of producing coal from them and not upon mines where the cost of production has become extravagant."  
"And one should not forget that we are asking nothing more than a living wage for men employed in an industry

JOHN L. LEWIS.

**London Tours Cheaper For American Tourist**

LONDON, Aug. 8.—(Seating London) is to be made cheaper for American tourists.  
The tramway lines have, corresponding to the electric street railway lines in an American city, are shortly to issue "one day passes" good over any or all of their lines without restriction as to the distance traveled. The price of the passes will be one shilling, approximately 25 cents.  
This will give the tourists, all for the price of a shilling, a 12 1/2 mile trip from the Thames Embankment in the heart of London, out to Abbey Wood; a 10 mile run to Wimbledon; and a 9 mile run from Bloomsbury to Epping Forest.  
If he isn't all tagged out by the time he has made these three runs, there are several shorter ones he may choose in addition, or do the first three all over again, still all for a shilling.

**Even a Gym and Children's Playroom!**

Every feature which will add to the comfort, pleasure and well-being of passengers is to be found on the famous one-class cabin steamers—Regina—Megantic—Doric and Canada.

The gymnasium for men and women is exceptionally well equipped and in charge of a physical instructor. The children's playroom and nursery, with cots and toys, is in charge of a specially trained nurse. Sailings every Saturday.

**DEAUVILLE RESORT GETS NEW THRILL**

Reckless Plunging by Famous Divorcee Makes Many On-lookers Gasp.

DEAUVILLE, Aug. 8.—Tired of matrimonial ventures, four of which ended disastrously, Mrs. Jean Nash, fascinating New York blond, called the best-dressed woman in the world and known from Mayfair drawing rooms to Cairo's inner social shrines, is now seeking distraction at the gaming tables of this famous resort.

Mrs. Nash's play is giving Deauville the first real thrill of the season. She has worked out a "system" which so far has been uniformly lucky, and aroused the envy of routine habitués of the tables.  
Mrs. Nash's coming causes a stir always. She arrives in a magnificent limousine, and steps majestically forth, clad in last-minute styles of the Paris tailors. Taking a place at the "Chemin de Fer" table, where the limit is 50,000 francs, she draws from her large handbag a pile of thousand-franc notes, carefully clipped together in piles of 5,000.

With an ultra feminine abandon, she places her money in mad plunges. Her fingers are flashing with diamonds, and her arms are covered with costly rings, let from the elbow to the wrist. She smiles nervously, her teeth showing fascinatingly.

Some of her plunges make onlookers gasp, but her excitement is only manifested by her knitting of an amazing string of pearls which figured in her last divorce from her Egyptian prince husband. He had thrown them from a

**Iodine Tells If Corn Is Not Sweet**

BEVERLY, N. J., Aug. 8.—The woman who goes marketing may in the future slip a vial of iodine into her vanity case as a first aid to successful selection of the sugar corn she buys.  
Experiments made by Federal and State agricultural agents indicate the practicability of the test.  
Farmers say that not all is sweet corn that masquerades as such in the market. Some is merely white field, or horse corn in its green stage. Complaints of consumers brought about the test. Ears of different varieties of corn were used. A few kernels were split and a dab of iodine applied. Field corn turned a light brown. The poorer kinds of sweet corn became a darker brown, while genuine sugar corn changed to black.

**Old Dutch**  
Won't Scratch Because  
Old Dutch contains no hard, sharp grit which cuts and ruins surfaces. It erases the dirt, instead of grinding it off. This is so because of its distinctive quality and character. To the eye a fine powder—under the microscope flaky, flat shaped particles, which make complete contact with the surface. Being flat shaped, they naturally cover more surface. Therefore, Old Dutch goes further, lasts longer. It erases visible as well as invisible impurities and assures you of healthful cleanliness.

Made in Canada

**ENGINEERS PLAN WAGE CAMPAIGN**

New York's Municipal Engineers Receive Less Pay Than Street Foremen.

NEW YORK, Aug. 8.—An important corps in New York's great "white collar" working army recently raised the standard of revolt.  
The municipal engineers, 3500 strong and representing the largest single aggregation of their profession in the world, outside of military establishments, completed an organization which has for its object improvement of salary and working conditions "comparable with the dignity, training and responsibility of the position."  
Although confined in its inception to the engineers, the movement has aroused sympathetic interest among other professions whose members, despite years of study and practical preparation, receive less compensation than the recently-arrived immigrant "engineer" of a compressed air drill or of a brick-lod.  
Demand Increase  
Casting aside the restraint of "professional ethics" which has been held to prevent direct, concerted action, the engineers have formed the Association of Engineers of New York, which, at a meeting representing every city department, approved the re-submission to the city authorities of their demand for a flat increase of 25 per cent. in salary and for amelioration of working conditions which, they assert, have prevented professional employees from reaping the benefits of civil service protection.  
Statistics prepared by the engineers for use in missionary work among

civic organizations show that 88 per cent. of the men holding professional certificates under the city government receive less compensation than a foreman of a street labor crew, that 70 1/2 per cent. get less than the city mechanics and 10 per cent. less than the city laborer.

Orten Works That Way.  
"Young Jim Junket doesn't seem to amount to much since he left college."  
"No, you see his college education made him too smart to work and not smart enough to get along without work."

SAINT JOHN PRODUCT FINDS ITS MARKET STEADILY WIDENING

HERE'S TALE OF HOW BLUE RIBBON DRINKS ARE MANUFACTURED

Maritimes and Bermuda Served From Premises of North End Industry, Business Developing from Pure local one of Few Years Ago

WHEN A CITIZEN, who enters the cool interior of an ice cream parlor or drug store on these hot summer days and casually asks for a "ginger ale" or some other bottled soft drink, what he receives and enjoys is very likely the product of yet one more enterprising Saint John firm—the Blue Ribbon Beverage Company, 80-82 Elm street, manufacturers of City Club ginger ale and Blue Ribbon carbonated beverages. This year, the company expects their output to consist of 70,000 dozens of the popular "split" size bottles and 20,000 dozens of the quart size containers.

Most of the company's business is done within the confines of the Maritime Provinces, although during the winter months they export large amounts of their soft drinks to Bermuda. Bermuda enjoys the peak of its tourist business apparently while Saint John citizens are busily plying their snow shovels, and the southern hotels have found it desirable to have the various soft drinks on hand. This market of the local company is steadily increasing from year to year.

To Soda Fountains Nova Scotia and New Brunswick are well supplied with agents for and dealers in the output of this Saint John firm. The local soda fountains, drug stores, park and beach refreshment stands and suburban resorts are supplied with the bottled goods by means of the company's motor trucks.

Another branch of the Blue Ribbon Beverage Company's business is the supplying of 40 of the local soda fountains with their soda water. It is sent to the local fountains in ten-gallon steel tanks. This soda water is carbonated at the Blue Ribbon Beverage Company's plant. In cases where local soda fountains have their own carbonators, this company supplies them with the gas which is present in all carbonated beverages. The local firm is agent

Partners in Enterprise

FREEMAN W. HAMM GEORGE P. HAMM

has four travelers on the road and the business has spread until Blue Ribbon drinks are well and favorably known throughout the Maritime Provinces.

Blue Ribbon Beverage Company is at the present time bottling a complete line of carbonated ginger ales and carbonated beverages. Some of the varieties marketed, beside City Club ginger ale and Old Curio ginger beer, are: Blue Ribbon, Blue Ribbon soda, raspberry soda, lime juice soda, birch beer, cherry phosphate, pineapple soda, orange punch, lemon punch, lime punch and grape punch. The firm also has the agency for Hires' beer and Ward's orange, lemon and lime crush. The ginger ale manufactured by the Blue Ribbon Beverage Company is of two kinds, regular and extra dry.

All machines in the factory are run by electricity and the machines themselves are of the latest design and make used in the bottling industry. All the work, with the exception of the syrup mixing, is done through the medium of automatic machines.

The syrup mixing room is a model of cleanliness. Purify of manufacture, is, in fact, the watchword. The syrups are mixed in earthenware jars and allowed to pass, by means of white tubing, from these jars down to the lower floor, where the bottling works are situated, by force of gravity. The syrup mixing room puts the visitor to the plant strongly in mind of a hospital operating room with its stringent cleanliness, white enameled appointments, etc.

Manufacture In the actual manufacture and bottling of the carbonated beverages, the first step in the process is the washing of the bottles. They are placed, dozens at a time, in an automatic soaker, which washes, brushes and rinses them. Every bottle is thoroughly steamed, the steam being provided by a boiler of great capacity.

The bottles are loaded into the lashing machine, or soaker, and dipped down into a strong alkali solution, the solution being heated by steam. The bottles are ejected into a large horizontal pan and the alkali solution is washed off. A revolving brush then takes care of the bottles and brushes them thoroughly on the inside. In this way, every particle of accumulation is removed.

The glass containers are then re-labeled to a rinsing machine, a horizontal piece of machinery which revolves and sends the bottles through the rinsing conveyor. While the bottles are in passage through this conveyor, jets of water play on them, both on the inside and outside, and thoroughly cleanse them.

The bottles are then ready to receive the beverage and they are conveyed automatically to the filling machine. The carbon dioxide gas and pass into the filling machine as well as do the fruit syrups. By the action of the filling machine, the required amount of syrup is injected into the bottle, the soda water follows suit and the cork crown is clamped over the top.

24 In Minute

The filling machine will fill and cap two dozen bottles a minute. When the bottles have been filled they are inspected for "leakers" and any particles of glass that the filling machine might have chipped off the top

of the bottles while performing its duty. Following inspection, they are prepared for the labeling machine. This machine has a capacity of labeling two dozen bottles to the minute. When the bottles have been labelled they are given a general inspection and packed in cases for shipment.

Although the business of the Blue Ribbon Beverage Company has increased steadily since its inception under the name of the Blue Ribbon Drinks Company, the management feel that there is still room for further expansion and are satisfied that their plant compares favorably with any of its kind in the Dominion.

It's All Over But the Crash!

GRAND LODGE OF MARITIMES IN CITY NEXT WEEK

W. Garnett, W. H. Blair, C. W. Segee, F. W. Stanton, M. D. Brown, Frank D. Robson, Arthur Ross, Harry Norris, W. J. Watson, W. R. Sanderson. Programme and publicity—F. W. Stanton, chairman, W. J. Watson, secretary; Miss Henrietta Lamber, Mrs. K. W. Epstein, Miss Marjorie Gorham, Miss Margaret O. A. Steadman, Mrs. A. D. Alward.

Entertainment—M. D. Brown, chairman; Mrs. A. D. Alward, Mrs. Phoebe Budge, Mrs. K. W. Epstein, W. E. Furse, Arthur Ross. Ball room floor managers—Harry Norris, Frank D. Robson.

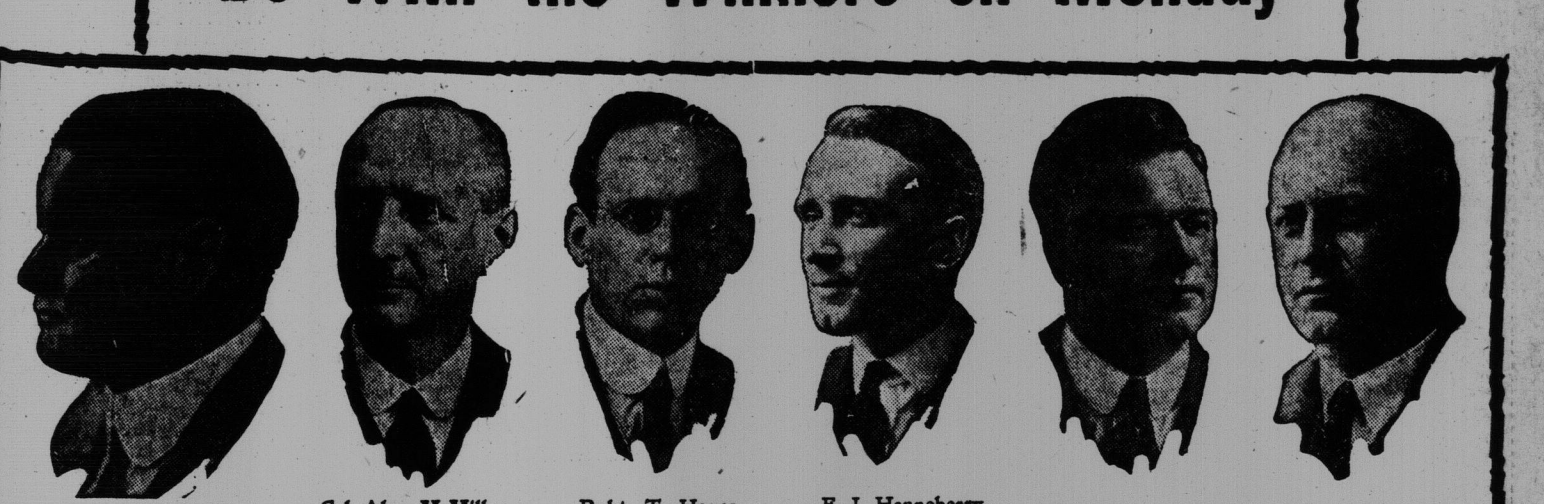

The grand officers who will be the special guests next week are: Dr. A. E. Heath, Grand Master, Ontario; G. E. Heath, Grand Master, Rock Island, Quebec; James Love, Grand Treasurer, Quebec; J. A. Tully, Past Grand Master, Alberta; Grand Masters of Maine and Massachusetts.

Dr. A. E. Heath, grand master for Ontario, is one of the outstanding medical men of the Dominion and a member of the Ontario Legislature. For his services during the great war he was honored with the title of C. M. G. by the British Government. He served with distinction in both the South African and recent European wars. On the outbreak of the war in 1914 he enlisted with the medical division and went overseas with the first contingent. His services were such that he rose to the rank of Brigadier-General before the end of the conflict.

The Alberta Grand Lodge will be represented by J. A. Tully, past grand master, who has for many years been connected with the field force of the Oddfellows Relief Association. Quebec will be represented by G. S.

# WALKER AND SHADE READY TO SIGN FOR CHAMPIONSHIP BOUT

## FUGAZY HOPES TO CLOSE MATCH BY TOMORROW

### May Be Stayed In Brooklyn Ball Park

NEW YORK, Aug. 8.—Final details for the proposed Micky Walker-Dave Shade world's welterweight championship fight are expected to be completed Sunday, when Jack Kearns, manager of Walker, is scheduled to arrive in this city, according to an announcement made yesterday by Humphrey Pagan, who is endeavoring to clinch the bout for Ebbets Field. Pagan stated he had received a communication from Kearns in Chicago assuring him that Kearns would be ready to close the match if satisfactory terms can be arranged.

**Making Arrangements.**  
Certain that the match will be closed for the Brooklyn ball park, the Ebbets Field officials went ahead arranging preliminary plans for the show and matchmaker Pagan stated that Dave Driscoll, promoter of the club, would file application for a permit today with the Housing Commission to hold the show either Sept. 16 or 17. Jimmy Goodrich and Sid Terry may meet for the world's lightweight title in addition to the Walker-Shade fight.

## PROMOTORS SEEK WILLS-TUNNEY BOUT

### Tex Rickard Confers With Ex-Boxer—Would Stage Fight in Yankee Stadium.

NEW YORK, Aug. 8.—Two promoters are in the field for the Tunney-Wills fight next month. Rickard, following a conference with Paddy Walsh, Wills' manager, is at Saratoga Springs, N. Y., today conferring with Gene Tunney. He seeks the battle for the Yankee Stadium.

## FOUR VETERANS LEADING HITTERS

### Tris Speaker Remains at Top of American League Batting—Other Statistics.

CHICAGO, Aug. 8.—Four veterans and a youngster from the western end of the American League circuit are topping the slugging this week. It is shown in averages released today, which include Wednesday's games. The quartet is composed of Speaker, leader of the Cleveland Indians, who heads the procession, with .384; Harry Rice, young versatile player, of the St. Louis Browns, with .381; Haliman, star outfielder of the Tigers, with .382; and Ty Cobb, and George Sisler, with .378. Sisler, of the Mackays, is the closest Eastern contender, being sixth with .371. Sisler fared better than the other leaders, making a gain of many points over his mark of last week, while Speaker dropped 11 points. Rice, Cobb and Haliman lost 4 points each.

**Home Run Hitters.**  
Ken Williams, of the Browns, still leads with 24 homers. Muehl, of the Yankees, is trailing Williams with 22. Johnny Mostil, of the White Sox, remains at the top in base stealing, with 24 thefts, and has increased his lead as a run getter with 91 registrations.

# Gene Tunney Lays Claim To Heavyweight Championship of World

## Along The Sport Trail

By RAY HANSEN

THE REPORTS from the regatta at Philadelphia have reawakened interest in the rowing game hereabouts. As a result enthusiasts are now eagerly awaiting some definite word from the Pennsylvania Association regarding their plans to stage a regatta on the Schuylkill river. It is proposed to hold the annual race for youths 21 years and under for the magnificent Ross trophy, also a senior four oared race for the Fulton cup and a junior four oared race for the McEllan cup. The regatta was due to be held about the middle of the month but the four-oared shell of the Association was quite badly broken and a delay has been occasioned. It is expected that the members will be definitely regarding the regatta at a meeting called for tonight. Harry Gigley has won the Ross trophy since the time it was put up for competition but it is expected he will allow the younger scullers to compete this year. This would give Logan, Belyea, McCavour and Ingraham a chance to fight for honors and it should be a great race. Another tilt between Gigley and Ward for the honor of representing Saint John at the Maritime championships would be a big feature attraction.

**IT LOOKS** as if professional baseball in Saint John is now both dead and buried. Manager Mallet did his best to keep the waning interest alive but when the players failed to cooperate he threw up the sponge. He did not think it was fair to himself or the fans.

**THE NEW BRUNSWICK** track and field championships are scheduled for next Saturday on the Allison grounds here. Of late years there have been few big athletic meets in Saint John and it might not be amiss to suggest that the officials be named in sufficient time for them to familiarize themselves with the rules governing such meets. For instance in several small ones conducted here there has been a wide divergence of opinion on the rules, and when a point was to be decided there was no copy at hand. The amateur authorities clearly define the duties of a starter and the words he is to say in getting the runners away. There should be no change from the set phrasing for with different words the contestants are confused and poor starts result. Athletes are within their rights in lodging a protest when the starting phrases are not as laid down in the rules. Also it has been, in some instances, the suggestion for the starter to be lenient concerning false starts. The rules are clear again here and should be followed to the letter. So the caution is for the officials to read the rules and run the meet in strict accordance with them and so give our New Brunswick athletes conditions which they will meet when they take part in contests in other places.

**THERE SURE WAS** some excitement at Rothesay when Umpire Stubbs called the "out" rally in Thursday's game. Fans say he was justified in suspending play, but think he made a mistake in allowing the inning to start. After the game Jerry was heard to remark "I am da—ed if I do and I am da—ed if I don't."

**THE ALLISON** athletic field is now ready for track meets and football. A nice growth of grass has come through this summer and the field should be in excellent condition for football during the fall months. In addition the new pavilion will fill a long felt want in future, teams or athletes coming here to participate, either in a meet or football games will have fitting quarters to dress and enjoy a shower after their strenuous exercise. While it is true that the cinder track is still a bit loose and the cones are not so constructed as to make for speed, nevertheless it is better than Saint John has had in years. Sport lovers should show their appreciation by turning out to every event staged on these grounds, and in addition encourage those participating in the various events and thereby help Saint John get back and maintain its proper place on the athletic map.

## MATTY IMPROVING Leading Batmen In Major Leagues

### Big Six Will Have to Stay at Saranac Lake For Several Months.

NEW YORK, Aug. 8.—Far from being in a critical condition, as some reports have had it, Christy Mathewson is the beloved "Big Six" of other baseball fans, now president of the Boston Braves—in full command of the Boston spirals, taking as lively an interest as ever in the game which is closest to his heart.

**His authoritative information** came to The Associated Press yesterday from Saranac Lake, the Adirondack Mountaineers' resort where Mathewson makes his home and spends a good share of his time.

**In Matty's own words**, he is "feeling fine." He is rapidly regaining the strength which was a little undermined last spring when he assumed too heavy a burden in trying to meet the fortunes of the Boston club for the 1925 campaign. But his physicians, while gratified by his progress, are still in rebuilding his health once more, so that he will be able to leave Saranac for some time, probably several months.

## CANADIAN MEET

### Halifax Getting Ready For Big Track and Field Classic—Locals to Compete.

HALIFAX, Aug. 7.—Already track teams from Hamilton, Toronto and Montreal, as well as Maritime aggregations from Saint John, Charlotte-town and Halifax, and many athletes from all parts of Canada are assured for the Canadian field and track championships which will be held on the Wanderers' grounds here Saturday, September 6. In addition efforts are being made to bring here such runners as Jole Ray, who won a sensational race from Victor MacAulay, Nova Scotia Olympic runner, when the Canadian meet was held here in 1923.

**Members Are Guests Of Rear Commodore**  
Members of the Saint John Power Boat Club were the guests of J. Fraser Gregory, rear commodore, at a social evening and dance on Thursday at Millidgeville. About 25 boats left Marble Cove under the command of P. M. McKelvey. St. Mary's Band furnished music for the dancing. The return trip was started about 11 o'clock. The Power Boat Club will hold its annual picnic at Crystal Beach on Aug. 23. The service will be conducted by Rev. A. J. Patstone of Westfield, club chaplain, assisted by other clergymen.

**The Impudent Like The Ose**  
"It's tough to be broke."  
"Yep! Nobody loves a fat man."

## CANADIAN GIRL ATHLETES ARE ENROUTE HOME

### Were Given Hearty Send Off At Liverpool

LONDON, Aug. 8.—With hands joined, singing "Auld Lang Syne," and laden with Scottish haggis, books and other presents galore, including one for the smallest girls ever born, the Canadian girl athletes who participated in the Women's International field and track meet, presented as bright a party at Easton Station yesterday morning, as has been seen there for a long time. They were waiting for the train to carry them to the steamship Montcalm on which they are homeward bound.

**Had Fine Time**  
"We have had such a good time it is impossible to describe it," Miss Alexandrine Gibb, Manager of the team declared. "Everybody has showered us with all sorts of kindness. Just look at this,"—indicating another fresh bunch of bouquets which some English admirer was distributing among the laughing chattering throng.

**Went Sight Seeing**  
After their strenuous competitions at Stamford Bridge last Saturday, the girls devoted themselves mainly to sight seeing, and entertainment. At the landing stage in Liverpool today, a big gathering of people were on the lookout for them to give a hearty send-off.

## FRANK C. MEILKE WINS GOLF TITLE

### Defeats Brother in Fredericton Tourney—Local Pro. Wins Premier Honors.

FREDERICTON, Aug. 7.—The amateur golf championship of the Maritime Provinces has changed hands, but it still remains in the same family. When Frank C. Meilke beat his brother Gerald at Fredericton today 6 up and 5 to go, he won the championship for the seventh successive year that it has been in the Meilke family. Gerald Meilke was champion last year.

**Played in Rain.**  
The professional championship was hard fought in a drizzling rain. S. M. Lingard, of Saint John, won the championship for his third successive year. As on the past three occasions the runner-up was Fred McNeil, but it was Gerald Meilke's last nine holes in 35 equalled the course record, held by R. Ducat, the local professional.

The scores in the professional medal play were:

Name	Out	In	Tl.
Lingard	26	76	102
Ducat	31	81	112
Foley	31	82	113
Brown	32	88	120
Bowwell	37	82	119
Cunningham	34	88	122
Beach	39	88	127
Mealy	39	95	134

## BASE BALL

**WHAT** must be the existing conditions for a team that is first at bat, to score a number of runs and hit in their turn at bat and then force the umpire to call the game before Cleveland could take its turn at bat.

**NO** doubt a game once played by Cleveland and Philadelphia is being called on such a situation. When Philadelphia went to bat in the first half of the seventh inning, the score was 15-5 in favor of Cleveland. The home team, Philadelphia made six runs in its half of the seventh. Ray then forced the umpire to call the game before Cleveland could take its turn at bat.

**What was the score?** Were the six runs scored by Philadelphia wasted? Did the game revert back to even innings?  
The final score was 18-11, even though Cleveland never did have its turn at bat.

**The rule** says that if the umpire calls a game because of darkness or rain, and the team second at bat shall have scored in an unequal number of innings or before the completion of the unfinished inning, at least one more run shall be the total number of runs each team has made.

**In the instance cited**, the Cleveland team in six innings made 13 runs, while the Philadelphia club in seven innings made 11 runs. In this case Cleveland scored two more runs than Philadelphia in unequal innings and the score is the total number of runs each made or 18-11.

**Walker-Willis Bout Called Off Until Monday**  
CHICAGO, Aug. 8.—The Mickey Walker-Billy Willis boxing match at East Chicago, scheduled for last night, was called off at 7 o'clock because of rain and will be staged Monday night.

## POSTPONE SWIM

### Gertrude Ederle Was Indisposed—Miss Harrison May Attempt Crossing Tonight.

BOULOGNE, France, Aug. 8.—Neither Gertrude Ederle nor Lillian Harrison, the girl swimmers from America, started the cross-channel swim last night, as expected. Miss Ederle was indisposed, and postponed her attempt to August 17. Miss Harrison may make the plunge tonight if conditions are favorable.

## SGT. EMERY WINS HONORS AT SUSSEX

### Is Conceded to be One of The Best Shots in The Province.

SUSSEX, N. B., Aug. 7.—Heavy rain, marked the closing day of the N. B. R. A. matches. This lasted till after lunch and a light mist continued, partially obscuring the targets from the marksmen.  
The closing range of the Prince of Wales match was fired, and when the score cards were sorted it was found that three competitors, Sgt. S. Emery, Saint John; Lieut. C. A. Etey, Grand Falls, and J. L. Ward, Moncton, had tied with 107 points each.  
In the ladies' match, fired late Thursday evening at 800 yards, and in very dark light, two competitors, Sgt. Emery and R. Hannan, were found to have made a remarkable performance, having scored 49 points each out of a possible 50.

**In the short-off of these ties**, Sgt. Emery, who was also one of the three competitors tied in the Prince of Wales match, secured the ladies' prize by a margin of 10 points over Lieut. C. A. Etey.

**The Mervin cup**, for the highest score made by a member of the local five militia, was won by Sgt. R. J. Stapleton.

**The Governor-General's medals** were won by the following: 1st, silver medal by Sgt. A. A. Etey, 2nd, bronze medal by Capt. A. A. Dodge.

## PITTSBURG PIRATES CONTINUE TO GAIN

### Cincinnati Reds Also Close in on New York Giants by Defeating Them.

NEW YORK, Aug. 8.—The jaws of the trap which have been closing on the place New York Giants since from two sides were clamped more tenaciously on the National League champions yesterday.

**Pressure applied by third place Cincinnati** and leading Pittsburgh, yesterday, removed the club three and one-half games from first place, and reduced their hold on second place to but two and one-half games. A second victory in as many days over the Giants by Redland warriors, marked the fifth straight reverse suffered by the home team.

**The champions yesterday** were able to score only one run on high class pitching by Donohue while Cincinnati counted twice against Barnes and smashes by Roush and Walker, the latter of whom scored the winning run and finished out the winning run.

**Hard and prolific hitting**, reaching its peak in a three run ninth-inning rally, enabled Cincinnati to win an uphill battle against Brooklyn, 10 to 9. Six pitchers failed to check a steady outpour of drives on both sides throughout the game.

## Win By Default

### The Saint Johns did not appear on the North End diamond last evening to play the regular scheduled game with the St. John Baptist team, and the latter was awarded the game by default.

## HALTS REDS' STREAK.

**After winning** nine straight games the Cincinnati Reds were finally halted the other day. And by none other than the lowly Boston Braves. The City streak was one of the best in the majors thus far this season.

## GAMES TODAY.

**The City Amateur League** has two ball games scheduled for today. This afternoon on the North End grounds the Royals will play St. John the Baptists in the replay of a game, and this evening on the South End grounds the Royals will meet the Saint Johns.

## A Thrilling Finish

The O'phers and the Vindictive, two of the entries in the Stamford Yacht Club Regatta, held at Stamford, Conn., are here shown nearing the first buoy in a close finish on the waters of Long Island Sound.

## Hagenlacher Defeats Willie Hoppe By Sensational Runs

NEW YORK, Aug. 8.—Making one of the greatest pull-ups ever seen in a billiard match in this city, Erik Hagenlacher, German 16.9 ballline champion, ran 664 points in nine innings in the final two blocks of his 2,400 point match with Willie Hoppe at the Fourteenth Street Academy yesterday night, weather permitting. Hagenlacher scored 664 caroms in the afternoon to Hoppe's 198. In the evening he continued where he left off with an unfinished run of 88 in the ninth inning and scored 300 points, giving him a run of 388. Hoppe did not have a chance to go to the table. The exhibition of the German champion left the large gallery dazed.

**From his first inning of the afternoon block**, which was the thirtieth of the match, until his closing run of 147, Hagenlacher played marvelous billiard. He collected 172 caroms on his first turn at the table in the afternoon, after Hoppe had made a run of 4. In addition to this run of 172 he made three other high runs of 138, 136 and 102, and finished with his run of 388 for the thirty-eighth inning.

## To Play St. Stephen, Weather Permitting

Although Thomas Mullet, manager of the professional Alerts, asserted yesterday that he had disbanded the team and that the proposed double header today with the St. Stephen team would be called off, Leo Bonnell, captain, reported last night that he had made arrangements with the Border team to play here this afternoon and tonight, weather permitting. Therefore the team will be treated to two games on the East End grounds.

## Tilden and Johnston Qualify for Doubles

FOREST HILLS, N. Y., Aug. 8.—William T. Tilden and William M. Johnston—the "Big Bill" and "Little Bill" of American lawn tennis—today became the nation's prospective Davis Cup defence doubles team by scoring over Vincent Richards and R. Norris Williams in the third and final match of their series, 6-4, 3-6, 6-4.

**By winning** the round robin tournament between four rising young players of the middle and far west, Howard Kelsey, of California, became a potential No. 4 player on the Davis Cup team. If Williams elects the role of non-playing captain, Kelsey stands in line for selection to the defending team.

## Panama Boxers Score Two Victories in Ring

NEW YORK, Aug. 8.—Panama scored two victories in the ring here last night when Lolo Lombardo won a judges' decision over Joe Leopold, of Denver, Colorado and Dave Abad decisively defeated Al Libonowicz of New York.

## HIS MANAGER ISSUES DEFINITIVE TO HARRY WILLS

### Claims Dempsey Has No Intention of Fighting Again

BILLY GIBSON, manager of Gene Tunney, issued a statement yesterday in which he formally claimed the world's heavyweight championship for the conqueror of Tom Gibbons. His statement follows:

"Jack Dempsey's declaration that he will defend his title in 1928 is the same old cry that he has been emitting for the last two years. Dempsey will not enter the ring next year or ever, I am convinced of that, and future events will prove it to all and sundry.

**GIVES HIS REASONS.**  
"With Dempsey in retirement Tunney's claim to the world's heavyweight championship is better than that of any of his classmates. His defeat of Tom Gibbons, not to mention his other victories, makes him the best man in the division.

"Harry Wills' Tunney is open to meet him at any time and any place, in fact, I issue a challenge to Wills to dispute Tunney's claim to the championship in the ring. Wills has persistently avoided Tunney, just as Dempsey ran out on him after pleading his word to me to fight Tunney this year. Wills had several opportunities to meet Tunney but he evaded the issue each time. Tex Rickard will bear me out in this if verification is necessary.

"Tunney is willing to meet any man. So far as Wills in particular is concerned, I defy him to accept this offer. Why he should hesitate I cannot understand. He must know, even as we know, that he has as much chance of becoming President of the United States. Even though he were assured of a Dempsey match next year, why should he remain idle so long? He can get more money right now fighting Tunney than he would receive in a Dempsey match. Tunney does not mind losing the remote possibility of a Dempsey chance. Wills evidently does. Otherwise he would step up to the mat and sign on the dotted line. Meanwhile, Tunney is open to meet any heavyweight in the world."

## GIRL SUES CLUBS

ST. LOUIS, Aug. 8.—Sue for \$15,000 damages has been filed here against the owners of the St. Louis Browns and Cardinals by Viola Hayes, who alleges a foul ball struck her in the face as she was entering the grandstand at Sportsman's Park, June 30, loosening her teeth and causing nervous shock.

## LOUIS GREEN'S FOR PIPES

HALIFAX, Aug. 7.—Announcement was made here tonight that the Maritime Quoit Championships would be staged at Truro, N. B., August 27 and 28.

DECLARE FOR ECONOMY POLICY IN VIEW OF INDUSTRIAL STATUS

Tilley Would Give Prohibition Law One More Chance and If It Fails Would Try Government Control

Continued from page 9. monthly periods, something never before recorded in the health history of the city. In Dr. Warwick's report for the city found at page 83 of the diphtheria cases in the city and county over a whole year showed an increase of sixteen.

NO MARKET YET, HE SAYS. "Look through every page of the report and you will find a deficit on supply of power. Why is it? Because the prices were all fixed on a cost of \$40,000,000. The public accounts show that bonds were issued to the extent of \$3,800,000 for this work. But Mr. Veniot has no market for his power. He has agreed to sell 10,000 to 14,000 horsepower to the International Paper Co. for which they have a six months' option after development, and the Bathurst Company can't have the power until the International Paper Co. has first offered to the International Paper Co. The only concern that can take this power are ground wool pulp factories, and they would be able to name their own terms because no contracts have been made in advance.

REFERS TO ALLEGED CANVASS. "In conclusion, the Premier and Dr. Roberts felt it was necessary to make an appeal against the canvass which they claim was made against the Premier because he was a Catholic and a French-Canadian. We hint this accusation back at themselves. Let them name the candidate or anyone speaking with any authority whatsoever who has suggested a canvass of this nature. We leave it to Mr. Veniot to canvass his constituents on the North Shore to vote for him on the sole ground that he is a French-Canadian Premier. Our aim is to have these two races develop this country together in harmony. We make no appeals to prejudice, but we do appeal to the sober common sense of the people of New Brunswick, regardless of creed, race or position."

NOT PAID YET, HE SAYS. But the International Paper Company are not paid yet, because there is a little Schedule "A" in their contract providing for payment at actual cost with interest at six per cent, compounded annually. In addition, the government must pay the Bangor and Annotook Railway Company and the Van Buren Bridge Company the damage which will be done to their railroad over a distance of some sixty miles. "In addition, they must pay damages for all the farm lands around Temicousta Lake which will be submerged when the lake is dammed. The Fraces Company have a charter to dig the rights and they must be settled with. What has been our experience in regard to hydro? On page 28 of the last

a deal with one of the biggest interests in the country, that is to say, the International Paper Company, paying them over the huge sum of \$1,200,000 for claimed rights in the Grand Falls deal. Surely this is interesting to big interests.

ASKS QUESTIONS. "Why was the Premier not asked last night the following questions: Why was he in such a rush and hurry to consummate and close the Grand Falls deal ten days before this election? I would also like to ask him to name and specify in writing what contracts he has signed up for in connection with the use of the Grand Falls power when this work is completed, and if he has any such contracts signed, what proportion of the interest will they pay on the outlay of this costly proposition when completed? I would like to further ask him if the preliminary minimum estimate on this work as stated in the House of Assembly during the 1923 session did not amount to \$2,900,000, and the maximum estimate amount to \$15,000,000?"

INQUIRES ABOUT DEBT. "I would like further to ask him whether the actual deficit for the fiscal year ending Oct. 31, 1924, as shown by Price Waterhouse's report, amounted to \$248,123.17. In order to get rid of this deficit, has he bonded each year, and that they are adding to the bonded indebtedness of this province from these annual deficits about a million dollars every four years, and yet notwithstanding these facts, he will for election purposes plunge his Government and this province into a further indebtedness of nine to fifteen million dollars on a problematic venture at Grand Falls. The Premier cannot deny this.

SAYS AT WORK FOR SELF. "But I wonder if Dr. Roberts' colleagues are aware that he is running a private practice of his own, and that he is spending part of his time with personal friends who are canvassing and working for Dr. Roberts' election alone. If the doctor wants proof of this statement, he can have it at any time. Dr. Roberts is not a member of the Opposition, but if the Prohibitionist Act is not enforced, why has he sat for nearly five years in the House of Assembly and not signed when he stated on the dooms of the House that he regretted to say he (Roberts) was not at all satisfied with the manner in which the Act had been administered.

OFFERS COMPARISON. "The amount the Premier as Minister of Public Works has expended for ordinary bridges in Gloucester county, his own county, during the last year was \$20,811; in Saint John county, \$6,262, and in Albert county, \$6,577. "For ordinary roads he spent in Gloucester \$24,346, and for patrol work on the roads, \$25,625, while Saint John county received for ordinary roads \$8,894 and for patrol work \$7,837, and Albert received for ordinary roads \$2,856 and for patrol work \$6,577. These figures speak for themselves.

REFERS TO ROBERTS. "Dr. Roberts states that I referred to him at a former meeting as the 'little man from the North'. I want to tell the Hon. Dr. Roberts that I never used such an expression in regard to him either privately or on any public platform, and if I were to judge the doctor from his own opinion of himself, it would be an unqualified false statement. "He accuses me of never having done anything for the good of this constituency, but has issued pamphlets after pamphlets and paid for advertising Dr. Roberts and the work that he is alleged to have performed. The doctor has done considerable good work and I give him credit for it, but he must not run away with the idea that this province is the only province that has a Health Act.

MR. LEWIS. Mr. Lewis said that he could not improve on what had been said by the other candidates and suggested that the meeting might wish to hear the chairman, Commissioner Wignore. Mr. Wignore said that he agreed with the man in the front row that the prohibition question was not the least of those that should be discussed. The Government that was lacking in backbone to carry out the enforcement of a law that the world should be thrown out, he declared. He believed that the leader of the Opposition, Hon. Dr. J. B. M. Baxter, K.C., would insist on the enforcement of every law on the provincial statute books. The estimate of \$9,000,000 for the Grand Falls work had been made by H. G. Acres, a friend of Premier Veniot, he said. Engineers, he declared, were somewhat like lawyers in their ability to bring in reports to suit the occasion. Mr. Acres had been the one to estimate the Clippewa development at \$90,000,000, he said, and it had already cost \$71,000,000.

M-LEAN MESSAGE. He declared that he had called up Angus McLean to inquire as to the accuracy of the figures quoted by Premier Veniot when he said that it was costing Bathurst Lumber Company \$80 to \$15 a horsepower to develop hydro-current. Mr. McLean's answer had been that the figures were absolutely erroneous and that it was costing the company less than \$20 a horsepower to generate their hydro-electric power at Bathurst. The Premier were sincere in his efforts for the people, or if the developments meant the prosperity that Veniot had declared it would be thought that he might have had the election on July 30, and have closed the tenders on August 10 instead of reversing the dates, he declared.

WORKMEN'S COMPENSATION. "The canvass has been made among the workers that should the Opposition be returned to power the Compensation Act will be destroyed. It is a most unwise and unbusinesslike policy previous to the advent of power of Mr. Hasen the workmen had demanded to know when the audience was to hear something of the stand of the Opposition on the Prohibition Act. He declared that they had been waiting more than five minutes. Before the speaker could answer a voice from the second gallery was heard to say: "Give him a drink of that pasteurized milk." Mr. Agar said that he had been a temperance man all his life, but he had taken the pledge when 16 years of age and had kept it ever since. He declared that he was most interested in the public welfare as the heeler or any other man. It was necessary to move carefully, he said, and he did not think that anything should be forced on the people that popular sentiment was against.

CHARGES NO EFFORT. However, he said, they now had a prohibition act that had been endorsed by the people by a large majority. He was satisfied that no honest effort had been made to enforce it since it had been put on the statute books, but he would vote to give the law a fair chance to see if it could be enforced. If it proved impossible to enforce it, he made no promise as to what his conduct would be, he declared, but he would never find him arrayed with liquor interests. His remarks were greeted with cheers. Mr. Wignore then rose and said: "I wish the question had been asked Hon. Peter Veniot last night" and he was answered, through a round of applause that "Ah, they always ask the wrong ones, anyway."

DOUBTS PRUDENCE. "For the year 1924 their expenditures were \$3,888,083.97, with a deficit of \$268,232.88. In the light of such information, the Opposition feel justified in challenging the statement that the Government are entitled to the credit of prudent or businesslike management of the public affairs of the province. "While Mr. Veniot and his Government dwell much on what is past, if money was not wisely expended, and a permanent debt incurred, that will not excuse Mr. Veniot for what has been done under his administration, and we say the time has arrived when the net debt that has been reached more than \$31,000,000, should not be increased, unless we are morally certain that any new obligations will be self-supporting, and that is one of the reasons why the Opposition are fighting so strenuously for a most careful investigation into the Grand Falls hydro development.

ENDORSES BAXTER STAND. "In simple justice to the province it does seem to me that the Government were in no way justified in compensating an exploiting organization to the tune of \$1,200,000 for holding up a development they obligated themselves to carry on. And I endorse the attitude of Dr. Baxter when he warned the Government that under the circumstances he would cancel any contracts that might be let just prior to the day of election, and while I am not in favor of legislation that is of an arbitrary character, I would appreciate clause 29 in the Electric Power Act of 1920, where it says, 'Without the consent of the Attorney-General, no action shall be brought against the commission or against any member thereof for anything done or omitted in the exercise of his office.' "This act was passed by the Foster-Veniot Government. Mr. Baxter was in no way responsible for the act, but it does seem providential in the interest of the province that there should be a clause to meet the situation, so that the people may not be involved in their action and consequences. I do not wish to be understood in any way as opposed to the development, only hope that it can be shown that it can be run without loss. I will be only too happy to vote for the completion of an independent commission, appointed by the Government, conducted solely in the interest of the province, free from any entanglements of associate co-operators who are out to make profit out of any of our utilities.

Miles E. Agar. As Mr. Agar was discussing the subject, a man in the front row

demanded to know when the audience was to hear something of the stand of the Opposition on the Prohibition Act. He declared that they had been waiting more than five minutes. Before the speaker could answer a voice from the second gallery was heard to say: "Give him a drink of that pasteurized milk." the Prohibition Act, we have placed ourselves on record condemning the administration of the Act and expressed our intention to support the lawful enforcement of the act. All realize that it is a very difficult problem, but one thing is sure, we cannot have law flagrantly violated, and what Others also addressed the meeting in the interests of the Opposition candidates. can say that we stand four-square against conditions as they are," Mr. Agar concluded. Mayor Potts, in a speech at St. Martin's last night, declared that the Government ministers themselves were breaking the laws they fashioned. He declared that he thought that they might have had the election on July 30, and have closed the tenders on August 10 instead of reversing the dates, he declared.

DODGE BROTHERS COMMERCIAL CAR With the following improvements in the Panel Commercial Car, Dodge Brothers have gone beyond current practice both in point of smart appearance and greater comfort for the driver: A closed cab is now provided, steel throughout, with a full-length and extra wide steel door. The windows, operating in noiseless runways, are raised and lowered as in passenger cars. The seat is deeply cushioned and equipped with a spring back, hinged to fold forward, assuring exceptional riding comfort. The tire carrier is under the rear, freeing the full area of the side panels for display advertising. Attractive and practical in design, this sturdy car offers the additional advantage of complete, year-round protection from rain and cold. THE VICTORY GARAGE & SUPPLY CO., LTD. 92-94 DUKE ST. ST. EX-SAINT JOHN MAN JAILED IN ENGLAND

Guilty of False Pretences; Hoaxed U. S. Officers by Fake Dinner Bid.

LONDON, Aug. 8.—A remarkable story was related in British Court yesterday when Harold Robert Hansen, aged 37, who gave his address as Saint John, New Brunswick, was sent to prison for 21 days on a charge of false pretences.

PERSONALS

Dr. J. D. Maher returned to the city from Halifax last evening. Mrs. H. C. Baker, of 46 King Square, has left the city to visit friends in other sections of the province for the remainder of the month of August.

New Zealand Protests Bombay Bank Boycott

Canadian Press via Reuters. BOMBAY, Aug. 8.—The Bombay municipal corporation has received a letter from the government of New Zealand urging that New Zealand should be exempted from the operation of the resolution passed in March 1923, by the Bombay Corporation boycotting Dominion banks and insurance companies as a protest against the treatment of Indians overseas.

THIRTY-TWO BABIES. The boys and girls divided honors this week in the city, according to the figures issued this morning at the local Board of Health office, as these showed 32 births, 16 boys and 16 girls.

Patrick Hayes Visits Old Home Here After Forty-Five Years

Visiting in this section, after an absence of 45 years is Patrick Hayes of Northampton, Mass. He was accompanied by his daughter, Miss Mae Hayes, and both are guests of William T. Hayes of Fairville, a nephew of Mr. Hayes. The latter is manifesting much interest in revivifying scenes of his boyhood in Fairville and Saint John.

PRINTERS' PICNIC AFTERNOON EVENT

Typographical Union is Outing Planned For Today at Crystal Beach.

The annual picnic of the Saint John Typographical Union is to be held this afternoon at Crystal Beach and all that is needed to assure the success of this event is kind treatment on the part of the weather man.

Members of the Union and their lady friends will leave at 1 p. m. on the Majestic and will be brought back to the city on the D. J. Purdy, arriving at Indian town about 9 o'clock this evening.

Deaths Number 12. There were 12 deaths in the city during the last week from the following causes: Myocarditis, five; tubercular meningitis, two; uraemia, lobar pneumonia, carcinoma of stomach, pulmonary tuberculosis and valvular heart disease, one each.

Boys Recaptured. The two boys who escaped from the Boys' Industrial Home on Tuesday were captured yesterday at Moncton.

Dr. O. A. MacRae Praised For Work With Boys in Western Canada College.

The Calgary Herald says: Some 23 years ago a number of the pioneers of Calgary foregathered to talk over the feasibility of establishing a school for boys in Calgary, an institution which should be along the lines of the older public schools of Eastern Canada, and also modeled in some measure on the traditions and principles which have been the mainstay of the great English public school.

IS LIKENED TO DR. ARNOLD OF RUGBY

Dr. O. A. MacRae is a son of the late Rev. Dr. MacRae of Saint John, and is a brother of K. J. MacRae in the University of British Columbia and lives in Vancouver.

Leave for Picnic. Members of St. Columba Church and Sunday school, Fairville, left this morning to enjoy their annual picnic at Grand Bay.

As Hiram Sees It. "Hiram," said The Times reporter to Mr. Hiram Hornbarn "the dahlias are out in my garden."

Scouts to Camp. The Young Judaea troop of the Saint John Boys' Scout will leave for their camp at Mather's Beach, on Long Island, on Monday, under the direction of Scoutmaster Eli Boygan.

Personal. Dr. J. D. Maher returned to the city from Halifax last evening. Mrs. H. C. Baker, of 46 King Square, has left the city to visit friends in other sections of the province for the remainder of the month of August.

New Zealand Protests Bombay Bank Boycott. Canadian Press via Reuters. BOMBAY, Aug. 8.—The Bombay municipal corporation has received a letter from the government of New Zealand urging that New Zealand should be exempted from the operation of the resolution passed in March 1923, by the Bombay Corporation boycotting Dominion banks and insurance companies as a protest against the treatment of Indians overseas.

Thirty-Two Babies. The boys and girls divided honors this week in the city, according to the figures issued this morning at the local Board of Health office, as these showed 32 births, 16 boys and 16 girls.
