BURGLARIZED SIX AMHERST STORES
Burglaries evidently carried out on the wholesale plan, occurred on Saturday night between the indefinite hours of midnight and the early morn. From present reports six places were entered and another small store had the front window smashed. In this latter place the thieves were probably scared away by some late traveling pedestrians. Only the smaller stores were victimized by the robbers—and not all of these places of business were on the side streets. Chief of Police Pickern holds the theory that the work was carried out by a gang of drunks who were looking for nothing but cash. No goods of any particular value were taken. Windows in each place were broken, and access gained to the buildings through the broken panes. The scope of the criminal activity extended from Alfred Allen's store in Crescent avenue, up to Dolph Cormier's, corner Park and Patterson streets, and beyond a shadow of a doubt the same person or persons was responsible for the series of crimes. The stores burglarized were: Alfred Allen's Crescent avenue; Dolph Cormier's, corner Park and Patterson streets; Pleasant street; Dolph Cormier's, corner Park and Patterson streets; Nap Cormier, Patterson street.

RED MENACE TO THE JAPANESE

Bolshevik Capture Capital of Sakhalin Island

This With Entry Into Northern Korea Indicates Spread of Wave of Invasion of East From the Neighborhood of Vladivostok.

(Associated Press.) Honolulu, Feb. 9.—Siberian Bolsheviks have captured Alexandrovsk, capital of the island of Sakhalin, and fear it felt that the radical forces may enter Japan proper, according to a special cable despatch from the Tokyo correspondent of Nippon, Fiji, Honolulu, a Japanese language newspaper.

Reports that the Russian Bolsheviks had made inroads on the island of Sakhalin reached the United States on Monday, but exact details of their operations were not known. Alexandrovsk is located on the western side of the island and is the eastern terminus of a submarine cable connecting the island with the mainland of Siberia. It is the capital of the Russian section of the island.

The island is about 600 miles long and from sixty-five to 105 miles wide. It was under Chinese domination until early in the nineteenth century, when Russia became interested in it. The first permanent Russian settlement was founded in 1857, but the southern part of the island was Japanese until 1875, when it was ceded to Russia. By the treaty of Portsmouth ending the Russo-Japanese war of 1904-1905, the island was divided along the fiftieth degree of latitude, territory south of this line being made Japanese.

The capture of Alexandrovsk and the incursions of insurgent bands in northern Korea, presumably with the assistance of the Bolsheviks, would seem to indicate a serious menace to Japan from the Red. Details as to the localities in northern Korea from which Japanese troops are reported to have been forced to retreat are not yet learned, but it seems probable the Bolsheviks have spread their wave of invasion of the eastward from the neighborhood of Vladivostok, which is not far from the extreme northern frontiers of Korea.

Drink Coffee

If It Causes Indigestion, a Couple of Stuart's Dyspepsia Tablets Will Promptly Give Relief.

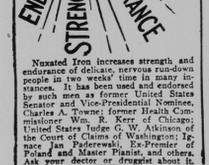

Indigestion caused by coffee is the same as indigestion caused by any thing else. If eating food or drinking coffee makes you dyspeptic, all you need is Stuart's Dyspepsia Tablets.

"I Surely Do Enjoy My Coffee! I'm Not Afraid to Drink It, Either, for I Have a Box of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets mix with the food you eat. The stomach by its peristaltic action churns and moves the food around the stomach walls and the powerful ingredients in these tablets instantly begin digesting the food as they are forced through it and around it.

The use of one of these tablets after meals will in a very short time restore your appetite to its normal condition and you will enjoy your food with an old-time relish.

Every drug store carries Stuart's Dyspepsia Tablets. Price 50 cents.

COTTON MAKES MANY WEALTHY

Illiterate Natives of Egypt, Living in Mud Huts, Find Themselves Rich.

London, Feb. 10.—Egypt is "bursting with wealth," accumulated from cotton, says a correspondent of the Daily Express in Cairo.

Illiterate natives living in mud huts have made \$20,000 sterling out of cotton. "It is continued," some have made \$100,000. They are buying land at inflated prices and paying off mortgages which were regarded as family heirlooms. One British official says that the country has made at least £100,000,000. Naturally there is an influx of new millionaires. Cairo, with a huge demand for automobiles, jewelry, new houses and all kinds of luxuries, has not changed their standard of living at all.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic. It is specially suited for young women and is a guarantee of health and regularity as long as it is used.

Perrosone is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c boxes or six for \$2.50, at all dealers or direct from The Cataractine Co.,

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common lard from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

STILL FIDDLING.
If St. John had anything to gain by accepting harbor commission rather than nationalization one could understand why some citizens would support commission. We may leave the steamship people out of the count altogether. Their desire is to get a change from present conditions, and they have not the same vital interest in the future of the port as have the citizens themselves.

Halifax is getting what amounts to nationalization—why should St. John be treated otherwise? The harbor is St. John's best asset—why give it up without knowing what we are to get for it? It is the merest folly to make comparisons between Montreal under commission and St. John under commission. Montreal is on the St. Lawrence, in the heart of the more populous part of Canada. What is there in the past or more recent history of St. John to show that we may safely be assured of as much being paid to St. John's demands as to those of Montreal? The truth is that we have had to fight hard for everything and must continue to do so. Handing the harbor over to a commission under the act that has been passed would simply burden the trade of the port without giving any guarantee that need new facilities would be provided. The naive assurance that we may trust the government raises the question: What government? Who will be in control at Ottawa a year or two years hence? Whoever it may be, there will still be the need of St. John pressing its own claims as a national port and demanding national recognition. Why does not the city council buy harbor commission and press for national recognition such as Halifax has received?

MR. PITTS IS VEXED.
Mr. Herman H. Pitts, formerly of Fredericton, who had a somewhat meteoric career in York county in the days of the late Hon. A. G. Blair, and who later achieved a degree of fame as a financier in Ottawa and Toronto, is the subject of some interesting observations by the Toronto Globe. He is a director of the Toronto Street Railway, which has been a bone of contention for some years, and which the city now proposes to take over and operate for itself. It is clear from the Globe's remarks that Mr. Pitts has not lost a certain picturesque quality of expression which marked his political and journalistic utterances in New Brunswick in the old days. It is interesting to read in the old days of interest his old acquaintances to read in full the article from the Toronto Globe as follows:

"Mr. Herman Pitts of Ottawa, a director of the Toronto Street Railway, in the course of a speech to the stockholders yesterday, used the words 'infamous,' 'dastardly,' 'immoral' in reference to certain acts of the city and of the company's employees. He finished an interesting speech by saying he holds the view expressed a year ago that the city's representatives at City Hall are 'a lot of fakers,' and that the company will beat them out yet! Mr. Pitts is modest. The company is boisterous all the time by collecting fares for accommodation that it does not provide, and has no intention of providing. It is well to know that the company has the design of continuing these tactics till its rights on the streets expire. There are no illusions on either side. The citizens will have to put up with the disgraceful car service because the law gives no protection against the board, but they will make certain representatives of the city and company sit down to consider the price to be paid for that part of the company's plant which must be taken over at the expiry of the franchise, the city's arbitrator and the city's other representatives will be of a sort not easily fooled. Mr. Pitts may 'beat them out yet.' To hunt the wolf effectively one needs wolf-hounds. The city will have to look around for some."

One gathers from this that the descent of Mr. Pitts upon the city of Toronto has not lessened the determination of the people to find relief from the exactions of a public utility corporation which has none too much regard for the rights of the public. They are content to be infamous, dastardly and immoral fakers in the opinion of Mr. Pitts if only they can get a satisfactory street car service at a reasonable cost. It must be confessed that there will be in other cities a degree of sympathy for them in the attitude they have assumed.

Despite the bitter speeches of Mr. H. Dewar, the Liberal leader in Ontario, nobody could be got to oppose Hon. Manning Deberry, who goes in by acclamation. Hon. Mr. Drury is opposed by an outsider in the constituency who has no party behind him. Hon. Mr. Raney has been nominated in a constituency where his return is assured. The former government is to have its chance.

The Moncton city council favors the immediate closing of places of public assembly to prevent the spread of influenza. Inasmuch as there are as yet no signs of an epidemic such action would hardly appear to be immediately necessary.

Rippling Rhymes

SPRING COMING.
Soon the farmers will be farming, plowing up the bumpy dells, skies will soon be blue and charming, and the breezes wearing bells. Every day I brought grove clear as I feed the furnace fire. When I'm shaking down the ashes, when I'm heaving in the coal, this reflection goes a-flashing through the fibre of my soul and I wave the rusty poker and I ram the furnace door, for I will not need to stoke her, in the spring time, anymore. Oh, the winter winds are chilling, and they jolt us when they pluck and she's bringing birds and roses and a swarm of bumble bees; strikes, but the springtime's coming, and we'll get up picnic parties in the sylvan dells and glades, where the happy village amariques will escort the giggling maidens, and we'll be knee deep in clover, and for-will we get every horse for the winter will be over, and the spring will have the floor.

CANADA—EAST AND WEST
Dominion Happenings of Other Days

MAKING CONFEDERATION.
On the 10th day of February, 1867, the British North American Act was passed by the imperial parliament. It came into effect in the Dominion on the first day of the following July—day since honored in Canada as Dominion Day.

The Act as passed by the imperial government provided for changing the name of Lower Canada to Quebec and that of Upper Canada to Ontario. It united the provinces under the name of the Dominion of Canada and provided for a central capital in Ottawa. Lord Monck was the first governor-general and the first parliament of the united domain met on the 6th of the following November.

The Act was the result of long conferences which had taken place in Canada in which the various sections of the land had been thoroughly discussed. It was recognized that the best growth and development of the British territories on this side of the Atlantic could be secured only by some sort of closer union. Railways were required and many other essentials—these demanded a united government to carry them through to a successful career. So the act was agreed upon. It provided for the union of the provinces of Ontario, Quebec, New Brunswick, and Nova Scotia into one Dominion. Since that time the provinces of Manitoba, Saskatchewan, Alberta and British Columbia have been developed and received in the west. In fact at the present time the Dominion of Canada is maintaining the complete federation of all the British lands of the northern part of the continent. No day today would return to the pre-confederation situation.

LIGHTER VEIN.
Wife (at breakfast): "Oh John I'll bet I know whom you gave your seat to coming home in the car last night." Hub (who had been having a quiet little game): "Nonsense, my dear. How could you ever guess? Here do you want me to say my seat to any one?" Wife: "Yes, you did. You dear kind old boy, you let a fellow like me sit in your seat." Hub (who is almost universal custom in St. John): "Oh, that's all right. I'll stand pat."

While waiting for the mother to appear, the calling card being certain, she said to the other: "Martha, and thus the conversation ran: "What does your father do, Martha?" "He's a school teacher, and she works now."

A grammar class in a country school was agonizing over conjunctions one day. The teacher said: "Someone in the class please give me a conjunction, pick out the conjunction and tell me what it connects." After considerable silence one boy, usually stupid and unassuming, gave this: "The conjunction is 'and'." But the teacher, connecting the goat and the boy.

FOR SCHOLARSHIPS.
Regina, Sask., Feb. 10.—Under the title of an act for the creation of scholarships for Canadian students in France, the bill is being introduced in the legislature authorizing the lieutenant-governor-in-council to grant annually three scholarships of \$1200 each to such students or teachers, usually resident in Saskatchewan, as he may designate, for the purpose of assisting them to follow post-graduate courses of study in France. These scholarships are to be granted on such terms and conditions as may be prescribed by the lieutenant-governor-in-council.

CONCERT ENJOYED.
The concert given last evening in St. Vincent's Auditorium by the St. John Society of Music furnished pleasure and enjoyment to a large gathering. The various numbers were heartily applauded and were given with a full measure of success. Mrs. A. C. D. Wilson was convener of the programme committee, and Mrs. Kent Scovill aided in its completion. The accompanists were Miss Louise Knight, Mrs. A. G. McAvity, Mrs. L. LeLacheur, and Miss Pauline Bleedman, while the vocal numbers were given by Mrs. James Gleehist, Mrs. L. LeLacheur, Miss Bessie Dawson, P. Arnold Young, Miss Bernice Mooney, DeWitt Cairns and Easthope Martin. A piano duet by Miss Louise Anderson, numbered 201. There were twelve cases of diphtheria and twenty-nine of scarlet fever reported.

Regarding the Millidgeville school a settlement was left with Supt. Bridges and Trustee Coll as to what action should be taken on the request of the teacher for an extra sum to defray expenses to and from school. It was said that there were sixteen pupils attending this school and they cost the public about \$40 each.

**EUROPEAN
NOVELTY AT
OPERA HOUSE**

Feiganne Sextette Will Appear in Musical and Dancing Offering—Miss Moffatt Returning With New Repertoire.

The programme in the Opera House night should be a feature attraction. The Teiganne Sextette, a sensational European Troubadour novelty, is considered to be one of the best acts booked for some time, and should make a real hit. The members will introduce selections from grand operas, rendered individual solos and give a whirlwind demonstration of dancing.

Another banner attraction will be Miss Moffatt and Company. Miss Moffatt is a Halifax girl, who has made success on the vaudeville stage. She is an entirely new repertoire of songs and is accompanied by a clever violinist. Agnes Kane will appear in a skit which should be greatly enjoyed. She is clever, consistent and entertains with and Troy, two well known song writers, will render some of their popular song hits and comedy numbers. The Melton Case will appear in a real comedy sensation "Another Good and Gone Wrong." In addition there will be another episode of the popular motion picture series "The Black Seal" featuring Pearl White.

THEIR CROWNING EFFORT.
Originality, Quality and Scenic Effect the 1920 Attempt Will Be Truly Wonderful.

For catchy songs, snappy choruses and snubbing wit and humor, the annual production of the Loyalist Chapter, L. O. D., has always been famed, but this year's attempt the "1920 Revue," promises to exceed anything heretofore undertaken.

From the time the curtain rises on the carefully and elaborately staged programme, until the closing chorus of the final number, the programme is one continuous succession of delightful surprises.

Huge spectacles turning into fairy ballets; Ophelia and his Lute; galaxy of song and beauty, in solos and choruses and The Country Pottery of Albion are only a few of the many attractions featured.

The closing number—a high class musical skit, "Oh, Omar, you're Awful" with its magnificent, Eastern setting is not only a "scream," but bids fair to outclass anything in vocal talent staged here for many years.

Exchange tickets will be on sale at Gray & Richey's and the Imperial Lobby all day Wednesday. For box seats ring Mrs. H. C. Schofield, Main 1088. The box office will open on Thursday morning at ten o'clock. The dates are Monday and Tuesday evenings, February 15-16. The time, 9 p. m.

**UNIQUE THEATRE
SUFFERS DAMAGE**

Traffic was impossible in Charlotte street for some time last evening because of hundreds waiting for the eighty-third showing of "Auction of Souls." Although four burly policemen did their utmost, the charging crowd could not be restrained, and the result was a damaged theatre front and broken glass, which today presents an eloquent monument to the popularity of the subject shown. Repairs are being effected, however, and "Auction of Souls" will be presented four times daily during the next week.

**MAY CUT EXPORT
OF COTTON FROM
UNITED STATES**

Indications of This Because of the International Exchange Situation.

Washington, Feb. 10.—Indications that England's inability to purchase American cotton because of the exchange situation may mean a virtual cutting in half of the United States' export trade in cotton are shown in statistics issued yesterday by the department of commerce. More than fifty per cent of the cotton shipped by the United States during the five months ended with December went to England. France stands second in England as a market for American cotton, and Japan third, but the department of commerce expects a sharp cut in the volume of cotton which will follow the closing of England's ports to American cotton can be diverted to other of the other countries. France is using the same situation with regard to the exchange of the raw material. It is pointed out, "while we finished product, which is confined only to China."

How Much Sleep do You Need

The great common sense of the human race says—"Go to bed when you're tired; get up when you're rested"

JUST how long it takes to get rested depends on how "deep" your sleep. If you are only about half asleep all night, waking at every little sound, you can stay in bed twenty-four hours and still need sleep.

Sleeping soundly is a matter of getting perfectly relaxed.

Nobody can sleep soundly in a bed that rattles or squeaks, as most beds do.

What you need for deep, sound sleep all night is a perfectly quiet bed and a spring that invites complete relaxation.

That is why people sleep so much better on a Simmons Metal Bed and Waldorf Box Spring, with Simmons Mattress and Pillows.

The Simmons Pressed Steel Corner Locks are protected by basic patents. They are the most fundamental inventions of modern bed manufacturing—exclusive with Simmons Limited, not to be duplicated or imitated.

And these patented corner locks have made possible the Three-piece Bed—the new Simmons idea—the spring forming a single unit with the side rails.

THE Waldorf Box Spring really does what you have always wanted a spring to do.

It invites complete relaxation.

It supports the body at ease on fine resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

Simmons Waldorf Box Spring is covered with ticking of the finest grade and great wearing qualities, in new and attractive designs.

It fits firmly on the bed—is noiseless—never sags or humps, never loses its resiliency.

And to make the sleeping equipment complete, Simmons Limited produces Mattresses and Pillows worthy to go with Simmons Metal Beds and Waldorf Box Springs.

If you have given much thought to sleep it will interest you to know that Simmons Limited are specializing in Twin Beds.

The Twin Bed is unquestionably the most advanced thought of the time—welcomed by nice people everywhere.

Physicians are urging a separate bed for everybody. One sleeper does not disturb the other or draw on the vitality. Colds and other infections are not communicated.

THE hard work and nervous strain of these days are forcing attention to sleep.

Simmons Metal Beds, Waldorf Box Springs, Mattresses and Pillows are what you are looking for. They invite sleep.

You will find them in your leading dealer's store.

You have choice of beautiful styles in brass—and in enamel in colors and natural wood effects. The prices are no higher than for ordinary beds.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

If you do not know the Simmons Merchants in this section, we shall be glad to send you their names.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

GOOD BUSINESS OUTLOOK.
(Bank of Commerce Circular.)

Reviews of business conditions by recognized authorities indicate unanimity of opinion as to the necessity of a greater volume of production from our own raw material in order that the prosperity which we are enjoying today may continue. It is also evident from work for all available hands and that any complaints of lack of work come from those who find difficulty in getting employment of the kind that suits them. More men are now available for work in the forests and the mines, but the demand for factory help remains insistent. It would thus appear that the new year opens auspiciously. The people as a whole, despite the extravagant purchasing of luxuries are increasing their savings. Deposits in the banks, the number of new insurance policies issued, purchases of securities, payments of taxes and of debts generally, all show a marked increase. Capital is still being expended in adding to the productive machinery which was lifted to a higher standard of efficiency under the inspiration of war effort. Mining prospects are being more intelligently exploited and agriculture and animal husbandry are receiving keener attention than heretofore. All this indicates that production will be more than maintained unless political or social friction intervenes.

CONDENSED NEWS

The London Evening Standard quotes Vincent Astor as denying that he has been offered the post of British food controller.

In a canvas of democratic members at Washington last night, they went on record, 126 to 17, against universal military training.

As to the peace treaty, Horthy said: "The peace treaty of Neuilly is a disaster not only to Hungary but to the peace of central Europe. At a time when the Red Huest is haunting our immediate frontier we get a treaty which would paralyze the country's life and humiliate national pride. However, I have not lost confidence in humanity."

FAIRVILLE WEDDING.
A pretty wedding took place in St. Rose's church, Fairville, on Monday morning, when Frances C. Carlen of Portland, Maine, was united in marriage to Charles E. Gillis of Fairville, by the Rev. Charles Collins. Miss Vera Gillis, sister of the groom, was bridesmaid, while the groom was supported by his cousin, Frank Gillis. The bride wore a traveling suit of blue serge, with hat to match, and fox fur, while the bridesmaid was prettily gowned in blue silk. After a delectable wedding breakfast, Mr. and Mrs. Gillis left on a short honeymoon. On their return they will reside in Church avenue, Fairville.

GOOD ADVICE TO HUNGARIANS

(Associated Press.)

Budapest, Feb. 10.—"We must not allow demagogues and adventurers to be leaders of the nation again," said Nicholas Horthy, former commander-in-chief of the Austro-Hungarian navy and now commander-in-chief of the national army, in an interview today.

Admiral Horthy is a moderate Hungarian and is well thought of by the Allied representatives. His stand when efforts were being made to elect a king against the wish of the Allies is generally believed to have saved the situation.

"We must begin the honest work of reconstruction and cease talking," continued Admiral Horthy. "To work more and produce more is the only basis of Hungary's future."

As to the peace treaty, Horthy said: "The peace treaty of Neuilly is a disaster not only to Hungary but to the peace of central Europe. At a time when the Red Huest is haunting our immediate frontier we get a treaty which would paralyze the country's life and humiliate national pride. However, I have not lost confidence in humanity."

MRS. MARY E. SMITH.
The death of Mrs. Mary E. Smith,
wife of the late William Smith, occurred
at her home in Damascus, N. B., on
Feb. 9, at the age of seventy-seven years.
She was a life long member of the
Church of England and was an active
worker in the church. She leaves four
sons, Charles E., of this city; Robert S.
and William A., of French Village, and
I. Ernest at home; one daughter, Mrs.
John F. Pray, of South Berwick, Maine,
and seven grandchildren, including G.
Otty, who has resided with her since
his mother's death. A large circle of
friends extend sympathy to the bereaved
ones.

ACCOUNTED FOR.
At the recent convention of the United
Farmers held at Woodstock, the chair-
man was handed a telegram while the
session was in progress. Stepping to
the front of the platform he asked, "Is
Mr. John Blank in the house?" From
the rear seats came the astonishing re-
ply: "No, he ain't here; he would have
been here if he had started, but I
didn't start."

Mr. and Mrs. Sabean, 53 Brita
street, were found seriously ill in the
home by the police last evening and
was impossible to get a doctor. The ar-
rival was called but on account of the
danger in case the couple was suffer-
ing from a contagious disease the driver
unable to take them to the hospital.
They will be looked after today.

LIV-RITE TONIC ALWAYS POPULAR

A Ready Source of Relief to
Those Who Have Tried it
—Still Making Friends.

There is something about "Liv-rite
Tonic" which when people once have
tried it causes them to have faith in its
curative qualities. They get a reason for
their belief in it because it is such an un-
failing source of relief as it is especially
recommended to persons suffering from
internal troubles, from stomach troubles
or liver ailments—there are many cases
about the city wherein a cure has been
effected for people who have used this
"Liv-rite Tonic" after they had suffered
for years and tried other remedies.

Reliable druggists have been supplied
with this tonic, but if you cannot get it
at the druggist with whom you deal,
send a dollar to the Maritime Drug Co.,
108 Prince William street, and they will
be pleased to return their remedy. It is
not only a curative but a preventive as
well, a splendid regulator for the system,
to purify the blood, and to rid one of
gassy and disordered stomachs. Much
of what is thought to be stomach trouble
is often due to the liver, and vice versa—
the "Liv-rite Tonic" is a cure for both.

QUEBEC HOUSE

Important Bills, One Amend-
ing Provisions of Work-
men's Compensation Act.

(Canadian Press.)
Quebec, Feb. 10.—Important bills were
put through the legislative assembly
yesterday while others were advanced.
Among them was one to make it legal
for any municipality to grant tax ex-
emptions to industrial and commercial
establishments.

The attorney general presented one
that enacts that after a third offence
disorderly persons shall be liable for
twelve months. The minister of public
works presented amendments to the
Workmen's Compensation Act, under
which the maximum salary within which
a man may be classed as a workman is
increased from \$1,200 to \$15,000 per an-
num and raises total compensation from
\$2,500 to \$8,000.

The house in committee of the whole
passed resolutions of the Hon. Walter
Mitchell, provincial treasurer, authorizing
the government to borrow \$10,000,000
under the good roads act, to supplement
the \$20,000,000 already spent.

One bill brought forth criticism from
Hon. Mr. Sauve, leader of the opposition,
that the government was more concern-
ed in increasing the salaries of highly
paid employees than in thinking of the
low paid men.

NEW JERSEY FIGHT FOR A P. C. BEER

Trenton, N. J., Feb. 10.—The opening
gun in the battle between New Jersey
and the brewers was fired yesterday
at a joint legislative hearing. In sup-
port Governor Edwards, sponsor of the
bill, Attorney Gen. McCran offered an
opinion that New Jersey was entirely
entitled to have a pure beer law. He
explained that the law would be a
"prohibitory" one, and that no state can
legalize what the laws of the United
States prohibit.

LAMONT ON MISSION TO THE FAR EAST.

New York, Feb. 10.—Thomas W. Lam-
ont, of J. Morgan & Co., will leave
on next Thursday for the Far East as
the representative of an American group
of bankers who are part of the Chinese
consortium organized by the banking
groups in the United States, Great Brit-
ain, France and Japan, to assist the
Chinese republic in her public enter-
prises.

BROKE IN TWO.

New York, Feb. 9.—Forty-four mem-
bers of the crew of the steamship
Princess Anne, which has been ashore
at Rockaway Point, Long Island, since
Thursday, were taken off today by
coast guards in two launches. The rest
of the crew, twenty-eight men and
thirty-two passengers, were removed on
Saturday.

After the crew had been removed the
vessel broke in two in a smooth sea on
the bar on which she had been driven
by the storm last week.

Charles F. Barker first mate, said that
he had used his revolver last night to
prevent some of the crew from trying
to leave the ship. Four shots in the air
explained the matter. The rebellious men
obeyed orders. Captain Seay was taken
off on Saturday because of injuries.

NORTH END PARTY.

Mrs. E. M. Ricker, 274 Main street,
Pending delivery of the bonds, we will
issue an interim receipt. Bonds will be
delivered in from three to four weeks.

HAMMER BLOWS ENDANGER LIVES

Husband in Serious Condition in Jail on Charge of Attempting to Kill Wife.

Montreal, Feb. 10.—Suffering from a fractured skull caused by striking himself with a hammer after hitting his wife several times with the same instrument, Zenophile Hamelin, thirty-eight years old, a farmer of Sherrington, Que., was placed in the St. Johns, Quebec, jail last night on a charge of attempted murder.

Hamelin is said to have been suffering from mental derangement and on his way to the cells went into hysterics, it taking four men to put him in the cell after he had been handcuffed. His condition is very serious, as is also that of his wife.

Asked why he had struck his wife he is reported to have replied: "I loved her too much."

ARREST THREE IN SUNBURY ON ROBBERY CHARGE

(Fredericton Gleaser.) Charged with complicity in several robberies and having "the goods on them" from their latest break, three young men said to belong to Newcastle were arrested last evening in Sunbury county.

The trio, giving their names as Frank O'Brien, aged fourteen; George Puaui, aged seventeen, and John Hall, aged seventeen, spent last night in the local police station and this morning were taken to Oromocto to appear before Magistrate Kimball, charged with breaking into the office of the Coburn Lumber Company at Ripples, Sunbury county.

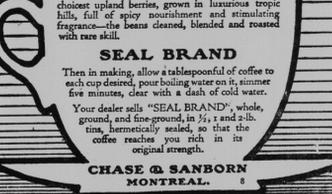

A short time ago the trio are said to have been implicated in a break at Newcastle with several others. Their companions were sent to the penitentiary while this trio were given one month in jail and two years' suspended sentence. On being released they are said to have broken into a store at Nelson, near Newcastle, and then to have come to Fredericton. Here they say they met a man who offered them employment at Ripples, but they had only been there a short time when the Coburn Company's office was robbed, several postal notes, two revolvers, a watch, some change and Victory bonds worth \$200 being stolen.

Soon after the robbery the trio disappeared from Ripples and next were heard of at the residence of a colored family, some miles from Ripples, where they asked to be put up for the night.

The two elder members of the party there fell out with young O'Brien, who was later arrested, and yesterday E. M. Coburn had two special constables sworn in and started with them for Fredericton on yesterday afternoon's Fredericton and Grand Lake Coal and Railway train.

At Colter's siding the train stopped long enough for the special constables to arrest the other two men and then they continued along to this city, where Chief

NEW ATTITUDE IN WEST ON DRY LAW

Church Organization Holds Present Liquor Act Leads to Grave Perils.

Regina, Sask., Feb. 10.—It has remained for a church organization to take the first action in the province towards favoring a return to the system which prevailed up to two years ago by which the provincial government had a monopoly of the sale of intoxicating liquor in the province through the medium of government liquor stores, which sold in sealed containers only for consumption at the homes of the purchasers. This organization is the Men's Brotherhood of St. Mary's Anglican church here, which is located in the west end residential district.

The club, by resolution, went on record as favoring a return to some form of dispensary system, under which name the old system was generally known. The motion was passed after a long discussion on a questionnaire sent out by the social service council of the Church of England in Canada in regard to the conditions brought about by the prohibition laws. That the effects of prohibition were "very demoralizing" in the sense that public opinion is not in favor of it in an extreme form, and therefore resulted in breaches of the law being winked at, was the almost unanimous opinion expressed during the discussion. Prohibition simply did not prohibit though the members and the police without help of the public were almost helpless to enforce the law. The members did not want either the bars or the existing system back, but decided to clear up a motion asking the council and the government to establish some form of a dispensary system with expert well

EARNED \$5,000 A YEAR DURING WAR

Welland Austrian Charged with Making False Income Returns and Fined \$1,000.

St. Catharines, Feb. 10.—E. J. S. Brown, of this city, who represents the Finance Department at Ottawa, is closely investigating wages earned by foreigners and others during the war with a view to having them made to pay under the Income War Tax. Mr. Brown is of the opinion that many of the foreigners, including numerous Austrians, Turks and other nationals carefully concealed what they made and beat the Canadian government out of its just due. As an example, he discovered at Welland Austrian, Mike Ennis, who as a steel worker earned \$5,000 in one year during the war. Ennis was fined \$1,000. Mr. Brown thinks there are other foreigners in the district who did quite as well and he intends to ferret them out. The charge against the Austrian was that he made false returns as to his income.

BOYISH PRANK LEADS TO DEATH

(Mail and Empire, Toronto.)
Childish fingers playing with matches and paper caused a fire which destroyed Herbert Buckland's home and burned to death four-year-old Orrie Buckland. Herbert Buckland, who was playing with his brother at the time, fortunately escaped, and Mr. Buckland, who returned home to find his house ablaze, was seriously burned about the face and hands in attempting to save his son. Herbert, aged six, told his father that he and his brother were playing with matches and paper, and as a result the curtains caught fire. The flames soon enveloped the room, and Herbert called to his brother to get out, but Orrie, instead, attempted to beg out of the flames with a broom, was overcome by the dense smoke, and fell a victim to the fire.

"AUCTION OF SOULS" A REAL SUCCESS

Capacity Houses Yesterday at the Unique—Will Play All Week.

It is not rare to see a lineup of hundreds in front of a St. John moving picture house occasionally when a picture of peculiar worth has been advertised, but seldom does this occur in the afternoon. Those passing the Unique about 3 o'clock yesterday afternoon, therefore, were greatly surprised to see a very large

number waiting for the second afternoon showing of "Auction of Souls," a remarkable feature which has been advertised for the entire week. The Unique management was very careful that all who attended would understand the nature of the subject to be shown and probably the majority of Monday's patrons were greatly surprised at not finding the screen version of "Auction of Souls" so realistic as anticipated. Unique patrons will be given an opportunity to see reproductions of modern slave markets and the despicable cruelty meted out to a nation's girlhood by the fiendish brain of the devilish Turk; also the actual selling of women and girls in the slave markets at a price of 85 cents and the sinister cruelty of the Kurdish raiders on their innocent victims. This remarkable subject will be shown

at the Unique afternoon and evening for the entire week, but after this week no opportunity of seeing the picture will present itself, as the censors have ruled that it can be shown in only one theatre.

Pastor, Declaring He Is Jewish Messiah, Leaves Maine Home

A despatch from South Portland, Me., under date of February 6, says:— "Declaring to his wife, ill in bed with influenza that he was the Jewish Messiah, and had been 'called by God,' Rev. Myron S. Johnson, pastor of Bethany Congregational church, left his home February 4. The police Thursday had found no trace of him since he purchased

a railroad ticket for New York city soon afterward.

"Mr. Johnson is a native of Peabody, Mass., and came here two years ago from Epping, N. H. He was quoted by Rev. Johnson as having declared: "The recent earthquakes means that Rome has fallen—God is calling me. I am the Jewish Messiah—I must go. If you receive a message that I have been killed do not believe it, as I cannot be killed or die."

SPORT NEWS OF A DAY; HOME AND ABROAD

LEONARD AND DUNDEE.
New York City, Feb. 9.—Benny Leonard, light-weight boxing champion, fought Johnny Dundee, of New York, every round of an eight round bout tonight. Dundee put up a stiff fight but the champion out-punched him throughout. Leonard weighed 134 pounds and Dundee 131 1/2. Leonard staggered his opponent a half dozen times during the contest. Dundee came back with renewed vigor each time he resumed his jumping tactics. As in his previous bouts with the champion, Dundee used his rushing "liger cut" and gave a spectacular exhibition. Leonard had no difficulty in picking openings to place hard and effective punches.

In the opening round, Leonard scored a hook to the head that sent Dundee reeling to the ropes. He was back immediately.

For the remainder of the bout Leonard centered his attack on the body, administering an especially severe drubbing in the fifth, sixth and seventh rounds. In the last session Dundee was being almost as hard as in the first. The final bell his body showed the effects of the champion's blows, while there was no mark on his head.

Mary Freeman and Frankie Bull, local favorites, mixed it up for ten lively rounds, and Freeman sent Bull to the mat twice, but the bout was decided a draw. At the end of the bout it was discovered that Freeman's right hand was broken.

Eddie Gallagher of Hamilton outpointed Ernie King, a former amateur champion, in a six round bout.

POOR BUILDING OUTLOOK.
Fredericton Mail: Conditions in the local building trade were bad last year, but the indications are that they will be infinitely worse during the coming season. The action of members of the building trades in calling for a twenty per cent increase in wages to begin on May 1 is not calculated to improve the situation. At one time there was some prospect of a building boom here during next summer, but it is scarcely likely to materialize now. The city council, board of trade and Commercial Club should interest themselves in this vitally important matter. It might be a good plan for them to meet representatives of

LOCAL NEWS

PROBATE COURT.
 Letters testamentary have been granted to Ella Peters and Harold H. Peters, executrix and executor under the will of the late Frederick A. Peters. The estate is personal property. Charles F. Sanford is proctor.

POLICE COURT.
 In the police court this morning, one man charged with drunkenness pleaded guilty and was fined \$8 and costs. William Perry, who was arrested last week charged with not being able to give a satisfactory account of himself, was allowed to go.

WHY GO TO HALIFAX?
 A citizen asks why it was that a government steamer which brought a cargo of sugar last week to the refinery at St. John found it necessary to go to Halifax to get a return cargo. Could not the latter have been brought to St. John and loaded on the vessel at this port? It was known that the steamer was coming here to discharge.

SPECIAL MEETING.
 A special meeting of the municipal council has been called for next Tuesday afternoon at 2:30 o'clock. Among the matters which will be dealt with will be the tenders for the nurses' home and the finances connected with the project; the report of the committee on bills and by-laws, and the order of the provincial secretary for two type writing machines and four loose leaf record books for the registrar of deeds.

THE LAST DAY.
 City hall was a scene of great activity this morning, it being the last day on which the citizens are allowed by law to file their income statements with the board of assessors. The statements will be received up to 5 o'clock this evening, and any statements sent by post and mailed as time before, will be accepted within the limit. It was impossible to say this morning how many people had complied with the regulation, but it was thought that the returns were coming in as well, if not better, than last year.

DIED IN CALGARY.
 Many friends about St. John will hear with regret the sad news which was received today by Mrs. Elizabeth Gray, 633 Main street, telling of the death of her daughter, Mrs. Lily Dalton, widow of J. Robinson Dalton, in Calgary, Alta. She had been ill just a short time from pneumonia. She had removed several years ago to the west with her husband, who was one of the pioneer railway conductors with the C. P. R. in Alberta. Mrs. Dalton and members of her family had visited St. John at various times since removing to the west and she was very well known about the city. Three sons and five daughters survive, all residing in the west, also her mother, Mrs. Gray, two brothers, Robert and William Gray, and two sisters, Mrs. Margaret Quigg and Miss Susan Gray, all of this city.

 From all indications tag day for the benefit of the Free Kindergarten Association will be a success. At noon today the workers assembled at the Church of England Institute, Princess street, and made their returns, after which luncheon was served. PIPE IS SPLIT FROM END TO END

Whole Joint of Brussels Street Main Cracked—Expect Normal Service by Tomorrow Morning.
 The city workmen engaged on the repair to the water main in Brussels street last night uncovered the cause of the trouble and found that a whole 12-foot section of the pipe had split from end to end caused no doubt by the frost. The frost was found to have penetrated right to the pipe and the digging process was necessarily slow. The ground had first to be drilled and then thawed by steam. A new joint is being put into the pipe today and it is expected that by night fall the connection will be made and the service should be back again to normal tonight or tomorrow morning. The break is near the head of Hanover street.

290 GALLONS OF WATER A DAY

This Was Average Consumption for Each Person in the City Last Year—Still a Good Reserve.
 Some astounding figures appear in the city engineer's report on water consumption in St. John for the year 1919. On the eastern side of the harbor alone, the average daily quantity which flowed through the mains was 12,487,460 imperial gallons. Figured on the basis of 5,847 families in St. John proper, this would mean a daily consumption of about 1,411 imperial gallons a family every day, or 290 gallons a person. Commissioner Jones said that in spite of these high figures, there were very few towns or cities where such an abundant supply was available and still have a reserve supply such as exists here.

METAGAMA IN THIS AFTERNOON

The C. P. O. S. liner Metagama is due to reach St. John this afternoon with more than 1,500 passengers, mail and general cargo. The steamer is expected to dock at No. 2 and 3 berths between 4 and 5 o'clock. She has 507 cabin passengers and 907 stowage. Four special trains will be made up to carry the passengers to their destinations. The first will go to Montreal and Toronto with cabin passengers; the second to western Canada with cabin passengers; the third to upper Canadian points with stowage passengers; and the fourth to western Canada with stowage passengers. In the second special there will be ninety passengers who are en route to various places in the Orient. The P. O. S. liner Scotian is expected to reach port tomorrow from Antwerp and Southampton, Eng. She has 150 second class and 254 stowage passengers in addition to general cargo.

NICE PROMOTION FOR ST. JOHN MAN

G. Bruce Burpee, of this city, who was attached to the C. P. R. headquarters in Montreal as passenger agent for some years, has been promoted to general passenger agent at Cleveland, Ohio. He is to have full charge of all passenger traffic over the C. P. R. in the state of Ohio. The change will become effective on Feb. 10. Prior to leaving to take over his new duties Mr. Burpee will come to St. John to spend a few days visiting relatives. Mr. Burpee is well known throughout the city, and his many friends will be pleased to learn of his well merited promotion.

LIQUOR STOLEN FROM GOVERNMENT STORAGE HERE

A daring robbery took place last night, when some person desirous of obtaining a quantity of liquor for their own use broke into the provincial government rooms and took a case of whiskey and a case of gin. The entrance was made from the rear of the building by cutting out a pane of glass and on getting in the party apparently had a key to the inspector's rooms and gained an entrance that way. One of the inspectors discovered the break last night. The matter is being taken up and it is expected that the party can be traced, as the brand of whiskey and gin taken is known and some of it marked. No arrests in this connection have yet been made.

When Planning For That New Home Buy The Best

It pays to be fastidious. Buy the very best your purse can afford, and don't be satisfied with articles which seem to be cheap but which will prove expensive in the long run. Expensive furniture is not always the high priced furniture. Often it is the piece with which you are not quite content, but which you buy because you think you can afford nothing better.
 Put the same effort into selecting your furniture that you do into the selection of your clothing. You expect to pay for a garment which suits you perfectly in price and cut. Clothes last only a year or two. Furniture should last a lifetime. Why not have what you will always like?
 The furniture we can show you will satisfy you, not only in regard to style and workmanship, but by its remarkably reasonable price.
