Say They'll Sign But Will Not Pay Indemnity

Declaration of German Delegates to Peace Congress; Italian Representatives Arrive for Today's Historic Proceedings

Paris, May 7—The German delegates to the peace conference declare that they will sign the peace treaty, but that Germany will not pay an indemnity.

ITALY TO GET FIUME IN 1923.

Paris, May 7—(By the Associated Press)—As a basis of resuming participation in the peace negotiations, Premier Orlando accepted a proposal that Italy administer Fiume as a mandatory of the League of Nations until 1923, after which Fiume will revert to Italian sovereignty.

Brief Session.

Paris, May 7—(Havas Agency)—The session of the peace conference at which the treaty will be presented to the Germans is expected to last twenty minutes. It will be opened by Premier Clemenceau, president of the peace conference, whose address will be replied to by Count von Brockdorff-Rantzau, German foreign minister and head of the enemy delegation. The delivery of the copies of the treaty will then take place.

One Month Limit

Paris, May 7—(Havas Agency)—The Petit Parisien says there will be a maximum delay of one month before the signing of the peace treaty.

Situation.

May 4—(By the Associated Press)—A considerable disquietude prevails here as a result of receipt of telegrams reporting that the peace conference had postponed consideration of China's claim for the return of Tsing-Tao. The native press is publishing violent articles, leading to a fear that there may be an anti-foreign outbreak.

The Japanese government on Friday issued a statement explaining that the most recent telegrams from the Chinese delegation in Paris stated that the envoys there did not regard the agreement regarding the Shantung peninsula had again been taken up with the British and American delegations and that an agreement might yet be worked out. It was pointed out that the agreement between the council of Three and Japan would amount virtually to a ratification of the 1915, forced upon China by Japan. It was remarked, in conclusion, that if the conditions were repugnant to the Chinese government and people, and were embodied in the peace treaty, there was no doubt that the Chinese delegates would be instructed not to sign.

ITALIANS ARRIVE, BELGIUM THROUGH AIR.

Paris, May 7—Vittorio Orlando, Italian premier, arrived in Paris from Rome this morning.

Paris, May 7—Paul Hymans, Belgian foreign minister, arrived in Paris on an airplane at one o'clock this morning, and reached here at two p. m., in time to attend the plenary session of the peace conference.

NEW AGREEMENT SECURING TREATY.

Paris, May 7—(Havas Agency)—Great Britain, France and the United States have concluded an agreement giving supplementary guarantees for France and security for the peace treaty, so the Echo de Paris says it has learned. It adds that Premier Lloyd George will at a meeting this morning, draft in final form this additional pact, which will not be secret.

Paris, May 7—(By the Associated Press)—The Belgian government has decided to ask the Allies for an immediate loan of \$500,000,000.

"Without such a loan, the country will be lost," said M. Jaspers, minister of economics, to the Associated Press yesterday.

FREDERICTON NEWS

City Council and the Liquor Inspectorship

Fredericton, May 7—Miss Gertrude MacKinnon died early this morning at the home of her mother, Mrs. Wm. MacKinnon, 291 York street. She is survived by her mother, one sister and three brothers. She was a graduate of Corey Hill Hospital and Victoria Hospital. Some fifteen months ago she gave up nursing on account of failing health. But, which slumped to forty cents in the country market here on Saturday, recovered this morning at the mid-week market, selling at fifty to fifty-five cents. Eggs were firm, selling at forty and forty-five cents. The retail price of potatoes remains at \$4.25. Pork was easier, dropping to eighteen cents.

The city council has decided to appoint a committee to wait upon the police commission and the provincial government for a different arrangement with regard to the sub-inspectorship under the prohibitory act. Chief of Police Finley now is sub-inspector and it is the desire of the city council either that the province pay half the salary of the chief for his combined duties or that the officers of chief of police and sub-inspector be separated.

Michael F. Breen of Minto and Jeremiah Sullivan of Grand Falls have been appointed provincial constables. Sterling L. Keith of Lower Ridge, Kings county; Hermon W. Redstone of Moncton and Walter E. Redstone of Queenstown, Queens county, have formed a co-partnership as Keith Redstone Company with head office at Havelock.

Peace Terms Presented at Versailles; The Map of Europe Changed; Heavy Financial Indemnity; Must Hand Over Ex-Kaiser for Trial; Huns Forced to Agree to Terms Which Will be Imposed on Other Central Powers

Ottawa, Canada, May 7—The following summary of the peace treaty draft has been received here, addressed to the acting prime minister: Versailles, May 7—(By the Associated Press)—Germany was told today the terms upon which the Allied and associated powers will make peace with her. Of the fourteen principal sections of the treaty, one contains stipulations with regard to frontiers, which materially change the map of Europe. The treaty has to do with Germany alone, but it is required that she accept agreements made by the Allies with the other Central Powers.

The document, long as it is, is shorter than was indicated by some of the forecasts which estimated its length at 1,000 words. The treaty is not printed in German. The text is in French and English, on opposite pages. The terms of the treaty spell the end of Germany as a military power. She is deprived of virtually all her fleet, her army is cut down to nominal dimensions and she is sharply restricted along the lines through which she might seek to wage militarily to rehabilitate herself. Especially, also, the future course of Germany is hedged about with stipulations intended to insure her ability to pay the indemnity demanded by the Allies, but to prevent her from exploiting her old time resources as a straggling competitor of the nations about her which she overran and devastated during the war.

Thus, for instance, Germany for a period of years, at least, will be deprived of the coal output of the rich Saar Basin, which goes to France in repayment of the damage caused by the destruction of the French coal mines. She likewise is compelled to make restitution for the damage in other ways done to France, Belgium and the various other countries which suffered from economic depressions in various forms. In numerous ways she is made to make good to her more than four years' career of destruction must be made good.

Paris, May 7—The treaty of peace between the twenty-seven Allied and associated powers, handed to the Germans at Versailles today. It totals about 80,000 words, the condensed product of more than 1,000 experts. It binds Germany to accept any agreement reached by the Entente in any manner.

The League of Nations covenant comprises the first section. The frontiers of Germany in Europe are defined in the second. Europe's political classes given in the third, and extra-European political classes in the fourth. Next are the military, naval and air terms as the fifth section, followed by a section on prisoners of war and military graves, and a seventh on responsibilities. Reparations, financial and economic terms are covered in sections eight to ten. Then comes the aeronautic section, ports, waterways and railways section, the labor covenant, the section on guarantees and the financial clauses.

Germany restores Alsace-Lorraine to France, accepts the demarcation line of the Saar Basin temporarily and of Danzig permanently, agrees to territorial changes toward Belgium and Denmark, and East Prussia cedes most of Upper Silesia to Poland, and renounces all territorial and political rights outside Europe, as to her own or her allies' territories, and especially to Morocco, Egypt, Siam, Liberia and Shantung. She also recognizes the total independence of German-Austria, Czechoslovakia and Poland.

OCCUPATION TILL REPARATION MADE. Her army is reduced to 100,000 men, conscription within her territories is abolished, and she is to pay for the cost of the Rhine rased, and all importation, exportation and nearly all production of war materials stopped. Allied occupation of ports of Germany will continue until reparation is made, but will be reduced at the end of each three years period if Germany is fulfilling her obligations as to the zone fifty kilometers east of the Rhine will be regarded as an act of war.

The German navy is reduced to six battleships, six light cruisers, and twelve torpedo boats without submarines, and a personnel of not over 15,000. All other vessels must be surrendered or destroyed. Germany is forbidden to build forts controlling the Baltic.

Germany accepts full responsibility for all damages caused to Allied and associated governments and nations, agrees to reimburse all civilian damages beginning with an immediate payment of twenty million marks, subsequent payments to be secured by bonds to be issued at the discretion of the reparation commission. She is to pay shipping damages on a ton for ton basis by cession of a large part of her merchant, coasting and river fleets, and by new construction, and to devote her economic resources to the rebuilding of the devastated regions.

A greater number of international bodies of different kinds and for different purposes are created, some under the League of Nations and some to execute the peace treaty. Among the former is the commission to govern the Saar Basin till a plebiscite is held fifteen years hence. The high commission of Danzig which is created into a free city under the league, and various commissions for plebiscites in Alsace-Lorraine, Schleswig and East Prussia.

The League of Nations is accepted by the Allied and associated powers as operative and by Germany in principle, but without membership, similarly an international labor body is brought into being with a permanent office and annual convention.

Germany must demolish Heligoland, open the Kiel Canal to all nations, and surrender her fourteen submarine cables. She may have no military or naval air forces except 100 unarmed seaplanes until October 1 to detect mines, and may manufacture aviation material for a six-month period. She agrees to return to the 1914 most favored nation tariffs,

without discrimination of any sort; to allow Allied and associated nations freedom of transit through her territories, and to accept highly detailed provisions as to pre-war debts, unfair competition, internationalization of seas and rivers, and other economic and financial clauses.

She also agrees to the trial of the ex-Kaiser by an international high court for a supreme offence against international morality and of other nations for violation of the laws and customs of war. Holland to be asked to extradite him and Germany being responsible for delivering him up.

Among those to carry out the treaty are the reparations, military, naval, air, financial and economic commissions; the international high court and military tribunals to fix responsibilities and a series of bodies for the control of international rivers. Certain problems are left for solution between the Allied and associated powers, notably details of the disposition of the German fleet and cables, the former German colonies, and the values paid in reparation. Certain other problems, such as the laws of the air and the status of the former German colonies, are either agreed to in detail or set for early international action.

Preamble The preamble names as parties of the one part, the United States, the British Empire, France, Italy and Japan, described as the Allied and associated powers; and Belgium, Bolivia, Brazil, China, Cuba, Ecuador, Greece, Guatemala, Haiti, the Hedjaz, Honduras, Liberia, Nicaragua, Panama, Peru, Portugal, Rumania, Rumania, Serbia, Siam, Czechoslovakia, and Uruguay, who, with the five first named, and the former German colonies, and the other part, Germany.

Queen's Brother New Governor-General?

London Reports Duke of Devonshire Soon To Retire

Earl of Athlone, Said to be Successor, is 45 Years Old and Won Honors as Soldier in South African War

London, May 7—It is understood that the Duke of Devonshire will soon retire as governor-general of Canada and the Earl of Athlone, brother of Queen Mary, who would have succeeded the Duke of Connaught as governor-general of Canada had it not been for his duties with the British army.

The Duke of Devonshire was appointed governor-general of Canada on June 27, 1916, and was installed in office on November 11, 1916. The Earl of Athlone was born on April 14, 1874, and is a son of the Duke of Teck. He was educated at Eton, and later became a general staff officer with the rank of brigadier-general. He served in Matabeleland in 1896, and with the seventh hussars in South Africa in 1900, and was mentioned in despatches for his services there. He was created Earl of Athlone on July 19, 1917. He was married on February 10, 1904, to Princess Alice, countess of Athlone, daughter of the late first Duke of Albany.

WORLD-WIDE DRY MOVEMENT PLANS

Fifty Nations Expected to Send Representatives to Three-Day Congress to be Held at the Liberty Hut in Washington

Washington, May 7—Under the auspices of the Anti-Saloon League of America, a three-day congress is to be held at the Liberty Hut in Washington to inaugurate a movement for world-wide prohibition. The conference, scheduled to begin on June 4, is regarded as perhaps the most important in the history of the movement. Fifty nations are expected to send representatives, the aim being to discuss a world-wide campaign against liquor traffic and to formulate plans and methods to carry on the campaign as an international movement.

Almost all the European countries will send a representative of the temperance movement. Among the foreigners expected to take part in the proceedings are some who have conducted anti-liquor agitation for many years. Altogether, more than 100 representatives from foreign countries are expected to attend the congress. Among them are included delegates from Asia and South America.

The slogan will be "World-wide Prohibition." Foreign delegates to the congress are expected to arrive in New York about May 20. American prohibition leaders will meet the foreign delegates, and the plan is that after a preliminary conference in New York city the delegates shall be divided into three bodies, one to go to Canada, one to go west, and the third to tour the east coast and the south. The aim is to see and compare social and economic conditions as they exist in the wet and dry states, respectively, and to compile material for discussion of the general case in Washington.

The real force behind the movement, it is stated, is the growing realization all over the world that the elimination of the liquor evil is the main factor of successful world-reconstruction. It is expected that the outcome of the congress will be the establishment of a league which will enter the international arena and do the wider work of the Anti-Saloon League has done for the United States.

Next Thursday the committee of the Anti-Saloon League in charge of the conference will meet in Cleveland, Ohio, where plans will be completed for the convention in the capital. The meeting will be attended by Dr. E. A. Baker, J. H. Ruffel, Bishop James Cannon, Ernest Cherrington, E. C. Dinwiddie, and Wayne B. Wheeler.

ONLY ONE VOTE AGAINST FRENCH GOVERNMENT

Paris, May 7—(Havas Agency)—In the chamber of deputies yesterday there was a discussion of incidents which arose during the May Day demonstrations here. Following an explanation of the measures taken by the government for the maintenance of order, the chamber adopted by a vote of 356 to one a resolution of confidence in the government.

JOHN A. WENN The death of John A. Wenn of Mac's Bay, occurred on Monday morning at the residence of Wesley Cunningham, 88 Water street, West St. John. News of his death was a great shock to his many friends as he had been ill only a few days with a cold which developed into pneumonia. He leaves his wife, who was formerly Miss Myrtle Jayne, four small children and his mother Mrs. Trueman Elliott of Tiverton, N. S. The body was taken on the Shore Line train to Dipper Harbor Baptist church, of which he was a member, where funeral services were conducted by Rev. J. Harvey.

MATTERS OF IMPORTANCE Among the matters for the quarterly meeting of the finance committee of the county council this afternoon will be a petition for the creation of a nurse home in connection with the general public hospital. The petition will be supported by a delegation from the hospital. The plans call for an expenditure of \$105,000, but the more serious feature of the plan would be the heavy increase in maintenance charges.

TO AID OF FRANCE IF SHE IS ATTACKED WITHOUT REASON New York, May 7—In addition to the securities afforded in the treaty of peace, the president of the United States has pledged himself to propose to the senate of the United States and the prime minister of Great Britain has pledged himself to the parliament of Great Britain in engagement subject to the approval of the council of the League of Nations, to come immediately to the assistance of France in case of unprovoked attack by Germany.

CONDENSED NEWS The U. S. government's loss on railroad operations in fifteen months of operation is given out as being \$418,000,000 in eight months, express company operations about \$145,000,000. IS THIS PATRIOTISM?

Editor of the Times
Sir—I was recently requested to make a large sign, "Welcome Home," which is now located at the railway station here, on the grounds of patriotism; I was asked to do this cheaply as possible, and I put this up, charging for it \$25 less than the actual cost of stock, which means \$25 and labor thrown in for patriotism.

I now understand that an order for a large amount of signs has been sent to upper Canada, and will so doubt be paid for at the regular rates. It is fair that work which is to be paid for in this manner is sent out of the city when, besides myself and a couple of other concerns in this business, there are at least four returned soldiers doing this work in the city, and should have had a share in the work.

HOW PYRAMIDS WERE BUILT

Scientist Explains How He Thinks Work Was Done.
In looking at pictures of the Pyramids and Sphinx every body has wondered how these monuments could be built in an age when there was no such thing as a steam derrick. Discussion upon the method has run through the centuries. An English engineer, after exhaustive investigation, has hit upon what appears to be the true explanation. His opinion is corroborated by the evidence of ancient inscriptions upon the tombs and temples, the significance of which has now just become plain.

ST. JOHN AGAIN STARTS WELL TO A BIG OBJECTIVE

Yet the Committees Are Sure to Get it—Liberal Givers Again Respond Well to the Red Triangle Campaign

Tomorrow more than 100 prominent women and business men of St. John have pledged themselves to raise \$20,000 for the Red Triangle. Generous subscriptions have already been received, and everything gives promise to a most successful campaign. The Red Triangle will see that neither soldier nor civilian touched by the flame of war or misfortune shall ever needlessly die. Let us just stop to think what would happen if the hundreds of Y. M. C. A. officers who are daily traveling on troop trains, and have crossed the ocean dozens and dozens of times, were to stop this free distribution of the thousand and one things that they give free to our returned heroes. It is every one's duty to contribute to this work. "Somebody" must take care of our veterans. "Somebody" must provide our heroes for these returnees. "Somebody" must provide the money. St. John must use all its genius and all its enthusiasm upon the work in hand. "Somebody" must give and give to the limit. Then only will St. John occupy its place where it belongs. The Red Triangle is doing an inestimable amount of good, and will continue to do so if it is made possible by a generous contribution from you on Thursday (tomorrow).

STORE OPEN EVENINGS

THE GROCERY MARKET

The following comment on the market for canned food stuffs appeared in Canadian Grocer last week.

There has been a general firming tendency in all markets during the last week. That in some instances has resulted in a better disposition on the part of the trade toward the product, and in others indicates a situation that presages, if it has not already resulted in, materially higher figures.

Toronto—One of the notable features of the market this week was the substantial advances recorded in corn syrup and corn products generally following the sharp advance of corn on the market.

Coffee has scored another sharp advance, increasing the price about two cents a pound all round. Tea is very firmly held, and there is the possibility of advance here also. The heavy export demand for canned goods has resulted in a practical curtailing of stocks of vegetables. This has put the canned goods business in a much better position than it occupied some little time ago.

While poor grades of rice are fairly plentiful, the better grades are by no means so, and deliveries are very uncertain.

Beans too, are in a better market position. The phenomenal advance of live hogs to \$21.50 during the week has resulted in advances in all pork products. Eggs also are somewhat higher, but butters are reacting under the diminished buying engendered by high prices and is showing some declines.

Montreal—Among the advances made this week is one of a quarter of a cent a pound for various starches. These are in good demand and the high corn markets have effected this advance. Corn syrups are moved up half a cent per case for bulk kinds and thirty cents per case for case goods. Peanuts, Brazil nuts are higher, and some varieties of nuts are getting scarce. Dried apples are likely to advance, supplies having been exported freely. Recent advances include canned peaches and pears, and various green vegetables, pineapples, etc. Coffee prices have advanced one cent on two grades, and the chances are that higher prices still will prevail. Rolled oats and commom are higher, the price for grain being continually higher. Winter wheat flour is up fifty cents per barrel, and hay and grain prices are again increased.

Declines are made on cucumbers, ginger, cloves, cassia, white and black pepper, castor oil, pickles of various kinds, and Epsom salts. There is a fair outturn of business in various lines, and prices are for the most part, inclined upward.

Winnipeg—Coffee is in a steadily advancing market with higher prices this week. Further advances may be expected as this market is being influenced by the approach of peace. Dried fruits are very firm with higher prices on prunes, apricots and evaporated apples. In sympathy with the recent advance in corn, starch and corn syrup have advanced this week. Washington rhubarb is cheaper. Apples are very scarce and

Hardware Business Reports

(Hardware and Metal, May 3.)
One important change this week is that which affects list prices on washing machines. Advances have occurred of from 50c. to \$3 each in the list price of a great many styles. Difficulty in securing the high price of suitable lumber is given as the main reason, offsetting any easier tendency so far apparent in iron or steel. The discount remains at an unchanged figure, only the lists being revised.

The flax seed market received a setback on Tuesday and Wednesday of this week, but seemed to be steadier again, and there does not seem any prospect of very much lower prices in the immediate future. Some markets show stiff advances during the week and the range of quotations generally has narrowed toward the higher levels. That manufacturing conditions are showing some improvement in Great Britain and the United States as well as in Canada is apparent from the receipt of sharp edge tools, some lines of cutlery and metal polish from England and a well-known line of rifles from the markets to the South. Prices on all these lines are higher than former figures.

Galvanized wire shows an advance in some quarters this week, this being a reaction from recent sharp decline. Bamboo poles are arriving from Japan and prices show a sharp advance.

Turpentine showed a slight recession at primary points on Tuesday but came right back again the next day and tendency seems firm. The situation locally is unchanged, though scarcity is reported in many centres, due largely to unknown cause of transportation hold-ups.

Brass and bronze wood screws have undergone a further decline this week, the drop being a pretty substantial one and following closely on the heels of a recent change downward. Further reports of lower prices on some lines of building papers and tarred felt are now in, practically all centres having adopted the changes noted last week.

Business is reported very good and seems to be improving steadily. All spring lines and mixed paint, etc., are moving forward in very good volume.

MARRIED IN MONTREAL

Miss Jean Kelly, only daughter of Mr. and Mrs. Edward Kelly of 73 Queen street, St. John, was married on April 30 to Edwin L. Hawkins, second son of the late Edwin L. Hawkins of Cleveland, Ohio. The ceremony took place in the American Presbyterian church, Montreal, and was performed by Rev. Robert Johnson, D.D. The bride was very becomingly attired in a navy blue traveling suit, with a black picture hat and carried a large bouquet of American Beauties. The bridesmaids, Miss Gertrude Hopkins of Moncton, wore a fawn suit, and hat trimmed with fawn georgette, carried a bouquet of carnations. The best man was Tom Snyder of Montreal. The bride's mother was present. A very enjoyable wedding supper was served at the Chelsea hotel, attended by friends of the happy bride and groom. The bride is now visiting her mother in this city. Business reasons prevented her husband from accompanying her.

Elgin
"The Spirit of Reconstruction"

Accuracy
EVEN on time again! This working to Elgin schedule is certainly all right. I wonder why more Canadian industries don't work to schedule? They would get better results all along the line.
The greatest essential in modern business is Accuracy. Speed without accuracy is wasted effort, wasted money and wasted time. Our Reconstruction problems demand increased production—and in production accuracy is vital.
The Elgin which stood as the symbol of accuracy—directing the dash of the charge, timing mighty barrages and synchronizing the movement of the stupendous Allied War Machine—should be our guide to-day.
Work to schedule, accurately and efficiently—to the tick of the Elgin.
Accurate time makes possible working to schedule. Working to schedule guarantees greater production. Depend on the Elgin as the register of your schedule. It will serve as accurately and as efficiently in Peace as it did in War.
There is a jeweler in your vicinity who is equipped to help you safeguard your Time.

IVORY SOAP
DESIGN PATD AUG 26, 1913

Agreeable to Everybody
Ivory Soap has every quality you can wish for in a toilet and bath soap. It is pure. It is mild. It is white. It floats. Its perfume is the natural fragrance of pure, high grade materials.
Ivory is everything that a soap can be because it is nothing but pure soap, non-injurious and thoroughly cleansing. It isn't possible to make a better or more universally likeable soap.

The Evening Times and Star

ST. JOHN, N. B., MAY 7, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

The Times has the largest circulation in the Maritime Provinces. Special Advertising Representatives—NEW YORK, Frank B. Northrup, 303 Fifth Ave.—CHICAGO, E. J. Power, Manager, Association Bldg.

THE PLAYGROUNDS.

The whole question of playgrounds was pretty thoroughly discussed by the very representative delegation which met in the city hall yesterday morning, and as an outcome of the meeting a real beginning will doubtless be made in the development of a portion of the large Rockwood Park area.

With regard to neighborhood playgrounds, it may be hoped the other sections of the city will follow the example of the south end, and form improvement leagues to get behind playgrounds and other welfare movements.

It must be borne in mind that baseball does not meet all the requirements. It is easily the most popular, but the best ball-player is the lad who has taken part in general athletic and in other team games. Just to provide baseball diamonds is only to make a beginning.

The question of mothers' allowances has been referred by the Social Service Council of St. John to its executive for serious consideration. The legislature of Nova Scotia has provided for a commission to investigate the subject.

The Junior Women's Auxiliary of St. John's (Stone) church, held their last meeting for the season yesterday. The reports showed that a large amount of useful work had been accomplished.

The Y. M. C. A. has a great after-war programme of work it is peculiarly fitted to perform. The work it is doing for the returning soldiers is too well known to need special mention.

Only the universal adoption of daylight time would bring uniformity. It cannot be got by plebiscite, unless that should declare for daylight time; for the hotels, business houses, newspapers and many other interests would still be forced to go on daylight time.

There can be no doubt the Horticultural Association will facilitate the development of the Rockwood Park area, which Mr. Joseph Allison presented for playground purposes, and which a governor-general dedicated to recreation for the people of St. John.

The authority to create a Dominion department of public health now only awaits the governor general's signature. In conjunction with the provincial departments it will be of very great benefit to the country at large.

Long hair and whiskers will not necessarily stamp a Hamilton man as a Bolshevik or a poet. The barbers have increased the cost of shaves and haircuts.

Chief Inspector Wilson makes a very clear statement of his relations with the two men who are now under arrest in this city. His error was in not insisting upon proper credentials; but, as he points out, if these men had made good his department would have been praised, and not criticized.

Toronto Globe—The Toronto Times announces that The Canadian Woollen Manufacturers' Association divided \$1,000,000 worth of orders for knitted goods among Ontario mills.

If the enthusiast who occasionally sends anonymous personal letters to the editor of this paper would come out from under the barn it would at least show that he is not ashamed of himself or his cause.

No men in St. John have as much interest in suppressing the bootlegger as the workmen. It is the workmen and sons of workmen he seeks as his victims, trying to sell them poison at an enormous profit to himself.

Quebec's record of military defaulters is one that all the other provinces note with keen regret. Bourassa and his friends have had far too great an influence upon the Quebec people.

Make prohibition prohibitive. Get after the bootlegger.

Sydney, N. S., May 6—Labor unrest in Sydney is increasing. Today two hundred union carpenters employed by various contractors on the construction of the Dominion Steel Corporation's new five million dollar ship plant, struck for an eight hour day and fifty-five cents an hour.

If Thin, Nervous, Run Down, Depressed, This Will Help!

The wear and strain of life has tended in recent years to produce nervous debility in a large percentage of our population.

Thousands are affected with a feeling they can't exactly describe. They are always tired and droopy, lack ambition, have poor appetite, look pale and suffer from depressing headaches and insomnia.

There is no experiment about it. We advise everyone in this condition to take a good medicine at once and try to get well while yet there is time. Probably no better advice can be given than to use Dr. Hamilton's Pills, which have become famous in restoring the sick to good health.

STATEMENTS MADE BY O'REILLY AND O'HARA. In the case involving O'Reilly and O'Hara in the police court yesterday, Sergeant Detective J. T. Power was the first witness.

O'Reilly, in his statement, said that Mr. Wilson told him and O'Hara to get the larger liquor dealers. In reference to the telephone message received by the doctor, he said that the "tip-off" must have come from either Saunders or O'Hara, as there were only three of them who knew about it.

O'Hara, in his statement, also spoke of their dealings with Mr. Wilson and said that they were working directly under Inspector Saunders. He said they had not received their full pay, but had each received \$80 in cash at Wilson's office, which they had signed for.

Smith's office, which they had signed for. He said that Lutz was employed by them in Moncton as a book agent, and if witnesses could not be produced by the court he would prove they were employed in Moncton and this city by Mr. Wilson.

Many matters of public interest were dealt with at the annual meeting of the Social Service Council which was held last evening in the Board of Trade rooms.

W. D. Wilson, chief inspector, made a statement regarding the enforcement of the liquor act and said he had made a proposition which might solve the difficulty in St. John. A committee consisting of Mrs. R. D. Christie, A. R. Crookshank, D. W. Puddington, Mrs. J. Seymour and G. A. Kennedy, was appointed to confer with temperance and other organizations regarding more effective enforcement of the act.

A committee including A. R. Crookshank, Rev. W. R. Robinson and Mrs. W. C. Good, was appointed to wait on the municipal council and ask for the establishment of a juvenile court, and appointment of judge and probation officer.

The city council's plan for neighborhood playgrounds and the development of the Allison athletic field was heartily approved. Mothers pensions were advocated by Rev. H. A. Goodwin and George R. Melvin and the matter was referred to the executive for consideration.

The first business of the evening was the election of officers, resulting as follows: A. M. Bedding, president; Edgar Campbell, first vice-president; Mrs. Max Marcus, second vice-president; Miss deSoyres, secretary; Stanley Webb, treasurer. These and the following form the executive—George R. Melvin, Mrs. R. D. Christie, S. B. Bustin, Miss Rettallack, Mrs. A. P. Crockett, Mrs. E. A. Smith, Mrs. Joseph Seymour, Miss Reta MacNeil, Mrs. R. A. Armstrong, Mrs. James F. Robertson, T. H. Estabrooks, Rev. W. R. Robinson, Mrs. W. B. Tennant, Mrs. A. M. Bedding, Miss Gunn, E. N. Stockford, G. A. Kennedy, Mrs. J. W. V. Lawlor, Thomas Killen, A. V. Cowan, with some others yet to be named from organizations not represented at the meeting.

Bishop-Alexander. At the home of Mr. and Mrs. W. J. Alexander, Moncton their only daughter, Mabel, was married to Harry Bishop of St. John yesterday afternoon. The ceremony was performed by Rev. E. H. Cochrane.

TELLS DYSPEPTICS WHAT TO EAT. Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc. Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Simple Herbs Cure Serious Troubles. MANY of the diseases of womanhood may be prevented with care. Unusual excitement—mental, physical—disturbs the delicate balance of woman's sensitive nerves, and upsets her whole system. At the first indication of nervousness or any irregularity, take Dr. Wilson's HERBINE BITTERS. It's safe and certain—purely vegetable—regulates kidneys and bowels—overcomes headaches, indigestion, stomach trouble—purifies the blood—tones up and invigorates mind and body.

**What Coal to Buy
---and Why**

Price is not the only thing to think of when you buy Coal, for you may pay less and yet your Coal would cost you more. In any coal are carbon and volatile matter which burn and make heat; there is also ash which not only prevents the heating elements from burning, but costs money to cart away.

The more heating power and the less ash your coal contains the better value you get for your money.

RADIO

Coal, which we can now furnish more plentifully, is known by actual experiment, to contain the greatest number of heating units and the smallest amount of ash of any coal you will find in St. John.

Now is the time to lay in your coal for next winter. THIS time, try RADIO; you'll like it.

RECENT DEATHS

John Gordon.
The death of John Gordon occurred on Tuesday, May 6. He was sixty-four years of age and was employed by trade, formerly in the employ of Emerson & Fisher, Ltd. He was a son of the late Samuel and Eliza Gordon of this city, and is survived by two brothers, Samuel, of Moncton, and Frederick, of West St. John; and two sisters, Mrs. H. M. Lee and Mrs. William Galey, both of West St. John. The funeral will be held on Thursday from the residence of H. M. Lee, 208 St. George street, West End.

Albert Tipping.
Hopewell Hill, May 6—The death occurred on May 2, at his home at Harvey, of Albert Tipping, twenty years of age, son of the late Captain Robert Tipping. Death was due to pneumonia. He leaves one brother, Owen, and a sister at home.

The funeral took place on Saturday, with services at the house and grave conducted by Rev. Richard Ople.

Mrs. Miranda Campbell.
Apoahqui, May 6—Mrs. Miranda Campbell, widow of Alexander Campbell, of Riverbank, died at the residence of her sister-in-law, Mrs. Sarah Puddington, on Monday, May 5.

Charles Turgeon.
Bathurst, April 30—Keen sorrow was felt on all sides when word came this week of the death of the late Charles Turgeon, the youngest son of O. Turgeon, M. P., for Gloucester. The sad event occurred at Edmonston, Alberta, where the young man had been residing with his family for several years, after a short illness of pneumonia. He was born in Bathurst and received his B. A. from the S. H. College Carleton and graduated in law from Laval University. He was a member of the Alberta bar. He is survived by his wife, Florence M. Trudel, of Shippegan, and several small children, his father, O. Turgeon, M. P., the following brothers, Rev. Joseph Turgeon, P. F., South Dakota, Hon. W. F. Turgeon, attorney general for Saskatchewan, J. G. Turgeon, member for Riveston, Alta., Mrs. Thomas Kenney, of Boston (Mass.), is the only sister. All may feel assured of the heartfelt sympathy of a very wide circle of friends.

Mrs. Minerva L. Chase.
The death of Mrs. Minerva L. Chase, beloved wife of Donald D. Chase, aged twenty-five years, and of five months, took place on April 19 at the home of her parents, Mr. and Mrs. Jas. E. Lloyd, after three months of suffering, which she bore with Christian patience. She was a valued member of Briggs' Corner Baptist church since a child, and a great school worker. All will keenly feel her loss, for she was loved by all who came in contact with her. She leaves to mourn her parents, her husband, four brothers, and a host of friends and neighbors. Burial took place in Gaspereaux cemetery with services conducted by Rev. David Price.

John Goldthorpe of Bathurst Mines died very suddenly on May 1. He is survived by his wife.

Robert Keeley died Tuesday morning at his home in Hammond River after a short illness from pneumonia, at the age of fifty-five years. Besides his wife he leaves three small children, one brother and three sisters.

Mrs. Bert Haines of Moncton received a telegram from Naama, Mich. announcing the death of her sister, Mrs. F. W. Goo, on Sunday, May 4, after a few days' illness from pneumonia. She leaves

Of chief interest are the dresses of White Georgette or Crepe-de-Chine in simple and very youthful styles.

One interesting model is in White Georgette, made free hanging from the shoulders, and finely plaited from neck to bottom of skirt. Dress has graceful over-drapery, flaring sleeves, and soft braided girdle.

Another model is in a combination of white spotted and plain Georgette, waist has apronette back, finished with white bead tassels. Girdle is of soft satin; neck is collarless; sleeves are in graceful flaring style, and skirt is made with tucked tunic.

A plainer model is in White Crepe-de-Chine, prettily tucked across front of waist, bottom skirt and top of cuffs. Sleeves are tight at wrist, trimmed with large ball buttons.

Styles equally attractive are showing in fine Voiles and soft combination effects, tucked, beaded or effectively trimmed with lace.

Irene Castle Marries.
Mrs. Irene Castle, widow of Vernon Castle, dancer and aviator, who was killed while flying in Texas on Feb. 16, 1918, was married to Captain Robert E. Treman of Ithaca, N. Y., who recently received his discharge from the United States army, on last Saturday in the Church of the Transfiguration, New York. Mrs. Treman announced after the ceremony that she was through with her dancing career, but that she expected to continue in her motion picture work. Captain Treman's gift to his bride was a superb string of 435 matched pearls. Robert H. Treman, father of the bridegroom, presented to her a fine house and grounds at Ithaca. Captain Treman recorded his age as 30 and the bride gave her age as 25.

**The Battle Colors
of Our
Canadian Fighting Forces**

Those not familiar with the meaning of the Shoulder Patches on the uniforms of our fighting men, may be interested in this short explanation:

THE CORPS PATCH.
Each unit in France wore patches on the shoulder indicating the particular Division, Brigade or Regiment, etc. The shape is L 3 x 2 inch patch denoting the Canadian Corps. The color denotes one of the four Divisions.

1st Division... Red.
2nd " ... Blue.
3rd " ... French Grey.
4th " ... Green.

THE CHEVRON SERVICE STRIPES.
There are two colors in these stripes. Red—denotes those calling from Canada in 1914. Blue—the number of years Overseas.

THE BRIGADE PATCH.
On top of the corps patch is a smaller one signifying by color the particular Brigade or Regiment.

1st Brigade in each division—Green Patch.
2nd Brigade in each division—Red Patch.
3rd Brigade in each division—Blue Patch.

THE SHAPE.
The shape of the top patch denotes the order of the Battalion in each Brigade by the number of lines in the outline.

1st Battalion of each Brigade—a circle (one line).
2nd Battalion of each Brigade—a half circle (two lines).
3rd Battalion of each Brigade—a triangle (three lines).
4th Battalion of each Brigade—a square (four lines).

THE BIRKS BATTLE COLORS PINS.
We are now showing these Shoulder Patches combined with the Service Chevron in Pin Form. They are camouflaged in the correct colors on Sterling Silver and make very neat and attractive reproductions for personal wear. Overseas men and friends will be interested in these Pins.

Price, \$1.00.

THE PEACE MEDAL

To the Editor of The Times: Sir,—According to an article in the Telegraph the governments of the United States and the Allied nations are soon to issue a medal bearing the title "The Great War for Civilization." Now that a proclamation is to be issued, that governments of Christendom are going to impress upon the future that when Christianity had struggled for almost 2,000 years to establish civilization among Christians that war, the opponent of Christ, had to kill and maim millions upon millions of Christians in order to save civilization? It is so, it is sure, by an injustice to Christianity and a dark streak across the light that is set before non-Christians.

Tokio, May 7.—(By the Associated Press)—The anti-American campaign in Japan continues with renewed force. Evidence exists that the newspaper agitation is exciting popular feeling, and thus paving the way to possible open demonstrations.

MILLIONS OF DAMAGE AND TWELVE LIVES HEAVY TOLL OF FLOODS.

Stockholm, May 7.—(By the Associated Press)—North Sweden is experiencing the worst floods in many years. Twelve persons have been drowned. The damage is estimated at more than 300,000,000 krona. Entire villages are isolated. Horses and cattle have disappeared in the furious currents.

ADJIES! LOOK YOUNG, DARKEN GRAY HAIR.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur restores its appearance a hundredfold.

ARMY AMMUNITION DEPOT NEAR BRUSSELS BLOWS UP, BELIEVED MANY PEOPLE KILLED

Brussels, May 6.—(By the Associated Press)—An depot of German ammunition containing shells and bombs of every calibre and many gas shells has been exploding since yesterday morning at a railway station at Greenwood, six miles from Brussels, where Canadian troops were inspected by King Albert eight days ago. The depot has been under guard of 150 Belgian soldiers and 500 German prisoners have been at the scene. It is believed there are many killed and wounded, but the number of victims will not be known for several days.

Lemon Juice is Skin Beautifier, Also a Whitener

Many women use just the juice of lemons to bleach or whiten the skin, but pure lemon juice is acid, therefore irritating, and should be mixed with orchard white. At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into the cream, and is the ideal skin softener, smoother and beautifier.

STRAIGHT DIVISION ON PARTY LINES

Third Reading of Canadian National Railways Bill

MR. FIELDING'S PROTEST

Majority of 51 For Incorporation—Disqualification of Military Defaulters—Sunday Operation of the Canals

Ottawa, May 7.—Legislation incorporating the Canadian National Railways, the largest publicly owned transportation system in the world, was passed by the House of Commons last night. Third reading was given after several amendments had been voted down by a large majority. The most important of these was moved by Hon. W. S. Fielding, following a vigorous but apparently futile protest against a clause in the bill which enables the directors of the Government Railways to spend millions of dollars without consulting parliament.

Mr. Fielding made out a strong case in his argument for parliament control of the revenues and expenditures of the state owned roads. His amendment, providing that receipts and expenditures of the great railway system should be subject to the provisions of the consolidated revenue and audit act was defeated in a straight party division by 110 to 59, a government majority of fifty-one. Two amendments were subsequently offered, one demanding the appointment of a returned soldier as a representative on the board of directors and the other, offered by A. B. Cope, favoring the isolation of the Intercolonial Railway, but both were rejected.

For the first time since the outbreak of the war the members burst forth into song when the division bells were ringing. The quaint French chanson, "Alouette" was again heard in the House of Commons, recalling happy memories. Ontario and western members joined in the chorus, while the French Canadian members sang the

numerous verses. The English speaking members responded with "Pack all your troubles in your old Kit Bag," led by W. A. Boys of South Simcoe. The Quebec men joined with the chorus and applauded heartily. For the time being party differences were forgotten.

"Public ownership is not going to get a fair chance under the provisions of this bill," said Mr. Fielding. "It commences with two handicaps. The first handicap under which the National Railways start is the fact that the bill incorporating them has been jammed through parliament by closure. It was unwise of the government to force the measure through the House by that method. It is a good thing to have the strength of a lion, but it is not always wise to use it."

He added that "the second handicap is the disregard of all the safeguards which have been developed by parliament after years of experience. This bill proposes to disregard the safeguard of parliamentary control of public finances. When we depart from that practice we are certainly taking a very grave step and the government is giving public ownership a black eye at the outset. We are placing in the hands of two or three men in Toronto the handling of the public funds which they may spend without asking for any parliamentary sanction. I am amazed that the government should think of such a thing. I should not be surprised if the revenues and expenditures of these gentlemen in Toronto will amount to seventy, eighty or 100 million dollars a year, and if other railways are acquired the total will reach an enormous figure."

Hon. Arthur Meighen, acting minister of justice, gave formal notice of intention to introduce a bill respecting the disqualification of military defaulters. Defaulters will be disqualified for a period to be announced by him when he introduces the bill.

As a result of an order in council just passed, Sunday canal traffic will this season be permitted for somewhat the same reason as railway and street car traffic were first allowed to invade the Sabbath in other years. Sunday work is left optional to Canal employees but they will get an extra twenty cents an hour if they undertake the duties. All the canals will not be open the whole day.

Big Work of Y.M.C.A.

Help the "Y" Complete Its Service for Soldiers. Help the "Y" Continue Its Work.

CANADIAN Y.M.C.A.

THE Young Men's Christian Association was the one organization of its kind that brought comfort and good cheer for the soldiers right up into the front line trenches. In 1918 the Y.M.C.A. maintained forty-five Red Triangle centres within the "Corps Area," where Canadian soldiers were in action, in reserve, or resting within radius of German shells. Stores and headquarters were moved seventeen times last year to keep up with the troops.

Since the war began in 1914 the Y.M.C.A. has administered the expenditure of approximately \$14,000,000 and has accounted for every dollar.

In the last four-and-a-half years, thousands of workers—civilian, military, paid and voluntary, men and women, experienced and inexperienced—have been engaged in Y.M.C.A. work for the soldiers. But the work of the Canadian Y.M.C.A. during the war stands to-day and for all time, a solid, unshakeable record, an achievement which Canada may honestly regard with pride. And Canada led all the nations in this work. Beyond shadow of a doubt, the work of the Canadian Y.M.C.A. for the soldiers has proved worthy of your support, and deserves a continuation of that support.

Help the Y.M.C.A. make the Home-Coming of Canada's Soldiers Happy.

ATHLETIC EXHIBITION IN FAIRVILLE GYMNASIUM

The annual athletic exhibition given the young people of Fairville Baptist church was enjoyed last evening by a large gathering and as usual with these performances elicited hearty applause. The programme reflected great credit upon the performers and instructors. Frank Thorne of the Y. M. C. A. directed the boys, while Harold Burley had charge of the girls' exercises. Miss Cox of St. John led the class in Indian club winging. Mr. Coupe most acceptably presided at the piano. An interesting feature was a presentation made by Miss Mildred Black on behalf of the girls and young ladies to Harold Burley of St. John. He trained the girls for last evening's exhibition. The Baptist gymnasium is the only Fairville recreation room of its kind in use and, judging by the results and interest of the young folks, has amply repaid to keep it going. Such an institution for community use would prove most beneficial. Following is last night's programme: Chairman's remarks, Carey Black. Grand march by all. Report of season's work by Rev. A. S. Bishop. Setting up drill—ten boys: Jack Gun-ny, Ernest Huestis, Albert Fox, Aubrey Kerrigan, Stanley Ross, James S. Linton, John Boyd. Tumbling exhibition—Sterling and Williams, Y. M. C. A. Tableau, "Canadian Girls in Training," Song—Harry Straight. Jumping Jacks—Seven girls in danger: Pearl Keirstead, Elsie Sims, Willa Carvell, Helen Jones, Edith Carvell, Erma Schofield, Grace Sims. Tableau by boys—"S. S. E. T." Indian club swinging—Olive McCormick, Edith Estey, Bernice Schofield, Jack Gunter, Ernest Huestis, Aubrey Kerrigan, Howard Kerrigan, Stanley Ross. Pyramids—Harold Burley, Albert Fox, James Fox, Stanley Ross, Ralph Huestis, Percy Kerrigan, John Sims, John Linton, John Boyd. Dumb Bell drill—Ten girls: Pearl Keirstead, Elsie Sims, Willa Carvell, Mary Keirstead, Edith Carvell, Helen Jones, Erma Schofield, Francis Scott, Minnie Reid, Jennie Segge. Group games—By all boys. Lifting weights by Prof. Samson (Mt. Lonsbury). Funeral procession, by Clowns. Slatuary—Percy Kerrigan and Harry Beveridge. Remarks by chairman. Presentation to Mr. Burley. During the evening candy was sold by Mrs. Currie, Eva Kerrigan and Mildred Black. Mention should be made of the work of the clowns—Geo. Estey, Lloyd Jones, Edward Howard, Walter Neill and Freddie Estey. Their costumes and antics at intervals throughout the programme were always the occasion of a hearty laugh. The performance was brought to a fitting close with the singing of the National Anthem.

COMEDY BY TRINITY Y. M. A. The Anglican Young People's Society of Trinity church held the closing entertainment of the season last evening. The programme consisted of a comedy sketch entitled "The Two Puddifoots" and was exceptionally well presented. After the comedy, refreshments were served under the direction of Miss Dora Jones, Miss Sophie Bets and Miss Winifred Hill. The following persons took part in the comedy: James S. Hoyt, Louise Arsch, Helen Ballie, Edyth Morrison, Harold Vincent and H. I. Knowles.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

HAS RECOVERED
Policeman Gooling, who has been seriously and confined to the General Public Hospital, was moved to his home this afternoon quite recovered.

POLICE COURT.
Two men were in the police court, charged with drunkenness. They pleaded guilty, were fined \$8 each or two months in jail and were remanded.

IS VERY ILL.
It was reported from the General Public Hospital today that Inspector McAtish is still in critical condition, but it is hoped there will be a change for the better tomorrow.

FATHER YOUNG BACK TOMORROW.
Rev. Father Young of the Mission Church of St. John Baptist, Paradise row, who was so severely injured in an automobile accident in Montreal some months ago, is expected to return tomorrow and will resume his charge. This is very glad news indeed for the reverend gentleman's friends and parishioners.

A SURPRISE PARTY.
A very pleasant evening was spent at the home of Magistrate and Mrs. W. H. Allingham of West End last evening in honor of the birthday of their daughter, Mrs. Wesley Stevens, of Bridge street. It came as a pleasant surprise to Mrs. Stevens when a number of friends called in the evening and presented to her various pretty gifts. In a few well chosen words Mrs. Stevens thanked them all. There were games and music and dainty refreshments and a very enjoyable time was spent by all.

MARAUDERS VISIT CLUB HOUSE
The Renforth Outing and Athletic Association's club house was visited on Sunday night by a gang of hoodlums who forced an entry and, after putting on a roaring blaze in the fireplace, proceeded to show their contempt for the involuntary hospitality of the association by smashing the dishes and lamps and throwing them into the piano. An automobile by which they reached the place was noticed and it is believed that it will form a clue which may lead to the detection of the offenders. The club members are justly indignant and have offered a reward for information leading to the apprehension of the rippers.

PLANS HAVE BEEN CHANGED.
The alumni of Mount Allison University, particularly members living in St. John, have decided not to hold their closing theatricals in a theatre in this city this year, but will present a musical or similar entertainment in one of the Methodist churches here instead. This decision has been made in view of the lateness of the date and the unavoidable absence of many important workers. Furthermore, it is considered wise to defer such an affair until another season presents a better dramatic vehicle, something which would be selected for presentation in a big theatre.

MONTREALERS CELEBRATED.
A St. John man returning from Montreal yesterday reports that on last Wednesday, April 30, those people of the big Quebec city in the habit of imbibing in strong drink held a veritable orgy on that last day of hard liquor and unrestricted sale. It was reported to be a veritable carnival of drinking among some people, and when May 1 was ushered in with its light wines and beer there was little disposition on the part of some of these celebrants to indulge even in these less harmful beverages. Quite a change has taken place in Montreal, which has been the fountain-head for liquor since prohibition.

FUNERALS TODAY.
The funeral of Mrs. J. T. Dixon took place this morning from her late residence in Main street to St. Peter's church, where regular high mass was celebrated by Rev. Father Hogan, C. S. R., with Rev. Father Woods, C. S. R., deacon and Rev. Father Healey, C. S. R., sub-deacon. The funeral was attended by many friends. Interment was made in the new Catholic cemetery. A large number of beautiful floral tributes and spiritual bouquets were sent by friends.
The funeral of Mrs. Priscilla Lynan took place this afternoon from 129 King street east. Service was conducted by Rev. H. A. Goodwin and interment was made in Fernhill.

ARBOR DAY FRIDAY.
Arbor Day will be observed in the public schools on Friday of this week, and special stress is being laid upon the exercises to be carried out in the various buildings. The high school will depart somewhat from its usual custom this season and each class in the building will be asked to contribute some distinctive item for the programme. Heretofore it has been the senior classes only that have supplied the entertainment. Under the new arrangement it is expected that quite a novel and varied list of musical and literary features will be made, giving the Arbor Day celebration considerable special interest.

MILK LICENSES.
It was reported by the board of health this morning that up to date only eleven milk licenses have been granted. It is the intention of the board to institute proceedings against all vendors who do not obtain licenses immediately. In order to get a milk license the dairy herd and premises must be inspected, and the dairies in the city also have to be looked into, also there must be filed a list of producers. These will be checked up and if they also have passed inspection, the license will be granted. It is the intention of the board to enforce the law rigidly.

FIFTY CENTS FOR HAIR CUT; 20 FOR SHAVE
Hamilton, Ont., May 7.—Beginning on next Monday hair cutting here will cost forty cents instead of thirty-five, and shaves twenty cents instead of fifteen. The barbers will receive a wage increase from \$15 to \$20 a week, and fifty per cent of their earnings over \$25, instead of 30 per cent over \$21.

Hand Over The Enforcement Of Liquor Law In City To Police

Proposal Made At City Hall Today by Chief Inspector

Only Matter of Principle so Far Discussed—Will be Taken up With Police Heads—One Inspector Given Notice of Dismissal

A proposal that the enforcement of the liquor law in St. John should be taken over by the city police force was laid before the mayor and commissioner of public safety this morning by Rev. W. D. Wilson, chief inspector under the act. Details, such as financial arrangements, were not gone into at any length, the idea of the conference this morning merely being a discussion of the general principle involved.

It has been felt that divided authority in the matter of the enforcement of the act did not make for the best results as between the two forces. A few inspectors could not cover the city as thoroughly as would the police force, while the policemen have felt that the inspectors did not appreciate the help they gave. Mr. Wilson's suggestion now is that the police force take over the duty of enforcing the law, accept full responsibility and receive full credit for their work. With a force as efficient as that which St. John possesses, it is felt that much better results could be secured by the method suggested. The police have done much towards the enforcement of the act in the past, and with the knowledge that the entire matter lay in their hands, the pride which marks their interest in their work would ensure keen attention to this obligation. The plan is regarded as an experiment, but Mr. Wilson is quite willing to give it a trial and watch the results to see how it will turn out. Mayor Hayes and Commissioner Thornton seemed favorably disposed towards the scheme this morning and it will be discussed with the heads of the force this afternoon. Whatever action is taken, Mr. Wilson said this morning, there will be a change in the personnel of the local staff of inspectors. One inspector already has been given notice that his services no longer will be required.

VICTORIAN ORDER HERE ASKED TO TAKE UP CHILD WELFARE WORK

Hon. Dr. Roberts Promises to Help Towards Provincial Assistance—Suggestion of Branches Throughout Province

The monthly meeting of the local branch of the Victorian Order of Nurses was held last evening at the residence of Mrs. Geo. F. Smith, with E. H. G. G. as president. Mrs. Smith gave an account of the annual meeting held recently in Ottawa, and said that the chief superintendent, Mrs. Hamington, expected to be in this city before the end of the month. It was decided to hold a public meeting, which she would address. The committee in charge of the new nurses' home reported progress and said that they hoped to be able to move in during the week. Hon. Dr. W. F. Roberts spoke regarding child welfare work and suggested that the Victorian Order should undertake it in this city. He promised that he would endeavor to obtain assistance from the provincial department of health to provide a salary for an extra nurse. He also recommended that the order establish branches in most of the towns throughout the province, and thought the department of health would co-operate in defraying expenses necessitated by such action. The board supported the movement toward the erection of a new nurses' home at the General Public Hospital.

ST. JAMES'S S. CONCERT.
